Chapter 511: Marriage (1)

"I miss you a lot! Tell me what you want! I can even get you a Magic Beast!"

Such a conversation had to be repeated several times every day. Yun Feng was already numb in the end when she heard it. This father of hers was unusually passionate about her, as if she was his biological daughter. He doted on her so much that she almost died. Yun Feng suspected that she might really be his daughter in her previous life. After all, that old man looked middle-aged, but she really couldn't be sure how old he was in reality.

Yun Feng was so annoyed every day. She was always indifferent to such enthusiasm. Zhan Li didn't seem to care. Yun Jing could only shake his head helplessly. He shouldn't be surprised that his daughter was so well-liked.

Yun Feng had never acknowledged Zhan Li, her cheap father. She had said many times that she wasn't his daughter. Zhan Li was stubborn and was an extremist who did whatever he wanted. In the end, Yun Feng was tired, and decided that he could do whatever he wanted.

She had already heard about Mr. Zheng Ran. Zheng Ran didn't know anything about the name Zhan Li. Yun Feng told him what Zhan Li gave her, especially the familiar engraving. Zheng Ran was silent for a while before he answered. Those who had that kind of thing were usually people from the headquarters of the Mercenary Union. He didn't know the details.

Yun Feng was a bit surprised that Zhan Li was from the headquarters of the Mercenary Union. However, considering the timing of his appearance in Cashya, he must've been sent by the headquarters to mediate the situation, even though things seemed to have been messed up later.

Yun Feng decided not to continue exploring Zhan Li's identity. This father's identity must be very honorable. In terms of identity on the East Continent, Yun Feng was above all the royal families right now.

Qu Lanyi stayed in the Yun family, of course. Yun Jing had a good impression of Qu Lanyi. After all, Qu Lanyi had always stood on the Yun family's side during the Yun family's disasters. He had saved his life. Qu Lanyi and Yun Jing were very close. Yun Feng saw his smile from time to time, like a cat that had eaten its fill.

Ao Jin was still dealing with things in the Dragons. As the Young Master of the Dragons, he seemed to have more things to deal with. Occasionally, he talked to Yun Feng in a hurry. Ao Jin said that he would come to find Yun Feng after he was done and asked her to wait for him. Yun Feng agreed with a smile.

The East Continent was peaceful. Nobody could compare to the status of the Yun family. Yun Feng fulfilled all the promises she made back then. Not only did the Yun family achieve their former glory, they even surpassed it!

Yun Feng calculated the time. Now that the matter on the East Continent was settled, she should set off for the West Continent. She was going to find the branch of the Yun family on the West Continent and she was going to bring Mu Canghai back to life! However, before that, she had to do something.

Yun Feng slowly pushed open Yun Jing's study. At this moment, Yun Jing was sitting in front of the table with a straight face and looking at something. When he saw Yun Feng come in, he put down the things in his hand.

"Feng, what's the matter?" Yun Jing looked at his daughter, whom he had been deeply proud of, with his black eyes.

Yun Feng smiled. "Father, about brother and Xiaojin, should we prepare?"

Yun Jing was stunned for a moment. Then, there was a hint of relief on his face. "Yes, Sheng's marriage should be prepared. Mu Xiaojin is a good kid. She matches Sheng's personality very well."

Yun Feng chuckled and walked to her father's side. She stopped Yun Jing's shoulder and leaned against it a bit coquettishly. "Father, my brother might stay in Mu City in the future and won't come back. Will you feel lonely?"

Yun Jing's body stiffened for a moment, and then he sighed softly. "Children have to leave when they grow up. There will be a day when young eagles leave their nests."

Yun Feng hugged her father's shoulder. "Father, I'll always be with you, okay?"

Yun Jing stood up slowly and touched Yun Feng's head with his hand. His black eyes were full of relief. "Feng, you have a brighter future than that. I'll just watch you here."

Yun Feng smiled and put her arm around Yun Jing. "You're right, father. I know where my home is no matter how far I go."

The corners of Yun Jing's mouth rose slowly as he let his daughter act cute to him. He looked up at the bright sky outside the window and a loud bird's cry resounded in the sky.

The news of the marriage between the son of the Yun family, Yun Sheng, and the current leader of the Mu family, Mu Xiaojin, immediately spread across the East Continent. The four empires on the East Continent were all amazed at this union. Many famous families were extremely regretful and wished that their daughter were married Yun Sheng. The Mu family took such a huge advantage. Then, the famous families and the royal families were tempted to do something to Yun Feng again. However, when they thought of Yun Feng's current strength and identity, they really didn't want to push their children forward. They didn't know if their children were worthy.

Yun Jing informed Yun Sheng and Mu Xiaojin about the details. The wedding was on the tenth day of this month. It was a lucky day. Yun Sheng agreed readily. Mu Xiaojin blushed shyly. The scene of her meeting Yun Sheng at Masang School of Magic was still vivid in her mind, as if it were yesterday. She would become Yun Sheng's wife in a while.

The members of the Mu family were delighted. Once the date was announced, the entire Mu family mobilized. Even Mu Cheng was stirred, all for Yun Sheng and Mu Xiaojin's wedding.

When the wedding was less than three days away, congratulatory gifts came endlessly. The wedding was held in Mu City. All the families in Chunfeng Town were not reluctant to give generous gifts after that, so Yun Jing could only accept them. Yun Sheng soon sent news that the gifts came from the four

empires. The gifts from the royal families and the other families had already piled up into a mountain and were still being delivered endlessly.

When Yun Feng heard this, she smiled a bit gloatingly. Her brother's wedding had become an opportunity for these royal nobles to curry favor. If they could send something, they would certainly send as much as possible.

There were surprisingly a lot of congratulatory gifts. The members of the Mu family were feeling proud and miserable at the same time. The royal families and the nobles didn't just send congratulatory gifts to represent the status of the Mu family. However, there were too many gifts, so many that the Mu family didn't know how to deal with them anymore.

Qu Lanyi said indifferently that he didn't have anything and could only send a blessing. Yun Feng, however, thought that it was the most practical gift. Ao Jin wanted to give her a generous gift, but Yun Feng rejected him directly. The relationship between the Dragons and humans was very awkward. Ao Jin was just one of the extraordinary ones. As the Young Master of the Dragons, he couldn't be too willful and reckless. If other members of the Dragons knew that he gave the treasures of the Dragons to humans, they would probably be enraged.

Chapter 512: Marriage (2)

Soon, it was the day of the wedding. Early in the morning, in the sky above the Yun family in Chunfeng Town, a huge and beautiful griffin slowly rose to the sky. Everyone in Chunfeng Town went out to watch the drama. Even though the wedding wasn't held here today, people also ran out.

Lan Yi's huge and beautiful wings kept flashing, causing gusts of wind. The beautiful posture of the griffin fascinated many people. Even though it wasn't the first time they saw Lan Yi, they were still amazed.

Little Fire stood next to Lan Yi. Its red and black body, as well as its huge wolf form, were full of wild beauty. Today, Lan Yi and Little Fire were both in their original forms, which showed the greatest respect.

"Father, let's go." Yun Feng smiled at Yun Jing. Lan Yi had already descended from the sky. The huge, beautiful griffin was huge and almost occupied all the space in the Yun family's house. Yun Jing got on Lan Yi's back alone, while Yun Feng sat on Little Fire's back.

"Let's go." Yun Feng chuckled. Little Fire and Lan Yi both rose and flew into the sky. Meatball seemed to be very happy. It sat on Little Fire's head and shouted loudly against the gentle wind.

All the onlookers in Chunfeng Town raised their heads and looked up at the backs of the two Magic Beasts in the sky. The head of the Mei family, Mei Ran, couldn't help but shake his head and sigh. The Yun family and they were truly worlds apart. If the Mei family had been able to see through things, would it be different today?

After letting out a long sigh, Mei Ran turned around helplessly. The Yun family was no longer a family that the Mei family arrange marriages with.

It was a joyous day in Mu City. Everybody from the street to the end of the alley was beaming with joy. Today was the most important day in Mu City, even more important than the succession of the Mu family. It was the wedding of Mu Xiaojin, the new leader of the Mu family, and Yun Sheng.

The wedding was held in the Mu family this time, so the citizens of Mu City were naturally delighted. In the early morning, the entire city was filled with sounds of gongs and drums. Mu Xiaojin and Madam Zi were completely different. They also dealt with things differently. With Yun Sheng's help, Mu Xiaojin quickly took over everything in the Mu family. She dealt with things in a more gentle and approachable way. Compared to Madam Zi's swift and decisive style of speech, the people of Mu City were even more gratified and accepted the youngest leader of the Mu family in the history of the Mu family from the bottom of their hearts.

Mu Xiaojin's marriage was naturally taken care of by the citizens of Mu City. In the morning, the Mu family was as noisy as Mu City. When the citizens of Mu City rushed to the ceremony, someone looked up at the sky. When he saw the two figures flying in the sky, someone shouted, "Look! It's Master Yun!"

Yun Feng's address was also promoted to Master Yun. This made her very uncomfortable at one time. The people of Mu City all looked up at this high and cold voice. When they saw the two Magic Beasts sliding across the sky, they burst into enthusiastic cheers.

"It's Lady Yun. Lady Yun is here!"

Yun Feng sat on Little Fire's back and looked down at the situation below, feeling a bit helpless. Yun Jing sat on Lan Yi's back with a gratified smile. The two Magic Beasts didn't stay for long and flew towards the Mu family's mansion together.

Qu Lanyi had already arrived at the Mu family one day earlier. After all, it was inappropriate for him to come with Yun Feng and her father, so he arrived early. When Yun Feng arrived above the Mu family, she saw Qu Lanyi waiting for her. She smiled. "Are you ready?"

Qu Lanyi smiled. "Yes, I've been waiting for you."

Lan Yi and Little Fire both landed in the square in front of the main gate of the Mu family. The citizens of Mu City all swarmed over. Yun Sheng and Mu Xiaojin were supposed to be the main characters today, but Yun Feng seemed to be stealing the limelight.

Facing these enthusiastic gazes, Yun Feng felt helpless. It seemed that she had to say something. Yun Jing had already entered the Mu family. Yun Feng and Qu Lanyi stood outside. Qu Lanyi chuckled. "You'd better say something, Master Yun."

The corners of Yun Feng's mouth twitched as she smiled at everyone in Mu City. "Today is the day of my brother and Mu Xiaojin's wedding! The people of Mu City have done their best. The Yun family is very grateful!"

The citizens of the Mu City burst into enthusiastic applause again. Yun Feng felt comforted by the sincere blessings of these people. She said a few more words and then walked into the Mu family with Qu Lanyi. As soon as she entered the Mu family, Yun Feng almost felt dizzy.

They were all red with joy and joy. Everybody in the Mu family was delighted. Seeing Yun Feng come in, they all went up and greeted her loudly. Yun Feng waved her hand and asked them not to worry about

her. Qu Lanyi took Yun Feng to Mu Xiaojin's room. When she opened the door, Yun Feng heard some chaotic noises inside.

"Where's the red hairpin? I left it here!"

"And the golden necklace, did you bring it for the master?"

"Right, right, the embroidery on the dress seems to be a bit flawed. Quickly fix it!"

"What's-your-name, don't forget to bring the ribbons for the master!"

Yun Feng shook her head and walked in. There were four or five maids working busily inside, while Mu Xiaojin sat there nervously, letting these people stroke her face and body. Her little face kept jumping.

"Xiao Feng!" Mu Xiaojin saw Yun Feng and was about to run to her. The maids were all shocked.

"Master, you can't move!"

The maids quickly pulled Mu Xiaojin back. Mu Xiaojin looked at Yun Feng with an aggrieved look. Yun Feng couldn't help but chuckle. She walked over and couldn't help but nod and praise Mu Xiaojin when she saw how she was dressed.

"You're indeed a perfect couple. My brother is lucky to be able to marry you."

The maids couldn't help but laugh. Mu Xiaojin blushed like an apple. She looked at Yun Feng shyly and glared at her.

"Xiaojin, should I call you sister-in-law now?" Yun Feng winked mischievously. Mu Xiaojin blushed again.

"Xiao Feng! Just call me Xiaojin!"

Yun Feng burst into laughter. "Alright, alright. I'll change my mind after you have a baby!"

Mu Xiaojin's face immediately turned completely red, like a cooked prawn that extended to her neck. She glared at Yun Feng with her big eyes.. "What nonsense are you talking about? You're turning into one of the bad girls!"

Chapter 513: Marriage (3)

Yun Feng smiled happily. She was already looking forward to seeing her brother and Xiaojin's child in her mind. That would be a very innocent and cute little angel.

"Feng!" Yun Sheng's voice came from the door all of a sudden. The maids were shocked when they heard that. They quickly pushed Yun Sheng out. "Sir, you can't meet your bride yet. Wait for a while."

Yun Sheng was pushed out in embarrassment. Yun Feng smiled when she saw that. "Xiaojin, I'll go out. I'll come back to keep you company later." Mu Xiaojin nodded. Yun Feng walked out of the room and saw her brother, Yun Sheng, who was also wearing a splendid suit.

"Brother, congratulations." Yun Feng chuckled. Yun Sheng smiled a bit embarrassedly. "Feng, shouldn't I wait until you get married?"

Yun Feng was stunned for a moment, and then burst into laughter. "You're thinking too much! If you and Xiaojin have feelings for each other, you must marry each other in the end. Don't care about me!"

She wouldn't be married in a long time. More importantly, she didn't want this couple to suffer because of her.

Yun Sheng smiled and touched Yun Feng's head with his big hand. "Brother, thank you for everything you did for Xiaojin. If it weren't for you, Xiaojin wouldn't have taken over the Mu family."

Yun Feng shook her head. "We're family. You don't have to thank me."

Yun Sheng smiled in relief and suddenly held Yun Feng in his arms. The joyful red color on Yun Sheng's body immediately reflected in Yun Feng's eyes. "Feng, I'm very happy. I hope you'll be happy too."

Yun Feng hugged her brother with a smile and nodded. "I will. I'll definitely be happy."

The wedding ceremony officially began at noon. With Yun Feng's company, Mu Xiaojin was no longer nervous in the morning. She was about to become the Yun family's bride. Mu Xiaojin was still a bit nervous in her mind. Yun Feng certainly noticed it. She had put in a lot of effort for Mu Xiaojin.

The guests that the Mu family welcomed this morning were truly rare, which made the members of the Mu family a bit flattered. The arrival of the big shots one after another made the Mu family extremely lively.

Finally, the ceremony was about to begin. Yun Feng and Qu Lanyi arrived at the banquet hall earlier. When they saw that more than ten tables were full of people, they couldn't help but feel surprised. There were too many people here.

"My Lady!" A familiar voice sounded. Yun Feng turned around slightly and saw Zhao Yan. Zhao Yan had already grown into a handsome young man. When he saw Yun Feng, great joy appeared in his eyes.

Yun Feng walked over with a smile. Zhao Yan, Zhao Mingqi and Wang Ming were all here. There was also a figure that made Yun Feng even more surprised, Mr. Zheng Ran!

"Mr. Zheng Ran, you're here too?" Yun Feng greeted Zheng Ran, and Zheng Ran chuckled. "How can I not come to the big event of the Yun family?"

Wang Ming touched his head. "My Lady, you don't know this, but those guys from the Red Maple Mercenary Team all clamored to come. The Mu family won't be able to entertain all of them. Hahaha!"

Yun Feng smiled. Zhao Mingqi nodded. "Yes. If it weren't for the mandatory order, they would've rushed here together."

Zhao Yan chuckled and sized Yun Feng up constantly. "My Lady, you're returning to the Red Maple Mercenary Team less and less frequently. Those guys are already complaining!"

Wang Ming waved his hand and messed up Zhao Yan's hair. "You're the one who keeps complaining, aren't you?"

Zhao Yan immediately blushed and pushed Wang Ming's hand away. He roared anxiously, "Uncle Wang, don't talk nonsense!"

Qu Lanyi stood next to Yun Feng and glanced at Zhao Yan with his black eyes. He didn't let go of the shyness in the young man's red face and the feelings hidden deep in his black eyes.

“Thank those warriors for their kindness for me. I’m very happy.” Yun Feng chuckled. Every mercenary in the Red Maple Mercenary Team was very cute. She had indeed gone back less often.

Yun Feng glanced around and saw the others. She smiled apologetically at them and left for the moment. Nobody in the Mu family dared to talk to these people at this moment. Only Yun Feng or the Yun family had the right to do so. This also made the Mu family truly understand what kind of family their master was marrying into.

“Shang Lian, De Lan, it’s been a long time.” Yun Feng smiled. The people at this table were the representatives of the two families. De Lan and Shang Lian were here in person, which showed how important this matter was to them.

“Yun Feng, congratulations!” Shang Lian and De Lan both said with a smile. Yun Feng also replied quickly and glanced at the other people at the table. They were all young people, including Shang Rui. Sensing Yun Feng’s gaze, Shang Rui put on a stiff smile and seemed a bit uneasy.

After socializing with De Lan and Shang Lian for a while, Yun Feng turned around and left. Why did they bring so many young people with them? Yun Feng had already come to a conclusion in her mind. Qu Lanyi sneered, “Do the two families think too highly of themselves?”

Yun Feng chuckled and didn’t comment further. She turned around and walked to the other tables. The other three empires certainly had sent people who were all members of the royal family. Even though the emperors of the three empires didn’t come in person, the lineup they sent wasn’t small either. It was obvious that they were people of high status. Of course, there were also two faces that Yun Feng was familiar with.

Muqing and Xiaoxiao were sitting at the same table. Ovey and the others of Shengyao were also sitting together. The two of them congratulated Yun Feng first when they saw her. Even though Yun Feng and they didn’t have a good relationship, they had met a lot of times and they had a lot to talk about. Pitifully, the other people of their generation wanted to interrupt, but couldn’t.

After Yun Feng left, a young man from Ovey said, “Young Master Muqing, Yun Feng seems to be quite close to you. You have a great chance!”

Muqing frowned slightly. Xiaoxiao, on the other hand, smiled mockingly. “Who do you think Yun Feng is? She’s too good for Muqing.”

Muqing’s face darkened. He didn’t say anything. In the end, he said, “I admit that I’m not qualified, but neither are you.”

What Muqing said made the atmosphere a bit cold, but it made sense. Among all the people in the banquet hall, the younger generation accounted for about 80% of them. The lineup sent by the four empires were almost all people of Yun Feng’s age. It was obvious that they all had the same thought in their minds. It was possible that she might fall in love with one of them..

Chapter 514: Marriage (4)

Yun Feng greeted everyone. They were all from famous families. The Yun family was the only family that had such a lineup of guests at the wedding on the East Continent. Besides, these people came on their own, which showed how high the status of the Yun family was.

Zhan Li didn't come, but the person who went to the Yun family to look for Zhan Li came. That person certainly explained that Zhan Li wanted to come here but was indeed busy. Still, he offered a generous gift.

Yun Feng smiled helplessly. It was better that her cheap father didn't come, or she would have a headache again.

The ceremony officially began. It was an ancient-style wedding. Amidst the melodious ancient music, Mu Xiaojin walked out wearing a wedding dress and a veil. When Yun Sheng held Mu Xiaojin's hand, everybody burst into cheers.

"Xiaojin, don't be nervous." Yun Sheng's gentle voice came through the curtain. Mu Xiaojin's heart, which had been tight, immediately relaxed. She held Yun Sheng's big hand with her slightly cold little hand. Yun Sheng smiled handsomely. After three bows, the ceremony was completed.

The banquet hall was full of noise. Yun Sheng and Mu Xiaojin's marriage was unprecedented. Even though it was held in the tiny Mu family, it was still glorious.

Naturally, the guests weren't here for Yun Sheng. They only had one goal, which was Yun Feng. Nobody needed Yun Sheng to drink with them, and nobody suggested going to the bridal chamber. Yun Sheng was quite relaxed. After the ceremony, he held Mu Xiaojin's hand and walked into the new room. When the door was closed, all the noise outside was gone.

Mu Xiaojin was sitting on the bed, fidgeting with her fair and tender fingers. Yun Sheng only chuckled when he saw that. He walked over with his slender body and gently opened Mu Xiaojin's intertwined fingers, lifting the vein on her head. Mu Xiaojin's flushed face came into his sight.

"Yun Sheng, big brother..." Mu Xiaojin blushed and said in a low voice. Yun Sheng smiled with gentleness in his black eyes. He took off the crown on Mu Xiaojin's head and the complicated accessories. Yun Sheng's finger gently slid on Mu Xiaojin's face, feeling smooth and tender.

"Xiaojin, it's time to stop calling me that." Yun Sheng breathed into Mu Xiaojin's ear. Mu Xiaojin's breath tightened and the blush on her cheeks became even redder. "H-Hubby..."

The corners of Yun Sheng's beautiful lips rose slowly. He reached out his arms and held Mu Xiaojin in his arms. Mu Xiaojin struggled slightly, and Yun Sheng held her even tighter.

"From now on, you'll be my wife, my only wife. I'll love you for the rest of my life." Yun Sheng's gentle words slowly drifted into Mu Xiaojin's heart. Tears welled up in her eyes and she buried her face in Yun Sheng's neck. How could she marry such a good man?

Yun Sheng slowly raised Mu Xiaojin's chin and looked at the gorgeous woman in front of him. Her big eyes were full of tears of happiness, glittering and translucent. Yun Sheng's heart was burning. He slowly lowered his head and gently held the tears that were almost coming out of his eyes with his lips. His warm lips lingered on her skin, leaving a series of hot traces. When his soft lips found hers, they covered them gently.

A soft murmur sounded. Yun Sheng's body slowly pressed the woman in his arms down the bed, and his long hand slowly reached into the opening of her clothes. Mu Xiaojin was panting with a red face. Her dazed expression made Yun Sheng's heart erupt like a volcano.

His big hand slowly pulled down the curtain of the window, completely covering the what was happening.

It was spring in the new room. The murmur of man and woman gradually faded in the clamor. Yun Feng was dealing with the troublesome guests outside. When she finally sent them away, she ran from the banquet hall to a remote corner of the Mu family as if she was fleeing.

Yun Feng casually sat on the ground and leaned against a big tree. It was inevitable for her to drink when she socialized with those people. Yun Feng also drank a lot. Her cheeks were a bit red at this moment and she breathed slightly. Yun Feng frowned as she was full of alcohol.

"How annoying." Yun Feng put her hand on her cheek and felt that it was burning. She closed her eyes slightly, knowing that she had drunk too much and her brain was even a bit fuzzy.

The gentle breeze made Yun Feng feel rather comfortable. She sat there with her eyes closed, feeling drowsy. A series of subtle footsteps kept approaching her. Yun Feng opened her eyes and saw a slender figure walking over.

"Who is it?" asked Yun Feng. She rubbed her eyes and finally saw who it was. Qu Lanyi came over with a smile and sat next to Yun Feng. She turned around and looked at Yun Feng's slightly red cheeks. "Fengfeng, you're a bit drunk."

Yun Feng chuckled. She was relieved to know that it was Qu Lanyi. She closed her eyes again and planned to lean against the tree, only to find herself in a warm embrace. Yun Feng didn't care. She let Qu Lanyi hug her from behind. She was a bit drunk and needed to rest.

"It's my big brother's wedding. It doesn't matter if I get drunk." Yun Feng put on a smile and was very happy in her mind. Qu Lanyi held Yun Feng in her arms and put his arms around her waist. He lowered his head slowly and the faint fragrance of wine came from Yun Feng's body.

"Fengfeng, aren't you jealous?" Qu Lanyi asked softly as he buried his head on Yun Feng's shoulder and pressed his warm cheek against Yun Feng's neck.

"Jealous of what?" Yun Feng replied lazily. She was truly drunk. Qu Lanyi approached her so recklessly, but she didn't feel disgusted at all.

"That they'll be forever with the person they love," replied Qu Lanyi in a low voice. His lips rubbed against Yun Feng's skin, which made Yun Feng itch. She moved her body and Qu Lanyi held her even tighter.

"As long as I want to, I can do that too," replied Yun Feng. Qu Lanyi chuckled and raised her head, looking down at the girl who had her eyes closed. There was a faint smile on her beautiful face, and her red lips were curved in an alluring way. Qu Lanyi's black eyes suddenly darkened.

“As long as you want to...” Yun Feng mumbled in a deep voice. She felt that a familiar aura was getting closer and closer to her. It was so close that she couldn’t even breathe. She slowly opened her black eyes, and saw Qu Lanyi’s eyes that were as black as a deep pool..

Chapter 515: Marriage (5)

Yun Feng wanted to ask him what he wanted to do, but there was no need to. A cold lips pressed against hers, covering her red lips tightly and swallowing her voice and breathing.

Yun Feng’s body trembled. She reached out and was about to push Qu Lanyi away, when a pair of warm hands held her tightly. He bit her lips gently with his teeth and didn’t go deeper. Qu Lanyi’s lips slowly left.

Yun Feng was completely sober. Qu Lanyi smiled at her. “Fengfeng, have I told you I love you?”

Yun Feng suddenly blushed. Qu Lanyi smiled even more delightedly and held her in her arms, leaning against the tree trunk. “In the place I came from, as long as you kiss someone you love, that person will be with you forever.”

Yun Feng’s heart suddenly tightened. Qu Lanyi’s voice came out with an inexplicable hoarseness that sounded very pleasant. “I love you, Yun Feng. You’ll be my wife one day.”

Yun Feng put on a smile and leaned against Qu Lanyi’s chest. Even though he was half a man and half a woman, and she knew nothing about him, she didn’t hate him. She even liked his approach.

Qu Lanyi looked at the smile at the corners of Yun Feng’s mouth with affection in the depths of his black eyes. The two of them leaned against the tree in each other’s arms, listening to the gentle breeze and feeling each other’s warmth.

Perhaps she was truly drunk.

When Yun Feng woke up, she felt that her head was a bit dizzy. Her body moved slightly and she touched a warm body. Her black eyes suddenly opened and she was about to hit the person next to her subconsciously. When she saw who was next to her, she suddenly stopped attacking.

Qu Lanyi’s sleeping face was right there. His long eyelashes cast a faint shadow on his face. His breathing was steady, as if he was still in a deep sleep. He put his arm around Yun Feng’s waist lazily and put his hand on her. He didn’t hold her very tightly, but he didn’t let her go too far.

Yun Feng’s black eyes darkened. How did he climb into her bed? She rubbed her forehead with her hand. Perhaps she was really drunk yesterday. She actually let him... Thinking of the kiss yesterday, Yun Feng blushed slightly for no reason. She pushed Qu Lanyi’s hand aside and was about to get off the bed, when she woke up the man who was sleeping next to her.

“You’re awake?” Qu Lanyi’s hoarse and deep voice came. The woman’s voice was gone, and the man’s deep and magnetic voice came with too much affection in this morning.

Yun Feng turned around slightly. Qu Lanyi stood up, and his alluring curves were gone. The man’s slender body was placed in front of Yun Feng. Yun Feng raised her brows slightly. “You’re not pretending to be a woman anymore?”

Qu Lanyi smiled. A deep chuckle came from the depths of her throat. He extended his arm and pulled Yun Feng over. Then, he held her in his arms and kissed Yun Feng's forehead gently.

"Now that we're sharing the same bed, it's time for me to turn back into a man." Qu Lanyi's eyes were full of smiles. The corners of Yun Feng's mouth twitched slightly as she moved her body agilely. She glanced at Qu Lanyi. He was very beautiful when he was a woman. When he turned back into a man, he had another kind of temperament. He was neither a man nor a woman. He wasn't feminine at all. Qu Lanyi was full of the charm of a man right now. Even his charming face seemed a bit sunny.

Yun Feng's eyes darkened. She quickly tidied herself up and walked out without saying anything. Qu Lanyi sat on the bed alone and chuckled. "Why is she so cute?"

When Qu Lanyi, who was dressed like a man, appeared in front of Yun Jing and Yun Sheng, the two members of the Yun family were obviously dumbfounded. Yun Jing was so shocked that he couldn't say anything. Qu Lanyi, on the other hand, greeted him with a smile. "Uncle, good morning."

Yun Jing's face, which had always been serious, was very stiff. After a long time, he only said "you". He kept sizing Qu Lanyi up with his eyes. There was indeed a young man in front of him, but wasn't he a girl?

Seeing Qu Lanyi's face and hearing his voice, Yun Sheng immediately let go of Mu Xiaojin's hand and strode over. He grabbed Qu Lanyi's collar with both of his hands and said furiously, "You bastard! How much did you take advantage of my sister?"

Mu Xiaojin was also a bit shocked. She had just consummated her marriage and she looked like a cute little girl with a blush on her face. The moment she came out, she saw Yun Sheng lift Qu Lanyi up with his collar, as if they were going to fight.

"Don't fight!" Mu Xiaojin stepped forward nervously and tried to stop her. Yun Feng pulled her back gently. "It's alright. They're both men. Qu Lanyi deserves to be beaten."

Mu Xiaojin immediately opened her mouth into an O shape and looked at Yun Feng in shock. "A... a... a... a... man!"

Yun Feng was amused by Mu Xiaojin's expression. Yun Sheng had already put Qu Lanyi's collar aside. The two of them seemed to be ready to fight. Yun Feng pinched Mu Xiaojin's little face. After the night, Mu Xiaojin had completely transformed and her aura had become much more charming. She was a little woman trapped in a whirlpool of happiness.

"Yes, a man." Yun Feng nodded and blinked her eyes mischievously. Mu Xiaojin blushed again and glared at Yun Feng.

"Feng, what's going on?" Yun Jing calmed himself down and walked over solemnly. If Qu Lanyi was really a man, wouldn't his daughter be taken advantage of as Yun Sheng said?

Yun Feng chuckled and put her hand on her father's arm. "Father, what you were thinking didn't happen. It really didn't." Yun Jing couldn't help but feel relieved when he heard this. However, an earth-shattering roar came from Yun Sheng's side.

"What did you say?"

Yun Sheng and Qu Lanyi were on the other side. At this moment, one of Qu Lanyi's cheeks was obviously swollen because of Yun Sheng's punch. After hearing what Qu Lanyi said, Yun Sheng's eyes immediately widened. Then, he punched Qu Lanyi again.

"You bastard, you actually..." Yun Sheng's eyes were about to spew fire because of what Qu Lanyi said. Brother, Fengfeng and I have already seen each other naked. We even slept together naked.

Qu Lanyi was in pain, but he didn't fight back. He wiped the side of her swollen face and smiled. "What are you worried about? I'll make her take responsibility.."

Chapter 516: Farewell (1)

The anger in Yun Sheng's heart rose again and he punched Qu Lanyi again. Qu Lanyi was punched in the waist and abdomen. Even though Yun Sheng was a mage, he still had the strength of a man in the fight.

"Brother, you're too cruel." Qu Lanyi gritted his teeth and stood there, holding his waist with both hands. It was obvious that Yun Sheng used quite a lot of strength in that punch just then.

"You're not allowed to call me brother!" Yun Sheng roared with regret in his mind. The man lived in the same room as his precious sister in the Masang School of Magic, right under his eyes! Wasn't this his negligence as a big brother? His precious sister was...

"Brother." Yun Feng's voice came. Yun Sheng's anger was slightly eased. He looked at Yun Feng with pain on his face and there was indescribable guilt in his heart. "Feng..."

Looking at Qu Lanyi's miserable appearance, Yun Feng had the thought of gloating in her mind. Qu Lanyi patted his clothes and saw the smile in Yun Feng's eyes. He only smiled dotingly and let her go.

"It's all my brother's fault. That's why he... Damn it!" Yun Sheng wanted to punch him again. Yun Feng grabbed his brother's hand and glanced at Qu Lanyi suspiciously. "What did he say?"

Yun Sheng repeated what Qu Lanyi said, gnashing his teeth. Yun Jing's face also darkened after hearing that. He clenched his fists hard, but he controlled himself.

Yun Feng looked a bit embarrassed. Looking at her brother and father gnashing their teeth, she also gnashed her teeth at Qu Lanyi. Did this man have to talk so ambiguously?

Qu Lanyi raised her eyebrows. Yun Feng then realized that the red mole between his eyebrows was gone. The bright red mole was gone.

"I'm telling the truth." Ever since Qu Lanyi regained his identity as a man, his tone had changed significantly. He was no longer sloppy, but neat.

"He was indeed telling the truth, but he didn't tell you the whole truth." Yun Feng glared at Qu Lanyi. Qu Lanyi smiled indifferently. Yun Feng explained everything clearly. The fury in Yun Sheng and Yun Jing's hearts also quickly sank. It was understandable for the man to get naked if he was trying to save Yun Feng, but it didn't make sense for them to share a bed!

The light elements on Qu Lanyi's hand eased the swelling on his face in a short time. His handsome face was intact. Qu Lanyi walked to Yun Feng and stared at Yun Sheng and Yun Jing.

"Yun Feng and I have already decided to marry each other. I hope that you and Uncle can give us your blessing."

What she said made the scene even more confusing. Yun Sheng and Yun Jing both looked at Yun Feng in disbelief. Mu Xiaojin's mouth was still shaped like an O, and the three of them looked at Yun Feng in unison. Yun Feng's heart suddenly tightened at this moment. She subconsciously turned around and looked at Qu Lanyi, only to see those black eyes full of emotions and determination.

Yun Feng suddenly couldn't say anything. Everyone was waiting for her answer. This answer was very important.

Her heart suddenly raced. Yun Feng had never felt like this before. The answer was already in her mouth. Sweat suddenly appeared on Yun Feng's hand.

"..." Yun Feng didn't say anything. Everybody was silent too. Nobody spoke or urged her. Everybody waited patiently for Yun Feng's reply.

"Yes, he's right. He and I are indeed..." Yun Feng moved her lips and didn't look into Qu Lanyi's eyes. She only felt an unusually scorching gaze staring at her, as if it was going to burn her.

"Feng, your marriage is very important. You..." Yun Sheng didn't seem to agree with her. He didn't like Qu Lanyi, who pretended to be a girl and secretly took advantage of his sister!

Mu Xiaojin put on a smile at the corners of her mouth and held Yun Sheng's hand. "Xiao Feng loves him. That's good enough." What Mu Xiaojin said made Yun Sheng suddenly speechless. Yun Jing stood aside with a solemn expression that was a bit invisible. He looked straight at Qu Lanyi and said slowly.

"If that's the case, we won't ask anymore." Yun Jing said as he looked at Qu Lanyi. "If you don't make Feng happy, the Yun family won't let you go."

Qu Lanyi smiled and held Yun Feng's hand. Noticing the sweat on her palm, he smiled. "Don't worry. I'll make her happy."

On the second day of Yun Sheng's wedding, Yun Feng made an engagement with to the man in a certain way. This was something Yun Jing had never thought about. A sense of loss lingered in his heart. His daughter would get married and leave him sooner or later.

Yun Sheng didn't feel good either. His precious sister, whom he loved the most, was taken away by this man, which made him a bit unable to let go. Under the influence of such emotions, the father and son of the Yun family caused a lot of trouble for Qu Lanyi during this period of time. Who asked him to abduct Yun Feng just like that?

Mu Xiaojin kept smiling, and Yun Feng only raised the corners of her mouth. Did she like Qu Lanyi? The answer was obvious. She did like Qu Lanyi a bit. If she admitted that she was going to marry Qu Lanyi, it would save her some unnecessary trouble. It was always good to have a shield.

She stayed in the Mu family for a while and enjoyed the time when the members of the Yun family gathered together. She didn't say anything even when Qu Lanyi was being picked on. He always greeted people with a smile. In the end, Yun Sheng and Yun Jing were no longer angry.

Everything on the East Continent was settled. Yun Feng wouldn't stop here. After staying in the Mu family for a while and enjoying a wonderful time, Yun Feng understood that she should set off again.

The matter of the Yun family had already been explained to Mu Xiaojin and Qu Lanyi. At this moment, the two of them weren't outsiders of the Yun family. After hearing that the Yun family was such a family, they both expressed their surprise. Yun Feng also expressed to her father and brother that she was going to leave for the West Continent. Although it was great spending time with them, they would still be separated one day.

Yun Feng naturally took some time to go back to the Mercenary Union. When the warriors of the Red Maple Mercenary Team heard that Yun Feng was going to leave again, they were reluctant and slightly dissatisfied in their minds. It was rare for their Young Lady to come back. Why did she always come back in a hurry and leave?

The three main members of the Red Maple Mercenary Team were also a bit depressed, especially Zhao Yan. When he heard that Yun Feng was about to leave again, he was very frustrated in his heart, especially since Yun Feng was going to the West Continent this time. It was hard to say when she would come back after this trip..

Chapter 517: Farewell (2)

The soldiers of the Red Maple Mercenary Team were uncomfortable in their minds, but they also wanted to hold a lively farewell party for Yun Feng, which attracted the attention of all the other mercenary groups, including the four Commanders of the five-star groups.

The farewell party was very lively. There was a sea of people on the Red Maple Mercenary Team's side. Yun Feng looked at these mercenaries who came from who knew where and felt a bit dizzy. She said a few words to the four Commanders of the five-star groups. The four of them were very polite and spoke with a kind of humble attitude. After all, with Yun Feng's current identity, they didn't have the qualification to sit together with her anymore.

That mother lode still didn't produce ultimate ores, and Yun Feng couldn't be bothered to explain anything. These four idiots would send a large amount of high-level ores to the Red Maple Mercenary Team every month. Inside Yun Feng's bracelet, there were piles of ultimate ores that were like a small mountain. She took out a few pieces and waved them in front of the four of them, making them even more determined that the mother lode could produce ultimate ores.

Yun Feng left the East Continent, but it didn't mean that the four Commanders of the five-star groups could be fearless and bully the Red Maple Mercenary Team. Right now, the growth of the Red Maple Mercenary Team was unusually rapid and the scale was constantly expanding. In the next level assessment, the Red Maple Mercenary Team was thought highly of by people. A four-star mercenary group that could break through to the five-star level, the Red Maple Mercenary Team certainly wouldn't let go of this opportunity.

Amidst the noise, Yun Feng finally had time to take a breath of fresh air. She walked to the outside of the Red Maple Building and found a remote corner. The cool air came, and Yun Feng breathed comfortably.

“My Lady.” Zhao Yan’s voice sounded. Yun Feng turned around and saw Zhao Yan, who had grown a lot taller than her, walking over. He was already a warrior at the peak of level 8 right now.

“Why did you come out too?” Yun Feng asked as she leaned against the cold wall to ease her burning mind.

Zhao Yan didn’t say anything. He just walked to Yun Feng silently. “Have you decided to go to the West Continent?”

Yun Feng nodded. “Yes, I must go to the West Continent.”

Zhao Yan’s eyes darkened. After a while, he seemed to have gathered enough courage and suddenly raised his head. “If you’ve decided, then... then take me with you!”

Yun Feng froze and looked at Zhao Yan. At this moment, his face was slightly red, as if he was holding something back. His eyes were full of eagerness and expectation, which made Yun Feng speechless for a moment.

“I won’t hold you back, my Lady! Take me with you, my Lady!” Zhao Yan’s voice was a bit shaky as he clenched his fists tightly. He was very nervous and his entire body was jumping hard.

“What nonsense are you talking about? The Red Maple Mercenary Team needs people here. If you leave, who will take over your position?” Yun Feng smiled and turned her head around.

“Father will take care of it! There are many outstanding people in the Red Maple Mercenary Team these few years. They can all replace me. I...”

“Zhao Yan, you can follow me.” What Yun Feng said made Zhao Yan’s face light up abruptly. At this moment, Yun Feng spoke again, “When your strength reaches the Monarch Level, I welcome you to come to the West Continent to find me.”

Zhao Yan’s throat tightened as he stared at Yun Feng. Monarch Level? Yun Feng smiled. “Didn’t you say you wouldn’t drag me back? Then practice hard. I’ll wait for you on the West Continent.” After saying that, Yun Feng turned around and left, leaving Zhao Yan standing alone. Watching the girl leave, Zhao Yan clenched his fists again and made up his mind.

After the Red Maple Mercenary Team’s farewell party, Yun Feng bid farewell to Zheng Ran. Zheng Ran only said a few words of instruction with a smile. In Zheng Ran’s eyes, Yun Feng had already taken charge of everything. The stage of the East Continent was still too small for her.

After saying goodbye to the Mercenary Union, Yun Feng ran to another place, a place she had never been to before, the School of God of War.

The reason why Yun Feng came here was because she had someone to say goodbye to in her mind, Ze Ran. After the Yun family survived the crisis, Ze Ran returned to the School of God of War silently and didn’t greet Yun Feng. Yun Feng more or less understood Ze Ran’s mind. He was upset about his weakness.

The boy who liked to stand in front of her when she was young might feel very uncomfortable right now. After all, she had already grown up to this point. He would more or less feel a little powerless.

The School of God of War had always been a school directly under the Karan Empire. After the fall of the Karan Royal Family, the two families naturally took over the place. Since the royal family was destroyed, the people of the School of God of War certainly didn't have any doubts. Their lives were still normal, but they had a new boss. The mutual restraint between the Shang family and the De family also caused the School of God of War to be divided.

It should be changed to the School of God of War, which was directly under the Fengyun Empire, just like the Masang School of Magic. It was in a relatively hidden environment with a layer of restriction around it. However, it was no different for Yun Feng.

She came quietly. She only wanted to find Ze Ran and didn't want to cause too much chaos. She had been hiding in the space. As soon as she arrived at the entrance of the School of God of War, Yun Feng saw that an unpleasant battle was about to begin.

"The De family is indeed stronger than the Shang family!"

"What do you mean? Are you looking for a beating? Don't you know that the Shang family in the School of God of War is more impressive?"

Yun Feng looked at it with interest for a while. The fact that there was a division of forces here was inevitable. This must be some of the drawbacks when the royal family was gone.

Such a battle was very common in the School of God of War. After the Shang family and the De family took over the school, they tried their best to infiltrate their strength, which led to the current situation where they were like fire and water. Yun Feng didn't want to watch any longer, but a name made her stop.

"Why are you arguing? Don't you think it's too much to fight?"

"F*ck! You're a neutral party and you still dare to shout here? The neutral party is the most hated. Do you know that?"

"What's wrong with being neutral? Murong Yuntian is also neutral. Ze Ran is also neutral. What can you say? If you have the ability, argue with those two!"

Yun Feng frowned slightly. Neutral? Ze Ran was a neutral, which was understandable with his personality. However, it was rather interesting that Murong Yuntian was also a neutral.. According to the Murong family's personality, shouldn't they try their best to suck up to one of them?

Chapter 518: Farewell (3)

Yun Feng descended from the sky and showed up in the space. The people who were arguing certainly didn't notice her. They walked to the neutral student and patted his shoulder.

"Sir, where is Ze Ran?"

The neutral man turned around and saw an unusually beautiful girl standing next to him. He blushed slightly. "You... You're looking for Senior Ze Ran?"

Yun Feng nodded. She didn't have the Rings of Contract on her hand, so Little Fire and Lan Yi certainly didn't come with her. Meatball was certainly with those two. Magic Beasts were easier to get close to each other.

"Little beauty! You're Senior Ze Ran's admirer, aren't you? Haha, don't even think about it! So what if you're handsome? Senior Ze Ran is a block of wood that hasn't moved in a hundred years. He rejected countless girls who confessed to him! Sometimes, I wonder if he is impotent!" The people of the two families' factions were united at this moment. The neutral party was the worst faction in the School of God of War. If Ze Ran and Murong Yuntian hadn't insisted, these ordinary students would have already gone with the flow.

There was a burst of wild laughter. The others were laughing crazily. The guy from the Neutral Faction was livid. "What are you laughing at? You only have the courage to laugh here. If you have the guts, go talk to Senior Ze Ran in person! A bunch of cowards!"

"What did you say?" The people of the two factions were immediately upset. Their expressions changed abruptly. It seemed that they were going to beat someone up. Yun Feng's expression was slightly cold. She knew Ze Ran's personality too. It was expected that he would be welcomed by girls here. She didn't expect these people to say that.

"There's no need to argue with them. Just treat it as a dog barking." Yun Feng chuckled. What she said immediately made the others look awful. The neutral boy was delighted after hearing that. He didn't expect this pretty girl to have such a vicious mouth.

"Bitch! Say it again if you have the guts! Who are you calling a dog?"

Yun Feng glanced over with coldness in her eyes. "If you consider yourself a dog, there's nothing I can do."

"Damn it! You've got quite a sharp tongue. I wonder how good your are. Fight me if you can!" The male student couldn't stand what Yun Feng said anymore. He immediately took out his weapon. The neutral boy immediately pulled Yun Feng back after seeing that. "You're the one who insisted on admitting it. It's none of her business."

Yun Feng chuckled. This boy was truly similar to Ze Ran. She stepped forward and twisted her wrist slightly. "Let's fight. It's fine."

"What are you arguing about?" A deep voice sounded. Yun Feng raised her eyebrows curiously. She had never thought that she would meet him here.

"It's Senior Murong!" The crowd around moved aside one after another. Murong Yuntian walked over with a sullen face. The boy who was about to attack reluctantly put away his weapon. "She provoked us first! She called us animals."

Murong Yuntian frowned when he heard that. When he glanced over, his entire body froze. All the sounds around him seemed to have disappeared. Only the person in front of his eyes could be seen.

Yun Feng smiled lightly. "Long time no see."

Very few people had seen Murong Yuntian lose his composure like this. He, who had always been admired by everyone in the School of God of War, had such a dumbfounded expression? The students on the side were all dumbfounded. The boy who was about to fight with Yun Feng was even more stunned. It had been a long time? Was she an old friend of Murong Yuntian?

Murong Yuntian also knew that he had lost his composure, but he couldn't control himself. When he finally calmed himself down, he suddenly took a few steps forward and stood one step away from Yun Feng. He stared at the beautiful girl in front of him with his black eyes, unwilling to move away even a second.

"Yun Feng..." A low shout made everyone gasp. The boy who wanted to fight with Yun Feng just then was completely pale.

"Why are you here?" Murong Yuntian finally collected himself and smiled at Yun Feng. Yun Feng replied with a smile, "Of course, I'm here for Ze Ran."

Murong Yuntian would be lying if he said he wasn't disappointed. His heart would still hurt. In her eyes, he was just an ordinary person. Murong Yuntian smiled in self-mockery, thinking about the fate that the two of them had missed. If their engagement still existed, how would it be right now?

"Ze Ran is practicing. I'll take you there," said Murong Yuntian. Yun Feng nodded and followed him into the School of God of War. After the two of them left, the remaining people were still dumbfounded. Someone broke the silence. "That person just then is called Yun Feng, right?"

"It's that summoner who destroyed the Karan Royal Family and sent troops to the Cashya Empire... Yun Feng!" shouted someone. Everybody was back to themselves.

"Damn, it's really her! I've finally met her in person!"

"Senior Murong must know Yun Feng. He's truly impressive!"

A few students immediately ran into the school crazily. When the others saw this, they couldn't help but shout, "Why are you running? Why are you in such a hurry?"

The few people who were running away suddenly shouted without looking back, "What do you know? Of course we want autographs! If not, we can just take a few more glances!"

The others came to a realization and ran inside one after another. The neutral boy was about to run too, but he saw the person who shouted at Yun Feng just then standing there dumbfoundedly and couldn't react in time.

The boy from the Neutral Faction walked over and patted the boy's shoulder. He said gloatingly, "You're the first person who dared to talk to the summoner like that."

The boy's body suddenly shook and his face became even paler. He wanted to bite his tongue to pieces. If he knew that she was Yun Feng, he wouldn't have dared to speak like that even if he had the courage of a leopard!

The boy from the Neutral Faction thought of something again and added with a smile, "Master Yun is here to find Senior Ze Ran. The Neutral Faction isn't bad either, don't you think?"

The area behind the mountain of the School of God of War was usually a good place for training. The quiet environment made it easier for warriors to feel the power of heaven and earth. Warriors and mages were different. Although the energy they needed came from nature, there was an essential difference. Compared to elemental energy, fighting energy was easier to extract..

Chapter 519: The Difficulty of Leaving (1)

Therefore, the level of cultivation and speed of warriors were also much faster than mages. This was also why the overall level of warriors on the East Continent was very high. The weakness of mages also came from this.

Yun Feng followed Murong Yuntian all the way. The two of them said nothing. Murong Yuntian glanced at the girl next to him from time to time. There were ten thousand things he wanted to say in his mind, but he kept them to himself.

Murong Yuntian had also seen it clearly now. There was no possibility that he would have anything to do with her anymore. She wouldn't have any good impression of him or the Murong family either. The Murong family was extremely regretful right now. Murong Yuntian could only laugh at himself helplessly. Fate was so strange.

Along the way, the other students of the School of God of War couldn't help but discuss when they saw a beautiful girl next to Murong Yuntian. Some girls who had a crush on Murong Yuntian were obviously furious, and some even mocked her loudly on purpose. Yun Feng ignored them all.

The two of them walked towards the back of the mountain. Those jealous girls mumbled in dissatisfaction, "What's the meaning of that woman? She's so arrogant!" While they were still feeling indignant, they saw some guys tailing them with a weird expression on their faces.

"What's wrong? Why are you walking so sneakily?"

"Yun Feng! She's Yun Feng! That summoner!"

The students were in an uproar. The girls who were indignant just then immediately blushed and looked at the girl's back with envy in their eyes. The jealousy in their hearts also dissipated instantly. If it was Yun Feng, she would be a perfect match for Senior Murong!

The news that Yun Feng came to the School of God of War spread quickly. The students were shocked. The teachers were shocked. The manager of the School of God of War was also a bit dumbfounded. Why did that person suddenly come?

The students all came out to meet this legendary summoner. After all, it wasn't easy to meet Yun Feng. The teachers were also curious and wanted to meet Yun Feng.

Mei Bing was also very surprised to hear that Yun Feng was here. Apart from Murong Yuntian and Ze Ran, Mei Bing was no stranger to Yun Feng at all in the School of God of War. He followed most of the

students to the back mountain. Mei Bing was looking forward to seeing Yun Feng. He wondered how much she had grown. She must be even stronger.

Yun Feng and Murong Yuntian also noticed that there were more and more people behind them. Murong Yuntian smiled awkwardly. Yun Feng, on the other hand, looked indifferent. This kind of situation seemed to be quite common. Luckily, there was an order at the back of the mountain that couldn't cause any noise. The group of people behind them also consciously stopped at the back of the mountain and didn't follow them in.

Discussions also sounded on the ground. The tranquility in the rear mountain was also slightly affected. Some students who were practicing in the rear mountain couldn't help but curse. They all got up and left the rear mountain. However, on a huge black stone in the rear mountain, a young man was still sitting on it. No matter how noisy the outside world was, it didn't affect him at all.

"He's been practicing like this for half a month." Murong Yuntian whispered. Yun Feng nodded. The young man in her sight looked a bit sloppy. His hair was long. His black eyes were closed and there was a surging fighting energy around his body. The young man's chin was covered with sparse stubble. It could be seen that Ze Ran had completely forgotten about his practice.

"Ze Ran!" Murong Yuntian shouted. Ze Ran didn't do anything. He didn't even open his eyes. "Murong, what's the matter?" He just opened his mouth and asked. Ze Ran's voice also became a bit hoarse, as if he had matured a lot in an instant.

Murong Yuntian smiled. "It's not that I want to talk to you. Someone came to visit you."

Yun Feng stood next to Murong Yuntian and looked at the young man in front of her with a smile. She had only been separated from Ze Ran for a few months. She didn't expect that his strength had already reached level 9. Perhaps he was only one step away from the Commander Level.

"Someone's looking for me?" Ze Ran finally opened his black eyes slowly. When he saw Yun Feng, a beam of light flashed through his eyes. "Yun Feng!" Ze Ran shouted in surprise. Yun Feng smiled. "Ze Ran, your strength has improved again. Congratulations."

Ze Ran jumped off the stone and stood in front of Yun Feng with his strong body. Ze Ran also seemed to have grown rapidly and was already a head taller than Yun Feng.

"Why are you here? What do you want from me? If I can help, I'll do my best!" Ze Ran smiled at Yun Feng with his teeth bared. A very sunny smile appeared on Ze Ran's face, making Yun Feng feel warm in her heart.

"Do you think I can't come here unless I need your help?" Yun Feng glanced at Ze Ran rather helplessly. Ze Ran smiled in embarrassment and scratched his head. If it weren't for this, why would Yun Feng come to find him?

Yun Feng raised the corners of her mouth and sighed. "I came to say goodbye to you. I'm leaving." Murong Yuntian's body, which had just moved away, suddenly froze on the spot. He stared at Yun Feng with his black eyes. Leave? She was leaving?

"Leave? Where are you going?" Ze Ran was a bit anxious and even a bit panicked on his face. Yun Feng smiled. "The West Continent. I'm going to the West Continent."

Ze Ran immediately fell silent. After a while, he chuckled and touched his hair again. "Yes, you should go to the West Continent..."

Yun Feng looked at the smile of the young man in front of her and suddenly felt a bit uncomfortable in her heart. She patted Ze Ran's shoulder with her hand and said, "I have something to do on the West Continent. I also need to see more things."

Ze Ran burst into laughter. His gloomy expression was gone, and a sunny smile appeared on his face. "Go! I support you!"

Yun Feng curled her lips and smiled as warmth flowed through her heart. This was the first friend who thanked her directly, which made Yun Feng a bit touched in her heart.

"Master Yun!" A shout interrupted Yun Feng and Ze Ran's conversation. The two of them turned around at the same time and saw the man who ran into the mountain in panic.

"Principal?" Ze Ran called. Yun Feng understood who the person was and smiled. "Principal, what's the matter?"

The principal smiled nervously and looked at Ze Ran. "Why are you here, Master Yun? If the School of God of War can help you with anything, please tell me."

Ze Ran looked a bit embarrassed after hearing that. He had never seen the principal so humble. Murong Yuntian came over. "Yun Feng is here for him.. Nothing else."

Chapter 520: The Difficulty of Leaving (2)

The principal heaved a sigh of relief, fearing that some student might have angered Yun Feng. He wiped the sweat on his forehead and smiled. "Then you can talk. You can talk..."

"No, I've said everything I need to say. It's time to go," replied Yun Feng casually. Ze Ran and Murong Yuntian were both a bit melancholic. Yun Feng smiled at Ze Ran. "Goodbye. You don't have to see me off."

She also nodded at Murong Yuntian. Yun Feng rose into the sky and looked down at Ze Ran from high above. She turned around and disappeared into the sky as a beam of light.

Ze Ran and Murong Yuntian looked at the sky in a daze for a long time. The principal also looked at the sky in shock. Flying in the sky, she had already reached the Monarch Level! God, a Monarch Level summoner!

Ze Ran watched for a while and suddenly chuckled. He jumped and sat on the giant rock again. The corners of Murong Yuntian's mouth were raised slightly and he whispered to the principal, "Principal, let's go out."

The principal suddenly turned around. His neck was a bit sore. He nodded and followed Murong Yuntian out of the rear mountain. The group of students surrounding the rear mountain also looked up with obvious envy and obsession in their eyes.

Murong Yuntian turned around slightly and looked at the young man who was practicing on the giant rock with his eyes closed. He lowered his eyes slightly. Work hard. Work hard to catch up with her.

Yun Feng went all the way back to Mu City from the School of God of War. Yun Jing still had to stay in Mu City for a while longer. Once Yun Feng came back, Mu Xiaojin ran over and pulled her to the Mu family's training ground.

"What's wrong?" Yun Feng raised her eyebrows suspiciously. A trace of worry flashed through Mu Xiaojin's big eyes. "Brother Sheng fought with Qu Lanyi again."

Yun Feng's face froze. It seemed that the anger in her brother's heart was still there. When she came to the martial arts arena, she saw two people fighting each other. Both of them were mages, but they fought with their hands and feet. It was a melee battle.

"Clang!" Qu Lanyi was punched in the face again. Unlike the last few days when he was beaten passively, Qu Lanyi fought back and Yun Sheng's body was also injured. When Yun Feng arrived, Yun Sheng saw his precious sister and immediately stopped and left.

"Feng, you're back."

Yun Feng nodded. Seeing that Yun Sheng and Qu Lanyi were both in a sorry state, she felt a bit helpless. "Yes, I'm back."

"You went to see Ze Ran, right? Ze Ran is not bad. He's quite strong. More importantly, he's a pure man. It's better than this weird guy!" Yun Sheng said loudly. Qu Lanyi's face was almost completely black after hearing that.

"Yun Sheng, I've let you punch me so many times, and you're still scolding me in a roundabout way?" Qu Lanyi's black eyes turned cold as a man's aura burst out. Yun Sheng sneered. "I should beat you up."

Qu Lanyi looked like a man now. After bidding farewell to his charming feminine aura, the manliness he exuded gradually changed Yun Sheng's impression of her. However, when he thought of how this man had taken advantage of his sister so blatantly in the past, Yun Sheng's attitude that had just changed returned to normal.

"Ze Ran doesn't suit me," said Yun Feng casually. Qu Lanyi chuckled. Yun Feng looked at the bruises on his handsome face and frowned. "Deal with it."

There was a smile in Qu Lanyi's eyes. He glanced at Yun Sheng complacently, implying that Yun Feng cared about him the most! The light elements quickly removed the bruises on her face. Mu Xiaojin walked to Yun Sheng and looked at the bruises on his face, fearing that he would be in pain.

Yun Sheng smiled gently. The gentle water element also made the bruise disappear in a short time. Yun Feng raised the corners of her mouth helplessly. "Brother, I'll be leaving in a few days."

"So soon? Why don't you stay for a while longer?"

Yun Feng smiled gently. "If I stay any longer, I won't want to leave. I can't enjoy myself forever. It's time for me to leave."

Yun Sheng was about to say something, but Mu Xiaojin stopped him. Mu Xiaojin smiled at Yun Feng. "Xiao Feng, I'll prepare whatever you need." Yun Feng shook her head. She had everything she needed. She didn't need anyone to prepare anything else. She stepped forward and touched Mu Xiaojin's head. "Don't worry. Canghai will find a way back."

Mu Xiaojin's eyes turned red as she handed the thing she had been wearing on her chest to Yun Feng. It was the only memory Mu Canghai left in this world and the key to Mu Canghai's return.

"Xiao Feng, be safe. That's the most important thing," said Mu Xiaojin with a sob. Mu Canghai was certainly important to her, but Yun Feng was also very important.

"I'll protect her." Qu Lanyi walked over and said casually. Yun Feng glanced at him in surprise. Qu Lanyi suddenly became cold. "Why? Do you want to go alone?"

Yun Feng indeed wanted to go alone back then. To be more precise, she didn't expect Qu Lanyi to go with her. When Qu Lanyi said that he wanted to go with her, Yun Feng was indeed a bit surprised.

"You don't want me to come with you?" Qu Lanyi raised his eyebrows, with a dangerous look in his eyes. Yun Feng's breath tightened and she couldn't say anything. Yun Sheng had abandoned his personal grudge on this matter. It was the best choice for Qu Lanyi to go with Feng. How could he and his father be at ease if Yun Feng left alone?

"It's good that he goes with you," said Yun Sheng. Qu Lanyi glanced at him. "He finally said something nice."

Yun Feng said in a low voice, "It's fine. Let's go together." Qu Lanyi's eyes glittered a few times as he looked at Yun Feng deeply. After he was told about this, Yun Jing didn't say anything else. He only told Yun Feng that if they found other branches of the Yun family, they could join the Yun family of Chunfeng Town on the East Continent if they wanted.

The news that Yun Feng was leaving spread like wild grass. The East Continent was in an uproar. Nobody knew what Yun Feng's departure meant, but everyone knew that even if Yun Feng left, the Yun family wouldn't be easy to deal with.

However, the four empires, including the Fengyun Empire, all heaved a sigh of relief. Yun Feng's existence on the East Continent was already unbeatable. Her departure naturally removed a huge rock. These emperors immediately felt much more relaxed.

Yun Feng's Sound Transmission Jade frequently rang over the past few days. Naturally, it was none other than her cheap father. Zhan Li harassed Yun Feng with the Sound Transmission Jade all the time every day. What he said made Yun Feng feel like laughing. Daughter, since you're leaving, take your father with you..
