Chapter 521: The Difficulty of Leaving (3)

Yun Feng turned a deaf ear to him. This cheap father must have a noble identity and an unscrupulous personality. If this cheap father followed her, then this trip would be a disaster. Holding the principle of avoiding trouble, Yun Feng continued to ignore him.

Finally, the day of departure arrived. Zhan Li knew that he couldn't persuade Yun Feng, so he had no choice but to give up. He wanted Yun Feng to take a few more people with her, but Yun Feng rejected him again. In the end, Zhan Li had no choice. "My daughter, whoever dares to bully you on the West Continent must tell me! I'll rush over and skin them alive!"

Yun Feng chuckled in her mind. Her cheap father must be waiting for this opportunity to slip away.

Before they set off, Yun Feng informed Ao Jin with the Sound Transmission Jade. After hearing that Yun Feng was going to the West Continent, Ao Jin burst into loud laughter. "There are still some things that the Dragons can't deal with. When I'm done, I'll go to the West Continent to find you!" Yun Feng smiled and cut off the connection. Although the people of Mu City knew that she was leaving, they didn't know the exact time. Yun Feng didn't want to see them off. Early in the morning, Yun Feng was ready to leave quietly.

Yun Sheng, Mu Xiaojin and Yun Jing all came to send her off. They were all worried in their minds. Yun Feng smiled helplessly. With her current strength, the chance of her being bullied was truly pitifully low. It was already good that she didn't bully others. Coupled with Qu Lanyi, the light-element mage, it was impossible for her to die.

"I'm leaving," said Yun Feng casually. She rose and soared to the sky. Lan Yi and Little Fire had already returned. Meatball hopped onto Yun Feng's shoulder.

Without saying goodbye or feeling sad and reluctant to part, Yun Feng turned around neatly and flew towards the outermost area of Mu City without looking back. She soon disappeared.

Tears welled up in Mu Xiaojin's eyes. Yun Sheng held Mu Xiaojin in his arms, feeling a bit suffocated in his heart. There was no other expression on Yun Jing's solemn face, but his clenched fists slowly loosened at this moment.

They left. The genius summoner that the Yun family was proud of finally left the East Continent and embarked on a new journey.

After leaving Mu City, Yun Feng headed west. The West Continent was on the west side of the East Continent. There was a detailed description of the West Continent in the journal left by her master. The system of the West Continent was different from that of the East Continent. The East Continent contained the four empires and the secret balance force of the Mercenary Union. The East Continent had always been relatively peaceful, but the West Continent was completely different.

According to the journal, the system of empires existed on the West Continent a long time ago, but the power of the sects controlled the empires instead of the royal family. There were originally three

empires on the West Continent, but gradually, the power of the royal families declined. The power of the sects rose. In the end, the sects completely replaced them. The system of empires completely disappeared from the West Continent and was replaced by the power of the sects.

Right now, there were three major sects on the West Continent that replaced the original three empires. The three major sects were the Bright Moon Hall, the Ancestral Forest Hall and the Thousand Snow Hall. The three halls were like the three empires, opposing and suppressing each other. Unlike the system on the East Continent, the people on the West Continent were born without any system restriction. The number of mages and warriors could be said to be equal. The birth of summoners was much easier than on the East Continent and the ratio was also higher.

There were only one or two summoners on the East Continent that were rarely seen in a hundred years, but there were more than a hundred summoners on the West Continent.

There were also three special organizations on the West Continent, the Warrior Union, the Magic Union and the Summoning Union. These three special organizations had their own relative independence, but the members of the three sects had the same ratio in them. It could be said that the three sects operated these three alliances together and neither of them gave in to the other. There were also frequent conflicts between the three sects.

Without the secret balance power of the Mercenary Union on the East Continent, the balance on the West Continent was completely suppressed by the three halls. Either the three of them lived together, or one of them would dominate the world.

The balance among the three halls continued for hundreds of years just like that. It continued until now and the development of the forces of the three halls became more and more entrenched. It wasn't easy to overthrow any of them, so the three halls also gave up. Even though the local struggles didn't stop, they still looked peaceful on the surface.

Yun Feng learned about the situation on the West Continent from her master's journal. She was stunned. The two continents were indeed different. The bloodline was the fundamental difference. On the West Continent, the number of mages and warriors was equal and there were also a lot of summoners. This was something that was impossible on the East Continent.

However, in terms of strength, the East Continent and the West Continent were comparable. Although the West Continent didn't lack mages and summoners, the overall strength of the warriors on the East Continent couldn't be underestimated. Besides, there was also the Mercenary Union. Besides, the obstacle between the two countries that was hard to cross, the Ten Thousand Beast Mountain Range.

Between the East, West and Central Continents, there was a tall and long ridge. This ridge was called the Ten Thousand Beast Mountain Range. The Foggy Forest that Chunfeng Town was next to was just a small part of the Ten Thousand Beast Mountain Range. The Ten Thousand Beast Mountain Range was also the area where Magic Beasts lived. This was the world of Magic Beasts. Anyone who wanted to cross this place would die here.

It was impossible to cross the Thousand Beast Mountain Range from the ground, but it was a different story in the sky. Even though they would encounter Magic Beasts in the sky, it was much easier than on the ground.

Yun Feng and the others naturally passed through the air. It wasn't that there wasn't any communication between the East and West Continents, but this communication was also intermittent. If there was anything, the envoys would just ride their flying mounts back and forth. There were only a few people who could have flying mounts, and there were also very few Monarch Level experts who could fly.

They soon arrived at the Ten Thousand Beast Mountain Range. A faint layer of white clouds floated under Yun Feng's feet. Yun Feng could vaguely see the enormous dark area below. That was the area where Magic Beasts were active. Little Fire and Lan Yi had been tense along the way. As Magic Beasts, they were more sensitive to certain powerful auras.

Qu Lanyi chuckled. "Nobody is stupid enough to provoke us." Right after Qu Lanyi said that, weird laughter came from the front. The laughter was extremely harsh. Little Fire and Lan Yi immediately burst out with fierce momentum and looked ferocious..

Chapter 522: The Difficulty of Leaving (4)

"Some people are truly ignorant," said Yun Feng casually as she took out the wand in her hand. Her mental strength, under the keen probing just then, made Yun Feng realize that this ignorant and provocative creature's strength was above hers!

A huge, thick shadow kept approaching Yun Feng and the others. Gradually, the shadow revealed its original body. It was the shape of a Magic Beast that made people want to vomit when they saw it. One of its eyes was in the center of its head. It didn't have a neck and its head was directly connected to its body. There was a layer of toad-like lumps on the surface of its body that emitted a pungent smell. It had a pair of bat-like wings on its back and it flapped slowly.

Fierceness flashed through Little Fire's wolf eyes as it let out a series of low roars. Lan Yi's human form instantly transformed into the original body of a Magic Beast, which showed that this one in front of them must make them go all out!

"What's this? It's disgusting," whispered Qu Lanyi in disgust. Yun Feng frowned slightly, feeling a bit uncomfortable. Even Meatball on her shoulder looked disgusted.

"A delicious feast..." The Magic Beast whispered with a weird hoarse voice, like an insect crying desperately. "I, Yu Xiu, will eat all of you!"

Yun Feng widened her black eyes. Yu Xiu! It was recorded in her master's Magic Beast Book that Yu Xiu liked to fight. It was brutal, ugly and most of its strength belonged to the strong type!

Yun Feng frowned. The beast was aggressive, so she certainly couldn't fight it! Besides, Yu Xiu's strength was above hers. It was at the peak of the Monarch Level, or even higher!

"Don't fight it directly. Take a detour and bypass it!" Yun Feng transmitted her thoughts. Little Fire and Lan Yi both nodded. Qu Lanyi also understood what Yun Feng was thinking. Yu Xiu let out a weird cry and opened its mouth. Its red tongue had already extended out. It was hundreds of meters long!

Yun Feng and the others were immediately separated by the tongue. According to Yun Feng's instruction, they didn't attack the Yu Xiu head-on, trying to bypass it and quickly pass through the Ten Thousand Beast Mountain Range. However, how would the Yu Xiu, who liked fighting, let them go so easily?

"Don't even think about leaving!" With a furious roar, Yu Xiu's tongue darted towards Little Fire, while its tail, which had been hiding behind its back, suddenly swung out and hit Lan Yi's back. Lan Yi let out a painful cry. The speed of the four-winged griffin couldn't compare to this Yu Xiu!

"Pa!" With a vicious slap, Lan Yi's body fell straight down from the sky under the fierce attack. Yun Feng couldn't help but feel shocked when she saw this. She had just entered the sky above the Ten Thousand Beast Mountain Range and she was already such a strong opponent. Lan Yi was in such a mess after one attack!

"Come back!" Yun Feng shouted. Lan Yi's falling body turned into a beam of light and disappeared from Yun Feng's Ring of Contract. Yu Xiu's tongue had already wrapped around Little Fire completely at this moment. A pungent liquid was flowing towards Little Fire through her tongue!

"Fuck, don't even think about eating me!" Little Fire flipped its wolf claws and drew a bloody line on Yu Xiu's body! Yu Xiu cried out in pain as its whip-like tail swept over again, hitting Little Fire's body!

"Damn it!" Yun Feng roared when she saw Little Fire being attacked. Little Fire instantly turned into a beam of dark red light and returned to the Ring of Contract. At this moment, the two Magic Beasts that Yu Xiu caught suddenly disappeared. It was enraged.

That bloodshot eye stared at Yun Feng firmly. Seeing that, Qu Lanyi immediately grabbed Yun Feng and dashed forward quickly. Yu Xiu roared furiously and its body seemed to have teleported as it chased after Yun Feng.

"It'll catch up sooner or later. Let go of me!" Yun Feng shook off Qu Lanyi's hand abruptly. Qu Lanyi's face darkened. "What are you doing? You can still run if you try your best!"

"It's too late!" Yun Feng's black eyes darkened. She put away her wand and two balls of elemental energy appeared in her hands. The roar of the Yu Xiu came and Yun Feng suddenly clasped her hands together!

"Zi! Zi!" The sound of the thunder element fused with the wind element, like countless silver snakes roaring. Huge fused elemental energy appeared in Yun Feng's hand and she felt empty and almost dizzy. Yun Feng bit her tongue fiercely and threw the elemental ball in her hand out.

"Let's go!" She extended her hand and pulled Qu Lanyi. The two of them turned into a beam of light and flew forward. "Bang..." There was a deafening sound. With the help of a crazy energy, it spread out and roared in the sky like waves!

A huge energy storm swept over, and Yun Feng only felt her eyes go black. She slowly loosened her grip on Qu Lanyi's hand, and her body was completely blown away by the powerful energy. Before Yun Feng closed her eyes, she heard Qu Lanyi shout crazily, and then it was darkness.

The sound of hot water and the gentle breeze that blew past her ears carried the smell of grass and the sound of breathing. Yun Feng had already regained consciousness. She slowly opened her eyes and saw

a dilapidated straw house. It was very simple and there was barely any basic furniture. Yun Feng's fingers moved slightly. Her body was sore and stiff, but she should be able to move.

"You're awake?" A surprised voice sounded. Yun Feng looked over and saw a little girl, who seemed to be a little over ten years old, walking in from outside the dilapidated straw hut. She looked at Yun Feng with her big black eyes, brimming with joy.

"You saved me?" Yun Feng raised her brows slightly and the little girl chuckled. "My mother and I saved you together. You fell by the stream and you seem to be seriously injured. Are you alright now?"

Yun Feng shook her head gently and glanced at the little girl again. Her little face was very clean and her facial features could be considered pretty. However, the clothes on her body were tattered and the shoes under her feet were already torn. The financial situation of this family was very embarrassing.

"Just me?" Yun Feng continued to ask. The little girl nodded. "Yes, just you. You were pale and cold back then."

It seemed that Qu Lanyi was separated from her. Thinking of this situation, Yun Feng was a bit worried. She smiled at the little girl. "Where is this place? Also, what's your name?"

The little girl looked at it in a daze for a while, and her little face became a bit red for some reason. She said very anxiously, "I... I'm Xia Qing. This is the Hidden Moon Village..."

The Hidden Moon Village? It had the word "Moon" in its name. Was it the territory of the Bright Moon Hall? "Is this the territory ruled by the Bright Moon Hall?" Yun Feng asked. Xia Qing nodded.. "Yes. Aren't you a member of the Bright Moon Hall?"

Chapter 523: Yun Feng Accepts a Disciple (1)

Yun Feng smiled. "I'm an independent cultivator."

Xia Qing was greatly enlightened. There were independent Cultivators everywhere. They were independent and free to do whatever they wanted. It was much more difficult for them to practice than others. Yun Feng's identity as an individual Cultivator was the most suitable explanation.

"Qingqing!" A female voice came from outside the house. It was very gentle and beautiful. The little girl stuck her head out and looked around. "My mother is calling me. I'll tell you when I'm back." She turned around and ran out.

Yun Feng took out the Sound Transmission Jade with a flip of her hand and her aura seeped into the jade. "Qu Lanyi? Qu Lanyi?" Yun Feng called out a few times, but Qu Lanyi didn't reply. She frowned more and more. They were truly separated.

Her fainting was caused by the exhaustion of her mental strength. She didn't know how long it had been since she fainted this time. The mental strength in her body had only recovered by half. The recovery speed this time was much slower than before.

"Kid." The ancestor's voice sounded in Yun Feng's head. Yun Feng was shocked. Why did the ancestor sound exhausted? "Ancestor, what's wrong?" Yun Feng asked anxiously. The ancestor heaved a long sigh. "The West Continent is different from the East Continent. You may not be able to feel anything, but

there seems to be a certain element in the West Continent that is quite oppressive to the soul. I'm exhausted from the pressure right now."

What? Yun Feng's mental strength surged out, but she couldn't detect any strange fluctuation. Perhaps the thing that could suppress souls existed in the air.

"Kid, you have to be careful on the West Continent. Everything depends on you. I must sleep for a while, or I won't be able to make it." The ancestor's voice slowly lowered until it was silent. Yun Feng nodded. It was fine as long as the ancestor was fine. However, the West Continent was indeed too strange. A pressure that targeted the soul? Luckily, the ancestor only felt a little tired. If the pressure was too strong, wouldn't the ancestor be annihilated?

"Sister!" Xia Qing's voice came. Yun Feng eased the expression on her face. She was now 16 years old, but her mind was much more mature than those of her age. In addition to the increase in her strength and realm, her horizons were far beyond those of her peers. It was quite refreshing for Yun Feng to hear this ten-year-old girl call her sister.

"Mother said that it's good that you can move. Let's eat together!" There was a kind smile on Xia Qing's little face. Yun Feng had a very good impression of this child. Not to mention that she was her savior, she should be rewarded for her kindness.

"Alright." Yun Feng got up from the bed. Even though her body was still sore, she was fine. She got off the bed and followed Xia Qing out of the room. Yun Feng also saw other things clearly. They were much more difficult than she thought.

The two straw houses were built next to each other. The roof was a bit ragged. If there was a rain, the house would undoubtedly leak. There was a small yard outside. A few chickens and ducks were eating outside. There was a low messy fence on the edge. Other than that, there was only some licorice piled there. There was nothing else.

A woman was sitting in front of a table in the yard. The table was also very small and there were three benches around it. Yun Feng walked over and glanced at the food on the table. She could see that even though they were just plain porridge and side dishes, they were the most sumptuous meal the mother and daughter could offer.

Xia Qing sat on the bench with a smile on her little face. Yun Feng looked at the woman next to her. Even though she was in a shabby room and was wearing tattered clothes, she exuded a peaceful and calm temperament. She wasn't a bumpkin at all.

"How do you feel, Miss?" asked the woman. Yun Feng found that the way she talked was elegant. There must be a sad story in this family.

"Thank you for saving me, my Lady. I'm Yun Feng. I'm already fine."

Xia Qing whispered Yun Feng's name quietly on the side. The woman smiled. "It's great that you're fine. Let's eat. It's just some rough food. Please don't mind."

Yun Feng chuckled. How would she mind? She ate the food without hesitation. A hint of relief flashed through the woman's eyes when she saw this. The three of them hadn't eaten for long when Yun Feng frowned. A group of footsteps was walking towards them. They didn't seem friendly.

Xia Qing seemed to have noticed it too. She immediately stood up and ran to the fence to take a look. She turned around and shouted, "Mother, they're here again!"

The woman's expression froze. She immediately pulled Yun Feng up and pushed her into the straw hut. After closing the door, the woman warned, "Lady, don't come out. We'll be fine."

Yun Feng didn't say anything when she was pushed in. She just followed the host's arrangement. After being pushed into the straw hut, Yun Feng waved her hand and hid in the space. She stood in front of the broken window and saw everything outside.

Xia Qing protected her mother behind her. Even though her skinny body couldn't block anything, there was a trace of courage and determination on her little face. The corners of Yun Feng's mouth slowly curled up. She had a good personality.

After a while, a group of people had already arrived outside the fence. Yun Feng narrowed her eyes slightly. The leader... was also a little girl? "Ka Cha", the little girl in the lead kicked the already unbearable fence into pieces. After this kick, the fence all fell on the ground. The little girl who kicked the door walked in arrogantly with four or five men behind her. They were all level-5 warriors.

"Xiaomin, there's nothing for you to smash here anymore." The woman put her arm around Xia Qing's shoulder and looked at the arrogant little girl in front of her with gentleness in her eyes. It didn't seem like it was the first time they met. They seemed to be old friends and she knew what the little girl wanted to do.

"Hm! I'm not in a good mood today!" The little girl turned around and looked around. When she saw the two dilapidated straw houses, the corners of her mouth curled up and she extended her finger. "Smash them!"

Seeing this, Xia Qing immediately became a bit frightened. Ignoring his mother's advice, he rushed in front of the little girl with a big stride. The little girl was so shocked that she took half a step back. A warrior immediately stepped forward and swung his fist. Xia Qing's body agilely dodged to the side.

"Xia Xiaomin! Are you done? My mother and I have already cut off all ties with the Xia family. We don't owe you anything.. We don't owe the Xia family anything!"

Chapter 524: Yun Feng Accepts a Disciple (2)

Xia Xiaomin blushed after hearing that. "You don't owe me? Of course you owe me! You owe me a father! Smash them. Smash them all!"

Following Xia Xiaomin's roar, the few level-5 warriors immediately rushed to the straw hut, picked up random things and smashed it fiercely. Seeing this, Yun Feng immediately came out of the hole in the roof and stood on the straw hut.

"Mother! That sister..." Xia Qing's face turned pale. The woman grabbed Xia Qing's little body tightly to stop her from moving. "Xiaomin, I didn't kill your father."

Xia Xiaomin's face was full of anger and her eyes were full of fury. "You're the one who caused his death! You bitch! If it weren't for you, how would he have died? It was you who gave birth to this bitch! You stole my things!"

Yun Feng hid in the sky with a cold gaze. She spoke so viciously at such a young age. Xia Qing blushed. "Xia Xiaomin! You're not allowed to call my mother a bitch!"

Xia Xiaomin burst into laughter. There was a trace of viciousness on her young and tender face. "Bitch! You and your mother are both bitches!"

"Crash..." The two straw huts collapsed under the brute force of the few warriors. Xia Qing and the woman's hearts tightened when they saw this, but they didn't find Yun Feng in the collapsed straw hut. Both of them couldn't help but feel relieved.

"My Lady, it's done." The few warriors smiled, asking for credit. Xia Xiaomin sneered. Seeing that there was nothing else in the yard that could be destroyed, she finally snorted in disdain and walked to Xia Qing. Her eyes were full of cunningness and viciousness that didn't belong to her age.

"Xia Qing, do you think you're qualified to fight with me? Do you think you're a member of the Xia family just because you're surnamed Xia? Let me tell you, you and your mother are only fit to be crying ghosts when you die! You don't even have a grave!"

Xia Qing bit her lips and looked at Xia Xiaomin in front of her without saying a word. Yun Feng was full of admiration in her mind as she stood high in the sky. That girl knew how to endure.

"Xiaomin, are you done? If you're done, please go back." The woman sighed helplessly. She wasn't angry at all because of what the girl said. Xia Xiaomin arrogantly turned around and left with a group of people, leaving only a mess.

The mother and daughter stood quietly in the yard where both huts had collapsed. Xia Qing bit her lips hard and her little body kept shaking. The woman sighed helplessly. Yun Feng landed on the ground and walked out of the space.

The woman was slightly surprised to see Yun Feng, but she was also relieved. "Thank goodness you're fine. I'm really sorry. I don't even have a room for you anymore." The woman chuckled softly. Xia Qing stood there stubbornly. Yun Feng shook her head. "My Lady saved my life. I have nothing to complain about."

The woman squeezed out a smile and nudged Xia Qing. "Qingqing, take this sister to Aunt Wang's house for the night."

"My Lady, aren't you going?" Yun Feng looked at the woman, who put on a smile. "I won't go. I'll stay at the haystack for the night and find someone to help me tomorrow."

Xia Qing immediately shook her head. "I'm not going. I'll sleep in the haystack with my mother."

"What nonsense are you talking about? Go!" The woman pushed Xia Qing. Xia Qing stood there stubbornly. Yun Feng shook her head. "How can you sleep in a haystack? Since you've done me a favor, let me return it."

The woman shook her head and was about to say no, but she didn't take Yun Feng's words to heart. After all, Yun Feng looked like a half-grown kid from the outside. The woman was about to say something when she saw Yun Feng's action. Two rings had already been put on her fair fingers. The woman couldn't help but widen her eyes.

"Lady, you..." The woman's voice trembled inexplicably. Xia Qing also saw the ring on Yun Feng's hand and shouted abruptly, her eyes shining brightly. "The Rings of Contract! A summoner! You're a summoner!"

Yun Feng smiled lightly and caressed the two rings with her finger. She opened her mouth gently. "Little Fire, Lan Yi." With a shout, two beams of light shot out of the Ring of Contract and gradually enlarged on the ground, turning into two figures. Xia Qing's eyes were glittering and her mouth was always O-shaped. The woman's eyes were also full of shock and disbelief.

A tall and handsome young man appeared from the light first. His blue eyes were glowing with a gentle light, and there was a mysterious pattern on the side of his cheek. Then, the dark red light next to him faded. Yun Feng thought she would see the original form of the Little Fire Magic Beast. After all, it had never transformed. However, when the dark red light faded, Yun Feng blinked and looked at the person in front of her in shock.

"Brother Fire, you've transformed," said Lan Yi indifferently. The figure next to him roared furiously, "Do you think I want to? If I hadn't recovered my strength and felt uncomfortable, I wouldn't have transformed!"

Yun Feng walked forward and rubbed Little Fire's head after it transformed. It had fiery red hair and a pair of black eyes that were as black as polished stones. Yun Feng sized up Little Fire in front of her. Judging from its height, it was a head shorter than her. After Little Fire transformed, it was actually a little boy?

"Are... Are they Magic Beasts?" Xia Qing's voice came. Her eyes kept sizing up Little Fire and Lan Yi. She knew about Magic Beasts, but they didn't look like this. They were clearly human beings!

Little Fire glanced over with its black eyes. The brutality in its eyes scared Xia Qing a bit. Her body couldn't help but flinch. Little Fire grunted and looked away in disdain.

"Master... summoner." The woman pondered for a long time and finally called Yun Feng. Yun Feng turned around and smiled at the woman. "You don't have to call me that. Just call me Yun Feng."

Summoners were the most honorable people no matter where they were. There weren't many summoners on the West Continent. Even though there were more than a hundred of them, each of the three halls only had a two-digit number of them. The area ruled by the three halls was so vast that it was still very rare to see a summoner in such a distribution.

The name of the Hidden Moon Village indicated that it was a small place. The woman knew how difficult it was to meet a summoner here. She really didn't expect such a girl to be a summoner! The shock in the woman's heart hadn't faded yet.. She also sized up the two Magic Beasts in front of her with her eyes, knowing that Yun Feng's strength was unfathomable.

Chapter 525: Yun Feng Accepts a Disciple (3)

“Sister Yun... Are they both Magic Beasts?” Xia Qing blinked and asked curiously. Yun Feng chuckled and walked over to pull Xia Qing over. The woman’s heart inexplicably tightened when she saw Xia Qing approach those two Magic Beasts, fearing that those two Magic Beasts would hurt her child.

“Look carefully.” Yun Feng pulled Xia Qing in front of Little Fire and Lan Yi. Although she was a bit scared in her mind, Xia Qing still mustered up the courage and observed them carefully. Lan Yi was very gentle and didn’t release too much of the aura of a Magic Beast, but Little Fire was completely different. Although he had the appearance of a cute boy, he was full of brutality all the time.

“What are you looking at?” roared Little Fire impatiently. It crossed its arms behind its head and looked away coldly. Xia Qing flinched and suddenly smiled.

Little Fire gritted its teeth. “Human, what are you laughing at?”

Xia Qing smiled sweetly at Little Fire. “I have a name. It’s Xia Qing.”

Little Fire was startled. Then, it turned its head in disdain. Yun Feng chuckled and touched Little Fire’s head again. Little Fire put on an unnatural smile. The sharp teeth of the Cloud Wolf were still there, shining slightly with white light. If anyone else touched its head, Little Fire would bite it.

“Master, what can I do for you?” asked Lan Yi. Yun Feng smiled and pointed at the two houses that had been destroyed. “It’s nothing big. I owe these two a huge favor. It’s time to return it.”

Little Fire and Lan Yi both nodded and disappeared without a word. Yun Feng smiled gently at the woman. “Madam, don’t worry.”

The woman was completely stunned. She couldn’t come back to her senses at all. A summoner. A summoner said she owed them a favor. And now, she asked a Magic Beast to help build a house? This was the first time they had received such treatment in the world!

After all, Xia Qing was still a kid. She put aside her initial nervousness and wasn’t too afraid of Lan Yi and Little Fire. The two of them repaired the house at a very fast speed. Little Fire, who had transformed into a human form, was also doing quite well. However, it was very unhappy to see Xia Qing, who was always chattering on the side, and it always looked impatient.

Yun Feng and Xia Qing also joined them. Xia Qing’s questions and Little Fire’s roars came from time to time. The woman watched from a distance, and her heart was still in shock. Seeing Xia Qing’s appearance, the woman’s eyes glittered and she abandoned the thought that had slipped through her mind. Was she too greedy?

Very soon, the two wooden houses were already built. Compared to the original straw house, this house was more solid and durable. The woman didn’t know how to thank the summoner anymore. Nobody would believe that she could let the summoner build the house herself.

Xia Qing looked at the house that had been built and cheered for a while. The enthusiasm of a kid made Yun Feng smile too. Soon, it was night time. The woman prepared the food a bit cautiously. After all, there were two Magic Beasts suddenly. She didn’t know if they would eat them.

Yun Feng smiled gently. "It's fine. They can be eaten." What she said finally eased the woman's anxious mind. Xia Qing sat next to Yun Feng happily. A summoner. This sister was a summoner! Xia Qing's heart began to stir and a thought was about to emerge in her mind!

Every child had the dream at the bottom of their heart, which was to become a summoner! This was a wish that didn't differentiate between regions. It was a wish that was easier to achieve on this West Continent!

"Where's Meatball?" Little Fire mumbled. Meatball should've automatically entered the bracelet space after Yun Feng fell unconscious. As soon as it said that, Yun Feng felt that something small darted out of the bracelet space and went straight to her shoulder.

"Ah!" Xia Qing was shocked. When she saw Meatball on Yun Feng's shoulder, her eyes were full of love and she looked forward to touching it.

Yun Feng chuckled. With Mu Xiaojin's experience in the past, she didn't dare to give Meatball to anyone else easily. She could only look at Xia Qing helplessly. "It doesn't like strangers getting close to it."

Xia Qing was very regretful. The woman was stunned again. She looked at Meatball on Yun Feng's shoulder. Although the woman didn't know much, she knew that it was also a Magic Beast!

Meatball rubbed its body against Yun Feng's cheek, looking a bit worried about her. Little Fire couldn't help but roll its eyes. "What can possibly happen to Master?"

Meatball turned around and was startled when it saw Little Fire. Its cute face froze for a few seconds before it suddenly cried out happily, louder and louder than before. "Nana, Nana!"

Little Fire's face suddenly flushed, and embarrassment flashed through it. Nobody could understand what Meatball said, except Little Fire. It seemed that Meatball said something to Little Fire, which made him very embarrassed.

"You meatball, I'm going to eat you!" Little Fire was enraged in the end. It jumped up and let out a wolf howl deep in its throat. The woman's face turned pale after hearing that. She also deeply understood that they looked no different from humans, but they were indeed Magic Beasts.

Meatball suddenly jumped up and the two of them immediately chased after it, playing the game of hunting. Lan Yi sighed helplessly and Yun Feng also smiled. If Little Fire was human, it would be a cocky kid.

The two of them chased each other outside happily, while the remaining people ate quietly in the room. Yun Feng put down the bowl and chopsticks in her hand and looked at the woman with her black eyes. "My Lady, do you need my help?"

The woman's hand that was holding the bowl suddenly trembled. Xia Qing looked at her mother and didn't say anything. The woman slowly put on a smile, looking very sad. "This is a family matter. How can I trouble you to come out?"

Yun Feng nodded to show that she understood. "My Lady is right. It's not appropriate for an outsider like me to interfere with family matters. However, it's not right to live here forever. Why don't you move to the village?"

The place where Xia Qing and her mother lived was the outermost area of the Hidden Moon Village. It could be said that it was a wilderness outside the village.

The woman turned pale again. Xia Qing put down his bowl and chopsticks. "The Xia family won't allow us to go back."

Yun Feng didn't ask anything. Seeing that the woman didn't want to talk about it, she didn't ask anymore. The meal passed just like that. Little Fire and Meatball seemed to be a bit tired from chasing. Meatball jumped on Little Fire's head and sat there. Little Fire didn't care about it. When night fell, Yun Feng lay on the bed and thought about things quietly..

Chapter 526: Yun Feng Accepts a Disciple (4)

Qu Lanyi had lost contact with her. She should stay in the same place for now. Perhaps Qu Lanyi would come for her. She should wait here for a while so that she could learn more about the West Continent. Her mental strength hadn't recovered to its peak yet. It wouldn't be too late for her to leave after it recovered to its peak condition. Also, the mother and daughter saved her life. When she fainted, ordinary Magic Beasts would've been able to put her to death. If it weren't for them, she might really have died. She should do her best to repay this favor.

As she lay there quietly, the sound of footsteps suddenly came from the air. Yun Feng sat up keenly and looked at the door with her black eyes. The footsteps stopped outside the door, and then a tiny voice sounded. "Sister, are you asleep?"

Was it Xia Qing? Yun Feng got off the bed and opened the door. "It's so late. What's up?"

Xia Qing stood outside the door, feeling a bit hesitant and uneasy. Yun Feng chuckled as she pulled her in and closed the door. "Tell me. What do you need?"

The little girl lowered her head and remained silent for a long time. Suddenly, she fell on her knees with a "plop". Yun Feng stood there with a glint in her black eyes and remained calm.

"Sister, take me in as your disciple!" Xia Qing shouted with a red face. She held her hands tightly on her knees as her body trembled slightly.

"Why do you want me to be your master?" Yun Feng asked casually. Xia Qing raised her blushing face and her eyes glittered under the night sky. "Because you're a summoner. I want to be a summoner too!"

Yun Feng smiled with an inexplicable coldness at the corners of her mouth. She stared at Xia Qing with her black eyes. "Why do you want to become a summoner? For honor? Status? The groveling of others?"

Xia Qing shook his little head fiercely. "I don't want these! I only want powerful strength! The strength that can protect my mother!" A childish voice echoed in the room constantly. What Xia Qing roared made the coldness at the corners of Yun Feng's mouth melt slowly, and her black eyes emitted a gentle light.

"The power to protect your family... That's a good reason."

Xia Qing was determined. "I'll protect my mother! I won't let anyone hurt her!"

Yun Feng walked over and bent down to help Xia Qing up. She patted the top of her head. "It's not easy to become a summoner."

Xia Qing's eyes brightened. "Sister... So, you've agreed?"

Yun Feng smiled lightly. "I've never accepted a disciple. You're the first one."

Xia Qing chuckled as joy surged in her heart. Yun Feng smiled. "Qingqing, are there any Magic Beasts around the Hidden Moon Village?"

Xia Qing thought for a moment and finally nodded. "Yes. I saw a Magic Beast by the stream where you fainted."

Yun Feng smiled in satisfaction. Xia Qing asked in confusion, "Master, why do you ask?"

The corners of Yun Feng's lips curled up. "Of course, to test if you have the potential to become a summoner."

The next morning, Xia Qing took Yun Feng to the stream where she met her. Little Fire and Lan Yi couldn't help but tense up when they came near the stream. Yun Feng looked at the scenery behind the mountain on the opposite side of the stream. It was gloomy. The Hidden Moon Village should be like Chunfeng Town, a place where Magic Beasts roamed.

This stream was far from the Hidden Moon Village. Apart from the sound of flowing water, there was nothing else. Yun Feng looked carefully and saw that the stream was flowing in the same direction. There weren't any Magic Beasts nearby.

"Master, come with me!" Xia Qing held Yun Feng's hand and walked forward. Little Fire and Lan Yi followed her, while Meatball stayed on Yun Feng's shoulder obediently and looked around curiously with its big eyes.

As they walked forward, the area of the stream became wider and wider. They came to a cave. Xia Qing pointed. "Master, I've seen Magic Beasts coming out from inside."

Yun Feng nodded. There must be another world behind the cave. There might be a second Foggy Forest. She was about to take Xia Qing there when she heard a familiar voice.

"Why are you here, you bitch?"

Xia Qing blushed and Yun Feng looked back. Xia Xiaomin, whom she met a few days ago, was standing not far away. When she saw Xia Qing, she walked over angrily with a man with hideous facial features behind her. Seeing the ring on his finger, Yun Feng narrowed her eyes slightly.

"If you can come here, why can't I?" Xia Qing replied. Seeing that Xia Qing was talking back, Xia Xiaomin immediately raised her hand and was about to slap her. Yun Feng's eyes turned cold as she reached out and grabbed Xia Xiaomin's wrist.

“Who are you? Mind your own business. Move aside!” Xia Xiaomin glared at Yun Feng and pulled her hand back with force. Yun Feng’s grip was quite strong just then. Xia Xiaomin only felt a lot of pain on her wrist and found that it was swollen.

“Does this place belong to your family? Is it marked?” Yun Feng asked. Xia Xiaomin bit her lips and couldn’t say anything. Yun Feng smiled lightly. “If it’s not your territory, why are you shouting?”

“You...” Xia Xiaomin’s face flushed after hearing that. The indecent man behind her walked out. Xia Xiaomin called out in grievance, “Master, help me vent my anger!”

The man chuckled and his expression became even more obscene. He touched the ring he was wearing with his finger and showed it on purpose. Xia Qing was shocked when she saw this. “A summoner...” The man was very satisfied when he saw Xia Qing’s appearance, but Yun Feng didn’t change her expression at all. She looked at him coldly and the man was a bit frightened.

“Since you know I’m a summoner, you should know the consequences of angering a summoner. I won’t attack you casually. You don’t want to do this the hard way!”

Xia Qing looked at Yun Feng a bit worriedly, but Yun Feng smiled in comfort. How could there be so many summoners in this world? Besides, they were in such a small village. Which summoner would be willing to be a teacher in a small village?

Little Fire and Lan Yi stood aside. The two Magic Beasts were both in human form, so the man didn’t think much of it. He only thought that they were random human beings. “Didn’t you hear that? If you understand, get out of my way!” The man’s expression became fierce.. Xia Xiaomin watched on the side proudly.

Chapter 527: Yun Feng Accepts a Disciple (5)

Xia Qing didn’t want to cause trouble for Yun Feng. It was lucky enough for Xia Qing that her teacher took her in as a disciple. Xia Qing was unwilling to cause her any trouble from the bottom of her heart, even if she was anxious in her mind and even if she was insulted. Xia Qing obediently took a step back and planned to leave, but Yun Feng held her hand.

“Master?” Xia Qing raised her head and glanced at Yun Feng. Yun Feng smiled at Xia Qing and said solemnly, “Today, I’m going to teach you your first lesson. Don’t back down in front of your opponent.”

Tears welled up in Xia Qing’s eyes and she nodded at Yun Feng fiercely. Xia Xiaomin heard Xia Qing calling Yun Feng by her ears and she cried out, “Master? You said she’s your teacher?”

Xia Qing turned around and looked at Xia Xiaomin. “That’s right. She’s my teacher, Yun Feng!”

Xia Xiaomin smiled in disdain. In her eyes, Yun Feng was just a few years older than her. What right did she have to be someone else’s teacher? Unlike her teacher, who was a summoner that the Xia family hired from a big city with a lot of money!

“Since she’s your teacher, why don’t you let my teacher compete with your teacher?” Xia Xiaomin raised her voice and smiled at Xia Qing in disdain. “If your teacher loses, kneel down and kowtow to me, call yourself a bitch and your mother a bitch!”

“You’re already so vicious at such a young age. You’re a freak,” said Yun Feng coldly. Xia Xiaomin blushed. “If you have the ability, fight with my teacher! Can you beat a summoner?”

The perverted man also burst into laughter, but it was too dry. Yun Feng smiled and stroked her chin with her finger. “If your teacher loses, you have to do the same thing.”

Xia Xiaomin was stunned. “Hm! We’ll talk about it after you win!”

Xia Qing held Yun Feng’s hand, and Yun Feng patted her head. “Don’t you believe me?”

Xia Qing nodded fiercely. Of course, she trusted her teacher. In Xia Qing’s eyes, even though Yun Feng hadn’t really attacked, she was already extremely powerful to be able to contract two Magic Beasts!

“Where’s your Magic Beast?” Yun Feng raised her brows and looked at the man opposite her. The man laughed weirdly and shouted, “Come out!” A ball of yellow light flashed out of the ring. It was a long-shaped sandstone lizard. The lizard landed on the ground so obediently that its ferocious look was gone.

Little Fire and Lan Yi both sneered when they saw that. Yun Feng also completely understood. Looking at the pet-like lizard on the ground, coldness flashed through her eyes. “I see.”

“I’m a summoner! It’s not too late to admit defeat!” The man laughed and looked at her proudly. When he glanced at the ring on Yun Feng’s hand, he suddenly burst into laughter. “You’re a summoner too? Where’s your Magic Beast? Summon it! Don’t tell me that the ring is just a decoration?”

Xia Xiaomin suddenly became nervous after hearing that. That bitch’s teacher was also a summoner? How was that possible?

Yun Feng didn’t say anything. Little Fire walked over from the side and stood next to Yun Feng. It stared at the man in front of it with its eyes that were as black as polished stones. “Your doom is right in front of you. Are you blind?”

The man laughed even more crazily as he looked at Little Fire in front of him. This little boy was laughing so hard that he was a bit out of breath. “Hahahaha! You call yourself that? You’re just a kid and you call yourself that? It’s already good enough that I didn’t say I’m a grandpa! Hahahaha!”

Killing intent flashed through Little Fire’s eyes. It suddenly opened its mouth and let out a deep wolf howl. The man who was still laughing suddenly stopped laughing. To be exact, his body and expression were both frozen. Xia Xiaomin’s face suddenly turned pale as she stared at Little Fire. Did she hear it right? That boy let out a wolf howl just then. Did she hear it right?

“Did you hear my voice clearly?” Little Fire raised the corners of its mouth slightly. The lizard on the ground had already been frightened by this roar and kept dodging backwards. The man’s mouth opened and closed a few times, but he couldn’t make any sound. The man became a mute, but Xia Xiaomin didn’t. “Magic... Magic Beast!” A piercing scream sounded. Little Fire let out another wolf howl, scaring Xia Xiaomin to the ground.

“The rings of some people are indeed just for show,” said Yun Feng lazily. The man immediately turned pale. Oh god, he had met the real deal this time! He only wanted to pretend to be a summoner. After all, there was almost no difference between a tamer and a summoner. He just wanted to make a living. The Xia family gave him so much money. It would be a waste if he didn’t get the money! He had been living

like a fish in water in this small village. He thought that this little girl was just like him. They were all the same kind of people. He didn't expect that he would be so unlucky to meet a summoner in such a small village! And a summoner that he couldn't afford to offend!

Magic Beasts that could transform were all above level 7!

"My Lord! Lord Summoner! I was wrong, I was wrong!" The man immediately knelt on the ground and kowtowed continuously. Xia Xiaomin's face turned red and pale when she saw this.

"What are you doing? You're a summoner too. Do you need to be afraid of her?" Xia Xiaomin shouted angrily. The man kowtowed as he said, "Miss Xia, I just want to make a living. I'm not a summoner. I'm just a tamer!"

"What?" Xia Xiaomin widened her black eyes. The person the Xia family spent a lot of money to hire was actually an imposter!

"There's nothing else I can do to make a living. I thought I wouldn't be discovered, but I ran into the summoner today. Lord Summoner, I have nothing to do with the Xia family!"

Xia Xiaomin sat there with a pale face and couldn't say a word. This farce was truly embarrassing! "Lord Summoner, you're a magnanimous person. Please forgive me!" The man kept kowtowing and pretending. Little Fire curled its lips in disdain.

"Nana!" Meatball shouted. Little Fire nodded. "You're right. What an idiot."

The man's facial features twisted for a moment, but it was more important to keep his life. Yun Feng waved her hand and signaled that he could go. The man immediately thanked her and ran away without caring about what would happen to Xia Xiaomin.

"Master, you're awesome!" Xia Qing chuckled. Yun Feng was a bit helpless. The man couldn't hold on anymore even before she attacked. Even if he was an impostor, he had to act more convincing. She glanced at Xia Xiaomin and raised her brows.. "Do you remember what you said just then?"

Chapter 528: Yun Feng Accepts a Disciple (6)

Xia Xiaomin blushed and bit her lips, not saying anything. Xia Qing shook her head. "Forget it, teacher."

"Xia Qing, you don't have to pretend to be kind! I admit defeat today! Just wait!" Xia Xiaomin stood up and roared at Xia Qing, then ran away without looking back. Yun Feng looked at Xia Min's back and her heart sank. Things were probably far from over. However, if Xia Xiaomin dared to hurt her disciple, she would have to consider her strength.

After Xia Xiaomin left, Yun Feng walked into the cave with Xia Qing. The reason why Xia Xiaomin came here was also for Magic Beasts. However, her so-called teacher was an imposter, so she must've been a bit angry in her mind. After entering the cave, Yun Feng realized that her guess was right. A small hidden forest appeared in front of her eyes and some weak Magic Beast aura could be seen everywhere.

Little Fire and Lan Yi had already suppressed the aura of the Magic Beasts to the lowest level. If they didn't, all the low-level Magic Beasts would run away.

From time to time, some weak and low-level Magic Beasts looked at Yun Feng and the others curiously. They didn't feel oppressed at all and looked relaxed. Xia Qing opened his eyes and shouted curiously with excitement.

"So many Magic Beasts!" Xia Qing couldn't help but call out softly. Yun Feng touched her head. "Close your eyes and focus. Tell me what you saw."

The scenes that the ancestor invoked in her back then played out one by one again, but this time, it wasn't in the Foggy Forest. That little girl back then had already grown up into a master at this moment.

Xia Qing closed her eyes obediently. After a while, she replied, "Some green light balls. They're very beautiful." Hearing Xia Qing's murmur, Yun Feng smiled. This kid was indeed talented in becoming a summoner. She could sense the elemental energy emitted by Magic Beasts. This was the fundamental difference between a summoner and a mage. Xia Qing could sense it and had already crossed the first threshold.

"The most important thing about a summoner is the Array of Contract, and the comprehensions of the Array of Contract depend on themselves. It may take a day, a year, or a lifetime." Yun Feng looked at Xia Qing solemnly. "A summoner needs more work than other professions. A summoner faces Magic Beasts. Xia Qing, are you really ready?"

Xia Qing nodded firmly. "I'm ready. Even if it's very difficult, I won't give up!"

Yun Feng smiled approvingly. This personality was truly a bit like hers. She was also a stubborn child, wasn't she? Xia Qing was only at level 1 right now, but the mental strength in her body was very rich. It should be easy for her to level up. It was just that she lacked systematic guidance since she was young, which led to the current situation.

How could her disciple be bad? She immediately taught Xia Qing how to practice. The other identity of a summoner was a mage. It was necessary to practice magic.

In just one day, the energy in Xia Qing's body was finally circulated slowly under Yun Feng's careful combing. It also brought astonishing results. The little girl's cultivation speed was astonishingly fast. In just half a day, she had already broken through to level 2. Although she couldn't compare to Yun Feng's speed back then, she was still astonishing.

Talent. Yun Feng was very satisfied. Her disciple was talented and smart. If she didn't meet her, she would probably be buried. A summoner would then disappear among the masses.

Sensing that her level had increased, Xia Qing was very happy. Lan Yi also nodded approvingly on the side. Although humans were weak, they had the mentality of always moving forward. Lan Yi admired this. Little Fire leaned against a big tree lazily and glanced at Xia Qing with its black eyes. It snorted and Lan Yi chuckled. "Brother Fire, you think Master's disciple is pretty good too, don't you?"

Little Fire's face suddenly became awkward and it roared, "Who thinks that girl is good? She can't compare to Master at all!"

Lan Yi smiled and nodded. He crossed his arms and said meaningfully, "Brother Fire, you're right. Master's talent is unparalleled. However, as Master's disciple, Qingqing is quite qualified."

“Qingqing?” Little Fire cried. It turned to Lan Yi with its handsome but unusually young face, looking at him like he was a monster. Lan Yi raised his eyebrows. “What’s wrong? That’s how Master call her.”

Two ears suddenly popped up above Little Fire’s head and stood on its head. Lan Yi looked at them and suddenly burst into laughter. He put his hand on his abdomen and looked at Little Fire. Little Fire looked at Lan Yi strangely. Lan Yi pointed at Little Fire’s head, and Little Fire touched it slowly. After touching it, it roared furiously and let out a wolf howl. Its ears even moved.

“What’s wrong?” Hearing Little Fire’s wolf roar, Yun Feng glanced over and only saw Little Fire’s awkward face. Its hand was still covering its head, while Lan Yi looked like he was holding back his laughter.

Xia Qing looked over curiously. “Little Fire, why are you covering your head?”

Little Fire’s expression changed. “Stupid girl, who allowed you to call me by my name?”

Xia Qing was stunned for a moment. Then, she smiled too. “Why are you talking like an adult? You’re about my age!” Xia Qing couldn’t be blamed for saying that. Little Fire looked exactly the same age as Xia Qing.

“You... I’m a few hundred years older than you!” Little Fire suddenly lowered its hand, and its wolf ears popped out. After seeing that, Xia Qing shouted, “So cute!”

Yun Feng also nodded. Little Fire with a pair of wolf ears was really... cute. Little Fire’s face flushed again. As such a ferocious Magic Beast like the Cloud Wolf, it was an insult to him to be called cute by others. The reason why it didn’t transform was that its appearance after transforming was that of a boy!

The Cloud Wolf had transformed into a boy. Little Fire felt that it was already embarrassing enough.

“Shut up, you stinky girl!” Little Fire roared in anger. The wolf ears on its head instantly disappeared and Xia Qing showed a look of pity. Little Fire’s sharp teeth showed. It seemed that it was indeed very angry.

“Nana!” Meatball jumped over from somewhere and jumped on Little Fire’s fiery red hair. It was used to Meatball’s movements and let it sit on its hair.. Little Fire turned its little face to the side.

Chapter 529: How Dare You Touch Someone I Protect (1)

Yun Feng chuckled. “Qingqing, let’s go back first today. Your mother must’ve been waiting anxiously.” Looking at the sky, it was already dusk. Xia Qing nodded and suddenly thought of something. “Master! Let me see your Array of Contract!”

Yun Feng raised the corners of her mouth. Xia Qing pulled Yun Feng’s arm from behind and shook it coquettishly. “Just a look. Just a look!” Looking at those eyes full of desire, Yun Feng was helpless. She understood Xia Qing’s feelings. If her ancestor had a physical body back then, she would’ve definitely wanted to see her ancestor’s Array of Contract.

In the end, she nodded with excitement and anticipation on her little face. She stared at Yun Feng with her big eyes. How would her teacher’s Array of Contract be? It must be very powerful!

Yun Feng closed her eyes slightly, and the space around her seemed to be frozen in an instant. Suddenly, the empty space in front of Yun Feng emitted a burst of light. The Array of Contract with five colors appeared. The moment the Array of Contract appeared, Little Fire and Lan Yi both looked serious and even respectful. They had both experienced Yun Feng's Array of Contract. The Array of Contract was the shackle of a contracted Magic Beast!

Yun Feng slowly opened her eyes. The Five-Colored Array of Contract suddenly released a huge amount of mental strength that spread to the surrounding area like lightning like an electric current. Yun Feng quickly suppressed it, preventing it from affecting the surrounding area. The low-level Magic Beasts felt the terrifying pressure and instantly disappeared without a trace.

"So... powerful! Five colors!" Xia Qing widened her eyes and looked at Yun Feng's Array of Contract in shock. The five colors complemented each other and glittered. Xia Qing was full of pride and pride in her heart. Her teacher was so powerful!

Yun Feng smiled and was about to put away the Array of Contract when she saw a familiar black shadow suddenly jump out and land right in the center of the contract!

Little Fire and Lan Yi looked shocked. Yun Feng blinked and looked at Meatball, who was standing in the center of the contract with a cute face, a bit confused about the current situation.

"Meatball, come out." Yun Feng called out. The Array of Contract wasn't something that could be entered casually. Yun Feng couldn't sense any elemental energy on Meatball. God knew what would happen when it entered the Array of Contract!

"Nana!" Meatball cried in a low voice. "Little Fire, what did it say?" Yun Feng asked quickly. Little Fire frowned and said, "I don't know."

The Array of Contract changed abruptly after Meatball's shout. This change was unexpected, and even Yun Feng didn't expect it! The five colors of the Array of Contract disappeared quietly. Yun Feng was shocked. What was going on?

The five colors slowly faded until they completely disappeared. Little Fire roared, "Meatball, what are you trying to do?" Meatball ignored it. Its little body suddenly jumped up and circled in the air. Yun Feng suddenly felt a strong pressure coming towards her. The pressure of this power made her unable to resist at all!

A glint of light suddenly flashed through Meatball's eyes. Yun Feng grunted in pain and knelt on one knee. Seeing that, Xia Qing ran over and called out anxiously. Little Fire and Lan Yi wanted to rush into the Array of Contract without thinking, but they were bounced off!

"Nana!" Meatball suddenly shouted. Yun Feng only felt that the oppressing force invaded her body. She couldn't resist at all! With the help of this force, her mental strength was forcibly entangled with it. Yun Feng's black eyes widened and her pupils shrank abruptly. This was... a coercive contract! She had been coercively contracted by Meatball!

The powerful force entangled in Yun Feng's body forcefully until her mental strength completely merged with this force. Yun Feng knelt on the ground in pain with beads of sweat on her forehead. Meatball wouldn't hurt her while enduring this pain. This was the only thing Yun Feng knew.

The color of the Array of Contract, which had just lost its color, slowly regained its color. Five colors flashed again, and Meatball, who had stopped in the center of the town, jumped up and left the Array of Contract. The Array of Contract disappeared in the next second. Yun Feng felt that her mind was in chaos. She only felt that things were a bit unbelievable. Usually, summoners contracted Magic Beasts, but she had never thought that she would be contracted by force!

“Yun Feng.” A shout sounded in Yun Feng’s mind. Yun Feng’s mind was in chaos, and that voice seemed indistinct. “My name is... Na Xie.”

“Na Xie?” Yun Feng mumbled softly. She suddenly opened her black eyes and saw Meatball’s grape-like big eyes. The pain that her body suffered just then slowly disappeared. Yun Feng looked at Meatball. “Na Xie?”

Meatball jumped a few times in excitement and jumped onto Yun Feng’s shoulder. It rubbed Yun Feng’s cheeks hard. Yun Feng was startled. That voice just then was... Meatball?!

“Master, are you alright?” Xia Qing watched on the side worriedly, fearing that something would happen to Yun Feng. If anything happened to Yun Feng, it would be her fault! Why would she watch the Array of Contract?

“Master, how is it?” Little Fire and Lan Yi immediately ran over. Little Fire wanted to grab Meatball without thinking. It was the one who caused Yun Feng’s pain just then! Meatball suddenly bared its teeth at Little Fire’s outstretched hand, and its sharp teeth glittered. Its originally cute face quickly became extremely ferocious. Xia Qing was so scared that her face turned pale. How could such a cute Magic Beast have such an expression?

“I’m fine!” Yun Feng said quickly. She looked at Meatball with her black eyes and then at her finger. That feeling was right. That was the process of contracting a Magic Beast. After experiencing Little Fire and Lan Yi, Yun Feng was even more familiar with this feeling. She was absolutely certain that she had already established a contract with Meatball, but there was no Ring of Contract!

A contract with a Magic Beast didn’t form a Ring of Contract? That was against common sense! However, Yun Feng didn’t have a third ring on her finger except Little Fire and Lan Yi’s Ring of Contract. She touched it with her finger in disbelief. No, indeed not!

“Master, what exactly happened just then?” Lan Yi asked with a deep voice as he looked at Meatball with his blue eyes. Yun Feng frowned. “I contracted with Meatball just then.”

Little Fire and Lan Yi were both shocked. Xia Qing was a bit confused. Yun Feng stood up and tried to contact Meatball through her mind, but she found that she couldn’t reach it. That hidden power seemed to be sleeping inside her body after the previous entanglement.. It had already contracted her, so why couldn’t she reach it?

Chapter 530: How Dare You Touch Someone I Protect (2)

Yun Feng still couldn’t understand what Meatball said. Logically speaking, this shouldn’t be the case. Yun Feng frowned. What exactly was going on? Also, the five colors of the Array of Contract disappeared. It wasn’t simply disappearing, but the suppression of power!

“Nana!” Meatball called. Little Fire looked at Yun Feng. “Master, can you understand?”

Yun Feng shook her head. Lan Yi was also puzzled. "Logically speaking, Master should be able to understand it with the contract. Most importantly, where's the Ring of Contract?"

Yun Feng only had two rings on her finger. Meatball rubbed against Yun Feng's shoulder, looking very happy. Little Fire raised its head and looked at Meatball deeply. "Master, what exactly is it?"

Yun Feng raised the corners of her mouth helplessly. What was it? She also wanted to know what Meatball was.

It was already dusk when they returned. Xia Qing was confused and didn't know what was going on. Yun Feng reassured her that she was fine, and Xia Qing was finally relieved. The two of them returned to the yard. As soon as they stepped into the yard, Xia Qing's body suddenly became tense. Yun Feng looked around and saw that a guest had come to this simple place today. And it seemed that the guest had a powerful background.

"This... must be the summoner?" A man walked over with a friendly look and smiled humbly at Yun Feng. Xia Qing stood next to Yun Feng with a cold look. Seeing Xia Qing's expression, Yun Feng knew the identity of the man in front of her. He must be from the Xia family.

"Qingqing!" Qingqing's mother called and pulled Xia Qing to her. She turned around and walked into the house, leaving Yun Feng and the middle-aged man in front of her.

The middle-aged man glanced at Little Fire and Lan Yi first, then Meatball on Yun Feng's shoulder with admiration and astonishment in his eyes. Yun Feng walked past him and directly entered the yard. "What's up?"

The man smiled obsequiously and walked to Yun Feng, not daring to get too close. "My lady, I'm the butler of the Xia family. I'm here for you, of course."

Yun Feng sneered in her mind. "Butler Xia, just tell me. I don't like to beat around the bush."

General Manager Xia's flattering words were suppressed before he could say them. He swallowed his saliva. "Yes... It's truly an honor for us to welcome you, Lord Summoner. The Xia family has always been one of the top families in the Hidden Moon Village. Why would the Lord Summoner be willing to stay in such a small place? The Xia family wants to hire you as a guest. You don't have to do anything else. You just need to teach the Young Lady a little."

So, they wanted her to be Xia Xiaomin's teacher. Yun Feng chuckled and didn't say anything. Seeing that, Butler Xia also chuckled. "My lady, you seem to have a good relationship with Miss Xia Qing. If my Lord is willing to accept your offer, Miss Xia Qing will certainly be able to return to the main family and be treated well. This will also be very beneficial for your future development."

Yun Feng raised her brows. This person was quite smart. Xia Qing was a member of the Xia family, so she naturally had to return to the family. It wouldn't be bad if she took this opportunity to let Xia Qing go back in a justified manner.

"I'm not going back!" Xia Qing suddenly rushed out of the room and looked at Butler Xia furiously. "I'm not going back!" Butler Xia's expression changed slightly. "Miss Xia Qing, you..."

"I said I'm not going back!" Xia Qing shouted angrily as he looked at Yun Feng. "Teacher, don't give in because of me. It doesn't matter to me whether the Xia family exists or not!"

Yun Feng stood up and patted Xia Qing's head. Without looking back, she said to Butler Xia, "Go back first. I'll think about it."

Butler Xia immediately looked delighted after hearing that. "Then I'll wait for your good news." He left eagerly. Xia Qing was standing there with a flushed face. Yun Feng smiled. "Why? Are you so angry?"

"Teacher! Xia Xiaomin wants to steal everything from me. She even tries to steal you! I can give up anything except for you!"

Yun Feng listened to the child's angry words and chuckled. She whispered earnestly, "Your surname is Xia after all. What's flowing in your body is the blood of the Xia family. Your mother might have been forced to leave the Xia family back then, but your mother still hopes that you can return to the Xia family. After all, you're the daughter of the Xia family, aren't you?"

Xia Qing was silent. Her teacher was right. She understood the loneliness that her mother showed from time to time. Her mother still hoped to return to the Xia family, even though she never said it.

"Besides, I'm only going to teach her. I didn't say that I want to take Xiaomin as my disciple. She's not qualified to be my disciple." Yun Feng pinched Xia Qing's little face. Xia Qing smiled in embarrassment and suddenly felt that she was too petty.

"She can't become a summoner. She's so stupid." Little Fire snorted in disdain. Xia Qing was amused by what it said. Lan Yi chuckled and said, "Don't worry, Qingqing. Not everyone can become Master's disciple."

Xia Qing nodded. "Yes!" She was extremely proud to be Yun Feng's disciple. Other people didn't know how powerful her teacher was, but she did! She was already powerful enough as a summoner, not to mention that she was a genius of the five elements in the five-color Array of Contract!

After talking to Xia Qing's mother, Yun Feng also said frankly that she accepted Xia Qing as her disciple. Xia Qing's mother was both surprised and delighted and wanted to kneel down. Yun Feng stopped her and sent someone to the Xia family to deliver the news. Yun Feng agreed. The Xia family immediately sent someone to pick her up, looking very glorious and solemn. Xia Qing and Xia Qing's mother, who had been rejected for countless years, finally returned to the Xia family again. In the Hidden Moon Village, this became the topic of discussion among the villagers. Yun Feng's existence was even more astonishing. A summoner!

When Xia Qing and Xia Qing's mother returned to the Xia family, the Xia family also gave them a good treatment. Xia Qing regained her identity as a Young Lady and lived in the courtyard of the Xia family's mansion. She also had maids to serve her and the treatment was quite good.

The place where Yun Feng lived had obviously been carefully arranged. Next to her was Xia Xiaomin's yard, which showed the Xia family's intention. Yun Feng didn't decline, even though Xia Qing lived a bit further away.

On the first day of her return to the Xia family, Xia Xiaomin already couldn't wait to visit. She came with the current master of the Xia family, the brother of the original master of the Xia family.

“Lady Yun, it’s the Xia family’s fortune to be able to receive you!” Master Xia complimented very politely. He glanced at Little Fire, Lan Yi, and Meatball with excitement in his heart. Although he didn’t want Xia Qing to return to the Xia family, he had to do this for his daughter. He pulled Xia Xiaomin to Yun Feng.. “Greet your teacher now!”
