

Summoner 531

Chapter 531: How Dare You Touch Someone I Protect (3)

Xia Xiaomin raised the corners of her mouth. She was still willing in her mind. If Yun Feng accepted her as a disciple, she should also become a summoner! Thinking of this, Xia Xiaomin was delighted in her mind. Xia Qing, everything you have is mine! The teacher you think you're so proud of right now is also mine!

Xia Xiaomin was about to greet her, when Yun Feng said, "It's too early to talk. Whether your daughter is qualified to be my disciple remains to be discussed. Master Xia, do you think anyone can become my disciple?"

Master Xia's face froze for a few seconds and he laughed awkwardly. Yun Feng's slap was just a bit more straightforward. Xia Xiaomin felt like she was insulted and her face also turned completely red.

"If Xia Qing can become your disciple, why can't I?" Xia Xiaomin mumbled. Master Xia immediately added after hearing that. "Master Yun, Xiaomin's talent isn't worse than others. If Xia Qing can become your disciple, Xiaomin will certainly..."

"Master Xia, it's my business whether I accept a disciple or not." Yun Feng glanced at him coldly. Master Xia immediately shut up and chuckled dryly. "Didn't Lady Yun agree to my request? Isn't this... going back on your word?"

Yun Feng chuckled. "I only promised you to teach her, Master Xia. I didn't say I would accept her as my disciple."

The Master of the Xia family stiffened again. Xia Xiaomin gritted her teeth and ran out. The Master of the Xia family put on a stiff smile, feeling that he had suffered a great loss this time. "Then... I won't bother you for now, Master Yun." The Master of the Xia family turned around and left. He was obviously very angry. Yun Feng curled her lips coldly and Little Fire whispered, "Won't the Xia family bully that stupid girl?"

Lan Yi heaved a long sigh. "Brother Fire, with Master here, the Xia family wouldn't dare to do anything, no matter how bold they are."

"Master, what if you leave?" Little Fire added. Yun Feng chuckled. "If you leave, the Xia family won't have the courage to bully Qingqing."

The next day, Xia Xiaomin came again. Perhaps because she didn't want to come, Yun Feng didn't say anything. She walked out and Xia Xiaomin followed behind her, remembering what Master Xia said in her mind. Stay with her! She must remember everything she did! She must remember it firmly in her mind!

Yun Feng let Xiaomin follow her to Xia Qing's yard. Xia Qing ran over happily when she saw Yun Feng. When she saw Xia Xiaomin, her face suddenly turned cold.

Yun Feng grabbed Xia Qing's little hand with one hand and led her outside. Xia Xiaomin couldn't help but feel enraged when she saw this. This obvious difference in treatment made her, who had always lived like a princess and had the best of everything, suffer a severe blow. She had been gnashing her teeth.

Yun Feng walked out of the Xia family with Xia Qing. The members of the Xia family certainly saw this scene too. They couldn't help but click their tongues. That Xia Qing was so close to Lady Yun. Did Lady Yun value her so much?

They walked all the way out of the village. Xia Xiaomin followed them without saying a word and kept her face to the end. Yun Feng held Xia Qing's hand and walked in the front, asking her how her training was in a soft voice. Xia Qing replied happily. From time to time, Little Fire and Lan Yi would interject. The four of them had a harmonious relationship, which made Xia Xiaomin even more jealous. Even the two Magic Beasts and Xia Qing looked very familiar. Damn it!

They arrived at the cave they went to yesterday. Yun Feng led Xia Qing in, and Xia Xiaomin followed closely. When she saw some low-level Magic Beasts, Xia Xiaomin exclaimed in admiration. Yun Feng said a few words to Xia Qing and let her practice alone. Xia Qing sat there with her eyes closed. Right now, she had to comprehend the Array of Contract, which Yun Feng couldn't help with.

Yun Feng came to a big tree on the side and sat down. The reason why Yun Feng came here to practice with Xia Qing was that the elemental density here was a bit thicker than outside, which was beneficial for Xia Qing to comprehend the Array of Contract. Yun Feng could certainly use ores to forcibly increase Xia Qing's level, but this wouldn't be good for Xia Qing's future development. She certainly couldn't do this. It was better to practice step by step steadily. Only with a stable foundation would the future development be endless.

Yun Feng took out her Sound Transmission Jade. She had been trying to contact Qu Lanyi for the past few days, but there had been no news from Qu Lanyi. Yun Feng wasn't worried. With Qu Lanyi's strength, he would be fine, but he was missing. Yun Feng also felt a bit uneasy in her mind. What was wrong with Qu Lanyi?

"Is that a Sound Transmission Jade?" Yun Feng raised her head and saw Xia Xiaomin looking at the Sound Transmission Jade in her hand with glittering eyes. Yun Feng grunted and put the jade away. Xia Xiaomin said, "Shouldn't you teach me something too?"

Yun Feng chuckled. "What do you want to learn?"

Xia Xiaomin's eyes glittered. "I want to contract with a Magic Beast! I want to become a summoner!"

Little Fire grunted in disdain. Xia Xiaomin blushed and looked at Little Fire. "Why are you laughing? If Xia Qing can become a summoner, why can't I?"

"That stupid girl has potential. You... don't have any." Little Fire revealed a wicked smile. The cute boy's face looked very handsome. Even though he looked like a kid, he was also a handsome boy. Xia Xiaomin blushed and her heart suddenly pounded wildly.

"I... I can do it too..."

Yun Feng leaned on the side lazily and Meatball on her shoulder moved its body. Xia Xiaomin's eyes immediately glittered. "That... That white one is so cute..."

Meatball didn't care at all. It jumped onto Little Fire's red hair and wiggled its butt at Xia Xiaomin. Little Fire burst into laughter. "This guy looks down on you too!"

Xia Xiaomin's eyes suddenly turned red. Yun Feng signaled Little Fire to stop talking. "Since you've agreed to the Xia family's request, I'll certainly teach you. You can become a summoner if you want. Can you sense the elements from the Magic Beasts?"

Xia Xiaomin blinked several times. "Elements... What's that?"

"If you can't sense the elements from the elements, you won't be able to become a summoner." Yun Feng said indifferently. Xia Xiaomin immediately closed her eyes, but her brows furrowed tighter and tighter. She couldn't feel anything, nothing at all!

"You can't sense it. You don't have the qualification to become a summoner." Yun Feng concluded. Xia Xiaomin was a bit unwilling to accept reality.. "Why can't I? I can do what Xia Qing can do!"

Chapter 532: How Dare You Touch Someone I Protect (4)

Yun Feng didn't say anything else. It was none of her business that Xia Xiaomin refused to accept reality. Xia Qing, who was practicing alone on the side, suddenly changed a bit. When Yun Feng saw this, a kind of joy burst out of her eyes. Qingqing's Array of Contract was about to be formed!

Xia Xiaomin turned around and saw the array that gradually appeared on the ground where Xia Qing was. Her eyes turned red and she clenched her fists hard. Little Fire was a bit surprised, and a hint of admiration flashed through its eyes. Lan Yi nodded. "Qingqing's comprehension speed is so fast that she might be able to catch up with Master."

Xia Qing suddenly opened his eyes and the array underneath him disappeared. Seeing Yun Feng's approving expression, Xia Qing smiled happily. "Master, I've understood!"

"Very good. As expected of my disciple," said Yun Feng approvingly. Little Fire grunted lazily. "I didn't expect you to be so smart."

Xia Qing chuckled. "Teacher, what should we do next?"

Yun Feng patted Xia Qing's head. "Increase your strength to a level I approve." Xia Qing nodded as Xia Xiaomin rushed over. "I want to increase my strength too. Teach me! I want to be stronger than her!"

Yun Feng glanced at Xia Xiaomin and smiled. "Sure." Then, she flipped her hand and a crystal clear ore appeared in her hand. Xia Xiaomin widened her eyes. "This is..."

"A high-level ore. Absorb the energy inside, and your strength will certainly increase greatly." Yun Feng handed the high-level ore to Xia Xiaomin. Xia Xiaomin looked at Xia Qing delightedly. "With this, I'll be stronger than you!" Xia Xiaomin turned around and left with the stone. Xia Qing looked at Yun Feng, who shook her head. "You don't need this. If the foundation isn't strong enough, even the tallest building will collapse easily. Qingqing, you must walk down the road step by step. Only then will you go far."

Xia Qing remembered what she said at the bottom of her heart. Her slightly impetuous mind also calmed down. She wasn't hasty or greedy. Just as her teacher said, she would take one step at a time.

The Sound Transmission Jade that Yun Feng put into her bracelet suddenly flashed a few times. Yun Feng immediately took out the jade and the jade flashed a few times. Then, a voice that Yun Feng was extremely familiar with came.

“Fengfeng... come and save your husband...” It was Qu Lanyi!

“Tell me where you are!” Yun Feng roared at the jade pendant. The jade pendant glittered and Qu Lanyi’s intermittent voice came. “Wind... Moon... City.”

The jade pendant didn’t shine anymore. Yun Feng’s face was completely gloomy. Qu Lanyi’s voice sounded weak just then. What exactly happened to him? He asked her to save him. He was too strong to ask for her help. He must have encountered a strong enemy!

“Damn it!” Yun Feng cursed in a low voice. Xia Qing blinked and said to Little Fire next to her in a low voice, “Master is married?” The corners of Little Fire’s mouth twitched a few times, but it didn’t answer.

“Qingqing, where is Wind Moon City?” Yun Feng asked in a hurry. Her heart was inexplicably anxious. Thinking that something might happen to Qu Lanyi, she felt indescribably uneasy.

“Wind Moon City? That’s... That’s where one of the branches of the Bright Moon Hall is located.”

“How far is it from here?”

“It’s not far. If we take a carriage, we’ll be there in two or three days.”

She should be able to arrive in half a day with her speed if it took three days on a carriage! Seeing Yun Feng’s anxious look, Xia Qing also understood something. “Is teacher leaving?”

Yun Feng patted Xia Qing’s head with a smile. “I’ll be away for a while.” Xia Qing suddenly looked lonely. Even though Yun Feng had only been with her for a dozen days, Xia Qing admired her from the bottom of her heart and Yun Feng treated her very well. After all, she was Yun Feng’s first disciple and she taught her with all her heart.

“I’ll be back.” Yun Feng smiled. Xia Qing immediately smiled happily after hearing that. “Lan Yi will come with me. Little Fire, stay here.” After Yun Feng said that, Little Fire widened its black eyes in disbelief. Meatball on its head was also quite surprised.

“Why do I have to stay?” Little Fire roared. “Because I’m concerned about Qingqing.” Yun Feng looked at Xia Qing, her first apprentice, this talented kid. “The Xia family is very smart. Plus Xia Xiaomin, if I leave, Qingqing won’t be in a good situation. This is such a rush. I wanted to take you with me, but it wasn’t appropriate.”

Tears welled up in Xia Qing’s eyes. Her teacher was so concerned about her! “I’ll definitely work hard and make sure that my teacher is satisfied before he comes back!”

Yun Feng smiled in relief. Little Fire stood there with a complicated expression and didn’t say anything else. Since it was an order from its master, it could only obey. It was just a bit angry in its mind. Lan Yi went to fight with its master. He could only stay here and accompany this stupid girl!

There was no time to lose. Yun Feng and Lan Yi immediately got up. After they left, Little Fire heaved a helpless sigh and glanced at Xia Qing with disdain in its black eyes. It put its arms behind its head. "Stupid girl, let's go!"

Xia Qing followed Little Fire. Little Fire looked like a boy in human form, but the vicious nature of the Magic Beast didn't change. A murderous aura surrounded it, but Xia Qing wasn't afraid at all. She walked next to Little Fire very naturally.

"Little Fire, when can teacher come back?"

Little Fire secretly gritted its teeth and made creaking sounds. "Don't call me Little Fire!" It growled angrily. Xia Qing was stunned for a while and finally asked tentatively, "Then... Then Brother Little Fire?"

Little Fire's entire body stiffened and its handsome little face was completely entangled. It walked forward without saying a word and Xia Qing was left behind. "Brother Little Fire, wait for me!" Little Fire walked forward without looking back. Brother Little Fire? She was indeed a stupid girl!

Xia Qing returned to the Xia family, and Little Fire disappeared in a flash. The Xia family then learned that Yun Feng had left. Master Xia didn't feel sorry at all. He knew that it was impossible for a summoner to stay in this small town for a long time. When Xia Xiaomin came back, she was holding a high-level ore that delighted Master Xia. That summoner wasn't bad either. High-level ores! After absorbing this high-level ore, Xia Xiaomin's strength would definitely rise several levels! Xia Qing and her mother couldn't possibly stay in the Xia family either!

The Master of the Xia family stayed put and was very cautious, fearing that Yun Feng would come back at the last minute.. After more than a month, the Master of the Xia family finally confirmed that Yun Feng had truly left. Xia Xiaomin also worked hard to absorb the energy of the high-level ore and directly advanced to level 6!

Chapter 533: How Dare You Touch Someone I Protect (5)

The continuous rise made Xia Xiaomin understand what power was. Her strength had risen to this level in a short time. In the Hidden Moon Village, Xia Xiaomin was already considered a genius.

When Xia Xiaomin appeared in front of Xia Qing with an arrogant look, Xia Qing knew that what was supposed to come would come. Xia Qing stood in front of her mother and looked at Xia Xiaomin with her eyes. Xia Qing listened to Yun Feng's instructions and cultivated on the ground, consolidating her strength constantly. Compared to Xia Xiaomin, Xia Qing's strength was obviously inferior.

"Level 2? Hahaha, Xia Qing, you deserve to be stepped on by me!" Xia Xiaomin laughed proudly. She, who was at level 6 at the moment, was a bit arrogant. "You've dirtied the Xia family's place. Get out!" Xia Xiaomin's eyes showed viciousness. Xia Qing bit her lips. She had to bear with it! She didn't have the strength to fight head-on right now!

"Do you think I'll let you walk out? Crawl out on your knees!" Xia Xiaomin waved her hand and a ball of yellow earth elements flew towards Xia Qing and her mother, turning into an arrow that was about to pierce into their legs!

“Mother!” Seeing this, Xia Qing immediately turned around and protected her mother. She closed her eyes and didn’t feel the pain she expected. Her surroundings were quiet. Xia Qing slowly opened her eyes and saw a young man with his back facing her. His fiery red hair was fluttering slowly!

Little Fire bared its sharp teeth and grabbed the Earth Arrow released by Xia Xiaomin fiercely with its hand. Under everyone’s astonished gaze, it squeezed its hand fiercely. “Crack!” The Earth Arrow instantly shattered and turned into powder!

Its eyes were filled with the brutality of Magic Beasts. Dark red fire elements slowly oozed out of its body and a huge pressure came. Xia Xiaomin’s face completely turned pale. Why... Why did it stay?

Its handsome and young face was full of anger at this moment. It was so scary that everybody was frightened just by looking at him. “You dare to touch the person I’m protecting?” A deep voice sounded. Xia Xiaomin and the other members of the Xia family were all silent. Their bodies couldn’t help but tremble. If they knew this was here, they wouldn’t have come even if they were beaten to death!

“I... I... I...” Xia Xiaomin trembled so hard that she couldn’t say anything. Little Fire suddenly jumped and its human form instantly disappeared. The enormous Fire Cloud Wolf appeared in front of everyone!

“Roar...” A wolf’s howl came from the Xia family, shattering the sky.

Yun Feng only took half a day to reach Wind Moon City. She walked all the way from the Hidden Moon Village to the east. Yun Feng didn’t know how far she had traveled in this half a day and how many mountains she had crossed. She only knew that her impetuous heart couldn’t calm down. When she reached the city gate of Wind Moon City, Yun Feng’s heart was even more anxious.

Lan Yi remained silent on the side. He could feel Yun Feng’s frustration. Deep down, Lan Yi thought Qu Lanyi was a troublemaker who always made his master worry about him. This made Lan Yi feel bad about Qu Lanyi. He was a bit annoyed now.

There were a few people wearing the same clothes standing at the city gate of Wind Moon City. Yun Feng looked at the traces of moonlight on their clothes and understood that these people guarding the city should belong to the Bright Moon Hall. The sects had replaced the power of the royal families in this land. Naturally, a lot of positions and functions were fulfilled on behalf of the royal family. The power of the sect seemed to be more accepted by people. After all, if you wanted to join a sect, you only needed to be strong enough to be recognized. However, if you wanted to join the royal family, even if you had the strength, you couldn’t.

In this Western Continent, it was a glorious thing to be able to join the three halls. If they could get a good job, their ancestors would be glorious.

Therefore, the members of the Bright Moon Hall were all civilians. They didn’t have the hierarchy of bloodlines, but they were also divided into levels. In order to climb up the stairs, they had to step on other people’s bodies. As long as they had power and desire, there would always be bloodshed.

The person standing at the gate looked serious and didn’t smile. There were a lot of people going in and out of the city gate, but they were also orderly. The few people guarding the city had sharp eyes and didn’t let anyone pass unchecked. Yun Feng also probed secretly and was a bit shocked. The guards of a branch hall were all level-9 warriors. Was the sect stronger than the royal family?

The guards of the branch hall were at level 9. The leader of the branch hall should be at least at the Commander Level, or the Monarch Level. The leader of the Bright Moon Hall should be at the Lord Level. Yun Feng estimated the situation. There were indeed hidden dragons and crouching tigers on the West Continent. There must be a lot of talents in the branch hall. She should be careful on this continent.

Yun Feng could be said to be able to do whatever she wanted on the East Continent right now. The four empires were all extremely fearful of her. However, on this West Continent, Yun Feng's strength at the Monarch Level could only compete with a branch hall. Naturally, she couldn't do things too freely. There were still a lot of things to do on this continent. If she caused a group of forces to be dissatisfied with her, it would be troublesome.

She only hoped that Qu Lanyi hadn't cause any too serious trouble for her... As soon as this thought flashed through Yun Feng's mind, she smiled in self-mockery. When she crossed the city gate with Lan Yi, Lan Yi's appearance caught the attention of the city guards. A few pairs of eyes glanced over at the same time and slid over Lan Yi's body like a scanner. That was all.

The two of them walked into Wind Moon City, where one of the halls of the Bright Moon Hall was located. This city looked pretty decent and wasn't very prosperous. The number of people passing by was only average. After all, it contained only a branch hall.

Ever since Yun Feng entered Wind Moon City, she had noticed something. There seemed to be a lot of people who wore rings on their fingers on the West Continent. Most of them might be tamers, but there was also the possibility of summoners. After all, summoners weren't extinct on the West Continent. It was still possible to meet them, for example, if they came to the Summoning Union.

There were three special organizations on the West Continent, the Warrior Union, the Magic Union and the Summoning Union. As the name suggested, these three special organizations were made up of people of three professions. Some other professions also had their own unions, but they were obviously nothing compared to these three organizations.

Yun Feng had only walked a few steps in Warrior Union City when she saw three roads that led to different areas. There was a bright photo at the intersection that clearly showed the locations of the three major organizations on the shoulders. Yun Feng looked at the area and saw all kinds of stores. It seemed that the three major organizations had subdivided the regions very carefully, which made it easier for her to choose. If she was a warrior, she would enter the area of the Warrior Union. There would certainly be everything that a warrior needed. The other two areas were the same..

Chapter 534: Kiss (1)

The three areas occupied one third of the area of Wind Moon City. Yun Feng had learned about the layout of the city on the enormous map of Wind Moon City. The three areas occupied one third of the area, while the residential area and other ordinary areas occupied one third. The last third was the branch hall of the Bright Moon Palace.

Qu Lanyi was in Wind Moon City. Where could he be? Was he in the residential area or in the area of the Magic Union? When they talked last time, Qu Lanyi sounded weak and he even asked her to save him. Given his current situation, he shouldn't be staying in the city.

Yun Feng frowned and thought for a while. She could only wait for Qu Lanyi to contact her again. Perhaps he could find her on his own. Yun Feng looked in the direction of the Summoning Union with a hint of yearning in her mind. There weren't many summoners on the East Continent, and she wouldn't have such an opportunity to come into contact with the world of pure summoners. Meeting other summoners was a rare experience for Yun Feng.

Yun Feng also found that there were very few people who went in and out of the Summoning Union as compared to the other two large organizations. When she stood here, almost nobody came in and out of the Summoning Union, while the members of the other two large organizations came in an endless stream. There were also many pairs of eyes looking at the Summoning Union with envy and jealousy.

Those who could enter and leave this place would undoubtedly be summoners!

"Master, let's go in and take a look," said Lan Yi telepathically. Yun Feng pondered for a moment. She could only wait for Qu Lanyi to contact her... She nodded and smiled gently. They were about to leave when a voice came from behind.

"My Lady, we're here. The Summoning Union is just ahead." Yun Feng turned around slightly and saw a tall, well-proportioned, beautiful woman walking over from behind. The woman had beautiful hair hanging down her head and a hint of coldness in her almond eyes, making her look unapproachable.

"Okay," replied the woman casually. She walked with an air of elegance. Yun Feng glanced around and saw that the woman was wearing a ring on her hand. The ring was dark blue with nine water drops on it.

A level-9 summoner? Yun Feng raised her brows slightly and looked at the ring on her hand. The Monarch Level ring gradually became simpler after the changes. Little Fire stayed in the Hidden Moon Village, so Yun Feng naturally put away the Ring of Contract of Fire. She only had Lan Yi's ring of wind on her hand. The surface of the green ring had changed, leaving only a huge leaf with a gentle green light. Yun Feng wondered if there would be no patterns on this ring when she reached the Lord Level.

The woman walked past Yun Feng and glanced at her. Yun Feng lowered her hand and smiled at the woman. The woman also put on a smile, but her arrogance was self-evident.

A cold and arrogant summoner, Yun Feng evaluated in her mind. She stepped aside slightly and let the girl enter first. After the girl walked in, the people outside whispered, "A summoner! She looks so arrogant. It's hard to get close to her."

"That's right. Didn't you see that? She's looking down at everybody!"

Yun Feng smiled helplessly. The girl just then was alright. She wasn't as arrogant as these people made her out to be. Yun Feng could understand this kind of envy, jealousy, and hatred. Yun Feng ignored them and walked in with Lan Yi.

"Eh? Another one walked in!"

"Is she the little girl who was standing here just then?"

"She... She's also a summoner?!"

They could see summoners on the West Continent, and this was the branch of the Bright Moon Hall after all. It wasn't unusual for them to see summoners, but this was the first time they saw one at such a young age! She... She was only in her teens!

Meatball on Yun Feng's shoulder straightened its body curiously. Everybody would think that such a cute Magic Beast was a pet. A cute and harmless Magic Beast had already become a popular pet, but summoners never cared about such a thing. Nobody had such a Magic Beast with them. This was something that those who were not summoners would show.

Walking on this path, Yun Feng also saw the general area of the Summoning Union. There was a bright sign of the Summoning Union hanging on a building. This should be the place where the summoners gathered. Yun Feng looked around. There were two neighboring houses on both sides of the building. One was an auction house and the other didn't have any sign. The woman who came in first was standing at the entrance of the gathering place. Yun Feng walked over and heard the respectful voice of the man standing at the door.

"Level-9 summoner, welcome. Please come inside."

The woman didn't say anything. She still looked proud and cold, but she looked back at Yun Feng, as if she was a bit surprised to see her here. Yun Feng smiled at her.

"Little girl, this is the Union of Summoners. Did you come to the wrong place?" The man at the door said with a smile. A glint of understanding flashed through the eyes of the girl standing at the door. She pushed the door open and walked in.

Lan Yi raised his brows slightly. Yun Feng wanted to laugh a little. Did she not look like a summoner at all? Besides, she was wearing a ring on her hand. Did this man think that it was purely for decoration?

Yun Feng was about to go in without saying anything. The man suddenly raised his arm. Although he was still smiling, his words were a bit harsh. "Little girl, you can't go in."

Yun Feng didn't say anything. She looked at the man in front of her with her black eyes and wanted to say, "Are you looking down on me?" At this moment, the door was gently pushed open and a bright laughter came. It was very strong.

"Haha, good, good. This time..." The man who was talking loudly was a bit startled when he saw the situation at the door. "What's going on?"

The man standing at the door immediately bowed. "Lord He! This little girl came to the wrong place."

The man who was talking loudly glanced at Yun Feng and suddenly became completely serious. The man next to him also had the same expression. The two of them subconsciously glanced at the ring on Yun Feng's hand, and then at Lan Yi behind her.

"How should I address you, my young friend?" Lord He chuckled at Yun Feng. The man at the door was startled and looked at the two men in front of him, not knowing what to do.. What... What was going on?

Chapter 535: Kiss (2)

“Yun Feng,” replied Yun Feng casually. Both men burst into laughter. “Yun Feng, you’ve come from afar. Please come in.” Yun Feng nodded and walked in without being pretentious. The two men stood at the door and watched Yun Feng’s back as she walked in. They were silent for a while.

“My lords, she’s!” The man at the door said shakily. The two men glanced at him coldly, and the man at the door didn’t dare to say anything anymore.

“Is she with you?” Lord He looked at the man next to him. The man shook his head. “She’s not with you either?” Lord He shook his head. The two of them looked at each other. “Maybe she’s with him.” The man chuckled, but Lord He seemed to be deep in thought. In the end, he gave a meaningful smile. “Maybe she’s just an unexpected guest.”

Yun Feng pushed the door open and entered. She felt a different vibe. A spacious hall appeared in front of her. A dozen people were doing things in the hall. Some were looking through documents, some were looking at things on the display boards, and some were chatting privately. When she walked in, everyone looked at her with a lot of surprise.

“A newcomer?” A voice came up. Yun Feng looked over. A handsome young man came over with a pair of glasses on his nose bridge. He looked at Meatball on Yun Feng’s shoulder with a smile in his eyes. “A Magic Pet?”

Yun Feng didn’t say anything. Meatball cried out in dissatisfaction. The young man laughed and turned his wrist, holding a notebook in his hand. “Name.”

Yun Feng glanced at him. The young man pushed the eyes on the bridge of his nose. “You’re indeed a newcomer. Little girl, are you here for a tour or to join the Summoner Union? Every summoner wants to join the Summoner Union. There are a lot of good things here that you can’t imagine.” The young man winked a bit mischievously. “I’m Ling, the registrar here.”

Yun Feng glanced at the green ring on the man’s hand. “Yun Feng.”

“Good girl.” The man smiled approvingly as he quickly wrote something down with the pen in his hand. Yun Feng’s temples jumped a few times. Did this man take advantage of her because he was older than her? Good girl? She was no longer a child.

“Where did you come from?” The man’s black eyes glittered, as if he was looking forward to the answer to this question. Yun Feng pursed her lips. Should she say that she came from the East Continent? No, she couldn’t.

“Then keep it a secret.” The young man didn’t ask anymore and continued writing. “Age.” Yun Feng replied. “Sixteen.” The young man raised his eyebrows this time. “Sixteen? I thought you were only eleven or twelve!”

Yun Feng’s expression turned cold. Even though she wasn’t tall and her body wasn’t very mature and voluptuous and her face didn’t have much mature charm, she couldn’t only be eleven or twelve!

“Next is the most important question. Miss Yun, what’s your level of strength?” The young man changed his tone and smiled gently at Yun Feng. The corners of Yun Feng’s mouth curled up as she showed the ring on her finger. The young man’s black eyes suddenly darkened.

“Miss Yun, I hope this isn’t an ornament or something to please the public,” said the young man solemnly. Yun Feng chuckled. “Do you need to be tested?”

The young man was dazed for a moment. Meatball wiggled its butt happily, as if it was mocking the young man for underestimating others. The young man pushed his glasses and suddenly burst into laughter. “Of course not. But if someone questions you, my Lady, you’ll have to deal with them yourself.”

After saying that, the young man made a few final strokes with the pen in his hand and then handed something to Yun Feng. Yun Feng received a badge with four stars on it.

“All summoners in the Summoning Union are divided into five tiers, from one-star to five-star. One-star includes level 1 to level 5, two-star includes level 5 to level 9, three-star includes the Commander Level, four-star is your tier and five-star is above.”

Yun Feng understood in her mind. Five tiers. It meant that she wasn’t the only Monarch Level summoner on this West Continent. A Lord Level summoner had already appeared! The West Continent was indeed extraordinary!

“The treatment of the five levels is also different. A four-star member like Miss Yun is already a VIP of the Summoning Union and a powerhouse in the upper-middle level.” The young man chuckled. “It’s your first time here, Miss Yun. Let me introduce you. The Summoning Union is an organization of the summoners of the three halls. The summoners of the West Continent exchange their minds and make friends here. The summoners of the Summoning Union receive different treatment from the three halls according to their levels.”

Yun Feng nodded. If she could join the Summoning Union on the West Continent, she wouldn’t have to worry about food and clothes anymore. People would treat her as a VIP wherever she went.

“Of course, the benefits of the Summoning Union aren’t just that.” The young man smiled meaningfully. “Only Magic Beasts can make summoners crazy. The Summoning Union holds a Magic Beast Auction regularly.”

Yun Feng was stunned. The Magic Beast Auction!

“The auction house on the side isn’t an ordinary one. It’s a Magic Beast Auction House that’s only open to summoners. The Magic Beast Auction will be held there regularly. At that time, all kinds of Magic Beasts will appear and there will be no lack of rare ones. If you like one, you must buy it.”

The Magic Beasts of summoners could be replaced. According to the different types of contract, the difficulty of changing them was different. However, for a more powerful Magic Beast, summoners didn’t care even if they would suffer great damage when they forcibly terminated the master-servant contract. They were willing to do anything to pursue a stronger power!

The Magic Beast Auction could be said to be a great convenience for summoners. There would be all kinds of Magic Beasts here, including rare ones. As long as you could afford the price, there would be no Magic Beasts that you couldn’t get. This was much easier and safer than hunting in the wilderness by yourself!

“Ah, right, right. The Magic Beast Auction will be held in a few days. Miss Yun, you must come.” Ling chuckled and bowed to Yun Feng. “Miss Yun, take a look for yourself. I’ll get back to work.” Ling then turned around and left. Yun Feng looked around the hall and found someone looking at her. It was the level-9 summoner who was looking at her curiously. Yun Feng smiled and looked away..

Chapter 536: Kiss (3)

She walked to a huge noticeboard and looked at the information on it. The information column was divided into two parts. On the left side were some recent events, such as the Magic Beast Auction in a few days. On the right side was some information that looked like a bounty mission. Lan Yi’s blue eyes glanced over the bounty information and suddenly froze.

“Master...” Lan Yi called in a low voice. Yun Feng also raised her head and glanced at the bounty mission. When she saw the information that seemed to have the highest bounty at the front, her expression completely darkened.

The first mission with the highest bounty was to capture someone. Although that person didn’t have a name, there was a detailed description and even a creepy picture. Yun Feng looked at the person in the picture with her black eyes. She couldn’t be more familiar with that person. It was Qu Lanyi!

“That troublemaker!” Yun Feng cursed fiercely. She looked at the person who issued the bounty. It was the Bright Moon Hall! What exactly did he do to provoke the Bright Moon Hall?

“Are you interested in the bounty mission, Miss Yun?” Ling’s voice came again. He had just left when he came back. Yun Feng raised her brows. “Don’t you have something to do?”

Ling smiled and raised his arm to change the first bounty mission. He smiled slightly. “I’m here to do something. The reward for this bounty has increased again. It can be said to be very generous. I wonder who this unlucky guy is. He offended the Bright Moon Hall? He’ll suffer.”

The corners of Yun Feng’s mouth twitched a few times as she suddenly thought of something. “Is this bounty information specifically targeted at the Summoning Union, or is it... universal?”

Ling pushed the glasses on the bridge of his nose. “Of course, it’s universal. The Warrior Union and the Magic Union will probably be thrilled with such a generous reward. I heard that the reward was directly issued from the headquarters of the Bright Moon Hall. All areas under the jurisdiction of the Bright Moon Hall should have this information right now. However, this kind of reward isn’t very attractive to summoners. It’s a different story if there’s a Magic Beast reward.”

Yun Feng stood there, and the frustration that had just subsided appeared in her mind again. Qu Lanyi was facing the Bright Moon Hall, all the masters in the Bright Moon Region! Warriors and mages were endless! Luckily, there were no summoners, or else...

“Why? Do you want to join, Miss Yun?” Seeing that Yun Feng was staring at him, Ling asked curiously. Yun Feng smiled. “How can I not join such an interesting thing?”

Ling was a bit surprised. Then, he reached out and took the notice. “Since Miss Yun is interested in joining, we can take off this notice.”

Yun Feng heaved a sigh of relief. It seemed that if someone joined, the information would be removed. Fortunately, she was only dealing with a group of people, but there were still quite a lot of them.

“If the Chief of the Bright Moon Hall knows that a summoner is joining, they’ll be so happy.” Ling chuckled as he took out a pen and wrote something on his notebook again. He then handed the information strip to Yun Feng. “Turn left when you go out. That’s the mission management office. Someone will tell Miss Yun where to take the mission.”

Yun Feng nodded and was about to turn around and leave, when Ling suddenly extended his arm and blocked Yun Feng gently. The beautiful eyes behind the glasses were full of curiosity. “Miss Yun, you’re so enthusiastic. Is it because the bounty is on a handsome man?”

Yun Feng chuckled. “I’m not greedy for beauty.”

Ling looked regretful as he touched his face with his finger. “I see. I thought if you like handsome men, I could recommend myself.”

Yun Feng’s expression froze. Ling chuckled. “I was just kidding. I’m going back to work.” A gentle smile appeared at the corners of Ling’s mouth as he turned around and left. Yun Feng, however, felt a gust of cold wind blowing on her. Lan Yi said, “Master, I think this man is more dangerous than Qu Lanyi.”

Yun Feng pursed her lips and walked out of the door. She didn’t care about danger at all. The only thing she cared about was what exactly happened to Qu Lanyi.

Hanging the four-star badge on her chest, Yun Feng pushed the door and entered the room on the left. There was no one in the room. It seemed that the bounty mission of the summoners was just for sightseeing. If it had nothing to do with Magic Beasts, summoners wouldn’t do anything. The receptionist, who was napping, was also shocked when she saw Yun Feng.

When she saw the four-star badge on Yun Feng’s chest, she immediately jumped up. “M-Master! W-What do you need?”

Yun Feng handed over the message note in her hand. After reading it, the receptionist immediately took out the Sound Transmission Jade and said something. Then, she took out a token and gave it to Yun Feng. “My lord, you’re going to the branch to accept missions. This is the entry token.”

Yun Feng didn’t say anything else. She turned around and left. The receptionist was still in a daze. After a long time, she finally mumbled, “A summoner accepted a bounty mission. Would anyone believe me if I told them...”

Walking out of the Summoning Union, Yun Feng’s mood was shrouded in a layer of dark clouds. “Lan Yi, keep your whereabouts a secret and try not to be discovered. Find out if Qu Lanyi is in Wind Moon City.”

Lan Yi nodded and immediately left. Meatball on his shoulder called softly, “You’re going to look for him too?” Yun Feng asked tentatively. Meatball nodded. Yun Feng smiled and caressed Meatball’s body with her finger. “Thank you.”

Meatball cried a few times. Ever since she contracted Meatball for no reason, although Yun Feng still didn’t understand what Meatball said, she had a bit more tacit understanding than before. She could guess pretty well. Meatball’s body turned into a beam of light and disappeared. Yun Feng stood on the

street and looked at this Wind Moon City that was neither big nor small. She cursed fiercely in her mind, Qu Lanyi, you troublemaker!

The Sound Transmission Jade didn't ring, and Yun Feng didn't receive any reply when she contacted Qu Lanyi. Since he said that he was in Wind Moon City, she must find him even if she had to search the entire Wind Moon City!

Yun Feng turned around and walked into the ordinary residential area of Wind Moon City. When the others saw the badge on Yun Feng's chest, their eyes glittered and they kept glancing over in astonishment. At this moment, Yun Feng was like a glowing body. She attracted the attention of countless people on the street. How remarkable was a four-star summoner?

"My... My Lord..." Some people boldly came to talk to Yun Feng. Yun Feng, who was deep in thought, suddenly realized what was going on. She finally realized that she had become the center of attention. Her body flashed and she quickly disappeared.. The person who wanted to talk to her just watched her disappear foolishly.

Chapter 537: Kiss (4)

In the invisible space, Yun Feng took off the badge on her chest and the Rings of Contract on her hand, and threw them all into the bracelet. She should put on the badge when necessary, or she wouldn't be able to have peace wherever she went. After taking care of everything, Yun Feng showed up in the space and walked into a remote path. This time, she didn't cause any commotion.

"Master." Yun Feng was walking when Little Fire's voice suddenly came from her mind. Yun Feng stopped on a small path. "What's wrong, Little Fire?"

"As Master expected, the Xia family attacked Xia Qing." Hearing that, Yun Feng frowned, but she wasn't worried at all. After all, Little Fire was here.

"The Xia family is gone?" Yun Feng asked in a low voice. With Little Fire's personality, it would definitely kill people.

"No." Unexpectedly, Little Fire's answer surprised Yun Feng. "That obnoxious girl... said no..." Little Fire seemed to be a bit off. Yun Feng understood Xia Qing's personality. That kid was kind at heart. Even though the Xia family treated her like this, she would still be lenient.

"That's good. Qingqing is still young." Yun Feng sighed. Little Fire's voice came again. "Master, is everything going well?"

Yun Feng didn't say anything. She only said that she was fine and asked Little Fire to protect Qingqing. She would go back in a few days. Thinking of Qu Lanyi's current situation, she knew that the "few days" would be a long time.

After cutting off her connection with Little Fire, Yun Feng took a breath, but suddenly tensed up. She quickly took half a step back and turned around abruptly. She clenched her fist and swung it behind her back!

“Whoosh...” A gust of wind blew in the sky and a figure dodged awkwardly. A pair of hands suddenly grabbed Yun Feng’s wrist. Yun Feng was instantly pulled into someone’s arms. The familiar aura immediately made Yun Feng calm down.

“Are you trying to kill your husband, Fengfeng?” A lazy voice came slowly with a bit of hoarseness. The man whose chest Yun Feng’s back was pressed against was panting slightly. His arms held her in front of her chest. Yun Feng’s elbow suddenly bent, and Qu Lanyi, who was holding her from behind, suddenly grunted and let go of her arm.

“Hm! She’s really going to murder her husband!” Qu Lanyi bent down in embarrassment and covered the place where Yun Feng’s elbow touched with her hand. His facial features were twisted, and it was obvious how hard Yun Feng used just then.

Yun Feng looked at Qu Lanyi in front of her with her black eyes. She didn’t see him clearly when he was behind her just then. “You...” Yun Feng looked at Qu Lanyi. Had he changed his appearance? His long, flowing hair was gone, replaced by a head of short hair, but it was more suitable for his current image as a man. The muscles on his body seemed to have developed in a short period of time and bulged slightly. The soft curves of a woman’s body in the past were completely gone, and the aura of a man was even more obvious. And that face, which used to be too gender-neutral, didn’t change at all, but its temperament was completely different.

“What’s wrong with me? You heartless woman. If I die, you’ll become a widow.” Qu Lanyi gritted his teeth and replied as he leaned towards Yun Feng weakly. Yun Feng then noticed that Qu Lanyi’s face was very pale. She hugged his body in a panic. It was now Yun Feng’s turn to hold Qu Lanyi.

“Fengfeng, we’ve been apart for a long time. It’s fine if you didn’t kiss me passionately, but you’re treating me like this. I’m so sad...” Qu Lanyi leaned in Yun Feng’s arms. He, who was half a head taller than Yun Feng, tried his best to get into Yun Feng’s arms. Yun Feng’s cheeks twitched. She waved her hand, and the space around them was instantly sealed. The two of them disappeared into the invisible air.

“You don’t even have the ability to block space anymore?” Yun Feng said to Qu Lanyi gloomily. Qu Lanyi chuckled and rubbed her head against Yun Feng’s neck.

“I’m not a fool. It’s just that my sealed space will be discovered every time. I can’t do anything about it.”

Yun Feng’s eyes darkened. She hugged Qu Lanyi and asked in a deep voice, “What exactly did you do to provoke the Bright Moon Hall?”

Qu Lanyi didn’t answer her. He whispered, “I’m exhausted. Let’s talk after I wake up...” There was no more sound. Yun Feng anxiously tested Qu Lanyi with her mental strength, only to find that Qu Lanyi’s mental strength was almost exhausted. He must’ve been fighting constantly during this period of time. The sealed space was constantly discovered, and he had to keep fighting and running. If he didn’t contact her, something big would happen.

The man in her arms had already passed out. Yun Feng raised the corners of her mouth helplessly. Forget it. She should wait for him to wake up. As long as he was fine, everything was fine.

Yun Feng came to the largest hotel in Wind Moon City and took out her four-star summoner badge. The hotel owner prepared a good room for her without a word and promised that she wouldn't be disturbed. This was exactly what Yun Feng needed.

Since Qu Lanyi passed out, he had been asleep for a whole day and night. Yun Feng was a bit worried at first, but she was completely relieved when she noticed that his mental strength was recovering at an astonishing speed. After sleeping for a day and a night, the sleeping man finally woke up. When Qu Lanyi opened his eyes, he saw Yun Feng, who was sleeping next to the bed. Yun Feng hadn't slept for a day and a night. Although she knew that Qu Lanyi would be fine, she was still worried until she finally fell asleep exhaustedly.

Perhaps because she was too nervous and wasn't meditating, Yun Feng fell asleep just like that. The moment Qu Lanyi opened her eyes, her expression suddenly became gentle. Looking at Yun Feng, who was sleeping on the bed, his eyes were full of tenderness and sweetness. He slowly lowered his head with a doting look on his handsome face and her red lips were his target.

"You're awake?" A voice interrupted. Qu Lanyi's body stiffened, and he shot a murderous look at Lan Yi, who had just opened the door. Lan Yi walked in expressionlessly with some food in his hand. Yun Feng, who had been sleeping, also woke up at this moment.

"You've recovered?" Yun Feng straightened her body and rubbed her eyes. Qu Lanyi almost couldn't help but pounce on her cute and innocent posture after waking up.

"Yes, I'm fine." Qu Lanyi touched Yun Feng's cheek with her hand, and Yun Feng slapped his hand away with a blush.. Lan Yi put down the food in his hand and left, leaving only the two of them in the room.

Chapter 538: Kissing (5)

"I'm a bit hungry." Qu Lanyi smiled and glanced at the food. Yun Feng smiled and sat there with her arms crossed. She looked at Qu Lanyi with her black eyes. "Tell me now. What did you do to offend the Bright Moon Hall?"

Qu Lanyi leaned against the bed lazily. Her short hair was a bit flamboyant. Looking at Qu Lanyi, Yun Feng found him both strange and familiar. "Where's your long hair? Why is it like this?"

Qu Lanyi touched her hair. "Fengfeng, do you like long hair? I'll grow it again."

Yun Feng's black eyes glittered. "Answer my question."

Qu Lanyi curled his lips and chuckled. "It's all because I'm too charming. Some women wanted to have me, but I certainly wouldn't listen to them. Naturally, I made it clear that I'm already yours by fighting them, Fengfeng." Qu Lanyi's lips curled up slowly. He said this in a teasing manner, but Yun Feng had a different feeling in her ears.

The cause of the incident was very simple. After Qu Lanyi and Yun Feng were separated, he landed in a place. Coincidentally, he ran into a woman who fell in love with him at first sight. Naturally, Qu Lanyi didn't care for her at all. He didn't expect that the woman would try to take him back. Qu Lanyi didn't

listen to her. Then, there was a huge battle, and Qu Lanyi escaped. However, he didn't expect that a bounty would be issued directly. He had been fleeing miserably ever since.

After hearing that, Yun Feng asked in a deep voice, "Do you know who the woman that chased and beat you up is now?"

Qu Lanyi grunted lazily with disdain on his face. "She's the daughter of the Hall Master of the Bright Moon Hall. That idiot."

"You should feel honored that the daughter of the Hall Master of the Bright Moon Hall has taken a fancy to you." Yun Feng sneered. Qu Lanyi chuckled and leaned forward slightly, gazing into Yun Feng's eyes. "Fengfeng, do you mean it?"

Yun Feng's black eyes glittered. She slightly turned her head away and didn't say anything else. Qu Lanyi extended her hand and held Yun Feng's chin, fixing her face. At this moment, Qu Lanyi's eyes glittered with an inexplicable light, which made Yun Feng nervous.

"I've said it before. I don't like women, but I like you." Qu Lanyi moved closer and his hot breath came out. "I've said that you'll be my wife one day."

Yun Feng's breath tightened, and her heart raced. Qu Lanyi approached her again, and their breaths merged. "Do you think you can escape?"

The man reached out his hand and put it on Yun Feng's back. He suddenly raised his hand that was holding her chin and pressed his scorching hot lips down, blocking Yun Feng's words.

Yun Feng only felt an electric current spreading from her lips to her body. She wanted to refuse, but the raging tongue had a chance to invade her body. Yun Feng's little face instantly turned red when Qu Lanyi invaded, and her body trembled gently. Qu Lanyi's black eyes darkened. He was about to deepen the kiss when he heard a loud shout. "Nana..."

There was a gust of wind and a black shadow that came quickly. Qu Lanyi grunted and let go of Yun Feng. He held his injured arm and looked at Meatball, which was baring its teeth at him.

The door had already been opened. Lan Yi stood at the door and said unhurriedly, "Master, Brother Fire is here." Yun Feng was stunned. She looked outside and saw Little Fire standing there awkwardly and Xia Qing, who was blushing.

Yun Feng's ears immediately turned red. Did they... see everything?!

Among the three people standing at the door, Xia Qing's face was especially flushed, like a cooked shrimp. Her big eyes rolled back and forth, and her little heart in her chest kept pounding. Her lips moved slightly. "Master..." She had just opened her mouth to speak when Little Fire suddenly covered her mouth and glared at her fiercely. Xia Qing blinked innocently, not understanding why it didn't let her speak.

Yun Feng had completely calmed down at this moment, and the blush on her face had also completely faded. Meatball looked at Qu Lanyi unhappily, and the little fangs in its mouth kept glittering. A thought popped up in Qu Lanyi's mind. These third wheels were truly a hindrance! He and Fengfeng's rare intimacy was interrupted like this. Who knew when the next time would be?

“Why did you bring Qingqing here?” asked Yun Feng. Lan Yi walked into the room with a rather calm attitude. Little Fire let go of Xia Qing’s hand that was covering her mouth and also walked in. Xia Qing rushed to Yun Feng’s side and chuckled. Yun Feng touched her head with her hand.

“The Xia family has already stopped. They probably wouldn’t dare to do anything even if they had more courage. I felt stuck there and got bored, so I brought her here with me.” Little Fire leaped and sat on the table directly. It looked at Xia Qing with a glint in its black eyes.

“Master, who is he? Is he your husband?” Xia Qing looked at Qu Lanyi, who was lying on the bed, curiously, and blushed. Qu Lanyi chuckled at Xia Qing, which made her blush even more. Her husband was a handsome man!

“...” Yun Feng was silent. Qu Lanyi replied, “Little girl, do you still not understand what happened just then?” Qu Lanyi blinked. The red color that Yun Feng had finally faded away came back to her again, making Meatball scream in frustration. Qu Lanyi put on a smile and stopped talking.

“Master, what’s wrong with him?” Little Fire raised its brows and glanced at Qu Lanyi, slightly surprised at his change. He used to be neither a man nor a woman.

Yun Feng briefly explained the whole story. Little Fire only grunted in disdain after hearing that. Lan Yi raised its brows slightly and didn’t say anything. Meatball, on the other hand, pointed its butt at Qu Lanyi and wiggled it provocatively.

“My teacher has a love rival!” said Xia Qing as she clenched her fists. Yun Feng was startled and smiled awkwardly. “Qingqing...” “I believe my teacher will beat her!” Xia Qing’s big eyes were glittering. Yun Feng curled her lips helplessly, while Qu Lanyi smiled happily. “That’s right.”

Qu Lanyi became serious the next second. “You’ve accepted the bounty. Are you giving up now?”

Yun Feng chuckled. “Of course I won’t give up. This hunt has just begun.. Rather than staying with the prey, I’d rather go with the hunters.”

Chapter 539: Magic Beast Auction (1)

Xia Qing looked at Yun Feng in confusion. Qu Lanyi looked at her thoughtfully. “Are you planning to... hand me over?”

The corners of Yun Feng’s mouth curled up. “If possible.”

Qu Lanyi burst into laughter. “You can’t bear it. You definitely can’t!”

Yun Feng didn’t say anything else. Qu Lanyi was right. She certainly wouldn’t give him away. This strange man had entered her heart in the end and she wasn’t prepared at all. However, Yun Feng would never admit that.

Yun Feng had her own reasons for continuing this matter. The daughter of the leader of the Bright Moon Hall liked Qu Lanyi. This matter wasn’t over yet. They could leave the territory under the rule of the Bright Moon Hall without causing trouble, but only if they were safe.

Qu Lanyi hadn't been found yet. She wanted to join the group of people who accepted the bounty. If she didn't go to the tiger's den, she wouldn't be able to get the tiger's cub. If she could get some necessary information, she could even lure them to search in the wrong place. If possible... she could also fake a Qu Lanyi.

Only when Qu Lanyi showed up and was handed to the Bright Moon Hall would this matter be truly over. They could do things in the Bright Moon Hall's territory more conveniently.

After all, Yun Feng didn't just come to the Western Continent for training. There were a lot of things she had to do. Naturally, she couldn't leave the area of the Bright Moon Hall in a hurry without investigating.

Let's put him in the Dragon Palace, Yun Feng thought. The Dragon Palace was the safest and most reliable place. The Hall Master of the Bright Moon Hall would never have thought that a place like the Dragon Palace existed.

As for Xia Qing, she certainly had to take her along. It would be good to travel with her. The disciple should be able to gain a lot along the way.

She then remembered that the Magic Beast Auction was in a few days. There was a time limit for Yun Feng to accept the bounty mission. She only needed to go to the branch hall within this time limit. Yun Feng wasn't in a hurry to go. She would take action after the Magic Beast Auction ended.

Qu Lanyi's mental strength had been restored to its peak state after a few days. The speed of recovery made Yun Feng a bit speechless. Her recovery speed was a bit slower than Qu Lanyi's. Even now, Yun Feng only felt that she had recovered 70% of her mental strength. Was it all thanks to the light elements?

The light element mages were indeed extraordinary. The light element, of all healing elements, was most outstanding in terms of recovery and healing. Based on this, what would a dark element mage be good at? Yun Feng had never met a dark mage so far. There were very few light and dark elements, even on the West Continent. They could only be seen in the Magic Union.

The Magic Beast Auction was about to begin. Yun Feng went with Little Fire, Lan Yi and Xia Qing. Xia Qing was thrilled when she heard that it was the Magic Beast Auction. The Magic Beast Auction! There was such an auction! Xia Qing only felt that her blood was boiling. Yun Feng smiled. It would be great if there was a Magic Beast suitable for Xia Qing at the Magic Beast Auction this time. It would be a gift from her as a teacher to her disciple.

She had planned to put Qu Lanyi in the Dragon Palace. After all, it wasn't safe to let him stay in the hotel alone. His space blockade could be discovered, and so could hers. However, Qu Lanyi took out something that was as transparent as the wings of a cicada, like a facial mask. Yun Feng saw him put the thing on his face. In a few seconds, Qu Lanyi became another person.

"The Thousand Shadows Mask. It gives you a new face every time you wear it. It's never repeated," explained Qu Lanyi with a chuckle. Yun Feng's face immediately darkened. "If you have this, why did you have to run for life?"

Qu Lanyi chuckled. "I forgot."

Little Fire and Lan Yi both raised their brows. Xia Qing looked at him in disagreement. He forgot the mask so naturally and conveniently. Yun Feng even suspected that he did it on purpose to cause such a situation.

Qu Lanyi, who was wearing a mask, turned into an ordinary person with a much lower aura, looking like Yun Feng's follower. Things had already developed to this point. It was useless to complain anymore. It was true that he was a troublemaker.

The few of them came to the Summoning Union. Yun Feng's small team was already eye-catching enough. There were four or five people walking together, and they all seemed to be of the younger generation. They even entered the Summoning Union. It was truly astonishing.

The receptionist at the door was no stranger to Yun Feng. When he saw the glittering four-star badge on her chest, he immediately bowed and opened the door with a flattering smile without saying anything. "Master, you're here."

Xia Qing looked at the receptionist curiously. It turned out that her teacher was so powerful that he almost broke his back. Yun Feng nodded slightly as a greeting and pushed the door open. There was almost no one in the hall. It seemed that the Magic Beast Auction was about to begin.

"Miss Yun, you're finally here." A clear voice came. Ling walked over slowly. The combination of black and white on him made him even more handsome. The eyes on his nose bridge made him look gentle and harmless.

"Oh? You brought your little sister?" Ling glanced at Xia Qing. He didn't see the Ring of Contract on her hand. He bent down and bowed to Xia Qing, looking very gentlemanly.

"Little beauty, are you a summoner too?" asked Ling softly. Xia Qing's little face suddenly blushed. "I... I..." She didn't know if she was a summoner right now. She raised her head and looked at Yun Feng. Yun Feng nodded with a smile. She had already understood the Array of Contract and entered the ranks of summoners.

"It seems that I have to register again." Ling said with a smile as a notebook appeared in his hand. He wrote something on the notebook and asked questions one after another.

Xia Qing replied obediently. Little Fire looked awful on the side and looked at Ling fiercely with its black eyes. Ling didn't seem to notice at all. Little Fire's hostility was so obvious, but he remained calm.

"Are you done?" Little Fire finally couldn't stand it anymore and growled. Ling glanced over slightly.. "Miss Yun, your Magic Beast doesn't seem to have a good temper."

Chapter 540: Magic Beast Auction (2)

Yun Feng chuckled and petted Little Fire's head. Ling put away the book in his hand and smiled gently at Yun Feng. "The Magic Beast Auction has already started. I'll take you there. With your level, you'll have an independent private room that won't be disturbed by anyone."

Yun Feng walked out of the door under Ling's guidance. Ling glanced at Qu Lanyi, who was following her. "Miss Yun, this is..."

“A servant,” Yun Feng replied briefly. “Why? Can’t I bring one?”

Ling pushed the glasses on the bridge of his nose and chuckled. “A servant? I wonder if you need another one, Miss Yun. How about myself?”

A fierce light flashed through Qu Lanyi’s eyes. He stepped forward and stood between Yun Feng and Ling, looking straight into Ling’s eyes. “My Young Lady doesn’t need anyone else.”

Ling took half a step back politely. “Please don’t mind me. I was just kidding. I’m very satisfied with my current position. I have no intention of becoming a servant.” Ling turned right and Yun Feng saw a building on the side with the word “Auction House” on it. Ling opened the door gently and smiled at Yun Feng. “Miss Yun, please come in.” After saying that, Ling lowered his head slightly and waited for Yun Feng to go in. Yun Feng walked in. Once she entered a spiral staircase, she found a passage on the other side. Ling’s voice came from behind her. “Miss Yun, please go upstairs.”

Ling walked over and led the way for Yun Feng on the stairs. Yun Feng followed him, holding Xia Qing’s hand and Qu Lanyi on the other side. The stairs were also unusually spacious. It wouldn’t be crowded even if the three of them walked side by side. Little Fire and Lan Yi were the last. Meatball, who was standing on Yun Feng’s shoulder, was unusually quiet at this moment. It was looking around with its big eyes.

The spiral staircase was very high. After walking for a while, Ling stopped in front and opened a door, leading Yun Feng inside. Yun Feng glanced at the spiral staircase, which was still extending upwards.

Opening the door, there was a wide corridor with ten doors. Ling opened one of the doors and slightly bowed to invite Yun Feng in. After Yun Feng entered, she found herself in a very luxurious room. One of the walls of the room was completely transparent, and there was an auction on the outside. The rooms of the Park City Auction House were a bit similar to this one, but the scale and facilities were much smaller. It was obvious that the economic strength of the Summoning Union was extraordinary.

Yun Feng glanced outside through the transparent wall. The main hall of the auction house was already filled with people one after another. The Magic Beast Auction this time had attracted a lot of people.

“The Magic Beast Auction is always held in Wind Moon City?” Yun Feng asked as she glanced at the people below and saw a familiar figure. The level-9 summoner she met a few days ago was also sitting there.

Ling didn’t leave. Instead, he stood at the door and answered Yun Feng’s question with a smile, “Of course not. This time, Wind Moon City won the right to hold it. The Magic Beast Auction can be held anywhere on the West Continent.”

“Are the people here all summoners?” Yun Feng asked casually. Ling chuckled. “Miss Yun, your questions are truly sharp. The Magic Beast Auction isn’t only open to summoners. Anyone interested in Magic Beasts can participate.”

“The Magic Beast Auction hosted by the Summoning Union accepts outsiders?” Qu Lanyi stood aside. He was a servant right now and couldn’t sit down.

Ling pushed the glasses on the bridge of his nose again. "Although the organizer is the Summoning Union, other people are the ones who provide the Magic Beasts. The Summoning Union is just the organizer. It has no right to dictate who should come and who shouldn't."

Seeing the green ring on Ling's hand, Qu Lanyi's eyes glittered. "Are you a summoner too?"

After a while, Ling looked at the ring on his hand and chuckled. "Sorry about that. This is just something for show."

Yun Feng glanced at everyone on the scene. Naturally, these people couldn't all be summoners. Judging from the number, there should be people from other professions too. Magic Beasts weren't only useful for fighting, but they could also be mounts or even pets.

"Miss Yun, the auction is about to begin. I'll take my leave first." Ling bowed slightly and said, then pushed the door open and walked out. Xia Qing's little face was full of excitement. She wouldn't have experienced such an event if it weren't for Yun Feng.

"Master, what kind of Magic Beasts will there be? I'm looking forward to them!" Xia Qing stared at the auction stage with his big eyes. It was empty at this moment, but it still attracted Xia Qing's attention. Yun Feng smiled. She could understand Xia Qing's feelings. Everybody in the hall must be feeling the same.

As the light in the main hall dimmed, the noise immediately died down. The lights on the auction stage suddenly turned on, illuminating the entire stage. Soon after, a figure slowly walked up from behind.

"Everyone, I've kept you waiting for a long time. The Alliance welcomes you with sincerity. I hope you can return with satisfactory goods today."

Yun Feng slowly raised the corners of her lips. Xia Qing shouted in shock, "It's that big brother!"

Ling stood on the auction stage with a professional smile on his face and said with a relaxed and easy tone, "Thank you for your anticipation. The Magic Beast Auction begins now."

The atmosphere in the main hall suddenly became tense. Everyone's face was full of excitement. Even Yun Feng couldn't help but look forward to seeing what kind of Magic Beast was to be auctioned first.

Ling clapped his hands, and a man came out of the back of the auction stage with a small cage. There was a thick curtain on the outside of the cage. After the man put the cage on the auction stage, Ling finally lifted the curtain after putting on the white gloves. Everybody looked over. Some of the people sitting behind even stood up and craned their necks to look ahead.

"Golden Rat, an earth-element Magic Beast. It doesn't have strong attack power, but it's the most awesome as an ornamental Magic Pet," introduced Ling with a smile. The Golden Rat in the cage was covered in soft white fur. The most astonishing thing was that its white fur was glittering with golden light. Together with its cute little face, the golden light around its body became bigger and bigger.. The Golden Rat paced around in the cage uneasily, and the golden light on its body gradually spread out.
