

## Summoner 571

### Chapter 571: My Self-Proclaimed Father Is Here (5)

Lord Hao almost blurted out that she didn't look like him. Zhan Li's face was rather rough, but Yun Feng's facial features were exquisite and beautiful. Although Yun Jing had a serious face and was a solemn father, his facial features were handsome, and so was Yun Sheng. If Yun Feng were really Zhan Li's daughter, she should have looked more wild.

"Alright, this matter ends here! Take down that bounty. I don't want anyone to cause trouble for my daughter. If necessary, I'll talk to Yue Fenghe myself."

Lord Hao laughed dryly and said that he would ask the hall master to cancel the bounty immediately. Yuehua, who was standing aside, didn't say anything at this moment. She didn't have the intimidating aura she had just then.

Zhan Li rubbed Yun Feng's head with his big hand again. Yun Feng smiled helplessly. Things were indeed a bit unexpected. This cheap father settled the matter with just a few words. It seemed that this cheap father's identity wasn't as simple as a senior figure of the Mercenary Union.

Zhan Li and Yun Feng left, leaving a courtyard that was almost destroyed by Yun Feng and three people who were still in shock. After a long time, Luo Xu finally spoke reluctantly.

"Lord Hao, didn't you know about this?"

Hao Cheng's face darkened again. "Even the hall master probably didn't know about this. Zhan Li has always been a loner. It's truly unbelievable that such a person has a daughter."

"She got lucky!" Yuehua gnashed her teeth and said. Lord Hao pulled the corners of his mouth awkwardly. "My Lady, this matter is no longer up to us. Let's just drop it."

Yuehua stood there with a vicious expression as the unwillingness in her heart kept surging. She was unwilling to just let it go like this! Those two people humiliated her like this. How could she let them go so easily? However, even if she was unwilling, so what? Even if she cried to her father, with Zhan Li here, her father wouldn't just let her do whatever she wanted!

Yuehua clenched her fists and bit her lips. Why was she so unlucky? She was Zhan Li's daughter!

"We should tell the hall master about this sooner." Lord Hao pondered for a while. "My Lady, let's go back to the main hall."

Yuehua gritted her teeth. She couldn't get that man! Without saying anything, Yuehua turned around and left angrily. Lord Hao also followed her quickly. Luo Xu stood there and couldn't help but wipe the sweat on his forehead. Luckily, he didn't attack Yun Feng impulsively. Otherwise, what would have happened to him?

Zhan Li and Yun Feng left the branch hall together. Yun Feng thought that her self-proclaimed father came to the West Continent to work, but he didn't seem to be in a hurry at all. He even said that he wanted to spend some time with her. According to Zhan Li, it wasn't easy to meet his daughter, so he naturally had to accompany her.

Yun Feng was helpless. She knew that Zhan Li came to the West Continent to do something. He might have to leave in a while. This father of hers was quite nice to her, and Yun Feng didn't reject him in her mind. Zhan Li liked to stroke Yun Feng's hair, and only stopped when he messed up her smooth hair. Yun Feng avoided him every time, but Zhan Li always got her.

The two of them started playing around unconsciously. They looked like a father and daughter who were enjoying each other's company. Zhan Li's laughter could be heard from time to time. Yaoyao, who had been rejecting others from getting close to Yun Feng, didn't show any aggression towards Zhan Li at all.

Yaoyao had been following Yun Feng silently. When Zhan Li walked next to Yun Feng, Yaoyao unconsciously stepped back a bit. Yun Feng didn't notice these subtle movements and also ignored Yaoyao's abnormal behavior.

However, Lan Yi and Little Fire were Magic Beasts after all. They were sensitive to Yaoyao's behavior. After staying in Wind Moon City for a few more days, Qu Lanyi didn't have to hide his face or hide anymore. Everything became easier. Yaoyao seemed to be a bit resistant to Zhan Li. Finally, when Zhan Li tried to pick Yun Feng up in midair, Yaoyao suddenly let go of Yun Feng's hand and stepped back.

Zhan Li burst into laughter. He grabbed Yun Feng by her arms and picked her up. Yun Feng was enraged. This way of hugging was for kids and it was too embarrassing! She didn't care about Yaoyao's movement in a moment of panic. Yun Feng turned around and escaped from Zhan Li's hands. Zhan Li burst into laughter and touched Yun Feng's head again.

"My daughter, it's not a big deal to let me hug you."

Yun Feng couldn't help but roll her eyes. "Uncle, I'm not a kid anymore!"

The two of them chatted and laughed, and Qu Lanyi joined them. The three Magic Beasts retreated to the side quietly, and Meatball sat on Little Fire's head.

Yaoyao's eyes were still looking at Yun Feng. She could see the desire in her eyes, but she didn't dare to approach her. Lan Yi squatted down gently. "Yaoyao, are you scared?"

Yaoyao suddenly turned around and looked at Lan Yi with her blue but vertical pupils. The fear hidden in those pupils made Lan Yi catch it precisely.

Little Fire seemed to understand something. It put its arms behind its head and looked at Zhan Li, who was talking to Yun Feng, thoughtfully with its black eyes. "That uncle is a bit weird."

Lan Yi touched Yaoyao's head and stood up. He looked at Zhan Li and frowned. "So, we all feel the same!"

Meatball sat on Little Fire's head and cried. Little Fire nodded. "Meatball said that the uncle always exuded a kind of aura that surprised it. I feel the same."

Lan Yi frowned. "I feel the same way. That person is probably already at the Lord Level, but... why do I feel a bit scared and oppressed?"

Lan Yi looked at Little Fire. "Brother Fire, are you the same?"

Little Fire's black eyes glittered. "Ah, when I saw that uncle, I always felt a bit uncomfortable. This discomfort isn't just because of the suppression of strength. It's a kind of... fear rising from the bottom of my heart."

When Yaoyao heard this, the vertical pupils in her eyes shrank slightly. The three Magic Beasts all looked at Zhan Li's back thoughtfully. Little Fire suddenly thought of something and Lan Yi also thought of something. The two of them looked at each other and their expressions changed abruptly..

### **Chapter 572: My Self-Proclaimed Father Is Here (6)**

"There's one person who can make me feel so uncomfortable." Little Fire's pure black eyes glittered. "That old guy in the depths of the Foggy Forest. Every time I see him, I subconsciously want to run away."

Lan Yi's blue eyes glittered. "I've heard Master Yao Guang mention those legendary existences at the top of the hierarchy of Magic Beasts..."

"I wonder if you've heard of this."

Lan Yi raised his eyebrows curiously and looked at Little Fire. Little Fire narrowed its pure black eyes. "Those guys are only at the bottom level of the top. The top is still high above..."

Lan Yi's eyes widened abruptly and he looked at Little Fire in disbelief. Little Fire slowly turned its head and curled its lips. "I've only heard about it. I wonder who spread this rumor. It's just not popular among Magic Beasts."

Lan Yi only felt relieved in his mind. This explanation was too shocking. Yaoyao remained silent, perhaps because she didn't understand the meaning of the words. She looked back at Zhan Li again. Lan Yi said, "Brother Fire, do you think this person and those at the top of the hierarchy..."

Little Fire chuckled, and its sharp teeth could be seen faintly on the corners of its mouth. "They're definitely related."

Yun Feng didn't ask why Zhan Li came to the West Continent, and Zhan Li didn't say anything either. He didn't seem in a rush at all, which made people think that he came to the West Continent for a holiday, or maybe he had just snuck out. That was what Yun Feng thought in her mind. It wasn't hard for Zhan Li to do such a thing with his personality. This uncle was quite self-willed.

"My daughter, call me father." Zhan Li had always been persistent and wanted to hear Yun Feng call him. Yun Feng pretended not to hear it. She used the Sound Transmission Jade in the past, but now, the real person was whining to her in front of her.

Zhan Li enjoyed himself even though he didn't get Yun Feng's reply. He enjoyed himself every day. If Yun Feng really called him father one day, who knew what kind of expression Uncle Zhan would have?

Unlike usual, Yaoyao didn't stick to Yun Feng, but stayed with Lan Yi and Little Fire from time to time. Qu Lanyi was extremely delighted in his mind. That possessive little sea demon had finally let go. Qu Lanyi could approach Yun Feng without fear. Although he didn't understand why Yaoyao was like this, Qu Lanyi hoped that this situation would continue.

The three Magic Beasts had always been rather cold towards Zhan Li. Zhan Li didn't care about that. He only cared about Yun Feng. If Qu Lanyi and Yun Feng weren't a couple, Uncle Zhan would probably have ignored him completely too. After the conversation that day, the few Magic Beasts observed Zhan Li secretly. There was still a vague feeling of repression. The few Magic Beasts were also a bit worried in their minds. If Zhan Li was harboring evil intentions, Yun Feng wouldn't be this person's match, at least not right now.

It was a bit far-fetched to say that Uncle Zhan was hiding evil intentions. The few Magic Beasts observed carefully for a while and finally confirmed that Zhan Li truly cared about Yun Feng. Little Fire and Lan Yi subconsciously heaved a sigh of relief. If that man was an enemy, he would be too tricky and difficult to deal with.

After staying in Wind Moon City for no less than three days, Yun Feng was ready to leave. Before she left, Yun Feng went to the Summoning Union. When Ling saw Yun Feng, he was busy recording something. When he looked up and saw that it was Yun Feng, he smiled slightly.

"Miss Yun, are you leaving?"

Yun Feng nodded. Ling was also a person who hid himself well and looked gentle and harmless. Even though he claimed to be a small receptionist, what was the truth?

Ling put down the things he was busy with and walked out. His long and fitting work clothes made him look even more gentle and elegant. The glasses on his nose bridge added a hint of gentleness. This was a man who looked very friendly. He spoke politely and behaved appropriately.

Today, Yun Feng came to the Summoning Union alone. Qu Lanyi naturally wanted to follow her, but was tied up by Zhan Li. Yaoyao didn't follow her either. Yun Feng then realized that Yaoyao wasn't as clingy as she used to be these few days. She didn't know what to feel in her heart, but she seemed a bit disappointed.

"What's the matter, Miss Yun?" What Ling said interrupted Yun Feng's thoughts. She smiled gently. "It's nothing. I'm indeed going to leave, but I need your help with something before I leave."

Hearing this, Ling bowed slightly. "Miss Yun, you're an honorable guest of the Union. If you need anything, just tell me. I'll definitely do what I can for you, no matter what."

An unusual light seemed to flash through his eyes, which were hidden behind the glasses. Yun Feng suddenly felt that what he said just then had a deeper meaning, and even Ling's smile had a deeper meaning.

"Please give me a detailed map of the Bright Moon Hall."

Ling nodded. "Of course. Are you going to explore the area of the Bright Moon Hall, Miss Yun?"

"That's right. We can only increase our knowledge and broaden our horizons by traveling."

Hearing this, Ling smiled and pushed his glasses. "Speaking of increasing knowledge and broadening horizons, I can recommend an event for you, Miss Yun. This trip will be worthwhile."

Yun Feng raised her brows. Ling said with an elegant smile, "The Summoners' Convention will be held in five years. It's a convention that's held once every hundred years on the West Continent. Miss Yun, you must not miss it."

Summoners' Convention? It was indeed the West Continent. Such a convention couldn't possibly exist on the East Continent. The summoners on the East Continent were no more than ten. They couldn't even communicate with each other.

"Miss Yun, you don't know the details, do you? Let me explain. The Summoners' Convention is held every hundred years. The location of the convention isn't fixed. Only those who sign up for the Summoners' Convention are qualified to participate. Otherwise, they won't be able to enter. There are all kinds of activities at the convention, including the exchange of knowledge and the communication of Magic Beasts. Naturally, there are also contests. How many stars have fallen in the past hundred years? How many new stars have risen? It's quite something to look forward to. Don't you agree, Miss Yun?" Ling blinked and Yun Feng chuckled.

"You might get something more at the Summoners' Convention. Do you want to participate, Miss Yun?" Ling smiled gently and asked Yun Feng for her opinion. Then, he thought of something. "Right, there's a ranking contest at the convention. The summoner who gets the first place can directly be promoted to the leadership of the Summoning Union. If you have something to do on the West Continent, it will undoubtedly be much more convenient and save you a lot of time.."

### **Chapter 573: Looking for Someone (1)**

The Summoners' Convention was very tempting. It wasn't just the communication between the summoners. What attracted Yun Feng even more was the reward for championship. If she entered the leadership of the Summoning Union, it would be more convenient for her to find the branch of the Yun family on the West Continent. After all, the power she had would allow her to get in touch with people more widely. Naturally, there would also be people from the other two halls. This would be much faster and much more convenient than searching one area after another.

The size of the West Continent was similar to that of the East Continent. Both of them were very vast. There were all kinds of villages and towns scattered on them. If Yun Feng searched them one by one, it would be impossible for her to find them without spending a long time. Besides, she had to search carefully and she couldn't miss a single corner. If she overdid herself, she would also attract suspicion. However, if she could get such a position, it would be very beneficial for her.

"I'm just an independent cultivator. Is that fine?" asked Yun Feng. Ling chuckled. "There are eight seats in the leadership of the Summoner Union. The three halls each have two seats, while the other two are reserved for the independent cultivators and summoners who don't want to be restrained by the rules. The number of summoners that the three halls have is similar, but the independent summoners can't be ignored. The independent cultivators are also very strong. After all, a lot of the summoners like freedom."

Yun Feng nodded. So that was the case. She had thought that the three halls split up all the summoners. She didn't expect that there would be a group of independent cultivators who didn't belong to any of the three halls. Summoners who liked freedom? Haha, it seemed that she had to fight for this seat!

“Are you planning to sign up, Miss Yun?” asked Ling slowly. Yun Feng nodded. “I don’t think I’ll miss it.”

Ling smiled gently. “I hope that you’ll come back to Wind Moon City in five years. I’ll tell you the location of the event here. Although I’d like to give you my number, the Summoning Union has very strict requirements for receiving guests. Please don’t mind, Miss Yun.”

Yun Feng expressed her understanding. The receptionist of the Union must be very different from the ordinary receptionists. Ling’s responsibility was not just reception.

Ling offered Yun Feng a detailed map of the Bright Moon Hall. The map indicated the exact location and was detailed to the villages and fields. With this map, it would be difficult for Yun Feng to get lost in the territory of the Bright Moon Hall.

“Thank you.” Yun Feng thanked him after receiving the map. Ling chuckled. “What else do you need, Miss Yun?”

Yun Feng put away the map in her hand. She still had more important questions in her mind. “Can the leaders of the Summoning Union meet the leaders of the Magic Union?”

Ling glanced at Yun Feng curiously. “You’re right. The Summoning Union and the Magic Union are closer. Naturally, we’ll be able to meet the people from the Magic Union.”

“So... what’s the chance of seeing the president of the Magic Union?”

Ling raised his eyebrows. “Miss Yun wants to meet... the president of the Magic Union?”

Yun Feng smiled. “That’s right.” Ling was silent for a while and chuckled. “I’m afraid it’ll be a bit difficult. After all, that president always comes and goes mysteriously. Nobody knows where he’ll appear. Even the senior members of the Magic Union won’t have a high chance of seeing him.”

Yun Feng couldn’t help but feel a bit disappointed after hearing this. If she could meet the president of the Magic Union with the seat in the Summoning Union, it would be killing two birds with one stone. However, she was just too wishful. In this vast Western Continent, what were the chances of her meeting the mysterious president of the Magic Union? Mu Canghai, what are the chances of me resurrecting you?

Ling looked at Yun Feng carefully and saw that Yun Feng was frowning slightly. A trace of a smile flashed through his eyes. “It’s not impossible for Miss Yun to meet that president...”

Yun Feng’s heart brightened and she looked up. “You have a way?”

Ling nodded as his glasses glittered. “According to the latest report, the president has shown up recently.”

Yun Feng looked at Ling and knew that this news couldn’t be leaked out. Ling must’ve taken a risk to tell it to her. The corners of Ling’s mouth curled up. “Miss Yun, you’re right. Telling Miss Yun this news isn’t something a receptionist like me should do. However, I still can’t resist Miss Yun’s request...” Ling bent his body slightly and his face was suddenly very close to Yun Feng. He gazed at Yun Feng attentively through the thin lenses of his glasses.

"I really envy that follower of yours, Miss Yun. If possible, I would like to switch places with him. It's a delightful thing to be able to stay by your side." His tone was gentle and polite, and he didn't go overboard at all. Yun Feng, on the other hand, felt a bit embarrassed. Ling chuckled and stood up. "For the Summoning Union and myself, Miss Yun is an important guest. I certainly have to do my best to fulfill your request. However, since I'm the one who provided you with the information, I certainly have to ask for something in return for my risk."

Yun Feng raised her brows slightly and looked at Ling's gentle and harmless look. Return? What did he want in return?

"If I can do it, I won't refuse," said Yun Feng indifferently. This information was very important to her. The only opportunity to revive Mu Canghai was a dark mage of the Lord Level. She had already asked around. There were indeed mages of the Lord Level in the Magic Union, but there weren't any dark mages. The only one was the mysterious president. She must find him, she must find him!

"What are you worried about, Miss Yun? I won't ask you to do anything outrageous. I won't give you a hard time." Ling smiled calmly. "I heard that the president has appeared somewhere in the east recently. He seems to be near a village called Ganbi. I really don't know why he went there."

Ganbi Village in the east. Yun Feng remembered this name in her mind. This was the only clue right now.. Even though she didn't know if the president would still be there, Yun Feng had to make this trip! Even if she were to fail, she must try her best!

#### **Chapter 574: Looking for Someone (2)**

"Thank you." Yun Feng thanked Ling for telling her the news from the bottom of her heart. Ling smiled slightly. "You're too kind, Miss Yun. This is the information that I personally provided, and it's also for my own sake. As for the price, I'll tell you when you come to find me five years later."

Yun Feng was stunned. Ling touched the glasses on the bridge of his nose. "Don't worry, Miss Yun. I won't make things difficult for you. I hope you can find that president successfully. If you really find him, please tell him to stop running around. The people of the Magic Union are anxious to find him."

Yun Feng nodded with a smile. Ling bowed slightly. "I hope that you'll be stronger in the next five years. If you want to win, you must give it your all. Have a safe trip. Goodbye." After saying goodbye, Ling turned around and went back to his business. He didn't seem to have said anything meaningful just then. Yun Feng smiled gently and walked out of the Summoning Union.

Ling, who was busy with his head lowered, slowly raised his head. The glasses on his nose suddenly flashed with light and his thin lips curled up slowly. "Such a woman is truly irresistible... Even though she hasn't fully grown up yet, she's already a poppy..." Ling slowly lowered his head. "Am I already poisoned?"

The moment Yun Feng came back, she felt that the atmosphere was a bit weird. Qu Lanyi and Zhan Li were sitting together and talking in a low voice. The atmosphere was quite harmonious, but the Magic Beasts were different. This was the first time Yun Feng noticed that something was wrong with Yaoyao. At this moment, Yaoyao was with Lan Yi and Little Fire, staying a bit further away. When she saw Yun Feng, Yaoyao's eyes suddenly brightened, but she didn't rush over like usual.

Yun Feng walked over with a slight frown. When she came to Yaoyao's side, Yaoyao, who had transformed into a human form, suddenly pounced into Yun Feng's arms and hugged Yun Feng tightly, looking very attached. Yun Feng stroked Yaoyao's soft long hair and looked at Little Fire and Lan Yi a bit strangely.

"What's wrong with Yaoyao?"

Little Fire moved the corners of its mouth, but didn't say anything. Lan Yi smiled. "Maybe she needs water elements. After all, it's a bit inconvenient for sea demons to live on land."

Yun Feng finally remembered that Yaoyao hadn't come close to her these few days and her water element didn't envelop her either. Seeing Yaoyao in her arms, Yun Feng smiled. The light blue water element then appeared from the center of Yun Feng's palm and slowly covered Yaoyao's entire body.

Yaoyao rubbed her little face in satisfaction and looked very comfortable. Her little face was full of cuteness and she was completely dependent on Yun Feng. Yun Feng held Yaoyao's little kid's body and let her snuggle in her arms and act cute.

"Are you not going to contract with this sea demon, my daughter?" Zhan Li's voice suddenly sounded. Yaoyao's satisfied expression immediately froze there. She couldn't help but hug Yun Feng even tighter with her hands. Her ears were almost turning into the fins of the sea demons.

Yun Feng stroked Yaoyao's hair comfortingly and Yaoyao finally calmed down a bit. "Yaoyao is still young. I don't think she can bear the contract with her right now."

Zhan Li glanced at Yaoyao. "But this is a sea demon. On the West Continent, some thoughtful summoners will fight for it if they see it."

There was coldness at the corners of Yun Feng's mouth. "They'll be free to try."

Zhan Li burst into laughter. "Not bad, not bad! My daughter is indeed like me! Whoever wants to steal it, let them try!" Qu Lanyi shook his head helplessly. Yun Jing was more serious. This Uncle Zhan was a troublemaker. If Fengfeng really had such a father, she would have a headache.

Yun Feng explained where she was going next and took out the detailed map that Ling gave her. Zhan Li looked at the map carefully and chuckled. "This map is extremely detailed. It must've been made in the hands of a master. That person who gave you this map did you a great favor."

Qu Lanyi's face darkened. He thought of the spectacled man in the Summoning Union. Although he looked gentle, Qu Lanyi knew very well that the man was also a wolf in sheep's appearance. It was just that his sheep skin was very obvious, while that guy was hidden more deeply.

"You're looking for the President of the Magic Union? I've never seen that guy before. It'll be great if we can meet him this time," said Zhan Li. Yun Feng's heart couldn't help but sink a bit. Even though Zhan Li didn't tell her exactly who he was on the West Continent, it wasn't hard to guess that his identity must be quite high. Even Zhan Li had never seen the president of the Magic Union. Could she really find him this time?

After deciding on their trip, everyone set off immediately. Yun Feng was also a bit anxious. If they were a bit late, would that mysterious president leave just like that? She didn't want to fail, but there wasn't much hope.

Ganbi Village was located in the northeast corner of the territory of the Bright Moon Hall. That was a place with very few people. After all, it was just a small village and the economy in that area wasn't very great. Even the nearest city required two to three days of traveling time. It was indeed a bit unbelievable that the president would appear in such a place.

Yun Feng didn't have time to investigate anything else. She rushed crazily all the way to Ganbi Village. Her body completely turned into an endless long line as she flew through the sky. She met some powerhouses along the way, but these powerhouses all gave way obediently and let Yun Feng and the others go. They were all a bit surprised in their minds. Who exactly were those people? Why were all of them so terrifying?!

The journey was smooth and unhindered. Nobody dared to stop her! Yun Feng only took a day and a half to reach this remote little village in the northeast. She was a bit confused. What exactly did that president look like? What was his name? What were his characteristics? Was he really a man? Yun Feng knew nothing about these things. The only thing she knew was that he was a dark mage.

Yun Feng and her companions stopped in the sky above Ganbi Village and looked down at the peaceful little village from above. How could she forget that she couldn't sense the dark elements at all? How was she going to find this president?

Yun Feng suddenly thought of something and turned to Little Fire. Little Fire was a mutated Fire Cloud Wolf.. It had not only fire elements, but also dark elements! "Little Fire, can you sense the dark elements around?"

### **Chapter 575: Looking for Someone (3)**

Little Fire smiled awkwardly. "Master, although I have dark elements, I'm not as sensitive to them as pure dark Magic Beasts are. My perception of dark elements can be said to be... quite weak."

"If he has indeed been here, the locals in this village should know about the visit of this outsider. We just have to ask the villagers and we'll know everything," said Qu Lanyi softly. He had already landed from the sky. Yun Feng nodded, and the group of them descended from the sky and came to the entrance of the village.

There were very few people in Ganbi Village. There were only four or five people walking around in the village. Seeing Yun Feng and the others, the locals seemed a bit nervous and even a bit vigilant. Perhaps because of the bad communication with the outside world, they were a bit uncomfortable when outsiders came.

"Excuse me..." Yun Feng tried to talk to a villager, but the villager ran away in panic and fear after seeing her.

"Why are they so scared?" Qu Lanyi found it strange. Although this place was remote, they shouldn't be so scared! The outsiders didn't look like bad people. Why were they so panicked?

“Cough, cough! Are you here for someone?” An old voice sounded. Yun Feng then noticed three people walking slowly from the other side of the village. One of them was an old man who looked very prestigious. He should be the leader of this village.

“Did anyone else come here?” asked Zhan Li. The old man coughed again and nodded. “A day ago, a group of people suddenly broke into the village with ferocious expressions. I thought they were here to rob us, but they were here to look for someone.” The old man seemed a bit frightened. “More than ten people came in just like that. Their eyes were all red. They’re truly...” The old man shook his head and sighed helplessly.

Yun Feng almost laughed after hearing that. Those people who came were probably people from the Magic Union. In order to find that president of theirs, they probably had to run all over the West Continent. Their eyes were red and they must be crazy. It was understandable that the villagers were so scared just then.

“We’re here for someone too. I think we’re looking for the same person,” said Yun Feng with a smile. The village leader nodded. “You look more friendly. The man you’re looking for has gone to the mountains on the back. He only stayed in this small village for one night. If you’re fast enough, you should be able to find him in the mountains.”

Yun Feng immediately thanked him and her body suddenly rose into the air, directly flying into the sky. The others were the same. A few figures immediately rose into the sky and disappeared.

The village leader blinked several times and looked up for a long time. He only put down his head when his neck was sore. “Whoa... It seems that the little girl and these people are real experts who keep a low profile... But who exactly are they looking for? They must be masters...” The village leader mumbled as he turned around and walked inside. The two young people next to him were staring at the sky in a daze. The outsiders were experts!

Behind Ganbi Village was a dense forest with a very high altitude. The mountain was also quite steep. She didn’t know where this mountain range extended. Yun Feng stood in the sky and observed for a while. She couldn’t find anyone in the sky, because her eyes were full of green. Thick leaves and branches blocked everything.

“Let’s go down.” Yun Feng suddenly landed on the ground from the sky. This area was very vast. The few of them immediately split up and searched in different directions. Little Fire transformed into the original body of the Fire Cloud Wolf and disappeared into the forest in the blink of an eye. It was obvious that Little Fire was more willing to appear in the original body of a Magic Beast, because it let out excited wolf roars.

Zhan Li, Qu Lanyi and Lan Yi all searched in the same direction, while Yun Feng, Yaoyao and Meatball were moving in another one.

Yaoyao was held in Yun Feng’s arms while Meatball sat on Yun Feng’s shoulder. Yun Feng moved quickly through the forest. Some low-level Magic Beasts immediately ran off when they saw Yun Feng approaching. Those who could dodge naturally had to dodge. Those who couldn’t dodge in time curled up their bodies and hid there. They only felt a gust of dark wind and then that terrifying aura gradually faded away.

Yun Feng searched the nearby area carefully with her eyes and her mental strength also spread out slowly. "Hm?" Yun Feng's body suddenly stopped and she closed her eyes slightly to examine carefully. There was a place in this area that she couldn't sense and it was blank!

Whoever hid from her must be stronger than her! Thinking of this, Yun Feng moved her body and dashed towards that place where she couldn't sense anything. As she ran, the smile on the corners of Yun Feng's mouth became bigger and bigger. That existence that couldn't be detected was moving, and it was moving quite fast!

Being unable to be detected might be the best way to hide himself. However, in the radius where one could sense everything, the parts that couldn't be detected were unusually obvious, just like the current situation. In the area covered by Yun Feng's mental strength, the parts that she couldn't detect expanded and they were extremely distinct!

Yun Feng's heart couldn't help but beat faster and the blood in her body also boiled at this moment. Her black eyes flashed with an inexplicable light and her body sped up again. Everything around her had already become more and more blurry in her vision. Yun Feng's body was as fast as lightning, constantly shortening the distance between her and the parts that weren't perceived. She was getting closer and closer!

Yun Feng suddenly stopped and stood there quietly. At that moment, that target disappeared! Yun Feng's face darkened. She thought she could catch up with it, but it disappeared so quickly! If it was really that president, such an ability could indeed drive the senior members of the Magic Union crazy.

"Nana!" A loud shout came. Meatball on Yun Feng's shoulder suddenly arched its body and aimed in a certain direction in the sky, pouncing quickly!

"What?" As Meatball moved, a miserable figure suddenly fell somewhere from the space. Perhaps it thought it wouldn't be discovered, so it was a bit at a loss at this sudden situation..

#### **Chapter 576: Looking for Someone (4)**

Yun Feng looked at the person who fell on the ground and narrowed her black eyes slightly with a smile at the corners of her mouth. "President of the Magic Union. Found you."

The person who fell out of the space was not a middle-aged uncle or an old man, but a young man who looked about the same age as Yun Feng. Yun Feng narrowed her eyes and observed carefully. If the person in front of her was the President of the Magic Union, it was truly a bit weird. However, there were also many young people who made great achievements. Appearance didn't mean anything.

The young man's short hair fluttered in the wind. He fell from the space unprepared and fell on the ground in a sorry state. At this moment, he was getting up from the ground. He rubbed his butt and head, which were hurting from the fall, and he seemed to be grimacing.

"Ouch... It hurts!" The young man rubbed his butt with a grin and looked at Yun Feng with his eyes as he shouted, "What are you doing?"

Yun Feng looked carefully. The young man's face looked a bit girly. His facial features were too feminine, which was different from Qu Lanyi's disguise as a girl. Qu Lanyi's facial features were soft and gentle. Although the young man in front of her looked more like a girl, he was very clear and bright.

Yun Feng frowned slightly. "Are you the President of the Magic Union?"

The young man couldn't help but roll his eyes. "I don't know what you're talking about!"

Hearing that, Yun Feng's expression couldn't help but darken. No? Really?! The young man wanted to say something, but the expression on his face changed in the next second. He jumped to Yun Feng's side and grabbed her wrist with one hand. Before Yun Feng was prepared, she only felt that the space around her suddenly distorted and was completely enveloped by the space.

"Shh... Don't say anything!" The young man's voice was right next to Yun Feng's ear, and he was also holding Yun Feng's wrist tightly. Yaoyao had been following Yun Feng closely. She glanced at the young man curiously, and Meatball also blinked its big eyes in confusion. Yun Feng said in a low voice, "What are you doing?"

The young man tightened his grip on Yun Feng's wrist and suddenly widened his eyes. "Don't talk! They're here!"

As soon as the young man said that, Yun Feng felt some powerful aura suddenly descend. A dozen people came quickly from nearby and stopped near the space where Yun Feng and the others were hiding.

Yun Feng's brows moved slightly. The dozen or so people who came here were all powerhouses. Most of them were at the Commander Level, and one of them had reached the Monarch Level!

"Search carefully! We must find them!" The Monarch Level person gave an order. The others quickly separated and searched carefully in the nearby area. Everyone had a ferocious look on their face and their eyes were slightly red. Yun Feng immediately realized that the people the village leader was talking about should be the people in front of her. However, they didn't look like people from the Magic Union. They were all warriors!

Yun Feng turned around slightly and looked at the young man next to her. She asked with her eyes, "Are they here for you?" The corners of the young man's mouth twitched and he looked a bit embarrassed. He stared at those people outside with his eyes, looking very nervous.

The Monarch Level man was standing there. His eyes were as sharp as an eagle's, glittering with bright light. He glanced in the direction where Yun Feng and the others were hiding. Yun Feng clearly heard the young man's breathing tighten.

"You can't see me, you can't see me, you can't see me..." The young man's lips were moving slightly. Even though he didn't say anything, Yun Feng had already understood the young man's prayer from the shape of his mouth. She couldn't help but smile.

If it weren't for Meatball, she wouldn't have discovered him. Of course, these people couldn't discover him either. In terms of hiding skills, this young man was definitely top-notch.

Very soon, the people who searched this area had all returned and reported that they couldn't find him. The face of the Monarch Level person became much gloomier and covered with a layer of dark clouds. "Continue searching! Even if you have to turn this mountain upside down, find him for me!"

“Swish, swish, swish, swish...” The dozen people immediately turned into shadows and left in the blink of an eye. After waiting for a while, the young man heaved a sigh of relief. “Luckily, we weren’t discovered!”

The space next to her became distorted again. Yun Feng noticed that they had already come out of the hiding space. The young man wiped the sweat on his forehead with his hand and laughed. “You want to catch me? In your next life!”

Yun Feng stood aside silently and only sized up the young man quietly. The young man suddenly retracted his hand. He had been holding Yun Feng’s wrist just then and hadn’t let go. The young man’s face was actually slightly red.

“Ah, well... I had no choice, so I grabbed your hand. I... I have something to do. I’ll get going...” The young man looked at Yun Feng with panic in his eyes, as if he had never been this close to a girl. He turned around and was about to leave, when he sensitively felt a coldness behind him. The young man’s body shook abruptly and he was as fast as lightning. Yun Feng’s eyes darkened when she saw that. She suddenly flipped her wrist and the water element chain that suddenly appeared in her hand chased after him without hesitation!

“What are you doing?” The young man dodged with agility comparable to that of a monkey. Yun Feng chuckled and the Water Chains followed him. Although the chains were long, they weren’t any slower than the young man!

“Are you in cahoots with them?” The young man gritted his teeth and shouted. His body suddenly flipped in the air and he stepped in the air, like a ferocious bird, wanting to leave!

Yun Feng smiled with her red lips and the chain in her hand suddenly followed him. Like a blue python, it clung to its prey tightly, preventing it from escaping!

Even though she didn’t know why those people were chasing him, she wouldn’t let him go until she confirmed that he wasn’t the President of the Magic Union!

“Damn it!” The young man’s delicate facial features were completely twisted and clear anger flashed in his eyes. His clothes were a bit messy from being chased by Yun Feng’s chains. His body suddenly landed on the ground and his hands quickly turned around. A strong and repressed energy appeared in the center of the young man’s hands!

Yun Feng was startled. The blood in her veins immediately surged. That was... the dark element!

Faint black energy appeared faintly in the young man’s hand and a trace of gloominess appeared on the young man’s face. Yaoyao, who was next to Yun Feng, suddenly opened her little mouth and her sharp teeth were bared. The vertical pupils in her eyes widened abruptly and the young man was instantly stunned..

### **Chapter 577: Hello, Hello, Hello (1)**

“A... A Magic Beast... That’s a Magic Beast!” The dark elements in the young man’s hand suddenly disappeared and the energy that he had accumulated just then also suddenly became sluggish. He stared at Yaoyao with a dumbfounded expression on his face.

Yun Feng chuckled as the water element in her hand suddenly locked onto the young man's body when he wasn't paying attention. The young man, who had just been distracted, suddenly came back to himself and yelled, "Hey, hey, hey! What are you doing? There's no grudge between us! This is the first time we've met!"

There was a smile on Yun Feng's face. Should she call this young man in front of her naive or what? He was so agile just then. If he hadn't been distracted just then, she wouldn't have had the chance to catch him. Also, he had that unimaginable hidden technique. This young man should be quite a strong person, but he was caught so easily by her.

"There's certainly no grudge between us. I just have some things to confirm." Yun Feng clenched her hand. The water element chains had already bound the young boy's limbs firmly. There was anger and grievance on the young boy's delicate facial features at this moment. It was truly embarrassing to be tied up like this by someone he had just met.

"What do you want to confirm? I'm not the president you're looking for! Which president is a kid like myself?" The young man grumbled in a low voice with dissatisfaction. His body also twisted restlessly. However, he couldn't get away from the chains no matter how hard he tried. He looked a bit funny when he was trapped by the chains.

"You can't judge a book by its cover. It's just a disguise to confuse others," said Yun Feng casually. She held the other end of the chain and slowly walked to the young man. The young man's eyes were so clear that one could see the bottom of them without any impurities. He looked like a kid who hadn't seen the world.

"A dark-element mage?" Yun Feng raised her brows indifferently. The young man chuckled as a hint of pride flashed on his face. "Yes, as far as I know, dark-element mages are quite rare. You're lucky to have met me."

Yun Feng smiled in her mind. This young man was truly ignorant. He didn't have any sense of danger even after being tied up like this. Even when he talked about himself, there wasn't a hint of nervousness in his arrogant tone at all. He was truly...

"The president I'm looking for is also a dark-element mage." Yun Feng's gaze suddenly became sharp. The young boy was stunned. "Hey, hey, hey! I'm not the president you're looking for. It's just a coincidence. He's not the only dark-element mage!"

Yun Feng didn't say anything. Her mental strength slowly spread out from her body. If this young man's strength really couldn't be measured by her, what he said would be questionable.

"Hey, hey, hey! I'm telling the truth! I'm not the person you're looking for! Hey, hey, hey! Are you listening to me?" The young man yelled a bit noisily. Meatball glanced at him in frustration and opened its mouth, revealing a ferocious expression on its cute face. The young man was startled and chuckled dryly.

"Hey, hey, hey, can you not be so fierce... It doesn't go with your cute appearance."

Meatball suddenly arched its body, and all the hair on its body stood up because of what he said. Its ferocious expression became even more so. The young boy slightly looked away and mumbled in a low voice, "Strange people, strange people with strange Magic Beasts..."

Yun Feng slowly opened her eyes and there was a trace of frustration in her black eyes. "You're very noisy." She looked at the young man in front of her with her eyes and the young man suddenly turned his head around. "Hey, hey, hey! You're being unreasonable here. I already told you that I'm not the person you're looking for, but you didn't listen. And now, you're complaining that I'm noisy? Hey, hey, hey, are you being reasonable?"

Yun Feng's temples throbbed a few times as she suppressed the frustration in her heart. If he was truly the President of the Magic Union, those people of the Magic Union would probably have committed suicide!

"I can't measure your strength. The person I'm looking for is also stronger than me. You happen to meet all the conditions. It's very difficult for me to say that you are not the person I'm looking for."

"Hey, hey, hey! Don't you know? Dark mages have a kind of ability that allows them to hide their strength and aura!"

Yun Feng was startled. The young man curled his lips in dissatisfaction. "This is the unique ability of a dark mage. It's natural that you don't know about it. But... Hey, hey, hey, I'm really not the person you're looking for! You can test my strength again right now and you'll know!"

The corners of Yun Feng's mouth twitched and she clenched her fists. The Water Chains restrained the young boy even more tightly. "Hey, hey, hey! You're a girl! Girls shouldn't be so rough!" The young boy yelled. Yun Feng only felt a slight headache.

"We'll know if you're the president after we take you back," said Yun Feng fiercely, but the young man shook his head after hearing that. "Hey, hey, hey! Where are you taking me? I can't go with you. Absolutely not!"

Yun Feng glared at the young man fiercely. Her patience was almost worn out by this noisy young man! "It's not up to you! Also, my name is not hey hey hey. I'm Yun Feng!"

Yun Feng moved her body and held the chain. The young man on the other end of the water element chain was pulled and fell straight to the ground. Yun Feng then dragged him forward.

"Hey, hey, hey! You're too unreasonable! I don't know you. Why did you catch me? Hey, hey, hey! Can you not be so stubborn? This is the first time we've met. We're strangers. Hey, hey, hey, hey..." The young man's voice suddenly stopped. Yun Feng turned her head slightly at this moment. The young man couldn't see Yun Feng's expression at this moment. He could only see her slightly curved red lips and the unusually cold smile on the side of her face.

"I'll give you to those people just then. What do you think? Hey, hey, hey?"

The young man suddenly became as silent as a rooster whose neck was stuck. He opened his mouth and the expression on his face instantly froze. Yun Feng turned her head indifferently and suddenly pulled with her hand, moving forward. The young man was dragged just like that. Even though he was dragged, his body wasn't hurt due to the chains.

“Hey, hey, don’t be like this... You and I have already known each other...” The young man’s voice sounded again. Yun Feng’s face darkened as her body suddenly jumped into the air. The young man behind her also rose into the air and was dragged upside down..

## **Chapter 578: Hello, Hello, Hello (2)**

Yun Feng’s body flew through the air like the wind and the screams of the young boy behind her sounded like a pig being slaughtered. “Hey, hey, hey! I’m afraid of heights...”

When Qu Lanyi, Zhan Li, Little Fire and Lan Yi gathered with Yun Feng again and saw the water element chain in Yun Feng’s hand and a young boy tied on the other end of the chain, everyone was stunned.

“Fengfeng, this is...” Qu Lanyi asked tentatively. The tied up young man was a bit pale, obviously due to the flight. He had been yelling all the way in the sky, but Yun Feng didn’t let him go. In the end, he didn’t even have the strength to shout.

“Hey, hey, hey, I don’t know who you are. Please tell her that I’m really not the person she’s looking for.” The young man said weakly and suddenly coughed a few times. The little fire wolf slowly leaned forward and stared at the young man with its pure black wolf eyes. The young man suddenly stopped talking and swallowed unconsciously.

Little Fire’s ferocious head was very close to the young boy’s face. It stared at the young boy with its fierce eyes for a long time. The young boy’s lips trembled as he said, “Hey, hey, hey... Stay away from me... I... can’t breathe anymore.”

Little Fire immediately narrowed its wolf eyes. “Master, is he a dark-element mage?”

Yun Feng nodded. “Yes, he’s a dark mage. If he weren’t a dark mage, I wouldn’t have kidnapped this noisy guy.”

Qu Lanyi looked at the young man thoughtfully. Zhan Li walked up and looked down at the young man, rubbing his chin. “You’re quite good-looking. Why are you so talkative?”

The young man looked at Zhan Li. “Uncle, I’m just passing by. Really.”

Zhan Li laughed and was amused by what the young man said. “I don’t know if you’re passing by. Since my daughter wants to take you back, you shouldn’t resist.”

The corners of the young man’s mouth curled. It was useless for him to resist in this situation. But then again, who exactly were these people? The Magic Beasts she had with her suggested that she was one of the so-called summoners... He heard that summoners and dark mages were just as rare. They should be on the same side...

While the young man was daydreaming, Yun Feng briefly told everybody what happened. Qu Lanyi looked at the tied up young man and said in a low voice, “Aren’t you going to keep searching? He doesn’t look very...”

Yun Feng frowned. It would be useless to search again. If he was the president, it would be good. If he wasn’t, the mysterious President of the Magic Union must’ve already left.

Whether he was the President of the Magic Union or not should be confirmed as soon as they found someone who had seen him. However, how many people had seen that mysterious President? Ling had never seen him, and neither had the members of the Magic Union in Wind Moon City... Yun Feng looked at the young man. It seemed that he was going to stay with them for a while.

“Let’s go. There shouldn’t be any point for us to continue searching here,” said Yun Feng casually. The others all nodded in agreement. The young man lay on the ground and shouted, “Hey, hey, hey. You’re not planning to tie me up forever, are you?”

Yun Feng glanced at him indifferently. “I won’t let you go until I know if you’re the president of the Magic Union.”

The young man’s facial features immediately distorted after hearing that. Yun Feng’s body suddenly rose to the sky and slid forward. The poor young man, who was bound by chains, was hung upside down in the air again.

“Hey, hey, hey! I told you I’m afraid of heights. How can you ignore my feelings like this? Hey, hey, hey! Someone help me! I’m being mugged in broad daylight!”

The young man shouted loudly, but nobody in the sky paid any attention to him. Little Fire came to him. “Kid, you’re too noisy.”

The young man suddenly shut his mouth and remained silent. Little Fire snorted coldly and flew to Yun Feng’s side. The young man was hanging upside down in the air as he looked down at the forest and mountains that were passing by quickly. Never mind. He had to hide anyway. If someone wanted to help him hide, he should feel happy about it.

They quickly arrived at a small city nearby. Yun Feng and the others landed very far away from the city in a low-profile manner. Little Fire didn’t want to transform into a human anymore. It liked the form of a Magic Beast. Even though it could easily cause a commotion, Yun Feng didn’t want to force it.

They also had the captive who was tied up. Yun Feng thought for a moment. It wasn’t appropriate to just tie him up and bring him into the city. The young man glanced at the small town not far away. “Hey, hey, hey. You should at least get rid of these chains! I’m not a criminal!”

Yun Feng narrowed her eyes slightly and waved her hand. All the chains on the young boy’s body disappeared. The young boy was delighted. Before he was happy for long, he felt a sudden coldness on the neck of his feet. The young boy shivered and subconsciously looked at his feet. There was nothing.

Yun Feng clenched her fist gently in the air and then pulled hard! The young man only felt something wrap around his ankle and drag his body forward under a strong force!

“Argh!” Following a shout, the young man fell on the ground embarrassingly. In the eyes of outsiders, he simply fell for no reason at all.

“Hey, hey, hey, you’re too cruel...” The young man sat on the ground and looked at Yun Feng. Yun Feng walked over slowly. “I have something urgent to talk to that president. I need a special ability of the dark mages. It’s very important to me.”

The young man looked at Yun Feng's clear eyes and put his hands on his sides. "If you need a dark-element mage, I can also help you."

A hint of surprise flashed through Yun Feng's mind. Even though it was a bit wrong to tie him up like this, there was nothing else she could do about it. The young man couldn't understand Yun Feng's

### **Chapter 579: Hello, Hello, Hello (3)**

Yun Feng glanced at him coldly, and the young man immediately fell silent. After a few seconds of silence, the young man said, "I'm really not the person you're looking for. I'm not at the Lord Level yet. I'm not nearly as good as that president..."

Seeing that the young man didn't seem to be lying, Yun Feng couldn't help but feel a bit disappointed in her heart. Was it... true? The opportunity for Mu Canghai's resurrection was with that president. Now, she had to start from zero again.

"I'm sorry," said Yun Feng in a low voice. Just then, Yun Feng's mental strength instantly invaded the young man's body and she clearly detected the young man's level of strength. As he said, he hadn't reached the Lord Level yet. He didn't lie at all. He wasn't the person she was looking for.

The coldness on the young man's ankle immediately disappeared. Yun Feng slowly stood up. "It's my fault for mistreating you like this all the way. I was just a bit hasty. In order to make it up to you, if you need my help, just tell me." The young man sat on the ground in a daze. After hearing what Yun Feng said, he suddenly stood up. "Hey, hey, hey, are you serious? You'd help me with anything?" Yun Feng looked at the young man's energetic face and said softly, "I'll ignore unreasonable requests."

The two of them talked a little further away. Qu Lanyi and the others watched from the side. Nobody believed that this young man was the President of the Magic Union. If that was the case... wouldn't the Magic Union be too...

"Hey, hey, hey, that's a deal!" The young man's cheerful voice came. Qu Lanyi frowned slightly and saw Yun Feng and the young man walking over together. Zhan Li looked at them with raised brows curiously. Little Fire and Lan Yi, on the other hand, didn't seem to care. Yaoyao stood next to Lan Yi and only looked at Yun Feng. Meatball, on the other hand, jumped on Yun Feng's shoulder from Little Fire's head.

"He's not the person I'm looking for. Let's go," said Yun Feng in a low voice. The others weren't surprised, but the person they caught was still following them. Qu Lanyi turned around slightly.

"Why are you following us?"

The young man chuckled. "Hey, hey, hey. Why are you so excited? She has already promised to travel with me for a while." The young man was about the same height as Qu Lanyi. He looked at Qu Lanyi with a delicate face and raised his eyebrows very high.

"Yes, it's my fault for catching the wrong person. He's just going with us. He'll leave when we get there," said Yun Feng, feeling a bit disappointed. She couldn't rush to resurrect Mu Canghai... This young man was a dark-element mage, and his strength was comparable to hers. It seemed that he was also a

genius. However, the difference between the Monarch Level and the Lord Level was too huge. It would take an unimaginable amount of time and energy to cross this threshold.

Even Yun Feng couldn't estimate how long it would take for her to reach the Lord Level. How many people on this continent could reach the Lord Level? People who could reach this level would probably see the world in a completely different way.

Perhaps because of the discord between light and darkness, Qu Lanyi disliked this young man, and the young man didn't like him either. "Hey, hey, hey, what are you looking at?" The young man glanced at Qu Lanyi unhappily. "You look like a vixen. How ugly." What the young man said made Qu Lanyi's face darken.

"You have a woman's face. I doubt that you are a man." Qu Lanyi curled his lips and stared at the young man with his black eyes. Their eyes met in the air.

"Hey, hey, hey. Do you want to fight?" The young man's delicate facial features were covered with a layer of anger. Qu Lanyi sneered and seemed to be playing along. "Alright, that's a good suggestion. Hey, hey, hey." Zhan Li burst into laughter. "I like young people. Not bad, not bad." Yun Feng didn't care about these two people who were already planning to fight. She took out the map of the Bright Moon Hall's territory and studied it carefully. Finding the president of the Arcane Magic Guild was something that could only be achieved by luck and fate. The mysterious president had already left the Bright Moon Hall's territory. It wasn't easy to find someone who was missing in the vast West Continent!

This matter could only be postponed for the time being. There was another very important matter in Yun Feng's mind, which was also what she was most concerned about... Find the other branches of the Yun family!

In the blink of an eye, more than half a year had passed. Yun Feng spent half the year in the area of the Bright Moon Hall, and searched only half of it. She didn't miss a single detail, from every corner to every city. It was quite difficult to find the branches of the Yun family. Yun Feng didn't know if they changed their names or kept their original surnames. It was quite easy to find them if they kept their original surnames. However, Yun Feng didn't meet anyone from the Yun family during the half a year she searched. If there was really a branch of the Yun family on the West Continent, they must have hidden their names.

This undoubtedly increased the difficulty. It could be said that Yun Feng didn't have any other information other than knowing that there was a branch of the Yun family on the West Continent. The West Continent was extremely vast. If Yun Feng were to search at this speed, it would take at least ten years.

Even so, Yun Feng had never given up the idea of searching. If she still couldn't find anything until the Summoners' Convention four and a half years later, she could only investigate with the power of the seat that she was determined to win.

For half a year, Uncle Zhan had been following Yun Feng. No matter where Yun Feng went, he would wander aimlessly with her. During this half a year, Uncle Zhan had been acting like he had nothing else to do. Finally, one day, after Zhan Li's Sound Transmission Jade rang a few times, Zhan Li's expression suddenly changed. He immediately said a few words to Yun Feng in a hurry and left.

Uncle Zhan left quickly. It was obvious that the situation was urgent. Yun Feng didn't have time to ask what it was about, but she subconsciously thought that even if she asked, Zhan Li wouldn't tell her.

Yun Feng had thought about Zhan Li's identity and background more than once. He was a senior member of the Mercenary Union on the East Continent. Uncle Zhan's identity wasn't just that. He was someone who could travel unhindered on the West Continent and make the three halls give him some respect. His real identity must be worth investigating..

### **Chapter 580: Fiancée (1)**

Zhan Li didn't mention anything about himself. Yun Feng knew that Uncle Zhan treated her very well, but Uncle Zhan also had something he needed to hide, just like her. He had been searching aimlessly for the past six months and Uncle Zhan didn't know what Yun Feng was doing at all. Uncle Zhan didn't ask anything and still accompanied Yun Feng for half a year. It was obvious that he truly cared for Yun Feng

After Uncle Zhan left, Yun Feng suddenly felt a bit lonely. In the past half a year, this middle-aged man had been pestering her to call him father every day. His big hand would rub her hair from time to time and mess it up. Zhan Li's hearty and deep laughter would always come. After Zhan Li left, the atmosphere became a bit cold.

However, this cold atmosphere didn't last long at all. It was replaced by another kind of heat. The young man who followed Yun Feng back then was still following her. At first, he said he was just going along with her for a while. Yun Feng really didn't expect that it had been half a year.

That young man was called Yan Che. As a dark-element mage, he seemed a bit insensitive. By logic, people with the dark element should be strange, but Yan Che was just like Qu Lanyi in terms of personality.

The two people who didn't like each other had already been at loggerheads for more than half a year. Qu Lanyi and Yan Che really didn't like each other. It would be strange if they didn't argue a few times every day. Of course, fighting every day was inevitable. Yun Feng and the few Magic Beasts were already used to it. If they wanted to fight, let them.

At this moment, they were resting in the suburbs outside of the city. After moving forward for a while, they arrived at the next city, Yuanshui City. This city was considered one of the second-rate cities in the territory of the Bright Moon Hall. Although it couldn't compare to the prosperity of the first-rate cities, Yuanshui City was still quite a big city. Although this city was second-rate, some strange things often appeared in it.

Yun Sheng and Mu Xiaojin's baby should be born in three or four months. Mu Xiaojin's pregnancy was already obvious and everything was going well. Yun Feng was also thrilled because of this unborn little life. Even though the baby wasn't born yet, Yun Feng was already going to give her the best things.

Whether it was going to be her nephew or niece, this child must have the best things.

Yun Feng was already thinking about what kind of gift she should prepare in her mind. Due to the system of the East Continent, this kid would most likely be a warrior, but Yun Sheng and Mu Xiaojin were both mages. This kid might also carry the genes of a mage. It would be even better if the kid was a summoner.

Yun Feng patted her clothes and stood up. Yaoyao held Yun Feng's little hand and chuckled at Yun Feng. Yun Feng looked at the tall city wall not far away. She might be able to find something good in Yuanshui City.

Little Fire opened its mouth lazily and yawned, as if it was a bit tired. "Ah. How boring. I wonder how that stupid girl is doing

Yun Feng smiled. Xia Qing had been cultivating in the Dragon Palace. That kid was also hardworking and had never stopped. Half a year had already passed and her strength had probably risen rapidly. She wouldn't be released until she reached the Commander Level. Her freedom depended on whether this kid could reach this level as soon as possible.

Lan Yi chuckled. "Brother Fire, are you worried about Qingqing, or are you missing her after not seeing her for a long time?"

Little Fire's body, which was stretching lazily, froze. The Fire Cloud Wolf, which looked fierce at first, seemed a bit embarrassed. Lan Yi pursed its lips and didn't say anything else. Little Fire roared in embarrassment, Who misses her? Who misses that stupid girl?

Yun Feng chuckled and touched Little Fire's head with her hand, pinching its soft and cute wolf ears. Little Fire's ears moved back and Yun Feng squeezed them again precisely, sensing that this wolf was indeed shy.

Transvestite!" A shout came. A black shadow flashed behind Yun Feng and the others. It was Yan Che's voice. "Fake man!" It was Qu Lanyi's voice. Another black shadow flashed past.

The two elements of light and darkness clashed behind Yun Feng, making her dizzy. Yun Feng turned her head around lazily and looked at the two people whose bodies were itchy after not fighting for a day. She curled her lips helplessly.

"Enemies." Yun Feng commented in a low voice. She didn't care about the two of them. She held Yaoyao's little hand and walked forward. Little Fire and Lan Yi both chuckled and followed Yun Feng.

"Damn it! A sudden roar came. Yun Feng stopped. It wasn't Yan Che and Qu Lanyi's voices, but someone else's.

Very soon, a figure ran out of the city gate, looking a bit messy and even stumbling. He ran so quickly that he was a bit unsteady. Then, that figure knelt on the ground heavily with his hands clenched into fists and smashed into the ground fiercely. He kept shouting angrily in an empty corner.

Yun Feng looked at the clothes on that person's body. There were even golden threads mixed in the high-quality fabric. This person should be from a rich family. However, even though the clothes on this person's body were pretty good, at this moment, they seemed a bit tattered, as if he had fought with someone.

Yun Feng walked over slowly. Rich families were full of troubles. This might be

another child who was bullied in the family. It was also very difficult to survive in a rich family, such as the Mu family. Madam Zi did everything she could to let her child inherit the Mu family, and even murdered the two children left by the main wife.

As she passed by this person who was kneeling on the ground, he realized that someone was walking over and suddenly raised his head. Yun Feng saw a very miserable face.

He looked like he was in his early twenties. His facial features were bruised and swollen at this moment. One side of his face was already swollen and there was an obvious bruise on his eye sockets. His lips were also broken with blood stains. Coupled with his messy clothes, this person must have fought with someone fiercely. Looking at his bloodshot eyes, he should be the loser.

The young man suddenly looked up and saw Yun Feng. He was startled for a moment, and then looked a bit embarrassed. After all, everybody would always be a bit embarrassed when their miserable appearance was seen. However, when the young man saw Little Fire standing next to Yun Feng, he opened his mouth. "Magic. Magic. Magic Beast!" The young man subconsciously glanced at Yun Feng's finger. Seeing that it was empty, he suddenly chuckled with an indescribable ridicule in his tone..
