

Summoner 581

Chapter 581: Fiancée (2)

“Hm. I knew it. How can I be so lucky to meet a summoner? Haha, so you’re an impostor..”The young man’s mocking whisper was heard clearly by Yun Feng. She raised her brows slightly. Yun Feng didn’t want to argue with this person. Little Fire and Lan Yi couldn’t help but feel a bit angry after hearing this. Their master was a real summoner, yet she was called an impostor! This was also an implication that they were only good looking but useless!

“Nanal Meatball shouted unhappily on Yun Feng’s shoulder. Because Yun Feng didn’t like wearing the Rings of Contract, people often misunderstood her. Yun Feng certainly didn’t mind, but her Magic Beasts all defended her.

“Open your stupid eyes and look carefully!” Little Fire roared. Lan Yi’s face became completely cold. The young man was stunned when he heard that. He raised his head and looked at Yun Feng carefully again. Yun Feng smiled lightly and turned around to leave.

“Wait, wait!” The young man shouted abruptly. Yun Feng stopped. “What’s the matter?”

The young man hurriedly stood up and looked at Yun Feng with uncertainty in his eyes. “Y-You’re really...a summoner?”

Yun Feng glanced at the young man and didn’t say anything. Whether she was a summoner or not had nothing to do with him at all. There was no need for her to answer him. Yun Feng ignored the young man and continued walking forward. Seeing Yun Feng’s attitude, the young man was intrigued. The person he met might really be.. a summoner!

“Wait! Wait!” The young man suddenly ran a few steps, but he staggered and fell again because of the pain. Yun Feng didn’t look back after hearing his fall. At this moment, Qu Lanyi and Yan Che also caught up. Both of them were full of curiosity when they saw the young man.

“Fengfeng, is this man another potential follower of yours? Qu Lanyi glanced

at the man who was standing up awkwardly from the ground, and a trace of surprise flashed through his eyes. This man was really messy.

“Stupid transvestite, who are you implying? Yan Che roared. He flipped his hand and black elements appeared slowly. Yun Feng glanced over. “You can fight, but stay away from me.”

Yan Che was frightened by the coldness in Yun Feng’s eyes. He moved his lips slowly and the dark elements instantly disappeared. He glared at Qu Lanyi hatefully and glanced at the miserable man.

“Hey! You were beaten up, weren’t you? You’re truly miserable..” Yan Che said. This person was quite blunt. He spoke as if he didn’t think through his brain. Normal people wouldn’t rub salt on their wounds when they saw this person’s miserable appearance, but Yan Che said it out loud.

The young man, who had just stood up from the ground, was obviously embarrassed and angry. His face also turned red. Yun Feng glanced at Yan Che coldly. Yan Che pursed his lips and didn’t say anything else.

Let’s go.” Yun Feng continued walking after saying that. The young man, who had just stood up, couldn’t help but feel a bit anxious when he saw that. He clenched his fists hard. “Wait!

Yun Feng stopped and turned around slightly, with no expression on her beautiful face. The young man was delighted to see Yun Feng stop. He wanted to catch up with her, but he knelt on the ground again in a sorry state. Yan Che was amused when he saw this scene. Then, he covered his mouth to show that he wouldn’t say anything.

The young man knelt on the ground with an embarrassed face. It could be seen that he had a lot of self-esteem. Perhaps because he didn’t have the strength to stand up anymore, the young man knelt on the ground just like that. “Help me. Please help me.”

Yun Feng raised her eyebrows after hearing that. “Help you? Why should I help you

The young man gritted his teeth and searched for his torn clothes for a long time. Finally, he took out an extremely delicate bottle. The young man seemed to have made up his mind. He extended the bottle in his hand. "This is Body-Tempering Source Fluid! Anyone would want this!"

Yun Feng was stunned, and so were Qu Lanyi and Yan Che. Yan Che blinked hard. "Body-Tempering Source Fluid! That's a precious thing that can change your physique. There aren't many people on the West Continent who have it. How did you get it?"

Yun Feng was also shocked. The Body-Tempering Source Fluid was a bit similar to the Array of Life. The Array of Life could forcibly change the physical fitness of humans, but it was extremely dangerous. However, the Body-Tempering Source Fluid was different. The Body-Tempering Source Fluid could nourish the physique of humans. Be it warriors, mages, or summoners, the Body-Tempering Source Fluid would stabilize the foundation and make cultivation much easier! It could be said that people who had undergone the baptism of the Body-Tempering Source Fluid would be able to cultivate much faster than others! However, the Body-Tempering Source Fluid had a drawback. It was only effective on bodies that didn't have any potential in cultivation. In other words, the Body-Tempering Source Fluid was only effective on newborn babies. The Body-Tempering Source Fluid could only be effective when they were just born!

It was obvious that any family would want this item. After all, the continuation of the family depended on the power of their bloodline. Only when the next generation continued to grow and become stronger would the family remain invincible!

However, the Body-Tempering Source Fluid was very rare. It was said that many strange herbs were needed to make the Body-Tempering Source Fluid. The person who made it had to be very skilled and the success rate was only ten percent!

Yan Che couldn't be blamed for being surprised. Even Yun Feng didn't expect that the Body-Tempering Source Liquid would appear in this person's hands! Seeing Yun Feng's shocked look, the young man chuckled and put the porcelain bottle back in his pocket. "Do you want it? If you want it, help me!"

Yun Feng's eyes darkened. The Body-Tempering Source Fluid was undoubtedly the best gift for her brother and child! If that child could receive the nourishment of the Body-Tempering Source Fluid the moment it was born, it would be a great fortune! The child would be far ahead of others in any profession in the future! Her brother's child, which was also the bloodline of the Yun family, should certainly get the Body-Tempering Source Fluid!

"How do you want me to help you? Yun Feng's indifferent words made the young man's eyes light up abruptly and his body also trembled a little. Even though he was excited, the young man still had some rationality.

"Are you really a summoner?"

Yun Feng smiled and casually took out a dark red ring. The young man became even more excited when he saw this, but there was still a hint of doubt in his words. "Tamers also have rings"

Yun Feng chuckled. She didn't expect this person to be so meticulous and careful in everything. Little Fire roared impatiently. It opened its mouth and a fireball with unusually strong fire elements appeared in Little Fire's mouth, rushing forward like a high-speed laser ray. In an instant, "Boom." A row of trees fell to the ground, and the smell of burnt trees came out.

Chapter 582: Fiancée (3)

"Tamers' Magic Beasts are just mounts. Did you see that clearly?" Yun Feng had a smile on her face. The young man nodded fiercely, and Yun Feng's eyes suddenly became cold. "I hope your Body-Tempering Origin Fluid is real too."

The young man became anxious. "Don't worry about that. I don't have the guts to lie to a summoner."

Yun Feng nodded in satisfaction. Looking at the young man's swollen face, she couldn't bear to see it. Qu Lanyi saw through Yun Feng's mind. The light elements immediately enveloped the young man's body slowly. After a while, his swollen face completely disappeared and his facial features were

revealed.

“A light element mage!” The young man felt that his body was free of all pain in an instant and he suddenly jumped up from the ground. Yan Che curled his lips, unimpressed. “Humph! What’s so great about light elements?”

Yun Feng looked at the young man. “Alright, tell me. How can I help you?”

The young man’s expression suddenly became cold and gloomy. His face was covered with a huge dark cloud and his facial features were even slightly distorted. He clenched his hands into fists and hung them by his sides. The veins on the back of his hands also bulged one by one.

“Help me take the position of my family’s leadership!” The young man’s deep voice came. Yun Feng chuckled with a hint of coldness at the corners of her lips. “You’re quite greedy.”

The young man chuckled with a hint of helplessness in his laughter. “I have to do that. In order to survive and to not let others step on me, I have to drag the others down and reach the position where nobody can bully me!”

“Do you want me to get rid of all the obstacles for you?” Yun Feng asked casually. The young man’s body trembled slightly and he finally shook his head. “No, I want to sit in that position openly! I want everyone to see that I’m qualified!”

“Then, what do you want me to help you with?” Yun Feng chuckled and asked. The young man raised his head with a scorching light in his eyes. “Be my fiancée!”

“What?” Qu Lanyi suddenly shouted with coldness flashing through his black eyes. Yan Che was also stunned for a moment, and then burst into laughter. Yun Feng was shocked by what the young man said too.

“Fiancée...” Yun Feng repeated. The young man nodded. “Don’t worry. This is just a pretense. It’s only temporary! I only need a summoner as my fiancée. As long as I become the leader, our relationship will automatically be canceled!”

Qu Lanyi’s face immediately darkened. He stepped forward and grabbed the young man’s collar with one hand. “Kid, say that again?”

The young man was lifted up by Qu Lanyi, but there wasn’t any fear on his face. “This is a last resort. If she were a man, I would’ve had to think of another way.”

“Pfft... Hahaha, hahaha!” Yan Che finally couldn’t help but laugh on the side. He had already known about the special relationship between Qu Lanyi and Yun Feng. It was truly a bit funny that such a scene suddenly appeared right now.

“The one who is qualified to become the head of the family is the one who can bring the greatest benefits to the family. This is something that has never changed,” said the young man calmly. That was indeed the case. For Yun Feng, even though Yun Jing was the head of the Yun family, the backbone of the Yun family right now was Yun Feng. It was Yun Feng who made the Yun family what it was today.

“You’re absolutely right...” Yan Che finally stopped laughing and nodded in agreement. Qu Lanyi stood there with a sullen face. He knew that he was right.

“If I want to be the leader, I must bring the greatest benefit to the family. What’s a greater benefit than a summoner fiancée?” Speaking of this, the corners of the young man’s mouth curled up into a complacent smile. “I want those people to grovel. I want those people to regret doing that to me!”

After saying that, the young man raised his head and looked at Qu Lanyi. “The title of fiancée is fake. I promise. I know myself. I won’t overestimate myself.”

Qu Lanyi’s lips moved slightly, and then he suddenly threw a punch. The man’s cheek, which had just recovered thanks to the light elements, was hit again. The young man fell on the ground in a sorry state, holding his other cheek, but didn’t say anything.

“If you dare to do anything to her, don’t blame me for being rude!” said Qu Lanyi condescendingly. The young man nodded. Yun Feng watched with a smile in her eyes. She knew that Qu Lanyi compromised because he knew she wanted that bottle of Body-Tempering Source Fluid very much. Yun Feng felt very comforted.

“Don’t worry about that. I’ve always known what I want.” The young man touched his cheek and stood up. The corners of his mouth curled up and a self-mocking smile appeared again. “I am Yan Ming, a bastard son of the Yan family, the largest family in Yuanshui City.”

Yun Feng was startled. A bastard child? No wonder he was bullied like this. No wonder he was so determined to take the position of the family head. In this world, illegitimate children weren’t recognized and it was even impossible for them to be written in the family register. It didn’t matter if he was the

child of a concubine, but he couldn’t be an illegitimate child. An illegitimate child was destined to be stepped on by others forever and couldn’t rise again.

“Tam Yun Feng.” Yun Feng reported her name casually. Yan Ming smiled. “You shouldn’t have been so calm after knowing that I’m an illegitimate son.”

Yun Feng chuckled. “People can’t choose their birth, but they can choose their future. You’re an illegitimate child. What does that have to do with you?”

Yan Ming was stunned for a moment, and then burst into laughter. Qu Lanyi frowned, while Yan Che nodded. “You’re absolutely right. You can’t decide where you’re born, but you can decide who you’re going to be.”

“You’re all my friends right now. Let’s go.” Yan Ming’s face was still slightly swollen. His clothes were also very tattered, but his dispirited look just then was replaced with a halo of brilliance. Yun Feng saw this. Once this man was given some help, it was really hard to tell how high he could climb.

She followed Yan Ming into Yuanshui City. There were also a lot of residents in this city and the streets were also very noisy. When Yun Feng entered the city gate of Yuanshui City, she knew that this man’s counterattack had already begun...

Chapter 583: Fiancée (4)

“yan... Yan...” When the guards of Yuanshui City saw Yan Ming, they were ready to ridicule him, but when they saw Yun Feng and Little Fire next to him, their expressions were twisted. Yun Feng saw that Yan Ming was truly having a hard time in Yuanshui City. She couldn’t blame him for accumulating so much hatred in his mind. Even though he came from the largest family in Yuanshui City, the people guarding the city dared to mock him. It was already surprising that he was still alive.

‘They walked forward. Yan Ming was probably a famous person in Yuanshui City. Everyone in Yuanshui City seemed to know him. When they saw Yun Feng and a few strangers next to them, they started discussing privately.

“Isn’t that Yan Ming, the bastard? His clothes are so tattered. He must’ve been beaten up by the Yan family again.”

“Hey, that is normal. It would be weird if he weren’t beaten up! But who are these people? There’s even a Magic Beast among them. Is one of them a summoner?”

“A summoner? How can Yan Ming, the bastard, know a summoner? You must be kidding!”

“Yes, yes. It’s just a tamer at most! He’s an illegitimate son. How can he be qualified to know a summoner? Stop joking!”

‘These discussions were whispered at first, but they soon spread to everyone’s ears without restraint. Yun Feng looked at the expression on Yan Ming’s face. He didn’t have any anger at all. His expression remained the same, as if he wasn’t the target of these disdainful words.

‘They walked and were mocked for a long time. Yun Feng and the others finally understood Yan Ming’s treatment in Yuanshui City. He was the person everyone despised and the best choice to make fun of.

“We’re here.” Yan Ming’s rather repressed voice sounded. Yun Feng and the others stopped in front of a very unique courtyard. This should be the Yan family’s courtyard.

Yan Ming took a deep breath and slowly held Yun Feng’s hand. Qu Lanyi’s eyes immediately darkened and she pursed her lips.

Yun Feng’s hand was held by a cold hand, which was shaking slightly. Yun Feng raised her brows and looked at Yan Ming. Yan Ming put on a smile and pushed open the small door in front of him. He was about to walk in with Yun Feng, when Yun Feng suddenly pulled Yan Ming back. At the same time, a stick hit from behind the door hard, but missed.

“Pa...” The sound of the rod hitting the ground sounded, which proved how much strength the person who swung the rod just then used. If it weren’t for Yun Feng, a few of Yan Ming’s bones would have been broken.

“Hey! The bastard is back?” A roguish voice came. Two men slowly walked out of the door. It seemed that they had been waiting here for a while. When they glanced at Yun Feng, they were a bit shocked. When they saw Little Fire, they widened their eyes and burst into laughter.

“Hahaha! As expected of a bastard!” After saying that, they smashed their stick at Yan Ming without any explanation. Yun Feng narrowed her black eyes when she saw this and her hand suddenly went forward. Since she made a deal with Yan Ming, she was now his fake fiancée. She certainly couldn’t let her fiancé be bullied!

“What?” The person who swung the stick was shocked. The stick he swung with all his strength just then was grabbed by a fair and tender hand. Yun Feng’s fingers tightened and turned gently!

“Crack!”

One end of the stick had already been crushed!

The wooden scraps fluttered gently. The person holding the long stick glanced at the girl in front of him. The girl was only as tall as his chest. Besides, the long stick in his hand wasn’t an ordinary long stick. There were six shiny crystals on the other end of the long stick! A six-crystal weapon!

The six-crystal weapon was broken by one hand!

Yun Feng casually threw the broken part on the ground and glanced at the two people in front of her coldly. “Yan Ming, aren’t you going to introduce us?”

The expressions of the two men immediately became complicated. Could this little girl in front of them be the friend of this bastard? This bastard had a friend too?

Yan Ming curled his lips. “These are the two young masters of the Yan family, Yan Chong and Yan Yu.”

The two young men raised their eyebrows. “Who are they? You bastard! How dare you bring an outsider into the house without permission?”

Yan Ming’s eyebrows twitched a few times. “Young Masters, I’m going through the Yan family’s side door. I’m going back to my own dilapidated yard, not the Yan house.”

Dilapidated yard? Yun Feng glanced at Yan Ming curiously. Both of the young men burst into laughter after hearing that. “Hmph! You’re only fit to stay in a place where even dogs don’t want to shit. Don’t dirty my house!” The two young men glanced at Yun Feng and the others angrily. They turned around

and left, while the long stick that had already been cracked was casually thrown on the ground. They threw away a weapon with six crystals when it was broken. The Yan family was indeed one of the top families in this city.

“Come in,” said Yan Ming in a low voice as he led Yun Feng and the others into the small side door. Yan Ming led Yun Feng and the others to turn left and right, walking on a quiet path. The other beautiful and magnificent courtyards of the Yan family were further and further away from them. It seemed

that the place where Yan Ming lived must be as shabby as those two people said.

As expected, when Yan Ming led Yun Feng and the others to a dilapidated house that was on the verge of collapse, Yan Ming stopped. Qu Lanyi and Yan Che were shocked. Yan Che even said, “How can anyone live in a house...”

Yan Ming smiled disapprovingly when he heard that. He led Yun Feng and the others into the house. The furnishings in the house were even simpler. They were all essentials and there was nothing else.

“You live here?” Yun Feng asked. Yan Ming chuckled. “It’s already the Yan family’s grace that an illegitimate son such as myself has a house to live in. I should feel lucky that I didn’t freeze to death on the streets or starve to death.” Yan Ming lowered his head slightly. His expression was shrouded in shadows. He suddenly raised his head again. “Don’t worry. Someone will come to find us soon. I brought you here to say goodbye to this house.”

Yun Feng narrowed her eyes. “Did you do that on purpose?”

Yan Ming chuckled. “The two of them use the same trick every time. I only got beaten up on purpose to save myself some trouble. Even though I’m heavily injured every time, they’ll be satisfied and won’t bother me anymore. Those two fools think I don’t know their intention. Hump!

Qu Lanyi and Yan Che both looked at Yan Ming in shock. Both Little Fire and Lan Yi seemed to understand. This man was truly smart. Who could beat him when he was so shrewd?

“But don’t worry. I won’t plot against you. Our deal is absolutely legitimate.” Yan Ming smiled at Yun Feng. Yun Feng also smiled back. “It’s not so easy to plot against me.”

There was understanding in the eyes of the two of them, as if they had seen through each other’s nature. Yun Feng’s schemes were hidden and would only appear at certain times. However, Yan Ming was different. He seemed to have already formed a kind of instinct to scheme against everyone. Only then

could he survive like this. Otherwise, he would have been tortured to death in the Yan family.

A series of footsteps sounded far away. Yan Ming walked out slowly as if he already knew. Yun Feng looked at Yan Ming’s slender back and her black eyes flashed as she followed him.

It seemed that this dilapidated place rarely welcomed so many people. A group of people came from a distance and were about to fill this dilapidated yard. Yun Feng sized up this group of people. All of them were wearing bright clothes and had the same expression on their faces. They were puzzled,

surprised and disdainful.

This group of people came here and talked about everything. Everyone looked at Yun Feng’s shoulder and her sides. Right now, only Meatball and Little Fire were in the form of Magic Beasts. Naturally, they attracted everyone’s attention.

“Is she really a summoner?” A low voice came. This group of people started to judge Yun Feng.

“Without a ring... Unlikely.”

“What are you worried about? How would this bastard know a summoner?”

‘What he said made everyone agree. Who was Yan Ming? He was the illegitimate son of the Yan family! He was a bastard! If such a person knew a summoner and even had a good relationship with a summoner, how would they not have known? Besides, how would they not know about the arrival of a summoner in Yuanshui City?

After thinking for a while, everyone came to the same conclusion. The person in front of them was most likely an impostor! If she were really a summoner, they should’ve been the first to know!

Summoners had never been low-profile, because people with such an identity were destined not to be low-profile. They would show their Ring of Contract generously wherever they went and enjoy the privileges offered to them by all parties. Everyone wanted to curry favor with a summoner. This was already a kind of common sense.

However, Yun Feng was different. She might be the only summoner who didn’t like wearing the Ring of Contract. Besides, no one would believe that a summoner would befriend an illegitimate child despite her honorable identity. Who would believe that someone who stood in a high position would bend down and befriend the lowest person?

Yan Ming chuckled and was very satisfied with the result right now. He turned his head slightly and said to Yun Feng, “These are all the children of the Yan family. They’re a handful, aren’t they?” There was a hint of mockery in his words. Yun Feng glanced at the group of people in front of her with agreement in her heart.

The Yan family’s master was indeed a man of virility. He had so many children. He was indeed not an ordinary person.

“Bastard! Is it your place to speak here?” shouted a young man. Yan Ming still had that smile on his face. Bastard, this was an extremely insulting word. However, Yan Ming had always been calm. This title was already nothing to him.

“Get lost!” A huge man walked out and pushed Yan Ming to the side. Yan Ming’s small body was almost pushed to the ground. Yun Feng grabbed him and held him firmly.

“You’re a summoner?” The man’s body was unusually huge. The shadow standing in front of Yun Feng completely enveloped her. Yun Feng held Yan Ming and didn’t even look up. She waved her other hand abruptly. The man wanted to say something, but in the next second, his body was thrown out!

“Bang!” That slightly too huge body fell heavily on the ground. The others couldn’t help but shout when they saw that. A few of them had already rushed up to check the situation.

Qu Lanyi chuckled. Yan Che also had a smile on his face too. Yaoyao remained cold on the side. Little Fire yawned in boredom. Lan Yi shook his head helplessly. As expected, none of them had good eyesight. Did their master look so easy to deal with?

“Nana.” Meatball twisted its body on Yun Feng’s shoulder with a mocking expression. The people of the Yan family weren’t happy anymore. “How dare you attack a member of the Yan family! Bastard, did you ask her to do this? How bold!”

“He doesn’t understand courtesy at all. Just tell our father and cripple him and throw him out!”

“think it’s not enough that he’s crippled. He’s a disgrace to all of us. He might as well just die! It’s a waste for him to live in this world!”

Vicious words came out of their mouths one after another. Yan Ming stood aside with an unchanging expression and a detached mind. Yun Feng glanced at these vicious people of the Yan family with her black eyes. Whether they were illegitimate children or not, wasn’t the blood of the Yan family flowing in Yan Ming’s body? They had the same bloodline, so why did they have to force him?

“What are you looking at? This is the family business of the Yan family!” Some people were frightened by Yun Feng’s gaze and some people shouted. Yun Feng smiled coldly.

“I don’t like hearing dogs barking, if I’m in a bad mood, I’ll make these dogs disappear.”

“Who are you? How dare you attack a member of the Yan family! Don’t think that you’re a summoner just because you have a Magic Beast! If you were a summoner, the Yan family would have known!”

The group of people all glared at Yun Feng, but they only dared to be angry and didn’t dare to say anything, because the one Yun Feng threw just then was still lying there and couldn’t get up.

“What are you arguing about? Do you have nothing better to do?” A shout came. Then, a few more people came over. Yan Ming couldn’t help but sneer when he saw them. “I can’t believe that this shabby place has become so popular.”

“Oh my! My son! What’s going on? Who did this?” Another louder voice sounded. The group of children around moved aside one after another. Yun Feng saw five or six people walking over, led by a fierce-looking man with a square face.

“My lord! Come and take a look!” A woman was kneeling next to the man on the ground, wiping her tears with a sobbing voice. The man frowned fiercely and glanced at the woman, who immediately became silent. The man’s gaze slowly swept over his other children and finally landed on Yan Ming.

“You’ve grown bold. Not only did you bring outsiders in, but you also hurt your brother.” The woman next to the man said with a cold face. She seemed to be the man’s wife.

“Master, I told you that this child can’t stay in the Yan family. Wouldn’t it be better to let him live and die on his own? Look at his temper. How can he be Master’s child? That woman didn’t cheat on you, did she?”

Yan Ming's face twitched hard a few times, and his expression, which had been smiling faintly, immediately froze. The man glanced over abruptly, and the woman who was about to speak suddenly shut her mouth.

The man sized Yun Feng up and looked at Little Fire and Meatball on Yun Feng's shoulder. "This is..." His voice was deep and dignified. Yun Feng smiled. "Are you the Yan family's master?"

The man nodded. "Yes, I'm Yan Tianhao."

Yun Feng turned around and looked at Yan Ming. "Aren't you going to introduce me?"

Yan Tianhao looked at Yan Ming thoughtfully. Yan Ming stepped forward and said, "Master Yan, this is Yun Feng, my... fiancée." Yan Tianhao suddenly raised his eyebrows. The women behind Yan Tianhao were also slightly shocked. Yan Ming continued, "As you can see, my fiancée is a summoner."

Yan Tianhao raised his eyebrows even higher and didn't say a word. His eyes were full of suspicion and those women also looked at him with disdain. "A summoner? Just because she has a Magic Beast, she is a summoner? Then I'll buy one too! I'll be a summoner!"

Yun Feng suddenly burst into laughter and raised her black eyes. "Do I really look so easy to talk to?" She flipped her hand and the four-star badge of the Summoning Union appeared in her hand. Yun Feng slowly played with the badge and she clearly heard the sound of people gasping. She also noticed the fierce and fiery gazes from all directions. Even Yan Ming himself looked shocked.

A four-star certified badge! A four-star certified badge of the Summoning Union. This person was not only a summoner, but also a powerful summoner!

"That... That can't be... fake, right..." Someone mumbled softly. Everybody's expression froze again. Yun Feng was Yan Ming's fiancée with her strength? Who would believe that?

Yun Feng chuckled and soared into the sky! "Little Fire," she called softly. Little Fire also jumped into the sky abruptly. The two of them stopped in the air and Yan Tianhao immediately turned pale.

With a smile at the corners of her mouth, the fire element in Yun Feng's hand had already appeared. The bright fireball became bigger and bigger. Everybody who looked up from the ground widened their eyes. That was... fire magic!

Little Fire opened its mouth and let out a deep wolf howl. In front of everyone's dumbfounded eyes, the fireballs in its mouth and Yun Feng's hand were thrown in one direction: the courtyard of the Yan family!

"lang..." There was a deafening sound!

"Ah!" A group of panicked and frightened voices sounded. Everyone in the Yan family was shocked! Yan Tianhao's facial features twisted a few times, then he said gloomily, "Lord Summoner, please show mercy."

Yun Feng stood in the air and narrowed her eyes at the Yan family below. "Oh? You don't need me to prove myself anymore?"

Yan Tianhao's face twitched. The Yan family's yard had already been destroyed. If this went on, the Yan family would be homeless today! "Please show mercy," Yan Tianhao said gloomily. Yun Feng and Little Fire fell from the sky. Nobody dared to question them anymore.

"Yan Ming, why didn't you tell us about this earlier?" said the woman who looked like her real wife. Yan Ming said, "Lady Wang never gave me a chance to talk."

"Oh my, kid, you're a son of the Yan family too. You should just call her mother!" Another woman said. Her attitude changed drastically.

"That's right, that's right. You're such a good kid. You didn't even say anything when you lived here. We didn't know you lived such a tough life for so long."

Yan Ming stood there with the same faint smile as before. Yun Feng raised her brows. These people were quite good at lying through their teeth. "Alright!" Yan Tianhao suddenly waved his hand. "Move back to the Yan family's residence right now. And these people are..." Yan Tianhao glanced at Qu Lanyi and Yan Che with uncertainty in his eyes. Yan Ming chuckled. "They're my fiancée's friends, and also my friends."

Yan Tianhao's temples throbbed fiercely. He had never thought that this bastard would be so capable. His fiancée was a summoner? This summoner's friends were also his? If that was the case, how would the Yan family have a good ending after treating Yan Ming like this all these years?

"It seems that the Yan family is quite nice to you. You're right. The master of the Yan family is a reasonable person." Yun Feng said indifferently. Yan Tianhao was suddenly relieved in his mind. He didn't know what Yan Ming said, but it seemed that this illegitimate son didn't say anything. It might not be

too late to remedy the situation! As long as he could rope in this illegitimate son, this summoner would be a great help to the Yan family!

There was a tum of events. The illegitimate son, Yan Ming, who had always been abandoned in the corner and despised by others, who was beaten and scolded, had become popular in an instant. He had to move back to the Yan family's residence. In an instant, everyone's attitude towards him changed drastically.

There were countless people who came to apologize, greet him, and tried to establish a good relationship with him. The residents of Yuanshui City were all shocked when they heard about this. Had Yan Ming's luck changed? Or was the master of the Yan family mentally sick? Why was he treating an illegitimate son like this? Then, even more shocking news spread, which stunned everyone in Yuanshui City. Yan Ming had a fiancée, and she was a summoner! Was this news a joke? It was too unbelievable!

Yan Ming had already left the dilapidated house. As he said, he went to say goodbye on that day. Right now, Yan Ming could be said to be the target of envy, jealousy and hatred for all the children of the Yan family. As an illegitimate son, he enjoyed extremely high treatment and was already like the other children of the Yan family, or even better!

The spacious and bright courtyard, the expensive clothes on his body, the precious furniture and decorations. The place where Yan Ming was living right now was like heaven compared to the previous place. At this moment, Yan Ming was sitting next to the table leisurely and drinking a pot of tea that had just been brewed. The steam was popping up..

Chapter 586: Yun Feng Effect (3)

“In terms of identity, you’ve got everything.” Yun Feng sat on the side and looked at Yan Ming as she said indifferently. Yan Ming, however, chuckled with a smile that couldn’t be stopped at the corners of his mouth. “It’s not enough. This is far from enough for me.”

Yun Feng raised her eyebrows. Of course, that wasn’t what this man wanted in his mind. He wanted the position of the Yan family’s leader! “Can Yan Tianhao really give the position to you?” Qu Lanyi asked. “Even if you have Fengfeng’s help, Yan Tianhao may not be someone who bows to circumstances.”

Yan Ming burst into laughter. “Brother Qu is right. Yan Tianhao certainly won’t be like the other members of the Yan family. If he can hold his temper, then I must be more patient than him.”

“You’re more like Yan Tianhao’s son than anyone else.” Qu Lanyi’s black eyes glittered. He picked up the teacup and took a sip of tea. Yan Ming smiled. “Maybe... After all, his blood is still in this body.”

‘When everyone in the Yan family changed their attitude towards Yan Ming, Yan Tianhao didn’t do anything special. He did what he was supposed to do and didn’t greet Yan Ming in a special way. His attitude hadn’t changed at all, and he still ignored Yun Feng. He treated Yun Feng a bit differently, but only because he was afraid of summoners.

Yan Ming wasn’t in a hurry. He was waiting to see who was more patient, him or his father. The relationship between Yun Feng and Yan Ming spread like wildfire in Yuanshui City. The Yan family also claimed that it was true. The other children of the Yan family all ran towards Yan Ming crazily, calling him brother. If someone just came to the city, they would really think that Yan Ming was a core member of the Yan family.

Yan Ming was still in the same attitude. He accepted all the flattery of these people, but he didn’t show any attitude at all. This man hid himself well. Yun Feng observed Yan Ming in the dark. After the harsh training of life, this man’s mind had already become an indestructible abyss. Nobody knew what was hidden inside.

As it turned out, the father was no match for his son after all. Yan Tianhao seemed to have reached the limit of his patience. He summoned Yan Ming to the main hall of the Yan family, and Yun Feng followed him. The others stayed. When Yun Feng followed Yan Ming into the main hall, she realized that the meeting this time was extraordinary. All the children, wives and concubines of the Yan family were present. The atmosphere was very tense.

Everybody subconsciously looked at Yun Feng after hearing that. Yun Feng was undoubtedly going to compete for the position at the Main Hall! Besides, it was a competition between first-rate and second-rate families. Although the Yan family was not bad, they were still a second-rate family. How could they compete with a first-rate family?

“Everyone has a shot. If you want this position, you must do something!” What Yan Tianhao said was right. If Yan Ming didn’t have the Body-Tempering Source Fluid, Yun Feng wouldn’t have helped him.

“The registration is in a week. Whoever wants to fight for the Yan family, come to me later.” Yan Tianhao looked at Yan Ming deeply after saying this. “Alright, all of you are dismissed. Think carefully!”

After giving the order, the door opened and everyone walked out one after another. Yun Feng and Yan Ming walked back with no one else on the way. “Yan Tianhao is quite greedy. He knows himself well. He knows that with the strength of the Yan family, it’s as difficult as ascending to the sky to become the guardian of the Main Hall.” Yun Feng said casually while Yan Ming chuckled.

“It can’t be helped. Now that you’re here, his ambition has expanded.”

“Humph! Helping you is rather troublesome.” Yun Feng looked a bit cold. Yan Ming burst into laughter. “If you help me this time, you’ll get more than just the Body-Tempering Source Liquid. Isn’t the position of the guardian of the Main Hall tempting?”

Hearing this, Yun Feng’s red lips slowly curled up. She turned her head slightly and looked at Yan Ming with her black eyes. “Aren’t you underestimating me by thinking we’re the same?”

Yan Ming was dazed. Yun Feng chuckled and looked into the distance with her black eyes. “What I want is more than you can imagine!” Yun Feng didn’t care about other people’s positions. She could certainly help Yan Ming. When he became the family head, it didn’t matter to her who would be the

guardian of the main hall. However, she could use this position to search the remaining half of the area more easily. It would take too long for Yun Feng to search it on her own..

Chapter 587: Yun Feng Effect (4)

“Hehehe, I see...” Yan Ming shook his head with a smile. “That’s right. How can the insignificant position of guardian interest a summoner?”

Yun Feng didn’t answer. When she walked to the courtyard where Yan Ming was staying, she stopped. “I’ll get this spot for you, but on one more condition.”

Yan Ming smiled. “Of course. I was wondering if my offer wasn’t enough.”

“You’re a shrewd man who’s good at scheming.

Yan Ming seemed to be very happy to hear this comment. He looked delighted. “Aren’t you afraid that I’ll cause trouble if you spend more time with me?”

Yun Feng smiled and raised her red lips. A gust of wind blew the girl's black hair and it fell next to her face. "There's no harm in dealing with people like you." After saying that, Yun Feng walked into the yard. The wind was still blowing, and her hair was fluttering gently. Yan Ming stood there and looked at Yun Feng's slim back. He suddenly became distracted. In the end, he shook his head helplessly and lowered his black eyes. "There won't be any harm... right?"

If Yan Ming hadn't risen to power, the leadership of the family would be a position that would make the children of the Yan family jealous. Who wouldn't want to be the leader of the Yan family? However, despite Yan Tianhao's encouragement, even though many children still didn't give up, after weighing the pros and cons, they could only choose to quit.

However, it wasn't enough for them to just quit. They had to let Yan Ming know that they quit because of him.

Qu Lanyi had never been in a good mood, because he had also heard what Yan Tianhao said about the wedding of the two of them. Qu Lanyi suppressed the anger in his heart for a long time. Yan Ming promised that he would never have any improper thoughts about Yun Feng. Qu Lanyi sat next to Yun Feng with a dark face. Yan Ming sat opposite him with a calm expression, while Yan Che looked very excited.

"Hey, you've been following me for a long time. Do you still want to keep following me?" Yun Feng looked at Yan Che, who was a bit hyperactive, and asked. Yan Che chuckled and showed his white teeth. "I won't cause any trouble for you. I'm fine here."

Yun Feng moved her lips. Forget it. Yan Che indeed didn't cause any trouble for her. Apart from talking a bit too much and being at odds with Qu Lanyi, there was really nothing else.

Yaoyao sat on the other side of Yun Feng and held Yun Feng's hand with her little hand. Meatball, who was on Yun Feng's shoulder at first, went out with Little Fire and Lan Yi, It seemed to be very unused to riding a carriage and didn't like it very much. After all, it was still a Magic Beast and there was a kind of wildness in its personality.

"Right, I've always wanted to know. Who is this little girl to you?" Yan Ming gazed at Yaoyao. He had never heard Yaoyao speak, but judging from Yaoyao's appearance, she was clearly just a kid. Was she mute if she couldn't speak?

Yun Feng touched the top of Yaoyao's head with her hand. "She's someone I care about." Yaoyao smiled at Yun Feng happily after hearing this. She snuggled into Yun Feng's arms and rubbed against her like a spoiled child.

Yan Ming raised his brows slightly. "Oh?" Obviously, he didn't believe her, but he didn't ask further. The people who followed a summoner couldn't be ordinary. Perhaps the identity of this little girl would shock people.

"Why do you have so many questions?" Qu Lanyi asked in an upset tone. Yan Ming chuckled. "Brother Qu, you don't have to be so vigilant against me. The title of fiancée is only temporary. I won't have any other thoughts at all. I'll tell Yan Tianhao about it."

Chapter 588: Canglan City (1)

Qu Lanyi grunted. Yun Feng smiled helplessly on the side. "The position of guardian in the Main Hall will certainly attract a lot of people to compete. Do you know any families that need attention?"

Yan Ming chuckled after hearing that. "The first-rate families should be infuriated by the decision of the Chief Hall. After all, only the first-rate families are qualified to compete for such a position. The second-rate families can at most compete for the guardians of the branch halls. Even though the second-rate families don't pose much of a threat to the first-rate families, it's still embarrassing for them to compete."

Yan Ming moved his body and continued, "There are a lot of second-rate families in the Bright Moon Hall's territory. There should be about ten second-rate families participating in the competition this time. Some new second-rate families that don't have enough strength won't join. Together with five first-rate families, there should be fifteen people participating in the competition in total."

Fifteen people wasn't a lot. Yun Feng already had a rough idea in her mind. Yan Ming said again, "Among the top ten second-rate families, there are only two that are worth paying attention to. The Shui family and the Hong family. These two families are almost as strong as the first-rate families. As long as there's a chance, these two families will most likely rise among the first-rate families. As for the other families, you can choose to ignore them. Without you, the Yan family can only be a spectator." Yan Ming chuckled and sounded very polite. What he said was true. Under the suppression of the first-rate families, the Yan family might not even have the courage to participate in the competition without Yun Feng. Which of the children of the Yan family had the strength to do so?

"How powerful are first-rate families?"

Yan Ming chuckled and his expression became slightly serious. "The strength of the five first-rate families is certainly extraordinary. The senior members of the Bright Moon Hall are basically picked from these five families. Even the leader of the Bright Moon Hall is from one of the five families. You can imagine the strength of the five families."

The Master of the Main Hall was also picked from one of the five major families. It seemed that the five major families belonged to the highest tier of the Bright Moon Hall. They could be said to be in charge of all the power and interests of the Bright Moon Hall. The status of the five major families should also be similar.

"The leadership of the Bright Moon Hall, besides the hall master, are the guardians. There were originally four guardians, which came from the four major families apart from the hall master's. Now, there's another guardian position. It seems that the Chief Hall Master is also dissatisfied with these four guardians."

“The second-rate families are also involved right now. If the second-rate families get this position, the Chief Hall Master will have one more helper. It seems that the Chief Hall Master is not satisfied with the power he has right now.” A glint of light flashed in Yan Ming’s eyes. His analysis was very

reasonable. This young man had already seen through things to this level. He was truly not simple.

“In other words, whoever gets the guardian position, their family will automatically be promoted to a first-rate family.” Qu Lanyi raised his black eyes and looked at Yan Ming.

Yan Ming burst into laughter and nodded, with a meaningful smile at the corners of his mouth. “Being promoted to a first-rate family also means that you can compete for the position of the hall master.”

Yan Che was shocked after hearing that. “Thea€! the position of the Hall Master! Y-You’re quite ambitious!”

Yan Ming looked delighted. “Of course I’m joking. Without Yun Feng, the Yan family doesn’t have the strength to compete for the position of the hall master. It’s already pretty good that we can get the guardian position.”

Yan Che came to a realization, but Yun Feng and Qu Lanyi didn’t think so. Both of them had the same thought in their minds. As long as this man had enough time, as long as he was well-prepared, he would want far more than the position of the Palace Protector. This man’s ambition far exceeded Yan

Tianhao’s!

“Speaking of which, the competitors sent by the first-rate families this time should be very strong. According to our intelligence, there are also strong summoners among the first-rate families.” Yan Ming said casually. Most of the summoners in the Bright Moon Hall were in the main hall, so they were naturally distributed among the five great families. The strength of the five great families couldn’t be underestimated.

“That would be great. I’ll be able to exercise my muscles.” Yun Feng chuckled. Yun Feng was happy to see a powerful summoner. It was a good thing for Yun Feng to meet an opponent who was on par with her. Only battles with similar opponents would benefit her the most.

“In that case, I’m relieved. I also look forward to it.” Yan Ming smiled. Yun Feng laughed. She was also looking forward to this contest.

Canglan City was where the Bright Moon Hall was headquartered. This city was also the core of the territory of the Bright Moon Hall. The five big families were all here and there were also many hidden masters in Canglan City. In terms of safety, this should be the safest place in the entire territory of the

Bright Moon Hall. No one dared to cause trouble here. If they did, the consequences would be quite severe.

Ever since the Bright Moon General Hall announced the competition for the guardian position, Canglan City became lively. The competition this time wasn’t only limited to the first-rate families, but also included the second-rate families. So, the reason why Canglan City became lively was the influx of

many second-rate families. Most of them were here for fun, and most of them were friendly. Only a few of them were truly participating in the competition.

The carriage of Yun Feng and the others had just entered the gate of Canglan City when it was stopped. Yan Ming handed over something that proved his identity. The guard examined it carefully and asked Yan Ming and the others to wait for a while. After a while, someone came.

“Young Master of the Yan family, Yan Ming? This way please.”

Following that person, Yan Ming and the others were led to a yard. Yan Ming and the others got off the carriage. This person explained very politely, “There’s still half a month until the competition. Young Master Yan, you can take a walk here. I’ll take my leave first.” After saying that, he turned around and left swiftly.

Yun Feng sized up the courtyard in front of her briefly. It was quite spacious. It should be prepared for the second-rate families that came to participate in the competition. She just didn’t know where the other second-rate families were sent to.

“Let’s go in,” said Yan Ming as he walked in. Yun Feng and the others followed him in. Little Fire, Lan Yi, and Meatball were still outside. The three of them preferred to live freely. Yun Feng didn’t think it was a big deal to let them out..

Yun Feng didn’t want to wander around Canglan City. She was only here to participate in the contest this time. As for making friends with other people, Yan Ming had to do it himself. Unexpectedly, someone came to her door before Yan Ming did anything.

On the second day after they arrived in Canglan City, visitors came. It was none other than the people from the two second-rate families, the Shui family and the Hong family, that Yan Ming mentioned.

Yan Ming looked at these people who came uninvited with a smile. Yun Feng was sitting on the side and talking to Yan Ming. All these people came uninvited. There were a total of six people who came here. Three of them were all wearing light blue clothes. They should be from the Shui family, while the other three were wearing red clothes. Naturally, they were from the Hong family.

comment

“You’re Yan Ming?” The pretty girl in the lead said coldly. There was a hint of disdain in her eyes when she looked at Yan Ming, The red clothes on her body were very eye-catching. “That bastard?”

Yan Ming stood up, not offended by her rudeness. “I’m Yan Ming. You are..”

“Humph! You don’t even know me. You’re ignorant! I’m Hong Yulan.” The pretty girl snorted and introduced herself. Yan Ming smiled. “Miss Hong, nice to meet you.”

The slim man, who wore light blue clothes, had been observing Yun Feng since he came in. “Are you his fiancée, the summoner?”

Yun Feng glanced over with her black eyes. As expected, those who came to participate in the contest must find out everything about their opponents.

“She’s my fiancée. Do you have any problem with that?” said Yan Ming, The man in light blue clothes ignored Yan Ming. ‘I’m not talking to you.’ What he said made Yan Ming’s expression turn slightly cold.

The man in blue stared at Yun Feng with great interest. ‘I’m the Young Master of the Shui family, Shui Sixing. If you’re really the fiancée of this bastard, I think you can consider me.’

After Shui Sixing said that, Hong Yulan’s mouth opened in shock. “Shui Sixing! What are you talking about?”

Shui Sixing ignored Hong Yulan and only stared at Yun Feng. “What do you think? He’s an illegitimate son. He can never give you what you want, but I’m different. The Shui family is almost as powerful as those first-rate families. As soon as you become my fiancée, I’ll certainly give you what you want.”

Hong Yulan’s expression immediately turned cold. Yan Ming suddenly stepped in front of Yun Feng and blocked Shui Sixing’s line of sight. “Shui Sixing, Young Master of the Shui family, is it right for you to steal my fiancée?”

Shui Sixing chuckled. “Yan Ming, don’t think that you can get rid of your identity as an illegitimate child with her help. Without her, you’re nothing. What can you give her? Are you qualified to be her fiancé?”

Yun Feng smiled. Did this man think too highly of himself? Yan Ming wasn’t qualified, and neither was he! “Shui Sixing, is it?” Yun Feng gently pushed Yan Ming away. Shui Sixing smiled. Thinking that Yun Feng was interested in him, Yun Feng sized him up with a hint of mockery at the corners of her mouth.

“If Yan Ming isn’t qualified, you’re even less so. The Shui family is a second-rate family after all. When the Shui family reaches the top tier, you can say what you said just now with more confidence.”

Shui Sixing’s face suddenly turned ugly, almost half black. Hong Yulan laughed at the side and looked at Shui Sixing mockingly. If the Shui family really got this summoner, wouldn’t the Hong family suffer a huge loss? Rather than giving her to the Shui family, it was better to let this illegitimate son take advantage of it.

“You’re right. Shui Sixing, take a look at yourself!” said Hong Yulan in disdain. Shui Sixing gritted his teeth and his cheeks twitched.

‘I’m here to see how good this fiancée of the Yan family is. She’s indeed not bad.’ Hong Yulan nodded and looked at Yan Ming. “You’re so lucky that many people will be jealous.”

Yan Ming chuckled. “Thank you for your concern, Miss Hong.”

Hong Yulan cleared her throat. Shui Sixing stood aside with a sullen expression and didn’t say anything else. He must’ve felt humiliated. ‘We’re here today to discuss something. The second-rate families and first-rate families are fighting for this spot together. Among the second-rate families, only our two

families can hold our heads up high, not counting the Yan family.’ Hong Yulan looked at Yun Feng and Yan Ming smiled.

“We all know the strength of the first-rate families in our minds. In the contest, we second-rate families should first unite and deal with the experts of the first-rate families.”

Yan Ming raised his eyebrows. ‘What do you mean, Miss Hong?’”

Hong Yulan lowered her voice. ‘What I mean is, try your best in the competition this time and defeat as many opponents as you can. It’ll be good for all three of us.”

Yan Ming raised his eyebrows even higher. The Shui and Hong Families certainly couldn’t let the Yan family be the one to reap the harvest. If the Shui and Hong families wanted to drag the Yan family into their side, they certainly couldn’t just sit back and do nothing.

“Don’t worry, Miss Hong. The Yan family will certainly do their best.’ Yan Ming smiled. Hong Yulan was relieved to hear that. “Then I’ll take my leave. [won’t disturb you anymore. Young Master Yan, please remember what you promised me today.”

After saying that, Hong Yulan turned around and left. Shui Sixing stood there and snorted coldly. In the end, he turned around and left without saying anything. Yan Ming chuckled after the two of them left. “These two families are truly hasty, but they did what they had to.”

Yun Feng turned around and sat on the chair. “Let me make it clear first. I don’t care about other people’s lives. I only do what I should do.”

Yan Ming turned around with a faint smile on his face. ‘Of course. I never planned to care about other people’s business from the beginning.”

Half a month was neither long nor short. Yun Feng didn’t like staying in this small yard. It was too boring, Thinking of the few Magic Beasts that were having a lot of fun near Canglan City, Yun Feng decided to go out for a walk too. Ever since the members of the Shui and Hong families came, nobody else had visited her. The first-rate families might think that these second-rate families weren’t their match at all and couldn’t be bothered to care about them. The other second-rate families were probably busy with their own business.

Yan Ming had been busy with work during this period of time. This man was capable of sitting in the position of the family head. It was just that his identity as an illegitimate son made him completely despised. However, times changed, and people’s fate wasn’t always the same..

Qu Lanyi had been cultivating in seclusion during this period of time, which was out of Yun Feng’s expectation. She didn’t disturb him. As for her own strength, Yun Feng had always wanted to find a good opportunity to improve it. But for now, she should help Yan Ming get this position first, so that he would give her the body-tempering solution. After that, she should be able to ask Yan Ming to help her investigate, and she would have a lot of time to cultivate.

Xia Qing had been cultivating diligently in the Dragon Palace. Even though the little girl was quite talented, she wasn't a top genius. This meant that Xia Qing would have to put in a lot of effort on the road of cultivation. This day, knowing that Yun Feng was going out, Yan Che followed her out noisily. Yun

Feng took Yaoyao and Yan Che followed them. As soon as they walked out of the entrance of Canglan City, Yun Feng clearly felt two different auras sliding over her head. She raised her head slightly and saw the two of them flying through the sky!

comment

They flew in the sky!

Yun Feng narrowed her black eyes slightly and those two figures quickly flew forward. Yun Feng didn't miss the whispers that ordinary people couldn't hear. "I want that Fire Cloud Wolf."

Yun Feng's black eyes narrowed! Fire Cloud Wolf? The two figures had already disappeared in front of her in an instant. Without thinking, Yun Feng soared into the sky in an instant. Yaoyao was in her arms as she sped towards the two people in the distance!

"Hey! Wait for me!" Yan Che yelled when he saw Yun Feng suddenly rise into the sky. Yun Feng ignored him and disappeared into the sky at an extremely fast speed. Yan Che cursed in a low voice as the black elements enveloped his body abruptly. In an instant, his body strangely disappeared from where he

was, as if he had merged with the space.

'Little Fire.' Yun Feng sent a telepathic message to Little Fire. Soon, Little Fire's voice came. "Master, what's wrong?"

Yun Feng followed closely behind and soon saw the two people who were moving forward quickly. 'Where are you? Did you meet anyone?'

Little Fire's voice came very quickly. "Yes! They're all troublesome humans. Their eyes are shining when they see me. I feel disgusted when I see them! There's also an idiot who wants to capture me, but I badly injured him with one claw. He probably won't come back!"

Yun Feng's eyes darkened. The two people flying in the sky didn't slow down at all. Yun Feng kept a certain distance and followed them carefully. "There are two Monarch Level people rushing in your direction right now. One of them is a fire-element summoner."

"Damn! Do they think I'm easy to bully? If they want to take me in, they'll have to see if I'm willing!"

"Is Lan Yi with you?"

"No, he's somewhere else with Meatball. I'm here alone."

Yun Feng narrowed her eyes and looked at the two people in front of her. She made up her mind. "Stay there and don't move. Wait for me to go over."

"Lan Yi." Yun Feng sent a telepathic message to Lan Yi, who asked, "Master, what's wrong?"

“Bring Meatball to me immediately.” Yun Feng could only say this concisely. Her body suddenly stopped, and Lan Yi’s voice came after a few seconds of silence. “Yes, I’ll be there right away.” The connection ended, because the two people who were running fiercely in front had already stopped. At this moment, they both turned around and looked at Yun Feng.

There was a distance between Yun Feng and these two people, but they could still see and hear each other clearly. “Who are you? Why are you following us sneakily?” One of them suddenly shouted loudly. It was a young man who seemed to be in his early twenties. He had a fair and gentle face, but his shout was full of strength.

“Monarch Level? Which family are you from?” The other was a pretty girl with a well-proportioned and slightly slim body. She stared at Yun Feng carefully and asked loudly.

“yun Feng, from the Yan family,” replied Yun Feng. The two people opposite her were stunned. The young man burst into laughter. “A second-rate family has a Monarch Level powerhouse? Your surname is Yun. How are you from the Yan family?”

The girl next to him thought for a while and remembered something, ‘Oh! I remember now. I heard that someone in the Yan family suddenly got a very powerful fiancée. Is it You?’

‘The young man became serious after hearing this. “You’re that summoner? Humph! A second-rate family can only resort to such means!”

“Why are you following us? Do you want that Fire Cloud Wolf too?!” The girl suddenly narrowed her black eyes and her face was already filled with anger. Yun Feng chuckled and the girl shouted abruptly, “You’re not qualified to fight with me! You better get lost with your second-rate family!”

Yun Feng’s face darkened abruptly. ‘I don’t need to fight with you for it at all; it’s mine!’

“How arrogant!” The young man shouted angrily. “Do you know who we are? How dare you provoke the members of the top five families? You haven’t forgotten your identity, have you?”

Yun Feng burst into laughter, and her laughter spread throughout the sky. The girl and the young man couldn’t help but look embarrassed when they heard this laughter. They thought that this person would back off after they revealed their identity, but she actually laughed!

“What are you laughing at? I’m definitely taking that Fire Cloud Wolf!” The angry girl shouted furiously. The young man next to her had already attacked!

“Sky Breaker!” A magnificent sword aura came from the direction of the young man and slashed at Yun Feng directly like a long sword that cut through the sky!

Yun Feng’s black eyes suddenly darkened. She flipped her hand and held the Monarch Level longsword in her hand. After the longsword appeared, it suddenly let out a buzzing sound, as if it had been waiting for a long time. She flipped her hand and the longsword had already hit the air current that was

rushing towards her. ‘Clang...’ The longsword in Yun Feng’s hand brushed past the air current and shook slightly. Yun Feng clenched her fist tightly and swung the longsword in her hand fiercely. That attack that was full of momentum had already been blocked by the longsword and split into two!

The young man's face suddenly darkened and he was shocked in his mind. His attack... was actually broken!

The longsword in Yun Feng's hand buzzed a few times and was held tightly. She stood in the air and looked the young man in the eyes. The young man's face was cold. It was obvious that what Yun Feng did just then embarrassed him.

"Hahaha! Xiao Lingyu, your Monarch Level attack was easily blocked by someone else. If other people know about this, they'll laugh their heads off!" The girl on the side was laughing so hard that she was swaying back and forth. It was obvious that she was very happy to see the young man make a fool of himself. The two of them were supposed to be companions, and Yun Feng didn't expect the girl to hit him when he was already down..
