

## Summoner 601

### Chapter 601: The Contest Begins (3)

This requirement made many second-rate families sigh. Not only did they have to compete with their strength, but they also had to win fast! The Hong and Lan families were certainly confident. With someone like Yun Feng in the Yan family, the Yan family certainly wouldn't be worried. The other second-rate families could only accept it helplessly.

On the day of the contest, the entire Canglan City was in an uproar. The venue of the contest was in the Main Hall of the Bright Moon Hall. The civilians didn't have the right to enter, so they could only watch with anticipation from the outside. The other families that came to watch the contest were lucky enough to enter. The second-rate families that didn't participate in the contest took up the majority. A lot of people came to the Main Hall of the Bright Moon Hall on this day, and most of them were here to watch the drama. However, after entering the Main Hall, each family restrained themselves. After all, this was the Main Hall, not a place where they could behave randomly. The young disciples who were usually domineering in some small places also restrained themselves and didn't even dare to speak loudly, fearing that they might offend someone impressive.

The Bright Moon Hall attached great importance to the selection of the Hall Guardian this time. They specially prepared an area for these second-rate families to watch the competition. The contest hadn't started yet, but the seats of the audience were almost full.

"Which family do you think will be able to get the position?"

"That goes without saying. Of course, it's going to be from the first-rate families! Didn't the former guardians all come from first-rate families?"

"I don't think so. The Hong family and the Lan family are also very strong. I heard that the Yan family has risen recently."

"speaking of the Yan family, do you know the recent rumors?"

"Of course! Who in Canglan City doesn't know about that fiancée of the Yan family, Yun Feng? I heard she's an impressive summoner!"

The constant whispers spread throughout the entire observation area. The focus of many people's discussion was naturally about which family would get the guardian position this time. Most of them firmly believed that it would be a first-rate family. After all, their strength and background were obvious.

Some people also guessed that it was the Hong family and the Lan family from the second-rate families, but they all had a neutral attitude towards the Yan family, watching and waiting,

Even though Yun Feng was quite strong, that was just a rumor. Only Ouyang Shanshan and Xiao Lingyu, who had fought with her, knew whether she was strong or not. Ouyang Shanshan was already dead. Xiao Lingyu certainly couldn't tell everyone how miserable he looked at that time. Yun Feng's

strength was still unknown in the eyes of others, but seeing how calm and composed the Yan family was, everyone was very curious.

"I think that Yun Feng is just so-so. Maybe she just has the title of summoner." Some people said with disdain, while the others all laughed loudly.

"I think Yun Feng is a powerful person. Which summoner is easy to deal with? The Yan family is just a second-rate family. They're quite confident to sign up this time."

"It's pointless for you to speculate here. When Yun Feng goes on stage for the contest, everything will be clear! She'll show whether or not she's truly strong!"

The observation area was gradually filled with people. Most of the younger generation of the second-rate families had come to broaden their horizons. The second-rate families that were participating also sent people here. The Yan family sent Yan Tianhao, the leader of the Yan family.

"Brother Yan, congratulations this time." The masters of a few second-rate families all greeted Yan Tianhao when they saw him. They were about the same level, but the Yan family signed up for the contest this time. The small families were all shocked, especially when the Yan family had such a summoner fiancée.

"Haha, not at all. Yan Ming, that kid, is lucky." Yan Tianhao didn't dare to claim that he was lucky. The reason why Yun Feng was in the Yan family was because of Yan Ming. However, seeing the envious eyes of the masters of these small families, Yan Tianhao was naturally delighted in his heart.

"Brother Yan!" A voice called out. The few small families looked over and saw that it was the heads of the powerful Hong and Lan families. The heads of the two families walked over with a smile, as if they were very familiar with Yan Tianhao. Yan Tianhao was naturally flattered in his mind. These two families were comparable to the first-rate families!

"Master Hong, Master Lan." The other families quickly greeted them obsequiously. The masters of the two families only replied briefly and then said to Yan Tianhao very intimately, "Why are you still standing here? We have our own seats."

The leaders of the small families all stood there awkwardly. Yan Tianhao chuckled and said to the others, "Ladies and gentlemen, I'll be leaving first."

The leaders of the small families laughed dryly as they watched Yan Tianhao and the two masters leave. They said with a rather sour tone, "It's truly different once you gain power."

"Yeah, the Yan family finally met a fortune bringer this time."

"Hm! Not necessarily. If this fortune bringer actually brings misfortune, the Yan family will be humiliated."

Even though they said so, they were still envious and jealous of Yan Tianhao. How great would it be if their son was engaged to this summoner!

Under the leadership of the Hong and Lan families, Yan Tianhao walked to an area. As he looked around, he saw that the leaders of the four top families were sitting there!

Yan Tianhao's breath tightened. He was about to bend down and greet them, when the leaders of the four families spoke first, "Are you the leader of the Yan family?"

Yan Tianhao's heart skipped a beat. The Yan family had caught their attention! "Yes, I am."

"Hmph!" A cold snort startled Yan Tianhao. "Haha, nice to meet you." Except for him, the other three people all smiled at Yan Tianhao casually. The masters of the Hong and Lan families were extremely upset in their minds. What did the Yan family have that made these few people take the initiative to greet them? They had never received such treatment!

Yan Tianhao really felt a bit dizzy. "Alright, Master Yan, please sit down." Yan Tianhao nodded in a daze. He managed to stay rational and sat down. This was a separate area that was specially set up for the participating families. When Yan Tianhao sat down, he could clearly feel the jealousy in the eyes of the other participating second-rate families. The corners of Yan Tianhao's mouth slowly lifted. The Yan family was different!

"Brother Yan." The leaders of the Hong and Lan families sat next to Yan Tianhao.. "Brother Yan, whoever wins this contest, it will be a glory of the second-rate families, don't you think?"

#### **Chapter 602: The Contest Begins (4)**

Yan Tianhao glanced at the two family masters and chuckled. "Of course, but the Yan family doesn't dare to be arrogant."

The two family masters chuckled. "Brother Yan, you're too kind! With someone like Yun Feng here, what's there for the Yan family to worry about? It's very difficult for such a talented person to appear even in a first-rate family."

Yan Tianhao said humbly that he didn't deserve the honor, but he was delighted in his mind. At this moment, Yan Ming came over. The two of them immediately said when they saw Yan Ming, "This must be Yan Ming. Brother Yan, you really have a great son!"

Yan Tianhao was stunned for a moment. Then, he looked at Yan Ming thoughtfully. Yan Ming smiled and sat next to Yan Tianhao without saying anything.

"Impressive and calm, not bad." The Lan family's master complimented on the side. A hint of complacency flashed through Yan Tianhao's eyes. Yan Ming smiled humbly on the side. "Brother Yan, you must've already picked the heir of the Yan family!"

Yan Tianhao burst into laughter. "Of course. I'm very satisfied with this son of mine." Yan Ming sat aside with his black eyes slightly lowered and didn't say anything. The masters of the Hong and Lan families burst into laughter. How could you not be satisfied? Is there anyone who doesn't know the

background of your son' [\[email protected\]](#)?

The noisy venue suddenly became quiet. The few of them looked up and saw the Hall Master walking out slowly. Excitement and anticipation flashed in everyone's eyes. The competition this time was about to begin!

The Hall Master stood in the middle of the arena and looked around at the crowd. These second-rate families were lucky to be able to come here today. It could also be said that if the Hall Master hadn't agreed, the second-rate families wouldn't have been able to participate in this election.

"The first-rate families have always been responsible for the position of guardians, but after so many years, the development of second-rate families has far exceeded my imagination. Some second-rate families aren't weaker than first-rate families! The position of guardians can't be monopolized by the first-rate families. All the powerful families in the Bright Moon Hall can participate!"

The crowd cheered after hearing this. The second-rate families were extremely grateful for the Hall Master's wisdom and righteousness in their hearts. The faces of the four family's masters of the first-rate families were half black as they sat there. The man took all the good things and put all the shit on their heads!

The Lord of the Bright Moon Hall said a few more words. It was about how generous he was, how determined he was to recruit talented people, and how he would let everyone thrive together. The first-rate families and second-rate families were the main forces of the Bright Moon Hall. These words made the second-rate families all excited. They looked like they would sacrifice their lives if he gave the order.

Yan Tianhao sat there with excitement all over his face. This was an opportunity for the Yan family to stand up for themselves. As long as they could get the Hall Master's recognition, the Yan family wouldn't have to worry about anything in the future! Yan Ming, on the other hand, sat aside with a calm

look on his face. He didn't look excited at all. This young man was probably the calmest one in the audience.

The Hall Master then explained the rules of the contest. Firstly, the second-rate families would go on stage and draw lots to form five groups, giving four winners. The time of victory was more important in this contest. Not only did they have to win, but they also had to win quickly! If they were the last one to appear, they would be eliminated even if they won.

Yun Feng stood backstage and listened to the speech. She yawned lazily. Certainly, the man had to talk big, She glanced at the other nine contestants, who looked as nervous as ever. Even the members of the Hong family and the Lan family were the same. Yun Feng didn't know what they were nervous

about. It didn't matter to her who she picked to fight. She only needed to win in the shortest time possible.

The other nine people were nervous because of Yun Feng. How strong was this summoner of the Yan family? Even if they didn't know Yun Feng's strength, they also knew that she wasn't someone to be trifled with just because she was a summoner! The nine of them were praying subconsciously in their

minds that they wouldn't meet Yun Feng by drawing lots, especially the two members of the Hong family and the Lan family. If they met Yun Feng in this round, they might not be able to qualify!

The speech was finally over. The ten contestants walked up one after another. When Yun Feng walked out, there was a round of cheers. "Look, that's the Yan family's summoner!"

"What? She's so young!"

"How strong can she be? I think she's just so-so!"

Yan Tianhao sat on the high seat and his body suddenly tightened. Yan Ming glanced at Yun Feng with his black eyes. The girl's face was so calm that there was almost no expression on it. There was even a trace of impatience. Yan Ming suddenly smiled.

Yan Tianhao looked at Yan Ming curiously and didn't understand what he was smiling about. Yan Ming simply smiled and there was delight in his eyes. She was probably the only one who could show her impatience at such an occasion!

"Tsk! You're here anyway!" In a corner above the arena, a voice sounded. In a hidden space, Yan Che, Qu Lanyi, Yaoyao, Little Fire, Lan Yi and Meatball, who was sitting on Little Fire's head, were all here!

This time, Yun Feng didn't bring Little Fire and Lan Yi with her, because she didn't need the power of the Magic Beasts. Her strength alone was enough! If the summoners of the first-rate families were truly tricky, it wouldn't be too late to make use of her pets then!

Apart from the first-rate and second-rate families' candidates, no outsiders were allowed to enter today's competition. Qu Lanyi and Yan Che certainly weren't qualified, but who were they? Qu Lanyi had the strength of a Monarch Level expert and Yan Che was a dark-element mage. Both of them had no problem hiding in the space. Even if there were many powerhouses in front of them, they wouldn't be discovered or exposed.

Qu Lanyi looked at Yun Feng with a smile. At this moment, Yun Feng suddenly raised her head and looked at where Qu Lanyi was. Qu Lanyi was stunned. Yun Feng seemed to understand everything. She even put on a smile at Qu Lanyi. Qu Lanyi chuckled and winked at her. Yun Feng then looked away.

Yan Ming, who had been observing Yun Feng, saw that Yun Feng was looking somewhere. He couldn't help but look up. There was nothing in the sky. What was she looking at? After thinking for a while, Yan Ming knew that Qu Lanyi must be here too.

The Hall Master asked someone to take out the lots and glanced at the sky. Qu Lanyi looked at him and frowned..

### **Chapter 603: This Is Combat (1)**

"That old man can see us?" Yan Che looked at the Hall Master curiously on the side, who smiled thoughtfully. Qu Lanyi also gave him a smile. "What do you think? The Hall Master is stronger than you and me. Otherwise, how can he be the master of this hall? Someone who can sit on this chair can't be an

ordinary person.”

Yan Che pursed his lips. His hand was itchy and he wanted to touch Yaoyao’s face. Yaoyao looked very cute on the outside, like a little girl. She was so cute that Yan Che really wanted to pinch Yaoyao’s little face. However, every time he did that, Yaoyao showed an extremely fierce expression, and her sharp little teeth didn’t hold back at all. Yan Che was helpless. He could only give up the thought in his mind and sit in the air in boredom.

“The election is about to begin. There’s really no suspense at all.”

The few Magic Beasts also sat down, Meatball sat on Little Fire’s head and wiggled its little body a few times. Lan Yi chuckled. “Of course, our master will win.”

Yun Feng, who was standing on the stage, withdrew her gaze. Qu Lanyi was here after all. That kid, Yan Che, also came to her brain. She smiled helplessly. “Let’s begin drawing lots!” With a command, a box appeared in front of everyone one by one. There were ten notes in the box, and every two notes had the same mark on them. Those who drew the same mark were naturally in the same group. The others all carefully reached into the box to get the lots, with a hint of nervousness on their faces. Yun Feng was the third from the last to draw. She casually reached her hand in and took one out randomly. The others couldn’t help but glance at her. Which one would she draw?

“Open the note!”

Everyone opened the note. Yun Feng unfolded the note. The two people standing next to her couldn’t help but heave a sigh of relief when they saw this. They looked so relaxed. Great, she and I aren’t in the same group.

“Those who get the same mark will be a group!”

Once the order was given, the ten people quickly divided into five groups. The Hong family and the Lan family didn’t meet, and the two of them were very lucky not to encounter Yun Feng. Those who didn’t meet Yun Feng all looked at the person in Yun Feng’s group gloatingly. The person who drew the same mark as Yun Feng was a young man with average looks. He was from a small family that wasn’t famous among the second-rate families. The young man’s face was a bit pale. He thought that he had truly hit the jackpot. Out of the nine people, he was the only one who drew this death lot!

The other people’s gloating expression made him feel like there was a dagger at his back. Yun Feng stood opposite him and casually threw the note in her hand away. She sized him up slightly. A Mid-level Commander. Although this young man’s strength wasn’t the best among his peers, he was above average.

The five groups each occupied one of the five areas. The ten of them had to decide the winner at the same time. The four winners with the shorter time would directly qualify.

“Let the battle begin!” The second-rate families watching the battle immediately cheered. There were dozens of second-rate families that the Bright Moon Hall informed. The interests of each family were intertwined. Those watching the battle certainly weren’t purely watching the battle. They certainly had connections.

The audience, in particular, were the hot-blooded young generation who were easily excited. Cheers immediately sounded. Even those old guys who had always been calm couldn’t help but become excited.

The contests of the five groups immediately began. Time was the key to qualifying!

The other four groups had already started fighting one after another. The sounds of fighting and cheers immediately sounded, while Yun Feng’s group was surprisingly quiet.

Yun Feng and her opponent were standing there. Yun Feng looked at the anxious young man opposite her with her black eyes. The young man chuckled dryly. “I know I can’t beat you.” He glanced at Yun Feng a few times and suddenly raised his voice. “Even though I know I can’t beat you, I still bear the expectations of my family. I’ll never quit without fighting!”

Yun Feng chuckled. “You have a backbone. Not bad! If you’re a coward who automatically forfeits, I’ll feel bored.”

“The young man gave a dry laugh and forced himself to get into a stance. “I don’t think everyone will have a chance to meet a summoner. I’m quite lucky.”

Yun Feng was silent for a while, as if the battle was about to begin. The crowd immediately turned around. “The summoner of the Yan family is about to attack!”

“Hurry up! What are you talking about? They’ve already started fighting. What’s she waiting for?”

“Why are you in such a hurry? People with high strength tend to be pretentious.”

“Haha, I even wonder if she’s just a rookie. She might not be as strong as you! Even a summoner has different levels!”

Some of the younger generation were very proud, especially when they were just spectators, which made them even more unrestrained. The four first-rate families’ heads sitting on the other side were also a bit nervous. They were also looking forward to Yun Feng’s attack. Once she made a move, they would naturally be able to see who was stronger!

Naturally, Yan Tianhao was also very nervous. This was the first time he saw how strong Yun Feng was. Even Yan Ming, who had always been calm, was a bit short of breath. Even though he knew that Yun Feng was a summoner, this was also the first time he saw Yun Feng attack!

“The Hall Master sat on the high chair and looked at Yun Feng with anticipation in his eyes. How big of a surprise could this summoner of the Yan family give him for her to be able to become Zhan Li’s daughter? Whether it was true or not, this little girl must have a few tricks up her sleeve.

Yun Feng slowly raised her head. The young man on the opposite side had already rushed over with a furious shout with a strong momentum. However, in front of Yun Feng, he was destined to be defeated!

“Hal” The young man roared as he rushed forward. The fighting energy inside his body had already burst to the extreme. It could be seen that he had already used all his strength! Yun Feng raised her hand gently. There was no magic, no summoning, nothing!

‘When the young man rushed over and saw Yun Feng’s unguarded look, he couldn’t help but feel lucky in his mind. As a summoner, she didn’t use magic or a Magic Beast? Why didn’t she use a Magic Beast? Was it really as people said? She was just pretentious and had no strength!

He might... not lose this battle!

‘The young man’s attack was fierce in an instant, with a lot of confidence mixed in it. The people who had been watching this corner were also extremely shocked. Those young people who originally doubted Yun Feng suddenly burst into laughter. “Hahahaha! Did you see that? She’s a summoner.. She doesn’t even summon the most basic Magic Beasts!”

#### **Chapter 604: This Is Combat (2)**

“I think she’s just an impostor!”

“I suddenly realized that she might be a tamer, could she? She knows that her Magic Beasts are all useless, so she’s too embarrassed to take them out!”

The younger generation laughed a bit crazily and loudly. Yan Tianhao, who was sitting there, looked pale and didn’t know what to feel in his mind. Yan Ming was also a bit surprised, but he didn’t doubt her at all. After all, that Fire Cloud Wolf back then wasn’t an impostor!

Why didn’t she summon her Magic Beasts? Yan Ming looked at Yun Feng’s defenseless fighting posture and was extremely puzzled in his mind. Yan Ming didn’t know that the reason why Yun Feng didn’t summon her Magic Beasts was precisely because there was no such need at all. She would be too

cheap as a summoner if she were to summon her Magic Beasts every time? Facing this opponent, she didn’t need a Magic Beast! She didn’t even need magic!

The four families’ heads sat there quietly. They certainly weren’t those hot-blooded kids. They had what it took for them to rise to their current positions. Even if Yun Feng was in such a state, the four of them couldn’t make a conclusion easily. There were all kinds of people in this world! There were all

kinds of weird people! Nobody could be underestimated. Anyone who was underestimated would take their life!

‘The young man who lunged at Yun Feng was full of confidence. His fighting energy also increased a lot because of the change of thoughts in his mind. Yun Feng chuckled and looked at the confidence that flashed in the young man’s eyes. Confidence was good, but blind confidence was a miscalculation!

Just like now!

The young man suddenly stopped in front of Yun Feng, His eyes slowly widened and his posture seemed to be fixed at this moment. The laughter of the younger generation who mocked Yun Feng stopped abruptly and the ridiculing expression on their faces froze. Yan Ming clenched his fists in

excitement. Yan Tianhao's eyes suddenly froze and the faces of the four families' heads darkened!

The young man's fists where he gathered all his fighting energy stopped in front of Yun Feng, And the only thing that stopped the heavy punch was a white and tender hand. Her slender fingers grabbed the young man's wrist firmly with a slightly cold temperature, stopping his entire body there!

"How... How is this possible..." The young man froze on the spot. His entire body was like a statue as he stood there unnaturally. He clearly felt an irresistible force coming from that hand. His heavy fist, which he had gathered all his strength for, was grabbed gently and blocked just like that!

Her strength far exceeded his! The young man was punched heavily in his heart. Wasn't she a summoner? As a summoner, why was her strength comparable to a warrior's? Was there someone in this world who cultivated as both a mage and a warrior?

"Y-You..." The young man's lips trembled as he looked at Yun Feng excitedly. Yun Feng smiled faintly and gently shook her hand away. The young man's body was thrown to the side and he fell on the ground a bit awkwardly.

"Do you still want to fight?" Yun Feng asked casually. The young man got up from the ground and coughed a few times. Fight again? Even if he fought a few hundred times, he would still lose!

"No, I lost." The young man's indifferent words made Yun Feng lock onto the victory! However, all the people who were paying attention were stunned again. What was going on? She won? How? What did she do? She won without doing anything!

"What... happened? Did you see how she won?" The hot-blooded young men seemed to have been splashed with a bucket of cold water. Nobody answered this question, because nobody knew how Yun Feng won at all!

The other contestants couldn't help but stop. The two members of the Hong family and the Lan family looked at Yun Feng and looked at her floating posture. She won. This girl won in such a short time!

"The Yan family wins!" A loud shout broke the atmosphere that was a bit awkward. Although the young man who fought with Yun Feng lost, he didn't feel embarrassed in his heart. He felt that it was quite glorious to lose to Yun Feng!

The audience members of the second-rate families who were participating in the contest all opened their mouths wide. Yun Feng retreated from the arena leisurely. The Yan family's first round of competition had ended. Yun Feng won the competition at a speed that the five of them couldn't surpass!

Some battles had just begun!

Yun Feng's departure made the people who were still competing on the stage feel a bit upset in their minds. They couldn't keep up with such a speed of victory at all. It also let them clearly know how big the gap between them and Yun Feng was! This was winning in a second!

The contest on the stage was still going on. Yun Feng became the winner at an astonishing speed, which made the scene more or less a bit funny. However, many people were looking forward to seeing Yun Feng fight. She did fight, but nobody could see what she did at all! She won just like that. It was unbelievable!

Yun Feng walked off the ring. The sounds of fighting continued from time to time, but the scene was obviously much colder. Because Yun Feng's departure took away most of the attention, people's minds were focused on her instead. This summoner whose strength became a mystery aroused everyone's interest even more!

"You've got quite a few tricks up your sleeve." A loud voice sounded. Yun Feng stopped. The voice was from the area at the back of the arena. At this moment, nobody was there. Everyone was focused on the contest in front. A few young people with extraordinary momentum appeared. Yun Feng glanced around and saw two familiar people.

One of them should be Xiao Lingyu, who had distorted the truth, and the other was someone from the Ouyang family whom she met that day. Seeing Yun Feng, Xiao Lingyu took half a step back. Yun Feng smiled coldly.

"What's the matter? If there's nothing, just let me through." Yun Feng knew clearly who these young people in front of her were. They were naturally the juniors that the first-rate families were proud of and would be her next opponents.

"Tsk, ts! You're quite arrogant! In my entire life, I've never given way to anyone!" A pretty girl walked out and looked at Yun Feng coldly. "You killed Ouyang Shanshan. You're quite bold."

"She deserved to die." Yun Feng stared at the girl in front of her with her black eyes and didn't take a step back at all. The girl was stunned for a moment, then she suddenly took a few steps forward and raised her hand, as if she wanted to slap Yun Feng!

Yun Feng's black eyes turned cold as her mental strength surged out quickly and turned into an invisible whip that wrapped around the girl's arm abruptly.. The girl's body froze and before she could do anything, Yun Feng's mental whip had already swung out violently without hesitation!

### **Chapter 605: This Is Combat (3)**

The girl's body was thrown high into the sky. She flipped her body agilely and stood straight in the air. She looked at Yun Feng furiously, gnashing her teeth. Yun Feng's face was cold. "In my entire life, I've never been slapped by anyone."

Ever since Yun Feng was reborn, when had she ever been bullied by anyone? If it wasn't that she didn't want to blow things up, Yun Feng wouldn't have just slapped her.

"That's enough, Zhong Yuling, You should stay out of the Ouyang family's business." The young man on the side said in a low voice. Zhong Yuling, who was standing in the air, grunted in disdain and landed from the sky.

“Sister Yuling, this is the Ouyang family’s business, Thank you...” The young man from the Ouyang family whom Yun Feng had met before interrupted Zhong Yuling abruptly before he could finish. “Don’t be so sentimental! Only the Ouyang family could stand Ouyang Shanshan’s provocative and fierce personality! I’m not standing up for Ouyang Shanshan. I simply don’t like her!”

The young man of the Ouyang family turned pale and didn’t say anything else. The young man standing next to Xiao Lingyu, who had been silent, suddenly chuckled.

“Yun Feng, as a summoner, you won in such a way. It’s indeed unexpected. To be honest, you gave me the desire to fight you.”

Yun Feng glanced over. This man should be one of the outstanding members of the Xiao family. “Xiao Lingyu, aren’t you going to fight this time?” asked Yun Feng. Xiao Lingyu raised the corners of his mouth and the young man standing next to Xiao Lingyu laughed.

“Lingyu is just a member of the Xiao family’s younger generation. He’s too weak to represent the Xiao family.”

Yun Feng raised her brows slightly. The young man of the Xiao family suddenly changed his expression and a longsword appeared in his hand. This longsword was very similar to the longsword that Xiao Lingyu was holding, The body of the sword was embedded in a sword sheath and the shape of the sword sheath was that of a ferocious giant beast.

The young man gently stroked the sword with his finger, which emitted a faint glimmer. “Yun Feng, as someone of your generation, I certainly don’t want to be surpassed by others. We’re all people at the top of the pyramid. You should understand how I feel.”

“I just want to spar with you. It’s not about anything else. Please don’t reject me.” The young man of the Xiao family smiled casually. Zhong Yuling chuckled. “Sure, sure. I want to spar with you too. Let’s see what you’re so arrogant about! Ouyang Hongyu, Xue Han, do you want to join in the fun?”

Ouyang Hongyu’s face darkened. “No, I might do something unpredictable if I participate.” The Ouyang family was in the center of the storm right now. Ouyang Shanshan’s death had weakened the Ouyang family’s strength quite a bit. If they got involved and killed Yun Feng by accident, the Ouyang family would have to bear all the responsibility! Ouyang Tian’s instructions had always been in Ouyang Hongyu’s mind. He must take revenge in the arena and not let others say anything!

Xue Han was expressionless. “No, I’m not interested.” Xue Cheng was someone who had fought with Yun Feng directly and couldn’t search her soul. When Xue Cheng told the Xue family about this, the entire family was shocked! There were people in this world who couldn’t be searched! They knew very little about these people, but Xue Han had already learned from Xue Cheng that they couldn’t offend them.

Zhong Yuling pursed her lips. “You two cowards! Never mind!” She waved her hand, and a wand suddenly appeared in Zhong Lingyu’s hand. She sneered in a low voice. “There’s no such thing as bullying with numbers. If you’re scared, just admit that you can’t beat us!”

The young man of the Xiao family chuckled. "Yuling, you're right. It's just a spar. Yun Feng, of course you won't agree."

Yun Feng stood there with a smile on her face. The sounds of the battle in front of her could still be heard, suggesting that the battle in the ring was still going on, but here, another battle was about to begin!

"It doesn't matter how many of you are coming together, as long as you don't let me down." Yun Feng also showed her wand and casually sealed the space. It didn't matter even if the battle was earth-shattering in this space!

Zhong Yuling's facial features twisted. The young man of the Xiao family burst into laughter. Xiao Lingyu wanted to say something, but didn't

"I'm Xiao Xiang. My strength is nothing."

Zhong Yuling suddenly smiled after hearing that. "Xiao Xiang, if your strength is nothing, wouldn't we be too weak?"

Xiao Xiang chuckled as he held the longsword in his hand tightly and stared at Yun Feng with glittering eyes. He was truly interested in Yun Feng and wanted to fight her!

Zhong Yuling waved her wand fiercely and a wind blade came at her at an extremely fast speed. Yun Feng turned her body slightly, but her cheek was still scratched by the wind blade. A tiny wound appeared on Yun Feng's cheek and tiny drops of blood appeared.

"That was just my greeting." Zhong Yuling, who had a wand in her hand, smiled provocatively. Yun Feng lowered her black eyes and gently turned the wand in her hand. Huge fire elements immediately appeared. Its constantly expanding volume and the rising temperature made the others' expressions change slightly.

"swish..." The fireball directly flew towards Zhong Yuling. Zhong Yuling held the wand in her hand and waves of wind elements instantly cut the fireball into dozens of pieces. However, the fire elements that were cut into pieces instantly formed individual segments and surrounded Zhong Yuling tightly!

"Boom, boom, boom..." Continuous small explosions started next to Zhong Yuling. The exploding fire elements almost drowned Zhong Yuling in a fiery ocean. When all the fire elements dispersed, Zhong Yuling was in too much of a mess. Her clothes were all burnt.

"That was just my greeting." Yun Feng smiled evilly. Zhong Yuling's face was red. Seeing that, Xiao Xiang burst into laughter. "Since you're so sincere, let's begin!"

Yun Feng's heart heated up. This was the first battle that was suitable for her. She waved the wand in her hand abruptly and started fighting!

"Earth Shield!" The earth element suddenly formed a thick earth element barrier around Yun Feng after Yun Feng shouted. Zhong Yuling burst into laughter after seeing that and seemed to be a bit excited. She waved the wand in her hand at an even faster speed.. Powerful and sharp wind blades pounced at the Earth Shield in front of Yun Feng one after another, colliding fiercely and causing a deep dent!

## Chapter 606: There's Always Someone Better Than You (1)

Under the violent attack of the Wind Blade, the surface of the Earth Shield was riddled with holes. Some earth elements were also blown away by the wind blade and dispersed in the air. Xiao Xiang saw the opportunity and suddenly pointed the longsword in his hand at Yun Feng, throwing a powerful and domineering attack at Yun Feng!

"Break!" Xiao Xiang shouted loudly. The Earth Shield in front of Yun Feng managed to block the fierce attack. Under the double attack of the wind element and fighting energy, the Earth Shield was on the verge of collapse. Yun Feng's eyes darkened and she immediately flashed out. The Earth Shield exploded in the next second!

"swish..." The attacks of the wind element never stopped. In this space, the green wind element was like a crazy wild beast under Zhong Yuling's control, rampaging around. Zhong Yuling's face also showed an almost crazy expression!

"When Zhong Yuling is excited in the middle of a battle, she has an interesting nickname." Xiao Xiang temporarily stopped attacking and watched Yun Feng dodge agilely in the wind element that was almost out of control. His thin lips curled up slightly. "Lunatic, this is her nickname."

"Hahaha! Yun Feng, why are you running? If you have the ability, summon your Magic Beast!" Zhong Yuling let out an extremely excited scream. The expression on her face was even crazier than before. Yun Feng also felt that this woman was a bit crazy. She had invoked her craziness!

A calm and rational opponent wasn't difficult to deal with. The tricky ones were often people who couldn't control their behavior and thoughts! Zhong Yuling was obviously one of those people. The attack speed and strength of the wind element were already extraordinary. The wind element, which was

famous for its speed, became the sharpest weapon in Zhong Yuling's hands. It could obliterate Yun Feng if she was careless!

"Hahaha! Keep dodging! Keep dodging!" Zhong Yuling shouted loudly. Her hands moved even faster and had already reached the ultimate speed. The wind elements also burst out completely under Zhong Yuling's movements, turning into rampaging beasts and seizing the opportunity to shatter Yun

Feng's body!

"She's indeed a lunatic!" Yun Feng felt that the wind element was so violent that her dodging speed had also increased to the maximum. However, her speed wasn't as fast as Zhong Yuling's. After all, that woman had fallen into madness. The wind element instantly left wounds on Yun Feng's body!

"Advise you not to run. The more you run, the more stimulated she will be and the crazier she will be! Do you know her glorious deeds?" Xiao Xiang had the mood to chat with Yun Feng on the side. Seeing the wounds on Yun Feng's body gradually increase, the delight in Xiao Xiang's eyes became stronger.

Yun Feng dodged, but the wounds on her body were still increasing. The crazy wind elements continued, as if they wouldn't stop. The glorious deeds of this lunatic? She wasn't interested to know!

"Zhong Yuling once slaughtered a hundred Magic Beasts in a crazy state. There were fifty of them at the peak of the Commander Level, forty of them at the peak of the Monarch Level, and one at the Monarch Level."

Yun Feng's black eyes suddenly darkened. The Commander Level and Monarch Level beasts were nothing, but Monarch Level! This woman had killed a Monarch Level beast?

"Lunatics are all unreasonable!" Another wound appeared on Yun Feng's cheek as she shouted at Xiao Xiang. Xiao Xiang burst into laughter. "You're right. Don't mess with Zhong Yuling, You can't mess with a lunatic."

"Xiao Xiang! If you don't do anything, I'll beat you up too!" Zhong Yuling shouted in the sky. Xiao Xiang laughed and held the longsword in his hand slightly. Hearing that, Yun Feng's body tightened!

"Now that you've said so, I can't just be a bystander anymore," said Xiao Xiang casually. His body flashed and he had already joined the battle, rushing towards Yun Feng!

"That's for the best! Otherwise..." Zhong Yuling burst into laughter when she saw Xiao Xiang's movement and was very happy. The wind elements around her were moving crazily and attacking Yun Feng without any order at all. Zhong Yuling was frustrated at this moment. So far, she hadn't caused any

substantial damage to Yun Feng. She only added some minor wounds that were uncritical. Those were all superficial wounds! Zhong Yuling was so frustrated that she wanted to go crazy! If it were anyone else, even Xiao Xiang would be defeated under such an attack. How would Yun Feng be safe?

She waved the wand in her hand fiercely again and the wind element roared. With Zhong Yuling's raging mind, she didn't believe that she couldn't hurt her. She didn't believe that she couldn't beat Yun Feng!

Xiao Xiang's participation made Yun Feng fall into a passive situation. Zhong Yuling's attacks had always been violent and unpredictable. Even though Yun Feng didn't suffer any substantial damage, she didn't have a chance to attack. Now, Xiao Xiang had joined. His fighting energy was even more

ferocious and direct than Zhong Yuling's!

Yun Feng's heart sank. When she was facing two enemies, could she only be beaten up passively like this? Impossible! She was Yun Feng, Even if this was the case, she had to turn the situation around!

Yun Feng flashed and dashed straight into the raging wind element in front of her. Zhong Yuling was stunned for a moment after seeing that. Then, she burst into laughter. She wasn't afraid of death! If she rushed straight into the wind element, she would either be cut into pieces or become a pile of meat sauce!

The wind elements surrounded Yun Feng densely. Zhong Yuling's eyes were full of excitement, as if she could see Yun Feng's miserable look under her attack!

Xiao Xiang's expression changed drastically at this moment. His body suddenly retreated quickly and he had already left the battlefield!

“Brother...” Xiao Lingyu was a bit surprised to see this scene. Xue Han also raised his brows on the side. Ouyang Hongyu’s face darkened and remained calm. Zhong Lingyu saw Xiao Xiang’s movement from the corner of his eyes and shouted, “I’ll deal with you, coward, after I finish her!”

Xiao Xiang’s face was extremely gloomy at this moment. He looked at Yun Feng, who had directly dashed into the wind elements, and roared at Zhong Lingyu, “If you want to live, stop and leave her!”

Zhong Lingyu only laughed crazily when he heard this. “Xiao Xiang! You’re afraid of death, but I, Zhong Lingyu, am not! You’re a loser! The Xiao family will be ashamed of you!”

Xiao Lingyu also blushed when he heard that. Xue Han didn’t say anything. Ouyang Hongyu sneered, but his expression changed after a while. “Zhong Lingyu, you better listen to him.”

### **Chapter 607: There’s Always Someone Better Than You (2)**

“Bah! I really couldn’t tell that there are so many cowards in the top families!” Zhong Yuling’s face was full of disdain. Xue Han moved his lips and wanted to say something, but he didn’t. Zhong Yuling’s life and death had nothing to do with him.

“Humph! I don’t care if you want to hear it or not!” Xiao Xiang said coldly as his body had already left the battlefield. Xiao Lingyu, who was on the side, whispered with a slightly red face, “Brother, are you scared?”

Xiao Xiang turned around and glanced at Xiao Lingyu coldly. Xiao Lingyu’s body shivered slightly. “Scared? Compared to those crazy people who don’t care about their lives, I’m not scared. I’m just being wise.”

Xiao Lingyu sighed in his mind. However, the next second, he heard a scream!

argh!”

A miserable scream pierced the sky, so devastatingly that Xiao Lingyu instantly shivered! He suddenly looked up, and the scene in front of his eyes made Xiao Lingyu’s face extremely pale!

In the sky, the area that should have been covered by the dense green wind element had completely changed color! A faint sound that was a bit depressing came from the nerve endings of Xiao Lingyu’s brain like an electric shock, making his nerves instantly tighten!

Those suppressed muffled sounds were like lurking ferocious beasts that slowly came out of the ground. A layer of faint purple and silver tiny bodies suddenly appeared in this green space! The scream came from inside! It didn’t belong to Yun Feng, but Zhong Yuling!

The light purple elements that were slowly flowing out just then suddenly expanded abruptly, like a ferocious beast that came out of the ground and roared!

“Lightning Field!” Yun Feng shouted angrily, opening the curtain for this ferocious beast’s feast. The sound of lightning elements spread throughout the sky, making people’s voices deafening and their heads buzzing!

“Zi, zi, zi...” A silver snake, which was as thick as a tree root, suddenly rose to the sky. The purple elements, when encountering the green and violent wind elements, wrapped around them tightly and bit them hard!

The thick silver snake suddenly exploded and turned into countless tiny silver snakes. Each of the tiny silver snakes covered the wind elements and the wind elements constantly surged violently. Even the space was covered densely by the silver snakes!

“This is...” Zhong Yuling, who was shocked by the scene in front of her eyes, completely lost the crazy expression she had just now. She looked at the wind elements that were tightly entangled by the silver snakes around her with her eyes. The wind elements had already become more and more violent

after being bound by the lightning elements! The lightning elements belonged to Yun Feng, but the wind elements belonged to Zhong Yuling!

‘When someone’s element was determined to entangle someone else’s element, it would be a battle for control! It was obvious that the wind element didn’t want to be entangled with the lightning element, but the lightning element would fight to the end!

“Don’t think you can defeat me just like that! It’s just a small trick!” Zhong Yuling suddenly shouted loudly and waved the wand in her hand fiercely. The wind element’s momentum surged and she wanted to break through the restraints of the lightning element in one go!

Yun Feng smiled coldly as a beam of light burst out of her black eyes! The tiny silver snakes tore at the wind element crazily. The wind element seemed to be letting out a series of whines, twisting and howling!

Beads of sweat had already appeared on Zhong Yuling’s forehead. On the surface, this was a battle between elements, but in fact, it was a battle of mental strength between the two of them!

The two people who controlled the wind element and the lightning element fought with their mental strength!

Zhong Yuling didn’t think that she would lose to anyone in terms of mental strength. She was a Monarch Level mage after all! She was also a young descendant that the Zhong family was proud of. How would she lose to someone from a second-rate family? Even if she was a summoner, how strong could she be? How would she lose to her in terms of mental strength?

Zhong Yuling had never been one to admit defeat! However, the word “lose” didn’t exist in Yun Feng’s dictionary either!

Both of them stood there at the same time. Their surging mental strength constantly spread towards the magic elements. The wind element and the lightning element, being green and purple, fought and roared continuously!

The beads of sweat on Zhong Yuling’s forehead became larger and larger, and more and more. Yun Feng also felt a bit weak. Zhong Yuling was indeed a strong opponent. The strength and background of a first-rate family’s member weren’t just empty talk. They were truly quite capable! The hot blood in

Yun Feng's body was already boiling gradually. Even though her mental strength was constantly being consumed, such a high-intensity mental strength contest made her feel unprecedented excitement!

Zhong Yuling noticed Yun Feng's excitement and couldn't help but change her expression! She was called a lunatic by others, but compared to this person in front of her, she was more like a normal person!

Under the high consumption of her mental strength, she became more and more excited and her fighting spirit became higher and higher. If Yun Feng wasn't a lunatic, what was she?

Zhong Yuling originally thought that Yun Feng's mental strength was about the same as hers. After all, she wasn't a simple person herself. In Zhong Yuling's knowledge, the younger generation of the first-rate families were the true elites, the next kings of the West Continent!

However, Zhong Yuling was wrong!

"Damn it!" Zhong Yuling bit her lips hard. Beads of sweat were already dripping down. She felt that her body was getting emptier and emptier. Zhong Yuling also knew that she couldn't compare to her. The mental strength she was so proud of couldn't beat hers!

Yun Feng also noticed that Zhong Yuling's mental strength was weakening. Yun Feng certainly consumed a lot of mental strength in the battle with Zhong Yuling's mental strength. However, even if Yun Feng consumed a lot of mental strength that was as vast as an ocean in her body, the remaining amount was far more than Zhong Yuling's!

"It seems that I've won." Yun Feng chuckled as her mental strength surged out again. This time, the silver white snake opened its mouth with the purple lightning element and swallowed all the green wind elements!

"Argh!" Zhong Yuling let out a miserable cry. The silver snakes that swallowed the wind elements suddenly gathered together and formed a silver-white dragon the size of a thick tree, roaring at the sky!

"That's..." The four people watching the battle couldn't help but widen their eyes.. That was the lightning element! When would the lightning element be able to condense into such a shape? That was a dragon, right?

### **Chapter 608: There's Always Someone Better Than You (3)**

Zhong Yuling held her chest with her hand. There was a kind of emptiness inside her body after being exhausted, which made her not have the confidence to speak at all. "Is that... the simulation of the lightning element?"

Beside Yun Feng was a silver-white giant dragon. Although the giant dragon only had its upper body, its enormous size and ferocious form already made people shocked!

"The simulation of the lightning element is actually a dragon..." Xiao Xiang saw this scene and his heart skipped a beat. Xiao Lingyu's face was even paler than before. Xue Han was completely sullen on the side. Ouyang Hongyu frowned hard. It wasn't that they had never seen a mage who used the

lightning element. There were also lightning mages in top families, but... the simulation of the lightning element was that of a dragon. This was the first time they had seen one!

The silver-white giant dragon roared towards the sky and its body suddenly flew out. Its ferocious head suddenly opened its eyes. There was pure purple in the huge eyes!

Zhong Yuling didn't even have the strength to move, let alone escape. She could only watch the giant dragon pounce on her. A kind of fear suddenly arose in Zhong Yuling's heart. She, who had been fighting crazily every time, didn't know what fear was at all. However, this Yun Feng in front of her right now made her feel... frightened!

Zhong Yuling's entire body was soaked in cold sweat as she moved her body desperately. However, she found out in despair that she couldn't avoid it! The huge consumption of mental strength just then was a gamble for her as a mage! Yun Feng's mental strength was stronger than hers. This was

something she couldn't predict! Even after she exhausted her mental strength and couldn't move, Yun Feng still had the ability to simulate magic. What level had her mental strength reached?

Die. This time, she would probably die!

The huge silver dragon reflected in Zhong Yuling's eyes, and the fear in her heart also flashed clearly! The four people watching the battle also had the same thought in their minds. Zhong Yuling would die this time!

Even though they knew that Zhong Yuling would die, nobody did anything. They all stood aside and watched, or simply ignored Zhong Yuling's death! There was even a hint of ridicule at the corners of Xiao Xiang's mouth, as if he was mocking Zhong Yuling for not listening to him back then. She deserved all of this and it was her own fault!

Although the younger generation of the first-rate families often stayed together and communicated with each other, they were extremely cold in their minds! Just like how they watched Xiao Lingyu run away without saving her!

The silver dragon suddenly stopped in front of Zhong Yuling. Zhong Yuling's clothes were already soaked in cold sweat, and her face was extremely pale. The pain and death she expected didn't come. When she slowly opened her eyes, the silver dragon had already disappeared. Only Yun Feng stood in front of her with her hands behind her back.

Zhong Yuling was a bit shocked. The four people watching the battle outside were also a bit stunned. She didn't kill Zhong Yuling! Zhong Yuling didn't have any merciful intentions towards Yun Feng. Even though it was called a spar just then, her moves were all very ruthless! Zhong Yuling's entire body was paralyzed there, and she panted heavily from the silence of death just then.

Yun Feng looked at Zhong Yuling with her black eyes, then looked at the four people who had been watching the battle without moving at all. "How pathetic and ridiculous." Yun Feng said coldly. The expressions of the people on the scene changed drastically. Ouyang Hongyu couldn't hold back the anger

in his heart. “Yun Feng, what do you mean?”

Yun Feng chuckled as her body fell from the sky. Zhong Yuling’s body also fell rather awkwardly from the sky. She managed to support her body as her cheeks flushed and heated up. She had lost. She had completely lost to Yun Feng!

“Nothing.” Yun Feng waved her hand, and the space that was sealed just then suddenly shook violently. The space was unlocked! Seeing that Yun Feng left after saying this, these people certainly didn’t look good. Even though Yun Feng didn’t say their names, they all knew that she was talking about them!

“Don’t think that you have any tricks up your sleeve!” Ouyang Hongyu gnashed his teeth and said, “Zhong Yuling is not strong at all! Are you trying to show your benevolence by not killing her? I think you’re the pathetic and hilarious one! In this world where the strong prey on the weak, you’ll be killed if you don’t kill anyone! In this election, I’ll let you know what it means to be competitive!”

When Yun Feng heard this, she suddenly stopped and turned her head slightly. She smiled at Ouyang Hongyu lightly and her black eyes suddenly became colder. Her gaze was like an icicle that pierced into Ouyang Hongyu’s body!

“W-What kind of look is that?” Ouyang Hongyu’s heart trembled for no reason. Yun Feng burst into laughter with disdain in her eyes!

“You’ll dirty my hands if I kill you.”

“What?”

“Yun Feng, how dare you!” Xiao Xiang couldn’t help but blush after hearing that. Xiao Lingyu even shouted impulsively. Even though Ouyang Hongyu didn’t say anything, his face was extremely gloomy. Xue Han didn’t say anything, but his expression was quite scary. Zhong Lingyu was also embarrassed.

These words were like a sharp sword, piercing the dignity of the young generation that these first-rate families were proud of, completely stepping on their originally high status!

In Yun Feng’s eyes, she didn’t care about first-rate families, kings of the West Continent, or geniuses at all!

“I think you’re the ones who are insolent.” A voice sounded inexplicably. The few of them suddenly raised their heads and saw that after the space shook slightly, a few figures appeared in the sky!

“That’s...” The few of them all gasped! A huge and fierce Fire Cloud Wolf, a handsome man with wings on his back, a cute little girl who looked ferocious at this moment, and a charming man whose face had already darkened and whose eyes were spitting fire.

“Nana!” A furious roar came along with a figure that was as fast as lightning, rushing towards the few of them. Xiao Xiang subconsciously raised the longsword in his hand to block. He thought it was a hidden weapon or something, but he didn’t expect that the longsword in his hand would be broken into

two in the next moment!

Meatball suddenly opened its mouth and bit the longsword in Xiao Xiang's hand with its sharp teeth! Xiao Han was completely dumbfounded. He looked at the longsword in his hand that was bitten off and couldn't come to his senses. The ferocious expression on Meatball's face appeared again. It opened its mouth and was about to bite Xiao Xiang's neck. Yun Feng called softly, "Meatball, he's not worth it.."

#### **Chapter 609: There's Always Someone Better Than You (4)**

Meatball's expression changed abruptly. It glanced at Xiao Xiang fiercely with its big eyes, and instantly jumped back to Yun Feng's shoulder with a hop. Qu Lanyi looked at the tiny wounds all over Yun Feng's body with a gloomy face. He raised his hand, and warm and bright light elements enveloped Yun

Feng.

"Let's go. Ignore them." Yun Feng said indifferently and left first. Qu Lanyi only glanced at them gloomily, especially Zhong Yuling. The corners of his mouth curled up slowly with a wicked smile. "If you want to beat Yun Feng, don't think about it until you reach the Lord Level."

The faces of the few of them darkened. The few Magic Beasts left behind Yun Feng, and Qu Lanyi left too. Only the few young people who wanted to teach Yun Feng a lesson stayed.

"Xiao Xiang, what kind of scrap metal is that? How can it be bitten apart by such a Magic Beast?" Zhong Yuling had already regained some strength. She was quite unwilling in her mind and couldn't help but sneer.

Xiao Xiang looked at the broken sword with a gloomy face. "This is a Monarch Level weapon!"

Zhong Yuling's pupils shrank abruptly. Xue Han and Ouyang Hongyu were the same. A Monarch Level weapon was... bitten off!

"What kind of Magic Beast is that? And... she has a light-element mage with her! And those two Magic Beasts. Even that little girl must be something." Xue Han finally spoke. His deep voice spread to the ears of the few of them. They looked at each other with embarrassment in their eyes.

They were the younger generation of the top families of the Bright Moon Hall on the West Continent. They had been known as geniuses since they were young, and their strength had indeed lived up to the title of genius. At such a young age, their strength had already surpassed that of ordinary people by several times! They should feel proud. Their families had always been proud of them, but today! Their pride and dignity were completely trampled under someone's feet!

If they wanted to beat Yun Feng, they wouldn't be able to do so until they reached the Lord Level!

'What Qu Lanyi said at the end undoubtedly became a huge thorn that stabbed deeply into the hearts of these young people who thought they were very impressive. This thorn was suddenly stabbed and would never be removed! They thought they were already standing in the sky, but now they realized

that the sky was still way above them!

“We can’t win. None of you can beat her!” Zhong Yuling straightened her body, but her tone was still very weak. The others all sneered after she said that. “Zhong Yuling, you’re truly scared. You’re talking her up,” said Ouyang Hongyu in a neutral tone. Zhong Yuling only smiled in disdain. “You think we’re on the same side? You and I have never been on the same side. I won’t get involved in this matter. You can play by yourselves.” Zhong Yuling turned around and left. Facing Yun Feng directly, she really didn’t want to get involved anymore. She couldn’t surpass Yun Feng!

After Zhong Yuling left, Xue Han moved his body. “The Xue family has never thought of fighting anyone. Goodbye.” Xue Han also turned around and left after saying that. Xiao Xiang and Xiao Lingyu also wanted to leave. Ouyang Hongyu roared gloomily, “Why? Does the Xiao family want to stay out of this?”

Xiao Lingyu’s face turned pale. Xiao Xiang laughed dryly. “As you can see, she’s not to be trifled with. It’s indeed a pity that your sister died, but it’s hard for her not to die when she met such a person.”

Ouyang Hongyu suddenly clenched his fists, and the veins on his forehead bulged slightly. “If the Ouyang family needs our help, the Xiao family will do our best.” After saying that, Xiao Xiang turned around and left with Xiao Lingyu, leaving Ouyang Hongyu alone. He stared at the longsword that had half fallen on the ground and stomped on it!

“Yun Feng! Don’t think I’m afraid of you just because of this! The Ouyang family will never let you have a good life. Never!”

Everyone spent the first day of the contest in a state of extreme shock. It could be said that after Yun Feng left the arena, everyone’s mind was still on her. She ended the battle so quickly and surprised everyone in such a short time!

It could be said that the disparity in strength made Yun Feng win so easily. This remarkable time cost for victory became a hot topic of discussion on the streets and alleys, and the Yan family also became the strongest dark horse in the competition.

After the battles on the first day, Yan Tianhao was invited by the Hall Master of the Bright Moon Hall as a guest, while Yan Ming returned to his original residence alone. He saw Yun Feng and Qu Lanyi as soon as he entered. The tiny wounds on Yun Feng’s body were decreasing slowly and there were quite a lot of injuries on her face. She looked miserable, but she was fine.

Yaoyao had been nestled in Yun Feng’s arms. Her big blue eyes were looking at Yun Feng worriedly the whole time. Yun Feng gently brushed Yaoyao’s long hair with her hand and told her that she was fine. Meatball also didn’t dare to lean its body against Yun Feng’s cheek. After all, these tiny wounds were still wounds after all.

“What happened to you?” Yan Ming walked over with a frown and observed Yun Feng carefully. Yun Feng raised the corners of her mouth. “Nothing.” Qu Lanyi focused on using light elements to ease Yun Feng’s wounds. He said without looking up, “The Yan family is rising.”

Yan Ming chuckled when he heard this. "Right? Yan Tianhao has been invited to be a guest by the Hall Master. He'll probably be back very late." Yan Ming sat a little further away and looked at Yun Feng with a bit of worry in his eyes.

"Oh? It seems that the Yan family is going to rise to the top. The Yan family's master will definitely laugh his head off." Qu Lanyi's words were a bit sarcastic. Yan Ming burst into laughter. "Brother Qu, don't be so concerned. It's not a bad thing for Yun Feng when the Yan family rises if you think about it from another perspective."

Qu Lanyi snorted coldly and didn't say anything else. Yan Ming didn't say anything either. He just looked at Yun Feng quietly. After a while, the tiny wounds on Yun Feng's body healed completely. Yan Ming was a bit surprised to see that. The light elements were indeed magical.

"Has the master of the Yan family decided to let you be the heir?" Yun Feng put Yaoyao on the ground. Meatball's body leaned forward boldly at this moment to express its worry. A faint blue water oozed out of Yun Feng's hand and slowly enveloped Yaoyao's body. Yaoyao closed her eyes in satisfaction and immersed herself in the water element.

Shock flashed through Yan Ming's eyes when he saw this scene. As expected, that little girl came from a powerful background. She shouldn't be a human being either. "That should be the case. Yan Tianhao cares about his face. The Yan family has earned a lot of face today. He certainly knows who made it happen.."

### **Chapter 610: Xue Han (1)**

Yun Feng smiled lightly. Seeing Yaoyao's satisfied expression, she also became happy in her mind. Yaoyao's human form seemed to be fixed on the little girl and her strength wasn't affected at all. However, Yun Feng had a feeling that Yaoyao was the type of sea demon that would burst out astonishingly if

she was ever provoked. After all, she was the most ferocious sea demon with the most mutated bloodline among the merfolk. How weak could she be?

Qu Lanyi looked at Yaoyao as faint light elements slowly and quietly seeped into the water element. Yaoyao, who was closing her eyes comfortably, suddenly opened her eyes wide. Her beautiful big eyes suddenly became demonic and her pupils also became dark blue vertical lines. Seeing this, Yun Feng immediately held Yaoyao in her arms.

"What did you do?" Yun Feng looked at Qu Lanyi, who smiled. "Nothing, I was just curious." Yun Feng slowly withdrew the light elements, and Yaoyao's face, which had already turned into that of a demon, slowly became cute again. Yan Ming had been observing from the side and didn't ask Yun Feng what she was. He also knew that Yun Feng wouldn't answer him.

“Yun Feng.” A deep voice came with footsteps. It was Yan Tianhao. Yan Ming had thought that Yan Tianhao would come back very late, but he had already come back at this moment.

“Master Yan.” Yun Feng let go of Yaoyao and smiled at Yan Tianhao. Yan Tianhao glanced at Yaoyao with great interest. “This is...”

Yun Feng’s gaze turned cold. She noticed that the interest in Yan Tianhao’s eyes was too strong and she was very upset in her mind. “She’s a friend of mine. Do you have any questions, Master Yan?”

Yan Tianhao seemed to have ignored the unhappiness in Yun Feng’s tone. He stared at Yaoyao with glittering eyes. The greed surging in his eyes was very disgusting.

“Master!” Yan Ming suddenly shouted in a low voice and his face also darkened. Yan Tianhao suddenly came back to himself and frowned when he heard Yan Ming call him Master. “Why are you calling me Master too? What should my son call me?”

‘When Yan Ming heard this, he raised his brows slightly. “Master Yan, I’ve always called you that.”

Yan Tianhao was at a loss for words. Yan Ming was an illegitimate son. Back then, he only let him stay in the Yan family because of a lapse of judgment. Naturally, he wouldn’t care about his life. He would say that this illegitimate son was dispensable to him. However, it was different now. After the

conversation with the Master of the Bright Moon Hall just now, Yan Tianhao understood that the Yan family was going to rise with the tide! All of this happened to be brought by this illegitimate son. If it weren’t for Yan Ming’s fiancée, Yun Feng, it would be very difficult for the Yan family to reach its current status even in a few centuries.

Yan Tianhao suddenly felt regretful. If he had known about the current situation, he would definitely have raised Yan Ming by himself. Right now, he had to spend a lot of effort to repair the father-son bond.

“Kid, aren’t you going to call me father?” Yan Tianhao pulled a long face. Yan Ming chuckled and his face became even gloomier. “I think it’s better to just call you Master Yan.”

Yan Tianhao was about to shout angrily, but he suppressed the anger in his heart. Everything the Yan family had depended on Yan Ming right now. If he fell out with this illegitimate son at this moment, the Yan family would suffer a devastating decline.

“Never mind. You can call me whatever you want. You will be Master Yan sooner or later.” Yan Tianhao said. Yan Ming smiled and didn’t say anything. Yan Tianhao then looked at Yun Feng.

“Yun Feng, shouldn’t you call me father too?” Yan Tianhao said shamelessly. If it weren’t for Yan Ming, Yan Tianhao would have bowed with his knees bent when he saw Yun Feng.

Yun Feng’s face turned cold. This person was truly thick-skinned! Yan Ming almost laughed when he heard that. “Master Yan, isn’t it too early to call you that now?”

“Why? You’ll be the daughter-in-law of the Yan family sooner or later.” Yan Tianhao burst into laughter as a glint flashed through his eyes. He stared at Yaoyao again. “My daughter-in-law, who exactly is this little girl...”

Yun Feng suddenly sneered. "Master Yan, aren't you too presumptuous?"

Yan Tianhao's expression froze. He was so embarrassed that he didn't know what to do. He didn't have the courage to get angry with Yun Feng. He also knew that he was too greedy. After a moment of embarrassment, Yan Tianhao turned around stiffly. "I still have something to deal with. Don't disappoint me in the election tomorrow."

Yan Tianhao walked out quickly. Yan Ming sneered after Yan Tianhao left. Yun Feng glanced at him. "Why? He wants you to acknowledge your roots and ancestors. Are you unwilling?"

Yan Ming looked cold and there was hate in his eyes. "Acknowledge my ancestors? I've already lost my ancestors. Do I still need to acknowledge them?"

"You don't need to please him? It's up to him whether or not you'll be the next master of the Yan family." Qu Lanyi said coldly on the side. He was very upset in his mind, extremely upset. However, he would suppress it. After Yun Feng's matter was settled, he would settle this score properly.

"There's no need to please him. Yan Tianhao is a cunning old fox. He won't give me the position of the family leader."

Yun Feng raised her eyebrows. Qu Lanyi was also very curious. Yan Ming burst into laughter and put on a meaningful smile. "I'm his son after all. Do you think I don't know what my father is like?"

"You're very clever." Qu Lanyi gazed into the distance. He knew exactly what kind of person Yan Tianhao was.

Yan Ming put on a smile. "I've seen through my life since a long time ago. It's quite clear."

Yan Tianhao walked out of the courtyard where the Yan family was located and went somewhere in Canglan City. Just as he said, he had something to do. He walked into an inn and pushed open the door. He walked in. The young man who had been waiting inside immediately stood up. "Father!"

Yan Tianhao nodded and sat on the chair. Yan Tianhao didn't come to Canglan City alone this time. He brought his most valued son, Yan Jincheng, with him.

"Father, are you really going to give the position of the family's master to Yan Ming?" Yan Jincheng's face was full of resentment and his thick brows were also furrowed. Although Yan Jincheng was slightly older than Yan Ming, he wasn't as mature as Yan Ming in terms of wisdom.

Yan Tianhao's face darkened. "What nonsense are you talking about? How can the Yan family let an illegitimate son be the leader?"

Yan Jincheng couldn't help but heave a sigh of relief. Even though he was relieved in his mind, he still wanted to confirm it again. "But the outside world said that Yan Ming is the next leader of the Yan family. It's absolutely true.. They even said that you praised him a lot.
