Chapter 61: Ready (2)

Little Fire lowered its head. Thinking that it had to put its pride in its pocket to protect a level-2 mage, viciousness rose in its heart. And yet, it must obey Yun Feng's order at this moment. It hated those people of the Lin family, which made it gnash its teeth. If it weren't for them, it wouldn't have to lower itself to protect a level-2 mage!

"Master, can I slaughter them?" A desire to kill surged out of Little Fire's wolf eyes. Magic Beasts were cruel by nature. During this period of time when it couldn't come out, Little Fire had been suppressing its desire for so long. Now that a mission was assigned to it, its intent to kill was already ready.

Yun Feng smiled coldly as her black eyes darkened. "Of course you have to slaughter them. Keep no one alive."

After hearing it, Little Fire couldn't help but growl excitedly. The hidden viciousness and rage in the minds of this human and the beast gradually spread. Yun Jing's heart shook. His daughter was different now...

Yun Feng licked her lips and tasted some dried blood. She didn't like killing, but the premise was that nobody could offend her or lay a hand on the Yun family! The Lin family, no matter what means you're using, no matter what kind of masters you've hired, I'll definitely not let you return!

The Lin family, who had always been arrogant, in Chunfeng Town suddenly became much more behaved during this period of time and they weren't doing things like they did in the past. People in Chunfeng Town all knew something was going to happen. This was probably just the tranquility before the storm. In the next few days, the Lin family would start going after the Yun family!

The feud between the Lin family and the Yun family in the last few centuries might finally be ended completely in these several days!

Ever since Lin Meng's death, Yun Feng had never gone to the Martial Arts Institute anymore. She went to the Martial Arts Institute only for Lin Meng. Now that Lin Meng was dead, she didn't have any reason to go back anymore. The principal of the Martial Arts Institute also acquiesced to Yun Feng's move. Considering the current situation of the Yun family and Lin family, if Yun Feng came out alone, she would inevitably be in danger, so he agreed that Yun Feng shouldn't come to the Martial Arts Institute.

Ze Ran, who was worried about Yun Feng, was also anxious. After all, he couldn't help at all with his current level. In the end, he was suddenly enlightened by something his teacher said.

"If you want to help her, improve your own abilities. Once you have the strength, you'll be able to stand alongside her!"

This undoubtedly gave Ze Ran a lot of motivation. Even though Yun Feng didn't tell him clearly how strong she was exactly, Ze Ran wasn't worried that Yun Feng would be harmed at all. Nobody could hurt Yun Feng. Ze Ran didn't know why, but he adhered to this arguable confidence firmly. Under his teacher's guidance, Ze Ran also worked hard and focused on practicing.

At night, moonlight shone and there were few stars. The moon in the sky let out some miserably soft light, shining over Chunfeng Town. Yun Feng said good night to her father and returned to her room. Meanwhile, she was sitting on her bed with concentration. Her mental strength kept surging out of her body and gradually enveloped the entire Yun family mansion. Even the intrusion of a cockroach wouldn't be able to escape the range of detection of Yun Feng's powerful mental strength.

"Kid, are you sure people from the Lin family will come tonight?" The ancestor's voice sounded. He didn't care about how many masters the Lin family hired. After all, with Yun Feng's current strength, she could fight with those masters even if they were at level 7, as long as there weren't any level-8 or level-9 masters. Besides, even if the Lin family had money, it was already pretty nice to be able to hire some level-6 masters. Level 7? The Lin family still didn't have the status to hire them!

Yun Feng smiled coldly. "Father has asked brother to come home. As expected, brother will in fact be on his way back tonight. How would the Lin family not think about that? If they don't make a move tonight, they'll not have a chance."

Meatball on Yun Feng's shoulder rubbed its body against Yun Feng. Suddenly, its fluffy body seemed to have sensed something. It looked out of the window with its giant grape-like eyes. Yun Feng got up from her bed and looked outside with her black eyes as a chilling smile appeared on her gorgeous little face.

"Very well. You're finally here?"

A few shadows flashed through the dark silently, dashing towards the Yun family's mansion. These shadows didn't make any noise. They thought nobody knew they were here. And yet, under the detection of Yun Feng's mental strength, they had already been revealed!

Yun Feng analyzed them carefully and already had a brief idea of the level of those people who came. There were a total of seven people, four mid-level 5 warriors and one early-level 6 warrior. The remaining two were just early-level 3 warriors. A mocking smile appeared on Yun Feng's lips. Lin Quan was quite smart. He hid in his own turtle shell and didn't come out, and he sent his two brothers here instead.

Lin Quan was indeed clever. He was unusually meticulous and he did everything cautiously. Lin Quan only planned to send the few masters they hired on this raid, but Lin Sen and Lin Miao insisted on coming along. Lin Sen said with red eyes that he wanted to see Yun Feng being killed, in order to relieve the pain of losing his son. Lin Miao was also enraged and insisted on following them. It was useless no matter what Lin Quan said, so he could only let them come.

It wasn't that Lin Quan wasn't worried, but there shouldn't be any accidents with a team of four level-5 warriors and one level-6 warrior there to kill Yun Feng. Even if two of them were sent to go after Yun Jing, the remaining three were more than enough to kill Yun Feng. His two brothers shouldn't be in any danger even if they went there together. So, Lin Sen and Lin Miao, these two early-level 3 warriors, were also here.

Seven people came all the way to the door of the Yun family and instantly separated into two groups. Two mid-level 5 warriors, one early-level 6 warrior and Lin Sen were rushing towards Yun Feng, while the remaining two level-5 warriors and Lin Miao were running towards Yun Jing.

Yun Feng sensed the four people rushing towards her and the coldness at the corners of her lips became stronger. She gently pushed the door open with her little hand and stared at the few people, who appeared at her door and were planning to make a raid, with her black eyes. Seeing the shocked expression of those people, Yun Feng smiled slightly.

“You came late at night. I apologize for not coming out to greet you.”

The tall man at the early stage of level 6 became nervous. He immediately took a few steps back, widening the distance from Yun Feng. Even though the person they were dealing with was a little girl who wasn't even ten years old yet, they dared not have the slightest negligence!

To underestimate any enemy would be like sending themselves to die!

The early-level 6 warrior and the two mid-level 5 warriors looked at one another, conveying a message. This little girl had already had eyes on them since their arrival. The moment they appeared in the Yun family, she had already caught their aura! Their raiding plan failed!

Chapter 62: Start of the Fight

“Yun Feng, I can't believe you, the bastard are really something.” A vicious voice sounded. A man with a pale face and red eyes walked out, staring at Yun Feng with a hint of craziness in his eyes, as if he was trying to tear her to pieces with his gaze.

Yun Feng looked over with her black eyes. Seeing the man's expression, it wasn't hard for her to guess who he was. Apart from Lin Meng's father, Lin Sen, even though the other members of the Lin family also hated her so much that they gritted their teeth, there shouldn't be anyone else who held such a grudge against her.

“The Lin family have only themselves to blame. You reap what you sow.” Yun Feng replied coldly with an extremely indifferent look. She didn't take Lin Sen's anger seriously at all.

“What a sharp-tongued bastard. If I don't kill you today, I won't be able to vent my anger! Only your life can give me relief from Xiao Meng's death!”

Yun Feng smiled coldly. “Just with your strength of early-level 3?”

A hint of anger flashed through Lin Sen's face. The Lin family had always been the worst in terms of strength. This was a fact they must admit! “Gentlemen, take this bastard down. The Lin family will give you double remuneration after that!”

Once Lin Sen said this, a glint of greed flashed in the eyes of all the other people. The Lin family had offered them quite a large amount of money already this time, and now, they were going to get double remuneration again. This was truly a good deal!

The fierceness of the three of them rose once again. The early-level 6 man glanced at Yun Feng. Even though he couldn't detect this little girl's level, she only had the strength of at most level 4, according to the Lin family. There was no way she had a higher level. If she was already beyond level 4, how would she still be in Chunfeng Town with such genius talent?

“Kid, don't blame us. We're just being paid to do this.” The level-6 man licked his lips and chuckled. The other two level-5 warriors also took out the weapons they brought with them. Their level-6 and level-5

fighting energy rose to the top and a wave of fierceness shrouded the surroundings. Lin Sen couldn't bear such power at all. He had already stepped out of the range of battle, staring at Yun Feng with viciousness in his eyes. He was thinking about how he should torture her after she was captured. He wanted to torture her harshly until she died!

Yun Feng saw that the three of them had already mobilized their fighting energy, so she walked out of the room slowly and closed the door casually. Her slim body stood against the wind and the cold breeze of the night caught Yun Feng's skirt.

Seeing the calm expression on Yun Feng's face, the early-level 6 man couldn't help but feel a bit angry. He was despised by a level-4 kid! He then immediately yelled at the two level-5 warriors next to him. "Do it!"

As the level-6 warrior said that, the two level-5 warriors instantly stepped forward with their weapons. The three of them stood in three corners, blocking all of Yun Feng's ways out.

The three of them looked at each other. When the level-6 warrior made a hand gesture, their fighting energy burst out again and they fiercely dashed towards Yun Feng!

"Take my slash!" The level-5 warrior on the left shouted with a deep voice as the long knife in his hand broke through the air, slashing straight at Yun Feng's face with the sounds of wind!

The corners of Yun Feng's mouth curled up and gave a slight smile. The hidden power in her body also surged out. One level 6 warrior and two level-5 warriors, three against one. In such a fight, she couldn't hold back at all!

Without any fancy moves or any magnificent, powerful combat techniques, Yun Feng went directly towards them like the wind. Just like when she was fighting with Lin Meng, she rushed forward without being afraid of death!

The level-5 warrior coming at her couldn't help but feel thrilled in his heart when he saw this. The little girl sent herself to die voluntarily! More fighting energy was infused into the long knife in his hand and he used a little bit more power. Excitement burst out of his eyes. He was just waiting for Yun Feng's messy look after he injured her with a slash!

Yun Feng's slim body kept moving forward and she sneaked to the front of the level-5 warrior like a ghost. Before that man could react to such a speed, he saw a pair of cold black eyes reflected on the blade of the knife. Those eyes were full of cold disdain, as if he was an ant that could be stomped to death anytime!

"Hm!" Following a muffled sound and the sound of body and fist clashing, a seemingly small fist abruptly punched him in his chest. That was where the blood red heart, which was still beating earlier, was located!

"Poof!" The level-5 warrior spurted out blood right away. There were even some pieces of several organs. He looked at the cold girl in front him with a pale face as the long knife in his hand dropped on the ground powerlessly.

"Clang! Bang!"

Once the long knife landed on the ground, the body of the level-5 warrior also fell weakly without any signs of life. The pupils of the level-6 warrior couldn't help but shrink. The other level-5 warrior was also drenched in cold sweat right away. He glanced at Lin Sen who was hiding far away and cursed Lin Sen in his mind fiercely, "Fuck you! Is this only the strength of level 4? Motherfucker, how would a level-4 warrior be able to kill a level-5 warrior with a punch?"

Yun Feng's punch directly killed a mid-level 5 warrior, but it wasn't because of her strength. It was because these few people made a wrong prediction before. Even though they knew they couldn't underestimate their enemy, the wrong prediction still made them relax. The level-5 warrior who died just then didn't prepare much for defense, which was why Yun Feng took advantage of it and directly punched him to death.

After killing one of them with a punch, Yun Feng didn't slow down. Even though she took the opportunity to kill one of them so directly, it didn't mean that she could take down the second one just like that. As Yun Feng expected, after the death of the level-5 warrior, the remaining two people instantly changed their expressions. There was no trace of the relaxation they had just now and they were already prepared to defend.

Once Yun Feng saw this, she couldn't help but curl the corners of her mouth. It seemed that she could only attack sneakily like that once. The two people she was facing right now weren't too difficult to deal with, but it was also not simple.

Yun Feng's body rushed forward swiftly and she also swung her small fist mercilessly. The power of her strong body seemed to be breaking the air, hitting the remaining two warriors directly with an almost distorted sound of wind!

"Watch out. This girl is a bit strange!" The level-6 warrior yelled with a deep voice. The level-5 warrior understood him. Yun Feng's target was the other level-5 warrior and the level-6 warrior had obviously realized her intention. He moved his body forward and stuck his arm out abruptly. His level-6 fighting energy burst out, blocking Yun Feng's hard punch!

"Bang!" The fist and the arm clashed against each other. Yun Feng and the level-6 warrior both took a few steps back. The contact they just had had already made the two of them realize the strength of the other party was comparable to that of themselves!

Chapter 63: Unique Way of Fighting

The level-6 warrior could only smile wryly at this moment. He would never have thought that Yun Feng would have a level comparable to him no matter what. She had reached level 6 at such an age? How would such a genius be able to stay in Chunfeng Town in obscurity without being discovered by anyone? The level-6 warrior couldn't understand it no matter how hard he thought about it. Perhaps nobody would know why.

Yun Feng also pondered for a while. A level-6 warrior was indeed different. Even though he was just at the early stage, the power she released wasn't enough for her to kill him with one attack anymore. If she couldn't kill him with one attack, they would be locked in a stalemate. She wasn't a real warrior. Apart from her strong body, she didn't have anything else. So it would be a knotty problem if they went into a stalemate.

The two of them looked at each other like that for a few seconds, thinking quickly in their minds about how they could defeat their opponent. That level-5 warrior dared not make any moves. After all, he saw clearly how the other level-5 warrior died earlier.

Yun Feng thought for a while and suddenly gave a smile. This smile gave the level-6 warrior a chill down his spine. Why was this girl smiling... And she even looked so creepy!

The reason why Yun Feng was smiling right now was certainly because she had come up with an idea. When facing a real warrior, it was impossible for her to win by fighting with him continuously. A warrior didn't only have a strong body, but also powerful combat techniques! When he used those combat techniques, his power would directly increase a few levels. If the level-6 warrior in front of Yun Feng used his combat techniques, even Yun Feng could hardly resist at this moment. The only way she had right now was not letting him use the combat techniques!

It might be a tie comparing how strong their bodies were, but Yun Feng wasn't an ordinary person. She was a mage, a mage who could mobilize elements! The thoughts in her head kept spinning. Yun Feng couldn't help but become slightly thrilled. This was a new strategy she came up with when she fought with Lin Meng, a combination of elemental force and way of attacking!

Once Yun Feng had an idea, her mental strength gushed out. The blue water element merged with Yun Feng's mental strength constantly and perfectly combined together in the end. Although she didn't have a high understanding of the water element, this was already enough for her to quickly slow a warrior down and stop him from mobilizing the fighting energy in his body!

The level-6 warrior had already noticed something was wrong with his sensitive intuition, so he didn't remain silent anymore. He abruptly mobilized the fighting energy around his body and gradually gathered it in his palm, creating a buzzing sound. Clearly, he was using his combat techniques!

The smile at the corners of Yun Feng's mouth kept expanding and she clenched her fists even tighter. She wouldn't give him time to use any combat technique! Her body suddenly moved forward, creating a gust of wind. When the level-6 warrior saw Yun Feng punching again, he couldn't help but smile wryly. This girl only knew how to use her fists? That was truly a waste of her strength!

The level-6 warrior took Yun Feng's punch like he did just now. However, the moment the two of them had physical contact, the level-6 warrior abruptly widened his black eyes, looking at Yun Feng like she was a monster. Yun Feng smiled gently as her body moved back. There was a faint dash of blue color floating around her fist, appearing indistinctly.

"You... You are..." The level-6 warrior looked at Yun Feng in fear. The moment their fists touched, an air current that was as cold as ice went into his body like crazy, directly enveloping his Qi meridians! The level-6 warrior felt like he was in a world of ice at this moment. His limbs gradually became numb. He desperately activated his fighting energy, but the fighting energy was in the Qi meridians covered by ice and couldn't move anymore!

That girl was a mage! How was that possible? Besides, how would a mage have such a strong body? Didn't mages use magic? When did they start using such a way of fighting?

Looking at the confused, doubtful and fearful gaze of the level-6 warrior, Yun Feng smiled slightly. This was her unique way of fighting that belonged only to her, Yun Feng. It was a perfect combination of

elemental force and physical combat. Yun Feng was the only person on the entire continent who fought like this!

Warriors and mages belonged to two different systems. Although both parties didn't know much about each other's profession, they knew their basic way of fighting. Warriors relied on their bodies and combat techniques, while mages relied on magic!

Which warrior knew magic? None! Which mage knew how to fight with their fists? None! The level-6 warrior had never heard of anything like this, but it was all shown in front of his eyes right now!

The level-6 warrior was dumbfounded. He didn't understand it no matter how hard he thought about it. When the two of them fought, that girl indeed had powers comparable to his. She couldn't possibly be a mage! Because of the system of the East Continent, there were very few mages, let alone someone who was a warrior and a mage at the same time. How would that be possible? Being able to become a mage didn't necessarily mean that the person had the potential to practice to become a warrior. This was the truth people in the world knew, but it was completely subverted at this moment!

"How is this possible..." The body of the level-6 warrior froze as he mumbled. His eyes gazed at Yun Feng in fear. He only thought that everything was too unacceptable!

Yun Feng looked at the level-6 warrior and knew that he was stunned right now. She smiled coldly, "Do you still want to continue?"

After seeing the situation before his eyes, the other level-5 warrior was drenched in cold sweat right away. Fuck, that girl knocked down a level-6 warrior as well! What kind of power was that? Who exactly did the Lin family provoke? If they had known that she was such a genius, he wouldn't have come even if he was offered an astounding amount of money!

The eyes of the level-6 warrior darkened. He immediately knew that it was already impossible for him to compare to this little girl with his strength. Such creepy talent, such a creepy genius, how would people like him be able to resist? Thinking of the two level-5 warriors who went to attack Yun Jing, the face of the level-6 warrior instantly darkened and he shouted at that level-5 warrior who was already dumbfounded a long time ago, "Tell them not to lay a hand on Yun Jing, not even a touch!"

The level-5 warrior froze for a second and immediately reacted. He rolled, crawled and ran over right away, hoping that those two fools still hadn't done anything yet. If Yun Jing was hurt, they would probably not be able to leave this place alive today!

Yun Feng sneered. This man was pretty smart. He knew that if something happened to her father, they would be dead as well. The level-6 warrior cupped his hand in the other before his chest in front of Yun Feng. Even though he was old enough to be Yun Feng's uncle, he dared not to pose as one.

"Yun Feng, my little friend, we're only paid to do our job. We don't hold any grudge towards the Yun family. Please show some mercy and forgive us for the sake of our brother whom you've already killed."

Chapter 64: Turning the Tables

The attitude of the level-6 warrior when he talked to Yun Feng changed. He sounded like he was an unimportant or even a bit lowly person. After all, Yun Feng's strength was shown right before his eyes.

That weird and incomprehensible strength made the level-6 warrior feel deeply terrified. Strength determined everything. Strength also determined a person's status!

Yun Feng never had any grudge against other people. These were just a gang of desperados after all. They could do anything for money. Now that they had declared their stance, she didn't have to give them a hard time.

"If so, please leave." Once Yun Feng finished talking, a hoarse voice came. Lin Sen who hid far away just then had never expected things to turn out like this. Two level-5 warriors and one level-6 warrior couldn't deal with this bastard of the Yun family. They took money from the Lin family, but they weren't doing anything and were about to retreat right now!

"What do you mean? You took money from the Lin family! Are you planning to back out?" Lin Sen walked over with bloodshot eyes. He stared at that level-6 warrior full of anger. These few cowards!

The level-6 warrior glanced at Lin Sen and knew that he was a bit unreasonable. It was certainly not right for them to take money from the Lin family without doing their job. He immediately pondered. If he had to choose between his life and money, he would definitely choose his life! He wouldn't be able to enjoy life if he weren't alive, no matter how much money he had!

"Then, we'll give you back all the deposits the Lin family paid us. We won't interfere with the matter between the Yun family and the Lin family."

What the level-6 warrior said made Lin Sen's face completely darken. If Lin Sen wasn't just a level-3 warrior, he would have already run forward to fight with him. They said they quit whenever they wanted. What did they think the Lin family was? How could they suddenly back out of something like this? If these people quit, wouldn't the Lin Family's strength be ravaged by Yun Feng arbitrarily?

"I don't care. I'll give you twice the price. Get things done!" Lin Sen stared at Yun family with his bloodshot eyes. He didn't have the strength, but they did! He could only rely on these people now, or... the Lin family would be doomed!

Yun Feng sneered on the side as she watched Lin Sen bargain and she pitied him for not being able to understand. Even if he gave them a sky-high offer, how would they dare to lay a hand on the Yun family? Their lives were squeezed in Yun Feng's hands.

Once the level-6 warrior heard that, he was immediately upset. After all, if I didn't take your money, I'd have nothing to do with you, Lin Sen. You're just a level-3 warrior. How dare you shout at me and command me?

"Brother, what's wrong?" Another two level-5 warriors and the sullen Lin Miao also rushed over. Yun Jing was brought here as well. Seeing that her father was alright, Yun Feng instantly felt relieved, and so did that level-6 warrior. Luckily, Yun Jing was fine. How lucky.

"Brother, we still haven't done anything. Are we dealing with them both together? That's great. It's more convenient!" A level-5 warrior, who didn't know what was going on, burst into laughter and thought their leader wanted to finish off everything with one blow. He couldn't help but feel his blood boil with excitement.

“Shut up, dumbass!” The level-6 warrior immediately shouted with a low voice and looked at Yun Feng’s face. Yun Feng’s expression didn’t change, but she looked a little colder. The level-6 warrior felt his scalp tingle as he cupped his hand in the other in front of Yun Feng.

“Yun Feng, my friend, we’ll leave now.” Once the level-6 warrior said this, the two warriors who rushed over instantly widened their eyes. Their brother was a level-6 warrior and he was bowing to a little girl? What kind of world was this?

The level-5 warrior who went to find the two of them whispered something in their ears and gazed at a place nearby. When the two level-5 warriors looked over, they couldn’t help but gasp. One of their gang was dead!

They immediately understood why their level-6 brother was so respectful to Yun Feng and they also shut their mouths right away, behaving obediently like sheep.

Seeing such a scene, Yun Jing knew right away it was his daughter’s strength that frightened these people. There was a hint of pride in his heart, and disdain and contempt in his eyes when he looked at Lin Sen and Lin Miao.

“Stop!” Lin Miao instantly yelled. The level-6 warrior abruptly stopped walking. Before Lin Miao started scolding the warrior, he had already felt some kind of pressure coming straight at his face, which made his throat so tight that he couldn’t make any sound.

“Lin Miao, who do you think you are? How dare you ask me to stop?” The face of the level-6 warrior darkened. The fierceness that shot out of his eyes made Lin Sen and Lin Miao feel resentful and upset, but they couldn’t vent their emotions at all. They were only level 3. If it weren’t that they were the employers of the warriors, how would the level-6 warrior respect them?

“We’ll return all the deposits to the Lin family. Look out for yourself!” The level-6 warrior immediately turned around and left with the remaining three level-5 warriors after saying that, clearly and quickly. This time, not only did they earn nothing at all, they even lost a brother. The level-6 warrior was also a bit frustrated. After all, he kicked on this iron plate, Yun Feng. If it weren’t that he was wise enough to stop fighting, he would have lost more than one of his brothers.

Lin Sen and Lin Miao watched the hired masters turn around and leave. Their minds were instantly filled with resentment, but they were even unable to save themselves now. Lin Miao yelled at Lin Sen, “Brother, let’s go!”

Even though Lin Sen really wanted to kill Yun Feng himself, he didn’t have such strength, so he could only nod and quickly retreat behind Lin Miao with bloodshot eyes. Next time, next time he would definitely make this bastard fall in his hands, at any cost!

Seeing both of them trying to run away, Yun Feng immediately sneered and flashed as swiftly as lightning in front of the two of them who wanted to escape the mansion of the Yun family. Her slim body stood there, completely blocking their way out.

“Do you think you can come to the Yun family and leave whenever you want?”

Lin Sen and Lin Miao looked nervous. Yun Feng blocked their way out. Although they didn't know Yun Feng's strength clearly, they knew that she had a higher level than they did. Thinking that they might die in the Yun family today, anger instantly surged in their hearts.

"Brother, split up!" Lin Miao shouted. They would only have a chance of living if they split up right now. They must go back to tell their eldest brother, Lin Quan, and ask him to take necessary measures as quickly as possible!

Lin Sen and Lin Miao were indeed brothers. Without communicating to each other at all, Lin Sen also moved as Lin Miao did. The two of them dashed in two totally different directions and ran away!

"Great plan..." Yun Feng froze for a moment. Her black eyes then darkened slightly and her body also caught up with one of them without hesitation. It might be a bit difficult for her to go after both of them with her speed, but if she hurried, she could give it a try!

Chapter 65: A Present for the Lin Family (1)

With Yun Feng's speed, it was a piece of cake for her to go after a level-3 warrior. Lin Sen was stopped by Yun Feng before he could run far. He was still thinking about escaping, but where could he go in Yun Feng's hands?

Without wasting too much energy, Yun Feng directly gave Lin Sen a punch and knocked him over. She grabbed his collar and was about to run in the direction where Lin Miao escaped, but she found that her poker-faced father was also coming from that direction, dragging Lin Miao towards her!

Yun Feng was instantly thrilled. How could she forget about that? Her poker-faced father was a level-5 warrior! With her father's strength, wasn't it also a piece of cake for him to chase after Lin Miao?

Both of them looked at each other and smiled with one person in each of their hands. As members of the Yun family, how would they just let their enemies from the Lin family leave safely? Besides, it was the Lin family who came to find them.

Lin Sen and Lin Miao were tied together, lying in the front yard of the Yun family, while Yun Feng and Yun Jing gazed at them coldly on the side. After a while, the two of them woke up slowly. Once Lin Sen opened his eyes, he knew he was caught.

Lin Miao also woke up. When he moved his body, he found that he was already tied up. He immediately looked up and stared at Yun Feng and Yun Jing furiously, as if they were his mortal enemies.

"The members of the Yun family are indeed tough like cockroaches. You can't be killed no matter how other people torture you."

Yun Jing frowned gently, while Yun Feng looked cold. She walked in front of Lin Miao and narrowed her black eyes slightly. "Slap!" She swung her hand and half of Lin Miao's face was immediately swollen. A clear mark of her five fingers appeared right away. Lin Miao widened his eyes furiously and shouted in an instant, "How dare you slap me, you bastard..."

"Slap!" Yun Feng slapped him again expressionlessly. Lin Miao's entire face had already become swollen, looking extremely ugly, which showed how much force Yun Feng used.

“Don’t humiliate the Yun family with your dog mouth,” Yun Feng said coldly as she glared at Lin Sen who remained silent. At this moment, Lin Sen was looking at Yun Feng creepily with his bloodshot eyes. Yun Feng couldn’t help but frown gently.

“Yun Feng, you didn’t forget you still have an elder brother, Yun Sheng, did you?”

Yun Feng glanced at Lin Sen with a complicated look. Lin Sen thought Yun Feng was frightened, so he immediately burst into laughter a bit crazily, full of delightful revenge!

“Kid, do you think the Lin family only went after you? Hahaha, your big brother, Yun Sheng, has probably become a dead body by now! Hahaha, that’s great. Even though you’re still alive, one of the members of the Yun family is finally dead to go to stay with my Xiao Meng. God has heard me!”

Lin Sen’s slightly crazy laughter resounded in the mansion of the Yun family in the still night. Yun Feng and Yun Jing didn’t say anything. They knew Yun Sheng’s current situation very clearly. With Little Fire’s protection, Yun Sheng would definitely be safe!

Yun Feng stared at the slightly mad Lin Sen with coldness in her eyes. Lin Miao, who was swollen like a pig, also laughed vaguely. When these two brothers thought that one member of the Yun family was dead, they were extremely thrilled!

After Lin Sen finished laughing, his bloodshot eyes were filled with traces of madness. He looked at Yun Jing with a touch of deep pride. What he said next made Yun Feng, and even Yun Jing, feel tense in their minds!

“Do you still remember your second brother, Yun Qi?”

Yun Feng’s black eyes immediately darkened and her voice was also a few degrees colder. “What are you trying to say? Did the Lin family have something to do with my second brother’s death?”

Yun Jing, who had been quiet, clenched his fists as the scene of the miserable death of his second son, Yun Qi, flashed in his mind. His wife cried her eyes out and also passed away a while later. Since then, the already sparsely populated Yun family had become even worse!

“Hahah, that’s right! The Lin family hired someone to kill your second brother. Your brother died truly miserably... Tut tut, but his death was kind of useful and contributed to the Lin family. And now, it’s your eldest brother’s turn. Let’s see how the Yun family inherits your legacy! You’re all dead, all dead!”

Lin Sen’s crazy words echoed in Yun Feng’s mind like the sound of a bell. The brother she had never met, the brother who was murdered by the Lin family, was her family who shared the same blood as her!

Yun Feng’s power immediately surged to the maximum level. Lin Sen and Lin Miao couldn’t stand Yun Feng’s fierceness. They spurted out blood right away and their faces turned pale. Yun Feng’s black eyes were like a bottomless lake with terrifying undercurrents lurking underneath!

“All of the members of the Lin family deserve to die!” She abruptly seized Lin Sen by his throat with her small hands. Lin Sen’s face flushed as he laughed. Even when he couldn’t breathe smoothly, he was still laughing, as if he was jeering at Yun Feng, jeering at her for her inability to protect the Yun family!

Lin Miao watched Yun Feng's movements on the side and yelled at Yun Feng with a slurred voice to ask her to let go. And yet, the enraged Yun Feng only wanted to kill Lin Sen who was in her hands right now and eliminate everyone else of the Lin family!

"The Yun... family... will die, and the Lin... family... will live forever!" Lin Sen gave an evil smile. Yun Feng's face was immediately filled with coldness. She twisted the hand she used to grab Lin Sen's neck and fiercely lifted the other hand holding the top of Lin Sen's head!

"Poof!" Lin Sen's head was ripped off his body by Yun Feng. Blood instantly splashed everyone, spraying on Yun Feng's hands and clothes. There was also quite a lot of blood on her clothes. At the same time, an anxious call sounded in the yard of the Yun family.

"Father! Feng!" It was Yun Sheng!

Yun Feng turned around and saw her brother running towards her safely. Lin Sen, whose body was already dead, might still have a trace of his soul remaining and his head that had been separated from the body also saw Yun Sheng. His black eyes popped out right away. They were full of resentment that kept his eyes open forever. Yun Sheng was alive. Nobody in the Yun family was hurt even a little!

However, he couldn't say anything anymore. His eyes couldn't be closed and he died miserably just like that.

Lin Miao was also a bit dumbfounded when he saw Yun Sheng show up without any injuries. He couldn't believe it at all. The Lin family sent two level-5 masters to kill Yun Sheng. Yun Sheng was just a level-2 mage. How exactly did he survive? Where were those two level-5 masters? Did they fail?

"Master." Little Fire jumped next to Yun Feng like a beam of red light. It didn't even bother to look at Lin Sen whose head was torn off by Yun Feng. Its pure black eyes glanced at Lin Miao, who was tied up and had a swollen face, as the brutal aura of the Magic Beast spread immediately.

Chapter 66: Present for the Lin Family (2)

Lin Miao was totally dumbfounded and his brain also stopped working completely. He couldn't think at all right now. He was already frightened into a mentally retarded state by the appearance of this Fire Cloud Wolf.

A Magic Beast, a Magic Beast, this was a Magic Beast! A Magic Beast appeared in the Yun family and even called Yun Feng... Master? Perhaps, perhaps... she was!

Lin Miao trembled and his previous arrogance had long gone. He looked at Yun Feng with deep fear in his eyes, because Yun Feng could possibly be a summoner! The Yun family had their second summoner!

"Master, do I need to kill him?" Little Fire licked its teeth. It had only killed two people, so it was truly not satisfying enough. Even though the person in front of it was just a level 3 loser, it could use him to grind its claws.

As Lin Miao looked at the sharp, reflective teeth of the Fire Cloud Wolf, the high tension in his heart and the sudden shock made his eyes roll and he directly fainted. Yun Feng grunted once she saw that. She casually threw Lin Sen's head onto the ground. "His life is still useful. We have to bring some presents if we go to the Lin family anyway."

Little Fire immediately understood what its Master meant. A dead Lin Sen and a living Lin Miao, Lin Quan would probably be very content with these big presents.

Yun Feng's thought was very simple. Throwing out Lin Sen's head, Lin Quan would definitely be stirred and enraged. However, with Lin Miao alive in her hands, Lin Quan would think about it again. Lin Sen was just a threat. Yun Feng wanted Lin Quan to know that the Yun family wasn't to be trifled with!

"Feng, are you alright?" Yun Sheng's concerned voice came. Then, he caressed Yun Feng's cheeks with his huge warm hands, wiping off all the dots of blood on her little face.

Yun Sheng's worried look fell to the bottom of Yun Feng's heart. A warm current slowly spread as she thought of Yun Qi that Lin Sen mentioned about, that brother she had never got a chance to see. If it weren't for the Lin family, she might still have another brother who treated her like this, another loved one!

Thinking of this, an inexplicable sorrow surged in Yun Feng's mind, for this brother who had already died, for this loved one who had already passed away. Yun Feng gently held Yun Sheng's big warm hands and slowly gave a smile. This smile had the charm that suited her age, a kind of intimacy and affection towards her family.

"Brother, I'm fine. Are you hurt?"

Yun Sheng was still worrying about Yun Feng. After all, he saw the bloody scene just then with his own eyes. It was very difficult for him to believe that it was his sister who did something so cruel! However, Yun Sheng also understood that the man from the Lin family indeed deserved to die!

When Little Fire next to Yun Feng heard what she asked, plumes of steam gushed out of its nose and eyes, looking a bit disdainful. With it here, how would those dregs even be able to touch Yun Sheng's hair?

Yun Sheng couldn't help but glance at Little Fire with a little complicated expression. Looking carefully, a trace of embarrassment could even be found in his eyes! Speaking of the scene where Little Fire protected Yun Sheng, it was indeed a bit dramatic.

After Yun Sheng received his father's message, he immediately moved that night without a word. However, as Yun Feng expected, the masters the Lin family hired also stopped Yun Sheng somewhere outside of Chunfeng Town that night.

When Yun Sheng thought he was about to die, Little Fire showed up slowly. The expression of Yun Sheng and the masters hired by the Lin family changed. Seeing Little Fire who suddenly appeared and the toughness and fierceness of Magic Beasts that exuded from Little Fire's body, they all felt their hearts tremble and were petrified in their minds! When did Chunfeng Town have a Magic Beast? Did the Magic Beasts come out of the Foggy Forest to make trouble here?

Once Little Fire appeared, it slowly opened its mouth and asked, "Who's Yun Sheng?" After that, the minds of the three of them became even more tense. A Magic Beast that spoke human language must have at least level 7! And yet, Little Fire was a Mutated Magic Beast, so it could already talk at level 6.

Yun Sheng was a little dumbfounded when he heard that this Magic Beast was looking for him specifically. He had never been to the Foggy Forest before. Why did this Magic Beast know his name?

The two masters hired by the Lin family looked at each other and burst into laughter without restraints. They didn't have to do anything now. Although they had no idea why this Magic Beast would come to help them, this immediately made it a lot easier for them. They could get a large amount of money from the Lin family without making a move themselves, so why not? The Yun family must have been out of luck. Even a random Magic Beast that showed up was after the Yun family.

The two hired masters immediately cupped their hands before their chest. "He's Yun Sheng. You can kill him now."

When Yun Sheng heard that, he felt like he wouldn't be able to escape today. His resentment towards the Lin family soared in his heart. His little brother was dead, his mother was dead, his precious sister died and came back to life, and now, he was about to be killed as well! Yun Feng and his father would be the only ones left in the Yun family. His death would undoubtedly be a huge blow for them!

And yet, Yun Sheng also knew that he was like an ant in front of this Magic Beast with his strength of a level-2 mage. It could smash him to death with one hand if it wanted!

When Yun Sheng was feeling frustrated, Little Fire narrowed its wolf eyes. Its wolf body turned into a beam of dark red light and it swung its claws gently in the air. Those two level-5 warriors who were still smiling instantly became two dead bodies, lying on the ground covered in blood.

Yun Sheng was stunned by this dramatic scene. This Magic Beast was here to help him? How was that possible? Given the relationship between Magic Beasts and humans, how would this Magic Beast be so kind to help him?

"You are..." Yun Sheng asked in difficulty. Little Fire then growled very impatiently and Yun Sheng immediately shut his mouth.

"Hm, just some dregs! Why didn't they send a few more people? How can I vent my emotions with just two of them here?"

What Little Fire said gave Yun Sheng a layer of cold sweat. He wasn't sure of the stance of this Magic Beast. This Little Fire was full of brutality and viciousness in its body and its momentum was very strong, very very strong! If it changed its mind, he could die right there anytime!

Little Fire suddenly turned around and glanced at Yun Sheng with its black wolf eyes. Yun Sheng sensitively noticed the disdain in its eyes and knew that it would be a joke if he could make this Magic Beast treat him equally with his own strength.

"So weak... Can't compare to Master at all." Little Fire made a comment indifferently. Even though Little Fire was very obedient in front of Yun Feng, it despised anyone else other than her! Because in its mind, only Yun Feng was worth respecting. Its Master was indeed a genius!

Chapter 67: Joy

When Yun Sheng heard what Little Fire said, his expression changed drastically. Master? This Magic Beast had a Master? So... Was there a summoner in Chunfeng Town?! Thinking of such a situation, Yun Sheng couldn't help but become excited. Summoner, the profession that everyone on the continent dreamt of becoming! The most important thing was, the current situation was obviously that this Magic Beast was helping him, which meant that this summoner was with the Yun family! Having this thought,

Yun Sheng was even more thrilled. He couldn't help but whisper, "Who's your Master? An old friend of the Yun family?"

Little Fire glanced at Yun Sheng in confusion, as if he was an idiot. Yun Sheng was a bit baffled by its gaze. In the end, Little Fire gave Yun Sheng the answer.

"My Master is Yun Feng. You know her." Little Fire said indifferently, while Yun Sheng was completely frozen. Just like his poker-faced father, Yun Jing, Yun Sheng also turned into a stone statue directly when he knew that Yun Feng was a summoner.

"What... What did you say? Feng, Feng is a... summoner?!" Yun Sheng seemed to be muttering and seemed to be mumbling to himself. He felt like he was dreaming. A summoner, his sister was a summoner!

"Come quickly, dumbass. Master is waiting for you!" Little Fire grumbled in discontent. It felt like its status had dropped when it stayed with this weak human. Right after solving Yun Sheng's problem, Little Fire immediately thought about going back to Yun Feng in its mind. However, Yun Sheng seemed to be still in shock. Little Fire couldn't help but growl impatiently. In the end, it opened its wolf mouth wide and directly put Yun Sheng in its mouth!

Yun Sheng was brought back all the way by Little Fire in its mouth. When they arrived in the Yun family, Yun Sheng finally collected himself. Once he entered the mansion, he saw that bloody scene that happened. Being carried all the way back by a Magic Beast with its mouth, probably nobody had had such an experience. And yet, Yun Sheng was quite emotional right now. He held Yun Feng's shoulders firmly in his arms with passion and anticipation on his handsome face.

"Feng, you're a summoner, right? This is the Magic Beast you've contracted with, right?" Yun Sheng asked as his heart pounded at a high speed. He couldn't believe it. After all, the Yun family had looked forward to this for a few centuries and it finally came true at this moment. It was truly illusory and unrealistic!

Yun Feng smiled and the Ring of Contract appeared in her hand. Once Yun Sheng saw it, a trace of excitement immediately rushed out of his black eyes. The Ring of Contract! The symbol of a summoner. His sister was indeed a summoner. The second summoner had appeared in the Yun family!

"Feng, you're truly amazing!" Yun Sheng was thrilled. He directly exerted himself and lifted Yun Feng up high with his arms. Nine-year-old Yun Feng was still a kid, so Yun Sheng didn't use any effort to lift her up. Feeling her brother's excitement, Yun Feng also let him hold her up just like that for a long time. Suddenly, something seemed to come to Yun Sheng's mind. He turned around and exclaimed in front of his sullen father joyfully, "Father, Feng is a summoner! The Yun family has a summoner again!"

Yun Jing smiled gently. His eldest son's ecstasy was just like how he felt at first. He just repressed his emotions at the bottom of his heart. The dream of the Yun family for the last few centuries... It had finally come true at this moment. All the waiting and hard work was worth it!

"Brother, father already knows. Put me down quickly. I feel dizzy!" Yun Feng smiled and said. Yun Sheng burst into laughter and immediately put Yun Feng down, but his delighted look didn't disappear at all. His heart was shaking and he was feeling proud of his precious sister, Yun Feng!

Yun Feng let Yun Sheng be happy for a while, then said to her brother and father seriously, “Father, brother, the Lin family took the family business of the Yun family and murdered my brother. It’s time for the Lin family to pay their debt!”

Yun Sheng instantly blushed out of excitement after hearing that. Thinking of Yun Qi who died miserably, he couldn’t help but feel sad. “Brother... was indeed killed by the Lin family. Mother was also devastated by brother’s death. Everything was because of the Lin family. They all deserve to die!”

Yun Jing forbore to show his emotions, but anyone could imagine the anger and resentment in his heart. The Yun family guessed that the Lin family was responsible for Yun Qi’s death, but they didn’t have any proof, so they could only accept his death. Now that Lin Sen had admitted it himself, all the hatred had found its root and they could vent it out without any hindrance at this moment!

“The Lin family didn’t only take the property of the Yun family, they even murdered the descendants of the Yun family. It’s indeed time for them to pay the price!” Fierceness surged out of Yun Jing’s black eyes. As the leader of the Yun family of this generation, he must get back everything the Yun family lost, nothing less!

Yun Feng immediately nodded when she saw that her brother and father were also passionate. The Yun family, who had been suppressed by the Lin family for a few centuries, could finally look up, lift their heads and straighten their bodies, getting everything that belonged to them back!

“Father, brother, let’s go. Let’s give Lin Quan a surprise.” Yun Feng picked up Lin Miao who fainted on the ground and Lin Sen’s head, and smiled at her father and brother gently. Yun Sheng and Yun Jing also smiled from the bottom of their hearts. Years of depression and frustration were finally released. They both knew that the reason why the Yun family could be in such a bright situation today and could stand upright and lift their chests, was because of her, Yun Feng!

“Master, are we going to work again?” Scorching heat burst out of Little Fire’s wolf eyes. The two people who died miserable at its hands today weren’t enough for it to stretch its body. Listening to Yun Feng’s tone, it seemed that they were going to pick fights again. Little Fire couldn’t help but feel excitement lingering in its mind and it quickly followed them.

Yun Feng smiled. Meatball jumped out of nowhere and hopped on Yun Feng’s shoulder. It wiggled its round, chubby body at Little Fire with slight ridicule. Little Fire stared at Meatball, but it wasn’t afraid at all. Instead, it turned its butt around at Little Fire and started wiggling even more joyfully.

“You meatball, I’ll deal with you with one bite sooner or later...” Little Fire dared not be reckless in front of Yun Feng. It could only whisper fiercely. And yet, Meatball wiggled even harder, as if it wanted to anger Little Fire.

At this moment, the interaction between these two Magic Beasts cracked Yun Feng and the others up. The atmosphere eased immediately and wasn’t as serious as before. Yun Feng pressed her lips and smiled. An almost enchanting smile appeared on her small face.

“Come along then. Let’s go!” Her slim body jumped into the air first, followed by Yun Jing. There was an unusually pleased smile on his face. Looking at the small figure of his daughter walking ahead of him, his heart was full of relief. His body also leaped forward and kept up.

Chapter 68: That's Enough! Are You Kidding Me?

When Yun Sheng saw that his father and sister had gone ahead of him, he couldn't help but smile wryly. Did they forget that he was a mage? How could he possibly keep up with them with his speed? Yun Sheng stood there a bit speechlessly. Then, an impatient shout came.

"Human, why are you still standing there?"

Yun Sheng was startled. He finally saw that Little Fire hadn't left yet and realized Yun Feng didn't forget about the fact that he was a mage. However, judging by the current situation...

"Do you mean..."

"Cut the crap!" Little Fire wasn't in the mood to stand there and talk nonsense with Yun Sheng right now. It opened its wolf mouth immediately and picked Yun Sheng's body up. Its body moved and turned into a beam of dark red light, flashing towards Yun Feng.

Tonight, Lin Quan had been having ants in his pants since Lin Sen and Lin Miao went out. His eyelids suddenly twitched just now, which made his anxiety even worse. Thinking about the time, Lin Sen and Lin Quan should also be back. The lineup he hired was extremely powerful. They shouldn't need so much time to deal with the old man and the little girl of the Yun family, so why wasn't there any news at all? He also lost contact with his two brothers. What made Lin Quan more confused was that the two masters who went to deal with Yun Sheng were missing as well.

Even if the old man and the girl of the Yun family were hard to deal with, Yun Sheng weren't. A level-5 warrior should be able to smack a level-2 mage to death casually. Why wasn't any news delivered back at all?

Lin Quan paced the living room of the Lin family anxiously and his eyebrows were completely squeezed together. As time passed slowly, the anxiousness in Lin Quan's mind grew stronger. This was abnormal, too abnormal!

Perhaps... something went wrong? Lin Quan's heart pounded. Perhaps these people he sent out failed? Thinking of this possibility, the hair on the back of Lin Quan's neck stood on end. There were four level-5 warriors and one level-6 warrior. If such a lineup still couldn't deal with the Yun family, the Lin family would have only one way out. They must leave Chunfeng Town right away!

When a person was anxious, his heart would feel like it was being bitten by ants. Thousands of situations, which made sense or didn't, appeared one after another, sending Lin Quan into panic. It wasn't a big deal that no news came back from those employed masters, but it was when he hadn't received any message from his two brothers. Even if something was wrong, they should have come back after seeing the situation!

Lin Quan didn't know that they had thought about escaping. And yet, under Yun Feng and Yun Jing's chase and without the help from those masters, where could Lin Sen and Lin Miao, these two early-level 3 warriors, go?

While Lin Quan was anxious to the extreme, he suddenly felt a hint of familiar aura in the Lin family. Lin Quan was delighted. It was the aura of his third brother, Lin Miao!

“Brother!” Lin Quan followed the direction of the aura and stepped out of the living room. Once he walked out, he saw Lin Miao’s body as expected, but the joy in his eyes immediately froze into ice. Lin Quan’s expression changed abruptly and his face turned extremely dark.

Lin Miao was tied up and held in someone’s hand. That person was small and there was a cold smile on her gorgeous little face right now. And on her other hand was Lin Sen’s head!

Lin Sen’s eyes that couldn’t be closed were wide open, with anger and resentment inside. Lin Quan’s eyes gradually turned red. His second brother Lin Sen, was dead!

Yun Feng smiled coldly and casually threw Lin Sen’s head on the ground. Lin Quan’s eyebrows pulsed a few times, but his body didn’t move. He didn’t forget how his second brother died. And yet, Lin Miao was still alive and he was in Yun Feng’s hand.

“Master Lin, you’re still up. Are you thinking about the Yun family?”

Lin Quan didn’t answer her. He just looked at Yun Feng with a dark expression. At this moment, Lin Quan realized something. The few masters he sent out had undoubtedly failed, or his two brothers wouldn’t have ended up like this! Even four level-5 warriors and one level-6 warrior couldn’t kill Yun Feng. Just how terrifying was this kid...?

Yun Jing came forward and stood next to Yun Feng. When Lin Quan saw Yun Jing, he couldn’t help but say with a deep voice, “Master Yun, even though there has been a feud between the Lin family and the Yun family, it’s already something from a few generations back. Now that Lin Meng has died at Yun Feng’s hands and the Yun family has also killed my brother, all this should be enough.”

Yun Sheng arrived at this moment. Little Fire didn’t follow him. Yun Feng told it not to let the Lin family know it existed. After hearing what Lin Quan said, Yun Sheng truly felt like screaming in the sky. Enough? The family property of the Yun family taken by the Lin family, the humiliation from the Lin family generation after generation, the lives of the members of the Yun family murdered by the Lin family, Lin Quan thought two lives were enough to compensate for all these things?

Yun Jing took a step forward slightly and smiled coldly at Lin Quan. His serious black eyes were full of fierceness and anger that couldn’t be ignored!

“Lin Quan, are you kidding me?”

Hearing what Lin Quan said, Yun Feng instantly wanted to scold him, “Fuck you! You shameless old man!”

Lin Quan was indeed shameless enough to say that. Let alone the feud between them in this generation, the Lin family took the property of the Yun family and had always been humiliating and bullying the Yun family, including murdering the members of the Yun family! How would Lin Meng and Lin Sen be able to cancel out Yun Qi’s death and the grievances throughout these few centuries? Even if Yun Jing agreed, generations of the Yun family ancestors would not!

If you respect me, I’ll give you ten times more respect, but if you lay a hand on the Yun family, I’ll definitely make you pay a hundred times back!

The members of the Yun family were perfectly clear who were their friends and who were their enemies. What Lin Quan said was indeed a fantasy. When Lin Quan heard what Yun Jing said, his face immediately darkened. He also knew he was joking, but what else could he do right now? Other than praying that the Yun family would let him go, his strength as a level-4 warrior was truly nothing in front of Yun Jing!

“What do you want? What do you want me to do for you to let go of the Lin family?” Lin Quan shouted furiously. He had completely lost his superiority as the leader of a family right now. Other than compromising, what else could he do at this moment? He underestimated the bastard, Yun Feng’s strength. He underestimated the Yun family!

Let go? The corners of Yun Feng’s mouth curled up coldly. If they switched places right now, would the Lin family let the Yun family go as well? There were so many old grudges and blood debts. Let go... Where could they even start?

Yun Feng gave her poker-faced father a signal to ask him not to talk first. She slammed her hand hard on Lin Miao’s face, which was already swollen like a pig’s head. Lin Quan’s eyelids suddenly pulsed and he clenched his fists tight after seeing that. Yun Feng hit Lin Miao without any restraints in front of him. She completely ignored him!

Chapter 69: If You Take Something from Someone Else, You Have to Return It (1)

Lin Miao woke up because of the severe pain. Once he woke up, he saw his big brother, Lin Quan, and he immediately opened his mouth, slurring something. The others could hear vaguely that he was yelling “brother.”

Lin Quan instantly looked unbearable. If both of his brothers had been dead, he would have fought with the Yun family with his life right now. And yet, Lin Miao was still alive. He couldn’t act rashly!

Yun Feng held Lin Miao in her hand and glanced at Lin Quan with her black eyes. She wasn’t planning to make any concessions because of his age. “Master Lin, if you want Lin Miao back, you’ll have to show me your sincerity.”

After hearing that, Lin Quan’s body trembled slightly. He had already thought about it in his mind. Yun Feng was undoubtedly asking the Lin family to return the property of the Yun family that they had taken. Even though the amount of embezzled money was indeed quite a lot, it had gradually increased and became the financial support of the Lin family under their management over the years. And now, the Yun family wanted all of it back. This was undoubtedly cutting their losses!

“Why? Master Lin, are you still hesitating?” Yun Feng’s cold voice sounded again and Lin Quan gritted his teeth hard. Fine, as long as he and his brother were alive, how would they have to worry that they couldn’t make money with their minds? The most important thing at this moment was to save his brother’s life!

“Alright. Butler!” Lin Quan shouted as someone entered right away. However, that person almost ran away again after coming in. He looked at the sight in front of his eyes in fear and was completely flustered.

“Ma... Ma... Ma... Master, this... this... this... this...”

Lin Quan frowned. He said in an instant without caring about anything else. "Go to my room and bring all the title deeds for the land and the house here!"

After hearing that, Yun Feng raised her eyebrows gently and added with a faint smile, "The Distribution Agreements as well."

Lin Quan's face immediately darkened. He had had a careful consideration. It wasn't a big deal for him to give all the title deeds for the land and the house to the Yun family. As long as the Lin family still had a few operating businesses, it was easy for them to come back in the game. And yet, he had never thought that his mind would completely be seen through.

"And the Distribution Agreements." Lin Quan added, enduring the pain of cutting their losses. He glared at Yun Feng fiercely and his hatred towards Yun Feng and the Yun family became a lot stronger. He swore that when he rose again, he would never let the Yun family go. He would definitely think of every way possible to eliminate the Yun family!

The person who entered was confused, but he also understood that the Yun family had come for them. He instantly ran out as he trembled. After a while, he came back with the things Lin Quan asked him to take and handed them to Lin Quan. That was a thick stack of deeds. It could be seen that the money the Lin family earned over the years was indeed a huge amount.

"Everything's here!" Lin Quan showed Yun Feng the deeds in his hands. Yun Feng nodded. She could certainly snatch the deeds from them, but the Yun family was reasonable. Even though the Lin family took the property of the Yun family, people had completely forgotten about it after a few hundred years of operation. So, if they wanted to get those things back fair and square, Lin Quan must hand them over voluntarily.

Lin Miao, who was held in Yun Feng's hand, looked at the thick stack of deeds and strong sorrow appeared in his black eyes. That was the foundation of the Lin family... and it was taken away just like that, just like that...

Yun Feng waved her hand gently and threw Lin Miao, who was tied up, away. Meatball on Yun Feng's shoulder also made a soft sound as its body turned into a dark line, rushing towards Lin Quan like lightning. Lin Quan only felt a pull in his hands and the deeds he was still holding were already taken away.

Seeing that the messy Lin Miao was finally safe, Lin Quan was also relieved. Meatball grabbed the deeds with its tiny claws and gave them to Yun Feng. Yun Feng poked Meatball's little head with a smile, feeling pleased for its cleverness.

"Brother..." Lin Miao yelled with a slur. Lin Quan gave him a reassuring look. When he loosened the ropes for Lin Miao, he whispered in Lin Miao's ears, "Brother, the most important thing is we're alive. When the Lin family rises again, I'll definitely do whatever it takes to destroy them and take revenge for our brother!"

Lin Quan's teeth-gnashing voice made Lin Miao widen his black eyes. In the past, Lin Miao would certainly not give up without exterminating the Yun family like Lin Quan. However, after seeing Little Fire with his own eyes, Lin Miao's mind was full of fear for the Lin family only.

“Brother, no...” Lin Miao’s speech was slurred, so Lin Quan couldn’t hear him clearly. He only saw Lin Miao shake his head constantly. Lin Quan was a little confused, because he surprisingly saw fear in Lin Miao’s eyes! What was he so afraid of?

Yun Feng saw Lin Miao shake his head and the clear fear in his eyes when he looked at her. She certainly knew what he was scared of. Summoner was the most noble and the rarest profession on the Vast Continent. Once the senior officials of the Karan Empire knew that the Yun family had a summoner, the royal family of the Karan Empire wouldn’t allow the Lin family to exist, even if the Yun family didn’t ask for it.

At this moment, Lin Miao only wanted to leave Chunfeng Town quickly and go as far from the Yun family as possible. Revenge? He didn’t even dare to think about revenge right now! If the Lin family fought against a summoner, they would become the enemies of the Karan Empire!

“You’ve already got what you wanted. Why aren’t you leaving?” Lin Quan saw that Yun Feng and the others were still standing there and he couldn’t help but feel a touch of anger. And yet, he seemed to have forgotten that the reason why the Yun family came to the Lin family this time wasn’t just to get back their property.

The corners of Yun Feng’s lips gradually curled up and she glanced at Lin Quan like he was a joke. That gaze immediately made Lin Quan’s heart turn ice cold. He stood up right away and shouted, “You set me up!”

Yun Feng chuckled. “It is impolite not to reciprocate. The Lin family set the Yun family up countless times. Wouldn’t it be rude if we don’t return it once?”

What Yun Feng said made Lin Quan so angry that his entire face turned red. No matter how he thought about it, he had never expected this to happen. He gave them all of his family’s property, hoping that he could save his life, but they didn’t want to let him go after all!

Who said the Yun family was upright and selfless? Who said the Yun family was righteous? The Yun family was also ruthless when they set people up!

Hearing what Yun Feng said, Yun Sheng and Yun Jing were both thrilled in their minds. Speaking of talking, they were truly not as impressive as Yun Feng. The Yun family had never liked to make an effort to negotiate and they also didn’t bother to argue with anyone. However, they never performed worse in the battles of words than in fights!

When Lin Miao heard that, he immediately knew he wouldn’t be able to escape death. Seeing how miserably his brother on the ground died, Lin Miao’s heart was filled with a sense of despair. He bit his tongue hard as blood oozed out of his mouth. His body then trembled and fell on the ground.

Chapter 70: If You Take Something from Someone Else, You Have to Return It (2)

“Brother!” When Lin Quan saw it, there was no time for him to stop Lin Miao. He could only watch Lin Miao die with his eyes wide open. Lin Miao’s eyes were full of regret and despair.

“Great, great! What a Yun family, what a Yun Feng!” Lin Quan burst into laughter with his heart full of bitterness. He lost his family property and he also lost his brothers. Only him, a one-man band, was left. Everything else was gone!

If Lin Meng didn't kill Yun Feng, everything wouldn't have happened. If they took something from someone else, they had to return it after all.

"I, Lin Quan, failed to live up to the ancestors of the Lin family. Falling into such a situation today, I have nothing else to say!" Lin Quan's eyes turned red as he looked at the head of his brother, Lin Sen, on the ground and the body of Lin Miao who died miserably. The three members of the Yun family stood right in front of him, holding all the property of the Lin family in their hands. He hated them. How couldn't he? And yet, did he still have a chance to live today? Did the Lin family have a chance to live?

"Lin Quan, do it yourself." Yun Feng glanced at Lin Quan. Lin Quan smiled wryly. Right, he didn't even have the ability to make an attack with his life. What else could he do as a level-4 warrior? Even if he attacked, could he injure the members of the Yun family at all? Lin Quan burst into laughter as he pulled out the dagger he carried on his waist. He looked at the two brothers on the ground, raised his hand up high and fiercely stabbed himself in the chest with the dagger...

"Yun... family... Show... some... mercy." During his last breaths, Lin Quan widened his eyes and looked at Yun Feng with a desperate plea inside. He could die, his brother could die, but the other members of the Lin family were innocent!

"The Yun family isn't someone cruel. We're different from you!" Yun Sheng yelled at Lin Quan who killed himself. Lin Quan, who was about to die, slowly raised the corners of his mouth. Right, cruel... The Yun family was indeed not someone like that. The other people of the Lin family could rest assured... And he, this sinner, should also accept his punishment.

Lin Quan's body lay on the ground without the slightest sign of life. In one night, the three brothers of the Lin family were all dead. None of the other members of the Lin family had the talents of the three brothers. Besides, all the property of the Lin family was in the hands of the Yun family now. The name of the Lin family, one of the three largest families in Chunfeng Town in the last few centuries, would be completely removed from Chunfeng Town from this night onwards!

"Everyone of the Lin family, listen up! All of you must leave Chunfeng Town before tomorrow. Those who are still here before tomorrow, don't blame the Yun family for not giving you a chance to leave!"

Yun Feng suddenly shouted. The power comparable to a level-6 warrior slowly echoed in the silent night. Her clear, bright voice covered the entire Chunfeng Town in this quiet night. Not only the members of the Lin family, everyone else in Chunfeng Town also felt their ears shake abruptly! The Lin family was gone?!

The leader of the Mei family, who was practicing with his eyes closed, opened his eyes abruptly and a glint of light flashed through. Yun Feng's voice broke through the defense of his fighting energy just then, resounding in his ears. Mei Ran's expression couldn't help but change slightly and he immediately got up. "Yun Feng from the Yun family, her strength has already reached level 6? What's going on with that girl? The speed of her progress is too astonishing. Or has the Yun family been in disguise?"

Mei Ran frowned and pondered. Yun Feng's terrifying talent and strength were probably the trump card of the Yun family. Perhaps the Yun family had been training her secretly? Perhaps she died on purpose that time? Thinking of this, Mei Ran couldn't help but jeer at himself. If that was truly the case, it would

be insane. How wouldn't he know how powerful the Yun family was? He could only say that the little girl of the Yun family was indeed surprising. Without her, how would the Lin family blow up in their faces?

The Lin family didn't have a place to stay in Chunfeng Town anymore. Their name was completely removed. Only the Yun family and the Mei family among the three largest families were left in Chunfeng Town!

The Mei family could still be the boss with their own strength. And yet, the Yun family had a rich background and they were about to take over all the property of the Lin family. It was truly hard to say who the boss of Chunfeng Town was.

Thinking of this, Mei Ran couldn't help but smile wryly. The decision he made to protect himself back then seemed to be wrong after all...

That night, all the members of the Lin family dared not stay anymore and immediately left Chunfeng Town. Even though they didn't know what was going on, the butler of the Lin family had already told them the current situation. The Lin family didn't have a place to stand in Chunfeng Town anymore and the senior members of the Lin family were all dead!

The members of the Lin family left in panic. How would they dare to stay here with that little bit of strength? Those small families that were close to the Lin family and helped the Lin family suppress the Yun family had already been in a state of anxiety all day long. They were afraid that the fate of the Lin family would fall on them next.

Especially those who were in Lin Meng's social circle, they were harshly scolded by their families. They could befriend anyone, but they chose Lin Meng from the Lin family! Great, the Lin family was completely eliminated. There wasn't anyone from the Lin family in Chunfeng Town anymore. Since these kids followed Lin Meng, they would certainly have a hard time with Yun Feng as well. Although they didn't attack Yun Feng, cheering for Lin Meng and taunting Yun Feng were things they always did.

The sight at the door of the Yun family in the past, where there were very few visitors, had changed. Different people came for a visit every day. Some wanted to establish a relationship with them, some wanted to fawn over them and some wanted to rope them in. Except for the powerful Mei family, who could still sit as firm as a mountain, almost all of the other small families had approached them.

Apart from Yun Feng, her father and her brother, even the person who guarded the door of the Yun Feng stood especially upright at this moment, blocking everyone who came to meet the Yun family outside of the door with unconcealable arrogance and pride on his face. Who said the Yun family was doomed? Who said the Yun family's days had come to an end? The Yun family was rising right now and the Lin family was a perfect example!

Yun Feng and Yun Sheng certainly knew that there was a bustle outside the door. The two of them looked at each other and smiled, feeling a bit speechless. When the river rose, the boat went up. Their social status had also become higher. Had the Yun family ever had a scene like this in the past? Everyone avoided them back then and were afraid to have anything to do with the Yun family. And now, it was great. They all rushed to cling to the Yun family.

Meanwhile, Yun Sheng was holding Yun Feng's hand, standing quietly outside of the ancestral hall of the Yun family. The door of the ancestral hall was shut. The brother and sister stood there with a serious look without saying a word. Yun Jing was inside the ancestral hall right now.

Yun Feng looked at the door of the ancestral hall and knew that her poker-faced father could definitely not calm down. The oppression of the Yun family in the last century, the humiliation the Yun family suffered in the last century, finally ended. It finally ended!
