Chapter 611: Xue Han (2)

Yan Tianhao sighed and looked at Yan Jincheng earnestly. There was a hint of fatherly kindness in his eyes. This was an emotion that Yan Ming had never seen his entire life.

“Jin City, the position of the family leader has been yours since a long time ago! If your father says it’s yours, it’s yours! This time, the Yan family has to rely on Yan Ming and Yun Feng to fight for the guardian position. If we don’t give him some benefits, how can he do his best for the Yan family?”

Yan Jincheng nodded, but there was still a hint of unwillingness in his eyes. “If he gets the guardian position, wouldn’t Yan Ming be even more powerful? Besides, Yun Feng...” That cold and pretty face flashed through Yan Jincheng’s mind, and he blushed slightly. What kind of luck did Yan Ming have?

How could such a person be his fiancée?

“Haha, once he gets the guardian position, I’ll let Yan Ming and Yun Feng get married. Yun Feng will naturally be a member of the Yan family! By then, as the head of the Yan family, you surely will be able to get a woman!”

Yan Tianhao’s words finally made Yan Jincheng smile. That’s right. When the time came, he would be the head of the Yan family and Yun Feng would also be a member of the Yan family. By then, he could force Yan Ming to give Yun Feng to him!

“I do as you say, father!” Yan Jincheng chuckled with much confidence in his eyes. Yan Tianhao smiled in relief. “Yes, you’re right. The Yan family can’t possibly be handed over to the illegitimate son, and Yun Feng is already in the Yan family’s pocket!”

Yan Jincheng burst into laughter. Yan Tianhao stood up and said, “Let’s go. Go greet some people with me. You must see the world. The status of the Yan family will be different from before. You must rise to a higher level.”

Yan Jincheng couldn’t help but feel excited in his mind when he heard this. He followed Yan Tianhao and slowly walked out proudly. Yan Ming, do you really think you can become the leader of the family? In the end, you can only do nothing! The corners of Yan Jincheng’s mouth became wider and wider.

The position of the leader and your fiancée will both be mine!

The first round of the election was to give out four winners from the second-rate families. The Yan family was the first to win, followed by the Hong family and the Lan family. Then, there was a small family that barely won. The four winners of the second-rate families were revealed. The upcoming battle between the second-rate families and the first-rate families was much anticipated.

The next day was for rest. Yun Feng didn’t go anywhere. She just quietly closed her eyes and cultivated for a day. Her ancestor hadn’t woken up since he fell asleep last time. It seemed that the mysterious power that suppressed the soul on the West Continent had always existed. Yun Feng frowned slightly.

What exactly was it that could suppress the soul?

There was nothing wrong with the ancestor's deep sleep. The day of careful practice made Yun Feng have a slight feeling that she seemed to have touched the threshold of the advanced stage of the Monarch Level. After stepping into the Western Continent, Yun Feng had never had the time to focus on practicing systematically. However, she had never stopped practicing. She was accumulating experience in battles with other people and practicing every minute and second. Even though the results were minimal, the accumulation over a long period of time was still a great help. The day of careful practice made Yun Feng observe her spiritual space thoroughly. Her mental strength seemed to have a new breakthrough in the sticky state. This also indicated that she might advance again, but she was waiting for an opportunity.

Yun Feng's precious disciple, Xia Qing, had been cultivating in the Dragon Palace. During this day, Yun Feng observed Xia Qing's cultivation condition in secret. The little girl had been constantly working hard and had never stopped. Perhaps because she knew the gap between her and Yun Feng, Xia Qing worked much harder than normal people. Yun Feng felt comforted in her heart. It was just a matter of time before Xia Qing broke through to the Commander Level.

On the day of cultivation, Yun Feng was very quiet. However, the entire Canglan City spent the day in a kind of repressed excitement. The civilians who couldn't enter the arena also paid attention to this contest. Yun Feng's legendary victory, making the citizens of Canglan City a bit surprised. They wanted to see Yun Feng fight with their own eyes, but the Bright Moon Hall wasn't a place ordinary people like them could enter.

The crowd was in an uproar. Some people even asked the people of the Bright Moon Hall to open the door for the civilians. The complaints became louder and louder. There should be no suspense in the battle between the first-rate families and the second-rate families so far. However, Yun Feng's appearance caused a change. Whether or not this dark horse could defeat the first-rate families was the hottest topic in Canglan City.

The first-rate families were unusually quiet. Nobody expected that on the first day of the election, the elites of the first-rate families had already fought with Yun Feng. The scene was quite exciting.

Yan Tianhao used this day to visit the senior members of Canglan City in secret with Yan Jincheng. He made it clear that Yan Jincheng was the leader candidate he liked. The senior members certainly didn't say anything, but their eyes were full of ridicule, which made Yan Jincheng extremely embarrassed.

After Yan Tianhao left, the senior members all smiled in disdain. How would they not know who the master of the Yan family would be? What could Yan Jincheng do? Even though Yan Ming was an illegitimate son, he was much more knowledgeable and bold than Yan Jincheng! Would Yan Ming give the

position of the family's master to someone else when he was doing so much?

“Yan Tianhao is just a nobody.” This was the joint assessment of the senior members. Yan Tianhao still couldn’t see the situation clearly. If Yan Ming wasn’t in power, Yun Feng certainly wouldn’t have helped the Yan family. Without Yun Feng’s help, who was the Yan family? Even if he got the guardian position, so what? He would be taken down sooner or later! Even the nice gesture of the Bright Moon Hall was entirely because of Yun Feng!

Perhaps Yan Ming had already expected things to develop to this point. Perhaps, the moment he met Yun Feng, this young man had already planned everything.

A day passed quickly while everybody was busy. The second day, the second round of the contest was held. The Bright Moon Hall welcomed an even more boisterous scene. The headquarters of the Bright Moon Hall, which never allowed outsiders to enter, would be opened to the civilians today!

Early in the morning, the citizens of Canglan City flooded to the entrance of the Full Moon Hall like a tide. Everyone was even holding food and water in their hands. The contest today would probably take a long time. The crowd had made ample preparations. After the door of the Bright Moon Hall

opened, a few people came up and led the crowd to the spectator area. The Bright Moon Hall had specially set up a spectator area for the citizens of Canglan City. It was a huge area, but the number of people it could accommodate was still limited. As soon as the area was full, those civilians who didn’t make it in time wouldn’t be able to enter.

Chapter 612: Xue Han (3)

Very soon, this area was filled with people. They were a pack of black dots when observed in the distance. Soon, the audience of the second-rate families also came, followed by the families that were participating in the contest today. They had a specific area, and the families that were eliminated in the last election didn’t have the right to sit here anymore.

Among the four second-rate families’ heads, Yan Tianhao was the only one who looked confident, as if he was determined to win today’s contest. When the first-rate families’ heads saw Yan Tianhao’s expression, they couldn’t help but sneer in their minds. However, they couldn’t ignore Yun Feng’s existence so easily either. It was possible that a dark horse would be revealed today.

Among the second-rate families’ masters, the one who was most anxious should be the unknown little family’s. As expected, his family wouldn’t be able to survive the first round today. He had got this spot with all his strength in the last round. He secretly turned around and glanced at the first-rate families’ masters on the upper level. His face suddenly tightened and some sweat appeared on his hands.

The contest was about to begin. The contest today would be between the second-rate families and the first-rate families. The eight contestants would draw lots. The second-rate families and the first-rate families would be on two sides. The contestants who drew the same mark would still fight against

each other. The winner would be decided in one go and four contestants would be directly eliminated.

'When the eight contestants walked out, the atmosphere was even more heated than yesterday. Those hot-blooded people who were already most excited shouted loudly. Their shouts shook the sky and they roared like a tide!

Although they were noisy, they made all the contestants restless. Yun Feng was also slightly surprised when most ordinary people joined. She looked at the opponents of the top families again. They were indeed familiar faces. The few people she met the other day were among them! Ouyang Hongyu, Xue Han, Zhong Yuling and Xiao Xiang.

The four of them all looked at Yun Feng, it was really hard to say who would be Yun Feng's opponent today!

"Let the drawing of lots begin!" After the rules were announced briefly, the election of this round had already begun! The second-rate contestants all drew lots, and so did the first-rate contestants. Everyone opened the note in their hands. After Yun Feng opened the note, she glanced at someone slowly.

She didn't expect to be in the same group as him.

Zhong Yuling opened the note and heaved a sigh of relief when she found that she wasn't in the same group as Yun Feng. If she wasn't Yun Feng's opponent, it meant that she had a chance to qualify!

Ouyang Hongyu was rather upset after reading the note in his hand. His opponent wasn't Yun Feng. It seemed that Ouyang Hongyu really wanted to meet Yun Feng in the first round.

Xiao Xiang casually messed up the note in his hand, glanced at Yun Feng and chuckled. Yun Feng fixed her eyes on her opponent, Xue Han.

Xue Han looked at the note in his hand and threw it aside expressionlessly. He looked up and met Yun Feng's gaze. Xue Han didn't say anything and simply looked away.

Yun Feng frowned slightly. Among the four of them, Zhong Yuling, Xiao Xiang, and Ouyang Hongyu had all attacked her directly or indirectly. However, Xue Han was the only one who didn't do anything. So far, Yun Feng and Xue Han had never clashed directly.

Thinking of Xue Cheng's weird black chains and the Soul Searching Technique, Yun Feng was more or less curious about the Xue family. Considering Xue Han's cold personality, what kind of moves would he have? Would he also have those black chains?

This was a completely unknown opponent, which meant that no preparations could be made. She could only get the information she wanted by fighting him.

The two opponents stood opposite each other. Ouyang Hongyu and Xiao Xiang were the opponents of the Hong family and the Lan family respectively, while Zhong Yuling, the lunatic, was the opponent of the last second-rate family.

"Let the battle begin!" With a command, a few powerful auras burst out of the arena in a second and surged around like a tide. The audience all knew that the show was about to begin. Their excited roars were even more vigorous and earth-shattering!

Similar to the first battle, Yun Feng and Xue Han were still standing there calmly after the others made their moves. The two of them were even chatting casually.

“Yun Feng, I’ve heard the elders in my family talk about you. You’re a strong opponent.” Xue Han’s voice was cold and hard, very befitting for the weird black chains.

“Xue Cheng?” Yun Feng raised her brows. “The soul search technique of the Xue family is indeed rare.”

The corners of Xue Han’s mouth raised slightly and he even showed a smile. “It’s just a pity that it’s useless for you. How many interesting memories do you have in your body? I really want to see them. They’ll definitely be very exciting.”

“I’s destined that you won’t be able to see it. My memories only belong to me. No one can pry into them!” Yun Feng’s expression was cold. Xue Han suddenly burst into laughter, which startled the three people who were fighting on the side!

“Xue Han... He smiled!” Zhong Yuling was dazed for a moment. Cold sweat appeared all over her body. Xiao Xiang also became anxious. That freak could smile too? Ouyang Hongyu’s eyes darkened. Xue Han smiled?

After Xue Han finished laughing, his face became expressionless again, but Yun Feng could feel the warmth in his eyes. This was a lunatic who was even crazier than Zhong Yuling!

“The more I can’t see, the more interested I am.” Xue Han’s cold voice sounded again. There was already an oppressive aura around him. Yun Feng narrowed her eyes. The battle was about to begin!

“swish!” Xue Han suddenly raised his sleeve, and the sound of metal came from his sleeve. Two chains as thick as pythons extended from his sleeve. Yun Feng’s black eyes narrowed. These were... Xue Han’s chains?!

“The Xue family was able to reach its current position because of a secret manual, Soul Searching. Almost everyone in the Xue family knows the Soul Searching Technique, but the target to be soul-searched is very different.” Xue Han touched his chains gently and felt the coldness from the chains. He explained to Yun Feng patiently.

“One’s expertise in Soul Searching is completely dependent on the color of the chains. The lowest level is white, followed by gray, then brown. The upper level is black, and above black is purple. Usually, purple is the highest level of Soul Searching.”

Yun Feng looked at the two chains around Xue Han. Xue Han continued, “I’m talking about the usual. In fact, purple isn’t the peak. It’s said that the Xue family can only give birth to a person above purple once in a few thousand years. Red is above purple, and the red is the king.” Xue Han’s eyes suddenly glittered.. The two chains that were as red as blood next to him seemed to be alive as they roared!

Chapter 613: Xue Han (4)

“Uncle Cheng’s black chains are already very powerful, but they didn’t work on you. Everyone in the Xue family is curious about you. There was originally no one in this world who could make soul searching ineffective, but you appeared.”

“Nothing is absolute in this world!” Yun Feng said coldly as she put the dark red and green rings on her finger. “Little Fire, Lan Yi!” With a roar, Little Fire and Lan Yi had already landed on both sides of Yun Feng. The appearance of the two Magic Beasts immediately caused a raging wave of roars!

“Look! The summoner’s Magic Beasts!”

“The summoner of the Yan family is indeed not an impostor! Two of them! A double-element summoner!”

“Looks like the Yan family will truly get this position this time!”

The crowd was thrilled and they all shouted excitedly. After seeing the two Magic Beasts, Xue Han put on a weird smile. “I’ve never used Soul Searching before. You’re the first.”

“Should I feel honored?” Yun Feng raised her brows. Little Fire and Lan Yi were already prepared to attack. Xue Han burst into laughter again, looking delighted. The red chains next to him also waved a few times.

“I should be the one to feel honored, as the first person to find out your memories!” As Xue Han’s voice fell, the red chains had already arrived, creating a piercing sound in the air!

“Then give it a try!” Yun Feng roared as the wand appeared in her hand. The two Magic Beasts next to her moved together. The battle began!

Little Fire and Lan Yi lunged at Xue Han from two different directions. The red chains in Xue Han’s sleeves suddenly attacked the two Magic Beasts like long snakes, as if they were living creatures with blood and flesh!

Little Fire and Lan Yi collided with a red chain respectively. The red chains coiled around the two Magic Beasts like long snakes, trying to wrap around them. A dark red and a green figure kept fighting against the red chains in the sky. Beast roars came from the sky from time to time, and the sound of friction from the chains was extremely piercing!

The audience watching the drama was undoubtedly dumbfounded. The battle between the Magic Beasts and the chains in the sky could be said to be extremely fierce. Their speed was so fast that the audience couldn’t see the direction of their movements at all. However, the heat kept rising!

“God... This is the first time I’ve seen a battle of Magic Beasts!”

“What kind of chain is that? It’s so powerful! As expected of a first-class family. He’s extraordinary powerful!”

“It’s really hard to say who will win!”

Almost everyone’s eyes were attracted by this scene. They all stared at the black shadows that kept colliding in the sky. Even though they couldn’t see the battle clearly, they had to watch!

Nobody seemed to care about the other contestants anymore. Since Yun Feng and Xue Han started fighting, they had been the center of attention! Even the masters of the top families frowned.

“I didn’t expect the Xue family’s Soul Searching Chains to have a red color?” The Master of the Xiao family said softly. The others all looked at the Master of the Xue family. “I thought Brother Xue’s purple chains were already the highest level of Soul-Searching. I didn’t expect that the younger generation of your family would be even more extraordinary.”

The Master of the Xue family chuckled with undisguised pride in his eyes. “Han is a rare genius of the Xue family. Even I’m not as talented as him.”

“Oh? It seems that the Xue family is determined to get the guardian position.” The master of the Ouyang family laughed casually. The master of the Xue family also laughed. “The guardian position? The Xue family isn’t interested in that.”

The few family masters raised their brows slightly. He wasn’t interested in the guardian position? Could it be that the Xue family was interested in... “Do you know that there are people in this world who can make the soul searching ineffective?”

The few Family Heads were greatly surprised after hearing that. “The soul searching failed? It could never fail even on the Hall Master. How is that possible?”

The Master of the Xue family smiled casually as he stared at Yun Feng in the arena. “I wouldn’t have believed it if I hadn’t seen it with my own eyes. However, Yun Feng is the first person whose soul cannot be searched!”

The others all glanced at Yun Feng subconsciously. She made Soul Searching ineffective! How was that possible? Even the Hall Master couldn’t make Soul Searching ineffective, but Yun Feng did!

“Compared to the guardian position, the Xue family is only interested in this person. You can take that position as you please.” Xue Han chuckled. The other masters couldn’t help but heave a sigh of relief. Without the Xue family, they would have one less strong opponent. However, Yun Feng and Xue Han would be extremely difficult opponents no matter which of them won!

“Earth Shield!” Yun Feng shouted furiously. The Earth Shield had already formed a strong defensive net around her. When Xue Han saw that, his eyes were burning again!

“Earth element? It seems that you’re an all-rounder. You have all five types of magic. We’re almost on the same level.” Xue Han stared at Yun Feng with unusual enthusiasm. Xue Han was the rare genius of the Xue family in a thousand years. Yun Feng, who had all five types of magic, was also a rare genius on this continent!

“Don’t tell me you also have light and dark elements,” Xue Han whispered. Then, he couldn’t help but mock himself. This thought was too funny! Five elements was already astonishing enough. It was impossible that she had all the elements! How could there be such a perfect person in the world?

Xue Han pursed his lips and waved his sleeve abruptly. A dozen tiny red chains slithered out like tiny red snakes. Little Fire and Lan Yi were still fighting with the two red python-like chains. Those two giant python chains seemed to be the core of the red chains. Otherwise, how could Little Fire and Lan Yi be entangled so firmly?

More than a dozen red snake-like chains pounced towards Yun Feng at the same time!

“Crash!” The earth element shield was penetrated by more than ten red snakes in an instant! The curved snakes released a powerful pressure when they collided with the earth element! The earth element shield was instantly shattered by the combined pressure!

Yun Feng had already dodged. Seeing that, Xue Han burst into laughter and waved his sleeve gently. The red snakes pounced again!

The long red chains kept chasing Yun Feng in the sky. The audience watching the battle below couldn't help but exclaim, “Although those chains are powerful, they're so disgusting...”

“Where did they come from? Were they inside his body? He looks like a spider...”

Chapter 614: Concealment (1)

At this moment, Xue Han was floating in the air with more than ten long chains sticking out of his sleeves. At first glance, he looked like a spider that was forming a web with bright red threads!

And Xue Han was indeed a spider. He was constantly weaving the web. Once the web formed, the prey in the web would have no way out!

With the support of the wind element, Yun Feng's body kept accelerating, and the red chains behind her kept chasing her. Yun Feng had already noticed that something was wrong, The chains were chasing her at a moderate speed, and forced her to keep moving behind them!

Yun Feng suddenly stopped with a cold look. Xue Han raised his brows and Yun Feng suddenly turned around. The red chains were already coming at her. Yun Feng sneered and grabbed one of them. The bone-piercing coldness spread through Yun Feng's hand to the inside of her body. Yun Feng chuckled and grabbed the chains tightly. Then, she pulled!

“Oh? What do you want to do?” Xue Han stood where he was and looked at Yun Feng with his eyes. At this moment, the red chains had already wrapped around Yun Feng's body. She was already bound firmly!

“Is that summoner stupid? Why did she stop? Isn't she waiting to be caught?”

“Maybe she's tired. After all, she's been running for so long. Anyone would feel tired...”

“F*ck! I thought that the summoner was very powerful. She's been caught in such a short time. How disappointing!”

Some of the audience were already cursing and swearing. Yan Tianhao, who was sitting in the air, couldn't help but gasp when he saw this scene. His heart was pounding. Yan Ming, who was sitting on the side, also looked quite gloomy. Someone hiding in the audience couldn't help but want to attack. A cold voice sounded next to him.

"If you help her, Yun Feng will automatically lose." Yan Che smiled at Qu Lanyi. Qu Lanyi slowly retracted his hand with half of his face darkened. Yan Che looked at Yun Feng, who was chained in the sky. "If she really loses, it'll be too boring. Don't you agree, Brother Qu?"

Qu Lanyi glanced at Yan Che with an uncertain expression. In the end, he said coldly, "How much longer are you going to follow us?"

Yan Che laughed so hard that his head was buried in his knees. Then, he slowly turned around. The smile on his face looked a bit ferocious for some reason. "Why are you in such a hurry? I'll leave when I have to." Qu Lanyi slowly narrowed his black eyes. Yan Che suddenly raised his head. The weird

expression on his face just then was gone and he looked normal again. "Look, I knew Yun Feng wouldn't lose so easily."

The girl in the sky, who was tied up by the red chains, didn't panic at all. Xue Han didn't look proud either. Yun Feng suddenly put on a smile. "Xue Han, do you know the drawback of using a long weapon?"

Xue Han was startled when he heard this. Yun Feng put on a smile and continued, "You, who use chains as a weapon, can launch a surprise attack and have an advantage in distance and speed. However... you'll also be restrained because of this unimaginable distance!" As soon as Yun Feng said that, Xue Han's eyes widened!

A stream of dark blue elements surged out of Yun Feng's body and quickly spread all the red chains on Yun Feng's body, covering Xue Han like lightning!

"Crack!" In an instant, the dozen red chains all turned into another color, a transparent ice blue! Each chain was covered with water elements, and the water elements instantly froze into ice!

'What? Xue Han looked at Yun Feng in shock. Yun Feng chuckled and extended her arm, breaking all the chains on her body!

The chains which were as soft as snakes just then all fell from the sky stiffly and broke into pieces! The audience was completely shocked when they saw this scene!

The tables had turned!

"Hahaha, hahahaha!" The red chains were all broken, but Xue Han burst into laughter. His laughter spread throughout the venue, making everyone think that he was crazy!

"Interesting! If you were defeated so easily, wouldn't it be too boring?" Xue Han put on a smile and jumped. The two red chains that were as thick as giant pythons returned to his side instantly. Little Fire and Lan Yi also returned to Yun Feng's side quickly. Yun Feng looked at Xue Han solemnly and looked

at the two thick red chains next to him. This person seemed to have a trump card!

The master of the Xue family, who had been watching the battle, couldn't help but mutter, "Is Little Han going to use that..."

In the sky, Xue Han had an unusually fanatical expression on his face. It could be seen that he was trying to suppress the excitement in his heart and the fanatical pleasure that this battle brought him!

"Come on!" Xue Han shouted as the two thick chains next to him twisted and intertwined. The two chains intertwined with each other tightly, making the sound of iron chains rubbing against each other. The two chains intertwined until they fit into each other perfectly!

They made an unusually thick chain, like a giant python that was standing upright behind Xue Han. Its body was much larger than that of a thick ancient tree, and at the top of the chain, the two red chains that were tied together showed two extremely ferocious red snake heads!

It was like a giant red python with two heads, which made people fearful just by looking at it!

"Hell of Asura!" Xue Han roared with suppressed passion. The giant red chain python suddenly opened its mouth and countless red chains that were as tiny as silk attacked from all directions, as if they were going to swallow the entire space!

This move was very similar to Xue Cheng's Inescapable Net. However, Xue Cheng's black chains were far inferior to Xue Han's red chains in terms of strength, momentum and speed!

The dense red chains were like an ocean of red snakes, instantly enveloping Yun Feng and her two Magic Beasts!

"Wow..." The audience couldn't help but let out a cry of surprise. Everyone couldn't help but stand straight and look up at the amazing scene in the sky desperately. The space Yun Feng was in was instantly covered in red, like a giant cocoon!

Yan Ming's pupils shrank. Yun Feng! Yan Tianhao's face was twisted.. Was she going to lose this battle?

Chapter 615: Concealment (2)

Xue Han stood outside the giant red cocoon and watched the tiny red chains continue to wrap around her densely. Yun Feng was already completely surrounded. It was absolutely impossible for her to come out! Unless she could break through the layers of red chains!

Yun Feng, who was inside the giant cocoon, took back the two Magic Beasts immediately. She stood on the spot calmly and watched the red chains swallow her whole. Layers of red chains surrounded her secretly. She was completely locked in this area!

'When the sound of the chains outside finally stopped, a huge red cocoon had already formed in the sky!

"Yun Feng, I'll give you ten seconds to consider. Be a good girl and let me search your soul. I'll let you out! Otherwise, you'll die in there!" Xue Han's voice spread throughout the venue. The crowd sighed again. All eyes were focused here. How would that summoner choose?

Yun Feng also heard what Xue Han said inside the giant cocoon. She only smiled after hearing that. Ten seconds... It was enough!

Xue Han didn't hear Yun Feng's reply. He shouted loudly, "Ten! Nine! Eight! Seven!..." Xue Han's countdown sounded in the air, creating an inexplicable tension. The audience started counting too. Some of their voices even trembled with excitement!

1

Yan Che shouted at the side as he counted the time without a care in the world. Qu Lanyi stared at the giant red cocoon with a blackened face. He should believe in the woman he chose! How could Yun Feng be defeated so easily? If she lost here, how would she face more challenges in the future?

Yaoyao, who was sitting next to Qu Lanyi, suddenly reached out and held Qu Lanyi's hand. Qu Lanyi was startled. She looked at Qu Lanyi with her blue eyes and moved her lips slightly. "Xiao Feng will be fine."

Qu Lanyi's eyes widened. Yaoyao... spoke? Yaoyao turned her head around and stared at the red cocoon with her big blue eyes. Meatball was on Yaoyao's knee and it was also staring at her with its big eyes. Qu Lanyi chuckled and touched Yaoyao's hair. "Yes, of course she will be fine. She has to be."

"Three! Two!" Xue Han's countdown had already reached the last second. Yun Feng still didn't reply. Xue Han couldn't help but frown. What a stubborn personality! Fine, as long as he could search her soul, anything would be fine!

"One!" The last of the countdown, the last second! Everyone was silent!

Coldness flashed through Xue Han's eyes as he suddenly raised his sleeve. Two thick red snakes opened their mouths and the fiery red cocoon that surrounded Yun Feng's space shrank abruptly! Such a powerful contraction even made the space there twist!

"That summoner is going to die!" shouted the audience who were watching the drama. Everybody's face couldn't help but tighten. The few first-rate families' masters couldn't help but tighten their muscles. Would Yun Feng really die here?

The Hall Master of the Bright Moon Hall had been watching the drama, but he also narrowed his eyes at this moment. A glint flashed through Xue Han's eyes. The red snake that had two heads suddenly let out a hiss. Xue Han stared at the red cocoon in front of him with his glowing eyes. The light in his eyes had just appeared when Xue Han's pupils suddenly contracted!

'An energy wave that was getting more and more oppressive came out of the giant cocoon, as if a ferocious beast was caged in the giant cocoon and was about to break out of the cocoon!

'The audience watching the drama couldn't feel it, but the powerhouses could feel the energy fluctuation very clearly! The expressions of the four families' heads changed!

"What is Yun Feng going to do?"

"Such energy waves. Is she going to destroy this place?"

The Hall Master was stunned. A few seconds later, the red cocoon suddenly expanded violently. It became bigger, bigger and bigger until it reached its limit!

“It’s going to explode!” Xue Han shouted as he quickly retreated. At the same time, the red cocoon exploded! A strange color surged out of it, accompanied by a terrifying energy tide!

The Hall Master suddenly flew up from his seat and waved his hand fiercely at this space. An invisible energy barrier instantly formed in this space and the huge energy tide hit the energy barrier, causing a strong energy shock!

The Hall Master put on an awful expression. The veins on his neck were popping up faintly. It was obvious that this energy wave made him suffer too! It took him a lot of effort to block it!

Most of the energy was blocked by the Hall Master, but a small part of it still rushed to the audience area. The audience watching the drama only saw the huge cocoon suddenly explode. After a series of exclamations, they only felt a gust of wind blowing towards them. Many of them were even knocked to the ground!

“What’s that?” Someone shouted loudly. People’s curiosity was aroused again. They all looked over and saw a figure flying out of the exploding cocoon in a weird color. Because of this strange color, it was like a beautiful butterfly that came out of the cocoon!

“Yun Feng!” Xue Han, who was hiding on the side, saw Yun Feng coming out of the hole and his eyes became hot. His body suddenly flashed and rushed in quickly!

“Han!” Master Xue couldn’t help but shout anxiously when he saw this scene. Xue Han was the only son the Xue family was proud of. If anything happened to him in this competition, the Xue family would be heartbroken!

Just as Master Xue was about to rush out, he received the cold gaze of the Master of the Bright Moon Hall. He retracted his foot that was about to take a step and could only watch Xue Han rush in so recklessly with anxiety and anger! Xue Han’s excitement came. Yun Feng might be the first person to let him have a taste of failure!

“Soul Searching!” A furious shout resounded in this space. Yun Feng, who had just broken out of the giant cocoon, heard this voice. A figure came like the wind and instantly stopped over Yun Feng’s head!

A bone-piercing cold attacked and spread all over Yun Feng’s body in an instant. Yun Feng looked at Xue Han in front of her with her black eyes and saw the madness in his eyes. Yun Feng, who had just performed the fusion of elements, felt a bit exhausted inside her body. Xue Han had rushed in fearlessly at such a high speed.. This time, Yun Feng couldn’t avoid his soul search!

Chapter 616: Concealment (3)

“You won’t be able to see anything,” said Yun Feng indifferently. The craziness in Xue Han’s eyes ignited and he quickly closed his eyes. His consciousness instantly invaded Yun Feng’s consciousness through the contact of his hand. He wanted to see what exactly was inside this body!

The two of them were frozen in the air just like that. Everyone’s eyes were fixed on these two people. Had the winner been decided yet?

Xue Han’s consciousness quickly entered Yun Feng’s body. He thought he would see the memories of this body from its birth until it grew up, but he was wrong. Looking at the endless darkness around him, Xue Han was truly astonished.

“Is there really nothing? No memories at all?” mumbled Xue Han as he looked around. Darkness, endless darkness!

“I don’t believe this!” Xue Han roared and ran in the empty space in disbelief. How could a person have no memories? How could she be empty? Unless, she was dead. Dead people didn’t have any memories!

Xue Han ran in this endless space. He didn’t know how long he had been running, This was the first time he had searched a soul, but he wasn’t unfamiliar with it. He had heard his seniors talk about searching the soul countless times. It was very simple to search the soul. As long as he invaded the other

party’s consciousness, it would be impossible for the other party to hide anything from him. Besides, this memory space wasn’t huge. It was just a small area!

However, what was going on here? How long had he been running? There was no end to it! Was this space really a human memory space? There were no memories here. It was as if there was no boundary here!

“Clang...” A soft sound came from somewhere in this space. Xue Han’s heart heated up. There was something there! Was her memory hidden there?

Xue Han followed the voice and ran forward quickly. It was completely dark along the way. If it weren’t for the guidance of the voice, Xue Han wouldn’t know where to go at all. The vague sound became clearer and clearer, and Xue Han couldn’t help but slow down. As the sound became clearer, the doubts

in Xue Han’s mind became deeper and deeper. That was the voice he was familiar with, the voice that often accompanied him, the sound of chains!

Why was there the sound of chains here? Xue Han’s heart tightened and his body suddenly stopped. He knew that he was already very close to the sound, so close that he was probably just a few steps away from the wall. The sound of chains dragging on the ground came one after another, as if something was tied up here!

“Is... Is there anyone here?” Xue Han didn’t know why he asked this. This was the memory space. Apart from memories, there wouldn’t be anything else. However, he was asking if there was anyone here right now. This was an extremely ridiculous action, but Xue Han didn’t feel this way right now.

The sound of the chains changed slightly, as if something was dragging the chains over. Xue Han couldn’t help but breathe harder and his heart was beating faster too. Something was approaching, The sound of the chains dragging on the ground suddenly stopped!

A bead of sweat fell from Xue Han's forehead. He could clearly feel the sweat sliding down his face and then falling on the ground.

"Pe

Xue Han heard the sound of his sweat breaking on the ground. His heart pounded hard!

"You've made it here?" A slightly hoarse voice with deep interest sounded. Xue Han breathed heavily. There was such a space inside Yun Feng's body! Who exactly was she?

"\$\$-Senior..." Xue Han didn't know what was hidden in the darkness. Whatever it was, it must be something powerful. It wouldn't be wrong for him to call it senior. Hearing Xue Han call it that, the voice paused for a long time and suddenly burst into laughter!

"Hahahaha!" A weird and ear-piercing laughter spread throughout the entire space like cold hands caressing Xue Han's body. Xue Han could only feel coldness!

"Senior? Kid, are you calling me?" The hoarse voice was filled with inexplicable excitement. Before Xue Han could say anything, he felt that something was about to appear in the dark space in front of him. Xue Han widened his eyes and his body was as stiff as a statue, not daring to move at all!

"Swish!"

Xue Han felt that his heart was about to stop beating! In this endless space, in the pure darkness, a pair of huge, ferocious red eyes suddenly opened!

Those eyes were bloodshot and they were emitting boiling killing intent! Just looking into those eyes made Xue Han feel like he was going to die!

His lips were trembling and his teeth were chattering. Xue Han knew that no matter what the other party did, he wouldn't be able to resist at all!

"Get lost!" With a violent roar, Xue Han only felt that his chest was hit fiercely by a powerful force. His entire body was also sent flying by this force like a kite with a broken string!

"argh!" Xue Han finally shouted because of the unbearable pain! His consciousness was directly pushed out of Yun Feng's consciousness by this force!

"Hah..." Xue Han, whose consciousness had returned to his body, turned completely pale. The terrifying pain also spread to his body! "Poof..." A mouthful of blood spurted out of Xue Han's mouth. He slowly raised his head and looked at Yun Feng in shock.

"There's... such a guy there..."

Yun Feng was confused by what Xue Han said. There was blood at the corners of Xue Han's mouth as he smiled in self-mockery. "Uncle Cheng is right. You're indeed someone I can't mess with. I've lost."

Yun Feng frowned. "What did you mean? What did you see?"

Xue Han was stunned. "You don't know?"

Yun Feng was a bit frustrated by this question. "You just need to tell me what you saw!"

Xue Han stared at Yun Feng for a long time. After confirming that she indeed didn't know, he burst into laughter. "I see. You truly don't know... Interesting, interesting!" After saying that, Xue Han dashed forward and stood in front of everyone who was watching the battle.. He said loudly, "I admit defeat in this battle!"

Chapter 617: What's Going On (1)

"He's admitted defeat!"

"The first-rate family's candidate admitted defeat!"

Hearing that Xue Han admitted defeat, the crowd was all shocked. The first-rate families were no different from the Hall Master in the Bright Moon Hall! This first-rate family admitted defeat voluntarily. It wasn't something a first-rate family would do!

The Master of the Xue family didn't look embarrassed at all after hearing what Xue Han said, but the other masters were a bit upset. "It's fine to lose, but it's really the first time we've seen someone surrender without any backbone."

Their mockery only made the Master of the Xue family smile. "Only a real fool would risk his life recklessly. You better know what you're capable of before you do anything! Goodbye!" The Master of the Xue family rose and left. The faces of the other three first-rate families' masters darkened.

The contest between Yun Feng and Xue Han could be said to be earth-shattering and truly made people's eyes light up. Compared to the other battles, this contest could be said to be extremely spectacular, so everyone focused their attention on this group and completely ignored the others.

Xue Han turned around and was about to leave when Yun Feng suddenly chased after him. "Wait!"

Xue Han walked to the back of the arena without looking back. Qu Lanyi, who was sitting in the crowd, got up quietly. Yan Che seemed to be interested in watching other people's matches. Qu Lanyi took Yaoyao to find Yun Feng.

"What's wrong?" Xue Han turned around indifferently. The two of them had already left the arena and came to a rather remote corner. The sounds of fighting in front of them came indistinctly and couldn't be heard very clearly.

"What did you see?" Yun Feng's voice was deep. Xue Han laughed and touched his chin. "I should be the one asking you this. What exactly is hidden in your body?"

Yun Feng frowned after hearing that. What was in her body? How would she know? She wasn't the original soul of this body. Even the dead Yun Feng might not know what was hidden in her body!

"If you don't know, I don't know either. I only saw... an appearance. I didn't see anything, believe it or not. That's all I can say. Any questions?"

Yun Feng knew that Xue Han wouldn't say anything. Did he see it or not? If he saw something, what did he see? Yun Feng keenly noticed that Xue Han didn't want to talk about it in detail, or rather, there was a vague fear in his heart.

Xue Han turned around and left. Yun Feng stood there alone and couldn't help but cover her chest with her hand. What exactly was hidden in this body? Thinking of the glorious deeds of the Yun family in the past and its sudden disappearance, Yun Feng seemed to understand something, but she didn't know for sure.

The puzzle in her body could only wait to be solved until the future. When she found the Yun family's headquarters on the Central Continent, she would always have an answer. That thing must have been hidden for a long time. Perhaps it had already existed since the day Yun Feng was born?

"What are you thinking about?" A gentle voice sounded as a warm hand held Yun Feng's shoulder. Qu Lanyi looked at Yun Feng with his glittering black eyes. Faint light elements surrounded her. Yun Feng was certainly injured in the fierce battle just then.

"Nothing." Yun Feng smiled. Qu Lanyi didn't ask any more questions. Yaoyao, who came with them, held Yun Feng's hand with concern, feeling the coldness from Yaoyao's hand, Yun Feng curled the corners of her mouth gently.

"Nana." Meatball cried and directly jumped on Yun Feng's face, rubbing its little body affectionately. Yun Feng's black eyes glittered. Was that thing related to Meatball?

"Right, Fengfeng, I have good news for you."

Yun Feng raised her brows. Good news? Qu Lanyi chuckled and touched Yaoyao's head with her big hand. Yaoyao didn't dodge. After such a long time, Yaoyao didn't reject those who were close to Yun Feng anymore.

"Yaoyao spoke."

'What Qu Lanyi said surprised Yun Feng, She looked at Yaoyao in delight. This feeling was a bit complicated and she was extremely excited. "Yaoyao, you can talk?"

Yaoyao smiled and nodded. "Xiao Feng." She opened her mouth and said in a childish voice. Even though it was a bit vague, Yun Feng still heard it clearly. Yaoyao was calling her name.

A kind of indescribable feeling surged into Yun Feng's heart and she hugged Yaoyao in her arms. Yaoyao also hugged Yun Feng with a satisfied look, like a child who was attached to her mother. Yun Feng caressed Yaoyao's smooth black hair with her hand, and only felt that her child was growing.

Qu Lanyi watched this scene with a warm face. The moment Yun Feng hugged Yaoyao, the motherly look that flashed on her face didn't escape Qu Lanyi's attention. Even though Yun Feng was still young and far away from giving birth, it was obvious that she was already awakening as a mother in her mind.

"Yun Feng!" A shout broke the warm atmosphere. Qu Lanyi turned around unhappily. It turned out that Yan Ming and Yan Tianhao had come. Yan Ming smiled at Yun Feng. "Thank you for your hard work."

“As expected of the daughter-in-law of the Yan family. Not bad, not bad!” What Yan Tianhao said made the atmosphere a bit awkward. Qu Lanyi’s face suddenly darkened. Yan Ming coughed a few times in embarrassment, but Yan Tianhao didn’t seem to notice at all. “Yun Feng! I think we should do it right now. You should get married to Yan Ming first. When we get back, you can have another glorious wedding!”

Yun Feng’s expression turned cold. Qu Lanyi clenched her fists and Yan Ming immediately walked up. “Master, there’s no rush.”

“No rush?” Yan Tianhao roared in annoyance. The contest today made Yan Tianhao completely understand that Yun Feng’s strength was immeasurable! He even wondered about the charm of this illegitimate son right now. How could such a person like her fall in love with him? How would the Yan family

miss Yun Feng? Yun Feng wasn’t prepared for the illegitimate son, Yan Ming, but for the real leader of the Yan family, Yan Jincheng!

Yan Tianhao would make Yun Feng enter the Yan family no matter what. If he did that, Yun Feng wouldn’t be able to drag things out with the Yan family. She wouldn’t be able to go anywhere!

“I think this weekend will be a good day. Let’s just have a simple meeting in Canglan City!” Yan Tianhao didn’t ask about Yun Feng’s attitude as he talked on his own. Yan Ming said awkwardly, “Master Yan! Yun Feng and I have our own decision on this matter. We.

Chapter 618: What’s Going On (2)

“shut up!” Yan Tianhao roared. “What do you mean you have your own decision? I’ll have the final say!”

Yun Feng suddenly smiled. “Yan Ming, I think it’s better to tell your father the truth.”

Yan Tianhao was stunned. What truth? Yan Ming pondered for a long time. Yan Tianhao had already gone to such an extent without permission. If he didn’t tell him the truth, Yun Feng would leave in anger. By then, this plan would be meaningless.

“Master Yan, there’s something I need to clarify. It’s between me and Yun Feng. We should talk about this when we get back.”

The few of them returned to the Yan family’s house. Yan Ming briefly told him what happened. The details weren’t highlighted. Yan Tianhao’s face had already turned completely black in the end. After Yan Ming said that, Yan Tianhao suddenly slapped the table next to him, “Yan Ming! How dare you!”

Yan Ming stood there without changing his expression. Yan Tianhao’s anger didn’t scare him at all. “It happened too suddenly. I was just acting according to the situation.”

“You...” Yan Tianhao was so angry that the muscles on his face were shaking, Yun Feng and Yan Ming had nothing to do with each other at all! She was only a fake fiancée!

“So, Master Yan, please think carefully before you talk. With the Yan family’s current strength, isn’t it a bit arrogant to want her as your daughter-in-law?” Yan Ming said indifferently. Yan Tianhao’s face was pale. What Yan Ming said was exactly what Yan Tianhao wanted. Yun Feng had nothing to do with

Yan Ming, Yan Tianhao was happy that she had nothing to do with this illegitimate son. This proved that Yan Jincheng had a chance! Yan Jincheng was much better than this illegitimate son! Once Yun Feng fell in love with Yan Jincheng, the Yan family would truly be like a tiger with wings! However, what

Yan Ming said reminded Yan Tianhao cruelly that the Yan family was nothing right now!

“We’ll deal with this matter later. Yun Feng, please do your best for the Yan family. Yan Ming! You played tricks on me! You won’t get the position of the Yan family’s leader this time even if we win the contest this time!” Yan Tianhao was waiting for this opportunity. He couldn’t let this illegitimate son take

over the Yan family’s business!

Yan Ming smiled coldly, as if he had already expected what Yan Tianhao said. “Master Yan, I think you should face the reality.”

Yan Tianhao smiled obsequiously. “Yun Feng, please tell me. If the Yan family can do it, I’ll certainly do it!”

“The reason why I helped the Yan family is because of my deal with Yan Ming. To be honest, I got what I wanted from Yan Ming, and I want to help him become the family’s master!”

Yan Tianhao’s facial features suddenly froze. Yan Ming was also very calm. “W-What?” Yan Tianhao asked subconsciously. Yun Feng continued, “If you remove Yan Tianhao’s right of inheritance, I’ll certainly use other means to help him get to this position. When I get something, I always pay enough in return. If Yan Ming cancels the deal, I’ll have nothing to do with the Yan family at all!”

Yan Tianhao finally understood after hearing this. The Yan family’s current situation was all because of Yun Feng, and the reason why Yun Feng helped the Yan family was because of Yan Ming! In other words, the Yan family relied on Yan Ming right now! Without Yan Ming, Yun Feng had nothing to do with the Yan family at all!

By then, the favor of the Hall Master, the spot of the guardian, and even the envy and flattery of other families would all be reduced to zero! The Yan family would still be that unknown second-rate family!

Yan Tianhao sat there with a tense body. His mind was constantly suffering and he also felt that it was extremely tricky. He thought that this was the best opportunity for Yan Ming to get lost, but he didn’t expect that he couldn’t kick him out at all!

“Haha, I’ll remember what you said, Yun Feng,” Yan Tianhao struggled for a while and said. Yan Ming raised his eyebrows calmly and Yun Feng nodded.

“I wonder if you have time tomorrow, Yun Feng?” Yan Tianhao’s black eyes glittered. He must make good use of this period of time. Yun Feng wouldn’t stay here forever. He must think of a way to let Yan Jincheng meet Yun Feng!

“What’s the matter?” Tomorrow was the day of rest. Then, the four contestants who qualified would be divided into two groups to compete. Yan Tianhao laughed. “I just want to meet a few people based on my relationship with you, Yun Feng. You know that it’s a bit difficult for me to meet these people.”

“Hmph, you’re really good at making the best use of things.” Yun Feng smiled coldly. Yan Tianhao gave a dry laugh and glanced at Yan Ming. Yan Ming’s black eyes glittered. “Yun Feng, please help me.”

“Fine, let’s see them tomorrow then.”

“Yun Feng, please come alone tomorrow. As for the others...” Yan Tianhao glanced at Yan Ming and Qu Lanyi. Qu Lanyi looked at Yan Tianhao unhappily. What was this old man thinking?

“Got it.” Such a request annoyed Yun Feng, Yan Tianhao laughed and didn’t say anything else. Yun Feng realized Yan Tianhao’s intention the next day.

“Come, come, my little friend Yun Feng.” Yan Tianhao’s enthusiastic voice made Yun Feng even more frustrated. At this moment, she was brought into a very fancy restaurant by Yan Tianhao. The environment was quite good and there were very few people. However, Yun Feng still attracted a lot of attention along the way. Yun Feng was quite a big shot in Canglan City.

Yan Tianhao led Yun Feng to a private room, blocking out all the curious gazes outside. When Yan Tianhao opened the door, Yun Feng thought she would see those so-called big shots, but she didn’t expect to see a pretty boy.

The moment Yun Feng came in, the pretty boy immediately stood up, as if he was a bit nervous. It was obvious that he had dressed up meticulously. The person in front of her had a reasonably handsome face, but he was wearing too much makeup.

“Come, come, have a seat.” Yan Tianhao pulled out a chair and Yun Feng sat down patiently. The pretty boy opposite her also sat down. Yan Tianhao said with a smile, “It was a bit presumptuous for me to invite you this time. I had no choice yesterday.”

Yun Feng raised her brows. This old man was indeed thinking about something else. Yun Feng had a guess in her mind as to who this pretty boy opposite her was.

“Yun Feng, my young friend, to be honest, this is my most proud son, Yan Jincheng. Jincheng, greet her!” Yan Tianhao immediately urged Yan Jincheng to greet her. Yan Jincheng stood up with a blush. “Yun... Yun Feng, hello.”

Chapter 619: What’s Going On (3)

Yan Jincheng was nervous. It wasn’t the first time he had seen the girl in front of him, who was as beautiful as a lotus flower. In fact, he had been interested in Yun Feng for a long time. However, at that time, Yun Feng was Yan Ming’s fiancée, so he had to restrain the thoughts in his mind. However, when he found out that Yun Feng had no relationship with Yan Ming, the fire in his heart was ignited again and it seemed to be burning more and more fiercely. He really liked Yun Feng. Even though he was also obsessed with her powerful strength, he would have still liked her even if she didn’t have such

strength.

Yun Feng glanced at him indifferently. It seemed that this old man wanted to give this man to her? Did he think she had such bad taste? Even though this man was quite handsome, he wasn't at the same level as her in terms of strength! How could such a man possibly walk by her side?

Putting everything aside, Yun Feng's heart had already been occupied by someone else. Even if Yan Jincheng was an unparalleled genius, it had nothing to do with her.

"Yun Feng, Jincheng has always been shy by nature. Don't feel bothered! This kid has been talking about you a lot to me. He said you're the most outstanding woman he's ever met and he even said you

Yun Feng chuckled and interrupted Yan Tianhao. This old man really dared to say anything to promote his son. "Master Yan, you don't have to say anything else. I'm not interested. I hope you won't do such things again in the future." After saying that, Yun Feng got up and was about to leave. Yan Jincheng couldn't help but feel anxious when he saw that.

"Yun Feng! Can't we be friends?"

Yun Feng stopped and slowly turned around. "Friends? Do you think I can be friends with anyone?"

Yan Jincheng's face suddenly turned red. He certainly had the intention of using Yun Feng when he approached her, but wasn't it the same between people? Everyone used each other!

"Yun Feng, I'm just hoping to befriend you. It's not a bad thing to have more friends." Yan Tianhao burst into laughter. He thought for a moment and decided to start with being friends. With Yun Feng's personality, if Jincheng could really become Yun Feng's friend, the Yan family could also make use of her!

"The friend I'm talking about isn't the same as the friend you're talking about. According to what you said, if he can become my friend, he must have value that I can use. May I ask, what value does he have that I can use? The Yan family, on the other hand, can get a lot of benefits from me. You've planned well, Master Yan."

Yan Tianhao looked rather embarrassed. Yan Jincheng didn't feel good in his mind. He was even a bit angry. "That Qu Lanyi next to you doesn't seem to be capable at all! He's still worthless! I'm no worse than him! It's not like I'm ugly or anything!"

Hearing this, Yun Feng suddenly felt angry in her mind. What would outsiders know about the things between her and Qu Lanyi? "You..." Yun Feng was a bit angry. The person she cared about was smeared in such a self-righteous tone. What the hell did this guy know?

"Oh, I can't believe I'm being described as useless." A casual voice sounded. The door of the private room was pushed open gently and a tall and slender figure walked in with a rather elegant feeling. Qu Lanyi's charming facial features carried a smile. However, when he looked at Yan Jincheng, the coldness in his eyes instantly became deeper.

“Why are you here?” Yun Feng was a bit surprised, and so was Yan Tianhao. “You... I invited Yun Feng alone! You...”

Qu Lanyi chuckled and put his arms around Yun Feng’s slim waist. “If you don’t come, some idiots will try to steal my wife.”

Yan Tianhao and Yan Jincheng were both extremely embarrassed at this moment. Even if Yan Jincheng was a man, he couldn’t help but blush completely. Yun Feng let Qu Lanyi hold her waist and raised her brows. “You know?”

Qu Lanyi’s face darkened. “It was that kid, Yan Ming, who told me. Master Yan, in terms of schemes and schemes, you’re far from Yan Ming’s match! Do you really think Yan Ming doesn’t know what you’re thinking?”

Yan Tianhao was shocked to hear that. Did Yan Ming know what he was thinking? How was that possible?

“Don’t doubt me. I advise you to follow the agreement we made earlier. Otherwise, you will surely regret it.” Qu Lanyi said indifferently. Yan Jincheng couldn’t hold back any longer.

“Who are you? What nonsense are you spouting here? It’s not your place to interrupt the Yan family’s business!”

Qu Lanyi’s eyes turned cold. “Oh? Do you really think I have the time to care about the Yan family’s bullshit? You, on the other hand, dared to steal my wife. Should we settle this score?”

Yan Jincheng burst into laughter and didn’t look scared at all. Qu Lanyi had never fought in front of the Yan family. The members of the Yan family all knew Yun Feng’s strength, but they didn’t know Qu Lanyi. Coupled with Yan Che’s carefree look, people naturally thought that these two people weren’t strong at all.

“Settle this score? Alright, come on!” Yan Jincheng even took the initiative to provoke him. His tone was so arrogant that Yan Tianhao couldn’t help but shout, “Jincheng, don’t be rude!” He turned around and looked at Qu Lanyi with a hint of disdain in his eyes. “This... The Yan family just wants to be friends with Yun Feng. You’re thinking too much.”

“Oh, make friends. Not everyone can be Yun Feng’s friend.” What Qu Lanyi said made Yan Jincheng completely enraged.

“Where did you come from? We made use of her, and you’re not using her? What kind of ability do you have?” After saying this, Yan Jincheng’s face suddenly turned pale. His originally pale face was like that of a ghost now. An astonishing aura was emitted from Qu Lanyi, making people feel pressured!

Yan Tianhao looked extremely awful. “Young... Young friend, please... show mercy!”

Qu Lanyi didn’t say anything. Yan Jincheng’s pale face gradually turned red. His hands trembled as he covered his neck and opened his mouth wide. The sudden pressure made him lose his ability to breathe!

“Please show mercy!” Yan Tianhao roared as he stood there stiffly. Under the pressure that Qu Lanyi created, even he couldn’t move!

Yan Jincheng’s face gradually turned purple. It was obvious that he couldn’t breathe. His purple eggplant-like face and the red blood vessels on his eyes were terrifying at first glance.. Yan Tianhao could only stand there and watch this scene!

Chapter 620: What’s Going On (4)

“Hu... Hu...” Suddenly, the pressure disappeared. It was like a surging tide that completely drowned people ebbed completely the next second.

Yan Jincheng had just been sent to the precipices of death. When the pressure disappeared, he collapsed on the ground and he panted heavily in panic, looking like a dog that had run too long.

Yan Tianhao’s stiff body could also move now. He immediately ran to Yan Jincheng’s side with an extremely depressed look. “Master Yan, goodbye.” Yun Feng said indifferently and pushed the door open with Qu Lanyi. Yan Jincheng suddenly coughed a few times and his purple face that was as purple as an

eggplant slowly became better.

Yan Tianhao didn’t say anything, and there was no need for him to say anything. He should have known long ago that anyone who could stand next to Yun Feng was not to be trifled with!

Yun Feng and Qu Lanyi came out and walked side by side. Qu Lanyi wanted to hold Yun Feng’s hand, but there were too many eyes around. Ever since they came out, the other people had been glued to Yun Feng, whispering nonstop and even looking like they wanted to surround her.

“I think we should go back as soon as possible.” Yun Feng looked at the fervent eyes of the crowd on the street. She was like a rare Magic Beast that was being watched closely. Those passionate eyes almost skinned her and tore her bones apart, so that they could see the internal structure of her body.

After saying that, Yun Feng immediately got up and jumped into the sky. The crowd immediately let out a cry of surprise and pointed at the sky. Some kids couldn’t help but scream excitedly when they saw that. “She’s flying! She’s flying!”

Yun Feng only felt a bit of a headache. Her body flashed and she already left the sky. Qu Lanyi immediately did the same. His body instantly rose into the sky and the two of them completely disappeared from the sky in an instant.

It was a good choice to fly in the sky. There was a long distance from the ground, and other people wouldn’t look up into the sky for no reason. Yun Feng flew in the sky, and suddenly, a gentle hand grabbed her wrist abruptly. Yun Feng stopped abruptly.

“What’s wrong?” Yun Feng looked at Qu Lanyi. Qu Lanyi didn’t look good at this moment. He was looking at Yun Feng with a deep gaze. His pure black eyes were like a deep pool. Yun Feng felt that if she stared at them for too long, she would be sucked in and wouldn’t be able to come out again.

“Can you really not see that I’m unhappy?” Qu Lanyi’s beautiful brows were clenched tightly, forming a small hill. A trace of surprise flashed through Yun Feng’s eyes. Qu Lanyi caught it very carefully and couldn’t help but growl with gritted teeth, “How long do you have to be so smart?”

Was Qu Lanyi unhappy? Why was he unhappy? Was it because of Yan Ming, or that pretty boy just then? There was no need for him to be unhappy, right? He already had a place in her heart. No one else could come in at all!

“What’s there to be upset about? Did I not make myself clear?” Yun Feng’s tone suddenly stiffened, and the expression on her face became uncomfortable. She struggled to free her wrist slightly, but was suddenly pulled by a force, and fell directly into his warm arms. The man’s arms conveniently wrapped around her and held her in his arms.

“What exactly did you say? Why don’t I know? Hm?” Qu Lanyi’s voice was muffled, as if it came from the deepest part of his chest. It was so magnetic that Yun Feng couldn’t help but feel goosebumps all over her body. She was held tightly in his arms, and the warmth of his body spread to Yun Feng through a layer of cloth, making her feel warm and comfortable.

Her cheek was pressed against his not-so-broad chest. The man’s steady and strong heartbeat came again and again, making Yun Feng completely relaxed.

“Are you angry?” Yun Feng asked in a low voice. Qu Lanyi’s black eyes glittered. He picked up a strand of Yun Feng’s hair and played with it between his fingers.

“Did you just know?”

Yun Feng chuckled. “What’s there to be angry about? Is it because of Yan Ming or the pretty boy today?”

Qu Lanyi suddenly stopped talking. Yun Feng waited for a while, but didn’t get a reply. She couldn’t help but raise her head curiously. At this moment, the man suddenly grabbed Yun Feng’s neck with his big hand, forcing her to raise her head high. Their eyes met directly.

“You think this is what I’m angry about?” Qu Lanyi narrowed his beautiful eyes. There was a mysterious and dangerous light in them. Yun Feng’s breath couldn’t help but tighten. She wanted to push him away, but the man held her body tightly with his other hand, not letting her escape at all.

“are there other reasons?” Yun Feng’s red lips opened slightly. Qu Lanyi stared at her red lips for a long time, and the mysterious and dangerous light in his eyes became brighter and brighter

“Hm!” Yun Feng’s face immediately flushed. The back of her head was held in place by her hand and the man’s lips pressed down without warning. It was a bit rough with clear anger!

Qu Lanyi gently bit her full red lips with his teeth and then reluctantly let her go. He gazed into Yun Feng’s eyes with his beautiful black eyes. “What kind of feelings do you have for me? Aren’t you going to tell me now?”

Yun Feng’s blushing face suddenly became redder. Sensing that, Qu Lanyi put on a cunning smile!

“Fengfeng, aren’t you going to tell me?” His tone also changed abruptly. Yun Feng seemed to see the charming transvestite she met at the beginning.

“What are you talking about? I don’t understand!” Yun Fen turned her face aside in frustration, but Qu Lanyi gently turned Yun Feng’s little head around again with his big hand. While Yun Feng was startled, he pressed his lips against hers again.

“Are you going to tell me or not?”

“Qu Lanyi, don’t go too far!”

His lips pressed against hers again and the smile in the man’s eyes became deeper. “You’re still not going to tell me?”

“Qu Lanyi... Hm!” Their lips were stuck again.

“Fengfeng, don’t say anything. It’s rare for us to have such an opportunity of not being disturbed. Please don’t talk.”

Yun Feng blushed. She was like a ripe apple with a kind of sexiness that made people want to pick it. Her red lips were glistening after being kissed, as if she was tempting people to take her.

After Qu Lanyi pressed his head down again, Yun Feng roared in embarrassment. Qu Lanyi’s body stiffened for a moment, but then he held Yun Feng even more tightly in his arms. He put his lips next to Yun Feng’s ear and exhaled on her skin..
