

## Summoner 621

### Chapter 621: What's Going On (5)

"Say that again. I didn't hear you clearly."

Yun Feng gritted her teeth. She seemed to have lost all her strength after being kissed. She could only let him hold her, or else.

A voice as soft as that of a mosquito sounded in Qu Lanyi's ears. There was gentleness in Qu Lanyi's eyes. "What did you say? The wind is too loud. I didn't hear you clearly."

Yun Feng's ears turned completely red. Qu Lanyi looked at her red earlobes with satisfaction on his face. The shy little woman in his arms was like a cooked shrimp right now, so shy that he couldn't stop himself from holding her.

A gentle breeze slowly blew through the air, passing through the two figures that were twisted together like a fried dough, bringing with it a whisper. Then, it slowly dissipated in this world along with the wind.

Tike you.

"What did you say? Say it again. More loudly." The man's shameless voice came again. The girl couldn't take it anymore. She clenched her fists and punched the man's face fiercely. "Fengfeng! You're trying to murder your husband!"

"Damn it! Jerk!" The young girl, whose face and even neck was a bit red, growled fiercely. Her body flashed and she instantly walked forward, leaving a handsome young man standing there with one hand covering his eyes and smiling foolishly.

"Never mind. It was my fortune to be able to see you that way." The man chuckled a little foolishly and his body also flashed as he quickly chased in the direction where the girl went.

When Yun Feng returned to the Yan family's mansion with a flushed face and Qu Lanyi did with a blackened eye, some people burst into laughter. Yan Che laughed heartlessly, especially at Qu Lanyi's panda eye. Qu Lanyi didn't use light elements to heal himself, as if this panda eye was some glorious medal.

Yan Ming glanced at the two of them and simply smiled as he turned around and left. There was a bit of unnoticeable bitterness in his smile, while Yaoyao looked at the two of them very curiously. She tilted her cute little face and asked, "What's that?" She was referring to Qu Lanyi's panda eye. Qu Lanyi rubbed Yaoyao's head with a smile and winked at Yun Feng. Yun Feng immediately thought that she should've punched his other eye too.

The day passed just like that. Four winners for the second-rate families and the first-rate families were decided one after another. Although the Hong and Lan families were second-rate families comparable to the first-rate families, there was still a difference in the end, not to mention the unknown

small family. Under the attack of the elites of the first-rate families, the Hong and Lan families were defeated even though they resisted for a long time. However, they didn't give the opponents of the first-rate families much advantage. It was a rather tug-of-war.

Even though the Hong and Lan families were more or less a bit regretful, there were some subtle situations when Yun Feng advanced. As the only second-rate family that made the cut, the Yan family naturally became the pride of all the second-rate families. All the second-rate families were proud of the Yan family, and it was obvious that the Hong and Lan families deliberately fawned on them.

Naturally, these people didn't dare to disturb Yun Feng. They usually went to find Yan Tianhao. Yun Feng was the one who advanced. There were also the remaining three members of the first-rate families, Zhong Yuling, Xiao Xiang and Ouyang Hongyu.

Xue Han didn't make it to the next round, but he did bring about an extremely exciting competition. The Xue family was also unusually quiet. After all, their ability of soul searching allowed them to sit firmly. Even if the Hall Master touched any of them, it wouldn't be the Xue family. And Xue Han had completely disappeared during this period of time. Some people were guessing if this genius had suffered a huge blow.

People didn't know what Xue Han was doing, and they had no time to guess anymore, because an even more exciting battle was coming! The four winners would fight in pairs again, and the final victor would be born!

No one knew who revealed the grudge between the Ouyang family and Yun Feng on the eve of the competition. Canglan City was stirred again! Ouyang Shanshan was killed by Yun Feng, and the Ouyang family swore to take revenge! This matter spread like wildfire. Was it true? If it was true, then there would be a big show to watch!

Amidst the excitement, a new round of battles began. The four contestants who made the cut would fight in pairs! Before the contest started, the audience in the spectator area were talking. They thought there wouldn't be any more topics, but they didn't expect such a huge piece of news!

That summoner was truly fierce! She dared to kill someone from the Ouyang family! And she even admitted it so blatantly. There was truly no telling what was on her mind. Even if she was strong, she shouldn't be so arrogant!

Of course, there were also people who had different opinions. The Ouyang family had always been bad-tempered and arrogant. There was a huge possibility that they took the initiative to provoke her. If someone else provoked her, wouldn't she be a loser if she didn't do anything? Besides, summoners weren't easy to provoke! Ouyang Shanshan couldn't blame anyone for her death!

The two factions were having an intense discussion. People were also inexplicably excited and thrilled. The battle between Yun Feng and the Ouyang family was different. The Ouyang family swore to take revenge, so they certainly wouldn't let Yun Feng get away with it!

Everyone was hoping that Yun Feng would meet the Ouyang family in these two battles!

After the four of them walked to the arena and were about to draw lots, Ouyang Hongyu looked at Yun Feng with a sinister smile. Everyone took a note but didn't open them.

"Lwish I could be in the same group as you. I can't wait any longer," said Ouyang Hongyu gloomily. Yun Feng chuckled. It didn't matter who she was in the same group as!

Zhong Yuling and Xiao Xiang looked at each other. It would be a good thing if these two people really fought. One of the two ferocious tigers would definitely be injured and they would have the advantage!

The four of them opened the note in their hands at the same time. The audience's breathing became tight. What was the result of the drawing? Would Yun Feng and the Ouyang family be in the same group? Would this battle which everybody anticipated take place right away?

Ouyang Hongyu burst into laughter when he saw the four opened pieces of paper with two patterns. The crowd couldn't help but become excited. It seemed that they had really won the lottery!

Yun Feng looked at the note in her hand and couldn't help but raise her brows. She didn't expect such an outcome.

"What a pity!" Ouyang Hongyu said fiercely as he crushed the note in his hand! "But don't be anxious. I'll meet you sooner or later!"

Yun Feng pulled her lips indifferently. "Then I'll wait for you."

## **Chapter 622: What's Going On (6)**

Zhong Yuling and Xiao Xiang had a headache. Zhong Yuling looked at Yun Feng. No way! She was in the same group as Yun Feng this time! What the heck? She was truly unlucky!

"It's truly a pleasure to meet you." Yun Feng chuckled. Zhong Yuling laughed dryly. She didn't think it was a pleasure. She thought she was too unlucky!

"In that case, this battle..." An announcement was about to begin, but Zhong Yuling shouted at this moment, "Wait, I forfeit!" This shout stunned the referee who announced the beginning and the audience.

She had already forfeited before the battle began!

Yun Feng was also a bit surprised by Zhong Yuling's decision, but she thought for a while. The two of them had fought, and Zhong Yuling might know that she couldn't win, so she didn't have to fight.

"Are you kidding me? You haven't fought yet. Why are you giving up? A first-rate family? Bah!" Someone in the spectator area shouted loudly. They were probably waiting for an exciting battle. They were a bit anxious.

"Who do you think you are? Shut up!" Zhong Yuling immediately lost her temper. Her roar woke up the dissatisfied crowd a bit. Even if they were dissatisfied, they had to suppress it. After all, they couldn't afford to offend someone from a first-rate family!

“It’s not stated that we can’t forfeit this contest. Can’t I forfeit? Those who know that their opponents are too strong to defeat and still want to fight head-on are all boors! They’re all idiots and brainless! What do you know?” Zhong Yuling said fiercely. Even the person who announced the start didn’t dare to make a sound.

“Hahahahahaha!” A loud laugh spread throughout the venue again. Everybody was shocked again. What was going on? Zhong Yuling turned around and roared unhappily, “What are you laughing at?”

After laughing, Xiao Xiang said loudly, “Zhong Yuling is right. In order not to be a boor, a fool, or a brainless person, I have to forfeit too.”

The entire venue was in an uproar!

Are you kidding me? How can you joke like this? The battle hasn’t even started and the victor has already been decided?!

Zhong Yuling and Xiao Xiang’s withdrawal made the situation rather awkward. The audience watching the battle all felt like they were being played. What was going on? They lost without fighting! They admitted defeat automatically! It was enough for one of them to admit defeat. Why did the two of them admit defeat together? Were these top families all cowards?

The audience all gasped. Zhong Yuling, who admitted defeat in the arena, looked at Xiao Xiang in surprise. “Xiao Xiang! Why are you joining in?”

Xiao Xiang burst into laughter. “Of course I have my reasons. Let’s just give the arena to the two of them.” After saying that, Xiao Xiang turned around and floated off the stage. Zhong Yuling looked at Xiao Xiang with a frown, not quite understanding what he was thinking. In the end, she just grunted and left the stage.

The two-on-two contest between the four of them instantly became the final contest. The change of the situation was indeed a bit unacceptable. After Zhong Yuling and Xiao Xiang got off the stage, the person who was about to announce the beginning of the contest immediately felt awkward. In the end,

he coughed a few times and said, “Since the two of you quit voluntarily, we’ll directly enter the final battle! Yun Feng of the Yan family and Ouyang Hongyu of the Ouyang family! Do either of you want to forfeit?” This time, the referee was smart enough to ask in advance. The crowd couldn’t help but boo.

If either of them forfeited, the contest would be a farce!

“Forfeit? Of course not!” Ouyang Hongyu said loudly. Yun Feng certainly wouldn’t forfeit. “I won’t forfeit.”

The judge finally heaved a sigh of relief and cheered up again. “The final contest begins!”

This shout stirred the emotions of the crowd again. The second-rate families also shouted, “Yun Feng, go for it!”, “Second-rate families don’t lose to the first-rate families!” Such slogans spread all over the venue, forming waves of voices. Yun Feng and Ouyang Hongyu faced each other and weren’t in a

hurry to attack.

Xiao Xiang and Zhong Yuling didn't go far after they got off the arena. Both of them stood not far away and looked at the situation in the arena at the same time. "Xiao Xiang, I didn't expect you to forfeit too. I forfeited because my opponent is Yun Feng, Did you forfeit because you were afraid of Ouyang

Hongyu?" There was more or less some disdain in Zhong Yuling's words. Xiao Xiang smiled instead of getting angry.

"Have you heard of this saying? A desperate dog might bite anyone. The Ouyang family is like a desperate dog right now. Ouyang Shanshan's death has dealt a huge blow to the Ouyang family. If a warrior or a mage died, the Ouyang family might not be so angry, but Ouyang Shanshan is a summoner!

Losing a summoner means losing a lot of unlimited possibilities in the future. How can the Ouyang family not be anxious? The Ouyang family isn't generous to begin with. This time, they'll enter the finals no matter what and meet Yun Feng! I'm still afraid of being bitten if I stood in this rabid dog's way."

Zhong Yuling was a bit surprised after hearing that. "You mean, what kind of trick will the Ouyang family use this time?"

"I don't know what they're up to, but the Ouyang family has been up to a lot of tricks lately. The Ouyang family has been coming and going in the auction frequently. I don't know what they bought at a high price."

"Do you remember what that man said?" Zhong Yuling thought of something and glanced at the ring. Xiao Xiang chuckled. "Of course I do. How can I forget? Nobody can beat Yun Feng until they become a Lord."

"The Lord Level? Ouyang Hongyu seems to be aware of that?" Zhong Yuling's eyes darkened, and so did Xiao Xiang's. "It's impossible for Ouyang Hongyu to reach the Lord Level, but..."

Both of them were deep in thought on the side, while the Ouyang family's master, who had been watching the battle from the special seats, was sitting steadily. He didn't have any expression on his face, but his face was moving slightly. It could be seen that he was trying hard to suppress the excitement

in his heart.

"The Ouyang family has been waiting for this battle for a long time," said Ouyang Hongyu in a deep voice with suppressed crazy emotions in his eyes. "But it's not satisfactory. I haven't seen you earlier in the contest. Otherwise, you wouldn't be standing in the arena of the final battle! Hahaha, but forget it.

It doesn't matter what happened.. So what if it's the final battle? The result will be the same!"

### **Chapter 623 Fight (1)**

Yun Feng raised her brows slightly. "The result?"

Ouyang Hongyu's deep laughter gradually turned into madness, as if he was venting some kind of emotion in his heart. "Yes! The result will be the same. This arena will be where you stand last!" Ouyang Hongyu shouted loudly as a sharp sword appeared in his hand. His aura also rose by more than one level in an instant!

Yun Feng noticed that Ouyang Hongyu's strength was constantly expanding. She was currently in the mid-stage of the Monarch Level, and Ouyang Hongyu was also at the same level. However, just then, Ouyang Hongyu's strength suddenly soared! It was as if a crazy mechanism had been opened and his strength kept rising!

"Powerful strength is indeed exciting!" Ouyang Hongyu felt that his body was filled with power and fighting energy. Endless waves of fighting energy spread out from his body. Yun Feng's face darkened. Did this guy use some secret technique or medicine?

"Are you shocked, Yun Feng? I got power so easily. You can't accept it, can you?" Ouyang Hongyu laughed evilly as he swung the longsword in his hand abruptly. The longsword was lifted from Ouyang Hongyu's hand and hit the ground, creating a vertical pit! However, what flew out wasn't the real sword, but a shadow of the sword!

"Boom..." The ground was suddenly smashed open by this attack and a deep crack appeared on the ring. Sitting on the high seat, the Hall Master couldn't help but look a lot more gloomy. However, there was a meaningful smile at the corners of his mouth and he didn't intend to stop it.

Yun Feng suddenly rose into the air and looked at the crack on the ground with a serious expression. She glanced around and saw a fierce longsword flying towards her again. Her eyes darkened and she quickly turned her body to the side. Ouyang Hongyu, who was standing on the ground, kept waving the longsword in his hand like he was crazy. The sword shadows were densely packed as they attacked Yun Feng!

Yun Feng's body had already been completely covered by the sword shadows, as if she was wrapped in a dense net. Yun Feng was like a wooden stake, waiting for her destiny of being pierced by a thousand swords!

Crazy people were truly difficult to deal with! Yun Feng curled her lips and held the Monarch Level weapon she got from Randal in her hand. With the support of the wind element, Yun Feng's speed suddenly increased and she flashed through the densely packed swords like an illusion!

The sound of the swords clashing with each other came. Yun Feng was shocked to find that these swords, which she thought were sword shadows, were real. However, they indeed didn't have a real body. They were all formed from fighting energy!

"Concretion of fighting energy?" Yun Feng held the longsword in her hand. It was obviously impossible for her to fight with her physical strength. Facing a real warrior, Yun Feng's pure strength didn't have any advantage at all! "Earth Shield!" Yun Feng changed the weapon in her hand into a wand. Since it was the concretion of fighting energy, what she needed to do was to completely shatter these physical forms!

She waved the wand in her hand gently and the Earth Shield quickly formed a solid defense. Yun Feng didn't dodge anymore, but simply rushed into the swords. Ouyang Hongyu burst into laughter when he saw that. The densely packed swords became crazier, and their strength and speed became even more extreme. Yun Feng heard the sound of the swords hitting the Earth Shield. Even though the earth element had a strong defense, it could only hold on for a while against so many random attacks, no matter how strong the defense was. However, this was enough time!

"Crash!" When the earth element turned into elemental powder and dissipated in the air, Yun Feng had already rushed out of the densely packed area of swords. She waved the wand in her hand gently as coldness flashed through her black eyes. However, at this moment, a voice that had been suppressed for a long time suddenly appeared behind her!

"Yun Feng, don't treat me like a fool!" Ouyang Hongyu suddenly jumped into the sky and came to Yun Feng's back with the longsword in his hand. The space seemed to be about to be torn apart by this longsword. With the enormous sound of wind and the pressure of the distortion of space, he pounced directly at Yun Feng's back!

"God!" The audience all stood up. Even the Hall Master couldn't help but feel nervous. Yan Ming's face turned pale and he stared at Yun Feng firmly. She would definitely die under such an attack!

"Damn it!" An angry shout came from somewhere in the spectator area. A figure directly broke through the air. The expression of the Master of the Bright Moon Hall turned cold. His body, which had been sitting steadily like a mountain, suddenly jumped up. He waved his hand fiercely in one direction and only heard a furious roar. "Don't stop me. Get lost!"

The Hall Master was shocked. Her interception didn't work! She dashed forward with a cold expression and waved her fist fiercely. The space above her had already been completely distorted by the violent spatial fluctuation!

"Stop right there!" The leader of the Bright Moon Hall shouted furiously. The man, who was extremely furious and had a gloomy face, was stopped by the leader of the Bright Moon Hall. The man's handsome face was covered in black clouds and the muscles all over his body were tight. The aura he emitted made the leader of the Bright Moon Hall a bit nervous!

"Get out of my way." The man's voice was as cold as stone. His eyes were as black as polished stones without any color. They were pure black! The Hall Master couldn't help but swallow. He couldn't help but want to obey his command. He suddenly shivered and regained his consciousness.

"Sir, please show some respect. This is the Bright Moon Hall's election. Please mind your own business!"

"I said, get lost." The man's face and eyes darkened. Sweat couldn't help but appear on the Hall Master's forehead. If he gave in just like that, he wouldn't have to be the Hall Master anymore!

"Even if you make a move, it will be a tie at most. Besides, this is the matter of the Bright Moon Hall. In the arena of the election, it doesn't matter what means are used or what fate the other party will have. It's all up to themselves!"

The man didn't say anything else. The Master of the Bright Moon Hall thought that he was going to give in, but the man's aura suddenly increased to a level that made him feel suppressed! "You..." The Master of the Bright Moon Hall widened his eyes and looked at the man in front of him. The elements in the man's hand that were jumping slowly made the Master of the Bright Moon Hall gasp. How... How was this possible? He was...

"I said, get lost," the man repeated again. The temperature of his voice made people feel cold all over. The Hall Master suddenly tightened his throat and clenched his fists. "If you insist on intervening, I'll stop you until the end even if I have to sacrifice my life!"

## Chapter 624 Fight (2)

The man narrowed his eyes, with obvious impatience and frustration in them. At the critical moment when the atmosphere between the two masters was about to explode, a voice suddenly sounded.

“Look!” The

cheers of the crowd in the spectator stands startled the man. He looked into the distance abruptly. The critical danger had been resolved. Ouyang Hongyu’s sword slashed through the air and pierced Yun Feng’s body.

However, Ouyang Hongyu was shocked to find that it was just a shadow!

“Yun Feng! How dare you tease me like this!” Ouyang Hongyu’s furious roar made the eyes of the men on this side show a smile. The Hall Master didn’t dare to relax at all. He kept his body tight and gathered his fighting

energy all over his body. The man suddenly put on a smile and the elements in his hands instantly disappeared. The Hall Master couldn’t help but feel relieved when he saw that.

“You’re lucky to get your life back.” The man mumbled softly and then turned around to leave. The Hall Master’s heart suddenly raced. He wanted to look for that man again, but couldn’t find him. Who exactly was that

person? The Hall Master frowned hard. When did such a person come to the Bright Moon Hall? Why did he appear? Was it because of... Yun Feng?

The Hall Master’s gaze stopped on Yun Feng. The girl in the sky smiled with a calm expression. What exactly did Yun Feng have that made such a person do that for her... The Hall Master sat back in his seat with a

sullen expression. He looked at the crowd that was cheering in the spectator area and glanced at everyone’s faces. No, that person had already disappeared completely.

“Hey! Where did you go?” Yan Che looked at Qu Lanyi, who had just returned, and asked. He then looked around. “Didn’t you see that Yun Feng’s move just then was truly impressive? How can she be so fast?”

Qu Lanyi chuckled. Everybody in the spectator area stood up and looked up at the sky. “So freaking handsome!”

“Hahaha, that’s it!”

Yaoyao looked at Qu Lanyi with her eyes. Qu Lanyi stroked Yaoyao’s hair with his big hand and also looked at the sky. He was probably worrying too much. How would a person like Ouyang Hongyu be able to deal with

Yun Feng? Even if something unexpected really happened, it wasn’t a bad thing for Yun Feng. She needed an opponent that could help her improve herself.

Ouyang Hongyu's attack, which he thought would be fatal, turned out to be useless, which made him furious. The fury burning in his eyes also became deeper and deeper. Yun Feng seemed to be able to feel the hot

lava that kept erupting in Ouyang Hongyu's heart!

"Sword Shining in the Sky!" A furious shout was heard. Ouyang Hongyu suddenly pointed the longsword in his hand towards the sky. The long, slender sword with a glimmer suddenly emitted dazzling light and the

body of the sword trembled, making a loud sound!

Battle technique, it was a Monarch Level battle technique! Sword Shining in the Sky!!

Yun Feng had only dealt with Monarch Level combat techniques once. In the battle with Randal, Randal had used the "Thousand Swords Summoner", which Yun Feng had kept in her bracelet. When Randal used the

"Thousand Swords Summoner" to reach the early stage of the Monarch Level, it was already very powerful. After Sword Shining in the Sky was used, Ouyang Hongyu's strength had soared to a certain level, making him

even more powerful!

Battle techniques couldn't be underestimated. This was the most powerful way to unleash the power of a warrior! A small amount of power could cause a huge amount of destruction when battle techniques were used!

Following Ouyang Hongyu's shout, vigorous fighting energy surged out of his body and gathered on the longsword. The light of the longsword was stinging, and an even louder sword chime pierced the sky! A huge

sword that was magnified countless times appeared behind Ouyang Hongyu's longsword. The sword was like a small mountain. When the huge sword gradually appeared, an endless pressure was emitted from the

body of the sword!

"F\*ck! What's going on? Has the Ouyang family gone crazy? How dare they use such a technique?" The members of the second-rate families finally couldn't stand it anymore. They all stood up one after another, but

they pointed at the sky and shouted, "Damn it, are they trying to send us flying?"

The commoners watching the battle didn't know what was going on. They just looked up at the sky and exclaimed when they saw the gigantic sword!

"What a huge sword! If it flies out, will this summoner be able to withstand it?"

Hearing the exclamations of the crowd behind them, the young masters and ladies of the second-rate families all turned around with anger on their faces. "F\*ck you! If it flies here, will you still be alive to watch?"

The Hall Master couldn't help but have a headache. It seemed that the Ouyang family was really going all out. They didn't care about anything and even used this move! He waved his hand abruptly and a transparent

badge protected everyone. The Hall Master couldn't help but feel a bit angry in his mind. He was a Hall Master, yet he was working as a bodyguard here. It seemed that the Ouyang family needed a beating!

Curses and excited shouts came from below from time to time. It was already noisy. Some people felt the fear of death, and some people were more excited than ever! However, this had nothing to do with the two

people in the sky!

Yun Feng narrowed her eyes and looked at the body of the sword that was emitting an astonishing aura. The attack power of this combat technique should be extraordinary. It seemed that she had to give it a try this

time! Yun Feng's black eyes darkened as she put away her wand. Two elements had already jumped out of her hand. She didn't have the strength to take this combat technique. Even the possibility of defending herself

was slim. Since she couldn't defend herself, she would do everything she could to make this combat technique disappear! Energy versus energy, this was the most direct and simplest method!

A huge, bright sword had already formed behind Ouyang Hongyu. Its momentum that shot up to the sky spread to the entire venue. The few first-rate families were also restless. Only the master of the Ouyang family

kept smiling and looking at Yun Feng with vicious eyes. The Ouyang family would definitely take revenge! This time, they would let her die without a burial place!

"I think we should retreat." Zhong Yuling and Xiao Xiang, who had been watching the drama, said at the same time. The two of them looked at each other, and then ran in one direction in the next second!

Ouyang Hongyu stood in the air and looked at Yun Feng's clasped hands. He suddenly burst into laughter. "Yun Feng, if you don't do your best this time, you'll only be greeted with death! I think Shanshan will be very

happy to see you go down to accompany her!"

### **Chapter 625 Fight (3)**

Yun Feng sneered. The elemental ball formed by the combination of the lightning and wind elements in her hand buzzed. Then, another element appeared in her hand, the

red fire element!

Ouyang Hongyu's eyes tightened. Another fusion? Three elements fused together?!

Seeing Yun Feng's movement, the Master of the Bright Moon Hall stood up abruptly. She was fusing the three elements!

"S\*it! She's crazy! She's a lunatic! Elemental fusion! Isn't she afraid of self-destruction?"

"F\*ck, she's going to fuse the third element!"

"Damn it! What are you waiting for? Run! If she blows herself up, we'll all be dead!"

Nobody knew who shouted this. The hot-blooded crowd suddenly realized something. The battle in front of them had already far surpassed the level of a contest. This

wasn't a Selection battle. They were fighting with their lives! The audience were here to watch the battle, not to die!

"Run!" The audience in the spectator area scrambled to run out. Some people shouted again, as if they thought it wasn't chaotic enough. The ordinary people rushed out like

they were dead. The people of the second-rate families couldn't sit still anymore. Even though they weren't weak, they couldn't withstand the self-destruction!

"We... We... Let's run too!" Someone from the second-rate families stood up and ran after saying that. With him as an example, the people of the second-rate families were

also in chaos! The entire venue was in chaos!

The Hall Master sat there with a pale face, looking at the chaotic scene with a gloomy expression. Yan Tianhao looked at the crowd that was fleeing in panic and slowly got

up too. "Master Yan, where are you going?" Yan Ming sat aside and looked at Yan Tianhao, who was about to get up and run away, with a cold gaze.

Yan Tianhao was a bit embarrassed, but the panic in his mind had the upper hand. He couldn't die here! "Don't you see the situation right now? You know we'll die here.

Why are you not leaving?" Yan Tianhao turned around and was about to leave, when Yan Ming reached out and grabbed Yan Tianhao's sleeve.

"Master Yan, Yun Feng is still up there!" Yan Ming almost gnashed his teeth as he said this, which made Yan Tianhao blush. He tried to shake off Yan Ming's hand with all his

might, but Yan Ming held on tight and wouldn't let go. "Master Yan, Yun Feng is helping the Yan family!" What Yan Ming said made Yan Tianhao completely enraged!

"Get out of my way, you bastard! If you want to die, just die here. Don't even think about dragging me down with you!" Yan Ming burst into laughter when he heard this. He

suddenly let go of Yan Tianhao's sleeve and took out a handkerchief to wipe his hands clean. He didn't miss a single part of his fingers!

Yan Tianhao was furious when he saw what Yan Ming was doing, but now wasn't the time to be angry! He glanced at the sky that was about to explode. Yan Tianhao didn't

dare to think further and immediately turned around and left! Yan Ming sat there calmly with mockery in his eyes. After all, he and Yan Tianhao were related by blood.

However, Yan Tianhao left without hesitation at this critical moment of life and death, making Yan Ming completely cut off the hope of family!

"Young people truly tend to be bold." While the scene was in chaos, only this area was still as peaceful as before. More and more people were running around crazily, and

the noise shook the sky. Only a few first-rate families' heads and Yan Ming sat here without moving at all. Yan Ming chuckled when he heard this. He glanced at the

audience and saw a familiar figure. Qu Lanyi hadn't left after all.

"You're too kind, Masters. I'm not as courageous as you." What Yan Ming said made them laugh dryly. They didn't say anything else. The reason why they didn't leave wasn't

because they didn't want to, but because they didn't dare to! If they ran like others, the Hall Master would truly lose face. Wouldn't he kill them in a fit of anger? Their status

and identity didn't allow them to do such a thing. Other people could run, but they couldn't! Other people were afraid of death, but they had to weather through this even if

they were too!

The chaos finally quieted down. The spectator area was completely empty! There were a lot of things scattered on the ground, including clothes and shoes! It could be seen

how spectacular the scene was just then. Qu Lanyi sat there steadily and Yaoyao also didn't move at all with a calm expression. Yan Che was still sitting with a smile. The

three of them didn't seem to understand the current situation. They were truly very relaxed.

Yan Ming slightly raised the corners of his mouth and locked his gaze on the girl in the sky. He couldn't give her anything and he also had the self-awareness. However, if he

could really give her something, he could only give her this life. Yan Ming chuckled in self-mockery. Yan Ming, how much is your life worth?

The two people in the sky didn't have time to care about everything on the ground. The giant sword on Ouyang Hongyu's back and the elemental ball in Yun Feng's hand,

which had already merged with the third element, were already ready!

"I'll make you pay for what you did to the Ouyang family today!" Ouyang Hongyu shouted furiously. He was extremely excited. The muscles all over his body bulged as he

raised his head and roared furiously. The fighting energy that was constantly emitting from his body suddenly changed drastically and burst out with astonishing surging

momentum!

It had increased. Ouyang Hongyu's fighting energy level had increased!

The Hall Master's pupils shrank and Qu Lanyi narrowed her black eyes fiercely. Yun Feng's black eyes completely darkened. Ouyang Hongyu's strength level had been

forcibly advanced at this moment! In that case, Ouyang Hongyu's current strength was... at the Lord Level!

"Hahaha, hahahahaha!" Ouyang Hongyu burst into laughter. Yun Feng looked at his expanding muscles and a familiar scene flashed through her mind. During the battle

with Kasa, Kasa had taken a potion that could increase a person's level in a short time! Did Ouyang Hongyu take a similar potion?

It was very difficult to cross the stairs from the Monarch Level to the Lord Level. Some people had been stuck their entire life. How would Ouyang Hongyu be able to cross

it so easily? And judging from his excitement at the moment, it didn't seem like the effect of natural advancement!

"Ouyang Tian! How bold of you!" bellowed the Hall Master. The leader of the Ouyang family, who was sitting there with distorted facial features, suddenly burst into

laughter with madness in his eyes! "Hall Master, we must take revenge for the Ouyang family! Ouyang Shanshan is the one who died! Even if I know this is forbidden during

the election, I must do it!"

### **Chapter 626 Fight (3)**

The Ouyang family's master suddenly stood up and shouted at the sky, "Hongyu, kill her!"

Ouyang Hongyu, who was in the sky, agreed fiercely and swung the longsword in his hand abruptly. The pressure exuded by the huge sword had already reached a new height, which was several times more oppressive

than before!

"Yun Feng, you must die today!" Ouyang Hongyu roared with bloodshot eyes. He swung the longsword in his hand forward abruptly and the huge sword behind the longsword also let out a buzzing sound. It was like a

rainbow as it slashed towards Yun Feng!

"There's no such thing as death in my dictionary!" The fused elements in Yun Feng's hand suddenly expanded. Yun Feng waved her hand fiercely and the fused elements in her hand shot towards the huge sword like a

meteorite!

Battle energy surged like a rainbow and elemental waves shook the void. The two ultimate forces collided abruptly and space was torn and distorted instantly!

“Crack!” All the seats in the spectator area were instantly burnt to ashes, leaving only the small area where Qu Lanyi and his companions intact. Qu Lanyi’s face was also slightly pale. The violent force collided with each

other, making everyone gasp!

“Boom...” The huge shiny sword stabbed into the mixture of elements fiercely. The three elements roared like ferocious beasts and a terrifying force suddenly exploded in the sky, shaking the entire land!

“Oh my god...” The civilians who had escaped couldn’t help but stop after hearing the deafening sound. The violent power in the sky burst like an apocalypse, but in the next second, a wave of crazy energy surged

towards them!

“Argh!” A panicked voice sounded. Some people were directly blown away by this energy, while some people grabbed onto something and didn’t let go. They had already run out for quite a long distance. However, how

strong was this energy? The aftermath of the energy was like this. What would happen to those two people?

All the citizens of Canglan City were shocked. The loud explosion echoed in the sky of Canglan City. The headquarters of the Bright Moon Hall was still in chaos. How could there be such a huge commotion with the

Hall Master there? What exactly happened?

At this moment, the Hall Master’s face was gloomy. His temples were pounding fiercely and the veins on his forehead were popping up. Ouyang Hongyu had taken a forbidden medicine that could forcibly increase a

person’s strength to the level of a Lord. However, the side effects were also extremely powerful! Once one took this medicine, they would be temporarily strong, but they would have to pay for it for the rest of their

entire life!

The Ouyang family didn’t hesitate to destroy a peerless talent to take revenge on Yun Feng, which aroused the anger of the Master of the Bright Moon Hall. It wasn’t easy to nurture the younger generation, especially

the elites among them. The young man wasn’t the private property of the first-rate family anymore. He belonged to the Bright Moon Hall!

The Ouyang family really had to give up everything. It was fine if Ouyang Hongyu could take revenge, but if he couldn’t, the Ouyang family would suffer a double loss! They would lose everything!

The collision of the two astonishing waves of energy made people shocked and tremble! When the waves of energy dissipated, the two of them were already gone in the sky!

Ouyang Tian burst into laughter when he saw this scene. "Dead, dead!"

The Hall Master's face darkened. They were really dead? Both of them were dead? If they couldn't dodge that powerful energy wave just then, they would definitely die! The ground had already turned into ruins. There

was broken wood and rocks everywhere. It was chaos! The few people present held their breath and focused. Where were they? Where were the two of them?

Qu Lanyi clenched his fists. Yun Feng wouldn't die. She said that the word "death" didn't exist in her dictionary!

"Xiao Feng..." Yaoyao's big blue eyes were full of worry. Meatball moved and was about to rush out, but Yaoyao grabbed its tail with one hand. Meatball roared furiously in embarrassment and its sharp teeth bit at

Yaoyao's hand. Qu Lanyi's hand blocked abruptly and Meatball's teeth stabbed deep into his hand.

Red blood flowed out of Qu Lanyi's hand. Meatball pulled out its teeth, and its white fur was also stained with blood. "Nothing can happen to her. Don't you trust her?"

As soon as he said that, a sound came from the ruins on the ground. Some broken stones rolled down. It seemed that someone was buried in the ruins! Everyone became anxious. Who was it? Was it Yun Feng or

Ouyang Hongyu?

"Whoosh..." The debris was pushed aside by a person, sending stones flying. The person rose from the debris, swaying. When he saw that he was alone, he suddenly burst into laughter. "Hahahaha, hahahahaha!"

The Ouyang family's master also burst into laughter when he saw this. Revenge! The Ouyang family's revenge had finally been taken!

"Yun Feng! Go to the other world and accompany Shanshan! Hahahaha!" Ouyang Hongyu swayed his body and laughed wildly with a crazy look on his face! He, who had forcibly increased his strength, was in a

miserable state right now. His entire body was covered in blood and his muscles were stretched out all over his body. His skin and flesh were rolling!

"That's impossible!" Yan Ming shouted as he dashed out and searched the ruins crazily. "Yun Feng! Yun Feng!" Yan Ming yelled. Qu Lanyi's body had already flashed and landed in the ruins. His eyes had turned

completely black. Qu Lanyi looked at the devastated scene. Was he wrong? Yun Feng! Yun Feng!

He forgot his magic and abilities. His slim and white fingers started to grab the stone desperately. Yaoyao also rushed forward and searched desperately with her tiny hands. Meatball cried loudly with irrepressible

sorrow!

Yun Feng, Yun Feng!

“Yun Feng! Yun Feng! You won’t die! Even if you die, I’ll take you back from the God of Death! Did you hear that? I won’t let you die!” Qu Lanyi’s eyes were red and his hand was shaking slightly. The wound on the back

of his hand that was caused by Meatball was still bleeding. His fingers were already bloody and he was still digging, still continuing!

“Xiao Feng... Xiao Feng!” There was already a crying sound in Yaoyao’s voice. Light blue tears kept gushing out of her eyes. Meatball used its body to hit the rocks with all its might, smashing the rocks that were piled

up! If one pile was broken, it would move on to the next one! However, there was nothing. That girl didn’t appear or respond at all!

### **Chapter 627 Fight (3)**

The Master of the Bright Moon Hall couldn’t help but sigh regretfully. The other first-rate families’ masters also looked like they felt that it was a pity. Such a talented summoner had died just like this... She was truly

unfortunate...

Yan Che, who was sitting in the spectator area and didn’t move, had a glint in his eyes. Did Yun Feng really die... Just as this thought passed through Yan Che’s mind, he suddenly realized something and his eyes

brightened!

Ouyang Hongyu, who was laughing crazily, was still immersed in his crazy emotions. To be able to kill Yun Feng might be something he was proud of himself! “Haha, she’s dead! No matter how strong she was, she died

in my hands! She...” Ouyang Hongyu’s voice suddenly stopped. He was like a rooster whose neck was grabbed!

“What?” The Hall Master and the other family masters were all shocked. They stared at a certain spot in the arena!

“Crash!” A pair of arms suddenly pushed the stone pile nearby away and a person slowly stood up. Even though there were tiny wounds all over her body and she looked a bit messy, that increasingly mature face, that

confident gaze, that outstanding black eyes, that was... Yun Feng!

“What are you talking about? I’ve said that there’s no such thing as death in my dictionary!”

Meatball let out a loud cry as its dirty body suddenly rushed over. Yun Feng’s black eyes flashed as she grabbed Meatball’s tail and swung it. Meatball’s body flipped agilely in the air and finally landed in Yaoyao’s hand.

“Take care of it for me.” Yun Feng smiled at Yaoyao. Yaoyao nodded fiercely, and the tears in her eyes rolled down her face. Yun Feng glanced at Qu Lanyi with her black eyes. Qu Lanyi chuckled. Yun Feng slowly raised

the corners of her mouth and looked at his messy hands with a glint of regret in her eyes. Yan Ming, who was searching desperately on the side, collapsed on the ground and covered his forehead with his hand in the

end. Yun Feng glanced at him, and the corners of Yan Ming’s mouth twitched. He should have known that she would be fine.

Ouyang Hongyu was dumbfounded. In the end, he widened his eyes abruptly. “Why aren’t you dead? How can you be alive?” Ouyang Hongyu wanted to attack again, but his body was already riddled with holes at this

moment. The side effects of taking the medicine were too great. His body was already like a piece of scrap iron right now! Ouyang Hongyu only found it a bit ridiculous. The Ouyang family had done everything they

could, even destroying him to kill Yun Feng. Why... why wasn’t she dead yet?

The Ouyang family had nothing left. Ouyang Shanshan was gone, and Ouyang Hongyu became garbage. Even if the Ouyang family had other younger members, they didn’t have the strength to stand proudly among the

top families like before!

“Yun Feng, you destroyed the Ouyang family. Give me your life!” Ouyang Tian roared as his body rushed forward in a straight line. Battle energy gathered in his hand. No one at the scene expected Ouyang Tian to do

this. No one had time to stop him. They could only watch Ouyang Tian attack Yun Feng fiercely!

Yun Feng wasn’t any stronger than Ouyang Hongyu at this moment! The fusion of elements consumed a lot of her mental strength. In order to avoid the impact of the energy explosion, she used up her fighting ability

and didn’t have any left right now! Ouyang Tian took this opportunity to attack. Yun Feng couldn’t dodge at all!

A black shadow flashed through the space, and everybody could only follow it with their eyes. “Poof...” The sound of something piercing into their bodies was extremely loud in this silent space!

The faint light penetrated Ouyang Tian's body and entered his heart precisely! His beating heart was penetrated deeply by the spear formed by the light! Seeing this scene, Ouyang Hongyu suddenly roared, "Father..."

Ouyang Tian's eyes widened as he fell from the sky fiercely. Unwillingness and shock were his last expressions. Then, he screamed again! Ouyang Hongyu's body was also pierced by the same spear of light. This change

shocked everyone, including Yun Feng!

"You..." The Hall Master was so shocked that he didn't know what to do. The handsome man in the arena raised his brows slightly and his black eyes were cold! "Why? Do you have a question?"

The hearts of the remaining family masters twitched. The aura of the handsome man made their voices tighten! Who would believe that the Ouyang family, which had always been powerful on the West Continent,

would collapse in such a short time?

The contest for the guardian position of the Bright Moon Hall on the West Continent was truly unexpected for everyone. Apart from the people present, no one could imagine that the Ouyang family was completely

destroyed overnight. The Ouyang family's master was dead, Ouyang Hongyu was dead, and Ouyang Shanshan was long dead! The Ouyang family, which was all-powerful, instantly lost its backbone and support. After

the Ouyang family found out about this news, everyone was dumbfounded. Wasn't it a contest? Why did their master die in the end?

How could the people of the Ouyang family be convinced? They certainly had to demand an explanation. However, what right did the Ouyang family have to maintain the status and glory of a first-rate family right

now? After losing such three powerful people, the Ouyang family had completely collapsed!

The situation was truly changing rapidly. The Ouyang family was pushed out of the first-rate families all of a sudden, and couldn't even rise up among the second-rate families. This change made all the families big and

small feel shocked and couldn't believe it. What exactly happened that made things turn out like this? The Ouyang family quit the stage of the first-rate families, so who would replace it?

Many people wanted to know the truth, but the few people present on that day remained silent together. The Hall Master and the other first-rate families' heads were surprisingly unanimous and didn't mention

anything about what happened that day. In fact, Ouyang Tian was killed right in front of their eyes, and so was Ouyang Hongyu! They didn't even have the time to react. That person didn't care about anyone else at all.

He could just kill him!

Even though the few of them were dissatisfied, the situation at that time was truly strange. The Ouyang family was in the wrong. Not only did they take the forbidden medicine, but Ouyang Tian even attacked at the

last moment. They couldn't blame anyone else for their deaths! Naturally, the Hall Master didn't really want to care about this matter. The purpose of holding this contest for the guardian position was to add another

spot besides those of the first-rate families. Now that the Ouyang family was unexpectedly defeated, it saved him a lot of effort. It could be said that it was a surprising gift.

The decline of the Ouyang family certainly shocked the other masters. Anything could happen overnight. They might still be all-powerful one second ago, but they might lose everything in the next! The masters of

those families were destined to be more cautious in the future, and the Hall Master had consolidated his power. The balance of the few families taking power together in the past finally started to change at this moment! And all of this was directly or indirectly because of Yun Feng's arrival!.

### **Chapter 628: Unable to Speak (1)**

The contest for the guardian position finally came to an end. With Yun Feng's help, the Yan family got the guardian position. Yan Tianhao, who had escaped that day, jumped out again and accepted the guardian position excitedly. Yun Feng had already said that she wasn't interested in the position. Yan Tianhao was delighted. He had already planned in his mind that the guardian position must be given to Yan Jincheng! As long as Yan Jincheng became the guardian, the Yan family wouldn't be controlled by that bastard Yan Ming even if he got the position of the Yan family's leader! The Yan family would still be in Yan Jincheng's hands!

Yan Tianhao eagerly went to accept the guardian position, but things weren't going as smoothly as he thought. The Hall Master's order cut off all of Yan Tianhao's thoughts. Yun Feng gave the guardian position to Yan Ming! Yan Tianhao had heard the news when he came to the Bright Moon Hall and his expression immediately changed drastically!

After a lot of hard work, he finally found the Hall Master, who sat on the high seat with a cold face. Yan Tianhao stood there with fear and trepidation. "Hall Master, the Yan family is the one who won the guardian position. Yun Feng said she would give it to whoever she wants. Isn't that a bit inappropriate?"

Hearing that, the Hall Master raised his brows. "Why? What do you think?"

Yan Tianhao immediately became excited after hearing this. "That goes without saying! Of course, leave it to me! I'm the leader of the Yan family after all. I know exactly who's most capable in the Yan family!"

The Hall Master sneered at the bottom of his heart. Yan Tianhao's wishful thinking was going to be in vain after all. The position that the Hall Master gave the Yan family was to make the Yan family yield to him. Even though Yan Ming was quite cunning, he was exactly the kind of person that the Hall Master

needed. Even though there were risks, he would be satisfied with what the man would achieve. If it were someone else, it would be a different story.

“Yun Feng won this position, so she certainly has the right to distribute it! Do you think you can choose anyone with your level?” What the Master of the Bright Moon Hall said made Yan Tianhao blush, but he didn’t dare to say anything else. Under the mandatory request of the Master of the Bright Moon Hall, Yan

Ming naturally sat at the guardian position. Yan Jincheng was certainly enraged after hearing the news, but he couldn’t do anything about it after thinking about it. After all, Yun Feng didn’t have any relationship with him at all. How could she give this position to him? Wasn’t there still the position of the Yan family’s master? As long as he sat in the position of the leader, so what if that bastard was the guardian? He would still have to listen to him!

Yan Tianhao and Yan Jincheng returned to the Yan family in depression. Yan Ming stayed in Canglan City alone. As the guardian, Yan Ming was the weakest one. Even though he was too young and weak, Yan Ming didn’t feel ashamed at all. Nobody could compare to him in terms of scheming.

The transfer of the guardian position was carried out as quickly as possible. Everybody on the Bright Moon Hall’s territory immediately knew that the new guardian had been appointed. Naturally, the appointment also represented the rise of the Yan family. Even though there was one opening in the first-rate families, the Yan family didn’t have the strength to rise. Besides, there were the Hong and Lan families. After the contest this time, the next contest would probably be the status and position of the first-rate families.

Yun Feng got the body-tempering solution, and Yan Ming kept his promise. He didn’t ask Yun Feng for anything else. Instead, he generously gave the body-tempering solution to Yun Feng. Yun Feng put it away. “I promised to help you become the family’s master back then, but it seems that I haven’t delivered my promise yet.”

Yan Ming chuckled. “Not yet? It will happen very soon. The position of the family’s master doesn’t matter to me anymore. However, I still have to fulfill the promise I made to myself back then.”

The second day after Yan Ming said this, another piece of news came from the Bright Moon Hall. This time, Yan Tianhao was completely dumbfounded. Yan Ming had to be the leader of the Yan family! Yan Jincheng was anxious. Some of the other members of the Yan family understood, and some were shocked. They had never thought that the illegitimate son would have such an achievement. Many young people in the Yan family couldn’t help but feel envious and jealous. How great would it be if they had met Yun Feng instead of him!

Yan Tianhao’s objection was useless. This was inevitable. Since Yan Ming was the guardian, how would he allow the position of the Yan family’s leader to fall into the hands of someone else? What he wanted was to be in control and make these people who used to mock him bend their knees!

Yan Tianhao had thought that it would take a while. He planned to teach Yan Jincheng a little bit before he gave away leadership. He had never thought that he would be forced to give up his position right now. He was a bit caught off guard! The bigshots almost never cared about who the master of a second-

rate family was. After all, second-rate families didn't matter. However, the Bright Moon Hall directly interfered with the Yan family! This caused quite a huge storm among the second-rate families!

Yan Ming, who had become the guardian, became the leader of the Yan family again. When the new leader of the Yan family took the position, the first order he gave made the Yan family completely understand that Yan Ming wasn't someone to be trifled with. He remembered everything that happened in the past in his mind!

Yan Tianhao and Yan Jincheng were directly driven to a yard in the suburbs by Yan Ming, so that the two of them were completely isolated from everything in the Yan family. The young members of the Yan family, who had bullied Yan Ming before, were more or less suppressed by Yan Ming. Their money decreased and their lives became much harsher. This made those young members of the Yan family, who were used to being extravagant, immediately complain.

The most important thing was that the people who came into contact with the core matters of the Yan family were all strangers. There was no telling where these strangers came from. They only knew that these people were Yan Mings subordinates. It could be said that the entire Yan family was in Yan Ming's hands in an instant. People couldn't help but wonder if this young man had planned for this moment for a long time.

Yun Feng couldn't help but smile when she saw the new scene of the Yan family. Yan Ming was indeed a scheming person. A person like him would definitely make great achievements in the future. If his strength level had a qualitative leap again, he would be a person who would make people tremble in fear. Even the Hall Master would have to be wary of him.

However, Yan Ming would never show off his abilities and his strength wouldn't be greatly improved either. He would always put himself below the level of the Hall Master. This young man's thoughts were profound and nobody knew how far he was planning the future.

Yun Feng also asked Yan Ming to help her find out if there were any traces of the Yun family in the area of the Bright Moon Hall. Yan Ming immediately went to do it. Half a month had passed and Yan Ming came to reply. There was no one surnamed Yun in the entire area of the Bright Moon Hall. The residents in the area of the Bright Moon Hall were all natives. The possibility of the Yun family in the area managed by the Bright Moon Hall was zero..

## **Chapter 629: Unable to Speak (2)**

It was impossible for Yun Feng to say that she wasn't frustrated. Seeing Yun Feng's disappointed look, Yan Ming couldn't help but smile. "They aren't in the Bright Moon Hall's territory, but it doesn't mean that they don't exist in other areas. The West Continent is so vast. We'll definitely find the people you're looking for. The Ancestral Forest Hall is the place with the most foreigners on the West Continent. There might be clues there."

The Ancestral Forest Hall... Perhaps there would be clues she needed there...

Since there was no trace of the Yun family in the Bright Moon Hall, Yun Feng was prepared to leave. As for that mysterious President of the Guild of Magic, it depended on fate whether or not she could see him again. It was useless for her to search blindly. Knowing that Yun Feng was leaving, Yan Ming moved his lips.

“What’s the matter?” Yun Feng asked. In the end, Yan Ming chuckled and suppressed the restlessness in his heart. He said indifferently, “Nothing. Let me know when you’re leaving. I’ll see you off.”

Yun Feng chuckled. “Of course. I’ll tell you.”

They rested in Canglan City for a few days. Yan Che was as excited as a monkey when he heard that Yun Feng was going to leave the Bright Moon Hall! His eyes kept emitting light, which gave Yun Feng a headache. Did he still want to follow her? She glanced at Qu Lanyi and her eyes darkened. What happened that day was still in her mind.

Ouyang Tian and Ouyang Hongyu both died in Qu Lanyi’s hands. Qu Lanyi’s face was cold at that time, as if killing two people was nothing. Even Yun Feng felt a pressure at that time, a pressure that came from his soul!

Ever since that day, Qu Lanyi had returned to his usual self. The bloodthirsty suppression was gone. Perhaps he was hiding it deep inside his body. For the first time, Yun Feng felt that she didn’t know this man very well. This man was more complicated than she thought.

“What’s wrong? Why are you looking at me like that?” Qu Lanyi, who was teasing Yaoyao, suddenly raised his head and met Yun Feng’s gaze. Yun Feng chuckled. “Nothing.”

After Little Fire and Lan Yi were summoned out of the Rings of Contract by Yun Feng, they both looked very dissatisfied. After all, Yun Feng had locked them in the Rings of Contract during the life-and-death battle, which made them a bit unwilling. They should have fought side by side with their master at such a moment! Yun Feng only smiled. The two Magic Beasts wouldn’t have been of much help at that time. If she had released the two Magic Beasts in such an energy explosion, she would have lost them.

Little Fire and Lan Yi also understood Yun Feng’s concern. They felt happy for such a master. Which summoner wouldn’t use a Magic Beast as a shield in a life-and-death situation? Which summoner would be like Yun Feng, protecting her Magic Beasts in such a life-and-death moment and facing the danger herself?

Little Fire and Lan Yi were a bit proud in their minds. Their master was none other than Yun Feng! A rare genius summoner! A warm and caring summoner!

The two Magic Beasts went out to enjoy the great outdoors again, and Meatball followed them. Yan Che was gone too. At this moment, only Qu Lanyi, Yaoyao and Yun Feng were in the room. Yaoyao looked at Yun Feng and Qu Lanyi curiously, and more or less understood the relationship between the two of them. A hint of cunningness even flashed through Yaoyao’s big blue eyes. This little girl was turning mischievous.

“I’m going out.” After saying that, Yaoyao got up and pushed the door open. She didn’t go far. Qu Lanyi smiled in relief. Indeed, it was worth it for him to get close to this little sea demon these days. He had turned this super third wheel into his best ally. His efforts hadn’t been in vain!

Qu Lanyi stood up and pulled Yun Feng into her arms, wrapping her body with his arms. A warm and comforting warmth came, which made Yun Feng feel more at ease than she had ever felt before. However, that scene flashed through Yun Feng’s mind again, and her body suddenly stiffened.

“Are you thinking about what happened that day?” Qu Lanyi hugged Yun Feng from behind and whispered into Yun Feng’s ear. He had indeed lost control that day. Qu Lanyi admitted that he lost his mind when he saw Ouyang Tian’s action.

“You’ve never seen me like that. Do you think it’s a bit scary?” asked Qu Lanyi tentatively. Yun Feng shook her head. “If it were me, I would’ve done the same thing.” Yun Feng looked calm and said what she was thinking.

If someone treated Qu Lanyi like that, she would’ve taken that person’s life without hesitation!

Qu Lanyi’s deep laughter came, and love flashed on her face. “Just consider me as a freeloader. Just treat me as a doctor who only knows how to heal. But for the person I love, I can also become a butcher.” Qu Lanyi’s finger gently caressed Yun Feng’s face from the side. “I’m willing to become a devil or a lunatic for you.”

Yun Feng slowly turned around, feeling quite emotional. Qu Lanyi smiled gently and pressed his handsome face down slowly. Yun Feng was a bit shy and she slowly closed her eyes. This was the first time that Qu Lanyi had seen such a loving posture. The fire in his heart immediately burst out and the blood in his body was boiling at this moment!

His mouth was dry. Only the red lips in front of him could quench his thirst! Qu Lanyi was about to pick those red lips when a cough came from outside the door. Qu Lanyi’s face immediately darkened. Which damned person was it?

Yun Feng’s face flushed completely and she took two steps back. “Who?”

“Ahem! It’s me, Yun Feng.” The voice of the Master of the Bright Moon Hall came from outside the door. Both

Yun Feng and Qu Lanyi were stunned. The Master of the Bright Moon Hall was here? The blush on Yun Feng’s face immediately faded. Qu Lanyi opened the door with a serious look. The Master of the Bright Moon Hall stood there awkwardly.

“Well... Am I disturbing you?”

Yun Feng looked a bit embarrassed, but then returned to normal. “No, we were talking about something. Is there anything you need from me, Hall Master?”

When the Hall Master walked in, Yaoyao, who was outside the door, immediately ran in after seeing the door open. She pounced on Yun Feng with her little body. It had been a long time since Yaoyao had been intimate with Yun Feng. She held Yun Feng with her little body and didn’t let go. Yun Feng smiled and picked up Yaoyao’s little body. Her body was very light. After all, it was a water element Magic Beast. Its weight was naturally different from that of a human kid.

“I heard from Yan Ming that you’re going to the Ancestral Forest Hall?” The Hall Master went straight to the point. Yun Feng nodded and stroked Yaoyao’s hair. The little girl snuggled into her arms comfortably and obediently..

### **Chapter 630 Unable to Speak (3)**

"Hall Master, are you here to say goodbye?" asked Qu Lanyi casually. The Hall Master chuckled, feeling a bit uncomfortable facing Qu Lanyi. "How can I not say goodbye when my young friend is going so far away?" The Master of the Bright Moon Hall chuckled with a serious expression. "I'm here to tell you, Yun Feng. I might not be able to help you much when you go to the Ancestral Forest Hall."

Hearing that, Yun Feng was more or less surprised. Even though she didn't intend to ask the Master of the Bright Moon Hall to help her to begin with, she still felt a bit strange when he said that. The status of the three Hall Masters on the Western Continent was similar. The three Hall Masters were equal. Was the Master of the Ancestral Forest Hall superior to the Master of the Bright Moon Hall?

"The three halls are equal. Naturally, the three Hall Masters have the same status, but the temper of the other two is rather weird. If you want to go to the Thousand Snow Hall, Yun Feng, I can at least say something for you. The Thousand Snow Hall's Master will give me some face. However, the Master of the Ancestral Forest Hall isn't like that at all." There was already a hint of resentment in the tone of the Hall Master when he said this. Yun Feng and Qu Lanyi understood after hearing that. It seemed that the Hall Master of the Ancestral Forest Hall wouldn't give this guy any face.

#### **ause**

"The Master of the Ancestral Forest Hall is a weird person. He doesn't like to deal with people and he's extremely pedantic and petty! If I tell him to take care of Yun Feng, he'll probably do the opposite. In order not to cause trouble for Yun Feng, I'd better not say anything." After hearing that, Yun Feng chuckled. "You're worrying too much, Hall Master. I don't plan to trouble you when I go to the Hall of Forests this time. I'll rely on myself for everything." The Lord of the Bright Moon Hall laughed dryly. He seemed to be very incompetent. He was a hall master after all, yet he couldn't do such a small thing. However, there was nothing he could do. Whenever he thought of that guy from the Ancestral Forest Hall, the Master of the Bright Moon Hall felt uncomfortable in his heart. He didn't want to deal with that guy at all!

“Yun Feng, the demography of the Ancestral Forest Hall is the most complicated among the three halls. It can be said that the Ancestral Forest Hall is a place where people come and go. There are all kinds of weird people! You must be careful, Yun Feng. Battles can be seen everywhere in the area of the Ancestral Forest Hall. The leader of the Ancestral Forest Hall is a war fanatic. He’s the one who started the conflict between the three halls.” After saying that, the Hall Master looked like he was having a headache. Yun Feng also frowned slightly. The Ancestral Forest Hall seemed to be a place of trouble. If fighting happened frequently there, it wouldn’t be rare for people to die or kill people.

“If you need anything, feel free to tell me!” The Hall Master said generously in the end. Yun Feng smiled. “There’s no need for that! I’ve already benefited enough from the information you gave me!”

The Hall Master heaved a sigh of relief. “When do you plan to leave, Yun Feng? I can send you off.”

Originally, Yun Feng didn’t want to let the Hall Master send her off. She felt that she wasn’t so close to the Bright Moon Hall. “There’s no need for that. You must be very busy.”

The Hall Master immediately burst into laughter. “Yun Feng, don’t be so courteous! It’s only right that I send you off. I hope you can put in a good word for me in front of Zhan Li.”

Yun Feng understood. It turned out that the reason why the Master of the Bright Moon Hall was so attentive was because of Uncle Zhan? She chuckled and nodded. She wondered if she could meet Zhan Li. Judging from the Master of the Bright Moon Hall’s attitude, that Uncle Zhan shouldn’t be a nobody. uuuuy.

“Haha, that’s everything. Yun Feng, have a good rest.” The Hall Master turned around and left, looking quite delighted. Yun Feng’s arrival unexpectedly cleared the knot in his heart completely. He didn’t even need to do anything and the Ouyang family was removed. How wonderful was that? With the Yan family and someone as meticulous as Yan Ming, things were developing in a good direction that he had never foreseen. Yun Feng, the strong person, was leaving now. Wouldn’t that be great?

The Hall Master rushed back with a satisfied look. That kid Yan Ming (Perhaps it wouldn’t be bad to let him be his son-in-law) Only such a person could control that unruly and willful daughter of his. Hm, this was a good idea. Then, it wouldn’t be impossible for the Yan family to rise in power!

After the Hall Master left, Qu Lanyi asked softly, “Who exactly is your self-proclaimed father?”

“I also want to know who that uncle is. I only know that he’s a member of the upper echelons of the Mercenary Union on the East Continent. I didn’t expect him to have a connection with the West Continent and even make the three Hall Masters so fearful.”

Both of them thought for a while in silence. “Never mind. It’s useless to think too much.” Yun Feng said. Yaoyao seemed to be asleep in her arms. She closed her eyes and breathed steadily. Gentle water elements slowly rose from Yun Feng’s palm and covered Yaoyao’s entire body. The corners of the little girl’s mouth curled up comfortably and her little body moved gently, looking like she was enjoying herself.

“Yaoyao can talk now. She’s already grown up.” Qu Lanyi looked at Yaoyao in Yun Feng’s arms and said indifferently.

Yun Feng nodded. Even though the shape of Yaoyao’s human form hadn’t changed, she was already growing. Yun Feng just didn’t know if her growth of strength was gradual, or if it would soar rapidly, or if she needed an opportunity.

“When are you going to contract her?”

Yun Feng looked at the girl who was sound asleep in her arms. “There’s no rush. Let’s wait for her to grow up for a while. It’s still too early for her.”

“If the Western Continent is really like what the Hall Master said, Yaoyao will have a higher chance of being poached. Once she shows her true form as a sea demon, it’ll cause a huge commotion! If we don’t contract with her right now, trouble will arise in the area of the Ancestral Forest Hall.”

Yun Feng’s lips curled up as she brushed the hair of the sleeping girl in her arms. The corners of Yaoyao’s mouth curled up gently with a sweet smile. “Lanyi, if I contract Yaoyao right now, it’ll only hurt her. She’s still young. I can wait. It’s impossible for anyone to take her away from me.” Yun Feng raised her head, and her clear black eyes glittered. Qu Lanyi chuckled softly. “Alright, it’s up to you. Yaoyao is so clingy to you that others may not be able to take her away. Sea demons are cruel by nature. Yaoyao is only so docile when you’re around. She’s very fierce to others.”

Yun Feng chuckled and held the girl in her arms even tighter. The Ancestral Forest Hall— If that place was truly a place of trouble, the real problem she was facing had just begun!
