

## Summoner 631

### Chapter 631: Unable to Speak (4)

When Yun Feng left Canglan City, Yan Ming came to see her off, and so did the Hall Master. What Yun Feng didn't expect was that the leaders of the first-rate families also came to see her off. "Yun Feng, why are you leaving so soon?"

"That's right, Yun Feng. You should stay in the Bright Moon Hall for a while longer so that we can get to know each other better!"

The three old guys were extremely enthusiastic about Yun Feng. They only shut up after the Hall Master snorted. The Hall Master walked over and gave Yun Feng something. Yun Feng took it in her hand. It was a small long box and a scroll.

"This is a rough map of the Ancestral Forest Hall. It'll be helpful for you."

Yun Feng opened the scroll and saw that the main area of the Ancestral Forest Hall was illustrated on it. This map was useful for her. Yun Feng put away the map and thanked the Hall Master. There was also a small box that Yun Feng didn't know what was inside.

"This box contains the Finger Spiritual Jade. Once it takes in someone's aura, it'll be able to tell the direction and distance of that person." After saying that, the other family leaders couldn't help but exclaim, "The Finger Spiritual Jade?! That's from the Ling family. Even the Ling family only has three of them. Master, why did you..."

"The Ling family..." Yun Feng suddenly felt that this surname was a bit familiar. Ling... She seemed to have heard it somewhere before!

There was a hint of reluctance in the Hall Master's eyes. Giving it to Yun Feng was the same as cutting off his own flesh, but he couldn't gain returns if he didn't invest! "What are you arguing about? Even if it's something even more precious, giving it to Yun Feng can be considered making the best use of it! It's not useful to me, so you should keep it, Yun Feng! As for the Ling family, they're a famous family to make dimension containers on the West Continent. Don't you know, Yun Feng?"

Dimension containers... The Ling family... Wait! A sloppy face flashed through Yun Feng's mind. Qu Lanyi exclaimed, "It's him!"

The two of them looked at each other. The Ling family, the messy young man they met at Masang School of Magic, the one who only cared about leveling up and didn't care about anything else, wasn't his surname Ling?

"Ling Xiaoyun." Yun Feng said the name in a low voice. The Hall Master couldn't help but look gloomy. "Yun Feng, do you know Ling

Xiaoyun of the Ling family?"

Yun Feng raised her head in surprise. Was Ling Xiaoyun not an ordinary person? Was he one of the elites of the Ling family? That explained why Ling Xiaoyun had a lot of space containers! But why would a

famous member of the Ling family in the West Continent come to the East Continent and become an ordinary student in the Masang School of Magic?

"I don't know her. I've only heard of her name. We're also curious about who she is. Is she another genius?" said Qu Lanyi on the side. The Hall Master couldn't help but heave a sigh of relief. The few first-rate masters also did. Seeing their looks, Yun Feng was even more confused.

Yan Ming chuckled. "Let me explain it to you. The Ling family is famous on the West Continent for producing space containers. Many of the space containers used on the East Continent were passed down from the West Continent. The Finger Spiritual Jade in your hand is something that the Ling family is proud of. The Ling family only has three of them, and they belong to the masters of the three halls.

Nobody else has any. The Ling family has a very high status on the

West Continent and is also a big shot in the area of the Ancestral Forest Hall. Apart from the space containers that are famous on the continent, the Ling family also has another name that people have to fear, Ling Xiaoyun."

Yan Ming smiled in a weird way. Yun Feng remembered Ling Xiaoyun from the Masang School of Magic a few years ago. That man had a cold personality. During the society ranking contest, that man only cared about himself and didn't participate at all. Of course, Yun Feng was the one who wanted him to join the Constellation Society. Perhaps, in Ling Xiaoyun's eyes, everything in the outside world had nothing to do with him.

"Ling Xiaoyun of the Ling family is famous on the Western Continent. He's the famous loser of the Ling family." Yun Feng and Qu Lanyi were both shocked after hearing what Yan Ming said. He wasn't a genius, but... a loser?!

"Everyone in the Ling family has a special ability to sense space. It can be said that the Ling family can use the power of space without the restriction of strength. And Ling Xiaoyun is the first person in the history of the Ling family to have no ability to sense space. He is the stain in the history of the Ling family and the only one."

"Ling Xiaoyun has been the shame of the Ling family. The Ling family wanted to keep Ling Xiaoyun a secret, but the news was leaked and the Ling family's ability was questioned. At that time, the Ling family was at a low point. Naturally, Ling Xiaoyun became the culprit."

"Everyone in the West Continent knew how useless Ling Xiaoyun of the Ling family was. It's a disgrace for him to stay in the family as such a loser. He'd remind the members of the Ling family all the time. That's his own stain! So, less than two years after Ling Xiaoyun was born, this loser disappeared from the Ling family." Yan Ming couldn't help but laugh in self-mockery. "He disappeared. The members of the

Ling family said that Ling Xiaoyun went missing. Some said that Ling Xiaoyun was killed by the members of the Ling family, and some said that Ling Xiaoyun was exiled to a place where the Ling family didn't care about his life anymore."

Yun Feng and Qu Lanyi were both a bit shocked after hearing that. Yun Feng seemed to understand why Ling Xiaoyun was in such a state. There was also a black hole in his mind. He was trying his best to level up so that he could become stronger and get rid of the title of a loser sooner!

“It’s been many years. I don’t know whether Ling Xiaoyun is alive or not. Nobody in the Ling family cares about him. After all, their reputation in the West Continent has been restored. Apart from Ling Xiaoyun, the other members of the Ling family all have special understanding of space. It can be said that Ling Xiaoyun’s disappearance made the Ling family feel that the stain has disappeared.”

“Cough, cough!” The Hall Master interrupted Yan Ming. “Yun Feng, the

Ling family has a special ability. They’re special in the Ancestral Forest Hall because of this special ability, you should keep a low profile with the Ling family, especially not get involved in its family affairs.”

Yun Feng chuckled. She didn’t have time to care about the Ling family’s internal affairs. Although Ling Xiaoyun’s life was a bit tragic, he certainly had the ability to settle this grudge himself, considering how hard he worked at Masang School of Magic. She didn’t have time to interfere..

### **Chapter 632: Unable to Speak (5)**

“Got it. Thank you for your reminder, Hall Master. I’ll be on my way.” Yun Feng cupped her hands at the Hall Master and bid farewell to the other first-rate families’ masters, before she left. The Hall Master and the other first-rate families’ masters watched her leave, while Yan Ming and Yun Feng walked out of the city together.

“I’ll walk you out of the city.” Yan Ming smiled casually. Being promoted to the guardian position made him look even more handsome and tall. The unique temperament that he didn’t exude before was also completely shown. Although Qu Lanyi was a bit unhappy on the side, he didn’t say anything.

After reaching the city gate, Yun Feng stopped. Yan Ming stood opposite her, as if he wanted to say something. Yan Che rolled his eyes and pulled Qu Lanyi aside. “What are you doing? Let go of me!” Qu Lanyi roared furiously, but Yan Che didn’t let go of him. Yan Ming smiled gratefully, and Yun Feng knew that Yan Ming had something to say.

“Yun Feng,” Yan Ming called softly. Yun Feng looked at him with her black eyes, calm and natural. Yan Ming suddenly smiled. Looking at the girl’s clear black and emotionless eyes, Yan Ming suddenly felt that he had lost. He had no chance of winning even before he spoke.

“Why are you smiling? If you have something to say, just say it.” Yun Feng looked at

Yan Ming’s self-mocking smile and was a bit puzzled. When it came to love, Yun Feng was always dumb. Qu Lanyi knocked on the door of this Young Lady’s heart for a long time before he finally opened it. And this door might not be opened by anyone else again.

“Nothing.” Yan Ming shook his head and hid what he was about to say. “The Hall Master proposed to marry Yuehua to me.”

Yun Feng raised her brows. That unruly and willful woman? “What did you say?”

Yan Ming raised the corners of his mouth. "No matter what, she is the best choice for me. Even if I don't love this woman, I'll still marry her."

Yun Feng nodded gently. That decision indeed suited Yan Ming's personality. "Then I'll congratulate you first. Maybe the next time we meet, you'll already have a wife and children." Yun Feng smiled casually, which made Yan Ming smile even more bitterly. How much more deeply did this girl want to hurt his heart?

"Thank you for your blessing." That was the only thing Yan Ming could say to ease the hurt in his heart. Yun Feng smiled and patted Yan Ming's shoulder gently. "Do you remember what I said? You can choose the road from now on. Don't let anyone control you. You're you."

Yan Ming's eyes glittered. Yun Feng withdrew her hand. "Alright, I really have to go this time."

Yan Ming didn't say anything else. He stared at Yun Feng's disappearing figure. The girl's slim back slowly faded out of his sight and finally disappeared.

You can choose your future path and not be controlled by anyone. You are you.

Yan Ming chuckled. He could indeed choose his own path from now on. He would have a lot more than he did right now! His black eyes looked ahead again. The back of the girl was no longer there. A surge of passion rose in the bottom of Yan Ming's heart. What exactly did he want? Was it power, or the girl that had already disappeared?

Seeing Yun Feng walk over, Yan Che suddenly let go of Qu Lanyi and ran over with a curious look. "What did that guy say to you? Did he say that I love you or something?"

Yun Feng glanced at Yan Che impatiently. How could a man be so into gossiping?

"No?! How is that possible? That guy clearly..." Yan Che's body was suddenly knocked aside by a hand. Qu Lanyi's face darkened, "Damn you, pretty boy, if you dare to touch me again, I'll cut you into pieces! How long are you going to follow us? Get lost right now!"

Yan Che held his stomach as he squatted on the side and laughed. Qu Lanyi and Yun Feng both looked at Yan Che as if he was a lunatic. "The people who were chasing you must have already left. You can leave now." Yun Feng said indifferently. Yan Che stood up from the ground and laughed until tears flowed out of his eyes.

"It's... It's not as simple as you think! I won't cause any trouble for you. I've always wanted to hide in the Ancestral Forest Hall. There are a lot of weird people there, and they don't dare to make a move easily. If they piss off someone there, they'll be in trouble."

Yun Feng glanced at Yan Che. He had indeed never caused any trouble for her, but he was still a bomb. "Get moving if you want to go to the Ancestral Forest Hall with us!" Qu Lanyi roared. He couldn't stand this sissy anymore!

"Alright, alright! Speaking of which, did that guy really not say anything to you?"

Yan Che still hadn't forgotten his love for gossip. Yun Feng glanced at him coldly.

"He did. He might get married to the Hall Master's daughter."

“Huh?!” Yan Che thought he would hear about an affair, but he didn’t expect it to be this. He couldn’t help but despise Yan Ming. Qu Lanyi, on the other hand, smiled. “That shameless woman can only get married in this way.”

Yun Feng smiled gently. If Yan Ming married Yuehua, he might be able to get everything he wanted, and she was about to move to a new stage from here.

“Let’s go,” said Yun Feng in a low voice. She held Yaoyao in her arms and had already flown to the sky. A loud cry and the roar of a beast sounded faintly. A red and green figure accompanied Yun Feng. Meatball’s loud shout echoed in the sky.

“Nana...”

Qu Lanyi followed them with a smile in his eyes. Seeing that the two of them were leaving, Yan Che immediately followed them. “Hey, wait for me. Hey...”

Yun Feng was about to step into the mysterious territory of the Ancestral Forest Hall that was full of conflicts!

The Bright Moon Hall was located in the southernmost area of the West

Continent. The three halls were distributed in a vertical line. The Ancestral Forest

Hall was located in the middle of the Thousand Snow Hall and the Bright Moon Hall. There were a lot of quarrels in the area of the Ancestral Forest Hall and there were also a lot of weird people living there. This was the remark that the Master of the Bright Moon Hall gave the Ancestral Forest Hall.

Yun Feng and her companions had already been traveling for about two to three days. Canglan City was located in the center of the Bright Moon Hall. They went all the way north. The vast area of the Bright Moon Hall wasn’t easy to cross. With

Yun Feng’s speed, it took them two to three days to reach the border between the Bright Moon Hall and the Ancestral Forest Hall.

Looking at the vast land in front of her, Yun Feng took a deep breath. The area of the Ancestral Forest Hall was right ahead! “Let’s go,” she said softly. Yun Feng stepped into the area of the Ancestral Forest Hall first. There was no one supervising the border area between the three halls, as they all had a tacit agreement. After all, the checks and balances among them prevented the three

halls from taking action easily. Whoever made a move would be the first to be eliminated. Therefore, all the border areas were open and the people of the three halls could move freely..

### **Chapter 633 Meeting (1)**

Yun Feng didn’t run into any guards of the four empires as she did on the East Continent. Instead, she directly entered the area of the Ancestral Forest Hall. She unfolded the map that the Master of the Bright Moon Hall gave her. Even though the markings on the map were vague, they directed Yun Feng.

To know more about the Ancestral Forest Hall, she must ask the locals. Yun Feng glanced at the map. They were currently in the southern border of the Ancestral Forest Hall. There was a border town nearby, Jushui Town.

Yun Feng led the way in the front and flew through the air. There was a dense forest under her feet. Yun Feng suddenly thought of her hometown, Chunfeng Town. Chunfeng Town was also adjacent to such a dense forest and located on the border. Thinking of her hometown, Yun Feng couldn't help but think of many people that she had always missed.

Her sullen father, her brother, Yun Sheng, and Mu Xiaojin, who was already pregnant. Yun Feng didn't return to the West Continent immediately after receiving the body-tempering solution, because it was very dangerous to cross the Ten Thousand Beast Mountain Range in the middle of the East Continent. It wasn't as simple as crossing a normal mountain range! Besides, the body-tempering solution could only be put to use when a child was born. It was useless even if she gave it to her brother and Xiaojin right now. If someone with ulterior motives found out about it again, it would undoubtedly cause trouble for her brother and the others. After all, Yun Feng couldn't stay on the East Continent for long. She had things she couldn't wait to do on the West Continent. She didn't find any clues on Mu Canghai's resurrection and the other branches of the Yun family in the Bright Moon Hall, which made Yun Feng very anxious in her mind.

She hoped that she could give Mu Xiaojin a surprise before she gave birth. She hoped that the newborn would have a complete family, not just her father and mother, but also her uncle who had been reborn. Of course, there was also the branch of the Yun family. Yun Feng hoped that she could tell her father and brother when she returned to the East Continent that they had other relatives.

Yun Feng didn't go back. She had to keep searching. There was still more than half a year to go until Mu Xiaojin gave birth. During this time, she hoped that she could find something. She had a short communication with her brother and Mu Xiaojin, and they both had the same attitude. They didn't want Yun Feng to come back in a hurry and asked her to mind her business first, which made Yun Feng feel gratified and touched in her heart.

However, she would definitely be there when the baby was born. That was the child of the Yun family, the continuation of the bloodline of the Yun family. She wanted to give this child the best.

The group of people flew across the sky. The dense forest under their feet was green and long. Yun Feng glanced down and only saw a few black shadows flashing in the forest. Yun Feng raised her brows slightly and didn't think much of it. However, the roars of a Magic Beast immediately followed. "Roar..."

This roar was extremely furious and violent. As a summoner, Yun Feng had dealt with Magic Beasts more than others. Even though she didn't understand the roar, Yun Feng knew that this Magic Beast was on the verge of meltdown. Little Fire and Lan Yi next to her both looked gloomy. Yaoyao, who was in Yun Feng's arms, also looked slightly ferocious. "What's wrong?" Seeing that Yun Feng suddenly stopped in the air, Qu Lanyi came to Yun Feng's side. When he saw that the few Magic Beasts all looked like this, Qu Lanyi was a bit surprised. Yan Che also rushed over casually. "Why do you all look like this? It's just the roar of a Magic Beast! Yun Feng, as a summoner, are you scared?" Yan Che smiled casually. Little Fire roared in frustration, "Human, shut up!"

Yan Che was slightly stunned, and then became a bit angry. Yun Feng glanced at Yan Che and signaled him to stop talking. "Lan Yi, what did that Magic Beast say?"

Lan Yi's handsome face was gloomy. He stared down with his blue eyes and the roar of the Magic Beast sounded again. "It said, give my child back to me."

As she heard this, Yun Feng's heart suddenly ached. Qu Lanyi's expression became much colder. Yan Che laughed dryly and scratched his head, not saying anything else.

Yun Feng didn't say anything. She had already rushed down quickly and disappeared into the dense greenness in the blink of an eye. Little Fire and Lan Yi immediately followed her. Streaks of dark red and green followed Yun Feng. Qu Lanyi and Yan Che stood in the air. Yan Che looked at Yun Feng's back. "She's too emotional. That's just a Magic Beast, not human."

Qu Lanyi chuckled. "So what? Are humans unique and superior? In this world, humans are equal to other races." Yan Che burst into laughter. "Qu Lanyi, I didn't expect that you not only look like a girl, but also have the same thoughts as a girl." Qu Lanyi smiled indifferently. "Are all dark mages as cold-blooded as you?" Yan Che said with a mischievous smile, "I also want to know. Are all light-element mages as murderous as you?"

"You'll have a chance to find out." After saying that, Qu Lanyi turned around and chased after Yun Feng. Yan Che burst into laughter in the air and quickly caught up with him. He really wanted to have a real fight with Qu Lanyi. Light and darkness had always been sworn enemies. His heart was constantly stirred. This might be fate.

Yun Feng rushed into the forest quickly and the roars of the Magic Beast sounded abruptly. Yun Feng identified the direction and chased after the Magic Beast crazily. Little Fire and Lan Yi also followed behind Yun Feng with bad expressions. Gradually, Yun Feng saw a cheetah with purple stripes running wildly in the forest. It was chasing three figures, who were running at a rather unstable speed. Yun Feng narrowed her black eyes slightly and saw that one of the girls was holding a poor Magic Beast cub!

When Little Fire and Lan Yi saw the captured cub, the two Magic Beasts became obviously irritable and enraged. Yun Feng immediately ordered the two of them not to do anything, and rushed forward abruptly, stopping the three fleeing figures.

"Stop!" Yun Feng's sudden appearance gave the three fleeing figures a fright. The only girl among them screamed in fear. The other two boys also turned pale when they saw her. The three of them thought it was another Magic Beast. When they saw that it was a human being, they all heaved a sigh of relief.

### **Chapter 634 Meeting (2)**

"Get out of my way! Don't get in my way!" The girl who was holding the baby of the Magic Beast shouted loudly. Yun Feng stood in front of the girl steadily and watched her hold the baby of the Magic Beast. The baby was already on its last breath. Its little body hung in the air weakly and kept swaying with the girl's movements like a powerless puppet.

Yun Feng's black eyes darkened. "Let it go." What Yun Feng said stunned the girl. Then, she realized that Yun Feng was talking about the cub she was holding.

"Let it go? Are you crazy? Get out of my way! Luo Chen, Zhong! Get rid of this crazy woman! If that Magic Beast catches up with us, we'll be doomed!" roared the girl. The boys on both sides nodded nervously and attacked one after another. Yun Feng only sneered!

The three level-5 brats wanted to chase her away!

The ferocious punches and kicks of the two young men came at her and Yun Feng instantly disappeared. Both of them were a bit startled. The girl thought that Yun Feng had run away in fear and immediately rushed forward with all his might. In the next second, a gentle wind slid past her. The girl only felt that her wrist suddenly became numb and the cub in her hand had already been taken away!

“My Magic Beast!” The girl screamed as her expression changed drastically. The breeze blew and a figure slowly stood aside, carefully protecting the Magic Beast cub in the girl’s hand that was already on the verge of death.

Yun Feng’s expression was cold. The baby in her hand had obviously been taken away by the three people in front of her right after it was born. Its body was cold and it was covered in amniotic fluid during childbirth. It had already been taken away when it was just born! Yun Feng laid her warm hand on its cold body. The lightning element energy was emitting from the baby of the Magic Beast. Even though it was extremely weak, Yun Feng could feel that she might be able to help with the lightning element.

She put her hand on the cub’s body and the lightning elements slowly spread out from the center of Yun Feng’s hand and penetrated the cub. The cub, which was gradually turning cold just then, was now warm. Its limbs, which had already stopped moving, were twitching slightly. Yun Feng’s eyes glittered. It was still alive!

“Give me back my Magic Beast!” A delicate shout sounded. Yun Feng didn’t even lift her eyes as she focused on protecting this fragile creature in her hand. Seeing that Yun Feng ignored her, the girl couldn’t help but blush. “Are you deaf? I said, give me back my Magic Beast!”

Sensing that the little thing in her hand was already safe, Yun Feng slowly raised her black eyes and looked at the three people in front of her carefully. They looked a few years younger than Yun Feng. They all had energetic faces, looking a bit young and immature. The girl standing in the middle was quite pretty, but she was just an ordinary person compared to Yun Feng. One of the two young men next to her had fair skin and a pretty face, but the clothes on his body were obviously inferior. The other one looked ordinary, but he was dressed very luxuriously.

The three of them were all at level 5 and weren’t worth mentioning at all. There was a huge difference between level 5 and her current level!

The two young men couldn’t help but blush when they looked at Yun Feng. After all, Yun Feng had exquisite facial features and was much more beautiful than this girl. The girl noticed that the two young men on the side were a bit absent-minded and couldn’t help but feel a bit embarrassed. “What are you looking at? My Magic Beast has been taken away!” The two young men finally turned around. The handsome young man among them was still blushing slightly. He looked at the cub in Yun Feng’s hand and a hint of heartache flashed through his eyes. “Caihua, I don’t think we should keep that one. After all, it’s just born...”

“That’s my Magic Beast! Mine!” The girl shouted indignantly. Yun Feng suddenly sneered. The little cub in her hand had already opened its eyes with a confused look. It stared at Yun Feng with its big beautiful eyes full of curiosity.

“Yours?” Yun Feng glanced at the girl coldly. The girl was so shocked by her aura that she couldn’t say anything. “It’s... mine... What’s wrong?” The girl’s voice trembled as she shouted desperately. The lightning elements in Yun Feng’s hand continued to flow into the cub’s body. “In terms of shamelessness, you’re at the highest level.”

“What did you say?” The girl blushed. The ordinary-looking boy next to her said, “We caught this Magic Beast. It’s naturally ours!” The girl snorted. “Did you hear that? Give me back my Magic Beast!” The girl shouted word by word as she glared at Yun Feng. At this moment, a low roar sounded and a black shadow suddenly jumped out. “Roar...” A furious and sad roar shook the sky. The beautiful cheetah with purple spots appeared. Its purple eyes were full of fury. When it saw the cub in Yun Feng’s hand, it roared furiously!

“Give... Give it back to me!” The girl suddenly took a few steps back when she saw the Purple Electric Leopard. The two boys immediately stepped forward to protect the girl. The Purple Electric Leopard and Yun Feng looked at each other. The Purple Electric Leopard didn’t dare to move forward easily. Even though it was extremely angry in its mind, its instincts as a Magic Beast was reminding it that it couldn’t provoke Yun Feng!

“Roar...” The low roar was telling Yun Feng to let go of its baby in her hand. Yun Feng smiled. This Purple Electric Leopard was at level 6. It was already a miracle that the three of them didn’t get injured while capturing the baby!

She slowly put the little thing in her hand on the ground. The cub was a bit unwilling to leave. It scratched Yun Feng’s arm gently with its little claws, and Yun Feng pushed the little guy’s body with a smile. The cub stared at Yun Feng with its big eyes, and then slowly turned around. It stepped on the ground with unsteady limbs and walked towards its mother.

The Purple Electric Leopard was obviously a bit surprised. When the baby returned to its side, it suddenly raised its head and stared at Yun Feng with its beautiful purple eyes. Yun Feng chuckled. “Go. Take your child with you.”

The Purple Electric Leopard caught the cub in its mouth and disappeared into the depths of the forest in an instant. The girl didn’t dare to say anything just then. When she saw the Purple Electric Leopard leave with the cub in its mouth, she suddenly screamed, “My Magic Beast! You let my Magic Beast go!”

“With your level-5 strength, you were truly lucky to be able to take that cub away from the level-6 Purple Electric Leopard,” said Yun Feng casually. The girl was still not letting it go. Even though it was the truth, she felt embarrassed after being exposed so easily.

### **Chapter 635 Meeting (3)**

“No matter what, that’s my Magic Beast! You let my Magic Beast go. You’ll have to compensate me!” The girl’s unreasonable words made the two young men look at each other.

“Caihua, isn’t this request...” The handsome young man was a bit embarrassed. That’s a Magic Beast! She might not be able to compensate even if you asked her to pay for it! Where could she get a replacement?

"I don't care! Compensate!" The girl shouted unrelentingly. Yun Feng only smiled faintly. Even though Yun Feng was only a few years older than them on the surface, considering her level and strength, she thought that these few kids were still wet behind the ears. Yun Feng simply ignored them!

"You're a summoner?" Yun Feng raised her brows and asked the girl. The girl was startled. In the end, she blushed and whispered, "No, no... Why do you care?"

"What do you want that Purple Electric Leopard cub for if you aren't a summoner? An ornamental pet?" Yun Feng's cold voice came. The girl was stunned. "It's its honor to be my pet!" The girl shouted with dignity. Yun Feng smiled. As a summoner, she had a contract with each Magic Beast. Naturally, she had different feelings for Magic Beasts. In her eyes, there was no difference between a Magic Beast and a human. Even if they didn't speak the same language, they had the same feelings!

No one was born to be a controller. Magic Beasts weren't destined to be reined. Summoners only used their lives to exchange for a helping hand when they contracted with Magic Beasts! All beings were equal and it applied to any world!

Meatball, which had been sitting on Little Fire's head, darted over and jumped on Yun Feng's shoulder. The girl's eyes brightened when she saw Meatball. She immediately pointed at it. "That's it! You have to compensate me with it!"

Meatball couldn't be bothered with the girl at all. It rubbed its cute and fluffy body against Yun Feng's cheek. Yun Feng stroked Meatball's body with her finger. "Do you think I have to give it to you just because you want it? Who do you think you are?" Yun Feng turned around and left. The girl immediately stomped after hearing that. "You two, I'll marry whoever gets that little thing for me!"

After hearing that, the two young men changed their expressions. Yun Feng smiled when she heard that. What did this girl think of love and marriage? She could marry anyone? Yun Feng only found it ridiculous! The handsome young man ran to Yun Feng with nervousness and stubbornness on his handsome face.

"Can you... give it to me... What do you want? I can pay for it!"

Yun Feng raised the corners of her mouth. Although this young man was in cahoots with the girl just then, there was a lot of kindness in his words. His nature should be good. This was only the fault of the girl he fell in love with. "What right do you have to negotiate with me?" Yun Feng narrowed her black eyes slightly and examined the young man in front of her, who was about the same height as her, with a fierce gaze. The young man looked embarrassed and looked at the clothes on his body in hesitation, unable to say anything. "You should give up as soon as possible! I'll be the one that Caihua will marry! Hey! Tell me, what do you want before you hand this thing over?" The boy with average facial features walked over with a determined look. The girl stood aside proudly.

"You think you can make a deal with me?" Yun Feng said impatiently. "Get out of my way!" A shout made the ordinary-looking boy a bit scared. "Do you know who I am? Do you know who she is?" The ordinary-looking boy pointed at the complacent girl. "She's Shi Caihua, the daughter of the Shi family, which is a third-rank family! And I'm Li Zhong, the Young Master of the Li family, another third-rank family! The Shi family of Jushui Town is the most powerful family here, and the Li family is second! You

caused Caihua to lose her Magic Beast today. Aren't you afraid that the Shi family and the Li family won't let you

go?"

Yun Feng looked at Li Zhong and Shi Caihua, and the girl seemed even more complacent at this moment. Yun Feng chuckled. "I really don't want to waste my time on you. After all, it's beneath my status to attack you. I'm too proud to do that." Yun Feng looked at the handsome young man, who was directly ignored. The reason why Shi Caihua took a fancy to him was because of his face and rather good talent. After all, they were able to reach level 5 in their teens, so they could be considered more capable than ordinary people.

"You didn't get that cub with your own strength at all. You just took advantage of the chance when its mother wasn't around. If the three of you defeated that Purple Electric Leopard fair and square, I might applaud and cheer for you! In this world, you can get what you want, on the premise that you're capable of keeping it! If you rely on your own ability to get what you want, others will be proud of you and cheer for you! If you have the ability, you can certainly get things that match this ability!"

The three of them looked embarrassed after hearing that. How would they have the ability to defeat that Purple Electric Leopard? That was a level-6 Magic Beast! Even if the three of them joined forces, they might not be able to gain much advantage! "Why do you care so much? As long as I get it, it's mine!"

Yun Feng laughed. As long as she got it, it would be hers? According to this logic, most of the land on this continent belonged to Yun Feng!

"Strength determines everything. Why don't you just shut up?" said Yun Feng casually as she walked forward. The girl couldn't help but roar, "What are you two doing? Do something!" Yun Feng's black eyes darkened. Even though she was trying to be nice, these people still wouldn't listen! They were truly stubborn!

The two young men were in a dilemma. They couldn't be cowards in front of the girl! They knew that they couldn't provoke this person, but they could only fight! The two level-5 young men immediately burst out with fighting energy all over their bodies. Both of them attacked Yun Feng with a roar. In Yun Feng's eyes, the attack that they launched with their full strength was nothing!

"Argh!" "Argh!" The miserable figures of the two young men flashed in the sky. Yun Feng didn't say anything. She just stood there and sent the two young men flying with her invisible mental strength! The two young men were knocked to the ground and looked like a mess. They got up from the ground with redness on their faces. They weren't hurt at all, but they were thrown away. They knew that Yun Feng didn't mean to hurt them.

"Why are you still standing there? Attack!" The girl couldn't help but shout angrily when she saw that. Both of them were in a dilemma. Yun Feng didn't mean to hurt them, and they should know better than to attack her again. However, the girl's urging sounded in their ears. The handsome boy couldn't help but say, "Caihua, we can't beat that person."

#### **Chapter 636 Meeting (4)**

“Shut up! Yun Luochen, I knew you’re just a piece of worthless garbage. Coward!” The girl screamed. Li Zhong smiled gloatingly on the side. He had wanted to say the same, but let this kid take her criticism for him.

The handsome young man’s self-esteem was obviously hurt. He stood up from the ground and rushed forward without caring about his life. Li Zhong watched with a smile at the corners of his mouth, but Yun Feng didn’t throw the young man away this time. The young man rushed in front of Yun Feng fiercely and raised his hand fiercely to hit her, but Yun Feng grabbed his wrist gently.

She looked at the young man with her clear black eyes. There was undisguised excitement in her eyes. “What’s your name?” Yun Feng held the young man’s wrist. Warmth came from the young man’s wrist. The young man looked at Yun Feng’s face at such a close distance. Not only did his cheeks turn red again, but he also forgot about the attack he was about to launch. He replied in a daze, “Yun Luochen.”

The people and Magic Beasts watching on the side were all stunned. Little Fire and Lan Yi both looked at the young man in astonishment. Qu Lanyi also glanced over and carefully sized up the young man. Only Yan Che and Yaoyao looked confused. They didn’t understand why they were so excited. They only knew that this young man was also surnamed Yun. Yun Feng was unusually excited at this moment. She searched the entire Bright Moon Hall, but didn’t find any clues about the branch of the Yun family. However, she ran into one the moment she entered the Ancestral Forest Hall? Yun Feng tried to calm down. Was it just a coincidence? The surname Yun didn’t necessarily mean that it was the bloodline of the Yun family. Perhaps it was a whole different family. Yun Feng tried her best to calm herself down. However... the excitement in her heart kept erupting like a volcano!

“Yun Luochen, what are you doing?” The girl’s voice came again. Seeing Yun Luochen’s frustrated look, Li Zhong got up from the ground and stood next to Shi Caihua. “Caihua, that kid is staring at other women. Why do you need him? I’m the only one who’s devoted to you.”

Shi Caihua rolled her eyes at Li Zhong and cursed in her mind. Did he not know how ugly he was? If it weren’t for his familial background, she wouldn’t have bothered to hang around with him at all! As Yun Luochen’s delicate face turned slightly red, Shi Caihua’s heart raced. Even though Yun Luochen’s family background wasn’t good, he was good-looking and had a good personality. If he had behaved better, she would have accepted him reluctantly. She thought highly of him! But now, he was looking at another woman like this. Damn it!

“Yun Luochen! Don’t you like me? If you like me, why are you looking at other women?” The girl’s voice suddenly made Yun Luochen come back to himself. The young man awkwardly wanted to shake Yun Feng’s hand off. Yun Feng knew that his surname was Yun. How could she let him go? There were some things that she had to ask clearly. If he was really from the branch of the Yun family, how lucky would she be?

“She’s not worthy of your affection,” said Yun Feng casually as she let go of Yun Luochen’s wrist. “Such a disloyal girl doesn’t deserve you at all.” Yun Feng looked at Yun Luochen with burning black eyes. Yun Luochen blushed again. Shi Caihua couldn’t help but feel guilty after hearing that. “I’m not disloyal! I’m just making comparisons! Luochen, Ah Zhong, don’t listen to that woman’s nonsense!”

Yun Feng chuckled. "You knew it was dangerous, but you still let them take the lead. Do you really like them? Or are you just using and manipulating them?"

The girl's face immediately turned pale. Both Yun Luochen and Li Zhong looked deep in thought after hearing that. Shi Caihua looked at her anxiously and roared, "That's not true! That's not what I think. Shut up!"

"I think we should go back." Li Zhong's face was gloomy. Shi Caihua was extremely guilty because of what Yun Feng said. It was already wrong for her to flirt with these two people simultaneously. They didn't object to it, so she thought she deserved it and wandered between them. She had a sense of vanity. After all, Yun Luochen was good-looking and Li Zhong had a good family background. Shi Caihua had always enjoyed having these two people by her side unconditionally. Now that she was embarrassed by what Yun Feng said, she couldn't say anything else.

"Humph!" Shi Caihua turned around and left. Seeing that Yun Luochen didn't intend to leave immediately, she roared, "Yun Luochen! If you don't leave now, don't come and see me again!"

Yun Luochen's body shook and he immediately turned around to follow. However, he turned back and glanced at Yun Feng again. Yun Feng didn't say anything else and let him go. After the three young men left, Yun Feng still looked in the direction Yun Luochen left with excitement in her heart. It seemed that there should be news of the Yun family in this town on the border. It was hard to say if it was the Yun family she was looking for.

A warm hand rested on Yun Feng's body. Yun Feng turned around slightly and saw Qu Lanyi's warm smile. "Is he your family?" asked Qu Lanyi softly. Yun Feng wanted to nod, but she wasn't sure. She also wanted to know. Yun Luochen, was the Yun family of Jushui Town the same bloodline as the one she was looking for? She would soon have an answer. Yun Feng took out the Finger Spiritual Jade. Yun Luochen's aura had already been absorbed into it. There was a light on the jade, which pointed at Yun Luochen. Looking at Yun Luochen's direction, Yun Feng walked forward with a smile, feeling indescribable joy in her heart. Even if he wasn't the branch of the Yun family she was looking for, she would still be happy to meet someone with the same surname as hers. She would visit him in private and check the Yun family in this town. Yun Feng believed that she could get the answer she wanted. Jushui Town was a small town on the border of the Ancestral Forest Hall. In a remote corner of Jushui Town, in front of a small house, a young man pushed the door open and entered. After closing the door, the young man looked at the rather shabby yard and couldn't help but speak in self-mockery, "I'm back!"

A few people in the yard greeted the young boy. "Luochen, you're back." "Did you go out with Miss Shi again? Did she say anything?"

"How's your relationship with Miss Shi?"

Questions came one after another. The young man felt a bit of a headache after hearing them. He gave them a perfunctory answer that satisfied these people, and then ended it. The young man walked to a room, pushed the door open, and entered. He fell on his broken bed and heaved a sigh of frustration.

This was his home. In this Jushui Town, in the area of the Ancestral Forest Hall, it was an unimportant family at the bottom of society, and it didn't even have a rank.

### Chapter 637 Meeting (5)

"Luochen." A serious voice came from outside the door. Yun Luochen jumped off the bed and opened the door. A tall and slim man stood outside with a handsome face. "Father." Yun Luochen called softly. The tall and slim man walked in with a frown.

"You went out with Shi Caihua?" asked the tall, slim man. Yun Luochen nodded and sat on the bed with his head lowered.

"How's your relationship with Shi Caihua?" asked the tall, slim man again. Yun Luochen frowned. "Same old."

The tall and slim man didn't say anything else. After a long time, he sighed slightly. "Luochen, I know it's a bit inappropriate for you to do this, but for the future of the Yun family, this is the only way... You must establish a good relationship with Shi Caihua. If possible, you should..."

"Father!" Yun Luochen, who was sitting on the bed, finally raised his head. There was a painful look on his young face. "You can use me. After all, I'm your son. There's nothing wrong with asking me to do what you want! But why did you sell out your son in exchange for a friendship with the Shi family? If the Yun family doesn't have the ability to go that far, why bother trying? I really don't understand. Father, why..."

"Pa!" A clear slap sounded in the air. Yun Luochen sat there with a burning pain on one side of his face. The tall and slim man raised his hand with a look of suppressing his anger on his face. Although he was suppressing the anger in his heart, he had already swung his hand down.

Yun Luochen raised his head in a daze and looked at his father. The tall and slim man had a cold look on his face. "Yun Luochen, don't forget what your surname is. As a member of the Yun family, throw that thought out of your mind! The Yun family doesn't have the strength right now, but it doesn't mean that we won't have it in the future!"

"Then why..." Yun Luochen mumbled. If they were so ambitious, why did he have to get close to someone he didn't like? He was asked to get close to Shi Caihua and even say that he liked her against his will! What was that?

"You don't have to get close to Shi Caihua anymore. The Yun family doesn't need you!" After saying that, the tall and slim man walked out. Yun Luochen sat on the bed in a daze and looked somewhere in a daze. What did his father mean just then? The Yun family didn't need him anymore? Yun Luochen kept thinking in his mind. His body suddenly fell on the bed behind him, stirring up a bit of dust. He put his hands in front of his eyes and pressed them hard. Yun Luochen suddenly felt that his eyes were a bit sore. The Yun family... didn't need him anymore?

**sa**

"We meet again." A clear voice suddenly appeared in the room. Yun Luochen shivered and immediately sat up from the bed. When he saw clearly that the person who appeared in front of him was the beautiful girl just then, Yun Luochen blushed. "W-Why are you here?" Yun Luochen looked at Yun Feng

in shock. He didn't hear the sound of the door opening. She seemed to have appeared here silently! Yun Feng smiled and looked around the room. When she came in just then, she had already looked around the house. It was very dilapidated and there were more than a dozen people living in it. Obviously, the family's financial situation and social status should be a bit embarrassing. If this was really the branch of the Yun family she was looking for, Yun Feng would really feel heartbroken. "Yun Luochen." Yun Feng called Yun Luochen's name. Yun Luochen nodded dazedly. He didn't know what Yun Feng was going to do, but he had a feeling in his mind that Yun Feng wouldn't hurt him. Yun Feng didn't know what to say for a moment. How should she find out if this Yun family was the Yun family she was looking for?

**a**

"Did your father tell you anything about the Yun family?" Yun Feng asked casually. Hearing that, Yun Luochen suddenly looked vigilant. "Why do you ask?"

Yun Feng chuckled. It seemed that Yun Luochen's father must've said something, considering that he was so vigilant. "You don't have to be so vigilant against me. If you're really the person I'm looking for, we have a deep relationship."

Yun Luochen blushed after hearing that. "W-What are you talking about? The Yun family has nothing! If you want money and treasures, I'm afraid your hope will be dashed!"

Yun Feng was delighted to hear this and laughed. "Aren't you going to ask my name?"

Yun Luochen was stunned. "Your name? Why should I ask your name? Your name doesn't have anything to do with me..." What was it? Yun Luochen wanted to continue, but what Yun Feng said made him completely speechless.

"My name is Yun Feng." Yun Feng said indifferently as she looked straight into Yun Luochen's eyes. At that moment, she seemed to see something familiar in the young man's eyes. Yun Luochen was stunned. He looked at Yun Feng and couldn't react for a moment. "W-What did you say your name is?"

"Yun Feng." Yun Feng said her name clearly and firmly. Yun Luochen's black eyes widened abruptly as he stood up from the bed. "Y-You... Your surname is Yun!" Yun Luochen blushed again. Yun Feng chuckled and nodded when she saw how excited he was.

Yun Luochen suddenly jumped off the bed, opened the door and ran out. Yun Feng sat there and didn't react for a moment. She was about to get up and chase after him, when she saw Yun Luochen running back anxiously with another man. The person he dragged was a tall and slim man.

Yun Feng slowly sat back on the chair and looked at the tall and skinny man. Yun Feng only needed to glance at him to know that this man had the same temperament as her sullen father. That stubborn personality that seeped into his bones. Although this man was a bit younger than her sullen father, the firmness between his brows didn't lose to her sullen father's at all!

"What are you doing?" The tall, skinny man, who was dragged here by force, looked at Yun Luochen angrily. Yun Luochen didn't look any better. The tall, skinny man suddenly saw Yun Feng, and Yun Feng nodded at him with a smile. The tall, skinny man was startled for a moment, and then put on a defensive look. "Luochen, who is she?"

Yun Luochen closed the door gloomily. "I want to ask you. Who is she? She said her surname is Yun. Father, I didn't know you had a daughter!"

After hearing that, the tall and slim man was stunned, and so was Yun Feng. Yun Luochen stood there with a gloomy face and boiling fury in his eyes. "My mother died not long ago, and this daughter of yours has popped up! You betrayed my mother! You don't deserve to be the leader of the Yun family!"

### **Chapter 638 Meeting (6)**

"Nonsense! What daughter? You're the only child I have in my entire life!" The tall and slim man roared and looked at Yun Feng with an unpleasant look. "Little girl, who exactly are you? The Yun family doesn't have anything that you can take advantage of. You should just leave!"

Yun Feng laughed, and her laughter echoed in the room. Yun Luochen and the tall, skinny man looked at Yun Feng in surprise. Yun Feng slowly stood up and restrained her smile. "It seems that my ambiguous introduction made you misunderstand something. Let me reintroduce myself. I'm Yun Feng from the Yun family of the East Continent!"

"East... East Continent!" Yun Luochen looked at Yun Feng as if he had seen a ghost, as if she was talking about the biggest joke. The tall, slim man next to her stared at Yun Feng as if he was examining her. There wasn't much surprise in his eyes. He was much more poised

"There's a Yun family on the East Continent?" Yun Luochen didn't get an answer to his question, and then another one popped up. Yun Feng nodded. "I thought the Yun family on the East Continent was the only one at first, but now I know that the Yun family also exists on the West Continent."

The tall, skinny man didn't say anything. Yun Luochen was still shocked. Yun Feng knew that it would take some time for this young man to accept this reality, but his father was obviously mentally prepared for this. Otherwise, he wouldn't be so calm.

"Hm... I should call you..."

"Yun Tianfan." The tall, skinny man said his name. Yun Feng nodded. "Uncle Tianfan, you look a bit younger than my father, Yun Jing. You don't mind if I call you uncle, do you?" Yun Feng looked at Yun Tianfan's handsome appearance. The members of the Yun family were all the same. They were beautiful on the outside. Even though Yun Tianfan was very skinny, he was still handsome.

Yun Tianfan was stunned for a moment, and then nodded. Yun Luochen heard Yun Feng call his father uncle, but he still couldn't figure it out. "What exactly is going on? Why did the Yun family... go to the East Continent? Isn't it

us?"

"Uncle Tianfan, do you know anything or nothing at all?" Yun Feng didn't want to tell him everything without knowing the situation clearly. After all, the Yun family was a mysterious family. That enormous Yun Palace was a distant and unfathomable secret. Even Yun Feng wouldn't have thought that the Yun family would have a place of such scale back then! And the senior of the Yun family, Yun Zhan, who was still there. It was already obvious how glorious the Yun family used to be! How did the glorious Yun family end up in such a state today was truly unbelievable!

This also proved that the Yun family had encountered something. Whether it was a natural disaster or caused by its enemies, the answer was unknown. In Yun Feng's opinion, this was a shocking secret. Besides, there was also the existence of the Yun family's headquarters. Once it was exposed, would there be any bloodshed?

Yun Tianfan frowned slightly and examined Yun Feng for a long time with his black eyes. There was a fierce light in his black eyes that seemed to be able to penetrate the soul. Yun Feng let Yun Tianfan size her up like this. Yun Luochen looked at the two people who were talking to each other. "Father, you..." Do you really believe her?

"Yun Feng, come with me." Yun Tianfan heaved a sigh in the end. Yun Feng nodded and immediately followed him. Yun Luochen also followed behind curiously. There were more than a dozen people living in the Yun family's yard, which wasn't too big and was rather dilapidated. Some people couldn't help but feel extremely surprised when they saw Yun Feng appear out of nowhere, especially when Yun Tianfan led Yun Feng to the Yun family's ancestral hall!

"Father!" Yun Luochen followed behind. Seeing that Yun Tianfan had already pushed open the door of the ancestral hall and was about to take Yun Feng in, Yun Luochen couldn't help but shout loudly. He dashed forward and stood in front of Yun Luochen, firmly closing the door of the ancestral hall with both hands. The young boy's eyes were already filled with layers of fury!

"Luochen, get out of the way!" Yun Tianfan said in a deep voice. Yun Luochen stood there stubbornly. "This is the ancestral hall of the Yun family! Why are you bringing her in? What if she's not a member of the Yun family?"

Yun Tianfan's eyelids twitched a few times and he pushed Yun Luochen aside with his hands. Seeing his father's stubbornness, Yun Luochen was anxious. "Father! As the master, aren't you too reckless?"

The ancestral hall was the most sacred place in every family, even more so in the Yun family! Even the members of the Yun family didn't come and go as they pleased! Only the masters of the family were free to enter! In Yun Luochen's mind, Yun Feng, who suddenly appeared and claimed to be a member of the Yun family, was truly suspicious! However, Yun Tianfan brought Yun Feng to the ancestral hall without asking in detail, which made Yun Luochen feel even more ridiculous! When did his father become so careless? Did he really believe it so easily?

Yun Feng chuckled. She was delighted to see Yun Luochen's vigilant look. Yun Luochen's performance was what she hoped for. The members of the Yun family should be 100% loyal and loving to their own family! If an outsider violated the Yun family, they would be unforgivable!

Yun Feng had a headache. How could she prove her identity as a member of the Yun family? The Yun family didn't have any tattoos or symbols. Besides, she was from thousands of miles away. She wouldn't believe it if a person from the West Continent claimed that his surname was also Yun! She did have a badge with the word "Yun" in the Yun Palace, but that thing was meant to contact the headquarters of the Yun family, so she couldn't take it out easily. This was a bit difficult.

"Shut up!" Yun Tianfan shouted with a sullen face. Yun Luochen stood there angrily and looked at Yun Feng with obvious hostility. Yun Tianfan opened the door of the ancestral hall and walked in himself. "Yun Feng, come in. Luochen, come in too."

Yun Luochen was stunned. Yun Feng walked into the ancestral hall with a solemn expression. Yun Luochen naturally didn't fall behind. After the two of them walked in, the ancestral hall slowly closed. The other members of the Yun family were all a bit curious and were discussing in a low voice.

After the door of the ancestral hall was closed, it fell into darkness. The room used as the ancestral hall didn't have a window, but gradually, there was light in this room. There was a row of glowing stones on the wall!

When the light completely filled the room, Yun Feng saw the layout of the ancestral hall clearly. Even though the West Continent was far away from the East Continent and this place was tens of thousands of miles away from Chunfeng Town, Yun Feng still felt like she was back in Chunfeng Town in a trance. She was back in the ancestral hall of the Yun family on the East Continent! The decoration was exactly the same. Even though the plaque that was enshrined contained unfamiliar names, those people all had the surname Yun!

### **Chapter 639 Unique (1)**

Yun Tianfan knelt on the ground with a serious expression. Yun Feng also knelt down naturally. Her movements were so natural and her expression was so solemn. Yun Tianfan saw the expression on Yun Feng's face from the corner of his eye and a glint of darkness flashed in his eyes. Yun Luochen also knelt on the ground immediately. In this ancestral hall, no one spoke easily. There were only calm and steady breathing sounds.

Yun Feng knelt on the ground and glanced at the plaques that were enshrined with her black eyes. These were the ancestors of the Yun family of the West Continent. When Yun Feng glanced at something, the corners of Yun Feng's eyes became slightly sore and hot. The volcano in her heart burst out. She had found it. She found the branch of the Yun family, and the people she was connected to by blood!

The Yun Family Badge that was emitting a faint luster was enshrined at the top. It looked like an accessory for decoration, but Yun Feng saw the word "Yun" engraved on the back! Yun Feng flipped her hand, and the Yun Family Badge she got in the Yun Palace appeared in her hand. Seeing this, Yun Tianfan's breath tightened and he looked at Yun Feng in surprise.

Yun Luochen also looked at the item in Yun Feng's hand in shock. If he hadn't seen Yun Feng's movement with his own eyes, Yun Luochen would have thought that his item had run to Yun Feng's hand! "I don't think we need to prove it anymore. We're family. We're members of the Yun family who share the same bloodline!" Yun Feng held the Yun Family Badge tightly and looked at Yun Tianfan with her clear black eyes. Her face was full of excitement. Yun Tianfan suddenly put on a smile.

"I didn't wait for nothing. I really didn't wait for nothing... I've never believed that the Yun family would still exist in other places. But now, it seems that it's true."

"Father, what do you mean?" Yun Luochen was a bit dumbfounded when he heard that. Yun Tianfan looked at his son and then slowly talked about this thing that he had been hiding in the bottom of his heart. "Luochen, the Yun family doesn't just include us. There are traces of the Yun family on the East Continent and even the Central Continent!"

Yun Luochen suddenly widened his eyes. Yun Tianfan had never said anything like this. So... the Yun family was scattered on this vast continent! Yun Tianfan slowly opened his mouth and talked about it.

What he said was only a rough idea, but Yun Tianfan knew much more than Yun Jing. He knew the existence of the Yun family's headquarters, the Yun Family Badge, and the existence of the Yun family's bloodline on the East Continent. Yun Jing didn't know any of these at first.

Yun Tianfan also told Yun Luochen about the Yun Family Badge. He only said that the Yun badge was the only way to contact the headquarters. However, he didn't know how to open the Yun Family Badge these years, so he could only put it in the ancestral hall and gradually turned it into a decoration.

"To open the Yun Family Badge, you must reach the Lord Level," said Yun Feng casually. Yun Tianfan and Yun Luochen were shocked again. The Lord Level! It turned out that the Yun Family Badge could only be opened after reaching the Lord Level! Yun Tianfan smiled wryly after hearing that. "No wonder... This Yun Family Badge is wasted here."

Yun Luochen was a bit ashamed. He was fifteen this year and his strength was only at level 5. Among his peers, he was considered smart, but he was a thousand miles away from the level of the Lord! He could only open the Yun Family Badge when he reached the level of the Lord. It was still a question if he could reach that level!

"Yun Feng, you must have reached the Commander Level by now, right?" said Yun Tianfan with admiration in his voice. If Yun Feng had reached the Commander Level at such a young age, Yun Tianfan would think that she had extraordinary talent. But Yun Feng's answer shocked Yun Tianfan again.

"Uncle Tianfan, I'm in the mid-stage of the Monarch Level right now." Yun Feng didn't hide her strength in front of the Yun family and told the truth. However, such a truth made Yun Tianfan and his son feel like they were struck by lightning!

"Mid-stage of the Monarch Level!" Yun Luochen exclaimed. Yun Tianfan was also quite shocked. Then, he exclaimed even more admiration, "The Yun family of the East Continent must be all-powerful! The Yun family is quite lucky to have a descendant like you!"

Yun Feng chuckled. Was the Yun family of the East Continent all-powerful? "You're too kind, Uncle Tianfan. We're just an ordinary family." Yun Feng was being humble. Although the Yun family of the East Continent had fewer members, their status was absolutely high. Even the four empires didn't dare to provoke them easily! If it were on the West Continent, it would be a family that even the three halls had to yield to!

"You've reached the Monarch Level! Are you an old monster?" What Yun Luochen said made Yun Tianfan's face darken. "Luochen, what are you talking about?"

What Yun Luochen said wasn't unreasonable. According to Yun Feng's age, it was already outstanding for her to reach the Commander Level! However, Yun Feng was at the Monarch Level. Nobody would believe that she had reached the Monarch Level at such a young age!

Yun Feng simply smiled gently. "Old monster? Not really. But someone did say that I'm a monster." Yun Luochen raised the corners of his mouth. Yun Tianfan looked at Yun Feng with approval in his eyes. The more he looked at her, the more he felt proud from the bottom of his heart. Even though he didn't live on the same continent as she did, she was still a genius of the Yun family after all! Other families would definitely envy such a talent! "Is Yun Feng a warrior or a mage?" asked Yun Tianfan. He didn't even think about summoners at all. Yun Feng smiled. "I'm a summoner."

“What?” Yun Luochen exclaimed again. The father and son of the Yun family had been shocked a lot in such a short period of time. They subconsciously looked at Yun Feng’s finger. They were a bit puzzled, as they didn’t see the Ring of Contract. Yun Feng smiled. “I don’t like wearing that ring. I feel that it’s a bit troublesome.” As soon as she said that, two rings appeared in Yun Feng’s hand. Yun Tianfan’s eyes widened abruptly. “Double-element summoner? Are you a double-element summoner?”

Yun Feng was about to say no, but she changed her mind. “Yes, you can say that.” She shouldn’t talk about the five elements just yet.

Yun Luochen looked at the Rings of Contract in Yun Feng’s hand with glittering eyes. He’d be lying if he said he wasn’t envious in his mind! A summoner! A Monarch Level summoner! A double-element summoner at the Monarch Level! How could there be such an awesome person in this world?

“Alright, alright!” Yun Tianfan was full of excitement after the initial shock and his voice also trembled slightly. Yun Feng knew Yun Tianfan’s mentality at this moment. He was probably feeling the same as her sullen father did when he found out that she was a summoner. It was a kind of joy and pure pride!

## **Chapter 640 Unique (2)**

“The Yun family is truly lucky to have you! If the headquarters of the Yun family knows of your existence, they’ll definitely be delighted!” Yun Tianfan looked at Yun Feng with relief and Yun Feng nodded. “If I can help the headquarters of the Yun family, I’ll do my best!”

Yun Tianfan nodded. “Then, the Yun family will depend on you!” His solemn words didn’t only remind Yun Feng of her responsibility, but also carried earnest hope!

“Father, I’ll try my best too!” Yun Luochen said, unwilling to be outdone. Yun Tianfan, on the other hand, suddenly became cold. “Why are you messing around with me? You’re too weak to contribute until you’re in your seventies? The Yun family won’t need you by then!”

What she said hurt Yun Luochen’s self-esteem. His face was covered with a layer of dark clouds. Yun Feng couldn’t help but say when she saw that, “Uncle Tianfan, Luochen is quite talented. If he works hard and studies hard, he’ll become great sooner or later.”

Yun Tianfan didn’t say anything. In the end, he patted Yun Feng’s shoulder. “We can only do our best. The Yun family’s hope is on you.”

Yun Luochen lowered his head and clenched his fists hard. Yun Tianfan stood up. “Do what you need to do with Shi Caihua. Yun Feng may be a member of the Yun family, but she has her own things to do. As my son, you have responsibilities that you can’t avoid.”

Yun Luochen lowered his head and accepted the task reluctantly. After hearing this, Yun Feng suddenly understood. Yun Tianfan and her sullen father were truly stubborn people. Even if they revealed their identities to each other, even if they knew that she was also a member of the Yun family, this stubborn family’s master still wouldn’t rely on her. To be exact, he didn’t want to trouble her.

“Uncle Tianfan, by calling you uncle, I won’t treat you as an outsider. Are you still treating me like an outsider?” What Yun Feng said made Yun Tianfan’s body tremble slightly. “When I learned that the blood of the Yun family existed on the East Continent, my father Yun Jing, my brother Yun Sheng and I were all looking forward to seeing our family. I came to the West Continent from the East Continent not

only to train myself, but also to find my family! Now that I've found them, why are you still treating me like an outsider? Isn't your business my business?"

Yun Luo Chen slowly raised his head. He was a bit surprised by what Yun Feng said. Even though they were both surnamed Yun, they were from different continents after all. They weren't really familiar with her, right? They didn't have anything in common except their surname!

"Yun Feng, the Yun family of the West Continent shouldn't concern you. You have more important things to do."

Yun Feng only shook her head gently after hearing that. "I do have something very important to do. The most important thing for me is my family!" "I know you're doing this for our own good, but..."

Yun Feng suddenly smiled. Yun Tianfan was truly like her sullen father. No matter how painful or difficult it was, he would rather grit his teeth and bear it alone. Even if he couldn't bear it, he had to!

"Uncle Tianfan, you're truly like my father, Yun Jing." There was a smile at the corners of Yun Feng's mouth. "I won't stand by and do nothing. I'll definitely help the Yun family to the end as long as the Yun family needs me! Even though I was born in the Yun family on the East Continent, we're both surnamed Yun. We have the same blood flowing in our bodies. We'll suffer losses and be glorious together!"

Yun Tianfan was greatly shocked. He gazed at the girl in front of him. They had just met, but the blood of the Yun family flowing in their bodies tied them together! Even though they were separated for a long time, it couldn't wash away the familiarity in the blood and the strong bond that was engraved in their bones!

Yun Tianfan didn't insist anymore. He touched Yun Feng's head with trembling hands. "Alright, thank you."

Yun Feng put on a sweet smile and her black eyes had a clear glint. "Uncle Tianfan, leave it to me." Ever since the burden of the Yun family fell on Yun Feng's shoulders, Yun Feng knew that the responsibility was heavy. When she knew that there were still branches of the Yun family, Yun Feng also knew that she would find them sooner or later. In her heart, the Yun family was her root. She would do everything for the Yun family because she was a member of the Yun family and her surname was Yun!

The Yun family of Jushui Town in the Ancestral Forest Hall on the West Continent, an unimportant little family, welcomed an unexpected visitor today, and embarked on a new journey.

Since Yun Feng decided to take on the responsibility of the Yun family on the West Continent, she certainly had to change the current situation of the Yun family. Judging from the place where the Yun family lived, Yun Feng knew that the Yun family in Jushui Town was in a similar situation to the Yun family in Chunfeng Town back then, and it was a bit different.

Back then, the Yun family of Chunfeng Town had been maliciously suppressed, but the Yun family of Jushui Town had gradually declined since a long time ago. It could be said that they had never shown off their talents from the beginning to the end. Yun Tianfan explained the current situation of the Yun family in detail, without hiding anything at all. Even though it was a bit embarrassing to say it out loud, Yun Tianfan told her everything truthfully. The Yun family was an unranked family. In other words, the Yun family was the kind of small family that had the least status and the least power in the Ancestral

Forest Hall. An unranked family could be said to be a disgrace. There were many families in the area of the Ancestral Forest Hall. There was also a clear division between the families. From the fourth rank to the first rank, most families were at the fourth rank. The better ones were at the third rank, followed by the second rank, followed by the first-rank families with the most influence and power.

There were many fourth-rank families. The third-rank families were the leaders of every village and town. The second-rank families were the tyrants in larger cities. The first-rank families were the core families that lived in the headquarters of the Ancestral Forest Hall.

There was a huge difference in the privileges of every rank. It was like a strictly hierarchical world. There were huge differences in every world, and the treatment they enjoyed was also different. The unranked families were completely excluded. They were all small and weak families. These small families could only rise by building a relationship with some other families or having an astonishing genius. However, these two situations were very rare. The Yun family of Jushui Town had its glorious times too, but it had only reached the third rank. Then, it began to decline constantly. It went from the third rank to the fourth rank, and then it was squeezed out of the fourth rank, all the way to its current level, where it had been stuck for many years.

Although Yun Tianfan was very calm when he talked about this experience and his expression didn't change much, Yun Feng noticed the bitterness and pain in his eyes. This family master was even younger than Yun Jing and the Yun family he took over was in a much worse situation than Yun Jing's. The Yun family in Chunfeng Town had at least had such glorious moments. At the very least, the family had a strong foundation and even had a summoner ancestor. However, the Yun family in Jushui Town had nothing. The highest level was the third rank, which was nothing. The wealth of the family was also used up in these years. Otherwise, they wouldn't be living in such a dilapidated house.
