

## Summoner 651

### Chapter 651 The Special Training Begins (3)

Yun Feng ignored her and simply gazed at Yun Tianfan. "I don't know the family rules here. Uncle Tianfan, as a daughter-in-law of the Yun family, she cheated on her husband. How should we punish such a person?"

Everyone was stunned! She cheated on her husband?! Yun Tianfan's face turned cold. Yun Tianling couldn't help but say, "That's impossible!"

"Even though my sister-in-law hasn't been very friendly, she wouldn't do such a thing!" Yun Tianlin's wife didn't believe her either. Yun Feng raised the corners of her mouth and looked at the woman on the ground coldly. "The Yun family trusts you so much, but you treat this trust like dirt!"

The woman opened and closed her mouth, wanting to say something. Yun Feng moved her fingers slightly. "Don't listen to her nonsense! She's lying. I didn't! I definitely didn't!"

"Where did you get your clothes from?" asked Yun Luochen. The woman was stunned. She was wearing the best clothes! She would always take them off after she returned to the Yun family after having an affair and put on those tattered clothes. However, Yun Feng forcibly tied her up today and she didn't have time to do that!

"I don't think Uncle is rich enough to buy such clothes. Auntie, where did you get your money?" Yun Luochen said bluntly. He had seen through this woman's nature. He believed what Yun Feng said. This woman was a disaster for the Yun family!

"This is... This is..." The woman couldn't say it. "I picked this outfit up!"

"You picked it up?" Yun Feng raised her brows. "You're shamelessly saying that you didn't. I'm not the only one who knows that you cheated. Are those people from the Li family all dead?"

"The Li family!" Yun Tianling roared. The woman's body shivered and Yun Tianfan's face darkened completely. Yun Tianlin's wife, who wanted to speak for the woman just then, also looked at the woman on the ground. "Sister, did you really..."

"I was forced! He threatened me, so I... I was wronged. I didn't want to! Tianling, I didn't want to!"

"You don't want to?" Yun Tianling suddenly shouted with red eyes. "I, Yun Tianling, really married a good woman! Not only was I cuckolded for so long, but I also humiliated the Yun family for so long! Why was I so stupid to marry you back then? Why was I so idiotic to fall for you back then?"

"Yuntian Ling! You're not a man at all! Have I ever lived a good day since I married into the Yun family? What kind of life have I been living every day? An unranked family? Bah! You don't have the ability to let me live a good life. Can't I find a capable man? What's wrong with me wanting to live a good life? What's wrong with that?"

"Sister, you..." Yun Tianlin's wife looked at the woman on the ground with a gaze that seemed to stimulate the woman on the ground even more. "What kind of gaze is that? Don't tell me you've never regretted it! I don't believe you don't want to live a good life at all!"

“What do you mean by a good life? A life of luxury behind high walls in a vast courtyard is a good life?” Yun Feng chuckled. “Were you satisfied with these things? Was your heart no longer empty?”

The woman on the ground held her breath and grabbed the soil on the ground with both hands, holding it in her hands. Yun Tianlin’s wife said softly, “Sister, I’ve always been happy, because even though my life is simple with the man I love, it’s enough for me.”

“Hmph! You only know how to say hypocritical things! I don’t want to live such a life. I don’t!”

“Stop talking!” shouted Yun Tianling. He felt humiliated. “I’ll let you deal with this woman. You can do whatever you want with her!” Yun Tianling turned around and left after saying that. This man’s dignity had been severely damaged. It was already his limit to not lose his mind and strangle this woman with his own hands. Yun Tianling’s muscles had been tight all the time. It was obvious that he was trying hard to suppress the anger and sorrow in his heart.

“Those who betray the Yun family will be removed from the Yun family forever. They will have nothing to do with the Yun family,” said Yun Tianfan in a deep voice. Yun Feng thought that the punishment was light, but this was the Yun family’s business in Jushui Town after all. She couldn’t interfere too much.

“Hahaha! It’s great that I’m removed! I can’t wait to leave the Yun family!” The woman burst into laughter. Yun Feng’s eyes were cold, and the Water Chains immediately disappeared. The woman moved her body and got up from the ground. “You’re expelled from the Yun family!” Yun Tianfan waved his hand. “Get out of here right now!” The woman wanted to say something else, but she didn’t say anything in the end. She walked out of the door of the Yun family in the luxurious clothes that had been stained. If she knew what kind of family she was stepping out of right now, she would regret such a decision for the rest of her life. The facts in the future would prove that this woman lived the rest of her life in pain and regret.

The atmosphere at the scene had been a bit stiff. After all, it was a fact that the Yun family had been cuckolded. “I’ll talk to my brother. He won’t do anything,” said Yun Tianfan. Yun Feng said, “The man from the Li family is already dead.” Yun Tianfan and Yun Tianlin were both shocked. Yun Luochen also glanced at Yun Feng in surprise. He couldn’t tell that she had a bad temper. She killed someone just like that!

“The current situation must be changed. The Li family must give the Yun family an explanation!” What Yun Feng said made Yun Tianfan and Yun Tianlin ponder for a long time. “You mean...” Yun Tianfan looked at Yun Feng thoughtfully. Yun Feng nodded. “That’s right. The Li family has been the second strongest family of Jushui Town for too long.”

Yun Luochen widened his eyes in shock. Yun Feng glanced at him. Yun Luochen pointed at himself and asked silently if it was him. Yun Feng chuckled. “Yun Luochen, do you think I have to do everything for you? Don’t you have the sense of responsibility of a man at all?”

Yun Luochen blushed. “Of course I do! I, Yun Luochen, am not a coward! If anything happens to the Yun family, I’ll certainly be the first to rush forward!”

Yun Tianfan looked at his son in relief, and then became serious. “It’s not impossible to challenge the Li family, but our representative must be from the younger generation. Luochen’s talent is worse than Li Zhong’s, and he can’t improve too much in a short time. If SO..”

“Don’t worry. The Yun family will replace the Li family this time!” Yun Feng’s confident words instantly convinced everyone. Yun Tianfan looked at the little girl in front of him. With her here, the Yun family would definitely

win!

#### **Chapter 652 The Special Training Begins (4)**

The news of the Yun family’s divorce immediately spread throughout Jushui Town. The gossip of the Yun family being cuckolded also spread quickly in Jushui Town. People learned of the death of the Li family’s leader’s brother in the hands of the Yun family too. The feud between the Yun family and the Li family spread like wildfire. Most people were mocking and ridiculing them. Some people were in the mood of watching a good show. It had been a long time since such an exciting drama took place in Jushui Town. Now that it finally came out, wouldn’t they enjoy it? They originally thought the Yun family and the Li family would fight to the death, but they didn’t expect the Yun family and the Li family to be so quiet. They didn’t know what those families were busy with.

There was no conflict or arguments. After the divorce, the Yun family didn’t do anything else. The two families seemed to have forgotten about this matter, which made the residents of Jushui Town very confused. What was going on? This was too abnormal! They swallowed their anger after being cuckolded. Were the men of the Yun family still men? And in the Li family, the brother of the Li family’s master, was dead. The Li family was still a third-rank family! They didn’t attack the unranked family in revenge. They were too cowardly, weren’t they?

Speculations arose everywhere. People in Jushui Town were talking about the Li family and the Yun family. There were all kinds of curses, but there was still no action from the two families. The people in Jushui Town were really confused. What were they doing?

As for the woman who was banished by the Yun family, she didn’t have a place to stay. She didn’t have anything except the luxurious clothes she was wearing. She had no choice but to sell the clothes and marry a random person. However, she was soon abandoned. The reason the man gave was very simple. He was just messing with her. There was no need to take her seriously.

As the saying went, she had nothing to lose. This extremely disgusting woman was truly like this. With her identity, no man dared to marry her. They were all afraid of getting into trouble, but it was fine to sleep with her. Gradually, this woman became someone who could sleep with anyone. As long as you gave her money, she could sleep with a beggar. Her life was even more poor and miserable than before. Sometimes, she couldn’t even have a full meal. In fact, she returned to the Yun family privately after being banished for a few days. She thought she could go back after begging, but she didn’t expect the Yun family to really banish her this time. She couldn’t go back anymore.

When such a thing happened between the Yun family and the Li family, how would the Shi family, as the most powerful family in Jushui Town, not know about it? However, the Shi family was smart enough not to get involved in this mess. They didn’t ask about right and wrong. Whatever happened between the Li family and the Yun family had nothing to do with the Shi family. The Shi family was just here to watch the drama.

The most depressed person was Shi Caihua. Yun Luochen and Li Zhong had always been around her. One of the boys was handsome, and the other had a great familial background. The girls of her age envied Shi Caihua for having such a suitor. However, all of a sudden, the two boys disappeared. To be exact, they were extremely cold to her! They didn't even take her seriously! Li Zhong and Yun Luochen never came to look for her again. Shi Caihua thought that they would come to look for her even if she didn't take the initiative to look for them. Unexpectedly, this lasted for two months. In these two months, neither of the two boys paid attention to her!

Even though Shi Caihua was frustrated, she was too proud to make a move. She stubbornly believed that they wouldn't give up on her. They would come for her again!

Even though the Li family and the Yun family never interacted with each other, the two families knew clearly what they were going to do next. It was inevitable that they would have to fight! Li Zhong and Yun Luochen were preparing for this day. After all, they were the ones who would fight as their families' representatives!

Yun Luochen's special training had already begun. The low-level Bone Remodeling Solution Yun Feng bought made some changes to Yun Luochen's potential. His cultivation speed was obviously much faster than before. Yun Luochen himself was very excited and happy. At this cultivation speed, he had a high chance of winning! However, Yun Feng wasn't satisfied with this. Not only did the Yun family have to win the challenge this time, they had to win marvelously and impress everyone with their victory!

Yun Luochen thought he could practice it himself, but his arduous special training was far from that. What Yun Feng wanted was not only the improvement of his strength, but also the accumulation of combat experience! Only the training in battle would make him fearless. Theories had to be put into practice!

Yun Luochen was still worrying about who would be his sparring partner. How would Yun Feng lack such a person? When a huge Fire Cloud Wolf and a man with wings appeared in front of him, Yun Luochen was shocked!

"Your... Your Magic Beasts? They're both your Magic Beasts!" Yun Luochen's shock made Little Fire extremely disdainful. When Meatball screamed and pounced on Yun Feng's shoulder, Yun Luochen screamed again, "This one too!" "What's there to be surprised at?" said Qu Lanyi lazily. "Xiao Feng," said Yaoyao in a low voice as she leaned against Yun Feng. Yun Luochen still hadn't closed his mouth. He looked at Yaoyao and then at Qu Lanyi. "Who are you? Are you also a Magic Beast?" "Hahaha! Kid, you're really funny!" A carefree laugh made Yun Luochen's heart pound. Yan Che suddenly patted Yun Luochen's shoulder. "Don't forget to count me in."

"They're... They're all Magic Beasts!" Yun Luochen was almost tongue-tied. He couldn't be blamed. This was too unbelievable!

"Sissy, are you done yet? Didn't you say that you'll get lost once we get to the Ancestral Forest Hall?" Qu Lanyi shouted with an unpleasant look. Yan Che chuckled. "I only said the Ancestral Forest Hall. I didn't tell you which part of the Ancestral Forest Hall, transvestite!"

“Say that again!” Qu Lanyi’s handsome and alluring facial features immediately became twisted. Yan Che patted his hand. “Stupid transvestite. If you want me to say that again, I’ll say it again as you wish. Stupid transvestite.”

A beam of dazzling light whizzed past Yun Luochen’s head, and a few strands of Yun Luochen’s hair slowly fell in front of his eyes. Qu Lanyi had already flashed over. Yan Che laughed and dense black elements suddenly appeared around his body. He immediately turned into a huge black sword and swept towards Qu Lanyi. When the huge sword brushed past the tip of Yun Luochen’s nose, Yun Luochen’s entire body froze there. Was his eyes deceiving him? That was the dark element! And that dazzling light, wasn’t that the light element?

### **Chapter 653 The Special Training Begins (5)**

“Enough! If you want to fight, go somewhere else!” Yun Feng roared. Yan Che and Qu Lanyi had really chased each other to another place to fight. Yun Feng smiled helplessly. “Luochen, what’s wrong?”

Yun Luochen suddenly came back to himself and stared at Yun Feng. No matter how powerful he thought Yun Feng was, he couldn’t imagine that it would be like this... Not only did she have one Magic Beast, but there were also light and dark mages with her. What kind of lineup was this?

“W-Who exactly are you...” Yun Luochen couldn’t help but ask in a daze. Yun Feng chuckled and patted Yun Luochen’s shoulder. “Didn’t I tell you? I’m Yun Feng.”

Yun Luochen was fifteen this year. He never dreamed that he would meet a girl named Yun Feng in the year he was fifteen. This girl would change his entire life and write legends in the history of the Yun family!

Yun Luochen’s special training was carried out in secret. A secret place was naturally needed. It was certainly impossible to do that in the small house of the Yun family. Jushui Town was very small, but there was a large forest outside Jushui Town. This was an ideal place. As long as the space was sealed, nobody would notice it.

Ever since the arduous special training began, Yun Luochen had returned to the Yun family with wounds all over his body every day. Yun Tianfan’s heart ached when he saw this, but he didn’t say anything. If they wanted to succeed, they had to work hard. Nobody could succeed overnight.

During the special training every day, Yun Luochen spent half the time cultivating peacefully. Although the Bone Remodeling Medicine was low-level, it could improve his potential. Even though Yun Luochen’s cultivation speed was a bit slow, the other half of the day’s practice would make up for it, because he had to face two ferocious Magic Beasts!

“Help!” Yun Luochen’s opponent on the first day was Little Fire. Little Fire was already dissatisfied about being Yun Luochen’s sparring partner, and with its fiery temper, it was quite rude to Yun Luochen on the first day. It had lowered its strength to minimum, but it was still stronger than Yun Luochen. Its sharp claws, attack speed and strength didn’t shrink at all. Yun Luochen, who had little combat experience in the past, was in a sorry state and didn’t even have the strength to fight back. He could only keep running!

Yun Feng, on the other hand, was leaning against a tree and Yaoyao was in her arms. The two of them enjoyed this comfortable time very much. Meatball was also lying on Yun Feng's shoulder lazily, looking like it was about to sleep. Yun Luochen ran past Yun Feng in panic, and his voice sounded in Yun Feng's ears, followed by Little Fire's excited howl. Yun Feng raised her black eyes slightly and looked at Yun Luochen's fleeing figure, without the slightest intention of attacking.

"Roar..." Accompanied by an excited roar, Little Fire pressed Yun Luochen underneath its claws effortlessly. Its sharp claws pierced Yun Luochen's clothes and even sank into his flesh. For the first time, Yun Luochen realized that this was a Magic Beast. Even Yun Feng's contracted Magic Beast didn't lose its nature at all! He would be killed!

Yun Luochen closed his eyes in fear. Seeing this scene, Yun Feng put down Yaoyao in her arms and stood up from the ground. Meatball fell from Yun Feng's body and landed on the ground, watching Yun Feng walk towards Yun Luochen with its big blurry eyes.

The sound of footsteps echoed in his ears. "Why? You're giving up just like that?" Yun Luochen opened his eyes slightly. Yun Feng's shadow towered on his face, and he couldn't see Yun Feng's expression. Yun Luochen endured the pain on his body. "I... I can't beat it..."

"So you're giving up just like that? It doesn't matter even if you're killed?" Yun Feng lowered her voice coldly. "Yun Luochen, is this all you've got? Is this all you've got? It seems that I've truly overestimated you!"

Yun Luochen's heart tightened and he felt embarrassed. "I'm not you! I'm not a genius! If I had your strength, I wouldn't have run away!"

"Human, you're truly a coward!" Little Fire narrowed its wolf eyes and moved its body away in disdain. "What kind of strength do you think Master had when he contracted me? At that time, I was a level-6 Magic Beast, and Master was only at the same level as me! If it were you, would you have had the courage to contract me?"

What Little Fire said made Yun Luochen blush. "My strength was suppressed to the same level as yours just then. You didn't even have the courage to fight. This has nothing to do with strength. It's your own problem!"

Yun Luochen lay on the ground with a fever on his face. It was right. This had nothing to do with strength. Even if he had the same strength as Yun Feng, he wouldn't have the courage to fight!

"True strength lies in the heart, not in the body. Only those who have an unyielding and courageous heart of a strong man can stand in an undefeated position!" Yun Feng squatted down with a warm light in her black eyes. Yun Luochen only felt an invisible force filling his body and his heart was moved because of what Yun Feng said.

"None of us are born to be strong, and I'm not an exception. All my strength comes from my heart that won't be defeated and never gives up! There's no difficulty in this world that can't be overcome. As long as you think you can do it, you will do it!"

Yun Luochen's heart suddenly burned. As long as you think you can do it, you will do it!

"Can I really..." Yun Luochen asked softly. Yun Feng smiled. "What do you think?"

Yun Luochen's eyes, which were still misty just then, became like a bright sky where the clouds were gone. A new energy rose from the bottom of his heart. The young man's powerful voice echoed in the forest. "I can!"

"Whoosh..." A baby eagle suddenly spread its wings and flew away from the bird's nest, flying towards the sky high up in the sky. Its loud cry resounded in the blue sky!

The other members of the Yun family in Jushui Town were all a bit worried these days. Every time Yun Tianlin's wife saw Yun Luochen, who came back from the door of the house covered in wounds at dusk, her heart ached. "Luochen, what do you do when you're out every day? Is this how Yun Feng improves your strength? At the risk of your own safety?"

Yun Luochen only chuckled after hearing that. He stretched his arm, and put on a mature smile on his young face that still had tiny wounds. "I'm fine. I'm fine." Yun Luochen returned to his room and fell asleep immediately almost every day. After all, fighting with a Magic Beast consumed a lot of physical strength. It was already good enough that he could walk home.

### **Chapter 654 You Have to Win Splendidly (1)**

After a while, the sound of snoring came from Yun Luochen's room. Something must've exhausted a child of this age, or he wouldn't be snoring so loudly. The few elders of the Yun family all stood in front of Yun Luochen's door and listened to the sound of snoring.

"Brother, won't Luochen be exhausted if this goes on? And why does he come back every day with injuries all over his body? How much worse does Yun Feng want to torture Luochen? Luochen is only fifteen!"

Yun Tianlin pulled his wife aside. "Don't be so nosy. How would anything happen to Luochen? It's time for training at his age!"

"But that doesn't mean he should get wounded! What if he's badly hurt?"

"Alright, alright." Yun Tianfan waved his hand. He knew that this sister-in-law was truly concerned about Yun Luochen's condition. Yun Tianling, who was next to him, had a stiff expression. After all, it wasn't easy for a man to get rid of the influence caused by his cheating wife in a short period of time. Yun Tianling had already suppressed the anger in his heart to such a calm state. "Brother, what you said makes sense. Special training is fine, but it shouldn't be so cruel."

Yun Tianfan smiled. "Don't you think that Falling Dust has changed a lot recently?"

The few of them pondered for a while. Yun Tianling glanced at Yun Luochen's door. "Luochen's eyes have become more powerful. He seems more confident." Yun Tianfan nodded. "Luochen isn't very talented. I used to impose the burden of the Yun family on him by force. He actually felt very inferior in his heart. In the past, he would do whatever I wanted him to do. But now, he knows what he wants. His eyes have changed. He's become confident and has a goal."

"If that's the case, Luochen has indeed changed a lot. Such a Luochen looks more courageous and responsible!"

Joy flashed through Yun Tianfan's eyes. "He still has a long way to go in the future. He must train himself now. Yun Feng is right." When Yun Luochen went home and fell asleep, Yun Feng and the others were still in the sealed space. Little Fire was lying there lazily with its fiery red tail hitting the ground every now and then. Meatball was sitting on its head. A gentle breeze blew over and the soft fur on Meatball's body was lifted. Its round body was even bigger at this moment. Yun Feng leaned on Little Fire and waves of warmth came over. Yaoyao was nestled in Yun Feng's arms. Lan Yi sat in the middle of the towering tree branches and looked up at the sky. Qu Lanyi and Yan Che started fighting again. Of course, Yan Che seemed to be enjoying arousing Qu Lanyi's anger, which made Yun Feng very helpless.

"That kid has made a lot of progress." Little Fire's ears twitched. It narrowed its eyes and lay there, dozing off. Suddenly, it said this. Yun Feng chuckled and touched Yaoyao's hair. "Really?" Little Fire yawned lazily and opened its eyes. "Even though he's pitifully weak, he's a lot braver. At least he's not hiding anymore."

Yun Feng used the water element to envelop Yaoyao's body. Yaoyao moved her body very comfortably and actually transformed into the original form of the sea demon in an instant. That fish tail with glittering blue scales wrapped around Yun Feng's waist. The transparent blue fins on her arms seemed to be even more beautiful than before. She put her arms around Yun Feng's neck and snuggled into Yun Feng's arms with an affectionate expression.

Yun Feng gently caressed Yaoyao's fin-like ears with her hand. Yaoyao looked like she was enjoying herself. For Magic Beasts, it was the most comfortable time to transform into their original form. The human form transformation was only for special occasions, such as when they had to blend into the crowd.

"Luochen has indeed improved a bit." Yun Feng thought about the changes of that young man these days. After a month of fighting, Yun Luochen was able to fight with Little Fire at the same level for a long time from the time when he could only shout for help at the beginning. From his eyes that were a bit scared back then to those which were filled with determination and courage now, Yun Luochen could be said to have been reborn in a short period of time, making him realize how he should continue on the road ahead.

The wounds on Yun Luochen's body increased every day. Yun Feng originally wanted to treat his wounds, but Yun Luochen refused. The more wounds he had, the more confident he became. To him, these scars weren't wounds at all, but glorious medals! The marks of his growth!

"It seems that you can rest for a while, Little Fire." Yun Feng patted Little Fire's head with a smile and squeezed its unusually cute ears. Little Fire burst into laughter. "Is it finally over?" Yun Feng shook her head and raised her chin to look at the handsome man standing among the towering branches. Sensing Yun Feng's gaze, Lan Yi spread his wings and a black shadow fell from the tree. Lan Yi smiled gently. "Master, it's my turn?"

Little Fire looked at Lan Yi and suddenly smiled gloatingly. "That kid is in trouble."

Yun Feng nodded. "I know you're gentle, but there's no need to hold back too much about Yun Luochen."

Lan Yi's beautiful lips curled up slowly. "Yes." He put away the wings on his back. Yun Feng looked at Lan Yi thoughtfully for a while and slowly let go of Yaoyao in her arms. Yaoyao obediently returned to her human form and sat quietly on the side. Yun Feng stood up and walked to Lan Yi's side, looking at the blue patterns on the side of Lan Yi's face. Lan Yi's blue eyes looked at Yun Feng. "What's wrong, Master?"

Yun Feng slowly extended her hand and gently touched the mysterious tattoo on the side of Lan Yi's face. "I've never asked you what this tattoo means."

A glint of darkness suddenly flashed through those blue eyes. Little Fire raised its body that was lying on the ground, and looked at Lan Yi with its pure black wolf eyes. Meatball's little body suddenly rushed towards Yun Feng's shoulder, making Yun Feng jump in surprise. Meatball seemed to want to divert Yun Feng's attention and kept rubbing its body against Yun Feng's face. Lan Yi smiled. "Master, I want to walk around."

Yun Feng didn't say anything. Meatball made her cheeks itch, so she could only nod casually. Lan Yi instantly spread his wings and flew into the sky, disappearing without a trace. Meatball suddenly stopped at this moment and sat on Yun Feng's shoulder quietly. Yun Feng lifted Meatball's neck with her finger and lifted this chubby little thing in front of her eyes, shaking it a few times.

### **Chapter 655 You Have to Win Splendidly (2)**

"What were you doing just now, huh?" Meatball blinked its pure black eyes. Yun Feng narrowed her eyes. "You did it on purpose, didn't you?"

Meatball blinked its big eyes a few more times, as if it was telling Yun Feng that it was innocent. Yun Feng shook Meatball's body fiercely, and Meatball cried a few times in dissatisfaction. In the end, Yun Feng loosened her hand, and Meatball jumped forward and sat on Little Fire's head. Little Fire slowly walked over and stood next to Yun Feng.

"Master, don't you know what the tattoo means?"

Yun Feng was stunned. Should she know? Seeing the astonishment in Yun Feng's eyes, Little Fire couldn't help but feel a bit surprised. "I thought you knew what the tattoo meant before you contracted with him, Master. Otherwise, you shouldn't have..."

"What exactly does the tattoo mean?"

Little Fire's wolf eyes glittered. "Traitor."

Yun Feng gasped. Traitor?!

"The Griffins are mysterious. There are a lot of things that even Magic Beasts don't know. However, I happen to know some things, and that's all I know. Among the Griffins, only the traitors carry such a mark that can never be removed. They're ostracized by all the other members of the clan and banished forever. Only by committing an unforgivable crime will they be considered a traitor. I've never understood what he did despite his personality to be tattooed like that."

What Little Fire said shocked Yun Feng. The mark of a traitor! Lan Yi was a traitor of the Griffin Tribe! This might explain why he appeared in the Dragon Palace. How could there be Griffins in the Dragon Palace?

“Master, do you regret it now that you know the truth?” Little Fire asked in a low voice. “After all, even though such a Magic Beast is powerful, its identity is extremely humble. It can be said that if you meet other Griffins, it’ll cause you trouble.”

Yun Feng didn’t say anything. She only reached out and knocked Little Fire’s head fiercely. The question she asked just then might have hit Lan Yi’s heart. What did he, who had such a gentle and peaceful personality, do to become a traitor? Yun Feng regretted her ignorance a little. She should have known better before she asked the question.

“I’ve never regretted it. Even if I had known why he was tattooed, I would have still chosen him.” What Yun Feng said made Little Fire feel relieved in the bottom of its heart. Summoners contracted Magic Beasts to increase their strength, not to cause trouble for themselves. If they contracted a Magic Beast that often brought trouble, no summoner would be glad unless it was a Fantastical Beast.

“Master, you’re truly special,” said Little Fire with mixed feelings. Yun Feng stroked Little Fire’s head. “I’ve always just been myself. Don’t think I’m like the others!”

Little Fire’s ears moved. Yun Feng burst into laughter and walked to Yaoyao, picking her up. “Let’s go. We need to find those two troublemakers.” Little Fire nodded and followed Yun Feng. It looked at the sky, and a huge black shadow flashed across. Brother, you might be worrying too much. How could our master be like the others?

Ever since then, Yun Feng had never asked Lan Yi about the tattoo on the side of his face again. Lan Yi’s heavy heart seemed to be eased and he became the same as before. It should be said that Lan Yi had always been the same. However, Yun Feng had already guessed why he was slightly depressed.

Yun Luochen’s special sparring partner changed from Little Fire to Lan Yi, which made him suffer a lot. In the past month, he had already gradually become familiar with fighting with Little Fire. He wasn’t used to the sudden change of opponents, especially when he had to face this man with wings on his back, which made Yun Luochen curious about Lan Yi’s real body.

The Griffins were known for their speed. The wind element gave them the most perfect weapon. When Yun Luochen fought with Lan Yi, he was like a fool. He could only stand there in a daze and couldn’t find Lan Yi at all. He could only let Lan Yi attack his body obediently. Yun Luochen thought that his special training had paid off, but when he faced Lan Yi, he realized that he seemed to have returned to the original point. He was still Yun Luochen who hadn’t improved at all!

This truly gave Yun Luochen quite a huge blow, which was also Yun Feng’s goal. She wanted Yun Luochen to know that the blow was everywhere and that his opponents were everywhere. He couldn’t stop improving himself and he couldn’t stop at any time. When you thought you were already good, you would sooner or later understand how vast the world was and how small you were after being dwarfed by the others.

Lan Yi was indeed as Yun Feng said. He wasn’t polite to Yun Luochen at all. In the next month of special training, Yun Luochen was even more miserable. Every day, he exhausted all his strength to avoid Lan

Yi's attacks. The wounds on his body were even more fragmented and he was even more exhausted. Sometimes, he would collapse from exhaustion right after the battle and even fall asleep directly.

The members of the Yun family certainly saw how hard it was for Yun Luochen. Yun Tianfan also saw it and his heart ached for him. However, he knew that Yun Luochen had improved. His gaze became fiercer and his strength also increased steadily. He had truly changed a lot compared to the Yun Luochen in the past! Yun Tianfan felt his heart ache while he felt proud for his son. Just like that, the two-month intensive special training finally ended. Yun Luochen could already capture Lan Yi's movement. When his attack hit Lan Yi for the first time, Yun Feng also smiled in relief. Then, she announced that the special training was over. She knew that Yun Luochen was ready.

After Yun Feng said that the special training was over, Yun Luochen still couldn't believe it. He thought that there would be something more difficult, or perhaps another unexpected Magic Beast. However, Yun Feng smiled and said clearly, "The special training is over."

After two months of intensive special training, and thanks to the influence of the low-level Bone Remodeling Potion, Yun Luochen's strength had increased from level 5 to level 7. After all the battles, his strength that was forcibly increased in a short period of time had a very stable foundation. This also made Yun Luochen's strength more reliable.

In just two months, he had advanced two levels in a row and reached the advanced stage. Yun Luochen couldn't help but feel surprised. According to his own cultivation experience, it would take at least three to five years. When the other members of the Yun family learned the result of Yun Luochen's special training, they were all a bit shocked, especially Yun Tianfan. He thought that Yun Luochen would reach the peak of level 5 in two months and reach level 6 at most, but he didn't expect that he would directly reach level 7!

### **Chapter 656 You Have to Win Splendidly (3)**

The members of the Yun family were all surprised. Reaching level 7 in such a short period of time was truly astonishing.

Yun Feng was also happy for Yun Luochen's improvement. The low-level Bone Remodeling Solution had helped him a little bit. Yun Luochen's own efforts must be credited too. He indeed didn't let anyone down, and Yun Feng planned to do something else to give Yun Luochen a surprise.

When a longsword with nine holes and nine crystals was handed to Yun Luochen, all the elders of the Yun family widened their eyes!

"Yun Feng, isn't this..." Yun Tianfan wanted to give it back to Yun Feng without thinking, but Yun Feng smiled and gave the longsword in her hand to Yun Luochen, forcing it into the hands of this dumbfounded young man. "A weapon with nine holes and nine crystals. The cost of making it must be quite high!" Yun Yuntian said in a deep voice. Yun Luochen's hands shook a little as he looked at the nine cores on the side of the sword, which were all emitting dazzling light!

"What level are these Magic Beast Cores?" asked Yun Luochen in a daze. Yun Feng smiled casually. "They're just ordinary Magic Beast Cores. You don't have to worry about them. You don't have to consider me an outsider. My surname is Yun. The Yun family's business is my business."

Hearing what Yun Feng said, the few elders of the Yun family couldn't help but feel touched in their hearts. Yun Tianlin's wife was doubtful of Yun Feng at first, but now, she had completely put aside her worries. Yun Feng's current actions were enough to prove that she truly cared for the Yun family.

Yun Luo Chen held the longsword in his hand tightly as excitement surged in his eyes. A weapon with nine holes and nine crystals! If this was revealed, even the Shi family would be more or less envious!

"Now that everything is ready, I think we can begin." Yun Feng's words made Yun Tianfan's expression tighten. A glint of light flashed through Yun Luo Chen's eyes. Right, his special training. Everything he had been doing these days was for this day! "Alright, the Yun family should change as well." Yun Tianfan sat in the main seat and clenched his fists. Everything would change from now on!

Declare war!

A thunderclap exploded in Jushui Town. The Yun family had declared war on the Li family! This news spread to every corner like bamboo shoots after the rain. Everyone knew about it. At once, the topic that had just calmed down in Jushui Town became heated again!

It turned out that the silence of the Yun family was just the calm before the storm! The Yun family dared to declare war on the Li family! What was the Yun family's problem? They were a family without a rank. Did the cuckolding this time make them want to bite someone?

Everyone was discussing spiritedly. An unranked family declared war on a third-rank family. Such a thing hadn't happened in Jushui Town in a long time! Ever since the news of the declaration of war spread, people were competing to see who would sit in the seat of the third-rank family. Some people scoffed at the Yun family, but some people still had high expectations for the Yun family. Gradually, there were two loud waves of voices that stirred up the originally peaceful Jushui Town.

After hearing the news, the Shi family was also quite surprised. After all, nobody would have thought that the Yun family would declare war on the Li family! They thought that the Yun family would at most fight with the Li family in private or whatever, but they didn't expect it to be escalated to a contest for the third-rank family's position!

The Shi family suddenly felt a bit anxious at this moment. The fact that the Yun family dared to challenge the Li family proved that the Yun family had some confidence. The Shi family had never cared about the Yun family before, but now, they were extremely enthusiastic and wanted to know if the Yun family would rise to the ranks of the third-rank families this time! Once they did, the Yun family would be extraordinary like before!

The Shi family was a bit confused at the moment, but they still maintained a neutral attitude. After all, it didn't really matter who won or lost between the Li family and the Yun family. The Shi family wouldn't suffer any loss, but there might be a change in the person they wanted to build a good relationship with.

At this moment, Shi Caihua was also in a rather complicated mood. The battle between the Yun family and the Li family was between Li Zhong and Yun Luo Chen. The battle between the two young men who had been circling around her in the past made Shi Caihua feel a bit superior. Shi Caihua had more or less given up in her mind. It would be great if the Yun family could rise to the top. Then, Yun Luo Chen would have the looks, strength and status, and would certainly be worthy of her!

While Shi Caihua was tempted, the young men of the two families had already forgotten about her. The Li family wasn't surprised and accepted the challenge. They accepted it calmly. The Li family's master had already expected this day to come. Luckily, he had asked Li Zhong to focus on practicing during this period of time, so he was on guard.

After Li Zhong came out of seclusion, the result of his practice made the Li family's master quite satisfied. Li Zhong's original strength was at the peak of level 5, but he had already successfully broken through to level 6 now. The Li family's master was delighted to see his quick breakthrough.

"Don't worry, father. Yun Luochen's strength just reached level 5 two months ago. My strength was already above his. Unless a miracle happened in the two months, he won't be stronger than me!"

The Li family's leader wasn't as optimistic as Li Zhong. After all, Yun Feng was still here. However, when he thought about it carefully, even if Yun Feng was strong enough, it didn't mean that she could make a person's strength increase rapidly. If she could really increase his strength, it wouldn't be real. There was nothing to be afraid of. Thinking of this, the Li family's leader was a bit relieved.

Very soon, the Yun family declared war on the Li family. The battle between the two families would be witnessed by the Shi family and the audience of Jushui Town. This battle of the third-rank family's position attracted everyone in Jushui Town.

There were at least a few hundred people living in the town that wasn't small. On this day, all of them flocked to the arena. It was far from the start of the battle. There was already an endless crowd around the arena. People were talking about the upcoming battle. It was hard to say who would win the title and status of a third-rank family! "Aren't you going to join in the fun?" In a simple house in Jushui Town, a man put on his pants and his clothes. He looked at the woman on the bed with a lewd smile on his face. "No matter what, it's still the Yun family. Are you willing?"

The woman on the bed didn't say anything. She just looked awful. The man burst into laughter. "Hahaha, you regret it?"

The woman bit her lips and blushed. The man grabbed the woman fiercely. "Slut, you still have the face of regret? Hahaha, you're only fit to let other people play with you." The man walked out with a lewd smile. The woman sat on the bed in a daze and her hand hung on the thin bed fiercely. She wanted to bite her teeth to pieces!

#### **Chapter 657 You Have to Win Splendidly (4)**

The Yun family had declared war on the Li family! If the Yun family rose to power, it would be a third-rank family! If she was still in the Yun family, what kind of life would that be? The woman looked at the messy house she was in. An invisible sense of regret surged into her heart. She wanted to laugh and cry at the same time. The woman put on her clothes randomly and ran out in a hurry. She wanted to see if the Yun family had the ability... to really become a third-rank family!

On this day, almost everyone in Jushui Town went to the same place and stopped doing business. Everyone rushed to the same place at the same time. The spacious arena was surrounded by crowds of people. There had never been anything that could make people so enthusiastic. The members of the Shi family were also a bit shocked when they saw this scene.

Why were there so many people? “Which between the Li family and the Yun family will win?”

“Nonsense! Of course it’s the Li family! Don’t you know what the Yun family is like?”

“I don’t think so. The Yun family isn’t stupid. They wouldn’t dare to challenge the Li family if they didn’t have the confidence!”

“The cuckolding probably made the Yun family lose their minds. If it were me, I would’ve rushed forward and killed that adulterous couple first!”

High-pitched discussions sounded everywhere, with both praise and criticism. After the appearance of the Yun family and the Li family, the scene became even more chaotic. When the three brothers of the Yun family walked up, everybody spoke loudly!

“That’s him! Yun Tianling who was cuckolded!”

“Ahhh, I wonder if he has guts or not. He didn’t do anything at all. I really wonder if he’s a man!”

Yun Tianling’s face suddenly darkened. He put his fist on his knee and the veins on the back of his hand bulged. Yun Tianfan and Yun Tianlin didn’t look good either. The three brothers sat there and endured weird gazes. They were in a lot of pain. And after the Li family came here, they didn’t get any better treatment. “The Li family is truly cowardly this time!” “That’s right. His brother is already dead, yet he’s still silent! Has his courage dwindled while he grows old?”

These audience members were unusually mean. The face of the Li family’s leader alternated between green and white. The treatment of the two families ended in a draw. They were both awkward and embarrassed. And a miserable figure also silently hid in the crowd and bit her lips fiercely. The shameless woman who was kicked out of the Yun family came. Her eyes were full of struggle. She didn’t believe that the Yun family would win and she didn’t want the Yun family to win either. If they won, it would be a huge blow to her, proving how stupid and pathetic she was!

Yun Feng and the others certainly didn’t join with this group of people. They found a good spot in the sky to watch. The discussion of the mean crowd made Yun Feng click her tongue. This group of people didn’t have any other abilities, but they were quite good at sneering at people.

“The Li family seems quite confident.” Qu Lanyi glanced at the Li family’s leader. Seeing that he wasn’t nervous at all, he knew that the guy must’ve made preparations. Yun Feng smiled coldly. “So what? Yun Luo Chen won’t lose.”

The moment he said that, the two young men appeared. Li Zhong and Yun Luo Chen walked up from two different directions. When they appeared, the crowd burst into cheers!

Li Zhong and Yun Luo Chen sized each other up quietly when they got on the ring. They both knew that the other party had changed in a short time. Li Zhong sized Yun Luo Chen up with a bit of shock. He expected Yun Luo Chen’s strength to increase, but he didn’t expect him to change so much!

There was a kind of invisible fierceness in Yun Luo Chen’s eyes. His black eyes became clearer and there was also a hint of maturity on his young face. Yun Luo Chen seemed to have grown a lot in a short period of time. Compared to him, Li Zhong was more like a kid with a childish aura.

Shi Caihua looked at Yun Luochen and her heart couldn't help but race. Yun Luochen had changed. He had become better and more charming than she had imagined!

What shocked Li Zhong wasn't just the change in Yun Luochen's temperament, but his strength! He couldn't find his strength! Li Zhong suppressed the panic in his mind. He had thought of such a situation before. Just like what his father said, Yun Feng would definitely help him. It wasn't surprising that Yun Luochen was stronger than him, but even though he was stronger, it was another story how much of the strength he could use.

After detecting that Yun Luochen was at level 7, the leader of the Li family was a bit shocked in his mind. However, on second thought, this rapid increase in strength must only be an empty shell. After all, the guy could have only used a special method to reach this level in a short period of time. It might be an illusion that wouldn't last for long!

Li Zhong's thought was more or less the same as his father's. In short, the two of them concluded that Yun Luochen only looked strong and couldn't unleash anything at all!

As the third party this time, the Shi family gave a simple explanation to calm the crowd's excitement. Then, it was the battle between the Yun family and the Li family. The two young men would keep fighting until the other party admitted defeat!

The Li family and the Yun family sat on the seats on the two sides of the ring, while the Shi family sat in the middle. Shi Caihua was also among them. The teenage girl's fascination in her mind burst out. However, the two young men didn't even look at her, which made Shi Caihua blush. She was glad that nobody noticed her embarrassment. She sat there silently and didn't do anything else.

Li Zhong and Yun Luochen both looked at each other. Li Zhong chuckled. "Not bad, Yun Luochen. You've improved a lot in such a short time."

"You're the same. It seems that you know this day will come sooner or later."

The corners of Li Zhong's mouth twitched. "Even if you're stronger than me, I'm not afraid of you. Do you know why?"

Yun Luochen smiled gently and his aura was extremely stable. Compared to Li Zhong's provocation, Yun Luochen was much more mature. Seeing how calm Yun Luochen was, Li Zhong couldn't help but feel enraged. They were the same two months ago, the same kids! Two months ago, this guy was inferior to him and was just a clown! The reason why the guy was allowed to approach Shi Caihua was because Yun Luochen's existence could highlight him! However, it had completely changed now. Li Zhong suddenly felt that he had been left far behind. Yun Luochen, who was originally behind him, had suddenly surpassed him!

### **Chapter 658 You Have to Win Splendidly (5)**

He couldn't allow Yun Luochen, who was behind him, to walk ahead of him!

"Even if you forcibly increase your strength, you're just an empty shell. That doesn't belong to you! And I relied on my own hard work to reach my current strength. Yun Luochen, you can forget about competing with me for the rest of your life!"

Yun Luochen smiled. Li Zhong was enraged by the smile. "What are you laughing at? I'll let you know that you're destined to fail!"

Yun Luochen put away his smile and nodded. "Sure. If you must prove something, this is a good opportunity, isn't it?"

Ruthlessness flashed through Li Zhong's eyes as he laughed. He flipped his hand and held a longsword tightly in his hand. The moment the longsword appeared, the nine cores embedded on the side of the sword were glittering!

"A weapon with nine holes and nine crystals!" The crowd cried out in shock. The Li family's master couldn't help but feel proud after hearing such an exclamation. The Shi family's master also raised his brows when he saw the weapon. The Li family was indeed prepared. They were quite prepared.

"These nine crystals are all at level 7. I don't believe that the Yun family has such an ability! An unranked family wants to fight with a third-rank family? Stop dreaming!" Li Zhong waved the longsword in his hand. Seeing that Yun Luochen didn't take out his weapon after a long time, he sneered. "Why? You don't want to take out your useless weapon? It's fine. I won't laugh at you for overestimating yourself."

Yun Luochen was also surprised by the weapon in Li Zhong's hand. Even though Yun Feng gave him a weapon with nine holes and nine crystals, the crystals embedded in it shouldn't be as high as level 7! The nine crystals of the Li family were all level-7 Magic Cores! Yun Luochen thought about the weapon Yun Feng gave him. Forget it. Even if the level of the Magic Cores wasn't as high as his, he wouldn't embarrass the Yun family with his secret training these days! How would he lose? Yun Luochen gritted his teeth slightly. His expression made Yun Feng, who was watching the drama in the sky, smile. What exactly was this kid thinking? Would I give him an inferior weapon?

Yun Luochen flipped his hand, and the weapon with nine holes and nine crystals that Yun Feng gave him appeared in his hand. Li Zhong widened his eyes when he saw that. He didn't expect Yun Luochen to have a weapon with nine holes and nine crystals too! Then, he burst into laughter in disdain. "The Magic Beast Cores on your sword, aren't they..." Level-1 Magic Beast Cores? Before Li Zhong could finish his sentence, a suppressed roar sounded. The eyes of the leader of the Li family widened abruptly as he stared at the weapon in Yun Luochen's hand. The nine Magic Beast Cores that were emitting light made him shout!

"Level-9 Magic Beast Cores!"

This roar instantly made the scene fall into absolute silence. Master Shi also had the same expression as he stared at the weapon in Yun Luochen's hand with glittering eyes. How was that possible? All the Magic Cores embedded in it were level-9! Nine level-9 Magic Cores! How could the Yun family possibly have such an item?

Yun Luochen was shocked. He looked at the weapon in his hand reflexively and was a bit dumbfounded. The three brothers of the Yun family were the same. After hearing the level-9 Magic Cores, Yun Tianfan couldn't keep his expression the same anymore. God, level-9 Magic Cores were so expensive! Were those nine level-9 Magic Cores?

Yun Feng, who was standing in the air, raised the corners of her mouth slightly. Level-9 Magic Cores were extremely expensive in other people's eyes, but Yun Feng wasn't stingy when she used them. She

used nine of them at once and she didn't feel sorry at all. She had enough of these things. Even if she didn't have many, she had to make the best use of them, because they were given to the Yun family. How could she offer them anything bad?

If Yun Luochen's strength could reach Yun Feng's level, Yun Feng would also give him that Monarch Level weapon without holding back. If that was the case, the situation right now would probably be completely chaotic.

"You're truly generous," said Yan Che coldly. Yun Feng chuckled. "I'm always generous with my family."

"Hey, if you're so generous, why don't you give me a few? We're family too!" Yan Che approached her with a smile and Qu Lanyi pushed her away. "Don't think too highly of yourself. Who's your family!" Yun Feng didn't care about the two of them and looked down. The current situation was a bit funny. Everyone was confused because of the uncontrollable shout of the Li family's master. Li Zhong was a bit at a loss. Level-9 Magic Cores? Dad couldn't be wrong, right? Nine level-9 Magic Cores? How was that possible?

The leader of the Li family was also in a mess, completely in a mess! He had thought that Yun Feng would give the Yun family some gifts, but he had never thought that she would be so generous! What kind of strength did she have to be able to own so many level-9 Magic Beast Cores? Level-9 Magic Beasts! Even a Commander wouldn't be able to take much advantage of them. It was too shocking to have nine of them at once!

If the Li family's master knew that Yun Feng had the cores of Monarch Level Magic Beasts and even those of the Lord Level, there was no telling how he would feel.

What should he do now? The head of the Li family was confused. The nine Magic Cores were all level-9. The power of such a weapon could be imagined! Even if Yun Luochen's strength was weak, it wouldn't be easy for Li Zhong to win! He originally wanted to use his weapon to suppress him, but he didn't expect it to be suppressed! The Li family was completely embarrassed right now. They couldn't admit that they lost in front of everyone in Jushui Town. If they admitted defeat voluntarily, they would be no different from cowards! Once they admitted defeat, the Li family would lose everything. The days ahead could be imagined! The Li family master knew that he had to brace himself this time no matter what. He wasn't prepared enough. No, he underestimated that little girl! "Master Li, do you still want to continue?" asked Master Shi, giving the Master of the Li family a way out. The Master of the Li family was embarrassed by the question. He gritted his teeth and said, "Thank you for your kindness. Don't worry!"

Seeing that he was still insistent, the Master of the Shi family didn't say anything else. Li Zhong gritted his teeth. Even though he felt pressured, he wasn't so cowardly that he would cower right now. "Yun Luochen, you really got a huge bargain!"

Yun Luochen also came back to himself from the shock. He simply held the longsword in his hand and looked at the glittering Magic Cores on it with excitement in his heart. He never thought that this weapon would be of such a level!

"I can only say that it's because my surname is Yun." What Yun Luo Chen said made everyone a bit confused, except for the members of the Yun family. That's right. It was precisely because their surname was Yun that they could meet Yun Feng and get Yun Feng's sincere help!

#### Chapter 659 You Have to Win Splendidly (6)

"Hah!" Li Zhong roared as he activated the longsword in his hand with his fighting energy. The magic cores embedded in the sword emitted dazzling light and the power of his fighting energy also increased greatly. Yun Luo Chen's hands were sweating slightly and his heart was also trembling. This was the moment when all his special training would be put to use!

"Ha!" Yun Luo Chen also roared abruptly. His level-7 fighting energy burst out of his body and surged into his hand. The longsword in the young man's hand suddenly burst out with dazzling light! The light instantly eclipsed the brilliance of Li Zhong's longsword, like a dazzling beam of light that shot into the sky!

Yun Feng stood in the air with a glimmer in her black eyes. "Yun Luo Chen, show everyone how splendidly the Yun family will win!"

"Don't underestimate people!" Li Zhong looked at the dazzling light emitted by the longsword in Yun Luo Chen's hand and a sense of unwillingness to admit defeat surged up in his mind like a wild bull. He was an impulsive young man who liked to show off. Remembering the difference in status between Li Zhong and Yun Luo Chen before, he found it hard to accept that Yun Luo Chen, who was supposed to be a follower, suddenly became so dazzling.

Li Zhong roared and charged forward with the longsword in his hand. This charge made the Li family's leader frown. It was a mess. Li Zhong didn't have the attitude he should have in a battle at this moment. He was too reckless! It was more like a random fight, not a battle for the status of his family!

Seeing Li Zhong's momentum, Yun Luo Chen suddenly waved the longsword in his hand, and the nine Magic Beast Cores instantly burst out with dazzling light. Li Zhong only felt a dazzling light coming along with a powerful fighting energy! "Argh!" Li Zhong held the sword in his hand and blocked it in front of his chest. The fighting energy hit the body of the sword and some of the energy penetrated it and hit Li Zhong like a punch. Li Zhong took a few steps back in panic as his chest heaved up and down slightly. The attack just then woke him up. He suddenly realized where he was standing. His opponent in front of him was Yun Luo Chen. What he did just then was undoubtedly suicide!

Yun Luo Chen held the longsword in his hand tightly and looked at Li Zhong. Li Zhong clenched his fists hard and took a deep breath. He had adjusted his mentality to the best state, which showed that he was mentally strong. Many eyes were focused on the two young men. The battle that belonged to them had just begun!

Yun Feng stood in the air and watched the battle between the two young men on the ring. Li Zhong was at the peak of level 6, while Yun Luo Chen had just advanced to level 7. So, the level difference between the two of them wasn't really huge. Their weapons were also nine-holed and nine-crystal weapons, but there was a difference in their magic cores. The difference between the level-7 and level-9 cores might be the key to the victory.

The two of them fought back and forth on the ring. Li Zhong tried his best. In front of Yun Luo Chen, he couldn't hold back at all! He wanted to win! The fighting energy of the two young men clashed repeatedly. Although it didn't create any earth-shattering momentum, it still made the ring messy.

Li Zhong exerted his full strength, and so did Yun Luo Chen. Li Zhong was indeed difficult to deal with, and his strength was as stable as he said. Yun Luo Chen found it a bit tricky. It was impossible for him to finish the battle quickly.

"It's a tug-of-war," said Qu Lanyi casually. Yun Feng nodded. "That's right. A tug-of-war isn't a good thing for anyone." A tug-of-war was about one's own strength, which was the most fundamental thing.

Warriors fought with fighting energy, and mages and summoners counted on their mental strength!

jas

tert

The head of the Li family heaved a sigh of relief as the tug of war began. The tug of war was beneficial for the Li family. After all, Yun Luo Chen's momentum at the beginning was too strong. His weapon, in particular, made people's hearts feel like they were weighed down by a heavy stone. Right now, Li Zhong had calmed his mind. He wasn't pressured by the momentum. Instead, he stopped Yun Luo Chen's astonishing attack at the beginning. Entering a tug of war would also make Yun Luo Chen anxious mentally!

The battle was still going on and the war of attrition continued. The two young men gradually became breathless. Both of them had already entered the exhausted stage of the battle. The audience watching the battle below the stage became even quieter. The cheers that were like a tide just then gradually died down. The atmosphere suddenly became tense. Everyone only stared at the two people who were constantly fighting and their hearts inexplicably tightened.

"That guy is not bad at all!" Yan Che pointed at Li Zhong with a gloating voice. Yun Feng wasn't angry at all. "You're right. Li Zhong is indeed a strong person. This is the time to test Luo Chen. He was originally at an advantage, but he was gradually caught up. That's a problem."

As Yun Feng said, Yun Luo Chen was a bit anxious. His mood gradually became extremely hasty and the sword in his hand became fiercer and fiercer. However, the effect of the attacks was insignificant. As he watched Li Zhong dodge his attacks time and time again, Yun Luo Chen's mood was like weeds growing in his heart and he couldn't calm down at all.

"He's getting impatient." Yun Feng frowned slightly as she observed Yun Luo Chen's increasingly anxious movements. As the attacks kept hitting nothing, the anxiety in Yun Luo Chen's heart became more and more obvious. Everyone else could see it. The Li family's master, who had been pressing his lips tightly just then, raised the corners of his mouth slightly with a smile, while the Yun family's faces darkened. Seeing Yun Luo Chen's attacking stance, Yun Tianfan also knew that Yun Luo Chen was anxious in his mind, but what could he do? He could only watch! Luo Chen, calm down!

Yun Luo Chen's attacks were already chaotic, and the effect of his fighting energy was significantly reduced. In a battle, strength was one thing, but mentality was another. Sometimes, mentality determined the outcome! Yun Luo Chen's mentality had already been completely messed up, while Li

Zhong was gradually getting better and better. Even though their fighting energy was both being consumed, Li Zhong was controlling the consumption of his fighting energy rationally, unlike Yun Luochen at this moment. In order to defeat Li Zhong in a short period of time, his fighting energy was already being consumed crazily!

W

If this went on, Yun Luochen would lose! Not because of the difference in strength, but because of the exhaustion of his fighting energy and his messy mentality!

Standing in the air, Yun Feng frowned. It was too difficult for him to realize this problem. If he continued to squander his fighting energy like this, Li Zhong would be able to kick him off the stage effortlessly! Thinking of this, Yun Feng's face turned cold!

Chapter 660 A Taste of the Yun Family (1)

"Hey! What are you doing?" Yan Che couldn't help but exclaim when he saw what Yun Feng was doing. Yun Feng had already unlocked the space around her. The others were still in the enclosed space. Qu Lanyi was also shocked to see Yun Feng. What was she doing? Was she going to intervene? "If you intervene, the Yun family will lose!" Yan Che shouted from the side, but Yun Feng ignored him. Her body flashed and she flipped her hand. Ice blue water element had already appeared in Yun Feng's hand and directly flew towards the ring as a beam of blue light!

Qu Lanyi widened her eyes. She was really going to intervene! If so, wouldn't the Yun family automatically be eliminated? Yun Feng, what were you thinking? Yun Feng stopped hiding and suddenly appeared in the sky. The audience who were watching looked up and shouted, "Oh my god! When did she come out of the sky?"

This shout attracted everyone's attention. Instantly, everyone looked up. Yun Tianfan raised his head and saw that it was Yun Feng. The members of the Shi family and the Li family also looked up and were all shocked! The Master of the Li family narrowed his eyes. It was her!

Li Zhong and Yun Luochen, who were on the ring, couldn't possibly pay attention to this. Everyone was surprised by Yun Feng's sudden appearance. At this moment, a beam of blue light fell from the sky and headed straight for the ring! The Li family's leader widened his eyes. Was she going to intervene?

Lord Shi was also shocked when he saw this scene. Yun Tianfan's heart couldn't help but tighten. If Yun Feng made a move, the Yun family would lose this battle!

"Splash!" To everyone's surprise, the Master of the Li family and the Master of the Shi family, who were about to shout to stop, stood there rather hilariously. They opened their mouths wide, but didn't say anything! The water element didn't attack at all, but became the most ordinary water, with a bit of bone-piercing coldness that drenched Yun Luochen from head to toe.

Yun Luochen was stunned, and so was Li Zhong. He was a bit surprised by the sudden turn of events. He raised his head abruptly and saw Yun Feng standing on it! Yun Tianfan immediately relaxed after seeing this, and some sweat couldn't help but appear on his forehead.

Yan Che and Qu Lanyi, who were watching from the sky, were also very surprised. Yan Che blinked his eyes and burst into laughter. Qu Lanyi also raised the corners of his mouth after a moment of shock. Fengfeng, you're truly surprising

Yun Luochen, who was drenched in sweat, stood there in a daze. There was a bone-piercing coldness all over his body. "Is this what I taught you? Yun Luochen, calm down!" Yun Feng's voice came from the sky and reached Yun Luochen's ears word by word. She entered the wasteland that was full of weeds. Her voice was like a fire that burnt all the weeds!

Yun Luochen lowered his head silently, and the water drops on his hair fell to the ground. Li Zhong couldn't help but feel angry when he saw Yun Luochen like this. If things went on like just then, Yun Luochen was destined to lose!

"Argh!" Li Zhong roared. Fearing that Yun Luochen would change his mind, he swung the sword in his hand fiercely. Yun Luochen clenched his fist and the weapon in his hand immediately met the attack! "Clang!" Li Zhong's sword was blocked by Yun Luochen's sword! The two swords clashed. Li Zhong gritted his teeth, but he was no match for Yun Luochen in the end. Yun Luochen's sword suddenly burst with light and Li Zhong slid back dozens of steps in panic!

Yun Luochen raised his head. Li Zhong's heart sank. It had changed! The anxiety he felt just then was gone! The water element just then seemed to have extinguished the anxiety in Yun Luochen's heart!

"Come on." Yun Luochen raised his head. His young face was already calm and peaceful. Li Zhong's black eyes darkened. He raised his sword and attacked again without another word. This time, Li Zhong was destined to fail!

"Ha!" Li Zhong slashed at Yun Luochen with the longsword in his hand, but it missed. Yun Luochen had already appeared next to Li Zhong in the blink of an eye and swung the longsword in his hand fiercely! Li Zhong raised the weapon in his hand and used all his strength to block it. His hand was hurting from the shock! The Li family's master looked gloomy. If Yun Feng didn't show up suddenly, the Li family would've already won! It seemed that it would really depend on luck if they wanted to win! After what Yun Feng did just then, the audience seemed to have aroused the passion in the bottom of their hearts. The calm scene just then became fiery again! "He's changed! He's changed! The look in that kid's eyes changed!" Someone in the crowd shouted excitedly and was immediately echoed by others.

"Right? He seems to have changed into another person in an instant! It seems that the Yun family has a high chance of winning this battle! The guy from the Li family on the stage doesn't have the power to fight back at all!"

"It's all thanks to that powerhouse who suddenly attacked. If it weren't for the rain, the Yun family would've lost!"

"Exactly! When did she come out? Who exactly is she?"

The voices came wave after wave. Many people looked at Yun Feng carefully in the sky. Someone who could stand so high must not be a simple person! Such a person was helping the Yun family. Where did the Yun family hire such an expert? In an inconspicuous corner of the crowd, a woman in ragged clothes widened her black eyes the moment she saw Yun Feng. Then, she lowered her head fiercely. She didn't

know what expression she had on her face, but her hands held the clothes in front of her chest tightly for a long time.

Yun Feng looked at the current situation on the ring. After what happened just then, Yun Luochen seemed to have calmed down and his fighting energy was no longer squandered recklessly. Li Zhong, on the other hand, was becoming more and more overwhelmed. The corners of Yun Feng's mouth curled up slightly. It seemed that the outcome of this battle was about to be revealed.

Finally, the two swords clashed again. Yun Luochen's eyes darkened as the nine crystals emitted dazzling light, while Li Zhong gritted his teeth and endured Yun Luochen's fighting energy attack. He tried to resist, but he was not strong enough. Suddenly, Li Zhong felt that the power broke through his defense and directly entered his body. He screamed in pain as his body was suddenly bounced up and he fell heavily on the ground. The long sword in his hand also rolled to the side.

Yun Luochen's chest rose and fell violently as he panted heavily. He had exerted all his strength in that attack just then. If Li Zhong had taken it, he wouldn't have had the energy to fight anymore. Li Zhong fell on the ground, looking like he was in great pain. He didn't get up in a long time. Yun Tianfan stood up from his chair in excitement and looked at Yun Luochen with his trembling lips.
