### Chapter 661 A Taste of the Yun Family (2)

"We won. Luo Chen won." Yun Tianling said hoarsely, as if he had broken some kind of magic barrier. Yun Tianfan couldn't speak. The waves in his heart were surging like waves hitting the shore, and couldn't stop! The Yun family won, they won!

Yun Luo Chen suddenly turned around and looked at his father. The father and son were speechless for a moment. They might be the only ones who knew what they had gone through.

Yun Feng smiled in the air with satisfaction. Very good, Yun Luo Chen. You did well. "Father, I..." Yun Luo Chen was about to say excitedly when the leader of the Li family suddenly stood up from his chair and roared with a blackened face, "Wait!"

The audience fell silent. The excitement of the audience suddenly cooled down. Yun Feng frowned unhappily in the air. What was this person up to? Master Shi slowly stood up. "Master Li, the winner has been decided. What do you have to say?"

The leader of the Li family waved his hand and someone immediately came forward to help Li Zhong up. Seeing how injured Li Zhong was, the leader of the Li family couldn't help but feel his temples pounding. He then waved his hand and Li Zhong was already taken away. "The winner has been decided? Did he really win?"

Yun Tianfan frowned. "What do you mean?"

The Li family master sneered. "What do I mean? Everyone saw it clearly just then. Someone interfered! That's why the Yun family won!"

"Oh? Are you talking about me?" Yun Feng slowly landed from the sky. Both the master of the Li family and the master of the Shi family were a bit nervous. The pressure of Yun Feng's Monarch Level strength slowly pressed down on the two of them. The master of the Shi family already looked quite awful. The master of the Li family was still holding on. In the end, he gritted his teeth. "That's right. It was you!"

"I intervened? Did you see that?" Yun Feng raised her brows. The Li family's master clenched his fists. "If you weren't the one who launched the water element just then, who could it have been? Why? As a powerhouse, you don't even dare to admit what you did?"

Yun Feng smiled. "Yes, that water element was indeed my doing. However, the water element just then wasn't aggressive at all. Besides, it hit Yun Luo Chen and didn't cause any harm to Li Zhong. May I ask where exactly my intervention was?"

"I don't care what you did! You broke the rules by intervening in this competition! The outcome of this battle doesn't count!"

"Lord Li! Need I remind you that you don't have the final say!" Yun Tianfan roared as he walked over and pulled Yun Luo Chen behind him. He looked at the master of the Li family in the eyes. "Luo Chen won with his own strength. If some people can't stand it, they can fight again!"

"You..." The leader of the Li family was so angry that his face turned red. In the end, he said, "Master Shi, what do you think?"

Master Shi's face darkened. He had kicked away the responsibility very quickly. Let him make the decision? Master Shi looked at Yun Feng. Someone in the crowd shouted, "Then let them fight again! What's there to be afraid

of?"

"That's right, let them fight again!"

Master Shi frowned and felt that it was indeed a bit difficult to be the peacemaker. After pondering for a long time, he finally said, "The challenge of this third-rank family position has been established since a long time ago. No one is allowed to interfere in any way. Even though this little friend didn't cause any real effect, it's a fact that you did something." Yun Feng was already displeased when she heard this. Beads of sweat appeared on Master Shi's forehead. "However, this challenge is a battle between the younger generation, and there's only one battle. It's against the rules to compete again." If they fought again, there would certainly be a third or fourth battle. There would certainly be no end to it.

"If you insist, I have a suggestion."

Yun Feng raised her brows. The Li family looked at the master of the Shi family. The master of the Shi family chuckled. "I suggest that we send out two more people. The two families will send out their two strongest people to fight again. Then, we won't complain about the result."

"Alright, alright! I think this is a good suggestion!" Once the Master of the Shi family said that, many people in the audience immediately agreed. Gradually, more and more people agreed. The Master of the Li family stood there with a complicated expression. He was naturally the one who sent the Li family out. What about the Yun family? However, under the current situation, if the Li family didn't agree, they should be automatically eliminated.

"Sure." The Master of the Li family agreed, and so did Yun Tianfan. Seeing that the two of them were willing to cooperate, the Master of the Shi family couldn't help but feel relieved. He looked at Yun Feng, as if he was asking for her opinion. Yun Feng smiled. "Master of the Shi family's proposal is good. The Yun family agrees with it."

"That's for the best. Then, you two families should prepare your champion for the battle. It'll be the last battle. Nobody should complain when the result is out."

The atmosphere reached a climax again. A temporary contest was about to begin, and it was a contest between the two strongest people! It wouldn't be satisfying if they didn't watch such a contest! They were right to come today!

"The leader of the Li family must be the representative of the Li family. I heard that the leader of the Li family has already reached the mid-stage of the Commander Level! He's very powerful!"

"Yes, Yun Tianfan isn't as strong as the Li family's master. They might lose this time."

"The Yun family might send out that little girl!"

"What little girl? She's a powerhouse. Didn't you see that? How dare you be so disrespectful!"

The people below the stage were all discussing who the Yun family would send out to fight. On the Yun family's side, Yun Tianfan certainly didn't want to trouble Yun Feng, but Yun Feng said, "This competition was nullified because of me. I should more or less take responsibility. Besides, I'm also a member of the Yun family. I'll do my best for this matter."

Since Yun Feng insisted, the others didn't say anything. If Yun Feng was up, the result would be the same even if a few other masters of the Li family came.

Very soon, the contest was about to begin. The leader of the Li family walked out with a gloomy face. When he saw that Yun Feng was sent by the Yun family, he roared again, "Yun family, you're too despicable!"

"Master Li, what's the matter now?" Master Shi couldn't help but feel a bit frustrated. He was the meddlesome one just then, and he was causing trouble again!

The Master of the Li family looked at Yun Feng and only felt angry. If he were to fight her, he would surely lose! It was impossible for him to win! Wasn't the Yun family bullying him with their power?

"Master Li, do you have any other questions?" Yun Feng asked with a smile. The Master of the Li family shouted angrily, "The Yun family should send someone from their family. You're not from the Yun family of Jushui Town at all!"

#### Chapter 662 A Taste of the Yun Family (3)

This was a fact that everyone knew. After all, Yun Feng had only appeared recently. If she was really a member of the Yun family of Jushui Town, everyone would have met her a long time ago. After hearing this, everyone discussed it in private. Master Shi also looked at Yun Feng with a hesitant look. He really didn't want to offend such a powerhouse. "Young friend, what do you think..."

"Who said I'm not from the Yun family? My surname is Yun and my given name is Feng!"

"Humph! Why should we believe it? If the Yun family really had someone like you, would it have its current inferior status?!" The Li family's master firmly clung to this point and wouldn't let go. Yun Tianfan stood up with a bad expression. "Li family's master, we don't have to report to you who the Yun family has, do we?"

"You don't have to vouch for her. Everybody saw that she just appeared out of nowhere. She's not a member of the Yun family at all!"

"Can you not be so meddlesome?" A voice sounded unhurriedly. Yun Feng was startled. She didn't know when Yan Che and Qu Lanyi had mixed into the crowd. Yan Che looked at the Master of the Li family with ridicule in his eyes. "Even if she isn't, can't she join the Yun family right now? Even if her surname isn't Yun, can't she change it now? There's nothing you can do about that, is there?"

The face of the Li family's leader suddenly flushed. Some people agreed with what Yan Che said. Indeed, this was the Yun family's business. As an outsider, it wasn't his place to say anything.

"You're taking advantage of your power to bully others! This is..." The Li family's leader was so angry that his body was shaking. Another unhurried voice sounded. Yun Feng already had a smile in her eyes. Qu Lanyi said, "Just because you can't have something, you won't let other people have it? Why can't

the Yun family have her? Or do you think she should join the Li family? If the Li family's leader thinks it's unfair, you can find a similar powerhouse to join the Li family. Nobody will say anything, but you must make this powerhouse respect you first."

The leader of the Li family was infuriated by what Yan Che and Qu Lanyi said. Yan Che glanced at Qu Lanyi. "This is the first time I feel like we have something in common."

Qu Lanyi rolled her eyes at Yan Che. "It's just an illusion."

"That's right! Lord Li, you're so wishy-washy. Are you scared?" Someone shouted loudly, which immediately caused a burst of laughter. "I say, just as that young man said just then, you should just find a powerhouse. Nobody will stop you!"

"Exactly! If you want to find one, hurry up. Don't waste our time!"

The Master of the Li family was so angry that his entire body was shivering. Find a powerhouse who was the same as Yun Feng? Where would he find them? Even if he found one, they wouldn't look at him directly! It was undoubtedly a dream for a small third-rank family to be able to hire such a powerhouse!

The leader of the Li family looked at Yun Feng furiously. The Yun family, an unranked family, actually had such a person. Did they save the world in their last life? Why didn't the Li family have such luck? In the end, they were just jealous. They were jealous that Yun Feng existed in the Yun family. They were jealous that an unranked family could have such a powerhouse!

"Lord Li, can we begin?" Yun Feng asked casually. The veins on the Master of the Li family's neck bulged. Begin? Begin my ass! It was impossible for him to win. Even if he fought, he would lose! The Master of the Li family struggled for a few seconds and finally turned around. He flicked his sleeve and prepared to leave.

"Are you admitting defeat?" Yun Feng's words came. The Li family's master gritted his teeth and left with a pale face!

A wave of boos suddenly burst out of the crowd. It was obvious that the Master of the Li family's approach made everyone laugh. A third-rank family? They didn't even have the courage to fight! Then, cheers came. The Yun family rose from an unranked family to a third-rank family all of a sudden, which made many people feel extremely impressed. After all, Yun Luo Chen had relied on his own ability in the battle just then. The Yun family didn't win this battle with Yun Feng's own strength. Although Yun Feng was an indispensable factor, the Yun family's own efforts were also very important!

The Yun family was indeed different from before, and the Li family had been directly demoted to the unranked. Everything they had before would be handed over to the Yun family. The crowd cheered, and a woman in a corner turned around and left in embarrassment and pain. If she had known that the Yun family would be like this, she wouldn't have left no matter what she said. She would have stayed in the Yun family obediently, but it was too late now. She was completely expelled from the Yun family. Suddenly, she thought of something, and the woman's eyes brightened. Right, she had a child. Yun Tianling might be able to forgive her for the sake of the child! Thinking of this, the woman ran away from the crowd.

The Yun family jumped to a third-rank family. The dilapidated house they used to live in was naturally abandoned. Everybody moved into the big house delightedly and took over everything that the Li family was in charge of. Ever since the Yun family rose to a third-rank family, everything had changed. The Shi family seemed to have become very friendly. They came to the new house of the Yun family from time to time. The Li family, which had been reduced to an unranked family, had faded out of people's sight. Nobody cared about them anymore.

Once the challenge for the third rank was successful, it would take five years for them to be challenged. The Master of the Li family knew how far Yun Luochen would go in five years. If the Li family lost this time, they would truly lose completely.

In the month after the Yun family gained power and took over the Li family's business, the Shi family visited them frequently, especially Shi Caihua. Yun Luochen used to be the one who chased after Shi Caihua, but the situation changed. It was Shi Caihua who was chasing after Yun Luochen. Yun Luochen was already outstanding in appearance, and with his family background and outstanding strength among his peers, he instantly became a popular single kid in Jushui Town. Some small families urged their daughters to get closer to Yun Luochen as much as possible. It would be great if Yun Luochen liked them!

Naturally, Shi Caihua wouldn't allow other girls to get close to Yun Luochen, as if Yun Luochen was her personal property. She was like a tigress, guarding against others, which gave Yun Luochen a headache. He had approached Shi Caihua because Yun Tianfan had asked him to. He didn't like her at all.

The Shi family was certainly willing to let Shi Caihua marry Yun Luochen. The other intention of the Shi family was, of course, to rope in Yun Feng! Judging from Yun Feng's attitude, she attached great importance to her family. If Shi Caihua could marry into the Yun family, he would be considered half a member of the Yun family, and the Shi family would also benefit a lot!

#### Chapter 663 A Taste of the Yun Family (4)

Shi Caihua's relentless entanglement almost drove Yun Luochen crazy. In the end, he simply closed his door and didn't come out. He didn't expect that Shi Caihua would be able to come home. Yun Feng couldn't help but find it funny when she saw how frustrated Yun Luochen was. Yun Luochen told Shi Caihua that he didn't have any feelings for her, but Shi Caihua was determined to marry Yun Luochen. He made Yun Luochen shout every day, "How can I get rid of her?"

Qu Lanyi and Yan Che were both gloating. Although the two men were enemies in nature, they had the same bad personality. Both of them were very happy to see Yun Luochen frowning every day. The other few Magic Beasts were also watching the drama leisurely. Yun Feng wanted to talk to Yun Sheng and Mu Xiaojin these days, but she was shocked to find that the Sound Transmission Jade had already lost its effect.

After learning about it, Yun Tianfan explained to Yun Feng that only the sound transmission tools of the Zonglin Hall could be used in the area of the Zonglin Hall. Also, communication with the East Continent was completely cut off here. Hearing that, Yun Feng felt weird. The communication was possible in the Bright Moon Hall, but why was it isolated in the area of the Zonglin Hall? She realized that three months had already passed, and the day of Xiaojin's childbirth was getting closer and closer. Yun Feng planned

to go back half a month earlier. This time, she would certainly bring the Yun family of the West Continent back. This would be a surprise for her sullen father.

In Jushui Town, the position of the most powerful family had obviously changed as well. The Shi family was slowly showing signs of giving in. After all, with Yun Feng here, the Shi family wouldn't dare to not give in. Yun Feng even planned to bring the Yun Army or the warriors of the Red Maple Mercenary Team to the West Continent if possible. After all, the Yun family of the East Continent was already a superior existence. Nobody dared to offend them. However, the Yun family of the West Continent had just started developing and the situation of the West Continent was much more complicated than that of the East Continent. Family guards were indispensable!

It was certainly possible to recruit family guards here. However, Yun Feng thought that the strength of the people she recruited was a problem, and there was also the problem of loyalty. It would take time to train a team of loyal guards for the family, and the Yun family on the West Continent didn't have the time to do so. The Yun Army and the Red Maple Mercenary Team were the best choices. In their eyes, Yun Feng was their faith! When it came to loyalty, nobody would dare to compete with them!

It was also a kind of training for them to come to the West Continent! The Yun Army could be considered idle in the current situation on the East Continent, and the Red Maple Mercenary Team was a bit restrained when they did things on the East Continent. Once they came to the West Continent, it would be a completely different world! The Yun Army didn't need to be mentioned. They would do whatever Yun Feng asked them to do! As for the Red Maple Mercenary Team... Yun Feng smiled. She should find a good way to send a large group of people to the West Continent right now. After all, she could cross the Magic Beast Mountain Range alone, but not these warriors.

Yun Feng had been thinking about this question for the past few days. There were a hundred soldiers in the Yun Army alone. It was a big problem how these hundred people could reach the West Continent safely. Qu Lanyi saw that Yun Feng had been frowning these days. "What are you worrying about?" Qu Lanyi reached out and separated Yun Feng's brows. Yun Feng said what she was thinking in a low voice.

"Is there any way to move them on a large scale while ensuring safety and privacy?" Qu Lanyi raised his eyebrows curiously and suddenly smiled. "I thought you were worried about something. Isn't it simple? A dimension container. Of course, if you have a dimension container that can store such a large amount of things."

Qu Lanyi said with a smile and touched Yun Feng's cheek. What Qu Lanyi said made Yun Feng ponder deeply. A dimension container was a good idea. However, where could she find a dimension container that could accommodate a hundred people? Such a huge dimension container...

"Ah!" Yun Feng suddenly shouted in a low voice. Qu Lanyi frowned. "What's wrong?"

Yun Feng suddenly raised her head, her clear eyes glittering! "I've thought of it. This is indeed a good idea!" Yun Feng suddenly pulled Qu Lanyi's face down, and planted a kiss on Qu Lanyi's cheek with her red lips. "Thank you." After saying that, Yun Feng had already disappeared. Qu Lanyi was about to open his arms and hug her, when she missed.

“You ran too fast...” Qu Lanyi smiled helplessly. He touched the remaining warmth on the side of his cheek with his finger and curled his thin lips. “Never mind. I’ll just accept the thank-you gift this time. It won’t be so simple next time.”

Yun Feng flew all the way back to her room and immediately closed her eyes without saying anything. After a while, a dragon-shaped jade pendant appeared in her hand. There was a smile in Yun Feng’s eyes. Right, why didn’t she think of that? She had always had a spatial container that could accommodate so many people. The Dragon Palace! As long as she refined the Dragon Palace again, it should be fine!

now

If it weren’t for this matter, Yun Feng would probably have forgotten about the refinement of the Dragon Palace. She had only refined a small part of the Dragon Palace for now and could only send people to the tenth level. However, right now, she wasn’t sending a few people, but hundreds of people! And she couldn’t just control the tenth level!

Yun Feng made up her mind and immediately sat cross-legged. The dragon-shaped jade pendant immediately floated in the air and her mental strength surged out fiercely, enveloping the dragon-shaped jade pendant densely. Yun Feng slowly lowered her eyes. The progress of refining the Dragon Palace had to be accelerated now!

Somewhere inside the Dragon Palace, a pair of gray eyes opened lazily. Sensing Yun Feng’s movement, a hoarse chuckle came out. “I thought this girl would take another few decades to think about refining it.”

“Haha, she must be planning to do something with the Dragon Palace.” Another old voice sounded. The gray eyes of the old man glittered and he closed them again. “I don’t care what she does. I just want her to refine it. I’ve waited long enough... Old man, the outside world is still more interesting.”

“So many years have passed. What’s the point of going out?”

“Hm! Don’t just stand there and talk. Don’t you want to go out too? Don’t think I don’t know what you’re thinking.”

“Hehehehe...” The old voice laughed, echoing in the empty area of the Dragon Palace. “Which one of us here doesn’t want to go out? Just wait, just wait...”

“Go to sleep. It’s so noisy.” The hoarse voice fell silent after saying this. The old voice didn’t move anymore, and peace was restored in the Dragon Palace. On the tenth floor of the Dragon Palace, Xia Qing, who had been practicing here, slowly opened her eyes. When she opened her beautiful eyes, a kind of moving light flashed through them. The temperament of the little girl changed drastically. She still had that young face, but she looked very different.

### **Chapter 664 The Pin Yun Family (5)**

Xia Qing stood up and looked around. The corners of her red lips slowly rose. “Master.”

Yun Feng, who was refining the Dragon Palace, was thrilled to hear this voice. “Qingqing, is your training over?”. Xia Qing chuckled. “I didn’t let you down. I’ve reached the Commander Level!”

Yun Feng was very satisfied and proud in her mind. In less than a year, Xia Qing had already broken through to the Commander Level! The elemental density on the tenth level of the Dragon Palace made Xia Qing's cultivation speed several times faster than that of ordinary people. Xia Qing also seemed to have exerted all his strength in order to break through to this level in a short time. She indeed didn't disappoint Yun Feng!

"Very good." Yun Feng's voice came. Xia Qing saw that a magic circle had been activated in the corner of the tenth floor. "Only those at the Commander Level can pass through this magic circle. You can come out now." Xia Qing nodded. "I'm working on refining this place right now. It's good for you to come out. Tell Qu Lanyi and the others that I'm going into seclusion. Don't disturb me." Xia Qing stood inside the magic circle, surrounded by warm light. When she opened his eyes again, she was already standing in front of Yun Feng.

Xia Qing had a lot to say to Yun Feng, but seeing that Yun Feng was busy, she didn't bother her. Yun Feng opened her eyes and gave Xia Qing an approving look. Xia Qing immediately put on a bright smile. Her master's approval was enough for her!

After Xia Qing went out, Yun Feng immediately sealed the space around her and refined it wholeheartedly. When Xia Qing came out of the room, she was a bit confused. Where was this place? Little Fire, who was outside with Lan Yi, Meatball and Yaoyao, suddenly felt something. A glint of delight flashed through its wolf eyes as it suddenly changed its direction and ran back to Jushui Town.

"Brother Fire, where are you going?" Lan Yi shouted. Little Fire roared without looking back, with endless excitement in its voice. "That stupid girl is out!" Lan Yi was also delighted when he heard that. "Master's disciple, Qingqing, is out?" Lan Yi immediately picked up Yaoyao and followed Little Fire back to Jushui Town. While Xia Qing was confused, she saw a handsome young man walk in. He was confused when he saw her. "Who are you?"

Xia Qing was about to ask where she was when he heard the voice of a young girl. The young boy's expression changed drastically after hearing that. Before Xia Qing could react, he suddenly stepped forward and held her in his arms!

"What are you doing?" Xia Qing was suddenly pulled into the arms of the handsome young man. Her face flushed and she struggled to leave without thinking. Although the young man was slim, he had quite a lot of strength. He wrapped his arms around Xia Qing and held her even more tightly in his arms. The young man's anxious and slightly hot breath sprayed on Xia Qing's cheeks. Xia Qing felt that her face must be on fire.

"Miss! Do me a favor!" The handsome young man whispered quickly. Before Xia Qing realized what he was doing, another person had already rushed out. When she saw the two people cuddling each other, her face suddenly darkened. "Yun Luochen! Who is she?"

Xia Qing was stunned. Yun Luochen? His surname was Yun? Was he her teacher's family?

Yun Luochen held Xia Qing closer. Xia Qing could feel that Yun Luochen's hand on her waist was warm and sweaty. "She's the girl I love, of course. Shi Caihua, how long are you going to pester me?"

Hearing the conversation between the two of them, Xia Qing finally understood something. It seemed that this young man was being pestered. As the teacher's disciple, she considered her teacher's family business her own business. If her teacher's family needed help, he certainly had to offer it! Xia Qing stopped struggling. Sensing that the girl in his arms had gone soft, Yun Luochen couldn't help but heave a sigh of relief. "Thank you." He whispered in Xia Qing's ear softly. This action was certainly extremely flirtatious in Shi Caihua's eyes.

"You bitch! Leave Yun Luochen! He's mine!" Shi Caihua screamed, as if she had forgotten that this was the Yun family's house.

"Shi Caihua, are you done? I don't like you! Can't you hear me? This is the Yun family. You're not allowed to yell here!" Yun Luochen stood there with an awful expression and held Xia Qing even more tightly in his arms, fearing that Shi Caihua would hurt her.

"You've always been around me. I'm the one you like! What's wrong with the marriage between the Shi family and the Yun family? Am I not worthy of you? Where did she come from? Who is she?" Shi Caihua looked at Xia Qing with fury in her eyes. Xia Qing thought for a moment and gently pushed Yun Luochen's arm away. As her strength increased, Xia Qing was no longer that ignorant girl. Although she hadn't improved in age, her wisdom had already improved. "Miss Shi, if Luo Chen doesn't have any feelings for you anymore, why do you have to force him? You'll be the one who suffers in the end," said Xia Qing earnestly. Shi Caihua was immediately enraged after hearing that!

"Who are you? What right do you have to teach me a lesson? Let me tell you, if you still want to crawl into the Yun family, stop dreaming!"

Xia Qing chuckled. Yun Luochen had a headache. If he had known that this woman was like this, he wouldn't have approached her back then no matter what. She was truly a hot potato that he couldn't throw away even if he wanted to!

"If that's the case, why don't we have a fair competition?" Xia Qing said indifferently. Shi Caihua immediately smiled. In her eyes, Xia Qing seemed even younger than her. How would such a young girl want to compete with her in a fair way?

"Great! How can you compare to me in terms of family background and status? Why don't we fight with our strength?" Shi Caihua smiled proudly. She was at the peak of level 5 right now. How strong could that girl be?

"Sure," replied Xia Qing with a smile. Yun Luochen was a bit anxious. "Shi Caihua! Do you still have any shame? I like her. What can you do? If you're angry, come at me!" Yun Luochen dashed in front of Xia Qing. Shi Caihua's face became even redder. Xia Qing pushed Yun Luochen aside. "Didn't you want to get rid of her? This is a good opportunity. Just watch from the side."

Yun Luochen was pushed aside. Before he could say anything, Shi Caihua was ready to attack. She had yet to release her power when she felt a strong gust of wind. Shi Caihua only felt a sudden warmth on her cheek. Xia Qing stood there and slowly lowered her hand. The gentle green elements lingered around her body. Shi Caihua blinked and touched her cheek. A warm liquid stained his finger. It was blood.

## **Chapter 665 Invisible (1)**

Yun Luo Chen watched in shock. That attack was so fast that he couldn't see it clearly at all. He only knew that a streak of green flew towards Shi Caihua and then disappeared without a trace. There was a clear red mark on Shi Caihua's cheek. If it weren't for that mark, it would be hard to believe that Xia Qing really attacked just then.

Shi Caihua widened her eyes and looked at the redness on her finger. She was so stunned that she couldn't say anything. Xia Qing gently swept her clothes. "If you continue to pester Yun Luo Chen, your face won't be the only thing that's injured next time."

Shi Caihua's eyes widened again. She looked at Xia Qing for a long time and finally whimpered. She then turned around and ran. Her steps were messy. Xia Qing sighed helplessly. Her teacher's family was indeed popular. She glanced at Yun Luo Chen and sized him up. A level-7 warrior wasn't bad.

"You..." Yun Luo Chen looked at Xia Qing. She was clearly younger than him, but what she did just then made him feel pressured. Also, why did she sound like Yun Feng?

"You're..." my master's family, right? Xia Qing was about to ask that when she heard a familiar voice. She immediately smiled. "Stupid girl, you're out!"

Xia Qing suddenly turned around and a figure fell from the sky. Little Fire transformed back into human form again. There was suppressed joy on its little face. Yun Luo Chen couldn't help but feel shocked when he saw Little Fire's human nature. Who was this? He had never seen such a person around Yun Feng before!

"Brother Little Fire." Xia Qing called her. Little Fire often called her dumb girl. Although she had protested at first, Little Fire kept calling her that. Xia Qing didn't bother to correct it. "Qingqing." Lan Yi landed from the sky with Yaoyao in his arms and greeted Xia Qing. "Brother Lan Yi." Xia Qing looked at Yaoyao in Lan Yi's arms and smiled kindly. "Hi, Yaoyao. It's been a long time."

Yaoyao looked at Xia Qing with her blue eyes and got down from Lan Yi's arms. She nodded at Xia Qing, while Meatball sat on Little Fire's head and glanced at Xia Qing with its big eyes without any special emotions.

"When Brother Fire knew that you came out, he couldn't wait to rush back," said Lan Yi teasingly. Little Fire rolled its eyes fiercely. "Don't talk so much! I'm just a bit bored. After all, it's really boring without you around."

Xia Qing was both angry and amused. Little Fire smiled happily and even messed up Xia Qing's hair. Yun Luo Chen finally said, "Wait!"

Little Fire looked at Yun Luo Chen in dissatisfaction. It was obvious that this harmonious atmosphere had been ruined by him. "What's the matter?" Little Fire asked unhappily. Yun Luo Chen looked at Little Fire's human form and said after a while, "Are you... that Fire Cloud Wolf?"

Little Fire narrowed its eyes dangerously. It knew that its human form would be looked down upon by others. After all, the ferocious Fire Cloud Wolf's new form was so powerless after the transformation. It could be said to be a kind of humiliation. "Why? Do you have a problem with that?" A wolf's howl suddenly came from the depths of Little Fire's throat, which shocked Yun Luo Chen again. As expected!

“Brother Little Fire.” Xia Qing stepped forward and held Little Fire’s arm. Little Fire’s expression froze and became a bit uncomfortable. Luckily, nobody saw it.

“Then, who is she?” Yun Luo Chen looked at Xia Qing. The person next to Yun Feng was certainly not a simple person. That move just then let Yun Luo Chen know that Xia Qing’s strength was also extraordinary. What he was suspecting right now was whether this little girl in front of him was a Magic Beast in the human form. A summoner certainly had a lot of Magic Beasts!

“I haven’t introduced myself.” Xia Qing smiled. The scene just then was indeed a bit funny. “I’m Yun Feng’s disciple. My name is Xia Qing.”

“Disciple?” asked Yun Luo Chen. Xia Qing nodded. “I’ve been cultivating in seclusion in the past. Now that I’m out, you’re Yun Luo Chen. You’re my master’s family.”

Yun Luo Chen nodded. Family... He was, sort of. Lan Yi briefly explained the situation of the Yun family in Jushui Town. Xia Qing finally understood the cause and effect of the matter. She was also happy that the Yun family could have such a status in Jushui Town. Yun Luo Chen sat aside and sized Xia Qing up constantly. It was truly the first time he heard of Yun Feng’s disciple. Indeed, even her disciple was powerful.

“Qingqing?” Another surprised voice came. Qu Lanyi and Yan Che came back. When they saw Xia Qing, Qu Lanyi was very surprised. He touched Xia Qing’s little head and nodded in satisfaction after checking her strength. “You’ve been working hard.”

The corners of Xia Qing’s mouth curled up. Yan Che looked at Xia Qing curiously on the side. “Who’s she? Why do you look so familiar? Is it Yun Feng’s other Magic Beast?”

Xia Qing was quite surprised to see Yan Che. Another stranger had appeared next to her teacher! She was about to greet him when Qu Lanyi sat down and said, “She’s Yun Feng’s only disciple, Xia Qing.”

Yan Che suddenly shouted, “Disciple? How old is Yun Feng? She already has a disciple!”

“Master’s strength is obvious. It’s inevitable that she accepts a disciple.” Lan Yi stood aside and replied indifferently. Yun Luo Chen felt like he couldn’t say anything. He was the weakest here. Under the pressure of all kinds of strong people, he couldn’t say anything at all.

“Little disciple, are you interested in taking me as your master?” Yan Che chuckled. That sloppy smile made Xia Qing a bit embarrassed. “Thank you for your kindness, brother, but... one teacher is enough for me.”

“Little disciple, are you looking down on me? I’m a dark-element mage. It’s very rare. How about it? Think about it. I like you a lot.” Yan Che smiled and said in an unctuous manner. Qu Lanyi was a bit unhappy on the side. Xia Qing was even more embarrassed. This person was so weird...

“Are you done? Master’s disciple isn’t someone you can steal!” Little Fire suddenly roared like a wolf furiously. This sudden roar made everyone a bit dumbfounded. Xia Qing was also shocked. What was wrong with Brother Little Fire? It seemed to be even more irritable than before?

"It's her business whether she agrees or not. Why are you interrupting?" Yan Che sounded very unhappy. He looked at Little Fire with his black eyes. Little Fire's wolf eyes were full of fury. "Human, are you looking for a beating?"

## **Chapter 666 Invisible (2)**

Yan Che chuckled. "Alright. It's time to find a new opponent."

"Roar..." A wolf's roar sounded instantly. Little Fire, who had been sitting steadily in its seat just then, immediately wanted to rush towards Yan Che. However, Yan Che only smiled gently and the black elements wrapped around his body instantly disappeared. The cute boy just then didn't exist for long. The enormous fiery red body of the wolf appeared again and it suddenly rushed out of the house, roaring furiously as it went far away.

"Brother Little Fire!" Seeing that Xia Qing was a bit anxious, Qu Lanyi shook her head calmly. "Don't worry about it. He simply has nothing better to do."

Xia Qing didn't know what Yan Che was like, but judging from Qu Lanyi's words, he shouldn't be a bad person. Brother Little Fire should be fine. Thinking of Yun Feng's instructions, Xia Qing explained. After hearing that, Qu Lanyi pondered for a while and could guess Yun Feng's intention. "Don't disturb her during this period of time. If anything happens to the Yun family, come to

me."

Yun Luochen knew that Yun Feng was in seclusion and didn't intend to disturb her. He then nodded. Qu Lanyi suddenly thought of something. "Is Shi Caihua from the Shi family still coming?"

Yun Luochen was already having a headache at the mention of this, but fortunately, it was resolved today. "Yes, she was just here, but she's already left. I don't think she'll come again."

"Oh? A way to solve the problem once and for all?"

Yun Luochen coughed a bit uncomfortably and looked at Xia Qing. "This is all thanks to you, Miss Xia. It should be said that it's done once and for all."

Qu Lanyi glanced at Xia Qing. Xia Qing smiled, and blushed. "It's fine. You're my family. I should help you with your family's business." Qu Lanyi patted Xia Qing's head. "Don't think that sticky woman is so easy to get rid of."

Xia Qing and Yun Luochen were both a bit confused. Qu Lanyi smiled mysteriously. "Let's wait until tomorrow."

Xia Qing lived in Yun Feng's yard. It should be said that this group of people lived in the same yard as Yun Feng. Night fell slowly. People visited the Yun family's mansion every day. Many people wanted to build a good relationship with the Yun family, so the Yun house was still brightly lit at this moment. Of course, nobody dared to disturb Yun Feng's house.

At this moment, Xia Qing didn't fall asleep. She stood in the courtyard alone quietly. The cool wind at night blew gently. Xia Qing slowly closed her eyes and felt the peace of this world, and the power surging inside her body. She had truly become stronger. She was wearing the space ring Yun Feng gave her in the past with the flower hawk Yun Feng bought for her in it. This was undoubtedly the best time to contract with it. However, Xia Qing wanted Yun Feng to see with her own eyes the moment she contracted with the flower hawk.

She gently caressed the ring on her finger, and her thoughts drifted far away. After she left the Xia family, she naturally took her mother out and settled everything for her mother before she could join Yun Feng's training. She didn't know how her mother was doing right now. Xia Qing looked up at the sky that had already darkened and her eyes were a bit empty. "Why are you standing here and not sleeping?" A rather impatient voice sounded. Xia Qing suddenly turned around and a young boy fell from the sky. His handsome and cute face didn't look like the human form of the vicious Cloud Wolf at all.

"Brother Little Fire!" Xia Qing cried out in surprise. When Little Fire walked out of the shadows, Xia Qing finally saw that there seemed to be some bruises on its face and other parts. "Brother Little Fire, you're injured!" Xia Qing quickly walked over and looked at Little Fire's tiny wounds anxiously. Little Fire waved its arm in frustration. "It's nothing!"

Xia Qing burst into laughter. Little Fire was a bit stunned. "You haven't changed. You still have the same bad temper." Xia Qing's beautiful eyes glittered under the night sky. Little Fire glanced at her and immediately looked away. "You stupid girl! How can you say such stupid things?" Xia Qing smiled even more happily after hearing that. "Are these injuries really alright? There are a lot of wounds..."

Little Fire gave him a look that suggested that he found her too talkative. "This is nothing to me at all. It's just a dark mage. Before I was contracted, the ones who fought with me were all Magic Beasts."

Xia Qing frowned and didn't say anything else. Seeing that she didn't say anything for a long time, Little Fire couldn't help but turn its head. "Stupid girl, what's wrong?"

"Nothing." Xia Qing shook her head gently and gave Little Fire a smile, but Little Fire frowned in dissatisfaction. "Your smile is so awful. Don't smile."

Xia Qing was stunned. Little Fire suddenly reached out and rubbed the top of Xia Qing's head. "You'd better get rid of those things in your head. Like I said, they're nothing to me." Xia Qing's hair was completely messed up by Little Fire. Xia Qing combed her hair and raised her head. Little Fire was shrouded in moonlight at this moment, and a layer of faint halo was projected on his body. His perfect and beautiful appearance of a human made Xia Qing a bit anxious. Brother Little Fire was truly beautiful... both in human form and in Magic Beast form.

"At this moment, we should go out for a walk." Little Fire looked at the peaceful night sky. Magic Beasts were wild by nature. The crazy and agitated elements took root in their bodies and merged with every blood cell. Even the most docile and harmless Magic Beasts had their wild side, let alone the Fiery Cloud Wolf that was known for its ferocity!

"Roar..." There was an excited growl. Little Fire couldn't wait to go for a night trip. The Fire Cloud Wolf's huge and beautiful body suddenly appeared. Xia Qing was shocked. Little Fire turned its head slightly

and looked at the slightly shocked Xia Qing, as if it had made a decision. “Do you want to come with me?”

After hearing this, Xia Qing’s eyes widened slowly, as if she couldn’t believe it. Little Fire waited for a while and didn’t receive a reply. It was a bit embarrassed. “If you don’t want to come, then forget it!” It was about to jump into the sky when Xia Qing suddenly extended her hand. She wanted to say wait, but Little Fire moved too quickly and could only express its feelings with its actions. However, it had obviously messed up. Little Fire couldn’t stand it any longer and breathed heavily. It was in a bad mood right now and was trying its best to suppress it. Xia Qing was slowly withdrawing her hand and standing there with an embarrassed look. She really didn’t do it on purpose. She really didn’t do it on purpose!

Chapter 667 Invisible (3)

“You wretched girl! How dare you pull my tail!” It couldn’t bear her anymore and roared in a low voice. As a wave of heat blew at Xia Qing’s face, Xia Qing laughed dryly. She really didn’t do it on purpose. In such a situation, only its tail could be pulled. In order to prevent him from leaving, she naturally... pulled his tail without thinking.

“Get on my back!” Little Fire suppressed the anger in its heart. Being pulled by the tail was a humiliation, a huge humiliation!

Xia Qing was a bit afraid to go forward. Even though she didn’t quite understand, she knew that what she did just then seemed a bit outrageous. Brother Little Fire was obviously on the verge of exploding... However, she remembered that she couldn’t pull its tail.

The pure black wolf eyes shone like gems in the dark night. Seeing Xia Qing’s cautious look, Little Fire couldn’t help but growl again, “Damn girl! Don’t make me repeat myself!”

Without another word, Xia Qing climbed onto Little Fire’s body in a very awkward manner. The soft and comfortable fur on the Cloud Wolf’s body made Xia Qing fall completely in love with it at this second. Her entire body pressed against it, like the most comfortable bed. She was deep in it and didn’t want to come out.

Little Fire felt that the little girl on its back liked to get close to it. There was pride and satisfaction in its wolf eyes. Its body suddenly rose into the sky and flew high up in the sky. Xia Qing was stuck on Little Fire’s back. Its soft fur blocked all the cold wind, making her feel warm and fuzzy.

The enormous and beautiful Cloud Wolf galloped in the sky, turning into a black shadow that streaked across the sky of Jushui Town. Its beautiful fur was blown gently by the wind, and its cute wolf ears were also moving gently. Little Fire liked to move freely at such times, especially right now. Feeling the weight on its back, the Fire Cloud Wolf suddenly growled and flew further away.

Obviously, Little Fire was a bit too happy. It rode in the sky for the whole night. When the sky brightened, Little Fire finally remembered to go back, and Xia Qing, who was buried on its back, had already fallen asleep.

When Little Fire transformed into human form and carried Xia Qing back to Yun Feng’s yard from the sky, Lan Yi was standing there with a smile, as if he had been waiting for a long time. Yaoyao stood next

to Lan Yi with her clear blue eyes that seemed to be able to see through everything. Meatball, on the other hand, jumped directly to Little Fire's head and shouted, "Na, na, na!"

"Meatball, don't talk nonsense!" Little Fire's face was a bit red, and it suddenly shouted in a low voice. Meatball seemed to be addicted to talking and cried a few more times. The expression on Little Fire's face was very interesting

"You're back, Brother Fire." Lan Yi said with a smile. Little Fire threw a fierce look at him. Lan Yi stood there and smiled without saying anything. Yaoyao's clear eyes made Little Fire unable to resist. What Yaoyao said next made Little Fire completely crazy!

"Love." Yaoyao said. Lan Yi nodded in agreement. Little Fire's facial features immediately twisted together. That cute boy's face turned red in an instant! "Damn it! No!" Little Fire roared. Yaoyao didn't say anything else. She only looked at Little Fire with her transparent blue eyes, as if she could see into the bottom of its heart. Little Fire blushed and sent Xia Qing back without another word. Then, it turned around like a gust of wind. At this moment, Yaoyao opened her mouth again. "Love." It was the same word, but something directly hit Little Fire's heart.

"Crack." Something shattered. Lan Yi's expression changed abruptly. He picked up Yaoyao and immediately flew into the sky. Where Yaoyao was just now, a huge wolf claw was stuck!

Little Fire instantly transformed into the form of a Magic Beast and suddenly launched an attack on Yaoyao. Luckily, Lan Yi dodged in time, or Yaoyao would have definitely been severely injured! "Brother Fire, what are you doing?"

All the brutality hidden in Little Fire's body burst out at this moment. Lan Yi couldn't help but feel shocked when he felt the appalling killing intent. Little Fire and the rest of them had always regarded each other as companions. Yaoyao was also a Magic Beast that his master wanted to contract with. If she hadn't touched Little Fire's bottom line, it definitely wouldn't have put on such a posture, let alone attack her!

The pure black wolf eyes were full of killing intent. That was real killing intent. It didn't hold back at all!

"Sea Demon, if I hear that word again, I'll definitely tear you apart!" Little Fire said fiercely as its body turned into a fiery red line and disappeared. The terrifying aura that it emitted just then was still there. Lan Yi knew that Little Fire wasn't joking. If Yaoyao said that again, Little Fire would definitely do that!

Lan Yi stood in the air with Yaoyao in his arms. Yaoyao looked up. "Why?"

Lan Yi didn't know why she asked, but he replied, "Because we're Magic Beasts."

As Qu Lanyi expected, Yun Luo Chen's plan that day didn't really make Shi Caihua give up. She did leave that day, but she came again the next day. She wasn't the only one who came. Even the head of the Shi family came.

When Yun Tianfan saw that Master Shi and Shi Caihua came together, he knew that things were a bit tricky. Shi Caihua looked aggrieved. Although Master Shi didn't seem to be upset on the surface, he didn't look happy either. After everyone sat down, Yun Tianfan said, "Master Shi, you're here this time..."

Shi Caihua suddenly burst into tears. Master Shi raised his brows. "Master Yun, even though the Shi family is only a third-rank family, we're still a reputable family! Our daughter has been bullied. We can't just let it go!"

Yun Tianfan was a bit confused after hearing that. "Master Shi, what do you mean?"

"Master Yun, don't pretend that you don't know. Doesn't your son, Yun Luochen, know what he did?" Master Shi suddenly hit the back of the chair and the back of the chair was directly smashed. Yun Luochen was stunned. What did he do?

Yun Tianfan looked at Yun Luochen in confusion. Yun Luochen also looked at his father in confusion. "Master Shi, please tell me what Luochen did."

"Humph! You don't even have the courage to admit what you did! Yun Luochen, how dare you take advantage of my daughter like this!" The head of the Shi family looked furious. His anger didn't seem fake either. Yun Tianfan couldn't help but feel a bit upset when he saw this. "Master Shi! I certainly know Luochen's behavior. If he really did anything to let your daughter down, the Yun family will certainly take responsibility! Please explain yourself!"

#### **Chapter 668 Invisible (4)**

"Caihua! Speak for yourself!"

Shi Caihua sat there and kept wiping her tears. She gently covered her belly with her hand and looked up at Yun Luochen. "Yun Luochen, I'm pregnant with your child."

"Impossible!" Yun Luochen stood up reflexively with doubt in his eyes. A child? How could Shi Caihua have his child? That was impossible!

"Yun Luochen! You don't even dare to admit what you've done!" Master Shi roared. Yun Tianfan was a bit stunned too. Yun Luochen quickly looked at his father. "I've never done that! I've never touched her at all. How can she have my child?"

"She's already pregnant. Do you still want to deny it?" Shi Caihua shouted with tears in her eyes. The head of the Shi family sat there with a pale face. Yun Tianfan also had the same expression. It was hard to say if his son had touched Shi Caihua or not. He was at an impulsive age, and when he courted Shi Caihua, he spent most of his time with her. It was hard to say if he had touched her or not!

"Father! I've really never touched her! Am I that kind of irresponsible person? As long as it's something I did, I'll never deny it! If I said I've never touched her, I've never touched her!" Yun Luochen said firmly and frankly, which made Master Shi furious!

"If the child in Caihua's stomach isn't yours, whose is it? Master Yun, give us an explanation!"

Yun Tianfan sat there with an awful look on his face. He believed in his son, but the Shi family also said so. Unless they could prove that this child wasn't Yun Luochen's, they would really marry this Shi Caihua!

"Shi Caihua! You know exactly who touched you! How much longer are you going to pester me?" Yun Luochen couldn't take it anymore and roared. Shi Caihua cried even harder. Master Shi immediately slammed the table and rose! "Yun Luochen, are you going to marry her or not?"

“No! I have nothing to do with her!”

“You...” The head of the Shi family was so angry that his face was flushed. “What a Yun family! At the end of the day, you’re still dirty and unscrupulous people!”

What the Master of the Shi family said made the members of the Yun family feel a bit upset. There was a kind of pride in the bones of the Yun family. Yun Tianfan looked rather awful. Yun Luo Chen suddenly clenched his fists. “I’ll say it again. I didn’t do it! Shi Caihua is slandering me!”

“You know very well whether you’ve done it or not! I’ve seen clearly what kind of family the Yun family is! From now on, the Shi family and the Yun family will be enemies!” Master Shi was immediately enraged after hearing that. He dragged Shi Caihua out. “Get rid of the bastard in your belly!” Shi Caihua turned pale after hearing that. Things... shouldn’t have developed this way!

“Wait!” A voice sounded. Master Shi stopped abruptly and turned around. He saw a tall and handsome man walk out. Shi Caihua blushed immediately. This man was even more handsome than Yun Luo Chen.

“You’re...” Master Shi found this person a bit familiar. He suddenly remembered. Wasn’t this the person who stood up for the Yun family during the contest? Master Shi sized him up and Qu Lanyi walked over with a smile. “Master Shi.”

“What are you trying to say?”

Qu Lanyi glanced at Shi Caihua’s belly and chuckled. “It’s understandable that your daughter likes Yun Luo Chen and wants to marry him. However, it won’t be good if she says or does something wrong.”

“What do you mean? Can Caihua wrong him?”

“Yun Luo Chen’s innocence has nothing to do with me. I don’t care either. However, this matter has damaged the reputation of the Yun family. I won’t let it go no matter what.” Yun Feng valued the Yun family. He must protect her no matter what!

“What exactly do you mean?” asked the Master of the Shi family in a deep voice. Qu Lanyi smiled again. “It’s simple. If the child in her belly is really Yun Luo Chen’s, the Yun family will certainly marry your daughter. Am I right, Master Yun?”

Yun Tianfan stood there and replied, “Of course! If Luo Chen really did it, the Yun family won’t be irresponsible!”

“Hmph! You’re quite the talker!” Master Shi snorted in disdain.

“If this kid isn’t Yun Luo Chen’s, I’m afraid this matter has already spread in Jushui Town. The Shi family should take care of it on their own.”

What Qu Lanyi said stunned the head of the Shi family. The news had indeed spread, and he had ordered his men to do it. When he found out that Shi Caihua was pregnant and said that it was Yun Luo Chen’s child, the head of the Shi family immediately spread the news crazily. The Yun family’s status was different from before. They had to climb up no matter what! And those ruthless words just then were certainly just for show.

“There’s no need to prove anything! The child is his!” The head of the Shi family announced firmly without any doubt. Qu Lanyi shook her head. “I don’t know Yun Luochen’s personality, or your daughter’s. Yun Luochen might be lying when he said that he’s never done it. Your daughter might also lied that she never slept with other men, right?”

“What did you say?” Lord Shi was upset when he heard that. He was indirectly saying that his daughter was a disloyal woman! “We’ll know if it’s true or not after we test it,” said Qu Lanyi as he looked at Shi Caihua with his black eyes. At this moment, Shi Caihua’s face was a bit pale. Seeing that, Qu Lanyi couldn’t help but sneer in the bottom of his heart. It wouldn’t be so easy for her to get into the Yun family just like that.

“Test it? How?” asked the Master of the Shi family. Qu Lanyi slowly walked to Shi Caihua’s side and stared at her with his beautiful eyes. Shi Caihua should be blushing because such a beautiful man was looking at her so attentively, but she was even paler. “Miss Shi, you may not know this, but it’s possible to tell who an unborn baby’s father is. As long as the child is conceived and survives inside the womb, some characteristics of the father will definitely be left in the body of this baby. It may be obvious or it may be invisible. And the child in Miss Shi’s belly is very lucky. The characteristics left by its father are just obvious.”

“What... What do you mean?” Shi Caihua’s voice was a bit shaky. Qu Lanyi put on a smile. “The baby in your belly already has fighting energy, and we’ll know if it’s the same as Yun Luochen’s.”

#### **Chapter 669 Invisible (5)**

Shi Caihua’s face was completely pale. Master Shi couldn’t help but feel anxious. “Caihua, what’s wrong?”

“Miss Shi, are you still insisting that this child is Yun Luochen’s?”

“The child in her womb belongs to Yun Luochen, of course. Caihua...” Before Master Shi could finish, Shi Caihua had already fallen on the ground with shaking legs. Master Shi immediately understood something after seeing this and his face immediately darkened. “Bastard, you bastard!”

“Father... I didn’t have a choice...” Shi Caihua was full of tears and couldn’t stop crying. Master Shi knew that he had truly lost face this time. He had completely thrown his face into his pants!

“Goodbye!” The Master of the Shi family immediately dragged Shi Caihua out. Qu Lanyi didn’t forget to add, “I’ll have to trouble the Master of the Shi family to explain the news circulating outside.” The Master of the Shi family trembled abruptly and quickly dragged Shi Caihua out. Yun Tianfan was relieved. If Qu Lanyi wasn’t here, the Yun family would really have married Shi Caihua.

“Brother Qu, thank you so much.” Yun Tianfan raised his hand at Qu Lanyi, who smiled. “It’s my family business. You don’t have to thank me.”

This sentence made Yun Tianfan stunned. “Your family business... Are you also a member of the Yun family?”

Qu Lanyi burst into laughter. “Well... I will be, sooner or later.”

The news of Shi Caihua's pregnancy spread like wildfire, and the Shi family hit themselves with the rock. They couldn't take back the news they spread even if they wanted to. They couldn't smooth things over either. After all, Shi Caihua was really pregnant. They were supposed to abort the baby in her belly secretly and then claim that it was a miscarriage. However, some people from the Li family came to them.

The Li family, which had been demoted to an unranked family, had a tough life. After all, there was a huge gap between level 3 and the unranked. However, when the news of Shi Caihua's pregnancy spread, Li Zhong's eyes glittered. The child in Shi Caihua's stomach was his! The Li family found the Shi family as if they had found a life-saving straw after hearing the news. Naturally, the Shi family wouldn't admit it. However, the news that the father of the child in Shi Caihua's stomach was Li Zhong spread like wildfire again.

The child in Shi Caihua's stomach was Li Zhong's. They were together all day at that time and they pursued love crazily. It was inevitable that things would go wrong. Yun Luo Chen was innocent and he didn't have that kind of feelings for Shi Caihua, so he certainly wouldn't cross the line. However, Li Zhong was different. He kind of liked Shi Caihua. In addition, he had never been rigorous. Even though he was only fifteen, he had already had sex more than once.

Shi Caihua couldn't resist the temptation and crossed the line with Li Zhong just like that. She had never thought that there would be a day when she would get pregnant. Jushui Town was truly dramatic right now. Yun Feng's arrival seemed to have caused many twists and turns. Under the scorching pressure, Shi Caihua still married Li Zhong. The Li family and the Shi family were tied together. Even though the Shi family was unwilling, they had no choice but to accept it. With such a burden and such a scandal, the reputation of the Shi family in Jushui Town plummeted.

Without a doubt, the Yun family was on the top seat. Even though they had just been promoted to a third-rank family, nobody dared to offend them. Everyone came to the Yun family because there was an impressive figure holding the fort. Yun Feng!

Yun Feng was still refining the Dragon Palace. Two to three months had already passed. Apart from the tenth floor, Yun Feng had only refined the first and second floors. Even though there were only two floors, it wasn't a problem for her to store a hundred people.

After finishing the refinement of the Dragon Palace, Yun Feng was shocked to find that her strength had increased! The two to three months of seclusion and refinement had raised her strength to the advanced stage of the Monarch Level! Yun Feng found it unbelievable for a moment. In the end, she thought about it carefully. When she refined the Dragon Palace, her mental strength had been interacting intimately with the Dragon Palace. Some factors in the Dragon Palace must've sped up her cultivation speed and given her some help. It was a surprise that she advanced to the advanced stage of the Monarch Level! And then, someone came to the Yun family of Jushui Town. The arrival of this person shocked Yun Feng greatly. After Yun Feng finished her seclusion, Yun Luo Chen was already standing in front of Yun Feng's door when she opened it. "Luo Chen, what's the matter?" Yun Feng asked. Yun Luo Chen nodded and looked at Yun Feng nervously. Yun Feng sensed that something was wrong. "Did something happen?" She sped up and walked forward. Yun Luo Chen quickly shook his head and said, "No, someone's here for you. It seems that he's here to see you."

Yun Feng frowned slightly. A man came to find her on purpose? And he even came to the Yun family of Jushui Town? Yun Feng frowned. Who could it be? An uninvited guest or an old friend?

When Yun Feng arrived at the front hall, the person who came to find her was sitting there. Seeing her coming over, a beautiful smile appeared on his face. Qu Lanyi was sitting on the side with half of his face darkened, looking very unhappy. Yun Feng looked at that person and was a bit surprised. How did he come back?

“Miss Yun, I haven’t seen you in a long time.” Ling was still wearing ordinary clothes, which made him look refined and decent. There was a humble smile on his fair face, and his eyes behind the glasses were shining with gentleness as he greeted Yun Feng.

Yun Feng walked over and was very surprised to see Ling. Since when did he, as the receptionist of the Union of Summoners, start running errands? He even came here from the Bright Moon Hall area. He must have come to see her on purpose. Did something happen?

“It’s been a long time. I’m indeed a bit surprised to see you here.” Yun Feng nodded at Ling with a smile at the corners of Ling’s mouth. “It’s fine to say that I’m here on purpose. After all, it’s been a long time since I last saw you.” “If you have something to say, just say it!” Qu Lanyi said with a bad expression on the side. Yan Che wasn’t here. He didn’t know where this man with a weird personality had gone. It seemed that he was too active.

“Why are you here?” Yun Feng asked quickly. Ling wasn’t angry at all because of what Qu Lanyi said. The smile on his face didn’t change at all. “I came to the area of the Ancestral Forest Hall for something. I can tell you the news, so that you won’t waste your time and energy.”

Chapter 670 Going Home (1)

Yun Feng’s eyes glittered! “There’s news about the President of the Magic Union?”

Ling chuckled and gently pushed the glasses on the bridge of his nose with his finger. “There is indeed news, but... it’s a bit dramatic.”

“Where is he?” Yun Feng looked excited and sounded anxious. Ling didn’t answer her, but Yun Feng suddenly realized something. “Are you... unable to tell me?”

Ling chuckled. “If you want to know, Miss Yun, there’s certainly nothing I can’t tell you.” Ling looked at Yun Feng through the lens. There was too much intention in the light reflected in his eyes. Qu Lanyi walked over and blocked Ling’s sight. Ling stepped back slightly and smiled politely. “Didn’t you come here to tell her this news? Why are you putting on airs? If you want to exchange for something from Fengfeng, don’t even think about it!” Facing Ling, Qu Lanyi seemed to have unconsciously entered a high level of self-defense. Everything that Ling said was full of deep meaning. There were countless things behind every move. Qu Lanyi felt that there was something wrong with this man from the bottom of his heart, or rather, nobody knew what kind of world he was in. Nobody knew what he wanted from Yun Feng or what he was planning.

“I’m here to see you, Miss Yun, and I can’t tell you this information easily. However, as I said, if you want to know, there’s nothing I can’t tell you.” Ling said calmly and steadily, without any fluctuation in his voice, as if he had always been an outsider.

"I want to know. If you can tell me, I can't thank you enough!" Yun Feng pulled Qu Lanyi aside and said sincerely to Ling. Ling was the only source where she could know about the President of Magic in the shortest time possible. This remarkable man seemed to know everything

Ling chuckled. "Of course, but don't be surprised, Miss Yun." Ling pushed his eyes again, and the ring on his finger reflected a beam of light. "The President of the Magic Union appeared on the East Continent. The place where he appeared... is the so-called gods' relics on the East Continent."

Yun Feng's black eyes darkened. The East Continent! The gods' relics! Those were the relics left by the Yun family a thousand years ago!

"You must be surprised too, Miss Yun. To be honest, I didn't expect that the president would go to the East Continent. However, with his personality and style of doing things in the past, it's not really surprising." What Ling said didn't reach Yun Feng's ears. She wasn't surprised at the East Continent, but the gods' relics! What was the president doing there? Did he know the reason or was he just going there to explore?

"Miss Yun, you must be from the East Continent." Ling smiled gently. Yun Feng finally came back to herself. "You know?"

"I want to know a lot about you, Miss Yun. Please don't blame me."

Yun Feng frowned slightly. There was probably no one on the East Continent who didn't know about her. If he really wanted to investigate her, it wouldn't be hard to find out. "I'm from the East Continent." Seeing Yun Feng nod and admit it, Ling couldn't help but feel relieved. "If Miss Yun isn't from the West Continent, things will be much easier."

"What are you doing?" Yun Feng looked at Ling suspiciously. Ling even winked at Yun Feng mischievously. "On the West Continent, my identity isn't presentable. Miss Yun, you're from the East Continent, so you must have a different opinion. Your father won't mind my identity."

"You don't have a chance!" Qu Lanyi's face completely darkened. Yun Feng was a bit at a loss. What was going on? What was Ling talking about?

"Even if she's married, I still have a chance." Ling smiled elegantly and bowed to Yun Feng slowly. "I still have something to do, so I'll take my leave first. However, Miss Yun." Ling looked at Yun Feng with sincerity and persistence in his eyes. "What I said just then was serious. You might as well consider it. Goodbye." He smiled casually and turned around gracefully. Ling had already walked out of the door of the Yun family slowly. Qu Lanyi stood there with a bad expression. He had been provoked by this man.

"Father, who's that person?" Yun Luochen stood far away and asked Yun Tianfan in a low voice. Yun Tianfan watched Ling disappear outside the door with a serious look. "That's a man from the Summoning Union."

"Summoning Union!" Yun Luochen roared. Then, he remembered that Yun Feng was a summoner. She must've joined the Summoning Union too. It was normal for her to hang out with the summoners. However, that person seemed to have claimed that his identity wasn't presentable, but that didn't seem to be the case.

“Uncle Tianfan!” Yun Feng walked over. Yun Tianfan looked at Yun Feng and nodded understandingly. “Go back. Don’t worry about things here. Your own matters are more important.”

Yun Feng felt a bit guilty in her heart. Although the Yun family was at level 3 right now, it was far from what she wanted. The Yun family was going to break through to level 2 and level 1! However, now that she knew the whereabouts of the president, Yun Feng became anxious in her heart. The location where the president appeared was too sensitive. If she missed this time, who knew when she would find him next time!

“I’ll ask some people to stay, just in case. The Yun family still needs protection.” Yun Feng pondered quickly. She would take this trip back to the East Continent in advance. After all, Mu Xiaojin would be giving birth in another month. Yun Feng had planned to go back at this time. It was just a few days in advance.

“Uncle Tianfan, my sister-in-law, Mu Xiaojin, will be giving birth soon. My father and brother want to meet the members of the Yun family on the West Continent.”

Yun Tianfan chuckled and pushed Yun Luochen forward. “Let Luochen go back with you. I can’t leave this place just me. Send my regards to your father and brother. If you have time, I’ll visit them myself!”

Yun Luochen was quite surprised, and he couldn’t suppress the excitement in his heart. He was going to the East Continent? What was different between the East Continent and the West Continent? All kinds of ideas flashed through Yun Luochen’s mind at this moment, and he couldn’t suppress his excitement.

“Alright!” Yun Feng nodded. Yun Tianfan urged Yun Feng to move immediately after giving her a few instructions. Yun Feng had the same idea. The status of the Yun family as a level-3 member was just the first step. It wouldn’t be too late to make a breakthrough to level 2 after she came back from the East Continent and made all the preparations! These things couldn’t be done overnight!
