

Summoner 671

Chapter 671 Going Home (2)

Yun Feng planned to leave in a few days. Everyone in the Yun family knew that Yun Feng would be gone for the time being. Only the three brothers of the Yun family and Yun Luo Chen knew that Yun Feng was going back to the East Continent. Everyone else thought that Yun Feng was going somewhere else. The news that Yun Feng was leaving also spread in Jushui Town. Some people were naturally relieved and even a bit excited, but they didn't dare to do anything too big.

Qu Lanyi naturally would return to the East Continent with Yun Feng. Yaoyao and Meatball couldn't be separated from Yun Feng. Yun Feng left Lan Yi and Little Fire behind this time. Although they were strongly opposed, their objection was invalid. The two Magic Beasts were obviously angry, but they had to obey Yun Feng's order. Yun Tianfan said he didn't need that, but Yun Feng insisted. Yun Feng could roughly guess what would happen if she left. The Li family and the Shi family were tied together. Once she left, the Li family would certainly let the Shi family seize this opportunity to knock down the Yun family and let the Li family rise again. The Shi family would also take the risk. However, even if Yun Feng left, it didn't mean that the Yun family could be bullied at will!

The Yun family didn't have any decent guards at the moment. If they had a Yun Army like the one on the East Continent, Yun Feng wouldn't have to worry. The Yun family on the West Continent didn't have any powerful protection, except for Yun Feng. Yun Feng thought carefully about leaving the two Magic Beasts behind. Besides, her strength had also increased. Whoever wanted to do anything to her would have to think carefully.

Little Fire and Lan Yi were left behind despite their objection. The two Magic Beasts rushed out of the Yun family a bit angrily on the same day. Yun Feng could only smile helplessly. Even though she knew that they were angry, she also knew that they would protect this place on her behalf. After all, this place was her family that she valued.

What surprised Yun Feng was Xia Qing. After learning that Yun Feng was going to the East Continent, she volunteered to stay. Yun Feng was very surprised. Xia Qing said that even though she wanted to go to the East Continent and meet her teacher's family, she would be better to stay on the West Continent and get more experience. Xia Qing hoped that when Yun Feng came back, she would be stronger.

Yun Feng patted Xia Qing's little head in relief. It was good to stay here. Although the West Continent was full of dangers, it was still a good place for training. Besides, she would certainly make a move when she left here. It was also a chance for Xia Qing to practice. After all, the cultivation of strength was one part, while the real fighting was another part.

Only Little Fire, Lan Yi, and Xia Qing stayed with the Yun family on the West Continent like this. Qu Lanyi looked at Xia Qing thoughtfully. The little girl didn't seem very excited, as if something had happened. Qu Lanyi didn't ask anything. He just carried Yaoyao over. "Do you know, Yaoyao?"

Yaoyao looked at Qu Lanyi with her big blue eyes and finally lowered her head. "I don't know."

Qu Lanyi nodded thoughtfully. Something must've happened, and Yun Feng, who was more careless, certainly didn't notice Xia Qing's sensitive mind. She didn't know where Yan Che had gone. Yun Feng

didn't want to bring him back this time, so it was good that he didn't know. Just like that, Yun Feng decided everything and left Jushui Town with Yun Luochen.

When Yan Che came back and found that Yun Feng's disciple, Xia Qing, was the only one left in the Yun family's mansion, he yelled, "Hey! Where's your master? And that damned transvestite!" Yan Che looked at Xia Qing with a headache. Xia Qing knew that Yan Che and Yun Feng weren't exactly close friends. He only said that Yun Feng had left. Yan Che asked Xia Qing in confusion why she didn't come with him. Xia Qing replied that Yun Feng had something to do and was coming back.

When Yan Che heard this, he understood that Xia Qing knew about it, but wasn't willing to tell him. Yan Che didn't ask anymore and only chuckled a few times. In the end, he touched his chin with his hand. "Ah, forget it. I'll just do something I want to do during this period of time and wait for her to come back."

"Why are you following my teacher?" Xia Qing looked at Yan Che with vigilance. She didn't like this man. Perhaps it was her intuition, but she always felt that he didn't treat her like Qu Lanyi or teachers' friends. He always had a smile and a hint of concern.

"Kid, are you questioning me?" Yan Che narrowed his eyes slightly. Xia Qing couldn't help but take half a step back, but she still raised her head bravely. "I'm just making sure that you don't have any bad thoughts about your teacher!"

"What if I do?" Yan Che seemed to be provoking her. He took a step forward and looked at Xia Qing with his black eyes. Xia Qing suddenly gritted her teeth and the fear she had just then completely disappeared. "If that's the case, I won't let you go!"

Yan Che burst into laughter after hearing that. "Hahahaha, hahahahaha!"

Xia Qing looked at Yan Che's rather crazy appearance and couldn't help but feel a bit shocked. Her current strength and cultivation level were far inferior to this person. Xia Qing knew that she wasn't his match, but even so, if he dared to hurt her teacher, she would still fight to the death to block him!

"I won't let you hurt my teacher!" Xia Qing shouted bravely. Even though her body was trembling slightly, she didn't move back at all!

"Tsk, ts, ts. She has indeed taken in a good disciple. I do envy her!" Yan Che nodded with a rather regretful look. "Little girl, are you really not considering me? You must know that I'm a dark-element mage. In terms of value, I'm on par with a summoner. You can't imagine how vast and how interesting the world of dark-element magic is!"

"I can't recognize dark elements. I can't become a dark mage at all! I..."

Yan Che shook his head. "Little disciple, dark mages aren't as difficult as you think. How about it? Do you want to consider it?"

Xia Qing was stunned. What did he mean? Was it possible for a dark-element mage to have no dark-element elements? What kind of logic was that? Besides, her teacher was only Yun Feng! She had never thought of having another person to teach her!

"No need. Yun Feng is my only teacher!" Xia Qing said firmly. Yan Che suddenly chuckled. "Don't be so confident. Trust me. One day, you'll ask to be my disciple. That day will come."

"That's impossible! My teacher is Yun Feng!" replied Xia Qing with a determined look. Yan Che looked at Xia Qing rather happily. This man was unpredictable and his personality was also unimaginable. "Never mind. I won't tease you anymore." Yan Che turned around and was about to leave after saying that when he suddenly thought of something. "But I really like your stubborn personality." After saying that, a wave of dense black elements completely surrounded him and swallowed his entire body, disappearing completely!

Chapter 672 Going Home (3)

After Yan Che disappeared, Xia Qing took a few deep breaths. She had been holding herself back just then. The pressure that Yan Che exuded made Xia Qing very uncomfortable. If she didn't grit her teeth and hold on, she really wouldn't have made it. Xia Qing sat on the ground with a pale face and tiny beads of sweat on her face. Thinking of what Yan Che said, Xia Qing felt a little cold. Yun Feng was her only teacher!

"Qingqing, what's wrong?" Lan Yi's warm voice sounded next to her. He helped Xia Qing up with his big hands. Xia Qing shook her head and wiped the cold sweat on her forehead. "Nothing."

Lan Yi only frowned slightly and didn't ask further. After Yun Feng left, he and Little Fire stayed here not only to take good care of the Yun family, but also to take care of Yun Feng's only disciple, Xia Qing. "Are you still not going to contract that flower hawk?" asked Lan Yi. Xia Qing chuckled. She wanted to contract it in front of Yun Feng, but Yun Feng left in a hurry, and Xia Qing didn't have time to do so.

"I originally wanted to let my master see it, ha... I'll contract it as soon as possible."

Lan Yi nodded and touched Xia Qing's head. "Brother Lan Yi, where's Brother Little Fire?"

At the mention of Little Fire, Lan Yi frowned again. "Brother Fire is outside. Hell come back sooner or later. Don't worry." Lan Yi looked at Xia Qing with his blue eyes, taking in the loneliness that flashed past the little girl's face. A solid wall seemed to have been erected between Little Fire and Xia Qing during this period of time. The harmony between them was already gone, like two strangers. Little Fire didn't tease Xia Qing anymore. It didn't stay in the Yun family for long. Most of the time, it wandered outside.

Xia Qing sighed helplessly. She didn't know what exactly happened. What happened? She was still so happy with Brother Little Fire that night and she was still riding on him. However, everything changed when she woke up. The Little Fire from before was gone, completely gone.

"Qingqing," said Lan Yi thoughtfully. Xia Qing looked up and waited for Lan Yi to speak. "If, I mean if..."

"If what?"

Looking at Xia Qing's clear eyes, Lan Yi suddenly couldn't say anything. He stopped talking and couldn't say anything anymore. "Nothing." Lan Yi smiled and rubbed Xia Qing's head with his hand. The wings on his back spread out abruptly, as if a kind of inexplicable emotion surged up. Lan Yi spread his wings and left. Xia Qing stood on the spot in a daze. Lan Yi's words kept lingering in his mind. What did he want to say?

Yun Feng directly put Yun Luo Chen into the Dragon Palace and had to travel at full speed. Yun Luo Chen, who was only at level 7, didn't have the ability to fly. It was also very dangerous to cross the mountain range. The Dragon Palace was the safest place. Yun Feng had been frowning along the way. She held Yaoyao in her arms and Meatball sat on Yun Feng's shoulder. Qu Lanyi followed her and observed Yun Feng for a long time. Finally, he said, "Are you worried?"

Yun Feng turned around slightly and smiled when she saw the worry in Qu Lanyi's eyes. "I'm not worried about anything."

Qu Lanyi leaned over and held Yun Feng's hand, holding her slightly cold little hand. "The Yun family of the West Continent has Little Fire and Lan Yi. They'll be fine." Yun Feng nodded. Even if the Li family and the Shi family did anything, there was nothing to be afraid of. She didn't have to worry at all. "Qingqing won't be in danger. Don't forget that she's a summoner too." Yun Feng chuckled. She was indeed a bit worried about Xia Qing. Although her strength had increased, her combat experience was zero. However, with Little Fire and Lan Yi, she wouldn't be in danger. That was the reason why she went to the East Continent so peacefully.

"Are you worried about the situation on the East Continent? That president of the Magic Union? Or are you worried about why he went there?" Qu Lanyi said indifferently, but his voice directly floated to the bottom of Yun Feng's heart. Yun Feng's black eyes darkened and her face became a bit cold.

"You also know what the gods' relics represent."

Qu Lanyi nodded. He and Ao Jin had seen the words on the door with their own eyes. Yun! Only the door that Yun Feng could enter meant something. Qu Lanyi and Ao Jin certainly knew what it meant.

"If it was just a coincidence that he went there, so be it." Yun Feng's deep voice came out. Qu Lanyi raised his eyebrows slightly. "What if it wasn't a coincidence?"

"If it wasn't a coincidence, I would ask for a lot more from him than just Mu Canghai." Yun Feng looked cold when she said that. There were too many possibilities. All of them might be related to the Yun family's ancient secret. Why did the mysterious president of the Magic Union come to the Western Continent? That was the most unbelievable!

"Of course you have to ask what you need to know. However, if Uncle and Brother see your face, they'll be worried." His warm fingers slowly rubbed Yun Feng's eyebrows. "The Yun family is going to have a new life. If you go back with this expression, you'll scare that kid."

Yun Feng smiled helplessly as her expression finally relaxed. She came back this time to celebrate the little life Mu Xiaojin was giving birth to. This was the continuation of the bloodline of the Yun family. She really shouldn't go back with such an expression. Her father and brother would definitely be extremely worried when they saw her. This should be a happy moment. As for the things that should be worrying, she should bear them alone.

"You're right. I should be happier." Yun Feng smiled. Qu Lanyi suddenly pulled Yun Feng into her arms. Yaoyao was shocked. Meatball gnashed its teeth in dissatisfaction. Qu Lanyi put his arms around Yun Feng's waist and held her in his arms. The two of them were still flying in the air. The wind blew again and again. Qu Lanyi lowered her head and put it next to Yun Feng's ear. Warm air directly blew into her ears.

“Don’t shoulder everything yourself. You still have me.”

Yun Feng slowly raised her head. There was an intoxicating gentleness in Qu Lanyi’s eyes. Yun Feng stared at him for a few seconds. “The wind was too loud just then. What did you say?”

Qu Lanyi’s face stiffened and the corners of his mouth twitched. Was there a man more unlucky than him in this world? It was supposed to be a moment of warmth and love, but the woman he loved suddenly said that. It was too depressing!

“Nothing.” Qu Lanyi gnashed his teeth and turned his face to the other side. She must be one of the least romantic people!

Chapter 673 Going Home (4)

The two of them continued on their way. The area of the Ancestral Forest Hall was very large. Yun Feng and Qu Lanyi had the principle of avoiding trouble as much as possible. Even though they tried their best to hide their traces, their auras were still there. They would certainly alert some people when they passed through certain areas. However, the two of them left quickly and didn’t stop for long. This made these people understand that they weren’t here to provoke them, so they simply left.

Yun Feng tried her best to bypass the towns and move in the uninhabited areas. She remembered the situation of the Ancestral Forest Hall, which was troublesome. Even a small stone could cause waves. After more than ten days, Yun Feng and Qu Lanyi finally arrived at the eastern border of the Ancestral Forest Hall. The three areas of the West Continent were scattered on parallel, and the east of each area was connected to the Ten Thousand Beast Mountain Range. This saved Yun Feng a lot of time. Looking at the mountain range that stretched for miles in front of her, she could feel an intimidating aura from afar. The aura of the Magic Beasts was extremely strong and carried a violent and bloodthirsty aura. It was extremely dangerous to cross the Ten Thousand Beast Mountain Range, no matter who or when.

“Alright, we’re finally here.” Yun Feng heaved a sigh of relief and looked at the mountain range in front of her. When she and Qu Lanyi came here from the East Continent, they had encountered a Yu Xiu. She wondered what they would encounter when they returned this time.

“Let’s go!” Yun Feng suddenly rushed forward, followed by Qu Lanyi. The two of them quickly disappeared in the sky above the Thousand Beast Mountain Range, where an unusually tense atmosphere was spreading.

“That lord... is almost here.”

The Ten Thousand Beast Mountain Range was unusually peaceful today. There was an unusual atmosphere. There were hundreds of Magic Beasts of all kinds living in the Ten Thousand Beast Mountain Range and many of them were ferocious and brutal. However, today, they seemed to have instantly become gentle and cute little cats, not daring to breathe loudly.

“Is that person not here yet?” In the deepest part of the Ten Thousand Beast Mountain Range, a few old guys, who rarely gathered together, gathered together today. A few middle-aged people stood there with extraordinary momentum, but their expressions were all uniformly anxious. Some even wiped the sweat on their foreheads frequently. Today, a big shot was coming to the Ten Thousand Beast Mountain Range.

“If you ask me, who should I ask?” The feeling of waiting wasn’t good, especially when they knew who was coming but didn’t know the exact time. Every minute and every second was endless torture and pressure on their minds and bodies. Even though these old guys weren’t ordinary people, even though their status was one of the best in the Ten Thousand Beast Mountain Range, when they thought of this big shot who was coming, they couldn’t help but feel a bit scared. This was a kind of pressure and panic that came from the soul.

“What are you shouting for?” Someone was upset. His facial features were almost twisted together. “Damn it. We’ve been waiting for half a day and we haven’t seen anyone. Are they playing with us?”

“Can’t you stop talking? If that lord hears you...”

“What the f*ck? Nobody has come yet. I’m an impatient person. I’m not waiting anymore!”

“It’s fine if you don’t want to wait. Just walk on your own. Whatever you want!” The atmosphere immediately became tense. The few old guys were arguing heatedly here. The other Magic Beasts didn’t even dare to make a sound at all. All of them looked terrified. Although they didn’t know who would come today, they knew that those old guys didn’t dare to provoke them.

“Are they coming or not? We’ve been waiting for a long time. Did that master get lost?”

“Can you be more stupid? Just wait here obediently. I advise you not to say anything else.”

“What do you mean? Are you saying we’re stupid?”

“There’s nothing I can do if you insist on thinking that way.”

“Say that again! Don’t think I won’t skin you alive!”

Their already anxious moods were like a fuse that ignited at the slightest bit. One of them clearly couldn’t hold it in anymore and seemed like he was going to fight as he was too upset. The other also stood there with a pale face. It seemed like he wanted to suppress it with all his might, but he couldn’t do so anymore. The other few didn’t have any intention of stopping them at all. If they wanted to fight, then fight. Whatever.

“F*ck, let’s just fight!”

“Just do it. Don’t think I’m afraid of you!”

Two earth-shattering roars burst out of the two of them. These two roars made those Magic Beasts immediately raise their claws and shrink there, not daring to move at all. And in an instant, the middle-aged men, who were still in human form just then, instantly changed their forms. Two huge ferocious beasts appeared, and both of them looked at each other angrily with the intention of fighting

“Hahahahaha!” A loud laugh suddenly came, directly passing through the layers of obstructions and reaching the Ten Thousand Beast Mountain Range. The two beasts which were about to fight suddenly changed their expressions and became two middle-aged men in the next second. They both stood there with pale faces and didn’t dare to say anything. The other few people also had the same expression. Their bodies couldn’t help but tremble slightly and the expressions on their faces were frozen at a

certain point. This laughter had a joyful tone, but all the Magic Beasts in the Ten Thousand Beast Mountain Range instantly shrunk and didn't dare to move at all.

The few old guys looked up at somewhere in the sky. There was nothing there, but in the next second, a black shadow had already appeared in front of their eyes. Their expressions changed drastically again! Speed, this speed... Even they couldn't see it clearly!

"My lord, you... you're here..." One of them wanted to shout with a smile, but the expression on his face was too stiff, making him look a bit scary.

The black shadow suddenly landed in front of them. It was a young man with a stubbly beard. His facial features were very young and he looked like he was in his twenties. His chin was full of stubble and his face looked very easy-going and even a bit innocent. His hair was golden as the sun and his eyes were also dazzling golden! He laughed when he saw them. "Haha, what's the matter? You want to fight just now?"

The few old guys shivered inexplicably. "No, no. My lord, you misunderstood. It's just a small conflict."

The young man burst into laughter again. His smile was extremely innocent and gave people an intimate feeling. His golden hair glittered and his golden eyes seemed to be able to see through their minds. The young man was smiling. Even though he was smiling, the few old guys in front of him were all tense and didn't dare to relax at all.

Chapter 674 She's Back (1)

"Since it's just a small conflict, I won't bother about it. It wasn't easy for me to come out this time," said the young man casually as he scratched his head like a sloppy young man. "My lord, did you come out this time... for something or..." One of them asked tentatively. The young man's eyes suddenly changed and an invisible force shot out of his golden pupils. The bodies of the few old guys tightened again!

"Don't ask what you shouldn't ask." The young man's deep voice came, and then he burst into laughter again. The simple and easy-going smile reappeared on his face. "Ah, I'm going to take a good breath this time. I'm so jealous of that old guy. I'll go find him. Do whatever you want." The young man waved his hand. The few old guys were about to say goodbye to him, but the young man had already disappeared strangely.

"He... He's gone? Hah..." One of them heaved a sigh of relief and his body suddenly relaxed. If other Magic Beasts saw this, he might lose his dignity, but he couldn't care less.

"What's going on? He came and left after saying a few words!" Another person mumbled in dissatisfaction. They had been in fear since they knew that he was coming, and hadn't had a good sleep for a while. They couldn't eat or sleep well, yet he left after saying a few words

"Do you want our lord to stay here?" shouted the other one. The others immediately shook their heads. Stay? If he really stayed, their lives would be even more miserable. They wouldn't have a good life at all!

"He said he's going to find that... old guy? Was he talking about... the one in the Foggy Forest?"

The others all frowned and pondered. "Very likely. Although we don't know the person in the Foggy Forest very well, the Foggy Forest isn't part of the Ten Thousand Beast Mountain Range because of that person. Judging by our lord's attitude, that person should be on the same level as him."

"Seriously? They're on the same level? Is it possible?"

The others didn't say anything else. They originally thought that the person in the Foggy Forest couldn't be provoked easily, but they didn't expect that their lord would be so concerned. "Luckily, we haven't done anything these years. Otherwise..."

"Alright, it's good that our lord is gone. At least we can live a peaceful life. Those guys from the Foggy Forest will be the ones to suffer!"

The others all smiled gloatingly, and one of them suddenly burst into laughter. "It's rare for our lord to come out. If he comes out this time, he won't leave until he stays for a while. The Foggy Forest will take this hot potato!"

"We have to be careful during this period of time. We have to restrain ourselves and behave ourselves. You know our lord's temper..."

The few of them nodded solemnly and then left in a flash. However, the few old guys had some doubts in their minds. Why did these big shots, who rarely appeared, appear at this moment? What did it mean when they appeared?

Yun Feng and Qu Lanyi crossed the Ten Thousand Beast Mountain Range peacefully this time. There was nothing wrong at all. Yun Feng and Qu Lanyi were both a bit puzzled. "What's going on? This place is too quiet." Yun Feng frowned and looked down. The Ten Thousand Beast Mountain Range was quiet. There was no sign of the Magic Beasts at all. It was as if all the Magic Beasts had disappeared in an instant! And the ferocious creatures that were usually seen everywhere had also disappeared silently!

"What happened? The Magic Beasts shouldn't have disappeared. It's more like..." Qu Lanyi also sensed the unusual change and guessed with a frown. Yun Feng took it. "Hide."

That's right, they were hiding.

It was as if they were hiding from something. They hid their auras completely, creating such a silent scene in the Ten Thousand Beast Mountain Range. She couldn't feel the aura of a Magic Beast in the place where Magic Beasts lived. This was too unbelievable.

"What are they afraid of?" Yun Feng mumbled. Qu Lanyi chuckled. "It shouldn't be us."

Even though both of them had reached the Monarch Level, their strength wasn't enough to have such a shocking effect. Even the Lord Level couldn't have such a shocking effect! If it wasn't them... then it must be someone else! Just as this thought flashed through Yun Feng's mind, she suddenly felt a terrifying pressure coming at her. The pressure was too strong. It was like a wall was pressing down on her fiercely. Her mental strength surged out fiercely and she only managed to resolve a little!

Qu Lanyi's light elements enveloped the two of them in an instant, but the momentum was still overwhelming. Qu Lanyi gritted his teeth and the veins on his neck bulged abruptly. His handsome face

was already covered in sweat. "Damn it!" He gritted his teeth and said. Qu Lanyi's body suddenly shook and he knelt down in a mess!

Yun Feng's eyes darkened. Without thinking, she released all of her mental strength to support Qu Lanyi's light elements. The terrifying pressure was temporarily eased. Yun Feng was about to heave a sigh of relief, but the momentum suddenly became stronger and directly penetrated the barriers between the two of them, pressing down fiercely!

"Ugh!" Yun Feng couldn't hold on anymore either. She knelt in the air in a sorry state with cold sweat on her little face. She bit her lips and knelt there with a pale face. Her mental strength was still resisting stubbornly. Even though she knew she wouldn't win, she still resisted!

"Hm, interesting two people." A voice sounded. Yun Feng and Qu Lanyi didn't hear it. Both of them looked gloomy. The sudden momentum made the two of them so miserable, which meant that the person who gave out the momentum was much stronger than them!

A powerhouse of the Lord Level? Yun Feng gritted her teeth and held on. It wasn't surprising that there were Magic Beasts of the Lord Level in the Ten Thousand Beast Mountain Range. After all, there were a few deep and dangerous auras in the depths of this mountain range that Yun Feng couldn't detect. However, Yun Feng didn't understand why those powerful Magic Beasts that were supposed to be hiding in the depths would suddenly appear here!

"Ah..." Yun Feng suddenly breathed easier. The overwhelming pressure just then suddenly disappeared, and her body, which had been tensed up, relaxed. Yun Feng and Qu Lanyi couldn't help but sit in the air, covered in cold sweat. Both of them were panting quickly. Yaoyao and Meatball also looked awful, but they were much better than Yun Feng and Qu Lanyi. It seemed that only Yun Feng and Qu Lanyi were affected by the momentum just then.

Chapter 675 She's Back (2)

The two of them didn't say anything and just kept panting heavily. Meatball sat on Yun Feng's shoulder and cried out worriedly. Yaoyao also touched Yun Feng's cheeks with her hands. Yun Feng smiled and said weakly, "I'm fine."

Qu Lanyi adjusted his breathing, and the light elements immediately covered Yun Feng's body. She glanced at Meatball and Yaoyao. "That pressure was directed at you and me just then. It seems that they showed mercy to the Magic Beasts."

Seeing that Yaoyao and Meatball were both fine, Yun Feng heaved a sigh of relief in her mind. "Maybe someone in the Ten Thousand Beast Mountain Range isn't satisfied with us passing through here."

Qu Lanyi raised her eyebrows. That might make sense. "But if they're not happy with us passing through, they won't let us finish the journey."

Yun Feng's face darkened. If that astonishing pressure continued, it would be normal for her and Qu Lanyi to die. Obviously, the other party let them go. According to the personality of the Magic Beasts, it shouldn't be like this.

“No matter what, let’s get out of here.” Yun Feng stood up. Qu Lanyi also stood up, but his body was a bit shaky. Yun Feng grabbed Qu Lanyi’s arm and pulled him closer to her. “I’ll take you away. Don’t try to be brave.”

Qu Lanyi chuckled. His body softened and he hung on Yun Feng completely. “If you say so, my wife, I’m willing to obey.”

Yun Feng blushed and pinched Qu Lanyi’s waist. Qu Lanyi chuckled and held Yun Feng, allowing her to lead her forward. Although they were much slower than before, they didn’t encounter any Magic Beasts along the way. Today, the Ten Thousand Beast Mountain Range was just a normal forest in the mountains. However, it was unusually quiet. Yun Feng was glad about that. She and Qu Lanyi traveled peacefully and finally crossed the Ten Thousand Beast Mountain Range again.

Yun Feng was more or less a bit worried about that mysterious powerhouse who hadn’t shown himself since the beginning. However, it was useless to worry too much. Since he was a powerhouse, he wouldn’t interfere in something easily. After all, the identity and dignity of a powerhouse were important. She didn’t have to deal with the trouble until they met again.

Sa

After crossing the Ten Thousand Beast Mountain Range, Yun Feng and Qu Lanyi advanced for another day and finally entered the terrain of the East Continent. Yun Feng breathed in the air that she hadn’t breathed in for a long time and sighed softly. Her black eyes penetrated the thin clouds in the sky as she looked at her disciple, who was both familiar and suddenly unfamiliar. It had been almost a year since she left. She had experienced some things on the West Continent and she didn’t know what changes had happened on the East Continent in this year.

The two of them landed from the sky. At first glance, Yun Feng could tell that this wasn’t the Fengyun Empire. After all, they had crossed the Ten Thousand Beast Mountain Range from the Ancestral Forest Hall. If they traveled in a straight line, the position of the Fengyun Empire would be further to the south. The two of them descended slowly. This was a large city that looked very prosperous. Yun Feng heard noises in the sky. The two of them hid their strength and landed in a corner of the city. They didn’t want to alarm anyone on this trip. Yun Feng only wanted to return to the Fengyun Empire and accompany Mu Xiaojin, who would give birth to a baby that the Yun family had been looking forward to.

The two of them were in a corner of the city. They turned around slightly and saw that there was a city gate not far away from them. There were naturally guards at the city gate. After asking the guards, they knew where they were. This way, Yun Feng knew how to go back.

The two of them came out of the corner. This should be the most remote corner of this city. Nobody seemed to have passed through this city gate. At this moment, only Yun Feng and Qu Lanyi were in this small area. The two of them walked towards the city gate. At this moment, someone seemed to be going into the city from outside the city gate.

Yun Feng and Qu Lanyi didn’t want to talk to them at first. However, when they came closer, Yun Feng couldn’t help but feel a bit shocked. Three men were coming to the city. There was a shiny badge on the chests of the three men. Yun Feng was so familiar with the fiery red maple on it, the Red Maple Mercenary Team!

There were two soldiers guarding the city. When the two soldiers saw that the three men were about to enter the city, they glanced at each other and stepped forward, blocking the three men outside! Seeing that, Yun Feng frowned, but didn't say anything. She walked aside with Qu Lanyi as a bystander.

The three men were originally going into the city while talking and laughing. When they saw the attitude of the soldiers guarding the city, they couldn't help but look a bit awful. "Guys, what's the meaning of this?" Among the three men, one of them asked rather politely first. Yun Feng nodded on the side and didn't get angry immediately. It seemed that the Red Maple Mercenary Team had changed a lot in this year. It should be known that the mercenaries were all hot-blooded gunpowder kegs. They didn't get angry at this moment, which showed that their minds were much calmer than before.

"What's the meaning of this? You're from the Red Maple Mercenary Team, aren't you?" The soldier raised his eyebrows and asked. His tone was full of sarcasm. Anyone with a discerning eye could see that the soldier had a lot of opinions about the Red Maple Mercenary Team. Yun Feng was already puzzled that the Red Maple Mercenary Team, as a branch of the Mercenary Union stationed in the Fengyun Empire, would they come to an unexpected place outside the Fengyun Empire. They were even provoked by the soldiers. What exactly happened?

"We're indeed from the Red Maple Mercenary Team. Please move aside. We want to enter the city."

"You want to enter the city? That's easy! Call me grandpa three times and I'll let you in!" The soldier laughed. The other person also had the same attitude. "Call me grandpa and I'll let you in. If you understand, just call me grandpa! Don't waste my time!"

The faces of the three men immediately darkened. That was too much! Yun Feng's expression turned cold. Were these two soldiers asking for a beating?

"My grandpa has been dead for a long time. You can be a dead person if you want," said the three men with a gloomy expression. The two soldiers were immediately enraged when they heard that! "The Red Maple Mercenary Team! I've disliked you for a long time! Why did you come to Ovey instead of staying in the Fengyun Empire? Do you have nothing better to do? You stole our mercenary business, yet you're not grateful at all and want to enter the city so boldly!"

"The mission commissioner came to find the Red Maple Mercenary Team. This isn't something we can control. However..." The man who spoke paused for a moment and then said thoughtfully, "It also means that Ovey's mercenary group isn't very good. You watchdogs only know how to bite people."

"How dare you say that about me!" The soldier waved the spear in his hand. "I'll show you whether Ovey's soldiers are pushovers or not!"

Chapter 676 She's Back (3)

The two soldiers waved the spears in their hands and the three men also took out their weapons. Both parties were enraged. When they were about to fight, a cool voice appeared like water. "In my opinion, there's no need to fight."

Both parties turned around and saw a beautiful girl standing there with a handsome young man next to her. The girl was holding another little girl in her arms. The little girl was extremely beautiful too. The fluffy thing on the girl's shoulder made both parties gasp!

Yun Feng pushed Meatball with her finger and didn't say anything. She walked over slowly and the two soldiers chuckled. "Look, this little girl understands the truth. Call me grandpa and I'll let you go!"

Yun Feng raised her head. "You're mistaken. I was talking to them."

The soldier was stunned. The three men of the Red Maple Mercenary Team couldn't help but look at Yun Feng in confusion. "It's beneath our dignity to fight with them. After all, this is Ovey's territory. We have to be careful." Even though Yun Feng looked like a teenage girl, the three men all obeyed her unconsciously. When the three of them nodded unconsciously, they were all a bit surprised. What was wrong with them? Why were they so obedient to a little girl?

"You're also from the Red Maple Mercenary Team?" asked a soldier suspiciously. "Who cares if she is or not? She's on the side of the Red Maple Mercenary Team right now!" Another soldier yelled a bit furiously.

Yun Feng smiled. Everything had to be reasonable. "Is it a rule in Ovey that they have to call you grandpa before entering the city? According to your logic, you should call me grandma when you leave the city, right?"

The three people of the Red Maple Mercenary Team couldn't help but feel amused after hearing that. Qu Lanyi also smiled helplessly. The two soldiers immediately blushed. "What grandpa and grandma? Why should I call you grandma when you're out of the city?"

"If that's the case, why must I call you grandpa when I enter the city?"

"That's... Humph! Even so, the Red Maple Mercenary Team can't come in!" The soldier suddenly thought of something and said loudly with confidence.

"Why can't we go in? Don't think we don't know that you're looking for trouble!" Yun Feng and the others roared. It seemed that Ovey's soldiers had been looking for trouble with the Red Maple Mercenary Team for a long time.

"Looking for trouble? The Red Maple Mercenary Team has caused enough trouble for Ovey! Ovey's important figure is in the city right now. Of course, we have to be on guard! Do you understand that? People who aren't from Ovey can't enter! Not even rats!"

"You..." The three members of the Red Maple Mercenary Team couldn't help but feel enraged again. Yun Feng chuckled. "I wonder who this 'important' figure is?"

"Humph! This big shot is a rare genius on the East Continent! He advanced to the Commander Level in just one year. He's the genius that Ovey is proud of!"

"Pfft..." The three people of the Red Maple Mercenary Team laughed again. "Genius? Commander Level? I'm really amused. He doesn't deserve to be called a genius that's rarely seen in a hundred years!"

"The Red Maple Mercenary Team! Don't think that your Young Lady is a genius. Where is she? She's been gone from the East Continent silently for a year! They said she went to the West Continent, but I don't believe it! She was probably torn apart by the Magic Beasts when she crossed that mountain

range. There wasn't even any residue left! All of you look extremely proud. She's already gone. What's there to be proud of?"

Yun Feng listened quietly about her being missing for a year. The woman that they thought were missing happened to be standing here!

"How dare you insult the Young Lady!" The three members of the Red Maple Mercenary Team were immediately enraged. Even though they had never seen the Young Lady of the Red Maple Mercenary Team, they knew her story very well. Back then, it was the Young Lady who led the Red Maple Mercenary Team into the four-star mercenary group! Without the Young Lady, the Red Maple Mercenary Team wouldn't be where it was today! The Young Lady was the pillar of the Red Maple Mercenary Team and the Goddess of the Red Maple Mercenary Team! They could be insulted, but they wouldn't let anyone insult the Young Lady!

"I said that, so what? Our Ovey's genius is the real genius! If your Young Lady doesn't like it, you can come and have a contest! She can come!" The two soldiers laughed loudly. The three people of the Red Maple Mercenary Team couldn't hold it in anymore. Their fighting energy burst out and they had already swung their weapons!

Yun Feng raised her hand slightly, and the two soldiers who were laughing suddenly froze. They tried to close their mouths, but to no avail! They could only look around with their eyes wide open. When they saw the smile at the corners of Yun Feng's mouth, both of them broke out in cold sweat! The three soldiers of the Red Maple Mercenary Team were blocked by an invisible force. A gentle force neutralized their attacks. Yun Feng was already standing in front of the three of them. A strange feeling surged in the hearts of the three soldiers of the Red Maple Mercenary Team. They had an inexplicable trust in this girl!

The two soldiers were frozen, and their mouths were wide open. The muscles in their jaws were probably sore and weak, but they could only maintain this movement. Their eyes were even watery. Yun Feng walked over with a smile. "Guys, who's that young genius? May I have the honor to know his name?"

Yun Feng said with a smile. The two soldiers could only blink their eyes desperately. Yun Feng moved her finger gently and the two of them suddenly shut their mouths. The sides of their chins were extremely sore. "You... You..." The two soldiers looked at Yun Feng and were a bit stumped. Qu Lanyi casually said, "Our patience is limited."

"Just... just say it! Ye, it's Young Master Muqing!"

Yun Feng suddenly smiled when she heard this name. Muqing? So, it's the old friend. She didn't expect that he would advance to the Commander Level in just one year. It was indeed surprising. It wouldn't be wrong to call him a genius.

"Humph! He can't compare to the Young Lady at all!" The three people of the Red Maple Mercenary Team said gloomily. The two soldiers were about to retort, but they quickly shut their mouths again. They didn't dare to say anything, fearing that Yun Feng would make them unable to close their mouths again.

“Please tell Muqing that his old friend is here to visit him.” Yun Feng said something that shocked everyone with a smile. The two soldiers opened their mouths again. The three people of the Red Maple Mercenary Team were also shocked!

“W-Who are you? How can you meet Young Master Muqing so easily?”

Yun Feng chuckled. “Tell him that Yun Feng is here to visit.”

The two soldiers guarding the door couldn't close their mouths at all this time. One of the three members of the Red Maple Mercenary Team suddenly widened his eyes! There were tears in his eyes. The other two soldiers were a bit confused. They didn't understand what was going on when they saw the extremely excited person. “What's wrong with you?”

Chapter 677 She's Back (4)

The teary-eyed man's lips trembled. “Damn it, she's back... Our Young Lady is back!”

“Young... Young Lady?” The two soldiers were too slow to react. In the end, they were struck by lightning in their minds! Young Lady! The Young Lady of the Red Maple Mercenary Team! Was she really their... Young Lady? The two soldiers guarding the city were also a bit dumbfounded. Even a beggar knew Yun Feng's name! Everyone on the entire East Continent knew about the powerful Yun family! The Young Lady of the Yun family who created the legend of the Yun family, Yun Feng!

This name, which made the leaders of the four empires on the East Continent a bit fearful, was often talked about by people. Although not many people had seen Yun Feng, there were quite a lot of people who knew her name! Especially in these big cities, her name was like thunder in their ears! However, the owner of this name had already disappeared from the East Continent for more than a year. At first, they didn't know where she went. In the end, there was the most official explanation that she went out for training.

This explanation was accepted by most people. Even though Yun Feng didn't show up, she was still the center of attention. People talked about the fall of the Karan Empire, the birth of the Fengyun Empire, and the battle that happened in the Cashya Empire. They talked about the slim girl, the talented summoner! Nobody knew if she would come back or not. It would take many years for experts to go out for training, and they wouldn't be able to find her even if the world changed. The members of the Yun family couldn't ask anything either, but nobody was tempted to cause trouble because of Yun Feng's absence, because there was the formidable Yun Army and the Red Maple Mercenary Team!

Even if Yun Feng wasn't here, these two fierce forces made the Yun family an inviolable existence!

The two city guards stood there with their mouths wide open in a comical manner. Yun Feng raised her brows slightly and the two of them suddenly ran at an extremely fast speed! Yun Feng couldn't help but laugh. Was she that scary? How could she run so quickly after knowing her name?

She turned around slightly and saw three extremely repressed and ecstatic faces. The three Red Maple Mercenary Team members showed that they wanted to calm themselves down. Their faces were flushed and their eyes were full of ecstasy. They wanted to shout, they wanted to roar, they wanted to tell everyone that the Young Lady of the Red Maple Mercenary Team was back!

“Alright, don’t be so tense,” said Yun Feng casually. The three warriors took a deep breath. The next second, the three of them roared loudly! “The Young Lady of the Red Maple Mercenary Team is back!”

This sudden roar surprised Yun Feng a bit. The three of them flushed with excitement. Yaoyao, who was in Yun Feng’s arms, glanced at her lazily. Meatball made a sound as if it was already used to it. Qu Lanyi walked over and patted Yun Feng’s shoulder. “They’re too happy. You’re their goddess.” Qu Lanyi winked at Yun Feng after saying that. Yun Feng’s eyes twitched. Goddess?

“My Lady, I’ll... I’ll inform the Captain right away!” The person who spoke immediately took out his Sound Transmission Jade. His hands were actually shaking a bit and he even stuttered when he spoke. An inexplicable tension spread out just like that. The other two hit that person’s head hard. “How embarrassing! Can you be more manly in front of my Lady?”

The Sound Transmission Jade buzzed for a while and the other party’s voice came. However, Yun Feng wasn’t familiar with it. It seemed that the empire’s scale had expanded again in the past year. It had actually expanded to the territory of another empire. Yun Feng didn’t expect this.

“You three, have you completed your mission?” A lazy voice sounded. The three of them took a deep breath and shouted at the Sound Transmission Jade, “Captain! The Young Lady is back!”

“The Young Lady? Which Lady?” The other party didn’t react for a moment. The three soldiers couldn’t help but feel a bit anxious. “It’s THE Young Lady! The Young Lady Lady is back!”

The other party was still a bit confused. “Tell me clearly, what Young Lady? Did the three of you go pick up girls for me without completing the mission?”

Yun Feng reached for the Sound Transmission Jade with a smile and whispered to the jade, “Hello, Captain. I’m Yun Feng.”

There was suddenly no sound on the other end of the jade pendant. Yun Feng was a bit puzzled. Had the communication been cut off? She was about to say something else when a shout suddenly came.

“Quick! Contact the Commander! The Young Lady is back! Hurry!”

Yun Feng almost raised her brows. After hearing a few earth-shattering roars from the other side, there was another series of crackling sounds. It was very lively. Finally, a breathless voice came. “M-Miss, you... you’re back...”

Yun Feng smiled. “Yes, I’m back.”

“My Lady! I’m the captain of the fifth team of the third squadron of the Red Maple Mercenary Team. You can just call me Big Thunder!” The man introduced himself quickly. It sounded a bit long, but she could also tell that the scale of the Red Maple Mercenary Team had indeed expanded quite a bit.

“Tsk, the captain isn’t calm anymore.” The other three mercenaries pulled the corners of their mouths in disdain. The captain was actually trying to get close to the Young Lady. Damn it!

“Big Thunder.” Yun Feng felt that the name was a bit awkward. Big Thunder? The jade pendant was silent again, but she could feel the other party’s excitement. Yun Feng smiled. “Big Thunder, I have something to do here. I’ll go back to the Red Maple headquarters later. Tell Uncle Zhao and Uncle Wang.”

“Y-Yes... Yes, ma’am!”

Yun Feng threw the Sound Transmission Jade to the three warriors, who caught it in a hurry. Big Thunder was still talking on the other side of the jade. “My Lady, when do you plan to come back? And where are you right now? Do you want me to go over for you...”

“Captain!” The three mercenaries called out with a mocking tone. “Damn! Why are you here? Where’s the Young Lady?”

“Hehe, the Young Lady is with us in Ovey right now. Don’t worry! We’ll definitely escort the Young Lady back safely!” The three Red Maple Mercenary Team members raised the corners of their mouths proudly. Yun Feng smiled helplessly when she saw their expressions.

“Humph! You three brats are lucky! If my Lady loses so much as one hair, just wait for the fists of everyone in the Red Maple Mercenary Team!”

The three mercenaries burst into laughter. “Don’t worry, Captain. We’ll definitely complete the mission!” After saying that, they cut off the communication. The three mercenaries were full of pride because the Young Lady of the Red Maple Mercenary Team was with them. This was a great honor! The other members of the Red Maple Mercenary Team would definitely envy them to death!

Chapter 678 Wait (1)

Qu Lanyi held her forehead with a headache. The Red Maple Mercenary Team... It turned out that potential love rivals were the most terrifying ones. They had an overwhelming advantage in numbers.

“My Lady, are we going back right now?” The three of them asked with anticipation in their hearts. Yun Feng smiled. She was planning to leave this place, but she might have to visit her old friend first and solve the problem of the Red Maple Mercenary Team’s departure.

A rush of footsteps came. There were quite a lot of people here. Yun Feng came back to herself and saw a group of people rushing here in a hurry. The person in the lead was naturally Yun Feng’s familiar face. It had been a while since she last saw Muqing. Muqing had already grown taller. His weak and sickly appearance still hadn’t changed, but his temperament had become much more mature.

“Yun Feng.” Muqing sized up the girl in front of him. He hadn’t seen her in a long time. She seemed to have grown even faster. He still couldn’t see through her strength. She was like a bottomless ocean.

“It’s been a long time, Muqing.” Yun Feng greeted Muqing casually. He was at the mid-stage of the Commander Level, and he cultivated very quickly. Ovey should indeed be proud of him. Such geniuses were indeed rare.

“Indeed, it’s been a long time. It’s Ovey’s honor to meet you here.” Muqing chuckled. Yun Feng finally noticed the clothes Muqing was wearing and the badge of the Ovey Royal Family. Thinking carefully, how would the Royal Family let go of a talent like Muqing? He was probably in an important position in the Royal Family right now.

Nobody dared to interrupt when the two of them were talking. The people behind Muqing all sized Yun Feng up quietly. The three Red Maple Mercenary Team members stood next to Yun Feng nervously, as if

they would fight with whoever dared to hurt their Young Lady. Qu Lanyi chuckled. "We should find a good place to catch up. How can we let our guest talk outside?"

The people behind Muqing couldn't help but change their expressions. Who was this? How dare she talk to Muqing like that? Did she want to die?

Muqing glanced at Qu Lanyi. "Did you leave together? Haha, as expected, as expected... You're right. It was my negligence." Muqing wasn't angry. He stood up and moved his body slightly. The people behind him immediately moved to the sides and an empty path appeared.

"Let's go. Let me be your host."

Yun Feng chuckled. "Thank you." She walked over with Yaoyao in her arms. The three members of the Red Maple Mercenary Team followed behind. Everyone looked at Yaoyao and Meatball curiously and discussed in private. Meatball was obviously a Magic Beast, but who was that little girl? Was the one in Yun Feng's arms her child?

If Yun Feng knew what these people were thinking, she would definitely be so angry that she would laugh. Her child? It was obvious from her appearance that she couldn't possibly have such a big child! However, in people's eyes, Yun Feng was obviously not a normal person anymore. If she said she had such a big child, other people would also choose to firmly... believe her!

The three people of the Red Maple Mercenary Team had such a mentality. When they stopped and the people around whispered to each other, the three of them were all shocked. Right! The Young Lady was holding a little girl so carefully. That must be the Young Lady's child! The person next to the Young Lady must be the Young Lady's husband!

The three warriors had more or less complicated feelings. They were a bit unwilling and a bit aggrieved. Why did their Young Lady give birth? Their Young Lady belonged to another man! The three warriors looked at Qu Lanyi hatefully. Qu Lanyi felt an inexplicable coldness behind his back.

"No matter what, it's a good thing." The three mercenaries mumbled behind and looked at each other. They saw inexplicable anger in each other's eyes. "Then, we must tell the higher-ups about this." They gnashed their teeth and said. The three men all smiled gloomily. Kid, if you dare to touch our Young Lady, we'll let you know the consequences! Humph...

Qu Lanyi suddenly turned around and the three mercenaries immediately changed their expressions. Qu Lanyi frowned suspiciously. What happened? That coldness and that inexplicable hostility just then...

"What's wrong?" Yun Feng noticed that something was wrong with Qu Lanyi. Qu Lanyi shook his head in confusion, and the three mercenaries behind her smiled maliciously again.

Yun Feng, on the other hand, didn't know that the ridiculous news of her having a child had been spread out. And there wasn't a single person in the Red Maple Mercenary Team who didn't believe it. They all believed it completely! Instantly, the entire Red Maple Mercenary Team was in chaos! And Yun Feng certainly didn't know anything. There were more important things in her mind.

They followed Muqing to a luxurious mansion in the city. Along the way, there were certainly a lot of onlookers. When they saw Meatball on Yun Feng's shoulder, someone suddenly shouted in shock, "What are you shouting for? I didn't see Young Master Muqing!"

The person who screamed opened and closed his mouth. "Yun... Yun... Yun..."

"What? Look at you!"

"Yun Feng, it's Yun Feng!"

This shout attracted countless exclamations and all kinds of concerned eyes. Muqing smiled. "You're famous everywhere. Everybody knows you."

Yun Feng raised the corners of her mouth and finally approached Muqing's mansion under the gaze of her adoring public. "Since you're here, why don't you stay for a few more days? The East Continent has changed quite a lot in this year." Muqing said with a smile, as if he had a deeper meaning. "Should I prepare a room or two?"

Yun Feng blushed. Qu Lanyi chuckled. "Of course, only one..."

"Muqing, are you kidding me?" Yun Feng said with a bad expression. Muqing smiled. "It's just a joke. The two rooms are next to each other. Let's take a rest today. We'll talk about it tomorrow." After saying that, Muqing turned around and walked out. Even though he was quite young, his tone and movements were too mature, as if he had been in the political world for many years. When Yun Feng first saw Muqing, she thought that this young man was a bit old. It turned out that her guess was right.

The three mercenaries of the Red Maple Mercenary Team were assigned to another room. After Muqing left, no one came to disturb her, but Yun Feng felt a bit peaceful. The sky outside was getting darker. There were some things that she had to ask Muqing about. She would really have to stay here for a few days. She put Yaoyao in her arms on the bed. Yaoyao seemed a bit sleepy. Meatball also yawned and jumped off Yun Feng's shoulder.

"You're going out?" Qu Lanyi asked when he saw that Yun Feng was going out. Yun Feng nodded. As the saying goes, one must be vigilant against others. Besides, the relationship between the Red Maple Mercenary Team and Ovey seemed to be a bit bad. Besides, Muqing wasn't really a friend to her. It was impossible for her to live here peacefully.

Chapter 679 Wait (2)

Yun Feng had just crossed the threshold when Qu Lanyi's shout made her stop. "Fengfeng!" This shout seemed a bit sticky, which gave Yun Feng goosebumps.

"What's wrong?" Yun Feng turned her head slightly and saw a large area of smooth skin. Her little face was slightly red. Qu Lanyi's clothes had been torn apart at some point, revealing her shoulders and her sexy collarbone. The handsome man had a charming look on his face as he gently stroked his collarbone with his fingers. His pure black eyes were slightly teasing.

"Are you really not going to spend the night with me?" There were thorns in Qu Lanyi's eyes that could hook a person's heart and soul. However, Yun Feng was apparently immune to this move.

"Enough!" Yun Feng roared. She waved her hand and sealed the space around her. Then, she turned around and disappeared. Qu Lanyi chuckled. Although she didn't accept the invitation, he was quite satisfied with her red ears.

“Looks like it worked.” Qu Lanyi looked at his sexy collarbone and bare shoulders, and put on clothes with a smile. He wondered whether he should consider being half-naked next time, or just cover his genitals.

Yun Feng’s body was hidden in the space. Her cheeks were a bit hot and her earlobes had been burning. Qu Lanyi’s alluring look just then flashed through Yun Feng’s mind again. She cursed softly, “Damn it!” Couldn’t that man just stop?

The thoughts in her mind were a bit chaotic. Yun Feng sized up the mansion from high up in the sky. Nobody would notice it if it was hidden in the space. Even though Muqing reached the mid-stage of the Commander Level, Yun Feng was much stronger than him. Unless someone of the same level or the Lord Level came, it would be difficult to find Yun Feng!

After searching around, Yun Feng locked onto Muqing’s location and entered Muqing’s room silently. At this moment, Muqing was reading something with his head lowered and the pen in his hand was constantly making marks. His brows were also slightly furrowed. Yun Feng stood aside quietly. She wanted to confirm if Muqing had any ulterior motives.

It was getting darker and darker outside. Muqing didn’t seem to be done yet. Yun Feng had been very patient during this period of time. Muqing didn’t do anything except to do his own things, and didn’t even bother anyone else. Yun Feng continued to wait patiently. After waiting for a long time and everything was quiet outside, Muqing seemed to have finished his work. He stood up from the chair and stretched lazily. Looking at the mess on the table, helplessness flashed across his face. He then turned around and walked out.

Yun Feng followed him, but Muqing didn’t notice at all. Yun Feng followed him to a room where there were even subtle lights. Apparently, the person inside wasn’t asleep. Yun Feng suddenly became vigilant. Muqing walked in, and Yun Feng naturally followed. When she saw the scene inside the room, she was extremely shocked!

Muqing was holding a woman in his arms right now. The woman’s hot body was even more vividly shown after Muqing quickly stripped her clothes. Their bodies were tightly pressed together. It was obvious that the two of them were very passionate. Yun Feng stood aside, dumbfounded!

When Muqing pressed the woman to the bed with a low roar, Yun Feng suddenly rushed out of the house. The ambiguous sounds inside the house kept ringing. Yun Feng’s face completely flushed! She left the place in a panic, but the passionate scene just then was still a bit lingering. It was the first time Yun Feng saw it with her own eyes. It was truly a bit sudden. If she had known that Muqing was here to do this, she wouldn’t have followed him!

Yun Feng flashed to the highest place in the mansion. She waved her hand, and the space blockade around her disappeared. The cool wind of the night immediately blew at her burning cheeks. Muqing was older than her. Logically, it was nothing for him to have a woman at this age. She was just making a fuss. Yun Feng slowly breathed out. The cold night wind made her slightly calm down. If she were any other girl at her age, she would have been married. Mu Xiaojin had already married her brother, Yun Sheng, a year ago. Now, her child was almost born.

Yun Feng leaned back and lay on the roof. What she saw was the starry sky. The stars in this world were so bright and the world was so vast... Yun Feng couldn't help but smile. Was she going to get married? That day would probably be very far away. She had too many responsibilities on her shoulders. Until she carried them out, she wouldn't be able to finish her things. The Yun family on the West Continent, Mu Canghai, the President of the Magic Union, Yaoyao and the headquarters of the Yun family...

One by one, they flashed through Yun Feng's mind. There were still a lot of things she had to do, or maybe too many... After everything was settled, when would it be? Which man would be able to wait until then? Qu Lanyi?

A handsome face suddenly appeared in front of Yun Feng's eyes and she shivered. Yun Feng subconsciously wanted to make a move, but the man's warm arms held her in his arms. Qu Lanyi sat behind Yun Feng and pulled her into his arms, wrapping her up from the back and resting her chin on her shoulder. "Why are you here? If you miss me, why don't you come to me directly?"

Yun Feng raised her head and looked at the sky. "I'm thinking about something."

"Am I part of it?" Qu Lanyi asked casually with a smile. Yun Feng chuckled and didn't say anything else. The two of them were silent for a moment and simply looked at the silent night sky.

"These stars are beautiful." Yun Feng complimented. Qu Lanyi ran his fingers through her hair and looked at the stars with her. "They are indeed beautiful." Qu Lanyi looked at Yun Feng with gentleness in his eyes.

"Qu Lanyi, I rarely hear you talk about yourself. In the end, I still don't know where your home is." Yun Feng relaxed her body and leaned into Qu Lanyi's arms. Qu Lanyi chuckled after hearing that. "As I said, it's a remote place. Nobody wants to stay there. I'm one of the people who have left, am I not?"

Yun Feng didn't ask anymore. She didn't know if what Qu Lanyi said was true or not, but it was obvious that he didn't want to talk about it, so she wouldn't ask anymore. Qu Lanyi noticed Yun Feng's silence and couldn't help but hold her even more tightly. "But if you go there, don't despise it."

Chapter 680 Wait (3)

Yun Feng was stunned. "Why do I have to go there?"

"As my wife, you have to go there someday," said Qu Lanyi firmly. Yun Feng suddenly sighed. "Marriage seems too distant for me. I..."

Qu Lanyi gently turned Yun Feng's face around with his hand. The two of them looked at each other in the eyes. Qu Lanyi put his forehead against Yun Feng's. "I know you have a lot of things to do. I'm not in a hurry. I can wait." His warm breath sprayed on Yun Feng's face. Yun Feng's heart immediately warmed.

"I know that the woman I've fallen in love with won't be like other people. I'm also prepared to wait for a long time. Just keep moving forward. I'll keep following you." Qu Lanyi pulled Yun Feng back into his arms and pressed her cheek against his chest. The strong heartbeat from his heart beat again and again. "Can you hear what it's saying?"

Yun Feng shook her head gently and Qu Lanyi smiled. "It's saying that I love you."

Yun Feng's face turned red all of a sudden, and her ears turned completely red. This time, she didn't dodge, but stayed quietly in Qu Lanyi's warm arms and listened to his strong heartbeat. There was a sweet feeling in her heart, which made Yun Feng reluctant to leave.

"It's talking again. Do you know what it's talking about this time?" Qu Lanyi held Yun Feng in his arms as faint light elements covered the two of them. Under the bright night sky, the two of them were covered in a layer of faint light, which was quite beautiful.

Yun Feng's ears became even redder and her muffled voice came from Qu Lanyi's arms. "Love?"

Qu Lanyi smiled mischievously. "No, it's not saying that."

Yun Feng glanced at Qu Lanyi suspiciously. Qu Lanyi lowered his head and whispered in Yun Feng's ear. She only saw that the warm scene just then was suddenly ruined. The girl jumped up angrily and punched the young man's chest. Her muffled groan sounded very ambiguous in the night. The girl gritted her teeth and growled, "You pervert!"

Qu Lanyi rubbed his chest with a painful look and smiled at Yun Feng. "Why are you shy? You'll have to..."

Yun Feng's little face was flushed in the darkness. Qu Lanyi was fascinated, but Yun Feng disappeared in a blink, leaving Qu Lanyi alone. He fell back after a while. The soft and fragrant girl in his arms was gone, but there was still a hint of her fragrance. Qu Lanyi put his hand on his forehead, covering half of his handsome face. When he moved his hands away, a pair of pure red eyes appeared!

That transparent red color was like a gem soaked in blood. No, perhaps it was a gem made of blood that was glowing with red light. It was unusually bright and even a bit creepy in this night. Qu Lanyi looked at the endless starry sky above his head and mumbled, "Do I have to keep waiting? I'm truly good at being pretentious..." Yun Feng went all the way back to her room with an intoxicating blush on her face. Qu Lanyi's whispered words lingered in her mind like a magic spell. That deep and hoarse voice with a hint of charm, completely filled with endless meaning, made Yun Feng's face flush again. Yaoyao was sleeping quietly in the room, and Meatball was lying there obediently, breathing gently. Yun Feng's mind was slightly calm as she looked at the two Magic Beasts who were sleeping peacefully.

She turned around and lay on the bed too. Yun Feng slowly closed her eyes. For some reason, she soon fell asleep. In the depths of an unknown darkness, the sound of chains sounded again.

When Yun Feng woke up, she had a strange feeling. She felt that she was in a deep sleep, as if something could make her fall asleep quickly. She suddenly opened her eyes and saw the top of the bed. She looked sideways. Meatball and Yaoyao were still asleep. Yun Feng looked outside. It turned out that the sun had just risen.

Yun Feng got up and sat on the bed. She closed her eyes slightly and sank her entire mind, trying to sink into her world. There was only darkness in front of her eyes, but Yun Feng could feel that her consciousness was constantly dropping, dropping, and dropping again. Her world was like a bottomless abyss. Yun Feng didn't know when she would fall until she heard the sound of metal sliding on the ground.

Yun Feng was startled. Her consciousness stopped here miraculously and she walked forward slowly. The sound of the chains dragging on the ground became clearer and clearer. Yun Feng's heart suddenly pounded. Since there was the sound of the chains sliding, it meant that something was locked here. Was it a person or something? Yun Feng listened to her heartbeat that was getting more and more excited as she approached carefully. The sound of the chains dragging on the ground suddenly stopped. Yun Feng was stunned and she couldn't help but stop here. When both parties were silent, the dark space suddenly changed. The endless darkness seemed to be about to be torn apart and there were huge cracks, as if something was about to rush out of the darkness!

A beam of dazzling light seeped in from somewhere. When the light hit Yun Feng, she saw that the black iron chains were extremely thick. Yun Feng couldn't even wrap her arms around any of the chains! What kind of chain was this? The light flashed and the world fell into pure darkness again. The crack that appeared just then disappeared again, as if it was an illusion. Yun Feng stood there in a daze. Something seemed to be moving in the depths of the darkness. The heavy chains dragged on the ground with a dull sound.

As if she was possessed, Yun Feng slowly extended her hand into the darkness. She had a feeling that she could touch or grab something! She saw that her hand was gradually swallowed by the darkness and there was nothing in front of her. Yun Feng gritted her teeth and was about to walk in when a loud voice broke everything!

"Nana!" Meatball's loud shout startled Yun Feng. The darkness suddenly retreated, and Yun Feng's consciousness was pulled back in an instant! "Ha!" She suddenly opened her eyes, and saw Meatball's big watery eyes full of worry. Yaoyao was also looking at her anxiously. Seeing Yun Feng open her eyes, Yaoyao suddenly rushed over and hugged Yun Feng tightly.

"What happened to me just then?" Yun Feng mumbled to herself as cold sweat appeared on her forehead. That world of darkness and the huge chains hidden behind it, what exactly were those chains locking? Also, why was there such a world inside her body? Yun Feng's breathing gradually calmed down. Meatball jumped on her shoulder and gently swept Yun Feng's face with its long tail. "Na, na, na!" Meatball seemed to be saying something, but Yun Feng couldn't understand a word. Meatball couldn't help but feel anxious. "Na, na, na!"
