

Summoner 681

Chapter 681 Don't Mess with Me (1)

"I don't understand," said Yun Feng calmly. Meatball lowered its head in frustration. Yun Feng smiled helplessly. It would be great if Little Fire was here. At least, it could understand a little. Yun Feng thought for a moment. Since she couldn't understand what Meatball said, she might as well ask it.

"Is there something in my body?" Yun Feng asked tentatively. Meatball immediately nodded like a rattle. Yun Feng couldn't help but become serious when she saw that. "You know what it is."

Meatball blinked its big innocent eyes and finally shook its head. Yun Feng lifted Meatball's chubby body in front of her eyes with one hand. "Meatball, don't lie to me."

Meatball shook its head again and patted the back of Yun Feng's hand with its tail. "Nana, Nana, Nana..." It whispered. Yun Feng frowned. No, she couldn't understand it at all!

"What's wrong?" asked Yaoyao worriedly. Yun Feng shook her head and caressed Yaoyao's long, smooth hair. "I'm fine. I'm fine." Yaoyao looked at Meatball in disbelief. Meatball jumped back to Yun Feng's shoulder and didn't say anything else. There was indeed something inside her body. What those thick chains could lock must be something extraordinary. Was it a human or... a Magic Beast? There was actually such a world hidden inside her body. What exactly...

No matter what that thing was, whether it was a person or something else, it shouldn't hurt her. She didn't care about it for the time being. She would have a chance to figure it out in the future! Yun Feng put this question aside. The door had already been opened slowly. Qu Lanyi leaned against the door with a smile. "Did you sleep well, Fengfeng?"

Yun Feng suddenly remembered what the two of them said last night. She couldn't help but blush again. Qu Lanyi rubbed her forehead. "It seems that you slept well, but I couldn't sleep." There were indeed traces of blood in his beautiful eyes. Yun Feng got up. "Why couldn't you sleep?"

Qu Lanyi's lips curled up. "It's all because of you. You made me unable to sleep."

Yun Feng roared angrily, "It's none of my business! You pervert!"

Qu Lanyi burst into laughter happily. Yun Feng blushed again. Yaoyao watched the interaction between the two of them in confusion. In the end, she looked at Qu Lanyi. "You're bullying Xiao Feng." Yaoyao slowly opened her mouth and showed her sharp teeth. Her brutal nature was immediately exposed. She looked at Qu Lanyi with hostility in her blue eyes!

"He's just kidding." Yun Feng held Yaoyao in her arms comfortingly. Yaoyao finally felt better and her expression also eased a lot. Qu Lanyi chuckled softly on the side. "I don't care even if Yaoyao is angry. You look really beautiful when you blush."

Yun Feng didn't say anything else, because her cheeks were red again. At this moment, a voice came from outside. "It seems that both of you woke up very early." Yun Feng looked over. It was Muqing. Thinking of the scene she saw last night, Yun Feng felt a bit uncomfortable.

“If you have something to ask, come to the study. Nobody will disturb you there.” Muqing turned around and left after saying that. The slightly awkward look on Yun Feng’s face was finally relieved. Qu Lanyi asked suspiciously, “What’s wrong? You look very...”

“Nothing. Let’s go to the study.” Yun Feng interrupted Qu Lanyi and went to the study. Qu Lanyi followed her and still felt that there was something wrong with Yun Feng. The two of them walked to the study. Muqing was already waiting inside. After they came in, the door was instantly closed.

“Have a seat.” Muqing waved her hand and Yun Feng and Qu Lanyi sat down. Yun Feng tried not to look at Muqing. It was indeed too awkward last night. Muqing also noticed Yun Feng’s discomfort. “What’s wrong, Yun Feng?”

Yun Feng raised the corners of her mouth and met Muqing’s puzzled gaze. If he knew that she saw that scene, she didn’t know what he would think. She threw away the uneasiness in her mind. Yun Feng looked serious. Before Yun Feng could say anything, Muqing had already replied, “I know what you want to know. Let me tell you the general idea first. If there’s anything else you want to know, you can ask later.”

Yun Feng nodded. Muqing crossed his hands in front of him and said casually, “The Mercenary Union has its own branches in the four empires on the East Continent. Each branch has more than a hundred mercenary groups. The mercenary groups in the four empires are all active in their own areas and rarely interact. However, in this year, the rapid rise of a mercenary group gradually broke this situation.” Muqing glanced at Yun Feng. “That’s right, the Red Maple Mercenary Team. The Red Maple Mercenary Team in this year has directly risen to the level-5 mercenary groups. Also... the area they’re active in isn’t just the Fengyun Empire.”

Muqing put one leg on the other. “Of course, this is a good thing. The four empires can’t be completely isolated from each other. Besides, mercenary groups have a high degree of freedom to begin with. There’s no rule that they couldn’t travel across countries.”

“The rapid rise of the Red Maple Mercenary Team was inevitable. That was something we expected. Gradually, the missions that the Red Maple Mercenary Team took on became more and more difficult. They completed them perfectly and became more and more famous. In the end, even the royal families of other countries asked the Red Maple Mercenary Team for help. Gradually, the area of activity of the Red Maple Mercenary Team expanded. It can be said that the four empires all entrusted the Red Maple Mercenary Team with missions. None of the mercenary groups had such a scale or such a high honor.”

Yun Feng didn’t feel complacent. Instead, she frowned slightly and her black eyes were deep. “No mercenary group has so many potential enemies.”

Muqing chuckled. “You’ve seen it very clearly. The more powerful the Red Maple Mercenary Team is and the more famous they become, the more people will see them as a thorn in their side. After all, it’s not a good thing to be ahead of others in everything, especially when you steal other people’s business.”

Yun Feng sneered. Muqing chuckled. “Of course, the Red Maple Mercenary Team can take over as many things as they want, but the other mercenary groups have been suppressed or even insulted. Of course, I know that the Red Maple Mercenary Team didn’t intend to do that. Take Ovey for example. Ever since the Red Maple Mercenary Team became famous, the Ovey Mercenary Union seemed to have a lot of

free time. Some of the missions that were originally assigned to the Ovey Mercenary Union were all taken over by the Red Maple Mercenary Team. It's a good thing for them to develop themselves, but they also have to consider other people's feelings. Don't you agree?" Muqing raised his brows and looked at Yun Feng. Yun Feng chuckled. "Are you blaming the Red Maple Mercenary Team for stealing the business that should belong to you?"

Chapter 682 Don't Mess with Me (2)

"It's not up to you to tell me whether or not they're stealing it. I'm purely an outsider in this matter. The development of the Red Maple Mercenary Team has already made a lot of people dissatisfied. They're ostracized in other places. Take today as an example. The people guarding the city are soldiers, not mercenaries of any group. They're all dissatisfied with the Red Maple Mercenary Team. Should you consider the current situation?"

What Muqing meant was very obvious. You can develop and strengthen yourself if you want! You can develop in your own territory, but don't be so arrogant in other territories.

"Such a situation does need to be changed." Yun Feng whispered and then stood up. "Where's the Ovey Mercenary Union?"

Muqing was stunned. "W-Why are you asking this?"

"Since the Red Maple Mercenary Team unintentionally caused some people to have unnecessary misunderstandings, we naturally have to explain it to them face to face so as to avoid further trouble in the future!"

Muqing frowned. He originally thought that Yun Feng would suppress the development of the Red Maple Mercenary Team, but he didn't expect her to attack the Mercenary Union directly! "Are you going to take action?" Muqing asked with an unpleasant look. Yun Feng laughed with a playful smile at the corners of her mouth. "Action? Muqing, are you so afraid that I'll take action?"

Muqing looked a bit embarrassed. He couldn't see through this girl when they first met, and he still couldn't see through her right now. He couldn't see through her strength, her thoughts, her personality, and everything she did!

"For someone as strong as you, it will hurt your dignity if you do anything," said Muqing casually. Yun Feng raised the corners of her mouth. "Dignity isn't just about yourself, but also about protecting the people you love."

Muqing's eyes glittered. Yun Feng had already walked to the door. "Just tell me where it is. I'll go there myself."

Muqing was startled for a moment and then smiled. "You're a guest. I must do my best to be your host."

Yun Feng smiled indifferently. It was better for him to go with her. There would be fewer troubles along the way. She was about to open the door and move when a servant ran in. "Young Master Muqing, Young Master Muqing!"

"What's wrong? Why are you in such a panic?" Muqing yelled. The servant panted heavily and quickly replied, "Someone... Someone is trying to break in!"

As soon as he said that, an angry roar came from nearby. "Get out of the way. Don't make me attack you!" Muqing frowned when he heard that. His body flashed and he had already rushed out. Yun Feng found the voice a bit familiar, but she couldn't remember it for a while.

"You're not going to take a look?" Qu Lanyi said in a low voice. "It's possible that they're here for you."

"For me?" Yun Feng raised her brows. Who would come to find her at this moment? She moved her feet and rushed over with Yaoyao and Meatball. "This is not a place you can trespass! I'll give you five seconds to get out!" Muqing roared. Yun Feng and the others also showed up at this moment. When they saw the person who barged in, Yun Feng was astonished!

"Zhao Yan!"

Zhao Yan, who was about to attack, saw Yun Feng and a kind of enthusiasm burst out of his eyes. "M-Miss Yun!" Zhao Yan immediately changed his words and shouted. Muqing immediately looked at Yun Feng after hearing that. "You know him?"

Yun Feng nodded. "Sorry, he's my friend. He was a bit too hasty."

Zhao Yan was about to say something, but Yun Feng glared at him and stopped him. Hearing that, Muqing waved his hand and asked the people around to back off. He also stopped attacking. "Since he's your friend, I'll just let this pass. You can have a talk. Let me know when you're leaving." Muqing then turned around and left. Seeing that everyone else had left, Zhao Yan immediately ran over and stood in front of Yun Feng, sizing her up from head to toe and back again!

She was back. She was finally back!

"It's only been a year. I haven't changed much. You don't have to look at me like that." Yun Feng chuckled. Zhao Yan's cheeks were a bit red. He was about to say something, when he saw Qu Lanyi. He immediately sized him up with vigilance. Seeing that Zhao Yan seemed to have something to say, and that he didn't want to say it in front of Qu Lanyi, Yun Feng glanced at Qu Lanyi.

"Alright, alright. Got it." Qu Lanyi immediately understood what Yun Feng meant with her look. He held Yaoyao in his arms. "Yaoyao, let's go somewhere else first." Yaoyao nodded obediently and stared at Zhao Yan with her big eyes. It was obvious that she disliked him a lot. Zhao Yan also sized up Yaoyao constantly, as if he was confirming something. Meatball, which was resting comfortably on Yun Feng's shoulder, was suddenly picked up by a hand. It immediately turned around and bit, but missed.

Qu Lanyi picked up Meatball's neck with his two fingers and walked outside with its fluffy and chubby body. "Space. I need some space." Meatball cried in dissatisfaction. Qu Lanyi left with the two of them. Yun Feng smiled in relief. He truly understood her.

"Alright, what's the matter?" Yun Feng asked. In fact, Qu Lanyi wasn't an outsider. Yun Feng didn't think she had anything to hide from him. However, Zhao Yan didn't seem willing to talk. Yun Feng could only ask Qu Lanyi to leave for a while.

"That... Is it true?" Zhao Yan said without rhyme or reason. Yun Feng was confused. "What's true?"

Zhao Yan swallowed. "That rumor!"

Yun Feng was even more confused. "Rumor? What rumor?"

Zhao Yan's face suddenly darkened. "It seems that it's true. I didn't expect things to develop so quickly... It's actually..."

"Make yourself clear! Don't stammer!" Yun Feng was a bit angry. "What rumor? Make yourself clear!"

Zhao Yan sighed. "You have a kid with him, and she's already so big... This is a good thing for you. That kid is also very beautiful and very similar to you... Uncle Yun Jing must be very happy. Did you tell him this news? Do you want to give him a surprise?" Zhao Yan said, but Yun Feng looked worse and worse. Zhao Yan suddenly didn't have the courage to continue talking in the end. He only felt that Yun Feng seemed a bit angry.

"Who... said... that?" Yun Feng gnashed her teeth so hard that they made creaking sounds. Zhao Yan was a bit puzzled. "The warriors of the Red Maple Mercenary Team are all spreading that you have a child. I didn't believe it at first, but I've seen it with my own eyes..."

"Damn it! How could you believe that?" Yun Feng roared furiously as she grabbed Zhao Yan's collar with one hand and lifted him up with force. Zhao Yan had already been picked up by Yun Feng. In the next second, Yun Feng had already rushed forward like the wind with him! When Zhao Yan came back to his senses again, he saw Yun Feng suddenly push open a door. Once the three mercenaries of the Red Maple Mercenary Team saw Yun Feng, they immediately shouted in unison, "Good morning, my Lady!"

Chapter 683 Don't Mess with Me (3)

"You three... Did you spread the news that I have a child?" Yun Feng asked with a gloomy face. The three members of the Red Maple Mercenary Team all nodded unconsciously. When they saw Zhao Yan, they couldn't help but shout, "Master! Why are you here?"

Zhao Yan more or less understood and he was suddenly relieved in his mind. He originally thought he didn't have any chance at all. After all, the two of them already had a child. But now, it seemed that none of this was real! "You three, how can you spread rumors?" Zhao Yan scolded. The three members of the Red Maple Mercenary Team looked at each other, not knowing what was going on.

"I'm only in my teens. How can I have such a big kid?" Yun Feng couldn't bear it anymore and said. The three warriors were stunned. "Can't you? For you, nothing is impossible..."

Yun Feng didn't know whether to laugh or cry when she heard this. Zhao Yan smiled awkwardly. One of the reasons why he rushed here so quickly was because he couldn't wait to see her, and the other was because he heard such news. He wanted to know if it was true, and wanted to confirm it with his own eyes! When he saw Yaoyao, Zhao Yan only felt that the world had turned dark, but just then, it brightened up again!

"I wish that I had such a daughter like Fengfeng." The lazy voice came again. Qu Lanyi stood at the door with Yaoyao in one hand and Meatball in the other. Meatball screamed and ran to Yun Feng's shoulder, baring its teeth at Qu Lanyi angrily. Qu Lanyi didn't care. He looked at Zhao Yan, who stepped forward excitedly.

"Fengfeng and I have a pure relationship." Qu Lanyi raised his eyebrows and looked at Yun Feng with a smile when he said that. Yun Feng was a bit at a loss. How could he say such a pure relationship? Zhao

Yan was slightly upset when he heard that, but he didn't have the right to say anything right now. His strength was below this person's, which meant that he wasn't qualified to fight for anything!

The lightbulbs in the heads of the three warriors of the Red Maple Mercenary Team immediately lit up. The three of them looked at Yaoyao in astonishment, and then looked at Qu Lanyi. The three of them knew how wrong the news they sent out was. However, it was a bit too late to change now. The entire Red Maple Mercenary Team was boiling over the news! Otherwise, how would their Young Master be able to arrive so quickly?

"Well, Miss, it's good that Young Master is here! We still have a mission on us. We... We'll leave first!"

After saying that, the three of them ran out a bit awkwardly. Yun Feng shook her head helplessly. Zhao Yan chuckled. "It's fine. The news will be clarified."

Yun Feng nodded, feeling a bit of a headache. The authenticity of this news was very low, okay? How could she have a child as old as Yaoyao when she was so young? "It's great that you're here. Come with me," Yun Feng said to Zhao Yan, who was puzzled. "Where are you going?"

"Let's go to the Ovey Mercenary Union. There are some things we need to clarify."

"Is it about the Red Maple Mercenary Team?" Zhao Yan suddenly felt guilty. He knew that the Red Maple Mercenary Team had been ostracized in other empires, but he really didn't have the ability to change this situation. Yun Feng had just returned and she was already worrying about the Red Maple Mercenary Team. Zhao Yan felt a bit useless.

"Don't worry about it. If Uncle Zhao and Uncle Wang couldn't solve the problem, you don't have to blame yourself too hard." Yun Feng smiled and patted Zhao Yan's shoulder. Even so, Yun Feng and Zhao Yan were quite old. Zhao Yan's lips curled up bitterly as he realized the gap between them again.

"Don't look like that. You can help her in many ways," said Qu Lanyi. Zhao Yan raised his head with an excited look. Could he help Yun Feng?

Yun Feng chuckled. "You can indeed help me a lot. You're the Young Master of the Red Maple Mercenary Team. This title is helping."

"My Lady, what are you talking about?" Zhao Yan was a bit embarrassed. He didn't dare to call himself Young Master. The cornerstone of the Red Maple Mercenary Team was Yun Feng! The pillar of the Red Maple Mercenary Team was also Yun Feng!

"I told you. Call me Yun Feng."

Zhao Yan was stunned. Yun Feng patted Zhao Yan's shoulder again and walked out. Seeing Yun Feng go out, Qu Lanyi slowly walked to Zhao Yan's side. Zhao Yan's expression tightened. He knew that this person liked Yun Feng too and had always been by Yun Feng's side. This person was much stronger than him!

"Are you scared?" said Qu Lanyi casually. Zhao Yan was startled, and then shook his head. Qu Lanyi chuckled. "If you're not scared, come after me. One, two, three. I've got a lot of people to deal with."

SC

Zhao Yan didn't understand. Qu Lanyi chuckled again. "Let's go. Haven't you always wanted to help her? You'll get what you want this time." Qu Lanyi walked out. Zhao Yan suddenly felt that this man was very difficult to understand. He and Qu Lanyi should be rivals in love, right? Why was he still encouraging him so generously? Zhao Yan didn't think too much and chased after him. It was indeed as Qu Lanyi said. This was his chance to help Yun Feng. He had always thought that he couldn't help her, but he could help her now. He could help her!

The few of them left for the place where the Ovey Mercenary Union was located, Nayuan City. This was a city similar to Ge Yuan and was known for its military strength. The Mercenary Union of Ovey was stationed here and it was also the city where most mercenaries gathered. There were a large number of mercenaries going in and out every day and they were full of a kind of bloody power at all times.

They spent three days on the trip to Nayuan City. With Yun Feng and Qu Lanyi's speed, it would only take them half a day. However, they had to consider Muqing and Zhao Yan's speed. Muqing had been wondering why Yun Feng didn't summon her Magic Beast. He remembered that she had a wind-element Magic Beast. It wasn't appropriate for him to say anything if Yun Feng didn't summon it. Both Muqing and Zhao Yan were a bit tired after reaching Nayuan City. They had been traveling for three days without rest. Yun Feng and Qu Lanyi certainly weren't tired. Muqing arranged their accommodations and went to rest first. Zhao Yan said that he was fine, but he also went to rest obediently under Yun Feng's order.

Yun Feng and the others were in the mansion of the City Lord of Nayuan. Muqing's arrival caught the City Lord off guard. Luckily, there were enough empty rooms in the City Lord's mansion. Their arrival caused quite a commotion in the mansion. Muqing was one of the reasons, and Yun Feng was another.

"You're Yun Feng, the summoner?" Looking at the few kids with strong ambitions in front of her, Yun Feng had a headache. They should be the City Lord's children, or they wouldn't have come to see her. She was a guest here. Yun Feng could only nod. One of them immediately shouted excitedly, "Great, it's really her!"

Chapter 684 Don't Mess with Me (4)

"I heard that a distinguished guest is here, so I came to greet." A gentle voice sounded. Yun Feng looked up and saw a pale middle-aged man walking in. One of the kids shouted in surprise, "Master!" Yun Feng narrowed her black eyes and sized up the middle-aged man. Commander Level.

"Yun Feng, the summoner?" The pale middle-aged man raised his brows and said. Yun Feng chuckled. "That's right. I'm not the distinguished guest. I'll take my leave first." Yun Feng got up and was about to leave. However, the next second, a brutal fighting energy suddenly came from behind her. Yun Feng's eyes turned cold and her body tilted slightly. The fighting energy suddenly missed her and smashed into the ground!

"What's the meaning of this?" Yun Feng turned around slightly, and the pale middle-aged man laughed. "It's exactly what you're seeing. Let me see how powerful the legendary summoner Yun Feng is!"

The few children immediately stepped aside agilely. They didn't seem nervous at all, but were quite excited, as if they had already expected it. Yun Feng frowned as she looked at the man who provoked

her. She didn't want to fight here. After all, it wasn't necessary. If she had to respond to every person who provoked her, she would be just as childish as these people.

"Do you think our teacher will teach Yun Feng a lesson?"

"A little. Isn't our teacher very strong too?"

"Exactly. Don't think that Ovey is easy to bully!" The whispers of the children reached Yun Feng's ears. She sneered in her mind. This bunch of kids wanted to teach her a lesson? It seemed that Ovey and the Red Maple Mercenary Team were on bad terms. So what about Shengyao and Cashya? The two countries wouldn't be any better. If the development of the Red Maple Mercenary Team caused the three countries to unite and do something to the Fengyun Empire, it would truly be a loss. However, the Mercenary Union certainly wouldn't sit back and do nothing. After all, the mercenary groups were relatively independent. The royal family needed courage to make use of the mercenary groups.

However, the Red Maple Mercenary Team was in a delicate situation in the mercenary world. If they didn't make shocking moves, they would become everyone's target if they stood on the cusp of the storm. An idea suddenly flashed through Yun Feng's mind. Uncle Zhao and Uncle Wang couldn't possibly be the masterminds that manipulated Yun Feng to do this. The two of them didn't have such great ambitions, and Zhao Yan didn't need to be mentioned either. This young man's personality and mind were very simple. Only someone like Yan Ming could possibly make such a move. However, Yan Ming wouldn't abandon the Red Maple Mercenary Team and let them be attacked!

Yun Feng narrowed her black eyes slightly. Some inconspicuous things were quickly magnified in her brain infinitely. As she thought that someone might be doing this on purpose when the Red Maple Mercenary Team was in such a dangerous state, the anger in Yun Feng's heart rose slowly. Like the Yun family, the Red Maple Mercenary Team was important in Yun Feng's heart. If someone wanted to take advantage of the Red Maple Mercenary Team, she wouldn't let them go!

A fierce aura burst out of her body in an instant. Yun Feng, who was thinking about the problem of the Red Maple Mercenary Team, didn't suppress it. Such a fierce aura made the faces of those children who were prepared to watch a good show turn pale. Some of them obviously couldn't take it anymore and their breathing became rapid. The expression of the middle-aged man who was about to fight Yun Feng also changed abruptly.

After making up her mind, Yun Feng finally noticed that there was another person who wasn't afraid of death waiting there for her to attack. Yun Feng raised her black eyes. The man, who was already pale, seemed even worse. Seeing Yun Feng's gaze, he couldn't help but swallow.

Yun Feng's lips moved slightly, and the man's pupils shrank abruptly when he saw that. He actually rushed over with a shout. Yun Feng saw the undisguised panic and nervousness on the man's face and couldn't help but sneer. Her brutal fighting energy surged. Yun Feng's speed wouldn't give the man a chance to attack her at all. The few children watched on the side, dazzled and dumbfounded!

"Do any of you see where she is?" A child widened his eyes and looked hard. He wanted to catch Yun Feng's movement, but it was futile.

"I can't... see clearly. She's too fast!"

The middle-aged man who was attacking felt the same. Yun Feng's speed was too fast. In front of his eyes, there were flashing black shadows. He couldn't detect any trajectory at all, not to mention attacking her. It was difficult to determine where she was! The man stood there in panic. His self-righteousness just then was like a balloon that had been released. The fighting spirit that was burning in his heart just then was completely gone at this moment!

"Swish..." There was a slight sound in the air. Everybody couldn't help but hold their breath. Yun Feng seemed to have done teasing him. She finally showed up in front of the middle-aged man like a ghost!

"She's here!" The few kids who were hiding and watching the drama suddenly shouted. In the end, they all covered their mouths and hid again.

Yun Feng looked at the middle-aged man with her black eyes. He felt like his soul was about to be sucked away by those eyes. He quickly took a deep breath and said with a straight face, "I... You..."

Yun Feng just looked at him like she was looking down at a tiny creature from a high place. The pity in her eyes made the man ashamed, but he couldn't refute her. Yun Feng gently looked away. "I don't want to kill you." The man felt like he had been pardoned. He knew that his life had been spared, so he didn't dare to say anything and quickly left with his tail between his legs.

Even though the kids hiding on the side didn't see any fighting, and they didn't give Yun Feng a lesson like they thought, they could clearly feel how powerful Yun Feng was. The movement speed that they couldn't catch just then had already made these kids understand that this girl, who wasn't much older than them, was so... powerful!

"Kids." Yun Feng slowly walked over. The few kids hiding on the side couldn't help but take a few steps back. They all pressed their lips and their teeth were trembling inexplicably! Yun Feng glanced at the kids and raised her eyebrows. "Not everyone can be provoked."

The children nodded desperately. Yun Feng turned around and left without saying anything. The children couldn't help but heave a sigh of relief when they saw her leave. In the end, they looked at each other in bewilderment. "She's quite a nice person..."

"That's right. If it were anyone else, I think we would've been taught a lesson."

"The Red Maple Mercenary Team can't be as annoying as others say, right?"

Chapter 685 Those Who Are Unconvinced, Come Up and Fight (1)

"Perhaps..."

Yun Feng walked back to her room. The fire in her heart hadn't subsided yet. The development of the Red Maple Mercenary Team this year was too rapid. In just one year, they had already made a name for themselves in this East Continent. In just one year, they became the target of everyone.

"What are you thinking about?" Qu Lanyi's warm voice came. His slender fingers caressed Yun Feng's brows and gently separated them. "It seems that some people won't stop until they cause trouble. However, attacking the Red Maple Mercenary Team only proves how stupid they are!"

Qu Lanyi frowned slightly. He soon understood what Yun Feng meant. "You mean..."

Yun Feng chuckled coldly. "I'll find out whoever did this!"

Qu Lanyi's black eyes darkened. "Have you ever thought that the Red Maple Mercenary Team might just be part of the scheme?"

A bone-piercing coldness flashed through Yun Feng's eyes. "If that's true, I think I'll have to do a lot more on this trip."

Worry couldn't help but flash through Qu Lanyi's eyes. Yun Feng had always treated the Yun family like her own life. Nobody could do anything to her family! However, such a personality would also give Yun Feng more enemies. If all of this was just a smokescreen, then Yun Feng's appearance would make the four empires worst fear come true!

Yun Feng was such a genius and an invincible powerhouse, and the Yun family was so independent and special. Nobody would be completely at ease.

Killing intent flashed through Qu Lanyi's eyes. If Yun Feng protected the Yun family, he would protect her!

"Don't worry. I know what I'm doing. I won't put the Yun family or the Red Maple Mercenary Team in danger. If anything happens, let me carry it alone." Yun Feng chuckled. Qu Lanyi, on the other hand, felt pain in his heart. Without thinking, he pulled Yun Feng into his arms. "How many times do I have to tell you? You still have me."

The corners of Yun Feng's mouth curled up. Of course, she knew that she had him, but if she relied on someone else on every occasion, she wouldn't be Yun Feng anymore.

After resting for a day, Zhao Yan and Muqing were both full of energy. The next day, they set off for the Ovey Mercenary Union, which was located in Nayuan City. Everything went well with Muqing around. When the guards of the Ovey Mercenary Union learned of Yun Feng's identity, they became inexplicably nervous, as if they were worried that Yun Feng would cause trouble this time. Yun Feng, who entered the Ovey Mercenary Union, was obviously under the sharp gaze of many people that were all hostile.

These mercenaries weren't afraid of Yun Feng because of her strength and identity. Their eyes were full of hostility that they didn't want to hide at all. Zhao Yan received the emotions of these mercenaries and stood next to Yun Feng nervously. Yun Feng walked inside expressionlessly. The atmosphere inside the Mercenary Union suddenly became very gloomy.

"Muqing, you're here!" A loud voice came, penetrating the heavy atmosphere. Muqing greeted the newcomer with a smile on his face. "What an honor to be received by you, President Gitte."

It was hard for people to think that the man walking towards them was the president of the Mercenary Union. His refined face even had a few scholarly qualities, but the fierceness in his eyes couldn't be underestimated. The man chuckled and looked at Yun Feng with interest. "Are you Yun Feng?"

Yun Feng nodded. President Gitte nodded approvingly. "Indeed, seeing is believing. Not bad."

Yun Feng smiled. She knew that a lot of the rumors about her were a bit exaggerated. These people certainly didn't believe it in their minds. However, she was standing right here, so this president

certainly knew what Yun Feng was like. Even though the rumors were partly false, they were almost truthful. This junior indeed made these old guys feel pressured, and they more or less understood why the Red Maple Mercenary Team rose so quickly.

“President, there’s no need for you to welcome them in person. There are a lot of things that we haven’t discussed yet, and the date of...” The man next to President Gitte finally spoke. This man looked more like someone from the mercenary world. He had a rough face. Even though he was short, he still had a muscular body and an intimidating aura on the outside.

“Alright, let’s talk about it later. Now that distinguished guests are here, we must come out to greet them.” After President Gitte said that, the man stopped talking and only glanced at Yun Feng with strong hostility and contempt. Yun Feng didn’t care. Everything was as she expected.

“I just remembered that the Ovey Mercenary Union’s level assessment is about to begin, right?” Muqing said softly. President Gitte nodded with a smile. “You came at the right time. Since Yun Feng happens to be here too, let’s observe and give the Ovey Mercenary Group some advice. What do you think?”

Yun Feng nodded. She had never thought that she would be able to participate in the Ovey Mercenary Union’s level assessment. She had wanted to find an opportunity to explain the situation, but this opportunity came. The man next to her suddenly smiled after hearing this and didn’t object. “If you say so, President, let’s arrange it this way.”

After exchanging a few more pleasantries, Yun Feng, Muqing and the others were naturally asked to stay. In three days, the Ovey Mercenary Team’s level assessment would begin. Yun Feng and Muqing were treated as special guests. They were arranged to stay in the area where the president of the mercenaries lived. The Ovey Mercenary Union was a bit restless that night. The news of Yun Feng’s arrival came immediately. All the mercenaries were a bit anxious and they all hoped that Yun Feng would show up. When that time came, they would have to fight with her for any reason to vent the anger in their minds!

In the end, they were disappointed. Yun Feng stayed in her room and didn’t go anywhere. In the next three days, she was relaxed and eased. Since she didn’t go out, she certainly wouldn’t be able to provoke any trouble. The mercenaries of the Ovey Mercenary Union couldn’t help but gnash their teeth in anger. The rumor that Yun Feng was a coward spread immediately.

“Yun Feng! How dare they call you a coward!” Zhao Yan didn’t go out either, but the rumor came in with wings. Zhao Yan was enraged when he heard that and wanted to go out and argue, but Yun Feng stopped him.

“Ignore them.” Yun Feng only said four words, but Zhao Yan was still furious. Was Yun Feng a coward? Yun Feng was called a coward! Did they have eyes?

Seeing that Zhao Yan was still angry, Qu Lanyi couldn’t help but smile. “Why are you so angry? There will be a chance to prove whether or not she’s a coward. By then, we’ll know who’s the coward.”

Zhao Yan was stunned and didn’t quite understand. Yun Feng sat on the chair and drank some tea casually, asking Zhao Yan to sit down. “Someone will certainly be able to defame the Red Maple Mercenary Team if something happens. There will always be a chance. No need to rush.” The anger in Zhao Yan’s heart dropped slightly and he was very touched in his heart. No matter what happened, Yun

Feng would always think about the Red Maple Mercenary Team. It wasn't wrong for the mercenaries of the Red Maple Mercenary Team to worship Yun Feng!

Chapter 686 Those Who Are Unconvinced, Come Up and Fight (2)

"I'll definitely be participating in the level assessment. Even if I don't cause trouble, trouble will come to me." Yun Feng put on a smile. Qu Lanyi shook his head helplessly. Those people were truly asking for trouble. If they wanted to get themselves killed, Yun Feng certainly wouldn't say anything.

Soon, three days had passed. The mercenaries belittled Yun Feng's image in these three days. They said things like cowards, fear of death, and being pretentious. Yun Feng remained unmoved and didn't go out. This made the mercenaries think that Yun Feng was just like that from the bottom of their hearts! The mercenaries of the Ovey Mercenary Union were already dissatisfied with the Red Maple Mercenary Team stealing their business. Of course, they did everything they could to slander Yun Feng. As long as Yun Feng was destroyed, the Red Maple Mercenary Team would certainly fall too!

After three days, the rumors outside became more and more intense. Even though Zhao Yan knew that Yun Feng definitely had plans in her mind, he was quite enraged. If Yun Feng hadn't said that she didn't care, he would have already rushed to fight with them! Nobody dared to insult the Young Lady of the Red Maple Mercenary Team so recklessly!

On the day of the level assessment, the Ovey Mercenary Union was very lively. The mercenaries were all excited. They seemed to want to vent their anger on Yun Feng. It was heated outside. The mercenaries were full of energy early in the morning. Yun Feng looked out of the window lazily and looked at the excited mercenaries with a calm gaze.

"Let's go." Muqing pushed the door open and said. Yun Feng turned her head slightly. At that moment, Muqing suddenly felt a coldness in the bottom of his heart. The coldness that came without any warning immediately disappeared. "Yun Feng..." Muqing called out uncertainly. Yun Feng glanced over with glittering eyes and walked past Muqing without saying anything. Muqing was stunned for a long time before he finally came back to himself. In the end, he could only smile helplessly. It seemed that Yun Feng's good temper had come to an end.

There was a clamor of voices and cheers all over the sky. Yun Feng felt a surging heat wave the moment she walked into the ring of the competition. This reminded her of the scene many years ago. When the Karan Empire still existed, she led the Red Maple Mercenary Team in Ge Yuan's Mercenary Union to complete the level assessment!

In the same ring-shaped arena, the mercenaries, who were also excited, also shouted loudly. The level assessment was a major event for the Mercenary Union no matter which empire it was in. It meant that a new star was rising!

President Gitte had already been seated. He looked down at the noisy scene with a gentle smile. The man who spoke rudely last time was also sitting on the side. He seemed to be the Vice President. Seeing Yun Feng come up, President Gitte smiled and made a hand gesture. The man next to him got up with a gloomy face and brought Muqing, Yun Feng and the others up. Yun Feng wasn't unfamiliar with the same platform. This was just a different branch of the Mercenary Union. Almost all the facilities were similar. This was the highest stand. It would certainly attract attention if someone came up.

Muqing sat down with a faint smile. Qu Lan sat down with Yaoyao in her arms, followed by Zhao Yan. Meatball sat on Yun Feng's shoulder and looked down at the noisy scene with its big eyes, as if it was very curious. Yun Feng was about to sit down, but didn't expect President Gitte to wave his hand at this moment. The whole place suddenly became quiet.

Yun Feng could only stand next to President Gitte and feel the gazes from all directions. President Gitte smiled and opened his mouth to speak. His gentle face and voice were extremely loud, spreading to every corner of the venue!

"Today is a big day for the Ovey Mercenary Team. It's the level assessment that everyone is looking forward to! I know you're already eager to try, but before that, we have to welcome a distinguished guest. You must've heard her name, Yun Feng!"

There was a smile on President Gitte's face. After he said that, everyone was silent. There was some awkward silence. However, President Gitte didn't care. "Yun Feng, come and talk to these mercenaries." President Gitte immediately pushed Yun Feng in front of him. Yun Feng chuckled and didn't seem embarrassed at all, which made Gitte's eyes glitter.

Yun Feng walked up to the platform and the eyes around her all swept over and landed on her. The corners of Yun Feng's mouth curled up slightly. Before she opened her mouth, someone couldn't help but ask, "Are you Yun Feng, whom the Red Maple Mercenary Team always talks about?" A voice shouted loudly. Yun Feng's brows moved slightly and she didn't say anything.

"Those people from the Red Maple Mercenary Team bragged about you like you were a goddess. I think you're just so-so!"

"Exactly! You didn't have the courage to come out of the Mercenary Union in the past few days. What goddess? I think you're useless!"

When Zhao Yan heard that, he immediately moved and wanted to rush over. Qu Lanyi quickly held Zhao Yan down and looked at him, hinting him not to move. This was the Ovey Mercenary Union. Zhao Yan gritted his teeth and sat there with his muscles tensed, trying to suppress the anger in his heart.

Yun Feng didn't say anything to refute. She just stood there and listened to all the criticism.

"People of the Red Maple Mercenary Team still have the face to come here! Why didn't you show your face when you stole our business?"

"They're all thick-skinned. Don't you see Yun Feng? She's not even saying anything after all this! Hey! Are you scared?"

The audience burst into laughter, which was filled with endless malice. Yun Feng stood there indifferently without a hint of embarrassment on her face, and President Gitte didn't intend to help her. He simply stood aside quietly and let the mercenaries say whatever they wanted. Zhao Yan was already so angry that his face was flushed. Qu Lanyi sat aside quietly with her eyes fixed on Yun Feng. Muqing sat aside with a vague smile, as if he was watching a drama. The Vice President, on the other hand, smiled gloomily. He was obviously quite happy to see Yun Feng being insulted.

"She's just a coward! Her parents probably didn't teach her well. Hey! Is your father a coward too?"

Yun Feng raised her eyebrows and looked over with her black eyes. After a burst of laughter, the person continued, "People say that the Yun family is an unattainable family. I don't think so! They've been hiding for three days. Their entire family must be cowards! I think..." The person who was talking arrogantly was still chattering one second. But the next second, he had already disappeared. His body seemed to be minced by some invisible force. The people around him didn't react at all. Their faces and bodies were already covered in warm blood!

Chapter 687 Those Who Are Unconvinced, Come Up and Fight (3)

Gitte's eyes suddenly darkened, but he didn't say anything. Yun Feng slowly released her hand and looked around. Her cold voice was full of suppressed anger. "You can talk about me, but if you defame my family, die!"

Everybody was shocked!

There was a moment of silence as everyone's hearts were held tightly by a pair of hands at this moment. Then, they suddenly let go! Hot blood rushed to everyone's head just like that!

"F*ck the Red Maple Mercenary Team, you dare to kill one of us!"

"Yun Feng! This is Ovey, not the Fengyun Empire!"

"So what if you're Yun Feng? Do you think we're afraid of the Red Maple Mercenary Team?"

"Fight me if you have the guts. Come on!"

The mercenaries' emotions were immediately stirred to the highest point. It didn't matter that a person died in the eyes of these mercenaries who were used to seeing blood. However, they couldn't accept the death in such an occasion, in front of everyone, and in Yun Feng's hands!

Their eyes were a bit red because of the anger, and they immediately roared furiously! As long as President Gitte gave the order, these mercenaries would probably swarm forward! Yun Feng looked at the thousands of mercenaries below with a cold face. Her expression didn't change, and the coldness in her eyes didn't change! If she went back in time, she would attack and kill that guy all the same! Her family would always be Yun Feng's reverse scale. She couldn't let anyone touch or humiliate them!

Muqing didn't expect things to take a turn. Yun Feng attacked without any warning and so quickly! She was undoubtedly declaring war on the Ovey Mercenary Union in such an occasion and time! Muqing's face darkened slightly, but he didn't say anything. He was just a bystander in this matter from the beginning. He didn't really care how Yun Feng did.

The Vice President on the side was about to rush over when Yun Feng killed the man, but he was trapped by an invisible force! Qu Lanyi glanced back indifferently, and the Vice President shivered. President Gitte certainly noticed Qu Lanyi's movement and knew that this man wasn't easy to deal with! When Qu Lanyi stopped the Vice President, Zhao Yan dashed forward and stood in front of Yun Feng. He roared at the mercenaries below with a red face, "F*ck! If you want to fight, come to me, Zhao Yan! The business of the Red Maple Mercenary Team has nothing to do with my Lady! I'm the son of the Commander of the Red Maple Mercenary Team. If you're angry, go to the right person!"

The mercenaries were stirred again. Zhao Yan's appearance made Yun Feng even colder. "Go back!" Yun Feng ordered, but Zhao Yan didn't give in at all. He just stood next to Yun Feng. Yun Feng gritted her teeth. "Let me say it again. Go back!"

"I'm not going back!" Zhao Yan also gritted his teeth and said with an extremely stubborn expression. Yun Feng waved her hand and abruptly threw Zhao Yan's body behind her back. Zhao Yan fell on the chair in a mess. Yun Feng waved her hand and Zhao Yan was tied to the chair. He could only sit there no matter how hard he struggled.

"Yun Feng!" Zhao Yan shouted anxiously, but Yun Feng didn't look at him anymore. She turned around and looked at the passionate mercenaries. Yun Feng remained silent. Seeing the scene, President Gitte couldn't control himself and said in a deep voice, "Yun Feng, are you provoking us? That person was indeed a bit excessive, but you were too ruthless." Gitte's words spread to the audience. All the mercenaries were shouting crazily, "President! Teach her a lesson!"

"Let her know that the Ovey Mercenary Union isn't easy to mess with!"

"Get the Red Maple Mercenary Team out of Ovey!"

Shouts echoed throughout the venue. Qu Lanyi curled his lips in disdain. Zhao Yan, who was anxious on the chair, could only sit like this. Yun Feng suddenly smiled. "If you humiliate the Yun family, die! That's my principle." Her indifferent voice spread to everyone's ears. The domineeringness and arrogance in her voice made the mercenaries a bit startled. If the Yun family truly had terrible moral conduct, Yun Feng wouldn't say anything if someone insulted them. However, the members of the Yun family were all upright and righteous. Yun Feng certainly wouldn't let anyone insult them!

"You have your own principles, and so do we here," Gitte said with a sullen face. Yun Feng laughed and looked down with her black eyes burning. "If that's the case, I won't say anything." She jumped and landed on the ring in the middle of the arena. Her slim body stood there, but it gave people an oppressive vibe!

"I, Yun Feng, am here. Those who don't like me, those who are dissatisfied, those who want to provoke, those who want to fight, all can come up!" What Yun Feng said made everyone completely quiet. Who dared to say this in the Mercenary Union? Who dared to issue a challenge to thousands of mercenaries? Who dared to go up the ring alone like this? This wasn't any other place. This was the world of mercenaries!

"Swish, swish, swish, swish!" As soon as Yun Feng said that, a few people had already stepped on the ring. They all glared at Yun Feng. Seeing that, Gitte also understood what Yun Feng meant. He immediately waved his hand. "If you want to fight, we'll do as you wish!"

The level assessment hadn't started yet, but another battle that made people's blood boil had already begun!

Yun Feng was standing alone on the ring, and there were five to six strong men opposite her. There was an inexplicable killing intent on their faces. The way Yun Feng killed the man here just then undoubtedly gave them a resounding slap!

“You’ve been hiding for three days. That’s quite surprising.” One of them said with disdain and then sneered. “Are you trying to suffer because of your pride?”

Yun Feng smiled. She knew the consequences of attacking. She knew that this action would arouse everyone’s anger and she certainly knew what she had to face! If she wanted to resolve the conflict between the Red Maple Mercenary Team and the mercenary groups of the empires, she must be stronger than them! When conflicts were involved, the two sides of the conversation were never equal. Whoever suppressed the other party would be the winner. And Yun Feng had to be the winner! The first thing she had to do was to awe these mercenaries!

“Cut the crap with her! We’ll have an assessment after we deal with her!” said the other person patiently. The few of them immediately lit up their weapons and unleashed their fighting energy. With a roar, they all lunged at Yun Feng and raised the weapons in their hands, smashing them with all their strength!

Their attacks blocked Yun Feng’s every angle. She couldn’t escape even if she were a bird!

Chapter 688 Be Our Young Lady (1)

Yun Feng wasn’t a bird, but even if she were a bird, she didn’t need to fly at all! Five or six people swarmed up and completely pressed Yun Feng down. Zhao Yan was restrained on the chair and could only shout in panic, “Yun Feng!” However, Qu Lanyi only smiled and didn’t say anything. There wasn’t any panic on his face at all. He knew her very well. Those people wanted to hurt Yun Feng? Dream on!

“Argh!” A few miserable screams were heard. The few people who had just pressed Yun Feng down fiercely were bounced off by an invisible force. Their bodies were flung out mercilessly like kites with broken strings!

“Bang!” “Bang!” “Bang!”

A few sounds were heard consecutively. The people who were thrown out were lying below the ring in a mess. They moved slightly but didn’t get up again. It was obvious that they were still breathing, but the force just then was indeed not light and their injuries were also very serious.

Yun Feng stood there without moving. Her black eyes looked at the silent mercenaries around her with a smile. “Why? Is this all you’ve got?”

The mercenaries were enraged. A few more people ran onto the ring! Yun Feng smiled. “Come on.” The few of them immediately unleashed their fighting energy and swarmed forward! The scene became a bit funny. Yun Feng was the target of the challenge. People kept going up the ring, and people were thrown off. People kept going up the ring again! The energetic shouts of the mercenaries rose and fell!

“Beat her! Beat her!”

This shout resounded in the sky and everyone’s emotions were stirred up. The reason for the appearance of the scene had already been thrown to the back of their minds. Even the conflict between the Red Maple Mercenary Team and Ovey had been forgotten. There was only the existence of this young girl in everyone’s eyes. There was a scorching thought in everyone’s mind: defeat her!

Yun Feng also paid attention when she attacked. She gave these mercenaries a heavy counterattack without harming their lives. The mercenaries came wave after wave. Yun Feng was the target of their challenge. Whoever could defeat Yun Feng would be a hero!

Gradually, this competition completely changed. They put aside their grudges and conflicts and only fought for their honor, just to defeat this girl!

President Gitte was dumbfounded as he watched the heated arena. The harsh and tense atmosphere was gone for some reason. It was actually a bit harmonious! The mercenaries' cheers also changed. President Gitte stared at the girl in the center of the arena. Was she born like this... born with the power of leadership?

Muqing couldn't stop chuckling. Yun Feng, Yun Feng, what else is hidden in your body? Will you be able to take over the entire Ovey Mercenary Union in the end? Muqing's worries weren't unreasonable. If no one could defeat Yun Feng, these courageous mercenaries would look at her in a different light! Power was everything in this world!

Seeing that the situation was completely out of control, the Vice President gritted his teeth and tried his best to break out of the shackles, but Qu Lanyi only glanced at him coldly. "Stop struggling. It's useless." The Vice President was shocked and looked at President Gitte subconsciously. Qu Lanyi chuckled and happened to meet President Gitte's eyes.

"Are you planning to join too, President?" Qu Lanyi moved his finger gently, as if he was drawing something unintentionally. However, President Gitte instantly felt that the space around him was suppressed! He immediately looked awful!

"You..." President Gitte didn't know what to say. As the president of the Ovey Mercenary Union, he was instantly shackled and couldn't move?

Qu Lanyi smiled. "If you want to fight, you can. But don't be hasty. You'll have a chance to fight." Qu Lanyi glanced at Muqing, who quickly waved his hand. "Don't worry. I'm not involved. I'm just here to watch."

"That'd better be the case." After saying that, Qu Lanyi looked back with a beautiful smile at the corners of his mouth. His eyes were fixed on the girl in the center of the arena. Zhao Yan sat there quietly. He didn't struggle anymore and didn't want to rush out impulsively. He just looked at Qu Lanyi's back and suddenly felt bitter in his heart.

The gap between him and this man was too huge. Yun Feng raised her hand and tied him up here. Not only was he unable to help her, but he almost became a burden! As for Qu Lanyi, although he didn't say anything, he subdued the president and the Vice President of the Ovey Mercenary Union in an instant! Zhao Yan asked himself honestly, did he have the ability? If Qu Lanyi weren't here and he were the only one, how would he protect Yun Feng? Thinking of his calm smile when Yun Feng was besieged, Zhao Yan couldn't help but smile bitterly. He lost so completely.

Yaoyao had been staying quietly in Qu Lanyi's arms. She looked at Yun Feng with her big eyes without any worry. Meatball had been thrown to Qu Lanyi after Yun Feng jumped down. Meatball bared its teeth to express its dissatisfaction. Qu Lanyi said unhappily, "Do you think I like touching you?"

Meatball was about to take a bite, but gave up the idea after thinking about it. It jumped on Yaoyao's shoulder directly. Yaoyao didn't seem to care about it. Compared to humans, Meatball preferred to be together with Magic Beasts.

While the audience was bustling, none of the mercenaries knew that their president and the Vice President had already become hostages. They couldn't resist at all! President Gitte stood there with a gloomy expression. Yun Feng's appearance shocked him too much. Although he knew that she was the summoner, he only realized how powerful she was when he saw her!

The battle on the ring continued. Even though people were constantly knocked down, the mercenaries' enthusiasm continued to boil!

"Argh!" They kept charging forward and attacking without stopping. No matter how many people there were, no matter who they were, the girl in the center of the ring was still standing there with a faint smile on her face. She didn't even move her feet!

This made Ovey's hot-blooded mercenaries very frustrated. There were already dozens of people lying below the ring, but they didn't even move her at all! They could only say that the person who came up to challenge her was too weak. None of them was even at the Commander Level, so how could Yun Feng move even half a step?

After the few group leaders of the Ovey Mercenary Team were also thrown away, someone finally couldn't sit still anymore. The four leaders of the five-star groups of the Ovey Mercenary Union were sitting in their respective areas. Over the years, the overall strength of the Mercenary Union had been increasing. Now, the strength of the five-star group leaders had all advanced to the Commander Level!

Chapter 689 Be Our Young Lady (2)

The four Commanders of the five-star groups originally didn't intend to participate, but if they didn't show up right now, the Ovey Mercenary Union would be completely despised by people!

After Yun Feng threw the few of them away, she looked at the mercenaries around, who were obviously a bit dumbfounded, with her clear eyes and said loudly, "Is that all?"

The mercenaries wanted to curse, but they couldn't say a word. The powerhouses they thought were all lying on the ground, while Yun Feng stood there without moving!

"Let me try you!" A powerful voice sounded. Then, a tall man jumped onto the ring. Yun Feng raised her brows slightly. Commander Level? "Let me try you too!" Another voice and another person came. The other two leaders of the five-star groups sitting in the crowd looked at each other from a distance, and they immediately jumped onto the ring too!

The mercenaries were dumbfounded. Weren't they the leaders of the five-star groups? Four of them came up at once!

Yun Feng sized them up one by one. The four people in front of her were all at the mid-stage of the Commander Level. Together, they were equivalent to two experts at the peak of the Commander Level. These four people were also secretly examining Yun Feng. After checking their strength, the four of them all darkened their expressions. This Yun Feng was stronger than them! And the distance between them should be quite a lot!

“You can come together.” What Yun Feng said made the four men, who had always been in high positions, a bit embarrassed. Even though they knew that they weren’t as strong as the other party, they still couldn’t stand being underestimated like this! The four of them didn’t say anything else. Their Commander Level fighting energy immediately burst out, creating a kind of astonishing momentum!

“Four leaders of the five-star groups are attacking together. I don’t believe she’ll still be standing there!”
“Exactly! The leaders of the five-star groups are all at the Commander Level. No matter how powerful she is, she must move!”

They didn’t know when it started, but the goal of defeating Yun Feng was gradually lowered to making Yun Feng move. As long as they could make Yun Feng move, these mercenaries would also feel proud! The four Commanders rushed forward and attacked Yun Feng from four directions respectively. And Yun Feng indeed moved one step as everyone expected! “Did you see that? She moved!”

“She’s moving!”

All the mercenaries shouted excitedly. If anyone else heard that, they would really be embarrassed. Wasn’t she just moving? Why was it so surprising? Why was everyone so proud?

The mercenaries were so excited that their blood rushed to their heads again. Another round of cheers sounded! And those mercenaries, who were lying on the ground and finally got up after much difficulty, also sat on the ground and watched from such a close distance.

Yun Feng, who was on the ring, moved. Even though she moved, it was only one step. She took half a step back. “Earth Shield!” With a low shout, the protection formed by the earth elements blocked Yun Feng’s surroundings firmly. The attack that the four leaders used all their strength to unleash hit the Earth Shield, and only a few pieces of the Earth Shield rolled down. The sweat on the foreheads of the four leaders all dropped. They knew what this attack represented.

“Water Chains!” Yun Feng suddenly raised her arm, and the Earth Shield instantly disappeared. Ice cold and shiny water elements appeared in Yun Feng’s hand. In the next second, the cold iron chains had already hit the bodies of the four leaders. A terrifying force came from the Water Chains and directly shook the four of them!

“Back off!” Someone shouted loudly and the four of them stepped back in unison. Battle energy immediately covered their bodies and the coldness was running around inside their bodies. Their faces turned extremely pale!

Seeing the four leaders of the five-star groups retreat in such a sorry state, the mercenaries undoubtedly pulled a long face. They completely understood that they lost when they gave in just then. The four leaders of the five-star groups against Yun Feng alone, they lost!

The four leaders of the five-star groups stood in different directions of the ring with unpleasant expressions. The four of them felt the same. Although the coldness inside their bodies wasn’t fatal, it was enough to make their limbs stiff. The four of them could only stand there stiffly and couldn’t do anything!

Yun Feng shook her hand, and the water element in her hand immediately exploded. The faint blue elements quietly retreated in the air. The scene was completely silent. No mercenary dared to provoke her anymore. The only feeling in the minds of the mercenaries was shock!

Yun Feng suddenly raised her head and looked at President Gitte, who was frozen on the platform. She cupped her hands slightly. "President Gitte, please forgive my rudeness. I didn't come here to provoke you and cause trouble. I just want to explain something so that the Red Maple Mercenary Team won't be wronged!"

Qu Lanyi twisted his finger gently, and Gitte heaved a sigh of relief. Knowing that the space blockade had disappeared, he looked down calmly. "Your strength and character are obvious. Speak."

All the mercenaries present held their breath and listened. President Gitte was right. Yun Feng had fought so many people, but none of them were injured. They were just in physical pain. Yun Feng didn't hurt them significantly. The mercenaries who fought with Yun Feng were grateful to her, but they didn't dare to say anything because they were intimidated by Yun Feng's strength.

Yun Feng turned around and glanced at the audience with her black eyes. She cupped her hands at everyone. "Everybody, the Red Maple Mercenary Team doesn't mean to rob you of your business. The Red Maple Mercenary Team has always been active in the Fengyun Empire and has never crossed the line! However, if someone comes to ask for your help, I believe none of you will reject the request, right?"

The mercenaries all fell silent. Compared to their initial dissatisfaction and anger, everyone was much calmer now.

"You're right to say that, but the Red Maple Mercenary Team did steal our business. That's the truth!" A mercenary shouted, but his tone was obviously much gentler and didn't have a questioning tone. Yun Feng smiled slightly. This was the effect she wanted to achieve. Everyone was calm!

"The Red Maple Mercenary Team has never had the intention to rob anyone. All the missions that the Red Maple Mercenary Team went out on were personally entrusted to them by the client. Is this considered stealing business?" What Yun Feng said made the mercenaries speechless again. That's right. The client came to them voluntarily and it had nothing to do with the Red Maple Mercenary Team. The Red Maple Mercenary Team indeed didn't take the initiative to steal business.

"I can testify!" Zhao Yan shouted. Yun Feng waved her hand gently, and Zhao Yan only felt relaxed. He immediately jumped from the platform to Yun Feng's side. "The Red Maple Mercenary Team has never thought of stealing missions from other mercenary groups. All the mercenary groups in the Mercenary Union of the Fengyun Empire can prove that! We have rejected all missions in the outer regions as much as we can, but we can only accept those that we can't!"

Chapter 690 Be Our Young Lady (3)

The mercenaries became silent. It seemed that they did have some misunderstanding about the Red Maple Mercenary Team. Perhaps they had some preconceptions before they figured out what was going on.

Although the various branches of the mercenary groups in each empire had their own territory, it was only a matter of time before they communicated with each other. The expansion of the Red Maple Mercenary Team reminded Yun Feng of this point. The world was the same.

“President Gitte!” Yun Feng cupped her hands at Gitte, who was on the platform. “Although every empire’s branch has its own area, they belong to the Mercenary Union at the end of the day. All mercenaries are family, no matter which empire they are in.”

The mercenaries couldn’t help but feel warm in their hearts after hearing this. Yun Feng continued to speak loudly, “The strength of the mercenary groups will continue to expand and expand. Why don’t we expand our territory infinitely instead of being stuck here?”

Gitte frowned slightly and thought carefully about what Yun Feng said. Yun Feng’s voice came again. “You should know the purpose of the Mercenary Union better than anyone else, President Gitte! Once something happens on the East Continent, can the power of a Mercenary Union’s branch alone stop it?”

Gitte became anxious and he stared at Yun Feng. Why did this little girl... see everything so clearly?

Yun Feng smiled lightly. “I’ll tell Mr. Zheng Ran when I get back. If you’re willing, we can share all the missions of the Red Maple Mercenary Team with the Ovey Mercenary Team!”

Zhao Yan was stunned. Although he was surprised in his mind, he didn’t question her at all. The Red Maple Mercenary Team had already become famous on the East Continent. Naturally, the level of the mission they received couldn’t be compared to other mercenary groups! Sharing a mission was equivalent to giving his benefits to someone else unconditionally. This didn’t benefit the Red Maple Mercenary Team no matter how he looked at it. However, Zhao Yan was extremely determined in his heart towards Yun Feng. He believed in her. He would believe in her no matter what!

“Are you serious?” President Gitte narrowed his eyes and looked at Yun Feng. He still couldn’t believe that someone would offer such a huge amount of benefits unconditionally! Yun Feng looked at President Gitte and knew that he didn’t believe her in the end. She said loudly, “I am serious! If Mr. Zheng Ran agrees, I hope President Gitte can be sincere too!”

President Gitte pondered for a moment. The mercenaries around were completely silent. Some of them understood what he said, but some didn’t. President Gitte was silent for a while and then said, “Sure! If the Red Maple Mercenary Team is so sincere, we’ll certainly repay them with the same sincerity!”

“President!” The Vice President, who had been restrained, couldn’t help but growl. The same amount of sincerity and the same amount of repayment! That meant... President Gitte glanced over slightly and conveyed his meaning with a gaze that both of them understood. The Vice President’s body trembled abruptly and he didn’t say anything else.

“Very good! Mercenaries of the Ovey Mercenary Union! The Red Maple Mercenary Team doesn’t have any hostility towards you. If the Red Maple Mercenary Team really has a situation of snatching missions from other mercenary groups in the future, I, Yun Feng, will be the first to not let the Red Maple Mercenary Team off. I’ll definitely give the others an explanation!” Yun Feng’s words spread to everyone’s ears. The mercenaries all looked at each other and didn’t say anything. The four leaders of the five-star groups, who had been standing there without moving, all looked at each other.

“Yun Feng, what you said is enlightening. I understand.” After the four leaders of the five-star groups said that, the other mercenaries finally dared to shout out the voice in their minds.

“Yun Feng! I believe you!”

“That’s right. If anything happens in the future, don’t disappoint us!”

The initial hostility of the mercenaries was all gone. They couldn’t help but look at Yun Feng with respect in their eyes. Some of them even cursed indignantly. “How lucky is the Red Maple Mercenary Team to have such a Young Lady? How infuriating!” “Exactly. If Yun Feng were from the Ovey Mercenary Union...”

Na

The mercenaries’ hostility towards the Red Maple Mercenary Team didn’t disappear, but it was in a different way. If Yun Feng knew about this, she really wouldn’t know whether to laugh or cry. The matter was completely resolved under Yun Feng’s influence. Zhao Yan also received the news that the Red Maple Mercenary Team’s trouble everywhere in the Ovey area was gone. Now, such a situation didn’t exist anymore. However, the mercenaries of the Red Maple Mercenary Team often received some strange gazes mixed with jealousy, envy and resentment, which made them puzzled no matter how they thought about it.

After dealing with the trouble between the Red Maple Mercenary Team and the Ovey Mercenary Union perfectly, Yun Feng finally put down the heavy burden in her mind. Of course, she had to go to Shengyao and Cashya too, but it wasn’t difficult for the Mercenary Union branches of these two countries to agree with Ovey as a precedent. After the matter was done, Yun Feng immediately said goodbye and walked out of the Mercenary Union under the reluctant gazes of many mercenaries. Some mercenaries couldn’t help but say, “Yun Feng! Why are you the Young Lady of the Red Maple Mercenary Team? Be our Young Lady!”

Everyone immediately responded to his suggestion. Yun Feng pulled the corners of her mouth in embarrassment. Zhao Yan was so angry that his face turned red. Why did everyone want to steal Yun Feng? Yun Feng was the Young Lady of the Red Maple Mercenary Team! Zhao Yan shouted, “Don’t even think about it! Yun Feng can only be the Young Lady of the Red Maple Mercenary Team!” Zhao Yan’s roar was immediately drowned. These mercenaries didn’t care which mercenary group she was from. Yun Feng chuckled and walked out without saying anything

At the highest point of the Ovey Mercenary Union, two people stood on it and looked at Yun Feng’s back as she walked away slowly. “President, you agreed just like that. Aren’t you afraid that the higher-ups will blame you? Also, you made a deal with her. You won’t...”

President Gitte chuckled and stopped the nagging of the person next to him. He only said in a low voice, “We’ll get more if we work with her.” The person next to him still looked worried. President Gitte laughed. “See? Time will prove everything. That kid sees further than any of us...”

Yun Feng and the others walked out of the Mercenary Union. Zhao Yan was full of gratitude in his mind. If it weren’t for the relationship between Yun Feng, the relation between the Red Maple Mercenary Team and the other three empires would’ve been treading on thin ice. They might’ve even started

fighting in the end! In that case, the Red Maple Mercenary Team would bring trouble to the entire Mercenary Union, a trouble that couldn't be resolved!

Muqing followed him casually. Looking at Qu Lanyi's back, he frowned and pondered. Then, he walked to Qu Lanyi gently. "I didn't know that you hid yourself so well, Brother Qu."

Qu Lanyi looked at him lazily and didn't say anything. Muqing knew that the guy didn't want to talk to him, so he didn't say anything else. Yun Feng said to Muqing as she walked, "I've overstayed my welcome in Ovey. I'm leaving right now." Muqing nodded. "Are you going to Shengyao and Cashya?"
