

Summoner 701

Chapter 701: Attack (3)

"It is very mysterious." Yun Feng nodded. There were a lot of mysteries about Yaoyao. Even the notes left by her master didn't describe the merfolk in detail. There were only a few words. She didn't know what other changes there would be in the future.

"She's only close to your water element. It should have something to do with you hatching her back then." Qu Lanyi thought of the scene where Yaoyao rejected the other water elements and came to this conclusion. It was as if he was certain that Yaoyao only recognized Yun Feng, not the others.

After a while, Yaoyao opened her eyes and gave Yun Feng a sweet smile. She put her hand around Yun Feng's neck and leaned forward. Yun Feng smiled and handed Yaoyao to Qu Lanyi. She petted Yaoyao's little head. "Be a good girl. I have something to do."

Yaoyao nodded obediently. Meatball glanced at Yun Feng with its big eyes and called out softly. Yun Feng certainly didn't understand. She flicked Meatball with her finger and turned around to walk in. There were still a lot of people waiting for her in the front hall.

Walking into the front hall, she saw her sullen father sitting in the main seat with four people sitting on both sides. Seeing Yun Feng come out, Yun Jing nodded. These four people immediately stood up. "Master Yun Feng!"

Yun Feng didn't argue. She sat next to her sullen father and asked the four of them to sit down. "Are the four of you here to congratulate us?" Yun Feng asked. The four of them nodded. "The Shang family and the De family sent us here to ask if there's anything we can help with. If you ask, we'll do it!"

Yun Jing's temples throbbed a few times. These four people must've been traveling day and night, considering the dust on their clothes. They spoke quite nicely. After all, they came for his daughter.

"Thank you for your kindness, my lords. The Yun family and the Mu family will remember it in their minds," said Yun Jing in a deep voice. The four of them quickly said that there was no need. A few pairs of eyes stared at Yun Feng just like that. Yun Jing hated making small talk the most and he couldn't deal with it. Yun Feng saw her sullen father's impatience and said with a smile, "Father, go ahead. I'm here for you."

Yun Jing nodded and got up to leave. Yun Feng said, "I need your help with some questions."

"Master Yun Feng, just tell us! We'll tell you everything we know!"

Yun Feng crossed her fingers in front of her body and raised her brows slightly. "I've just returned from training outside and I inexplicably met someone from the Helian family. This family sounds very unfamiliar. Do you know what's going on with the Helian family?"

"The Helian family came to find the Yun family?" The four of them were all surprised. Then, they all said angrily, "What a shameless Helian! You want to climb up to the Yun family? Ridiculous!"

Yun Feng couldn't help but find it funny when she saw how indignant the four of them were. It seemed that the newly risen Helian family was really not likable.

“Master Yun Feng, don’t ever get involved with the Helian family, or you’ll get into trouble that you can’t get rid of!” Yun Feng raised her brows when she heard this. The four of them told her about the newly risen Helian family one by one. In the year Yun Feng left the East Continent, the Fengyun Empire was the most special among the four empires. After all, there was no royal family. There were bound to be countless gaps between the two families that could be taken advantage of. If a family supported the empire, it meant that the family could be replaced. Naturally, many families wanted to make a move. “”The life of the Shang family and the De family wasn’t as comfortable as that of the royal family.

If the Yun family was willing to take on the burden of the Fengyun Empire, the two families would certainly be fine. However, the Yun family was detached from the outside world. It didn’t matter who rose to the top. The Helian family was the family that rose abruptly in this year. No one knew what methods they used, but this small local family kept climbing up quickly. It was a bit funny. The Helian family didn’t have any other tricks. They relied on their children’s marriage to expand their strength. Speaking of which, the Helian family had a thriving population, which helped them. After this jump, the families they were connected to were slowly controlled by the Helian family. It had to be said that the Helian family had some tricks up their sleeve.

It kept devouring and expanding. The Helian family relied on devouring other families to strengthen itself. When it appeared in front of everyone, the Helian family certainly had their eyes on the Shang family and the De family. However, the leaders of the two families were both smart people. How would they be defeated by the Helian family so easily? The relationship between the Helian family and the two families couldn’t help but become tense even though they didn’t succeed. However, it wasn’t good for the Shang family and the De family to do anything. After all, the Helian family had already risen. If they did anything, they would definitely be implicated.

Speaking up to this point, Yun Feng vaguely understood. The Helian family was obviously still not satisfied. If they wanted to monopolize the Fengyun Empire and couldn’t establish a relationship with the Shang family and the De family, they would certainly target the Yun family. Even though the detached Yun family didn’t have any substantial power, what they said had extraordinary power in the Fengyun Empire. The Helian family was already eager to try. Once the Yun family and the Helian family really had a relationship, the Helian family would definitely gnaw the Yun family apart with the power of swallowing a whale!

The power of parasites! The corners of Yun Feng’s mouth slowly curled up. The Helian family’s ability was like a parasite, residing inside the body silently, but eating it clean from the inside out over time, occupying the host’s skin in the end!

The narration of these four people was definitely a bit exaggerated, but the rise of the Helian family was so fast that it had a lot to do with this method. Apart from marriage, what other way would the Helian family jump to the top? Besides, the main purpose of the Helian family coming to the Yun family was also this: marriage!

Whether the Helian family rose or not had nothing to do with the Yun family at all. The Yun family didn’t intend to have any contact with these sensitive large families. The Yun family had to stay out of it and be

detached. The Yun family wanted peace, or the Fengyun Empire would have already been under the Yun family's control!

"The Helian family is indeed capable, but the Yun family has already declined the marriage proposal. You can settle your feud on your own." Yun Feng glanced at them coldly. The four of them remained silent. "If the two families have the ability to suppress the Helian family, they're free to do that. If they don't, they can only let the Helian family rise. The Yun family doesn't want to participate in your battle, so don't be in a hurry to slander the other party."

"Hahaha, Master Yun Feng, you're right. We all know the Yun family's stance very clearly!" The four of them smiled slightly awkwardly. They indeed had some thoughts in their minds when they exaggerated things just then. Yun Feng exposed them, so they certainly didn't have the courage to instigate trouble again.

Chapter 702: Attack (4)

The existence of the Yun family was like a huge rock in everyone's hands. If there was a chance that the Yun family could disappear, no one wouldn't want to do it. The neutrality of the Yun family was great, but it was hard to say how long it would last. Even though the Mu family didn't show their strength and stayed in Mu City peacefully, which made the two families relieved, the sudden approach of the Helian family made the two families anxious again. The Mu family was docile, but it didn't mean that the Helian family was the same.

The four scouts were all asked to stay. They claimed that they were here to help, but in fact, they were here to see if the Helian family and the Yun family had any contact. There were ten days until Mu Xiaojin gave birth. Ever since Lady Helian left, nobody from the Helian family came to visit. Yun Feng thought that they wouldn't give up just like that. Even if they declined, there was nothing they could do even if they didn't want to give up. As long as the Helian family wasn't stupid enough to do anything, Yun Feng would just ignore them.

Soon, the day of Mu Xiaojin's childbirth came. On this morning, the baby in Mu Xiaojin's belly had already moved. The midwife and all the relevant personnel were ready and started working early in the morning. There was a tense atmosphere all over the Mu family. This was a joyous occasion!

Yun Sheng had been anxious since the morning. He walked back and forth outside the room and kept looking inside. He only felt that every second was like a year. He couldn't wait for that kid to jump out! Yun Jing was sitting outside. His face was still very serious, but it was obvious that this grandpa-to-be was also a bit nervous. Yun Luochen waited curiously, while Qu Lanyi sat aside with a smile. Yaoyao was in Yun Feng's arms and Meatball was sitting on Yun Feng's shoulder. Both of them looked at the people who kept going in and out curiously.

"Brother, stop walking." Yun Feng shouted helplessly. Yun Sheng didn't seem to hear her. He walked a few rounds again. "Huh? Feng, what did you say?"

Yun Feng could only shake her head. Forget it. Her brother seemed extremely nervous. This might be able to ease his anxiety. This space had already been sealed by Yun Feng. Nobody could break in suddenly. Yun Feng had to make sure that Mu Xiaojin's birth was absolutely safe!

Mu Xiaojin's painful cry came from inside the house and she also heard the midwife's shout. "Madam, push!"

Yun Feng couldn't help but become nervous at this moment. Some sweat appeared in her hands. Yun Sheng was like an ant on a hot pan. He wanted to go in, but couldn't. He could only spin around outside. At the same time, a figure suddenly appeared in the sky above Mu City. In the blink of an eye, he was already standing in the sky above Mu City. His golden hair fluttered in the wind and his golden eyes emitted sharpness and viciousness. His gaze, like a knife, directly locked onto the Mu family!

"Is it there..." A deep voice slowly floated in the air. The man suddenly put on a ghost-like smile and there was also a hint of evilness on his rough face. A huge pressure slowly spread out from his body and his body had already rushed towards the Mu family in an instant!

Mu Xiaojin's screams and the midwife's screams came from the room where Mu Xiaojin gave birth. Mu Xiaojin's voice gradually became hoarse, and it was obvious that there was a lot of pain inside. Yun Sheng's handsome face was pale outside as he mumbled constantly, "Xiaojin, this is the only child we'll have. We don't want another child, not anymore..." Yun Sheng stared at the door firmly. The sounds inside made his heart and lungs tighten. If he had known that childbirth was such a painful thing, he would have preferred Mu Xiaojin not to have a child!

Yun Jing looked at his son, who had completely lost his mind, and couldn't help but sigh. Time seemed to go back slowly. The man who was pacing back and forth anxiously in front of him was himself back then. That year, he was also looking forward to the birth of his child with anxiety.

Yun Jing fell into a long memory. Yun Luochen was already a bit shocked by the lineup on the side. After all, she was a fifteen-year-old child. No matter how mature she was, this was the first time she knew that giving birth was such a miserable thing. Yun Luochen sat aside nervously and listened to the shouts from time to time. His heart also ached.

Yun Feng's palms were already covered in sweat. How long would it take for her to give birth? She seemed to feel that a long, long time had passed. Why wasn't it over yet? Mu Xiaojin's screams continued. A warm hand slowly held Yun Feng's already cold hand. Yun Feng subconsciously looked up, only to see gentleness in Qu Lanyi's eyes.

"Don't be nervous. She'll be fine." What Qu Lanyi said softly made the nervousness in Yun Feng's heart disappear quietly, as if she had the most stable support that she could rely on at ease. If he said Xiaojin would be fine, she would definitely be fine.

Yun Feng nodded. Qu Lanyi held her hand firmly with his big hand. "Fengfeng, I won't let you suffer like this in the future..." Qu Lanyi whispered into Yun Feng's ear. Yun Feng blushed and didn't say anything.

While everyone was worrying about Mu Xiaojin, a figure had already appeared in the sky above the Mu family domineeringly. His gaze was extremely fierce as he glanced at the Mu family's house. When his gaze landed on the house where Mu Xiaojin gave birth, his lips curled up evilly and a glint of excitement and anticipation shot out of his dazzling golden eyes!

"Space blockade?" With a disdainful tone, his rough but manly face smiled wildly. He gently raised his arm and slowly spread his five fingers, facing the space that had already been sealed. The evilness at the corners of his mouth appeared again as his lips opened gently. "Break."

“Chi...” An extremely soft sound appeared. Yun Feng suddenly raised her eyes. It was broken! Her space blockade had been broken!

“Who is it?” Yun Feng roared as she jumped into the sky. Qu Lanyi’s face also darkened. He knew that someone was coming! Yun Jing and Yun Sheng were shocked by Yun Feng’s move. “Feng?”

“Stay here and don’t move!” Qu Lanyi shouted with a deep voice as his body also jumped directly into the sky. Yaoyao raised her little face and looked at the sky that was covered in clouds. Her eyes instantly turned into a thin line! Meatball looked like it had been pricked. Its cute face instantly became ferocious and its body flashed as it also jumped into the sky quickly!

“What’s going on?” Yun Luochen looked at this scene in shock and also looked up. At this moment, Mu Xiaojin roared again! Yun Sheng’s heart was pulled fiercely!

Chapter 703: Appearance (1)

“Someone’s here, but they’re not friendly.” Yun Jing stood up and looked up at the sky. Yun Sheng pursed his lips. “Is it for the... child in Xiaojin’s belly?”

Yun Jing didn’t say anything. “I don’t know, but we can’t rule out that possibility. What we need to do is to protect Xiaojin and let her give birth successfully!” Yun Sheng was suddenly shocked. Yun Jing was relieved when he saw that. He looked at the sky that he couldn’t see through with a gloomy face. The Golden Dragon blood in his body seemed to be rolling and roaring instinctively! Yun Jing knew that the person who came this time was extraordinary!

In the sky, a strong man was standing against the wind. There was a disdainful smile on his rough and manly face. He crossed his arms in front of his chest. His arms were full of muscles and his body was well-balanced and strong. He was full of wild power at all times, like a ferocious beast that was ready to attack at any time. However, his soft golden short hair fluttered in the wind and fell next to his ears, adding a hint of gentleness to this body that was full of power. His golden eyes were full of indescribable pressure. He stood in the sky quietly and didn’t do anything else.

When Yun Feng saw the man in front of her, she almost called out a name in her throat. Golden hair, golden pupils, Uncle Flirtatious! However, when Yun Feng stood in front of the man, her expression was completely cold. He wasn’t Ao Jin. Even though he had golden hair and golden eyes, he was definitely not Ao Jin!

Qu Lanyi had already flashed to Yun Feng’s side and stared at the man in front of him with his black eyes. When he saw the golden hair and golden eyes, he couldn’t help but feel extremely shocked. Meatball’s little body also quickly ran to Yun Feng’s shoulder. Yun Feng heard an extremely suppressed growl from Meatball’s body in her ears.

“The Golden Dragons?” Qu Lanyi raised her brows and mumbled. Yun Feng had the same thought. Who else would be like this except the Golden Dragons? However, wasn’t Ao Jin the only Golden Dragon? Uncle Flirtatious had never said that he had a brother!

The golden-haired man glanced at Yun Feng, Qu Lanyi and Meatball on Yun Feng’s shoulder. Then, he looked down with his golden eyes, as if he could see everything through the clouds. Yun Feng saw a glint of darkness in his golden eyes!

“Interesting. It’s more interesting than I thought...” The man said in a low voice with an inexplicable excitement. Yun Feng’s expression was cold. The man in front of her easily broke her space blockade. This man was stronger than her!

“If there’s anything we can help you with, please calm down,” said Yun Feng casually. She had been tense. It would be fine if this man was looking for her, but it was a different story if he was going to attack the Yun family! If he was really a member of the Dragons, he would certainly notice the Golden Dragon Blood in his father’s body, which would make his father the target of the entire Dragons!

The golden-haired man raised his brows slightly and grunted in disdain. He suddenly opened his hand, as if he was going to attack the people below! Yun Feng’s pupils shrank and her mental strength surged out fiercely, colliding fiercely with the golden-haired man’s momentum like a noisy wave. Yun Feng’s face immediately darkened. “It’s you!”

Qu Lanyi was also stunned. Then, he felt a familiar pressure. His heart glittered! The pressure they suffered when they crossed the Ten Thousand Beast Mountain Range was exactly the same as this pressure! He was the one who attacked in the Ten Thousand Beast Mountain Range!

Qu Lanyi’s black eyes darkened completely, and his mental strength surged out without hesitation. The space trembled slightly because of this tough collision.”” The golden-haired man frowned slightly and clenched his fists. “You think you can stop me?”

A terrifying and familiar pressure came from the top of their heads! Yun Feng and Qu Lanyi felt the terrifying momentum they endured that day. Yun Feng bit her lips hard. This pressure made her and Qu Lanyi break out in cold sweat. Their backs were even bending slowly! Yun Feng looked up at the golden-haired man and saw the smile at the corners of his mouth with deep mockery and disdain!

“You’re just a group of ants,” said the golden-haired man coldly. He grunted as the pressure increased again. Yun Feng and Qu Lanyi’s mess was a stark contrast to the golden-haired man’s leisure! Yun Feng gritted her teeth. Those disdainful words made the pride in her heart surge!

This man did it on purpose. He wanted to see her kneel in front of him and humiliate anyone as the victor!

Yun Feng had already bitten her lips open. The terrifying pressure around her kept increasing. Qu Lanyi’s body was already trembling violently. Yun Feng didn’t feel good either. If it weren’t for her tenacious willpower, she would have already knelt in front of him!

“You’re still holding on?” The golden-haired man looked at the two stubborn people and couldn’t help but feel surprised. The two of them were already drenched in sweat and their bodies were trembling violently. Why were they still standing there? A hint of viciousness flashed through his golden eyes. “You have a backbone.” He clenched his fists fiercely. Yun Feng and Qu Lanyi both felt a piercing pain on their backs!

“Ouch!” The two of them cried out in pain almost at the same time. The delight in the golden-haired man’s eyes didn’t last long. He saw that Qu Lanyi and Yun Feng were still standing there. Even though their knees were shaking violently, they still had no intention of kneeling!

“Tsk! How annoying!” The golden-haired man was a bit impatient. He waved his finger in the air fiercely and Qu Lanyi and Yun Feng’s knees suffered a strong impact. The two of them knelt down at the same time! “Wouldn’t it be better if you did this earlier?” said the golden-haired man in disdain. There was ridicule deep in his golden eyes!

Yun Feng’s knees were burning with pain. She felt that her kneecaps were probably about to shatter. Although the warm energy from the black jade pendant on her neck had been nourishing her body, her tempered body couldn’t resist the terrifying pressure at all. Yun Feng felt that this was the first time she had truly encountered a mountain, a peak she had never seen before!

Yun Feng heard the man’s disdainful and mocking tone. She didn’t know why this man came here today, or why this man attacked. She only knew that the stubbornness in the bones of the members of the Yun family suddenly burst out at this moment. Every cell in their bodies was roaring crazily, “Stand up!”

Chapter 704: Appearance (2)

Her head could be broken, her blood could be shed, but her back couldn’t be bent!

So what if his strength was above hers? So what if he was a peerless powerhouse? There was a powerful helper in the hearts of the members of the Yun family, called dignity!

“Argh!” Yun Feng let out a roar deep in her throat, like a ferocious beast that was about to make a desperate counterattack. The bones of her body were all squeezed together under this terrifying pressure. Yun Feng’s legs had already left her control completely. It could be said that her body was so numb that she couldn’t even feel pain. Yun Feng bit her lips hard and swallowed the thick blood in her mouth. A determined look burst out of her clear black eyes. Her body, which was already kneeling on the ground, slowly stood up again!

The golden-haired man narrowed his eyes with a dangerous glint in his eyes. He looked at the vulnerable girl in front of him as she swayed and stood up. Even though there weren’t any wounds on the surface of her body, he knew that under his pressure, the bones in her body had all shattered under this tough move.

Yun Feng’s legs trembled violently and her face was pale. “Crack, crack!” Yun Feng stopped and the bones in her body let out painful cries. She also felt the piercing pain, but she didn’t care! She stood up just like that, straightened her back and raised her head just like that!

The golden-haired man was stunned again. The kid next to him also stood up!

“As her man, I certainly can’t embarrass myself at this moment,” said Qu Lanyi weakly with a proud smile on his pale face. Impatience burst out of the golden-haired man’s eyes. He waved his hand, and the terrifying pressure suddenly disappeared. However, Yun Feng and Qu Lanyi’s expressions also changed!

“What exactly do you want?” Yun Feng asked again with a good temper. Her body was frozen in place and she couldn’t move. Qu Lanyi was also in the same state. The two Monarch Level experts were like a puppet in front of this man. They couldn’t resist at all!

The golden-haired man smiled evilly with a hint of bloodthirstiness in his smile. Yun Feng’s pupils shrank abruptly!

“Don’t touch my family!”

The golden-haired man burst into laughter. “Kid, are you qualified to tell me this?”

Yun Feng’s originally pale face became even paler. Her body was firmly imprisoned on the spot. No matter how her mental strength attacked, it couldn’t be shaken at all! The golden-haired man glanced at Yun Feng playfully and the space in his hand suddenly deformed violently. This made Yun Feng completely understand that this man’s ability to control space was extraordinary! The Lord Level, no, even higher!

“I wasn’t interested in you at first. Even though that old man said you’re not bad, I didn’t care. But now...” The man’s evil voice sounded with endless coldness in his words. He did all this on a whim. He could do whatever he wanted! “The Yun family is indeed interesting.”

Qu Lanyi remained silent, but the depths of his black eyes were gradually stained with blood. A glint of darkness flashed through the golden eyes of the golden-haired man. Suddenly, anger burst out of his body and a terrifying pressure surged out, pressing down!

The tip of Yun Feng’s tongue was bitten through again and a stream of blood directly surged into her throat. The bloody memories of her previous life surged out again. Was there still no way? Was she still unable to protect everything?

“Nana!” A loud voice suddenly cut through the sky and the pressure of the golden-haired man! “What?” The golden eyes of the golden-haired man shrank and he looked at a black shadow that flashed in front of his eyes quickly in disbelief. Perhaps he had never had a match before. Perhaps there was no such thing as a match for him in this world at all. When he saw a slightly ferocious face pouncing towards him, the powerful golden-haired man was a bit stunned on the spot. When its sharp teeth touched his skin, the pain of the teeth piercing into his skin made the golden-haired man snap back to reality!

That was impossible!

Meatball pounced on the man’s arm with a ferocious look and its sharp teeth stabbed in without hesitation. It bit so deeply and wouldn’t let go even if it died!

The golden-haired man swung his hand fiercely and Meatball’s body was thrown away. Its little body suddenly span in the air. It was obvious that it was already enraged. Its cute facial features were extremely ferocious! Meatball’s sharp teeth pounced again at an extremely high speed!

“Pa!” The cold touch locked the man’s wrist and his golden eyes suddenly turned around. The two people who were originally fixed had already left their original positions. The man only felt that it was unacceptable. This wasn’t right. He was...

An ice blue chain with a cold glint wrapped around the man’s arm tightly. The man’s initial surprise disappeared. Even so, he only sneered and didn’t care about it. He shook Meatball’s body off and flipped his hand. An invisible force hit Meatball’s body that was flying towards him again. Meatball avoided it narrowly and its body stopped in the air. It didn’t attack recklessly again and only roared with an unfamiliar voice in its throat.

“I’ve been mistaken.” The man looked at the ice blue chains on his wrist. His muscles shook and the chains were all broken into several pieces, turning into blue powder in the air and scattering.

“Indeed.” A voice of agreement sounded in a low voice, like the rising sun cutting through the thick darkness. The golden eyes looked at the messy girl. Her body was standing in a strange posture. It was a bit twisted, but it gave people a wonderful sense of normality. Her hands should be broken, but they were holding on in a strange arc. Her skin and flesh were torn. Her arms and palms were covered in bright light elements. The man’s golden eyes narrowed again and looked at the mysterious elements that kept jumping in the girl’s palms.

That wasn’t just one kind of magic element. It was the combination of different kinds of magic elements. The man even heard the roars of the elements constantly colliding! “Elemental fusion? Not bad.” The man raised his eyebrows slightly and didn’t show any panic at all. The girl chuckled as another kind of bright element jumped out of her other hand. The man’s expression finally wasn’t calm anymore.

“Yun Feng!” Seeing the fourth element in Yun Feng’s hand, Qu Lanyi couldn’t help but shout. Did she want to die? Did she really want to die?

Yun Feng’s lips slowly curled up. It was a stubborn curve. The fourth element jumped on her other hand. The ice blue water element kept surging, as if it could sense something. The gentle water element also burst out with a violent attitude.

Chapter 705: Appearance (3)

“What are you going to do...” The golden-haired man asked in a deep voice, but Yun Feng was faster than him. Her black eyes darkened fiercely and her two hands, which had already been lacerated, clasped together desperately!

“Buzz...” A strong energy wave spread from Yun Feng’s hand. Even the golden-haired man was shocked! The energy wave this time shook the entire space! Yun Jing and Yun Sheng’s hearts couldn’t help but tighten. They felt like their hearts were being squeezed tightly, as if something was about to leave!

“Feng!” Yun Sheng roared and was about to rush forward without thinking. Yun Jing waved his fighting energy and stopped Yun Feng. Yun Jing’s face couldn’t be any darker. There was a kind of determination in his deep eyes! “Stay here! Take care of your wife!” Yun Jing said as his body soared into the sky the next second. However, something happened!

A powerful energy wave shook Yun Jing off. When his body fell to the ground, Yun Jing’s face turned pale. Yun Luochen immediately ran over. He was already at a loss. He couldn’t figure out the current situation at all! What exactly happened?

“Feng...” Yun Jing only had time to mumble this name. Then, his black eyes narrowed and he waved his hand. Abundant fighting energy surged out of Yun Jing’s body with a faint dragon roar in the fighting energy! The fighting energy quickly covered the room and a drastic change in the sky instantly burst out!

The strong tremor shook Mu City fiercely!

All the people of Mu City walked out of the door and looked up at the sky. They didn’t know what was happening up there. Was there an earthquake? Or did something incredible happen?

In the sky, in the clouds, Qu Lanyi wanted to rush to the suicidal girl with bloodshot eyes. The girl clasped her hands together fiercely, with determination all over her body. The elements were roaring, the space was distorted, and her blood was burning!

“Even if I must die, I’ll protect my family!” Yun Feng’s voice resounded in the sky. The four elements had already been forcefully fused by her. Yun Feng saw gorgeous red flowers blooming on her palm. The pain of her flesh and blood flying had already been excluded from her senses. There was only the gentle sound of the wind and her heartbeat in her ears.

The element with faint destructive power in her hand let out a hoarse growl. The corners of Yun Feng’s mouth slowly curled up and the element in her hand had already been pushed out. The golden-haired man’s heart shrank for no reason when he saw this scene. Yun Feng opened her lips gently. “Explode.”

“Boom...” A muffled sound exploded in the air. A destructive energy swept the sky and swallowed Qu Lanyi’s roar.

This fluctuation in the sky blew away all the thick clouds completely. Yun Feng stood there stubbornly as drops of blood dripped from the sky. The golden-haired man was still there. Even though he was also in a sorry state, he didn’t seem to be hurt much. Yun Feng smiled helplessly. She used all her strength to only make him look miserable?

There was shock in the golden-haired man’s eyes. If it weren’t him, anyone who touched that attack just then would have probably been reduced to ashes! This little girl could do this! The golden-haired man only felt a piercing pain in his arm. Looking carefully, there was a piece on it that had already been burnt by elements!

A figure finally rushed to Yun Feng’s side. His arm was also bloody and his body was also in a sorry state. Qu Lanyi’s body and face were covered in countless wounds, and even his skin and flesh were torn in many places! He held Yun Feng’s body in his arms with his bloody arm and looked up again with a pair of red eyes!

The golden-haired man’s pupils shrank abruptly. He wanted to say something. “Jin, you’ve blown things up.” An old voice sounded slowly. A crack appeared in the space and the old man walked out slowly. He looked like he had been through a lot, but his eyes were as clear as water.

“Old man, stop nagging!” The golden-haired man roared impatiently, but his arrogance just then was reduced a lot. Qu Lanyi’s black eyes instantly turned black again. He didn’t care about anything else anymore. He covered Yun Feng’s chest with his hand tightly and the light elements drilled into Yun Feng’s body desperately. Yun Feng’s broken body was held tightly in Qu Lanyi’s arms and her closed eyes slowly opened.

“Yun Feng...” Qu Lanyi called softly. When Yun Feng opened her eyes, she saw a pair of eyes full of worry. Instantly, all the pain came. Yun Feng couldn’t help but frown. “Kid, we meet again.”

Yun Feng was stunned. She looked up with her black eyes. The golden-haired man was still standing there. Another old man with a weathered face and wise eyes stood next to him.

“You’ve seen me?” Yun Feng asked in confusion. Even though her entire body was in unbearable pain, her life wasn’t in danger anymore.

“I already saw you when you appeared in the Foggy Forest. But you didn’t see me.” What the old man said shocked Yun Feng! The Foggy Forest? He had already seen her when she first appeared in the Foggy Forest!

“Kid, Jin doesn’t mean any harm. He just has an explosive personality,” said the old man with a smile. Yun Feng frowned and didn’t say anything. There was deep hostility in her eyes. The golden-haired man who was called Jin grunted in disdain and didn’t say anything.

“He tried to hurt my family just then,” said Yun Feng coldly. The old man chuckled. The golden-haired young man couldn’t help but say, “He’s just an ant. I can’t be bothered to do anything.”

“Jin, even an ant can destroy a city,” said the old man casually. The golden-haired young man didn’t say anything else. Yun Feng felt that the old man didn’t have any hostility. Suddenly, she thought of something and turned her head. “Meatball? Meatball?”

Qu Lanyi’s eyebrows moved slightly as he took out Meatball with his bloody hand. At this moment, Meatball’s eyes were closed, as if it had fallen asleep.

“It...” Yun Feng was about to take it, when Qu Lanyi looked at the old man and said coldly, “Old man, you did this.”

Yun Feng’s face turned cold, but the old man chuckled. “It’s a bit troublesome if it’s awake. We have no choice. Kid, aren’t you going to ask who we are?”

Qu Lanyi snorted in disdain. The light elements continued to transmit. “Golden hair and golden eyes, do we need to guess? As for you... you’re nothing good.”

Chapter 706: Appearance (4)

“Kid! How dare you say that I’m one of those dragons!” The golden-haired young man suddenly roared. The old man stopped him from rushing over with a smile. He wasn’t angry at Qu Lanyi’s presumptuous tone. He stared at Yun Feng with his wise eyes. “Kid, can’t you guess?”

Yun Feng frowned and was shocked in her mind. The blond man with golden eyes wasn’t a Golden Dragon? Then what was him? Qu Lanyi also frowned and pondered. Suddenly, he thought of something and his body trembled slightly. Yun Feng looked at Qu Lanyi in confusion. “What’s wrong?”

The golden-haired young man burst into laughter with delight in his eyes. “The members of the Yun family have the blood of the Golden Dragons. They’re indeed very capable to have a good relationship with the Dragons, especially the Golden Dragons. Since you’re so close to them, the Golden Dragons must’ve told you something, right?”

A gust of wind inexplicably flashed in Yun Feng’s mind. The tide of time suddenly went back to the time when she first met Ao Jin, to the time when Ao Jin talked about that secret!

Fantastical Beasts, a race that was almost a legend at the top of the pyramid, actually existed!

Ao Jin’s voice kept echoing in Yun Feng’s head. The golden-haired young man’s voice came to Yun Feng’s ears through the layers of fog. “It’s time you know who we are, human!”

The golden-haired young man smiled recklessly, and the old man also had a meaningful smile on his face. Yun Feng’s black eyes glittered slightly as a glint of light flashed through her mind. “You are...”

The old man nodded and looked at Yun Feng with approval. Jin’s short golden hair fluttered in the wind as he looked down at Yun Feng’s messy appearance from above. There was a hint of approval in his

eyes, but there was still obvious disdain in his words. "Old man, why can't I see which part of her is worth caring about?"

Yun Feng frowned slightly when she heard this. Warm light elements kept surging into her body. Yun Feng slowly raised her hand and gently covered the back of Qu Lanyi's hand. "Stop." He couldn't continue. The inside of his body was the same as hers. Qu Lanyi pursed his lips tightly. He didn't care what Yun Feng said at all. The light elements in his palm still entered Yun Feng's body without stopping, repairing Yun Feng's already damaged body.

"Don't talk," whispered Qu Lanyi. Yun Feng frowned and was about to say something, when Qu Lanyi glanced at her. His eyes were as black as water, which made Yun Feng completely speechless. She could only lean in his arms obediently and feel the warmth flowing into her body. The piercing pain gradually left her.

"Kid, we shouldn't be here today." The old man glanced at Ah Jin. Ah Jin grunted in disdain and turned his head to the side. The old man chuckled. "Ah Jin is indeed a bit reckless. We'll leave now."

The old man walked to Ah Jin. "Ah Jin, it's time to go."

"Got it. Stop nagging!" Jin mumbled impatiently. His golden eyes glanced at Yun Feng again, and he suddenly flashed in front of Yun Feng. Qu Lanyi's body instantly tightened. Yun Feng was also stunned. He was too fast! In the blink of an eye, he had moved in front of her!

"Jin!" The old man shouted in a low voice. The golden-haired young man waved his arm in boredom, indicating that he had something else to say. The old man didn't say anything else. Jin looked at Qu Lanyi, who was tense, and smiled in disdain. "I won't attack. You're not my match at all. It's boring to fight." His words were extremely demeaning. Qu Lanyi's face couldn't help but darken. Yun Feng remained silent. Indeed. The fact was right in front of her eyes. The Fantastical Beast in front of her was extremely powerful!

"Let me ask you. Where did you get it?" Ah Jin glanced at Meatball, which had already passed out, gloomily. Meatball was lying quietly in Yun Feng's arms at this moment. Its white fur had already been stained red. Its little body was like a ball of fur, lying there quietly.

"You want to know?" Yun Feng suddenly put on a cunning smile. Seeing that, Ah Jin slowly narrowed his eyes. "Kid, are you bargaining with me?"

Hearing what Yun Feng said, Qu Lanyi trembled. In the end, he smiled helplessly in the bottom of her heart. Apart from her, who else in this world dared to bargain with the Fantastical Beasts? Only Yun Feng had the courage!

Yun Feng smiled even more. "Why not?"

Ah Jin's golden eyes glittered with a dangerous light and an oppressive aura slowly spread. Yun Feng leaned against Qu Lanyi's arms lazily and looked at Ah Jin casually with her bloody face, unmoved. In the end, Ah Jin sneered. "Hm, tell me."

Yun Feng's black eyes glittered. "What's your relationship with the Golden Dragons?" She had to ask this question. Nobody would believe that the Golden Dragons weren't related to the this man! If they were, did Ao Jin know about the existence of Ah Jin?

Ah Jin's golden eyes glittered slightly. In the end, he burst into laughter. "Hahahaha, hahahahaha!" After laughing, Ah Jin's eyes were full of mockery. "I thought you wanted to ask something else. So, it's about this? The answer is yes and no."

Yun Feng was enraged. This answer was the same as not answering at all!

"Don't you want to know which element I belong to? Don't you want to know my original body?" Jin said as he looked at Yun Feng teasingly. Yun Feng's eyes darkened. "If I want to know, I'll certainly have to rely on my own ability!"

Jin was stunned. "Humph! You're quite bold." He looked at Meatball again. "Tell me, where did you get it?"

The corners of Yun Feng's mouth slowly curled up. "It stuck itself to me." Ah Jin was enraged when he heard this, but Yun Feng smiled indifferently. The temples on Ah Jin's head suddenly throbbed a few times. In the end, he clenched his fists tightly. "You're indeed not afraid of death."

Yun Feng chuckled and caressed Meatball's body gently. "This answer is much better than what you gave me."

Ah Jin snorted and glanced at Meatball with his golden eyes again. Suddenly, he showed a gloating look. "Tsk!" Without saying anything else, he walked to the old man's side. The old man shook his head helplessly. He gently drew in the air with his hand and a black crack appeared. The old man stepped into it. Ah Jin stood in front of the crack and suddenly turned around.

"Yun Feng, if you're really capable, come to us. I'll wait for you." After saying this, Ah Jin suddenly burst into laughter and waved his hand. A powerful force flew into the distance with obvious elements in it!

Chapter 707: Come and Find Us. I'll Wait for You (1) Translations

"Jin!" The old man roared angrily. Jin waved his hand impatiently and stepped into the crack. The crack swallowed the two of them in an instant. Yun Feng lay in Qu Lanyi's arms and looked ahead. Most of the mountains around Mu City had been reduced to dust!

"What kind of power is that..." Qu Lanyi frowned. The first time they encountered a Fantastical Beast, the two of them were already in such a sorry state. They were indeed existences at the top of the pyramid. Such power was truly unimaginable!

"A Fantastical Beast..." Yun Feng mumbled. For a summoner, this was an exciting name, and Yun Feng had seen with her own eyes and even fought with it! She finally knew why her master lost to a Fantastical Beast and why a Fantastical Beast was an unattainable dream for a summoner!

A powerful and irresistible dream!

Yun Feng curled up her lips and smiled. There was a piercing pain when she moved her body gently. "Hiss..." Qu Lanyi gasped and couldn't help but feel angry after hearing that. "Did you want to die just

then? The fusion of four elements. If that old man didn't set up a barrier secretly just then, the entire Mu City would have turned into ashes!"

Yun Feng listened to Qu Lanyi's criticism quietly. She indeed didn't think too much just then. She only wanted to beat Jin back and not let him hurt her family. "Got it. I'll definitely lure my opponent to an empty place next time..."

Qu Lanyi held his breath. This woman was trying to anger him to death!

"That's not what I meant! I mean..." Qu Lanyi really didn't know what to do with Yun Feng. What should he do with this woman who kept him on tenterhooks? Yun Feng smiled and raised her head with difficulty. "I understand what you're saying, but if I'm caught in the dilemma again, I'll still do it."

Qu Lanyi pursed his lips. "There's nothing I can do about you. I can only watch you closely." He held Yun Feng even more tightly. Yun Feng put on a helpless smile. "We should go down. I wonder if Xiaojin's child is born."

Qu Lanyi snorted coldly and landed quickly with Yun Feng in her arms. When Yun Sheng and Yun Jing saw the two of them, they were completely dumbfounded. What kind of a battle had she gone through to make her look so miserable? Yun Jing shook his hand and wanted to carry Yun Feng over, but Qu Lanyi stepped back slightly. "Don't touch her. She's seriously injured."

Yun Sheng and Yun Jing suddenly turned pale. Yun Luochen ran over in shock and couldn't believe it when he saw Yun Feng. How could such a powerful Yun Feng be injured like this? Yaoyao flashed over with blue tears in her big eyes. Yun Feng chuckled. "I'm fine. I'm fine..."

"What do you mean you're fine? You're already like this!" Yun Sheng roared as his body trembled violently. Yun Jing was the same. His face became even gloomier. The father and son undoubtedly thought of the memories that broke their hearts. The countless dark days, the scene of Yun Feng being beaten to death by Lin Meng, and her cold body being carried home! As the dark memories eroded, Yun Sheng clenched his fists tightly. "It's all my fault. It's all my fault!"

"Brother! Father!" Yun Feng shouted with all her might. Yun Sheng and Yun Jing looked up and saw Yun Feng's pale face with a faint smile. "I'm fine, really. Look, I'm still alive."

Yun Sheng and Yun Jing both trembled. Qu Lanyi said, "She'll be fine with me here."

At this moment, a loud baby's cry suddenly came. Everyone was shocked. The door was suddenly opened. "Master, Young Master, Young Lady! The baby is born! It's born!"

"It's born..." Yun Sheng mumbled with a twisted expression. Yun Jing's expression also changed. Joy and pain appeared on his face. When Yun Luochen heard the news, his heart, which had been tense, suddenly relaxed and he sat on the ground just like that. When Yun Feng heard the news, her body moved, which caused another wave of pain!

"What are you doing?" asked Qu Lanyi unhappily. Yun Feng immediately said, "Quick! Body-Tempering Source Fluid!"

Qu Lanyi quickly reached his other hand into Yun Feng's collar. Yun Feng blushed. "What are you doing?" Qu Lanyi raised his brows and touched Yun Feng's breasts. "I'm looking for Body-Tempering Source Fluid."

Yun Feng couldn't move her body, so she could only let Qu Lanyi move with a red face. The others also ignored her because of the birth of a little life. Yun Feng couldn't take it anymore and closed her eyes. After a while, a small bottle appeared in Yun Feng's hand. "It's here." Yun Feng gritted her teeth and said. Qu Lanyi realized something. "You put it in a dimension container. Why didn't you tell me earlier?" He took the bottle in Yun Feng's hand and threw it to Yun Sheng. "This is a Body-Tempering Source Fluid. Go in."

Everybody was stunned again. Yun Sheng held the bottle in his hand dumbfoundedly. Body-Tempering Source Fluid!

"Feng, you..." Yun Jing looked at Yun Feng. Yun Feng smiled. "This is my gift for this kid. Brother, go in quickly!"

Yun Sheng clenched the bottle in his hand tightly and looked at his sister deeply with excitement in his mind. "Feng, thank you."

"We're family. You don't have to thank me," replied Yun Feng. Yun Sheng nodded and immediately walked into the room. Yun Luochen was indeed a bit dumbfounded. Body-Tempering Source Fluid... That was something many large families couldn't get. How powerful was Yun Feng? How did she get that kind of thing?

"Uncle, Fengfeng needs to be healed," said Qu Lanyi casually. Yun Jing immediately nodded and waved his hand. The spatial restrictions around had already been removed. Yun Feng smiled at her sullen father and felt that darkness had come. She fainted in Qu Lanyi's arms.

"Feng!" Yun Jing couldn't help but step forward when he saw that. "Uncle, don't worry. She just fainted. She was just holding on just then." Qu Lanyi's eyes were full of helplessness and affection. Yun Jing looked at the young man in front of him, who was also injured, deeply. Even so, he still held Yun Feng in his arms. Yun Jing's eyes glittered.

"I'll leave Feng to you," said Yun Jing in a low voice. Qu Lanyi chuckled. "Uncle, don't worry. However, there's something I need to tell you. About the Golden Dragon Blood in your body..."

Yun Jing frowned. "I can more or less guess that the Dragons have never been on good terms with humans. If the Dragons know that a human has the blood of a Golden Dragon in his body, I'm afraid there will be endless trouble."

Chapter 708: Come and Find Us. I'll Wait for You (2) Translations

"There was no choice back then. That was the only way to keep you safe." Qu Lanyi frowned slightly. Yun Jing nodded. "You're the Yun family's benefactor. If anything happens to us, it's none of your business."

"But that guy won't just stand by and do nothing. After all, it's his blood." Qu Lanyi chuckled. Yun Jing was startled and thought of the handsome golden-haired young man back then. "Is that person... from the Dragons?"

Qu Lanyi nodded. "Even though he's the Young Master of the Dragons, even though he's a Golden Dragon, that guy is an anomaly. He can be said to be an idiot."

Yun Jing's expression froze. He was a bit surprised at Qu Lanyi's boldness. Speaking of which, he still didn't know anything about this young man's background... Qu Lanyi seemed to know what Yun Jing was thinking. He raised his black eyes slightly. "Uncle, if I say that my family background will bring endless trouble to the Yun family, will you still give her to me?"

Yun Jing looked at Qu Lanyi coldly. "If Feng likes you, it means that you have the ability to solve these problems."

Qu Lanyi's thin lips curled up slightly with a smile in his eyes. "Uncle, you're right. If I don't have this ability, I don't deserve to stand next to her." Qu Lanyi carried Yun Feng away and went to a quiet yard to heal her. He slowly put Yun Feng on the bed. Qu Lanyi looked at her body full of wounds and sighed.

"When can you change your personality?" Qu Lanyi gently caressed Yun Feng's face with his finger. The blood on her face had already dried up. He wiped away the dark red stains with a little force. Qu Lanyi smiled helplessly. He glanced at the jade pendant on Yun Feng's neck and slowly took it out. Qu Lanyi observed it carefully.

"A lot of the energy in the Array of Life has been lost..." Qu Lanyi slowly turned the jade pendant around. On the back of the pure black jade pendant, there was an extremely ferocious skeleton dragon. The huge skeleton was condensed on the jade pendant, which showed that the person who carved it was extremely skilled. Although the dragon was countless times smaller than a real one, it didn't look any less ferocious.

Qu Lanyi frowned and caressed the skeleton dragon with her fingers, with deep confusion in her eyes.

"Xiao Feng!" An anxious call came. Yaoyao's little body ran in and rushed to Yun Feng's bed. She looked at Yun Feng anxiously with her big eyes, a bit flustered. Qu Lanyi touched Yaoyao's head with his big hand, asking her to calm down. "She's fine. Don't worry."

Yaoyao bit her lips. This was the first time that her cold and expressionless little face showed such worry. Qu Lanyi smiled and looked at Meatball, which was still unconscious in Yun Feng's arms. She picked up Meatball's fluffy body with one hand and threw it to Yaoyao. Yaoyao quickly caught it in panic.

"Get out first. I need to treat her injuries. It's better not to look at kids."

Yaoyao didn't understand. She looked at Meatball, which had fainted in her hand, and looked at Yun Feng deeply before she turned around and walked out.

Yun Qingchen was finally born. The moment he cried, the Body-Tempering Source Fluid melted into his little body. This child was destined to be extraordinary. After giving birth, Mu Xiaojin passed out because of the extreme weakness, which startled Yun Sheng. At this moment, Yun Feng was recuperating in the quiet yard of the Yun family. With Qu Lanyi taking care of her, she was certainly fine. Yun Sheng stayed with Mu Xiaojin and didn't dare to tell her about Yun Feng's situation, fearing that she would rush over without caring about her body.

Yun Sheng only said that Yun Feng had something urgent to do and would only be gone for a while. Naturally, nobody was allowed to get close to Yun Feng's yard. Qu Lanyi hadn't come out since he

entered. Although Yun Jing and Yun Sheng had been worried about Yun Feng's condition, they didn't dare to enter rashly. They could only wait for Yun Feng to recover.

All the people of Mu City remembered that on the day Yun Qingchen was born, there was an inexplicable earthquake in Mu City and something strange happened in the sky. Even though nobody knew what was going on, everyone said that the child born by the Yun family was an impressive figure.

After learning that Yun Qingchen was born, the Mu family wasn't quiet anymore. People from all over the world flooded into Mu City. Countless people from the four empires, the Mercenary Union, and the large and small families on the Fengyun Continent went to the Mu family every day and gave them congratulatory gifts. Yun Sheng and Yun Jing received these people arduously every day. Everyone knew very well who they should congratulate.

Countless people came to Mu City with the hope of seeing Yun Feng, and countless people left Mu City with disappointment. It was truly a shame that Yun Feng didn't see them! Yun Sheng and Yun Jing were truly mentally and physically exhausted when they came to deal with these people every day. They couldn't wait to slap these uninvited people away! Yun Luochen had been staying with Mu Xiaojin as a servant during this busy period of time. He faced his sister-in-law every day and listened to her mumble, "Where's Xiao Feng? Why isn't she back yet? I still haven't seen Qingchen..."

Yun Luochen sighed for the umpteenth time. He looked at the boy who was sleeping quietly in Mu Xiaojin's arms and knew that this child would definitely be great in the future! Thinking of Yun Feng's bloody appearance that day, Yun Luochen couldn't help but worry. It had been a long time. How was she?

Zhao Yan and Wang Ming came all the way here. As soon as they asked about Yun Feng, they saw Yun Jing's gloomy expression. Both of them couldn't help but feel nervous in their minds. The Red Maple Mercenary Team and the Yun family were already very close. Yun Jing certainly wouldn't hide it from them. He told them about Yun Feng's situation roughly. Zhao Yan immediately turned around and rushed over. When he heard that Yun Feng was injured, his heart was completely stirred.

However, he was stopped outside by a beautiful little girl. When Zhao Yan rushed there, he only saw Yaoyao standing outside expressionlessly. Zhao Yan didn't take another step forward, because he saw hostility on that kid, deep hostility.

Yun Jing couldn't help but sigh when he saw Yaoyao's appearance. Everyone in the Yun family knew that this little girl had an extraordinary background, especially Yun Luochen, who saw Yaoyao's transformation. He patted Zhao Yan's shoulder and sighed softly. "Feng is under Qu Lanyi's watch. She's fine."

Zhao Yan suddenly remembered that Qu Lanyi was here too. He couldn't help but feel relieved. With him here, Yun Feng would definitely be fine. Wang Ming also heaved a sigh of relief. "It's great that my Lady is fine. Otherwise, those kids of the Red Maple Mercenary Team will probably turn the world upside down!"

Chapter 709: Come and Find Us. I'll Wait for You (3) Translations

"Don't tell anyone about Feng's situation, just in case..."

“Don’t worry, Master. I’ll keep my mouth shut!”

Yun Jing nodded and the few of them walked back. At this moment, a servant ran in. “Master! We have another guest!” Yun Jing frowned slightly. Yun Sheng had already gone to accompany Mu Xiaojin, so Yun Jing could only receive them. Yun Jing turned around and walked to the front hall. When he walked to the front hall, he saw a tall figure standing there. Yun Jing was slightly shocked.

The person turned around and smiled at Yun Jing. “Uncle, it’s been a long time.”

Yun Jing looked at the mature young man in front of him and nodded. The young man chuckled. “I’m here to congratulate Uncle this time.” Yun Jing nodded. He knew that this wasn’t the reason why the young man came. “Feng... unfortunately went out.”

The young man chuckled with a hint of helplessness in his smile. “Really? It seems that we’re not meant to be together after all.”

Yun Jing didn’t know what to say. This Murong Yuntian had an engagement with Yun Feng back then. If the Murong family didn’t take the initiative to cancel it back then, Feng should be with him right now. However... The past flashed through Yun Jing’s mind. The innocence on Murong Yuntian’s face was swept away. He had already grown into a talent of his generation. Yun Jing knew how he felt about his daughter. After so many years, he still had feelings for Yun Feng and also had contact with the Yun family.

Murong Yuntian smiled with a hint of relief on his handsome face. “I’m here to tell you something. I’m getting married.”

Yun Jing was startled and felt a bit relieved in his mind. “Which family’s girl are you going to marry?”

Murong Yuntian lowered his eyes. “Helian Fu of the Helian family.”

Yun Feng’s heavily injured body had been lying on the bed. She hadn’t moved at all these days, except for Qu Lanyi’s help. Yun Feng had already regained consciousness, but her body and consciousness couldn’t keep up. She knew that Qu Lanyi took care of her every day, and she knew that this hooligan didn’t let go of any opportunity to take advantage of her. Yun Feng was enraged, but there was nothing she could do. She only wanted to settle the score after her body could move.

After regaining consciousness, Yun Feng immediately communicated with her mind and summoned the contracted Magic Beast on the other side, Lan Yi.

“Master?” Lan Yi’s surprised voice came. Yun Feng never summoned her contracted Magic Beasts, so Lan Yi and Little Fire didn’t dare to contact her. It had been almost two months since Yun Feng came back to the East Continent. It had been a long time since she last contacted these two Magic Beasts, so Lan Yi was naturally delighted.

“Lan Yi, how’s it going on the West Continent?”

“Master, don’t worry. Brother Fire and I are here. Nobody dares to lay a hand on the Yun family. Its position as a third-rank family is constantly being consolidated. The Shi family and the Li family have some tricks, but it’s meaningless.” Lan Yi’s tone was a bit cold. It seemed that the Shi family and the Li

family had attacked the Yun family. It was just that their eggs hit a stone. They definitely wouldn't have thought that Lan Yi and Little Fire would be there.

"Hm, what about Qingqing?" Yun Feng didn't forget her disciple. "Qingqing is fine. She's already contracted the Flower Eagle Master you left for her."

Yun Feng was quite gratified in her mind. "Lan Yi, let me ask you." Yun Feng's voice sounded a bit deep.

"Yes, Master?"

"How much do you know about Fantastical Beasts?"

Lan Yi's helpless laughter sounded. "Master, I don't know anything about Fantastical Beasts. I've never even seen one. Most of the Magic Beasts are skeptical about the existence of Fantastical Beasts. Nobody has seen one..."

"I've seen it." Yun Feng's indifferent voice sounded. Lan Yi suddenly stopped talking. Yun Feng continued to send a thought. "The Fantastical Beast I've seen is a wind element one."

"Wind element!" Lan Yi's extremely shocked voice came. Yun Feng nodded. "His name is Jin. Do you know him?"

"How can I know? Even Magic Beasts don't know much about Fantastical Beasts, but Master has seen them, which proves that they really exist."

"The Fantastical Beasts are so secretive that even Magic Beasts don't know much about them..." Yun Feng mumbled. She thought that Lan Yi, who had such a unique bloodline as the Griffin, would know who Ah Jin was. It seemed that things weren't as simple as she thought. After saying a few more words, she cut off her connection with Lan Yi. Yun Feng fell into another thought. Lan Yi, who was far away on the West Continent, had been standing there with a frown after the telepathic communication with Yun Feng ended.

"What's wrong?" Little Fire walked over. The little boy's expression was very bad. Little Fire had been looking like this these days. Its bad temper was getting more and more explosive.

"A Fantastical Beast appeared on the East Continent and met Master."

"What?" Little Fire's black eyes widened. Lan Yi had been frowning. "Brother Fire, why did those guys come out?"

Little Fire ground the sharp teeth in its mouth. "It can't be anything good... The East Continent..."

"Brother Fire, do you know the name Jin?"

Little Fire was stunned and shook its head. Lan Yi sighed gently and Little Fire didn't say anything either. The two of them just stood there quietly with a gloomy look. Suddenly, Lan Yi thought of something and said slowly, "Master will definitely go after them."

Little Fire raised the corners of its mouth and bared its sharp teeth. "Who do you think our master is? If she doesn't chase after them, she won't be our master."

Lan Yi smiled helplessly. The blue tattoo on the side of his cheek was glittering. "Yes, indeed..."

Little Fire lazily put its arms behind its head and looked up at the sky. “This is more interesting, isn’t it?”

Yun Qingchen had already been nourished by the Body-Tempering Source Fluid when he was born. The Body-Tempering Source Fluid quietly changed this new life. Mu Xiaojin and Yun Sheng were both mages. Yun Qingchen’s future path would definitely be a path of magic. The Yun family had high hopes for this newborn child.

“Chenchen...” In Mu Xiaojin’s room, Mu Xiaojin had just given birth and still had to recuperate. She was holding her son in her arms and her big eyes slowly curved up because of a smile. She gently played with the treasure in her arms with her fingers. The baby in the swaddle looked at his mother with his bright black eyes. Although his little face was young, he was quite cute and had inherited the outstanding appearance genes of the Yun family.

Chapter 710: What’s Important Is What I Can Do For You (1)

The door was suddenly pushed open. Mu Xiaojin looked up and saw her handsome and tall husband walking in. Yun Sheng closed the door carefully and quickly walked to Mu Xiaojin’s bed. He covered her with the blanket, fearing that she would catch a cold. He looked at the woman and child, who were most important to him in his life, with gentleness in his eyes and his heart was full of happiness.

“Xiao Feng isn’t back yet?” Mu Xiaojin held her son and swayed him. Her arm was a bit sore. Yun Sheng quickly took Yun Qingchen and put him in his arms. “Hm... Not yet.” Yun Feng was still recuperating, but after this period of recuperation, she was recovering very quickly. With Qu Lanyi’s help, she would be able to recover very soon. Thinking of this, Yun Sheng couldn’t help but feel a lot more gratified.

“How long will it take? She didn’t even have time to see Chenchen...” Mu Xiaojin heaved a sigh. Yun Sheng chuckled, knowing what Mu Xiaojin was thinking. “She should be here soon.” After comforting her, Mu Xiaojin finally smiled. The two of them called out to their son and listened to his vague voice. The kid was enjoying himself and his limbs were still moving. Yun Sheng retracted his son’s foot and said again, “Murong Yuntian came.”

Mu Xiaojin was stunned. “He’s here for Xiao Feng? He hasn’t let her go...”

Yun Sheng frowned slightly and shook his son. “He said something else this time. He’s getting married.”

“Married?” Mu Xiaojin was a bit surprised. She didn’t know about the relationship between Murong Yuntian and Yun Feng until later and she also felt that fate was really strange. Murong Yuntian was also a pretty good man. It seemed that he had put down his feelings for Xiao Feng because he was getting married.

Yun Sheng nodded and looked at Mu Xiaojin with his black eyes. “He’s getting married to Helian Fu.”

Mu Xiaojin was stunned. “Helian Fu? Isn’t that...” Helian Fu, the person whom Lady Helian wanted to give to Yun Sheng when she came to the Yun family, had somehow become the person Murong Yuntian was going to marry. There were many twists and turns.

“Back then, the Helian family planned to give Helian Fu to me, but Feng stopped them. Of course, I couldn’t have her either. However, why did she become Murong Yuntian’s fiancée after this period of time? In between...”

Mu Xiaojin thought for a while and surprise flashed in her eyes. "Did he take the initiative..."

Yun Sheng frowned again and agreed with Mu Xiaojin. "If Murong Yuntian did this on purpose, his intention is obvious."

Mu Xiaojin was silent. Murong Yuntian was a man who knew that he was a passer-by. If he really took the initiative to marry Helian Fu, he would be blocking a huge trouble for the Yun family. Who else could he be doing this for if not Yun Feng?

"Father also tested Murong Yuntian's thoughts. He said that it wasn't the case at all, but we certainly know the truth in our minds." Yun Sheng's tone was quite low. "The men Feng met are all very good people."

Mu Xiaojin nodded and looked at Yun Qingchen in Yun Sheng's arms. His black eyes were so bright and clear. They were very similar to Yun Sheng's, but the light in them was also very similar to Yun Feng's. Mu Xiaojin gently stroked Yun Qingchen's face with her finger, and the little guy giggled.

"Actually, Xiao Feng doesn't need him to do that. Murong Yuntian thinks that this is the only thing he can do for Xiao Feng."

Yun Sheng pursed his lips and could only sigh slowly. "The Helian family won't just let it go. Even though Murong Yuntian has a good status and achievements right now, the Yun family should be more attractive."

"Will that woman come here again?" Mu Xiaojin bit her lips and asked. Yun Sheng's eyes darkened when he saw that. He slowly lowered his head and kissed the corners of Mu Xiaojin's mouth. "Your husband will only love you in his life. What's there to worry about?"

Mu Xiaojin blushed. She put her arms around Yun Sheng's neck and pulled him close to her, with a smile on her face. "If anyone wants you, just come. I won't give you up."

Yun Sheng chuckled and slowly pressed his thin lips against Mu Xiaojin's warm lips. Before they could cuddle, the little kid in his arms had cried without giving him any face, Yun Sheng and Mu Xiaojin looked at each other helplessly and smiled. Mu Xiaojin immediately carried her son over and kept comforting him. Yun Sheng listened to Yun Qingchen's cries and Mu Xiaojin's gentle comforting voice on the side. The gentleness in the depths of his heart was aroused. Could such happiness last for a lifetime?

Another month passed. Three months had already passed since Yun Qingchen was born. He was full of energy and was a very noisy kid. Mu Xiaojin's body had been recovering well during this period of time. Yun Sheng was afraid that she would work too hard, so he took care of everything in the Mu family. Yun Jing certainly didn't leave and continued living in Mu City.

After Murong Yuntian visited that day, he came again after a month. This time, someone else came with him. Of course, it was Helian Fu, who was suddenly called fiancée, and Lady Helian, who didn't look good.

When the three of them came to visit, Yun Feng's injuries were also recovering gradually. Her body was already fine and she could already get out of bed and walk. However, she was still a bit weak. Qu Lanyi certainly lost the privilege to take advantage of her every day, which made him quite depressed. Meatball was still asleep, which made Yun Feng a bit worried.

Meatball didn't wake up no matter what she did. Yun Feng couldn't help but feel a bit restless. That old man did something to Meatball back then. Meatball wasn't in danger. It just fell into a deep sleep. Yun Feng couldn't wake it up no matter what. She could only put Meatball in the storage container helplessly. Yun Feng didn't know how long it would sleep, but she had to find a way to wake it up!

Qu Lanyi spent most of his time with Yun Feng every day. When Yun Feng gradually recovered, Yaoyao also came in to accompany her. Qu Lanyi reported Yun Feng's condition to Yun Jing and Yun Sheng every day, so that the two of them wouldn't worry. Even though Yun Sheng didn't like Qu Lanyi staying with Yun Feng all day, he could only grit his teeth and accept the current situation. At this moment, Yun Feng was sitting cross-legged on the bed. Yaoyao had been sitting quietly next to her, staring at Yun Feng with her big blue eyes without blinking, as if she was afraid that she would disappear.

Yun Feng felt the recovery of her mental strength in her body. Even though she had only recovered one third, it was already enough. She had been thinking about her newborn nephew in her mind. As his aunt, she had never even met him!
