Chapter 711: What's Important Is What I Can Do For You (2)

Thinking of this, Yun Feng chuckled. As soon as she opened her eyes, she saw Yaoyao's big eyes. Yun Feng smiled and caressed Yaoyao's head. Perhaps because her water element hatched her, this child had a special feeling of attachment to her.

She moved her body slightly and her bones made crisp sounds. Her miserable body back then had already recovered completely. The healing ability of the light element was truly impressive. Feeling like her body was reborn, Yun Feng felt that the genes of this body seemed to have been modified to a certain extent again, as if she was even stronger than before.

Opening the door, dazzling sunlight shone in. Yun Feng walked out with Yaoyao, wanting to see her newborn nephew, Yun Qingchen, with all her heart. Yun Feng didn't know about Murong Yuntian and the Helian family, nor did she know that these people had already come to the Yun family. She also didn't know that these people had been in the Yun family for a few days. Mu Xiaojin generously prepared a room for Helian Qing and her daughter. Everyone could see that Helian Qing and her daughter looked quite pale.

Even though she was his fiancée, Murong Yuntian didn't have any interaction with Helian Fu at all. There was no telling if they came together. Murong Yuntian talked to Yun Sheng and Yun Jing together and teased Yun Qingchen from time to time. Yun Qingchen had a good impression of this unfamiliar young man and didn't reject Murong Yuntian's intimacy. Yun Sheng joked about whether he should let Yun Qingchen acknowledge him as Yun Qingchen's godfather. Murong Yuntian was as old as Yun Sheng, so he didn't say anything after hearing that. He just looked at Yun Qingchen gently and those clear black eyes for a long time.

The Helian mother and daughter said they were here to congratulate the Yun family, but they didn't leave. It was obvious that they still hadn't given up on the Yun family. Helian Fu tried everything to make Murong Yuntian give up the idea of marrying Helian Fu, but Murong Yuntian didn't. Helian Fu was almost forced to lose her composure, but there was nothing she could do. Helian Fu was also extremely angry. The person she liked was Yun Sheng, but for some reason, Murong Yuntian suddenly jumped out and wanted to marry her!

The three people in the Mu family made the atmosphere a bit awkward. Yun Feng didn't know any of this. When she walked out of the yard, she didn't meet anyone. She picked Yaoyao up and flashed towards Mu Xiaojin's room. When she arrived outside Mu Xiaojin's door, Mu Xiaojin's gentle voice came. "Chenchen really likes you. Thank you for your help these days..."

"It's alright. I like this kid too."

Yun Feng was startled. This voice was both unfamiliar and familiar. It was Murong Yuntian's voice. He was here? Yun Feng put Yaoyao down and slowly opened the door. Mu Xiaojin, who was coaxing her son, looked up and saw that it was Yun Feng. She immediately rushed over with her child. "Xiao Feng, Xiao Feng, you're back!"

Yun Feng looked at Mu Xiaojin and smiled warmly. She looked at the little kid in her arms. Her bright black eyes were staring at her without blinking, as if she wasn't afraid of strangers at all.

Murong Yuntian's body immediately stiffened. Then, he slowly stood up from the table and nodded at Yun Feng. "You're back. Sorry for disturbing you."

Even though Mu Xiaojin had a lot to say to Yun Feng, she suddenly felt that the atmosphere was inexplicably awkward. Perhaps it was Murong Yuntian's stiff and awkward face, or perhaps it was the atmosphere that suddenly froze. Yun Feng frowned slightly and also felt that something was wrong, which made her feel uncomfortable.

"Go in first. It's cold outside." Yun Feng pushed Mu Xiaojin into the room. Murong Yuntian looked at Yun Feng with his eyes and had never stopped gazing at her since she came in.

Mu Xiaojin didn't know what to say. Yun Qingchen, who was in her arms, suddenly moved at this moment. His two chubby little hands stretched out desperately and waved in Yun Feng's direction. Mu Xiaojin smiled when she saw that. "Xiao Feng, Chenchen wants you to hold her!"

Yun Feng was stunned. She looked at Yun Qingchen's beautiful black eyes, which seemed to have a trace of desire. His fair and chubby little hands were also waving desperately. Yun Feng didn't hug him immediately, but Yun Qingchen seemed to be a bit anxious. He pursed his lips and looked like he was about to cry.

Mu Xiaojin immediately put the little thing from her arms into Yun Feng's arms after seeing that. Yun Feng also held it quickly. The baby's body was too soft. Yun Feng was a bit panicked, fearing that she wouldn't be able to hold it and it would fall on the ground. A trace of embarrassment couldn't help but appear on her face. Seeing that, a trace of gentleness appeared in Murong Yuntian's eyes.

"I still have something to do. You guys talk first. I'll be back in a while." Mu Xiaojin left in a hurry after saying that. The atmosphere just then was too weird. Mu Xiaojin was a bit depressed and could only rush out. Yun Feng didn't care about what Mu Xiaojin said because of Yun Qingchen. Yun Qingchen kept moving in her arms. Yun Feng's hands were a bit flustered and she didn't know where to hold him.

"Hold his back and the back of his head." A voice came like a warm wind. Then, a beautiful and slender hand reached over and helped Yun Feng adjust her posture, holding Yun Qingchen firmly in her arms. Yun Qingchen looked at Yun Feng with a smile. His little body was still disobedient and his black eyes were full of smiles. He didn't know who she was, but he felt inexplicably close to her the moment they met.

"You're quite experienced." Yun Feng couldn't help but smile wryly. She held Yun Qingchen in her arms tightly to prevent him from falling again.

"I've practiced for so many days." Murong Yuntian walked back to the table and sat down. He looked at Yun Feng with an inexplicable meaning in his eyes.

"Right, why are you here? Are you here to celebrate?" Yun Feng raised her head and saw Murong Yuntian's change at a glance. He had changed. After these few years, he didn't have the anger and impulse he had when he was young anymore. His face was as bright and handsome as before, but there was a calm aura inside. His strength had also improved further. He should have quite a high achievement.

Murong Yuntian nodded. "It's just one of the reasons."

Yun Qingchen in her arms moved restlessly again. Yun Feng quickly lowered her head and coaxed him gently. The two of them didn't talk anymore after that. The temperature in the room was warm. The laughter of a baby and the girl's embarrassed voice came from time to time. Murong Yuntian just watched quietly. As time passed second by second, he seemed to have turned into a statue sitting there. He kept staring at the girl opposite him with his eyes and saw her rare expression, memorizing it deep in his mind bit by bit.

Chapter 712: What's Important Is What I Can Do For You (3) Translations

"I was wondering where you were going. So, you came here." A cold voice came from the door. Yun Feng looked up and saw a tall figure walking in. She couldn't see his expression under the light. Murong Yuntian stood up and nodded at the person who walked in.

The man who walked in nodded at Murong Yuntian politely and strode to Yun Feng, creating a gust of wind. Then, he sat down next to her. Although nothing could be seen on Qu Lanyi's handsome face, there was obvious displeasure in his eyes.

Murong Yuntian sat down and didn't say anything. The atmosphere fell into a subtle state again. The discomfort he felt just then surged throughout his body again. Yun Feng moved her body. Yun Qingchen in her arms looked at Qu Lanyi with his big eyes, wondering who he was.

"Are you feeling better?" asked Qu Lanyi in a low voice. Yun Feng nodded. "More or less. I'm fine now." She raised her head and looked at Murong Yuntian. Murong Yuntian didn't expect Yun Feng to look at him. His facial features were a bit stiff. "You said it's one of the reasons. What are the others?"

They continued what they were talking about just then. Murong Yuntian smiled lightly and didn't say anything. However, Qu Lanyi slowly picked up a strand of Yun Feng's black hair with his finger and twined it around it. He then looked at the black hair falling from his finger. "Secondly, it's for his fiancée."

Murong Yuntian's jaw tightened. Yun Feng was stunned. "Fiancée? You're getting married?" It was a simple question without any feelings. Murong Yuntian nodded. "Yes, I'm getting married."

"Who's the bride?" Yun Feng asked. Murong Yuntian choked. Qu Lanyi chuckled. "You're no stranger to this bride, Helian Fu."

Yun Feng narrowed her black eyes. Helian Fu? Didn't the Helian family try their best to give her to her brother? How did she become Murong Yuntian's fiancée? "Ah, those two troublesome women have also come to the Yun family. They've been here for a few days," said Qu Lanyi casually as she looked at Murong Yuntian. "Why don't you get married here?"

Yun Feng nudged Qu Lanyi with her arm. Qu Lanyi raised her brows. Murong Yuntian chuckled. "You're right. It's time for the marriage."

"Wait! What's going on? Why did you get involved with the Helian family?" Yun Feng's tone was a bit cold. She knew very well what kind of family the Helian family was. They were like parasites. Whoever provoked them would be swallowed by this family in the future! Murong Yuntian had always been on the East Continent. How would he not know what the Helian family was like? Why did he have to jump into this fire pit?

Qu Lanyi didn't say anything else. She looked at Yun Qingchen in Yun Feng's arms. The two of them looked at each other with their beautiful eyes, which were emitting sparks.

Murong Yuntian didn't say anything. After a while, he stood up. "I'll leave first." Without saying anything, he pushed the door and walked out. Yun Feng's question was still there. She didn't get any answer. Yun Feng frowned. Murong Yuntian, what exactly are you thinking?

"Should I be glad that you have a one-track mind?" A pair of arms gently wrapped around Yun Feng's body. Qu Lanyi held Yun Feng in his arms. Yun Qingchen's body moved. Yun Feng quickly held the little girl tighter.

"What did you say?" Yun Feng looked back at him suspiciously. Helplessness flashed in Qu Lanyi's eyes. "Nothing, nothing."

That night, the sky above the Mu family was bright and there were few stars. A few important guests were still here. Yun Feng didn't appear in front of everyone, but the members of the Mu family knew that Yun Feng was back. However, the mother and daughter of the Helian family obviously didn't know, because the two of them locked themselves in their room all day and nobody knew what they were doing.

Murong Yuntian sat on the stone bench in the yard arranged by the Mu family and looked up at the bright stars in the sky. The side of his face was covered with a layer of hazy light and a gust of wind blew. Murong Yuntian looked at the girl who appeared next to him with a smile at the corners of his mouth.

"You should know what the Helian family is like. If you encounter any difficulties, I'll help." Yun Feng sat on the side. The deal between the Yun family and the Murong family was just a verbal engagement. Yun Feng had the same intention when the Murong family canceled the engagement back then. She didn't have much hostility towards Murong Yuntian. After all, Murong Yuntian and the Murong family weren't the same. If the Murong family needed help, Yun Feng would offer it for Murong Yuntian's sake.

Murong Yuntian didn't say anything. Yun Feng frowned. "Murong Yuntian, do you have to get involved in this?"

Murong Yuntian smiled again and slowly raised his eyes. "Yun Feng, I proposed this marriage myself."

"In person? What do you mean?" Yun Feng was extremely shocked when she heard this. Did Murong Yuntian like Helian Fu? Was that why he had to propose this marriage in person? Thinking of the day she met Helian Fu, Yun Feng frowned again. He liked that kind of woman? That was truly...

"If you brought it up yourself, it's not my place to say anything." Yun Feng raised the corners of her mouth and was skeptical about Murong Yuntian's taste. "Helian and his daughter haven't given up on the Yun family. You... can accept this?"

Murong Yuntian was stunned. He knew that Yun Feng misunderstood something. He smiled wryly and didn't tell the truth. "Whether they give up or not, Helian Fu must marry me."

Yun Feng nodded. "If you insist, then... I wish you happiness."

A glint of darkness flashed through Murong Yuntian's eyes. The girl had already got up indifferently and was about to leave. Murong Yuntian couldn't control the surging emotions in his heart. He grabbed the girl's slender wrist with his fair hand. Yun Feng slowly turned around. "What's the matter?"

Murong Yuntian held Yun Feng's wrist gently and felt that his heart was burning. His throat became inexplicably dry and his voice was already hoarse. "Are you alright?"

The girl put on a faint smile after hearing that. The moonlight shone down and smeared on the girl's lips. "Very good." The burning place in Murong Yuntian's heart suddenly calmed down and a faint warmth flowed throughout his body. He slowly loosened his hand, leaving the fresh fragrance lingering on his fingertips.

"If you're in trouble, I'll help you," Yun Feng repeated. Murong Yuntian smiled brightly. "I'll remember this."

Yun Feng suddenly felt that she seemed to have missed something. Some things were buried deep in Murong Yuntian's eyes that she couldn't see clearly. Murong Yuntian smiled at Yun Feng. "Go back. The night breeze is cold."

Chapter 713: What's Important Is What I Can Do For You (4)

Yun Feng looked at Murong Yuntian's familiar yet unfamiliar face and said softly, "Murong Yuntian, do you really love her?"

Murong Yuntian was stunned. "It doesn't matter whether I love her or not. What's important is..."

"Is what?" Yun Feng whispered in confusion. Murong Yuntian chuckled. "No, nothing. Let's go back."

Yun Feng looked at him in confusion. She felt a bit weird in her mind, but she didn't have time to care about it. Her body flashed and she had already disappeared from the night sky. Murong Yuntian looked at the figure that suddenly disappeared before he slowly lowered his black eyes and looked at his hand. "What's important is that this is the only thing I can do for you."

The Helian mother and daughter lived in the guest yard of the Mu family. Because of the special relationship between the Mu family and the Yun family, and the birth of Yun Qingchen, a large area of the Mu family was dedicated to entertaining guests. Murong Yuntian lived here, and so did the Helian mother and daughter, but they were a bit far away. The Helian mother and daughter didn't go out for the entire day. They had already stayed in the Yun family for a while. They certainly had their own thoughts.

"Mother! I don't want to marry Murong Yuntian!" Helian Fu looked at Lady Helian who was sitting there and said relentlessly.

Lady Helian's face was cold and she didn't look any better. She couldn't figure out where Murong Yuntian came from! He specifically said that he wanted to marry Helian Fu! "Compared to the Murong family, the Yun family is the one the Helian family should marry! I really don't know what that person is thinking!" Lady Helian said hatefully with unwillingness in her heart.

"Mother, think of a way quickly, or I'll really have to marry Murong Yuntian!" Helian Fu's eyes were full of resentment. After seeing Mu Xiaojin, she was even more furious in her mind. Mu Xiaojin wasn't as

beautiful as she was! Her strength was just so-so! She only got close to Yun Sheng because she had a good relationship with his sister! If she had known Yun Sheng earlier, she would be the one giving birth right now!

Thinking of Yun Qingchen, Helian Fu gritted her teeth in anger. What was so great about having a child? It was like they were announcing it to the world!

“As your mother, I’m trying to do something! In order to let you marry into the Yun family, we can only make Yun Feng give in!”

“How can we do that? Yun Feng is so protective!”

Lady Helian thought for a while and suddenly chuckled. “It’s very easy to make someone who’s protective of their loved ones talk.”

Helian Fu’s eyes brightened. Lady Helian waved her hand and Helian Fu immediately went over. The two of them mumbled for a while with a smile in Helian Fu’s eyes. “Mother’s plan is indeed ruthless. You’re comparable to that person!”

Lady Helian immediately said coldly, “Don’t talk too much. There are ears on the wall!”

Helian Fu immediately shut up. The mother and daughter looked around carefully. Before they could heave a sigh of relief, a cold voice had already appeared, making their originally red faces pale in fear! “What’s your plan?”

The mother and daughter looked at the empty room with a pale face. Lady Helian asked in a trembling voice, “Who... Who’s there?”

“Why? Are you afraid that someone will hear you do something shameful?” The cold voice continued. The mother and daughter stood together tightly, their bodies trembling slightly. The void in front of them suddenly shook. When a beautiful face appeared in front of the mother and daughter, they immediately screamed, “Yun... Yun Feng!”

Yun Feng’s black eyes were cold and there was a smile at the corners of her mouth. The Helian mother and daughter stepped back continuously and their bodies hit the tables and chairs in a sorry state. In the end, they fell on the ground. “Didn’t... Didn’t you go out?”

There was a wicked smile at the corners of Yun Feng’s mouth. “Unfortunately, I just came back. Now, let’s continue what we were talking about.” Yun Feng suddenly extended her hand. Lady Helian screamed as she was dragged by an invisible force. “Pa!” Her cold and slender fingers grabbed her neck firmly. Yun Feng slowly narrowed her black eyes with dark light flashing. “Tell me, who is that person?”

“W-What person?” Lady Helian’s face was pale. She covered the back of Yun Feng’s hand with her cold and sweaty fingers, but she didn’t dare to move, fearing that the hand holding her neck would make her die the next second.

“Let go of my mother!” Seeing that her mother’s neck was grabbed by Yun Feng, Helian Fu was about to pounce on her. Yun Feng grunted in disdain and raised her other hand gently. Helian Fu’s body was thrown aside and she fell on the ground softly without moving anymore. Seeing that, Lady Helian’s face

became even paler and her lips trembled hard. Seeing the fear in her eyes, Yun Feng smiled. "Don't worry. She's not dead."

The fear in Lady Helian's eyes didn't diminish. Her hands were wet and cold with sweat. Yun Feng didn't exert any strength on her fingers. She held her neck gently. The artery on Lady Helian's neck was beating crazily, shaking Yun Feng's fingers. "Who is that person?" Yun Feng asked again. Lady Helian bit her lips and said with a trembling voice, "I... I don't know what you're talking about."

Yun Feng raised her brows. She knew that she wouldn't ask so easily. There must be something behind the Helian family's sudden rise, and the person behind it must have an ulterior motive! "You're not telling?" Yun Feng smiled evilly and tightened her fingers slightly. Lady Helian immediately opened her mouth, and Yun Feng tightened her fingers. "You're not telling?"

Lady Helian breathed desperately with a pale face, but Yun Feng's fingers grabbed her trachea tightly and tightened. Lady Helian's face slowly flushed and her body kept twisting. She tried her best to grab Yun Feng's arm, but Yun Feng's strength didn't weaken at all.

"You're still not talking?" Yun Feng looked at Lady Helian's face that was gradually turning the color of pig liver. Lady Helian gritted her teeth and her body trembled violently. Her eyes had already moved up slightly. Yun Feng loosened her grip slightly and Lady Helian roared, "I don't know..."

"Even if you're dead, you won't tell?" Yun Feng squeezed her hand fiercely. Lady Helian couldn't catch her breath and her face flushed. Apparently, she was about to die. Yun Feng loosened her hand again. Lady Helian came back from the verge of death and panted desperately. Her body kept shaking like she was being electrocuted. She was covered in cold sweat and her face was red and pale.

Yun Feng completely loosened her fingers. Lady Helian's body collapsed on the ground and she didn't even have the strength to stand. Yun Feng slowly sat on the chair on the side. "Lady Helian, why don't you tell me the plan in your mind so that I can give you some advice? Don't you think?"

Chapter 714: Hide-and-Seek, Begin (1)

Lady Helian's body trembled again and again. She was so scared in her mind. She originally wanted to settle the matter while Yun Feng wasn't here, but she didn't expect her to come back. Lady Helian sat on the ground silently with a thousand thoughts in her mind. She regretted having anything to do with the Yun family a bit. If the Helian family died just like that, wouldn't all her efforts for so many days be in vain? Besides, that person wouldn't let the Helian family off! Lady Helian gritted her teeth hard and bit her lips, but she didn't know it. Yun Feng sat there quietly and saw Lady Helian's expression. She was more and more certain that there was something behind the Helian family.

"The Helian family won't disturb the Yun family anymore." Lady Helian finally found her voice and said with a tremor in her voice. Yun Feng raised her brows and continued listening calmly. "The Helian family thinks too highly of themselves if they think they can get close to the Yun family! From now on, they'll definitely not have any plans on the Yun family!"

Yun Feng chuckled. "It's good that you have such a realization, Madam Helian. I won't have to do anything."

Lady Helian trembled again. She shouldn't have fantasized about the Yun family. Thank goodness... Thank goodness Yun Feng didn't do anything. Thinking of the Karan Royal Family that had disappeared on the East Continent, Lady Helian couldn't help but break out in cold sweat again. The royal family had completely disappeared because of one person. She was truly risking her life this time.

"Xiao Fu and I will say goodbye tomorrow. We'll never step into this place again and we won't come to provoke you!" What Lady Helian said made the smile in Yun Feng's eyes deepen. Yun Feng stood up. Lady Helian shivered and lowered her head, not daring to look at Yun Feng's face. The person in front of her was just a sixteen-year-old girl, but she was terrified.

"If that's the case, I won't disturb you anymore." Yun Feng slowly walked to the door and suddenly stopped. Lady Helian's breath immediately tightened. "Lady Helian, I'll definitely find out what I want to know." This sentence pierced Lady Helian's heart like an arrow. Lady Helian only felt dizzy. She had to set off and go back immediately. She had to tell that person immediately. The Helian family had finally risen. She couldn't let this mistake ruin everything!

"I don't understand what you're talking about." Lady Helian put on a stiff smile. As long as the Helian family hid themselves and didn't contact that person for a while, even Yun Feng wouldn't be able to get anything on them!

Yun Feng chuckled softly. Lady Helian only heard a faint sound of the wind in the sky. When she raised her head shakily, Yun Feng was already gone.

When Yun Feng returned to her room, she was surprised to see Qu Lanyi waiting for her. She raised her brows. Qu Lanyi chuckled. "You're back?"

Yun Feng nodded and looked inside. Yaoyao and Meatball were both sleeping quietly. Qu Lanyi was sitting in the outer room wearing a white shirt. His slightly sexy collarbone was exposed at the collar with a curve that made people fantasize. His slender male body was wrapped under the shirt with perfect soft curves.

Yun Feng sat down and faced Qu Lanyi. "You know I went out?"

Qu Lanyi didn't answer Yun Feng. A glint of light flashed through his black eyes. "Is there something wrong with the Helian family?"

Yun Feng nodded. "A family that rose rapidly in a short period of time either has a peerless genius or is pushed by someone behind the scenes."

Qu Lanyi's finger gently stroked his smooth chin. His skin was very delicate under the dim yellow light. "Are you going to investigate?"

"The Helian family wants to marry the Yun family. According to the Helian family's past methods, they'll definitely do something to the Yun family. However... they're too naive. If they want to swallow the Yun family, they'll have to see how big their stomach is." Yun Feng's words were cold. Qu Lanyi extended his long arm and pulled Yun Feng over from the opposite side, putting her between himself and the table. He wrapped his arms around her waist and slowly raised his head. "You went to see Murong Yuntian?"

Yun Feng was stunned for a moment and nodded. Qu Lanyi slowly leaned forward and hugged Yun Feng gently, leaning his face against her soft body. "What did you say?"

Yun Feng raised the corners of her mouth. "Nothing much." Thinking of what Murong Yuntian said, Yun Feng had doubts in her mind. Qu Lanyi didn't ask anymore. The two of them remained in the hugging position and let time pass. Yun Feng was a bit tired from standing. She let go of Qu Lanyi's arm. Seeing that, Qu Lanyi pulled her again and Yun Feng was already sitting in his arms.

"What are you doing?" Yun Feng blushed and was about to get up. Qu Lanyi suddenly put his hand on her waist and held her body in his arms comfortingly. He wrapped his arms around her and put his chin on her shoulder, breathing gently on her cheek.

"We're leaving tomorrow. Aren't you going to let me hold you for a while longer?"

Yun Feng's body stiffened and she slowly turned around. Their cheeks rubbed gently and their eyes finally met. "You... know?"

Qu Lanyi smiled and scratched Yun Feng's cheek. "Why? You don't want me to know?"

Yun Feng was slightly stunned. She still couldn't figure out how her thoughts were seen through. Qu Lanyi sighed slowly. "You've visited the Helian mother and daughter. They certainly won't have the courage to stay here tomorrow. The person behind the Helian family has a lot of questions. You'll certainly go and find out. And I should stay here to guard the camp, right?"

The thoughts in her mind were exposed one by one. Yun Feng's expression immediately froze. Seeing Yun Feng's stunned expression, Qu Lanyi couldn't help but smile. He leaned over with his thin lips and planted a kiss on the cute girl's face, which finally eased her expression.

"It's good that you know. Yaoyao and Meatball must stay here too. It's not convenient for them to stay with me." Yun Feng frowned and pondered. Qu Lanyi sighed and hugged her even tighter. "What reason do you have? Are you going to follow them in secret?"

"We've already alerted her. It won't be good to follow her secretly. It's better to monitor and investigate her openly." A smile appeared in Yun Feng's black eyes. That smile was full of confidence. Qu Lanyi was stunned. "What reason is it that she won't reject?"

Yun Feng chuckled. "I don't need a reason. It's just because I'm Yun Feng." The strong confidence in her words made the girl's face shine. Qu Lanyi couldn't help but feel a bit stunned and didn't say anything for a while. Seeing that he seemed a bit stunned, Yun Feng couldn't help but ask, "Why?"

Qu Lanyi looked at the girl's clear black eyes. The glitters of light in them were like the most dazzling stars in the sky. They were so bright and dazzling! He couldn't help but want to get close to her and take her for himself... A commotion suddenly surged in his heart. The softness of the girl's body suddenly attacked her mind. The place where the two of them touched became hot, making the blood in Qu Lanyi's veins boil and burn gradually!

Chapter 715: Hide-and-Seek, Begin (2)

He gently pulled the girl's cheek with his big hand and held the back of her head. His thin lips leaned over and kissed her smooth and tender cheek gently. Yun Feng's cheeks were slightly red and shyness flashed in her black eyes. Qu Lanyi only felt like the volcano in his heart suddenly erupted and he wanted to squeeze the person in his arms completely into his body.

The scorching kiss landed on Yun Feng's tender cheeks and extended to the corners of her mouth. Her red lips were trembling gently, like a flower that had just bloomed and was being caressed by the breeze. Qu Lanyi's breath was hot. Their bodies were pressed against each other and their hearts were beating crazily.

He pressed his slender fingers against her soft red lips and rubbed them slowly, feeling the soft touch on her fingertips. Qu Lanyi's black eyes suddenly darkened and his hot breath kept getting closer and closer until they finally touched. Yun Feng felt that her head was dizzy. An unusually hot temperature came from her lips. The heat spread from the nerves on her lips to her entire body, making her hot. She couldn't help but reach out and try to push him away. She exerted her strength slightly and found that she had lost all her strength.

Qu Lanyi slowly lowered her eyes, hiding the darkness in the depths of her black eyes. He held the girl in her arms tightly and kissed her carefully, feeling the heat of their lips and the restlessness in her heart. Sensing Yun Feng's slight resistance, she couldn't help but press the girl's back with her big hand, making her closer to her and pressing her lips even harder. Qu Lanyi's breathing gradually became rapid and his fair handsome face was also a bit red. Under his hand was the girl's soft curves and the intoxicating fragrance on his lips.

Yun Feng closed her eyes. She was a bit dizzy. She was indeed dizzy. Her body was as numb as if an electric current had passed through it. She lay in his arms weakly. Her eyelashes fluttered and her lips were weak. She didn't see Qu Lanyi's slightly red cheeks or those blood-red eyes when he raised his head again.

After an unknown period of time, the two of them slowly separated. The scorching temperature didn't drop. Yun Feng's red lips were swollen and her black eyes were full of confusion. Qu Lanyi slowly adjusted his breathing and held her body in his arms again. He pressed her head against his chest where his heart was beating like thunder. The blood in his eyes faded bit by bit until they were pure black like the night.

Yun Feng leaned in Qu Lanyi's arms obediently and listened to his heartbeat through her thin clothes. She felt that her heartbeat, which was as chaotic as his, was dropping bit by bit. She felt that his rapid and scorching breath was slowly cooling down. Qu Lanyi's body was hot, but Yun Feng felt unusually comfortable.

"Let's sleep together today." Qu Lanyi's deep voice came into Yun Feng's ears. Yun Feng blushed, and Qu Lanyi laughed hoarsely and gloomily. "I was just kidding." Yun Feng grabbed the front of Qu Lanyi's clothes, and found that her hands were sweating. Qu Lanyi's body tightened, and the temperature of his body rose again. He held the girl in his arms tightly and disappeared from the room.

When Yun Feng came back to herself again, she was already lying on the slightly cold bed. Qu Lanyi put his arms on both sides of his body and looked down at her from her top. His black eyes seemed to be burning with fire, getting more and more passionate.

"What are you doing?" Yun Feng roared with a flushed face. "If you dare to move, I'll kick you away!"

Qu Lanyi chuckled and lay down next to Yun Feng. Then, he turned his body to the side and looked at Yun Feng's blushing face. Without any explanation, he pulled Yun Feng into his arms. The scorching

temperature pressed against her again. Qu Lanyi held the girl in his arms tightly and whispered, "Yes, I'll do whatever you ask me to do. If you don't let me, I won't move."

Yun Feng's body trembled slightly. Qu Lanyi put on a beautiful smile at the corners of his mouth. He slowly tightened his arms and felt how close their bodies were to each other. He knew that this woman was what he wanted. The only thing he wanted.

Yun Feng closed her eyes and put her arms around the man's slim waist gently. Then, she gently tightened her body and got closer. The warmth spread to her skin and pressed against her heart. There was a smile on the girl's peaceful face. Her steady breathing came and gradually dissipated in the thick night.

The next morning, the Helian mother and daughter said goodbye to Yun Jing and were about to leave after saying a few words in a hurry. Even though Yun Jing was puzzled, he couldn't help but heave a sigh of relief. The mother and daughter could finally leave. The Helian mother and daughter got up and were about to leave as if they were fleeing from a disaster. Both of them were a bit flustered in their minds. They came to say goodbye early in the morning and wanted to leave secretly, but this wasn't appropriate. Yun Feng shouldn't have woken up so early in the morning. After all, she still hadn't shown up!

The mother and daughter were terrified in their minds. They stepped out of the door of the front hall a bit unsteadily and their bodies suddenly tightened as a clear voice sounded. "You two, you're leaving in such a hurry?"

Helian Fu subconsciously looked at Lady Helian. Lady Helian quickly calmed herself down and turned her head stiffly. Yun Feng slowly walked out from the side and looked at the two of them with a faint smile in her black eyes. "Yes, it's been a long time."

"Are you going to prepare for Helian Fu and Murong Yuntian's marriage?" Yun Feng asked casually. Lady Helian's eyes glittered. "Right, right, right. It's time to go back and prepare. I'll take my leave now!" Lady Helian turned around and was about to leave with Helian Fu. She didn't dare to stay here for a second longer.

"If that's the case, I'll escort you back." What Yun Feng said almost made the Helian guests kneel on the ground. Yun Jing was also extremely surprised on the side. Yun Feng slowly walked over. "Murong Yuntian and I are quite close. I certainly have to help him with his marriage arrangement and take good care of his fiancée. After all, the Helian family is a big family right now. If something happens on the way, wouldn't my friend's marriage arrangement be affected? Besides..." Yun Feng had already walked to Lady Helian's side and her voice was as soft as wind, making Lady Helian shiver.

"With the Helian family's current status, the Yun family should congratulate them. This is a rare opportunity. Don't you agree, Madam Helian?"

Lady Helian's face immediately turned pale. Yun Feng wanted to go back with her? That would be terrible! Helian Fu was already speechless on the side. Both of them were silent. Yun Feng chuckled. "Madam Helian, don't worry. I don't have anything else to do right now."

Chapter 716: Hide-and-Seek, Begin (3)

Madam Helian was thinking of an excuse, but Yun Feng's words stopped her. She could only stand there with a pale face and laugh dryly. "This... How can I accept this? The Yun family just got a new baby. You can't just leave like this!"

"Thank you, Madam Helian. There are a lot of people protecting the Mu family. I'm very relieved. Let's go now." Yun Feng interrupted Madam Helian and didn't give her any chance to speak. The Helian mother and daughter only felt a force pushing them forward from behind. Yun Feng followed behind with a smile and a friendly look.

"Wait!" A voice sounded. Yun Feng looked back and saw Murong Yuntian rushing over, as if he had heard what she said just then. "If that's the case, I'll go with you. I've never had the chance to greet the elders of the Helian family." Murong Yuntian walked over and glanced at Yun Feng. Yun Feng didn't say anything, but the expressions of the Helian mother and daughter froze again. Why was Murong Yuntian here?

Lady Helian's face was almost green. She was going home. Why did she feel so bummed? "Mother... Let's get out of here first..." Helian Fu mumbled softly, thinking that she didn't hear anything. Yun Feng's black eyes glittered on the side. Lady Helian slowly took a deep breath. That's right. Let's get out of here first!

"If Young Master Murong says so, let's go together. Then, Master Yun, we'll take our leave first." Lady Helian held Helian Fu's hand and walked out. Murong Yuntian followed behind. Yun Feng also followed and waved at her sullen father. "I'll be back soon. Don't worry, father."

Yun Jing was puzzled, but he didn't stop Yun Feng. Feng had her own judgment in her mind, and she knew what she was doing. Murong Yuntian, Yun Feng, and Helian Jing left Mu City for the Helian family together. The trip wasn't short. After walking for about four to five days, they finally arrived at the base of the Helian family, a city in the northwest of the Fengyun Empire called Hualian. This city was kind of a second-rate city in the Fengyun Empire. It was quite similar to Mu City and was also controlled by a family. It was the Helian family now. It used to be the Hua family, but after the marriage alliance with the Helian family, the Hua family was swallowed by the Helian family.

During this period of time, the Helian mother and daughter hadn't done anything. Yun Feng and Murong Yuntian observed them in secret. Yun Feng thought that the two of them wouldn't do anything at all in front of her. "Please reading on N?WN0V?L.0?G" Once they arrived at the Helian family, they would more or less expose themselves. Yun Feng always felt unhappy if she didn't find out who the mastermind was.

As for why Murong Yuntian followed them, Yun Feng didn't ask much. Perhaps it was just as he said, he wanted to visit the elders of the Helian family seriously. Murong Yuntian didn't ask Yun Feng about her real purpose either. The four of them basically came to Hualian without saying anything along the way. When the guards of the Helian family saw the Helian mother and daughter come back, they all shouted, "Madam, Miss Fu, you're back!"

Lady Helian nodded stiffly and revealed Yun Feng and Murong Yuntian behind her. The guard was stunned. "Madam, this is..."

Lady Helian said coldly, "Tell Master that Yun Feng and Murong Yuntian are here!"

“Yun, Yun, Yun, Yun... Yun...” The guard widened his eyes and looked at Yun Feng with a trembling voice. Lady Helian glared at him, and the guard immediately ran in like a gust of wind. Lady Helian led Yun Feng and Murong Yuntian into the Helian family. After walking a few steps, Yun Feng heard messy and complicated footsteps rushing over without stopping.

A few figures rushed over quickly. Lady Helian immediately straightened her face and shouted at the man who arrived first. “Master.”

Yun Feng looked up and sized up the man in front of her. He was ordinary. No matter what he did, he was extremely ordinary. He didn’t look like a man who could do great things and achieve great achievements. He seemed too shabby to be the leader of the family. “Yun... Yun Feng? What an honor!” Yun Feng frowned slightly when the man spoke. Murong Yuntian was the same. This was the leader of the Helian family?

“Master Helian, you’re too kind.” Yun Feng smiled lightly and sized him up again without a trace. The smile on the man’s face was even a bit fearful. Murong Yuntian said on the side, “Master Helian, I’m Murong Yuntian!”

“Xiao Fu’s fiancé is here too. That’s great.”

Murong Yuntian and Yun Feng had the same doubts in their minds. How exactly did the Master of the Helian family push the Helian family to its current height? Perhaps... this man was pretending? Whether or not he was pretending, she would take things as they came. There would always be an answer to what she wanted to know. Yun Feng smiled gently and replied to the Master of the Helian family. Even though the Master of the Helian family looked too ordinary, the others didn’t dare to breathe loudly when the Master of the Helian family spoke. Even Madam Helian was the same, with a respectful attitude.

The Murong family prepared a grand welcome banquet that day. The entire Hualian City was quite stirred and the members of the Hua family were also extremely surprised. It was very rare for them to see Yun Feng here. It was a blessing to be able to see this great summoner!

Yun Feng smiled at everyone. Murong Yuntian was supposed to be the star of the occasion, but she stole the limelight. The banquet lasted until very, very late. The master of the Helian family was very excited and drank a lot. Many people were drunk during the banquet. When the banquet ended, it was already late at night.

The Helian family gradually returned to silence. The master of the Helian family was carried back by the servants after drinking too much. Yun Feng also drank a lot during the meal, and so did Murong Yuntian. The two of them were helped back to the guest rooms with trembling feet. The night became quieter and quieter. The girl, who was lying on the bed with her eyes closed, suddenly opened her black eyes. They were clear and she wasn’t drunk at all.

There had been something strange about the Helian family from the beginning to the end. The way this family behaved, the inexplicable attitude of the Helian family’s master and the others. Yun Feng sealed the space around her and had already left the room. She stood in the sky above the Helian family and fixed her black eyes in one direction as she quickly flew over. That was the room where the Helian family’s master was carried into after he was drunk!

As soon as Yun Feng came out of the door, she saw Murong Yuntian. He had also sealed the space around him and came here, but Yun Feng was stronger than him, so she could certainly see through him. Murong Yuntian entered the room and Yun Feng also flashed inside. Yun Feng walked into the inner room and saw Murong Yuntian standing in front of the window of the Helian family's master. Yun Feng came forward and looked around with her black eyes. There was no one on the bed!

Chapter 717: Hide-and-Seek, Begin (4)

A faint energy fluctuation came with an obvious intention of testing. Yun Feng narrowed her black eyes. The Helian family had a hidden master! With Murong Yuntian's strength, he would undoubtedly be seen through! Yun Feng reached out and directly broke Murong Yuntian's spatial blockade. Murong Yuntian was shocked and was about to counterattack. Yun Feng pulled hard and covered Murong Yuntian's mouth with her fair hand. "Don't make a sound."

Murong Yuntian's body stiffened. He only felt that there was a fragrance at the tip of his nose. He quickly suppressed his lust and nodded. Yun Feng slowly let go of his hand and felt the faint energy fluctuation slowly approaching her. Murong Yuntian stood next to Yun Feng and even his breathing became so soft that it couldn't be heard.

"Alright," said Yun Feng with coldness in her eyes. Murong Yuntian was puzzled. "What happened just then?"

Yun Feng looked around the room with her black eyes and smiled coldly. "The Helian family is indeed not as simple as I thought. I didn't expect there to be a hidden master. A force was testing me just then. This force has already reached the Monarch Level."

"Monarch Level!" Murong Yuntian gasped. Yun Feng's black eyes glittered and she was about to leave. Murong Yuntian was stunned. "Where are you going?"

"Of course, to find the mastermind." There was a smile in Yun Feng's eyes. She flipped her hand and the Finger Spiritual Jade appeared in her hand! Looking at the glittering dots on the jade, the corners of Yun Feng's mouth slowly curled up.

Once the Finger Spiritual Jade recorded someone's aura, it would lock onto that person's location firmly. No matter how that person hid, even if the space was sealed, the Finger Spiritual Jade would point out that person's location with incomparable precision, exposing the person without a doubt. Yun Feng followed the direction of the Finger Spiritual Jade in her hand and had already circled outside of Hualian City. She kept moving forward. Thinking of how Qu Lanyi was chased in the area of the Bright Moon Hall, she thought that the Finger Spiritual Jade was the culprit.

The glittering spots on the jade pendant were moving too. They didn't notice anyone following them. They kept moving at a certain speed, and Yun Feng followed them at a safe distance. Murong Yuntian followed silently and left Hualian City for an unknown place. He looked at the girl's face in silence. He didn't know where they were going. He just followed her. There seemed to be peace in the air. He felt that it didn't matter even if they didn't reach the end as long as they were together.

Yun Feng didn't notice what the man next to her was thinking at all. She only focused on the Finger Spiritual Jade. The flashing light had already stopped abruptly. Yun Feng also stopped immediately.

Murong Yuntian's thoughts were interrupted. He also stopped and was about to say something. Yun Feng raised her finger to ask him to shut up.

This was an empty wilderness. Hualian City was located in the northwest of the Fengyun Empire. This was a relatively remote area and the distance between the cities was also very far. There was a huge empty area in the middle. At this moment, the place Yun Feng was chasing was already quite far away from Hualian City.

The cold wind blew in the night sky, lifting Yun Feng's black hair and clothes. She looked ahead with her black eyes. Why did that person stop? Yun Feng thought carefully and planned to get closer. Seeing that Yun Feng was about to move, Murong Yuntian immediately followed her, but Yun Feng shook her head gently.

Murong Yuntian frowned. Did Yun Feng mean that he would stay here and go there alone? Murong Yuntian also shook his head firmly. Yun Feng couldn't help but feel helpless. She immediately didn't say anything else. When she was about to move forward, she was shocked to see that the glittering light on the jade pendant was coming back at them at a lightning speed!

Yun Feng's heart tightened. It seemed that the other party had discovered them! Her mental strength immediately surged out of her body. She had already noticed that the energy was rushing towards her without hesitation! Yun Feng snorted in disdain as her mental strength collided with the energy!

"Boom!"

The peaceful ground made a loud noise because of the deliberate collision of these two forces! Dust also stirred up on the flat ground!

Murong Yuntian's expression changed slightly and his fighting energy also burst out in an instant! The dust was lifted abruptly. Yun Feng narrowed her eyes and looked over the dust fog. In this empty wilderness, the dust fog that suddenly surged revealed a hint of a weird atmosphere!

Yun Feng and Murong Yuntian looked nervous. The dust slowly fell and a person stood there. The moonlight cast a shadow. That person slowly walked out of the shadow. He was neither tall nor short. That ordinary and humble face was that of the master of the Helian family who disappeared from the room!

"Master Helian?" Murong Yuntian whispered in confusion, but he didn't dare to relax at all. Yun Feng frowned even more tightly. The person in front of her was the Master of the Helian family, but not the Master of the Helian family they knew!

Perhaps because of the darkness, the master of the Helian family was full of evil at this moment. This evil seemed to be born in him and surged out of his body endlessly. A smile slowly appeared on his ordinary and humble face during the day. The evil in it was chilling!

"Why are you following me?" The master of the Helian family asked with a smile. Yun Feng stared at the man in front of her with her black eyes. With the strength of the Monarch Level, such a weird smile and temperament, how could a person change so much between day and night? It was simply the difference between heaven and earth!

“The Helian family has indeed hidden themselves well,” said Yun Feng casually. The master of the Helian family chuckled. “Yun Feng, you flatter me. If I didn’t have some ability, I wouldn’t have been able to do what I did today.” The master of the Helian family caressed his other hand with one hand. This move was extremely ordinary, but it gave Yun Feng a strange feeling in her eyes. This thought flashed through her mind and she felt inexplicably uncomfortable in her mind.

“It’s already so late. What can I do for you?” The master of the Helian family took a step forward and Murong Yuntian suddenly stood in front of Yun Feng, unleashing all his fighting energy. The master of the Helian family couldn’t help but chuckle when he saw this. “What’s wrong? My future son-in-law seems to want to fight me?”

Murong Yuntian only felt oppressed in his mind. A deep sense of danger rose in his heart. This Master of the Helian family was so weird tonight that he unconsciously made defensive moves!

Yun Feng’s black eyes darkened and she waved her hand abruptly, attacking the master of the Helian family with her mental strength. A glint of light flashed through the eyes of the master of the Helian family and he raised his wide sleeve. Yun Feng’s mental strength collided with the power of the master of the Helian family again. Murong Yuntian only felt a coldness flashing behind his back. Yun Feng jumped at this moment and an ice blue chain immediately appeared in her hand. The coldness surging on the chain was already entering his body!

Chapter 718: Entering the Foggy Forest Again (1)

“What’s the meaning of this?” The master of the Helian family looked at Yun Feng and didn’t do anything else. Yun Feng’s eyes glittered. “Master Helian, who exactly are you?”

“Who am I? I’m the leader of the Helian family.” The leader of the Helian family put his hands behind his back peacefully, but Yun Feng suddenly burst into laughter with a hint of coldness in her black eyes. “Then why do I feel a trace of other aura on you?”

The Helian family’s master’s face froze and then darkened. He stared at Yun Feng and didn’t say anything else. The atmosphere suddenly became as heavy as a mountain. Murong Yuntian stood aside vigilantly. After hearing what Yun Feng said, he felt even more strange. A trace of other aura? What did it represent?

Yun Feng looked at the Helian family’s master’s gloomy face and the coldness in her eyes became deeper. “Do you think these disguises are still useful in front of me? Don’t forget that I’m a summoner!”

Murong Yuntian widened his eyes and looked at the silent Master Helian. A thought flashed through his mind. How... How was that possible?

The Master of the Helian family suddenly let out a weird laugh with a gloomy face. “I forgot that you’re a very tricky problem.” As soon as he said that, the Master of the Helian family’s body fell on the ground weakly. A gust of dark wind surged out of his body and landed on the side. The dark wind faded and the man in black robe stood there. His black hair almost merged with the night. The black robe on his body was embroidered with red dark patterns. The front of his shirt was opened, revealing his white skin. The moonlight shone on it with a faint luster.

There was a hint of flirtatiousness in his long and narrow eyes. There was a faint green light in the color of his eyes and his facial features were extremely charming. His body was wrapped in clothes, but it couldn't hide the beauty of his curves. Yun Feng's black eyes turned cold. The man's hand gently brushed her cheek and his slightly long nails also had a luster, looking strangely flirtatious.

Yun Feng had already swung the ice blue chain in her hand without hesitation! "Swish!" The ice blue chain swept towards the black-robed man with a gust of coldness. The black-robed man smiled creepily and bent his body in a surprising posture, dodging the entanglement of the chain. He waved his hand with long nails gently to the side and the Helian family's master, who was lying on the ground like a corpse, slowly got up!

Surprise flashed through Yun Feng and Murong Yuntian's eyes. The master of the Helian family got up from the ground. There was no longer anyone on his face. He was like a walking corpse. His face was pale and his eyes were lifeless. His body suddenly burst out at an astonishing speed and pounced towards Yun Feng!

"Boom!"

The body of the master of the Helian family, which had just flown over, was thrown away! Murong Yuntian stood next to Yun Feng. The outburst of his fighting energy made him look extremely imposing. Murong Yuntian looked at the master of the Helian family, who got up from the ground after being knocked away by him, and his black eyes completely darkened.

"I'll deal with this one. You take care of him!" Murong Yuntian roared as he took out his weapon and pointed it at the body of the Helian family's master, who was running over again. The two of them immediately fought! Yun Feng narrowed her black eyes. A gust of wind suddenly flashed past her and her body moved aside. The chain in her hand danced and wrapped around the black shadow she missed. However, that black shadow escaped like a snake!

Yun Feng gritted her teeth. She knew that the opponent in front of her wasn't an ordinary person, but someone who was as strong as her! She might be at a disadvantage if she wasn't careful!

"Earth Shield!" With a furious shout, the earth element instantly formed an absolute defense around her. The mocking voice of the black-robed man sounded. "Why? Are you so afraid of death?" Yun Feng ignored the man's malicious provocation. She had to remain calm and rational in a life-and-death battle!

The black-robed man stood in the sky and waved his fair hands impatiently. The strong defense of the earth element prevented the attack from hurting Yun Feng at all. The black-robed man was a bit anxious. "The earth element is indeed troublesome!" A glint of darkness flashed through the black-robed man's slender eyes as he sped up his attack. He shouted crazily, "Yun Feng! You're so scared that you don't dare to come out! The legendary summoner of the East Continent? I think you're just so-so! You're only fit to hide behind!"

Provocation, ridicule! The black-robed man's words became more and more vicious and outrageous. He was provoking her! Yun Feng stood behind the earth element with a calm mind like the surface of the water. The dense mental strength in her spiritual space slowly melted and surged out of Yun Feng's body. The black-robed man's increasingly arrogant curses didn't last long and he had already noticed that something was wrong.

Speaking of timidity, Yun Feng was indeed like this right now. She didn't do anything under the defense of the earth element. She let this man insult her like this and didn't fight back at all, but the man in black robe felt inexplicably panicked. What was going on? This anxiety of constantly leveling up!

"Yun Feng! Get out here!" The black-robed man couldn't hold back anymore in the end. His pupils shrank fiercely and he waved his slender hand fiercely, launching a fierce attack at Yun Feng! At the same time, the Earth Shield that hadn't moved at all shattered! The black-robed man was delighted, but this joy only lasted for a moment. Then, he completely froze!

"This... This..." The black-robed man's long eyes were filled with disbelief and the depths of his pupils flashed fiercely a few times!

"Roar..." The roars of wild beasts tore through the silent sky! Yun Feng stood in the air as the wind blew her sleeves. The girl's face was cold and she looked like a god standing in the sky. And standing next to her were three completely different giant beasts!

The raging flames enveloped a wolf-like giant beast. The fire wolf stared at the black-robed man in front of it fiercely with its red eyes. Its entire body was red and suppressed roars came! On the other side, there was a giant ice-blue python with bone-piercing coldness in its ice-blue eyes. The giant python opened its mouth and its sharp giant teeth and snake-like roars came one after another. Behind Yun Feng was a huge dragon body shining with purple light!

The simulation of the three elements appeared at the same time!

This scene was terrifying! If other mages saw this, their jaws would probably drop and they would call Yun Feng a lunatic!

After Murong Yuntian punched the body of the Murong family's master away fiercely, he looked at the scene in the sky with a stiff body. She... What level had she reached right now?

Yun Feng stood between the three giant beasts in the air and smiled coldly at the black-robed man. "As you wish. I'm out."

Chapter 719: Entering the Foggy Forest Again (2) Translations

The black-robed man's face darkened. The arrogance and pride he had just then were gone. The shock in his eyes slowly faded. The man's shoulders began to shake, as if he was suppressing his laughter. His shoulders shook more and more violently. In the end, his laughter couldn't be suppressed anymore and suddenly burst out!

"Hahahahaha, hahahahaha!" This laughter was full of endless excitement!

Yun Feng slowly narrowed her eyes and looked at the black-robed man without batting an eyelid. The black-robed man laughed until his entire body trembled. Those long eyes suddenly flashed with dim light. He suddenly raised his arm and waved his black sleeve with red patterns. Yun Feng's black eyes flashed with coldness!

"Swish, swish, swish!"

The black-robed man stood in the air with three identical black-robed men standing next to him!

Yun Feng glanced at the four black-robed men who looked exactly the same with her black eyes. Were they shadows or something else? The four black-robed men raised their wrists gently. The four of them moved exactly the same way, as if they were looking at a mirror!

“Yun Feng, you’ve aroused my interest. I’m interested in playing with you now.” The four voices overlapped infinitely, as if one person was talking. The four strange voices overlapped, making Yun Feng’s ears hurt.

Murong Yuntian was also shocked when he saw this scene! Three clones! At this moment, the master of the Helian family attacked again. Murong Yuntian quickly calmed his mind and focused on dealing with the master of the Helian family, who couldn’t retreat no matter how he fought and didn’t know pain at all. He had completely lost his mind! Yun Feng, is she really alright... Just as Murong Yuntian had this thought, the master of the Helian family had already pounced on him. Murong Yuntian gritted his teeth. What was he thinking? How could anything happen to Yun Feng? What he needed to focus on right now was how to paralyze this difficult guy on the ground!

“I’m also interested in playing with you.” Yun Feng’s red lips curled up and opened gently. “Go.” The three giant beasts suddenly let out a roar and three giant beasts with simulated magic elements ran over together!

“Hahahaha, let’s play then!” There was a twisted excitement on the faces of the four men in black robes. Three of them faced the three giant beasts, while Yun Feng’s black eyes darkened slightly. Amidst the roars and roars, she suddenly turned into a beam of light and joined them!

The battle began. It was impossible to tell which of the four black-robed men who looked exactly the same was the original body anymore. The three giant beasts faced one each, and Yun Feng didn’t want to tell which one was the original body at all! “Roar...” One of the giant claws of the Fire Wolf pounced on one of the black-robed men fiercely with burning flames. The black-robed man smiled weirdly and dodged to the side. Unexpectedly, a heat wave flew behind him!

“Fire Arrow!” The fiery red arrow quickly drew a bright red mark in the air and hit the black-robed man fiercely. The sharp claws and fangs of the fiery wolf then arrived. The black-robed man dodged in panic and was already injured. Yun Feng’s black eyes darkened. A real entity. This was a real entity!

She glanced at the two people who were fighting with the ice snake and the purple dragon on the side with her black eyes. Her body flashed and she had already rushed over. She tested them and got what she wanted. The expression on Yun Feng’s face became more and more gloomy. They were both real!

A gust of wind came right at her face. Yun Feng’s cheek tilted slightly and her body moved forward instead of dodging. While dodging the attack, she had already swung her heavy fist!

“Boom!”

The two of them faced each other. Their eyes were facing each other. Her clear black eyes and his slender eyes with pale green light looked at each other. Yun Feng’s heavy punch directly hit the black-robed man’s abdomen. There was no pain on the black-robed man’s face. There was only a creepy smile!

“Swish!”

The two figures only collided for a moment and quickly retreated. There was a complacent smile in the eyes of the black-robed man. He looked up at Yun Feng, but he didn't expect to see the same complacent smile! The black-robed man was suddenly stunned!

"You..." The muscles on the face of the man in the black robe twitched fiercely as he stood there with a weird expression. Yun Feng stood far away and slowly opened her hand. A trace of faint fiery red elements oozed out of her fair fingertips and slowly dissipated.

"You're indeed difficult to deal with." The man's thin lips curled up slightly as Yun Feng replied indifferently, "Same to you."

The light in the eyes of the black-robed man reappeared. He waved his black sleeve and the three clones suddenly disappeared, turning into three gusts of wind that directly entered the body of the black-robed man. Yun Feng's black eyes darkened slightly as she squeezed her hand fiercely. The three giant beasts formed by the magic elements also disappeared instantly!

Magic simulation required the support of a huge amount of mental strength. Logically speaking, it was possible to simulate three giant beasts at the same time like Yun Feng did, but it was absolutely impossible in the magic world to persist for so long and continue using magic to attack! No mage could withstand the output of such a huge amount of mental strength. Magic simulation could be said to be the last life-saving move of a mage. It could only be used when there was no other choice. And Yun Feng obviously didn't think so, let alone do this!

The only use of those three giant beasts was to test the waters!

Using a life-saving technique to test the other party, any mage would scream that only a lunatic would do that. Yun Feng happened to be someone who couldn't be understood with common sense. The consumption of Yun Feng's mental strength when the three giant beasts disappeared was quite huge, but it was still bearable as a whole. The two of them looked at each other in the sky like this. The battle hadn't ended yet. Their subtle movements would cause an even more intense collision!

"Why bother?" The man in black raised his thin eyebrows and said gently. He looked at Murong Yuntian, who was fighting on the side, with an amused look. "Is he your sweetheart?"

Yun Feng smiled coldly. "Don't think I don't know what you're planning. Don't even think about touching the Yun family!"

The black-robed man smiled happily. "The Yun family has something that makes people drool..." The black-robed man looked at Yun Feng with scorching eyes. "Perhaps, it's on you?"

Yun Feng chuckled. "There are a lot of things on me that people covet. What are you talking about?"

This calm reply made the black-robed man furious. "Kid, do you really think I'm afraid of you?"

Yun Feng's smile became even more unrestrained. "I don't know if you're afraid of me, but I'm not afraid of you." Yun Feng's smile suddenly disappeared and gloominess burst out of her body, making the black-robed man feel a little pressure. "Tsk! How annoying! I can't do anything even if you disrupt my pace. I can't stay here anymore." The black-robed man said as his facial features frowned slightly. He suddenly laughed weirdly and waved his black sleeves!

Chapter 720: Entering the Foggy Forest Again (3)

Yun Feng was shocked and suddenly felt that something was wrong. She lowered her head and a silver thread appeared on her chest. The other part of the thread was held in the hand of the black-robed man!

“What are you doing?” Yun Feng suddenly panicked in her mind. She was about to cut off the silver wire without thinking, when the black-robed man’s weird laughter sounded like a magic spell. He rolled up his black sleeve again. Yun Feng only saw that something with faint light was instantly dragged by the silver wire and left her body!

That’s... Yun Feng’s black eyes widened abruptly. Her body was suddenly empty and a kind of warmth was suddenly taken away. That ball of light was taken away by the black-robed man and he held it in his hand. The moment he held it, the black-robed man was suddenly startled and then burst into weird laughter!

The space suddenly changed and the laughter of the black-robed man also stopped abruptly. A terrifying energy quickly expanded and then... roared over!

The black-robed man held the light ball in his hand tightly as his body moved quickly like a ghost, dodging the elemental attack with five colors! “I didn’t expect you to be a five-element mage. You are indeed difficult to deal with...” The man dodged quite awkwardly. Yun Feng’s attack was on a completely different level from before. The five colors intertwined crazily without any order, like five wild beasts that only knew how to chase each other!

“Bang, bang, bang!” “Boom, boom, boom!”

A loud bang came from the place where the black-robed man dodged. The chaotic stone ground and the raging emotions! The expression of the black-robed man finally changed under this crazy attack. She was indeed a lunatic! The black-robed man suddenly flashed to the sky and held the ball of light tightly with his hand as he smiled evilly. “If you mess around again, I’ll crush it!”

The attack suddenly stopped, leaving only the chaotic sound of stones and the ground that was about to crack! Yun Feng stood there with suppressed emotions in her black eyes. She stared at the black-robed man in front of her. “Let go!”

The man in black robe smiled weirdly again. Yun Feng clenched her fists abruptly and the veins on the back of her hands bulged. Her mental strength surged out of her body uncontrollably and crashed around in the surrounding space!

“Yun Feng, this is the price you have to pay for angering me!” The black-robed man suddenly said coldly as his long-nailed fingers shrank slightly. Yun Feng’s pupils shrank. “I’ll say it again. Let go.”

“Haha, you’re not qualified to bargain with me right now! You ruined my business. You asked for it!” The black-robed man still wanted to say something, but he suddenly stopped talking and his expression changed slightly. Yun Feng narrowed her black eyes. She wanted a chance, a chance that she could take!

“Even though you make me unhappy, you’re indeed interesting.” After saying that, the space around stirred slightly. Yun Feng’s face tightened and she didn’t care about the others anymore! The black-robed man looked at Yun Feng who was rushing over and smiled evilly. “I’ll take him away.”

Yun Feng suddenly extended her hand and wanted to grab the black-robed man, even if it was just a corner of his clothes! She clenched her fists tightly and only grabbed the air! The space suddenly shook and Yun Feng's body was bounced off by this fierce force! The black-robed man instantly distorted into a ball of black and disappeared in this space!

Yun Feng looked at the place where the black-robed man disappeared in a daze. It was empty. She didn't catch him. She... let him get away!

The Helian family's master, who was fighting with Murong Yuntian, this walking dead who never knew pain or retreat, finally closed his eyes and fell on the ground again. Murong Yuntian was slightly relieved. The body of the Helian family's master on the ground didn't get up again. Murong Yuntian walked forward and couldn't help but feel shocked. This was a cold corpse. It wasn't a living person at all!

Murong Yuntian suddenly raised his head and saw Yun Feng descend from the sky. He left the dead body behind and ran over. He stopped a dozen meters away from Yun Feng. He couldn't move anymore and stood there quietly.

Yun Feng stood there and didn't know what she was thinking. Her black eyes were completely black. She slowly raised her hand and covered her heart. Then, she closed her eyes tightly and her consciousness sank into her spiritual space. The five-color dense elements kept flowing in her spiritual space, containing faint powerful energy. And the person who always urged and guided her on the road of summoners was gone.

Murong Yuntian stood far away and didn't get close. An extremely oppressive atmosphere spread around Yun Feng. Finally, Yun Feng raised her head. Her black eyes were unprecedentedly bright! That light only made Murong Yuntian panic!

"If you go back, I guess the Helian family will completely disappear from the East Continent after today." The voice and the expression were calm, but Murong Yuntian somehow felt panicked. "What about you? You're not going back with me?"

Yun Feng chuckled and disappeared into the sky. Murong Yuntian wanted to follow her, but he couldn't find her. "Yun Feng! Yun Feng!" Murong Yuntian's voice echoed in the night sky.

In the sky, a figure quickly moved forward, crossing several areas of the Fengyun Empire and kept moving west. In the dark night, this figure suddenly stopped above the Foggy Forest. Yun Feng stood in the sky and looked at the familiar area under her feet. She didn't hide her Monarch Level aura at all, which immediately caused panic!

The mercenaries in the outermost area of the Foggy Forest only felt their hearts palpitate and they almost couldn't breathe. They subconsciously looked up at the sky, but there was nothing. The Magic Beasts in the Foggy Forest were all extremely restless. Yun Feng kept moving deeper into the Foggy Forest. Her Monarch Level aura continued to spread like a tide, announcing without restraint that she was here!

The Foggy Forest was connected to the Ten Thousand Beast Mountain Range. It could be said to be a small part of the tail that extended out of the Ten Thousand Beast Mountain Range. The areas where the Magic Beasts were active were also strictly divided into levels. The Foggy Forest hadn't been stirred for a long time. Ever since a young summoner broke in a few years ago and caused a panic in the

outermost area of the Foggy Forest, the Foggy Forest had already returned to peace. The Magic Beasts lived peacefully in their own areas. Even though there were still humans who came with the dream of getting rich, it didn't matter.

However, today, right now, the commotion in the Foggy Forest rose again. When a figure stepped into the Foggy Forest from the sky, all the Magic Beasts inexplicably panicked. The low-level Magic Beasts quickly returned to their nests and some mid-level Magic Beasts also hid themselves. That impressive momentum made them feel breathless!
