

Summoner 751

Chapter 751: Meatball Appears (5)

“Have you gained weight?”

Meatball’s body, which was still flapping, suddenly froze. Its fluffy tail immediately covered its belly and it looked at Yun Feng with its big innocent eyes. “Nana, nana.”

Yun Feng suddenly thought of something and immediately checked the space of her bracelet. She had put the huge pile of ultimate ores she got from the Yun Palace inside. She didn’t think so much when she threw the unconscious Meatball inside back then, but after checking, Yun Feng finally understood what happened. Half of the ultimate ores that were like a small mountain back then were gone! Yun Feng knew where the half of the ultimate ores disappeared.

No wonder this little thing came out so late. It must be because it was full and satisfied.

“You ate them?” Yun Feng asked. Meatball widened its eyes pitifully and patted the back of Yun Feng’s hand with its tail, asking her not to be angry. “Nana, nanana...” Yun Feng didn’t understand what Meatball said, but she could know what it was talking about. Yun Feng wasn’t concerned about the ultimate ores. She was worried that Meatball would explode after eating so many of them!

She flicked Meatball’s forehead mercilessly with her finger. Meatball narrowed its big eyes with tears in them. Yun Feng didn’t hold back at all and hit it a few more times in a row. Meatball only growled a few times and let Yun Feng bully it like this.

“If you eat without my permission again, I’ll throw you away!” Yun Feng said fiercely. Meatball immediately nodded, indicating that it would tell her before it ate next time. Yun Feng sighed helplessly. Why was it so greedy? Why was it so... gluttonous?

“It’s good that it’s awake. You don’t have to worry about it anymore.” Qu Lanyi smiled. Even though Yun Feng had never mentioned Meatball, she had always been worried in her mind. Yun Feng chuckled. “It’s best if it comes out, or all the good stuff will be in its stomach. Right, I suddenly felt a vague elemental energy just then!” Yun Feng said happily. Qu Lanyi was also quite surprised. He was about to congratulate her when he suddenly thought of something.

“Fengfeng, are you saying that you suddenly felt elemental energy just then?”

Yun Feng nodded as an idea suddenly flashed through her mind. Both of them glanced at Meatball in Yun Feng’s hand and Meatball cried out cooperatively. Qu Lanyi touched his chin and looked like he was deep in thought, while Yun Feng directly lifted Meatball in front of her eyes. The eyes of the human and the beast looked at each other with reflections in them.

“Perhaps... everything happened because of you?”

Meatball blinked and rolled its big innocent eyes a few times. Yun Feng still looked at it in confusion. In the end, she loosened her fingers and Meatball’s body quickly jumped onto Yun Feng’s shoulder, rubbing against it gently as if it was pleasing her. Yun Feng sat there and pondered for a long time.

Was it really because of Meatball’s appearance, or was it because of her? “After I close my eyes, don’t do anything.” This was said to Meatball on her shoulder. Yun Feng didn’t know if Meatball understood

her or not. She then slowly closed her eyes and released her mental strength slowly. What she got was still blank.

Yun Feng quickly opened her black eyes. She already had a clear answer in her mind. It really had something to do with Meatball! She lifted Meatball's body up again and touched it with her finger. This was the first time Yun Feng touched Meatball at such a close distance. Meatball seemed delighted. Yun Feng touched its body with her finger and it looked comfortable. Qu Lanyi couldn't help but look a bit gloomy when he saw that. He walked over and squatted down. Seeing Meatball's satisfied expression, he whispered, "Why do I feel like it's taking advantage of you?"

Yun Feng was stunned for a moment. Meatball suddenly gnashed its teeth at Qu Lanyi, dissatisfied with what he said. Yun Feng touched Meatball's round body with her hand and examined it with her mental strength during the process. Just like before, there weren't any elemental energy waves on Meatball's body.

"What exactly is going on..." Yun Feng withdrew her hand. What exactly was Meatball? The ancestor once said that there were only two types of creatures without any elemental fluctuation. The abandoned lowest level, and the so-called Fantastical Beast on the highest level of the pyramid! She had already come into contact with Fantastical Beasts. Ah Jin was very unfamiliar with Meatball. How would he not know if Meatball was a Fantastical Beast? Yun Feng was very sure right now that Meatball wasn't a Fantastical Beast. It could only be the abandoned lowest level... However, this was the most impossible!

She had seen Meatball's ability with her own eyes. The abandoned Meatball at the bottom would have already been eliminated in the world of Magic Beasts. Meatball yawned comfortably after Yun Feng touched it and hid its sharp teeth, looking cute again. Qu Lanyi frowned. "Fengfeng, where exactly did it find it?"

"The Foggy Forest. I met it the first time I entered the Foggy Forest to contract with Little Fire." Yun Feng recalled the scene at that time in her mind. Why would Meatball stick to her? This question still had no answer.

"There will always be an answer to what it is, but you should explore how you can communicate with it. When will it say the second word other than that?" Qu Lanyi was a bit teasing. Speaking of this, Yun Feng also had a headache! Meatball had essentially been contracted, but she still couldn't understand what it said. From the beginning until now, Meatball hadn't said another word. Communication was indeed a problem.

"No matter what, with Meatball here, my elemental sensitivity will be increased. I can feel the elemental energy." Meatball sat on Yun Feng's shoulder again. Yun Feng closed her eyes again. The blankness just then had already changed abruptly. Stars of elemental energy floated on it. Yun Feng opened her eyes with a smile at the corners of her mouth. "I think we should go back."

The problem of stimulating the sensitivity of the elements was solved after Meatball appeared. What Yun Feng wanted to do the most right now was to try it herself. She would be able to succeed with the advanced three-star potion! Qu Lanyi nodded and the two of them immediately returned to the Pharmaceutical Institute silently. Yun Feng went into the separate pharmaceutical lab and found a formula for a advanced three-star potion. After preparing the herbs she needed, she started to make

her own medicine. This time, it was even more obvious. When she closed her eyes, she seemed to have established an inexplicable connection with Meatball. Those materials where she couldn't sense the elemental energy at all had all changed.

Chapter 752: The Quarterly Assessment Begins (1)

Qu Lanyi waited outside quietly. He had enough confidence about Yun Feng's potion this time. After a while, the door was opened and Yun Feng walked out with a bottle of potion in her hand. She waved it at Qu Lanyi. Qu Lanyi stood up and wiped the sweat on Yun Feng's forehead without saying anything. Light elements slowly seeped into her body. Qu Lanyi suddenly frowned after checking Yun Feng's body. "You consumed so much mental strength?"

Yun Feng chuckled. She sat on the chair a bit tiredly and looked at the bottle of potion in her hand. "Every time I make medicine, I have to fuse the elements. It's natural that my mental strength is consumed. As expected of a high-level three-star medicine. My mental strength is consumed more than I thought."

"So, the higher the level of the potion, the more mental strength it consumes for you?"

Yun Feng nodded. "Indeed, but the consumption is still within my tolerance. It's not a big deal."

"If the advanced three-star level is like this, the consumption of the masters and grandmasters will exceed the limit you can bear!"

Yun Feng smiled. The reason why she came into contact with potions wasn't to become a master-level figure! The way she made potions could be said to be unique. If everyone used this method like her, the master-level potions would be extinct.

"It's enough as long as we can get the director to make the Fusion Fluid. As for the rest, we'll talk about it later."

Qu Lanyi nodded. "Indeed. Your manufacturing method is appalling in the pharmaceutical world. Nobody would believe it unless they saw it with their own eyes."

Yun Feng chuckled and shook the bottle in her hand slightly. The potion inside showed even colors and emitted a beautiful luster. "Other people might fail to make potions."

"But you didn't." Qu Lanyi looked at Yun Feng with pride in his black eyes. Yun Feng laughed, and Qu Lanyi continued, "Once the potion is successfully made, it will definitely be... perfect."

Yun Feng didn't say anything else. She looked at the bottle in her hand with her black eyes. Meatball sat on Yun Feng's shoulder and cried softly. Yun Feng caressed its body gently with her finger. "In that case, I'll wait in peace."

The three-month period was almost over. There was still one week to go. The entire Pharmaceutical Institute was gradually stirred. The attention on Yun Feng and Lan Ling also became crazier. Lan Ling was still nowhere to be seen, but Yun Feng kept appearing in front of everyone unusually. It didn't matter when she appeared. Meatball that appeared on her shoulder attracted everyone's attention.

This was the first time that everyone in the Pharmaceutical Institute truly realized Yun Feng's identity as a summoner. Even though this Magic Beast looked harmless and even completely like a pet, it still made these young people extremely excited.

"What's its name?" Yan Xiaoshi looked at Meatball with glittering eyes and looked very curious. Everyone on the Fengyun Empire's side was in such a state. Even Xia Jingyi, who was the calmest, couldn't hide the curiosity in his heart. Summoners were too mysterious and powerful for them!

"Meatball." Yun Feng said casually. Meatball seemed to be a bit protesting. "Nana!" It had told Yun Feng its name. Meatball could actually be changed! Even though Meatball's name was Na Xie, in Yun Feng's mind, Meatball was more realistic.

"Meat... Meatball?" Yan Xiaoshi was stunned. Then, the others all burst into laughter. "Hahaha, hahaha! What kind of weird name is that?"

"But seriously, Meatball is indeed a meatball!"

Meatball was extremely dissatisfied. It simply turned around and pointed its butt at the others, venting its anger alone. Yun Feng didn't care. Meatball wasn't aggressive at all on the outside, which also fooled a lot of people. When some girls wanted to reach out and touch it, Meatball showed its ability to change its expression without hesitation. Its ferocious expression and sharp teeth scared some girls to tears back then. Everyone also clearly realized that any Magic Beast of a summoner couldn't be underestimated no matter how harmless it looked.

After the few girls were scared to tears, everyone watched from afar. Meatball only showed this side of itself when some people tried to get close to it. It was still extremely cute at other times. When everyone figured out this rule, they didn't dare to have the thought of getting close to Meatball anymore. However, Yun Feng touched and even bullied Meatball without restraint, which made many people very envious. For example, Yun Feng dared to swing Meatball around casually, flick its forehead, and even grab its tail. Meatball would only make a few sounds at most. If others dared to get close to it, it would be ready to greet them with its sharp teeth and ferocious expression.

The difference between heaven and earth made everyone blush. Even Qu Lanyi was the same. Of course, Qu Lanyi didn't have a good impression of Meatball either.

A Magic Beast appeared on Yun Feng's shoulder. Everybody in the Pharmaceutical Institute was talking about it. Many people paid more attention to Yun Feng's identity as a summoner. When the Karan Empire still existed, Yun Feng destroyed the Karan Royal Family with her own hands and the earth-shattering battle in the capital of the Cashya Empire. These young people had heard about the two Magic Beasts that Yun Feng had with her, even in a place like the Pharmaceutical Institute. They certainly hoped to see them with their own eyes.

Yun Feng only smiled. Little Fire and Lan Yi were far away on the West Continent, so they certainly couldn't come back. Even if they were by her side, they would only come out when necessary. They weren't people whom other people could chat with for fun in their free time. Naturally, some people hoped that Yun Feng would release the Magic Beasts for everyone to see, but Yun Feng didn't do anything at all, which made many people a bit dissatisfied and even disappointed. Gradually, some people who couldn't get satisfaction in their minds started struggling again.

“Does she really have a contracted Magic Beast? If she does, why didn’t she show it to everyone?”

“I think those two were fabricated by someone else! I didn’t see her wearing the Ring of Contract!”

Some inexplicable words were circulating. These young people of the Fengyun Empire certainly defended Yun Feng passionately. Even though they had never seen her before, they had never doubted Yun Feng at all! Yan Xiaoshi was the first to bear the brunt. It was truly difficult for others to take advantage of Yan Xiaoshi in a war of words.

This time, to Yun Feng’s surprise, Shang Rui also stood up. She wasn’t as noisy as Yan Xiaoshi. She only said one sentence, which shocked the audience!

Chapter 753: The Quarterly Assessment Begins (2)

“I saw it with my own eyes in the capital back then. Just because you haven’t seen it doesn’t mean that there isn’t one. Everyone in the entire capital is Yun Feng’s witness! Also... only certain people want to see it. Don’t take everyone with you for no reason. Yun Feng doesn’t have the obligation to satisfy your curiosity!”

These domineering words received a warm response from the Fengyun Empire’s side. Shang Rui blushed and said awkwardly, “I was just telling the truth.”

Yun Feng smiled. Shang Rui seemed even more embarrassed. Soon, three months passed. The night before, in the resting room of the Fengyun Empire, everyone from the Fengyun Empire surrounded Yun Feng.

“Tomorrow will be the day of the final battle! Yun Feng, are you ready?” Yan Xiaoshi said loudly with surging emotions. Yun Feng was a bit helpless and she nodded along. The pharmacists of the Fengyun Empire immediately cheered. Xia Jingyi sat aside and said with anticipation, “I’ve never seen you make potions. I can learn from you this time.”

“That’s right! I’ve never seen you make potions even once!” Yan Lei shouted in realization and received the response of the others. Shang Rui also looked forward to it. Feeling these unusually expectant gazes, Yun Feng could only lift the corners of her mouth. She wondered what expression they would have when they saw how she made potions tomorrow.

Qu Lanyi sat aside and said thoughtfully, “You should look forward to it. You’ll learn a lot.”

Yun Feng glared at him. As expected, Qu Lanyi’s expectant gaze became even more enthusiastic after what he said. Yun Feng suddenly felt a headache. Would her battle with Lan Ling tomorrow really be broadcast live?

Yun Feng didn’t know until the next day that it wasn’t a live broadcast at all, but a grand live observation!

The assessment of an advanced three-star potion maker was indeed eye-catching. As the only advanced three-star potion maker in the Pharmaceutical Institute, Lan Ling attracted many people to watch her assessment every time. It was very difficult to become an outstanding potion maker and Lan Ling had such a high achievement, so there were naturally a lot of things for people to learn. So, many students

of the Pharmaceutical Institute came to study every time Lan Ling took the assessment, but this time,”” it was obviously not as simple as studying.

A platform was set up in the empty space between the two rows of houses in the Pharmaceutical Institute. There were two tables on the platform with some necessary equipment for making potions. There were people in every direction below the platform. The reason why the platform was so high was so that they could see the process of the potion maker from all angles.

All the students and teachers of the Pharmaceutical Institute were here today. Although there were also people who came to watch Lan Ling’s assessment before, there weren’t as many as there were now. Now, everyone was sitting here with excitement and anticipation on their faces.

The teachers of the Pharmaceutical Institute were also present. This was a situation that wouldn’t happen in any other occasion, especially during the student assessment. Usually, only one teacher was in charge of the assessment and they would take turns. Early in the morning, a lot of people had gathered around the platform. The scene was already very lively before the two main characters appeared.

“Who will win this time?”

“It’s hard to say. Lan Ling hasn’t shown up recently. She must be working harder. Yun Feng, on the other hand...”

“She did show up during the last period of time, but she seemed to have nothing to do all day.”

“In my opinion, it’s impossible for an advanced one-star to catch up to an advanced three-star in three months!”

“Yeah, how can it be so easy to reach the advanced three-star level?”

“Ah, just watch. There’ll be a result eventually. We’ll know after the result is out!”

“Hahaha, I’m looking forward to what happens afterwards. Which party is apologizing?”

There were voices of ridicule. The pharmacists of Ovey and Shengyao were the most relaxed. They were purely observers. Whoever won would be a good show for them. Both Fengyun and Cashya were nervous and hostile. The pharmacists of the four empires sat in four directions, and Fengyun and Cashya sat opposite each other. Both parties looked angry.

“You from the Fengyun Empire! Just wait to apologize to us!” Someone from the Cashya Empire shouted. Yan Xiaoshi was still the first to jump up on the Fengyun Empire’s side.

“Bastards! Just wait and see who apologizes!”

“What did you say? Yan Lei, you shameless bullhorn!”

The scene became chaotic for a moment. Yan Xiaoshi certainly fought back without hesitation. The people of the two countries listened to the curses of Fengyun and Cashya. At this moment, Xia Jingyi pulled Yan Xiaoshi down and asked him not to continue. Yan Xiaoshi grunted heavily and sat down. He glanced around and saw the director and a few people walking over.

When the director came, the scene immediately became quiet. There were two people next to the director. The students didn't know these two people, but they were familiar with the clothes they were wearing.

"Oh my God! That's someone from the Pharmacists' Union!"

"Only elders can wear those clothes! Damn! Are they elders?"

Yan Xiaoshi blinked a few times and stared at the two people next to the director. "Seriously? It's already unusual for the director to show up in person. The people of the Pharmacists' Union are here to join in the fun?"

The scene fell into slight chaos again. The appearance of the two figures with the director caused a small climax. One of them was Elder Dan Qing, who personally sent Yun Feng to the Pharmaceutical Institute, while the other looked extremely serious and didn't smile at all.

"Those clothes belong to the elders. The two elders are here in person." Xia Jingyi was also quite excited as he looked at the two elders. An elder of the Pharmacists' Union must be quite powerful. Perhaps he had reached the master level!

"She's famous. She's really famous..." Yan Lei was still in a daze. He turned around and looked at Xia Jingyi. "If Yun Feng wins, do you think she'll directly enter the Pharmacists' Union?"

Xia Jingyi pondered for a few seconds. "Even if she doesn't win, she'll enter sooner or later."

Chapter 754: The Quarterly Assessment Begins (3)

The students all gazed at the two elders eagerly. Even the teachers of the Pharmaceutical Institute were delighted. The elders were the senior members of the pharmaceutical world. It wasn't easy to meet them. When the three of them came, the director raised his brows.

"You two are the center of attention."

"You're mistaken. The students are all looking at you." A smile appeared on Elder Dan Qing's friendly face. Even if he didn't smile, people would still feel close to him.

"Hm! I'm not so old that my eyes are blurred." The director grunted unhappily. Elder Dan Qing smiled a bit helplessly and looked at the man who was not smiling at all. "Dan Su, what do you think?"

Elder Dan Su, who had been wearing a serious expression, glanced at Dan Qing and didn't bother to say anything at all. Seeing Dan Su's face, the director said, "When have you ever heard him express his opinion?"

The three of them had already walked to the front of the platform. There were special seats there and they sat down one after another. Elder Dan Qing looked at the students who had already gathered and asked slowly, "Both of them are your disciples. I don't think you're nervous at all."

The director chuckled. "What's there to be nervous about? It's good for both of them. Lan Ling has been the only three-star high-level pharmacist in the Pharmaceutical Institute for so many years. It's time for someone to eclipse her."

“Oh? Are you so sure that the kid has the ability?” Dan Qing asked with a smile at the corners of his mouth. The director turned his head and looked at Dan Qing with his eyes. “Dan Qing, stop playing dumb. Don’t you know Yun Feng better than anyone else?”

Dan Qing burst into laughter happily and nodded. He looked at Dan Su on the other side of the director. “Dan Su, you can look more carefully this time.”

Dan Su didn’t say anything. He sat there expressionlessly. That face made people nervous. The director glanced at Dan Qing suspiciously. “You called Dan Su here together. Are you here to poach her from me?”

Dan Qing laughed. “Don’t worry. Nobody can take your disciple away.”

Dan Su frowned and finally said, “Not interested.”

Dan Qing couldn’t help but chuckle after hearing this. Dan Su was famous for being rigorous and serious among the four elders. He could be said to be the most unreasonable one. He was meticulous and didn’t know how to be flexible when he did anything. When he told him about Yun Feng back then, Dan Su certainly didn’t believe him. Now that there was a chance, he came to find out the truth together.

The director was upset after hearing that. Even though he didn’t want anyone to steal this disciple from him, he couldn’t be despised like this! The director shook his wrist and the advanced one-star potion Yun Feng made appeared in his hand. Dan Qing’s eyes immediately brightened when he saw that. “Did that kid make this?”

The director’s face was full of pride as he put the potion in Dan Su’s hand. Dan Su’s eyes moved slightly after observing carefully. The director couldn’t help but feel even more proud when he saw this. “Of course, that kid made it. How is it? The probability of a perfect quality potion appearing is quite low. I saw that kid make it with my own eyes, finishing it in one go.”

“In one go? Reaching the perfect level in one try?!” Dan Qing couldn’t help but exclaim. Even though he knew that Yun Feng had a promising future, he didn’t expect her to have such a high talent! She succeeded on the first try and it was a potion with such a low chance of reaching the perfect level. Even they rarely succeeded on the first try. It was really... astonishing!

Dan Su’s eyebrows also moved slightly. The director snatched the bottle of medicine and fiddled with it a few times, waiting for Dan Su’s evaluation. Dan Su was silent for a few seconds. “It’s nothing.”

Dan Qing chuckled again, while the director’s expression froze. He put away the bottle and mumbled, “You’re so stubborn.”

At this moment, the scene suddenly became noisy. The three of them looked over and saw that the two main characters on both sides of the platform had finally appeared! Immediately, the scene was completely stirred. Yan Xiaoshi immediately stood up and raised his arms, shouting, “Yun Feng, go for it! Long live Fengyun!” The people of the Fengyun Empire certainly raised their arms and shouted, while the people of the Cashya Empire certainly didn’t want to admit defeat. Both sides shouted in unison.

Yun Feng couldn’t help but feel stunned when she saw this scene. Even though Yan Xiaoshi told her that all the members would be here today, she didn’t expect that such a conspicuous position was needed to

make potions? Also, wasn't the person sitting on the opposite side of the platform the old man, the director? And next to him... was Elder Dan Qing?!

It was just an assessment for the senior students of the Pharmaceutical Institute. Did they have to make such a big fuss? Even the elders of the Pharmacists' Union came in person?

Yun Feng raised the corners of her mouth. She really had a headache. Meatball on her shoulder yawned and sat there quietly, as if it was used to it. Qu Lanyi, on the other hand, stood below the platform and smiled at Yun Feng. "You should've gotten used to such a scene earlier. It's not the first time."

Yun Feng smiled speechlessly. It wasn't the first time indeed. She should really get used to it. Lan Ling on the other side of the platform was also shocked. It wasn't that nobody had watched her assessment before, but she really didn't expect everyone to come this time! And the assessment was on such an eye-catching platform! When Lan Ling glanced at the opposite side of the platform, she was suddenly stunned!

That was her teacher! Lan Ling watched excitedly. The director had never shown up in any of the previous assessments. This time, he certainly made Lan Ling excited. What made her even more excited was the two people sitting next to the director. Lan Ling's eyes widened abruptly. Weren't those the elders? Why were they here? There were even two of them!

Lan Ling looked at the three people sitting together as her body trembled gently. Today, it wasn't just an assessment, but also a once-in-a-lifetime opportunity! Whether or not Yun Feng could admit defeat was already secondary. Lan Ling immediately decided that she had to try her best to show her best side and perform well! It wasn't easy to meet the elders of the Pharmacists' Union. She must seize this opportunity this time. She might be recognized and directly enter the Pharmacists' Union!

While Lan Ling was thinking excitedly, Yun Feng didn't seem to care at all. She immediately climbed the stairs and walked to the platform. Seeing that, Lan Ling also climbed up immediately. Her steps were a bit unsteady because of excitement. She was trying her best to suppress the excitement in her heart and kept telling herself to calm down!

Chapter 755: The Quarterly Assessment Begins (4)

The students below the stage cheered again. Yan Xiaoshi even shouted happily, "Yun Feng, go for it! You'll win!"

After the students cheered for a while, a teacher among the pharmacists finally stood up. The venue immediately fell silent. Yun Feng and Lan Ling were already standing next to their tables, waiting for the content of the assessment this time.

"The assessment this time is a bit different from the past. In the past, the director designated the potion formula for the advanced three-star assessment, but this year, it's designated by the elders of the Pharmacists' Union!" What he said made everyone exclaim! The elders of the Pharmacists' Union would designate it! Yun Feng looked at the other side in surprise. Elder Dan Qing smiled at her kindly. Yun Feng felt awkward no matter how she looked at him.

Two teachers walked to the platform and gave Lan Ling and Yun Feng a potion formula each, as well as the herbs and materials they needed. Both of them looked at the formula. Lan Ling couldn't help but

turn a bit pale after glancing at it. Yun Feng looked at the formula without any change in her expression. Her face was a bit pale and Lan Ling couldn't help but turn her head to look at Yun Feng. When Lan Ling found that Yun Feng was indifferent, she gritted her teeth fiercely. How could she possibly lose? Yun Feng must be pretending. In fact, she was extremely nervous in her mind!

Yun Feng looked at the potion formula and Meatball also looked at it with its big eyes. Its little claws even reached out and touched the paper. Yun Feng glanced at the herbs and materials on the table. It seemed that she had three chances.

Both of them were looking at the formula. The students craned their necks and were very curious about what potion they were going to make. They couldn't tell anything from their expressions. Dan Qing, who was sitting on the opposite side of the platform, was a bit surprised when he saw Meatball on Yun Feng's shoulder. "What's that thing on Yun Feng's shoulder?"

The director also glanced at it and was also very confused. "I don't know. I didn't see her bring it with her earlier. It should be a Magic Beast. This kid is a summoner."

Dan Su also glanced over and his serious face couldn't help but twitch a few times. Dan Qing nodded thoughtfully. "I almost forgot about it. This kid is so talented in potions anyway. She might as well just become a potion maker. Hahaha."

The two people on the platform finished reading the formula. The teacher also took the formula and glanced at it. His hand immediately trembled and his face darkened. He subconsciously looked up at the director. Seeing the teacher's expression, the director couldn't help but look gloomy. "Dan Qing, what exactly is the formula you specified?"

Dan Qing chuckled. The teacher below the stage had already calmed his emotions and announced loudly, "The designated potion this time is: Bone Changing Potion!"

There was an uproar!

"Bone Changing Potion! Are you kidding me?" Yan Xiaoshi was stunned and couldn't accept it. "As expected, the potion designated by the elder of the Pharmacists' Union is indeed extraordinary... Bone Changing Potion... Oh God... It's hard to say who'll win this time!"

Xia Jingyi also looked at Yun Feng worriedly. "It seems that... both of them will fail this time."

Sensing the reaction of the students, Yun Feng was a bit confused. What was wrong with the Bone Changing Potion? Why did these people look like the sky was falling? Lan Ling tried to calm herself down on the other side and became nervous. The Bone Changing Potion... How could it be the Bone Changing Potion?

"Bone Changing Potion?! Dan Qing! Are you trying to embarrass me?" The director immediately shouted angrily in a deep voice, "The Bone Changing Potion is the most difficult advanced three-star potion that's comparable to the master level. You want them to make this?"

Dan Qing still had that friendly smile. "There's only a breakthrough when there's a challenge. If either of them can make the Bone Changing Potion, it will represent a kind of success no matter what quality it is and they will also become a legend! If they both fail, they won't lose too much face, don't you think?"

The director snorted heavily. "Did you come up with this stupid idea..."

Dan Qing burst into laughter. "You're wrong this time. Dan Su told me about this potion."

The director suddenly widened his eyes and looked at Elder Dan Su, who had been silent the whole time. He really didn't know whether to laugh or cry. "So, you're the one who's full of evil tricks!"

After the announcement of the potion they were going to make, it meant that the assessment had already begun. Yan Xiaoshi couldn't sit still anymore. He stood up and shouted loudly, "Yun Feng! All the best! It's fine even if you fail! It's no big deal. Don't feel burdened!" Yan Xiaoshi was afraid that Yun Feng would feel pressured, so he didn't know if his shout would be useful. Yun Feng glanced at him suspiciously and then looked away. What exactly was she worried about?

"Aren't you worried about failure at all?" Yun Feng was stunned. She turned her head slightly and saw Lan Ling at another table on the side. She was staring at her firmly, as if she was certain that she would be nervous too.

"Why should I be worried?" Yun Feng asked. Lan Ling was stunned. "The Bone Changing Potion is the most difficult among the advanced three-star potions. Its difficulty is almost comparable to that of a one-star master! The chance of success is also quite low! I'm a bit confident, but you, an advanced one-star, still don't want to admit defeat?"

Yun Feng finally understood why everyone was so nervous after hearing the name of the Bone Changing Potion and she also understood the meaning behind Yan Xiaoshi's words. Yun Feng chuckled. "You don't have to worry about me. You just need to do your own thing."

Meatball bared its teeth at Lan Ling ferociously. Lan Ling's face turned pale and she immediately turned around in embarrassment. The assessment for the two of them had already begun. Everyone's gaze also focused on the two of them. The teachers and students were looking forward to it. They had never seen the process of Yun Feng making potions with their own eyes. The three people on the opposite side of the platform were also looking forward to seeing if Yun Feng could succeed and bring another surprise!

Lan Ling had already started moving. Her movements were very common. She picked the herbs and started doing the job of a potion maker step by step. Her movements were fast and smooth. She was almost omnipotent, so she was naturally much better than usual. The students couldn't help but sigh when they saw Lan Ling's movements. She was indeed a high-level three-star potion maker, the director's personal disciple. She was indeed something!

Lan Ling moved quickly, but Yun Feng was even more outstanding. Yun Feng wasn't in a hurry at all as she looked at the table full of herbs. She first observed them carefully and weighed them in her hand one by one. The students couldn't help but be stunned when they saw Yun Feng's movement. What was she doing?

Chapter 756: The Quarterly Assessment Begins (5)

"Damn! What's she doing? What exactly is she looking at? Lan Ling has already started. Why is she still so calm?" Yan Xiaoshi cried out anxiously when he saw this scene. He was even more nervous than Yun Feng herself. Xia Jingyi was also very surprised on the side. He observed carefully for a while before he said, "Perhaps... she's measuring with her hands to know the exact weight?"

Yan Xiaoshi was stunned. "Really?"

Xia Jingyi nodded. "Yun Feng became the center of attention the moment she was admitted. Her process of making potions should be different from that of others."

Xia Jingyi was right. Yun Feng continued to take her time, while Lan Ling had already started grinding and weighing. The three people on the other side of the platform were all calm. The director and Dan Qing had seen Yun Feng's unbelievable method, so they weren't surprised. Dan Su, on the other hand, was completely stunned. He looked at Yun Feng in disbelief. Was that the behavior of an advanced one-star potion maker?

"Dan Su, watch carefully. The show is about to begin." Dan Qing saw that Yun Feng had already finished preparation on the platform and reminded him kindly. The director was even happier.

Seeing that Yun Feng finally stopped moving slowly, the students below the stage couldn't help but heave a sigh of relief. Yan Xiaoshi heaved a huge sigh of relief. "It's finally over." Xia Jingyi smiled and was also relieved in his mind. "Next, Yun Feng should start the configuration and grinding..." Before Xia Jingyi finished speaking, Yun Feng had already made the next move on the stage. She flipped her hand!

"Whoosh..." The sound of flames roaring in the air suddenly sounded, making everyone shocked!

"W-What's going on?" Yan Lei was so shocked that his jaw almost dropped. Xia Jingyi's expression also froze on his face. This time, he didn't understand what Yun Feng was doing either!

"Fire... Fire?" Seeing this scene, Lan Ling's hand almost shook and made all her hard work go to waste. Looking at the bright red fire floating in front of Yun Feng, Lan Ling only felt like she was watching a joke! What kind of manufacturing method was that? Who taught it to her?

Shang Rui sat there and looked at Yun Feng on the stage. Her eyes were full of shock and doubts at the same time. An unbelievable question flashed through her mind. Yun Feng, don't tell me you don't know how to make potions? If that's the case, how exactly did she pass the advanced exam?

Everyone had the same question. They were exactly the same as the people who first saw Yun Feng's way of making potions back then! This was an unbelievable, ridiculous, completely irrelevant and illogical way of making potions. It could be said that it was unprecedented and would never happen again. It could be said that this was a rather intuitive way of making potions! If it weren't for Yun Feng's reputation, if it weren't for everything she did before, everyone would have concluded without hesitation that this was someone who was here to cause trouble and humiliate the pharmaceutical world!

Only Elder Dan Qing and the director were sitting there with a smile. Dan Su almost turned into a stone statue. Then, the stone statue was about to collapse completely!

"Swish!"

Yun Feng casually grabbed a large amount of materials and threw them all into the fire. This move made the scene completely collapse. Some students almost slipped off their chairs. Shang Rui was originally supporting herself with her arm. After seeing Yun Feng's move, she almost lost her balance and fell on the ground.

“Oh God!” Yan Xiaoshi held his head and watched Yun Feng’s movements. His heart was truly complicated. Too complicated! The pharmacists of the Fengyun Empire were all dumbfounded. They looked at Yun Feng on the stage dumbfoundedly and only felt like a flock of crows flew over their heads. What kind of production method was this? What kind of production method was this?

The Cashya Empire should’ve taken this opportunity to mock them, but they were also shocked! Lan Ling on Yun Feng’s other side also opened her mouth in shock and almost cursed. What was she doing? She didn’t forget that she was her teacher’s personal disciple. How could she do such an embarrassing thing?

“Please... Don’t do anything shocking again. My heart... can’t take it anymore...” Yan Xiaoshi held his head and squatted on the ground. Xia Jingyi looked extremely complicated on the side. Who would have thought that Yun Feng, the director’s personal disciple right after she was admitted, and an advanced one-star potion maker at such a young age, would make potions in such a way! She didn’t even know the most basic steps!

Yun Feng, who was on the platform, was obviously testing everyone’s endurance. After that move just then, something that truly made everyone collapse appeared!

Those clear and bright black eyes slowly closed!

What happened in the Pharmaceutical Institute today made everyone’s jaw drop. Some students couldn’t stand still anymore and fell on the ground. Some people had already stood up in excitement. Their faces were almost dumbfounded and they all looked extremely shocked!

“Oh God...” Yan Xiaoshi’s facial features had already stiffened to a certain extent. His body, which was squatting on the ground, stood up immediately and he almost hit the ground with dizziness. Xia Jingyi on the side quickly helped him up with a weird expression on his face.

“Xia Jingyi, the one up there isn’t Yun Feng, right...” Yan Xiaoshi moved his mouth. Xia Jingyi frowned. “Trust me. We didn’t see it wrong. That’s indeed Yun Feng... The way she makes potions is really... unique.”

“Unique? That’s simply astounding!” Yan Xiaoshi finally stabilized his expression and looked up at the girl on the platform with her eyes closed in a daze. “It’s an eye-opener for me. Really... If I didn’t see it with my own eyes, nobody would believe it!” The corners of Xia Jingyi’s mouth twitched dryly. What Yan Xiaoshi said was what everyone at the scene thought. If they didn’t see it with their own eyes, nobody would believe that potions could be made like this!

Yun Feng closed her eyes and naturally blocked out all the noises around her. She was immersed in her own world and an inexplicable connection with Meatball was quietly established, making the empty world Yun Feng was sensing rich and colorful! Stars of elements appeared in the fire and kept rolling and colliding in Yun Feng’s perception space. The corners of Yun Feng’s mouth slowly curled up as she started working on the elements she was most proficient in!

Chapter 757: All Because of Her (1)

Her mental strength slowly penetrated and sorted and connected these chaotic elements. Yun Feng could only hear the sound of the fire burning in her ears and the slight explosion when the elements collided. She had no idea that the scene had already exploded because of her.

After the initial shock, the audience immediately burst into an uproar. The students' doubts and ridicule rose one after another. The pharmacists of the Cashya Empire finally came back to themselves and burst into laughter. A few of them even stood up and pointed at Yun Feng, who had her eyes closed on the platform. "Although Yun Feng is very famous in the outside world, she's just a joke in the pharmaceutical world!"

"Hahahahahaha!" The Cashya Empire burst into laughter. Lan Ling next to Yun Feng also raised the corners of her mouth in disdain. She put away the surprise in her mind and focused on making potions. If she had been a bit worried at first, this worry was completely gone now. She would win this time!

"Bastards of the Cashya Empire! Don't be ignorant! Just because you haven't seen it doesn't mean it doesn't exist!" Yan Xiaoshi immediately jumped up and shouted back at the top of his lungs when he heard the laughter of the Cashya Empire. The pharmacists of the Fengyun Empire more or less felt a bit embarrassed.

"Yan Lei! Don't jump out and be a hero! Just wait to lose! I'll wait for your apology then!"

"Apologize my ass, you bastard!"

Xia Jingyi patted Yan Xiaoshi's shoulder to signal him to stop swearing. It was meaningless for them to scold each other. Xia Jingyi stood up and said indifferently, "Although the method of making potions is the same, it doesn't mean that everyone will follow it. Yun Feng certainly has her own way. Why should others say anything? Since we've never seen it, we've certainly learned something today."

The Cashya Empire's people were rendered speechless. Yan Xiaoshi grunted heavily, and Shang Rui stood up. "Yun Feng has never been a compliant person. She's most surprising. It would be ridiculous if anyone else had such a method, but it's a different story with her!"

"Fengyun Empire, don't be so arrogant..."

"Shut up!" The director on the opposite side of the platform suddenly shouted angrily. The people on both sides finally retreated to their seats and fell silent again. They all focused on the platform. After shouting, the director moved his body slightly and stared at Yun Feng with anticipation in his mind. Elder Dan Qing glanced at Elder Dan Su on the side. When he found that Dan Su had already frozen into a stone statue, he couldn't help but chuckle. "Dan Su, I understand how you're feeling at this moment. Believe me, I wasn't much calmer than you when I saw you back then."

Elder Dan Su slowly turned his head around and looked at Elder Dan Qing deeply with his eyes before he turned his head back again. At this moment, the director said with a smile, "How many times do you think Yun Feng needs to succeed? Isn't it too mean for us to only give her three chances?"

Dan Qing slowly stroked her chin with her finger. "These two are your favorite students. If they don't meet the requirements within three times, they won't be qualified to be your disciples."

The director grunted and Dan Qing chuckled. "That kid only needs one try."

Dan Su's body trembled again and stiffened again. He only thought that the two guys next to him must be crazy! The director nodded with a smile. "I think so too. Once is enough."

There was a sharp contrast on the platform. Yun Feng was still standing with her eyes closed, while Lan Ling was in the final stage of configuration. Everyone was nervous. The Bone Changing Potion was as difficult as a one-star potion of a master, could Lan Ling succeed? Lan Ling was also very nervous. When she was making the final concoction, her hands were already trembling slightly and her palms were sweating. This was the first time she had been so nervous. After warning herself desperately, Lan Ling began to move. Everyone held their breath. When Lan Ling finished the last step, she picked up the bottle and shook it slowly. There were sounds of explosions from inside the bottle, and then black smoke slowly rose from the bottle. Immediately, there were sounds of regret in the audience. Her first attempt failed.

Looking at the liquid in the bottle that was slowly turning black, Lan Ling's expression froze there. Then, she adjusted her mentality. If the Bone Changing Potion could be made successfully in one try, it wouldn't be the Bone Changing Potion anymore! Lan Ling quickly took out the second set of materials and ground them more carefully this time, summarizing the experience and lesson of the first time. Even though everyone felt sorry for her, it was expected.

"Luckily, she failed..." Yan Xiaoshi wiped the sweat on his forehead. Xia Jingyi smiled. "Do you think it's so easy to make the Bone Changing Potion? Three chances are too little... Even Lan Ling might not be able to succeed."

Yan Xiaoshi's eyes immediately brightened after hearing that. "That's great! You better fail three times!"

Xia Jingyi shook his head helplessly and glanced at Yun Feng. Her eyes were still closed and the fire in front of her was constantly rolling. He didn't know what she was doing and couldn't guess what she was doing at all.

Since Yun Feng had been keeping her eyes closed and didn't do anything, nobody could tell what she was doing after watching for a long time. Gradually, everyone focused their attention on Lan Ling. At this moment, Lan Ling was doing the second deployment. This time, she was obviously more confident than last time. With the experience of the first time, she believed that the chances of success this time would be greatly increased!

"Do you think your disciple will succeed?" Dan Qing watched Lan Ling's movements and asked the director next to her. The director pondered for a few seconds. "Lan Ling is quite talented. Although she has been a bit arrogant in recent years, her serious and hardworking attitude hasn't changed. She's also very hardworking, but..."

Elder Dan Qing smiled. "However, she might not succeed the second time."

The director nodded solemnly and looked at Yun Feng, whose eyes were still closed. "Why is that kid still not opening her eyes? Why did she take so long this time?"

Elder Dan Qing couldn't help but laugh dryly. "You're giving her too much pressure."

The director chuckled. "It doesn't make sense to not give her pressure to make her grow faster."

Elder Dan Qing shook his head helplessly. "If that kid didn't have a specific need, I would have become her teacher a long time ago."

Chapter 758: All Because of Her (2)

"Don't try to steal her from me! You were the one who recommended her back then. Are you going back on your words now?" The director blew his nose and glared, obviously looking like he wouldn't give her away since she had already entered his mouth. Dan Qing raised the corners of his mouth. Such a student was indeed tempting. He had no choice but to give her to this old guy back then. He was truly a bit unwilling.

At this moment, Lan Ling had already reached the final step for the second time on the platform. All the students and teachers were anxious again. Would she succeed this time? If she did, Yun Feng would face huge pressure!

Yan Xiaoshi swallowed unconsciously. Xia Jingyi frowned. Shang Rui also became nervous. Would Lan Ling really succeed this time?

Lan Ling, who was on the platform, took a deep breath. She knew that she was the center of attention right now. If she succeeded this time, her reputation would soar! The mixing work had already been done. Lan Ling picked up the bottle in her hand and shook it gently a few times. Everyone's heart also shook a few times. There wasn't any bad reaction in the bottle. Lan Ling's eyes couldn't help but shine. Then, she shook her hand a few more times, but there was still no reaction!

"S-Success?" Yan Xiaoshi mumbled. Xia Jingyi and Shang Rui stared at him. The pharmacists of the Cashya Empire couldn't help but stand up and were about to shout. Lan Ling was also delighted. At this moment...

"Poof!" Thick black smoke floated out of the medicine bottle. Failure, the second failure!

The audience was in an uproar! Lan Ling looked at the failed potion in her hand for the second time in a daze and her face couldn't help but tighten. Yan Xiaoshi, Xia Jingyi and Shang Rui all couldn't help but heave a huge sigh of relief. "So, so close..." Yan Xiao Lei wiped his forehead. He dared to bet that the process of making potions in the next few decades wouldn't be as thrilling as this time!

That's right. Everyone's heart was lifted and dropped again! The process of making potions had never made them so emotional!

The Cashya Empire was frustrated, but Lan Ling didn't stop there. She failed twice. Looking at the last batch of herbs on the table, Lan Ling's heart sank. This was her last chance! She turned her head slightly to the side. Yun Feng was still standing with her eyes closed. Lan Ling sneered. She would definitely succeed this time, and Yun Feng was destined to be a clown!

Lan Ling immediately started the third round of production. The three people on the other side of the platform all had different expressions. The scene fell into silence again. Yun Feng still didn't do anything, which made some people anxious. "What exactly is she doing? The potion will be out with her eyes closed?" Yan Lei was already anxious. He watched Lan Ling make the potion for the third time, but Yun Feng still hadn't finished the first try yet!

“Why are you in such a hurry?” Shang Rui also walked over. Yan Xiaoshi shouted, “How can you not be anxious? Anyone who sees this will be anxious!”

“Xiaoshi, calm down. Yun Feng should have a countermeasure.” Xia Jingyi was the calmest one. Even in such a situation, he was still calm. To be honest, he was a bit nervous in his mind.

“Oh my god... My heart is about to jump out of my chest when I watch her make potions!” Yan Lei said a bit exaggeratedly. Shang Rui and Xia Jingyi both raised the corners of their mouths. What he said hit the nail on the head!

The third time Lan Ling made the potion was even more convenient than the previous two times. If she wanted to succeed, she would have to experience failure first. She would constantly summarize her experiences and accumulate them. She would also be one step closer to success. She would be more familiar with her movements and make more meticulous preparations. The time she spent making the potion was also shortened. After a while, the third time she made the potion reached the final step. Lan Ling was delighted in her mind. She had a feeling that she would definitely succeed this time!

The third and final batch of materials! Everyone was watching. Even the three people on the other side of the platform looked over. The bottle in Lan Ling’s hand shook slightly, and again and again... Even though the color of the solution in the bottle was a bit rough, even though it didn’t look quite satisfactory, there wasn’t any black smoke or any harsh sound anymore. This meant that... she succeeded!

Lan Ling smiled happily and put the bottle on the table. The pharmacists of the Cashya Empire were already cheering. “It worked! Lan Ling, it worked!”

“Fengyun Empire, just wait to apologize!” After a long silence, the scene exploded again! The Fengyun Empire’s side was obviously a bit depressed. Lan Ling really succeeded!

“She did it. Even though the quality should be the worst, she still succeeded.” Elder Dan Qing nodded in satisfaction. The director chuckled and didn’t say anything. Lan Ling succeeded. It was time to see Yun Feng’s results!

“She did it. How can she succeed?” Yan Xiaoshi rubbed his hair randomly like an ant on a hot pan. She succeeded. So, unless Yun Feng’s quality was higher than Lan Ling’s, she would lose even if she made it!

“Yan Lei! Keep bragging!”

The Cashya Empire’s provocations came. The Fengyun Empire’s side completely darkened. Yan Lei was about to scold back, when Xia Jingyi stopped him. “Xiaoshi, look!”

Yan Xiaoshi raised his head and Shang Rui also raised her head. The girl who had been closing her eyes in front of the bright fire on the platform slowly opened her eyes at this moment. Dazzling light flashed in her black eyes!

“She opened her eyes! Yun Feng opened her eyes!” Yan Xiaoshi shouted at the top of his lungs. Everyone was stunned. Lan Ling immediately turned around and looked over. Under everyone’s gaze, Yun Feng opened her black eyes. She picked up a bottle on the table and waved her hands gently. The fire instantly dissipated and a stream of pure liquid fell into the bottle, along with the remaining materials that dropped out!

Yun Feng shook the bottle in her hand. The color of the liquid in the bottle was quite even and it was emitting this kind of inexplicable luster. Meatball on Yun Feng's shoulder yawned. Yun Feng gently brushed its body with her finger and put the bottle on the table. When she raised her head, she found that everyone was looking at her with their eyes wide open, as if they had swallowed an egg.

Yun Feng frowned slightly and turned around to look at Lan Ling. She looked like she had seen a ghost. There was another bottle of potions on the table. The corners of Yun Feng's mouth curled up slightly. She did it too? As expected of the director's personal disciple. She was indeed something.

Chapter 759: All Because of Her (3)

The three people on the opposite side of the platform had different expressions. The director and Elder Dan Qing knew how Yun Feng would do it, but they couldn't help but feel surprised. Elder Dan Su, on the other hand, immediately got up and rushed out, rushing to the opposite platform in a hurry. The director and Elder Dan Qing certainly followed them in a hurry. Both of them had the same thought in their minds. Dan Su was about to go crazy from the torture.

The teachers and students at the scene were all silent. Everyone's eyes automatically followed the three big shots who were rushing away, as if the entire venue was focused on one point. Yan Xiaoshi shut his mouth tight and his face was a bit red. The hearts of the people from the Fengyun Empire were all in their throats. Dan Su was the first to walk to the platform, followed by Dan Qing and the director. Everyone knew that it was time to appraise the quality of the potion! Since the two of them had already succeeded, they could only rely on the quality to win!

Elder Dan Su walked towards Yun Feng with a tight face and looked at Yun Feng deeply with his eyes. Then, he picked up the bottle of medicine on her table and put it on his hand to observe. Dan Qing, on the other hand, walked in front of Lan Ling helplessly. He only needed one look to know the quality of the medicine Lan Ling made.

"The Bone Changing Potion made by Lan Ling is of poor quality. Even though it's the lowest quality, it's already not easy to make it. She's talented and smart!" Elder Dan Qing said with a smile. Lan Ling's confidence immediately swelled. That's right. She wasn't an ordinary person to be able to make it successfully! How much stronger could Yun Feng be than her? Besides, this was an elder of the Pharmacists' Union praising her! Lan Ling's eyes drifted down and saw countless envious eyes. She smiled proudly, but still said humbly, "Lan Ling still needs to work hard."

Elder Dan Qing nodded in satisfaction and looked at Dan Su. "Dan Su, how's it going on your side?"

Dan Su stood in front of Yun Feng and stared at the Bone Changing Potion Yun Feng made for a long time. Yun Feng didn't say anything, but seeing that the person in front of her became more and more tense, Yun Feng was a bit worried that if he continued watching, he wouldn't be able to get his face back.

"Elder?" Yun Feng asked tentatively. Elder Dan Su suddenly raised his head and looked at Yun Feng deeply again, which made Yun Feng a bit confused. The director also looked forward to hearing the result. Dan Su slowly said, "Perfect quality."

“Gasp...” Everyone gasped unconsciously. Xia Jingyi and Shang Rui were both shocked when they heard that. Yan Lei, on the other hand, coughed awkwardly with his breath stuck in his throat. “Ahem! Perfect... Ahem! Quality!”

“That’s impossible!” Lan Ling’s scream broke the almost stagnant atmosphere. Dan Su frowned unhappily. Lan Ling couldn’t care less anymore. She rushed over. “That’s impossible! How is that possible?”

The director said unhappily, “How dare you! Are you questioning the validity of what Elder Dan Su said?”

Lan Ling was stunned. “No, no, I didn’t mean that... I just...” Lan Ling stammered, but her eyes were full of doubts. Even if the director told her himself, she wouldn’t believe him!

“Y-You must’ve cheated!” Lan Ling suddenly realized something, like a drowning person grabbing a piece of driftwood. Yun Feng listened quietly and couldn’t help but say sarcastically, “Why don’t you say that everyone here is blind? Nobody noticed that I cheated?”

Lan Ling’s face suddenly flushed. If she hadn’t used some method, how would she have been able to make the perfect-quality Bone Changing Solution? She was an advanced three-star pharmacist and she didn’t succeed in the first try. That woman succeeded on the first try and it was even of perfect quality!

“It’s a good thing to doubt, but you can’t do that for no reason.” Dan Qing also looked serious. Lan Ling immediately felt extremely ashamed. Dan Su was still holding the bottle of Bone Changing Fluid in his hand when he suddenly said, “Yun Feng, do you want to be my student?”

Yun Feng was stunned, and so was Dan Qing. The director immediately came over. “Dan Su! That’s my student! Why are you poaching her?”

Dan wasn’t moved at all. He just looked at Yun Feng. That serious face suddenly had some kind of heat. Yun Feng smiled awkwardly. “Well...”

“You shameless old man! I shouldn’t have asked you to come!” The director said angrily. Dan Qing, on the other hand, had a headache. Dan Su had always been a boring person and had never accepted a disciple. Among the four elders of the Pharmacists’ Union, he was the only one who had no disciples. There were too few young people that he liked.

Dan Su ignored what the director said and looked at Yun Feng attentively, while Yun Feng was extremely embarrassed. “I’ve already acknowledged the director as my teacher. Well...”

“Did you hear that? Yun Feng has already acknowledged me...”

“I don’t mind being your second teacher in the field of potions.” What Dan Su said made Yun Feng completely speechless. Dan Qing was stunned again. The second teacher? The second master? Dan Su was willing to be under someone else? The director was immediately enraged after hearing that. “What second teacher? One teacher is enough. Things here are already over. Go back!”

The director pulled Dan Qing and Dan Su, as if he was chasing them away. Dan Su looked at Yun Feng and wanted to say something, but the director had already dragged him away together with Elder Dan Qing. Elder Dan Qing seemed to think that it wasn’t enough trouble and said loudly, “Kid, I don’t mind being your third teacher!”

“You two shameless old guys!” It was the director’s furious voice. All the students, who witnessed this hilarious scene of snatching, glanced over with envy in their eyes. How glorious would it be if the two elders could compete over them? Lan Ling’s face was already extremely gloomy on the side. She, who was originally like a shining star in the Pharmaceutical Institute, fell from the sky fiercely this time! Logically speaking, it was already impressive that she could make the Bone Changing Potion, but compared to Yun Feng, she was obviously the dull one. It was truly infuriating to compare oneself to others!

Lan Ling immediately turned around and was about to leave in embarrassment. Seeing that she was about to leave, Yun Feng raised her brows. “Lan Ling, we’re not done yet.”

The director had already left with the two elders. Naturally, the teachers also left with the director. The remaining students of the Pharmaceutical Institute at the scene were excited again after hearing this!

“Lan Ling! You didn’t forget the deal back then, did you?” Yan Xiaoshi could finally shout at the top of his lungs as he stood on the chair and shouted. All the pharmacists of the Fengyun Empire stood up with excitement on their faces. After such a huge twist and turn this time, they finally understood that Yun Feng was indeed Yun Feng!

Chapter 760: All Because of Her (4)

The pharmacists of Shengyao and Ovey didn’t say a word. They all watched on the side, while there was a heavy layer of dark clouds above Cashya’s head. Everyone’s face was gray and black.

Lan Ling gritted her teeth, feeling like she had shot herself in the foot. She had planned to humiliate Fengyun and Yun Feng, but she was the one who was humiliated instead! “Apologize then.” Lan Ling gritted her teeth and said, “I’m sorry.”

Yun Feng raised her brows again. “What did you say? You must know that this apology doesn’t count until everyone hears it, or you’ll keep saying it.”

Lan Ling’s face turned green and red. Qu Lanyi, who was watching on the side, chuckled. His wife wasn’t someone to be bullied at all. If someone provoked her, she wouldn’t let that person get away with it. Unfortunately, Lan Ling didn’t have such an understanding.

Seeing Lan Ling’s expression, Shang Rui couldn’t help but think of herself back then. This scene was really similar to hers back then. Shang Rui smiled helplessly. Lan Ling should just apologize, or she might be played by Yun Feng miserably.

Lan Ling’s face flushed and she bit her lips hard. As an advanced three-star pharmacist and the target of envy of everyone in the Pharmaceutical Institute, when had she ever been humiliated like this?

“You’re not going to apologize?” Yun Feng asked casually. Meatball on her shoulder suddenly gnashed its teeth at Lan Ling. Its ferocious expression made Lan Ling tremble! She gritted her teeth. “I’m sorry!” After shouting, Lan Ling turned around and was about to get off the stage in embarrassment. Unexpectedly, Yun Feng said again, “Why are you in such a hurry? Did I say that it’ll be over once you apologize?”

“What else do you want?” Lan Ling was about to cry. Yun Feng slowly walked over, and Lan Ling subconsciously took a few steps back. Yun Feng ignored her and walked to the Cashya Empire, glancing

at them coldly. "According to the agreement, every student from the Cashya Empire must apologize to the pharmacists of the Fengyun Empire."

All the pharmacists of the Cashya Empire were stunned. They were about to say no, but were too frightened by Yun Feng's gaze to say anything. Yun Feng opened her mouth and said, "Apologize." The word carried infinite power. All the pharmacists of the Cashya Empire couldn't help but say, "I'm sorry!" Their apology was transmitted to the other side of the platform. All the pharmacists of the Fengyun Empire only feel one word: awesome!

"Yun Feng, you're too freaking domineering!" Yan Xiaoshi roared with excitement on his face. Xia Jingyi's black eyes glittered. Shang Rui's eyes turned red unconsciously. The pharmacists of the Fengyun Empire shouted crazily with Yan Xiaoshi, shouting Yun Feng's name! Yun Feng would definitely win because of her!

Ever since the Pharmaceutical Institute was opened, there had never been a competition like the one between Yun Feng and Lan Ling. In the years to come, no matter how many generations of students in the Pharmaceutical Institute talked about this competition, they all looked forward to it in their minds. Those who saw it with their own eyes would never forget the legendary figure in the Pharmaceutical Institute, Yun Feng.

An unprecedented production method, an unbelievable production process, a legendary figure that only people who saw it with their own eyes would believe! After all the pharmacists of the Cashya Empire apologized involuntarily under Yun Feng's order that day, the pharmacists of the Cashya Empire finally quieted down completely. Although Lan Ling's status in the Pharmaceutical Institute was quite high, Yun Feng was much higher than her. Yun Feng, the current iconic figure of the Pharmaceutical Institute, deserved her fame!

Ever since that time, Lan Ling had stopped struggling and almost didn't show up in front of anyone. The pharmacists of the Cashya Empire didn't shout or make a fuss anymore, especially at the Fengyun Empire. The arrogance that the Cashya Empire had for a long time was finally gone, which made the people of the Fengyun Empire heave a sigh of relief. However, the Fengyun Empire didn't show off because of this. They were just as usual. Yan Lei even said, "Don't defame Yun Feng!"

The success this time was all because of Yun Feng. The pharmacists of the Fengyun Empire had indescribable admiration for Yun Feng, and the rule password that made Yun Feng embarrassed seemed to be about to be upgraded again. Yun Feng didn't bother to care about it. The Fengyun Empire was happy and harmonious, but Yun Feng knew clearly that she was going to leave when the matter of the Fusion Fluid was settled.

A few days after the competition, Yun Feng came to the director's office. The director was looking at her with a smile when she pushed the door open. Yun Feng raised the corners of her mouth and walked in. The director spoke first without waiting for Yun Feng to say anything. "The Fusion Fluid, right?"

Yun Feng was surprised. "Have you already made it?"

The director chuckled. "Do you think it's so easy to make the Fusion Fluid? Even I won't be able to succeed without three to five years."

Yun Feng's face suddenly darkened after hearing that. Three to five years? She couldn't wait that long! "Kid, are you really not considering joining the Pharmacists' Union? Your future is promising. It won't be surprising if you get that top position."

Yun Feng smiled awkwardly. "I really don't have such an ambition."

The director chuckled again and held his chin with his hand. "I didn't believe it when that old man, Dan Qing, said that you didn't have the heart. It seems that it's true now."

"Does it really take that long to make the Fusion Fluid?" Yun Feng asked. If it really took three to five years, she would lose the deal with Yao Guang...

"The Fusion Fluid is a grandmaster-level potion. The chance of success is slim. I won't succeed without three to five years." The director frowned slightly. "Kid, what do you need this for?"

"Sorry, I can't tell you the reason, but I do need this. It's very important to me."

The director didn't ask further. "You don't have to worry about the materials, but it's impossible to shorten the time."

Yun Feng was silent. It wasn't easy to make the Fusion Fluid. The success rate was low even in three to five years. The director only gave her such a time by doing his best. Besides, he was really thinking for her. She didn't have to worry about the materials!

"Master, thank you." Yun Feng stood up and bowed deeply to the director. She was grateful to have so many good teachers and friends along the way. Her master, ancestor, Mr. Ted, Mr. Zheng Ran and the current director, these elders all protected her and helped her when she was in the most difficult time. She had always remembered their favors in her mind.

"You're welcome. It's normal to make potions for one's own students. You..." The director was quite touched in his mind. There weren't many students who knew how to be grateful, especially a talented, smart and promising descendant like Yun Feng. She wasn't arrogant at all and was even humble. He was proud to have such a student. No wonder Dan Su and Dan Qing wanted to poach her from him!
