

## Summoner 761

### Chapter 761: Yun Feng's Decision (1)

"I'll try to make it in three years, but it depends on luck."

Yun Feng nodded. Three years were shorter than five years. This was the best answer she got!

"Are you planning to leave now?" The director looked like he already knew. Yun Feng smiled a bit awkwardly. "You're right, teacher. I came to the Pharmaceutical Institute to ask you to make the Fusion Fluid."

"Kid, aren't you afraid that I'll be angry?" The director shook his head helplessly. "How can the Pharmaceutical Institute keep you here? Even the pharmaceutical world can't keep you here. Go. If the fusion fluid works, I'll send it to the Mu family in Mu City."

"Thank you, teacher!" Yun Feng said gratefully. The director waved his hand and signaled that she could go out. Yun Feng turned around and was about to leave when the director thought of something else. "Kid, wait." Yun Feng turned around. The director had already handed her a bottle of medicine. Yun Feng looked at it and saw that it was the perfect-level Bone Changing Potion she made.

"I found out that the old guy, Dan Qing, wanted to take it for himself. This is something you made. It belongs to you."

Yun Feng nodded without any change in her expression. The director looked at her suspiciously for a while. "Do you know the use of the Bone Changing Potion?"

Yun Feng shook her head frankly. To be honest, she didn't even know the function of the lowest-level potions. In the field of knowledge of potions, she was equivalent to an illiterate person! The director couldn't help but feel a little shocked. He held his forehead with his hand. "How much do you know about the formulas of beginner one-star potions?"

"I don't know any of them. If there's an exam about potions, I'll definitely hand in a blank paper."

The director felt a headache. This person who didn't even know the most basic information could make a high-level three-star perfect-quality Bone Changing Solution. Who would believe that? "Kid, you're really rare. The difficulty of making the Bone Changing Solution is already comparable to that of a one-star master potion. Its effect is also extremely unique."

Bone Changing Solution... Judging from the name, it should be related to changing one's physique. The director continued, "There are a few ways to change a person's potential. In the pharmaceutical world alone, one of them is the Body-Tempering Source Fluid. This completely changes the person's potential when they are born and there's no danger at all. Of course, the Body-Tempering Source Fluid is the most difficult, one of the most difficult formulas at the Master Level. The chance of success is even slimmer. As long as it works, it'll be a big deal in the pharmaceutical world."

Yun Feng wasn't unfamiliar with the Body-Tempering Source Fluid. The gift she prepared for her nephew was the Body-Tempering Source Fluid. Besides, Yun Qingchen should have undergone earth-shattering changes under the nourishment of the Body-Tempering Source Fluid. However, where did Yan Ming, as

an illegitimate son, get the Body-Tempering Source Fluid back then? Yun Feng thought for a while and couldn't help but smile. Yan Ming wasn't an ordinary person. He certainly had some means.

"The second is the Bone Changing Potion. However, the Bone Changing Potion is extremely dangerous and the success rate is very low. Some people are willing to risk their lives even if they know this just to change their potentials. However, people in the world don't believe that the effect of the Bone Changing Potion in changing their potentials is really minimal."

"Even so, there are still people who don't care about the consequences," said Yun Feng solemnly. The director nodded. "Although the Bone Changing Potion is extremely dangerous, once you succeed, your strength will take a qualitative leap and you'll be able to get twice the result with half the effort in the future. Just based on this, the danger will naturally be ignored. However, the Bone Changing Potion only targets people below the Commander Level. Most of the time, those who want to break through to the Commander Level will try their luck. The Bone Changing Potion is the best choice."

Yun Feng sized up the bottle of potion she made in her hand. The director chuckled. "The success rate of the Bone Changing Potion is constantly increasing according to the quality. What you made is of perfect quality. The success rate is the highest, 50%."

"If they fail..."

"If they fail, they'll have to pay their life. After all, it's a process of rebirth." The director looked serious and then smiled again. "This thing might be useful for you, but you have to consider carefully. A small part of the Bone Changing Solution can change a person."

Yun Feng was stunned. She suddenly thought of something. The director opened the drawer and handed Yun Feng a piece of paper. Yun Feng took it. It was the formula of the Bone Changing Potion!

"The warehouse of the Pharmaceutical Institute has everything you need," said the director vaguely as he winked at Yun Feng. Yun Feng put away the formula and the medicine bottle. The director chuckled. "Alright, go do your thing."

Yun Feng nodded. Her heart was full of gratitude and a thought suddenly came to her mind. What happened next would be her first adventure. If she succeeded, it would be a completely different world!

As soon as she walked out of the director's office, she unexpectedly saw Yan Xiaoshi, Xia Jingyi and Shang Rui. The three of them wanted to say something when they saw Yun Feng. Yun Feng frowned and led the three of them to a hidden corner. Yan Xiaoshi immediately said, "Are you leaving?"

Yun Feng was stunned. Xia Jingyi sighed. "You can't stay in the Pharmaceutical Institute. We all know that."

Yun Feng smiled. "Yes, I'll be leaving soon."

Shang Rui bit her lips and didn't say anything. She just looked at Yun Feng like that. Yan Xiaoshi scratched his head in frustration. "Can you not leave? You're so talented in potions that you can be admitted to the Pharmacists' Union! Besides, we'll be reassured with you here. Can you not leave?"

"Xiaoshi!" Xia Jingyi shouted in a low voice. Yan Lei finally stopped talking. Which of the three of them wanted Yun Feng to leave? However, Yun Feng was destined not to stay here...

"I'm sorry. I still have a lot of things to do." Yun Feng smiled lightly. Yan Xiaoshi shrugged a bit dispiritedly. Xia Jingyi said, "We know that eagles can't stay in such a small place for too long."

"Where are you going?" Shang Rui finally asked. Yun Feng looked at her in surprise and replied, "The West Continent."

"The West Continent! You're going to the West Continent!" Yan Xiaoshi widened his eyes and shouted. "Why do you have to go to the West Continent? Isn't the East Continent good?"

"Xiao Shi! Yun Feng certainly has her own thoughts. What she bears isn't something we can imagine!" Xia Jingyi roared with a serious look. Yan Lei finally shut up. Yun Feng smiled in relief. "I'll be back."

## **Chapter 762: Yun Feng's Decision (2)**

"Really?!" Yan Xiaoshi became spirited again. His dispirited attitude just then was gone and his eyes also became bright. Yun Feng burst into laughter. "Of course. After all, my home is on the East Continent."

"Hahaha, why didn't you say so earlier? I thought you wouldn't come back!" Yan Xiaoshi scratched his head and was in a good mood. Xia Jingyi shook his head helplessly and Shang Rui couldn't help but look more relaxed. Did they all think that she wouldn't come back? Yun Feng thought weirdly.

"I wonder what the situation on the West Continent will be like. It's hard to guarantee that it won't be dangerous." Xia Jingyi was a bit worried. Yan Xiaoshi nodded right away. "Yes, Magic Beasts are everywhere."

Yun Feng was speechless. She had stayed on the West Continent for a long time. The overall strength there was one level higher than that of the East Continent. If it weren't for the Ten Thousand Beast Mountain Range in the middle, the West Continent would probably have swallowed the East Continent long ago.

"But Yun Feng, you don't have to worry about that. You're a summoner! Right, what level have you reached?" Yan Xiaoshi asked curiously. Xia Jingyi and Shang Rui were also extremely curious. Yun Feng raised the corners of her mouth and didn't say anything.

"Commander? The peak of the Commander Level?" Yan Xiaoshi asked as the light in his eyes became brighter and brighter. "Have you reached the early stage of the Monarch Level? Oh my god!"

Although Yun Feng didn't say anything, Xia Jingyi and Shang Rui had already looked at Yun Feng with admiration. Yun Feng raised the corners of her mouth dryly and turned around to leave. The early stage of the Monarch Level? How long had it been? If she told them her current strength level, these three people might overreact.

"Hey! Yun Feng, tell us! We're very curious!" Yan Xiaoshi followed Yun Feng in a good mood. Xia Jingyi and Shang Rui also followed her with a smile. They weren't as curious as Yan Xiaoshi. No matter how strong Yun Feng was, she had already become an insurmountable peak in their minds.

Yun Feng chose to leave quietly at an unintentional time. She took enough of the herbs and materials used to make the Bone Changing Potion. Of course, this was just a drop in the bucket for the warehouse of the Pharmaceutical Institute. Qu Lanyi, as a student, also ended his identity as a student. Although he was relaxed in the Pharmaceutical Institute, it was too boring.

The two of them left silently. Naturally, nobody would notice them. However, when they left, there were three people standing in the square in the middle of the Pharmaceutical Institute. They looked up at the sky together and there was no telling what they were looking at. The students of the Pharmaceutical Institute were all very curious when they saw this scene. They also looked up, but there was nothing.

The three of them stood there and watched for a while before they finally retracted their necks. Yan Xiaoshi rubbed his neck. "When do you think she'll come back?"

Xia Jingyi was silent for a while. "Five years?"

Yan Xiaoshi smiled. "Five years? I think it'll take at least fifty years!"

Shang Rui smiled. Yan Xiaoshi glared at Shang Rui and walked back with his arms behind his head. "Do you think we should improve our strength too? We might not be able to see her again if we don't live long enough."

Xia Jingyi's temples throbbed a few times and Shang Rui burst into laughter. Yan Xiaoshi immediately roared, "Stupid girl, what are you laughing at?"

Shang Rui chuckled again and looked up at the sky. "Even if we can't meet again... it's enough."

After Yun Feng and Qu Lanyi left the Pharmaceutical Institute, they rushed all the way to Mu City. Meatball sat on Yun Feng's shoulder and yawned again, as if it was very bored. Without Little Fire, Meatball had one less target to bully. It looked ahead with its big eyes, as if it was in a daze.

Qu Lanyi approached Yun Feng and gently put a hand on her waist, pulling her into his arms. Yun Feng turned her head and glanced at him. She only smiled mischievously and suddenly became serious. "You brought so many herbs for making the Bone Changing Potion. It seems that you're going to do something big."

Speaking of this, Yun Feng also nodded very solemnly and said what was on her mind. "The Yun family of the West Continent needs guards. This is also one of the reasons why I came back to the East Continent."

"However, with the strength level of the Yun Army, it'll be useless and a burden on the West Continent." Qu Lanyi's straightforwardness made Yun Feng's face darken. "I asked my father about the strength of the Yun Army last time. The highest level is level 9 and their overall strength is above level 7, but on the West Continent..."

"That's too low," said Qu Lanyi. Yun Feng nodded. "That's right. The situation on the West Continent is more complicated and dangerous than that on the East Continent, especially when the Yun family of the West Continent is in the Ancestral Forest Hall, which has the most trouble. If the Yun Army is so weak, we might as well not bring it there."

"Compared to that, the East Continent is a very comfortable cradle." Qu Lanyi chuckled, but Yun Feng shook her head. "This comfortable situation is just an illusion. I don't know how it feels. The East Continent won't be comfortable for long."

“The appearance of the Fantastical Beast, the rise of the Helian family on the East Continent, that weird man in a black robe... and the dark mage who’s interested in the Yun family. Their targets are all on the East Continent.”

Qu Lanyi frowned and couldn’t help but hold Yun Feng tighter. Yun Feng smiled casually. “Let’s not consider that for now. The answer will be in front of me one day.”

Qu Lanyi looked at Yun Feng deeply and lowered his handsome face to kiss her smooth forehead. Meatball glanced at Qu Lanyi with its big eyes in dissatisfaction. Yun Feng blushed slightly. “What are you doing?”

Qu Lanyi raised the corners of his mouth slightly and put on a charming smile. However, Yun Feng was the only one who could see this smile. Yun Feng couldn’t help but feel a bit dumbfounded. Qu Lanyi’s handsome face approached her again, and this time, he kissed Yun Feng’s cheek. Her slightly red skin was so charming that he wanted to lower his head again.

“Nana!” Meatball shouted in dissatisfaction, and its little body that suddenly jumped over stood in front of Qu Lanyi. A dazzling light flashed through its sharp teeth. Qu Lanyi quickly let go of Yun Feng, avoiding the fate of being bitten by Meatball.

“I wanted to kiss you, so I did.” What Qu Lanyi said made Yun Feng blush completely. This shameless man! Meatball shouted again, “Nana!” She didn’t understand what it was saying, but Meatball’s expression had already shown everything.

### **Chapter 763: Yun Feng’s Decision (3)**

Yun Feng rushed back to the Mu family in Mu City with a flushed face. Although Qu Lanyi didn’t get close to Yun Feng again along the way, he was in a good mood. Meatball looked angry and kept staring at him along the way, in case he had an opportunity.

The two of them returned to the Mu family. Yun Jing was still staying in the Mu family. After all, Yun Qingchen, the grandson of the Yun family, was still here. Yun Jing might not be able to go back to Chunfeng Town for a while. He might even stay here. As soon as Yun Feng and Qu Lanyi landed in the Mu family’s house, a servant noticed them. He immediately threw the things in his hand on the ground and started shouting, “She’s back! Lady Yun Feng is back!”

Instantly, everyone in the Mu family knew that Yun Feng was back. Yun Jing and Yun Sheng immediately rushed over. Mu Xiaojin immediately rushed over with her one-year-old son. “Feng!” Yun Sheng had seen Yun Feng from afar. He held Mu Xiaojin carefully, fearing that she would fall, and looked at Yun Feng with burning eyes. Yun Jing was the fastest. He, who had already reached the Commander Level, soon appeared in front of Yun Feng.

“Father.” Yun Feng called out to him. Yun Jing’s face was still solemn and tense. If it weren’t for his black eyes, she wouldn’t have been able to tell that he was excited. “You’re back.” It was just two words, but they made Yun Feng feel extremely warm. She nodded fiercely.

“Xiao Feng! Feng!” Yun Sheng came over with Mu Xiaojin. Yun Feng immediately went to help Mu Xiaojin. Mu Xiaojin looked at Yun Feng happily. Yun Qingchen, who was in her arms, wasn’t obedient either. He struggled to climb out of his mother’s arms and extended his little arms to Yun Feng.

“He’s still closer to his aunt,” said Mu Xiaojin happily. Yun Feng smiled helplessly and looked at her father and brother. Yun Jing and Yun Sheng immediately understood what Yun Feng meant. Yun Sheng said softly, “Xiaojin, father and I have something to talk about. Take Qingchen back first. Don’t catch a cold.”

Mu Xiaojin immediately understood, but Little Qingchen in her arms didn’t think so. He had seen his aunt, whom he hadn’t seen in almost a year. Little Qingchen tried his best to let Yun Feng carry him, but Mu Xiaojin carried her son and turned around to leave. Little Qingchen was anxious. Tears immediately welled up in his big eyes as he looked at Yun Feng pitifully and stretched his chubby arms towards Yun Feng desperately.

“Qingchen, be a good boy. Your aunt still has something to do. She’ll come and hug you later, okay?” Mu Xiaojin coaxed softly. Yun Qingchen blinked. She didn’t know if he understood or not. He slowly moved his little arms back and hugged her mother’s neck, but his big eyes were still staring at Yun Feng. Yun Feng’s heart immediately softened when she saw these innocent eyes.

“Qingchen, be good. I’ll find you later.” Yun Feng immediately walked over and said softly. Yun Qingchen immediately giggled. Mu Xiaojin also smiled and turned around with her son. Qu Lanyi also chuckled and left. Yun Feng was grateful for his consideration.

The three members of the Yun family came to the study. Yun Feng told her father and brother what she was thinking. Yun Jing and Yun Sheng both listened quietly. After Yun Feng said that, Yun Sheng said, “There are a total of a hundred warriors in the Yun Army. Feng, how many of them do you think will remain after such a transformation?”

“Brother, to be honest, I think we can only keep half of them.”

Yun Sheng and Yun Jing both frowned slightly. Yun Feng sighed. “I know this may be a bit cruel, but the future development can only be more cruel. Putting aside all factors, the Yun Army will only be eliminated if it hasn’t improved at all.”

Yun Jing’s face was tight. “Feng is right. The rules of this world are very cruel. The weak are prey to the strong.”

“Of course, those warriors have the right to refuse. Everything is voluntary. I’ll tell you the consequences without hiding anything.” Yun Feng looked at her father and brother. Yun Sheng nodded. “It’s good that they’re voluntary. We’ll do as you say.”

Yun Jing also nodded. “Only ten members of the Yun Army followed me out. The others are all in Chunfeng Town.”

Yun Feng nodded. “I’ll go back to Chunfeng Town in a few days. Father, please explain to the ten people who are following you.”

Yun Jing nodded. Yun Feng examined her father and brother carefully with her mental strength. Yun Jing had the Golden Dragon’s blood in his body, and his strength had increased again during this period of time. Yun Sheng had a special phase body. After he entered the Commander Level, his strength had been suppressed in the early stage. When the energy accumulated to the peak, Yun Sheng would break

through the Commander Level and directly reach the Monarch Level! According to Yun Sheng's current strength, his brother was actually not far from the mid-stage of the Commander Level.

Yun Jing had someone else to talk to, so the brother and sister left. Yun Feng immediately asked her brother to cultivate on the tenth floor of the Dragon Palace. Even though she would only stay here for a few days, it would be good if she could help her brother a little. After Yun Sheng entered the tenth floor of the Dragon Palace, Yun Feng walked towards Mu Xiaojin's room. She didn't forget that the little boy was still looking forward to seeing her.

As soon as she opened Mu Xiaojin's door, Yun Feng saw that the little boy suddenly turned her head. Joy burst out of his big crystal eyes when he saw her. His little body immediately crawled towards Yun Feng. Because it was too sudden, Yun Qingchen crawled out of the bed and his little body was about to fall on the ground. Mu Xiaojin quickly reached out to grab him. Yun Feng dashed forward and held the chubby little boy firmly in her arms.

Yun Qingchen chuckled and giggled at Yun Feng. Mu Xiaojin was so scared that her face turned pale. Yun Feng looked at the little girl in her arms speechlessly and sat on the bed. "Xiao Feng, thank goodness you caught him." Mu Xiaojin glared at her son. "Why are you so naughty?"

Little Qingchen wiggled left and right in Yun Feng's arms and wasn't obedient at all. When Yun Feng put him down, he pursed his lips and was about to cry. Yun Feng could only let him stay in her arms helplessly. Mu Xiaojin watched on the side with a smile. Yun Feng told Mu Xiaojin about Yun Sheng entering the Dragon Palace. Mu Xiaojin nodded and played with her son's little hand. "Xiao Feng, you're leaving in a few days?"

"Yes, I have something to do, and then I have to go back to the West Continent."

Mu Xiaojin didn't say anything, but she was obviously a bit reluctant. Ever since she left the Masang School of Magic, she had been apart from Yun Feng more often than not. Yun Feng couldn't help but smile when she saw Mu Xiaojin's disappointed face. "What's with your expression? Do you want to abandon your family and run around with me?"

#### **Chapter 764: Yun Feng's Decision (4)**

Mu Xiaojin glared at Yun Feng and then heaved a long sigh. "I just hope that you won't be so busy and can stay with Father and Brother Yun Sheng. Even though they never said anything, I know that they always miss you when you're outside."

Yun Feng smiled speechlessly. The moment she came to this world and became Yun Feng, the moment she stepped into the ancestral hall of the Yun family in Chunfeng Town, the moment she stepped on the road of summoners, the time she was destined to spend with her family was already gone.

"Xiao Feng, don't worry about it. Even though we hope so, we understand that you have to go. Just don't press yourself too hard." Mu Xiaojin looked at Yun Feng worriedly. Yun Feng felt that Little Qingchen wriggled restlessly in her arms again. Yun Feng's heart felt warm. "Okay, got it."

She glanced at the restless little boy in her arms. Yun Qingchen had already been nourished by the Body-Tempering Source Fluid when he was born. She wondered what this little boy's potential would be right

now. The mental strength inside Yun Feng's body slowly enveloped Yun Qingchen's little body. The little boy giggled. After examining him, Yun Feng suddenly widened her eyes.

"Xiao Feng, what's wrong?" Mu Xiaojin looked at Yun Feng. Yun Feng examined him again and was a bit surprised. "Xiaojin, you and my brother are both water-element mages. Qingchen should be one too."

Mu Xiaojin nodded and suddenly thought of something. Mu Xiaojin widened her eyes. "Did something happen to Qingchen?"

Yun Feng slowly raised her head and smiled gently. "This kid is much more outstanding than I thought. When he grows up, he'll definitely have great achievements."

Mu Xiaojin didn't quite understand, and Yun Feng didn't explain much. She knew clearly from the examination just then that the mental strength in Yun Qingchen's body was very huge. Even though it couldn't compare to hers, with such a huge mental strength in such a small body, his future growth would definitely be promising! If possible... he could also become a summoner!

The enthusiasm in Yun Feng's heart gradually surged. She couldn't wait for the little boy in her arms to grow up all of a sudden. Then, she would know clearly if Yun Qingchen could become a summoner or not!

"Grow up quickly." Yun Feng lowered her head and whispered to Yun Qingchen in her arms. Little Qingchen chuckled and reached out his chubby little hands happily, wanting to touch Yun Feng's face. Yun Feng lowered her head and let the little boy touch whatever he wanted. She only hoped that this new life of the Yun family could grow up quickly and healthily, becoming another person who could support the entire Yun family.

She stayed in the Mu family for a full five days. During these five days, Yun Feng called Yaoyao out of the Dragon Palace. Once Yaoyao came out, she immediately jumped into Yun Feng's arms. Yun Feng understood that Yaoyao needed the water element. After the treatment of the water element, Yaoyao returned to normal. And Yun Feng was shocked to find that Yaoyao's strength had jumped to the Commander Level just like that!

The advancement ability of the merfolk was truly incomprehensible. Yaoyao's current strength was at the early stage of the Commander Level and wasn't stable yet, but she had broken through so easily in such a short period of time. It was truly astonishing! The mystery of the merfolk also carried a powerful meaning.

Five days later, Yun Sheng came out of the Dragon Palace and his strength was further consolidated and developed. The ten warriors who followed Yun Jing all stood in front of Yun Feng and shouted, "The Yun Army will defend the Yun family to the death!"

Yun Feng didn't say anything else. Qu Lanyi stayed here, and Yaoyao stayed too. She was the only one who would go back to Chunfeng Town this time, along with the ten soldiers of the Yun Army. At first, Yun Feng was also thinking about the mercenaries of the Red Maple Mercenary Team, but after some discussion, Yun Feng decided to exclude the Red Maple Mercenary Team. The Red Maple Mercenary Team was fundamentally different from the Yun Army. They had their own responsibilities on the East Continent, not to mention that the decision this time was extraordinary.

Yun Feng led the ten warriors all the way back to Chunfeng Town. The ten warriors were very nervous along the way. After all, their Young Lady was right next to them in their minds. They felt satisfied and proud when they looked at Yun Feng!

Yun Feng looked at the town that stood quietly in the distance. A lot of things had happened there, and how long had it been since she came back to this hometown? Meatball on her shoulder also seemed quite emotional. It looked ahead slowly with its big eyes. When Yun Feng walked to the gate of Chunfeng Town, she only said, "Gather all the warriors of the Yun Army in the Yun family."

"Yes!" The ten soldiers of the Yun Army immediately split up, while Yun Feng directly flew to the sky and looked down at the town from above. "Meatball, do you remember those days?" Yun Feng asked softly. Meatball sat on Yun Feng's shoulder quietly and replied in a low voice. Yun Feng entered Chunfeng Town from the sky and looked at this place that had always been peaceful and even a bit remote.

"How wonderful would it be if this place could be like this forever?" Yun Feng sighed. Meatball rubbed its body against Yun Feng's cheek gently. Yun Feng smiled. Her body flashed from the sky and she had already arrived in the sky above the Yun family's house. It was still the same small house. It hadn't expanded and it was still the same as when Yun Feng first opened her eyes in this world.

She landed in the yard silently from the sky. As if he had sensed something, a figure stumbled out of the house. When he saw Yun Feng, his old eyes were full of tears and he could only say with a sob, "My Lady, you're back..."

Yun Feng smiled. The old butler of the Yun family was still here. "Yes, I'm back."

The old butler wiped the tears at the corners of his eyes. "Look at me. It's a happy thing that my Lady is back. I'll go prepare food for you right away..."

"No, let's talk about that later." Yun Feng interrupted the old butler. The old butler immediately nodded. Yun Feng walked to the door of the ancestral hall and gently pushed it open. The old butler retreated without saying anything else. Yun Feng stepped into the ancestral hall as a solemn feeling surged in her heart. When she saw the painting hanging in the middle, Yun Feng suddenly knelt on her knees.

Meatball jumped down from Yun Feng's shoulder and stood next to Yun Feng quietly. It looked at the plaque enshrined in the ancestral hall of the Yun family with its big eyes, looking very quiet and obedient. In the painting, the arrogant smile at the corners of the Yun family's ancestor's mouth and his short hair that fluttered recklessly were exactly the same as Yun Feng remembered. He had stayed in her body for so long and had always been guiding her on this path, accompanying her!

### **Chapter 765: Yun Feng's Decision (5)**

Yun Feng knelt there and clenched her fists fiercely. She would definitely take her ancestor back, even if it was just a trace of his soul!

"My Lady, the Yun Army is already here." The old butler's voice came from outside. Yun Feng slowly stood up. Her mood had already been sorted out. Meatball jumped on Yun Feng's shoulder. She slowly pushed open the door of the ancestral hall. A beam of bright sunlight shone on Yun Feng's face. Under this bright sun, a hundred excited warriors were standing on the empty ground of the Yun family.

“My Lady!” The hundred soldiers of the Yun Army stood there and shouted in unison. Yun Feng smiled and walked forward, glancing at everyone.

“Thank you for taking care of the Yun family while I was gone.”

“What are you talking about, my Lady? As a member of the Yun Army, isn’t this what we should do?”

“That’s right! Besides, we can’t take care of Master with his skills. Young Master and Young Madam are also in Mu City. Hehe, we’re just helping to maintain order in Chunfeng Town. We really didn’t do much!”

“My Lady, don’t thank us!”

The soldiers of the Yun Army immediately became embarrassed. They all scratched their heads and some even blushed. In their minds, there was really very little they could do for the Yun family, and the Yun family had given them too much.

Yun Feng shook her head. “No matter what, I must thank you. What I’m going to say next is a difficult choice for the Yun family and you.”

The soldiers of the Yun Army suddenly became quiet. Yun Feng looked at them with her black eyes and continued, “The Yun family is bigger than you think. There’s a bloodline of the Yun family on the West Continent.” What she said shocked these soldiers. “The West Continent?”

Yun Feng nodded. “The Yun family on the West Continent also needs warriors to protect. Since they’re of the same bloodline, they should be the Yun family too!”

The soldiers of the Yun Army agreed with Yun Feng. “My Lady is right! Let us go! As the Yun Army, we should protect the Yun family!”

Yun Feng took a deep breath slowly. “The situation on the West Continent is much more complicated than that on the East Continent. There are powerhouses everywhere. The Yun family on the West Continent will face greater challenges and dangers in the future! However, you’re not strong enough to deal with them at all.”

The soldiers of the Yun Army were silent for a long time. Finally, someone said, “We’re not strong enough. We should work hard to improve ourselves!”

“That’s right, my Lady. We’ll definitely work hard to improve ourselves! The Yun family gave us what we have today. We must be loyal to the Yun family!”

Yun Feng’s heart suddenly became hot. “Not only do you have to increase your strength, but you also have to increase your cultivation speed. Ores can’t meet such a requirement anymore. The only thing I can think of is the Bone Changing Potion. Even though the Bone Changing Potion has such an effect, it’s extremely dangerous and the success rate is only 50%... In other words, if you can’t withstand it, you’ll only be facing death!”

The soldiers of the Yun Army were all shocked. Yun Feng looked up. “You can choose to say no. The Yun family won’t think any less of you. You have the right to choose your own life and death! Whether you accept or reject it, you’re still a member of the Yun Army! Do you hear me?”

All the soldiers of the Yun Army were standing there. Suddenly, someone shouted, “Brothers, are you afraid of death?”

Yun Feng was startled. Then, she heard everyone shout, “No!”

“Brothers, is it glorious to die for the Yun family?”

“Yes, it is!”

Yun Feng’s eyes suddenly became sore. The old butler hiding on the side had already shed tears.

“Brothers, are we willing?”

“Yes!”

A deafening shout floated to the sky. Yun Feng suppressed her heart that was aching. “This is no small matter. At this time tomorrow, those who accept will come here. Listen up! Even if you refuse, you’ll still be a hero and a warrior that the Yun family is proud of!”

Yun Feng turned around and left. Whether they accepted it or not, she was proud of them!

After Yun Feng finished telling the soldiers of the Yun Army about the Bone Changing Potion, she stayed in the ancestral hall of the Yun family alone. Nobody dared to disturb her. After the Yun Army was disbanded, the news of Yun Feng’s return spread like wildfire. All the families in Chunfeng Town immediately flocked to her. After all, it wasn’t easy to meet Yun Feng.

After the Mei family, a large family in Chunfeng Town, learned that Yun Feng was back, the leader of the family, Mei Ran, immediately led the core members of the Mei family to the Yun family for a visit. Naturally, there were other families of all sizes, including famous ones and unknown ones, standing in a circle outside the door of the Yun family. Even though Yun Feng didn’t say anything, she stayed in the ancestral hall of the Yun family for a long time. The old butler certainly understood what the Young Lady was thinking and very politely blocked these people who came to visit.

Naturally, there were some who were dissatisfied and some who felt that Yun Feng was putting on airs. The old butler only said with a sonorous tone, “My Lady isn’t seeing guests. If you force your way in, it’s not like you don’t know my Lady’s temper.”

What she said made those small families that were clamoring to see Yun Feng immediately shut up, while Mei Ran chuckled and went back first. After the Mei family left, the other families certainly followed them. The old butler watched these families leave and turned around to close the door. His Young Lady was still in the ancestral hall. The old butler looked at the sky. “Young Lady, it’s time to eat!”

Yun Feng knelt quietly in the ancestral hall. She didn’t know what she was thinking. She only felt a kind of peace that she had never felt before. Even Meatball was very quiet and its expression also changed. Hearing what the old butler said, Yun Feng finally got up and opened the door. The old butler smiled at Yun Feng. “My Lady, it’s time to eat.”

Yun Feng smiled and nodded. This house was still the same as before. It didn’t change because of the Yun family’s uniqueness right now. After dinner, Yun Feng came to her room. The layout was still the same as before and nothing had changed at all. Yun Feng slowly closed her eyes and went back in time,

as if she had returned to the moment when she woke up in this room. At that time, her brother rushed in and called her name with a hoarse voice.

The night was getting darker outside. Yun Feng lay on her bed with Meatball lying next to her cheek quietly and its fluffy body next to Yun Feng. Yun Feng gently stroked Meatball's body with her finger and closed her eyes. She didn't know what the result would be tomorrow. Whether those warriors chose to live or die, she had no right to interfere. She could only tell them everything without holding back, and this choice was still theirs.

### **Chapter 766: The Rebirth of the Yun Army (1)**

The dawn soon put an end to the night in Chunfeng Town. Yun Feng had already opened her eyes at dawn. With her current strength, she didn't need much sleep. All the basic physical needs of humans were already fading for her slowly. Even if she didn't eat or sleep for a while, it wouldn't affect her at all.

Meatball woke up at the same time and jumped on Yun Feng's shoulder. "Nana." Meatball called softly with a gentle tone. Yun Feng chuckled and pushed the door open. The old butler had already been waiting outside. "My Lady." Yun Feng was a bit shocked to see him. "You didn't sleep at all?"

The old butler smiled and quickly nodded his head. "Yes, of course. I slept last night."

Yun Feng nodded and walked to the front hall. From the corner of her eye, she saw the old butler wiping his tears secretly with the back of his hand. Yun Feng's heart suddenly softened. This family originally had a sullen father, but he stayed in Mu City for a year and she didn't come back for even longer. Without these people, this family would probably be empty.

As usual, Yun Feng ate her breakfast with a smile. The old butler watched happily on the side. Yun Feng felt that even if she didn't need it, she could have breakfast if it could make them happy. After breakfast, Yun Feng entered the ancestral hall of the Yun family again. The old butler didn't disturb her anymore. Time passed minute by minute. Yun Feng stood up from the ground and walked to the door. It was time for her meeting with the soldiers of the Yun Army yesterday.

"Nana, nana." Meatball whispered in Yun Feng's ear. Yun Feng curled her lips and smiled. "I'm fine. No matter what the result is, I'll gladly accept it." Yun Feng said as she pushed the door open with both of her hands. A beam of dazzling light shone in her eyes. Yun Feng narrowed her eyes slightly. Under the sunlight, Yun Feng saw one, two, three... Many.

"My Lady!" The soldiers of the Yun Army shouted in unison. Yun Feng was startled. She counted carefully. There were a hundred of them, not a single one was missing!

"You..." Yun Feng couldn't tell how she felt. She was delighted and angry at the same time! "Damn it! This isn't a joke!" Yun Feng finally shouted furiously. All the soldiers of the Yun Army stood there and didn't say anything. They all looked at Yun Feng.

"Didn't I tell you? If you fail, you'll die! You only have a 50% chance of success!" Yun Feng shouted furiously again with surging emotions in her heart. She wanted to vent and shout. These guys... These guys!

"My Lady, we've all thought it through," said a warrior. The others all nodded. "My Lady, we don't regret it!"

“For the Yun family, our lives are nothing!”

“We’re the Yun Army! We’re proud of this name!”

“My Lady, my Lady!”

The warriors spoke one after another. Yun Feng only felt tears in her heart and barely sorted out her emotions. She raised her head. “I need half a day to make the Bone Changing Potion. This half a day is the last time you think about it. If you don’t change your decision, I’ll see you tonight.”

“My Lady, there’s no need to consider!”

Yun Feng looked over with her black eyes. The warriors all shut their mouths. “You must understand that I’m not joking. Even if you die, I can’t save you!” Yun Feng looked around at the hundred people again, then turned around and walked into the ancestral hall of the Yun family. The door was closed heavily again.

Yun Feng stood in the ancestral hall of the Yun family and looked up at the many tablets enshrined on the ancestral hall. Yun Feng smiled. “The Yun family is honored to have such a group of people who are willing to use their lives to protect and be loyal to it!” She took a deep breath. Since these warriors had made such a decision, she certainly couldn’t let them down!

A ball of bright fire appeared in front of Yun Feng. All the materials she took out of the warehouse of the Pharmaceutical Institute were next to her. Even though everyone only needed a small portion of the Bone Changing Potion, the capacity of the Bone Changing Potion they made couldn’t be very small. Usually, five people needed one bottle, so Yun Feng needed to make twenty bottles!

Yun Feng slowly closed her black eyes. Meatball stood on Yun Feng’s shoulder and the magical connection was established again. Yun Feng looked at the elements floating in her perception world. Twenty bottles of Bone Changing Potion, she was willing to make them even if she had to use an extremely huge amount of mental strength!

Yun Feng was trying her best to make potions in the ancestral hall. Outside the ancestral hall, the hundred warriors of the Yun Army stood upright under the dazzling sunlight. They all looked at the door of the ancestral hall with no regret in their minds!

Time passed slowly. Finally, when dusk was approaching, the door of the ancestral hall was pushed open again. Yun Feng walked out from inside with a slightly pale face.

“My Lady! What’s wrong?” The warriors were extremely worried when they saw Yun Feng’s pale face. Yun Feng waved her hand with a smile. “Have you really thought it through?”

“Yes! We’ve thought about it! None of us is leaving! None of us is leaving!”

Yun Feng saw the scorching gazes of the hundred people clearly! They didn’t force themselves at all or were unwilling at all. The hundred warriors of the Yun Army were all sincere. They were all loyal to the Yun family! They wouldn’t hesitate to sacrifice their lives!

“Butler!” Yun Feng gave an order and the old butler quickly walked in. After a while, he took out a large number of medicine bottles. Yun Feng poured the Bone Changing Potion into them at once. A hundred portions. Yun Feng personally handed the potions to every warrior. The warriors looked very excited.

Some of them had already blushed. After the potions were distributed, Yun Feng stood in front of everyone.

“I hope you can all stay. I hope none of you will be missing!”

When the warriors heard this, they couldn't help but feel excited in their minds. They all held the medicine bottles in their hands tightly and someone shouted, “Brothers, are you afraid of death?”

“No!”

“Brothers, if you die, will you regret it?”

“I won't regret it!”

“Brothers, cheers!”

Everyone raised the bottles in their hands. The liquid in the bottles glowed. Then, everyone moved at the same time and drank the liquid in the bottles in their hands! Yun Feng's heart suddenly tightened. The old butler next to her shed tears again. After the warriors drank the liquid, they all looked at Yun Feng with a smile. “My Lady, we'll survive.”

### **Chapter 767: The Rebirth of the Yun Army (2)**

Tears welled up in Yun Feng's eyes. “Yes, you'll survive!”

This was a cruel transformation. Like the eggs of thousands of insects, only a few of them could break out of the cocoon and become butterflies. The effect of the Bone Changing Potion was extremely strong. After a while, these warriors had already had a strong reaction. Their physiques were different. It was impossible that everyone could survive this transformation.

Yun Feng opened her black eyes and imprinted everyone in her mind. They were all heroes! The heroes for the Yun family!

The transformation took a long time. There was always a kind of pressure in the Yun family's house. Some people died, but nobody could save them. The old butler had already cried, but he knew there was nothing else he could do. Just like that, a long day and night passed. The transformation of the Bone Changing Potion finally ended.

Half of the hundred soldiers of the Yun Army were left after the transformation of the Bone Changing Potion. Even though this result was already very cruel, it was already the best result. Yun Feng thought she would lose more, but there were fifty people left. She felt a bit comforted in her mind.

The strength of the fifty successfully transformed warriors had already risen to the Commander Level. Their cultivation potentials had also been improved. In the future, their strength would rise much faster than that of ordinary people. Even though they survived, their expressions were all gloomy. One of the warriors raised his head and said with a hoarse voice, “We... survived.” After saying that, the eyes of the warrior couldn't help but turn red, because the bodies of his brothers next to him were already dead.

The fifty warriors stood there silently. Each of them was quite depressed and tense. This transformation was much crueler than they thought. In a blink, only half of the hundred brothers were left.

“Why are you all pulling a long face?” A warrior shouted. Yun Feng recognized that it was one of the ten warriors who followed Yun Jing, by the name of Wei Yan. “Are you still men? What’s the use of pulling a long face? What we need to do is to cheer up! Work hard to improve ourselves and work hard together with our dead brothers!”

There was finally some light on the gloomy faces of the other forty-nine warriors, as if they were alive at this moment. “Pull yourself together! The dead brothers are glorious! They didn’t regret! Right now, we all carry the wish of these dead brothers on our shoulders. Protect the Yun family well!” Wei Yan shouted desperately with red eyes and a hoarse voice. The remaining warriors were all shocked. “That’s right! Protect the Yun family! For our dead brothers as well!”

A terrifying brilliance emitted from the bodies of these warriors. Yun Feng’s eyes became watery. “Butler, take these warriors to the grave and put their names in the ancestral hall of the Yun family!”

“My Lady! Those who are put in the ancestral hall of the Yun family are all members of the Yun family...” Wei Yan couldn’t help but feel anxious after hearing this. They were only the guards of the Yun family at best. Even though they had always been proud of themselves, they had never thought about going that far. The people in the ancestral hall of the Yun family were all members of the Yun family. They... weren’t qualified to be inside!

“No! They’re qualified! They’re the heroes that the Yun family is proud of!” Yun Feng said firmly with a powerful tone as she looked at everyone in front of her with her clear black eyes. “Each of you is a hero in my heart.”

“My Lady...” The hearts of the remaining fifty warriors shook fiercely. What she said made them feel gratified. Everything they did was worth it even if they had to sacrifice their lives for the Yun family! Which large family would have such an attitude towards the family guards? Which family would be so concerned about the family guards and even put the names of the dead in the ancestral hall? Only the Yun family!

The fifty dead warriors were all buried well. Their names were also engraved in the ancestral hall of the Yun family. Even though Yun Feng didn’t tell Yun Jing about this, she knew that her sullen father would do the same! The remaining fifty people were elites after this transformation. They would definitely recruit more guards in the future development of the Yun family, but these fifty people were already the core figures.

Fifty people were divided into two groups. Twenty-five of them followed Yun Feng to the West Continent to protect the Yun family there, while the other twenty-five stayed on the East Continent. All fifty of them were at the Commander Level. It was indeed rare for the guards of a family to reach such a height. The royal armies of the East Continent weren’t as strong as the Yun Army! What Yun Feng said was indeed true. As long as she wanted, the entire East Continent could be in her hands!

Fifteen of them stayed in Chunfeng Town, while the rest followed Yun Feng to Mu City. The ten of them stayed with Yun Jing, while the remaining twenty-five were going to the West Continent. The old butler was certainly reluctant to part with them. After all, Yun Feng had only been back for a short time and she would be leaving again after a while.

After returning to Mu City, this group of people naturally caused a commotion. After the warriors of the Yun Army reached the Commander Level, their temperament also changed. They became deeper and more stable. Their expressions were all extremely serious, making people not dare to get close.

Yun Jing, Yun Sheng and Mu Xiaojin, who were in the Mu family, immediately rushed out after learning that Yun Feng was back. Yun Feng led the warriors to wait in the front hall. When the three of them walked to the front hall, they were all shocked.

“Master! Young Master! Young Madam!” The thirty-five warriors shouted in unison, their loud voices echoing around the main hall of the Mu family.

“Well...” Yun Sheng looked at the thirty-five warriors in front of him. They were all at the Commander Level! Yun Jing’s expression unusually changed in surprise! Mu Xiaojin looked at the thirty-five fierce warriors in shock! The strength of the Yun Army had truly changed drastically!

“Is that all?” asked Yun Jing. Yun Sheng’s face also darkened. Both of them knew why Yun Feng returned to Chunfeng Town. She had brought thirty-five people back, but there were only thirty-five of them left?

“A total of fifty people,” said Yun Feng in a deep voice. Yun Jing and Yun Sheng both looked gloomy. Half of them died?

“So... Are the names of those warriors listed in the ancestral hall of the Yun family?” Yun Jing asked. Yun Feng nodded and Yun Sheng was also slightly relieved. The warriors of the Yun Army deserved such treatment for the Yun family!

“Father, the ten of them will stay with you. Twenty-five of them will go to the West Continent with me, and the remaining fifteen will be in Chunfeng Town.” Yun Feng explained briefly. Yun Jing nodded.

“Feng, you’ve made good arrangements. We’ll do as you say.”

### **Chapter 768: The Rebirth of the Yun Army (3)**

Yun Feng nodded and asked the warriors to stay. “Xiaojin, let’s go see Xiao Qingchen.” Yun Feng held Mu Xiaojin’s hand and led her to the back. Mu Xiaojin nodded, and Yun Sheng and Yun Jing stayed in the front. Men certainly had a lot to talk about.

She held Mu Xiaojin’s hand all the way to the backyard. Mu Xiaojin held Yun Feng’s hand tightly. She didn’t ask what they were talking about, but it was obvious that the matter was a bit heavy. After walking for a while, Yun Feng saw Qu Lanyi standing there. Yun Feng stopped. Mu Xiaojin smiled knowingly when she saw Qu Lanyi and let go of Yun Feng’s hand. “Xiao Feng, I’ll wait for you in the room. I’ll go back first.” Mu Xiaojin smiled at Qu Lanyi and left, while Yun Feng remained standing there.

Qu Lanyi slowly walked over. Yun Feng watched him approach step by step, watching his unbelievably handsome face approach her slowly. She felt his warm hand touch her cheek. Qu Lanyi put his arm around Yun Feng’s waist and pulled her into his arms. The next second, the two of them had already jumped into the sky and landed on the roof.

Yun Feng leaned in Qu Lanyi’s arms quietly and didn’t say anything. Their breaths intertwined.

“How many people are left?” Qu Lanyi asked softly as he held Yun Feng’s body. Warmth slowly spread to her. “Fifty.”

Qu Lanyi was silent for a moment. "This answer is better than I thought."

Yun Feng didn't say anything. She leaned into Qu Lanyi's arms for a while. Meatball had already disappeared just then. Perhaps it had entered Yun Feng's bracelet and knew that her master needed support at this moment. She was strong, but she was still a teenager after all.

"You must know that the Bone Changing Potion is a rather cruel potion. Its success rate is terrifyingly low. If it weren't for the perfect quality you made, fewer people would be left. Perhaps not even ten."

"If it weren't perfect quality, I wouldn't have let them take the risk," said Yun Feng in a deep voice. Qu Lanyi chuckled and hugged her even tighter. "Yes, yes, yes. If my wife was 100% confident, she wouldn't be so sorry right now."

Yun Feng didn't say anything else. Qu Lanyi became serious. "This is the path they chose, which means that they accepted this arrangement. They have no regrets whether they live or die. I think in the minds of those warriors, being able to become a member of the Yun Army is something they should be proud of for the rest of their lives. Even if they die, they will have no regrets."

Yun Feng still didn't say anything. Qu Lanyi sighed helplessly and looked at the night sky above his head with his black eyes. "You must know that how can the road of success not be covered in blood?"

Yun Feng's body stiffened. She couldn't understand this more, but the Yun family didn't get to where they were today by doing this! Except this time, except for the warriors who sacrificed their lives for the Yun family this time!

Qu Lanyi slowly caressed Yun Feng's black hair with a hint of warmth. "The further you go and the higher the stairs you climb, the more cruelty will be waiting for you and the more sacrifices you will make."

Yun Feng raised her head slightly and looked at Qu Lanyi's side profile. His black eyes looked into the distance, as if he was deep in thought. "Have you encountered this before?"

Qu Lanyi slowly turned around and smiled at Yun Feng. "Who hasn't? Everyone has encountered death. It's normal in this world."

"Qu Lanyi..." Yun Feng mumbled. She was about to say something, when Qu Lanyi smiled. At that moment, Yun Feng almost thought he was going to cry. Although she couldn't see his face, she knew that she had touched the corner of this man's heart, the corner that was firmly covered by him and couldn't be peeped at by anyone.

"Yun Qingchen is still waiting for you. I guess he'll be a worrisome kid when he grows up." Qu Lanyi chuckled and had already landed on the ground with Yun Feng. He slowly let go of her and turned around to leave, not bothering Yun Feng like he used to. Yun Feng looked at his disappearing back and pondered for a while. Then, she walked towards Mu Xiaojin's room.

"Nana." Meatball appeared from Yun Feng's bracelet and called out softly as it stood on Yun Feng's shoulder. Yun Feng looked at Meatball's big eyes full of worry. "Did you hear what he said just then?"

Meatball blinked. "Nana, nana..." Meatball cried a few times. Yun Feng listened quietly and then sighed helplessly. "Na Xie, I was thinking how great it would be if I could understand what you said..." What Yun Feng said was extremely vague, but Meatball's body suddenly froze. It looked at Yun Feng deeply with a

complicated expression in its big eyes. "Haha, I was just kidding. It doesn't matter even if I don't understand. We can still communicate." Yun Feng touched Meatball's body with her hand and Meatball leaned against Yun Feng's cheek. "Nana..."

Yun Feng put on a smile. She suddenly missed her companions on the West Continent, Little Fire, Lan Yi and her little disciple, Xia Qing. She was going back soon. They would meet soon.

After staying in the Mu family for only two days, Yun Feng chatted with her sullen father and brother for a while and prepared to leave. Yun Luochen was especially happy after knowing that he would be returning to the West Continent. Even though he was very relaxed on the East Continent and the Yun family on the East Continent had such a high status, he still missed the Yun family on the West Continent in his mind and his father, who was very similar to Yun Jing. Yun Luochen said that he would definitely bring his father along the next time he came to the East Continent. Yun Jing also nodded and said that he must meet this brother of the Yun family who was very similar to him.

Yun Luochen was taken into the Dragon Palace. The twenty-five warriors of the Yun Army who followed Yun Feng were also taken to the first level of the Dragon Palace. After entering the Dragon Palace, the warriors were all surprised and were extremely certain that their Young Lady wasn't an ordinary person. And after Yun Luochen learned of the overall strength of the Yun Army, he could only open his mouth wide in shock. Twenty-five Commander Level guards. Only those first-rank families had such a lineup!

#### **Chapter 769: The Rebirth of the Yun Army (4)**

The people who should be taken away had already been prepared. It was time to say goodbye again. This time, Yun Qingchen seemed to know that his aunt wouldn't be back for a few years after she left. He might not even be able to see her again when he had already grown up. Yun Qingchen burst into tears without hesitation. Nobody could coax him, which made Mu Xiaojin anxious. Only Yun Feng could make this little boy quiet down.

Yun Feng walked to Little Qingchen, who was crying miserably. Once Yun Feng came over, Little Qingchen's crying gradually stopped and he just kept sniffing as he looked at his aunt. Yun Feng pulled a long face. "Yun Qingchen, you're a man of the Yun family! If you cry so easily again, I won't like you anymore!"

Tears welled up in Little Qingchen's big eyes again after hearing this, but he obviously endured it. It was truly unimaginable that Yun Qingchen, who was only about one year old, could endure it. He could endure his emotions like an adult!

Yun Feng squeezed Little Qingchen's red cheeks with her hand. "Next time I come back, you must give me a surprise."

She didn't know if Yun Qingchen understood her, but he nodded. Yun Feng finally turned around and left with a smile. She said to her father and brother, "Take care." Mu Xiaojin's eyes turned red again. She didn't say goodbye. Yun Feng carried Yaoyao and Qu Lanyi into the sky together and instantly disappeared, in the same way as she returned.

Yun Jing and Yun Sheng raised their heads and looked up. Mu Xiaojin held Little Qingchen, who had been holding back his tears. They all knew that after Yun Feng left this time, she wouldn't be back for five

years, or even longer. The members of the Yun family looked at each other and smiled. They knew very well that the eagle of the Yun family would fly to a higher and wider sky!

After leaving the Mu family, Yun Feng and Qu Lanyi rushed towards the Ten Thousand Beast Mountain Range. Yun Feng was in a slightly better mood on the way. She wasn't as heavy as she used to be. Yun Feng was always deep in thought, and Qu Lanyi didn't disturb her. There was another person in Yun Feng's mind, Ze Ran, other than the Yun Army.

Ze Ran didn't show up when Yun Feng returned to the East Continent. He didn't even show up when Mu Xiaojin gave birth to Yun Qingchen. It was impossible for Ze Ran not to know that the Yun family had a new child. Everyone on the East Continent knew that Yun Feng was back, so it was impossible for Ze Ran not to know. However, he didn't show up. Yun Feng had always treated Ze Ran as a good friend. After all, the young man who liked to smile and stand in front of her was the first friend she had in this world.

Yun Feng asked her sullen father about Ze Ran. Yun Jing had always had a good impression of Ze Ran. After Yun Feng asked, he seemed a bit surprised. "Feng, you don't know?"

"Know? What should I know? Did something happen to him?" Yun Feng was a bit anxious. Did something happen to Ze Ran?

Yun Jing shook his head and asked Yun Feng not to be anxious. "Ze Ran is fine. His grades have been pretty good these years and his strength is comparable to Murong Yuntian's. It can be said that his talent is comparable to Murong Yuntian's. He's even one level higher than Murong Yuntian."

Yun Feng couldn't help but smile after hearing this. That young man back then wasn't very eye-catching, but who would have thought that he would become another outstanding member of the younger generation?

"The army of the Fengyun Empire invited him to join them, but he rejected them. He even left without saying goodbye. I heard that he's traveling around."

Yun Feng was stunned. Travel? He traveled around alone? On the path of cultivation, one would either enjoy high dignity and status in the end, or choose to travel and train himself, just like Yun Feng. It would be better if he had a fortuitous encounter and would get a higher level of luck. Ze Ran would probably choose the same path as her.

Nobody knew where Ze Ran was traveling on the East Continent. This genius of the younger generation had disappeared from people's sight. Yun Feng even wondered if Ze Ran would choose the West Continent, the mysterious continent on the Ten Thousand Beast Mountain Range.

She thought about all kinds of complicated things along the way, and Qu Lanyi didn't disturb them. The two of them soon arrived at the Ten Thousand Beast Mountain Range. This time, they passed through the Ten Thousand Beast Mountain Range more smoothly than ever before. No ignorant Magic Beasts came to stop them. When Yun Feng and Qu Lanyi passed through the Ten Thousand Beast Mountain Range, they heard a few suppressed soft sounds. Yun Feng thought she would encounter something, but nothing happened.

"They're quiet," said Qu Lanyi teasingly. Yaoyao and Meatball, on the other hand, had a different expression, just like when Little Fire and Lan Yi first came to the Ten Thousand Beast Mountain Range.

Yun Feng looked at Yaoyao, who was extremely tense and uneasy in her arms, especially after the few deep moans just then. Meatball, on the other hand, looked around with its big eyes and let out a suppressed roar. It seemed that the few deep moans just then made it very uncomfortable.

“What’s wrong?” Yun Feng asked Yaoyao in a low voice in her arms. Yaoyao raised her head, and the pupils of her blue eyes turned into a thin vertical line. “Warning.” Yaoyao said with a slightly pale face. Yun Feng and Qu Lanyi were both surprised. Yun Feng looked at the dense Ten Thousand Beast Mountain Range below thoughtfully. When she first entered, she only felt silence. Now that she walked to the center, Yun Feng finally realized that some of the auras were dormant. They weren’t hiding, but were suppressing themselves. The few low moans that came just then must’ve been a warning from a few supreme beings in the Ten Thousand Beast Mountain Range, and the content of the warning should be related to Yun Feng.

Yun Feng was certain that if it weren’t for the warning, the journey across the Ten Thousand Beast Mountain Range wouldn’t have been smooth. It seemed that she accidentally provoked some guys here last time she visited. These guys were all eager to make a move on her.

“Get out of here!” A roar came from somewhere. Yun Feng immediately became anxious. “Let’s go!” Yun Feng’s body immediately flashed and she sped up. Qu Lanyi only frowned slightly and followed Yun Feng closely. When the two of them crossed a distance in the Ten Thousand Beast Mountain Range, the roars of some Magic Beasts suddenly came from behind. The roars were terrifying.

“It seems that you’re quite famous in this Magic Beasts’ den.” Qu Lanyi raised the corners of his mouth, but there were a few drops of cold sweat on his forehead. Yun Feng didn’t look good either. She could only raise the corners of her mouth awkwardly. “Maybe I made some guys unhappy last time.”

### **Chapter 770: Returning to West Continent (1)**

“Why? Did you provoke them?” Qu Lanyi looked at Yun Feng worriedly. Yun Feng shook her head. “I was very polite last time, but maybe my name is a kind of trouble, especially...”

“Especially after the Fantastical Beast appeared?” asked Qu Lanyi. Yun Feng chuckled. “Maybe. It might be even more dangerous when we cross the Ten Thousand Beast Mountain Range in the future. Fortunately, we don’t have to go to the East Continent for the time being.”

“We crossed the border of the Fengyun Empire. We should be in the territory of the Bright Moon Hall right now. Let’s go. The Ancestral Forest Hall is in the north.” Qu Lanyi looked around and said to Yun Feng. Yun Feng immediately nodded. They didn’t need any trouble. They went straight to the Ancestral Forest Hall!

The two of them rushed all the way in the sky and naturally met some powerhouses. The two of them didn’t hide their momentum at all. With two Monarch Level powerhouses traveling together, other people didn’t dare to provoke them easily. The other powerhouses also avoided these two people when they could and avoided them when they could. Yun Feng’s journey was quite smooth.

In a few days, the two of them returned to Jushui Town of the Ancestral Forest Hall. After entering the territory of Jushui Town, Yun Luochen came out of the Dragon Palace. When he came out and saw the home he was familiar with, Yun Luochen was a bit excited. “I’m back! I’m back!”

Yun Feng smiled. The few of them soon came to the door of the Yun family in Jushui Town. To Yun Feng's surprise, they saw that the Yun family was crowded from afar. Yun Feng couldn't help but feel puzzled. The Yun family in Jushui Town was only a third-rank family. It shouldn't have such a lively scene where everyone was visiting. What happened?

Yun Luochen was also very confused. Yun Feng brought Yun Luochen into the Yun family's mansion from the sky. Seeing that the guard at the door was a bit frustrated, Yun Feng had just landed with Yun Luochen when Lan Yi suddenly rushed down from the sky. "Master!"

Yun Feng suddenly raised her head and saw a handsome man flying towards her with wings on his back. Yun Feng chuckled and didn't see Little Fire. "Lan Yi."

Lan Yi landed from the sky and looked at Yun Feng excitedly. It had been a year since they last met. Yun Feng looked at Lan Yi's unchanged appearance and had a lot of things to tell him in her mind. However, before that, she asked, "Where's Little Fire? And Qingqing?"

Lan Yi's black eyes glittered. As Yun Feng's contracted Magic Beast, how could Lan Yi's thoughts escape Yun Feng's eyes? "What's wrong with them? Tell me the truth!"

"Master, I..." Lan Yi looked at Yun Feng, not knowing what to say. Qu Lanyi frowned. "And where's that transvestite, Yan Che?"

Right, Yan Che! Yun Feng almost forgot about this dark mage. She only came with Yan Che because she mistook him for someone else. Naturally, she didn't say goodbye to him when she returned to the East Continent. "He's already left. Not long after Master left."

Qu Lanyi nodded. Yun Feng nodded and then looked at Lan Yi. "Don't think you can get away with changing the topic. Tell me, where are they?"

Lan Yi finally sighed helplessly. "I don't know how to explain this to you, Master. What happened during this period of time is truly... indescribable." The wings on Lan Yi's back spread out again. "Master, let me take you there."

Qu Lanyi looked at Lan Yi in dissatisfaction, but Yun Feng nodded and asked Yun Luochen to find his father first. She handed Yaoyao to Qu Lanyi. Qu Lanyi glared at Yun Feng. Lan Yi put his arms around Yun Feng's waist gently and flapped his wings, flying into the sky.

"Nana!" Meatball cried loudly. Lan Yi chuckled and put its hands on both sides of Yun Feng's waist. "Master, ever since you reached the Monarch Level, you haven't sat on my back for a long time." There was a hint of loneliness in its words. Yun Feng was startled. Ever since she reached the Monarch Level, she could certainly fly in the air and didn't need Lan Yi as a mount like she used to. Yun Feng thought that Magic Beasts didn't like to be used as a mount, especially those with noble bloodlines like Lan Yi.

"I thought you wouldn't like it."

Lan Yi chuckled. "As Master's contracted Magic Beast, if I can do things for Master, even if just working just a mount, it's a kind of affirmation for me. It proves that I can help Master." The huge wings on Lan Yi's back flapped gently in the air and its speed suddenly increased. This was much faster than Yun Feng's own movement speed. After all, it was a griffin with a mutated wind bloodline. Its speed was incomparable.

“Master, they’re there.” Lan Yi gently held Yun Feng and stopped in the air. In just a few breaths, Lan Yi had already driven Yun Feng to a forest a bit further away from Jushui Town. There was a small empty land under their feet and a few people were standing on this empty land. There was a tense atmosphere between the two parties.

Yun Feng glanced down. Her little disciple, Xia Qing, was standing there with a sullen look. She glared at the three people standing opposite her. There was also a beautiful adult woman standing next to Xia Qing, and the little boy standing on Xia Qing’s other side was Little Fire.

Almost at the same time, when Yun Feng arrived in the sky, Little Fire had already sensed Yun Feng’s arrival. It immediately raised its head. Even though Yun Feng and Lan Yi were standing in the sky, Little Fire still saw Yun Feng at a glance from such a distance.

“Master!” Little Fire’s voice came through her mind excitedly. It was about to rush forward, but Yun Feng stopped it. “Don’t do anything yet. What exactly happened here? Is that woman next to Qingqing..”

“Master, Qingqing has already contracted that Flower Eagle successfully. That’s the human form of the Flower Eagle,” replied Lan Yi. Yun Feng was quite surprised. It turned out that the Flower Eagle was such a beautiful woman, but it matched this name.

“Master, you’re finally back!” Little Fire’s excited voice came. It was very happy to see Yun Feng. Yun Feng chuckled. “Little Fire, thank you and Lan Yi for taking care of this place during this period of time.”

“Master, what are you talking about? It’s my responsibility!” Little Fire shouted. Lan Yi also nodded.

“What’s with those three people?”

Hearing Yun Feng ask about this, Little Fire’s voice immediately came furiously. “These three brats are tired of living! These brats said...”

“Brother Fire, let me talk about it!” Lan Yi interrupted Little Fire.
