

Summoner 771

Chapter 771: Returning to West Continent (2)

Yun Feng nodded. Lan Yi continued, "After knowing that you weren't here, the people sent by the Qiu family didn't leave. They seemed to be waiting for you to show up. Just like that, the Qiu family stayed in the Yun family for a month. During this period of time, Qingqing met these people. After learning that Qingqing was your disciple, someone provoked her on purpose and belittled you. Qingqing held back at first, but the people of the Qiu family became more and more outrageous, especially this person called Qiu Shicai. He spoke viciously. Qingqing couldn't stand it anymore and was finally enraged. Those two women are also members of the Qiu family, but they don't seem to be the Qiu family's descendants. They call Qiu Shicai second cousin."

Lan Yi finally explained the cause and effect of the matter clearly. Yun Feng had a rough idea. Looking at the situation below, Qingqing must have run out of patience. After all, it was indeed annoying to be surrounded by a fly for a month that could not be killed.

"Today, I'll let these bastards know the result of a loose tongue!" Little Fire shouted angrily, but Yun Feng frowned. "Little Fire! Suppress your bad temper and don't act rashly! The other party is a first-rank family. The Yun family's status on the West Continent isn't stable yet. If the Yun family is implicated because of me, wouldn't my efforts be in vain?"

Little Fire was very frustrated. If Yun Feng hadn't come back today, it would have really scratched and let these people know the consequences of insulting its master! Yun Feng waved her hand and sealed the space around her, asking Lan Yi to land. Lan Yi nodded and slowly landed aside with Yun Feng. Yun Feng didn't show up. She wanted to see how much her disciple, whom she hadn't seen for a long time, had grown.

"Qiu Shicai! Don't think you can insult others just because you're from a first-rank family, especially my teacher!" Xia Qing roared furiously as the green Ring of Contract on her finger glittered.

"My master has already tolerated you for a long time." The gorgeous woman standing next to Xia Qing said coldly. Her pretty face was full of coldness.

"You've been tolerating me for a long time? I think you're too scared to attack! I'm talking about your teacher. So what? What can you do to me? Ah!" The young man opposite him looked arrogant and shouted crazily. The two young women standing next to him were both chuckling.

"Second cousin, why are you talking nonsense with her? Look at her scared expression!"

"That's right! Isn't she a summoner? If her teacher is really so powerful, how can she have such a useless disciple? If I were her teacher, I would die of embarrassment!"

Yun Feng raised her brows in the sealed space on the side. These two women were quite good at fanning the fire.

"A small third-rank Yun family isn't worth the Qiu family's attention. If it weren't for that summoner, do you think the Qiu family would have lowered themselves to come here? You've even stayed in this godforsaken place for so long! And that summoner is still nowhere to be seen! Who does she think she is? She made the people sent by the Qiu family wait for so long. How arrogant does she think she is?"

Does she think she's God? Damn! I think she's just an unknown nobody. After being praised by someone, she really thinks she's something! Look where she is. This is the Ancestral Forest Hall!"

"Are you done? What's so great about a first-rank family? My teacher doesn't have to lower herself to wait for you to come!" Xia Qing replied with a furious look. Qiu Shicai on the opposite side was immediately enraged.

"What a sharp-tongued girl! I think your teacher isn't a good person either! How dare she despise a first-rank family? The Yun family can forget about staying in the Ancestral Forest Hall!"

"What did you say about my teacher?" Xia Qing narrowed her eyes slightly and looked at Qiu Shicai. Qiu Shicai burst into laughter. "Your teacher is nothing! You have a foul mouth, and so does she!"

Little Fire was already enraged on the side. It knew that Yun Feng was here and it also knew that its master didn't allow it to interfere in this matter. Little Fire stood on the side and held back its anger as it stared at the three people opposite it firmly. As long as its master gave the order, he would definitely make the three of them cry for their parents!

Xia Qing suddenly flipped her hand and a powerful wind element suddenly attacked the opposite side. The Flower Eagle on the side also moved in an instant, but this sudden attack was blocked by Qiu Shicai. The two young women on the side also attacked at the same time.

After blocking Xia Qing's attack, Qiu Shicai smiled evilly. "Bitch, how dare you hurt me!"

Xia Qing's face turned cold. Since she had already attacked, there was no need to be polite anymore. The wind elements chased after him continuously and Qiu Shicai immediately counterattacked. The Flower Eagle was fighting with the other two women. It was two against three. This was a battle that had no advantage at all.

Yun Feng stood aside and had no intention of attacking. Little Fire could only hold back and watch Xia Qing and the Flower Eagle fight with these three people. Yun Feng only needed a while to figure out the strength of those three people. That idiot called Qiu Shicai was a mid-stage Commander Level warrior, while those two women who fanned the fire were just level-9 mages.

Xia Qing's current strength was at the early stage of the Commander Level, but she was already close to the mid-stage of the Commander Level. Even though she was a bit weaker than Qiu Shicai, Qiu Shicai didn't get any advantage from Xia Qing at all. The battle became heated. The two level-9 mages together were at most half a powerhouse at the early stage of the Commander Level, but their teamwork was a bit difficult to deal with. Xia Qing was even struggling. Xia Qing was in a calm mood, but Qiu Shicai gradually became anxious.

"Master, Qiu Shicai is stronger than Qingqing. Why is it a tie?" Lan Yi was a bit confused as he watched the battle between Xia Qing and Qiu Shicai. Yun Feng chuckled. "A first-rank family like this certainly has more children, but there are only a few who are talented and smart. If I'm right, this idiot's strength is completely accumulated by external forces. He might not even be as strong as those two women. If he doesn't have a good foundation, his strength will certainly be exaggerated. His strength of the mid-stage of the Commander Level should shrink by a level."

“Bitch!” Qiu Shicai roared fiercely. Being tied with Xia Qing made him very angry. As time passed, he gradually felt that he couldn’t hold on anymore. The fighting energy in his body was quickly consumed because of his random attacks, but Xia Qing’s attacks were getting more and more skillful. A hint of viciousness flashed in Qiu Shicai’s eyes. When Xia Qing wasn’t paying attention, he reached into his pocket and a talisman appeared in his hand. The energy fluctuation inside shocked everyone present!

Chapter 772: Returning to West Continent (3)

“That’s...” Lan Yi’s eyes widened. The two level-9 mages of the Qiu family immediately hid behind Qiu Shicai. Little Fire suddenly let out a wolf roar and rushed towards Xia Qing!

“Bitch! Die!” Qiu Shicai held the talisman with both hands and a powerful force rushed towards Xia Qing. Qiu Shicai burst into laughter and looked at Xia Qing’s shocked expression. “How can you dodge an attack from a mid-stage Monarch Level expert? Die!”

“Master!” The Flower Eagle shouted as it rushed towards Xia Qing. If an attack of the mid-stage of the Monarch Level hit Xia Qing, the result would be death! Xia Qing, who was at the early-stage of the Commander Level, couldn’t dodge at all. She could only watch the attack come crazily!

“Stupid girl, dodge!” Little Fire roared. Xia Qing tilted her head slightly and saw Little Fire’s panicked expression. She didn’t know why, but she smiled. It was worth it to see him show such an expression for her... “Master, I’m too weak. I’ve embarrassed you...” Xia Qing mumbled to herself, but the next second, she felt an extremely familiar aura. A pair of hands protected her. Xia Qing looked at the person who suddenly appeared in front of her with tears in her eyes.

“Qingqing, what nonsense are you talking about?” Yun Feng turned around and smiled at this stupid disciple. Xia Qing looked at the person in front of her with tears in her eyes. “Master...”

Yun Feng chuckled and turned her head around. She waved her hand abruptly and faced the attack power of the mid-stage of the Monarch Level that came directly at her. Her black eyes darkened. “How can I let my student be bullied like this?” The strength of the final stage of the Monarch Level suddenly burst out and her mental strength rushed out of Yun Feng’s hand. “Bang...” With a gorgeous collision, the power of the Monarch Level was shattered by Yun Feng’s mental strength!

A fierce wind blew and the strong collision of the two forces caused the ground to shake violently. The ground shook a few times and a few towering trees also fell to the ground with a loud noise! Qiu Shicai stood there with a crazy smile. “Bitch! You’ll die if you piss me off. I’ll make you...” Qiu Shicai’s arrogant words were completely silent after seeing Xia Qing, who was no longer injured. When he saw Yun Feng standing in front of Xia Qing, he suddenly raised his voice. “Who are you?”

Yun Feng slowly retracted her hand and glanced at her clothes. Little Fire and the Flower Eagle, who rushed over, both heaved a sigh of relief. Lan Yi also heaved a sigh of relief abruptly. With its master here, Qingqing certainly wouldn’t be injured. They were still too nervous! The Flower Eagle stood next to Xia Qing and stared at Yun Feng with its charming eyes. It was truly the first time it saw the teacher its master mentioned. Just looking at her made the Flower Eagle feel awed in its mind. As its master said, her teacher was so powerful! A supreme powerhouse!

"I'm the useless summoner that made the Qiu family humble themselves." Yun Feng looked at Qiu Shicai with her black eyes. The coldness in her eyes made this arrogant young man completely lose his momentum. He was still a tiger just then, but he had already shrunk into a cat.

"You, you, you... You're that Yun Feng!" Qiu Shicai said as he took a few steps back. The two women who fanned the flames just then even shut their mouths tight and hid behind Qiu Shicai, not daring to make a sound.

"The Qiu family is a first-rank family. As the younger generation of a first-rank family, it's fine for you to spar with Qingqing. It's just a spar. It's not a big deal. However, it's a different story if you use means that you shouldn't use." Yun Feng's tone was cold, which made Qiu Shicai shiver. "What are you doing?"

"I heard what you said just then. I think this first-rank family must have raised such a group of idiots who need to be beaten up because they have too many children to educate."

Qiu Shicai's face immediately turned red and so did the two young women. "I don't care about the education of the Qiu family. That's your family's business. However, you bullied my student in such a sinister way. I certainly can't stay out of it."

As soon as Yun Feng said that, she raised her hand gently and her mental strength turned into a huge hand, swinging fiercely at Qiu Shicai's face!

"Pa!" "Pa!"

Qiu Shicai only felt two slaps on his cheeks. After a while, two red handprints landed on his entire face and his cheeks immediately swelled up a lot. Qiu Shicai quickly covered his face with his hand and looked at Yun Feng with shock and anger in his eyes. "Y-Y-You..."

Yun Feng retracted her hand as coldness flashed through her black eyes. "For the sake of the Qiu family being a first-rank family, this is a warning to you. If there's a next time, your face won't be so simple."

"He's really lucky!" Little Fire mumbled on the side, but Xia Qing smiled. Her teacher was back. That was great! She knew that with her teacher here, nobody could bully her!

"Shicai! What happened just then?" At this moment, a voice came. Qiu Shicai immediately ran over as if he saw his savior. "Brother! She slapped me!" Qiu Shicai pointed at Yun Feng. "She dared to hit someone from a first-rank family! The Yun family is offending their superior!"

Yun Tianfan, who came with them, brightened his eyes when he saw the girl standing there with an indescribable excitement on his face. The eyes of the young man, whom Qiu Shicai called big brother, glittered. He raised a smile and nodded at Yun Feng. "You're the famous summoner of the Yun family, Yun Feng?"

"Big brother, she..." Qiu Shicai quickly walked to the young man's side, revealing half of his face that had been slapped into a pig's head by Yun Feng. The half of his face that had already swollen was completely red. He could still speak clearly just then, but he couldn't anymore. Yun Tianfan couldn't help but feel shocked when he saw this. The young man's face darkened slightly and he didn't say anything. Instead, he scolded Qiu Shicai first.

“Haven’t you embarrassed yourself enough? If you’re not good enough, just shut up!” The young man shouted in a low voice. Qiu Shicai was unwilling to give up. He wanted to open his mouth and grunt a few times after seeing the young man’s gaze. He looked at Yun Feng and the others with resentment in his eyes.

Yun Feng glanced at the young man. He was twenty-eight or twenty-nine years old, had a tall and straight body, a handsome face, and was quite strong. He had reached the early stage of the Monarch Level! Yun Feng already knew in her mind that this young man should be a talented figure of the younger generation of the Qiu family and had a pretty high status in the family. And this Qiu Shicai was obviously not on the same level.

Chapter 773: I Like Her Very Like Much (1)

Meatball yawned lazily on Yun Feng’s shoulder and glanced at the young man in front of it with its big eyes. It didn’t seem interested at all, so it simply turned around and pointed its butt at these people. This action obviously insulted the people of the Qiu family.

“Yun Feng, you’re too much of a bully!” Qiu Shicai covered his swollen face and shouted with a slurred voice. Meatball only wiggled its butt a few times to show its disdain for these people. Yun Feng raised her brows. The young man glared at Qiu Shicai. “I told you to shut up!”

“Brother! Why is her Magic Beast looking down on us? It’s just a Magic Beast...”

“Qiu Shicai! Do you want me to pack you up and send you home? Then say a few words in front of the master?” The young man’s face, which was still smiling, suddenly emitted a cold and fierce aura. The two young women also pulled Qiu Shicai’s sleeve. “Second cousin, stop!”

Qiu Shicai shut his mouth angrily. Yun Feng’s face had already darkened. “It seems that someone in the Qiu family needs a lesson.”

The young man chuckled. “Yun Feng, don’t be offended. He’s just a kid. Don’t take what a kid says seriously. You’ve already educated him, haven’t you?”

Yun Tianfan and Yun Luochen, who had rushed over, stood aside and didn’t say anything. The Qiu family was a first-rank family. The first-rank families usually couldn’t be bothered with the matters of the third-rank families at all. It didn’t matter who was promoted. However, the Yun family was valued this time. The Qiu family found out about Yun Feng’s existence from somewhere. What shocked the Yun family was that the Qiu family sent someone here.

A first-rank family enjoyed a high status in the Ancestral Forest Hall, especially since the Qiu family had a good relationship with the leader of the Ancestral Forest Hall. The Qiu family obviously had great interest in Yun Feng when they came in person. Besides, the most valued descendant of the Qiu family was sent here. The Qiu family’s team stayed in the Yun family for a long time because of Yun Feng.

Yun Tianfan thought that they would leave after a few days because Yun Feng wasn’t present, but he didn’t expect that the members of the Qiu family wouldn’t leave! This made Jushui Town more and more sensitive. The stay of the first-rank Qiu family here caused a lot of things. The situation in front of the Yun family’s door, which was like a market, was also related to this. Everyone wanted to establish a relationship with the Qiu family, but the attitude of the Qiu family was very obvious. The Yun family

wasn't the only third-rank family in Jushui Town. Who didn't know why they only had contact with the Yun family?

Other third-rank families would've been thrilled and couldn't wait to have a relationship with a first-rank family, but the Yun family was sitting on pins and needles. If the Yun family wanted to climb to the top with this kind of behavior, it wouldn't be the Yun family!

Yun Feng couldn't help but smile when she heard what the young man said. "Education? You saw me attack?"

The young man was stunned. Then, he pulled his face and managed a smile. "This is indeed wrong. It's only right to educate her. I'm Qiu Yan. I'm very happy to see you, Yun Feng. Why don't we talk inside?"

Xia Qing pulled Yun Feng's sleeve. She knew why the members of the Qiu family came to the Yun family, but Yun Feng waved her hand and smiled at Qiu Yan. "Very good. Let's talk in the room." Yun Feng strode forward. Lan Yi and Little Fire naturally followed Yun Feng. When Little Fire passed Xia Qing, Xia Qing opened her mouth and called Little Fire brother in an extremely low voice. Although her voice was soft, Little Fire could definitely hear her. Little Fire walked past her expressionlessly, which made Yun Feng frown slightly.

Little Fire and Xia Qing weren't like this when she left. Yun Feng glanced around and was even more puzzled when she saw the loneliness on Xia Qing's face. What exactly happened to these two when she wasn't around? It seemed that she had to ask them after sending them away.

Qiu Yan thought Yun Feng wanted to talk to him politely, but Yun Feng left him there without hesitation. She strode past him with a casual look. Yun Tianfan chuckled when he saw that. "Qiu Yan, this way please."

Qiu Yan nodded awkwardly and followed Yun Tianfan. Qiu Shicai covered his swollen face and followed behind. Yun Luochen smiled without giving him any face. Qiu Shicai then said, "Just wait for it!"

Yun Luochen couldn't help but burst into laughter after hearing that. Qiu Shicai glared at Yun Luochen with resentment in his eyes as he covered his pig head and left. The two women who bullied others also followed behind with their tails between their legs. Yun Luochen laughed until his stomach hurt. He held his stomach and laughed. "Haha, that pig head face. Hahaha!"

Xia Qing walked over. The Flower Eagle followed Xia Qing and looked at Yun Luochen coldly with its charming eyes. When Yun Luochen saw Xia Qing, he finally stopped smiling. He wiped his tears that were about to burst out and stood up. "Xia Qing, it's been a long time. This is..."

Xia Qing chuckled at Yun Luochen. "This is my contracted Magic Beast, the Flower Eagle."

Yun Luochen was quite shocked. He sized up the Flower Eagle carefully. "So, Magic Beasts also have... females?"

The eagle glanced at him coldly. Yun Luochen immediately knew that he was too rude. "Ah, I didn't mean to offend you. I'm just surprised. After all, Yun Feng's Magic Beasts are all male. I thought..."

“You can shut up,” said the Flower Eagle coldly. Yun Luochen quickly stopped talking. “Aren’t you going to follow them?” He was asking Xia Qing. Xia Qing shook her head. Thinking of Little Fire’s expressionless face just then, Xia Qing felt very bad.

“Flower Eagle,” said Xia Qing indifferently. The Flower Eagle nodded and immediately understood what its master meant. A ball of green light enveloped the gorgeous woman. In the next moment, a beautiful eagle-type Magic Beast that wasn’t small appeared in front of Yun Luochen. A gust of wind blew Yun Luochen’s hair up and he blinked a few times.

Xia Qing jumped onto the back of the Flower Eagle and looked back to see Yun Luochen’s surprised expression. Xia Qing smiled. “I want to go for a ride. Do you want to come with me?”

Yun Luochen swallowed. “Of course! I don’t get such an opportunity a lot!”

Xia Qing chuckled and extended a hand to Yun Luochen. Yun Luochen held Xia Qing’s hand and sat on the back of the Flower Eagle. A trace of disgust flashed through the Flower Eagle’s beautiful eagle eyes. Xia Qing patted the Flower Eagle’s neck and caressed it gently. “Let’s go.”

Chapter 774: I Like Her Very Like Much (2)

The Flower Eagle flapped its huge wings abruptly, creating a huge whirlwind. Its white feathers were very dazzling under the sunlight. This was the first time Yun Luochen sat on the back of a Magic Beast. This was an eye-opener for him!

“Wow!” Yun Luochen roared excitedly. This excitement infected Xia Qing a bit and a smile also appeared on her little face. The Flower Eagle couldn’t help but roll its eyes. It jumped from the ground to the blue sky! A gust of wind carried Yun Luochen’s excited shout as the Flower Eagle carried the two of them to a high place.

This was a place next to a stream, a distance away from Jushui Town. It was really a place Xia Qing often came to. The two of them were sitting by the stream. The Flower Eagle didn’t transform into a human form. For Magic Beasts, the form of Magic Beasts was the most comfortable. The Flower Eagle was drinking water by the stream. Yun Luochen and Xia Qing were sitting under a tree. Xia Qing was holding an unusually beautiful rat in her hand. Its fur was emitting a faint golden light, which was even more dazzling under the sunlight. It was the Golden Rat Yun Feng bought for her back then.

Xia Qing teased the Golden Rat, which squeaked on her knee. Xia Qing put on a smile, and Yun Luochen watched from the side. “Where did you buy this little rat?”

Xia Qing teased the Golden Rat and giggled at its funny and cute expression. “My teacher gave it to me.”

Yun Luochen clicked his tongue. “What about the Flower Eagle? Where did you contract it?”

Xia Qing shook her head and suddenly lost the mood to tease it. She put the Golden Rat into her ring space. “My teacher gave it to me. She bought it at the Magic Beast Auction.”

Yun Luochen nodded. “Yun Feng is indeed generous! She’s indeed not an ordinary person! The two Magic Beasts she contracted are also extraordinary, especially that Fire Cloud Wolf. I suffered a lot from it! Back then...” Yun Luochen talked about his practice with Little Fire and Lan Yi, but Xia Qing seemed to be in a daze.

Yun Luochen talked for a long time and found that Xia Qing didn't respond. He turned around and scratched his head in embarrassment when he saw her in a daze. "It seems that what I said is meaningless... Haha, I originally wanted to help you think of something else because you were in a bad mood."

Xia Qing looked at Yun Luochen in surprise. "You can tell that I'm in a bad mood?"

Yun Luochen smiled. "Of course I can. You like to smile, don't you? Even though I've only been back for a while and you've also smiled, you're obviously not as happy as you used to be."

Xia Qing lowered her head after hearing that. She hugged her knees with both hands and put her chin on them. She looked at the green grass next to her feet in a daze. Yun Luochen sighed softly and didn't say anything else. He leaned against the big tree behind him. The two of them sat there quietly, with only the sound of flowing water and the wind.

"What do you think..." Xia Qing lowered her head. Yun Luochen heard her. "What?"

Xia Qing unconsciously poked the grass by her feet. "What do you think it feels like to like someone?"

Yun Luochen was startled and a bit embarrassed. He looked into the distance and thought carefully for a while before he said, "Although I'm not sure, I think it should be a very good feeling. It should leave a kind of wonderful feeling in your heart. This wonderful feeling will accompany you for a long, long time..." Yun Luochen thought of his father, Yun Tianfan. Every time he talked about his mother and father, there was an indescribable gentleness in his expression. Yun Luochen knew that it had been so long. His father still missed his mother.

Xia Qing was lost in thought as she listened. She slowly turned around. "Then... What if there's pain?"

Yun Luochen was stunned. He looked at Xia Qing for a long time and finally smiled. "Then I think the pain won't last for long. It'll disappear."

Xia Qing turned her head around again. Yun Luochen didn't know what he said was wrong. "I don't really understand either. I was just spouting nonsense..."

"No, thank you," said Xia Qing in a low voice. Yun Luochen heaved a sigh of relief nervously and scratched his head. "If you really like someone, just say it. That way, he'll know your feelings. It's better than worrying here alone."

Xia Qing shook her head and looked up at the sky. "It's not that simple. Some people can't say it out."

"Why not?"

Xia Qing smiled wryly, and her young face immediately became much more mature. "Because... the other party won't respond."

Yun Luochen was speechless for a moment. Looking at Xia Qing's skinny body and feeling her helplessness, Yun Luochen didn't know how to comfort her. In the end, he could only reach out clumsily and touch Xia Qing's head. Xia Qing buried her head in her arms. Yun Luochen heard a tiny cry, almost inaudible.

Yun Luo Chen sighed and sat next to Xia Qing. He caressed her hair gently. "Is it so painful to like someone? It's so painful that you cried?"

Xia Qing didn't answer. She only cried softly. Yun Luo Chen didn't say anything else and just sat there quietly with her. The two of them stayed in the shade under the tree. A gust of wind blew and the girl cried softly and the young man's heartbeat suddenly became chaotic.

In the Yun family's mansion, Yun Feng, Yun Tianfan and the members of the Qiu family were talking in a room. Little Fire and Lan Yi stood behind Yun Feng. Qiu Yan smiled. "As expected, it's better to see a summoner than to hear about one. You, Yun Feng, are even more extraordinary!"

Yun Feng and Yun Tianfan sat on the other side, opposite the members of the Qiu family. Hearing Qiu Yan's compliment, Yun Feng only smiled. "We all know why the Qiu family stayed in the Yun family for so many days. Please be straightforward. The members of the Yun family never beat around the bush."

Qiu Shicai was still covering his face and wanted to lecture Yun Feng to be more polite. How dare a third-rank family like the Yun family talk to a first-rank family so rudely? How bold! When he opened his mouth, he only felt a kind of pain. Qiu Shicai gritted his teeth in pain. Qiu Yan immediately glanced at Qiu Shicai coldly and Qiu Shicai immediately shut up.

"The Yun family is indeed straightforward. I'll get to the point. The Qiu family intends to promote the Yun family. What do you think?" Qiu Yan looked at Yun Feng with a smile. Yun Tianfan sat aside and didn't say anything. Even though he was the leader of the Yun family, Yun Feng had more weight than him. Yun Feng was also the backbone of the Yun family on the West Continent!

Chapter 775: I Like Her Very Like Much (3)

Yun Feng curled her lips. "Thank you for your kindness, Qiu family. We're truly flattered."

Qiu Yan couldn't help but feel delighted. "So, the Yun family means..."

Yun Feng changed the topic calmly. "However, the Yun family is a third-rank family right now. It won't be of much help to the Qiu family. The Yun family can't stand the Qiu family's favor."

Qiu Yan's face twitched. Yun Feng gave him a stick right after giving a carrot. Was she just being polite? Qiu Yan's face darkened slightly. It was already enough for a first-rank family to humble themselves and come to rope in the Yun family. However, what Yun Feng said was obviously a bit unappreciative, which made Qiu Yan put on a sullen face.

"In that case, I won't disturb you anymore." Qiu Yan knew that there wouldn't be any result even if he stayed any longer. He immediately got up. "However, if the Yun family changes their mind, the Qiu family will welcome you anytime." Qiu Yan looked at Yun Feng deeply. Yun Feng chuckled. "Of course."

"Then I'll take my leave." Qiu Yan smiled at Yun Feng, then turned around and flicked his sleeve as he left. Qiu Shicai looked at Yun Feng angrily. His gaze was obviously saying that she didn't know what was best for herself! "Shicai! Let's go!" Qiu Yan shouted loudly with an extremely unhappy tone. Qiu Shicai replied randomly and ran out. The members of the Qiu family all left angrily.

The few of them walked all the way out of the door of the Yun house. Qiu Shi covered his swollen face and said, "Big brother, why were you so polite to them?"

Qiu Yan glanced at Qiu Shicai in disgust. "You can't do anything right but ruin everything!" He immediately walked forward in a hurry. Qiu Shicai could only follow behind with a sullen look, while the two young women dared not to make a sound.

After the members of the Qiu family left, Yun Feng looked at Yun Tianfan in the Yun family's house. "Uncle Tianfan, what I said just then was a bit rude. If I offend the members of the Qiu family..."

Yun Tianfan smiled. "Kid, you're right. The Yun family won't be someone who fawns on the rich and powerful. We won't be someone who grovels!"

Yun Feng nodded. Yun Tianfan stood up. "You've already encountered such a thing when you just got home. Go have a good rest. I'll go deal with something."

Yun Feng nodded. Yun Tianfan got up and left. Only Yun Feng, the two Magic Beasts, and Meatball, who had just turned around, were left in the room. Yun Feng didn't move. "Lan Yi, go out for a while."

Lan Yi moved its body and walked out of the door. Meatball screamed as it jumped onto Lan Yi's head and left for the time being. After Lan Yi closed the door, only Yun Feng and Little Fire were left in the room. Little Fire stood there with a stiff body and its handsome little face was tight. Yun Feng patted the table on the side as Little Fire walked over silently and stood in front of Yun Feng.

"Master."

Yun Feng raised her brows. "What happened between you and Qingqing?"

A glint of light flashed through Little Fire's pure black eyes. "Nothing."

"Little Fire? You're my contracted Magic Beast. Do you think I don't know if you're lying or not?"

Little Fire's body stiffened again. It clenched its fists and lowered its head, not saying anything else. Yun Feng sighed. "Little Fire, do you like Qingqing?"

Little Fire's body was tense, as if it was suppressing something. Yun Feng saw that the veins on its clenched fists bulged and a deep wolf howl burst out of its body. "I don't like her."

"You don't like her? Are you telling the truth?" Yun Feng's face turned cold. It was lying!

Little Fire suddenly raised its head. Its pure black eyes were full of anger, depression and pain! Yun Feng was stunned by such emotions and was speechless for a moment. Little Fire burst into laughter and a wicked smile appeared on its handsome little face. "How would I like that lowly human? Master, are you kidding me? Other than Master, all humans are lowly creatures. They're not worthy of me! I'm a Mutated Magic Beast. She's not worthy of me!"

"Little Fire!" Yun Feng shouted angrily. Little Fire curled its lips and smiled, showing its shiny sharp teeth with a bit of light. "Master, Magic Beasts also have their dignity. If we like lowly humans, we'll ruin our dignity!" After saying this, Little Fire suddenly opened the door and looked at the person at the door with strong light in its black eyes. Yun Feng immediately stood up. "Qingqing!"

Xia Qing cried silently. She didn't know how long she stood there and how much she heard. Her little face was full of tears and she looked at Little Fire dumbfoundedly with her big eyes, biting her lips hard.

“Human, you should know yourself better. I will never like you, because you’re such a lowly creature! Save your self-righteous feelings!” Little Fire stared into Xia Qing’s eyes and said word by word. Yun Feng suddenly raised her hand and hit Little Fire with her mental strength mercilessly. Little Fire’s body immediately flew out. Xia Qing whimpered and ran to Little Fire with tears in her eyes. “Brother Little Fire!”

“Get lost!” Little Fire roared, followed by a wolf howl. The fiery red body of the Fire Cloud Wolf immediately appeared. The wound Yun Feng caused just then was very deep. Xia Qing looked at Little Fire’s bleeding wound with tears in her eyes. She was about to reach out her hand when Little Fire had already opened its mouth and growled at Xia Qing. The next second, its body had already jumped up and disappeared in front of Xia Qing.

“Brother Little Fire, Brother Little Fire...” Xia Qing fell on the ground with tears all over her face. Yun Feng walked over and pulled Xia Qing up from the ground. Xia Qing turned around and jumped into Yun Feng’s arms. She held the teacher who made her feel at ease and cried loudly.

Yun Feng held Xia Qing, who was crying hard in her arms, and caressed her hair with her hand. Hearing her suppressed cries, she only felt conflicted in her mind. This was the first time she had hurt her Magic Beast. Yun Feng knew that she didn’t hold back just then because she was angry. What it said was too hurtful, or Xia Qing wouldn’t be crying so sadly.

Yun Feng looked in the direction where Little Fire left with complicated feelings. She could more or less sense the surging emotions in Little Fire’s heart. It wasn’t like what he said at all. Yun Feng didn’t know where the feelings between a human and a Magic Beast would go. Xia Qing was crying, so Yun Feng could only hold her tightly. If such feelings were so hurtful, it was better to give up and let go.

At midnight, Yun Feng finally put Xia Qing to sleep. As soon as she came out of Xia Qing’s room, she saw Qu Lanyi. Qu Lanyi walked over and touched Yun Feng’s cheek. “The relationship between a human and a Magic Beast will never work out.”

Chapter 776: I Like Her Very Like Much (4)

Yun Feng frowned, but didn’t say anything. It wasn’t easy to have an interracial relationship. Humans couldn’t enter the world of Magic Beasts after all. “It’ll change,” said Yun Feng in a low voice. Qu Lanyi smiled. “I hurt Little Fire,” Yun Feng mumbled. Qu Lanyi hugged her gently. “You didn’t mean it. It’ll understand.”

Yun Feng nodded. “I’m worried about its injury. I didn’t hold back.”

Qu Lanyi let go of Yun Feng. “With the healing power of the water element, it should be fine.”

Yun Feng nodded and jumped into the sky. With the contract she established with Little Fire, Yun Feng found it easily. It was at a stream, the place where Xia Qing and Yun Luochen came during the day. When Yun Feng arrived, Little Fire was in the form of a Magic Beast. Its fiery red body was lying quietly by the stream with spots of dark light.

Yun Feng walked over gently and sat next to Little Fire. There was a faint blue light flashing in her hand, covering Little Fire’s injured area. Little Fire’s body trembled gently and it didn’t reject Yun Feng’s

treatment. It still lay there quietly. Its pure black wolf eyes were reflected in the stream, glittering beautifully.

“Master, this is the place that girl often comes to.” Little Fire finally said with a slightly hoarse voice. Yun Feng didn’t say anything. She healed it quietly and sensed the complicated emotions in Little Fire’s mind with the contract they established.

“She often comes here alone and cries alone. She thinks I don’t know, but I do.” Little Fire looked at the calm water of the stream quietly. “Master, you’re right. I like that girl a lot.”

“I like to tease her. I like to see her smile. I like to see her stomp her feet in anger because of me. I like to call her a stupid girl. I like to call her dumb. I like her to call me Brother Little Fire.” Little Fire said. Yun Feng remained silent and only listened quietly.

“But I know that I’m a Magic Beast and I shouldn’t like humans. The moment I fell in love with her, I knew that nothing would happen between us.”

Yun Feng slowly withdrew her hand. The wounds on Little Fire’s body had already healed gradually. Little Fire moved its body and leaned towards Yun Feng. It laid its head next to Yun Feng and leaned its entire body against her. Yun Feng touched Little Fire’s head with her hand.

“Master, was what I said heartless enough this time? That girl... That girl should have already given up on me.”

Yun Feng didn’t say anything. She touched Little Fire’s head with her hand and Little Fire lay next to Yun Feng quietly. “So... she can smile again. Smile like she used to. Be as happy as she used to be. She won’t cry anymore. She won’t cry for me anymore...”

Yun Feng didn’t say anything. She really wanted to say that human feelings wouldn’t be destroyed so easily. No matter how Xia Qing smiled, she wouldn’t be like before, because without Little Fire, Xia Qing’s heart was missing a piece, forever.

“She will, she will...” A soft whisper drifted with the wind. Yun Feng looked up at the night sky. This night, Xia Qing wasn’t the only one who was sad. The Fire Cloud Wolf next to her was the same. Little Fire’s ears moved slightly and it slowly raised its head. “Master, never cancel the contract with me.”

Yun Feng was startled. She would give the Magic Beasts freedom in the end and wouldn’t restrain them forever, not even Little Fire, who had a master-servant contract. Little Fire lowered its head and slowly closed its wolf eyes. “Give me a reason why I can leave her forever. I don’t want to see that girl sad or see that girl cry again.”

Yun Feng’s heart suddenly tightened. In this slightly cold night, there were two stars that were destined to go further and further away.

The first-rank family, the Qiu family, could be said to be famous in the area of the Ancestral Forest Hall. The Ancestral Forest Hall was a complicated place. If a first-rank family didn’t have enough strength to support it, it would be dragged down sooner or later. The position of a first-rank family was coveted by countless people, but the foundation of a first-rank family was strong. It was impossible to shake it easily. Compared to the changes of the second-rank and third-rank families, the first-rank families sat

there steadily. Even after a few centuries or even a few thousand years, they might not have changed. As time passed, their foundation also became more and more unshakable.

The Qiu family could be considered the youngest family among the first-rank families. They had only been in the position of a first-rank family for two to three hundred years. The other first-rank families certainly had existed for an even longer time. The heads of each family were truly smart and had dozens of generations of descendants.

When Qiu Yan and Qiu Shicai returned to the Qiu family, there was a heated discussion. Qiu Yan's face was gloomy and Qiu Shicai's face was swollen like a pig's head. The leadership of the Qiu family were also discussing in private. Only the few elders of the Qiu family knew about Qiu Yan and Qiu Shicai's trip. Nobody else knew about it, so nobody knew what happened.

Qiu Yan and Qiu Shicai came to the room of the leader of the Qiu family quickly without saying anything along the way. After they returned home, they received a message from the leader and came to meet him directly. When they walked into the room, they had already seen that the core elders of the Qiu family were all present.

Qiu Yan and Qiu Shicai's father was the third son of the Qiu family. He was a bit shocked to see his two sons come back like this, especially when Qiu Shicai embarrassed the third son of the Qiu family. Qiu Shicai stood there with a swollen face and lowered his head in embarrassment.

Qiu Yan bowed to the leader of the Qiu family, who was sitting in the high seat, and to all the elders present. The leader of the Qiu family waved his hand and looked at the two young people unhappily. "How did it go?"

"I've already told the Yun family what the Qiu family wants, especially that summoner, Yun Feng. I met her this time." Once Qiu Yan said this, all the elders, including the leader of the Qiu family, looked very interested. "You met that summoner?" The second son of the Qiu family said with excitement in his eyes.

Qiu Yan nodded. "Yes. I stayed in the Yun family for a month before she showed up. She seemed to have returned in a hurry, as if she went somewhere."

"Continue." The leader of the Qiu family ordered Qiu Yan to continue. "The Yun family's attitude is very vague. They didn't accept the Qiu family's kindness, but they didn't reject it either."

The elders all frowned and pondered. The leader of the Qiu family sat in the main seat and pondered for a long time. He looked at Qiu Yan. "Have you found out Yun Feng's strength?"

Qiu Yan glanced at Qiu Shicai. "We should be able to confirm that she's above the mid-stage of the Monarch Level. She's much stronger than me. Shicai once attacked with a mid-stage Monarch Level talisman, but she blocked it easily."

Chapter 777: The Endless Ocean (1)

"Above the mid-stage of the Monarch Level!" The elders of the Qiu family were all shocked. Summoners above the mid-stage of the Monarch Level were rare on the West Continent! Apart from those few powerful figures, who else could reach such a level?

“How old is she?” The fourth son of the Qiu family frowned. What he said attracted everyone’s attention. Qiu Yan also frowned. Qiu Shicai’s expression also changed. “She... is probably no older than twenty.”

“What?”

All the elders looked nervous. The elders of the Qiu family all looked at the leader of the Qiu family. The leader of the Qiu family was also extremely shocked. She had already reached the mid-stage of the Monarch Level before she was twenty! What kind of talent and speed of advancement was this? She was a genius!

“Brother, even you’re only at the peak of the Monarch Level...” The third son of the Qiu family said in a low voice. The face of the leader of the Qiu family darkened. “She should be more than twenty years old. Perhaps she used some method to retain her young looks.” The second son of the Qiu family said, still not believing it.

“No matter what, she won’t be too old even if she’s not twenty. Even if she’s as old as Qiu Yan, her talent is still extraordinary.” The fourth son of the Qiu family said with a deep voice. “Qiu Yan is already a top figure among the younger generation of the Qiu family. This Yun Feng... is even better.”

“If that’s the case, the Yun family will rise to power sooner or later.”

“Second brother, you’re right. Even though the Yun family is in the third rank right now, as long as Yun Feng is here, they’ll climb to the first rank sooner or later.”

Qiu Yan and Qiu Shicai stood there quietly and listened to the elders’ private discussion. Qiu Yan also knew clearly in his mind that the Yun family would climb to this position because of Yun Feng sooner or later. Sooner or later!

“What do you think the Qiu family’s attitude should be right now?” asked the leader of the Qiu family. Qiu Yan’s eyebrows moved slightly and he didn’t say anything. The other elders of the Qiu family pondered again. “The Yun family is a rising star. Even if they climb to the position of a first-rank family, they need some help.”

“Although the Qiu family has already existed for two to three hundred years of time, we’re still young compared to the other first-rank families. It’ll be another story if we can rope in the Yun family.”

“A newborn calf isn’t afraid of a tiger. Isn’t the Yun family this fierce calf?”

“The Yun family is currently in the area under our jurisdiction. If we give them more care and use small favors to exchange for future rewards, it’ll be worth it.”

The leader of the Qiu family listened to the discussion of the other brothers and pondered in silence.

“Brother, what do you think?”

The leader of the Qiu family raised his eyebrows and glanced at Qiu Yan standing below. “Qiu Yan, what do you think?”

The third son of the Qiu family couldn’t help but feel a bit nervous when he heard his brother ask his son. Qiu Yan chuckled. “Uncle-Masters, you’re right. The Yun family hasn’t shown its strength yet. We discovered it before anyone else did. This is an advantage. The Qiu family has always needed help. Even

though the Yun family's attitude is vague, we must repay them for their kindness, whether they're willing or not."

The leader of the Qiu family nodded. "In that case, help the Yun family secretly and don't do anything too drastic. As I expected, Yun Feng will definitely shine during the summoner convention in four years. By then, the Yun family will appear in front of everyone."

The Qiu family's plan was great, but the Yun family would never be someone else's vassal. The Yun family wasn't far from a first-rank family. Yun Feng wanted to raise the Yun family to an even higher position and make them their own master!

Qiu Yan and Qiu Shi had just left the Yun family, and the busy scene in front of the Yun family's door naturally disappeared. Yun Luochen had always exclaimed that those people were all powerful people. Xia Qing had suddenly calmed down a lot after crying that day, as if she suddenly understood something. Yun Feng thought she still needed some time to calm down, but Xia Qing seemed to have returned to normal the next day.

Little Fire had also returned to normal after that night, but it was much more distant from Xia Qing. Xia Qing would still call Little Fire Brother, but her tone was also polite and cold. The distance between the two of them became unfamiliar and subtle. Yun Feng had a headache, but she didn't say anything.

Everyone could tell that something was wrong with the two of them, but no one dared to say anything. Yun Luochen had been by Xia Qing's side these days, talking to her and making her laugh. Xia Qing gradually returned to her cheerful and smiling self. Little Fire was still as fiery as before. It said things that only the two of them could understand to Meatball. Little Fire was so angry that it exploded every time, while Meatball wiggled its butt at it proudly. With Meatball around, Little Fire seemed to have forgotten about Xia Qing.

However, Yun Feng would see Little Fire standing in the corner and looking at Xia Qing's back for a while, before it turned around and left.

After staying in the Yun family in Jushui Town for a few days, Yun Tianfan told Yun Tianfan about the happy event of the Yun family on the East Continent. Hearing that the Yun family had another descendant, Yun Tianfan was naturally very happy and praised Yun Feng for giving Yun Qingchen a good name. Yun Luochen also interrupted. How similar was Yun Feng's sullen father, Yun Jing, to Yun Tianfan?

The twenty-five Yun Army soldiers who came to the West Continent with Yun Feng came out of the Dragon Palace. When these twenty-five Commander Level Yun Army soldiers appeared in front of Yun Tianfan, Yun Tianfan couldn't help but feel a bit dumbfounded. Twenty-five Commander Level guards, Yun Tianfan had never dared to think about such a lineup in the past.

The twenty-five soldiers of the Yun Army called Yun Tianfan the leader of the Yun family in unison. When they arrived on the West Continent, Yun Tianfan would certainly be the leader of the Yun family. Yun Tianfan was shocked by the title of leader. Yun Feng explained that this was a necessary help for the development of the Yun family. With these soldiers here, she could go do other things at ease. With them protecting the Yun family, even if something really happened, they could hold on until she came back.

Yun Tianfan accepted it with a slightly heavy heart. He felt that Yun Feng had done too much for the Yun family of Jushui Town. She wasn't a direct descendant of the Yun family of the West Continent, but she did her best. Yun Tianfan couldn't help but feel warm in his heart, and Yun Feng said the same thing. As long as her surname was Yun, she was a member of the Yun family. There was no difference!

The twenty-five soldiers of the Yun Army followed Yun Feng's instruction and suppressed their strength to around level 7. After all, a third-rank family with such an eye-catching guard would cause trouble. When the status of the Yun family increased, these soldiers certainly wouldn't have to suppress themselves.

After the baptism of the Bone Changing Potion, these twenty-five soldiers of the Yun Army had cultivated much faster than others. Yun Feng wasn't worried about their increase in strength, but it was time to change the weapons of these soldiers.

Chapter 778: The Endless Ocean (2)

Her father and brother would certainly take care of the weapons of the Yun Army on the East Continent, and she would have to take care of it on the West Continent. Twenty-five Commander Level weapons were a huge number. Yun Feng did have a few Monarch Level weapons, but only a few. She asked Yun Tianfan. She couldn't buy such a large scale of weapons in Jushui Town, so she had to buy them in a big city.

Yun Feng immediately set off with Qu Lanyi and came to a city not far away from Jushui Town. They came to the most advanced weapon store in the city. The Commander Level weapons had to be custom-made in advance. Twenty-five of them wasn't a small number and they couldn't be taken out immediately. When the store owner learned that Yun Feng needed twenty-five Commander Level weapons, he couldn't help but feel a bit surprised. Yun Feng was using an anonymous name. She couldn't push the Yun family to the cusp of the storm at this moment.

After waiting patiently for a month, the twenty-five Commander Level weapons were finally handed to Yun Feng. The reward Yun Feng paid certainly wasn't gold coins. Weapons above the Commander Level were all traded with ores. Yun Feng paid twenty-five high-level ores for the twenty-five Commander Level weapons. The store owner even asked Yun Feng enthusiastically if she needed Monarch Level weapons. If Yun Feng needed them, he would have a way to get them. Yun Feng shook her head with a smile and declined.

After putting away the twenty-five weapons, Yun Feng and Qu Lanyi immediately left. Naturally, someone followed them, but Yun Feng's speed made these people return empty-handed. The spies sent by the store certainly didn't find anything. The news that an anonymous person bought twenty-five Commander Level weapons immediately spread. They didn't know this person's name. They only knew that she was a young and beautiful girl with a handsome man.

The second-rank families and the first-rank families were immediately a bit restless. Apart from the Qiu family, no one else thought that this was done by a third-rank family. The Qiu family wondered why Yun Feng bought so many Commander Level weapons at once. Qiu Yan and Qiu Shicai didn't know much about it. After all, they didn't know about the existence of the Yun Army.

After Yun Feng returned to Jushui Town, she distributed the weapons and told the soldiers of the Yun Army not to show off their power and their strength. The soldiers of the Yun Army agreed in unison. They had been influenced by the Yun family for so many years and they also understood how low-profile the Yun family was. They would do whatever their Young Lady wanted!

As early as on the East Continent, the warriors of the Yun Army each had a small storage container. The space wasn't big, but they could put away the weapons and items they needed usually. The twenty-five warriors put away all their weapons. They certainly knew that they couldn't expose their strength until the critical moment, so they certainly couldn't show their weapons.

The Qiu family also sent someone to investigate the Yun family in secret. The existence of the Yun Army certainly couldn't be hidden. The result of the investigation was that the Yun family had an additional guard with an average strength of about level 7. The batch of weapons Yun Feng bought were completely gone. The warriors were still holding weapons with holes.

The Qiu family couldn't help but feel a bit confused again. What was the Yun family doing? Even the Qiu family was a bit suspicious. Was it not Yun Feng who bought those weapons back then? Was it someone else?

After everything was ready, Yun Feng had to start on a new journey. There were less than four years until Mu Canghai's resurrection. Even though the matter of the Fusion Fluid had already been settled, the other thing she needed, the Spirit Gathering Grass, was far away in the Endless Ocean. It was impossible to predict what she would encounter in the Endless Ocean. Yun Feng even felt that the remaining time was a bit insufficient.

After talking to Yun Tianfan, Yun Feng prepared to set off for the Endless Ocean. The Endless Ocean was a vast and Endless Ocean. At Yun Feng's level, there was nothing she couldn't do. Even if she was in the sea, it was no different from being on land. However, Xia Qing was different. She had just entered the Commander Level and couldn't breathe freely at the bottom of the sea at all. After knowing that Yun Feng was going to the Endless Ocean next, Xia Qing said that she wanted to enter the Dragon Palace to cultivate again. Yun Feng didn't say anything. She couldn't bring Xia Qing with her this time. She might as well put her on the tenth level of the Dragon Palace to speed up her cultivation.

Xia Qing entered the Dragon Palace. Yun Luochen originally wanted to ask her to stay in Jushui Town, but he didn't say it out loud. After Xia Qing entered the Dragon Palace, Yun Luochen also worked hard and cultivated harder than usual, which made Yun Tianfan extremely happy. After all, Yun Luochen was a direct descendant of the Yun family on the West Continent. He would have to support the West Continent in the future and he couldn't always rely on Yun Feng.

Everything had been planned. In the morning, when the sun had just risen in Jushui Town, Yun Feng had already walked out of the yard. Qu Lanyi certainly stayed with Yun Feng on the trip to the Endless Ocean. Little Fire and Lan Yi could also stay with Yun Feng because of the arrival of the Yun Army. Both of them were a bit happy. After all, the most exciting thing was to take adventures with their master!

Lan Yi stood in front of Yun Feng. Yun Feng smiled at Lan Yi as a ball of green light slowly enveloped Lan Yi. The next second, a huge griffin appeared in the yard. Luckily, the yard was big enough, or Lan Yi's body would have directly knocked down the house.

Yun Feng jumped onto Lan Yi's back, and Qu Lanyi followed her. The griffin slowly spread its wings, and the blue patterns on its wings appeared again. It flapped its wings hard, and rose to the sky!

"Roar..." Little Fire let out a wolf howl and its body had already turned into the form of a Magic Beast. It jumped up and chased after Yun Feng. Meatball cried on Yun Feng's shoulder and its body jumped straight to sit on Little Fire's head. It was obvious that it was very happy.

The two Magic Beasts left faint red and green trails in the air and slowly disappeared from the sky of Jushui Town.

Above the heavy clouds, Meatball let out loud sounds from time to time. Yun Feng was sitting on Lan Yi's back and reading the notes left by her master to find a description of the Endless Ocean. Qu Lanyi sat next to Yun Feng and looked at the notes that Yun Feng flipped through page by page. He clicked his tongue secretly. "Your master is too knowledgeable. I only took a quick look. This notebook involves a lot of things."

Yun Feng smiled. Her master's notes could be said to be a treasure vault. She could even find potion formulas on it. It seemed that her master might have made quite a lot of achievements in the field of potions. There were also some descriptions of Magic Beasts and some extremely hidden species in the notes. Even though it was just a few words, it was enough to show that her master had a rich background.

Chapter 779: The Endless Ocean (3)

Yun Feng searched carefully and finally found it. "The Endless Ocean, a boundless, mysterious and vast sea. Most of the Magic Beasts living there are ferocious and violent. They don't like to interact with humans and hate humans, especially the merfolk."

"This is troublesome. The merfolk hate humans so much. How would they react if they knew that one of their eggs fell into the hands of humans?" Qu Lanyi looked at Yaoyao solemnly. "Fengfeng, did you get a hot potato?"

Yun Feng chuckled. "Speaking of which, I'm very surprised. The merfolk should be a noble branch of the sea demons. There should be very few merfolk. Logically, it's impossible for them not to know that an egg was lost."

"But it's been so long and they never did anything. It's indeed strange."

"That's right. I was wondering if something happened to the Endless Ocean and it's related to the merfolk and the sea demons?" Yun Feng frowned slightly. This thought had stayed in her mind for a long time. She should have an answer when she went to the Endless Ocean this time.

"The merfolk hate humans. Don't interfere with their business." Qu Lanyi looked at Yun Feng solemnly. Yun Feng was stunned. "Am I such a busybody?"

Qu Lanyi sighed. "You're not a busybody, but what if Yaoyao is involved?"

Yaoyao raised her head and glanced at Yun Feng at this moment. Yun Feng's black eyes darkened. "If that's the case, I certainly can't stand by and do nothing."

Qu Lanyi looked like he had known that Yun Feng would answer like this. He touched Yun Feng's head with her hand. "Never mind. I'll stay with you if anything happens."

The Endless Ocean was located in the west of the West Continent. Yun Feng and the others went all the way west and soon arrived at the westernmost area of the Ancestral Forest Hall. Since the three halls on the West Continent were arranged vertically, they could reach the Endless Ocean from any hall. It could be said that the Endless Ocean and the Ten Thousand Beast Mountain Range sandwiched the West Continent between them.

The westernmost part of the Ancestral Forest Hall, which was closer to the edge of the Endless Ocean, was less populated. There were almost no residents on the coast of the Endless Ocean. Yun Feng and the others continued west and finally found a small fishing village. This village was rooted on the coast of the Endless Ocean. It wasn't large and every family was doing seafood business. Yun Feng and the others landed a distance away from the village. Lan Yi and Little Fire followed Yun Feng in human form.

"Master, why don't you just go there?" Little Fire asked in confusion. Yun Feng smiled. "The Endless Ocean is extremely dangerous. Humans are definitely not welcome there. If I go in recklessly, I'll probably be hunted down in a while."

"Then why are we here..." Little Fire looked around in confusion. Yun Feng walked forward, and Qu Lanyi turned around and said, "They live here, so they certainly know the Endless Ocean better than others. We must be fully prepared before we enter this sea."

Little Fire grunted and turned its head aside. It didn't like this man! As they walked into the village, the people in the village all looked over curiously. Yun Feng didn't care about them. After a few steps, an old man walked over from afar.

"You're outsiders?" The elder sized up Yun Feng and the others and looked at Meatball on Little Fire's head with deep meaning in his eyes.

"Sir, sorry for disturbing you." Yun Feng spoke politely with a smile on her little face. The few of them gave people a very good feeling and they were all handsome people. The vigilance of the elder was slightly reduced. "What are you doing here?"

Yun Feng smiled. "Since you live here, you must know the Endless Ocean very well."

The old man's expression changed drastically after hearing that. "Why are you asking this?"

Yun Feng knew that the old man must know something. "Sir, is there anything you can tell us?"

"I don't know anything! Leave quickly!" The old man waved his hand and asked them to leave. Little Fire was so angry that it wanted to attack, but Lan Yi stopped it and asked it to calm down. Qu Lanyi smiled. "Sir, it's your freedom if you don't tell us, but it's our freedom if we want to leave or not."

"You..." The old man glared at Qu Lanyi. Qu Lanyi said, "We just want to know about the Endless Ocean. We don't have any other intention. You don't have to be vigilant against us. If we want to, it's useless no matter how vigilant you are."

The old man gasped. Yun Feng raised the corners of her mouth helplessly. "Old man, we don't have any other purpose and we won't cause you any trouble."

The old man knew that Yun Feng and the others weren't easy to deal with, but their attitude was indeed not very arrogant and they also looked polite. The old man thought for a while and finally gave in. "Follow me. After knowing what you want to know, leave as soon as possible!"

"Of course." Yun Feng nodded. The few of them followed the old man into the village. Along the way, they attracted countless curious gazes. Many people pointed at Meatball. Little Fire followed on the side with a sullen face. Its sharp teeth flashed from time to time, emitting light.

The few of them followed the old man into a room. After they sat down, the old man said, "Tell me. What do you want to know?"

"Sir, I think every family makes a living by fishing. Do you catch fish from the Endless Ocean?"

The old man sneered after hearing that. "This isn't the Endless Ocean. The area within a hundred meters of the shore is called the shore area. This is an area where humans can live. The area outside the shore area is the area of the Endless Ocean. The seawater will change from blue to black, like a boundary. Once humans step into the black area, they'll be killed!"

Black seawater? Yun Feng frowned. So that was the case. There was a shore area where humans could live, but it was only a hundred meters long. The extremely vast sea on that side belonged to the Endless Ocean. Once humans stepped in, they would indeed be killed. It seemed that the Magic Beasts in the Endless Ocean really hated humans.

"Why? Do you want to step into the Endless Ocean?" The old man glanced at Yun Feng and the others suspiciously. Yun Feng smiled. "That's the plan, but after hearing what you said, I don't think we should break in."

Chapter 780: The Endless Ocean (4)

"You really want to enter? You want to hunt Magic Beasts? Don't blame me for not reminding you. How many powerhouses have entered the Endless Ocean and died inside? Many of them were famous figures, but they couldn't come out! Young people are quite bold!"

Little Fire gritted its teeth hard. Yun Feng didn't say anything, while Qu Lanyi raised his eyebrows and didn't say anything. Lan Yi said, "Do you mean that the Endless Ocean rejects humans, but not Magic Beasts?"

The old man glanced at Lan Yi with a weird expression, as if he had said something weird. "How would I know? No Magic Beasts have ever gone in! If you can get a Magic Beast, try throwing it in!"

Little Fire and Lan Yi both froze. Yun Feng said, "Sir, if you don't mind, can you let us stay for a day? We'll leave tomorrow morning."

"Humph! You'd better leave as soon as possible tomorrow! Young people nowadays don't know how strong they are. Do they really think they can go anywhere they want in this world? I wonder..." After Yun Feng and the others left, the old man was still nagging in the room. Little Fire was so angry that it was about to spew fire. "Shut up!"

Yun Feng stroked Little Fire's head comfortingly and asked them to rest in the room arranged by the old man. Yun Feng came to this place called the shore alone. The clear seawater splashed on the surface of

the sea. The village was very vigilant against these strangers. Yun Feng stood here and nobody dared to approach at all. They all looked at her from afar.

Yun Feng observed carefully for a while and looked at the sea that almost intersected with the horizon. Her body suddenly flashed up and jumped into the sky, disappearing from the sky in the blink of an eye. The villagers looking at Yun Feng in the distance were all shocked. They looked at the place where Yun Feng disappeared in a daze and couldn't come back to themselves for a long time.

The surface of the Endless Ocean rippled as the wind blew. Fish could even be seen flashing in the water occasionally on the surface of the sea called the shore area. Yun Feng could certainly see the surface of the sea outside of the shore area clearly from the high sky. After seeing the surface of the sea in front of her eyes, she couldn't help but feel shocked even though she knew about it from the old man in advance.

The area a hundred meters away was indeed as the old man said. It was as if a boundary had been forcibly drawn. The seawater changed from clear blue to pure black, like two colors that couldn't be reconciled. However, they were so close to each other that they separated into two different worlds.

Even though Yun Feng was in the sky, she didn't rush to the top of the black area. She slowly descended and stood half a meter above the water, constantly approaching the black area until she stopped at the edge. Less than half a meter in front of Yun Feng was completely black and dense seawater.

Yun Feng sensed carefully and her mental strength slowly extended along this half-meter. When it touched the black sea, it didn't receive any obstruction and didn't alarm anything in the black sea. Yun Feng carefully let her mental strength enter, but she was frustrated to find that she couldn't detect anything at all. The blackness didn't just divide two worlds, but also added a layer of protection to this mysterious and vast sea.

Even though Yun Feng was at the mid-stage of the Monarch Level at this moment, she couldn't detect anything in the black sea at all. She withdrew her mental strength and stared at it for a while. Only by entering the black sea herself would she know what was inside. However, everyone knew that humans weren't welcome in the Endless Ocean. It was also recorded in her master's notes that the Endless Ocean wasn't just not welcome. It could also be proved from the old man's mouth that it had already reached an extreme level of rejection and disgust.

If a human stepped into the Endless Ocean, the entire Endless Ocean would probably be stirred the moment they stepped in. With the disgust the Endless Ocean had for humans, they definitely wouldn't let humans walk out of here alive. This was also why so many human powerhouses never came out after entering the Endless Ocean.

Yun Feng thought of Yaoyao's speed of advancement. In just one year, Yaoyao had already jumped to the Commander Level. Yun Feng was proud of her speed. If the evolution speed of the sea demons was like Yaoyao's, the Magic Beasts living in the Endless Ocean wouldn't be weak at all. Perhaps the Monarch Level was already common here, and there should be many at the Lord Level! Thinking of this possibility made Yun Feng feel extremely troubled. Even though she could try to win against a Lord with her current strength, she wasn't confident that she could face the entire Endless Ocean!

Or should I find a way to hide my human aura... How can I get rid of my human identity and enter the Endless Ocean?

Only Magic Beasts could emit the unique aura of Magic Beasts. Unless there was the blood or genes of Magic Beasts in the bodies of humans, it was possible for them to emit the aura of Magic Beasts. Yun Feng suddenly thought of her sullen father. Her father had the blood of Golden Dragons in his body. It could be said that strictly speaking, her sullen father was no longer a pure human being!

Yun Feng immediately gave up the idea. Even if Uncle Flirtatious was willing to give her the Golden Dragon Blood, she couldn't accept it with such a reason. Thinking of Ao Jin, Yun Feng remembered that when she was about to leave the East Continent, he went back to the Dragons and said that he would come to the West Continent to find her after finishing his business. However, so much time had passed and Ao Jin still hadn't appeared. Perhaps he was busy with the Dragons.

After Yun Feng went back and told Qu Lanyi, Little Fire and Lan Yi about her worries, they all frowned and pondered. If they wanted to enter the Endless Ocean, she had to hide her human aura first, or it would cause a lot of trouble. They might face the anger of the Endless Ocean towards humans as soon as they entered the Endless Ocean.

"Master, is there any way to cover you with the aura of our Magic Beasts?" Lan Yi pondered for a while, but Yun Feng shook her head. "The aura of Magic Beasts is unique. Even if you can cover me with this aura for a while, it's not a good idea."

"Then what should we do?" Little Fire mumbled in frustration. "I can just kill my way out. Whoever dares to stand in our way will die!"

Yun Feng shook her head again. Qu Lanyi also looked serious. "You should restrain your bad temper before you enter the Endless Ocean. The races in the Endless Ocean aren't easy to deal with. Their temper isn't any better than yours."

"It would be great if that transvestite was here." Qu Lanyi touched his chin carefully with his finger. Yun Feng understood. "Are you talking about Yan Che? The dark elements can also be used to hide auras?"
