

## Summoner 781

### Chapter 781: A Strange Encounter (1)

Qu Lanyi nodded. "If not, how would he be able to hide so freely back then?"

After thinking for a long time, Yun Feng still didn't have a solution in the end. She raised the corners of her mouth. "Never mind. If I really can't hide my aura, I'll just break in openly!"

A few pairs of eyes glanced at Yun Feng in shock. Determination flashed through Yun Feng's eyes. "I must get the Spirit Gathering Grass!"

The next morning, the small fishing village was in an uproar. The villagers who were fishing early in the morning saw Yun Feng and the others walking towards the sea. The villagers were all discussing in private. Was this group of people crazy? They wanted to go into the Endless Ocean? Wasn't that courting death?

The old man who received Yun Feng and the others yesterday was also stunned. He thought they would leave just like that. They left, but he didn't expect that they were really leaving for the Endless Ocean!

Yun Feng held Yaoyao in her arms. Qu Lanyi stood next to her. Lan Yi and Little Fire stood on Yun Feng's other side. Meatball sat on Little Fire's head and looked at the Endless Ocean in the distance with its big eyes, as if it was a bit excited.

"Let's go," said Yun Feng softly. The others also nodded. Their bodies moved at the same time. The villagers all widened their eyes and watched them disappear into the sea.

"They're really asking to die!"

"Are they killing themselves for love?"

The old man looked at the empty shore with shock in his eyes. In the end, he shook his head. They were just a few young people who didn't know the immensity of heaven and earth. They were good at fighting and would always escape when they encountered a nail. The villagers went back to doing their own things. The sea was the same as before, but the few figures had already been swallowed.

Yun Feng and the others entered the sea. The moment Yaoyao touched the seawater, she had already transformed into the form of a sea demon. The beautiful blue body of the sea demon appeared and its translucent blue fins swayed gently in the sea. The lower half of Yaoyao's fish tail wrapped around Yun Feng's waist and her arms with blue fins wrapped around Yun Feng's neck. Her new face only looked happy and her blue eyes had vertical black pupils. Yun Feng touched Yaoyao's fins and ears and Yaoyao's fish tail swayed a few times comfortably.

"This is indeed the most comfortable place for her," whispered Qu Lanyi. Yun Feng smiled and glanced at Little Fire. "Are you uncomfortable?" Little Fire was a fire-element Magic Beast. It had never been close to the water element. After all, they were incompatible.

"I'm fine. I don't feel too uncomfortable." Little Fire moved its body awkwardly and sharp teeth appeared in its mouth. It was indeed a bit difficult for a fire-element Magic Beast to stay in the water for a long time.

“Or...” Yun Feng pondered for a while and still let Little Fire enter the Ring of Contract. Lan Yi shook his head with a smile on the side. “Master, don’t worry. Brother Fire just doesn’t like such an environment. Nothing else.”

Little Fire glared at Lan Yi, and Lan Yi smiled. Meatball sat on Little Fire’s head and cried. Little Fire roared in embarrassment, “Stupid Meatball! How dare you call me a coward!”

Meatball raised its head and shouted again. Little Fire’s anger was instantly ignited. “I’m just not used to it. Not used to it!”

“Little Fire, after entering the Endless Ocean, you must restrain your temper and try not to talk.” Yun Feng said. Little Fire nodded. Even though it was full of anger, it shut up obediently. Yun Feng glanced at the dense black boundary ahead and the few of them walked over.

“This is truly a barrier.” Qu Lanyi nodded. Yun Feng said, “After this is the border of the Endless Ocean. I think we’ll have to fight fiercely after we enter.”

Although Little Fire was excited, it was also very anxious. The power of the fire elements at the bottom of the sea would be greatly reduced in this place. Even though it really wanted to fight with the Magic Beasts here, it couldn’t do so in this place where it had lost its advantage! Lan Yi nodded solemnly. He knew that Little Fire’s ability would be suppressed and he was the only one who could exert his full strength.

Yun Feng took a deep breath gently. She was about to step into this unknown and mysterious place as a human being, when Yaoyao, who was in her arms, moved. The fishtail on the lower half of Yaoyao’s body slowly loosened from Yun Feng’s waist and her body also retreated gently. Yun Feng was puzzled. Yaoyao’s body span in the sea happily. An unusually bright blue color suddenly emitted from her beautiful blue body. It was unusually bright even in this sea.

“This is...” Yun Feng looked at the blue color that kept floating out of Yaoyao’s body. This bright blue color slowly floated towards Yun Feng and Qu Lanyi, covering their bodies gently. Yun Feng and Qu Lanyi didn’t dodge. They knew that Yaoyao wouldn’t hurt them.

Little Fire and Lan Yi both watched this scene. The blue color gradually covered the bodies of the two of them like a layer of faint film, covering every corner of their bodies.

“It’s gone! Master’s human aura is gone!” Lan Yi shouted in surprise. Little Fire also widened its eyes. The layer of blue slowly dissipated after enveloping the two of them, but the human aura emitted by Yun Feng and Qu Lanyi was quietly erased by the blue.

After doing all this, Yaoyao stuck herself back to Yun Feng’s arms. Her big eyes were full of joy as her fish tail wrapped around Yun Feng’s waist again and rubbed against her intimately. “It’s the same. Xiao Feng... is the same as me.” Yaoyao said. Yun Feng was only extremely surprised, but this unexpected move was indeed a great help. It saved her a lot of unnecessary trouble and she could certainly be unimpeded in the Endless Ocean.

“It seems that there’s a lot less trouble.” Qu Lanyi chuckled. Yun Feng nodded and fiddled with Yaoyao’s ear fin. Yaoyao liked to play with it like this with an expression of enjoyment.

“Let’s go.” Yun Feng looked at the black barrier in front of her. With Yaoyao’s help, this trip to the Endless Ocean would be much easier and she would also be much more relaxed. Yun Feng’s body flashed and she had already carried Yaoyao into the dense black seawater of the Endless Ocean. The others also flashed and followed, disappearing into the black water together.

She seemed to have crossed an invisible border. The feeling of having her entire body scanned by radar came into Yun Feng’s mind. When she opened her eyes, Yun Feng thought everything in front of her would be a dark world, because the seawater in the Endless Ocean was all black. However, what Yun Feng saw in front of her was almost the same as land. It could be said that this was another vast continent!

“How astonishing.” Qu Lanyi looked at the world in front of him that was like land. There were also mountains and even rivers! It was as if seawater here was the air on land and they didn’t feel that they were in the seawater at all after entering this world. Everything was normal!

### **Chapter 782: A Strange Encounter (2)**

Yun Feng turned around. There was still a pure black barrier behind her. Looking from the Endless Ocean, the other side was a pure black world. Yun Feng pondered carefully for a while and didn’t act rashly. None of them did anything reckless. They waited for a while and didn’t find anything unusual.

It seemed that the human aura on her body had indeed been erased. Otherwise, Yun Feng believed that she would be warmly “welcomed” by the Endless Ocean after a while when she stepped into it.

“The Endless Ocean might be much larger than I imagined. It might even be larger than the land.” Yun Feng walked forward and stepped on the ground. Perhaps because she had reached such a level that she could ignore the resistance of the seawater, she could breathe normally here.

The few of them were in the wilderness. Apart from the barren mountains, there was nothing else. Yun Feng and the others flew off the ground and rushed forward quickly. Yun Feng didn’t know where she was going along the way. This vast sea was completely unknown to Yun Feng. If she wanted to find the Spirit Gathering Grass, she must find the natives of the Endless Ocean. Only by knowing them could she get out of here.

Yaoyao had always been in the form of a sea demon. There was naturally no need to hide in the Endless Ocean anymore. This was Yaoyao’s home, the place where she was born. Yaoyao looked very happy. Even though she was taken away from the Endless Ocean before she hatched, the sense of belonging in her body was still very strong.

As they moved forward, Yun Feng observed the world of the Endless Ocean carefully. It was vast, extremely vast. “Perhaps the East Continent and the West Continent together aren’t as large as this area,” said Qu Lanyi in a deep voice. Both of them couldn’t help but look gloomy. This meant that it wasn’t easy to find the Spirit Gathering Grass at all, and this place was much more complicated than on land! If they were careless, they might be involved in something. If their human identity was exposed, it would be even worse.

“It seems that we have to be careful,” Yun Feng whispered. Qu Lanyi nodded. “More than that. We have to be extremely careful.”

For half a day, Yun Feng and the others had been traveling through this barren mountain range, but there were gradually changes. Yun Feng keenly discovered that there were traces of fighting somewhere in the mountain range, and it was extremely tragic. If she was more careful, she could even find some broken bones!

Qu Lanyi also noticed this and looked serious. "It seems that someone fought here. It should be a border area, or there wouldn't be so many traces of battle."

"The battle was truly brutal," mumbled Little Fire. Meatball blinked its big eyes and looked down curiously. The further they went, the more traces there were. Yun Feng and Qu Lanyi gradually became solemn. Suddenly, Yun Feng stopped.

"What's wrong?" Qu Lanyi stood next to her and asked in a low voice. Little Fire and Lan Yi immediately looked around vigilantly. Yaoyao also looked at her in confusion in Yun Feng's arms. Yun Feng narrowed her black eyes slightly and suddenly descended to a height. The others all followed. Yun Feng glanced at a corner in front of her with her black eyes. Qu Lanyi couldn't help but widen his eyes. "That's..."

They had a body that was half human and half fish, a blue fish tail and fins, and scales that could be vaguely seen on their skin. Those three creatures looked like they were running crazily. They were exactly the same as Yaoyao! They were members of the merfolk!

Yaoyao, who was in her arms, couldn't help but feel stunned. She stared at the three sea demons, who were running in a mess, with her big eyes. Little Fire and Lan Yi also blinked a few times. "I didn't expect to meet them so soon." Qu Lanyi said in a low voice, while Yun Feng looked a bit weird.

"Don't you think they're running in our direction? And... they're coming for us!" Yun Feng's black eyes glittered. The others realized that she was right! The three male sea demons were indeed running in their direction and had already discovered them!

"Have we been seen through?" Qu Lanyi frowned, but Yun Feng didn't reply for a long time. Had she been seen through? That wasn't impossible. However, judging from the expressions of the three sea demons, it wasn't the case at all. They were clearly running for their lives!

As soon as this thought flashed through Yun Feng's mind, it had already been verified! The ground suddenly shook violently. The three rushing sea demons were even more panicked and ran towards Yun Feng desperately. Yun Feng slowly narrowed her eyes and finally saw clearly. These three sea demons were indeed being chased, and there were a lot of people chasing them!

A small mass of shadows followed the tremor on the ground. There were five or six ferocious Magic Beasts of the Sea Clan behind the three sea demons and they all looked like they wanted to kill them. They waved the weapons in their hands crazily and the three of them had to dodge in panic as they ran towards Yun Feng even faster.

Yun Feng put Yaoyao in Qu Lanyi's arms. Qu Lanyi was stunned. Yun Feng had already jumped out. Little Fire and Lan Yi immediately followed her. Qu Lanyi held Yaoyao in his arms and looked at Yun Feng's back. He understood that this was indeed an opportunity.

The three sea demons that were running crazily finally came to Yun Feng. They glanced at Yun Feng with a weird expression. They were about to say something, but the pursuers behind them came. The three of them immediately hid behind Yun Feng in fear. Qu Lanyi looked at the three sea demons thoughtfully.

The five or six Magic Beasts of the Sea Clan that were chasing the merfolk were apparently stunned when they saw Yun Feng. Then, a monstrous anger burnt in their eyes! "Human?!"

Yun Feng's face darkened. She had already concealed her human aura. Why could these Magic Beasts still recognize that she was a human being at first glance? Was it because of this human's appearance? Luckily, she didn't enter the central area of the Endless Ocean without permission, or she would be exposed!

"We originally wanted to hunt those three, but we have something more important to do right now!" The hoarse voice of the Magic Beasts of the Sea Clan came, bringing with it an inexplicable noise that made people feel frustrated. Five or six Magic Beasts of the Sea Clan picked up the weapons in their hands and pointed at Yun Feng at the same time. An extremely hoarse roar came out. "Humans who trespass on the Endless Ocean, die!"

Yun Feng's black eyes suddenly darkened. Lan Yi and Little Fire next to her had already moved in an instant. The battle had already begun in a second. Yun Feng counterattacked the attack coming at her head-on and said coldly, "Leave none of them alive!"

### **Chapter 783: A Strange Encounter (3)**

The three sea demons that were running for their lives hid in a corner and watched the battle between Yun Feng and the Magic Beasts of the Sea Clan with their eyes widened. This was the first battle between Yun Feng and the Magic Beasts of the Sea Clan, but it was obvious that Yun Feng had the advantage! Although the five or six Magic Beasts of the Sea Clan were strong, they weren't as strong as Yun Feng, and they certainly weren't as strong as Lan Yi and Little Fire. Under Yun Feng's command, Little Fire and Lan Yi didn't show any mercy at all. Even though Little Fire's attacks were suppressed, it was still better than these Magic Beasts of the Sea Clan. After a while, all the five or six Magic Beasts of the Sea Clan were dead.

The three sea demons were dumbfounded. They looked at the group of Magic Beasts of the Sea Clan that chased after them just then and then looked at Yun Feng. Yun Feng looked at the corpses on the ground coldly. If she let one of them escape, she would be in trouble. Besides, she originally wanted to use this to help the merfolk. These sea demons were obviously the merfolk's sworn enemies. It wouldn't be wrong for her to kill them.

This was the border area. Killing was a common thing and a few more corpses were also a common thing. Yun Feng didn't have to think about dealing with these things. She turned around and returned to the three sea demons. These three sea demons were all males, but they all looked a bit... wretched.

Using the word wretched to describe the sea demons, Yun Feng was a bit uncomfortable with this adjective. Yaoyao was also a sea demon, but she was extremely beautiful. Even if she transformed into a demon, it wouldn't be halved. However, the three male sea demons in front of her didn't have this characteristic at all. There was a wretched smile on their three wretched faces and their facial features were almost wrinkled together, looking like they were petty.

Yun Feng frowned gently. Did humans look creepy among the sea demons?

“You...” Yun Feng had just opened her mouth when the three male sea demons greeted her as if they were no strangers. The first thing they said was, “Why did you come in like this?”

Yun Feng was surprised, and so was Qu Lanyi. Little Fire and Lan Yi were also surprised. They came in like this? What did that mean?

Yun Feng didn't say anything. She only felt that something was wrong. One of the three male sea demons approached with a knowing look on his face. “Little girl, I can tell that you're a newcomer. Humans like us have to have some means to explore the Endless Ocean!”

Humans!

Yun Feng's black eyes glittered, but her face didn't change at all. Qu Lanyi looked at the three sea demons in front of her thoughtfully again... The appearance of the sea demons was truly lifelike. They couldn't be seen with the naked eye at all, or Yun Feng wouldn't have thought that they were sea demons.

“It seems that you're all experienced.” Yun Feng chuckled. The three humans who looked like sea demons all chuckled. The obscene expression on their faces was even more human-like. The other one searched in his scales for a long time and took out a small bottle. Yun Feng looked at it with her black eyes. It was a kind of medicine.

“It's a bit too much to say that we're experienced. Haha, but this isn't the first time we've been to the Endless Ocean.” The man with the potion licked his lips with a complacent look. “Little girl, do you see that? If you want to enter the Endless Ocean and deceive those Sea Clans, you must have this treasure!”

Yun Feng sized up the appearances of the three sea demons and nodded. “Indeed. The effect of this medicine is astonishing.”

“Of course! This treasure is very expensive, but the harvest...” The man smiled and didn't elaborate. Yun Feng didn't expose him either. There must be a reason why the Magic Beasts of the Sea Clan recognized her as a human being at first glance. “If this treasure is so useful, why are those Magic Beasts of the Sea Clan still chasing you?”

“They treated us as members of the sea demons. Those few were the enemies of the sea demons. Such things often happen in this area.”

“This potion must be very famous. Seniors, why don't you tell us?”

The three men chuckled. “Little girl, you saved us, so we certainly have to tell you. This is a transformation potion that can transform humans into all kinds of Magic Beasts. As for the specific form, it depends on what's added to the potion.”

Yun Feng pondered for a while. It seemed that the key to the effect of the potion was the part of the Magic Beast that was fused with it. It was also the part that determined which form the potion could turn a human into. “Look at our appearance. Nobody will be able to tell that we're human! The best thing about this potion is that it can not only change the appearance, but also the aura!”

Indeed, even if one changed one's appearance, it would be easily seen through no matter how well one hid oneself if one didn't change one's aura. It would certainly be a different story if one completely changed and merged with this race.

"Luckily, you ran into us. If you had entered the merfolk's territory, they would've known that you're human after the first glance!"

"Why is that?" Yun Feng asked softly. One of the three of them said, "The races of the Endless Ocean hate humans to the extreme. The same goes for the merfolk. Even though Magic Beasts can transform, they can only transform half of their bodies at most, like we are right now. They can't transform into complete humans at all."

Yun Feng understood. It turned out that no Magic Beast in the Endless Ocean had ever transformed into a complete human being. Even if she hid her aura, unless she changed her appearance, all her efforts would be in vain. The Transformation Potion was indeed important.

"I see..." Yun Feng said softly as she glanced at the bottle of potion in the hands of the three of them. The three of them smiled a bit awkwardly. "Little girl, you saved our lives. This Transformation Potion is for you." The three of them quickly stuffed the bottle of Transformation Potion into Yun Feng's hand. Yun Feng raised her brows slightly. Including Little Fire and Lan Yi, there were four of them. This bottle probably wouldn't be enough.

Before Yun Feng said anything, the three of them searched their bodies again and took out three more bottles, giving them all to Yun Feng. "Little girl, don't despise us. This is our last stock. We wanted to stay for a few more days to get something, but it won't be a loss for us to give it to you..."

Yun Feng chuckled when she saw how the three of them were obviously regretting the loss. She accepted the four bottles of potions generously. "Thank you."

The three of them smiled awkwardly. "Well... Our medicine will run out of effect very soon. We'll go out first." The three of them turned around and ran outside. Suddenly, they thought of something and turned around to shout, "Ah, I forgot to tell you. The effect of the Transformation Potion can only last for three days!"

### **Chapter 784: The New King (1)**

Three days!

The appearance of the three sea demons was already showing signs of fading. The three of them ran out quickly and Yun Feng's body instantly stood in front of them. The three men almost fell on the ground after being stopped like this.

"Little girl, is there anything else? Our potions can only last for another half a day at most. We have to get out quickly!"

Yun Feng stood still in front of the three of them. Little Fire and Lan Yi also came over and surrounded the three of them in a small circle. Qu Lanyi slowly came over with Yaoyao in his arms with a villain's expression on his face. The three men were a bit panicked when they saw this. "Little girl, what... what do you mean?"

Yun Feng smiled gently. "Don't be nervous. There are still some things I haven't asked you clearly. After asking, I'll certainly let you leave."

"If we delay any longer, we won't be able to get out before the effects of the potion disappear. By then, we'll die here. You..."

"Don't worry. I'll send you out before the effects of the potion disappear."

The anger of the three men was stuck in their throats. In the end, one of them said, "Ask us what you want to know. We'll definitely tell you everything we know." They had to tell her. Once the potion disappeared, the three of them would still be in the Endless Ocean. By then, Yun Feng and the others could abandon the three of them, but the three of them didn't have Yun Feng's strength. If Yun Feng weren't here just then, the three of them would probably have died.

"The Transformation Potion only works for three days?" Yun Feng fiddled with the small bottle of Transformation Potion in her hand. The three of them nodded. "It only works for three days, but you can get a lot of good stuff in these three days."

Yun Feng frowned. Only three days. That was too short a time! She was going deep into the territory of the merfolk. This potion was undoubtedly important! She could only wander around the outermost area with the effect of only three days! She couldn't go deeper at all. Besides, there were only these potions. If she didn't have any after using them, wouldn't she be restrained and never make any progress?

"If this isn't the first time you've come to the Endless Ocean, this shouldn't be the first time you've used this potion." Qu Lanyi walked over leisurely with a smile. The three men couldn't help but look a bit scared when they saw Qu Lanyi, especially Qu Lanyi who was holding Yaoyao. "You... You're not a merman?"

The three men asked in fear as their eyes drifted to Yaoyao again. Qu Lanyi was stunned and so was Yun Feng. Qu Lanyi was clearly in human form. Why did the three of them ask this?

"Why? Do I look very similar to a merman?" Qu Lanyi curled his lips and the three men nodded thoughtfully. "We've seen mermen with our own eyes many times. Even though some of them are ugly, I have to say that most mermen are very handsome, especially like you..."

The corners of Qu Lanyi's mouth twitched a few times. There was a smile in Yun Feng's eyes, but she couldn't waste time on this. "You must be familiar with the details of this potion, right?"

The three men exchanged a look in private. Yun Feng saw it clearly and her expression didn't change. "We spent a lot of effort and connections to get this treasure. If it spreads, won't we have a lot of competitors?"

Yun Feng chuckled. "I'm not interested in picking up scraps. You can rest assured that I won't tell anyone."

The three men chuckled. "Little girl, you saved our lives. If we're dead, we won't have a chance to get rich. This treasure is actually available in the auction house. You can get it as long as you have someone you know. Seeing that you're so strong, your status must be quite high. Why should you worry about not getting this? Don't you agree?"

After talking for a long time and making so many turns, they still didn't want to say anything. Yun Feng fiddled with the small medicine bottle in her hand and looked at the three of them with a smile in her black eyes, not saying anything else. The three men were surrounded by Little Fire and Lan Yi and didn't dare to break through by force. They were aware of their lack of strength. Yun Feng didn't say anything, but they were anxious.

Time passed little by little. Yun Feng seemed to be deep in thought. Little Fire and Lan Yi were expressionless. Qu Lanyi stood aside and looked up at the sky. "Someone you know... You have to think carefully. Fengfeng, don't be anxious."

The three men wanted to cry after hearing that. Madam, if you're not anxious, we are! If this drags on, we'll really have no way out! The three men winked at each other again. It was obvious that they were still struggling. Yun Feng wasn't anxious at all. She waited quietly.

"Little girl... We've said everything we can. Can we go first?"

Yun Feng seemed to be enlightened. Little Fire and Lan Yi moved away. "You can go now. Sorry for not seeing you out." Yun Feng smiled lightly and turned around to leave. The faces of the three men immediately twitched. They had already wasted so much time. With their speed, they wouldn't be able to get out before the potions disappeared!

Yun Feng walked forward with a smile at the corners of her mouth and didn't look back at all. Qu Lanyi was also smiling with Yaoyao in his arms. Little Fire and Lan Yi also looked like they were holding back their laughter. They didn't believe that those three people could really hold back. As expected...

"Little girl, wait! I got it!"

Yun Feng slowly stopped and turned around. "You're still here? The potion will expire very soon."

The three men really wanted to cry but had no tears. It was expiring because of you, little madam. Otherwise, the three of them would have already left right now! The three men pulled out their faces and smiled. That smile was very strange. One of them searched his body again and finally took out a piece of paper. That piece of paper was rolled up carefully. Yun Feng's eyes glittered. The thing she wanted had appeared.

"We just remembered that we have this with us. This thing doesn't mean much to us. Why don't we give it to you? It'll definitely be very useful!" The man smiled and stuffed the thing over, but he looked like he was very reluctant to part with it. The other two men were the same.

Yun Feng slowly unfolded the paper. Qu Lanyi's eyes glittered after seeing it. Little Fire and Lan Yi were also shocked. This was the formula of the Transformation Potion! With this, it wouldn't matter even if the potion only lasted for three days!

"Thank you for your gift. I'll take it." Yun Feng didn't stand on ceremony at all. She turned her finger and the formula had already disappeared. The three men knew that they couldn't get it back. They could only sigh helplessly. "Little girl, can you... send us out now?"

## **Chapter 785: The New King (2)**

Yun Feng chuckled with a deep voice. Her clear black eyes glittered, but there was a hint of cunningness in the eyes of these three people. They were truly sacrificing a lot to save their lives this time!

“Of course I’ll send you out. Let’s go.” Yun Feng grabbed a man’s collar casually and flew up. The man who was grabbed could only scream and disappear. Before the other two men came back to themselves, Little Fire and Lan Yi had already grabbed one of them and followed her. Qu Lanyi stood there with a smile and watched the three of them leave.

Under Yun Feng’s “personal” escort, the three men were finally thrown out of the Endless Ocean by Yun Feng before the effects of the medicine disappeared. The three men stuck their heads out of the sea in a sorry state and breathed heavily, turning back into human beings. The three of them panted hard and swam all the way to the shore, feeling indignant as they swam.

“That girl is too ruthless! These few bottles of Transformation Potions are worth a lot of money. She... She even took the formula!”

The three of them vented their emotions for a while and finally smiled. “Why do I feel that it’s better to die directly than to be saved by her...”

“Yeah, I thought she was a dumb little girl. I didn’t expect her to be even more cunning than us. We’ve been robbed. She’s too evil!”

Qu Lanyi waited for a while, and Yun Feng, Little Fire and Lan Yi came back. Little Fire and Lan Yi were both in a good mood, and so was Yun Feng. With the formula of the Transformation Potion, she didn’t have to worry about the three-day limit. She glanced at the formula of the Transformation Potion just then, and found that the materials on it were all very ordinary. Yun Feng didn’t just take the herbs for making the Bone Changing Potion from the pharmaceutical warehouse she made. She took as many as she could. In fact, Yun Feng took a part of each of them, but only a small part of the total amount.

The Transformation Potion didn’t need a lot of herbs and the level of the herbs wasn’t high, but they were extremely precious. According to the old man in the fishing village, many supreme powerhouses had died here. If they knew about the existence of the Transformation Potion, they would definitely be able to return. It could be seen that the existence of the Transformation Potion wasn’t known by most people. Those three men had some connections. They certainly didn’t want the existence of the Transformation Potion to spread and ruin their money.

The difficulty of making the Transformation Potion wasn’t high and the herbs and amount needed weren’t much, but the reason why it could already have such an astonishing effect was because of one thing, the essence of the Transformation Potion, namely the Magic Beast Essence.

The so-called Magic Beast Essence was a kind of essence extracted from the flesh and blood of Magic Beasts. When it was put into the Transformation Potion, the Transformation Potion would have the effect of transforming. Besides, the Transformation Potion had another special effect. The range of the transformation of the Transformation Potion made Yun Feng surprised. The formula said that no matter what kind of Magic Beast Essence was put into the Transformation Potion, humans would become the appearance of that race of the Magic Beasts after taking it.

Whatever she put in, she would become it later. Even though the effect was only three days, it was the most useful for Yun Feng. She would have more opportunities to deal with Magic Beasts in the future. This Transformation Potion was exactly what she needed. It had a long-term effect.

“You threw them out?” Qu Lanyi smiled at Yun Feng. Yaoyao extended her little hand and returned to Yun Feng’s arms. Yun Feng touched Yaoyao’s ear fin. “Yes, these three people gave me a huge gift.”

“Are we going to enter the territory of the merfolk first before we search for the essence?” asked Qu Lanyi. Yun Feng, however, shook her head. “Those three people stayed in the outermost area, which proves that there are merfolk corpses here. The traces along the way also show that a lot of battles happened here. We’ll definitely find something after searching around.”

Qu Lanyi nodded. They immediately split up and searched, but couldn’t expand their search area too much. After all, this was the border area and they were all in human form. If they were discovered, they would be in trouble. After splitting up, Yun Feng went in one direction. When she glanced at the corpses of the Sea Clan’s Magic Beasts, she stayed for a while and then put one of the corpses into a storage container. Even though she couldn’t use it right now, it would be useful in the future.

After searching carefully, they found something. Little Fire and Lan Yi found some broken limbs and bones respectively. Qu Lanyi and Yun Feng didn’t find anything, but these broken limbs and bones were enough. Even though Yun Feng didn’t know how to extract the essence, she knew that fire must be useful.

After finding a hidden place, Yun Feng began to make the Transformation Potion. The human aura on her body was erased, so she didn’t have to worry about being discovered. As long as the Sea Clan didn’t see them, she didn’t have to worry. She had to make plans after making the Transformation Potion.

The limbs and bones she collected finally melted gradually under the high-intensity roasting of Yun Feng’s fire. Drops of clear liquid fell from them. It was impossible to tell what color they were, but Yaoyao looked a bit excited.

Yun Feng carefully put away the liquid until the essence of the broken limbs and bones was completely burnt. The Magic Beast Essence filled two small bottles. Yun Feng calculated slightly. The Magic Beast Essence was enough for the four of them to last for three months.

The Magic Beast Essence was ready. The next step was to make the Transformation Potion. The difficulty of making the Transformation Potion wasn’t high. Yun Feng could make high-level three-star herbs right now. The Transformation Potion belonged to the category of high-level three-star herbs. Even though she could make it, it consumed a lot of mental strength when she had to make a lot of bottles.

After Yun Feng made eight bottles, she was already a bit pale. Seeing that, Qu Lanyi immediately stopped her. “These eight bottles are already enough. You don’t have to finish them all at once. You can make the rest after entering the merfolk’s territory.”

Yun Feng nodded. If she really finished all of them, she might have to overdraw her mental strength. She would have to rest for a long time and a lot of things would be delayed. Eight bottles of Transformation Potion and the four bottles given by the three people just then made a total of twelve bottles, which could last for a while.

Each bottle could only be consumed twice. The effects of each bottle could last for six days. The twelve bottles of potions were enough for the four of them to use for eighteen days. Half a month was a very short time. Yun Feng didn't expect to find the location of the Spirit Gathering Grass in half a month, but she could find out a lot of things.

The twelve bottles were divided into four parts. When Yun Feng handed the potion to Little Fire, Little Fire's face was almost distorted. In the end, Little Fire lowered its head in frustration. "Master, let me go back."

### **Chapter 786: The New King (3)**

Lan Yi smiled, and so did Yun Feng. Qu Lanyi burst into laughter, and so did Meatball. Little Fire blushed and remained silent, as if it was embarrassed. Its wolf ears popped out. Yun Feng squeezed Little Fire's ears, and Meatball jumped on her shoulder, before Little Fire entered the Ring of Contract.

"Indeed, this is difficult Brother Fire." Lan Yi put on a knowing smile on his handsome face.

"I wonder if the effect of this potion will be different for different people," mumbled Qu Lanyi. Yun Feng looked at the small bottle of potion in front of her. "You'll know after drinking it."

"That's true. Facts speak louder than words." Qu Lanyi raised his head and took a sip. Lan Yi and Yun Feng were the same. The three of them drank the Transformation Potion and waited for the effect quietly. The effect of the Transformation Potion was obvious. Qu Lanyi and Lan Yi's appearances changed drastically. Yaoyao, who was in Yun Feng's arms, looked at them curiously. For the first time, her body took the initiative to leave Yun Feng's arms. Her blue fish tail kept swimming and she span around Lan Yi and Qu Lanyi, looking more and more happy.

After a while, Qu Lanyi and Lan Yi had already transformed into merfolk. Although they were half human and half fish like the three men just then, with fins and visible scales on their skin, they both had handsome faces and looked even more handsome.

Yaoyao seemed extremely happy. "Same, same." She said happily as she looked at Qu Lanyi and Lan Yi's appearances with her big blue eyes, full of joy. Qu Lanyi touched her ears with her hand and found that they had already turned into fins. "This potion is indeed extraordinary."

Lan Yi also looked at his appearance in surprise, but the fish tail on his lower body made him a bit uncomfortable. "Master, you..." Lan Yi raised his head and looked at Yun Feng, but suddenly fell silent. Qu Lanyi glanced over with a hint of passion in his eyes.

The girl didn't turn into a half-tail state. Yun Feng's legs were still human, but there were faint shiny blue scales on her skin, like patterns that were specially engraved, which accentuated her fair and smooth skin.

A pair of translucent blue fins had already appeared on her arms, which were extremely similar to Yaoyao's. Her ears had also turned into fins. That originally beautiful little face was gradually covered with a kind of charm. Demonic energy spread and her eyes were still clear, but they looked charming. Unlike Qu Lanyi and Lan Yi, and even Yaoyao, a pair of translucent blue fins also appeared on Yun Feng's shoulder and fluttered slowly, like a pair of wings.

"I didn't gain a fishtail?" Yun Feng looked at her legs and then looked at Qu Lanyi and Lan Yi's fishtails, frowning. Lan Yi chuckled. "Master, you don't need a fishtail."

Yaoyao pounced over intimately and was even happier than before. Her little body burrowed into Yun Feng's arms and her fishtail wrapped around Yun Feng's waist. Her face leaned towards Yun Feng's cheek and her little hand even touched the fins on the back of Yun Feng's shoulder, as if she liked them very much and couldn't put them down.

"Let's wait for the medicine to run out of effect and get inside in human form." Qu Lanyi moved to Yun Feng's side. His black eyes seemed to be hiding scorching emotions. Yun Feng's face inexplicably flushed. Lan Yi turned his face to the other side and pretended to look at the scenery, while Meatball opened its mouth and bit her without hesitation. Qu Lanyi suddenly moved his body away and saw that Yun Feng's face was red. A scorching light flashed through his eyes again.

"Xiao Feng," said Yaoyao. She wiped the fin on the back of Yun Feng's shoulder with her hand and smiled sweetly. She put her arm around Yun Feng's neck and pressed her face against it. "I like you." Yaoyao smiled happily and rubbed against her even more intimately. Yun Feng was stunned as she hugged Yaoyao in her arms a bit tighter. "I like Yaoyao too."

Qu Lanyi's heart ached when he saw how harmonious the two of them were. Yun Feng's appearance as a sea demon was beyond his expectation. He didn't even want a second male to see Yun Feng's current appearance. Qu Lanyi shook his head helplessly and barely suppressed the strange emotions that kept surging in his heart.

"Three days. Let's go." Yun Feng hugged Yaoyao and glanced at Meatball on her shoulder. Meatball probably didn't need to drink this potion. Even if it did, there probably wouldn't be any merfolk who looked like this.

Qu Lanyi calmed himself down and nodded. They immediately rushed forward. This was the border area, which meant that they weren't far from the merfolk's territory.

The underwater world of the Endless Ocean was similar to that on land. There were mountains, wastelands and even forests here. If it weren't for the fins on her body, Yun Feng really wouldn't believe that she was in the underwater world. The few of them seemed to have passed another invisible barrier along the way. Yun Feng frowned slightly as the feeling of being scanned surged again. If she was right, they had already entered the territory of the merfolk. Due to the effect of the Transformation Potion, they were also emitting the aura of the merfolk, so they certainly weren't rejected and discovered.

They soon arrived at a small village not far away. Yun Feng was delighted in her mind. It was the best thing to meet the natives. She had to find out more about the situation here by beating around the bush. As they got closer to the small village, Yun Feng saw the natives of the Endless Ocean. Most of the residents were merfolk, because they were all half-human and half-fish. There were also other members of the Sea Clan who lived together and looked harmonious.

Yun Feng and the others were certainly strangers, especially Yun Feng whose legs hadn't turned into fish form, which attracted a lot of attention. The villagers were all very surprised to see Yun Feng and the others. "You..." A young man said in surprise and sized them up in shock. When he saw Yaoyao in Yun Feng's arms, his expression changed drastically!

“That’s...” The young man’s shocked look puzzled Yun Feng. Before Yun Feng could ask the young man, he turned around and ran back to the village. “Village leader! Village leader! The blue-finned are here!”

The blue-finned? Yun Feng subconsciously looked at Yaoyao’s fins. Yaoyao’s fins were blue, and so was hers. Qu Lanyi’s and Lan Yi’s fins weren’t. While Yun Feng was thinking, an old man who was frowning rushed over. A large number of villagers followed him, and their eyes were all glued to the strangers who suddenly came.

The village leader sized her up from head to toe. When he saw Yun Feng’s legs, he immediately raised his head and looked at Yun Feng’s face in surprise. After staring at her carefully for a while, he confirmed something. The village leader smiled and said with an unexpectedly respectful tone, “To what do we owe this pleasure, blue-finned?”

#### **Chapter 787: The New King (4)**

Yun Feng didn’t say anything. Qu Lanyi and Lan Yi certainly didn’t say anything either. They didn’t know how to answer at all. Yun Feng was silent for a while. “I have something important to do. I’m passing by and need to stop for a day.” Yun Feng said thoughtfully with a cold tone. The village leader said after hearing that, “The village is small. I hope you don’t mind.”

Yun Feng nodded. The village leader led the way, and Yun Feng followed him without hesitation. Qu Lanyi smiled. This girl adapted to her new role rather quickly. The two handsome men certainly followed her, attracting a lot of adoring gazes on the way.

Under the arrangement of the village leader, the few of them moved into the village leader’s house. The village leader said a few words and turned around to leave. “Master, did they see through us?” Lan Yi was a bit worried. Yun Feng shook her head. “That’s very unlikely. He said blue-finned... It seems that this represents a kind of identity, and it’s very noble.”

“There are a lot of things that we need to know, or we’ll make a mistake.” Qu Lanyi said solemnly and then got up to leave. Yun Feng was puzzled. Qu Lanyi blinked. “I’ll get some information.”

Yun Feng was stunned. Qu Lanyi chuckled and pushed the door open. Lan Yi glanced at him suspiciously. “How is he going to get the information?”

How? What else could he do?

It had already been a long time until Qu Lanyi came back. There was still the distinction of day and night at the bottom of the Endless Ocean. It was almost dusk. Qu Lanyi pushed the door open and entered with a serious look. Yun Feng couldn’t help but feel puzzled when she saw him. “What’s wrong?”

“The area we’re in is indeed ruled by the merfolk. The blue-finned they mentioned just then are indeed the representatives of noble status among the merfolk. They’re also a symbol.” Qu Lanyi glanced at Yun Feng. “The merfolk have three noble identities, namely the red-finned, the blue-finned and the white-finned. These three identities are equivalent to the noble royal family. As for the sea demons... That’s just the name humans give the merfolk.”

Yun Feng nodded. After all, humans didn’t know much about the merfolk. Even if they had seen them, they wouldn’t know them so deeply. Their understanding was certainly different. The sea demons were

just an idea of humans. The merfolk were actually divided into these three noble identities, and Yaoyao... belonged to the blue-finned.

“That’s all I know for now. I can’t ask about the other things in detail, but...” Qu Lanyi glanced at Yaoyao. The identity of the blue-finned mermaid was so noble and there were very few of them. Did they not notice that Yaoyao was missing?

“Maybe they investigated in secret?” Yun Feng said. It was impossible for them not to notice the loss of their precious clansmen. They must be investigating in secret.

Qu Lanyi didn’t say anything else. At this moment, Lan Yi asked, “How exactly did you get this information?”

Yun Feng couldn’t help but feel a bit uncomfortable in her mind after hearing that. Qu Lanyi smiled. “Of course, from...” He glanced at Yun Feng and a gentle glint flashed through her eyes when she saw Yun Feng’s slightly awkward expression. “Of course, from the village leader. Who else could it be?”

Yun Feng suddenly felt relieved. She looked up and found that Qu Lanyi was looking at her with a burning gaze. She couldn’t help but blush again. “I think we’ll get more information if we go to a bigger place,” said Qu Lanyi. Yun Feng thought for a moment. “It’ll be great if we can get a map of the merfolk’s territory.”

It couldn’t be easier to get a map. Before they left the next day, Yun Feng directly said that her map was lost. The village leader immediately gave her a copy and didn’t doubt the identity of Yun Feng and the others at all. The colors of the fins couldn’t be fake. The merfolk would never have thought that humans could go deep into this place without being discovered. They were standing in front of them, coming and leaving.

Yun Feng didn’t know why only her fins were blue. Perhaps it was because of her intimate interaction with Yaoyao. Meatball hadn’t been discovered. Because there were other races that lived in the territory of the merfolk, even though there weren’t many of them, Meatball should be regarded as a rare species and didn’t attract too much attention.

After getting a map, they said goodbye. After leaving the village, Yun Feng looked at the map in her hand and roughly understood the distribution of the merfolk. Qu Lanyi and Lan Yi also looked at it. “This map only represents the territory of the merfolk. The Endless Ocean is so vast. It seems that the division of territory is very obvious.”

“Indeed. It’s safer for us to do this in the merfolk’s territory, but it’s a different story when we step out of this territory.”

“We shouldn’t explore the other areas of the Endless Ocean just yet, in case we cause trouble.” Qu Lanyi looked solemn. Yun Feng agreed. She only needed to find the whereabouts of the Spirit Gathering Grass on this trip. If it wasn’t in the territory of the merfolk, she would make other plans.

Yun Feng looked at the map carefully. The blue-finned, the red-finned and the white-finned were indeed of noble status. They each had their own jurisdiction. She looked like a blue-finned mermaid. Yaoyao was also a blue-finned mermaid. It would be easier for her to do things if she appeared in a bigger place. If the upper echelons of the blue-finned merfolk heard about this, she would think of a countermeasure.

After all, the color of the fins couldn't be hidden. Yun Feng didn't intend to avoid them. There was a small city in the north of this place. That place was under the joint jurisdiction of all the three fins and was also relatively free. It was the place where they could gather the most information. They rushed all the way. The territory of the Endless Ocean was indeed vast. They walked for a few days before they came to this small city. Naturally, Yun Feng attracted a lot of attention. Even if she didn't gain a fish tail, the merfolk would still believe that she was a member of their race.

They entered the city smoothly. Most people in this small city were merfolk. Handsome men and beautiful women walked on the streets. They were much more beautiful than the human world. However, Qu Lanyi and Lan Yi were still the center of attention here, and so was Yun Feng. Facing the huge number of charming eyes, they ignored them. Yun Feng was very surprised to find a place to rest. It turned out there were caves one after another for rest.

Since this was a place where the power of the three fins intersected, it wasn't surprising that there were all kinds of people. However, the news she got made Yun Feng a bit depressed. Spirit Gathering Grass? None had ever heard of it.

The merfolk had never heard of the Spirit Gathering Grass? It seemed that the journey of finding the Spirit Gathering Grass wouldn't be smooth. Normal people wouldn't know if there was such a thing as the Spirit Gathering Grass in the territory of the merfolk. Yun Feng thought about countermeasures and could only take the risk to go up. Even though the risk was huge, she could only try!

### **Chapter 788: The New King (5)**

At this moment, an earth-shattering news spread, which surprised Yun Feng and the others who had just arrived. The new king of the merfolk had risen!

"A king? There's a king above the three fins."

"The rise of the new king is a time of chaos and trouble." Yun Feng frowned. It seemed that it wasn't the right time to come.

There were certainly a lot of topics to talk about when the new king was on the throne. Yun Feng sorted things out in the discussion and got the necessary information. After the previous merfolk king retired, the three-finned merfolk started a long-term election. And this new king finally stood out after many tests and trials and successfully rose to the throne. This new king was from the blue-finned merfolk!

Yun Feng originally wanted to slow down the trip for the Spirit Gathering Grass. There were a lot of things to do when the new king took over, and he was even from the blue-finned merfolk. Her identity of the blue-finned was even more sensitive! She and Yaoyao had such obvious characteristics. It didn't matter to Yaoyao, but she was different. Even though she had the Transformation Potion, she was still a human being after all! If this new king discovered her, it would be a bit troublesome.

However, Yun Feng didn't expect that the merfolk had a special rule. All the compatriots of the new king must go to celebrate! The three fins had a noble status and there weren't many of them, so it wasn't complicated. This wasn't supposed to be Yun Feng's business, but it was different now.

With the obvious mark of the blue-finned, she had to go. If she didn't go, she would become the center of attention. Besides, there was Yaoyao, a pure member of the blue-finned. Even though Yaoyao had left

the Endless Ocean when she was in the egg and was hatched by Yun Feng on land, Yaoyao's nature couldn't be changed. She was a child of this sea. The blood of the merfolk flowed in her body.

For various reasons, Yun Feng joined this tide of celebration with Yaoyao. Many merfolk on the way congratulated Yun Feng, but Yun Feng could only respond with a smile. The closer they got to the capital where the new king rose, the more nervous Yun Feng and Qu Lanyi were. Once they entered the capital, trouble might follow.

The few of them soon arrived at the city gate. Yun Feng looked at the merfolk who came to celebrate and the guards at the gate. They spent a lot of time on the road. Only half of the twelve bottles of Transformation Potion were left in the blink of an eye. Almost twenty days had passed. The remaining potions were only enough for them to last for another three days. They couldn't find a chance to make potions on the way. It seemed that they had to enter the capital first.

As soon as they entered the city gate, the guard immediately noticed Yun Feng and the others. The blue fins was so obvious. Besides, Yun Feng's legs, which didn't have a fishtail, had always been eye-catching. "Blue-finned madam!" The guard shouted and immediately came to Yun Feng's side. His tone was respectful, but his eyes were full of confusion.

Yun Feng stood still and the guard smiled. "Madam, you've come a thousand miles to celebrate. The king has given the order. This way please."

Yun Feng nodded and followed him. The more she said, the more likely she would make a mistake. She could only take things one step at a time. She just didn't expect to meet this new king so soon. As she followed the guard all the way, she certainly couldn't avoid many scrutinizing gazes on the way. Yun Feng didn't look sideways and was expressionless. A sense of elegance came out of her face without any strangeness at all. It was more suitable for her identity as a blue-finned.

They came to a very luxurious mansion in the high hall. The guard led Yun Feng in. As they walked forward, Yun Feng finally saw the other two factions, the red-finned and the white-finned. They certainly had obvious signs. The red-finned and the white-finned respectively had red and white fins. The red-finned and the white-finned on her way looked at Yun Feng with different expressions and discussed in private. Yun Feng's arrival caused a lot of discussions, throwing a huge stone on the calm water.

They continued going deeper. Before they reached the place, a voice had already come. "How dare she come in without a fish tail? Is she trying to embarrass the king on purpose?"

Yun Feng frowned slightly and knew that trouble was coming. The guard's face froze and he immediately stopped. After a while, a blue tail came gently. The upper half of the tail was that of a graceful beauty and the lower half was that of a beautiful blue fish. Her blue fins slowly fluttered with a hint of elegance.

"It's you?" The beauty sized Yun Feng up with her charming eyes and finally grunted. "Which family are you from? Do you need someone to teach you such a rule? Come in after you transform into a fish tail! How embarrassing!" After saying that, the beauty glanced at Qu Lanyi and Lan Yi with a hint of jealousy in her eyes. "Don't embarrass the king!" After saying that, she swayed her fish tail and entered again.

The guard stood there and didn't say anything. Yun Feng pretended that she didn't hear anything. She raised her foot and was about to walk in. "Madam, look..." The guard quickly said. Yun Feng glanced at him coldly and the guard immediately fell silent. Yun Feng held Yaoyao and didn't care if she was

wagging her tail or not. She stepped in with her long legs. Qu Lanyi smiled. He and Lan Yi couldn't go in. The guard indeed stopped them.

Yun Feng turned around and glanced at the two of them. She sent a message with her eyes that everything was fine. They could just wait for her outside. Qu Lanyi's eyes were full of gentleness. He was indeed a bit unwilling in his mind. Even though the merfolk were extremely beautiful, Yun Feng was the only one who could catch Qu Lanyi's attention.

Yun Feng entered alone with Yaoyao in her arms. The guard didn't follow her into the place where the blue-finned people should be gathered. As expected, Yun Feng saw the blue-finned people after walking for a while. There weren't many of them. There were only a dozen or so gathered here. Looking carefully, they were all from the younger generation. There were men and women gathered and talking. When Yun Feng walked in, everyone stopped talking and looked at Yun Feng and her legs.

"What's wrong with you?" The beauty who scolded Yun Feng just then was enraged when she saw that Yun Feng still hadn't gained a fishtail. The other young people of the blue-finned were also very surprised. They sized Yun Feng up from head to toe. This was a completely unfamiliar face. They had never seen her before!

"Sister, which... family are you from?" A gentle voice sounded. A handsome young man with blue fins came over and smiled at Yun Feng, staring at her with astonishment in his eyes. "Sister, don't be naughty. It's better to get a fishtail."

Yun Feng smiled back at him. She also wanted to know why her legs couldn't turn into a fishtail after taking the Transformation Potion. Yaoyao's expression in her arms suddenly became ferocious. The young man was shocked. "Little girl, we're family. We don't have to be so distant." The young man smiled at Yaoyao kindly, but Yaoyao didn't appreciate it and still rejected him.

### **Chapter 789: The New King (6)**

"Hurry up and get a fishtail! Do you think you can attract the king's attention like this?" The beauty who scolded Yun Feng just then smiled in disdain, as if she saw through Yun Feng's tricks. Yun Feng didn't bother to talk to her and the beauty was immediately enraged. At this moment, a commotion came. The beauty who wanted to scold Yun Feng suddenly changed her expression. She was so gentle that water could drip out of her. The dozen young people all looked at her with admiration in their eyes and they all looked respectful, no matter if they were male or female. "Congratulations, Your Majesty!"

Yun Feng looked over with her black eyes. The long blue fish tail with a faint luster, the semi-transparent fins that fluttered slowly, and the long upper body, that handsome and evil face were full of strong demonic energy. Those blue eyes were full of charm and the ear fins were also semi-transparent blue. Some tiny blood vessels could even be seen, forming beautiful patterns. Yun Feng sized them up quietly, but she didn't expect that the blue eyes would turn around slightly and meet Yun Feng's gaze. Yun Feng clearly saw that the black pupils in the center of the blue eyes suddenly turned vertical with glitters!

Yun Feng only stared at the new king for a second or two before she quietly looked away. Yun Feng was a bit angry and uneasy in her mind. She was also a bit nervous when she held Yaoyao in her arms. Yaoyao stayed in Yun Feng's arms obediently and noticed her nervousness. She raised her little face and looked at her worriedly.

"I'm fine." Yun Feng smiled. Meatball tightened its body on her shoulder and noticed Yun Feng's uneasiness, as if it was protecting her. Yun Feng stood at the back of the dozen people. Many seniors and elders of the merfolk followed the new king. Everyone's gaze was attracted, so they certainly didn't care about Yun Feng anymore.

Yun Feng had no choice but to come here. She wanted to take this opportunity to leave quietly, but some merfolk came in from the place she came in just then. Yun Feng looked over with her black eyes and her feet flashed, disappearing behind the younger generation of the merfolk again.

The new king had already moved his eyes away when Yun Feng looked away. He seemed to have accidentally seen her. There was a cold smile on that handsome and demonic face. That face that could be said to be perfect made people not want to look away. It was filled with strong demonic energy, especially those blue eyes, which seemed to be an endless ocean.

"Congratulations to the blue-finned for ascending to the throne!" A deep and powerful voice came. Yun Feng couldn't help but frown. The expressions of the young blue-finned had already changed slightly. Some of them had already emitted blue aura to cover their entire bodies and their faces were pale and uncertain. The powerful pressure in that voice just then made these young people suffer a lot.

Only the new king's expression didn't change. The elders next to him frowned slightly and all of them looked a bit awful. Someone from other factions couldn't wait to take them down a notch after they ascended the throne.

"Uncle Zi Xuan." The new handsome Demon King greeted the person who spoke indifferently. His body moved gently and he swung his arm gently. Yun Feng felt that the pressure just then was quietly resolved. She couldn't help but look at this young but well-hidden king in front of her.

The person who came in was a brawny man. There was a bold aura hidden in his rough face and facial features, but there was a fierceness in his slightly red eyes. His appearance wasn't as oppressive as his eyes. Yun Feng looked at the color of the fins of the brawny man. Red. He was a red-finned.

The red-finned Zi Xuan burst into laughter. This laughter came with pressure again. Yun Feng didn't care. She blocked it quietly with her mental strength, but those blue-finned young people didn't have this ability. The expression of the new blue-finned king changed slightly. He waved his arm gently without leaving a trace and a dark force came afterwards, dissolving the pressure again. Zi Xuan couldn't help but look gloomy when he noticed that.

"It seems that your strength has improved again, Si Wen. No wonder you can sit on the throne and defeat the challengers of the white-finned and the red-finned."

"Uncle Zi Xuan, you flatter me." Si Wen, the new leader of the blue-finned, remained calm. He looked very young and was only in his twenties. He looked only a few years older than Yun Sheng. However, Yun Feng didn't dare to underestimate him. The real age of these Magic Beasts in the Endless Ocean might be thousands of years old.

"We're here to celebrate today. Let's show this loser, Zi Leng, that he's not as good as others." After saying that, Zi Xuan pushed the young man, who had been standing next to him and didn't say anything, out. The young man's appearance was quite rough and there was obviously a wildness in him. He looked at Si Wen with his eyes and grunted in disdain.

“Brother Zi Leng is a hero of the clan. You’ll definitely make great achievements in the future.” Si Wen said indifferently without much smile on his face. Zi Leng snorted again with that disdainful look. He would probably have attacked if Zi Xuan wasn’t here.

“Tut-tut, you’re here too.” Another voice came from outside the door. This voice was gentle, like a clear spring. Yun Feng looked up with her black eyes. Another merman came in, but the color of his fins was glowing with faint white light. Yun Feng couldn’t help but mock him secretly. The white-finned were here to join in the fun. The merfolk’s territory was indeed not peaceful.

“Cang Lin, why are you here for no reason?” A glint of anger flashed through Zi Xuan’s eyes. He didn’t like this man who came in. A smile appeared on Cang Lin’s mature face, giving people a very peaceful feeling. The young man behind him felt the same. His facial features became gentler and his eyes were full of gentleness.

“If you’re here, I’ll certainly come too. This is a joyous occasion for the merfolk.” Cang Yun walked forward with a smile. “Si Wen, congratulations.”

“Uncle Cang Lin, you flatter me.” Si Wen still had that calm face as he glanced at the members of the blue-finned. None of the younger generation of the blue-finned dared to say anything. The few people in front of them were the core members of the red-finned and white-finned. The two young people next to them were even outstanding people, on the same level as Si Wen.

Si Wen gave the order for everyone to move. Once the people of the red and white fins came, the originally empty place suddenly became crowded. Yun Feng was naturally delighted. It was best to take this opportunity to leave quietly. Holding Yaoyao in her arms, Yun Feng quickly moved towards the exit. Yun Feng moved extremely quickly and moved on the edge behind. Normal people wouldn’t be able to notice her. The moment she was about to step out, a gentle voice came.

“Where is that blue-finned going in such a hurry?”

Yun Feng cursed and could only turn around indifferently. She, who wanted to retreat quietly, became the center of attention instead. Right now, she wasn’t just the center of attention of the blue-finned. The red-finned and the white-finned glanced over at the same time. Yun Feng looked at the person who spoke. It was the young man from the white-finned with gentle eyes.

### **Chapter 790: Master’s Gift (1)**

He was indeed not easy to deal with. Yun Feng’s black eyes darkened slightly. The young white-finned only smiled elegantly, as if it was very normal for him to shout out just then. All the merfolk looked over and certainly wouldn’t let go of Yun Feng’s legs that hadn’t transformed into a fishtail.

“What... is wrong with her?” Zi Leng widened his eyes and looked at Yun Feng’s legs. “Si Wen, are you trying to embarrass us?!” Zi Leng shouted coldly with anger flashing in his eyes. “A mermaid who doesn’t have a fish tail. She looks like a human being! How disgusting!” His disgusted tone and expression were too real. Yun Feng felt a bit suffocated in her mind after hearing that. The merfolk truly hated humans to the extreme... However, they looked very similar to humans. Their feelings must be complicated.

Si Wen didn't say anything. The elders of the blue-finned were all shocked to see Yun Feng. "Your Majesty, she's..." There weren't many members of the blue-finned and everyone knew who they were, but which family did this person come from? The elders looked at each other in confusion.

"Come here." Si Wen looked at Yun Feng. There was an inexplicable emotion in his blue eyes that were as deep as the sea. He opened his thin lips gently. His domineering words made Yun Feng unhappy. She stood there and didn't do anything. The young blue-finned couldn't help but feel a bit envious and jealous, especially the female merfolk. When they saw Si Wen walk towards Yun Feng personally, their expressions even twisted.

Yun Feng looked at the handsome man who kept walking towards her. Meatball on her shoulder was already letting out a faint roar of displeasure, but Yaoyao in her arms became even quieter. She looked at Si Wen who was walking over with her blue eyes and moved her body. The fishtail that was originally wrapped around Yun Feng's waist suddenly let go, wanting to leave Yun Feng's arms!

"Yaoyao!" Yun Feng loosened her arms and Yaoyao's body moved gently. She had already left Yun Feng's arms and swam towards Si Wen. Si Wen's eyes glittered. He reached out and caught Yaoyao's body. He slowly caressed Yaoyao's ear fin with his finger and raised his head slowly. "Come here. Stop fooling around."

Yun Feng raised her brows slightly. Everyone at the scene was stunned. What she said meant a lot, especially when there was a little girl who was obviously a young mermaid! Could this woman be...

"How... How is that possible... The king has never been interested in women. Otherwise, I..." The beauty who scolded Yun Feng at the beginning was a bit devastated when she saw this scene. Si Wen, who was famous for being cold and timid among the blue-finned, had always been far away from females. They thought that was their king's nature, but they didn't expect it to be completely different!

Everyone's eyes drifted to Yaoyao in Si Wen's arms this time. The more they looked, the more they found it unimaginable. The king... had a child!

Zi Xuan and Cang Lin looked at Yun Feng quietly and sized her up carefully. The elders of the blue-finned were a bit panicked. When did he have a child? This... This was too fast!

Si Wen held Yaoyao in his arms. Yaoyao looked very happy and didn't reject Si Wen at all. Yun Feng looked at Yaoyao's expression and knew that she liked and was close to Si Wen from the bottom of her heart. Perhaps... he was really Yaoyao's... father?

Thinking of this, Yun Feng couldn't help but feel a bit of a headache. She was the one who hatched Yaoyao. Judging from this, did she really become Yaoyao's... mother?

Was this a huge mistake? Was it possible that males gave birth to eggs and females hatched them among the merfolk?

"Come here," Si Wen said in a low voice again. The corners of Yun Feng's mouth moved a few times and she finally moved to stand next to Si Wen. Si Wen held Yaoyao with one hand and was about to touch Yun Feng with the other. Meatball on her shoulder was about to open its mouth and bite when Yun Feng said softly, "Meatball, no."

Meatball's body suddenly froze there. Si Wen glanced at Meatball indifferently and looked at the fins on Yun Feng's body with his dark blue eyes. He retracted his hand without saying anything. "Uncle Zi Xuan, Uncle Cang Yun, excuse me for a moment." Si Wen was about to walk inside with Yun Feng. Although Yun Feng felt that things were already starting to become complicated, she could only get away by following this king right now, so she didn't object to following him forward anymore.

"Wait." It was that gentle voice again. Yun Feng didn't look back. She knew that things wouldn't end like this.

Si Wen stopped. He, who was holding Yaoyao in his arms, still didn't affect his majesty. The young man who spoke walked out. "Si Wen, even if she's your partner, you can't let her embarrass the merfolk."

Yun Feng raised her brows. That guy was quite bold. Si Wen chuckled. This was the first time Yun Feng heard him laugh. He looked at the young man who spoke with his dark blue eyes. "Cang Yu, if she's my partner, why do you need to care about her? Also..." Si Wen's tone suddenly lowered. "You have to call me Your Majesty."

After saying that, Si Wen had already walked inside. Cang Yu's gentle handsome face was also a bit strange. He smiled coldly with his red fins. Even though he was also dissatisfied, he was smart enough not to say anything. Cang Yu obviously wanted to embarrass Si Wen, but he forgot Si Wen's current position, the king of the merfolk!

The red-finned went in gloatingly. The white-finned were a bit embarrassed, and the blue-finned looked a bit complicated. The partner and child that suddenly appeared were too surprising! They broke the hearts of the female blue-finned on the ground. The beauties all hated themselves for not doing anything earlier.

Yun Feng followed Si Wen silently along the way. The two of them came to a secret cave. Si Wen entered with Yaoyao in his arms and Yun Feng followed him. She wasn't afraid that the new king of the merfolk would do anything to her. She certainly wasn't someone to be trifled with. She would deal with whatever came her way!

After Yun Feng entered, the cave was completely bright. Si Wen waved his sleeve gently. Yun Feng knew that he had sealed this space. She couldn't tell Si Wen's strength clearly, and had been vigilant in her mind. Si Wen sat casually with Yaoyao in his arms and glanced at Yun Feng. Neither of them said anything for a while.

"Human, why did you come to the territory of the merfolk?" asked Si Wen. Yun Feng wasn't surprised. It was only right that the king of the merfolk saw through her disguise. Her disguise was actually quite effective.

Since she was seen through, Yun Feng didn't have to hide anymore. She sat down straightly. "I only want one thing. Nothing else."

Si Wen's eyes were cold. Yun Feng knew what he was thinking in his mind and didn't say anything. Si Wen touched Yaoyao's ear. Yaoyao wore a happy expression. She was very intimate with Si Wen in a short period of time. Yun Feng couldn't help but ponder in her mind when she saw Yaoyao like this.
