

Summoner 791

Chapter 791: Master's Gift (2)

"What do you want?" Si Wen said slowly after thinking for a while.

"Spirit Gathering Grass."

"Spirit Gathering Grass? What do you want it for?" Si Wen looked up at Yun Feng. Yun Feng chuckled with a hint of loneliness and helplessness on her face. "What do I want it for? Of course, I need to do what I have to." Yun Feng didn't tell him anything, so Si Wen didn't ask anymore. Both of them were talking in riddles.

"There's no Spirit Gathering Grass here," said Si Wen indifferently. "I'll give you a chance to live for her sake. Leave the Endless Ocean quickly!"

Yun Feng chuckled after hearing this and looked at Si Wen with coldness in her black eyes. Si Wen glanced over and was slightly shocked. She wasn't afraid at all!

"I've always been someone who doesn't give up until I achieve my goal. Since there's no Spirit Gathering Grass here, I'll go somewhere else in the Endless Ocean to look for it. I'll never leave until I find the Spirit Gathering Grass!" Yun Feng looked into Si Wen's eyes. Her aura wasn't inferior to that of the merfolk king at all. She was Yun Feng, a born queen!

"Are you reminding me not to show you mercy?" Si Wen narrowed his eyes with coldness in them. Yun Feng smiled again and slowly got up. "I have no intention of getting involved in the matter of the Endless Ocean. I'm only looking for what I want. If you insist on stopping me, I don't have to be polite."

Si Wen didn't say anything else. This new leader of the merfolk wasn't afraid of Yun Feng. The situation in the merfolk's territory was complicated right now, and the Endless Ocean was even more so. If a human appeared in the merfolk's territory and wasn't killed, the merfolk would become the target of everyone! The foundation of the new leader certainly wouldn't be stable. There were too many things he needed to do. Si Wen sized Yun Feng up again. If what she said was true, there wouldn't be much harm. However, this Spirit Gathering Grass...

Si Wen smiled lightly. Yaoyao looked at the two of them curiously with a slightly worried look. She gently struggled out of Si Wen's arms and wanted to go into Yun Feng's arms, but Si Wen didn't let go and trapped Yaoyao in his arms. "If what you said is true, I can help you this time. You must leave after getting the Spirit Gathering Grass!"

"Of course," replied Yun Feng as her eyes drifted to Yaoyao. Yaoyao looked at Yun Feng with her big blue eyes and wanted to go to her arms. Yun Feng's heart suddenly sank. "Yaoyao... Is she..."

Si Wen remained silent for a few seconds expressionlessly and carried Yaoyao in front of him. The two of them looked at each other with their eyes. Yaoyao looked at Si Wen curiously and Si Wen looked at Yaoyao carefully. "Yes."

Yun Feng nodded and didn't say anything else. Si Wen wasn't lying. Yaoyao's facial features were indeed a bit similar to Si Wen's. This was the first time Si Wen and Yaoyao met, but Yaoyao acted unusually

friendly. Si Wen was the same. Yun Feng knew that this was the power of blood. No matter how far away they were, people with the same bloodline would find each other.

“I’ll ask around about the Spirit Gathering Grass. Stay here for now and don’t go out.”

“Sure.” She should find some time to make some transformation potions. It was good to stay in the palace of the merfolk king and avoid a lot of trouble. With him asking around about the Spirit Gathering Grass, it would save Yun Feng a lot of effort. Si Wen was so enthusiastic because he wanted Yun Feng to leave as soon as possible. After all, the appearance of humans in the Endless Ocean was like a time bomb.

“You can go out now.” Si Wen didn’t look at Yun Feng. His eyes were only glued to Yaoyao. Yun Feng didn’t say anything and turned around to leave. When she walked to the edge of the space blockade, Yaoyao, who was in Si Wen’s arms, suddenly raised her head and was about to chase after Yun Feng.

“Where are you going?” Si Wen quickly carried Yaoyao back. Yaoyao was anxious. She twisted her body and kept flapping her tail as she looked at Yun Feng with her big eyes. “Xiao Feng.” Yaoyao called out to Yun Feng. Yun Feng stood there and didn’t move. Thick mental strength surged out abruptly, as if she was venting something, hitting the barrier of space fiercely. This fierce attack made Si Wen look at her in shock.

The spatial barrier shattered. Yun Feng slowly turned around and looked into Yaoyao’s big blue eyes with a warm smile in her black eyes. “Yaoyao, I’ll go first.” Yun Feng said as she turned around and left. Yaoyao was truly anxious. She hit Si Wen’s arm hard with her fish tail and her originally gorgeous little face also became ferocious.

“Xiao Feng, Xiao Feng!” Yaoyao shouted at Yun Feng, but Yun Feng had already disappeared. Si Wen held Yaoyao firmly and looked in the direction where Yun Feng left thoughtfully. Finally, Yaoyao stopped moving and finally quieted down. She only stared at the place where Yun Feng left with her big eyes for a long time.

Si Wen turned Yaoyao’s little head around and looked at her gently with his blue eyes. There was a world of difference from the coldness he used on others just then. “Yaoyao, is that your name?”

Yaoyao nodded unconsciously and looked at Si Wen with her big blue eyes. “Xiao Feng... Does she not want me anymore?” What Yaoyao said made Si Wen startled and a glint of anger flashed through his eyes. He didn’t know how that human got the egg of the blue-finned merfolk. Perhaps she used some unscrupulous means. He wouldn’t punish her for this crime because Yaoyao came back safely.

“You don’t have to live with humans in the future. You’re a blue-finned mermaid. This will be your race from now on. I’ll be your only family.” Si Wen looked at Yaoyao. Yaoyao’s eyes were full of confusion. She didn’t understand. She only knew that Yun Feng hatched her. She only knew that the first person she saw when she opened her eyes was Xiao Feng. It was her water element that made her born. She only knew that she liked Xiao Feng.

“Yaoyao, you and I will be together forever in the future. We’ll never be separated again. Nobody can take you away.” Si Wen said fiercely. Yaoyao nodded in confusion. Si Wen finally smiled and held Yaoyao in his arms. The two of them had similar blue fish tails and their light blue fins touched. Yaoyao turned her head and looked outside. A name slowly floated in her mind: Xiao Feng.

After that, Yun Feng stayed in the new king's territory. Her identity was very interesting. Si Wen didn't say anything, but Yun Feng's identity was spread out clearly. The red-finned and the white-finned left quickly after being asked to be humiliated, but Yun Feng's identity made Qu Lanyi furious on the spot.

Qu Lanyi finally calmed down after Yun Feng's brief explanation and Lan Yi's objection. However, he looked awful. Of course, he didn't look good. During the encounter with Yan Ming, Yun Feng inexplicably became his fiancée that time. And now, she was the mother of someone else's child!

Chapter 792: Master's Gift (3)

Qu Lanyi thought about it and felt that Yun Feng might really deserve this identity. Yaoyao was hatched by Yun Feng. Logically speaking, Yun Feng was Yaoyao's mother, and Si Wen, this merman who suddenly appeared, was Yaoyao's father! The more Qu Lanyi thought about it, the angrier he became. Even though this happened coincidentally, it couldn't happen! Fengfeng was his woman!

Qu Lanyi and Lan Yi also stayed with Yun Feng. When Si Wen learned that Yun Feng wasn't alone, he looked very gloomy. He immediately decided to put the three of them together and monitor them under his watch. Yun Feng didn't care. She happened to be free and had time and space to make the Transformation Potion. Even though Si Wen knew their human identity, she still had to take the Transformation Potion. With Si Wen, the new king, here, the merfolk essence the Transformation Potion needed wouldn't be a problem.

Yun Feng didn't have to worry about the time. She had nothing to do during this period of time. While making the Transformation Potion, she could also improve her strength, and wait for the news Si Wen sent back to her regarding the Spirit Gathering Grass.

Si Wen hadn't appeared in front of Yun Feng since last time, which made Qu Lanyi a lot less jealous. Of course, it was also because of Yun Feng. When Qu Lanyi went crazy, he went to her room at night and wanted to make a child with her. Yun Feng kicked him out. Meatball also chased after Qu Lanyi with a ferocious expression.

After that, Qu Lanyi completely calmed down. So what if she was the mother of someone else's child? So what if it was the indirect truth? He was Yaoyao's father too!

Thinking of this, Qu Lanyi also discovered something. Yaoyao hadn't appeared for a long time. Qu Lanyi originally thought that Yaoyao would only stay with Si Wen for a while and come to find Yun Feng, but a long time had passed and Yaoyao didn't appear again.

Lan Yi didn't ask anything and just followed Yun Feng silently. Yun Feng didn't feel anything wrong either, as if she had forgotten about Yaoyao. She concocted potions and consolidated her strength. Qu Lanyi observed for a while in the dark. When Yun Feng pushed the door open and was about to make potions, she heard someone call softly, "Xiao Feng."

The call was very soft, as if it was floating around. Yun Feng's body suddenly stiffened, as if she wanted to say something, but she forced herself to hold back. Qu Lanyi frowned and grabbed Yun Feng's slender wrist, taking her into the house. The door was closed with a bang.

Yun Feng shook off Qu Lanyi's hand gently. "What are you doing?" Qu Lanyi reached out and grabbed Yun Feng's arm. "Where's Yaoyao? Don't you miss her?"

Yun Feng turned around as Meatball on her shoulder flashed and directly entered Yun Feng's bracelet. "Yes, I do. I never said I don't miss her."

Qu Lanyi frowned. "Are you planning to return her to the merfolk?"

Yun Feng didn't say anything. She flipped her hand, and a ball of fire jumped with warm light on it. She put a lot of herbs into it and ignored Qu Lanyi's question. She closed her eyes and continued her work of making potions. "Is Yaoyao willing?" After Qu Lanyi said that, Yun Feng still didn't say anything. After a while, she opened her eyes. The fire quickly disappeared, but what landed was a ball of charred liquid. Yun Feng had failed with the simplest herbs.

Qu Lanyi looked at the burnt liquid and didn't say anything. Yun Feng sighed softly. "Is there a difference whether she's willing or not?"

"How is there no difference? Yaoyao was hatched by you. She likes you. I don't believe you can't see that!"

Yun Feng slowly put her hands together and clenched them tightly before she slowly let go. "I originally wanted to contract with her after hatching her and wait for her to grow up, but I forgot that she's still a child. She has a family."

"So you want to return her?"

Yun Feng chuckled. "I'm not returning her. She never belonged to me from the beginning. Yaoyao was very happy to come here. This is the place she should be. Especially Si Wen. When she saw Si Wen, Yaoyao didn't know him at all, but she was extremely close to him. This is blood relation. This is family."

Qu Lanyi didn't say anything else. Yun Feng looked at him with her black eyes. "Why should I deprive her of her family? There are many other options for a water-element Magic Beast. With my ability, how can I not contract one?"

"But it won't be Yaoyao..."

"I treat Yaoyao as a child I truly love. I'm very happy to be able to send her back." A smile appeared at the corners of Yun Feng's mouth with a hint of loneliness. "It's just that... I might not be able to take her with me when I leave this time and I might not be able to see her again in the future."

"You're right, but... you missed the opportunity. Yaoyao's talent is a great help to you."

Yun Feng shook her head. "The Magic Beasts I contracted with have never been treated as tools. I treat them as friends who have accompanied me through difficulties. When this road reaches the end, I'll certainly set them free."

Qu Lanyi was stunned. "Free? You're setting them... free?"

Yun Feng smiled. "They've never belonged to anyone. They've never been tools."

There was no more sound in the room. Lan Yi stood quietly in a corner outside the room. A layer of shadow quietly fell on his handsome face in the corner. He slowly raised his hand and touched the complicated patterns on one side of his cheek. Lan Yi smiled bitterly and turned around to leave.

Ever since Si Wen agreed to help Yun Feng find the Spirit Gathering Grass, half a year had already passed quietly. Yun Feng had been quite comfortable during this half year. The manufacturing of the Transformation Potion also consolidated her strength and her strength of the final stage of the Monarch Level took another step forward. Even though she was still far from the peak of the Monarch Level, she had already made such progress much faster than others in half a year.

Si Wen, the new king of the merfolk, had always been very busy. Yaoyao never appeared again. Even though Yun Feng didn't show it on her face, she still missed her in her mind. Yaoyao had been with her for more than a year. How could she not miss her after such a long time of company when Yaoyao relied on her so much?

Even though they were in the place where the king lived and it was inconvenient to move around here, Yun Feng could certainly see Yaoyao if she wanted to, but she didn't do anything. Yun Feng had already decided to send Yaoyao back to the merfolk, or she would have taken Yaoyao back a long time ago. Qu Lanyi understood what Yun Feng was thinking. Ever since the conversation that day, he hadn't said anything and had been practicing silently. Lan Yi, on the other hand, followed Yun Feng quietly and didn't say anything at all.

Chapter 793: Master's Gift (4)

After coming to the Endless Ocean, the Sound Transmission Jade completely lost its effect. The layer of pure black seawater cut off all contact with the human continent. It was fine if she didn't contact the outside world for half a year. It wasn't unusual for Yun Feng to disappear for a long time. During this period of time, Yun Feng took some time to go to the tenth level of the Dragon Palace. Xia Qing had been cultivating with her eyes closed. Surrounded by the dense magic elements on the tenth level of the Dragon Palace, Xia Qing's cultivation had been going very smoothly.

Yun Feng looked at the things her master left for her on the tenth level of the Dragon Palace carefully. When Yun Feng came in back then, there were stone platforms on the tenth level with a lot of things on them. As Yun Feng's strength increased, the things she could use also increased. Ever since her strength reached the Monarch Level, this was the first time Yun Feng came here to look at what her master left for her carefully.

Xia Qing cultivated quietly on the side. Yun Feng alone walked to the side of these stone platforms. The things her Commander Level master left behind were books, ores and Magic Beast Crystals. When she was at the Monarch Level, her master left behind a Monarch Level wand. Yun Feng had been using it until now. As for the others, she didn't look at them carefully back then, but this time was different.

After she reached the Monarch Level, the restrictions on three stone platforms were opened. Yun Feng had already taken away the wand that was used to store the Monarch Level items. One of the items on the other two platforms was a book, but it was much thinner. There was also a storage ring that contained space.

Another storage ring? Yun Feng stepped forward and took the ring in her hand. She immediately probed it with her mental strength. When she saw the things inside the ring, Yun Feng was shocked! The space of the ring wasn't big. Compared to Yun Feng's other storage containers, this one had the smallest capacity. However, the things inside made Yun Feng click her tongue. It was full of herbs! Right, they were all herbs!

The herbs that filled this space were almost comparable to the warehouse of the Pharmaceutical Institute. Yun Feng glanced at them casually and was immediately a bit excited. The herbs here were of a higher level than those in the warehouse of the Pharmaceutical Institute! Yun Feng had seen a few types of herbs before. The warehouse of the Pharmaceutical Institute was full of high-level herbs! There were even some master-level herbs here!

Their quantity couldn't compare to the Pharmaceutical Institute, but their species and quality were much higher!

Yun Feng put away the ring that was full of herbs and took the book that her master left behind. After opening it, light flashed through Yun Feng's eyes. What was recorded in this book were all formulas! There were all kinds of formulas, but the lowest difficulty started from the advanced one-star level!

Yun Feng flipped through the pages one by one. The more she read, the more respect and admiration she had for this Master she had never met. Master was indeed an extraordinary person! He covered such a wide area! His achievements in the field of potions were also so high!

The potion formulas started from the advanced one-star. There were master-level formulas and even grandmaster-level formulas! This was like a collection of formulas. For pharmacists, it was worth a sky-high amount of money! Not to mention that ring full of rare herbs!

Yun Feng continued reading. The book was very thin and there were only twenty or so pages. The first dozen pages all recorded the formula, but the last five or six pages were things that had nothing to do with the formula at all. Those were the descriptions of the herbs! Yun Feng looked at the descriptions of the herbs in the book. She had never seen many kinds of herbs before, but she had seen some of them before and knew very little about them. A thought suddenly flashed through her mind. Would her Master also know and record the Spirit Gathering Grass here in detail?

Yun Feng searched carefully. The journal had a description of potions, but there was no record of herbs. This was the real essence! Yun Feng searched carefully and finally found the detailed information of the Spirit Gathering Grass on the last page of the book!

Yun Feng glanced over and her eyes suddenly darkened.

The Spirit Gathering Grass was called the Spirit Gathering Grass because it looked very similar to grass. In fact, it was called the Spirit Gathering Whiskers. The Spirit Gathering Whiskers only grew on a certain Magic Beast in the Endless Ocean and the chance of them appearing was very small.

There was only one sentence about the Spirit Gathering Grass, but it made Yun Feng's face completely gloomy. Ever since she came out of the Dragon Palace, Yun Feng had been sitting there silently without saying anything. The Spirit Gathering Grass wasn't some kind of plant herb. It was only called that because it looked like grass. In fact, it was the whisker of some Magic Beast! The chances of such a Magic Beast appearing in the Endless Ocean were extremely low!

It wasn't grass, but the whisker of a Magic Beast. The difficulty didn't just increase by one level. It didn't matter how many levels it increased for Yun Feng. She wasn't afraid even if he told her that she had to pluck a tiger's beard! Regardless of what this Magic Beast was and how dangerous it was, it would take some effort to find such a Magic Beast. Did Si Wen know that the Spirit Gathering Grass was actually a Magic Beast's whisker and not grass?

Si Wen must know the inside story of the Spirit Gathering Grass, since he sent no word back in the last half year. Otherwise, wouldn't it be very easy to find a kind of grass? She wasn't familiar with the Endless Ocean at all. It was like looking for a needle in a haystack by herself. She might as well let Si Wen search for it. The new king of the merfolk, a native of the Endless Ocean, was much faster than her.

After learning the truth about the Spirit Gathering Grass, Yun Feng could only wait. She was no stranger to dealing with Magic Beasts. As a summoner, it was natural for her to deal with Magic Beasts. Thinking of the formula left by her master and the precious herbs that filled her ring, Yun Feng smiled wryly.

Master had undoubtedly left these things for her so that she could become a talent in the field of potions. The fact that Master could give her such a gift proved that he was also a big shot in the field of potions. He was probably a grandmaster-level figure. She was Master's disciple. No matter what, she couldn't let her Master lose face. Yun Feng, who originally didn't have the mood to focus on research on potions, also had to calm down again now. She was unique in the field of potions. It seemed that she had to rush forward with all her strength. She wouldn't let her Master down if she had achievements.

Once she reached the Lord Level, she would be able to contact her master. By then, she would be able to make her master happy. Yun Feng chuckled as she took out the collection of formulas and studied it carefully. Yun Feng had seen some of the formulas on it, but had never heard of some of them. She was completely ignorant about pharmaceuticals and didn't understand how precious the formulas were at all, just like the formula of the Transformation Potion. There was no record of the Transformation Potion formula in the book her master left behind, which was enough to show how rare the formula was. The powerful transformation ability of the Transformation Potion itself also had remarkable effects. Once it spread, it would cause an uproar

Chapter 794: Master's Gift (5)

Yun Feng studied the formulas. She had already made a lot of high-level three-star potions. The number of Transformation Potions was enough. Perhaps she should try to make a master-level formula? If she could make a master-level potion, it would be a step up for her.

Time continued to pass. Si Wen continued searching for the Spirit Gathering Grass, while Yun Feng focused on studying the master-level formula. The difference between a master-level potion and an advanced three-star potion was like the difference between heaven and earth. The difference between the levels of the potions was quite huge. Her master had already prepared the herbs mentioned in the master-level formula for her. She wasn't afraid that she would squander the amount, but Yun Feng had always been careful. The way she made potions was different from others.

Meatball was a great help for Yun Feng in making potions. Meatball made it much easier for Yun Feng to make high-level potions. The master-level herbs could also be made with Meatball's help, but it was quite difficult to make. Not to mention the consumption of mental strength, the elemental sensitivity of the herbs was also much lower despite Meatball's help. With just a little bit of elemental light, Yun Feng couldn't make potions that satisfied her at all.

Master-level potions were indeed extraordinary. The difficulty level was completely different from that of advanced three-star potions. Meatball lowered its little head in frustration. Yun Feng touched its body comfortingly. They couldn't be too anxious. There was nothing they could do even if they were anxious about this.

Days passed just like that. It was quite difficult to make Master Level potions. After learning about it, Qu Lanyi only reminded Yun Feng to take care of her mental strength. She couldn't be too reckless when making potions that consumed mental strength, especially when they were in the Endless Ocean. Yun Feng nodded with a smile and agreed. She was quite sensible in this aspect and knew when to advance and when to retreat.

Lan Yi was a bit worried about Yun Feng, but he held back and didn't say anything. He only stayed around Yun Feng more carefully, especially when she closed her eyes to make potions. Lan Yi was extremely vigilant. Another three months passed in the blink of an eye. It had already been almost a year in the Endless Ocean. Si Wen, who had never sent any news back, finally sent someone to bring a message. This also made Yun Feng's heart pound. There was a clue of the Spirit Gathering Grass.

After staying in this place for nine months, Yun Feng and the others finally left for the first time. They followed the people sent by Si Wen all the way to the deepest part of the hall. They soon arrived at a secret place. The person who led the way asked Yun Feng to go in. Qu Lanyi and Lan Yi waited outside. Yun Feng nodded and pushed the door open. The door behind her closed automatically. Si Wen sat in the seat in front of Yun Feng. In his arms was an obviously grown-up little girl.

When Yun Feng went in, Si Wen was playing with the little girl in his arms with a gentle look on his face. He looked up and saw Yun Feng. The gentleness on his face was quickly replaced by coldness. After the little girl in his arms saw Yun Feng, the pupils in the middle of her blue eyes suddenly straightened. She exerted her strength and struggled out of Si Wen's arms. Her blue fishtail swayed fiercely and Yun Feng only felt a blue figure moving quickly and rushing into her arms.

"Xiao Feng!" Yaoyao called as her fishtail quickly wrapped around Yun Feng's waist and she put her arm around Yun Feng's upper body, leaning close to her intimately. That demonic little face became more and more beautiful, more and more similar to Si Wen's handsome face that was covered in demonic energy. If Yun Feng wasn't able to determine the relationship between the two of them at first, it was enough to prove now that the two of them were indeed the closest.

"Xiao Feng!" Yaoyao kept calling out and rubbed her cheek against Yun Feng's passionately, like a child returning to the arms of his mother. Meatball on Yun Feng's shoulder glanced at her uncomfortably. In the end, it turned around and decided to ignore her.

Yun Feng was also excited in her mind. It was absolutely impossible for her not to miss Yaoyao after not seeing her for nine months. Si Wen actually allowed Yaoyao to see her, which was beyond Yun Feng's expectation. She held the little girl who kept acting cute in his arms. Yun Feng touched Yaoyao's ear fin. Yaoyao hugged her tightly and didn't want to let go.

Si Wen looked at the scene of the two of them hugging each other tightly with a gloomy expression. "It's been nine months. There's finally news of the Spirit Gathering Grass."

Yun Feng came back to herself and smiled at Si Wen. "Thank you for your help. There's some information about the Spirit Gathering Grass..."

Si Wen frowned slightly and looked at Yaoyao, who was still in Yun Feng's arms and refused to let go. He couldn't help but say, "Si Qing, let go of her."

Si Qing? Was that Yaoyao's new name? Yaoyao shook her head unhappily and didn't let go of Yun Feng. She wrapped her fishtail around Yun Feng's waist and said softly, "Si Qing... is that your name?"

Yaoyao raised her head with confusion in her eyes. "He gave me that name..."

"Qingqing, come here." Si Wen's tone was cold. He was indeed unwilling to let Yaoyao and Yun Feng meet today, but Yaoyao's condition hadn't been good recently. Si Wen thought that he might be able to ease her pain by letting her meet this human. However, seeing how she was like, how could he let her stay with this human?

Yaoyao didn't want to let go. Her little face was full of unwillingness. Yun Feng smiled and touched Yaoyao's ear fin. "Yaoyao, let go. We have something to say."

Yaoyao looked at Yun Feng and finally let go of Yun Feng's waist slowly. Seeing that, Si Wen immediately raised his hand and a powerful force swept Yaoyao to his side. Yun Feng's black eyes flashed and she didn't say anything. She sat aside. Yaoyao was very unwilling to be restrained next to Si Wen. She looked at Yun Feng with her big eyes and didn't want to move away at all.

"I need to tell you something about the Spirit Gathering Grass," said Si Wen indifferently. Seeing that Yaoyao was looking at Yun Feng, his eyes darkened slightly. "I think we should take Si Qing back first. Come in!" Si Wen shouted. A merman immediately pushed the door open and entered. Seeing that, Yaoyao immediately struggled to get away from Si Wen, but Si Wen restrained Yaoyao with a cold face.

"Take Si Qing back." Si Wen ordered. Yaoyao's entire body was immediately trapped in a blue bubble. No matter what she did, she couldn't escape. The merfolk who came in nodded and immediately turned around with the blue bubble in his hands.

"Xiao Feng! Xiao Feng!" Yaoyao shouted Yun Feng loudly in the bubble. Her body jumped up and down in the bubble with a panicked expression. There was even a ferocious expression on her face. Her body hit the bubble fiercely. Looking at Yun Feng who was getting further and further away, Yaoyao shouted loudly, "Xiao Feng!"

Chapter 795: Yaoyao Is Captured (1)

The sound was blurry because of the bubble. The more Yaoyao shouted, the colder Si Wen's face became. The merman that came in sped up. Yun Feng looked at Yaoyao's eyes and only felt that her heart was being torn apart. That kid was calling her!

"What are you doing?" Si Wen shouted furiously and waved his hand. A wave of energy had already smashed towards Yun Feng. Yun Feng's black eyes darkened and her body flashed keenly. She dodged Si Wen's attack and stood in front of the merman who was about to leave. "Let go."

"Your Majesty... Your Majesty..." The merman who was blocked trembled. Si Wen had already stood up with a sullen look. "Don't push your luck!"

Yun Feng only turned her head slightly. "Is this how you treat Yaoyao? Caging her here? If I knew how you treated her, I wouldn't have given her to you no matter what!"

Si Wen narrowed his eyes fiercely and the strong demonic energy on his face instantly increased. The translucent blue fins on his body emitted faint blue light. "This is the family business of the merfolk. You're not allowed to interfere!"

Yun Feng suddenly smiled. Her mental strength surged out of her body and directly turned into an invisible whip, slashing at the blue bubble that trapped Yaoyao. When Si Wen saw this, anger flashed in his eyes. "How dare you!" He waved his hand again and a beam of blue light cut Yun Feng's mental strength whip apart fiercely!

The moment the two fierce forces collided, a powerful pressure was emitted. That merman couldn't withstand the pressure and immediately vomited blood and fainted. The blue bubble that enveloped Yaoyao instantly returned to Si Wen's side. Yaoyao looked at Yun Feng and Si Wen with her big eyes, full of worry and panic.

"Yaoyao is indeed your family, but she's also my friend! As long as this matter involves her, I'll interfere!" Yun Feng said word by word with a determined expression. Si Wen's face was half black. The two of them stared at each other for a while. Si Wen glanced at Yaoyao. After seeing the expression on her face, he seemed to be powerless and the powerful aura just then suddenly disappeared.

"Pa!" The blue bubble instantly shattered. Yaoyao was delighted. She flipped her body and pounced towards Yun Feng, jumping into Yun Feng's arms with great force and hugging her tightly again.

Si Wen's eyes were full of pain when he saw this scene. Yaoyao twisted her little face and looked at Si Wen. Her big eyes were also full of worry, but she didn't want to let go of Yun Feng. She looked at both sides of her little face in embarrassment. Yun Feng touched Yaoyao's ear fin and coaxed her softly, "I'm not going. I'll stay here."

Yaoyao stared at Yun Feng carefully for a while. After confirming that she was telling the truth, she finally let go of her fishtail carefully and left Yun Feng's arms carefully, returning to Si Wen's side. When Si Wen saw that Yaoyao was willing to come back voluntarily, his eyes glittered. He held Yaoyao's little body in his arms and looked at Yun Feng deeply.

"There's something I need to tell you about the Spirit Gathering Grass." Si Wen continued the topic just then. Neither of them ignored Yaoyao. "The Spirit Gathering Grass isn't a plant. It's the whisker of some Magic Beast." After saying that, Si Wen looked up at Yun Feng and found that she wasn't surprised at all. "You know about it?"

Yun Feng nodded. "I know about that."

Si Wen looked a bit complicated. "This Magic Beast is called You Yan. I searched for a long time and finally found out that the Spirit Gathering Grass is its whisker. It's quite a coincidence. After searching everywhere, I found You Yan."

"You Yan?" Yun Feng mumbled. She was very unfamiliar with this name. She wondered if her master had any records about such a Magic Beast. She had to look it up carefully later.

"You Yan is elusive and good at hiding. It has a very strange personality and doesn't like to stay in one place for too long. It's said that there are only one or two You Yan and they live quite a long time."

Yun Feng had a rough idea in her mind after hearing that. With Si Wen's explanation, she didn't need to search anymore.

"The place where You Yan appears is called the Cheng Sea. The Cheng Sea is the border area of the merfolk and... the border area between the merfolk and the other clans." Si Wen's face darkened when he said this. Yun Feng thought of the traces of battle she found at the border area, which showed that the area of the Cheng Sea was full of danger.

"The merfolk have a ban. No merfolk are allowed to get close to the Cheng Sea easily. This time, I'll send you to the edge of the Cheng Sea. The rest is your business."

Yun Feng nodded. "When are we leaving?"

Si Wen thought for a moment. The sooner he finished the matter, the sooner she would leave. He could put aside other things for now. "Tomorrow."

Tomorrow? Very good. Yun Feng had already been hiding here for nine months. It would take a long time for her to enter the Cheng Sea to find You Yan, but she finally had a goal that could move forward. It was better than waiting here. After talking, Yun Feng was about to leave. Yaoyao moved her body and was about to chase after Yun Feng. Si Wen tightened his grip and held Yaoyao firmly in his arms again. Yun Feng looked at Si Wen and said in a serious tone, "Even though Yaoyao is a member of the blue-finned and you're Yaoyao's father, you don't have any right to restrict Yaoyao's freedom. If you treat Yaoyao like this again, I'll do everything I can to get her back."

Si Wen frowned tightly and looked at Yaoyao's expectant expression in his arms. A glint flashed through his dark blue eyes and he didn't say anything else. Yun Feng smiled at Yaoyao and turned around to leave. Seeing that Yun Feng left, Yaoyao swung her fishtail and was about to chase after her. This time, Si Wen didn't stop her, but let Yaoyao chase after her.

"Xiao Feng!" Yaoyao wrapped her fishtail around Yun Feng's waist and hugged her from behind. Yun Feng stopped and turned Yaoyao from the back to the front. She looked at her big blue eyes. "I have something to do. Yaoyao, just wait for me here, okay?"

Yaoyao looked at Yun Feng in confusion. "You'll... come back?"

Yun Feng nodded. "Yes, so just wait here obediently, Yaoyao."

Yaoyao nodded, as if she understood something and was immediately relieved. "Alright!" Yaoyao's little face became more and more beautiful. Even her little body gradually lengthened. Yun Feng's eyes were full of gentleness. Yaoyao returned to Si Wen happily. "Xiao Feng is coming back!"

Yun Feng nodded. She glanced at Yaoyao and walked out. Si Wen looked at Yun Feng's back as she left, deep in thought.

The next morning, Yun Feng, Qu Lanyi and Lan Yi took the Transformation Potion again. The three of them waited outside. Si Wen would come early in the morning to take them to the Cheng Sea. When Si Wen came, Yun Feng didn't expect that he wouldn't come alone this time. The two elders and the two young people from the red-finned and the white-finned she met that day also came.

Chapter 796: Yaoyao Is Captured (2)

Si Wen walked in the front with a cold expression. Yun Feng glanced at him suspiciously. Yaoyao pounced over happily and hugged Yun Feng again. What was Si Wen thinking? He even brought Yaoyao here?

“The king’s partner is going to Cheng Sea. How interesting.” The red-finned Elder Zi Xuan looked at Yun Feng deeply with a hint of disdain in his tone. The white-finned Elder, Cang Yun, on the side also chuckled. “That’s right. Us old guys have never been there. We should join in the fun this time.”

Yun Feng raised her brows slightly. It seemed that someone had found about the trip to the Cheng Sea today. The merfolk had always been very scheming. Otherwise, Si Wen wouldn’t have been suppressed by these two elders.

“Uncle Zi Xuan, Uncle Cang Yun, if you’re interested, let’s go together,” said Si Wen softly as he looked at Yun Feng. Yun Feng walked next to him cooperatively with Yaoyao in her arms. Qu Lanyi’s face darkened as he suppressed the anger in his heart. Si Wen raised his hand and a blue bubble enveloped Yun Feng and him, rising into the sky and flying away quickly.

Zi Xuan and Cang Lin both snorted. “Let’s see what you’re up to!” Red and white bubbles appeared too, and they left. Qu Lanyi and Lan Yi certainly followed them, but they were at the back. Qu Lanyi gritted his teeth and said, “Merfolk, very good!”

Lan Yi shivered when he heard that. He had never had a good impression of Qu Lanyi. He didn’t know why his master liked Qu Lanyi. Compared to Qu Lanyi, he preferred Ze Ran... And Ling wasn’t bad either. They were both better than Qu Lanyi, who had always been unpredictable and sticky.

The Cheng Sea was located at the border between the merfolk and the other clans. This was an area that was not controlled by anyone. The Magic Beasts were extremely sensitive to territory and had a strict division. As long as you entered their territory, they didn’t have to be polite to you! So, the Magic Beasts usually wouldn’t leave their territory easily, especially in such a border area.

Yun Feng was wrapped in the blue bubble and she was holding Yaoyao in her arms. Yaoyao was very happy to see Yun Feng today. Si Wen looked ahead with a focused expression and the blue fishtail underneath him swayed slowly. Let alone everything else, Si Wen was indeed a famous handsome man among the merfolk. He should be considered attractive among humans too. Even if he appeared in this half-human half-fish state, thousands of girls would fall in love with him even if they knew he was a Magic Beast.

Yun Feng sized Si Wen up a few times and then looked ahead. The territory of the merfolk was very vast. Si Wen led her forward at a much faster speed than she did. The two of them didn’t use their full strength in the battle yesterday, so she couldn’t find out his strength. However, since Yaoyao was his child, his strength might be limitless with Yaoyao’s growth speed.

Speaking of Yaoyao’s strength, Yun Feng was very surprised. Yaoyao had already entered the Commander Level a year ago and now, nine months had passed. Logically speaking, Yaoyao should have already entered the final stage or the peak of the Commander Level, but Yun Feng found that Yaoyao’s strength didn’t increase at all.

Yun Feng was puzzled, but she didn’t ask. She knew very little about the merfolk right now, and there might be some secrets. After traveling for a few days, she finally arrived at the border area of the

merfolk's territory. Looking from afar, Yun Feng understood why this place was called the Cheng Sea. Even though this was the Endless Ocean, even though this was a sea to begin with, the dense forest in the distance was a sea in the sea. The density of the trees was far greater than Yun Feng thought, and the vast area made Yun Feng think of the Ten Thousand Beast Mountain Range that lay between the East and West Continents.

"That's the Cheng Sea?" Yun Feng whispered. The sea made of trees in the distance shook slightly, like waves rolling gently. Si Wen didn't say anything and landed with Yun Feng. As Si Wen landed, the people of the red-finned and the white-finned also came. Qu Lanyi and Lan Yi followed them. They were also surprised to see the so-called Cheng Sea.

"It's a good place for killing." Qu Lanyi chuckled after seeing it. Lan Yi frowned. The density of plants in this Cheng Sea was too high and the area was so vast. There was no way to know what was in the depths of the Cheng Sea! How would anyone outside know what happened? It was indeed a good place for killing!

Zi Leng of the red-finned snorted in disdain. "What's there to see here? If we really want to see, we should just walk in!"

Yun Feng didn't say anything, but Elder Zi Xuan said, "What nonsense are you talking about? Walk in? Who has the courage?" Elder Zi Xuan looked at Yun Feng and Si Wen. Si Wen stood there with a cold face and didn't say anything. Yaoyao was very comfortable in Yun Feng's arms and her little face was full of joy, especially with Yun Feng and Si Wen next to her.

"Hehehehe." A gentle laugh sounded. Yun Feng felt disgusted from the bottom of her heart when she heard this laugh. "The king's partner is truly strange. Do you want to stand here or walk in?" The young man with white fins spoke. He was the one who kept stirring trouble and targeting Yun Feng.

"Cang Yu, it's none of your business what the king's partner wants to do. Don't you remember what the king said?" Cang Yu scolded softly on the side. Si Wen's expression didn't change, but became a bit colder. Cang Yu immediately looked like he knew, but he didn't forget to add, "Elder, you're right. Of course I remember what the 'king' said."

The corners of Yun Feng's mouth curled up coldly. Everyone indeed wanted the position of Si Wen. She didn't know how the king was elected. It seemed that the red-finned and the white-finned never gave up. However, compared to the hot-tempered red-finned, the gentle white-finned made Yun Feng more annoyed.

Si Wen didn't say anything. He looked at the area of the Cheng Sea in front of him carefully with his dark blue eyes. When his gaze landed on a certain place, there was a sudden change. "Is there... any movement there?" What Si Wen said attracted everyone's gaze. The people of the red-finned and the white-finned all looked over there. Even though there were some internal conflicts, when the collective interests of the merfolk were violated, the red-finned and the white-finned were certainly united.

The two elders looked serious. "Your Majesty, do you want us to go there and find out?"

Yaoyao, who was in Yun Feng's arms, also stuck her body out curiously and looked in that direction with her big eyes. Her fishtail also left Yun Feng's waist and Yun Feng's gaze also followed. If something really happened here, she would have to keep pushing back her exploration of the Cheng Sea.

Chapter 797: Yaoyao Is Captured (3)

There was coldness in Si Wen's eyes and his expression suddenly changed. He immediately extended his arm and a blue bubble suddenly enveloped Yun Feng and Yaoyao in her arms. This sudden change caught everyone off guard. However, right at this moment, something happened!

A red tongue darted out of the Cheng Sea at an astonishing speed and length!

While everyone's gaze was attracted, the red tongue ran out of the dark Cheng Sea fiercely and attacked Yaoyao in Yun Feng's arms! The speed of the tongue was extremely fast, so fast that there was no time for her to react at all! Even though Si Wen moved in an instant, he was obviously a step too late!

"Crack!"

The blue bubble was shattered by the force of the tongue. It wrapped around Yaoyao's body and stretched. Yaoyao instantly flew out of Yun Feng's arms and disappeared into the Cheng Sea!

"Yaoyao!" Yun Feng roared as her body had already flown out. She couldn't care about anything else. She could only see Yaoyao, who was constantly retreating because of the tongue! Yun Feng followed her into the Cheng Sea. Qu Lanyi and Lan Yi immediately changed their expressions and rushed in!

"Si Qing!" Si Wen roared. He moved his fishtail and was about to rush in, but was stopped by Zi Xuan and Cang Yun! The two elders winked at Zi Leng and Cang Yu, and the two young people immediately followed!

"Get out of the way!" Si Wen roared. His dark blue eyes were full of anger and his vertical pupils were burning with fury!

"Calm down! You're the king of the merfolk right now!" said Cang Yun coldly. Zi Xuan also said, "You can't go in right now! With Zi Leng and Cang Yu following you, don't worry!"

Si Wen finally calmed down. Seeing that he had already calmed down, Zi Xuan and Cang Lin also retreated slowly. "Don't worry, King. Zi Leng and Cang Yu will definitely find Si Qing and won't let your bloodline be in any danger."

Si Wen stood there with a completely gloomy face. After a while, he said coldly, "Send my order! Lock down all the places near the merfolk's territory in the Cheng Sea!" Si Wen clenched his fists fiercely, with suppressed anger in his demonic eyes. Thinking of Yun Feng rushing in, he somehow felt a bit relieved in his mind. She wouldn't let anything happen to Si Qing!

Yun Feng indeed wouldn't let anything happen to Yaoyao, especially when Yaoyao was taken away in front of her. She had to bring Yaoyao back unscathed no matter what!

"Yaoyao!" Yun Feng chased after Yaoyao, but the speed of that meat tongue was too fast. Yun Feng had already lost sight of Yaoyao after chasing her for a distance in the Cheng Sea. The number of people in the Cheng Sea along the way made Yun Feng's vision extremely narrow. In addition, the speed of the meat tongue was so fast that its trajectory was too twisted. It was indeed impressive that Yun Feng could keep up with it for a distance. The meat tongue wrapped around Yaoyao's body and instantly disappeared into the depths of the Cheng Sea.

“Damn it!” Yun Feng completely lost sight of that tongue in her vision. The Finger Spiritual Jade didn’t record the aura emitted by that tongue at all. Everything turned into bubbles at a weird speed! The mental strength in Yun Feng’s body immediately surged out and spread out like a tide. She knew that the area of the Cheng Sea was vast and that her mental strength couldn’t cover a large area at all, but even so, she would never give up finding Yaoyao!

“Calm down!” Qu Lanyi’s voice sounded in her ears. Yun Feng suddenly opened her black eyes. Qu Lanyi’s gaze made Yun Feng’s hot mind cool down. Lan Yi followed behind her with worries in his mind. “Master, do you want me to search...”

Yun Feng shook her head. “The Cheng Sea is too vast and the terrain is complicated. Besides, the trees here are so dense that you can’t see what’s inside at all from the sky!”

Lan Yi was immediately a bit frustrated. Qu Lanyi looked around. “What exactly is that tongue? Why does it only want Yaoyao?”

Yun Feng frowned and pondered. She didn’t have any idea about these questions right now. The most important thing right now was to find Yaoyao! Yaoyao and Yun Feng didn’t have any Magic Beast Contract. If it was a contracted Magic Beast, Yun Feng wouldn’t have to be so anxious! Meatball on Yun Feng’s shoulder suddenly let out a few roars and its body arched in a certain direction, looking very vigilant. Seeing Meatball like this, the few of them immediately looked somewhere vigilantly!

“Swish!” “Swish!”

Two figures came out of the dense forest in the Cheng Sea. They were Zi Leng and Cang Yu! The two of them were stunned when they saw Yun Feng and the others. “Where’s the King’s child? Have you found her?” Zi Leng looked at Yun Feng, while Cang Yu sneered. “I think she’s most likely lost.”

Yun Feng’s face darkened and she didn’t say anything. Zi Leng immediately roared after hearing that, “Then why are you still standing there? Go find her!”

“Since you’re here, it’ll be easier for us to find her. Pick a direction and we’ll split up.” Yun Feng glanced at the two of them indifferently. Zi Leng immediately didn’t say anything. Cang Yu looked at Yun Feng and the others deeply, then turned around and left in one direction with Zi Leng. After the two of them left, Qu Lanyi said, “I feel that something is wrong.”

“I think so too.” Yun Feng flipped her hand and the Finger Spiritual Jade appeared! Looking at the two glittering dots on it, Yun Feng sneered. “I don’t know what the merfolk are up to. If Yaoyao is used by them, we won’t let them go!”

“What do we do now? The Cheng Sea is vast. We don’t know if Yaoyao’s life is safe. It’s inappropriate to search just like that.” Qu Lanyi frowned and said. Yun Feng suddenly thought of something. Right! How could she have forgotten?

“Master, do you have a solution?” Lan Yi asked when he saw Yun Feng’s glittering eyes. Yun Feng’s anxiety was gone. The corners of her mouth curled up slowly. A ball of blue water element was jumping in her hand at this moment. The water element kept rolling in Yun Feng’s palm, expanding. Yun Feng swept her finger gently and the water element spread out, covering all the areas around Yun Feng. Under these areas covered by the water element, a transparent blue thread was faintly discernible!

Qu Lanyi and Lan Yi both looked at this scene in shock. Yun Feng looked in the direction of the vague light blue thread and chased after it without hesitation. Qu Lanyi and Lan Yi followed Yun Feng closely and kept going deeper under the guidance of the light blue thread.

“Did you forget that Yaoyao was hatched from my water element? There’s an inseparable connection between me and Yaoyao. I can find her no matter where she is!”

Chapter 798: Who’s Really Shameless (1)

The dense forest in the Cheng Sea formed a magnificent ocean. The density was so high that there were a lot of obstacles when passing through it. The Cheng Sea was quite complicated. If Yun Feng didn’t have this special connection with the water element between her and Yaoyao, she wouldn’t have been able to find her at all!

The water element around Yun Feng slowly spread. Even though Yun Feng’s mental strength was huge, it only covered a small range around her. She didn’t know what danger she would encounter in the Clear Sea. If her mental strength was exhausted and she couldn’t save Yaoyao, she would also die here!

As for the Spirit Gathering Grass, Yun Feng didn’t have time to care about that right now! She had to make plans after Yaoyao returned safely!

Yun Feng kept moving forward as she followed the faint blue element. This blue element was very faint. If she didn’t look carefully, she wouldn’t be able to notice it at all. Yun Feng followed the guidance of this blue element and walked in the complicated and changing terrain of the Cheng Sea. Along the way, Yun Feng truly felt that the area of the Cheng Sea was vast and dangerous! Right now, Yun Feng was a bit worried about how they could successfully return after finding Yaoyao.

Two dots kept flashing on the Finger Spiritual Jade in her hand. Yun Feng paid close attention to the Finger Spiritual Jade as she moved forward. Zi Leng and Cang Yu didn’t let Yun Feng be at ease. Yun Feng looked at the two dots that kept moving forward with a cold expression.

“How are they doing?” asked Qu Lanyi, who was observing the terrain closely with a complicated look.

“They’re moving forward. They seem to be moving very fast.” Yun Feng looked at the two dots far away from her. The two of them were moving faster than her and their direction was almost the same. Yun Feng looked at the blue thread in front of her that was still extending into the Cheng Sea with coldness in her black eyes.

“Where exactly has Yaoyao been taken to? Look at this thread. It’s still extending further!” Lan Yi frowned and looked at this thread. His blue eyes looked at the endless forest in front of him worriedly. They couldn’t see the road ahead at all and could only follow this thread. The deeper they went into the Cheng Sea, the more intuitively uncomfortable Lan Yi’s Magic Beast became.

“No matter where Yaoyao is taken to, even if it’s a place that I can’t enter, I must break in!” Yun Feng whispered as she ran forward quickly. Qu Lanyi smiled helplessly and followed her. Lan Yi only felt a trace of warmth in his heart. If he encountered such a dangerous situation one day, his master would probably come after him too.

Yaoyao was swept away by that tongue and disappeared into the depths of the Cheng Sea. Yun Feng kept going deeper and deeper with her unique method. It took her a full ten days. During this period of

time, she and Qu Lanyi didn't have the time to eat the Transformation Potion. It was more convenient for them to move in their original form. The human aura of the two of them had already been wiped out. They were also in the Cheng Sea and wouldn't be in danger of being exposed at all.

In the ten days, Yun Feng had been following that light blue thread. There seemed to be no end to the thread. Such an endless chase could easily make people lose their patience, but Yun Feng was different. As long as she had a firm belief, she would keep moving!

The Finger Spiritual Jade showed that Zi Leng and Cang Yu didn't give up either. The two of them changed their direction halfway and seemed to have found nothing. The two of them were on a different path from Yun Feng, which saved Yun Feng a lot of trouble. Even though there were also strange movements in the Cheng Sea along the way, they didn't attack Yun Feng and the others. The deeper they went into the Cheng Sea, Yun Feng felt like she had come to the depths of the Foggy Forest. Lan Yi and Meatball looked serious and tense, and Qu Lanyi also observed the surroundings keenly.

"A lot of eyes are watching us along the way." Qu Lanyi lowered his face and whispered. Yun Feng glanced to the sides with her black eyes. There were some auras lurking in the dense forest. They had already entered the depths of the Cheng Sea. The deeper they went, the easier it was to cause a commotion!

At this moment, the lurking aura suddenly became chaotic. A sound came from the dense forest. In a blink, three black shadows jumped out of the forest!

Yun Feng, Qu Lanyi and Lan Yi quickly attacked. They unleashed the momentum of the final stage of the Monarch Level without holding back at all. The light element, the wind element and Yun Feng's water element all attacked the three black shadows!

"Pa!" "Pa!" "Pa!"

The bodies of the three Magic Beasts fell on the ground. They were no longer alive after the attack just then. Coldness burst out of Yun Feng's face. She didn't show mercy at all in the attack just then. In this Cheng Sea that was full of danger, she would be the one who died if she showed mercy!

The three late-stage Monarch Level experts traveled together. Even if they were in the Cheng Sea, nobody would provoke them easily. The three beasts just then became the best examples. The slightly chaotic aura instantly stopped. Yun Feng smiled coldly as her body flashed and moved forward again.

"We can enjoy peace for a while." Qu Lanyi chuckled, but didn't retract the light elements in his hand at all. With a cold face, Lan Yi suddenly unfolded the wings on his back. They weren't wings anymore! The ferocious griffin tattoo on the wings was also vividly shown. A roar came from Meatball's body on Yun Feng's shoulder. Its cute expression was gone, and it bared its sharp teeth ferociously.

When she moved forward again, no Magic Beasts dared to provoke her anymore. Yun Feng followed the guidance of the blue thread and moved forward quickly. She only wished that she could go a bit faster, or burn this forest to silence!

"Master!" Lan Yi shouted in a low voice. Yun Feng suddenly stopped. Qu Lanyi stood next to her with a frown. The forest in front of the three of them wasn't as dense as before, and it was strangely quiet around. The faint thread of water element in front of them suddenly cut off and floated slowly.

“This should be it.” Yun Feng glanced around with her black eyes. “This should be its nest, or it wouldn’t be so quiet.”

Magic Beasts all had their own territory. The higher the level of the Magic Beast, the more stubborn it was about its territory. Just like Yu Xiu, which Yun Feng had killed before, Yu Xiu’s territory was also as quiet as it was right now. The low-level Magic Beasts all left this place voluntarily and didn’t dare to approach recklessly.

“This Magic Beast is quite smart. There’s a layer of restrictions it set up here,” said Qu Lanyi casually as he looked ahead with his black eyes. “I wonder if you and I can break it with our strength.”

Chapter 799: Who’s Really Shameless (2)

“You’ll know when you try.” As soon as Yun Feng said that, the mental strength in her body had already surged out fiercely, turning into a huge fist that smashed heavily at the invisible space in front of her! Qu Lanyi only smiled when he saw this. He followed Yun Feng’s footsteps and his mental strength also turned into a fist. His two fists smashed against it fiercely with the power of the final stage of the Monarch Level. A faint energy fluctuation instantly spread from here to the surrounding area, causing the ground to tremble gently!

Looking at the intact invisible space in front of them, Yun Feng and Qu Lanyi both frowned. They couldn’t break it with their strength! This also proved that this Magic Beast was stronger than them! Things were a bit tricky!

“It can’t be broken?” Qu Lanyi frowned. If he and Fengfeng couldn’t break it even with their abilities, how could they save Yaoyao? How could they deal with that Magic Beast?

Yun Feng clenched her fists. She couldn’t break it? Even if she couldn’t break it, she had to! She gathered the power of her mental strength again and smashed it fiercely! “Boom!” Another wave of energy spread out, but the transparent restriction still didn’t shake at all. Yun Feng’s black eyes darkened. This wouldn’t do. She would find another way!

Qu Lanyi seemed to notice Yun Feng’s attention and was shocked. “You can’t do that!”

There was a smile at the corners of Yun Feng’s mouth. “I can’t? It’s fine for me!” She suddenly flipped her hand and different elements jumped on it! Lan Yi also understood what Yun Feng was going to do and was shocked. “Master!”

“Nana!” Meatball couldn’t help but feel anxious when it saw the jumping elements in Yun Feng’s hand. It let out a round and fluffy body and floated in front of Yun Feng. It swept Yun Feng’s cheeks with its tail, probably to calm her down. Yun Feng immediately came back to herself and looked at Meatball with its big eyes in front of her. “Na Xie, do you have a solution?”

Meatball looked very happy when it heard Yun Feng call its name. It immediately nodded its little head and its little body turned around in the air abruptly. It raised its little head and shouted, “Nana!” Meatball’s body rushed over at an extremely high speed and the little ball of white light hit the restriction just like that. The layer of restriction couldn’t withstand Meatball’s collision and a crack appeared!

Meatball kept hitting the barriers with its body. The barriers that were as hard as rocks under the attacks of Yun Feng and Qu Lanyi, who were both in the final stage of the Monarch Level, were like a thin wall in front of Meatball. After a few casual collisions, an opening was broken!

“Nana, nana!” Meatball looked at the gap and called out to Yun Feng happily. Yun Feng suddenly remembered that when she met Ao Jin in the Great Crack, she hadn’t reached the Commander Level yet at that time, and Meatball could immediately break through Ao Jin’s sealed space!

And now, Meatball broke the restriction that she couldn’t do anything about easily!

“Nana, nana…” Meatball jumped back to Yun Feng’s shoulder as if it was asking for credit. Yun Feng looked at the crack and was only shocked in her mind. Qu Lanyi looked at Meatball deeply and reminded her, “Go in quickly, in case there’s more trouble.”

Yun Feng finally turned around. She caressed Meatball’s body with her finger and quickly flashed through the crack. Qu Lanyi followed closely. After stepping in, Lan Yi couldn’t help but mutter, “What exactly is Meatball on Master’s shoulder?”

After the three of them crossed the crack caused by Meatball, the traces caused by Meatball automatically healed after a while! Seeing this scene, Yun Feng and Qu Lanyi’s faces suddenly darkened!

“This Magic Beast is even more difficult to deal with than we thought. You’d better not meet it,” said Qu Lanyi. He looked at the restrictions that had already been restored with a gloomy expression. Yun Feng nodded and glanced at the situation inside. “Yaoyao must be trapped somewhere here. It seems that the Magic Beast isn’t here.”

“Split up and find Yaoyao in the shortest time possible, so that there won’t be any other problems!”

Qu Lanyi and Lan Yi both nodded. This area was the territory of that Magic Beast. The forest was very sparse and it was much easier to search. They didn’t know when the Magic Beast would come back. It would be best if they could find Yaoyao before it came back!

The three of them started searching in different directions. Yun Feng walked all the way and checked every corner carefully, shouting in her mind, Yaoyao, where are you? I’m here!

Perhaps Yun Feng’s call was effective, or perhaps there was some kind of connection between Yun Feng and Yaoyao. When Yun Feng was searching around, she found something in an inconspicuous place. When she got closer, she saw that it was a very inconspicuous pile of weeds, but they were spread too neatly. Yun Feng’s heart trembled. She waved her hand and the pile of weeds flew up abruptly. Under the weeds was a deep hole!

“Yaoyao?” Yun Feng called out softly, but didn’t get any reply. However, her heart suddenly pounded violently. She had a strong feeling that Yaoyao was inside!

Without any hesitation, Yun Feng jumped down! She knew that even if there was danger waiting for her inside, she would still jump in! The area of the hole wasn’t big. Considering the size of human body, it could fit two people side by side. Yun Feng landed all the way down and observed the surrounding walls with her eyes. Meatball’s big eyes glittered in the dark hole. Yun Feng didn’t know how long she had been falling. When her toes touched the ground, her mental strength instantly surged all over her body and she was ready to fight.

However, there was nothing. In front of Yun Feng was a curved path that led deeper inside. Yun Feng's black eyes glittered and she walked in without hesitation. After walking for a while, Yun Feng saw a small flat ground at the end of the path. It was a very wide cave and Yaoyao was on the ground!

"Yaoyao!" Yun Feng looked at Yaoyao, who was lying on the ground, and immediately rushed over. After getting closer, she saw Yaoyao's current state clearly. Her eyes were closed tightly, as if she was sleeping peacefully. Yun Feng held Yaoyao in her arms and the water element in her hand quickly enveloped Yaoyao's entire body. Yun Feng's black eyes were full of anxiety. "Yaoyao, wake up. Yaoyao!"

"Tut-tut, a human has made it here."

Yun Feng's body froze. Meatball on her shoulder suddenly let out a cry. Its body arched and it roared furiously in a certain direction. Yun Feng hugged Yaoyao and quickly glanced over with her black eyes. On the wall not far away from Yaoyao, a Magic Beast was stuck there. It was obvious that it was imprisoned on the wall.

Chapter 800: Who's Really Shameless (3)

The water element in Yun Feng's hand enveloped Yaoyao firmly. She picked Yaoyao up and turned around to leave. Seeing that Yun Feng was about to leave, that Magic Beast couldn't help but shout, "Human! You're leaving just like that?!"

Yun Feng suddenly stopped and turned around slightly to size up the restrained Magic Beast carefully again. It had shiny scales all over its body and its slender body was very like a snake, but its tail was also like the fins of the merfolk. That head was extremely huge and didn't match this slender body very well. The few long whiskers on its nose made Yun Feng narrow her eyes fiercely.

"Human, I won't tell anyone about your visit to the Endless Ocean because you saved me." The tied Magic Beast snorted at Yun Feng and sized her up with its eyes, sounding a bit arrogant.

Yun Feng suddenly smiled and turned around again. This time, she walked out without any hesitation.

"Human! Aren't you afraid that I'll spread the news of your appearance? At that time, it'll be impossible for you to walk out of the Endless Ocean!"

Yun Feng smiled coldly. "That depends on whether you can live to that moment."

The restrained Magic Beast choked. Yun Feng was about to leave at this moment. The restrained Magic Beast suddenly shouted, "I'm You Yan! If you save me, I can give you some benefits! This is something you can't ask for!"

Yun Feng turned her back to You Yan and the corners of her mouth slowly curled up. She carried Yaoyao and walked to You Yan. Yun Feng looked at the eyes on that huge head. "You want me to save you?"

You Yan snorted. "Do you think I want to be saved by you? If it weren't for..." Speaking of this, You Yan suddenly stopped. "Human! I'm You Yan of the Endless Ocean. Every part of my body is a treasure, a treasure that you humans can't get at all!"

Yun Feng's smile widened. "Are you serious about giving me some benefits?"

You Yan smiled with disdain in her laughter. "Humph! I'm serious!"

Yun Feng nodded as a glint of light flashed through her black eyes. "Very good. I want your whisker."

As soon as she said that, disbelief burst out of You Yan's eyes. "You... You know who I am! How dare you take my whisker! What a greedy and shameless human being!"

There was still a smile at the corners of Yun Feng's mouth. When she saw the whisker on the side of its nose, Yun Feng had already come to a conclusion. Now, it had delivered itself to her door automatically. The Spirit Gathering Whisker she was looking for was right in front of her eyes. She must get it no matter what!

"I can save you, but I want your whisker."

"No! I won't give you my whisker! Just give up!"

Yun Feng didn't get angry. She turned around and walked out of the cave, ignoring You Yan. You Yan grunted in disdain. Humans were greedy and shameless, but this human was even more scheming. It was obvious that Yun Feng was waiting for it to take the bait just then. She wanted its whiskers. Dream on! This human would definitely beg it later. Humph!

However, Yun Feng didn't beg. She didn't stop at all, which made You Yan a bit dumbfounded. Shouldn't she bargain? Why did she leave so quickly? Didn't she want its whisker? Why did it look like she didn't need it anymore? If she left, then it...

"Wait!" You Yan shouted. Yun Feng turned around lazily. "What are you doing? I have to leave as soon as possible."

You Yan looked at the indifferent smile on Yun Feng's face and gritted its teeth in anger. How shameless! How shameless! "Shameless! Too shameless! I can give you... the whisker." You Yan was so angry that its eyes turned red. It yelled at Yun Feng a few times and finally compromised. Yun Feng smiled and walked over. "I can save you, but you have to hand over your whisker first."

You Yan was dumbfounded again! Hand over the whisker first! If she didn't save it, wouldn't this whisker be given to her for nothing?

"Don't push your luck!" You Yan gritted its teeth and roared. Yun Feng chuckled. She didn't know how strong You Yan was. If she was rescued by a tricky Magic Beast and it went back on its words, she would lose more than she gained. At this moment, Yun Feng would rather be snobbish.

"This is a deal. You can refuse it even if you don't like it." Yun Feng looked at You Yan with her clear black eyes. You Yan was stunned. It was extremely unwilling in its mind to give its whisker to a human so easily, and it was even forced to do so in such a helpless situation. You Yan gritted its teeth furiously, but there was nothing it could do! It couldn't wait anymore. If she left, it would lose its chance!

"I can give it to you, but I have to get out of here first. I won't be able to give it to you even if I pull it out." You Yan smiled and sounded arrogant. There was nothing she could do now. She had to let it out first! After it got out, humph... It was impossible for her to get its whisker!

Yun Feng grinned, which made You Yan feel weird. Yun Feng patted Meatball's body. "Just break a small part of the shackles that restrain it."

You Yan was stunned after hearing that. Its extremely huge head looked a bit funny. "Human, what are you talking about?"

Yun Feng ignored it. Meatball nodded after receiving Yun Feng's instruction and its little body immediately rushed over. You Yan couldn't help but shout when it saw Meatball rushing over fiercely, "What are you doing?"

"Nana!" Meatball glanced at You Yan with ridicule in its eyes. There was an endless smile in its eyes. Its body hit the restriction that tied You Yan up. With just two hits, Meatball made a small opening on the restriction. The size of the opening was just enough to extend a whisker.

"Please." Yun Feng looked at You Yan's dumbfounded look and said in a low voice. You Yan came back to itself and the whiskers at the tip of its nose fluttered. It was obviously furious! How shameless!

"Shameless! Shameless!" You Yan seemed only able to use this word to describe what Yun Feng did. Yun Feng only raised her eyebrows slightly and waited for it to move with a smile at the corners of her mouth. Meatball also had a mischievous look on its face. It was a bit gloating when it saw You Yan's furious look.

You Yan scolded Yun Feng for being shameless, but it also broke a whisker obediently. This whisker floated out of the small hole that Meatball broke just then. As Yun Feng expected, the small hole that was broken immediately healed completely after a while. You Yan looked at Yun Feng holding the whisker with anger burning in its eyes and its nose seemed to be spitting fire. Shameless human!

Yun Feng carefully held the whisker in her hand and observed it carefully. As her master said, it looked very similar to grass. No matter how she looked at it, she thought it was just grass. Yun Feng put the whisker in her bracelet with a smile at the corners of her mouth. You Yan glared at Yun Feng angrily. "Shameless human! Fulfill your promise!"
