

## Summoner 801

### Chapter 801: Who's Really Shameless (4)

Yun Feng nodded. She wasn't angry at all when You Yan described her as shameless. Meatball, on the other hand, glared at You Yan a bit unhappily. Its little body suddenly bumped into You Yan before it was ready!

"Crack!"

The invisible restriction shattered under the fierce collision of Meatball. You Yan also took this opportunity to escape the restraints of the wall. Its slender body stretched agilely in the air and it looked at Yun Feng with a weird light in its eyes. Yun Feng suddenly felt uneasy.

"Shameless human, do you think I'll let you go after you get my whisker?" You Yan roared as its slender body turned around and its tail slapped the wall fiercely. Yun Feng's black eyes suddenly darkened as the extremely furious roar of a Magic Beast sounded in the distance!

"You..." Yun Feng looked at You Yan's gloating face. "This is our deal. I saved you, so you should pay the price!"

You Yan snorted. "Shameless! Human, let's see how you escape! Hahahaha!" You Yan laughed loudly and its body turned into a semi-transparent shape. Then, she rushed out at a weird speed and disappeared!

Yun Feng also rushed out of the cave at the highest speed with Yaoyao, who was still unconscious in her arms. She ran out along that slender path. Yun Feng wasn't slow, but You Yan had already disappeared completely!

"Which one between us is truly shameless?" Yun Feng gritted her teeth and said. She didn't expect it to be so petty as to hit her when she was down!

She quickly rushed out of the deep hole with Yaoyao in her arms. As soon as Yun Feng rushed out, she saw Lan Yi and Qu Lanyi rushing over from elsewhere. The two of them looked very gloomy. "Let's go! I don't know what's going on. That Magic Beast must've been alarmed!" Qu Lanyi couldn't help but heave a sigh of relief when he saw Yaoyao in Yun Feng's arms. Yun Feng immediately nodded and the three of them quickly rushed out!

"Why is it alarmed? Is there a mechanism where Yaoyao is?" Qu Lanyi asked in confusion. His mind was spinning quickly. What were the chances of them successfully getting out?

Yun Feng held Yaoyao tightly as the water element continued to enter her body. Speaking of this, Yun Feng gritted her teeth and said, "I met a truly shameless guy."

Lan Yi and Qu Lanyi were both stunned and didn't ask anymore. The most important thing right now was to rush out before that Magic Beast returned! As long as they left this place, it wouldn't be difficult to get rid of this Magic Beast with the complicated terrain of the Cheng Sea!

"It's rushing here. It's too fast." Yun Feng sensed that an inexplicable suppressed aura was rushing towards this area fiercely. Lan Yi and Meatball became more and more gloomy. The three of them ran towards the place they came from. "Master, we're here!" Lan Yi looked at the invisible barrier in front of

him. Meatball on Yun Feng's shoulder suddenly jumped up and its white body rushed towards the barrier fiercely!

"Bang!" Meatball hit the barrier. Yun Feng heard the roar of the Magic Beast again, but this time, it wasn't far away. It was... in front of them!

"Meatball!" Yun Feng shouted as Meatball's body flipped agilely in the air and returned to Yun Feng's shoulder. Its body let out a furious roar and the fur all over its body was about to stand on end. Yun Feng and the others looked at the huge Magic Beast in front of them solemnly. It had finally returned!

The enormous body of the Magic Beast stepped into the restriction. The black scales all over its body were glittering. Its lower body, which was similar to that of a snake, was covered with sharp scales. There were glitters on those spikes and its upper body had the head of a lizard. Its front limbs turned into two hands with sharp nails as it stared at Yun Feng and the others with its orange eyes.

"How bold of you! How dare you break into my territory and let You Yan go!" The Magic Beast roared furiously with a hissing sound. It slapped the ground mercilessly. Qu Lanyi, Yun Feng and Lan Yi immediately jumped away. The stones and soil on the ground suddenly flew up and a few cracks appeared!

Yun Feng, Qu Lanyi and Lan Yi all looked gloomy. In that moment, their mental strength had already fought with the Magic Beast. This Magic Beast was stronger than them. It was very likely at the Lord Level!

Yun Feng glanced at the several intersecting cracks on the ground with her black eyes. Stones and soil flew everywhere. The Magic Beast lifted its giant palm from the ground. There was a hint of viciousness in its orange-yellow eyes as it looked at the three humans who escaped its attack without any injuries. It was extremely furious!

"Whoever breaks into the Endless Sea, whoever breaks into my territory, dies!" The giant lizard suddenly raised its head and roared. Its long red tongue darted out of its mouth towards Yun Feng!

Yun Feng held Yaoyao in her arms tightly and exerted her strength to jump up. That long red tongue instantly changed its direction in the air, tangling behind Yun Feng!

"Swish!" A beam of green light flashed. The Magic Beast's long red tongue was slightly blocked and it missed the best opportunity to catch Yun Feng. The Magic Beast looked at Lan Yi, who suddenly rushed out, with its orange-yellow eyes and roared furiously. Lan Yi's blue eyes were slightly cold as he spread his four wings abruptly. The griffin patterns on his wings were also completely shown in front of the Magic Beast at this moment! The griffin patterns on his wings were extremely ferocious and emitted a frightening power. Lan Yi's body suddenly rose to the sky and his wings gathered green light, attacking the Magic Beast instantly!

"Wind Arrow Rain!" Lan Yi roared. The wind elements turned into arrows that filled the sky and gathered above the Magic Beast's head, forming a small green sky. The Magic Beast raised its giant lizard-like head and wanted to dodge. Lan Yi flapped its wings abruptly and the arrows that filled the sky shot towards the Magic Beast fiercely, hitting it without hesitation!

The wind element fell fiercely and countless arrows fell from the sky, enveloping the entire body of the Magic Beast. The remaining arrows landed on the ground and caused countless cracks again! Yun Feng looked at Lan Yi in the sky with a smile in her eyes. Lan Yi usually did support work in battles, but as a griffin, his attack power was actually quite high!

The dust in the sky dispersed. Yun Feng and Qu Lanyi couldn't help but frown when they saw the black shadow that was still standing there. Its long red tongue swept towards Lan Yi through the layers of dust. Lan Yi's blue eyes glittered and his body flashed to the side quickly. The long red tongue had already missed!

### **Chapter 802: Another Change (1)**

The Magic Beast looked at Lan Yi, who dodged its tongue, and roared furiously. Its tongue danced in the air at an extremely high speed. Its tongue was fast, but Lan Yi's speed was comparable! The griffins of the wind element were famous for their speed!

Yun Feng held the unconscious Yaoyao tightly in her arms. She didn't dare to stop the water element at all. Putting Yaoyao into the bracelet was the best solution right now. However, Yaoyao was unconscious. Yun Feng didn't dare to make a decision on her own. She could only keep sending the water element into Yaoyao's body like this. In the current situation, Yun Feng's combat strength would be greatly reduced with the unconscious Yaoyao!

Qu Lanyi observed the giant Magic Beast closely on the side. While the Magic Beast was distracted by Lan Yi, he quickly rushed to Yun Feng. "Did you notice it?"

Yun Feng nodded and looked at the tongue and body movements of the Magic Beast with her black eyes. "Its tongue is extremely fast, almost as fast as Lan Yi's, but its body moves quite slowly!"

Qu Lanyi nodded. "The three of us easily dodged the attack just then. Its current attack only depends on that tongue. Once the tongue is cut off, it'll lose the weapon it's most proud of! We have a lot of chances of winning!"

Yun Feng wasn't surprised to hear that. There was a hint of seriousness in her eyes. "You feel it too, don't you?"

Qu Lanyi nodded. "I don't know the details of this Magic Beast at all. It's very likely to be a Lord Level Magic Beast."

"As long as we cut off the tongue, it'll be like cutting off one of its arms!" said Yun Feng in a deep voice. The water element completely enveloped Yaoyao's body and she handed the unconscious Yaoyao to Qu Lanyi. Qu Lanyi was startled as he took Yaoyao. "Of course, I'll cut off the tongue." There was a smile at the corners of Yun Feng's mouth. Qu Lanyi smiled and protected Yaoyao in his arms. "Alright, I'll definitely take good care of Yaoyao."

Yun Feng nodded. At this moment, she didn't need a spear to charge for her. She needed a shield that could put her mind at ease!

Yun Feng jumped and joined the battle!

“Master!” Lan Yi couldn’t help but feel a bit worried when he saw Yun Feng in the sky. Yun Feng immediately said, “Lan Yi, listen carefully. You’re responsible for distracting this Magic Beast. Don’t worry about anything else. Leave it to me!”

“But Master!” Lan Yi wanted to say something, but Yun Feng stopped him. “Don’t you believe in your master? When have I not won? Even if this Magic Beast is at the Lord Level, I can still win! Even if I can’t win, I can definitely protect you!”

Lan Yi’s heart trembled fiercely as an indescribable feeling surged in his mind. Magic Beasts and summoners were partners. Most summoners would use Magic Beasts as a shield when they were in danger. However, which summoner would be like Yun Feng, protecting their Magic Beasts?

“I’ll be Master’s shield! I’ll protect Master! Leave it to me!” Lan Yi’s voice came. Yun Feng chuckled. Right, at this moment, it wasn’t who was protecting whom, but everybody protecting each other!

“I’ll leave it to you.” Yun Feng whispered softly, as if she was giving Lan Yi endless power. A loud eagle cry cut through the sky of this underwater world. A ball of green light enveloped Lan Yi’s body and a huge griffin appeared!

“A Griffin?!” The Magic Beast couldn’t help but feel a bit shocked when it saw Lan Yi’s original body. Then, it seemed to understand something. “So, a summoner sneaked into the Endless Sea?” The pair of orange eyes became more vicious. “As a Magic Beast, you became someone else’s tool. I won’t let you live!” The Magic Beast raised its tongue again. This time, its snake-like long tail also moved. The barbs on it glittered!

Qu Lanyi carried the unconscious Yaoyao and carefully retreated out of the circle. He paid close attention to the Magic Beast’s every move. What he had to do wasn’t only to protect Yaoyao, but also to be Yun Feng’s eyes!

The speed of the griffin’s original body was completely released. The speed of the Magic Beast’s tongue also seemed to be maximized. The griffin’s body drew dark lines in the air, attracting the Magic Beast’s attention firmly. Its long red tongue kept attacking Lan Yi. Yun Feng’s black eyes darkened. “Lan Yi, now!”

Lan Yi’s body suddenly stopped in the sky. In just one moment, it seemed to have hesitated for a second. During this second, the red tongue had already reached forward and wrapped around Lan Yi’s body!

“Hahahaha, die!” The Magic Beast’s tongue wrapped around Lan Yi’s body. Even though the griffin was huge, its tongue was infinitely long and rolled Lan Yi’s body a few times! At this moment, Yun Feng jumped up from the back of the Magic Beast and flipped her hand, taking out the Monarch Level longsword. The longsword let out a real buzzing sound. Yun Feng stared at the red tongue with her black eyes and the longsword in her hand had already gathered power, slashing fiercely!

“Damn it!” The Magic Beast was extremely vigilant. Even though its attention was attracted by Lan Yi, it could keenly notice when the danger came. The Magic Beast sensed Yun Feng’s movements and raised its long tail full of thorns fiercely, pressing towards Yun Feng’s body!

Yun Feng held the longsword in her hand tightly and didn’t dodge! She knew that she only had one chance. Looking at the barbs that were getting closer and closer to her body, Yun Feng gritted her teeth

and slashed the longsword in her hand at the tongue! At the same time, the barbs instantly stabbed into her body!

“Poof!”

“Howl...”

The Magic Beast’s painful roar came. Yun Feng’s longsword had already slashed the tongue horizontally. Lan Yi’s griffin claws also scratched the surface of the Magic Beast at the same time. Yun Feng didn’t seem to notice the pain on her body. The barbs had already entered her body and blood was slowly flowing down the barbs. Lan Yi called out anxiously and Qu Lanyi’s voice came loudly. Yun Feng didn’t seem to hear it. There was only that red tongue in her eyes. She was going to cut it off!

“Damn you, human!” The Beast roared. The pain on its tongue made its barbs pierce deeper. It didn’t believe that it couldn’t stab this human to death! Yun Feng narrowed her eyes slightly. The Monarch Level longsword that gathered all her strength couldn’t cut off this tongue once. If it didn’t work once, she would try again!

Yun Feng’s black eyes darkened. Water elements instantly spread out of her palm and flowed along the Monarch Level sword. “Condense!” Yun Feng suddenly shouted. The flowing blue water elements instantly froze and the hard icicles stabbed deep into the red tongue. The tongue that was full of wounds suddenly broke under this fierce attack!

### **Chapter 803: Another Change (2)**

“How dare you!” The tongue was broken, and blood splashed everywhere! Yun Feng’s fair face was stained with dark red, and Lan Yi’s body was also stained with red. Now that the tongue was broken, the part that was tied to Lan Yi’s body naturally lost its strength. Lan Yi spread his four wings. “Master!” He flew over quickly and grabbed Yun Feng’s body with his sharp claws, pulling her off the barbs!

Blood oozed out of the wounds on Yun Feng’s body and fell to the ground from the sky. Lan Yi couldn’t help but feel heartbroken when he saw this scene. Qu Lanyi’s body immediately rushed over and the light elements directly covered the wounds on Yun Feng’s body. His black eyes were full of heartache and dissatisfaction!

“What are you doing?” Qu Lanyi healed Yun Feng’s wounds with light elements and looked at the blood that kept flowing out anxiously. Yun Feng was a bit pale because of the blood loss. She shook her head at Qu Lanyi. “I’m fine. I’m just a bit injured.”

“Master!” Lan Yi also looked at her reproachfully. Yun Feng glanced at the Magic Beast with its tongue cut off with her black eyes. The Magic Beast was in a lot of pain at this moment. The half of its tongue that fell on the ground suddenly jumped twice. Yun Feng narrowed her eyes fiercely!

“The wounds caused by Lan Yi are slowly disappearing!” Yun Feng glanced at the wounds caused by Lan Yi just then. In the wind element attack, there were wounds of all sizes on the Magic Beast’s body, but now, these wounds had all disappeared inexplicably!

Seeing that, Qu Lanyi became gloomy. “That tongue...”

The few of them looked over. The tongue that was cut off jumped a few times and was picked up by the Magic Beast's huge hand. It was swallowed just like that. Seeing this scene, a thought suddenly flashed through Yun Feng's mind. She glanced at Qu Lanyi. "Is it..."

Qu Lanyi nodded solemnly. "I detected traces of light elements in its body. It has a strong self-healing ability! No wound can cause any fundamental damage to it unless it's fatal!"

Lan Yi's face darkened after hearing that, and so did Yun Feng. Facing such a powerful Magic Beast that could heal itself, all their attacks would be useless if they weren't fatal!

"It's not easy to kill it with one attack," Yun Feng whispered. This Magic Beast was stronger than them. There was no chance of killing it with one attack at all! So, their chance of winning was almost zero! If this battle continued to drag on, they would only face one result!

"None of the elements is invincible. Although the light element carries unbelievable healing abilities, the dark element is its sworn enemy. It's also the best way to restrain the self-healing ability," said Qu Lanyi in a deep voice. Yun Feng and Lan Yi both smiled wryly. The dark element? Yan Che, who had the elements, wasn't here! None of them here could use the dark element!

Meatball on Yun Feng's shoulder suddenly roared a few times, as if it wanted to rush out. Yun Feng suddenly grabbed Meatball's body and looked at its sharp teeth that had already shown. In the fierce battle just then, Meatball's sharp teeth also caused quite a lot of damage to the Magic Beast. The wounds caused by Meatball were very deep. Even though these wounds were still there right now, they were still healing slowly. As time passed, these wounds would disappear sooner or later!

What should they do right now?

"I'm going to kill you all!" roared the Magic Beast. It slapped its long, barbed tail fiercely. Qu Lanyi grabbed Yun Feng's waist and quickly dodged with her. Lan Yi flapped its wings and dodged too. Without the attack speed of its tongue, the other attacks of the Magic Beast could obviously be predicted.

"This is our advantage right now." Yun Feng said with a pale face as she glanced at the violent Magic Beast with her black eyes. "Its tongue is temporarily broken. It doesn't have any speed to attack anymore. This is our chance!"

Qu Lanyi frowned. "What are you doing? Even if you attack it, it won't be permanently damaged! Its self-healing ability is so powerful that it's only consuming your mental strength!"

Yun Feng chuckled. "It's not a waste of energy. I can't kill it, but I can seriously injure it!"

Qu Lanyi was stunned. Yun Feng had already pushed him away and replaced the longsword in her hand with a wand. She waved it abruptly and the water element turned into chains that attacked the Magic Beast's body! Seeing Yun Feng attack, Lan Yi certainly used the wind element to carry out another round of fierce bombardment. Qu Lanyi held Yaoyao and looked at Yun Feng's back. Her slim back was so stubborn and persistent at this moment!

"Even if I can't kill it, I must severely injure it..." Qu Lanyi couldn't help but chuckle. How stubborn was she? She didn't admit defeat even in a desperate situation!

“Boom!” Yun Feng stopped in the air. The chains formed by the water element constantly caused wounds on the Magic Beast’s body. Under the attack of Lan Yi and Yun Feng, the Magic Beast, which had temporarily lost its tongue, could only be beaten up passively. Even if it attacked, it would be dodged easily!

Yun Feng was waiting for the opportunity to release the fusion of elements!

Lan Yi and Qu Lanyi both knew what Yun Feng was thinking. Facing such a powerful healing Magic Beast, they would only have a chance to escape if they used powerful moves to severely injure it!

The chaotic battle continued. The roars of the Magic Beasts and the collision of elements kept echoing in this area. The giant Magic Beast’s mouth didn’t open again, because its injured tongue was inside. Yun Feng’s elemental attacks didn’t stop. After fighting for a while, joy burst out of its orange eyes. At the same time, a dazzling light flashed through Yun Feng’s black eyes!

The Magic Beast opened its mouth wide. The tongue that was cut off by Yun Feng just then was already intact at this moment!

“All of you, die!” As the Magic Beast roared, the red tongue in its mouth had already swept towards Yun Feng. What surprised the Magic Beast was that Yun Feng didn’t dodge, but came straight at its tongue!

What? The Magic Beast felt weird in its mind and even hesitated! What was this human doing? When Yun Feng got closer and closer, its orange eyes widened abruptly. The Magic Beast looked at the glittering elemental ball in Yun Feng’s hand and clearly felt the destructive energy inside!

Yun Feng smiled as she suddenly raised the elemental ball in her hand and threw it into the Magic Beast’s mouth!

### **Chapter 804: Another Change (3)**

The orange eyes widened again, as if they were about to tear out of the eye sockets. At the same time, a terrible feeling spread from inside the Magic Beast’s body. The Magic Beast’s heart shook fiercely. This was... This was!

“Explode.” Her red lips opened slightly and there was only bone-piercing coldness in her clear black eyes!

“Roar...” With a crazy roar, the Magic Beast’s body was suddenly pushed away by a stream of energy. Its body twisted extremely and its long tail full of thorns slapped crazily. The ground shook fiercely!

Yun Feng narrowed her eyes and stood in the sky. Meatball on her shoulder also narrowed its eyes slightly. When the ground finally calmed down again, Yun Feng thought she could see the Magic Beast struggling to breathe. Unexpectedly, the Magic Beast’s body lay there and didn’t move at all.

Yun Feng looked at the Magic Beast lying there suspiciously. She used the fusion of three elements just then. Even though they were extremely powerful, they weren’t enough to kill such a strong Magic Beast with one strike! And yet, this Magic Beast was lying on the ground right now. It was obviously dead!

What happened? Yun Feng frowned. Lan Yi had already transformed into human form in the sky and the wings on his back had also returned. He landed on the ground and looked. “Master, it’s dead!”

What Lan Yi said first didn't relieve Yun Feng, but made her even more confused! That was impossible! She knew the power of that attack just then. It would never let this Magic Beast die!

Yun Feng suddenly landed from the sky with no joy on her face. She looked at the lifeless Magic Beast on the ground carefully with her black eyes and was full of doubts in her mind.

"It's dead?" Qu Lanyi walked over and handed Yaoyao in his arms to Yun Feng carefully. Yun Feng nodded, but her face was full of doubt. Qu Lanyi smiled gently. "Maybe it's because of your attack just then that made it very weak. Also, its original injuries might not be healed in time. It needs time to heal itself."

Yun Feng didn't say anything. No matter what, this Magic Beast was indeed dead. Yun Feng was silent for a while. She suddenly raised her arm and the water element left a wound on the Magic Beast's body. As expected, the healing ability completely disappeared after the Magic Beast died.

Meatball jumped to the Magic Beast's head directly, showing its sharp teeth and biting the Magic Beast's head fiercely! Yun Feng clearly heard the sound of bones breaking. Yun Feng still couldn't imagine how sharp Meatball's teeth were. Perhaps any defense would be zero in front of Meatball!

Meatball's mouth opened the Magic Beast's head. It gritted its teeth and picked out the most essential Magic Beast Crystal inside the Magic Beast's body. Meatball jumped down with the Magic Beast Crystal. When Yun Feng saw this Magic Beast Crystal, her face suddenly darkened!

This Magic Beast was a water-element Magic Beast. There were light elements inside its body. The color of the Magic Beast Crystal would definitely not show this color!

The Magic Beast Crystal in Yun Feng's palm was the color of darkness! Half of the Magic Beast Crystal had already turned black, while the other half was the original ice blue!

Lan Yi was stunned, and Qu Lanyi's eyes darkened. Yun Feng held the Magic Beast Crystal for a long time and chuckled. "It seems that someone made a move without us knowing."

The few of them remained silent. Who else could it be here, in such a territory?

Yun Feng looked around carefully. Apart from them, who else could it be? Who exactly helped her? Could it be You Yan? Yun Feng frowned. No, it couldn't be it. How would such a shameless Magic Beast help her? It attracted this Magic Beast on purpose to kill her here!

The Magic Beast Crystal in her hand had a weird color. The half of the Magic Beast Crystal that was dyed black came from the dark elements! Where did the dark elements come from when nobody here could use the dark elements?

Could it be Yan Che? Another thought flashed through Yun Feng's mind. If it was really him, it was impossible that Meatball didn't notice it. Meatball was much more sensitive to space than humans and other Magic Beasts! Yun Feng twisted this strange Magic Beast Crystal slightly with her finger and finally put it into the space.

"Let's go. There's no time to lose. Don't cause any trouble." Yun Feng hugged Yaoyao tightly and said in a low voice. Qu Lanyi and Lan Yi also agreed. They didn't have time to worry about how the dark elements appeared. If they were really helping her in the dark, they wouldn't hurt her.

As the Magic Beast died, the layer of restriction had already disappeared. The three of them immediately rushed out and ran towards the outermost area of the Cheng Sea along the way they came. After a while, the roars of the Magic Beast came from behind. That Magic Beast that had died had already become the food of other Magic Beasts.

No matter how strong they were, they were just pieces of meat once they died. This world was so cruel.

Yun Feng and the others quickly moved to the outermost area as they ran outside. Yun Feng took out the Finger Spiritual Jade. She didn't forget that Zi Leng and Bai Yu also entered the Endless Sea. Yun Feng glanced at the Finger Spiritual Jade with shock flashing in her eyes. She couldn't help but stop where she was. Qu Lanyi and Lan Yi couldn't help but look at her in confusion.

"What's wrong?" asked Qu Lanyi worriedly. Yun Feng showed him the Finger Jade, which recorded Zi Leng and Cang Yu's auras. No matter where they were, as long as they were alive, Yun Feng would know their location through the Finger Jade, provided that they were both alive.

There were originally two flashing light spots on the Finger Spiritual Jade, but now, there was one!

"It seems that Zi Leng of the Red Finned is already dead. Only Cang Yu of the White Finned is left," said Yun Feng coldly. Her expression became serious again. Qu Lanyi frowned and looked at her. "There are dangers everywhere in the Cheng Sea. They must've encountered something. One of them is already dead. Then, the other..."

Zi Leng and Cang Yu were obviously the elites of these two factions. They entered the Endless Sea this time to find Yaoyao. Zi Leng was already dead. If Cang Yu also died here, the anger of the red-finned and the white-finned would definitely be focused on the blue-finned. Even though they might not take action right now, the fuse had already been buried. Once it exploded, Yaoyao would no longer be safe here and even the blue-finned faction would face a disaster!

"Let's go!" Yun Feng turned around and looked at the light dot that kept flashing on the Finger Spiritual Jade with a cold expression. She had to care about this matter. She couldn't ignore it. Zi Leng had already died. She couldn't let Cang Yu die here too!

#### **Chapter 805: Another Change (4)**

Qu Lanyi and Lan Yi both followed Yun Feng without saying anything. The three of them kept moving forward according to the position of the light spots on the Finger Spiritual Jade, passing through the Cheng Sea. Yun Feng frowned as she watched the light spots move deeper and deeper into the Cheng Sea.

"He doesn't seem to be moving slowly. Perhaps he was forced to run deeper, or maybe he took the initiative..." Qu Lanyi whispered. Yun Feng didn't say anything. She looked at the constantly flashing light spots on the Finger Spiritual Jade and watched them go deeper and deeper. The coldness in her heart became deeper.

No matter what, she had to chase after him. She couldn't be a bystander in this matter at all!

Yun Feng and the others flashed through the dense forest of the Cheng Sea again, following the glittering light on the jade. Yun Feng couldn't help but frown as she looked in the direction where Cang

Yu was going. He was getting deeper and deeper! It seemed that he was forced to panic, or he wouldn't have gone deeper!

Yun Feng sped up again. Yaoyao was still unconscious in her arms. Qu Lanyi didn't dare to use the light element to test her, so he could only rely on Yun Feng's water element to move. The dense forest kept flashing past her side. Yun Feng's face also became more and more gloomy. Fortunately, Cang Yu slowed down, as if he knew that running was already a huge mistake!

"Let's catch up with him now!" Yun Feng shouted. Lan Yi and Qu Lanyi immediately followed her. The three of them sped up again and finally got closer and closer to the little dot of light on the Finger Spiritual Jade. Yun Feng's face was completely covered in a layer of dark clouds!

"Such an oppressive aura!" Qu Lanyi couldn't help but shout in a low voice. The closer he got to Cang Yu, the more terrifying the pressure was. Yun Feng's mental strength surged out, but she didn't feel relaxed. This aura reminded Yun Feng of the person called Ah Jin. Even though he wasn't as powerful as Ah Jin, they were still on par!

"The depths of the Cheng Sea are indeed unfathomable." Yun Feng said with a sullen face. Her black eyes had already glanced at the completely panicked and terrified merman in front of her!

"Cang Yu!"

The panicked young merman suddenly turned around and glanced at Yun Feng who was rushing over with his eyes that were already full of fear. When Cang Yu saw Yun Feng, he widened his eyes and shouted in shock, "You're a human being!"

Yun Feng finally remembered that she forgot to eat the Transformation Potion in the hurry just then and she directly ran over in the form of a human being. She couldn't help but feel frustrated in her mind, but she couldn't care so much. She had to take Cang Yu away from Cheng Sea safely first!

"You snuck into the Endless Sea as a human being!" Cang Yu seemed to have forgotten his fear just then. He stared at Yun Feng with dissatisfaction, disgust and anger in his eyes. Yun Feng looked at him coldly. "If you want to die here, you can continue!"

Cang Yu finally thought of something and couldn't help but look a bit panicked. Yun Feng kept a certain distance from Cang Yu. "Let's go out quickly." After hearing that, Cang Yu frowned and didn't move at all. Qu Lanyi sneered on the side. "You can decide on your own. We won't wait too long."

"You..." Cang Yu glared as panic and anger surged in his heart. Yun Feng and the others in front of him clearly looked like humans! Humans had snuck into the Endless Sea and the merfolk without them noticing! Even Si Wen didn't notice?

Seeing that Cang Yu was still standing there, Yun Feng couldn't help but curse her in her mind. Even if she was a human being, wouldn't it be the same if they got out of the Cheng Sea first? Qu Lanyi winked at Yun Feng. Yun Feng nodded and immediately turned around to leave. Seeing that Yun Feng left so decisively, Cang Yu was even more panicked. "Wait!"

"Do you want to leave?" Qu Lanyi raised his brows and asked, which made Cang Yu a bit embarrassed. "Human! Don't think that the merfolk will let you go after we get out of the Cheng Sea! I won't argue with you right now!" Cang Yu pondered in his mind. That terrifying pressure had already chased him all

the way and Zi Leng died inexplicably! He only escaped in desperation, but he ran into the Cheng Sea in a panic. If he hadn't met Yun Feng, he might not have known what to do!

Even though she was a human being, it was better than him alone! If the owner of that aura wanted to do anything, these few humans would stand in its way! After pondering for a while, Cang Yu said something ruthless and followed behind Yun Feng without saying anything. He kept looking around with fear in his eyes.

"What happened to you and Zi Leng?" Cang Yu followed Yun Feng out. When he suddenly heard Yun Feng ask this, he was immediately stunned, as if he had instantly returned to that moment. "Zi Leng... He's dead."

Yun Feng's black eyes darkened slightly. He was indeed dead. The Finger Spiritual Jade was truly precise. Once the aura disappeared from above, it meant that he was dead. After saying this, Cang Yu didn't say anything else. Yun Feng didn't ask anymore. Even if she asked, she wouldn't get an answer. The most important thing right now was to leave Cheng Sea quickly!

"It's getting closer!" Qu Lanyi's voice became deep. Yun Feng also nodded solemnly. That oppressive and terrifying aura had already caught up. Cang Yu's face became even paler and his eyes were full of panic, which was contrary to his usual look. It was obvious that this aura was so powerful that even he was extremely afraid!

"Master, be careful!" Lan Yi suddenly shouted as the wings on his back spread immediately and he flew over to stand behind Yun Feng. Yun Feng clearly felt that a force was already coming this way. It was clearly testing her!

"You're... You're a summoner!" Seeing the wings on Lan Yi's back and the way he called her master, Cang Yu was so shocked by reality that his heart was about to jump out of his chest! He originally thought that she was just an ignorant human being. He didn't expect her to be a summoner!

Yun Feng curled her lips at Cang Yu. Lan Yi blocked the attack for Yun Feng with a cold face. "Lan Yi, you don't have to protect me behind you. What happened just then was just a test. We're going together. It's impossible for it to kill us together!"

Lan Yi nodded. He would do whatever Yun Feng said. He retreated to Yun Feng's side, but didn't put away the wings on his back. Just in case, he could protect Yun Feng at the critical moment. After all, Yun Feng had used three types of elements to fuse in the battle just then. Her mental strength was a bit exhausted and she still hadn't recovered.

### **Chapter 806: Killing Intent (1)**

Cang Yu looked at Yun Feng with a complicated expression. Her face was green and red. A summoner had come to the Endless Sea, to the merfolk. What exactly did she want? Did she want the merfolk to become her slaves? Not a chance!

There was viciousness in Cang Yu's eyes. Lan Yi sensitively noticed Cang Yu's expression and immediately shouted furiously, "Don't you dare touch my master!"

Yun Feng sneered. "Cang Yu, put away your dirty thoughts."

Cang Yu blushed. "Everyone knows what you're thinking!"

"Humph! Do you think the merfolk are the only water-element Magic Beasts?" Qu Lanyi glanced at Cang Yu in disdain. If it weren't for Yaoyao, Yun Feng wouldn't have cared about his life at all! She wouldn't have interfered with the merfolk's business at all, and she wouldn't have returned Yaoyao! How could she give back a Magic Beast she won?!

"Humans, you're so stubborn! I'll see what you'll do when we get out!" said Cang Yu hatefully as he put away the viciousness in his mind. This situation wasn't suitable for him to make a move right now. Even if he did, there were three of them and he wouldn't be able to take advantage of them at all. Besides, the owner of that unknown aura was too dangerous. If anything happened, he might really die here, just like that fool, Zi Leng!

Thinking of Zi Leng's death, Cang Yu even gloated a bit. The Red Fin, the White Fin and the Blue Fin all disliked each other. Zi Leng was an elite of the Red Fin clan, the leader of the younger generation! How would Zi Xuan react if he knew that Zi Leng died in the Endless Sea? If Zi Leng died, how many of the younger generation of the Red Fin family would be his match? Even though Si Wen became the new king, everything was still unknown!

Thinking of this, the corners of Cang Yu's mouth curled up slightly and he looked at Yun Feng deeply. Perhaps this was also an opportunity.

The group of them quickly rushed towards the periphery of the Cheng Sea. The dense forest kept flashing past them. Cang Yu wasn't distracted anymore and focused on running for his life. When he glanced at Yaoyao in Yun Feng's arms, he couldn't help but feel shocked. What exactly was the relationship between this human and Si Wen's child?

Yaoyao's appearance was exactly the same as that of the blue-finned merfolk. If Yaoyao was Yun Feng and Si Wen's child, then their forms would also be different. Yaoyao's pure blue-finned merman form naturally cut off Cang Yu's other guess.

Yun Feng looked at the road in the Cheng Sea in front of her with a gloomy look. She slowly spread out her mental strength and the weird aura behind her kept following her slowly. This made Yun Feng very anxious. At worst, she would fight again. At worst, she wouldn't follow him anymore. She followed him slowly like this, so she didn't dare to stop and could only run forward desperately.

Yun Feng didn't plan to use the Transformation Potion again. If Cang Yu saw through her identity, there was no need for her to hide anymore. As long as Cang Yu got out, the merfolk would know clearly. It was better to show it openly than to hide it. As for the attitude of the merfolk, they wouldn't do anything to her for Yaoyao's sake.

How would Yun Feng not know what Cang Yu was thinking? It was already a problem for him to get out alive. If he wanted to use her, she could only let him fail completely.

The group of people in the Cheng Sea ran crazily for a few days without sleep and finally got closer to the outermost area of the Cheng Sea. Yun Feng and the others had already rushed into the area near the territory of the merfolk, so Si Wen had already ordered a blockade. All the elders and young elites of the Red Fin, the White Fin and the Blue Fin were gathered outside of the Cheng Sea. The three great factions were all looking at the Endless Sea nervously. Si Wen's mind was already in a mess. Those people had

already been inside for several days, but there was still no news. Even Zi Leng and Cang Yu didn't send any news!

As the king of the merfolk, Si Wen could only suppress all the emotions in his heart. He stood there with a gloomy face and stared straight at the Cheng Sea, not looking away for a second. The elders and young people of the blue-finned merfolk watched anxiously and discussed in private.

The elders and younger generation of the Red Fin and the White Fin were also gathered here. This time, it was Zi Leng and Cang Yu who went in. Seeing that there was no news of the two of them for a few days, Zi Xuan and Cang Lin immediately looked awful. The reason why they were asked to go in back then was naturally just for show. They weren't really asked to find the king's child. Zi Leng and Cang Lin thought the two of them understood their thoughts, but they didn't expect that they would never come out after going in.

The red-finned Zi Xuan's face was completely black, but Cang Lin's face was a bit better. Zi Leng was impulsive and competitive, while Cang Yu was calm and generous. When Cang Lin saw that Zi Xuan's face was completely black, he couldn't help but feel happy in his mind. Zi Xuan had been silent these days. As time passed, his face became darker and darker. Finally, one day, a piece of news made Zi Xuan unable to hold it in anymore and he was immediately enraged!

Zi Leng was dead!

Looking at the jade pendant in his hand that had already lost the light of the soul, coldness that was getting colder and colder surged in the bottom of Zi Xuan's eyes and slowly covered his entire face. Everyone of the red-finned faction was in shock, while Zi Xuan exerted his strength and the jade pendant in his hand shattered into pieces!

Zi Leng was dead. The genius that the red-finned clan was so proud of died in the Cheng Sea just like that!

When the clansmen of the white-finned and the blue-finned knew about it, they were also extremely shocked. Si Wen's pupils shrank fiercely. Zi Leng was dead! This news was truly a destructive blow to the red-finned! Si Wen went over and comforted him. Zi Xuan didn't say anything with a cold face. Cang Lin also walked over, but as soon as he walked over, Zi Xuan suddenly attacked!

"What are you doing?" Cang Lin narrowly avoided Zi Xuan's attack and immediately roared in anger. The members of the Red Fin and the White Fin were stunned again when they saw this!

"What did I do? Cang Ran! It was Cang Yu who caused Zi Leng's death!"

What he said shocked everyone! Cang Lin immediately looked extremely awful and even twisted. "Zi Xuan! I think you're stupid! What does Zi Leng's death have to do with the White Fin Clan?"

"Don't try to get away! Zi Leng entered the Cheng Sea with Cang Yu! How could Zi Leng die inside with his ability? It must be related to Cang Yu!"

"Zi Xuan! Don't slander him! It's his own business that he's dead! Don't blame everything on others!"

Si Wen watched the two of them argue coldly as the thoughts in his mind surged again and again. At this moment, Zi Xuan was already enraged and insisted that this matter was related to the white-finned.

Cang Lin was also enraged. Seeing that the two of them were about to fight, Si Wen said indifferently, "Even though Zi Leng went in with Cang Yu, it doesn't mean that the two of them would keep moving together."

### **Chapter 807: Killing Intent (2)**

Zi Xuan's words were stuck in his throat. Cang Lin said angrily, "The King is right. Zi Leng and Cang Yu must have separated, or he wouldn't have lost his life!"

Zi Xuan glanced at him viciously, and Si Wen said again, "Of course, this is just one of the possibilities. We can't rule out the possibility that the two of them have been together."

Cang Lin was startled. Zi Leng finally calmed down and didn't say anything else. However, a thought flashed through his mind. It was almost the same as Cang Lin's. If it weren't for the child of the King who appeared out of nowhere, Zi Leng and Cang Yu wouldn't have gone deep into the Cheng Sea!

However, this thought only flashed through their minds. Zi Xuan and Cang Lin didn't dare to say it out loud after Si Wen ascended to the throne of the merfolk. Just like that, the people of the Red Fin and the White Fin confronted each other for many days in an almost opposing state. The atmosphere had been very sensitive, as if it was about to explode.

Cang Yu didn't come out, and Cang Lin was also a lot more anxious. Seeing that, Zi Leng only sneered in his mind, as if he was waiting to watch a good show. Si Wen had been expressionless. As time passed, he became calmer.

When the strange atmosphere reached the peak and needed a breakthrough, everyone saw a few figures running out of the Cheng Sea quickly. In the dense sea of trees, the white-finned vaguely saw a familiar figure and they all became excited.

Finally, a few figures finally broke out of the outermost area of the Cheng Sea. All the merfolk were shocked and they stared at the few figures running out fiercely.

"It's Cang Yu! And... humans!" The white-finned screamed in shock. The ones who came out were Cang Yu, Yun Feng and the others. The merfolk immediately ignored the fact that Cang Yu was still alive. They only saw Yun Feng, Qu Lanyi and Lan Yi, who had wings on his back!

Si Wen narrowed his eyes fiercely. She rushed out like a human being. Great, now that the merfolk's three factions were all watching, he couldn't help her even if he wanted to!

"Human beings... snuck into the Endless Sea?" Zi Xuan looked at Yun Feng with coldness in his eyes. When he saw Cang Yu, he became even colder. He gritted his teeth so hard that they made creaking sounds. That demonic face immediately looked extremely ferocious.

After Cang Yu rushed out of the Cheng Sea, he suddenly heaved a sigh of relief, especially when he saw the members of the White Fin and Cang Lin standing there. His panicked expression became much lighter. He was about to rush over with joy on his face when he felt a fierce force break through the air behind him and hit his back!

"Watch out!" Yun Feng suddenly moved. Her mental strength instantly surged out of her body and turned into an invisible hand, rushing behind Cang Yu. She wanted to block the attack for Cang Yu before

it hit him. Even though she couldn't block all of it, she could still block a part of it. Cang Yu had a chance to dodge, but it was too late!

Before Yun Feng's mental strength reached Cang Yu's back, the speed of the force increased strangely, as if it had already expected Yun Feng to do this. It directly passed Yun Feng's mental strength and hit Cang Yu's back fiercely!

"Crack!" There was the sound of something breaking inside his body. Cang Yu's body suddenly staggered and her fishtail twitched fiercely. A large mouthful of blood spurted out of the corners of her mouth, even mixed with pieces of organs!

"What... You..." Cang Yu slowly turned around and stared at Yun Feng firmly. Yun Feng's face darkened. Qu Lanyi and Lan Yi immediately stood in front of Yun Feng and protected her firmly. Yun Feng attacked just then to save Cang Yu, but in the eyes of others, Yun Feng directly killed Cang Yu!

Cang Yu's body fell to the ground softly. The merfolk were completely shocked! Even Si Wen was the same!

"Cang Yu!" Cang Lin shouted at the top of his lungs as he rushed forward. He waved his arm furiously and smashed Yun Feng mercilessly. Qu Lanyi and Lan Yi's light and wind elements immediately protected Yun Feng and blocked the attack.

The members of the white-finned immediately roared and wanted to rush forward. At this moment, Si Wen suddenly shouted, "Cang Lin might still be alive!" The members of the white-finned suppressed their emotions after hearing what Si Wen said. Cang Lin had already rushed to Cang Lin's side and helped Cang Lin's soft body up on the ground with grief. His face completely darkened.

"Uncle Cang Lin, how's Cang Yu?" Si Wen asked. He thought that Cang Yu was only severely injured in his mind. Zi Xuan was also shocked when she saw this scene. Then, he felt a bit vengeful in his mind and couldn't help but feel a bit delighted, waiting for Cang Lin's answer.

Cang Lin slowly stood up. When he raised his head, there was already deep hatred on it. This hatred made Si Wen's face completely darkened!

"Cang Lin is dead."

One sentence was like a stone stirring up a thousand waves!

"Human! Give me your life!"

"Human! Don't even think about leaving this place!"

The members of the white-finned immediately roared furiously and looked like they were about to attack. Seeing that things had developed to this point, Yun Feng was also gloomy in her mind.

"Stop!" Unexpectedly, Cang Lin shouted in a low voice. The members of the white-finned all looked over indignantly. "Elder! She killed Cang Yu! She dared to kill Cang Yu in front of us!"

"Humans who step into the Endless Sea must die!"

"That's right. She must die!"

The members of the white-finned roared angrily. Yun Feng remained silent with a cold face. At this moment, she still didn't forget to send water elements to Yaoyao in her arms. At this moment, Yaoyao moved. Her little body moved gently in Yun Feng's arms. Yun Feng's eyes were filled with joy and she didn't care about anything else.

"Yaoyao, Yaoyao?" Yun Feng called softly, but Yaoyao, who was in her arms, only moved her body and didn't move anymore. She fell asleep again. Yun Feng couldn't help but feel slightly disappointed.

Cang Lin stood there and asked the two members of the white-finned to carry Cang Yu down. His eyes were full of pain and anger as he clenched his fists tightly and looked at Si Wen. "Your Majesty, you can decide everything. I believe you won't let me and Zi Xuan down."

Zi Xuan was stunned for a moment. Then, he understood what Cang Lin meant and his face turned ugly. Yun Feng dared to kill Cang Yu in front of everyone, so she certainly had the courage to kill Zi Leng! The people of the Red Fin also understood what he said. They immediately poured all the resentment in their minds on Yun Feng. All the resentment of the merfolk came. Lan Yi stood there anxiously.

### **Chapter 808: Killing Intent (3)**

"Master, I'll explain to them! You attacked just then to save that merman! You didn't kill him at all!"

Yun Feng snorted. Qu Lanyi looked at the angry merfolk coldly. "What's the use of explaining? They don't want to hear or know the truth at all. It's useless. Don't waste your time."

Yun Feng glanced at Si Wen, who had been silent, and Si Wen also looked at her. Their eyes met in the air. Si Wen's eyes were deep, and so was Yun Feng's.

Si Wen slowly walked over. The elders of the blue-finned couldn't help but shout worriedly. Si Wen waved his hand, asking everyone to follow him. Qu Lanyi and Lan Yi stood in front of Yun Feng firmly. When Si Wen walked over, Yun Feng walked out and handed the unconscious Yaoyao in her arms to Si Wen without saying anything. When Si Wen saw the water element covering Yaoyao's body, his eyes darkened again.

"You're a summoner?" said Si Wen in a deep voice as he glanced at Lan Yi. Yun Feng curled her lips. "Yes, I'm a summoner."

Si Wen also smiled. Seeing his smile, Qu Lanyi's handsome face was covered in a layer of coldness. "You're the king of the merfolk? Are you as stupid as those idiots?"

Si Wen's face darkened. He glanced at Qu Lanyi indifferently and didn't answer. He then looked at Yun Feng. "The red and white finned have already become united. They've already developed resentment towards you. Don't resist. You won't have a chance of winning if Zi Xuan and Cang Lin join forces."

Yun Feng looked at Si Wen in surprise. Si Wen had already turned around at this moment. Qu Lanyi looked at him thoughtfully and thought about what he said carefully. He felt that it made sense. Right now, it wasn't just the problem of Yun Feng's human identity being exposed. There was also the death of Zi Leng and Cang Yu. The red and white finned were all blamed on Yun Feng. It was useless to explain.

Even though Yun Feng had the ability to deal with a powerhouse, it didn't mean that she had the ability to deal with a race. She was still in the territory of this race!

“Lock up these humans first. About Zi Leng and Cang Yu, even though the possibility of humans taking action is very high, we can’t rule out other possibilities. If other races secretly attack the merfolk, the situation will be even more serious! I’ll certainly investigate clearly and give the red-finned and the white-finned an explanation. Then, I’ll certainly do things according to the rules of the Endless Sea. The merfolk won’t let any human go!”

Neither Zi Xuan nor Cang Lin said anything. Although the people of the red-finned and the white-finned were still dissatisfied, they could only accept it. After all, it was an order from the king of the merfolk. Yun Feng didn’t resist at all, and Qu Lanyi and Lan Yi didn’t do anything either. The three of them were taken away by the blue-finned. The people of the Red Fin and the White Fin couldn’t help but gnash their teeth angrily. “Let her live a little longer!”

Yun Feng was imprisoned, and the matter was temporarily resolved. The people of the Red Fin and the White Fin certainly didn’t want to stay here anymore. The death of Zi Leng and Cang Yu was a blow to these two factions. The Red Fin and the White Fin respectively sent a few people to stay here and pay attention to Yun Feng. The other elders and the younger generation returned to the clan. The white-finned was a bit luckier than the Red Fin. After all, Cang Yu had a dead body, while Zi Leng had nothing.

The merfolk discussed among themselves. A human had snuck into the Endless Sea and even snuck into the merfolk without being discovered. What was more terrifying was that this human was a summoner! The man with wings on his back next to her was clearly a Magic Beast! The young man of the blue-finned immediately remembered that this human was holding the King’s child back then. Perhaps this human was bold enough to take the King’s child away and the King was obviously bewitched by her mermaid aura!

All the speculations spread like wildfire. In addition, the elites of the Red Fin and the White Fin died miserably just like that, which added a few more uncertainties to the unstable situation of the merfolk. What made the merfolk curious was, why didn’t the king order to kill this human immediately?

Some guessed that it was meant to find out how humans pretended to be merfolk, and some guessed that he wanted to ask her why Yaoyao was kidnapped and taken away from the Endless Sea. What was Si Wen thinking? Why didn’t he deal with Yun Feng quickly? The elders of the Blue Fin was also puzzled, but nobody dared to ask.

Yun Feng, Qu Lanyi and Lan Yi had only stayed in the merfolk’s prison for three days. Just because Si Wen didn’t do anything didn’t mean that the others could stay patient. Zi Xuan and Cang Lin came back three days after they returned to the clan. Seeing them, Si Wen understood what they were going to say.

“Uncle Zi Xuan, Uncle Cang Lin,” said Si Wen casually. Both Zi Xuan and Cang Lin didn’t look good. The three of them arrived at a secret place. Zi Xuan couldn’t help but ask, “Why isn’t that human dead? She killed two elites of the merfolk!”

Si Wen’s eyebrows moved slightly and he didn’t say anything. Cang Lin’s tone was even calmer, but his expression wasn’t good. “Zi Leng’s death might have nothing to do with her, but she was the one who killed Cang Yu in front of everyone. She’s a human being. If she trespasses into the Endless Sea, she’ll die. The King doesn’t want the other members of the Sea Clan to use this as an excuse to cause trouble for the merfolk, right?”

Si Wen sat there and nodded. "Uncle Cang Lin is right. We should indeed do that."

Both Zi Xuan and Cang Lin were delighted after hearing that. Zi Xuan couldn't wait to kill Yun Feng with his own hands to vent the hatred in his mind! "Then, please..."

"Your Majesty!" A voice suddenly came from outside. Si Wen was startled. Zi Xuan and Cang Lin couldn't help but look cold. "How dare you! We're talking to His Majesty and you dare to disturb us!"

As soon as Zi Xuan said that, a figure had already rushed in. The blue scales all over his body were glittering and her demonic face was so similar to Si Wen's. Zi Xuan and Cang Lin were stunned. Wasn't this the King's child, Si Qing?

Si Wen held Yaoyao in his arms. Yaoyao's body had already grown a bit. She wasn't as young as before, as if she had suddenly matured at some point.

"Si Qing, you're awake!" Si Wen looked at Yaoyao in his arms in surprise. Yaoyao raised her little face. That young face didn't look mature because of her body. She looked at Si Wen with her blue eyes. "Don't kill her. Don't kill her!"

Zi Xuan and Cang Lin were immediately enraged!

Si Wen looked nervous. "Si Qing, go back first. You don't have to plead for mercy on this matter."

Yaoyao's eyes gradually became wet after hearing that. She stared at Si Wen firmly. "Please..."

#### **Chapter 809: Killing Intent (4)**

?

Zi Xuan and Cang Lin suppressed the anger in their hearts and looked at Si Wen. Si Wen looked at Yaoyao awkwardly, and his expression seemed to be a bit shaken. Seeing that, Zi Xuan and Cang Lin looked at each other with the same thought flashing through their minds. Si Wen, who was talking to Yaoyao, glanced over with a glint of darkness in his blue eyes.

Zi Xuan and Cang Lin looked at Si Wen gloomily. Si Wen calmed Yaoyao down in his arms and asked someone to take her back. Zi Xuan and Cang Lin had never forgotten how Si Wen comforted Yaoyao just then. Yaoyao begged Si Wen not to kill Yun Feng. Si Wen was still a bit persistent at first. In the end, he already spoke softly.

After Yaoyao was sent away, Zi Xuan and Cang Lin didn't say anything. Si Wen sat in the main seat with his hands crossed. There was a layer of faint blue light on his slightly long nails. Zi Xuan and Cang Lin were silent. Si Wen glanced at the two of them and finally spoke.

"We can't touch Yun Feng yet."

"Why? She killed Cang Lin with her own hands. You can swallow this grudge, but the White Finned can't!" Cang Lin was enraged and roared in a low voice. Zi Xuan almost gritted her teeth. "What exactly is the king thinking? She's just a human being. Why can't we kill her?"

Si Wen didn't have any other expression on his face. He only said indifferently, "Even if Yun Feng killed a white-finned with her own hands, she did me a favor. She saved Yaoyao."

The expressions of Zi Xuan and Cang Lin changed after hearing that. Si Wen continued, "Of course, this favor can't offset everything. We still need to investigate the reason for Zi Leng's death. There are still a lot of doubts about what he encountered in the Cheng Sea. It doesn't seem like your style to cut off the only clue just like that. If Yun Feng didn't do it, her kindness to the Blue Finned can offset her crime of trespassing the Endless Sea. By then, what should I do?"

Si Wen's face darkened as he spoke. Zi Xuan and Cang Lin didn't say anything else. The two elders finally sighed slightly and suppressed all the dissatisfaction in their minds. "If the King knows what he's doing, we can't force him. However, we'll remember this grudge!" Zi Xuan and Cang Lin said in unison and immediately got up to leave. Si Wen didn't say anything. He just watched them leave quietly and frowned slightly. These two old guys weren't easy to deal with after all.

After Zi Xuan and Cang Lin left, their faces darkened. They looked at each other in an empty corner and saw unwillingness and resentment in each other's eyes!

"Even though I don't like dealing with you, the king forced us to do something this time." Zi Xuan glanced at Cang Lin in disgust. Cang Lin sneered and rolled his eyes at Zi Xuan very rudely. "If you don't like dealing with us, you can stay far away this time."

Zi Xuan blushed, and Cang Lin stopped sneering. "It seems that the king wants to protect this human. Although we don't know what the king means, we can't wait until then!"

"That's right! Whenever I think that human is still alive, I hate her so much that I can't sleep!"

"I'm the same. Thinking that she's still alive, I can't let go of Cang Yu's death at all!"

Zi Xuan and Cang Lin looked at each other. "We can only vent our anger by doing it ourselves!"

"Even if he was discovered after the incident, the king couldn't say anything at all! That human was the enemy of the entire merfolk! He deserved to die!"

Both Zi Xuan and Cang Lin sneered. The coldness in their eyes became stronger and stronger. The human who entered the Endless Sea without permission and hid in the merfolk must die! She must die!

The two of them left after a few words in secret. Si Wen, who was still sitting there, smiled. He knew that these two old guys would act on their own after seeing that he was slightly shaken. They really didn't take him, the king, seriously. However, this was exactly the effect he wanted. As long as these two old guys made a move, he would have a chance to let Yun Feng go.

Si Wen certainly didn't believe that Yun Feng killed Cang Yu. Even though anyone would think that Yun Feng killed Cang Yu at that time, Si Wen believed in Yun Feng. There were a lot of doubts about the deaths of Cang Yu and Zi Leng. Si Wen always felt a bit uncomfortable after thinking about it. His intuition had always been very sharp. He wouldn't stop after something happened.

During these three days, he didn't do anything to Yun Feng because he wanted to drag Zi Xuan and Cang Lin's attention to Yun Feng, so they could only think about revenge in their minds. Si Wen also sent someone to enter the Cheng Sea quietly to investigate. Zi Leng died inside. If they could find his body, they would have clues. Cang Yu had already been taken away by the members of the White Fin. Even if they wanted to go back to Cang Lin, that old guy wouldn't agree.

Si Wen was a bit regretful. He should have checked the cause of death of Cang Yu. What exactly made him, an elite of the White Fin, die so easily?

Si Wen postponed killing Yun Feng. He finally exhausted the patience of Zi Xuan and Cang Lin. How would Si Wen not know what the two of them were thinking? Those two old guys were already impatient and wanted to kill Yun Feng secretly. Si Wen certainly expected this. This was also what he looked forward to. Once the situation turned out like this, Yun Feng would have a chance to escape.

“You two old guys, do you really think I don’t know anything? Do you still think I’m that Si Wen who doesn’t know anything back then?!” Si Wen said fiercely as he waved his hand casually. A powerful force was released from his hand, causing the space in front of him to distort a bit!

“I’m the leader of the merfolk!” Si Wen’s dark blue eyes narrowed into vertical black lines with a hint of viciousness and fierceness! Since he had risen to this position, he certainly couldn’t let anyone bully him. Even Zi Xuan and Cang Lin couldn’t!

After staying in the merfolk’s dungeon for three days, Yun Feng didn’t feel like she was shackled at all. Instead, she sat on the ground with her eyes closed leisurely and used the three days to recover the mental strength she lost. Qu Lanyi also sat quietly on the side and didn’t look nervous at all. Entering the merfolk’s dungeon was like walking into his own backyard. Lan Yi was a bit uneasy at first, but he was completely relieved after seeing Yun Feng’s comfortable expression.

The three of them were in peace in the dungeon, which surprised the guards of the merfolk outside. They looked at the three calm humans and Magic Beasts in shock. They were a bit speechless. How could they be so comfortable? This was the merfolk’s dungeon, not their backyard!

### **Chapter 810: Escape (1)**

“I think she’s resigned to her fate.” The guards of the merfolk guessed secretly and were all shocked at Yun Feng’s performance. They rarely came into contact with humans. This was the first time they came into contact with such a strange human, which made the guards of the merfolk confused. In the end, they could only give Yun Feng a random explanation. This human seemed to have resigned to her fate, or she wouldn’t be so relaxed.

Three days later, Yun Feng slowly opened her black eyes. A small part of the mental strength she lost inside her body had already been restored, which made her face no longer pale. She glanced outside with her black eyes. The guards of the merfolk had been standing there. They guarded this place very strictly and wouldn’t give Yun Feng any chance to escape.

When these guards saw Yun Feng open her eyes, they were all shocked and immediately looked over in panic. Yun Feng smiled helplessly. Qu Lanyi next to her also opened his eyes and glanced at the many guards outside. He sneered. “The merfolk are really afraid that you’ll run away.”

Yun Feng chuckled. Run? It shouldn’t be difficult for her, but the most important thing was how to run away without causing trouble for the blue fins. It was certainly possible to leave after causing such a huge commotion. Even though it was difficult to escape from the territory of the merfolk, it would cause trouble for the blue fins if she ran like this. More importantly, Yaoyao had just returned to the blue fins and came back with her. Naturally, it would cause trouble. Yun Feng wasn’t sure if Si Wen would protect Yaoyao wholeheartedly by then.

“Master, I can escape in my original form!” said Lan Yi in a low voice. He stood next to Yun Feng and looked at her with his blue eyes. Yun Feng, however, shook her head. Qu Lanyi put on a smile. “Don’t you know your master’s personality? She would’ve left if she wanted to.”

Lan Yi also smiled. At this moment, something seemed to be happening outside. The few guards guarding Yun Feng all looked nervous, as if something had happened outside the merfolk’s dungeon. The guards looked at the three people sitting safely in the dungeon with a hesitant look.

“What exactly happened outside?”

“I’m not sure, but we all need to take a look outside!”

“What about the humans and Magic Beasts locked up here? If they take this opportunity to escape...”

“Escape? Look at how quiet she’s been these three days. She’s probably given up the idea of escaping. Besides, we’re going outside. If she wants to escape, this is the only way. She won’t be able to escape from the territory of the merfolk at all!”

“That’s true. Let’s go out and take a look!”

The few guards whispered and quickly walked out. Yun Feng, Qu Lanyi and Lan Yi heard everything. Yun Feng smiled and stood up from the ground. The mental strength in her body quickly spread out. After a while, a glint of light flashed through her black eyes.

“What’s wrong?” Qu Lanyi also stood up and asked. Yun Feng smiled quietly. “It’s time for us to go.”

“It’s time to leave. Staying here for three days makes my back ache.” Qu Lanyi twisted his arm and put on a mischievous smile. Lan Yi also stood up. “Master, are we going out? Should I transform into my original form?”

Yun Feng chuckled. “We’re not leaving yet. We still have to wait for a few guests. It won’t be too late to leave after we greet them.”

Qu Lanyi smiled thoughtfully. Lan Yi frowned. Guests? The guards outside the dungeon had already evacuated. Only the three of them were locked up here. As soon as Yun Feng said that, Qu Lanyi had already attacked. Thick light elements attacked the door of the dungeon like lightning. A black shadow that had just entered was instantly sent flying. Then, a few more black shadows darted out and entered the cell.

Looking at these merfolk who hid their fins, Yun Feng only had a cold smile at the corners of her mouth. The merfolk who came to assassinate her looked a bit panicked. They were here to assassinate her under orders. She had already discovered them before they even did anything!

“Who sent you here? The red-finned or the white-finned?” Yun Feng smiled playfully as her eyes became colder and colder. “Or, the white and the red finned together?”

The few merfolk who tried to assassinate her were all silent. They only felt cold sweat on their heads. They looked at each other. They had already been discovered. If the assassination didn’t work, they would kill her openly! Seeing the expressions of these merfolk, Yun Feng burst into laughter. The surging mental strength in her body surged out like a tide, and so did Qu Lanyi. “You want to kill us? Aren’t you

too arrogant?" There was a smile at the corners of Qu Lanyi's mouth. Before the merfolk could attack, they felt a few powerful attacks on their bodies. Instantly, they fell on the ground.

"What?" The remaining merfolk were all shocked. They had been chosen as assassins, so they were certainly top masters in terms of figure and speed. However, they couldn't even dodge in front of this human!

Yun Feng hit one of them off-center. Waiting for them here was only to confirm one thing. The two old guys with white fins and red fins were indeed impatient and wanted to attack her. Si Wen indeed believed her, which made Yun Feng feel a lot better in her mind.

"Lan Yi!" Yun Feng shouted as a ball of dazzling green light enveloped Lan Yi's entire body. His handsome and slender body had already transformed into the huge and beautiful body of a griffin. The seawater in the world of the Endless Ocean rippled slightly because of the movement of the griffin's huge body. An eagle's cry cut through the underwater world. The few assassins looked at Lan Yi's body in shock. The top of the dungeon had already been broken by the wings and body of the griffin!

"What's that..." The merfolk who came to assassinate were shocked. Looking at the giant body of the griffin and the blue patterns on its wings, they all widened their eyes in shock and couldn't help but step back.

The messy stones fell down as Lan Yi broke through the top of the cell. Yun Feng smiled and jumped onto Lan Yi's back. Qu Lanyi also jumped up. Meatball made a soft sound and rubbed its face against Yun Feng's, looking very happy.

"Let's go," said Yun Feng casually. The griffin exerted strength with its giant wings and rose from the ground! Lan Yi carried Yun Feng and Qu Lanyi up through the top of the dungeon. There was only one entrance and exit, but they had found another way!

"I knew you would play some tricks." A vicious voice suddenly sounded. Lan Yi's body suddenly stopped. Yun Feng and Qu Lanyi both looked at the two people standing in front of Lan Yi coldly, Zi Xuan with red fins and Cang Lin with white fins.
