

Summoner 811

Chapter 811: Escape (2)

Meatball on Yun Feng's shoulder immediately bared its shiny fangs when the two old guys arched their bodies. Its expression was indescribably ferocious and unpleasant. Yun Feng smiled coldly. "Elders, I can't thank you enough for sending me off in person."

"Human! Don't talk nonsense! You're quite capable to be able to escape from the dungeon. If you think you can escape from us, you're wrong!" Zi Xuan looked at Yun Feng with fury in his eyes. He wanted to tear her into pieces. Zi Leng's corpse was still missing. The fire in Zi Xuan's heart was already deep and fierce enough. He was only waiting for an excuse and someone to vent!

"Cut the crap with her. Humans are the best at scheming. Don't give her a chance to escape!" Cang Lin stared at Yun Feng with a gloomy face. The hatred in his eyes wasn't less than that of Zi Xuan.

"You're right." Zi Xuan gritted his teeth and said. The two of them had planned this assassination, but they had also considered a lot of things. As expected of old guys. They had also considered Si Wen's obstruction and interference. Of course, they also knew the success rate of the assassination in their minds.

Yun Feng's escape this time was also within their expectations. Rather than using someone else to kill Yun Feng, it was safer to use themselves!

"Since the two of you have seen the situation clearly and specially waited here, you know what the King means. Do you still want to stop us?" Qu Lanyi stood next to Yun Feng with a layer of coldness on his handsome face. Zi Xuan sneered after hearing that. "How can we not know what Si Wen is thinking? There's no need for you, a human, to tell us! Even if Si Wen wants to protect her, we still have to kill him!"

"Zi Xuan, do it!" roared Cang Lin. Terrifying power was brewing in both of their hands. Yun Feng and Qu Lanyi immediately looked gloomy and mobilized all their mental strength. Yun Feng didn't forget what Si Wen once told her. She wouldn't be able to defeat the joint attack of Zi Xuan and Cang Lin!

"Lan Yi, find an opportunity to rush out!" Lan Yi immediately understood through telepathy and was prepared to escape from this area at the highest speed at any time.

"Don't even think about running. You don't have a chance!" Zi Xuan said coldly when he saw Lan Yi's move. He smiled coldly. The power in the hands of the two elders also reached the maximum level. This power made Yun Feng feel shocked and pressured. The strength of these two people was above Yun Feng's. She couldn't withstand their joint attack at all!

Zi Xuan and Cang Lin really wanted Yun Feng to die!

"Human, you'll have to pay for the crimes you did to the Red Fin and the White Fin!" Cang Lin grunted furiously. The power in their hands immediately surged out and turned into two beams of light that shot towards Yun Feng. The two beams of light finally turned into one and the power instantly distorted the space!

“Xiao Feng!” A voice suddenly pierced through everything. Yun Feng only felt her heart tighten and something grabbed her heart tightly. A blue figure rushed over without hesitation at this moment and wanted to stand in front of Yun Feng!

“Yaoyao!” Yun Feng roared as her body had already rushed forward involuntarily. She held that blue figure in her arms with one hand. At this moment, the pillar of light with strong energy waves also arrived quietly!

“Earth Shield!” Yun Feng shouted furiously. Earth elements instantly gathered in front of her, protecting Yun Feng and Yaoyao firmly inside. Yaoyao’s fishtail wrapped around Yun Feng’s waist and bright water elements surged out of her body, enveloping Yun Feng tightly. Yun Feng couldn’t help but feel shocked when she saw this scene. She then found that Yaoyao’s face was still young, but her body had grown a lot.

“Xiao Feng, you’ll be fine!” Yaoyao stared at Yun Feng with her big blue eyes. Yun Feng nodded and protected Yaoyao in her arms. “You’ll be fine too.”

Meatball on Yun Feng’s shoulder cried softly as its little body came down from Yun Feng’s shoulder and stood in front of Yun Feng. Yun Feng’s expression changed as she grabbed Meatball. “Your body can’t protect me. Behave yourself!”

“Si Qing!” Another exclamation came. Yaoyao raised her head and Yun Feng’s eyes moved slightly. “Si Wen is here too?”

“Yes. He didn’t let me follow him today. I followed him secretly,” replied Yaoyao in a low voice. Her fishtail wrapped around Yun Feng even more tightly. “I don’t want to leave Xiao Feng... Even if he’s family.”

Yun Feng’s face darkened and she didn’t know what to say. However, it was more important to dodge the joint attack of these two old guys right now!

“Si Wen?!” Zi Xuan and Cang Lin were already surprised enough to see Yaoyao appear. After seeing Si Wen, their expressions changed. The King’s child rushing over for no reason made them shocked. And now, Si Wen even came in person. A thought flashed through their minds. Were they going to let this human escape safely?

Si Wen suddenly raised his hand and a strong force came at them mercilessly. Zi Xuan gritted his teeth fiercely and the force in his hand deviated slightly. It directly brushed past Yun Feng’s side and hit the wall of the dungeon behind her. The energy Si Wen waved his hand with happened to clash with the force that Zi Xuan missed. With a loud sound, the dungeon shattered!

“Cang Lin! Are you going to kill that human under the king’s watch? Don’t forget that the king’s child is here!” Seeing that Cang Lin still didn’t seem to be moving, Zi Xuan couldn’t help but feel anxious. Cang Lin’s face was cold as he exerted more strength in his hand. He watched the erected earth element armband hit it fiercely!

“Cang Lin!” Zi Xuan couldn’t help but feel shocked when he saw this scene. Si Wen’s eyes darkened fiercely and his body had already rushed over, but someone stood in front of Yun Feng’s earth element even faster. It was Qu Lanyi!

Cang Lin narrowed his eyes fiercely and exerted all his strength. This time, he must kill that human!

Qu Lanyi stood in front of Yun Feng’s Earth Shield and slowly lowered his handsome face. He whispered fiercely, “Nobody can stop me. Nobody!”

Qu Lanyi suddenly raised his head and extended his arm. A powerful force came out of his palm and clashed with Cang Lin’s attack! Those blood-red eyes looked at Cang Lin from afar and Cang Lin was shocked!

The two forces collided head-on, like an energy that had been squeezed for a long time exploded! Cang Lin gritted his teeth and shook his hand. He only felt a coldness flowing up his arm and directly invaded his body! Cang Lin’s face immediately turned pale. He suddenly moved his hand. There was no way he would let that human go!

Chapter 812: Escape (3)

Qu Lanyi’s blood-red eyes were full of monstrous killing intent. The powerful force also rushed into his body through his arm. His blood-red eyes darkened slightly and the corners of Qu Lanyi’s mouth curled up in disdain. As expected of the Great Elder of the White Fin. He was quite capable to be able to hurt him.

However, Qu Lanyi didn’t expect Cang Lin’s next move. He thought that as long as he blocked Cang Lin’s attack, this old guy would completely give up. He didn’t expect him to still not give up and throw out another attack!

“Boom!”

The Earth Shield was shattered by the attack. The attack from Cang Lin was suppressed by Qu Lanyi, but there was still fifty to sixty percent of its power. Seeing that the Earth Shield was shattered, Yun Feng immediately unleashed her mental strength to resist the attack!

“Ugh!” Yun Feng turned her body to the side and protected Yaoyao in her arms. Her mental strength was torn apart by Cang Lin’s power fiercely. Meatball screamed and wanted to jump out of Yun Feng’s hand, but Yun Feng held it firmly and didn’t let it move. Meatball didn’t want to open its mouth to bite Yun Feng. It just kept struggling!

“Master!” Lan Yi didn’t hesitate anymore. He flapped his wings and rushed out like an arrow. Qu Lanyi also jumped onto Lan Yi’s back. His attack chased after Lan Yi and hit Yun Feng’s body the next moment!

“You want to escape unscathed? Impossible!” said Cang Lin viciously. He held his chest with his hand and looked a bit awful. Thinking of Qu Lanyi, who he fought with just then, he couldn’t help but feel a bit cold in his mind. That human young man... Who exactly was he?

Si Wen walked over with a terrifyingly gloomy face. Cang Lin suddenly knelt in front of Si Wen. Zi Xuan was shocked again when he saw this scene. Cang Lin was kneeling!

“Your Majesty, I won’t stop until I kill that human!”

Zi Xuan also frowned when he heard that. This time, he and Cang Lin attacked. Even if he missed at the last moment, it was the truth. It was better to unite with Cang Lin from the beginning. Zi Xuan also knelt down. Si Wen raised his eyebrows high.

“Your Majesty, I’ve made the same decision. Besides, that human is holding your child hostage!”

A glint of darkness flashed in Cang Lin’s eyes. “The king’s child is in the hands of that human. We can’t let that human escape from the Endless Sea!”

Si Wen stood there. The commotion this time made many members of the merfolk rush over. Many people saw what happened just then. Everyone believed that Yaoyao was taken away by Yun Feng! Si Wen slowly clenched his fists and said word by word, “Give the order to hunt down that human. Don’t let her escape from the Endless Sea!”

After saying this, Si Wen could only sigh softly in his mind. Take care of yourself. This is all I can do for you. Si Qing... I’ll leave her in your care.

A beam of green light flashed across the sky in the sea. It was so fast that nobody could see it clearly. Yun Feng fell on Lan Yi’s back with a pale face. Even though Cang Lin’s attack wasn’t very powerful, fifty to sixty percent of the force hit Yun Feng’s body. Yun Feng only felt an indescribable pain.

“Xiao Feng, Xiao Feng!” Yaoyao was so anxious that she was about to cry. She shouted Yun Feng’s name in panic. Meatball finally crawled out of Yun Feng’s loosened hand and pounced on Yun Feng’s cheek. There was no telling if anger or worry was written in its big eyes.

“She’ll be fine!” Qu Lanyi suddenly shouted in a low voice. His pure red eyes had already turned black and light elements entered Yun Feng’s body endlessly. Sensing the serious injuries in her body, his face couldn’t help but turn completely black. What a Cang Lin. He should have finished off this old guy! He dared to hurt Yun Feng!

Yun Feng struggled to stand up with a pale face and smiled at Qu Lanyi. “I’m fine.”

Qu Lanyi really didn’t know what to do with her. “Are you alright? Why don’t you have the strength to talk?”

“Master, I’ll try my best to get out of the Endless Sea!” Lan Yi sped up again, and couldn’t wait to fly out. Yun Feng’s chest surged, and she vomited blood. Qu Lanyi’s eyes became even darker, and all the light elements surged into Yun Feng’s body.

“Your mental strength...” Yun Feng couldn’t help but feel a bit angry when she saw Qu Lanyi inject light elements without caring about his life. Qu Lanyi looked at her coldly. “You’re the most important thing right now. My mental strength is nothing. Even if it’s exhausted, it’s nothing!”

Yun Feng moved her lips and wanted to say something, but Lan Yi suddenly turned around. Qu Lanyi and Yun Feng both looked gloomy. “Master, the merfolk are here!”

“Human, don’t even think about escaping from the Endless Sea!” With a shout, four or five merfolk had already stood in front of Lan Yi and stared at Yun Feng on Lan Yi’s back with a fierce expression. A hint of viciousness flashed through Lan Yi’s eagle eyes as he flapped his wings fiercely. A strong wind with water

ripples surged fiercely and suddenly dispersed the row of merfolk in front of him! Lan Yi took this opportunity to rush out!

“Don’t even think about running!” The merfolk behind him shouted angrily. Lan Yi sped up and rushed to the outermost area of the Endless Sea. The area of the merfolk was so vast that Lan Yi couldn’t get out at such a high speed.

Faster, faster! Lan Yi looked ahead and flapped his wings hard. His entire body turned into a beam of green light, flashing through the sky above the territory of the merfolk. However, the merfolk had already issued the kill order. They were enraged!

“Hm!” Such rapid traveling and the merfolk that came out from time to time made Lan Yi’s trajectory change quite rapidly. It was very zigzagging. There were even a few times when it made a sharp turn and was floating in the air. Yun Feng was already severely injured. Even though she had Qu Lanyi, it was even worse when she was running. Yun Feng’s situation was even worse and Lan Yi couldn’t help but become anxious.

“Nana!” Meatball screamed as tears welled up in Yaoyao’s big eyes. Qu Lanyi gritted his teeth and infused light elements into Yun Feng’s body. Cang Lin’s attack was even more tricky than he thought. Yun Feng was quite strong herself. She had already become like this after receiving only fifty to sixty percent of the force. That old guy, Cang Lin, must have done something in secret! Thinking of this, Qu Lanyi couldn’t help but feel anxious in his mind. He could only find a quiet place to examine Yun Feng’s injuries. At this moment, he could only support her body with light elements. If there were any changes, he wouldn’t be able to detect it at all.

Chapter 813: Hiding and Escaping (1)

Thinking of this, Qu Lanyi’s black eyes darkened. “Lan Yi! There’s no time to escape! Find a place to hide first!”

Yun Feng moved her lips and wanted to say something, but there was another surge in her body, which made it difficult for her to suppress the aura in her mind. The fierce aura invaded her body through the intersection of the power just then. Yun Feng clearly felt that the power was causing trouble in her body!

Lan Yi didn’t say anything, but its body had already turned around and changed its direction. It had wanted to do this for a long time. Rather than stumbling forward in the pursuit of the merfolk, it was better to find a place to settle down first and wait for its master to recover!

The green light suddenly changed its direction and rushed down, disappearing into an endless forest. A few seconds after Lan Yi disappeared, a group of merfolk had already followed him. They were all holding weapons and had powerful energy waves on the surface of their bodies. After seeing the empty sky, the merfolk were all puzzled.

“Did that human really escape?” Someone guessed, but was immediately opposed.

“That’s impossible! There’s still a long distance between here and the edge of the Endless Sea. No matter how fast that human is, he can’t escape just like that.”

All the merfolk glanced at the forest under their feet. A thought flashed through the minds of all the merfolk. "Lock down this area! Don't let go of even the smallest Magic Beast! Go back and report to the king, Zi Xuan and Lord Cang Lin! That human must be hiding here!"

Some merfolk immediately moved back, and the other merfolk immediately sealed the vast area under their feet completely. Even a small shrimp or a crab couldn't get out of here! After a while, Si Wen, Cang Lin and Zi Xuan all rushed over. Si Wen looked at the area with a gloomy face. Zi Xuan and Cang Lin didn't look good either, especially Cang Lin. He held his chest with one hand and his face was much paler. When he faced Qu Lanyi just then, Cang Lin didn't get much advantage. Even though he was injured, he still followed them reluctantly.

"She hid here?" Zi Xuan looked down with a gloomy face and gritted his teeth.

"It was quite a coincidence... Your Majesty, what do you think we should do?" Cang Lin held his chest and looked at Si Wen with a pale face. Zi Xuan was the same. This area could be said to be special for the merfolk. A secret of the merfolk was buried here. While Yun Feng was running, she turned around and hid here, which made them feel a bit tricky.

Si Wen was also surprised in his mind. How could she hide here? After a long time of silence, Si Wen finally said, "Let all the merfolk enter in batches and keep narrowing the area."

Both Zi Xuan and Canglan nodded. "Let's take this opportunity to explore again." Si Wen turned around and looked at Zi Xuan, who was talking. Zi Xuan immediately shut up and didn't say anything else. Canglan coughed. "Your Majesty, I want to explore it myself."

Si Wen frowned after hearing that. "You're already injured. You can't."

Cang Lin shook his head. "I can't vent my anger until I kill that human!"

Si Wen looked at Cang Lin thoughtfully. Looking at the wound he was holding and his pale face, he remembered that the person he fought with just then was the handsome human next to Yun Feng. It turned out that the people around her were all well hidden. No wonder she could sneak into the merfolk so fearlessly.

"If you insist, let Uncle Zi Xuan accompany you," said Si Wen indifferently. After a moment of shock, Zi Xuan also nodded. Thinking of the secret buried in this area, the enthusiasm in Zi Xuan's heart couldn't help but boil a little. If the king gave him this opportunity, why didn't he want it?

Cang Lin's eyes glittered and he didn't refuse. Zi Xuan and Cang Lin also joined the search. Si Wen looked down at the forest under his feet from the sky. Zi Xuan and Cang Lin joined again. Whether or not you can escape alive depends on your ability. Si Wen finally remembered that he hadn't asked the human's name. What a failure. How would he find Si Qing in the future?

While the merfolk were searching this area wantonly, Lan Yi rushed down fiercely and didn't dare to stop. He flapped his huge wings a few times abruptly and rushed into the deepest part of the forest. This trip alarmed many Magic Beasts living in this area. Lan Yi's fierceness burst out all over his body and the Magic Beasts living here didn't dare to move. Only then did Lan Yi rush all the way inside without anything happening. He only stopped reluctantly when he rushed to a place that he thought was safe.

This was a small empty land. Three sides were surrounded by steep mountains and the other side was covered tightly by the forest. The merfolk wouldn't be able to find it in a short period of time. They could buy some time.

When Lan Yi landed with difficulty, it could only transform into human form halfway so that this small area wouldn't be destroyed by its huge body. Seeing that, Qu Lanyi immediately held Yun Feng in his arms. Yaoyao was held in Lan Yi's arms quickly, while Meatball jumped onto Lan Yi's body and looked at the pale Yun Feng with its big eyes.

The few of them landed in this small area. Yun Feng coughed fiercely and smiled in self-mockery. "I'm now a liability too, am I not?"

Qu Lanyi gritted his teeth. The light elements constantly eased the injuries in Yun Feng's body. "You've caused a lot of trouble by rushing forward recklessly. It's best if you have some self-awareness!"

Yun Feng chuckled. As soon as Yaoyao landed, she struggled out of Lan Yi's arms and jumped to Yun Feng's side. "Xiao Feng, it's my fault..." Yaoyao blamed herself. If she hadn't rushed out in a hurry, Yun Feng wouldn't have had to take Cang Lin's attack forcefully to protect her! She wouldn't be like this right now!

Yun Feng shook her head and sat up immediately. Her chest was surging again, but she held back the corners of her mouth and smiled at Yaoyao. "I'm fine. I'm really fine. Don't come out at such a dangerous moment next time, okay?"

Yaoyao nodded hard with tears in her eyes. Yun Feng coughed a few times and slowly closed her eyes. She felt that the injuries in her body were forcibly healed under Qu Lanyi's desperate transfer of light elements. However, the power of Cang Lin was still in her body and running wild.

Chapter 814: Hiding and Escaping (2)

"Damn you, old man!" Qu Lanyi gritted his teeth and withdrew his hand. He had already detected the situation in Yun Feng's body in such a short time and his face couldn't help but darken. He should've...

"He's indeed vicious, but... he's destined to be disappointed!" Yun Feng smiled a bit mockingly. Cang Lin's strength was still there, but if he thought he could hurt her with this, he was too naive. Even though her body was injured, Yun Feng would recover sooner or later if she was given enough time!

"What you need right now is time," said Qu Lanyi in a low voice. Meatball jumped onto Yun Feng's shoulder and rubbed its body against Yun Feng gently. Yun Feng moved her body, which was still in pain.

"Yes, what we need is time. The search of the merfolk will probably begin soon." Yun Feng looked outside with her eyes and couldn't help but look at Yaoyao again. Even though she didn't say anything, Yaoyao already knew. She immediately shook her head firmly.

"No, I won't leave Xiao Feng!"

Yun Feng didn't say anything else this time. She just reached out and touched Yaoyao's head. She stood up from the ground with difficulty. Qu Lanyi supported Yun Feng and only let go of her after she stabilized herself. Lan Yi looked at the terrain around and suddenly felt ashamed. "Master, I only came here in a panic. I..."

This terrain was the easiest to expose at the moment. Once this place was searched, they would immediately be seen by the merfolk. Yun Feng shook her head with a smile. "I'm already very gratified that you came here. You don't have to blame yourself. There's always a way."

"Hahaha, what a saying! There's always a way out!" A loud voice suddenly sounded in the sky. Yun Feng's black eyes suddenly turned cold and Qu Lanyi's face darkened. The wings on Lan Yi's back immediately became four. Meatball bared its sharp teeth and Yaoyao's expression also became ferocious!

"Human, let's see how you escape this time!"

Following this furious shout, two figures had already chased after them! They were Zi Xuan and Cang Lin!

"Old fart." Qu Lanyi stood next to Yun Feng with coldness in his eyes. The corners of his mouth curled up slowly. Even though he was smiling, there was a hint of blood in his smile. Cang Lin looked at Qu Lanyi's evil smile with a pale face and couldn't help but shiver. He still remembered the moment when he fought Qu Lanyi. A force invaded his body through his arm and was still in his body right now!

Yaoyao's fishtail flashed and stood in front of Yun Feng. Seeing Yaoyao's action, Zi Xuan couldn't help but feel a bit exasperated. "Si Qing! As Si Wen's child, you're protecting a human! You're disgracing the merfolk! You're throwing away the dignity of the merfolk!"

Yaoyao stood in front of Yun Feng with a determined expression. She didn't know anything about the dignity of the merfolk or their disgust for humans! She only knew that the first person she saw when she came to this world was Yun Feng. It was Yun Feng's water element that gave her life. The most important person to her was Yun Feng!

"Don't hurt her," said Yaoyao with a ferocious face. Zi Xuan shouted, "Si Qing! If you refuse to realize your mistake, we'll kill you too! Even if you're Si Wen's child!"

Yaoyao's eyes glittered, but her little body was still standing in front of Yun Feng so firmly. Seeing that, Zi Xuan was so angry that he smiled instead. "Great, great! Human, you're asking the King's child to stand on your side. You're indeed a disaster! A disaster that can't be tolerated!" A strong aura suddenly gathered in Zi Xuan's hand as he stared at Yun Feng. Lan Yi immediately protected Yun Feng behind him. Yun Feng couldn't withstand another attack right now!

"Let's do it, Zi Xuan!" whispered Cang Lin. The attack in Zi Xuan's hand had already been launched! Lan Yi flapped his four wings and charged forward. He couldn't let Yun Feng be injured at all right now! Seeing Lan Yi rush forward, Zi Xuan grunted in disdain. Lan Yi wasn't strong enough in Zi Xuan's eyes, but this sound didn't last long. Qu Lanyi's participation made him frown!

Qu Lanyi's mental strength surged out abruptly and resisted Zi Xuan's attack with Lan Yi. Qu Lanyi had a smile on his face the whole time. He kept attacking Zi Xuan with the light elements in his hand and fought with Zi Xuan with Lan Yi. The two late-stage Monarch Level experts together could fight with someone at the Lord Level! Zi Xuan frowned and fought with the two of them. He was already too busy to attack Yun Feng. Although Cang Lin was injured, he still had the ability to attack.

While Zi Xuan attracted the attention of the two of them, especially Qu Lanyi, Cang Lin smiled viciously and suddenly raised his hand to attack Yun Feng! When Yun Feng saw that Cang Lin took this opportunity to attack her, she couldn't help but curl her lips and sneer. She protected Yaoyao behind her. Meatball's body had already jumped out with force and it roared furiously, "Nana!" As it flew towards Cang Lin like lightning!

"What's this?" Meatball's sudden attack made Cang Lin a bit at a loss. He originally thought that the thing on his shoulder was just for fun, but he saw Meatball rushing towards him fiercely with its sharp teeth. Cang Lin subconsciously raised his arm to block, but Meatball's sharp teeth had already pierced deep into Cang Lin's arm!

Cang Lin was shocked! He widened his eyes and exerted his strength to throw Meatball off. Meatball's little body made a semicircle in the air as Cang Lin did. Its mouth full of sharp teeth left Cang Lin's body and followed Cang Lin's movement to hang a layer of his scales, a layer of flesh!

Cang Lin's body suddenly took a few steps back. He looked at his bloody arm and looked at Meatball in disbelief. Meatball was holding the flesh and blood that was scraped off its body in its mouth. There was a circle of blood around its mouth, which made Meatball's cute appearance look extremely ferocious.

"If you're distracted, you'll die!"

Cang Lin suddenly came back to himself. A gust of cold wind flashed in front of his nose. He only felt that the part of his chest that was in pain was hit again. This time, it wasn't a power fluctuation that hit his body. This time, a fist really hit his body!

Cang Lin suddenly pushed her away in a sorry state. He held the place where he was hit with his hand and still hadn't understood what was going on. Yun Feng didn't give him any time to think at all. Her body was like a gust of wind and her fist was like a raging fire!

Chapter 815: Hiding and Escaping (3)

Cang Lin could only rely on his body's instincts to dodge Yun Feng's attack. The girl's cold black eyes seemed to be able to see deep into his soul. Cang Lin frowned very hard. This human had such a strong physique! Her physique was comparable to that of Magic Beasts!

Thinking of this, a hint of viciousness also flashed through his mind. After all, Cang Lin was old and experienced. Even though Yun Feng's attacks had the advantage, it didn't mean that there was no room for Cang Lin to reverse the situation. To be exact, Yun Feng could only suppress Cang Lin's speed and timing of attack right now. Once he found an opportunity to attack, it wouldn't be a problem for Cang Lin to attack!

And this opportunity would come very soon!

Cang Lin figured out Yun Feng's attack method. She had used magic before, but she was only attacking with her body right now. It was obvious that she was injured. His attack also injured her! Thinking of this, a cruel smile appeared in Cang Lin's eyes. Do you think you can keep suppressing me like this? Impossible!

The silver-white fish tail swept abruptly, causing a large number of ripples. The space in front of Yun Feng immediately distorted and the rapid attack also stopped abruptly. At this moment, strong energy had already gathered in Cang Lin's hand. Such a close distance, such a despicable way of attack!

"Die!" Cang Lin almost bit the word to pieces. The power in his hand was about to press into Yun Feng's body at such a close distance! Yun Feng narrowed her black eyes and quickly clasped her hands together. Elemental fusion!

"No matter what tricks you have, it's useless!" Cang Lin smiled fiercely and was about to slap Yun Feng with his hand. Yun Feng didn't dodge. She rushed forward desperately and the fusion of elements in her hand had already been completed. Her black eyes were full of viciousness!

"I won't let you have it easy either!" The emptiness inside her body made Yun Feng even paler. The fusion of elements had been the shortest and most risky one so far!

Cang Lin was ready to go all out. He suddenly hit Yun Feng's body with his hand, and the elemental fusion in Yun Feng's hand also smashed into Cang Lin's body fiercely!

"Yun Feng!" Qu Lanyi's heart was almost broken when he saw this scene. He immediately ignored what Zi Xuan was doing and rushed into the reckless energy collision! "Master!" Lan Yi also rushed in without caring about his life. Seeing Cang Lin and Yun Feng's attacks, Zi Xuan couldn't help but feel startled. Those two people didn't want to live anymore!

"Nana!" Meatball shouted fiercely as its little body also rushed in. Yaoyao swung her fishtail and was about to rush in, but she was trapped by Zi Xuan's power. Despite what he said, he knew that he couldn't let anything happen to Yaoyao.

Two types of energy were embedded in the bodies of the two of them at the same time. The collision of energy spread out from their bodies and suddenly exploded in the sky above this small area!

"Boom..."

The sound spread far and wide in this area. Si Wen and the merfolk surrounding outside were all shocked. What exactly happened inside?

The moment the power burst out, Qu Lanyi's black eyes were extremely cold. Although Cang Lin was terrified, he didn't give in. The power he gathered hit Yun Feng's body fiercely. Qu Lanyi grabbed Yun Feng's arm with one hand and the light elements suddenly surged into Yun Feng's body!

Lan Yi's wings suddenly extended forward. When the energy spread, it enveloped Yun Feng's body in an instant and the energy that burst out in an instant broke one of Lan Yi's wings! Lan Yi's handsome face was pale. One of his wings was torn off just like that. Blood surged out of the broken part quickly and covered the other three wings on his back. Lan Yi gritted his teeth tightly and wanted to protect Yun Feng completely even though he was covered in blood!

Meatball suddenly rushed over and opened its mouth to bite Cang Lin's arm fiercely. Its sharp teeth were emitting a faint glimmer. After seeing Cang Lin's hand hit Yun Feng, a crazy killing intent suddenly surged in its big eyes!

Cang Lin endured the intense pain and only felt that his entire arm was about to be bitten off by that white thing, but he still didn't let go. His hand hit Yun Feng's body fiercely and the elemental fusion in Yun Feng's hand also blasted into Cang Lin's body at the same time!

The energy collided and shattered! The two of them were also sent flying by their own power!

Zi Xuan, who was outside of the situation, only saw two light balls spread out from the center of the spreading energy and directly fell in two different directions in the forest. The energy trapped in Yaoyao's body suddenly broke in an instant. Perhaps because of the influence of this powerful energy, Yaoyao flew out and chased after Yun Feng before Zi Xuan could stop her!

Zi Xuan was startled and didn't know what to do at the moment. That human fell in the other direction, while Cang Lin fell in the opposite direction. Should he chase after that human or see how Cang Lin was doing? While Zi Xuan was hesitating, a figure suddenly ran over from the direction where Cang Lin fell. Zi Xuan's eyes widened. That wasn't Cang Lin!

"How did you..." Zi Xuan only found it unbelievable. Even he and Cang Lin couldn't have been unscathed from the energy explosion just then. They would have been seriously injured no matter what. And even though Cang Lin was in an extremely sorry state right now, he didn't seem to be injured much. Otherwise, he wouldn't have rushed back so quickly.

"Of course I have some means. That's why I dared to risk my life." The corners of Cang Lin's mouth twitched. The bloody wound on his arm and the wound on his other arm that was about to break made him in unbearable pain. He really couldn't believe that such a Magic Beast, which seemed harmless, could bite him like this! Even though the defense of the merfolk wasn't very high, they couldn't be bitten like this! If Cang Lin knew that Meatball's teeth could break through the absolute defense of the Golden Dragons, he should know that he was lucky that Meatball didn't bite him to death.

The external wounds on his body and the internal injuries caused by Qu Lanyi inside his body made the old man, Cang Lin, lose his composure for the first time. Seeing him like this, Zi Xuan couldn't help but frown. "I think you should go out first. How about this..."

"Don't worry about me! Catch up with that human. I can't waste all my efforts!"

Zi Xuan was puzzled. "She survived the attack you gave her just then?"

"Don't underestimate the young man next to that human," said Cang Lin with a gloomy face. Zi Xuan nodded in agreement. That human was very tricky, but the man next to her seemed to be even trickier.

Chapter 816: Hiding and Escaping (4)

"Let's go." After saying that, Zi Xuan immediately ran in the direction where Yun Feng fell. He couldn't help but look back at Cang Lin. When he saw the skin that was exposed on his upper body, he was enlightened. He couldn't help but sneer in his mind. He really used his family background. I thought he was really going all out. He's just pretending. He's indeed cunning.

The two of them rushed to where Yun Feng was one after another. The trees where Yun Feng fell had already been crushed. There were only a large number of traces of dragging and a large amount of blood scattered on the ground with a strong smell.

Seeing this scene, Zi Xuan snorted. "That human is most likely dead."

Cang Lin, however, frowned and looked around firmly. "I won't be at ease until I see her body with my own eyes!"

"I can understand you hate her because she killed Cang Lin with her own hands in front of you, but your hatred is so deep that it's beyond my expectation." Zi Xuan looked at Cang Lin coldly. He seemed to be too obsessed with Yun Feng's death. The Red Fin also lost one of its fierce generals, Zi Leng. It was most likely this human who did it, but he wasn't as emotional and persistent as Cang Lin.

Cang Lin looked at Zi Xuan deeply and his silent body suddenly descended, starting to search carefully. Zi Xuan pursed his lips and followed behind Cang Lin without saying a word. It was better for the two of them to explore together. There was still an unknown secret in this area. If Cang Lin accidentally found it, the white-finned would get a huge bargain.

Zi Xuan made up his mind to move with Cang Lin. The two of them began to investigate carefully. Apart from the collapsed trees and the messy blood, there was nothing else. Cang Lin and Zi Xuan searched for a long time and finally found nothing. Cang Lin couldn't help but feel a bit angry. Where was she? Where was she?

"Did she escape?" Zi Xuan looked at the mess on the ground and the large pool of blood in confusion. There was so much blood, which showed that she didn't have much strength to escape. Cang Lin didn't hold back at all when he attacked just then. Even if that human didn't die, she might not be able to last long.

However... How far could people who couldn't last long go? So far that they couldn't find them?

The two of them searched back and forth suspiciously. Their energy covered a vast area as they searched, but they still didn't find anything. Cang Lin gritted his teeth hard. He didn't believe it! How could she be gone in such a short time? Even if she escaped, she should have left traces! And now, there wasn't even a trace of her! Why?

"It's very strange. I think she probably escaped." Zi Xuan concluded. Cang Lin wanted to refute, but he couldn't say anything. He could only accept Zi Xuan's suggestion and report to the king first. The merfolk had already started a full search. He believed that even if they really escaped, they would be discovered eventually.

Cang Lin left with Zi Xuan unwillingly in his mind, but the wounds on his body didn't allow him to stay here anymore. The two of them left the sky, and in the collapsed ruins, a piece of soil gradually changed color and turned white. It was an inconspicuous dragon-shaped jade pendant!

A few messy people suddenly appeared on the empty ground on the first level of the Dragon Palace just then. Blood was still flowing down Lan Yi's back that was covered in blood. Yun Feng's face was pale and almost transparent, and her lips were pale. Qu Lanyi's face was also slightly pale. Light elements penetrated Yun Feng's body again. Yun Feng gritted her teeth and shook off Qu Lanyi's hand. Qu Lanyi was about to grab her again with a cold look, when Yun Feng suddenly shouted, "Meatball!"

Meatball, who was lying on her shoulder, suddenly raised its head and attacked Qu Lanyi with its sharp teeth. Qu Lanyi's black eyes were deep and his hand didn't seem to be retreating at all, as if he was

letting Meatball bite him. Yun Feng opened her pale lips gently. "I'm fine. I don't need you to work so hard!"

Qu Lanyi snorted. Seeing that Qu Lanyi wasn't afraid of its teeth, Meatball shrank back slowly. Yun Feng only asked it to scare him. Although Meatball really wanted to bite him, Yun Feng wouldn't be happy. Meatball swayed its little body and returned to Yun Feng's side, looking at Yun Feng with its big eyes full of worry.

"Xiao Feng..." Yaoyao copied Qu Lanyi and kept covering the tiny wounds on Yun Feng's body with the water element. There were a lot of wounds on Yun Feng's body when the two forces collided just then. Not only was her body injured, but there were also a lot of wounds on the surface of her body right now.

"I'm fine..." Yun Feng didn't know what to say. Apart from repeating that she was fine, she couldn't think of anything else that could make these people feel at ease.

"Master!" Lan Yi endured the pain and retracted his wings. He ran over with wet blood on his back. Qu Lanyi looked at the blood on the ground behind Lan Yi and casually waved his hand, covering the wound on Lan Yi's back with light elements.

"Your wing..." said Qu Lanyi casually. Lan Yi simply glanced at Qu Lanyi. "It doesn't matter. Losing a wing is nothing."

Yun Feng glared at Lan Yi. "Who asked you to come here?" Thinking of how Lan Yi spread his wings to protect her at that time and one of his wings was torn off, Yun Feng saw that scene clearly, but Lan Yi smiled. "I'm willing to protect my master."

There were levels among griffins, and the number of wings was the key to determining the level. Lan Yi was a four-winged griffin. Four wings represented absolute glory and power. Four wings were extremely rare among griffins and they wouldn't be lost easily. However, one of Lan Yi's wings was torn apart by that power!

Qu Lanyi's black eyes glittered and he didn't say anything else. The four wings had become three wings. These wings wouldn't grow back anymore. What was reduced was not just one wing.

Qu Lanyi grabbed Yun Feng's hand and didn't let her shake him off. He didn't transmit light elements desperately like he did just then, so Yun Feng didn't shake him off and let the light elements treat her injuries. "In the crisis, I can only send you to the Dragon Palace." Yun Feng's face wasn't pale anymore and she didn't sound weak anymore. Qu Lanyi finally let go of his hand slowly. There was a hint of exhaustion on his handsome face. It seemed that he had consumed too much mental strength.

"It wasn't easy for you to send us here at that time." Qu Lanyi smiled at Yun Feng. Indeed, Yun Feng was seriously injured in that life-and-death moment. It wasn't easy for her to send everyone to the Dragon Palace in an instant.

Chapter 817: Accident (1)

"I didn't have time to come to the tenth level. I could only come to the first level." Yun Feng looked at the empty space around her. Everything that happened when she came here was still vivid in her mind.

The two dragons set her up here and it was also here that Yun Feng met and inherited everything her master left for her.

"I wonder if those two old guys have left." Qu Lanyi couldn't help but look fierce. They hid in the Dragon Palace, but the two old guys outside wouldn't give up easily, especially that one called Cang Lin. If Yun Feng wasn't injured this time and didn't have time to care about anything else, he would definitely let that old guy know what regret was!

"Tsk, tsk. I was wondering who was so noisy. It's you!" A hoarse voice sounded. Yun Feng was stunned. A short figure covered in a layer of black robe appeared in front of her. He had a childish face and a childish body. He looked at Yun Feng and the others with curiosity and anger in his gray eyes.

"Senior Yao Guang!" Yun Feng looked at Yao Guang who suddenly appeared and thought that it would be difficult not to alert Yao Guang. Yao Guang lived in the Dragon Palace. This time, a few people came here together. He would definitely be alerted. She had never thought that Yao Guang would show up just like that.

Meatball cried softly. Yaoyao suddenly shrank her body and hid behind Yun Feng. Qu Lanyi looked at Yao Guang in front of her and raised her eyebrows. Lan Yi was very happy to see Yao Guang. "Lord Yao Guang!"

Yao Guang glanced at Lan Yi, and narrowed his eyes when he saw the deep wound on his back. "Lan, are your wings broken?"

"Lan Yi lost a wing because he was protecting me," said Yun Feng in a deep voice. Yao Guang gradually calmed down. "Hm! As your contracted Magic Beast, it's not a big deal to lose a wing for you, as long as you're alive. By the way, what's going on? Why did you bring them into the Dragon Palace?"

Yun Feng briefly explained the matter. After hearing that, Yao Guang's face was full of disdain. "The merfolk are so free that they're jumping around. Cang Lin? A nobody whose name I've never heard of! When I'm free, I'll kill him with one strike!"

Yun Feng raised the corners of her mouth. Kill him in one attack? It seemed that Yao Guang's strength was far beyond her imagination. How exactly did such a powerful person get trapped in the Dragon Palace for so long?

"So, you've found the Spirit Gathering Grass, kid?" Yao Guang looked at Yun Feng with his gray eyes. Yun Feng nodded, but didn't take it out. Qu Lanyi frowned. "Zi Xuan and Cang Lin won't let it go, and neither will the merfolk. I'm worried..."

"The merfolk are nothing! Zi Xuan and Cang Lin, those two brats, are nothing to be afraid of! Let them search. Hahaha! They won't be able to get out of this Dragon Palace even if they search the entire Endless Ocean!" Yao Guang laughed arrogantly. His hoarse and unpleasant voice made everyone feel ear-piercing for a moment. Even Lan Yi couldn't help but frown, hoping that he wouldn't say anything else.

"What do you mean?" Qu Lanyi frowned and looked at Yao Guang, then at Yun Feng. Yun Feng smiled gently. "My master left this Dragon Palace for me. As my level increases, I can refine it. My current strength..."

“Kid! Who is he? How can you tell him everything?” Yao Guang suddenly interrupted Yun Feng. Yun Feng smiled gently. “Senior Yao Guang, Qu Lanyi isn’t an outsider. He’s someone I can trust with my back.”

Qu Lanyi’s heart trembled. Yao Guang snorted and didn’t say anything else. Lan Yi smiled helplessly. “I’ve only refined the first and second floors of the Dragon Palace. There are nine floors in total. I’ll show you the tenth floor when I have the chance.”

Qu Lanyi nodded. Yun Feng continued, “When I refined the first and second levels, I also learned another secret function of the Dragon Palace. This function is now useful, which is concealment.”

“Concealment?” Qu Lanyi raised her brows. Yun Feng nodded. “The medium between the Dragon Palace and me is a dragon-shaped jade pendant. When I enter the Dragon Palace, the dragon-shaped jade pendant will automatically change its color and fuse with the surrounding scenery, preventing anyone from noticing.”

Qu Lanyi couldn’t help but feel surprised when he heard this. He originally thought that some things in his house were already magical enough, such as the Thousand Shadows Mask he secretly brought out. He didn’t expect the Dragon Palace to be able to do this!

“In that case, it’s indeed impossible for them to find us even if they search the entire Endless Ocean.” There was also a smile at the corners of Qu Lanyi’s mouth. The dragon-shaped jade pendant could automatically change its appearance and color according to its own condition. The dragon-shaped jade pendant itself didn’t have any energy waves. It was just a medium. During the investigation of Zi Xuan and Cang Lin just then, the energy waves of the two of them had already slid off the dragon-shaped jade pendant several times, but how much attention could a normal stone attract?

“We can recuperate here. When the time comes, we’ll go out. Let those two old guys jump.” Qu Lanyi nodded and said. Yun Feng chuckled. She had the same plan. This was a natural place of refuge. If there was any emergency in the future, this would be the best place where nobody could find!

“Is that from the merfolk?” Yao Guang glanced at Yaoyao with his silver eyes, and Yaoyao even hid behind Yun Feng. Yao Guang snorted in disdain. “Kid, you’re indeed lucky to find the Spirit Gathering Grass. Do you have a solution for the Fusion Fluid?” Yao Guang narrowed his eyes slightly. Yun Feng chuckled and suddenly felt that something was wrong in her body, but she suppressed it and put on a smile at Yao Guang.

“We’ll see each other in four years.” Another year had passed since the five-year agreement. She was confident that she could get the Fusion Fluid in four years. If the director of the pharmaceutical institute couldn’t make it, she didn’t mind giving it a try herself.

Killing intent flashed on Yao Guang’s face, which made Qu Lanyi nervous. She waved her black robe, and Yao Guang was already gone. “Be quiet. I’m going back to sleep. Don’t blame me for being rough on you if you wake me up!”

Yun Feng smiled helplessly and said that he didn’t have to worry. Yao Guang didn’t say anything else. Lan Yi walked over and looked at Yun Feng worriedly. “Master, Lord Yao Guang is indeed a bit weird.”

Chapter 818: Accident (2)

“Strange? Didn’t you see the killing intent in his eyes? That’s not fake.” Qu Lanyi’s tone was cold. Meatball nodded. It had never agreed with Qu Lanyi like this. After hearing what Lan Yi said, Yun Feng bent down in pain and spat out a mouthful of blood.

“Master!” Lan Yi was shocked. Yaoyao rushed out from behind Yun Feng in panic. Qu Lanyi grabbed Yun Feng’s wrist. “That old guy did this.”

“Cang Lin?” said Lan Yi through gritted teeth. Qu Lanyi nodded. “That old guy sent some kind of aura of the merfolk directly into Fengfeng’s body through an attack. How can a human body withstand the aura of a Magic Beast?” Qu Lanyi said angrily. “Light elements can’t resolve the aura of these Magic Beasts! Unless...”

“Let me!” Yaoyao swung her fishtail and rushed to Yun Feng. She looked at Qu Lanyi with her blue eyes. “Give my blood to Xiao Feng.”

“Yaoyao!” Lan Yi couldn’t help but feel shocked when he heard what Yaoyao said. Yaoyao was still in her infancy right now. The aura of Cang Lin was so powerful that her blood couldn’t suppress it at all. If she could suppress it, the amount of blood needed wouldn’t be small either. This might very likely endanger Yaoyao’s life!

“No!” Yun Feng’s cheeks were covered in sweat. Cang Lin’s aura was rampaging in her body. Her mental strength couldn’t do anything about this aura at all. She could only let it run wild. Yun Feng’s body was like a raging river. Cold sweat also flowed down. Her lips had already turned purple from her biting. She looked at Yaoyao with her clear black eyes and said very clearly, “No!”

“Xiao Feng!” Yaoyao was anxious. Her tail wrapped around Yun Feng’s body and her blue aura covered Yun Feng’s body. Yun Feng felt a bit better. She straightened her body and touched Yaoyao’s ear fin. “This is just a small problem. It’s nothing.”

Qu Lanyi pursed his lips and didn’t say anything. “If only that guy were here...”

Yun Feng’s black eyes glittered. Lan Yi was a bit confused. “That guy?”

Qu Lanyi looked at Lan Yi and then at Yun Feng. “I mean, Ao Jin, the Golden Dragon. The blood of a Golden Dragon isn’t something that Cang Lin can compare to. As long as Fengfeng has the blood of a Golden Dragon in her body, that old guy’s aura will only be trash!”

Yun Feng chuckled. “I don’t know where Uncle Jin. There are always other ways.”

Qu Lanyi looked at the blue aura covering Yun Feng’s body and observed Yun Feng’s face carefully. “Yaoyao’s aura can help you for the time being. You’re seriously injured right now. If you weren’t injured, you would’ve been able to suppress his aura.”

Yaoyao couldn’t help but feel very happy when she heard that she could help Yun Feng. Yun Feng touched Yaoyao’s ear fin again and sat down with her eyes closed. Yaoyao’s fishtail was still wrapped around her waist, not daring to leave her at all. Meatball jumped off Yun Feng’s shoulder obediently and raised its little head to look at Yun Feng.

Yun Feng closed her black eyes and sat here calmly, starting to heal her injuries slowly. What she needed right now was time. The reason why the aura of the old man inside her body could cause trouble was

because her strength was also injured. When her injuries were completely healed, the old man's aura could more or less be suppressed. At that time, he wouldn't be too much of a hindrance to her. By then, she would slowly find a solution.

Qu Lanyi's light elements kept working in Yun Feng's body, helping her recover faster. Lan Yi and Qu Lanyi also sat down and cultivated with their eyes closed. Qu Lanyi had consumed a lot of mental strength along the way, so she certainly needed time to recover. Lan Yi's back also needed to be healed. This was the time for everyone to focus on healing.

Yaoyao's fishtail was wrapped around Yun Feng's waist and her entire body was nestled in Yun Feng's arms. The blue aura slowly enveloped Yun Feng and herself. Yun Feng and Yaoyao seemed to be in a huge blue egg. Yaoyao also closed her eyes slowly, as if she was sleeping soundly in Yun Feng's arms.

Meatball saw that everyone had closed their eyes and was quiet. It looked around with its little head and approached Yun Feng with its fluffy body. It curled up next to Yun Feng and yawned lazily. It also fell asleep. On the first level of the Dragon Palace, the three figures closed their eyes quietly. The Dragon Palace returned to silence again.

Compared to the silence in the Dragon Palace, the merfolk were in a completely opposite situation. Yun Feng's sudden disappearance shocked everyone. After searching for her for a long time, Cang Lin and Zi Xuan finally gave up and reported the complete situation to Si Wen. The battle with Yun Feng was briefly reported by Cang Lin. After all, as an elder of the white-finned, Cang Lin also wanted his face and dignity.

Si Wen didn't say anything after hearing that. The merfolk's search had already begun. Under the supervision of Zi Xuan and Cang Lin, the Red Fin and the White Fin were also actively and strictly searching. They didn't let go of any corner of this area, but they didn't find anything in the end. Yun Feng seemed to have suddenly disappeared from the world, leaving no trace at all.

Naturally, Cang Lin couldn't give up after receiving such an outcome. Zi Xuan originally thought that Yun Feng had already escaped and Si Wen also thought so. He planned to change the direction of his search, but Cang Lin was unusually persistent and firmly believed that Yun Feng must still be hiding here.

Si Wen patiently searched for a while longer. Two years had passed. The merfolk had mobilized everyone to search for two years, but they still couldn't find any news. Cang Lin wanted to say something else, but Si Wen had already ordered with a cold face that the search wouldn't continue. He maintained the bounty order back then and chased after Yun Feng in the territory of the merfolk in the Endless Sea.

Cang Lin couldn't say anything else. He could only grit his teeth. Nobody knew that when the merfolk were searching recklessly, a dragon-shaped jade pendant was slowly moving and rolling on the terrain in the sea. It kept changing its color according to the surrounding environment and integrating into the surrounding scenery. The merfolk searched the dragon-shaped jade pendant again and again, but they completely ignored it in the end.

The dragon-shaped jade pendant was also taken away from its original position step by step along with the flowing sand and gravel. It moved slowly in this area. The size of the dragon-shaped jade pendant was very small and inconspicuous. Sometimes, it wasn't even as big as a stone. After moving slowly for a while, a strong wind suddenly came and messed up the messy stones on the ground. The dragon-shaped

jade pendant was also swept into the wind along with these messy stones. As the wind moved quickly, it was swept into a very small hole that was very hidden. If it weren't for the rise of the wind, these stones wouldn't have been able to detect it if they had any spirituality. The dragon-shaped jade pendant was swept into the stone hole along with these stones and a larger stone was also swept up. After the dragon-shaped jade pendant entered, it was suddenly stuck in the stone hole. The wind was broken and the stones and the dragon-shaped jade pendant that were swept into the stone hole fell down one after another. However, they didn't fall on the ground, but into a bottomless abyss!

Chapter 819: Accident (3)

Who would have thought that there would be a vacuum behind the stone hole? And this vacuum was a black abyss!

The dragon-shaped jade pendant kept falling, falling and falling in the air. It fell somewhere and finally landed on the ground, making a soft sound. Then, it turned into the color of the surrounding environment and lay there quietly, not moving at all.

Two years passed just like that. The merfolk were still hunting Yun Feng. After two years, all the merfolk thought that Yun Feng had already escaped, but Cang Lin still didn't give up. The only merfolk who was still energetic was this elder with white fins. The internal injuries caused by Qu Lanyi still hadn't recovered. What made Cang Lin most angry was the wounds on his body.

No matter what he did, they couldn't be completely healed! The wounds didn't heal at all, as if they were against him! Even if they were healed, the wounds would immediately tear open if he moved gently. The wound on his arm wasn't a big deal. The key was the wound on his other arm, the one on his elbow that almost tore his entire forearm apart. This wound had never been good. Cang Lin was equivalent to a half-cripple!

The elder of the white-finned was a half-cripple! It would be embarrassing if word got out! Cang Lin didn't announce this matter to the public and he didn't try his best to appear in front of everyone. He didn't know how many times he tried in secret, but it didn't work. Some merfolk even suggested trying to get the Golden Dragon's blood. They were immediately scolded by Cang Lin. The Golden Dragon's blood? They were courting death!

Cang Lin didn't believe that Yun Feng could escape, especially when she was seriously injured back then. He had come into contact with Qu Lanyi and Meatball, so he was even more certain that Yun Feng must have some means, or there wouldn't be such a powerful Magic Beast following her! And there wasn't a trace of fierceness on her appearance at all! Wasn't she pretending to be weak?

With this knowledge, Cang Lin certainly couldn't let his guard down. Even if everyone believed otherwise, he wouldn't. He still had to continue searching! However, Cang Lin didn't know that even if he searched the entire Endless Ocean, it would be very difficult for him to find Yun Feng. At this moment, Yun Feng was hiding in the Dragon Palace and the dragon-shaped jade pendant was buried deep in an unknown abyss. How should Cang Lin find it? Even if he searched for a hundred years or a thousand years, he wouldn't be able to find it!

Cang Lin could only grit his teeth and not give up. The other merfolk didn't have much hope after two years of fruitless searching. Si Wen also sent some merfolk scouts out of the Endless Ocean to the land.

Si Wen certainly had his own plan in his mind. According to his guess, Yun Feng should have already left the Endless Ocean. He really wanted to know if Yaoyao was doing well. If he knew that they were all safe, he would think of a way to deal with the merfolk.

However, Si Wen might not have thought that Yun Feng was still staying in the Endless Sea, in the area where she disappeared.

Time flowed slowly in the Dragon Palace. The three people who had been sitting there quietly seemed to have turned into stone statues. The wound on Lan Yi's back had already healed slowly. The wing that was torn off wouldn't grow back anymore. The blue patterns on one side of Lan Yi's cheek seemed to have deepened a bit.

Yun Feng sat in the middle. Her entire body was still wrapped in the blue aura. There was a calm expression on her face and she was immersed in an inexplicable sense of stability. Yaoyao in her arms also closed her eyes gently and breathed steadily. Her fish tail was still wrapped around Yun Feng's waist. Two years had passed. Yaoyao's fish tail seemed to have grown a bit longer and her body also became more mature.

Qu Lanyi was on Yun Feng's other side. His pale face had already turned better. His momentum slowly seeped out of his body. Logically, light mages usually gave people a gentle and harmless temperament. After all, light elements were famous for their healing power. However, Qu Lanyi, who was sitting there with his eyes closed, gave people a deep sense of danger.

Yun Feng's eyelids moved slightly. Meatball, which had been curled up next to her, suddenly moved. Its white fluffy body shook gently, as if it had woken up from a long dream. Those big eyes opened a bit drowsily, but they became absolutely clear the next second. Its body jumped up and floated in the air, staring at Yun Feng with its big eyes, flashing constantly.

Yun Feng's eyelashes fluttered slightly and her eyelids moved. Finally, she slowly opened her clear black eyes and a dazzling light jumped out of her eyes!

"Nana!" Meatball raised its head and couldn't help but shout happily. Its voice echoed in the empty space of the Dragon Palace and woke Lan Yi and Qu Lanyi up at the same time. The two of them opened their eyes and looked at Yun Feng at the same time. Yaoyao in Yun Feng's arms also moved her body and looked like she was about to wake up.

Yun Feng opened her black eyes and saw Meatball looking at her with excitement on its face. She couldn't help but smile. She reached out and released the blue aura in front of her. Meatball jumped up and pounced on her, rubbing against Yun Feng's cheek hard. Yun Feng couldn't help but curl her lips. It was the same every time. Meatball was truly enthusiastic.

"Congratulations, Master," said Lan Yi with a smile. Qu Lanyi also looked at Yun Feng happily. "Fengfeng, your strength has improved again. I'm truly proud."

Yun Feng looked at Qu Lanyi with a smile in her black eyes. "Why do I feel that you're the most unpredictable one? Congratulations too. You've also improved a lot." Yaoyao, who was in her arms, had already woken up. Seeing Yun Feng's smiling face, she hugged Yun Feng happily and buried her face in Yun Feng's chest, rubbing it hard. Yun Feng couldn't help but blush. When did Yaoyao learn from Meatball?

Seeing Yaoyao's movement, Qu Lanyi's face couldn't help but darken. He reached out and was about to pick Yaoyao up. Yaoyao noticed Qu Lanyi's movement and suddenly roared at him ferociously. After what happened with the merfolk, Yaoyao became more vigilant against the others. The corners of Qu Lanyi's mouth couldn't help but twitch. Why was she rubbing against her breasts? That was his benefit!

Yun Feng glared at Qu Lanyi and touched Yaoyao comfortingly with her hand. She glanced at Lan Yi. "How's the injury on your back?" Yun Feng was very bothered that Lan Yi lost a wing.

"Don't worry, Master. I'm fine. I just lost a wing." Lan Yi smiled. Yun Feng looked at the tattoo on one side of his cheek and didn't say anything else. Thinking of her breakthrough in the past two years, she couldn't help but smile. "I have to thank that old guy, Cang Lin. If I didn't have to suppress his aura, I wouldn't have mustered all my strength in just two years and I wouldn't have reached the peak of the Monarch Level like this."

Chapter 820: Accident (4)

Right, Yun Feng had reached the peak of the Monarch Level in two years!

The peak of the Monarch Level was only one step away from the supreme Lord Level, but the distance needed to take this step was huge and long. Looking at the two continents in the east and west, there were only a few people who had reached the Lord Level. How many powerhouses had lingered in the peak of the Monarch Level for hundreds of years and still couldn't take this step? Yun Feng had already reached the peak of the Monarch Level at the age of twenty. With her age and talent, many of the older generation were ashamed.

Now that Yun Feng was twenty, she was no longer the innocent little girl she used to be. The already beautiful Yun Feng became more dazzling after the passage of time, like a pearl that would become more detailed and bright after time. Yun Feng was one of them.

Her childishness was gone from her facial features. The combination of heroic spirit and gentleness gave her a temperament that was different from others. Her mind was calm and generous, which also made Yun Feng's facial features exude a reassuring look at all times, as if everything would be solved with her here.

The girl was also taller. Compared to a few years ago, Yun Feng had grown half a head taller. Yun Feng was originally very happy, but when she saw Qu Lanyi, she knew that her growth was just a little. She didn't know if it was because of the passage of time or the increase in her strength, but Qu Lanyi's appearance seemed extremely contradictory. His short hair had already grown slightly and covered his ears, making his facial features even more handsome. Those beautiful eyes carried an intoxicating temperament. His fair face and tall body made the girl's heart race.

Yun Feng stood up from the ground, and so did Qu Lanyi. In comparison, Yun Feng suddenly found that Qu Lanyi had grown a lot taller, as if he had broken out of the cocoon in an instant. She had only reached his shoulder so far. Logically, Qu Lanyi was only half a head taller than her when she first entered the Masang School of Magic.

Seeing Yun Feng staring at her, Qu Lanyi curled his lips and smiled. The smile on his perfect facial features made people's hearts race. Yun Feng couldn't help but blush and curse in her mind, "What a handsome man."

“Fengfeng, you’re looking at me so attentively. Do you find your husband charming?” Qu Lanyi winked. Meatball bared its teeth at him. “Nana!” Then, it turned its head to the side in disdain. Yun Feng rolled her eyes at him, but her cheeks were slightly red. Qu Lanyi didn’t miss Yun Feng’s blushing cheeks. He chuckled in a good mood and ignored Meatball’s disdain.

“Speaking of which, your strength seems to be quite interesting.” Yun Feng sized up Qu Lanyi from head to toe and slowly narrowed her black eyes. She had had an inexplicable feeling since the beginning that Qu Lanyi’s strength seemed to be under his control. For example, she had broken through the peak of the Monarch Level, and Qu Lanyi happened to have reached this level as well. As her contracted Magic Beast, Lan Yi’s strength was certainly comparable to hers, but Qu Lanyi’s wasn’t. However, his strength was always on the same level as hers, as if... he could compress his strength freely.

Qu Lanyi’s face stiffened. “Fengfeng, do you think I deliberately suppressed my strength to match yours?”

Yun Feng was silent for a few seconds and didn’t say anything. Qu Lanyi touched his forehead with his hand. “I’m talented, but I’m always inferior to Fengfeng. If I don’t work hard, I’ll be left far behind by you. I can’t allow that to happen.”

Yun Feng was stunned. Was she wrong? “Really? I still think something is wrong.”

Qu Lanyi raised the corners of his mouth. “You’re thinking too much. If that’s the case, why would I let you get hurt?”

.....

Yun Feng didn’t say anything. She turned around slightly and her ears were a bit red. “Don’t call yourself my husband.”

Qu Lanyi’s lips curled with a hint of satisfaction. “My wife, are you... shy?”

Yun Feng glared at Qu Lanyi in embarrassment. Qu Lanyi smiled happily. Meatball pointed its butt at Qu Lanyi in disdain and scolded in its mind, “Nana, nana, nana!” Yaoyao’s fish tail wrapped around Yun Feng’s waist and patted slowly. She looked at Qu Lanyi with curiosity on her beautiful face. Lan Yi coughed helplessly, which eased Yun Feng’s embarrassment.

“Master, should we go out now or wait a while longer?”

Speaking of the main topic, Yun Feng and Qu Lanyi both became serious. Yaoyao raised her little face and looked at Yun Feng. As long as Yun Feng was fine, as long as Yun Feng was here, she would follow her anywhere. Meatball also turned around and glanced at Qu Lanyi in disdain with its big eyes. It sat on Yun Feng’s shoulder and waited for Yun Feng to make a decision quietly.

“It’s been two years. I wonder if those two old guys have given up.”

Yun Feng sneered. “Zi Xuan must have given up. Even though Zi Leng’s death was a blow to him, he obviously didn’t care as much as Cang Lin did. That old guy, Cang Lin, still hasn’t given up yet.”

“How do you know?” Qu Lanyi looked at Yun Feng in confusion. Yun Feng’s face was cold. “I’ve suppressed most of the aura in my body. Cang Lin has this aura in my body, so he should know that I’m

still alive and well. He just doesn't know where I am, or he would've found me even if he had to turn the place upside down."

Killing intent flashed in Qu Lanyi's eyes. "That old man seems to have lived for too long."

"He thinks that I killed Cang Yu with my own hands. It's natural for him to kill me quickly. However, he seems to be obsessed with me, which makes me a bit uncomfortable." Yun Feng thought carefully about Cang Lin's killing intent towards her and felt that something was wrong.

"No matter what it is, he has to pay the price." Lan Yi gritted his teeth and said. He would definitely teach that old man a lesson for hurting his master!

Yun Feng couldn't help but smile when she heard that. Lan Yi was stunned. Yun Feng looked at him with a smile. "Little Fire roared and insisted on coming out. If we let it out, it'll be lively." Lan Yi also smiled. Qu Lanyi raised the corners of his mouth. "We should let it out and mess things up."
