

Summoner 831

Chapter 831: Mine, She's Mine (1)

Yun Qingchen nestled in Yun Feng's arms and looked at his aunt, whom he hadn't seen in years, very affectionately with his big eyes. He put his little arms around Yun Feng's neck with a smile on his face and his little head kept moving around, rubbing against Yun Feng's cheek. Meatball, who was sitting peacefully on Yun Feng's shoulder, was almost squeezed off by Yun Qingchen. Meatball bared its sharp teeth in dissatisfaction, but it didn't expect Yun Qingchen to be so fearless. He also gritted his teeth and made a weird expression at Meatball. Meatball was stunned.

When Meatball showed its sharp teeth, almost everyone was afraid. However, Yun Qingchen, who was only three years old, dared to compete with Meatball, which stunned Meatball. Yun Qingchen smiled happily when he saw Meatball's dumbfounded expression. He reached his little hand forward and was about to touch Meatball's body. Meatball immediately dodged and growled in dissatisfaction.

"Qingchen!" Mu Xiaojin's heart was in her throat when she saw this scene. She didn't forget how fierce Meatball was when Yun Feng threw Meatball to her. It was a Magic Beast that was extremely aggressive! Her son was only three years old. How would he understand this?

Yun Feng couldn't help but feel shocked. However, Yun Qingchen wasn't anyone else after all. Meatball knew what it was doing in its mind. It only growled a few times and didn't attack. Meatball jumped into the air and wagged its tail unhappily. Yun Qingchen grunted in satisfaction when he saw Meatball leave Yun Feng's shoulder. A smile flashed through his bright eyes. I'm the closest person to my aunt!

Nobody noticed the emotions in Little Qingchen's eyes, but Meatball did. Looking at the little thing that occupied its spot in Yun Feng's arms, Meatball only felt a bit dizzy. Yun Feng's shoulder had always been its exclusive spot, but it had never thought that this human would even care about this! Meatball immediately made a judgment in its mind. This kid was even more annoying than Qu Lanyi!

Yun Feng held the little body in her arms firmly, fearing that it would fall if it moved. After all, her chest wasn't that broad. Seeing the happy look on Yun Qingchen's face, nobody would doubt that he was Yun Feng's child. Meatball roared at Yun Qingchen in the air and immediately disappeared in annoyance. Yun Feng couldn't help but feel startled when she saw that. She knew that Meatball had returned to her bracelet.

Mu Xiaojin and Yun Sheng were both slightly relieved. Meatball on Yun Feng's shoulder was extremely fierce. Yun Qingchen drove Meatball away, which was indeed shocking. Little Qingchen didn't realize it yet. He just occupied Yun Feng's entire arms happily.

"Qingchen, your aunt has something to say. Can you go back first?" Mu Xiaojin walked over and reached her hand out, wanting to hold her son back. She coaxed him with a gentle voice, but Little Qingchen directly turned around and held Yun Feng's neck tightly, directly giving the back of his head to Mu Xiaojin.

"No!" Yun Qingchen didn't want to say it at all. Mu Xiaojin raised the corners of her mouth and looked at Yun Sheng. Yun Sheng sighed and walked over. "Chen, come down!" Yun Sheng's tone was much harsher. Yun Qingchen's little body moved and he slowly turned around, shouting very reluctantly, "Father..."

Yun Sheng pulled a long face. Yun Feng couldn't help but smile with her eyes. Her brother had a gentle personality, but he was a strict father in front of Yun Qingchen. When he pulled a long face, he really looked a bit like her sullen father. Yun Qingchen pursed his lips and looked at Yun Feng with his big eyes reluctantly. He wiggled his little body a few times very reluctantly and was unwilling to let go. Yun Feng chuckled when she saw that.

"I'll visit you later."

What Yun Feng said made Yun Qingchen's little face light up. He immediately nodded. "Alright! Auntie must come!"

Yun Feng nodded with a smile and handed Little Qingchen to her brother. Yun Sheng took his son and said, "Feng, go find father with Xiaojin first. I'll go after you."

.....

Mu Xiaojin and Yun Feng both nodded. Yun Sheng then walked back with his son. Little Qingchen lay on Yun Sheng's shoulder and kept looking at Yun Feng with bright eyes. Yun Feng smiled happily. She hadn't been with her nephew for a long time, but she had never thought that he would be so close to her.

Yun Qingchen had just been taken away by Yun Sheng when Meatball crawled out and sat on Yun Feng's shoulder again unhappily. Its fluffy body rubbed against Yun Feng gently a few times and it grunted through its nose. If it weren't for the blood relation between Yun Qingchen and Yun Feng, the person who dared to take Meatball away from Yun Feng would certainly be prepared to receive Meatball's sharp teeth.

"Xiao Feng, how have you been these years?" Mu Xiaojin looked at Yun Feng slowly. She knew that Yun Feng would never suffer a loss with her strength, but she still wanted to ask. No matter how strong Yun Feng was, Mu Xiaojin was still a bit worried in her mind.

Yun Feng smiled gently as she held Mu Xiaojin's hand and led her forward. The corners of Mu Xiaojin's mouth curled up as she held Yun Feng's hand tightly. The two of them held hands and walked forward together. If outsiders saw Mu Xiaojin's expression at this moment, they would probably widen their eyes.

"Why are you like my brother and father? I'm not a kid anymore." Yun Feng said speechlessly. She knew that her family was still worried about her. Even if she stood on the top of this world one day, her family couldn't help but worry.

Mu Xiaojin smiled, and then looked slightly gloomy. "Is the Fusion Fluid related to the resurrection of my brother?"

Yun Feng didn't stop. "Yes. The Fusion Fluid is something I need to resurrect Mu Canghai."

Mu Xiaojin couldn't help but grab it. Yun Feng turned around. "What's wrong?"

Mu Xiaojin stopped and stared at Yun Feng with her big eyes. There was a seriousness in them that Yun Feng had never seen before. Yun Feng couldn't help but stop. "Xiao Feng, what exactly did you go through to revive your brother? Did you encounter any danger?"

Yun Feng held her breath and then smiled. "Of course there was danger, but it's a blessing for me. Don't worry."

Mu Xiaojin tightened her grip again. "I don't want anything to happen to you. Brother... is gone after all."

Yun Feng shook her head and walked forward with Mu Xiaojin. The Mu house hadn't changed at all. It was exactly the same as three years ago. Yun Feng easily found the study Yun Jing used. The two of them were standing outside right now. Yun Feng sighed softly. "Mu Canghai has never been away."

Mu Xiaojin was startled. Yun Feng had already pushed the door open and walked in. When the door sounded, Yun Feng only heard a deep and serious voice. "Is it Xiaojin?"

Chapter 832: Mine, She's Mine (2)

There was warmth in Yun Feng's eyes. Mu Xiaojin let go of Yun Feng's hand and stood there with a smile. Yun Feng faced her sullen father, who was working hard at this moment, and said softly, "Father, I'm back." Just like when she came home usually, Yun Feng didn't look unfamiliar at all, as if she had just walked out of here this morning.

Yun Jing, who was working with his head lowered, suddenly jumped and raised his head. His handsome facial features were frozen there. He still had that expressionless face, but Yun Feng knew that her father's heart was surging with emotions. Yun Jing nodded and looked at Yun Feng deeply. "Alright, it's good to have you back." His voice was slightly dry and he couldn't hide his excitement.

Yun Feng nodded. The father and daughter didn't say or do much, but they both knew the feelings in their hearts. It was a strong longing.

At this moment, Yun Sheng pushed the door open and entered. He called out to his father. Yun Jing nodded. The family sat down and Yun Feng briefly explained the situation in the past three years. She didn't tell her family that she was in the Endless Sea, or Yun Jing, who was as calm as he was, would also go berserk.

She only said that she gained quite a lot after going out for three years. When Yun Sheng, Yun Jing and Mu Xiaojin learned that Yun Feng had already reached the peak of the Monarch Level, the three of them looked surprised and delighted. It could be said that nobody on the East Continent could compare to Yun Feng's talent.

There was unconcealable pride in Yun Jing's eyes and the worry in his mind also increased. It was indeed gratifying that his daughter was so outstanding, but it also meant that the burden on Yun Feng's shoulders was even heavier. The greater a person's strength, the greater the responsibility. Yun Feng wasn't someone who would run away, so she would definitely take this burden firmly, just like she did many years ago.

Yun Jing had the Golden Dragon's blood in his body. His cultivation speed was very fast, but it was firmly suppressed by Yun Jing. After all, a tall tree attracted the wind. The Golden Dragon's blood was enough to make anyone crazy. And once this news was leaked out, there was no telling what the Dragons would say. They might even attack the Yun family in anger. Even though Ao Jin was the leader of the Dragons, his blood was a supreme thing for the Dragons. Since he gave it to a human easily, the Dragons would definitely be enraged.

Yun Sheng's phase body was progressing steadily. The rebirth-like cultivation made Yun Sheng more stable and he knew how to accumulate energy. Compared to other people, Yun Sheng had a strong foundation. Even though he had been in the early stage of the Commander Level, he was stronger than those of the same level. Mu Xiaojin's cultivation was a bit slow. Taking care of Yun Qingchen and taking care of the Mu family's affairs made it impossible for her to focus on cultivation. After all, she was the leader of the Mu family. Even though Yun Sheng and Yun Jing helped her, Mu Xiaojin didn't want to rely on them too much. She had to learn to be independent.

Mu Xiaojin had taken care of the Mu family very well over the years. With the Yun family's protection and the intentional protection of the Shang family and the De family, the Mu family could be considered thriving. Nobody would be so ignorant as to provoke them.

The few of them chatted for a while and then changed the topic of the Fusion Fluid. When Yun Jing said that he didn't know about this, Yun Feng was 100% sure that something happened to the director of the Pharmaceutical Institute.

"The Fusion Fluid is so precious. I'm afraid ordinary stores don't have it at all. Even if you have some tricks up your sleeve, it's not easy," said Yun Jing after pondering for a while. Yun Feng nodded. "The Fusion Fluid is a master-level formula potion. My current pharmaceutical level is only at the master-level. The success rate of the Fusion Fluid is very low. Three years ago, Elder Dan Qing of the Pharmacists' Union said that only the director of the Pharmaceutical Institute can help and only he has ever succeeded."

The three of them were all shocked after hearing that. They didn't know much about potions, but they knew that it wasn't easy to get the Fusion Fluid. However, Yun Feng had already made achievements in making potions, which made the three of them even more shocked.

"Feng, you're the pride of the Yun family!" Yun Sheng said happily. Yun Jing also nodded. With such an all-rounder daughter, he would never let the Yun family down in his entire life.

.....

Yun Feng chuckled. "Master is very good at making medicines. If I don't work hard as his disciple, I'm afraid he won't be satisfied."

The three of them were all shocked after hearing that. Yun Feng's mysterious master was so powerful!

"I'm going to the Pharmaceutical Institute," said Yun Feng. The matter of the Fusion Fluid was a bit strange. Logically, the director wasn't a liar. How would he, who was highly respected, break his promise? If he didn't succeed, he would tell her, but there was no news at all this time.

Yun Jing nodded and said, "If you fail, don't force yourself."

Yun Feng nodded. "Don't worry, father. I know what I'm doing."

After coming out of the study, Yun Feng, Yun Sheng and Mu Xiaojin all ran to Yun Sheng and Mu Xiaojin's room. In their yard, Yun Qingchen's room was connected to the main house. Even though the three-year-old Little Qingchen was still a kid, he already looked like a man. He had his own cabin and wasn't squeezed in the same bed as Mu Xiaojin and Yun Sheng anymore.

Yun Feng pushed the door open and heard Little Qingchen's voice. "Aunt is mine!"

Yun Sheng and Mu Xiaojin both smiled. Their son was very close to Yun Feng, which surprised them. Then, a lazy voice came from Qu Lanyi. "No, Fengfeng is mine."

"No! Aunt is mine!"

"No, Fengfeng is mine."

"She's mine! She's mine!"

"It's mine."

The two of them argued. Yun Sheng and Mu Xiaojin both smiled. Yun Feng raised the corners of her mouth awkwardly. Qu Lanyi was arguing with a kid. Did he have any shame?

The three of them entered the room and saw a rather funny scene. Qu Lanyi was leaning against the chair in front of the window lazily. Little Qingchen stood straight in front of Qu Lanyi and shouted loudly with his angry face, "Auntie is mine!" Then, he rushed forward and struggled to pounce on Qu Lanyi with his arms. Qu Lanyi smiled casually and reached out a hand to Yun Qingchen's head, stopping him easily.

"She's mine." There was a gloating smile at the corners of his mouth. Qu Lanyi looked at Yun Qingchen's angry expression with a smile in his eyes. His angry face was flushed. He was already angry when he argued loudly about who his aunt belonged to.

Chapter 833: Mine, She's Mine (3)

Little Fire and Lan Yi sat aside leisurely and looked at the two of them in boredom. Little Fire couldn't help but roll its eyes a few times, while Lan Yi smiled helplessly. Yaoyao sat in Lan Yi's arms and watched curiously. She turned around and asked Lan Yi, "Who does Xiao Feng belong to?"

Lan Yi raised the corners of his mouth and turned his head to the side without answering. Yaoyao didn't get an answer. She looked at the two of them, who were trying their best to argue, with her big blue eyes. They said from time to time, "She's mine." Little Fire rolled its eyes again. What a group of idiots!

"Master!" Lan Yi and Little Fire shouted at the same time when they saw Yun Feng standing at the door. Yaoyao was about to rush over when she saw Yun Feng's body move, but Lan Yi stopped her secretly. The two of them, who were arguing, turned around and looked at Yun Feng at the same time. Yun Qingchen immediately rushed over and his little body staggered as he pounced on Yun Feng. He raised his little face and said aggrievedly, "Aunt, you're mine."

Yun Feng was stunned. Meatball on her shoulder jumped directly to Little Fire's head and looked at Yun Qingchen with disdain in its big eyes. Yun Sheng looked at his son in amusement. "Chen, your aunt doesn't belong to anyone."

Yun Qingchen looked at her father and then at Yun Feng. Then, he shook his head firmly. "Aunt is mine! I want to marry her when I grow up!"

Qu Lanyi's smiling face suddenly froze. What was going on? This kid wanted to snatch her away from him!

Yun Sheng and Mu Xiaojin were both stunned after hearing that. Their son was indeed precocious. He was only three years old, but he spoke fluently and clearly. The Body-Tempering Source Fluid had not only changed Little Qingchen's potential, but also his mind.

Yun Feng smiled awkwardly. Three years old. This kid was too precocious.

Mu Xiaojin went forward and pulled her son over. She touched his angry little face and said earnestly, "Qingchen, you can't marry your aunt."

Yun Qingchen was immediately upset. "Why not?"

Mu Xiaojin looked at her son with a headache. "Because... She has someone she likes, that big brother."

Mu Xiaojin pointed at Qu Lanyi, who grunted. Yun Qingchen glanced at Qu Lanyi and immediately retorted, "I'm much better than him."

Yun Sheng lost his balance and almost fell on the ground. Qu Lanyi's face completely darkened. Little Fire and Lan Yi couldn't help but laugh. Meatball cried softly, and Little Fire nodded after hearing that. Only Yaoyao didn't understand what was going on. Yun Feng smiled dryly and felt that she couldn't dwell on this question for too long. After all, Little Qingchen was only three years old. He was just talking like a kid. However, Yun Sheng was quite gratified in his mind. His son was right!

"Aunt, wait for me!" Yun Qingchen looked up at Yun Feng. Yun Feng could only nod and touch Little Qingchen's face. "Alright, I'll wait for you." Yun Qingchen was extremely happy to hear that, but one of them was unhappy. Qu Lanyi strode over and pulled Yun Feng to her side. "Why should she wait? You don't have a chance."

.....

Yun Qingchen looked at Qu Lanyi angrily. Her chubby cheeks bulged and she glared at Qu Lanyi with her big eyes in dissatisfaction. Yun Feng was helpless. "Why are you like a kid? Qingchen is only three."

Qu Lanyi looked unhappy. "He's already like this when he's three, let alone when he grows up. We have to stop his thoughts from growing."

Yun Sheng and Mu Xiaojin were quite speechless. Yun Feng sighed and decided not to argue with him anymore. She shook off Qu Lanyi's arm and walked to Yun Qingchen. Yun Qingchen looked at Qu Lanyi proudly and opened his arms, pouting. "Aunt, hug me!"

Yun Feng picked Yun Qingchen up with a smile and sat down. Mu Xiaojin and Yun Sheng sat down too. Little Fire and Lan Yi were indescribably delighted to see Qu Lanyi and Yun Qingchen fight. They had never seen Qu Lanyi suffer like this before.

There was one more thing Yun Feng wanted to confirm right now, which was how much the Body-Tempering Source Fluid had changed Little Qingchen's potential. Three years had already passed, so the effect should be showing.

Yun Feng's mental strength slowly covered Little Qingchen's body. Yun Sheng and Mu Xiaojin were both mages, and Yun Qingchen was certainly one too. The Yun family was a bit unique about the suppression of mental strength on the East Continent. Apart from Yun Jing, Yun Sheng, Mu Xiaojin and Yun Feng were all mages, and Yun Qingchen even inherited this magic bloodline.

Yun Feng was very happy to know that Yun Qingchen was a mage. She retracted her mental strength and looked at Yun Qingchen. She flipped her hand, and a ball of blue elements jumped onto her palm. Yun Qingchen immediately shouted happily after seeing that, "Aunt, do you have them too? I do too!" He opened his hand like Yun Feng did and a small ball of blue elements also appeared in Yun Qingchen's palm, jumping slowly.

Yun Feng raised the corners of her mouth with a smile. Her parents were both water-element mages, and Yun Qingchen was also a water-element mage. However, she didn't think that Little Qingchen was just like that.

The light blue water element slowly disappeared. Then, green wind element surged in Yun Feng's hand. Little Qingchen's eyes brightened when he saw that. "Aunt, I have it too, I have it too!" As if he was presenting a treasure, a small green flame appeared in Little Qingchen's palm and flickered slightly.

There was a smile in Yun Feng's eyes. Very good, wind element.

The surging green wind element slowly disappeared, and a bright flame jumped in Yun Feng's hand. Seeing the fire element, Yun Qingchen pursed her lips and shook her head. "I don't have that." Yun Feng remained calm after hearing that, but the smile in her eyes didn't diminish. The green flame in Yun Qingchen's hand disappeared, and a ball of yellow appeared, forming a small stone that rolled in Yun Feng's hand. Yun Qingchen looked up and gave Yun Feng a big smile. "But I have this!"

Yun Sheng and Mu Xiaojin were dumbfounded when they saw this scene. They knew that their son had the water element, but they had never seen their son use the wind element and the earth element! Little Qingchen had three elements?

Yun Feng put on a smile in satisfaction. A three-element mage was Little Qingchen's talent. Such a talent was already rare. Even though it wasn't as shocking as Yun Feng's five-element talent, it was enough to suppress everyone. Without inheriting Yun Sheng's phase system, Little Qingchen's system was the same as others. The changes in the Body-Tempering Source Fluid were indeed huge. As a three-element mage, Little Qingchen had a promising future.

Chapter 834: Mine, She's Mine (4)

However, Yun Feng wasn't satisfied with just this. Three-element mages were indeed good, but there was an even more tempting profession waiting for Yun Qingchen.

"Aunt, do you have one?" Little Qingchen looked at Yun Feng eagerly with his glittering eyes. Yun Feng chuckled and casually showed him the earth element. Little Qingchen was extremely happy to see that. Qu Lanyi was also slightly surprised to see Yun Qingchen's talent. He didn't expect this kid to have such talent.

Little Fire and Lan Yi, on the other hand, seemed to be prepared. Their master was already so extraordinary. There was nothing surprising about Yun Qingchen, who had been transformed by the Body-Tempering Source Fluid.

"Brother, Xiaojin, I'll take Qingchen away for a while." Yun Feng picked Yun Qingchen up with a smile. Yun Sheng and Mu Xiaojin couldn't help but feel extremely excited in their minds after hearing that.

“Feng, you mean...” Yun Sheng looked at Yun Feng excitedly. Yun Feng chuckled as Little Qingchen stuck her head out in her arms. “Auntie, where are we going?”

Yun Feng reached out and squeezed Little Qingchen’s cheeks. “Let’s go somewhere fun.”

“Sure!” Yun Qingchen was even more excited at the mention of fun. Yun Feng took Yun Qingchen out and instantly soared into the sky, disappearing. Qu Lanyi looked at the sky thoughtfully, thinking about something. Mu Xiaojin was quite excited. “Is it really possible for Qingchen?”

Yun Sheng held Mu Xiaojin in his arms gently. He wasn’t very sure, but he was looking forward to it. “I hope so.”

Little Fire and Lan Yi looked at each other. Both of them had a conclusion in their minds. Meatball, who was sitting on Little Fire’s head, made a few sounds. After hearing that, Little Fire smiled evilly. “No matter how talented that kid is, she can’t compare to Master. I know that very well.”

Lan Yi chuckled. That’s right. Even if Yun Qingchen was really a summoner and had such enviable talent, he couldn’t compare to Yun Feng.

They flew in the air. Little Qingchen wasn’t afraid at all and he looked around excitedly. Yun Feng held him tight to prevent him from falling down accidentally. After a while, the two of them arrived at a place. This was none other than the Foggy Forest next to Chunfeng Town.

Yun Feng stood above the Foggy Forest with Little Qingchen in her arms. Little Qingchen was very confused when he found that Yun Feng wasn’t flying anymore. “Auntie, why aren’t you flying anymore?”

Yun Feng chuckled and landed in the Foggy Forest from the sky with Little Qingchen in her arms. The two of them were at the border between the outermost area of the Foggy Forest and the central area. When Yun Feng landed, this place was completely silent, as if there was no life here.

Yun Feng noticed the silence around and couldn’t help but smile. All the Magic Beasts shrank after detecting her aura and didn’t even have the courage to vent their anger. Her aura at the peak of the Monarch Level must’ve frightened these Magic Beasts quite a bit.

.....

They were indeed frightened. There weren’t even any Magic Beasts above level 7 in this area. With the arrival of a powerhouse at the peak of the Monarch Level, this group of Magic Beasts even wanted to die. They all hid in their nests carefully and couldn’t understand why Yun Feng came here.

“Aunt, where are we?” Little Qingchen looked around curiously. There was nothing here. Why did his aunt bring him here?

Yun Feng’s face darkened and her red lips opened, but her voice came out. “All Magic Beasts below level 9, come out. Don’t let me find you.”

The clear voice spread throughout the Foggy Forest. The bodies of all the Magic Beasts trembled, as if a demonic sound entered their minds. The Magic Beasts around level 9 were all shocked. What was she doing? They had to go out below level 9? Was she going on a killing spree? Why would such a powerhouse kill them? For fun?

Little Qingchen didn't know what Yun Feng was going to do at first. He waited in Yun Feng's arms for a while in boredom and finally noticed something strange. The bushes next to Yun Feng kept rustling, while Yun Feng stood there and waited silently. More and more noises gathered around Yun Feng, and more and more auras gathered around Yun Feng. All the Magic Beasts below level 9 in the Foggy Forest walked out of their nests and ran in Yun Feng's direction!

A large number of Magic Beasts in the Foggy Forest were mobilized. Some auras living deep in the Foggy Forest didn't do anything after hearing Yun Feng's voice. They only discussed a few words together and came to a conclusion. As long as she didn't disturb them, she could do whatever she wanted.

The Foggy Forest was a place where Magic Beasts appeared at all times. Many mercenaries and adventurers had always been trying their luck here. Of course, there were also some descendants of nobles who came here to kill time and show off that I was someone who had seen Magic Beasts fight with Magic Beasts. Back then, when Yun Feng first entered the Foggy Forest, she met Mei Bing and Murong Ran. At that time, Murong Ran was a delicate Young Lady and her strength was only two levels higher than Yun Feng's. However, they couldn't be compared at all right now.

Back then, Mei Bing could be said to be one of the best among his peers. Right now, Mei Bing was also the pillar of the Mei family. However, Mei Bing, who was already twenty-five years old, still hadn't married and had children yet. The leader of the Mei family, Mei Ran, wasn't surprised. His grandson was very outstanding, so he certainly wasn't in a hurry. Besides, he still had to focus on his cultivation. It wouldn't be too late to talk about liking her when he met a girl he liked. In short, everything was up to Mei Bing.

Mei Bing had already reached level 9 at the age of 25, which allowed him to still be in the lead among the younger generation of the Fengyun Empire. Even though he couldn't compare to Murong Yuntian, Ze Ran who became famous later, and Yun Sheng from the Yun family, he was undoubtedly the leader compared to the others.

He, who held an important position in the Fengyun Empire, was certainly the first candidate of marriage for many families. Mei Bing looked very gentle. With his fair, clean face and pretty good strength, he was also someone that thousands of girls admired in their hearts. Yun Sheng of the Yun family was originally a popular lover, but after he married Mu Xiaojin, the two of them were very loving. The girls knew that Yun Sheng wouldn't give them a chance at all, and neither did Murong Yuntian. As for Ze Ran, he was so far away that they couldn't even see him. Only Mei Bing could be around.

Mei Bing worked in the capital of the Fengyun Empire, but he would return to Chunfeng Town for a few days every quarter. And these few days, a few noble ladies shamelessly insisted on following him. Mei Bing was too embarrassed to reject them. These ladies had a high status. The Fengyun Empire wasn't ruled by the royal family right now. It was controlled by the two families. It was a unique existence on the East Continent. If it weren't for the Yun family, the families would probably have already fought.

Chapter 835: Yun Qingchen's Talent (1)

This time, Mei Bing came back with a few followers behind him. The Young Ladies of the three newly risen families of the Fengyun Empire insisted on following him shamelessly. Mei Bing had no choice but to bring these three Young Ladies and the few guards around them to Chunfeng Town. After all, they were a newly risen family and their power base wasn't stable. The three Young Ladies certainly didn't

have the noble temperament they were born with and they weren't knowledgeable enough. After coming to Chunfeng Town, the three of them kept talking about the legendary Yun family.

"Mei Bing, can you take us to see the Yun family?"

"Right, right! Where's the summoner of the Yun family? I really want to meet her!"

Mei Bing's temples throbbed. This wasn't the first time he heard this. As one of the three largest families in Chunfeng Town, the Mei family certainly wanted to get close to the Yun family. However, they didn't know that the Mei family and the Yun family didn't have a deep relationship. Search NewNovel rg on google'

"Ladies, the Yun family isn't something you can meet whenever you want," replied Mei Bing angrily. The three ladies were a bit upset after hearing that. They thought that their current status was quite noble. No matter how much people looked up to the Yun family, they still didn't control the Fengyun Empire.

"The Yun family is indeed noble, but we're not bad either." The three ladies said in disdain. Mei Bing couldn't be bothered with these people, but he didn't expect something else to happen before he could go to the Yun family. "The Foggy Forest! We can go in here, right?"

Mei Bing was suddenly in a trance. Many years ago, the arrogant Murong Ran also wanted to go to the Foggy Forest no matter what and he met Yun Feng from the Yun family there. Usually, Mei Bing would reject such a request, but this time, for some reason, he looked at the three ladies. "That's a place where Magic Beasts run wild. If you're not afraid of death, bring more guards. Don't think too highly of yourself after entering."

The three ladies were enraged. They felt that Mei Bing was looking down on them. They all snorted and said coldly, "With you here, Mei Bing, do we still need guards? Do you think you can't protect us?"

Mei Bing's face twitched. Forget it. There was no need to argue with this group of idiotic ladies. They would naturally go back after walking around the periphery and seeing low-level Magic Beasts. With this mentality of purely dealing with it, Mei Bing didn't care. He immediately led these three arrogant ladies into the Foggy Forest.

Unlike many years ago, Mei Bing was a level-5 warrior back then, and he was already a level-9 warrior right now. The Magic Beasts in the periphery weren't dangerous to him at all, so he led these three noisy Young Ladies into the Foggy Forest at ease. He originally planned to fool them with a few low-level Magic Beasts, but he didn't expect that he wouldn't even see a single low-level Magic Beast.

Mei Bing frowned suspiciously. There wasn't even one low-level Magic Beast. How was that possible? Logically, there should be herbivores that didn't attack, but none of them could be seen right now.

"Mei Bing, where are the Magic Beasts?"

"Yeah, why aren't there any?"

.....

The three ladies looked around. The Foggy Forest was quiet and there wasn't even a trace of a Magic Beast. Mei Bing's heart suddenly pounded. Why did this scene look a bit familiar?

Suddenly, a powerful aura came from afar. Mei Bing immediately tightened his body. That was the aura of a level-9 Magic Beast! Battle energy immediately burst out of his body. Seeing how vigilant Mei Bing was, the three ladies couldn't help but feel nervous. "Mei Bing, is it a Magic Beast?"

Mei Bing automatically blocked all the sounds and stared at the direction where the aura came from. A level-9 Magic Beast appeared in the periphery? What exactly was going on? Mei Bing's level-9 pressure spread out and the aura came straight at him. Mei Bing flipped his hand and held a longsword tightly in his hand. It seemed that a fierce battle was inevitable!

"Swish..." A black shadow flashed quickly in front of Mei Bing's eyes. Mei Bing's pupils shrank fiercely and he couldn't react in time. The body of the level-9 Magic Beast flashed in front of Mei Bing quickly and disappeared in front of him, not even looking at him!

Mei Bing's body, which was bursting with fighting energy, froze there. He only found it a bit unbelievable. That level-9 Magic Beast passed by just like that? Before Mei Bing could react, more and more auras suddenly came one after another. Mei Bing's face suddenly froze. This was... the aura of a group of Magic Beasts! Their levels were so different!

"Swish! Swish! Swish!" Many black shadows flashed in front of Mei Bing's eyes. Level 8, level 7, level 6! There was even a level-1 rabbit hopping over!

"A Magic Beast! It's a Magic Beast!"

The three ladies became excited when they saw the scene in front of them and they screamed loudly. Mei Bing stood there with his brows furrowed tightly as he looked at the place where the group of Magic Beasts disappeared. His mind kept churning. A large group of Magic Beasts treated him and the three women like they were nothing. This couldn't be explained with common sense at all! Magic Beasts were brutal to begin with. How could they pretend that they didn't see humans when they met them? Especially such a large group!

Mei Bing stood there and pondered the movements of these Magic Beasts repeatedly. Their levels were so different, but their destination was the same, as if... someone was calling them!

"They're running! They're running! Let's follow them!" Seeing that some low-level Magic Beasts had run away, the three women certainly couldn't let them go just like that. They moved their bodies and the three of them chased after them. Even though these noble ladies weren't strong, they had some ability after all. When Mei Bing saw the three of them chase after them like idiots, he also pondered in his mind. Even though such behavior was inappropriate, such a strange scene made his heart itch and he wanted to find out the truth!

Mei Bing couldn't speed up at all as he followed the three ladies. Even though he was extremely anxious in his mind, there was nothing he could do. If something happened to the three of them here, there would be endless trouble. Mei Bing endured the anxiety in his mind and slowed down as he followed the route of the low-level Magic Beasts. The three of them moved forward slowly. Luckily, the Magic Beasts didn't go into the Foggy Forest. Mei Bing couldn't help but feel relieved. If they went inside, he wouldn't follow them no matter how curious he was.

When they followed the traces of the low-level Magic Beasts and arrived, the few of them were shocked by the scene in front of their eyes. The place where the three of them were standing was full of Magic Beasts! It was a huge mass and they were all here!

The three Young Ladies opened their mouths wide. They had never seen such a large group of Magic Beasts before! Many of them looked extremely ferocious. This was also the reason why the three Young Ladies didn't dare to shout. They just stood there silently and watched with their mouths agape.

Chapter 836: Yun Qingchen's Talent (2)

Mei Bing was also dumbfounded. It was as if all the Magic Beasts in the Foggy Forest had rushed over. He had never seen such a lineup before! It was a black mass and there were all levels 1 to 9! What made Mei Bing even more surprised was that these Magic Beasts all stopped somewhere ahead, even those level-9 Magic Beasts!

Mei Bing looked ahead firmly with his black eyes and his body suddenly flashed forward. He didn't care about the three women behind him who were still frozen. When he moved forward a distance, he finally saw what was going on clearly!

All the Magic Beasts formed a circle and spread out layer by layer. There were no less than a hundred of them as far as the eye could see. All the Magic Beasts were unusually obedient. All of them were looking at the girl standing in the center of the circle. Mei Bing looked at the girl's slim body and beautiful face. His black eyes widened. That was... Yun Feng!

At this moment, Yun Feng was standing in the center of the circle with Yun Qingchen in her arms. She looked at the Magic Beasts that were rushing here one after another with her black eyes. The Magic Beasts that came were all very obedient, whether they were level-9 or level-1. They all looked like they were letting Yun Feng deal with them. This was the absolute suppression of the difference in strength! If Yun Feng were at the Commander Level, these Magic Beasts probably wouldn't be like this. However, she had already reached the peak of the Monarch Level right now. How would these Magic Beasts dare to not listen?

Seeing so many Magic Beasts around his aunt, Little Qingchen was a bit uneasy at first, but the smile on Yun Feng's face touched him. Yun Qingchen also became bolder. He looked at these Magic Beasts with his eyes rolling curiously.

When most of the Magic Beasts had arrived, Yun Feng smiled and squeezed Yun Qingchen's little face. She asked with a smile, "Qingchen, are you scared?"

Yun Qingchen shook his head. "If you're not afraid, Aunt, I'm not afraid either!"

Yun Feng was very happy after hearing that, but these Magic Beasts sighed in their minds. How would this little madam be afraid of them? It was great that they weren't afraid of her.

"Qingchen, close your eyes." Yun Feng coaxed him gently. Yun Qingchen obediently closed his eyes. Yun Feng's mental strength slowly penetrated Yun Qingchen's body and guided him to the next step. "Tell me what you saw."

Yun Qingchen closed his eyes and pursed his lips, looking very serious. Yun Feng waited patiently. Yun Qingchen suddenly opened his eyes, which were full of excitement. "Aunt! I see so many beautiful things!"

Yun Feng chuckled. Why did this kid open his eyes? But it didn't matter. It was enough that he could see.

As a summoner, the first ability was to be able to sense the elements on the Magic Beasts. Yun Qingchen had undoubtedly done that.

"What are the most beautiful colors?" Yun Feng asked softly. Yun Qingchen was only three years old right now and had never practiced systematically at all. When Yun Qingchen was born, Yun Feng knew after probing that the mental strength in this child's body was also very strong. His cultivation speed would also be very fast.

.....

Little Qingchen obediently closed his eyes again and didn't open them this time. He extended his little finger and pointed in a direction. That was a level-4 Magic Beast. The level-4 Magic Beast that was pointed at suddenly shivered and couldn't help but take half a step back. The other Magic Beasts all looked over curiously. Was it the first one to be attacked?

Yun Feng nodded and touched Yun Qingchen's head. "Alright, open your eyes."

Yun Qingchen immediately opened his eyes and wiggled his little body. "Aunt, why can I see it? Can Mother and Father see it too? I like these beautiful things!"

Yun Feng chuckled and pinched her nephew's cheek. "Only you and I can see it."

Yun Qingchen tilted his head with curiosity in his eyes. "Why can only my aunt and I see it?"

Yun Feng smiled and looked at her nephew's equally clear eyes with her clear black eyes. "Because we're summoners."

Yun Qingchen blinked his big eyes a few times, as if he didn't quite understand what a summoner was. Yun Feng was immediately delighted to see Yun Qingchen's confused expression. Yun Qingchen, who was three years old, was already at level 4. Yun Sheng and Mu Xiaojin would be both shocked when they knew this. Even Yun Feng didn't have a starting point as high as Little Qingchen.

Even though the starting point was very high, Yun Feng didn't want Yun Qingchen to improve his strength too quickly. His foundation must be stable. Only then could she go further on the road of cultivation. Yun Feng looked at Yun Qingchen deeply. This child had been a genius since he was born, but his mind might develop into something else because of his unique talent. This was also what Yun Feng was most worried about.

The Yun family already had such a status on the East Continent, so Yun Qingchen certainly received a lot of attention. If he had lived in other people's adulation and praise since he was young, coupled with such outstanding talent, he would inevitably become an arrogant person. Yun Feng had seen quite a lot of such people.

However, Yun Sheng and Mu Xiaojin certainly knew that they wouldn't raise their son like that. The Yun family had always been low-profile and cautious. Yun Qingchen was much more mature than other children. Perhaps Yun Feng had already overcome her worries.

"Aunt?" Yun Qingchen couldn't help but ask in confusion when he saw Yun Feng looking at him without saying anything. Yun Feng smiled. "Tell me, what kind of person are you going to be in the future?"

Little Qingchen pondered carefully for a while with a serious expression on his little face. He looked cute no matter how she looked at him. After waiting for a while, Yun Feng saw her nephew raise his little head and shout quite loudly, "I want to be an indomitable man! Protect my mother, protect my aunt, protect my father, protect my grandfather, protect the Yun family!"

Yun Feng smiled happily. That's right. The children of the Yun family had such drive, such pride, and an absolutely protective attitude towards the bloodline of the family!

The Magic Beasts around couldn't help but roll their eyes. What exactly were they here for? To watch this human powerhouse talk to this kid? They were sitting here like a group of idiots. They really had no idea what this human powerhouse was thinking!

Yun Feng glanced at the Magic Beasts around and said casually, "You can go now." She only called them here to test if Yun Qingchen had the potential to become a summoner and to confirm Yun Qingchen's current strength.

Chapter 837: Yun Qingchen's Talent (3)

The group of Magic Beasts were all stunned. They were leaving? They could leave? The Magic Beasts above level 7 were almost enraged. Damn it! She had summoned all of them here with such a strong momentum, but they had been squatting here for a long time and didn't know what to do. They had already been dismissed before they figured out what was going on?

The Magic Beasts were all a bit dissatisfied and repressed. Yun Qingchen moved his body uneasily. Yun Feng's black eyes suddenly turned cold and the momentum that she had been suppressing also burst out in an instant! "Why? Do you want me to say it again?"

The faint whisper made the hearts of all the Magic Beasts shrink. They immediately ignored everything else and started running in all directions! Figures left this place as quickly as lightning. The loud noises around lasted for a long time and finally stopped. The Magic Beasts that were still surrounding this place just then were all gone! Search NewNovel~ on google'

Yun Qingchen put his head in front of Yun Feng and said in a low voice, "Aunt, a few people have been watching us. They look like fools..."

There was a smile at the corners of Yun Feng's mouth. She had already known about Mei Bing's arrival, but she had never said anything. There were also the three dumbfounded women. The expressions on their faces were really as dumb as Little Qingchen said.

Yun Feng patted Little Qingchen's head. Little Qingchen didn't say anything else. Yun Feng turned around with him in her arms and glanced at Mei Bing a distance away with her black eyes. Mei Bing suddenly blushed when she looked at him, as if he was caught doing something bad.

Yun Feng walked over straightforwardly. Little Qingchen, who was in her arms, sized up these people curiously. "Mei Bing, long time no see." Yun Feng greeted him. Mei Bing finally suppressed his panic just then and raised his head to smile at Yun Feng. "You're back."

"I'm here to do something," said Yun Feng casually as she chatted with Mei Bing. The three ladies behind Mei Bing also came back to themselves and looked at Yun Feng with a complicated look in their eyes. "Mei Bing, aren't you going to introduce us?"

The feelings of envy and jealousy in the hearts of the three ladies kept surging. They saw that shocking scene just then. This woman, who was about the same age as them, was so capable! How great would it be if they had this ability too?

Mei Bing's face darkened. Yun Feng couldn't be bothered with these three ladies at all. She ignored the gaze of the three of them and nodded at Mei Bing. "I still have something to do. I'll go first."

Mei Bing was about to say something, but Yun Feng had already disappeared with Yun Qingchen in her arms. Mei Bing couldn't help but sigh. Back then, he was still a young genius like her. He didn't expect that he wouldn't dare to pursue her even if he wanted to. The gap was an insurmountable gap!

"She's a powerhouse. Her attitude is too arrogant! Since she knows you, she should know that the Mei family isn't to be trifled with!" The three ladies immediately started chattering in dissatisfaction. Mei Bing glanced at the three women with a slightly dark face and suddenly put on a gloating smile.

"Didn't you say you wanted to be introduced? She's the summoner of the Yun family you've always wanted to see, Yun Feng!"

.....

After saying that, Mei Bing saw that the three women, who were still chattering non-stop just then, were immediately petrified, as if they had swallowed an egg. Mei Bing gloated and turned around to leave. The three women looked at each other and only felt cold sweat on their backs. That was... the summoner of the Yun family!

Yun Feng carried Little Qingchen all the way back to Mu City. On the way, Little Qingchen was still upset about Mei Bing. "Aunt, that man likes you!"

Yun Feng was very helpless. She didn't think that any man would like her, but Little Qingchen swore with certainty. Yun Feng could only let this precocious nephew spout nonsense. When Yun Qingchen saw that Yun Feng didn't have any reaction to Mei Bing at all, he couldn't help but feel a little happy in his mind. His aunt was his. Nobody could steal her from him!

After returning to the Mu family, it was already dusk. Yun Qingchen was a kid after all and was already drowsy in Yun Feng's arms. When Yun Sheng and Mu Xiaojin came up to her, both of them looked excited. Yun Feng chuckled and handed Yun Qingchen to her brother.

Yun Qingchen moved his body and fell asleep in Yun Sheng's arms. After settling Little Qingchen down, everyone came out of the house and sat down in the courtyard outside. Yun Sheng suppressed the excitement in his heart fiercely. "Feng, about Qingchen..."

Yun Feng looked at her brother and Mu Xiaojin in amusement and couldn't help but laugh in her mind. How could Yun Qingchen's potential be bad under the nourishment of the Body-Tempering Source Fluid? Besides, he was already unique as a three-element mage! Parents were indeed too careful.

"Qingchen is now three years old and has the strength of about level 4."

Yun Sheng and Mu Xiaojin were both shocked when they heard that. Then, they were delighted from the bottom of their hearts. After the joy, Yun Sheng looked at Yun Feng solemnly. Yun Feng knew what her brother wanted to ask. She replied with a smile, "Brother, Qingchen won't let you down. He has the potential to become a summoner."

Mu Xiaojin quickly covered her mouth with her hands with tears in her eyes. Hearing that, Yun Sheng sat there without moving for a long time, but he clenched his fists so hard that the veins on them bulged. "Alright, alright." Yun Sheng only said two words, looking exactly like Yun Jing back then.

Little Fire and Lan Yi couldn't help but look at each other. The Yun family had another summoner! Meatball sat on Little Fire's head and nodded a few times, as if it was also very happy. Qu Lanyi was the happiest. He wasn't happy because of Yun Qingchen. He was thinking in his mind that when Yun Qingchen grew up, someone would finally take the burden on his wife's shoulders.

Thinking of this, Qu Lanyi couldn't help but consider seriously if he should use some means to make that kid grow up faster... However, thinking of what Yun Qingchen said during the day, Qu Lanyi's face couldn't help but twitch. Forget it! He'd better be a kid forever!

After discussing Little Qingchen's situation, Yun Feng also expressed her worries in her mind. Yun Sheng and Mu Xiaojin immediately said that they would let Yun Qingchen start from scratch, no matter how high his starting point was.

Regarding the subject of Yun Qingchen becoming a summoner, Yun Feng thought that Yun Qingchen still needed to grow. The second and most important step of becoming a summoner was to comprehend the Array of Contract. Yun Feng could guide Yun Qingchen right now, but she didn't intend to do so.

Yun Sheng and Mu Xiaojin agreed. He was just a three-year-old kid. If he became a summoner at such a young age, Yun Qingchen might go down the wrong path because of his identity as a summoner.

Chapter 838: Yun Qingchen's Talent (4)

It wouldn't be too late to wait until Yun Qingchen grew up a few years later. This was the unanimous opinion of the Yun family. Let Little Qingchen focus on every step in these years. That was the most important thing.

After dealing with Yun Qingchen's matter, Yun Feng said that she wanted to go to the Pharmaceutical Institute immediately. The earlier she dealt with the matter of the Fusion Fluid, the earlier she could be at ease. Yun Feng felt that something was wrong. The earlier she went there, the better she would know why.

Yun Sheng and Mu Xiaojin nodded. Yun Feng said that she could go alone. Little Fire, Lan Yi and Qu Lanyi all stayed in the Mu family. They didn't object. Meatball, on the other hand, jumped on Yun Feng's shoulder. Yun Feng smiled and said to her brother and Mu Xiaojin, "I'm leaving."

Mu Xiaojin and Yun Sheng both watched Yun Feng leave. Watching her slim back disappear in the sky, the two of them looked at each other. "Xiao Feng always tries her best no matter what she does." Mu Xiaojin heaved a sigh. Yun Sheng chuckled. "That's Feng's personality."

Qu Lanyi couldn't help but smile when he heard their conversation. "If Fengfeng wants to do something, she won't allow herself to back down. She'll face any difficulty head-on."

Yun Sheng glared at Qu Lanyi. He didn't like the man who took his sister away! Hearing that, Mu Xiaojin put on a smile. "She takes everything on herself and shoulders everything."

Little Fire rolled its eyes. "Isn't it because of you that Master did that?"

Yun Sheng and Mu Xiaojin both looked ashamed after hearing that. If they could be stronger, if they were like Yun Feng, Yun Feng wouldn't have risked her life so desperately for them.

"Brother Fire, you can't say that," said Lan Yi. He looked at Yun Sheng and Mu Xiaojin. "Master values family and friends. In her opinion, you're the ones she cherishes the most. She's willing to do this for you."

Yun Sheng and Mu Xiaojin immediately felt even worse in their minds. Seeing that, Qu Lanyi couldn't help but sigh softly. "How many people in the world can be like her? You're not useless even if you're not as capable as her. In her eyes, you're not a burden, but her motivation to keep moving forward. You're the root of all her efforts."

Yun Sheng and Mu Xiaojin were both startled. Yun Sheng's eyes were red. Mu Xiaojin buried her head in Yun Sheng's arms as hot tears flowed down her cheeks.

The promise the girl made back then was still engraved in her heart today. If you dare to hurt the Yun family, go through me first!

At this moment, darkness had already fallen on the East Continent. Some people were sleeping peacefully in the quiet night, while some were tossing and turning in bed. The place where the Pharmaceutical Institute was located was unique. There were no towns or villages around due to the strange terrain. Only the Pharmaceutical Institute stood here alone. All the talented young people in the East Continent in the pharmaceutical field were gathered in the Pharmaceutical Institute. It had been more than three years since the day Yun Feng left the Pharmaceutical Institute.

.....

The slogan was still used in the resting room of the Fengyun Empire. Everyone in the Fengyun Empire was proud to have Yun Feng, and they couldn't forget the shocking pharmaceutical competition three years ago. Yun Feng's unbelievable pharmaceutical method was engraved in everyone's mind and she became an unrepeatable legend.

Ever since that time three years ago, all the pharmacists of the Cashya Empire had lost their edge, even after Yun Feng left. The pharmacists of the Fengyun Empire were high-spirited and the pharmacists of the Cashya Empire were very obedient. Even though Lan Ling had a high status in the Pharmaceutical Institute, she couldn't go back to the past at all.

Even though Yun Feng left, the influence she left behind was deep. All the students of the pharmaceutical school knew clearly that the students of the Fengyun Empire was under the protection of Yun Feng and they couldn't provoke her easily. Three years was just a small part of the growth of the pharmacists. These three years were just a fleeting moment. Even the most talented and smart people would only take a small step forward and consolidate their original strength. The path of pharmaceuticals was more difficult than the cultivation of strength and it was even more difficult to move forward. This was also the reason why there were so few outstanding pharmacists.

"Ah! It's so boring!" In the resting room of the Fengyun Empire, Yan Xiaoshi's entire body was sunk into the chair and his face was full of boredom. Xia Jingyi, who was sitting opposite him, smiled lightly. "If you're really bored, how about practicing advanced two-star potions?"

Yan Xiaoshi couldn't help but roll his eyes. After three years, Yan Xiaoshi had risen from the advanced one-star level to the advanced three-star level. He was the fastest and most obviously improved student. "I've been making potions every day. I feel like mushrooms are growing on my body! Those bastards of the Cashya Empire didn't do anything to make me happy."

"Tsk! If Cashya stirs up trouble again, I don't think you'll be able to do anything with your glib tongue." Shang Rui glanced at Yan Xiaoshi with a rather disdainful tone. Yan Xiaoshi immediately jumped up and looked at Shang Rui with his eyes. "Little girl! If you have time to argue with me, go practice your potions! Mid-level three-star!"

Shang Rui bit her lips and stood up without showing weakness. She looked at Yan Lei arrogantly. "So what if you're an advanced two-star?"

Yan Xiaoshi grunted and looked like he was very impressive. Xia Jingyi shook his head helplessly. "Alright, Xiaoshi, you two are really never done fighting." In these three years, Shang Rui, Yan Xiaoshi and Xia Jingyi became familiar with each other. The three of them gradually formed a small group, and Shang Rui and Yan Xiaoshi liked to bicker with each other the most.

"She's the one who doesn't like me! She thought Yun Feng was protecting you, huh?" Yan Xiaoshi said with a hint of loneliness on his face. Shang Rui and Xia Jingyi were the same. When Yun Feng left the three of them back then, they knew that they might never see each other again. Three years passed slowly and she really didn't appear again.

Xia Jingyi couldn't help but look out of the window. At this moment, it was a starry night outside, with endless depths. The three of them fell into silence and thought about the same person silently. Shang Rui was the first to speak. "She must've had higher attainments in the last three years." Shang Rui's mood towards Yun Feng had also changed greatly. From the grudge back then to being protected by Yun Feng behind her back, to the nostalgia and gratitude she felt right now, Shang Rui's mind had also changed a lot.

Chapter 839: Anytime (1)

For Shang Rui, Yun Feng was a shining signpost on the road ahead. She was chasing after her wholeheartedly with a lot of people.

"Of course. She's a genius!" Yan Xiaoshi chuckled. "What level do you think she's at now in the field of medicine?"

Xia Jingyi and Shang Rui both pondered seriously. With Yun Feng's talent, it was hard to say. Yan Xiaoshi supported the back of his head with his arm and looked out of the window as he said softly, "I guess she should be a one-star master."

Shang Rui and Xia Jingyi were more or less shocked after hearing that. A one-star master. Even though Yun Feng created an advanced three-star potion back then, it didn't mean that she was at the advanced three-star level. Such an unbelievable manufacturing method couldn't measure her strength at all! However, it was very possible for her to become a one-star master. With her talent, it was natural for her to reach the master level!

"One-star master. I think so too." Xia Jingyi nodded with a hint of yearning on his face. He was still at the advanced two-star level at the moment. Even though he had made some progress, the extent was limited. Thinking of his improvement in the past three years, compared to Yun Feng, he was simply ashamed of his inferiority.

Shang Rui nodded. One-star Master. She didn't know when she would be able to break through this level. Thinking of Yun Feng's age, Shang Rui smiled. Why was the Fengyun Empire more powerful on the East Continent? The other three empires were afraid of the Fengyun Empire because of Yun Feng from the Yun family.

A person protected an empire and a territory. What kind of influence was that?

Yun Feng was already such a person at a similar age, and she was just a descendant of the Shang family, a mid-level three-star potion maker from the Pharmaceutical Institute.

"Ah! Yun Feng! I really want to see you! You won't die if you come back when you have time!" Yan Xiaoshi roared indignantly. Xia Jingyi and Shang Rui both smiled. They had the same thought in their minds. Yun Feng, I really want to see you again.

The three of them discussed in the resting room of the Fengyun Empire. The person they were talking about had already arrived in the sky above the pharmaceutical school at this moment. There was a girl standing in the night sky with her black hair fluttering slowly behind her. Looking at the familiar school building under her feet, Yun Feng smiled gently. She should talk about the past when she had time. Her body flashed in the sky and Yun Feng's body immediately disappeared from the sky.

In the director's office of the pharmaceutical school, the director of the pharmaceutical school was sitting there with a frown. In the dead of night, this old man still refused to sleep. The wrinkles on his face had increased a lot in the past three years. There was a piece of paper on the table. There were a few words on it that were the main reason why the director was so upset.

"director." A clear call sounded in the quiet room. The director, who was sitting in deep thought and frowning, was shocked. He suddenly raised his black eyes and saw a person slowly walking out of the empty place. There was already a mature aura on her face and the aura around her body was completely different. The director was startled. "Yun Feng?"

"director, it's been a long time." Yun Feng chuckled. Her strength had reached the peak of the Monarch Level, so her momentum was certainly different. Yun Feng was a powerhouse at this moment. She wasn't inferior to the director of the Pharmaceutical Institute, who was a big shot in the pharmaceutical world.

.....

The director of the Pharmaceutical Institute saw that Yun Feng's expression was very strange and the expression on his face changed again and again. He couldn't help but glance at the piece of paper on the table. The director suddenly sighed. "You're here for that bottle of Fusion Fluid, right?"

Yun Feng nodded. This fusion liquid was what she agreed with the director on back then. Three years had already passed. Perhaps the director didn't succeed?

"Ah! The matter of the Fusion Fluid is a bit complicated. I successfully made the Fusion Fluid in three years and specially entrusted someone to escort it to the Yun family." The director had been frowning. Yun Feng was puzzled in her mind after hearing this. If that was the case, why didn't the Yun family receive any news? Perhaps... A glint of darkness flashed in Yun Feng's eyes.

The director sighed again. "There was a problem during the escort. A group of people came from somewhere and took the Fusion Fluid."

"They took it?" Yun Feng whispered to herself. Meatball on her shoulder narrowed its eyes slightly with a thoughtful expression.

"That's right. The Fusion Fluid was taken away by this group of people. When I heard the news, I immediately sent someone to the Mercenary Union to ask for it, hoping to get it back, but unfortunately." The director shook his head. "That group of people is too weird and mysterious. I've been secretly asking the Mercenary Union to investigate, but there's no result at all. They've evaporated since then and never appeared again."

Yun Feng frowned hard. A group of people suddenly appeared and took the Fusion Fluid, then suddenly evaporated without leaving any clues? For some reason, a figure flashed through Yun Feng's mind. That snake-like body, the creepy man who created the Helian family back then!

The slightly green evil eyes and the black robe with dark patterns all over his body. Thinking of this man, Yun Feng couldn't help but think of the pain deep in her heart, the ancestor's soul that was forcibly taken away from her body!

Yun Feng's face suddenly darkened. The director couldn't help but feel shocked in his mind when he saw this. He thought Yun Feng was angry about this matter. "Kid, if I had been a bit more cautious about this matter, perhaps there wouldn't have been any mistakes."

Yun Feng's expression finally eased up. Meatball on her shoulder rubbed against Yun Feng's cheek gently and Yun Feng smiled lightly. "You don't have to do this, director. Things happened too suddenly. Nobody expected it. I was also at fault in this matter. If I didn't ask you to send the potion to the Yun family, I could've come and fetched it."

The director couldn't help but feel comforted in his mind. This kid still wanted to take the blame. Seriously... "Kid, if you're not in a hurry, you can wait a while longer."

Yun Feng frowned. Should she wait? "Do you have the confidence to finish it in eight months?" There was only less than nine months left for her and Yao Guang's five-year agreement. Eight months was already the limit Yun Feng could wait.

“Eight months?” The director couldn’t help but smile wryly. “Kid, do you know how long it took me to make it successfully? You asked me to finish it in eight months. You think too highly of me.”

Yun Feng’s black eyes darkened. The director pondered for a while and fixed his eyes on Yun Feng. “But there are other ways. Even though eight months is too rushed, it’s not impossible.”

Chapter 840: Anytime (2)

“What is it?” Yun Feng immediately looked up with glittering eyes. She would do whatever it took!

The director chuckled. “Of course it’s you, kid! It’s impossible for me to make it in eight months, but it’s very possible with your help.”

Me? Yun Feng looked at the director of the pharmaceutical school in shock. The director chuckled. “Why? Don’t you believe in your own ability?”

Yun Feng’s red lips curled up after a while. “No, of course not! I’ll definitely help the director.”

The director nodded in satisfaction. He wasn’t sure in his mind either. With this kid’s help, he could indeed save a lot of time. However, eight months was too rushed and the success rate of the Fusion Fluid was so low. It was really unknown if he could succeed in such a short period of time. Thinking that he had to make the Fusion Fluid in eight months, the director couldn’t help but sigh. If he really succeeded, he would have broken the record in the pharmaceutical world.(Search New Novel*)

At this moment, it was already late at night. Even though he was anxious in his mind, seeing the exhaustion on the director’s face and thinking that he had been worrying about the loss of the Fusion Fluid, it was reasonable to say that he had already reached an agreement by creating it. The loss of the Fusion Fluid had nothing to do with him, but he was so sad only because he care for Yun Feng.

Yun Feng was grateful and asked the director to have a good rest. The director was stunned. “Kid, you seem to be in urgent need of the Fusion Fluid. Why don’t you start now?”

Yun Feng smiled. “director, have a good night’s rest. It doesn’t matter how anxious I am.”

The director chuckled and sighed as he watched Yun Feng push the door open and walk out. This student was very considerate. The director only had two personal disciples, Lan Ling and Yun Feng. Even though Yun Feng became the director’s disciple because of the Fusion Fluid, the director didn’t care.

Yun Feng was undoubtedly the student that made any teacher the most proud. Not only did she have outstanding talent, but she also had a tenacious personality. She wasn’t ostentatious at all and didn’t have a proud and complacent personality. In this aspect, Lan Ling completely admitted defeat and wasn’t as mature as Yun Feng.

If this happened to Lan Ling, she probably wouldn’t care about the director himself and would only care about her own business. The director couldn’t help but shake his head and chuckle. If only Lan Ling was half as good as Yun Feng.

Yun Feng pushed the door open and walked out, but she was thinking about the group of people who suddenly appeared halfway and plundered the Fusion Fluid. Yun Feng wasn’t sure if that group of people was related to that weird man, but the behavior of the two of them was exactly the same. They both evaporated after the incident and couldn’t be found anymore.

There was another question that bothered Yun Feng right now. Why did those people steal the Fusion Fluid? To interfere with Yun Feng's plan? That was impossible. Not everyone knew about the matter of resurrecting Mu Canghai. Even the director, who was responsible for creating the Fusion Fluid, didn't know about it. Was it to interfere with the Yun family? The Fusion Fluid was to be sent to the Yun family. People who didn't know the truth would definitely think that the Yun family needed the Fusion Fluid and they would ruin the Yun family's business by stealing it. Was it really that simple?

.....

"Nana." Meatball called softly. Yun Feng touched Meatball's fluffy body with her hand with a serious look. "I'm worried right now. What's the use of the Fusion Fluid after it's stolen?"

Meatball narrowed its big eyes, and Yun Feng looked even more gloomy. Were they trying to resurrect someone by stealing the Fusion Fluid? If that was the case, who would be resurrected? And what effect would it have? If it was really done by that creepy man, things would become more and more tricky.

Meatball nuzzled Yun Feng's cheek and asked her not to worry too much. Yun Feng noticed Meatball's comfort and couldn't help but smile. "Yes, I know. If it's already happened, it's useless to worry too much. You'll know when you encounter things."

Meatball nodded. Yun Feng smiled and was about to walk down the stairs, when a figure that was going upstairs stood there and blocked Yun Feng's way firmly. There was only a pair of surprised black eyes looking at Yun Feng in the dark corner. Then, anger surged abruptly.

"Yun Feng!"

Hearing the gnashing of teeth, Meatball looked at the woman in front of it unhappily, but Yun Feng didn't. She only chuckled. "Lan Ling."

Comparing the two of them, Lan Ling became the unreasonable one, even though she had the intention to do so in the first place. Lan Ling had always been angry in her mind, especially after the public competition three years ago. Even though she had successfully made the potion, she was certainly dispensable under Yun Feng's brilliance. Yun Feng won everyone's attention and caused quite a huge sensation. Coupled with the way the Cashya Empire apologized to her, Lan Ling could be said to have lost all her face.

The Presidents of the two major pharmaceutical companies, Dan Su and Dan Qing, were present in the competition that time, so they certainly had a purpose. Lan Ling was quite good, and Dan Qing and Dan Su also admitted it. After all, she was the director's personal disciple, so she certainly had some capital. However, there was still Yun Feng. Even if Lan Ling was glorious, she would become dim and lusterless.

Lan Ling didn't expect Yun Feng to leave the pharmaceutical school after that. Nobody knew where she went. Lan Ling couldn't come to a conclusion even if she beat around the bush with the director, but she was happy in her mind. Yun Feng was gone and she was still the most glorious one! However, Lan Ling was wrong! Even though Yun Feng was gone, she was no longer the Lan Ling who was deeply respected in the past. She was no longer an existence that all the students of the pharmaceutical school looked up to, because a name was fiercely pressed on Lan Ling's head. Yun Feng!

The Cashya Empire had lost the edge, and so had Lan Ling. Lan Ling wasn't someone who would admit defeat just like that. She certainly had other plans in her mind. The Pharmacists' Union would definitely do everything after seeing her performance. After all, Yun Feng was gone. They could only come to rope her in! Lan Ling waited for the elders of the Pharmacists' Union to come in person in delight, but they didn't even see her! Everyone seemed to have forgotten about Lan Ling!

Lan Ling was so angry that she gritted her teeth. Sure! Those elders of the Pharmacists' Union were arrogant. They only saw Yun Feng in their eyes, so she would work harder to surpass her! She would let them see that she was also extremely talented! Lan Ling had been working even harder these three years, but what made her even more frustrated was the attitude of the director towards her, which made Lan Ling feel quite hurt in her mind.
