

Summoner 861

Chapter 861: A Rising Storm (1)

?

“Miss Yun, this is where the summoners gather. Miss Yun is a distinguished guest of the Summoning Union. The Summoning Union will certainly prepare everything for you.” Ling smiled and handed Yun Feng an exquisite card with a row of numbers on it. “The Summoning Union has a special reception building here for the summoners of the Summoning Union. Someone will arrange it for you when you get there.”

Yun Feng took the card and thought that the Summoning Union was very considerate. It indeed saved a lot of effort. Ling bowed slightly to Yun Feng. “I have something to do. Goodbye.”

Yun Feng nodded. Qu Lanyi and Mu Canghai walked in first. Yun Feng was about to follow them, but heard Ling’s call. She stopped and looked back at him. “What’s wrong?”

Ling walked over slowly with a faint smile on his handsome face. Yun Feng didn’t know what he was going to do. She only saw him reach his hand out to her chest. Yun Feng’s black eyes glittered and she was about to move when Ling chuckled and said, “Miss Yun, your badge is crooked.”

Yun Feng was stunned. The man had already straightened the badge gently with his slender fingers and took a step back politely. “Miss Yun, there’s something Ling didn’t say.”

Yun Feng was a bit embarrassed. Ling couldn’t help but feel warm in his eyes when he saw Yun Feng’s expression. He retreated quietly with a distant look. “Miss Yun, I’ve always been looking forward to the Convention. I’ve always been looking forward to seeing you.” After saying that, Ling turned around and left without waiting for Yun Feng to react. He gave Yun Feng a graceful back.

A big hand suddenly pulled Yun Feng over and Yun Feng’s back bumped into a warm embrace. Qu Lanyi’s cold voice came. “That kid...”

Yun Feng raised the corners of her mouth. “He didn’t say anything.” She moved away from Qu Lanyi’s arms. Qu Lanyi didn’t ask again with a sullen face, but he held Yun Feng’s hand firmly with his big hand. Yun Feng smiled and let him hold her hand.

Mu Canghai stood aside and looked at Yun Feng thoughtfully. Yun Feng smiled as the three of them walked forward. It didn’t take them much effort to find the reception building of the Summoning Union. This area was very large and there were quite a lot of places for accommodation, but the building in front of them was the most outstanding one. The decoration was exquisite and the floor was also the highest. It was indeed as expected of the reception building specially set up by the Summoning Union.

Yun Feng pushed the door open and entered. There were quite a lot of people in the vast hall. Some of them were certainly summoners, while the others should be companions of the summoners. The reception was divided into five parts, corresponding to the level division of the Summoning Union. Yun Feng had a four-star badge, so she certainly came to the four-star reception area.

When Yun Feng came to the four-star reception area, a few people were there. Yun Feng glanced over curiously and found that there was only one person with the Ring of Contract on his hand, and that person seemed to be quite young. This person was surrounded by five people.

Summoners usually came from powerful backgrounds. Even if the family behind them wasn't strong, someone would certainly rope them in. The status of summoners in this world was always higher than that of others. Yun Feng waited behind, keeping a distance from this group of people and waiting for them to finish quietly.

The people surrounded by four or five people were wearing high-quality clothes. Seeing how respectful the people around her were, Yun Feng thought that she must be a summoner from a large family. After waiting patiently for a long time, it seemed that there was always something that these people weren't satisfied with. Luckily, this was the four-star reception area. After a long time, only Yun Feng was waiting here. If it was elsewhere, there would probably be complaints.

Yun Feng wasn't in a hurry. She just waited quietly. There seemed to be some trouble at the reception. "How do you do things?"

"Do you know who my Lady is?"

Yun Feng raised her brows. This group of people caused quite a huge commotion. Qu Lanyi also frowned, while Mu Canghai glanced at them coldly and was no longer interested.

Meatball on Yun Feng's shoulder yawned in boredom. Its little body pressed against Yun Feng's cheek, as if it was drowsy. Yun Feng and the others had already waited here for more than two hours, but those people still didn't seem to be leaving.

However, these few roars attracted the attention of the entire hall. The four-star receptionist's fearful voice came. "This is also something we can't control..."

"What do you mean you can't control it? Our Young Lady is a four-star VIP! You're treating VIPs like this! Ah!"

"This is indeed..."

"Alright." A rather elegant and beautiful voice appeared and gently stopped the attendant who was about to flare up. "The room is just a bit small. It's fine."

"But my Lady, your identity is different. How can your room be small? If Master finds out, this..."

"That's enough." The person in the middle said. The servants on the side immediately shut up and didn't say anything else. The staff at the four-star reception office smiled a few times. After a while, the group of people finally finished what they were doing. When they turned around and were about to leave, Yun Feng, who was waiting behind, met this four-star guest.

The person in the middle was a girl with a noble and elegant face. The facial features on her face showed an aura of maturity. She should be around twenty-five years old. There was a kind of superior aura around her, but her little face didn't seem so cold.

The girl was obviously stunned when she saw Yun Feng, as if she didn't expect someone to be waiting behind her. She subconsciously glanced at Yun Feng's chest. After seeing the four-star badge, the girl's

eyes brightened. Seeing that they were finally done, Yun Feng sighed in her mind. They were truly a handful.

To Yun Feng's surprise, the girl walked over gracefully. Yun Feng raised her brows, and the girl's attendants immediately said, "My Lady..."

The girl gently waved her arm, and the servants immediately fell silent again. There was a smile on the girl's face, which made her look much more friendly but also a bit distant. The girl walked to Yun Feng and glanced at Mu Canghai and Qu Lanyi next to her. She was surprised in her mind that the two men next to her looked quite sophisticated.

The girl couldn't help but compare Mu Canghai and Qu Lanyi to her attendants in her mind. The two parties were certainly far apart.

"I'm sorry for wasting your time." The girl smiled gently. So, she was apologizing to Yun Feng. Yun Feng only found it funny in her mind, but she replied, "You didn't have to apologize. I'm fine."

Chapter 862: A Rising Storm (2)

"Hello, I'm Yao Man from the Thousand Snow Hall."

The Thousand Snow Hall? Yun Feng thought secretly. The Thousand Snow Hall of the three halls was completely unfamiliar to Yun Feng, but she would definitely meet those people at the Summoners' Convention this time. Wasn't the person in front of her right now?

"Yun Feng." Yun Feng reported her name. She didn't mention anything else. Yao Man didn't mind. "I really didn't expect someone to be waiting behind. Yun Feng, don't mind me."

"I said I won't. Is there anything else?" Yun Feng looked at this noble disciple who pretended to be friendly in front of her. What she said just then was inexplicably sarcastic. The expression on Yao Man's face froze. "Ah, no."

Yun Feng walked past Yao Man casually and the servants immediately swarmed forward. "My Lady, this person treated you with such an attitude!"

"Yes, it's demeaning for my Lady to talk to her! She should be grateful!"

Yao Man's face turned cold, and the servants immediately fell silent again. Yao Man looked at Yun Feng, then turned around and left. Yun Feng and the others weren't as picky as Yao Man. They quickly finished the procedures. The four-star receptionist was also relieved. Yun Feng had her own room. Mu Canghai and Qu Lanyi, as her companions, certainly weren't with her. Their rooms were quite convenient. They were next to Yun Feng's.

After everything was done, the three of them went upstairs. Yun Feng's room was on the fourth floor. There were a lot of rooms on the fourth floor in the wide corridor. Yun Feng looked at the card in her hand and found her room. The three of them entered their rooms and prepared to rest for a while.

Yun Feng pushed the door open and entered. She only felt that the room was too empty. It was more than enough for her alone. The area was almost the size of a small yard. The facilities in the room were extremely good. Yun Feng closed her eyes slightly. Xia Qing, who was practicing in peace on the tenth

floor of the Dragon Palace, heard her teacher's voice and immediately opened her eyes. The Flower Eagle, who was practicing with Xia Qing, was the same.

Xia Qing stood up happily. She was certainly happy to hear Yun Feng's voice. The master and disciple hadn't been in contact for a long time. A warm white light enveloped Xia Qing and the Flower Eagle's bodies and they were taken out of the Dragon Palace in an instant. After the Flower Eagle and Xia Qing came out, they couldn't help but feel a bit surprised when they saw this luxurious and empty room.

"Master, where is this?" Xia Qing asked in surprise. Yun Feng then briefly told Xia Qing about the Summoners' Convention. After hearing that, Xia Qing was extremely excited. Her black eyes glittered and her cheeks also flushed slightly.

"So, I can see a lot of summoners and Magic Beasts!" Xia Qing's eyes were immediately full of yearning. Yun Feng smiled and nodded. Seeing how excited her student was, Yun Feng knew that Xia Qing would benefit a lot from the Summoners' Convention.

"That's great! I can learn a lot of things!" Xia Qing looked at Yun Feng with bright eyes. Yun Feng petted Xia Qing. "That's right. I won't let you miss such a grand event."

.....

"Master, you're the best!" Xia Qing jumped into Yun Feng's arms. Yun Feng was someone Xia Qing admired. It could be said that Yun Feng was the target Xia Qing was chasing after. With such a powerful and gentle teacher, Xia Qing felt that she was the luckiest person in the world.

Yun Feng smiled helplessly. Xia Qing was already fifteen right now, but she still had the personality of a child. Seeing Xia Qing's attitude, there was also a hint of helplessness in the Flower Eagle's beautiful eyes. Yun Feng looked at the Flower Eagle, and the Flower Eagle immediately became nervous when it noticed Yun Feng's scrutinizing gaze.

"Right! Teacher, teacher! I've already reached the peak of the Commander Level!" Xia Qing raised her head from Yun Feng's arms and reported excitedly. Xia Qing was especially happy that her strength had increased. She would make her teacher even more proud if she improved!

Yun Feng nodded in satisfaction. Xia Qing could rise from the mid-stage to the peak of the Commander Level in five years. This speed was very fast. It had to be known that it wasn't easy to rise to the Commander Level. Xia Qing could only improve so quickly with the help of the tenth level of the Dragon Palace.

After Xia Qing came out, Yun Feng had already found out her level of strength. Her student indeed didn't let her down. Even though Xia Qing had just reached the peak of the Commander Level and her strength hadn't been consolidated at this level, she was indeed very talented.

"You've just entered the peak of the Commander Level. You still need to consolidate your strength. Even though you're advancing very quickly, you must remember that your foundation must be stable," said Yun Feng solemnly. Xia Qing nodded hard. "Don't worry, teacher. I'll definitely be down-to-earth!"

Yun Feng smiled in satisfaction. The taboo on the path of cultivation was to be arrogant and impatient. No matter how talented she was, her foundation was unstable. Yun Feng was a rigorous and

hardworking person herself, so she certainly hoped that Xia Qing would be the same. Only by taking one step at a time could she grow better and go further.

Yun Feng said a few more words, and Xia Qing remembered them all in her mind. Then, Yun Feng told Xia Qing what Ling told her. Xia Qing immediately followed Yun Feng's instructions and put the Flower Eagle back into the Ring of Contract, putting the green ring on her finger.

"Master, there must be all kinds of summoners coming to participate. Will there be old monsters who live in seclusion in the forest?"

Yun Feng couldn't help but smile after hearing that. Old monsters? What kind of description was that? "There should be. After all, such a convention can only be chanced upon by luck. You'll definitely get something if you participate. For those so-called old monsters of yours, there might be other meanings."

"Other meanings?" Xia Qing was puzzled. Yun Feng smiled and didn't explain. For summoners with low strength, this was a good opportunity to learn and communicate, but for powerful summoners, what they wanted wasn't just to learn and communicate. The contracted Magic Beasts of powerful summoners were quite delicious. They could steal and take them for themselves. There would be a lot of shows.

The Flower Eagle Xia Qing contracted was also a rare species. She, who had the strength of the peak of the Commander Level, wasn't a powerhouse. If a Monarch Level summoner wanted to take the Flower Eagle away by force, Xia Qing wouldn't be able to resist. However, Xia Qing was with Yun Feng, so nobody would dare to attack her easily.

Yun Feng told Xia Qing not to leave the territory of the Summoning Union. Even though Xia Qing was ignorant, she vaguely understood how powerful it was. She knew that the Magic Beast she contracted wasn't ordinary species, so she certainly had to be extremely careful. At the same time, Yun Feng also told her that this was the area where the four-star VIPs were located, which meant that everyone here was a powerful figure at the Monarch Level. Xia Qing couldn't help but feel shocked after hearing that. Yun Feng hadn't told Xia Qing that there were five-star Magic Beasts in the Summoning Union. They were all at the Lord Level, but Yun Feng hadn't seen them yet.

Chapter 863: A Rising Storm (3)

The master and disciple talked for a while longer and the day passed just like that. Yun Feng planned to take Xia Qing out for a walk the next day to see what kind of distributions were in the Thousand Peak City and to understand the procedures of the Summoners' Convention.

When night came, Yun Feng quietly sealed her space. She had to be careful in Thousand Peak City. After doing everything, Xia Qing was already asleep. Yun Feng finally remembered that this girl didn't seem to have said anything about Little Fire after she came out. She couldn't help but sigh. It was good that Little Fire wasn't with her, so that these two wouldn't be awkward. However, it would be a different story after the convention began.

The morning came as expected. When Yun Feng opened her black eyes, she instantly noticed that there were subtle movements in many rooms on the fourth floor. Those were the fluctuations of the space blockade being lifted. Yun Feng slowly sat up from the bed and raised her arm to remove the space blockade. This floor was indeed full of extraordinary people.

Xia Qing then got up in a daze and smiled at Yun Feng innocently. Yun Feng walked to the window and looked at the Thousand Peak City that had just woken up in the sunlight outside with her black eyes. The Summoners' Convention this time would definitely not be peaceful.

Both of them washed up and pushed the door open. The person in the opposite room did the same. Yun Feng looked at the person who lived opposite her and thought it was a coincidence. The other party was also startled when she saw Yun Feng. Then, she smiled elegantly. "So, we live opposite each other."

Xia Qing looked at the elegant and noble woman in front of her curiously. Even though she spoke very kindly, she had actually drawn a line. Yun Feng smiled gently. "It's indeed a coincidence." The woman in front of her was Yao Man, whom she had met yesterday.

There were also sounds in the two rooms next to Yun Feng's. Qu Lanyi and Mu Canghai walked out respectively. Xia Qing called out happily when she saw Qu Lanyi, while Qu Lanyi petted Xia Qing. "Kid, you've improved a lot."

Xia Qing chuckled and glanced at Mu Canghai, who seemed a bit cold on the side. His different-colored eyes, in particular, made Xia Qing's heart tremble. Mu Canghai nodded at Xia Qing and didn't say anything.

Meatball suddenly stretched on Yun Feng's shoulder and yawned. Its sharp teeth were faintly discernible. Yao Man looked at Meatball and then at the Ring of Contract on Yun Feng's hand. "I'm going out today too. Why don't we go together?"

The corners of Yun Feng's mouth curled up. "No, I still have something to do."

Yao Man remained calm. "In that case, I'll go first."

Yao Man turned around and walked downstairs elegantly. Her servants didn't come to the fourth floor. Qu Lanyi couldn't help but sneer after watching Yao Man disappear. "Look at her."

Yun Feng held Xia Qing's little hand and walked forward. "Apart from everything else, she's a lightning-element summoner and has the strength of the Monarch Level. She's indeed a genius."

.....

Mu Canghai's eyebrows moved. Speaking of geniuses, who could compare to Yun Feng?

"The lightning element?" Qu Lanyi snorted in disdain. He flashed to Yun Feng's side and lowered his handsome face quickly. Yun Feng only felt a gentle kiss on her cheek. "Even the lightning element genius can't compare to my wife." There was a gentle light in his charming eyes. Qu Lanyi smiled gently and Xia Qing lowered her head with a smile. Meatball on Yun Feng's shoulder suddenly shivered and opened its mouth to bite!

Yun Feng suddenly grabbed Meatball's tail and blushed. Meatball struggled in Yun Feng's hand. "Nana, nana!" Yun Feng touched Meatball and looked up at Qu Lanyi. This man was getting bolder, but what he said made her very happy.

Mu Canghai didn't seem to see this scene and went downstairs alone. Qu Lanyi burst into laughter and smiled provocatively at Meatball, before he went downstairs too. Meatball struggled in Yun Feng's grip,

but it didn't succeed. In the end, it glanced at Yun Feng with resentment, which made Xia Qing smile. This fluffy little thing next to her teacher was truly interesting!

Yun Feng raised the corners of her mouth helplessly as a glittering ultimate ore appeared in her hand. The moment Meatball saw the ultimate ore, all its resentment and anger were gone! Yun Feng put the ultimate ore in front of Meatball. Meatball opened its mouth and swallowed the ore completely. Joyful cracking sounds came from its mouth. Meatball returned to Yun Feng's shoulder with a look of enjoyment.

Xia Qing was dumbfounded. This little thing ate ores! And that ore should be of the highest quality! This made her teacher lose too much money!

Yun Feng watched Meatball enjoy itself and pulled Xia Qing downstairs. The best way to deal with Meatball was ultimate ores.

"Master! It eats ultimate ores! This is too difficult for you!" Xia Qing's disapproving voice sounded. Meatball shouted in dissatisfaction. Yun Feng smiled at her student. She was the person who didn't lack ultimate ores in the world.

She led Xia Qing to the main hall. Even though it was early in the morning, there were already a lot of people in the main hall. Seeing so many summoners suddenly appear, Xia Qing looked around excitedly. All kinds of rings and summoners of all kinds of elements amazed Xia Qing.

Qu Lanyi and Mu Canghai waited in the hall. Their outstanding appearances attracted a lot of attention, but the aura around them made people afraid to get close. Yun Feng looked at the various summoners in the hall. There were indeed a lot of them, and their strength levels were different. Among so many summoners, Yun Feng hadn't found any light-element and dark-element summoners. It seemed that the uniqueness of these two elements was extremely high.

"Miss Yun." Yun Feng turned around and saw Ling, who was wearing a neat uniform, walking over with a faint smile. When he saw Xia Qing next to Yun Feng, Ling chuckled and his notebook appeared again. He opened it and wrote something on a certain page. "Two-star badge, here." Ling smiled gently and handed a two-star badge to Xia Qing, who took it happily.

After the notebook was closed, it disappeared again. "Are you going out, Miss Yun?" Ling asked gently. Yun Feng nodded. "I'm going out for a walk."

His slender fingers pushed the glasses on the bridge of his nose. "Miss Yun, do you need a guide? I'll recommend myself."

Yun Feng was startled. As the receptionist of the Summoning Union, shouldn't he be very busy? Especially at such a time, how would he have time to wander around with her? "No need. You should have a lot of things to do."

Chapter 864: A Rising Storm (4)

Ling's beautiful lips curled up. "Miss Yun, you're really considerate, but I'm willing to help you even if it will get me busier."

Yun Feng was extremely embarrassed. Xia Qing was chuckling on the side. She knew that her teacher was popular. It seemed that there were a lot of pursuers! "No need. Go do your thing. You don't have to worry about me." Yun Feng felt a bit passive every time she talked to Ling. The polite and gentle man in front of her gave Yun Feng the feeling that he was a fox that observed rabbits from afar.

"Miss Yun, I certainly won't let you down. If you need anything, I'll be there."

Yun Feng nodded and turned around to leave. She saw Qu Lanyi's handsome face that was almost as black as the bottom of a pot not far away, but Ling stopped Yun Feng. "Miss Yun, there's still about a week to go until the Summoners' Convention. More summoners will come here during this period of time. Please be careful, Miss Yun."

"Alright, got it."

After saying that, Ling bowed and left quickly. Yun Feng, on the other hand, was thinking about what Ling said. More summoners would come here. As the date of the Summoners' Convention approached, more summoners would gather here and many powerhouses would come one after another. Thousand Peak City would soon be a place of turmoil.

Because of the Summoners' Convention this time, many areas had been strictly divided in Thousand Peak City. The gathering place of summoners was one of them. Another area was divided in the four corners of Thousand Peak City. There was no telling what it was used for. The west and north were also two closed areas. Yun Feng walked all the way across Thousand Peak City. There weren't many places she could visit. Most areas weren't open. She could only wait until the Summoners' Convention was held.

In the next few days, Yun Feng didn't go around. More and more people had already come to the Thousand Peak City from various places. More and more summoners appeared in the Thousand Peak City. The number of people in the reception building of the Summoning Union obviously increased a lot compared to a few days ago. Some summoners were alone, while some brought one or two people. From the room on the fourth floor where Yun Feng was located, she could see the scene outside the reception building clearly, and the Thousand Peak City gradually became lively.

All kinds of people appeared in the city. Yun Feng looked at the scene outside through the window these few days. The Summoners' Convention would officially begin in two days. As the number of summoners increased, Yun Feng was certain that there was a gap between the East Continent and the West Continent again. Among these summoners, there might not be any summoners from the East Continent other than her, and most of them were from the West Continent. Whether they had a family background or not, the West Continent could be said to have all the advantages in terms of the resource of summoners.

Even though the level of warriors on the East Continent was higher than that on the West Continent, this was something that the West Continent could completely ignore, because summoners were very strong at commanding Magic Beasts. If it weren't for the barriers of the Ten Thousand Beast Mountain Range, the East Continent would probably have already been swallowed up.

The East Continent and the West Continent were so different. If the Ten Thousand Beast Mountain Range lost its effect, what would happen to the East Continent... Thinking of this, Yun Feng couldn't help

but smile. The Ten Thousand Beast Mountain Range lost its effect? Unless all the Magic Beasts living inside disappeared, the Ten Thousand Beast Mountain Range would always be there.

During this period of time, very few summoners in the Thousand Peak City summoned their contracted Magic Beasts. Even if they did, they would only summon ordinary Magic Beasts. Those rare and precious species were rarely seen, or it would inevitably cause a commotion.

Xia Qing had been with Yun Feng for the past few days. Yun Feng didn't go out, so she certainly didn't go out alone. She also looked out of the window with Yun Feng. Xia Qing observed every summoner who passed by the reception building curiously. Some of them could be detected, while some couldn't at all. Xia Qing also knew that there would definitely be crouching tigers and hidden dragons in this convention, but her teacher would definitely be the most powerful!

.....

"Master! Master, look!" Xia Qing noticed something and pulled Yun Feng. Yun Feng looked over. In the middle of the road in front of the reception building of the Summoning Union, a few figures were walking over in a sorry state. Yun Feng's vision wasn't restricted at all at such a distance. She glanced over with her black eyes and suddenly brightened! The next second, Yun Feng had already opened the window and jumped down from the fourth floor!

Xia Qing couldn't help but exclaim when she saw this and she also jumped down. Yun Feng didn't attract much attention when she fell from the sky. Xia Qing also landed behind her, wondering what her teacher saw. Yun Feng didn't say anything. She just stood there and looked straight ahead with her black eyes. Xia Qing looked over and saw those few messy people who attracted her attention!

The few people who gradually walked over were in an extremely sorry state. Their clothes were a bit tattered and their hair was also messy. It seemed that they had gone through an intense battle. The three people in the middle had a high status. The three people behind them were dressed like guards. Yun Feng's gaze directly looked past the three people with noble status and looked at the three guards behind them. Her black eyes locked onto the badges on their chests tightly.

That was a maple leaf, the symbol of the Red Maple Mercenary Team!

Why would the warriors of the Red Maple Mercenary Team appear on the West Continent? And why would the three people they were escorting appear here? Perhaps...

"How embarrassing!" The girl with messy hair and a flushed face gritted her teeth and said. The other girl next to her tidied her clothes that were full of holes and smiled at her. "Stop complaining. We're lucky to be alive."

On the other side was a young man whose face was covered in a layer of soil and extremely dry blood. His clothes were also in a mess. He glanced at the complaining girl next to him with obvious disdain on his unremarkable facial features. "Who said that the mercenaries of the Cashya Empire are strong? They were all wiped out."

The complaining girl blushed fiercely. "Ovey isn't any better! They're all dead!"

Seeing that the two of them were about to argue, the girl on the other side quickly stopped them. "Alright, alright. We have to thank the Red Maple Mercenary Team. If it weren't for them, we..."

“Why are you thanking them? Are you crazy? It’s their duty to protect us now that we’ve hired them!” The complaining girl in the middle suddenly shouted, which attracted all kinds of weird and mocking gazes from the roadside. The young man’s face darkened. “You could embarrass yourself more.”

Chapter 865: The Summoners from the East Continent (1)

The girl who stopped the fight blushed and didn’t say anything else. Ever since they entered the Thousand Peak City, they had been mocked by many people. They couldn’t stand it anymore along the way. The three warriors of the Red Maple Mercenary Team behind them didn’t say anything. Even though they were even more messed up and most of their clothes were torn, revealing their muscles, they didn’t say anything.

“Let’s find a place to stay quickly.” The girl with long plaits, who looked quite gentle, said. The young man also nodded. It was time for him to clean up his messy appearance. “There are so many people in this city. There’s only a small place to stay. Where can we find it?” The short-haired girl in the middle had a very bad temper. The girl with long plaits looked around and saw the Summoning Union’s reception building towering in front of her.

“That should be fine!”

The three of them looked forward. The reception building of the Summoning Union was very tall, so there would certainly be a lot of rooms. The eyes of the three of them brightened. They couldn’t wait to rush there as quickly as possible to find a place to stay so that they could tidy up their messy appearance.

Many summoners around understood their identity of coming from the East Continent after hearing what they said. After hearing that they wanted to go to the reception building of the Union, they all sneered and looked over with ridicule, but these three people didn’t notice such a gaze at all and they didn’t know that it was useless even if they got there.

The Summoning Union’s reception building only accepted registered summoners, and the registered summoners were all from the West Continent. These three summoners from the East Continent would certainly be rejected.

The three of them wanted to rush to the reception building. When Yun Feng suddenly appeared and blocked their way, the three of them were naturally a bit unhappy. The short-haired girl, who had a bad temper, looked at Yun Feng who was blocking their way and her face darkened. “Get out of our way.”

Yun Feng raised her brows and looked at her. She certainly heard what the three of them said just then and knew that these three people were indeed from the East Continent and they did have the Rings of Contract. Ovey, Cashya, and the other one might be from Shengyao. These three empires hid themselves well enough. They didn’t leak any news after so many years. If it weren’t for the convention this time, they might have continued hiding.

The three warriors of the Red Maple Mercenary Team, who had been silent behind her, were shocked when they saw Yun Feng! They all glanced at Meatball on Yun Feng’s shoulder at the same time and their eyes brightened! Only a few people had seen the Young Lady of the Red Maple Mercenary Team, so it often happened that Yun Feng was standing in front of them and the strangers didn’t know her. In

order to solve this problem, the warriors of the Red Maple Mercenary Team all knew clearly that Yun Feng had an obvious symbol, Meatball on her shoulder!

Who had a Magic Beast sitting on their shoulder? Apart from Yun Feng, there was no one else!

So, there was definitely no mistake about this symbol. After seeing Meatball, the three warriors of the Red Maple Mercenary Team were extremely certain that the girl blocking the way was their Young Lady! The fiery gaze of the three warriors of the Red Maple Mercenary Team made Meatball tremble all over. Luckily, they quickly shifted their fiery gaze to Yun Feng. The three of them were about to open their mouths to call out to her, but they all shut their mouths tightly at the same time. A thought flashed through their minds. This was the West Continent. They couldn't expose their Young Lady's identity!

Yun Feng looked at the three warriors of the Red Maple Mercenary Team. She had already known from their excited eyes that they recognized her, but they held back their excitement and didn't call out to her. This made Yun Feng quite interested. Seeing the repressed expressions on their faces, Yun Feng couldn't help but smile in her mind.

"Are you going to the reception building ahead?" Yun Feng said. Xia Qing followed Yun Feng silently and looked at them curiously. Did her teacher know them? But it didn't seem so.

.....

"Get out of my way!" The short-haired girl shouted again unhappily, but Yun Feng automatically ignored her voice. The long-haired girl chuckled. "Yes, we're going there."

Yun Feng nodded. "No need. That place only accepts summoners registered in the Summoning Union."

"The Summoning Union?" asked the young man on the side. He glanced at Yun Feng suspiciously and saw the badge on her chest. "Are you a registered summoner of the Summoning Union?" The young man asked. Yun Feng nodded. "You can find a place to stay in a tavern or hotel. There should be empty rooms."

This was a kind advice. If the warriors of the Red Maple Mercenary Team didn't follow them, Yun Feng wouldn't have bothered at all. However, someone couldn't tell if she was good or bad. The short-haired girl snorted. "Who knows if you're telling the truth?"

The girl with long braid and the young boy looked at each other and both thought that what Yun Feng said was true. Even though she came over inexplicably, she didn't have any evil intention at all. "Thank you for your suggestion." The girl with long braid said with a smile and the young boy also thanked her. The girl with short hair immediately shouted after hearing that. "Are you all stupid? You believe whatever she says! That building is so big. How can they not receive us? They'd be fools if they refuse to earn money!"

"Alright, stop talking." The girl with a long braid pulled the short-haired girl, but the short-haired girl shook her off fiercely. The young man said with a cold face, "Jia Qingyu, if you want to make a scene, return to the territory of your empire."

After saying this, the young man turned around and walked to the side. The girl with long braid glanced at the short-haired girl a few times and followed him. The short-haired girl completely blushed after hearing that, while Yun Feng turned around and left without even looking at her. In the end, the short-

haired girl also followed him under many mocking gazes. The three warriors of the Red Maple Mercenary Team looked at Yun Feng's back reluctantly and finally turned around to follow her. "Our Young Lady is the best."

"Exactly. Her aura is unique and domineering!"

Xia Qing walked back next to Yun Feng and whispered, "Those three warriors looked at teacher strangely just then..."

Yun Feng smiled and didn't say anything. Meatball on her shoulder nodded in agreement. Yun Feng approached the reception hall and saw Ling, who was busy. Ling greeted Yun Feng. "Miss Yun."

"Summoners from the East Continent are also participating in the Summoners' Convention?"

Ling was slightly stunned, and then smiled. "Of course. There are also summoners from the East Continent participating in the Summoners' Convention, but there are too few of them. The main participants of this convention are summoners from the West Continent."

Chapter 866: The Summoners from the East Continent (2)

The summoners of the East Continent would also participate, but they would definitely be despised when they came here, because the difference in strength was too great. The three people just then were the best evidence. However, they benefited a lot when they came here. They would come even if they were despised and mocked.

So, the ancestor might have participated in this convention. Ling looked at Yun Feng with a smile and suddenly thought of something. "Miss Yun, you suddenly mentioned the East Continent, which reminded me of something. At an exchange meeting many years ago, a summoner from the East Continent stood out and hurt the dignity of many summoners on the West Continent."

Yun Feng's heart heated up and Ling's voice came again. "If I remember correctly, that summoner was quite related to Miss Yun."

Yun Feng's red lips curled up. They were indeed related. That was a summoner born from the bloodline of the Yun family, called...

"That summoner's name is Yun Lan."

Light flashed through her black eyes. Yun Lan, the ancestor!

"Miss Yun, do you know this summoner?" Ling asked with a smile. Xia Qing was very surprised to hear that. Yun Lan's surname was Yun! He was from the East Continent! There was also a Yun family on the West Continent! Her teacher's surname was also Yun!

"Yes, of course." Yun Feng replied softly with unconcealable pride in her words. The painting of the ancestor was hanging in the ancestral hall of the Yun family. The man in the painting who was full of arrogance and had short hair that fluttered recklessly was the summoner of the Yun family who made many summoners on the West Continent frustrated!

"If I'm lucky, I'd like to meet this summoner." Ling pushed the glasses on the bridge of his nose. "If I can get the summoner's help, I'm sure I'll be able to pass your parents' test easily."

Yun Feng was stunned. Xia Qing suddenly blushed and looked at the handsome man in front of her in surprise. Ling smiled lightly. "I was just kidding. Miss Yun, goodbye." He turned around elegantly and Yun Feng couldn't help but shake her head with a wry smile. This man always said something so ambiguous. In the end, he would cleverly cut ties with her. Other women would already be aroused.

"Master, he really likes you!" Xia Qing's little face was flushed and her black eyes were also emitting a strange light. Yun Feng squeezed Xia Qing's face. "You don't have to take it seriously. He was just joking." Xia Qing was about to say something else when Yun Feng had already pulled her inside.

The summoners of the East Continent also came to the Thousand Peak City during the Summoners' Convention this time. It was a bit unexpected for Yun Feng. After Qu Lanyi found out about this, he had the same attitude as Yun Feng. "The three empires have indeed hidden themselves well. They've become smarter."

Mu Canghai also figured out the current situation of the East Continent in a short period of time. He also knew the special status of the Yun family in his mind. He was quite shocked to know that there were summoners hidden in the other three empires on the East Continent.

.....

Yun Feng didn't care. The reason why the three empires were like this was because of her existence. Such a powerful summoner stood on the East Continent. After Yun Feng killed Carson, the other three empires were even more careful. Summoners were unique and precious resources, so they certainly had to protect them.

The three empires thought too much. If Yun Feng really wanted to attack, those summoners could only be cannon fodder. The reason why Yun Feng helped them was because of the three warriors of the Red Maple Mercenary Team. The other three empires had nothing to do with her, but the Red Maple Mercenary Team was different.

On the other hand, the three warriors of the Red Maple Mercenary Team, who had been kindly helped by Yun Feng, didn't let her down and finally rested in a hotel. The three summoners immediately went to their rooms to wash up, while the three warriors of the Red Maple Mercenary Team gathered together and whispered about their excitement.

"I really can't believe we saw our Young Lady here!"

"Me neither. Were we mistaken?"

"There's definitely no mistake. Who else could it be if not the Young Lady with such an imposing aura and such an obvious symbol? Besides, this is the Summoners' Convention. The Young Lady is a summoner!"

The eyes of the three of them glittered and they were extremely excited in their minds. They thought that if it weren't that the Sound Transmission Jade didn't work here, they would definitely tell this exciting news to everyone in the Red Maple Mercenary Team! The three warriors of the Red Maple Mercenary Team were all guarding outside the door. Even though there were many places in the Thousand Peak City that could provide accommodation, there were even more people who came to the

Thousand Peak City. It was naturally good if the servants could stay in the same room as the summoners, but if they couldn't, they could only guard outside the door.

When Jia Qingyu went out, she saw the three warriors of the Red Maple Mercenary Team gathered together and mumbling something. Her expression couldn't help but change. "What are you talking about?" The three warriors of the Red Maple Mercenary Team immediately fell silent after hearing that and stood there with a serious look.

Jia Qingyu was very angry. "I'm asking you a question!"

The three warriors of the Red Maple Mercenary Team only replied politely that it was nothing. Even though they were bodyguards, they were definitely not servants. There were only a few people who could command them. It wasn't this little girl's turn.

"You..." Jia Qingyu was refused indifferently and was very angry. At this moment, the girl with plaits walked out and so did the tall young man. Both of them frowned when they saw Jia Qingyu's angry look.

"Jia Qingyu, they're hired mercenaries, not those pug dogs in your family. Watch your attitude," said the young man coldly. The girl with long plaits also nodded. "Yes, this is the West Continent after all. We should be careful."

"Mu Shaohua! Qian Shaoyao! You two are truly losers!" Jia Qingyu gritted her teeth in anger. Mu Shaohua glanced at her coldly. "You're so courageous. If it weren't for us, we'd be sleeping on the street today."

"You..." Jia Qingyu was so angry that her face turned red. Shaoyao, who had long braid, quickly mediated. "Alright, alright. Even though we're from different empires, we're on the same side here. Don't argue with each other."

The three soldiers of the Red Maple Mercenary Team watched coldly and remained silent. However, they commented in their minds that their Young Lady was the best. Nobody could compare to her! The difference between them and her was huge.

Jia Qingyu snorted and didn't say anything else. Mu Shaohua glanced at the two of them and said slowly, "As you can see, there are far more summoners in the Thousand Peak City than we expected. Their strength is astonishing too."

Chapter 867: The Summoners from the East Continent (3)

??

Jia Qingyu grunted again with a rather disdainful look. Qian Shaoyao touched her long braid. "Indeed, so we have to be more careful. The difference in strength between the West Continent and the East Continent is truly astonishing."

"Luckily, the Ten Thousand Beast Mountain Range is between us, or the East Continent wouldn't exist." Mu Shaohua looked rather gloomy. "The woman who reminded us just then seems even stronger. She doesn't seem much older than us."

The long-haired Qian Shaoyao agreed with him and there was a lot of yearning in her eyes. "That's the so-called genius among geniuses..."

Mu Shaohua and Qian Shaoyao looked at each other. They had a high status in their respective countries, but they felt like they couldn't lift their heads here, especially in front of Yun Feng. They were nothing. The three warriors of the Red Maple Mercenary Team listened quietly. They were expressionless, but there was a hint of pride in their eyes. They were talking about their Young Lady! Of course, their Young Lady was impressive! Who dared to compete with their Young Lady?

"What genius among geniuses?" Jia Qingyu was very upset when she thought of Yun Feng's superior look. She immediately said in disdain, "If the West Continent is so full of talents, she might not be the top one!"

The three warriors of the Red Maple Mercenary Team all frowned and looked at her with coldness in their eyes. Jia Qingyu shivered for some reason. Qian Shaoyao and Mu Shaohua didn't refute her this time. Both of them pondered carefully. "Which one of them do you think is stronger, Yun Feng from the Yun family on the East Continent or that person just then?" asked Qian Shaoyao suddenly. Mu Shaohua was stunned for a moment. Then, he shook his head. "I'm afraid they're on par."

The three warriors of the Red Maple Mercenary Team were about to burst into laughter. What was there to compare? They were obviously the same person!

"That Yun Feng should be coming too, right? After all, this convention is so rare. Wouldn't it be a shame if she misses it?" Speaking of Yun Feng, there was yearning in Qian Shaoyao's eyes again. Yun Feng, the summoner of the Yun family, was already a legendary existence on the East Continent. She had already been famous on the East Continent since many years ago. She would probably be even more monstrous now.

"Who knows? Yun Feng from the Yun family can be said to be unpredictable. If she really comes, we might not be able to recognize her." Mu Shaohua was quite regretful. He had no idea that he had already met Yun Feng.

"Yun Feng, Yun Feng, Yun Feng! Why is everyone talking about her? Didn't she just contract with a few powerful Magic Beasts? What's so great about that?" Jia Qingyu suddenly exploded. Qian Shaoyao looked at her in surprise. After a while, she realized that the Cashya Empire and Yun Feng had a history and she looked a bit embarrassed.

...

Mu Shaohua said coldly, "Everyone knows that the shameless summoner of the Cashya Empire died in Yun Feng's hands. If he hadn't stolen Yun Feng's contracted Magic Beast, if he hadn't done something so unscrupulous and even used Yun Feng's friends to threaten her, Yun Feng wouldn't have turned the world upside down."

Jia Qingyu blushed. She was a member of the Cashya Royal Family! Hearing that, she couldn't help but feel enraged! "If it weren't for Yun Feng, Lord Carson wouldn't have died. If it weren't for her..."

"If Carson didn't provoke Yun Feng, why would Yun Feng attack the Cashya Empire? Why didn't she do anything to Ovey or Shengyao?"

Jia Qingyu suddenly raised her head. "Don't just stand here and talk! Everyone knows that Muqing of Ovey and Xiaoxiao of Shengyao are quite close to Yun Feng! Stop pretending that you're innocent!"

Qian Shaoyao and Mu Shaohua both smiled helplessly in their minds. They were close? She was truly wrong. Yun Feng, Muqing and Xiaoxiao were only close enough to know each other's names. "Hm! I think some people are just jealous and helpless. They can only feel better when they defame others."

Qian Shaoyao quickly pulled Mu Shaohua and asked him to stop talking. Jia Qingyu was so angry that her face turned pale. Mu Shaohua snorted in disdain. "Let me be blunt. Don't think that I'm with you during the convention. If you cause trouble, deal with it yourself." Mu Shaohua turned around and was about to go back to his room. Jia Qingyu suddenly roared, "Just wait! I'll surpass Yun Feng sooner or later! By then, I'll teach you a lesson!"

What she said only made Mu Shaohua laugh in disdain. He slowly turned around and sized up Jia Qingyu. "Alright, then I'll wait to see how you surpass Yun Feng and teach me a lesson." He turned around and entered the room. Qian Shaoyao couldn't help but sigh. Surpass Yun Feng? With her, Jia Qingyu? That was a good dream. Qian Shaoyao looked at Jia Qingyu. "I advise you not to say that again." Qian Shaoyao also turned around and entered her room, leaving Jia Qingyu with a dark and pale face.

She was mocked by the two of them. Although what she said just then was indeed a bit exaggerated, she had always had such a goal in her mind! If she surpassed Yun Feng, she would step on the Yun family's head fiercely! She would take revenge for the Cashya Royal Family!

The three warriors of the Red Maple Mercenary Team stood there with a cold face. If it weren't that they were hired, they would have already taught this arrogant Jia Qingyu a lesson. She wanted to surpass their Young Lady with her mediocre strength. What a fool's dream! Besides, she looked dissatisfied with their Young Lady. This Jia Qingyu didn't have any good intentions towards their Young Lady. If their Young Lady didn't remind her, she would probably be mocked by those people outside!

The three warriors secretly made a decision in their minds. If she was rude to Yun Feng at all, they wouldn't care if they were hired or not. They would teach her a lesson first! In the minds of the warriors of the Red Maple Mercenary Team, Yun Feng was superior!

Two days passed quickly. When the sun shone in the morning again, the atmosphere in the Thousand Peak City was suddenly completely different from before. Yun Feng stood in front of the window and looked at the dazzling light of the morning sun with glitters in her black eyes. The Summoners' Convention finally began at this moment!

The morning sunlight shone on the Thousand Peak City. The moment the sunlight appeared, the originally comfortable city suddenly became hot. Yun Feng walked away from the window and smiled at the excited Xia Qing on the side. "Let's go. The convention has finally begun." Xia Qing nodded excitedly. The Summoners' Convention finally began at this moment. The gala of summoners had truly begun!

Chapter 868: Evil Smile (1)

Yun Feng pushed the door open and walked out. The door on the opposite side also opened at the same time. Yao Man chuckled when she saw Yun Feng. "What a coincidence. Why don't we go out together?"

Yun Feng glanced at the purple Ring of Contract on her fair finger and nodded. Yao Man looked at the double-color ring on Yun Feng's hand with a smile. "I really want to see what kind of contracted Magic Beast you have. I think it'll be very surprising. After all, double-element mages are very rare."

Yun Feng looked ahead with her black eyes and the corners of her mouth curled up slightly. "Lightning element is also very rare."

A complacent look flashed through Yao Man's eyes as she put on an elegant and noble smile. "That little girl calls you teacher. I can't believe you already have a student at such a young age."

Yun Feng glanced at Yao Man. Xia Qing was a bit nervous on the side. Even though this woman was very polite, her every word was sarcastic and she pointed at Yun Feng. Yun Feng didn't take it to heart. She raised her brows slightly. "It's indeed something to be proud of to have a student."

Xia Qing was delighted to hear that. This was the first time Yun Feng praised her in front of an outsider. Yao Man's expression froze after hearing that. "Haha, you're right. I've never met such an outstanding student."

Yun Feng burst into laughter and squeezed Xia Qing's cheek. "You can't meet an outstanding student just because you want to, don't you?"

Yao Man's facial features were completely frozen. Yun Feng gave her a faint smile and slowly walked down the stairs with Xia Qing. Yao Man's noble expression seemed to have cracked. She took a deep breath and walked downstairs elegantly, but the veins on the back of her hand that was holding the armrest bulged.

"Master, that person seems to be exploding with anger." Xia Qing turned around and carefully peeped at Yao Man's expression. Yun Feng smiled indifferently. You used words to stab me, so I certainly have to fight back. Besides, Xia Qing was indeed a student she was proud of. Not everyone could become a summoner.

"Miss Yun." Yun Feng looked over with her black eyes. Ling walked over from a corner of the hall and smiled brightly at Yun Feng. His uniform was still neat and clean. Yun Feng even wondered if he would put on a set of new clothes every day.

"Miss Yao." Ling saw Yao Man walking over and greeted her politely. Yao Man chuckled. "Mr. Ling, you'll be busy today."

Ling smiled formally. "As the receptionist, I certainly have to be busy. However, Miss Yao, the Master of the Thousand Snow Hall is already here. Aren't you going to greet him?"

"What?" Surprise flashed through Yao Man's eyes and her voice couldn't help but become much higher. Ling looked at her with a smile. "He just arrived in Thousand Peak City yesterday."

.....

Yao Man realized that she had overreacted. She quickly coughed, pretending to be reserved. "Since the Hall Master is here, I certainly have to meet him. Yun Feng, I'll go first." Yao Man couldn't help but start running in the end. Yun Feng looked at her anxious and repressed expression and found it funny.

Yao Man didn't care about Yun Feng's answer. She forgot that she was the one who invited Yun Feng to go with her. She was about to leave when Ling stopped her slowly. "Miss Yao, are you sure your servants don't need to stay in the reception building?"

Yao Man's body froze and she slowly turned around. "Of course not. As a four-star guest of the Summoning Union, I don't need anyone to follow me from morning to night. Isn't it too insulting to my personal ability?" Yao Man glanced at Yun Feng indifferently as she turned around elegantly and left the hall in a hurry.

Xia Qing's little face bulged in anger. What? That woman was talking about her teacher! Brother Lanyi and Brother Canghai weren't servants! Her teacher's personal ability couldn't be questioned at all! Why was that woman so arrogant?

Yun Feng directly ignored what Yao Man said. At her level, it was too childish to argue with such a person.

"Fengfeng!" The enthusiastic call made Yun Feng blush. Xia Qing next to her secretly smiled. Brother Lanyi was so enthusiastic every time. It was obvious that the teacher couldn't resist him! Meatball on her shoulder turned around and looked at the handsome man with a bright face unhappily. This call also attracted a lot of attention. Qu Lanyi didn't care about that. He walked to Yun Feng openly and looked at her blushing cheeks with a smile in his black eyes. He asked in a low voice, "Did you miss me?"

Yun Feng blushed. This man was getting bolder. He dared to ask such a question in public! Before Yun Feng replied, Ling, who ignored everything, pushed his glasses. "Miss Yun, the Summoners' Convention has already begun. Let me tell you the details."

Yun Feng's attention was successfully diverted. Qu Lanyi glanced at Ling coldly. Ling smiled at him casually with a provocative look. Mu Canghai, who was emitting a cold aura, walked over. He glanced at them with his black and gray eyes and was no longer interested.

"The closed areas in the Thousand Peak City have already been opened. There are free arenas in the four corners of the city. This is also an important part of the convention." There was a smile in Ling's eyes. Yun Feng nodded. She was certainly no stranger to this. Her original intention of participating in the summoner's convention back then was to win the first place and get a seat in the Summoning Union. This was to find the president of the Magic Union and resurrect Mu Canghai, but it seemed that it was already unnecessary now.

"The free arena is a platform for summoners to spar and communicate. As long as you win forty rounds in a row, you'll be qualified to get a seat in the Summoning Union." Qu Lanyi snorted in disdain after saying that. "I thought it was something else."

Ling smiled lightly. "The registration date is only today. If Miss Yun wants to sign up, don't miss it."

Yun Feng shook her head and was about to say no, when Ling winked mysteriously. "Miss Yun, don't be in a hurry to refuse. The winner this time won't just get a seat. Miss Yun, you must not miss it. You might get something unexpected."

Yun Feng looked at Ling in confusion. A glint of light flashed through the thin glasses, covering what flashed through the black eyes behind the glasses. Yun Feng didn't see it clearly. What exactly did he mean?

"Miss Yun, I shouldn't have told you. That's all I can say. Miss Yun, please make your own decision. If you really don't want to participate, Miss Xia Qing, you must not miss this opportunity to learn."

Chapter 869: Evil Smile (2)

Yun Feng nodded. Xia Qing certainly had to sign up. It was undoubtedly a great opportunity to learn from other summoners.

“In the middle of the four arenas is the store area. Miss Yun, you can go shopping there. Some businessmen have spent a lot of money to squeeze in. They must be carrying treasures with them.” Ling smiled lightly and Yun Feng nodded. Those businessmen all wanted to come in. After all, summoners were people who spent a lot. They could afford expensive items.

“There’s another important part of the Convention, which is the Magic Beast Auction. However, you don’t have to worry about the Magic Beasts you get this time, Miss Yun. Even though the species is also very precious, it’s far from the sea demon Miss Yun won last time.”

Yun Feng’s black eyes glittered. The Magic Beast Auction... For her right now, the Magic Beast Auction was still very beneficial. She wasn’t just a three-element summoner. Her earth-element and lightning-element Magic Beasts were still empty at the moment!

“Got it. You’re not telling Yao Man this news?” Yun Feng asked as Ling’s thin lips curled up. “Miss Yao is very confident in her own ability. I certainly didn’t have to do anything.”

The corners of Yun Feng’s mouth twitched. Was Ling doing this on purpose? Ling smiled and saw the expression on Yun Feng’s face. “Miss Yun, please be careful. Goodbye.” He turned around calmly and neatly. If it weren’t for those ambiguous words and gazes, it was really hard to imagine that Ling would be interested in Yun Feng.

“Humph!” Qu Lanyi grunted coldly and pulled Yun Feng gently with his big hand. Yun Feng shook her head helplessly when she saw his unhappy look. Meatball looked at Qu Lanyi’s movements with its big eyes and surprisingly didn’t do anything. It sat on Yun Feng’s shoulder steadily.

“Master, can I sign up for the free arena?” Xia Qing looked at Yun Feng with anticipation on her face. Yun Feng nodded. “Of course you have to sign up. I want to see how much you’ve grown.”

Xia Qing smiled happily. Thinking that she was going to show Yun Feng what she had comprehended over the years on the ring, she couldn’t help but feel excited in her mind. She wanted her teacher to feel proud! She wanted her teacher to know that she had been working hard!

Yun Feng certainly knew what Xia Qing was thinking in her mind and she felt gratified in her mind. The few of them walked out of the Summoning Union’s reception building. They only needed one look to truly feel that the atmosphere at this moment was very different from that a few days ago.

All kinds of summoners were walking on the street. The rings on each of their hands were glittering with different colors. Excitement and enthusiasm were blooming in each of their bodies. Some Magic Beasts that had transformed into humans were even following the summoners. Their strength was also varied. Most of them were single-element summoners, but there were also double-element summoners who walked past. Yun Feng had never seen anyone with more than two elements.

...

“They’re really... summoners...” Xia Qing looked at the sudden increase in number of people and her little face was even more excited. So many summoners were gathered here and what she saw were professional figures that the world thought were mysterious and noble. The blood in Xia Qing’s body was boiling. She couldn’t wait to rush in immediately and enjoy this world formed by pure summoners.

Yun Feng looked at the sky. It was still early, but she should finish the registration first before going somewhere else. She walked down the stairs of the reception building with the excited Xia Qing. The few of them had completely merged with the atmosphere. The four-star badge on Yun Feng’s chest attracted a lot of attention. Many summoners looked at her in surprise. Yun Feng had gotten a four-star badge at such a young age. It was impossible for them to not be surprised.

While being observed by others, Yun Feng also paid attention to these summoners. They came from different regions and the difference in their age was quite huge. The difference in their strength was also very huge. Even though the Summoners’ Convention had already started and they could summon their contracted Magic Beasts at will, few summoners did so. They were all cautious. If they wanted to show off their Magic Beasts and power, they should go to the free arena.

Many summoners passed by along the way. Some summoners wore the star badge of the Summoning Union on their chests, and some didn’t. There were also a lot of summoners who weren’t registered in the Summoning Union. Even though they could get a series of privileges from the Summoning Union, summoners were a special profession after all. There were also a lot of people who didn’t like to be restrained and had weird personalities.

Yun Feng met a lot of summoners along the way. Half of them wore their star badges. It seemed that as Ling said, only a part of the summoners were registered in the Summoning Union. This continent was too vast. Even the Summoning Union couldn’t rope all the summoners in.

“It’s you!” With a shout, Yun Feng and the others stopped. They were the three summoners from the East Continent Yun Feng met a few days ago and the three warriors of the Red Maple Mercenary Team following behind.

Qu Lanyi immediately understood when he saw the badges on the chests of the three warriors. He glanced at the three young people who came over with his black eyes. They were summoners from the East Continent? How rare.

At first, Jia Qingyu didn’t want Mu Shaohua to stop Yun Feng, but after seeing Qu Lanyi, she immediately blushed and became embarrassed. When she saw Qu Lanyi and Yun Feng holding hands, Jia Qingyu’s face immediately darkened.

Mu Shaohua, who was quite mature, walked over and smiled at Yun Feng. The girl with plaits also walked over. When she saw Qu Lanyi and Mu Canghai, she couldn’t help but blush. The auras of the two handsome men were too strong, which made the girl blush.

Mu Shaohua glanced at the four-star badge on Yun Feng’s chest and saw the two-star badge on Xia Qing’s chest next to Yun Feng. He chuckled. “We haven’t thanked you for helping us a few days ago. What a coincidence to meet you again.”

Yun Feng glanced at Mu Shaohua without batting an eyelid. How would she not know what he was thinking? Jia Qingyu walked over and glared at Yun Feng fiercely. "Why are you thanking her? We didn't ask for her help."

Mu Shaohua's face froze. Qian Shaoyao smiled in embarrassment and quickly pulled Jia Qingyu aside. "Stop talking."

Qu Lanyi put his finger on Yun Feng's and rubbed it slowly. He slowly lowered his handsome face to Yun Feng's ear, looking very intimate. A trace of fire couldn't help but appear in Jia Qingyu's eyes. Qu Lanyi glanced at her in disdain. "If you want to thank me, say it quickly."

Mu Shaohua was startled and a bit embarrassed. He originally wanted to use this opportunity to get closer to Yun Feng. After all, the few of them were truly uneasy here. They were unfamiliar with the place and there were also many powerful people. If anything happened, they would have a problem protecting themselves.

Chapter 870: Evil Smile (3)

??

However, being blocked by Qu Lanyi, Mu Shaohua could only thank her quickly. Qian Shaoyao quickly asked, "Where are you going?"

"My teacher wants to take me to sign up for the free arena," said Xia Qing on the side. She looked at the three of them a few times. Her teacher didn't seem to want to talk to them, but why did she help them that time?

"Free arena? What's that?" Mu Shaohua was very confused. Nobody told them, and it was their first time here. They didn't know anything at all.

Xia Qing explained briefly, and the three of them finally understood. Qu Lanyi leaned his slender body against Yun Feng and held her in his arms, looking very bored. He didn't think Fengfeng should waste time on them.

Qu Lanyi leaned against Yun Feng so intimately, which made Yun Feng a bit uncomfortable. Meatball was so attracted by the other scenes that it didn't notice Qu Lanyi's movements. However, the silent warriors of the Red Maple Mercenary Team standing behind all glanced over. That was their Young Lady's man? Why did he look so feminine?

"Let's go together! We'll sign up too!" said Qian Shaoyao happily after hearing Xia Qing's explanation. Mu Shaohua certainly didn't object. Even though he didn't quite understand the real meaning of the free arena, he would gain a lot if he could go up and compete with the other summoners!

Xia Qing was very happy. In terms of age, Xia Qing was the closest to the three of them. Xia Qing didn't have any friends of her age, so she immediately chatted with Qian Shaoyao. Yun Feng didn't say anything when she saw how happy Xia Qing was. If she wanted to come with them, so be it.

Qian Shaoyao and Xia Qing walked together happily. Although the two little girls met for the first time, they got along very well. Mu Shaohua walked on one side and interrupted from time to time, while Jia Qingyu walked on the other side with a gloomy face.

Yun Feng and the others walked slowly behind and looked at the few people of similar age in front of them, talking and laughing loudly. The three warriors of the Red Maple Mercenary Team followed behind Yun Feng with an extremely excited look.

“You said she’s your teacher? She can’t be as young as she looks, can she?” Qian Shaoyao turned around and glanced at Yun Feng secretly, asking Xia Qing with an uncertain tone. Xia Qing smiled. “Although I don’t know how old my teacher is, she’s very young.”

“What young? I think she’s an old monster who uses some kind of method to retain her looks!” said Jia Qingyu in a mocking tone. Xia Qing was immediately enraged. Qian Shaoyao quickly said, “Well, well... Your teacher must be very powerful!”

...

“Of course! Master is a supreme powerhouse!” Xia Qing stuck out her chest proudly. Qian Shaoyao looked at her enviously. Mu Shaohua’s eyes glittered. Only Jia Qingyu continued to snort in disdain.

“Then how powerful is your teacher? What level has her strength reached?” asked Qian Shaoyao enthusiastically. Xia Qing smiled. “I don’t know my teacher’s level very well, but she’s very strong. Almost nobody can beat her!”

“I think she’s just so-so.” What Jia Qingyu said made Xia Qing’s face turn cold. “What do you mean?”

“That’s how she talks. Xia Qing, don’t mind her.” Qian Shaoyao quickly mediated. Mu Shaohua said coldly, “Don’t cause trouble.”

“She’s bragging. How can you believe that?” Jia Qingyu roared with an awful expression. Xia Qing suddenly shook off Qian Shaoyao’s hand and walked in front of Jia Qingyu. Jia Qingyu immediately took a step back. “What are you doing?”

Yun Feng immediately frowned when she saw the few people walking in front. She flashed to Xia Qing’s side. “Qingqing, what’s wrong?”

Mu Shaohua and Qian Shaoyao both looked at Yun Feng in shock. She was too fast!

Xia Qing stared at Jia Qingyu with her black eyes. Jia Qingyu was frightened by this gaze and her body couldn’t help but step back, step back, and keep stepping back. Xia Qing looked at Jia Qingyu’s movement with a disdainful smile and her eyes were full of mockery. Xia Qing’s disdainful expression made Jia Qingyu’s face flush again. She had been ruthlessly humiliated!

“I’m fine!” Xia Qing smiled at Yun Feng. Yun Feng raised her brows and glanced at Jia Qingyu indifferently with her black eyes. She squeezed Xia Qing’s face with her hand. “It’s just boring things and people. You don’t have to care about them.”

.

Xia Qing nodded. She didn’t want to walk with Qian Shaoyao and Mu Shaohua anymore. She held Yun Feng’s hand and walked forward. Yun Feng didn’t say anything else. She walked past the three young

summoners and walked forward with Xia Qing. Qu Lanyi and Mu Canghai passed by without looking at her at all.

Qian Shaoyao knew that Xia Qing began to dislike her. She couldn't help but feel a bit disappointed. Mu Shaohua looked at Jia Qingyu coldly and was enraged. "Jia Qingyu! Are you done? Don't drag me and Shaoyao down with you!" Mu Shaohua turned around and left angrily. Qian Shaoyao also looked at Jia Qingyu in dissatisfaction. If it weren't for her, Xia Qing wouldn't have hated her.

Both of them followed. Jia Qingyu stood there with hatred in her heart. She stared at Xia Qing and Yun Feng with a changed expression.

There were free rings in the four corners of the Thousand Peak City. It was the first day of the convention and the day of registration for the free rings. The truly lively main event would begin on the second day. There were places for registration in front of the four rings. When Yun Feng and the others came to the registration area, there were already a lot of people lining up. The scene was quite lively.

"There are quite a lot of people signing up." Qu Lanyi glanced at the long line. It turned out that summoners were all competitive.

Yun Feng smiled gently. There were indeed a lot of people who signed up. Apart from those who didn't think they were strong enough, every summoner should be eager to try. Some people certainly wanted to fight for that seat, while some simply wanted to spar with others. As for the news Ling told her, not many people knew about it.

Yun Feng stood in the back with Xia Qing. Xia Qing didn't talk to Qian Shaoyao or Mu Shaohua anymore. Qu Lanyi held Yun Feng's other hand gently. "You're not signing up?"

Yun Feng chuckled. "Although Ling makes it sound very tempting, I'm not interested."

Qu Lanyi smiled and looked at Xia Qing with anticipation. "Qingqing seems quite eager."
