Chapter 871: Evil Smile (4)

??

There was a smile in Yun Feng's eyes. At this moment, a person slowly walked over from the registration line ahead of her. This person was wearing very strange clothes. His entire body was wrapped in a dark robe and the hood of his clothes covered half of his face, revealing only his lips and a sharp chin. There were many people in Thousand Peak City who were wearing strange clothes, so this outfit didn't attract much attention.

The person in the long robe slowly walked over. Yun Feng was very uncomfortable when she saw this person. She pulled Xia Qing over a bit imperceptibly and her mental strength had already spread out slowly from her body. Qu Lanyi and Mu Canghai immediately noticed that something was wrong with Yun Feng. Their eyes also locked onto this strange person in an instant.

"What's wrong with this guy?" Qu Lanyi watched the man in a robe approach with a cold face. Mu Canghai's muscles were tight all over his body. He looked at the man in the robe who was getting closer and closer with a gloomy face and said slowly, "I feel very uncomfortable..."

"That's right. The closer he gets, the more uncomfortable I am." Qu Lanyi frowned. The light elements had already appeared in his palm. Seeing that something was wrong with Yun Feng, Xia Qing couldn't help but feel stunned. "Master, what exactly..." Before Xia Qing could finish, Yun Feng's black eyes suddenly darkened and the mental strength that had already spread out suddenly surged out, turning into a long whip that swung at the long-robed figure!

"Pa!"

There was a muffled sound in the air. The man in the robe raised his arm, revealing a large part of his pale skin. His hand grabbed something invisible in the air firmly. It was the whip formed by Yun Feng's mental strength! Yun Feng's face was cold, but the man in the robe didn't let go at all. His exposed lips slowly curled up and a wicked smile spread.

"Let go!" Qu Lanyi waved his hand and the light elements roared. The person who was holding Yun Feng's mental strength tightly suddenly let go of her. He swept his robe and blocked Qu Lanyi's light elements outside. This sudden change alarmed many people and many people glanced over in an instant.

.

The corners of the long-robed figure's mouth were still rippling with that evil smile. His exposed arm retracted into the robe again and he slowly turned around. Yun Feng felt a cold but scorching gaze coming from behind the hood, locking straight on her body.

"Stay away from her." Qu Lanyi protected Yun Feng's body in his arms, and his handsome face completely darkened. Mu Canghai's body froze on the side as he stared at the person in the robe. If he wasn't wrong, that was... the dark element! This guy was a dark summoner!

“You’re indeed my sworn enemy.” A feminine voice came from those moving lips. Yun Feng only felt a layer of goosebumps all over her body and an indescribable sense of evil rose from the bottom of her heart. Qu Lanyi’s black eyes shrank abruptly. Drops of redness, like blood, seeped out of the depths of his black eyes.

“Oh?” Yun Feng only saw that the lips kept moving. There seemed to be a trace of confusion in that feminine voice. Then, an evil smile appeared again. The person in the robe slowly turned around. The robe on his body was lifted up in an arc and a strange pattern suddenly appeared. Yun Feng’s pupils shrank fiercely! The sorrow and anger hidden in her heart suddenly erupted!

...

That silent and violent night, her ancestor’s soul was taken away from her body by the evil man who made people uncomfortable. The pattern on his clothes were exactly the same!

The figure in the long robe slowly disappeared in the distance. The summoners around also stirred. The redness deep in Qu Lanyi’s black eyes suddenly disappeared and turned into pure black. Sensing that the person in his arms pushed him away, monstrous anger surged in his clear black eyes at this moment!

“Fengfeng...”

Yun Feng clenched her fists so hard that the veins on the back of her hands bulged! She looked at the long line waiting to sign up in front of her with her black eyes. Her heart was burning with anger that she wanted to vent! She gritted her teeth and tasted blood. “I think I’ve changed my mind!”

The appearance and departure of the man in the robe made the scene a bit chaotic. Many summoners looked at Yun Feng. The battle of mental strength just then happened in a blink. Xia Qing looked at her teacher’s restrained and furious expression and couldn’t help but reach out to hold Yun Feng’s fist worriedly. She then found that her teacher’s hand was trembling gently.

“Master...” Xia Qing called softly. This was the first time she had seen Yun Feng like this. It was the first time she saw Yun Feng almost lose control of her emotions. Xia Qing couldn’t help but feel anxious. Yun Feng slowly let go of her hand and smiled at Xia Qing. She touched her soft hair with her hand and Xia Qing finally let go slowly. She watched Qu Lanyi pull Yun Feng into his arms gently. Brother Lanyi was the only person who could calm her down.

“What? That guy...” A soft murmur came. Xia Qing glanced over like a sharp sword. The person who spoke was Jia Qingyu, who was pale at this moment. Sensing Xia Qing’s gaze, Jia Qingyu only felt her heart tighten and she didn’t dare to say another word.

The long queue finally moved forward. Yun Feng was gently held by Qu Lanyi as she walked forward. Mu Canghai followed her silently. Xia Qing finally looked away and followed Yun Feng. However, Jia Qingyu, Qu Lanyi and Mu Shaohua didn’t move for a long time. The three of them stood there in a daze with pale faces.

The battle just then made the three summoners, who were much weaker than Yun Feng, feel a clear emotion. This emotion kept emerging from the bottom of their hearts like little insects endlessly and finally occupied their entire chests! Fear! An extremely clear fear!

“Did you see what happened just then?” Mu Shaohua tried to calm his voice, but he failed. Even though he tried to remain calm, it was useless. His voice was still shaking.

“How could we? That’s... a battle between masters.” Qian Shaoyao said with a pale face and sounded like she was exhausted.

Jia Qingyu bit her lips hard. Her entire body was shaking. If she were to face that man in the long robe, she would probably be squeezed to death in an instant!

“You three, move forward quickly!” The person in the queue behind shouted in dissatisfaction. The three of them finally remembered to move forward in a hurry. Qian Shaoyao stared at Yun Feng’s back with her big eyes and couldn’t help but mutter, “I’m like an ant in front of that robed person, right?”

Chapter 872: Those Blood Red Eyes (1)

Mu Shaohua also stared at Yun Feng’s back and frowned hard. “We might be the same in front of her.”

Qian Shaoyao’s body trembled fiercely. That’s right. Yun Feng could fight back in front of such a person. The three of them were dispensable in her eyes. That was why she could ignore Jia Qingyu’s provocation and be so calm.

Because she didn’t care about the three of them at all!

A warm feeling kept coming and gradually heated Yun Feng’s slightly cold body. Yun Feng pursed her lips and didn’t say anything. Qu Lanyi didn’t ask anything either. He just held her in his arms. There was also a storm gradually brewing in his black eyes.

It was finally Yun Feng and the others’ turn to sign up. Xia Qing walked forward and wrote her name on the open register. Yun Feng glanced at the register. There were a lot of names on it, and a lot of pages.

“That guy in the robe just then is really disturbing...” The person in charge of registration sat there with a pale face and there was a hint of panic on his face when he spoke.

“Indeed. When he came close, I had the urge to get up and run.” Another person said with a fresh memory. Xia Qing had already written her name on it. When Yun Feng heard this, her black eyes glittered. She gently took a pen and wrote her name on it. After writing her name, Yun Feng turned around and left the registration office. Xia Qing smiled. “Master, you should go back first.”

Yun Feng was stunned. Xia Qing said with a smile, “Master, go back and have a good rest. I want to walk by myself.”

Yun Feng knew that Xia Qing felt sorry for her, and after she fought with that person just then, there were some things that couldn’t go away from her mind. Yun Feng indeed needed space to think clearly. She was supposed to take Xia Qing out for a walk today, but things changed faster than plans.

“In that case, let...” Yun Feng wanted to call Lan Yi out to join Xia Qing, but Xia Qing shook her head. “Master, don’t worry. I’m already different from before! I can protect myself!”

What Xia Qing said made Yun Feng smile with pride and relief. That little girl back then had grown up. Seeing this smile, Xia Qing’s heart suddenly ached and she inexplicably wanted to cry. Her heart was full of the feeling of being acknowledged, which made her very excited.

...

"Alright, my student has indeed grown up." Yun Feng nodded. Qu Lanyi walked over and messed up Xia Qing's soft hair. "I'll take your teacher back first. Take good care of yourself. Don't show off, okay?"

Xia Qing finally broke free from Qu Lanyi's big hand and blushed. "Got it. I won't cause trouble for Master."

"I have something to do. I'll leave first." Mu Canghai suddenly said. Before Yun Feng could react, he had already disappeared. Yun Feng and Qu Lanyi both looked gloomy and looked in the direction where Mu Canghai left thoughtfully.

"Then we'll go back first," said Qu Lanyi to Xia Qing. Xia Qing nodded. Yun Feng looked at Xia Qing. "If anything happens, remember to call me."

Xia Qing chuckled. "Don't worry, teacher. I'll definitely be extremely careful. I still have the Flower Eagle!" Xia Qing shook the Ring of Contract on her finger. Yun Feng couldn't help but feel a bit relieved in her mind. She left with Qu Lanyi first. Xia Qing stood there and looked at the direction where the two of them left for a long time with determination on her little face.

It was soon the turn of the three summoners of the East Continent, who were a distance away from Yun Feng and the others. Jia Qingyu was the first to write her name. After writing, she quickly walked to the side with a bad expression. Qian Shaoyao was the second. After writing, she glanced at the name on the page and was stunned when she saw a familiar name.

"What's wrong?" asked Mu Shaohua softly. In the end, the pen in Qian Shaoyao's hand also wrote down her name. Qian Shaoyao suddenly pointed at a name. Mu Shaohua looked over and his expression immediately changed! The two words weren't outstanding on the page that was full of words, but they represented something astonishing. Mu Shaohua and Qian Shaoyao were both excited. She was here too!

"Hey! Are you done writing?" Seeing that the two of them were in a daze, Jia Qingyu felt very embarrassed and shouted loudly. Mu Shaohua and Qian Shaoyao finally came back to themselves and quickly walked to Jia Qingyu. "Do you know who's here?" Qian Shaoyao whispered excitedly. Jia Qingyu turned her head away in disinterest. It didn't matter who came!

"Yun Feng. I saw her name." Mu Shaohua sounded very excited. Yun Feng's name resounded throughout the East Continent! As summoners, they knew this name by heart! Jia Qingyu was stunned. Yun Feng? She was here too!

"Are you serious?"

"Really! I've seen Yun Feng's name too! I can finally meet her in person!" Qian Shaoyao looked excited. There was also a hint of yearning in Mu Shaohua's eyes. Jia Qingyu was stunned for a moment, then snorted in disdain. "It's not someone else who has the same name, is it? This name isn't very special."

Mu Shaohua frowned slightly and pretended that he didn't hear anything. "That's great! I've always wanted to see her in person. I'll definitely be able to see her now!"

A slim figure flashed through Mu Shaohua's mind. "We haven't asked for her name yet. The woman who helped us."

Jia Qingyu turned her head in disdain. "Why would you ask? Her name is none of our business."

Mu Shaohua frowned unhappily. Jia Qingyu's temper was too bad for a noble. Did she not know the most basic manners? "Isn't that Xia Qing?" Qian Shaoyao immediately saw Xia Qing walking in the front. Xia Qing also heard someone calling her name behind her. She couldn't help but turn around. It was the three of them.

Qian Shaoyao wanted to go up to her, but thinking of Xia Qing's sudden change of attitude, she couldn't move forward. Xia Qing glanced at the three of them indifferently and turned around to continue walking forward. Seeing that, Jia Qingyu couldn't help but snort. "What kind of attitude is that? You think you're so noble!"

Xia Qing ignored her and continued walking forward. Mu Shaohua couldn't help but shout, "Xia Qing, please wait!"

Chapter 873: Those Blood Red Eyes (2)

??

Xia Qing suddenly stopped. Mu Shaohua and Qian Shaoyao walked over. Jia Qingyu whispered something again and stood far away without moving. Xia Qing turned around. "What can I do for you?"

Qian Shaoyao was a bit hurt. She had almost no friends of her age. Xia Qing was the first person of her age she got along with so well. She thought they were already friends, but Xia Qing already started to hate her because of Jia Qingyu.

"Xia Qing, what Jia Qingyu said only represents her stance. Even though we came from the same place as her, we're different from her," said Mu Shaohua. He smiled at Xia Qing. "We're very envious that you have such an outstanding teacher."

Qian Shaoyao nodded. What she said resolved the hostility in Xia Qing's heart. Jia Qingyu was completely annoying, but Qian Shaoyao and Mu Shaohua didn't seem to be that annoying. Xia Qing slowly put on a smile. Qian Shaoyao immediately held Xia Qing's hand happily when she saw that, and Xia Qing didn't shake her off.

"Then, are we still friends?" asked Qian Shaoyao happily. Xia Qing nodded. She was still willing to be friends with the two of them. Mu Shaohua smiled happily when he saw that. If they weren't in an unfamiliar place, Mu Shaohua wouldn't have bothered to talk to Jia Qingyu at all.

"Xia Qing, let me tell you! The most powerful summoner in our place is here too!" said Qian Shaoyao happily. Mu Shaohua also nodded. Xia Qing found their expressions funny. "That's very good! I want to see the most powerful summoner too!"

"Hehe, I wonder who's stronger between her and your teacher." What Qian Shaoyao said made Xia Qing snort. "Of course, my teacher is stronger."

Mu Shaohua burst into laughter. "This summoner is very powerful. Everyone knows her. I heard that she's quite strong too."

Xia Qing didn't think much of it. In her mind, Yun Feng was the most powerful! Until now, no one had been able to defeat her teacher! Seeing that Xia Qing didn't believe her, Qian Shaoyao said anxiously, "I'm serious. That summoner is really strong!"

"Didn't you see the suspicion on her face? She thinks her teacher is the best!" Jia Qingyu walked over again. What she said made Xia Qing's face turn cold again. Seeing Xia Qing's expression, Jia Qingyu said even more provocatively, "If your teacher is really so strong, we'll let them compete and find out! When your teacher loses, don't be too sad!"

Xia Qing looked at Jia Qingyu coldly. It was easy for her to squeeze her to death with her current strength, but Yun Feng told Xia Qing that it would damage the dignity of the strong if she attacked the weak. Even though Xia Qing didn't say she was a powerhouse, she didn't care to do this to Jia Qingyu. However, if she met her on the ring, she certainly wouldn't show mercy.

...

"My teacher won't lose." Xia Qing looked determined. Jia Qingyu burst into laughter. "Then let them compete! That summoner's name is Yun Feng. Ask your teacher not to find the wrong person!"

"Jia Qingyu, are you done?" Mu Shaohua roared angrily. What Jia Qingyu wanted to say was very straightforward. Qian Shaoyao looked at Xia Qing awkwardly, but saw a weird expression on Xia Qing's face. Xia Qing glanced at the three people in front of her with a complicated expression. "Why are you looking at me like that?" Jia Qingyu was very uncomfortable being stared at.

"Yun Feng?" Xia Qing repeated. Both Qian Shaoyao and Mu Shaohua nodded. "That summoner is indeed called Yun Feng, but don't mind her. Your teacher..."

Xia Qing waved her hand and stopped Mu Shaohua. Her expression was still very strange. "You don't know my master's name?"

Both Qian Shaoyao and Mu Shaohua were stunned. They certainly didn't know her teacher's name and had forgotten to ask. Jia Qingyu grunted in disdain. "Why should we know your teacher's name?"

Xia Qing glanced at them again and chuckled. "My teacher's name is Yun Feng."

"What?" Qian Shaoyao's eyes widened. Mu Shaohua was stunned too, and so was Jia Qingyu. She opened her mouth but couldn't say anything. Yun Feng! Her teacher's name was Yun Feng! Perhaps the person they met was... Yun Feng!

"Same name! They must have the same name!" Jia Qingyu shouted in embarrassment. Xia Qing looked at her coldly. "Think whatever you want. Don't let me hear anything that belittles my teacher again." Xia Qing suddenly raised her arm, and a ball of green light flew out of the Ring of Contract on her finger. When the light faded, a beautiful woman stood next to Xia Qing. "Master."

The three of them looked at the Flower Eagle next to Xia Qing in shock. When Mu Shaohua saw the Flower Eagle's eyes, his body trembled fiercely. "Don't look into its eyes!" Mu Shaohua roared. Jia Qingyu finally looked away with a slightly pale face.

Xia Qing slowly raised the corners of her mouth and looked at Jia Qingyu with her black eyes. "Jia Qingyu, I look forward to meeting you in the arena."

That smile was contrary to Xia Qing's pure nature. She had the potential of a little devil, which made Jia Qingyu inexplicably scared. Her contracted Magic Beast looked very powerful, and her... Jia Qingyu couldn't help but hold the Ring of Contract on her finger and couldn't say anything.

Xia Qing turned around and the Flower Eagle glanced at the three of them coldly. Qian Shaoyao said timidly, "Xia Qing..."

"I have something to do. I'll go first." After saying that, Xia Qing made a hand gesture at the Flower Eagle. Xia Qing and the Flower Eagle had already left the spot and disappeared in front of them at an extremely fast speed, leaving the three dumbfounded people standing there.

"Master." The Flower Eagle followed Xia Qing. It knew the whole story and knew what Xia Qing was thinking. It couldn't help but feel a bit worried.

"I know what you want to say. Even though I can't help my teacher with anything right now..." Xia Qing clenched her fists fiercely as determination flashed in her eyes again. "However, there's always something I can do for her!"

The Flower Eagle's alluring face was suddenly startled. Then, warmth gradually appeared in its beautiful eyes. "Yes, Master."

Yun Feng and Qu Lanyi returned to the reception building of the Summoning Union. Qu Lanyi protected Yun Feng carefully along the way. They didn't enter the main hall of the reception building, but entered through the window on the fourth floor. After entering the room, Qu Lanyi quickly put Yun Feng on the bed and held her slightly cold hand with a warm hand. "Are you feeling better?"

Chapter 874: Those Blood Red Eyes (3)

Yun Feng raised the corners of her mouth. "I'm fine."

Qu Lanyi's face darkened. He sat next to Yun Feng and held her in his arms. Yun Feng was about to struggle, when Qu Lanyi pressed her hand hard. "The dark elements have been eliminated. I won't use light elements again."

Yun Feng took a deep breath. The moment Yun Feng fought with the man in the robe, the man grabbed Yun Feng's mental strength in the air and sent dark elements into Yun Feng's body. If Qu Lanyi weren't here, Yun Feng would probably have had to deal with this problem with a lot more trouble.

Qu Lanyi's warm body enveloped her entire body. Yun Feng only felt warm and comfortable. She couldn't help but relax in his arms. The two of them hugged each other quietly. Yun Feng's slightly cold body also slowly warmed up. Neither of them said anything. Only their shallow breaths rose and fell.

"Did that disgusting guy change your mind?" Qu Lanyi put his warm hand on Yun Feng's waist and rubbed it carefully. Yun Feng was silent for a while before she said, "Yes, I've seen the patterns on his robe before."

Qu Lanyi frowned slightly and tightened his grip on Yun Feng. "Yes? Where?"

Yun Feng's black eyes darkened fiercely as she briefly explained the situation that night. Even though there were only a few words, Qu Lanyi could already picture it. He couldn't help but hold the person in his arms even tighter. Yun Feng slowly whispered, "If I'm right, that person must be related to the black-

robed man back then! I must... take back the ancestor's soul!" The girl's teeth collided fiercely. Qu Lanyi put his chin on Yun Feng's shoulder and pulled her into his arms.

"Since that disgusting guy signed up, we'll definitely meet him on the ring. It's a pity that I'm not qualified to sign up, or else..." There were spots of redness in the depths of Qu Lanyi's black eyes that were about to appear again. Yun Feng's voice made the redness disappear instantly.

"I'm not worried that I won't be able to meet him. I'm worried that the purpose of that person coming to the convention this time isn't simple."

"You mean his purpose... It's possible that..."

Yun Feng nodded solemnly. "Although Ling didn't say it clearly, he has already revealed that the convention this time isn't simple. I suspect that person came for the qualification."

"Those who are qualified are definitely not ordinary people. Why did the Summoning Union gather these people?" Qu Lanyi frowned and whispered. Yun Feng curled her lips and smiled. "I'm not interested in the purpose of the alliance, but it's fine as long as it doesn't get in my way."

"Fengfeng, that guy has the dark element. You must be careful!"

.....

Yun Feng smiled. There was no fear or even panic at all. There was only complete excitement and suppressed anger! "That's great. I've never fought with a dark summoner before. Isn't this a great opportunity?"

Qu Lanyi shook his head helplessly and hugged the person in his arms fiercely. Her reckless personality hadn't changed at all. She wouldn't let go of anyone who crossed her bottom line. He just didn't know if he was one of her bottom lines.

Thinking of Mu Canghai, who suddenly left, Yun Feng frowned again. Qu Lanyi gently touched her with his finger and loosened her frown. "I know you're thinking about Mu Canghai. You should have some confidence in him."

"No, I'm not suspecting anything. I'm afraid he'll go after that person secretly."

Qu Lanyi chuckled. "Do you think he's still a kid? He knows his limits and won't be reckless. Do you think everyone is as reckless as you?"

Yun Feng couldn't help but refute a bit angrily after hearing this. "Reckless? How exactly am I reckless?"

Qu Lanyi chuckled. Yun Feng's chest trembled from behind. The man held her even tighter. Qu Lanyi buried his handsome face in Yun Feng's tender neck. His warm breath sprayed on Yun Feng's skin, making Yun Feng, who was still talking about business just then, suddenly shy.

"Qu... Qu Lanyi..." Yun Feng stammered. Her face slowly flushed. The man behind her held her tightly. His warm breath slid across her skin like the wind, making Yun Feng feel itchy. "Let go." Yun Feng struggled a few times. Qu Lanyi raised the corners of his mouth and tightened his arms. "No."

No? Yun Feng blushed again when she heard this shameless reply. "I said let go!" As if she was enraged, Yun Feng tried to break free. Qu Lanyi's black eyes suddenly darkened. He wrapped his arms firmly and lowered his head to Yun Feng's ear. "I said I'm not letting go."

The temperature in the air suddenly rose by a few degrees. Yun Feng heard Qu Lanyi's slightly hoarse voice. The man's aura completely enveloped her from head to toe. This was the smell that belonged to Qu Lanyi, a smell that was full of temptation and charm.

"Qu Lan, Qu Lanyi..." Yun Feng was a bit panicked. The two of them had been so intimate before, but the atmosphere was completely different at this moment. Yun Feng suddenly realized that time had passed. She and he had already passed the age of innocence. To be more precise, she was a woman now, and he was a man.

"Fengfeng..." An alluring and hoarse voice sounded in her ears. Qu Lanyi's soft lips rubbed against the skin on the back of Yun Feng's neck gently. Feeling the smoothness and softness of the person in her arms, Yun Feng blushed and didn't know how to react.

His warm hand slowly turned Yun Feng's red face around. At this moment, Yun Feng's black eyes were covered in mist, hiding a hint of shyness and helplessness. Yun Feng, who had always been domineering, was in such a posture at this moment that Qu Lanyi couldn't suppress himself anymore.

He pressed his hot lips down and grabbed the back of Yun Feng's head with one hand, swallowing her entire breath. Yun Feng's head was completely in chaos at this moment. Apart from the scorching heat on her mouth and the breath of the man holding her, she couldn't think of anything else, as if she and he were the only ones left in the world. His warm hand slowly climbed onto her cheek and covered her eyes. Yun Feng grabbed Qu Lanyi's clothes tightly and felt his increasing passion. She only felt like she couldn't breathe.

Finally, the man's lips left hers. Yun Feng breathed heavily, and her eyes were still covered by his hand. Yun Feng reached out and pushed him away, but Qu Lanyi suddenly pulled her into his arms. He pressed her hot face against his equally hot chest and listened to their racing hearts.

Chapter 875: Those Blood Red Eyes (4)

The heartbeat in Qu Lanyi's chest came crazily. Yun Feng lay in his arms quietly. Qu Lanyi's heavy breathing sounded softly. His long eyelashes trembled and he slowly opened his eyes. The redness was fading bit by bit.

"Qu Lanyi?" Yun Feng wanted to look up at him, but Qu Lanyi pressed her back to his chest. "What's wrong?" The man's hoarse voice came from his chest, sounding muffled. Yun Feng shook her head and wanted to look up again, but he didn't stop her this time. Qu Lanyi's warm and scorching black eyes were looking at Yun Feng. Yun Feng's face, which had finally cooled down, instantly heated up again.

Qu Lanyi chuckled and kissed Yun Feng gently, holding her in his arms again. "My wife is shy."

Yun Feng couldn't help but roll her eyes, but she didn't refute him. She only mumbled softly, "Pervert."

Qu Lanyi chuckled again after hearing that and held Yun Feng even more tightly. "Is my wife still cold? If she's still cold, I'll immediately warm her up." Yun Feng was like a rabbit that had its hair pricked when

she heard this. She immediately retreated from Qu Lanyi's arms. Qu Lanyi didn't stop her this time. Yun Feng ran out with a red face and her ears were completely red.

After the door was closed, Qu Lanyi fell on the bed exhaustedly. His breathing became heavier and heavier. He grabbed his clothes with his slender hand and pulled them hard, revealing a large part of his chest. His black eyes had already turned pure red, as if they had been stained with blood!

Listening to the continuous roars in the blood in his body, Qu Lanyi grabbed the white jade pendant on his chest tightly and slowly touched the patterns on the back of the white jade pendant. "Are you... unable to hold back anymore?"

When Yun Feng returned to her room, her face was still a bit red and her heart was pounding. Thinking of the temperature that was as high as a soldering iron on Qu Lanyi's body just then, her little face couldn't help but flush a bit again. She then realized that Meatball was no longer on her shoulder, or it wouldn't have let Qu Lanyi get close to her like that.

Yun Feng closed her eyes and soon found Meatball in her bracelet. Its fluffy body was curled up and it was holding a few ultimate ores in its arms. Next to it was the small mountain of ultimate ores that had been eaten last time. Yun Feng opened her eyes and Meatball's body appeared in front of her. Meatball opened its eyes, looking a bit drowsy.

"What's wrong with you recently?" Yun Feng couldn't help but feel a bit worried. Meatball had been sleeping a lot recently. Even when it sat on her shoulder, it looked drowsy. Meatball wasn't like this in the past. This was the first time such a situation happened after it followed Yun Feng for so long. Yun Feng was a bit worried that something might happen.

Meatball tried to open its eyes and glanced at Yun Feng. It rubbed its head against Yun Feng's hand and yawned, showing its sharp teeth. It was obvious that it still wanted to sleep, but Yun Feng was here. Meatball held on and looked quite listless.

Yun Feng observed carefully for a while and touched Meatball's body with her hand. Meatball cried out comfortably and threw away the ultimate ores in its arms. It jumped into Yun Feng's arms and showed its fluffy little claws, holding Yun Feng's clothes tightly. Yun Feng smiled helplessly. Was this a hug?

"It's great that you're fine. I was worried." Yun Feng whispered gently. Meatball rubbed its little head again and a glint of light flashed through its slightly opened black eyes. Then, it raised its little head. "Nana, nana." Yun Feng thought for a while. "You want to sleep?"

.....

Meatball lowered its little ears and looked extremely disappointed. Its fluffy tail swept Yun Feng's cheeks and its little body flashed, entering Yun Feng's bracelet. Yun Feng looked at the few ultimate ores Meatball threw aside and shook her head with a helpless smile. She would just let that little thing do whatever it wanted.

Xia Qing came back in the afternoon. When she came back, she rushed to Yun Feng excitedly and told her everything she found out outside. Yun Feng looked at Xia Qing's slightly red cheeks and the tiny beads of sweat at the tip of her nose and couldn't help but feel warm in her heart.

“Master, summoners aren’t the only ones who came to the convention this time. I heard that the Masters of the three halls are here too. The Summoning Union even invited some guests!”

Yun Feng nodded without batting an eyelid after hearing that. The three Hall Masters would definitely come. It would be wrong if they didn’t come to such a gathering, especially when there were summoners everywhere. However, the Summoning Union even specially invited some people. Who were these people?

“I wonder who the Summoning Union invited...” Xia Qing frowned and thought for a moment. Then, her eyes brightened! “Master, are you participating in the Magic Beast Auction?”

Yun Feng chuckled. “I think so.” Even though Ling said that there was no need for her to go, wouldn’t it be too boring if she didn’t go there? Besides, if there were any earth or lightning Magic Beasts, she could just take them. Yun Feng had never met the two types of Magic Beasts she liked, or her spots wouldn’t still be empty.

“Yes! I just don’t know when it’ll be held.” Xia Qing nodded. Then, she thought of something. “Master... Will that man...” Yun Feng’s black eyes darkened slightly as she touched Xia Qing’s little head. “Qingqing, you don’t have to worry about that. That man can’t do anything to me.”

Xia Qing was still very worried. She stared at Yun Feng with her big eyes. “I don’t want anything to happen to you. I don’t want to see anyone hurt you!”

Yun Feng smiled. “Nothing will happen to me.”

Xia Qing’s eyes glittered fiercely a few times. In the end, she only grunted softly. Yun Feng curled her lips and smiled. She glanced at the Flower Eagle that had been hiding in the room and didn’t move. With this Flower Eagle by Xia Qing’s side, Yun Feng was finally relieved.

It was already late at night when Mu Canghai came back. Yun Feng noticed a trace of unusual flow in the air in her sleep and her black eyes suddenly opened. She knew that Mu Canghai must be back. Yun Feng was silent for a while as she glanced at the quiet night sky outside. In the end, she slowly closed her eyes again.

The second day came as expected. The first day of the convention didn’t have any real content, but it was completely different today. All the names registered on the first day were messed up and divided into four groups, challenging each other on the rings in the four corners. When Yun Feng appeared in the Summoning Union’s main hall, she saw Ling again, looking elegant.

Chapter 876: Come To the Stage (1)

??

“Miss Yun, the free arena has already begun. You’re on Region A arena, while Miss Xia Qing is on Region C.” Ling smiled elegantly. Yun Feng nodded. “The rules of the free arena are very simple.” Ling gently pushed his glasses. “You’ll be able to qualify after forty consecutive victories. If you lose any of the battles in the middle, you’ll be automatically eliminated.”

Yun Feng raised her brows curiously. Was this... a consecutive battle? The rules seemed very casual, but they were actually cruel and heartless. Once you lost once, it would be useless even if you won thirty-

nine rounds in a row. "So, anyone who wins forty rounds in a row can qualify? There's no limit to the number of winners?" Yun Feng asked as Ling nodded. "That's right. There's no limit on the number of people who can qualify, but Miss Yun will definitely be fine."

Yun Feng smiled. Someone in a corner of the hall seemed to be calling Ling. Ling said goodbye regretfully and left, while Yun Feng pondered the rule. Qu Lanyi walked to Yun Feng and held her hand gently. "What are you thinking about?"

Yun Feng lowered her head slightly. "I'm thinking about this rather interesting rule."

Qu Lanyi smiled in disdain. "The Summoning Union must have a purpose for gathering these people together. We'll know when the time comes."

Yun Feng was relieved. "You're right. I'll know everything when I qualify."

Mu Canghai walked over. Yun Feng glanced at his face and found that he seemed a bit weak. Mu Canghai noticed Yun Feng's gaze and the corners of his mouth curled up. "I'm fine." Yun Feng's lips moved, then she chuckled. "It's great that you're fine." She turned around and looked at Xia Qing next to her. "Qingqing, let Qu Lanyi send you to Region C."

Xia Qing nodded. She was happier when she thought that she wouldn't be on the same ring as her teacher. She must work hard this time and try to qualify! That way, she could stand next to her teacher! Qu Lanyi's thin lips moved as he glanced at Mu Canghai, who was a bit pale. Then, he sighed and let go of Yun Feng's hand. He walked to Xia Qing's side and messed up Xia Qing's hair with his height.

"Brother Lanyi! You mess up my hair every time. I'm going to complain to the teacher!" Xia Qing looked at Qu Lanyi angrily. Qu Lanyi smiled gloatingly. "Let's go. I'll take you there." He turned around and winked at Yun Feng. Seeing Yun Feng's embarrassed and angry expression, he finally left with Xia Qing.

Only Mu Canghai was left standing behind Yun Feng. He was a bit shocked. He thought he would be the one to send Xia Qing over. Yun Feng walked out of the hall without saying anything. Mu Canghai was startled and quickly followed her. The sunlight outside was bright, but it didn't shine on Mu Canghai at all. The space around Mu Canghai distorted to a certain extent, avoiding all the sunlight.

Yun Feng didn't say anything along the way. Mu Canghai followed her silently. He looked at Yun Feng with his black and gray eyes as his heart kept rolling. Finally, he couldn't help but say, "You won't ask me what I did yesterday?"

...

Yun Feng chuckled. "You certainly have your freedom. You're not my servant."

For some reason, what she said made Mu Canghai feel a bit hurt. The piercing pain in his chest made him a bit at a loss. He got rid of these complicated emotions. Mu Canghai fell silent again and Yun Feng didn't say anything either. The two of them walked all the way to the ring where they signed up yesterday. This was the arena for Yun Feng's competition.

When she arrived at Region A, a lot of people had already gathered here. Yun Feng glanced at the crowd. Almost all of them were summoners. There was a hint of excitement on their faces. A few people walked in the crowd, as if they were verifying their identity.

Yun Feng stood outside quietly and listened to the commotion around her. The noises were endless. Yun Feng sank into her world as if she didn't hear anything. "Yun Feng, I..." Mu Canghai's lips moved and he wanted to say something, but someone walked over at this moment. "A contestant?"

Yun Feng didn't seem to hear what Mu Canghai said. She replied, "Yes."

"Name." The person who asked glanced at the four-star badge on Yun Feng's chest and his tone became much gentler. Yun Feng replied indifferently, "Yun Feng."

The person who asked the question glanced at the name list in his hand and found Yun Feng's name. He drew a line on it, which could be considered a verification. He pointed at the area next to the ring.

"Contestant, go there and wait. Your companion must wait outside."

Yun Feng nodded. The person who asked the question continued with his work. "I'll go there. Wait here." Yun Feng smiled at Mu Canghai. Mu Canghai's chest suddenly hurt. The moment Yun Feng turned around and was about to leave, he impulsively reached out and grabbed the girl's warm wrist.

"What's wrong?" Yun Feng turned around and looked at Mu Canghai, but he didn't shake off her hand. Instead, Mu Canghai suddenly retracted his hand and stared at Yun Feng. "Why didn't you ask me?"

Yun Feng smiled. "Why should I ask you?"

Mu Canghai was startled and looked at Yun Feng dumbfoundedly. Yun Feng chuckled as she turned around and said to Mu Canghai, "Mu Canghai, I trust you, so I don't have any questions. However, you must consider carefully before you do anything. Xiaojin waited ten years for you to come back. There's no next ten years."

Mu Canghai's eyes widened. Yun Feng had already turned around and left. Mu Canghai clenched his fists fiercely as an unusual bitterness spread in his heart. "Ten years... There's indeed no next ten years." He was already someone who died. If he died again, he would completely disappear and wouldn't come back. "Are you concerned about me?" Mu Canghai whispered with a wry smile as he slowly raised his handsome face. He didn't have to think hard. No matter how noisy and chaotic the crowd was, the back of the girl was always so distinct, just like that night. It was deeply engraved in his heart.

The four corners of the Thousand Peak City would become the center of attention from today on. There would be exciting battles on the four rings. Summoner versus summoner, this wasn't something that could be seen anytime.

There was a place for registered contestants next to each ring. The summoners and escorts who didn't sign up could only wait outside. Naturally, there was no order for the contestants. Whoever wanted to go up first could go up.

Yun Feng came to the gathering place of the contestants and stood quietly at the back. The arena battle hadn't started, because the verification work wasn't over yet. Yun Feng waited patiently and also observed the situation in Region A silently.

Chapter 877: Come To the Stage (2)

?

Many summoners showed their Rings of Contract rather ostentatiously. The rings of all colors competed with each other. The patterns on the rings were certainly different. Yun Feng glanced at them briefly. The strongest people around her were only at the Commander Level.

Naturally, Yun Feng wouldn't underestimate anyone. Even a weak opponent could become stronger and burst out. Yun Feng wouldn't underestimate them. She only observed what was around her. She didn't know who signed up for Region A and she didn't know which area Yao Man was in.

While Yun Feng was thinking, she heard a familiar voice. "Yun Feng, are you also in Region A?"

Yun Feng turned around. "Yes, what a coincidence." The person in front of her was Yao Man. She was wearing clothes that made it easier for her to move, which accentuated her curvy body and made her face look noble. Yao Man was also standing behind like Yun Feng. These two people were the most indifferent in Region A.

Yao Man from the Thousand Snow Hall should have some relationship with the Hall Master. Ling revealed a lot of information last time. Yun Feng knew that Yao Man, who had always been noble and elegant, despised her in her mind. If she weren't at the Monarch Level, Miss Yao probably wouldn't have talked to her.

Yun Feng didn't care about this. The two of them stood behind just like that. Her black eyes were as calm as water, but there was a hint of mockery in them. After waiting for a while, the people in front seemed to be a bit stirred. Yun Feng knew that the arena battle was about to begin.

As expected, someone got on the ring and said something. After a while, the battle in Region A had already begun. There were already summoners who couldn't wait to get on it at the beginning. The audience also burst into cheers.

Yao Man turned her head slightly and saw Yun Feng's calm expression that didn't apply to anyone else. "Yun Feng, aren't you going to the ring?"

Yun Feng chuckled. "There's no rush. You're not hasty either, are you?"

Yao Man turned around and looked at the people on the ring mockingly. "They're just clowns."

Yun Feng didn't answer. What she said was a bit too much. Even if they were weak, they had their own goals and dreams, but they were worthless in Yao Man's mouth and she even called them clowns. Yun Feng mumbled to herself that she wasn't the same as her after all.

"Clowns? Are you talking about yourself?" The corners of Yun Feng's mouth also curled up mockingly, but this ridicule was directed at Yao Man. Yao Man was stunned and was immediately a bit angry. "Hm! What's wrong with what I said? These people will go down sooner or later."

Yun Feng chuckled. "Don't underestimate anyone, or you'll regret it."

Yao Man was stunned and looked at Yun Feng thoughtfully. Yun Feng, on the other hand, stared at the ring in front of her. The battle on the ring had already begun. The moment the Magic Beasts appeared, the audience was stirred! Hearing the commotion of the crowd, Yao Man sneered and also looked at the ring. "I want to see who can make me regret!"

Winning forty rounds in a row seemed easy, but it was actually difficult. The difficulty was that they had to win consecutively. To win forty consecutive times, the opponents they encountered were naturally different. No matter how lucky they were, they couldn't guarantee that the strength of these forty people they encountered was lower than theirs, unless there was a huge difference in strength.

Even though the difference in strength was huge, the amount of mental strength consumed to win forty battles in a row could be imagined. Under the premise of consuming such a huge amount of mental strength, people who could win forty times in a row weren't ordinary people. Those who could persist forty times were already figures among the elites.

The battle in Region A was in full swing. Many kinds of Magic Beasts appeared. There were all kinds of Magic Beasts, including some precious ones. When these precious ones appeared, they would definitely cause a commotion in the crowd and attract the envy of most summoners!

Yun Feng stood at the back quietly and watched people keep coming down and going up the ring. There were only fifteen consecutive victories so far. Forty... This number was indeed a bit difficult. After observing for a long time, Yun Feng didn't find the man in the hood yesterday, nor did she see the three brats of the East Continent. They should be in different areas. She only hoped that the man in the hood wasn't in the same area as Qingqing. Thinking of this, Yun Feng's face couldn't help but darken.

There were judges of the Summoning Union next to the rings in every region. If you were eliminated, your name would be removed, which meant that you were eliminated. Yun Feng had been standing at the back quietly, as if she didn't want to go on stage. Yao Man could still calm down at first, but she couldn't anymore in the end. Those who were eliminated couldn't go on stage again, which meant that the number of people participating in the arena was constantly decreasing! If there were less than forty people on the stage, they would also be eliminated!

Yun Feng looked calm, but Yao Man was a bit impatient. At this moment, a part of the number of people signing up for the competition had already decreased, and the winning streak on the ring was the highest record at the moment. When another summoner was eliminated, the person on the ring was obviously arrogant.

"Who else is dissatisfied? Come on up!" His roar caused another commotion. The Magic Beast next to the man also roared loudly, adding to his momentum. Yun Feng glanced at the man. The early stage of the Monarch Level. This was the highest strength of the contestant on the stage right now. He had already won twenty-five times in a row. He was quite capable. Yao Man was already impatient. Hearing this obvious provocation, the fire in her heart immediately burst out. She also had the desire to show her strength in her mind. Her body immediately flashed and she had already jumped on the stage.

Seeing Yao Man's movement, Yun Feng couldn't help but smile sarcastically. She continued to stand quietly and looked at the stage with her black eyes. Yao Man floated onto the stage. Her graceful body and beautiful face immediately attracted a lot of attention. Even the man who spoke just then couldn't help but feel startled and looked at her in a daze.

Yao Man was enraged. How dare this man look at her with such an obscene gaze! "Arrogant person!" Yao Man shouted angrily. The purple ring on her finger suddenly flashed with purple light. The man on the ring couldn't help but feel startled. Purple... Lightning summoner!

The crowd was stirred again. After so many matches, most summoners were of the fire, wind, earth and water elements. There was no double-element summoner. Yao Man was the first lightning element summoner. This was the current situation in Region A.

Chapter 878: Come To the Stage (3)

“A lightning summoner! Lightning is very rare!”

“Yes! And this woman seems to be very strong!”

The crowd discussed and focused on the dense purple light next to Yao Man. Lightning summoners were rare, and so were lightning Magic Beasts! What exactly was Yao Man’s contracted Magic Beast? Yun Feng’s eyes couldn’t help but heat up. She also wanted to see what her contracted Magic Beast was!

The man, who had already won twenty-five times in a row, took half a step back in panic. Yao Man sneered when she saw this. She suddenly raised her arm and the purple light faded. The skinny man, who was wearing a dark purple robe and had pale skin, stood next to Yao Man and called her master softly.

Half of his long dark purple hair hung behind his head and the other half hung on his face, blocking half of his face firmly. The other half of his face was revealed with endless coldness. Yun Feng’s black eyes glittered. That was her lightning-element contracted Magic Beast? She wondered how its original body was like!

“Stop... Stop pretending!” The man, as her opponent, roared. The Magic Beast next to him suddenly roared and swung its sharp claws, pouncing on Yao Man. Its speed and strength burst out in an instant! This man still had such astonishing explosive power after twenty-five consecutive victories. This man wasn’t an ordinary person!

“He still has such power!”

“As expected of someone who has won so many battles in a row. He’s also very strong!”

The commotion in the crowd started again. The corners of the man’s mouth were about to rise proudly, but it instantly froze there! Yao Man sneered. The man in purple on the side had already moved. His skinny body instantly stood in front of Yao Man and he gently pushed his skinny arm forward, holding the sharp claws of the Magic Beast in his hand fiercely!

“What?” The man shouted in shock. His Magic Beast’s attack was stuck there and it couldn’t move right now!

“Roar...” The Magic Beast, which had been stopped, let out an angry roar. The man in purple lowered his face slightly. The long hair that covered half of his face emitted a faint purple light. A glint of viciousness flashed in Yao Man’s eyes. The man in purple had already made the next move!

A thunderclap sounded! The Magic Beast on the ring, which was blocked by the purple-robed man, had already fallen to the ground with a bang and its limbs kept twitching! The entire venue was silent. The man opposite to him was already dumbfounded. His... his Magic Beast had the strength of the early stage of the Monarch Level! How could it be... beaten up so easily?

The limbs of the Magic Beast on the ring kept shaking. It didn't have any power to resist anymore. It didn't even have the power to stand up! Everyone was shocked. The difference was too huge! Just once, just once!

.....

Yun Feng looked at the silver snake that was crackling in the man's hand and her red lips curled up slightly. As expected of Yao Man at the peak of the Monarch Level. Her Magic Beast seemed very extraordinary. Yao Man stood there like a queen looking down at the man who was at a loss. "Do you still need me to continue?"

The man gritted his teeth and a ball of light flashed. The weak Magic Beast on the ring had already been put into the man's Ring of Contract. The man raised his eyes angrily and glared at Yao Man. When he glanced at the man in purple, he showed a little fear. He, who had won twenty-five rounds in a row, had lost!

The man jumped off the ring and left angrily. Yao Man snorted in disdain and glanced at the remaining people coldly. The man in purple retreated to Yao Man's side respectfully and didn't say anything at all. The crowd suddenly burst into enthusiastic cheers. Yao Man had gained enough face by doing this. Hearing the loud discussion and praise, the corners of Yao Man's mouth curled up. She looked at Yun Feng standing behind without hesitation. Her clear black eyes were still calm and didn't have any waves!

Yao Man was suddenly enraged. She should've seen her strength, right? She wasn't surprised at all. How could she be so calm? A strong unwillingness filled Yao Man's heart. Yun Feng's calm gaze stung her superior dignity.

The appearance of the lightning-element summoner aroused more enthusiasm. Summoners jumped on the stage one after another. Even though they knew that they weren't as strong as Yao Man and they couldn't win, the enthusiasm in their hearts kept burning and boiling! Her opponents lost one after another. Yao Man gradually broke the highest record just then. She had already won thirty-five rounds in a row! She would be able to successfully qualify after winning five more rounds!

Time passed minute by minute. Yao Man subconsciously looked at Yun Feng whenever she defeated a contestant. That woman still stood behind quietly and didn't intend to go on stage at all! Yun Feng indeed didn't intend to do that. The free arena would last for a long time. She didn't want to fight today and only wanted to observe secretly.

Looking at Yao Man, who became more and more irritable on the ring, a hint of mockery suddenly flashed through Yun Feng's eyes. This mockery was caught by Yao Man fiercely. When she knocked another opponent off the ring, Yao Man had already won thirty-nine rounds in a row!

The crowd was stirred! She was undoubtedly the first person to qualify today. The first person to win forty rounds in a row!

Another summoner jumped onto the stage, but Yao Man raised her arm. A beam of light flashed in the palm of the man in purple and sent the summoner who was about to get on the stage flying! He was completely shocked! Yun Feng couldn't help but feel stunned when she saw this scene. What was Yao Man doing?

Yao Man walked to the edge of the ring and spun her hand slightly. A wand appeared in her palm! The crowd looked at the wand in Yao Man's hand in confusion, but a tense atmosphere spread quietly. Yao Man slowly raised her arm and pointed the other end of the wand at the back of the crowd, where the calm figure was standing!

"Yun Feng! Do you have the courage to come on stage?" Yao Man shouted loudly. Everyone looked back in the direction of her wand. They couldn't help but make way in the crowd. The girl, who had been standing behind quietly, suddenly smiled with a fierce glint in her black eyes!

"Yun Feng? Who's that?"

"I don't know. I've never heard of this name. She can't be a big shot..."

"However, this lightning-element summoner called out to her. It seems that the two of them must have a grudge, or they wouldn't be like this."

Chapter 879: How Can You Beat Me Like This (1)

Discussions rose one after another. Yun Feng turned a deaf ear to them. She, who was originally quiet behind, had now become the focus of everyone's eyes, the focus of the entire scene. The man in purple next to Yao Man also looked up. When he saw Yun Feng, he was suddenly shocked and then lowered his head.

Mu Canghai's face darkened in the crowd. Yao Man was obviously targeting Yun Feng. Even though Mu Canghai was unhappy in his mind, this wasn't an occasion he could interfere with. Besides, Yun Feng wouldn't let Yao Man bully her!

Yun Feng slowly raised her head and put on a rather lazy smile. Yao Man looked at her provocatively. The consecutive battles just then had already aroused the enthusiasm in Yao Man's body completely. Her usual elegance had already disappeared.

"You think I'll go to the stage because you want me to?" Yun Feng replied lazily. This reply made Yao Man blush. Then, she thought of something and said loudly, "I think you're afraid."

Yun Feng raised her brows slightly and didn't say anything. Countless gazes sized Yun Feng up like a scanner. Someone with sharp eyes also saw the two Rings of Contract on Yun Feng's finger and shouted in shock, "She's a double-element summoner!"

The crowd was in chaos again. Incredulous exclamations rose and fell. Yao Man sneered. "So what if you're a double-element summoner? You still don't have the courage to come on stage! I think your contracted Magic Beasts are nothing!"

Yun Feng's eyebrows twitched slightly, but she still didn't say anything. Yao Man's even more mocking voice came. "Don't you have a student? If your student sees how cowardly her teacher is, she might be extremely disappointed! The student taught by such a cowardly teacher won't be any better!"

Yun Feng's lowered face slowly rose again. It was still calm and indifferent, but there was an unbearable pressure on it. Yao Man was stunned and became inexplicably nervous in her mind. Yun Feng chuckled softly. A hint of coldness suddenly flashed through the back of whoever heard this laughter and they couldn't help but shiver.

Stepping forward step by step, the girl slowly approached the ring with lazy steps. When Yun Feng passed by, the crowd stood on both sides uneasily, making way for Yun Feng. The girl jumped up gently and stood on the ring, looking at Yao Man with her clear black eyes.

“If that’s your request, I’ll play with you.” There was coldness in Yun Feng’s black eyes. She suddenly moved her slender fingers and a ball of green and red bright light appeared on both sides of Yun Feng. Yao Man suddenly widened her eyes. The man in purple stood in front of Yao Man with a solemn expression.

“How dare you insult my master!” The red light faded and the huge Fire Cloud Wolf appeared on the ring directly. Its black wolf eyes that were as black as dazzling stones emitted shocking and furious light. Suppressed wolf roars came out of Little Fire’s throat. The green light on the side faded and a handsome man with a tattoo on one side of his cheek appeared with a cold expression.

“You angered Master and us.” After saying this, a pair of wings suddenly appeared on Lan Yi’s back. The patterns on the wings were that of a huge and ferocious griffin!

“A Mutated Fire Cloud Wolf... and a griffin!” Yao Man’s pupils shrank fiercely. Were they Yun Feng’s contracted Magic Beast? Yao Man clenched her fists fiercely and an unwillingness to admit defeat surged in her mind. Her contracted Magic Beast was indeed very strong, but she, Yao Man, wasn’t bad either!

.....

The man in purple received Yao Man’s order and a ball of purple light suddenly surged out of his body. His long hair fluttered even though there was no wind and the half of his face that was covered was also exposed. That half of his face was surprisingly covered in purple scales! After the purple light with crackling sounds dissipated, they saw a huge snake standing on the ring. The surface of its body was covered with purple scales that were so deep that they turned black, except for its abdomen. Its snake-like head was wrapped in thicker scales and something like horns grew on both sides! Its dark purple snake eyes opened, emitting a bloody light!

“Hm! I thought it was something else. It turns out to be the Electric Python.” Little Fire snorted in disdain, while Lan Yi looked solemn. “Master, the Electric Python is one of the best among the lightning-element Magic Beasts. Its bloodline and abilities are extraordinary! It’s quite a tricky guy!”

Little Fire roared in frustration. Its sharp claws had already scratched the ground! It stared at Yao Man and the Electric Python next to her. “No matter what kind of python it is, I’ll beat it to the ground!” A furious and wild wolf howl rose from the arena and spread throughout the sky. The fiery red wolf had already turned into a beam of red light and rushed out. Little Fire’s sharp claws slapped down fiercely. The Electric Python raised its head and dodged Little Fire’s attack. It opened its mouth and a purple ball of light appeared in its mouth!

Little Fire also opened its mouth and a ball of red and black light appeared. The two giant beasts roared at the same time and the light balls collided, creating a deafening sound in the air!

“What’s going on?” The other three rings in the Thousand Peak City suddenly heard the loud noise. Everyone was extremely surprised. “It’s from Region A. What exactly happened? Why did it cause such a huge commotion?”

“I don’t know...”

In Region C, Xia Qing was already waiting in the gathering area, while Qu Lanyi was waiting outside. After hearing the loud noise, Qu Lanyi curled his lips. It must’ve been his wife.

In the reception building of the Summoning Union, Ling, who was working, suddenly felt that the entire building seemed to shake. The people in the reception building were a bit panicked. Ling frowned slightly. After a while, someone pushed the door open and ran in. “Two powerhouses in Region A are fighting!”

A glint of darkness flashed in Ling’s eyes. He pushed the glasses on the bridge of his nose and smiled quite deeply. He continued doing the work at hand, but the smile at the corners of his mouth never disappeared.

The few people who were discussing something in a building somewhere in Thousand Peak City were also startled after hearing the loud noise. “It’s indeed the Summoners’ Convention. Such a huge commotion can only be seen in such a convention.” The rough man sitting there laughed. He was the Master of the Bright Moon Hall!

“Indeed. Since we’re here, we certainly can’t miss it.” A slightly hoarse voice sounded. The man who spoke was a short old man. His facial features were densely distributed.

Chapter 880: How Can You Beat Me Like This (2)

“You’re right, Master of the Ancestral Forest Hall. It’ll be great if the Thousand Snow Hall can hold such a convention.” The person who spoke was a silver-haired man. He looked unimaginably young and his silver hair was glittering. His eyes were so charming that people would never forget them for the rest of their lives.

“This is the Summoning Union’s own idea. Hall Master Thousand Snow, why don’t you go and discuss with those people?” The short and shriveled body of the Master of the Ancestral Forest Hall nestled on the chair. A malicious smile appeared on his extremely tight facial features. The silver-haired handsome man chuckled softly, as if he didn’t care.

“There must be a lot of summoners from your areas. Why don’t we go and take a look? Hahaha!” The Master of the Bright Moon Hall got up and cupped his hand in the other in front of the two of them. The Master of the Thousand Snow Hall also got up slowly. His robe dragged on the ground, making some friction sounds. The silver-haired handsome man walked to the door and was about to leave when the Master of the Ancestral Forest Hall suddenly spoke.

“I wonder if you’ve heard of Yun Feng, Hall Master Thousand Snow?”

The silver-haired handsome man was slightly stunned. “What ability does this person have to make the Master of the Ancestral Forest Hall so concerned?” The silver-haired handsome man turned around slightly and smiled. The Master of the Ancestral Forest Hall burst into laughter and his shriveled body shook a few times. “Of course, she’s quite capable and very interesting.”

The silver-haired handsome man walked out with a faint smile and didn’t say anything else. However, Yun Feng remembered the name in her mind. There must be someone that could make that old man with a changing personality remember her.

The silver-haired handsome man walked for a distance and saw a tall figure waiting in front of him. The silver-haired handsome man walked over slowly. The tall figure chuckled when he saw him and walked alongside him. "Why aren't you looking for Yao Man?" asked the silver-haired handsome man.

"Such an pretentious woman. I can't be bothered to look at her," said the person next to him in disdain. His black hair hung by his ears and covered half of his cheeks. The other half of his facial features were indescribably beautiful, especially his peach blossom-like eyes, which seemed to be full of emotions at all times.

"Changege, Yao Man is your..."

"She's not!"

The silver-haired handsome man frowned slightly. "You've been a bit distracted since you came back from outside."

The person next to him chuckled and then a trace of loneliness flashed through his face. "Maybe. Perhaps there are too many beautiful women. It's not easy for me to pick."

The silver-haired handsome man frowned even more tightly. "Changege, you..."

.....

"Alright, I got it." The person on the side sighed softly. There was a hint of gloominess deep in his peach-blossom eyes and on his handsome face. "I'll go find Yao Man right away."

The silver-haired handsome man didn't say anything. The tall figure walking next to him had already left quickly. It was sunny outside, but there was a hint of coldness in the tall figure. Even though half of his face was covered by his black hair, the half that was revealed was enough to attract many gazes, especially those of a woman.

Mo Changege stood right there. He raised his head slightly and narrowed his eyes to look at the sunlight in the sky. His black hair slowly fell from his cheeks. His skin, which was as fair as jade, had a little luster and was very beautiful. Those peach-blossom eyes had charming waves, as if they had a thousand things to say.

Yun Feng, have you forgotten someone called Mo Changege?

This sentence suddenly came to Mo Changege's mind. He raised the corners of his mouth in self-mockery. Why would that girl remember him? He left in such a hurry that he didn't leave anything behind except his name. With her cold personality, she wouldn't have come to find him voluntarily.

His handsome face became even more gloomy. Looking at the corner of Region A of the Thousand Peak City, Mo Changege spat fiercely and his body suddenly jumped into the air. In a flash, he had already disappeared completely.

The strong explosion on the ring in Region A shocked everyone. The people responsible for supervising the ring all turned pale. Little Fire slowly landed next to Yun Feng from the sky. The Electric Python also shut its mouth and looked at the opposite side gloomily. The two Magic Beasts seemed to be just greeting each other just then.

Yao Man stood there with an inexplicable smile on her face. Tiny sounds kept coming from the body of the Electric Python on the side. Little white snakes jumped out from time to time. Yun Feng also stood there with her black eyes as calm as water. Little Fire was communicating with Yun Feng telepathically.

“Master, that python is indeed quite capable.”

.

“Brother Fire, you must avoid those two horns on his head next time we fight. That’s probably the place with the strongest lightning elements.”

“Don’t worry. I’ll definitely find a chance to tear those horns off!”

Yun Feng listened to the conversation between Little Fire and Lan Yi as she flipped her hand gently and a Monarch Level wand appeared in her hand. Yao Man burst into laughter when she saw this. Instantly, the Electric Python raised its head and hissed, opening its mouth and pouncing over!

“Roar...” Little Fire also roared furiously. Lan Yi spread its wings and went forward! In an instant, the three Magic Beasts fought! This scene indeed frightened many people. “God, I’ve never seen such a chaotic scene...”

“Three Magic Beasts... Three Magic Beasts fighting each other!”

The Magic Beasts of summoners were the most important source of power for summoners. When summoners faced summoners, they didn’t just compete with the power of the Magic Beasts! Summoners were also mages! Yao Man raised her arm with a complacent look on her face and shouted fiercely, “Thunder!”

Yun Feng’s face darkened and her body quickly flashed to the side. A dazzling white light suddenly fell from the sky and smashed into the ground, creating a deep pit! The lightning element, a rare element that was a mixture of violence and speed, had astonishing destructive power! Among the most basic five elements, the lightning element wasn’t inferior in any aspect!

A thunderbolt struck. The moment Yun Feng landed on the ground, she had already risen with a deep voice. “Wind blade!” A huge wind-element blade slashed towards Yao Man. Yao Man snorted coldly and raised her wand gently. The lightning element and the wind element instantly clashed and shattered!

It was indeed tricky... Especially when her opponent’s strength was comparable to hers. Yun Feng felt the various messages sent by the wind element and the lightning element when they came into contact and her heart couldn’t help but become much more serious. The three Magic Beasts in the sky fought and the wild roars of the beasts came wave after wave. Even though Little Fire and Lan Yi had the upper hand, that Electric Python was indeed tricky.
