Chapter 891: The Familiar Person (1)

??

Qian Shaoyao stood up angrily and suddenly slammed the table, spilling all the drinks on Jia Qingyu. "Qian Shaoyao! Are you crazy?" Jia Qingyu quickly got up, but her clothes were already dirty.

"Jia Qingyu, if we were the East Continent, I would definitely attack! I've never seen someone as shameless as you!"

"Qian Shaoyao! Say that again if you have the guts!"

"You think I don't dare to say it again?! It's all because of you, but you acted like nothing happened! Is this what the Cashya Royal Family taught you?!"

"You..."

Mu Shaohua also stood up. "The Cashya Royal Family has always been like this. Carson is a shameless person. How good can she be?"

Qian Shaoyao sneered after hearing that. "You're right. No wonder Yun Feng was so angry. You asked for it!"

"You two! I'll definitely tell the emperor everything when I get back! Just wait!"

Mu Shaohua and Qian Shaoyao both sneered. The coldness in their eyes made Jia Qingyu take half a step back. "Just say it. Let me make it clear. Ovey and Shengyao are working together. Do you think Fengyun will just stand by and do nothing? Don't forget who's behind Fengyun!"

Jia Qingyu turned pale. "If she's really Yun Feng of the Yun family on the East Continent, do you think Yun Feng will let you go after you hurt her student?"

Mu Shaohua chuckled. "Just wash yourself clean and wait. She won't be able to vent her anger even if she skins you alive."

Qian Shaoyao yawned lazily. "Why are you talking to her about this? When the time comes, we'll just fight. I'll take the lead."

Mu Shaohua shrugged. "That's right. We can always fight."

"You... You..." Jia Qingyu's voice was trembling. Ovey and Shengyao were joining forces to deal with the Cashya Empire! If Fengyun got involved, with that terrifying Yun Feng, Cashya might end up like Karan. And all this... was caused by her?

A gust of cold air came from her back. Jia Qingyu finally understood that the mercenary who escorted them here this time was from the Red Maple Mercenary Team! The Young Lady that the Red Maple Mercenary Team regarded as a god was Yun Feng! Jia Qingyu immediately collapsed in the chair, as if she had exhausted all her strength. If Ovey and Shengyao did anything after they returned to the East Continent, the emperor of the Cashya Empire would definitely skin her alive if he knew that she was the reason!

Seeing Jia Qingyu's pale face, Mu Shaohua and Qian Shaoyao knew that she was completely obedient this time. Both of them sneered in their minds. Ovey and Shengyao had disliked Cashya for a long time. Besides, Yun Feng had an old grudge with the Cashya Royal Family. It was better to uproot an empire that was disliked by all three parties, so that it wouldn't be an eyesore!

Not long after the end of the convention, a huge change happened on the East Continent, completely reshaping the territory of the East Continent.

In a week, Yun Feng became famous in Thousand Peak City at an extremely high speed. Everyone knew her name. Mo Changge was also amazed. However, the dark mage he promised still hadn't come. Mo Changge said he would be here soon. Yun Feng waited patiently.

Yao Man hadn't appeared since that day. The effects of the potion probably made her body extremely weak and she needed good rest. In fact, the first person to qualify in the four regions was Yao Man. Someone had already qualified before Yun Feng did, but Yun Feng's influence was undoubtedly the deepest.

Her speed of victory was like the wind. Her beasts were so powerful that they crushed her opponents. The main point was that it made the audience extremely delighted.

The other person who was as famous as Yun Feng was the disgusting evil man in the hood. He also made the cut in Region C. People remembered him because he was ruthless. Many summoners who fought with him had already died miserably in his hands. Even though life and death on the ring were unpredictable, this kind of competition, which was obviously used for communication, became a slaughterhouse. It was a bit shocking.

The hooded man, who won forty rounds in a row, was qualified for the next round. Ever since then, he had shown up in the crowd. However, those who had watched him compete all shivered and had nightmares when they remembered his cruel methods and bloody scenes.

In the week, Yun Feng had been with Xia Qing since she made the cut, while Ling brought news over every day. There were a lot of people who made the cut this time. Since the free arena battle would last for a month, there were still a lot of people who would make the cut later. The total number of people would definitely exceed the expected number. The Summoning Union had already started preparing for the second round, and Yun Feng was certainly looking forward to it. The second round meant that she would meet that man in the hood!

On this day, Yun Feng planned to stay with Xia Qing. Ling brought news. After being prepared for a week, the Magic Beast Auction was about to begin. Yun Feng wasn't interested at first, but Qu Lanyi dragged her out of the room. Qu Lanyi said, "Go out for a walk. You might meet something you need at the Magic Beast Auction."

Everyone hoped that Yun Feng would go out for a walk. In the end, Yun Feng nodded and agreed. This time, Qu Lanyi was the only one who accompanied her. Ling had already told her where the Magic Beast Auction would be held. As expected, the host this time should still be Ling.

They walked to the venue of the auction. This was the trading hall in the north of the Thousand Peak City. During the convention, this place had already become the venue of the Magic Beast Auction. Many summoners had already entered one after another. The Magic Beast Auction was another highlight of the convention this time. The summoners certainly wouldn't miss it, especially those summoners who were looking for Magic Beasts.

Qu Lanyi held Yun Feng's hand and walked to the entrance of the Trading Center. Along the way, they heard a lot of discussions about Yun Feng. Qu Lanyi couldn't help but chuckle. "Fengfeng, you're famous. I guess many people want to poach you."

Yun Feng raised the corners of her mouth. She didn't care about that. She looked up and saw Mu Shaohua and the others. Mu Shaohua and Qian Shaoyao also saw Yun Feng and immediately walked over happily. Qu Lanyi was a bit unhappy. He couldn't like these three summoners from the East Continent, especially that Jia Qingyu. He really wanted to finish her off with one hand.

"Yun Feng! Is Xia Qing better?" asked Qian Shaoyao first. Yun Feng was stunned. Mu Shaohua also said worriedly, "I know it's our fault, or Xia Qing wouldn't be like this. How is she?"

Chapter 892: The Familiar Person (2)

??

Yun Feng glanced at Qian Shaoyao and Mu Shaohua and said casually, "Qingqing is fine. Thank you for your concern."

"We should apologize! If it weren't for..." Qian Shaoyao didn't say anything else. Jia Qingyu stood aside with a pale face and didn't say anything. She suddenly looked a lot more obedient.

"Are you here for the auction too?" Yun Feng knew that Qian Shaoyao and Mu Shaohua were truly concerned about Xia Qing. Besides, Xia Qing's matter didn't really have anything to do with them. If anyone was at fault, it was Jia Qingyu. It had nothing to do with the two of them. Yun Feng's tone also eased a lot.

"Yes, it's my first time participating in the Magic Beast Auction. I'm a bit excited!" Qian Shaoyao blushed and looked at Yun Feng with admiration. Yun Feng smiled. "If you want a Magic Beast, buy it. The Magic Beasts at the Magic Beast Auction are all rare."

Mu Shaohua and Qian Shaoyao both raised the corners of their mouths. Buy it? It depended on whether they had the money or not. Even though they brought a lot of money with them, there should be people who were richer than them.

"Right, precious Magic Beasts aren't sold for money. They can only be bought with ultimate ores."

Hearing what Yun Feng said, Mu Shaohua and Qian Shaoyao were immediately dumbfounded. Paying with ultimate ores? Yun Feng chuckled. "There should be an ore exchange office here. You can exchange for them later."

Mu Shaohua and Qian Shaoyao were finally relieved after hearing that. After saying that, Yun Feng turned around and followed Qu Lanyi, who had a sullen face, to the entrance of the Trading Center. After confirming her identity, the staff naturally greeted her with a smile. "Master Yun Feng, you're a

distinguished guest of the Summoning Union. You have your own room. Please go to the fourth floor. Someone will receive you.”

Yun Feng nodded. The three people behind her didn't have such a privilege. They weren't summoners registered in the Summoning Union and they didn't have high strength. The staff didn't look nice. Qian Shaoyao and Mu Shaohua both blushed and were obviously a bit embarrassed.

“They're with me,” said Yun Feng casually. The staff were stunned. Qian Shaoyao and Mu Shaohua both looked at Yun Feng gratefully. Yun Feng glanced at the staff, who immediately understood what she meant. “It's fine if they're with you! Master Yun Feng, there's nothing you can't do. This way, this way.”

Qian Shaoyao and Mu Shaohua followed Yun Feng. Jia Qingyu followed them silently. Yun Feng was a bit surprised that she wasn't as unreasonable as she used to be. The few of them came all the way to the fourth floor. A special receptionist led Yun Feng to a room. Qian Shaoyao and Mu Shaohua were very surprised and admired Yun Feng's ability even more. As expected, being strong made one's journey smooth.

There wasn't just one room on the fourth floor. Naturally, there were also other four-star VIP rooms. This VIP room was very luxurious. Just like the auction Yun Feng participated in last time, the first floor of the room was completely transparent. There was a communication device and a button. Through this completely transparent wall, she could directly see the situation of the auction hall and the situation on the stand clearly.

Qian Shaoyao and Mu Shaohua both sat there a bit awkwardly. This was the first time they experienced the status and respect brought by strength. The two of them admired Yun Feng more and more. Yun Feng and Qu Lanyi sat on the other side. Yun Feng looked outside. The hall was already full of people. The few floors downstairs should be the same.

“I wonder what kind of Magic Beasts there will be.” Qian Shaoyao and Mu Shaohua were both a bit excited. Even Jia Qingyu, who had been silent, was looking forward to it. The three of them had contracted Magic Beasts, and they didn't feel that anything was wrong in the past. However, this time, they truly felt that their Magic Beasts really couldn't be taken out.

Fortunately, they had brought enough money. After all, the three empires wouldn't be stingy. This time, the three of them were determined to get a Magic Beast of excellent quality.

After a while, the auction began. As Yun Feng expected, the host this time was still Ling, who gave still an extremely provocative opening speech, which made the enthusiasm in the hearts of everyone present boil faintly. Then, the Magic Beasts that everybody had been looking forward to appeared one after another.

As Ling said, Yun Feng didn't have to come to the Magic Beast Auction at all, because even though the quality of the Magic Beasts was good, they couldn't compare to Yaoyao, whom Yun Feng bought. The quality of the Magic Beasts ranged from low to high, and the sounds of bidding rose one after another. Mu Shaohua and the others also participated. After all, they were young people. Their blood would certainly boil when they saw a Magic Beast that was suitable for them. Yun Feng only smiled as she

listened to their enthusiastic bidding. In the end, only Qian Shaoyao bought a Magic Beast that was suitable for her. After all, there were too many people competing.

Qian Shaoyao was very happy and her little face was flushed. The first batch of Magic Beasts were auctioned off and the prices were satisfactory. Next was the second round of bidding. The quality of the Magic Beasts also rose by a level, but they were just ordinary for Yun Feng. Little Fire, Lan Yi, Yaoyao, any one of them was an outstanding Magic Beast that summoners were jealous of.

“An ultimate ore.” A slightly hoarse voice suddenly came. Yun Feng and Qu Lanyi both trembled and their expressions instantly darkened. “W-What’s wrong?” Seeing the sudden change in their expressions, Qian Shaoyao couldn’t help but feel a bit worried.

Yun Feng sneered and pressed the button next to her. Her clear and cold voice came out. “Ten ultimate ores.”

Once the voice sounded, Ling looked over in surprise on the stage. Perhaps he was surprised that Yun Feng would appear here. The hoarse voice paused for a few seconds and said again, “Fifteen.”

Yun Feng sneered even more. “Twenty-five.”

The hall immediately fell silent. All the summoners were very surprised. The Magic Beasts being auctioned on the stage right now weren’t any rare species. In terms of bloodline, they could hardly be on the top tier. Were these two people crazy? They offered such a high price? And it wasn’t time to bargain with ores yet in this round!

“Thirty.” The slightly hoarse voice sounded again with a hint of anger in it. Yun Feng followed. “I’ll add five more to his price every time.”

The slightly hoarse voice fell silent again. Everyone’s breath stopped at this moment. What was going on? There were so many ultimate ores? Were ultimate ores like cabbages? There were so many of them? They bid so desperately for a Magic Beast that wasn’t worth the price at all!

Chapter 893: The Familiar Person (3)

Ling’s expression was also a bit stiff. In the end, he calmed down. “That Young Lady just offered thirty-five ultimate ores. Is there anyone who offers a higher price?”

Higher? That was impossible.

Qian Shaoyao, Mu Shaohua and Jia Qingyu were also dumbfounded. Thirty-five ultimate ores... Yun Feng was truly rich!

After bidding for the Magic Beast, Yun Feng quickly got up and said coldly, “You three, stay here.” Then, she pushed the door open and walked out with Qu Lanyi. As soon as she pushed the door open, the room not far away on the fourth floor also opened slowly. A person slowly walked out. The black robe gradually appeared in Yun Feng’s sight and the evil face that was covered by a hood.

The man in the hood slowly walked over. Yun Feng didn’t stop where she was this time and went up to him slowly. The corners of the man’s mouth slowly curled up and evilness instantly oozed out of the corners of his mouth. His pale skin was stained with faint light. Yun Feng’s eyes were cold. The two of

them seemed to be about to pass each other. The moment they crossed paths, they attacked at the same time!

“Buzz...” The invisible air suddenly shook violently. The two types of equally powerful mental strength collided fiercely. In an instant, the wall next to Yun Feng and the man in the hood shattered!

The loud noise shocked everyone in the auction hall! Ling quickly raised his hand, and a few people had already rushed to the fourth floor. In the dilapidated corridor on the fourth floor, Yun Feng and the man in the hood were facing each other. A part of the man’s arm was exposed from his black robe with a dazzling wound.

“Tsk!” The man in the hood raised his arm and put it to his lips. He licked the blood on it with his tongue, as if it was some delicious food. His originally evil lips were stained with a layer of red, which made people feel even more terrified. “Light element is indeed a hindrance.” He hid his arm in his black robe and looked somewhere with his face covered by the hood. Qu Lanyi slowly walked out with glittering hands.

“How dare you ruin my business.” The hooded man’s slightly hoarse voice carried a trace of anger. This anger was directed at Yun Feng, but Yun Feng smiled. “How dare you hurt my student.”

“You took Qingqing’s ring.” What Yun Feng said was a statement. The man in the hood was silent for a while. His arm hidden in the black robe seemed to be moving. After a while, his pale finger reached out. It was Xia Qing’s Ring of Contract!

“Are you talking about this?” The man in the hood swung the green Ring of Contract a few times on his finger and glanced at Yun Feng with scorching eyes through the hood. The man in the hood swung it a few more times and suddenly put the ring back in his hand. The corners of his mouth curled up again. “Come and get it if you can.”

“Don’t worry. I’ll get it back.” Yun Feng’s cold voice came. “And I’ll return everything you did to Xia Qing tenfold to you.”

The man in the hood chuckled softly as his entire body trembled. “I’m more interested in your contracted Magic Beasts.”

.....

Yun Feng looked gloomy and the corners of her mouth curled up. “Come and get them if you can.”

The man in the hood was stunned. Then, he let out an unpleasant laugh. He sounded a bit crazy and there was uncontrollable excitement in his laughter. The black-robed man finally straightened his body. A corner of his clothes was lifted and the complicated patterns appeared in Yun Feng’s eyes again. The anger in Yun Feng’s heart suddenly soared!

“Are you with him? You...” Yun Feng’s blurted question was stopped by Qu Lanyi. Yun Feng only felt that the gaze behind the hood was extremely hot, as if it was going to penetrate her entire body. The man in the hood slowly turned around and his gaze disappeared from Yun Feng’s eyes.

Yun Feng clenched her fists tightly as her body trembled slightly. When she thought of the soul of the ancestor that was taken away, the pain in her heart was endless. Yun Feng would never be able to forget

it! Qu Lanyi's warm hand wrapped around Yun Feng's hand tightly. Yun Feng's expression calmed down, but the anger in the depths of her black eyes became brighter!

Nobody could touch Yun Feng's reverse scale. She wouldn't let go of anyone who stole the ancestor's soul and hurt Xia Qing. She would never let them go!

The man in the hood disappeared again after the Magic Beast Auction. The Magic Beast that Yun Feng fought with the man in the hood at the auction was delivered by Ling. It was an earth-element Magic Beast with a bloodline that could only be considered a good quality. Yun Feng observed the Magic Beast carefully. The Magic Beast was as obedient as a lamb in front of Yun Feng and didn't even dare to breathe loudly. In the end, Yun Feng didn't find anything, but there was something unusual about the man in the hood buying this Magic Beast.

She put the Magic Beast into her bracelet. Even though she didn't know what was special about this Magic Beast, the man in the hood must have a purpose for it. She would know sooner or later.

Thinking of what the hooded man said, it seemed that he indeed had thoughts about her contracted Magic Beasts. Luckily, Yaoyao didn't come. Otherwise, with the mermaid here, the hooded man would have to snatch her no matter what. By then, Yaoyao's existence would definitely be the talk of the town.

The dark mage Mo Changge promised to find for Yun Feng finally came to Thousand Peak City ten days later. When Mo Changge received the news, he was at Yun Feng's place. "That rascal is here." Mo Changge only said that, but Yun Feng and Qu Lanyi had a strange feeling. After a while, Ling knocked on the door. Mo Changge immediately went to greet him. Yun Feng and Qu Lanyi didn't see who this rascal was right away, but they heard his conversation with Mo Changge and Ling.

"Rascal, you're here. Where did you go this time?" It was Mo Changge.

"Little Peach Blossom, did you miss me? I came this time for your sake. Why is that fox still here?"

Yun Feng and Qu Lanyi froze. Wasn't this voice...

A slender figure stepped in. When he saw Yun Feng, his eyes brightened. When he saw Qu Lanyi, he said, "Hey, transvestite, you're still here."

Qu Lanyi put on a smile and stood up. "Sissy, it's been a long time."

Yan Che was the useless dark mage Mo Changge knew. Thinking of Mo Changge's expression at times, she found it inexplicably familiar. And now, she finally found the root of the problem. He and Yan Che were truly alike at times.

"Rascal, do you know him?" Mo Changge raised his brows and walked to Yan Che. Yan Che raised the corners of his mouth. "Yes, everyone knows transvestites."

Chapter 894: I'm Also Behind You (1)

?

Qu Lanyi looked gloomy. "Sissy, don't say anything. Nobody will think you're mute."

“Little Peach Blossom, is the person you want me to help related to him? If he is, I won’t agree to it.” Yan Che turned around and winked at Mo Changge. Mo Changge chuckled and pointed at the bed. “You know me. If this person is related to him, I won’t interfere. It’s her.”

Yan Che followed Mo Changge’s finger and looked over. He saw Xia Qing, who was lying on the bed with a pale face. His cheeky smile suddenly became serious, which made Mo Changge a bit shocked. “It’s this little girl?” Yan Che frowned and walked towards the bed quickly. Seeing Yan Che approach, Little Fire let out a wolf howl. Yan Che said coldly, “Get out of my way.”

Yun Feng asked Little Fire to move aside, and Little Fire finally got up. Yan Che observed carefully with a solemn expression. Mo Changge walked over and was very surprised. “You know this little girl? Rascal, are you thinking of taking advantage of her?”

Yan Che ignored Mo Changge’s teasing. Ling said slowly on the side, “Young Master Yan, do you have a solution?”

Yan Che was silent for a while and said, “Everyone, get out.”

“What?” Little Fire suddenly roared angrily, and its cute facial features instantly became ferocious. Yun Feng also frowned in disagreement. All of them? Leave him and Qingqing alone? “No,” said Yun Feng. She wouldn’t let Yan Che stay here alone. Xia Qing couldn’t afford any accident right now. Besides, Yun Feng didn’t trust Yan Che completely.

“No?” Yan Che looked at Yun Feng with a faint smile. Yun Feng’s black eyes immediately turned cold. “That’s right. No.”

Mo Changge shook his head helplessly. “Yun Feng, he has a weird personality. If he agrees to help, he won’t do anything else. Don’t worry.”

“It’s not that I’m worried about him. I just don’t want anything to happen to Qingqing again.” Yun Feng looked at Mo Changge. Ling said indifferently on the side, “Why don’t we do this? Young Master Yan will appoint someone to stay here. Miss Yun can rest assured.”

Yan Che chuckled. “Sure, then... you.” Yan Che pointed forward and everyone looked over. The person Yan Che was pointing at was Qu Lanyi, who had a sullen face. Seeing that Yan Che was pointing at him, Qu Lanyi sneered, “Sure, that’s for the best.”

Seeing that Yan Che left Qu Lanyi behind, Yun Feng was relieved in her mind. Ling pushed his glasses. “If that’s the case, let’s go out first.”

Mo Changge shrugged and patted Yan Che’s shoulder. Yan Che winked again. “Little Peach Blossom, see you later.”

Mo Changge raised the corners of his mouth and walked out. Ling also walked out. Mu Canghai glanced at Yan Che and walked out with a cold expression. Little Fire looked like it was unwilling to leave Xia Qing’s bed. Yun Feng sighed helplessly. “Little Fire, let’s go.”

Little Fire clenched its fists and rushed out without looking back, while Lan Yi followed Yun Feng. When they passed Qu Lanyi, Yun Feng found his hand. Although they only shook hands gently, there was a lot of meaning behind it.

Qu Lanyi smiled and quickly kissed Yun Feng's cheek. "Don't worry. I'm here for you."

Yun Feng nodded and walked out with Lan Yi. When the door was closed, Yan Che slowly turned around. "Stupid transvestite, it's been a long time. My hands are suddenly itchy."

Qu Lanyi sneered. "If you want to fight, just finish what you need to do. I'll be there for you anytime."

"Humph!" Yan Che snorted and looked back at Xia Qing's condition. "Your light element came in time. The concentration of dark elements in her body is unusually high. She's already lucky to be alive. A dark summoner. This person really makes people jealous."

Qu Lanyi walked over with a solemn expression. "Do you have a solution or not?"

Yan Che burst into laughter. "Is this little girl worth your trouble? Or did you rescue her because she's related to Yun Feng?"

Qu Lanyi pursed his lips. "I don't need to tell you why I do things."

Yan Che put on a carefree smile again and looked at Xia Qing. "There is a way. I can't force out the dark elements in her body, because they're too strong. They're like parasites. It's extremely disgusting."

Qu Lanyi thought of the hooded man. He was indeed an extremely disgusting person.

"I can send my dark elements in. When the dark elements in her body feel the invasion of the same element, they'll certainly gather and fight back. When all the dark elements are gathered, it'll be the chance to pull them out completely."

Qu Lanyi frowned hard after hearing that. "You mean we have to fuse the dark elements with the light elements?"

Yan Che nodded. "Light and darkness are enemies. The best way to deal with the dark elements is the light element."

"I've tried. It can't be fused." Qu Lanyi shook his head. It wasn't difficult. He had tried, but it didn't work at all.

Yan Che extended a finger and shook it gently. "Tut-tut, it's possible to do things that you can't do alone."

"Do you mean..."

Yan Che burst into laughter and said in an extremely light tone, "The reason why your light elements can't fuse with those dark elements is because they're too powerful, but my dark elements can weaken these originally powerful elemental energy. When two tigers fight, one of them will definitely be injured. The dark elements in her body are out of control right now and are already unowned. How can they compare to the power of elements I control?"

Qu Lanyi looked at Yan Che coldly. "Are you trying to make the dark element in Qingqing yours?"

Yan Che chuckled. "Not really. I like this little girl too. I certainly don't want anything to happen to her."

Qu Lanyi snorted. "Let's begin."

Yan Che slowly picked up one of Xia Qing's cold little hands, and Qu Lanyi picked up the other. There was a faint smile at the corners of Yan Che's mouth as he slowly closed his eyes. Qu Lanyi also closed his eyes at the same time. In the hands of the two of them, gloomy and warm black and white elements rose at the same time and instantly entered Xia Qing's body!

The room was silent. It was the same outside the room. The few black shadows were all standing outside Yun Feng's door. Yun Feng had never looked relaxed, and Little Fire was even more nervous. The anxiety in its heart could only be forcibly suppressed at the bottom of its heart. It looked at the door firmly. What was going on inside?

Chapter 895: I'm Also Behind You (2)

"Don't worry. The rascal should be able to do this with his ability." Mo Changge couldn't help but comfort Yun Feng when he saw that she had been frowning. Yun Feng nodded, but her furrowed brows didn't relax for a moment. Ling seemed to have thought of something as he looked at the closed door opposite Yun Feng.

"Young Master Changge, Miss Yao Man lives opposite. Aren't you going to greet her?"

"What?" Mo Changge suddenly widened his peach-blossom eyes and looked at the door opposite him in shock, as if he was afraid that the door would open. "Why didn't you tell me earlier?" Mo Changge had been here a few times, but Ling had never mentioned this. Ling replied with a smile, "Young Master Changge didn't ask, did he?"

Mo Changge's expression froze. He looked at the opposite room and finally said, "Yun Feng, I'm going back first. Tell me if you have any news."

Without waiting for Yun Feng to answer, Mo Changge left in a hurry. A glint flashed through his thin glasses and he still had that faint smile on his face. "Don't worry, Miss Yun. Miss Xia Qing will definitely be fine. Please rest well. Ling has something to do. Goodbye."

Ling bowed elegantly and left. Yun Feng was grateful in her mind. Ling must know that she was very frustrated at this moment. This was also a kind of consideration. Mu Canghai leaned against the wall on the side and looked at the door with his black and gray eyes, thinking about something. Lan Yi stood next to Yun Feng quietly with a worried look. Yun Feng waited outside quietly. She didn't know how long she had to wait. She only hoped that Xia Qing could open her eyes.

For three whole days, Yun Feng's door didn't open at all. During these three days, Yun Feng just waited outside, in the corridor, and didn't go anywhere. Fortunately, almost nobody came to the fourth floor during these three days. Ling only came a few times and was a bit worried when he saw Yun Feng waiting outside.

"Go take a rest," said Mu Canghai, but Yun Feng shook her head. Mu Canghai sighed helplessly. "I know it's fine for you not to rest for three days, but you should relax your mind."

Yun Feng raised the corners of her mouth. She wouldn't be able to relax until the result was out. She couldn't be at ease at all.

“Master, Brother Fire and I are here.” Lan Yi whispered on the side. Seeing Yun Feng like this, his heart ached. Little Fire also nodded. “Master, go rest.”

Yun Feng didn't say anything and had no intention of leaving. Lan Yi and Little Fire didn't say anything else after seeing that. Mu Canghai walked to Yun Feng gently and grabbed Yun Feng's wrist with his big hand. Yun Feng only felt a coldness coming from Mu Canghai's hand and her chaotic mind immediately became much clearer. Mu Canghai smiled. “I'm still useful at a time like this.”

“Thank you.” Yun Feng didn't reject him. Feeling the rare coolness, her chaotic and hot mind slowly calmed down and her mind was also a lot calmer.

In the room, Yan Che and Qu Lanyi had already been working for three days. The mental strength consumed by such a high-intensity elemental confrontation was obvious. Even though the two of them were both strong, they were already exhausted. “How tricky. There's only a little bit left.” A few drops of sweat fell on Yan Che's handsome face. After three days of struggle, a large part of the dark elements in Xia Qing's body had already been successfully fused. Of course, the dark elements that had been fused had been absorbed into Yan Che's body. As the main force of the fusion, Qu Lanyi was very pale at this moment. When Yan Che looked at him, he couldn't help but feel shocked!

“Transvestite, your eyes...” Yan Che looked at the bloody redness that slowly appeared in the depths of those black eyes, which was extremely strange. Qu Lanyi suddenly glanced over sharply. “Don't look elsewhere. Focus on your own business!”

Yan Che was slightly shocked by the bloody light in the depths of those black eyes. He didn't say anything else and focused on dealing with the difficult dark elements in Xia Qing's body. However, the doubts in his mind were like thick clouds. What exactly was wrong with that guy's eyes?

Yan Che closed his eyes again. Qu Lanyi's breathing had already become heavy. The redness in his black eyes was faintly discernible. Sweat dripped down on his handsome face, as if he was forcibly suppressing something. Xia Qing's lifeless face on the bed gradually became better after Yan Che and Qu Lanyi worked hard for three days. There was a hint of redness on her face and her breathing became gentle and strong. She didn't look like she was dying like before.

The last bit of the dark elements in Xia Qing's body was finally fused and put into Yan Che's body. Yan Che opened his eyes and took a deep breath. “Kid, you're really killing me. I've helped you so much. Shouldn't you give me some benefits?” Xia Qing, who was on the bed, opened her eyes the moment the dark elements in her body were eliminated. Seeing Yan Che drenched in sweat, Xia Qing raised the corners of her mouth.

“Alright, let's talk after you recover. I guess your teacher is getting impatient.” Yan Che chuckled. He might have gained the most this time. Thinking of the dark elements that he had absorbed into his body, Yan Che was a bit excited in his mind. He had just stood up when Qu Lanyi suddenly flashed and opened the window, jumping out!

Yan Che watched Qu Lanyi leave in a hurry and frowned hard. What was wrong with that guy's eyes? Wasn't he a light-element mage? How could such eyes appear on a light-element mage? Or...

Xia Qing, who was on the bed, was extremely weak. Her dry lips moved a few times and finally attracted Yan Che's attention. Yan Che wiped the sweat on his face and got up to walk to the door. Yun Feng, who

had been waiting outside, was shocked when she heard the sound of the doorknob turning. Her body moved and she staggered. Mu Canghai quickly held her. Yun Feng only felt a coldness quickly envelop her entire body. Mu Canghai immediately let go after holding her.

Yan Che opened the door and looked around when he saw Yun Feng's tense expression. "Hm? Little Peach Blossom isn't here?"

Seeing Yan Che like this, Yun Feng understood that Xia Qing was fine. She immediately flashed into the room without saying anything. Little Fire also flashed in immediately after seeing this. The speed of the two of them made Yan Che immediately turn his body sideways. He only felt two gusts of wind blowing past him.

Yan Che rubbed his sore shoulders and arms with a smile at the corners of his mouth. As soon as he raised his head, he saw Mu Canghai's eyes and was shocked again. "Your eyes..." Mu Canghai glanced straight at him. Yan Che touched his chin suspiciously. "That transvestite's eyes are like that, but your eyes are like this..."

??

"What did you say?" Mu Canghai's cold voice came. Yan Che burst into laughter and shrugged. "I didn't say anything."

"Yan Che!" Yun Feng rushed out again the next second. Yan Che's shoulder, which had just been rubbed, was grabbed tightly by her fair fingers. Yan Che immediately shouted in pain, "E-Easy! You're going to break my arm!"

Yun Feng held Yan Che's shoulder tightly. "Where's Qu Lanyi? Why isn't he in the room?"

"How would I know where that transvestite is? Let go of me!" Yan Che's facial features were a bit distorted and sweat appeared on his forehead again. However, Yun Feng didn't let go. Instead, she exerted even more strength! Yan Che's entire body bent fiercely with this force!

"Yun Feng! I really don't know! The transvestite opened the window and ran away!"

Worry and anxiety flashed through Yun Feng's clear black eyes. She immediately let go of Yan Che's shoulder and waved him away with one hand, rushing down quickly. Yan Che gritted his teeth and reached for his shoulder. "What a violent girl. She's so petite and cute, but her personality isn't likable at all..."

Yan Che rubbed his arm and complained. Mu Canghai walked closer step by step. Yan Che felt an obvious cold aura coming towards him. He suddenly raised his head and looked at Mu Canghai. "Are you..."

Mu Canghai smiled slowly. "You said my eyes were like this just then. What about Qu Lanyi's eyes?"

Yan Che suddenly smiled. "Do I have to tell you?"

The corners of Mu Canghai's mouth curled up and a coldness seeped out faintly. "If you don't want to tell, it's fine."

Yan Che suddenly waved his hand and a stream of thick dark elements directly hit Mu Canghai's body. However, Mu Canghai only smiled, while Yan Che looked like he had seen a ghost! His dark elements only wanted to scare the guy, but they were sucked in just then! This guy... could absorb dark elements!

"Yun Feng is indeed surrounded by shocking people..." Yan Che raised the corners of his mouth. He originally thought that the transvestite was a light-element mage, but it seemed that it wasn't the case. This man could absorb dark elements. He had never heard of such a weird ability! Yan Che suddenly waved the robe on his body and his entire body quickly distorted, as if he was sucked into an invisible space. If he didn't leave now, when would he? Compared to Yun Feng and the others, it was safer for him to stay with Little Peach.

Mu Canghai suddenly extended his hand and his pale and cold finger directly penetrated into the distorted space. Yan Che was shocked when he saw this scene. What was going on? What was wrong with this man? This was a distorted space. He could reach his hand in without being injured at all!

"Don't even think about leaving." After saying that, Mu Canghai had already disappeared on the spot with Yan Che!

Xia Qing had already opened her eyes in Yun Feng's room. Little Fire and Lan Yi were in the room, while the others had already left. Lan Yi looked at the open window and pondered with a frown.

Yun Feng rushed out of the reception building of the Summoning Union all the way. She was indescribably panicked in her mind. A thought that something was about to happen kept rising in her mind. Qu Lanyi, Qu Lanyi, where did you go? Qu Lanyi's sudden departure made Yun Feng a bit panicked. She looked around the street in front of her with her black eyes, but there was no sign of Qu Lanyi at all. However, many people recognized Yun Feng. Feeling these fiery gazes, Yun Feng suddenly became frustrated. Her body suddenly rose to the sky. There were a lot of people in the entire Thousand Peak City right now. It wasn't easy to find Qu Lanyi in the shortest time possible.

Right! Yun Feng suddenly thought of something. She flipped her hand and the Finger Spiritual Jade appeared! Luckily, she had recorded the aura of important people, including Qu Lanyi! As Yun Feng expected, when her mental strength penetrated the Finger Spiritual Jade, Qu Lanyi's aura immediately appeared on the jade. However, he was outside of the Thousand Peak City right now!

She couldn't think about it carefully and didn't have time to think at all. Yun Feng held the Finger Spiritual Jade in her hand tightly and flew into the sky. Her body turned into a beam of light that flashed in the sky, rushing towards the outside of the Thousand Peak City!

Miss Yun, don't leave the Thousand Peak City during the Summoners' Convention. Once you leave the territory of the Summoning Union, anything might happen. What Ling said suddenly flashed in Yun Feng's mind. Even though she knew it was very dangerous to leave the Thousand Peak City at this moment, she didn't have time to care about this! Qu Lanyi's abnormality this time made Yun Feng's heart race. She didn't want anything to happen to Qu Lanyi, not even a little bit!

Looking at the flashing light spot on the Finger Spiritual Jade, Yun Feng sped up even more and broke through the restrictions around the Thousand Peak City brutally. For Yun Feng, who was at the peak of the Monarch Level, any obstruction was useless to her!

A beam of light flashed in the sky and left the Thousand Peak City without hesitation, stepping out of the territory of the Summoning Union! A strong wind came fiercely and three figures instantly stood in front of Yun Feng. "Tut-tut, there's really a lone summoner." They looked at the Rings of Contract on Yun Feng's finger with greed in their eyes and laughed ear-piercingly. "She's even a double-element summoner. It seems that we've made a fortune this time."

Yun Feng's black eyes were cold. She clasped her hands together without hesitation. Before the three people in front of her understood what was going on, they saw the elemental ball with faint terrifying energy in her fair hands. Their jaws dropped. "That... That's..."

"Get lost!" Yun Feng shouted coldly. The three of them moved their bodies at the same time. Yun Feng squeezed the elemental ball in her hand and rushed out. The three of them, who originally wanted to fight, were drenched in cold sweat at this moment. Looking at the different elements that were crushed and scattered in the sky, the three of them swallowed inexplicably. They were right to dodge her!

Yun Feng unleashed the momentum of the peak of the Monarch Level. She didn't know if it was because the other people were intimidated by the momentum or because Yun Feng's face was extremely gloomy along the way. In short, no one else stepped forward to block her way. Looking at the approaching light spot on the Finger Spiritual Jade, Yun Feng's heart suddenly raced and her black eyes shrank fiercely. Wasn't that Qu Lanyi standing in front of her?

"Qu Lanyi!" Yun Feng shouted as she landed quickly from the sky. Qu Lanyi, who was standing there, slowly turned around. His pale face and sweaty body surprised Yun Feng! "What's wrong?" Yun Feng immediately rushed over and grabbed Qu Lanyi's hand. She only felt a bone-piercing coldness!

Chapter 897: I'm Also Behind You (4)

??

"What's going on?" Yun Feng was shocked. Qu Lanyi was in a sorry state. His shirt had been torn open, revealing a lot of skin on his fair chest. There were beads of sweat on his skin, but it was so cold.

"I'm fine." Qu Lanyi breathed heavily and looked at Yun Feng with his black eyes. How did she come out? "Fengfeng, go back first." Qu Lanyi swung his wrist and tried to break free from Yun Feng's hand, but Yun Feng held it tightly. "I can go back, but you have to come with me!"

"I'm just feeling a bit uncomfortable. You go back first. I'll go back in a while." Qu Lanyi turned his head slightly to the side. The bloody redness in the depths of his eyes seemed to be gradually unable to be suppressed. Qu Lanyi panted heavily, as if there was an irritable beast in his body. "Be a good girl and go back." Qu Lanyi turned his head around and looked at Yun Feng deeply with his black eyes, but Yun Feng shook her head. "As I said, you'll go back with me!"

Qu Lanyi suddenly shook off Yun Feng's hand and retreated a long distance. Yun Feng couldn't help but feel puzzled. Dodge? That wasn't something Qu Lanyi would do. He would avoid anyone except her!

"Go back!" Qu Lanyi's voice was no longer as gentle as usual. It was cold and stiff at this moment. "Yun Feng, go back right now! Stay away from me!"

Yun Feng slowly narrowed her black eyes and listened to Qu Lanyi's heavy breathing. Go back? It would be strange if she went back like this! Her petite body advanced instead of retreating. Seeing Yun Feng's

movement, Qu Lanyi couldn't help but growl in frustration. He turned around and was about to leave, but Yun Feng hugged him tightly from behind.

The girl's warm body pressed against his cold body from behind. The difference between her body temperature and his was obvious. Yun Feng held him tightly. Qu Lanyi's clothes were already wet with sweat. Yun Feng wrapped her arm around his upper body tightly. "You want me to leave? Impossible!"

Qu Lanyi's body trembled slightly. The blood in the depths of his black eyes surged up and directly dyed those beautiful eyes red! A leisurely sigh sounded. Yun Feng held Qu Lanyi's body. For the first time, she found that this man's back looked so wide. No wonder he could hold her entire body in his arms. She opened her arms and hugged him desperately, but could only barely hold him.

"Tut-tut." A soft voice sounded. Yun Feng's black eyes instantly turned cold, while Qu Lanyi quickly pulled Yun Feng's arm away with one hand and protected her entire body behind him. Someone was wearing a dark robe that made tiny rustling sounds as it dragged on the ground. The body, which was completely covered by the robe, had skin that was as pale as a dead person, except for half of his face that was revealed.

The evil smile began to spread from the corners of his mouth, and an endless evil aura rose from his body. Yun Feng wanted to walk to Qu Lanyi's front, but Qu Lanyi blocked her firmly.

"You really came without any effort." The hooded man's slightly hoarse voice sounded. His scorching gaze swept over through the hood. Yun Feng only felt a kind of coldness inside her body involuntarily. Qu Lanyi looked cold. "If you dare to touch her, I'll skin you alive!"

The man in the hood didn't seem to hear him. He looked around with his face covered by the hood, and then let out a weird smile. "This is outside of Thousand Peak City. In other words..." The man in the hood turned around and faced Yun Feng and Qu Lanyi. The corners of his mouth widened. "You can die here."

Yun Feng and Qu Lanyi's bodies instantly tightened. The next second, the two of them flashed away from different directions. The man in the hood raised his arm at the same time and threw a fierce mental strength at the place where the two of them were just now. The ground instantly shattered!

A pale arm extended out of the long robe. The veins under the pale skin seemed to be visible, and on that pale and slender finger was a black ring!

Inexplicable excitement came out of the hooded man's body, as if he had met a prey that satisfied him. The hooded man slowly touched the black ring with one finger, as if he was enjoying it. He suddenly breathed in the air. "It's time."

The man in the hood touched the finger of the ring and moved it away. He put it on his lips and touched it gently. Yun Feng's body suddenly felt cold. Then, a slightly hoarse voice sounded. "Come out." The black ring looked like it was taken out of ink. Thick dark elements appeared from the ring like silk and kept rising, while the space enveloped by the dark elements was distorted violently.

Qu Lanyi flashed to Yun Feng and grabbed her wrist. "Let's go!" Yun Feng nodded. Qu Lanyi was so exhausted that the danger had increased. Yun Feng wasn't worried about herself, but she couldn't let anything happen to Qu Lanyi! Instead of fighting here, she should leave as soon as possible!

“Neither of you can leave!” The voice of the man in the hood came. He raised his arm, and the black silk flashed towards Yun Feng and Qu Lanyi’s hands! Qu Lanyi slashed his hand, and a fierce light element was activated from his palm, hitting the black silk and pushing it back temporarily.

“Hu... Hu...” Qu Lanyi’s breathing became heavier. Yun Feng was shocked. “You can’t use the light elements anymore. I don’t know what happened, but you can’t attack anymore!” Yun Feng held Qu Lanyi’s hand tightly and stared at his face. There seemed to be more sweat on it.

“Even if you’re a five-element mage, you won’t have an advantage against the dark elements! Only the light elements can cause substantial damage to the dark elements!” Yun Feng’s lips moved slightly, but Qu Lanyi interrupted her again. “Even if you fuse the elements, you won’t cause fatal damage to him! The dark elements have a devouring function. They can devour other elements!”

Yun Feng didn’t say anything else, but held Qu Lanyi even more tightly. “Even so, I won’t leave you alone. Even if I can’t hurt him, I won’t leave!”

“You...” Qu Lanyi was stunned. At this moment, the space that was completely distorted by the dark elements finally made a sound. The space that was soaked in black seemed to be the road to the netherworld. “Crack!” The space was suddenly torn apart by a pair of hands. Those hands were more like a skeleton than a hand. The white bones were connected and made an ear-piercing sound every time they moved. The bones of the hands broke the space, followed by a pair of bone arms and an extremely huge skull!

Chapter 898: I’m Also Behind You (5)

Yun Feng couldn’t help but stand where she was. It was a skeleton, a pure skeleton. As the skeleton emerged from the torn space, its full appearance was revealed. It was in the shape of a huge animal bone, but it had lost its skin and flesh, leaving only a skeleton!

“That’s a dark-element Magic Beast? A skeleton?” Yun Feng mumbled, while Qu Lanyi cursed softly, “That’s indeed a dark-element Magic Beast, but it’s the most evil one!”

“What did you say?” Yun Feng was shocked. Qu Lanyi didn’t have time to explain to Yun Feng anymore. “I don’t have time to explain right now. This man is ten thousand times more disgusting than I thought!”

“Hahahaha!” The man in the hood laughed. On the skeleton next to him, its eye sockets without eyes was like two pure black holes. There were threads of dark elements around the pale skeleton, which looked very weird. “Kill them.” The man in the hood pointed his finger gently. The huge skeleton next to him raised its head and let out a terrifying scream. Its body had already rushed over!

Yun Feng and Qu Lanyi jumped to the sides in unison. The front legs of the skeleton stomped on the ground heavily, creating a deep pit! Yun Feng and Qu Lanyi jumped into the air. Before the two of them rested for a moment, the skeleton had already moved forward and slapped again. Yun Feng retreated to the right and saw that the space she was in just then was torn!

This wasn’t an ordinary skeleton. It was so strong that it could tear space apart!

“Hahaha, hahahaha!” The man in the hood laughed crazily, as if he was already on the verge of going crazy. Yun Feng turned her palm and held the Monarch Level longsword tightly in her hand. The few clashes just then had already given Yun Feng a rough understanding. Even though this skeleton had

strong energy, its movements were slow! Besides, the body made of the bones would collapse once one of the bones was broken!

Yun Feng aimed at the most important bone on the back. The longsword in her hand buzzed slightly and all the power gathered in her palm. Yun Feng's body approached the skeleton like a shooting star. She flipped her body and had already arrived on the back of the skeleton. She aimed at the long bone she wanted to destroy and raised her arm, slashing fiercely!

The man in the hood only smiled evilly when he saw Yun Feng's movement and wasn't surprised at all. Yun Feng's longsword was infused with powerful physical strength, but when she slashed down, the bone was unusually hard and didn't break at all! How was that possible? Yun Feng was shocked. The skeleton beast noticed that someone was launching a sneak attack and its huge tail swept over. Yun Feng turned around, but she was still swept by the long bone and her body was completely knocked aside!

"Light Hammer!" Qu Lanyi suddenly shouted. The hammer formed by the light elements smashed into the skeleton's body fiercely and the dark elements lingering between the bones surged out. The moment the light and darkness collided, the expression of the hooded man changed slightly.

Yun Feng got up from the ground. Her body was already injured from the hard fall, but this pain was nothing at all. Seeing that Qu Lanyi was obviously more exhausted, Yun Feng flashed to his side. "Tell me, how can I help you?"

The sweat on Qu Lanyi's handsome face dripped again. "Go. Leave this place immediately."

Yun Feng pursed her lips tightly as anger rose in her heart. "I said I'm not leaving!"

.....

"There's nothing you can do even if you don't leave!" Qu Lanyi was no longer as gentle as before. He spoke to Yun Feng extremely strictly and looked at her with his clear black eyes. The persistence and stubbornness in his eyes made Qu Lanyi both affectionate and anxious in his heart.

"You said that you're behind me, and I'm telling you that I'm behind you too!" Yun Feng shouted loudly and waved her hand. "Lightning Spear!" Crazy lightning elements surged out in an instant, turning into a long dragon that slashed at the front limbs of the skeleton. The lightning elements buzzed and forced the skeleton to retreat!

Yun Feng knew in her mind that the hooded man had sealed this space in some way. The telepathic communication between her, Little Fire and Lan Yi had been cut off. Yun Feng tried to call out to them just then, but it was like a stone sinking into the ocean. She had to win this battle!

"You're injured." Qu Lanyi looked at the bruise on Yun Feng's cheek and caressed it gently. His black eyes were full of love. Yun Feng chuckled. "It's alright. My injury is fine."

Qu Lanyi shook her head and pulled Yun Feng into her arms. "As I said, if he hurts you, I'll skin him alive!"

His cold body suddenly heated up like boiling water. Feeling the obvious changes in Qu Lanyi's body, Yun Feng was shocked. "Qu Lanyi?" Yun Feng looked up at him and felt that this familiar handsome face was

a bit unfamiliar at this moment. It had the same facial features and expression, but it looked like another person!

Qu Lanyi looked ahead. The momentum around him suddenly changed, as if he had transformed. He was walking out of some kind of shell. The skeleton beast keenly felt the change and stopped attacking for a moment. The man in the hood was also extremely confused. "What's wrong with that guy? He seems different."

"I always thought that I would be satisfied as long as I could be your support, but gradually, I became more and more hopeful. I was wondering when you could come to me and tell me that you're also my support. I always thought that I had to bear everything I carried, but it's different now." Qu Lanyi suddenly tightened his arms around Yun Feng and pulled her into his arms even more tightly. "You said that you have me behind you, and I have you behind me."

The man's increasingly handsome face slowly lowered, and his pure black eyes were full of redness at this moment! Yun Feng suddenly grabbed Qu Lanyi's clothes. Why were his eyes... like this? "Qu Lanyi, you..." Yun Feng's heart suddenly ached. Qu Lanyi, on the other hand, smiled and held her carefully in his arms. He didn't need to suppress himself anymore. He could release himself as much as he wanted at this moment!

Qu Lanyi raised his head and smiled at the man in the hood. "You've hurt her. I'll skin you alive."

The man in the hood inexplicably took half a step back and then laughed again. "Hahaha! Skin me? With your light elements?"

Qu Lanyi's smile suddenly became weird. The momentum around her was like a small mountain. Yun Feng even felt suffocating. The body holding her became hotter and hotter. Qu Lanyi's pleasant voice came from deep inside his chest. "Who told you that I would use the light element to deal with you?"

Chapter 899: I'm Also Behind You (6)

"What..." The man in the hood was stunned. Qu Lanyi's bloodshot eyes were full of bloodthirsty killing intent. The man in the hood was his most delicious meal. He was going to swallow him!

A ball of faint colors surrounded Qu Lanyi's body. Yun Feng looked at the elements that rose in surprise. The man in the hood was also stunned. "That's... That's..."

The voice that was as cold as hell spread throughout the entire space, like the judgment of the God of Death!

"You'll bear my anger!"

The two elements of light and darkness were opposite to each other. The two elements were like mortal enemies. They each had the ability to frighten the other. They suppressed and fought with each other. Logically, light and darkness couldn't coexist in nature, but this logic didn't cover everything!

The thick elements spreading out of Qu Lanyi's body were pure black! They danced around Qu Lanyi's body like silk. The body of a light-element mage also contained dark elements. This was something that would never happen!

The man in the hood was already so shocked that he couldn't say anything after seeing this scene. Perhaps he didn't expect such a scene to happen. Wasn't he a light-element mage? Why did he have dark elements? How did the elements of light and darkness, which couldn't coexist peacefully, appear in the same person?

"That's... That's impossible!" The man's voice was even hoarser. His pale fingers were trembling slightly outside his robe!

Qu Lanyi held Yun Feng in his arms with one hand, with endless killing intent in his blood-red eyes. He suddenly pulled off the white jade pendant he had been wearing with the other hand. Yun Feng saw the pattern on the back of the white jade pendant. She had seen this pattern a long time ago. There was a huge bird with a strange face on it, as if its entire body was compressed in the jade pendant and its huge wings were tied behind it.

Thinking of the black jade pendant on her neck, Yun Feng had a weird feeling in her mind. The engraving on the back of the black jade pendant was a skeleton dragon, which was in the same shape as this giant bird. The two carvings were lifelike, as if they were real. They were forcibly stuffed into the jade pendant!

Qu Lanyi grabbed the white jade pendant tightly with his slender fingers. The dark elements around his arm suddenly cut his palm like a sharp blade. A wound appeared and scarlet blood gradually oozed out, covering the white jade pendant slowly!

"What are you doing?" Seeing Qu Lanyi's reaction, Yun Feng couldn't help but worry about his wound, as if he was about to do something extremely crazy. Qu Lanyi looked at Yun Feng with his bloody eyes with a hint of gentleness in them. He didn't say anything. He just clenched his fist hard. The wound was squeezed by him like this and blood flowed out crazily, landing on the ground along his palm.

"You've been asleep for so long. It's time for you to wake up." A faint smile suddenly flashed on his handsome face. In an instant, dazzling white light suddenly burst out of the white jade pendant that was covered in blood. This light seemed to want to pierce through the darkness between the sky and the earth. An ancient aura slowly extended from the white jade pendant and spread throughout the entire land!

.....

The giant skeleton, which had stopped attacking, suddenly trembled. Its entire skeleton was shaking inexplicably, while the man in the hood quickly flashed and ran away!

What exactly was that thing? Who exactly was that kid? And what was inside that white jade pendant? There was no other way out except death if they stayed here. They had to return to the Thousand Peak City first!

The hooded man's long robe wrapped around his body tightly as he turned around and ran at a high speed. Seeing his fleeing back, Qu Lanyi's lips curled up gently. "Are you running? It's too late..."

A cry suddenly sounded. This cry made the soul in Yun Feng's body tremble endlessly! What kind of power was this? Just the cry made her soul tremble in fear! Mental strength surged out of her body and Yun Feng finally managed to calm her mind. She only saw that dazzling white light surge out of the white

jade pendant fiercely, forming a blurry huge pattern in the air. Yun Feng didn't see what shape it was exactly. The only thing she could see clearly was those silver eyes!

It seemed that one look was enough to pierce the entire soul!

"Don't look at its eyes," whispered Qu Lanyi. Yun Feng immediately looked away. Her heart was racing. Something invisible was gripping her heart tightly, as if it was about to burst out of her chest! The huge white light chased after the hooded man like a shooting star, unstoppable!

The hooded man's heart suddenly palpitated. A kind of fear came from the depths of his soul. The dazzling white light behind him chased after him crazily. The hooded man only felt that he couldn't escape. Thousand Peak City wasn't far away. As long as he was a bit faster, he could enter! However, Qu Lanyi wouldn't let him escape!

An ear-piercing cry burst out of the light of the huge body. The man in the hood turned pale and cursed in his mind! He waved his arm abruptly and the huge skeleton he summoned had already stood behind him. The man in the hood jumped into the sky of the Thousand Peak City angrily!

"Boom..."

A pile of bones fell from the sky one after another, like a rain of bones. When they landed on the ground, they turned into pieces of black elements and slowly dissipated in the air. The man in the hood risked his life to avoid this disaster. He looked at the Ring of Contract on his finger that suddenly shattered. Half of his face that was covered by the hood looked stiff. He didn't dare to stay any longer and quickly turned around to go to the Thousand Peak City. Tsk! Let's not argue with this kid for now!

"Hm, you're truly afraid of death." Qu Lanyi sneered in disdain and held the white jade pendant tightly again. "Alright, come back!" There was a hint of viciousness in his tone. The huge white light, which had already run not far away from Thousand Peak City, seemed to be pulled back by a huge force. Its unwilling cry sounded in the sky with uncontrollable anger!

Yun Feng looked at the huge light that was forcibly pulled into the white jade pendant and was shocked in her mind. What exactly was that? Apart from those eyes, she couldn't see its body shape at all just then! That huge posture and that aura that made people's souls tremble. The hooded man was so strong, but he could only run!

"I'll definitely take revenge for such humiliation."

The ancient voice sounded in the entire space with deep resentment. Qu Lanyi only smiled and viciousness flashed through his blood-red eyes. "Do you think I want this?" He hung the white jade pendant around his neck again and everything quietly returned to peace.

Chapter 900: Light and Darkness (1)

"He only survived after sacrificing that skeleton. He's lucky." Qu Lanyi looked at the faint dark elements in the air and waved his hand. The dark elements that were still floating dissipated, as if they had been forcibly removed!

The temperature of his originally hot body gradually cooled down. Qu Lanyi suddenly chuckled and held Yun Feng tightly in his arms. "We can't go back now. My eyes haven't recovered yet." His handsome face was lowered. His blood red eyes were like gems with a faint red light. Even though they looked extremely weird, they were also charming.

"Dark elements and light elements coexist in your body?" Yun Feng frowned slightly. Qu Lanyi raised the corners of his mouth. "You can say that. It's unbelievable, isn't it? Every time the dark elements suppress the light elements, my eyes become like this. Of course, there's another situation."

"What's that?"

Qu Lanyi smiled deeply and carried Yun Feng to a hidden place. The two of them sat on the top of a towering tree without anyone disturbing them. The space around them was casually sealed. The redness in Qu Lanyi's eyes seemed to be even deeper.

"When I have inappropriate thoughts about you, I'll also become like this."

The hand around her waist seemed to be much hotter. Yun Feng glared at Qu Lanyi, who chuckled and didn't hide his eyes anymore. Qu Lanyi was quite relieved.

"Is there anything wrong with your body?" Light and darkness existed together and the two of them had such an opposing and conflicting relationship. Was Qu Lanyi's body really fine?

Qu Lanyi smiled. "I'm alive and healthy, right? The dark elements are usually suppressed by the light elements. My light elements are quite strong."

Yun Feng nodded. It was good that he was fine. The two of them suddenly stopped talking. It seemed that Qu Lanyi's background and family were quite secret. It wasn't that Yun Feng didn't want to know, but she didn't know how to ask him. Did he want to tell her? Would it be inappropriate if he did?

And the thing that appeared from the white jade pendant. That ancient aura should be something extraordinary! Was the black jade pendant on his neck the same?

"Although I'm still not sure right now, it's very likely that your black jade pendant is the same as mine." Qu Lanyi looked serious as he gently flicked Yun Feng's neck with his finger. The black jade pendant that had been stuck to Yun Feng's body appeared. Qu Lanyi brushed his finger gently on it. "There's an Array of Life inside. One of the functions of the Array of Life is to change a person's physique and the other is to seal them."

"Do you remember when you were attacked by the summoner of Cashya and forced to swallow the Divine Essence Grass?"

.....

Yun Feng nodded. At that time, she swallowed the Divine Essence Grass and felt that the mental strength in her body suddenly rose to an unbearable limit. She immediately fainted. After she woke up, she appeared among the Dragons with Qu Lanyi.

"At that time, the Array of Life in this black jade pendant had already lost too much light elements. As the light elements disappeared, the suppression effect of the Array of Life became weaker and weaker. It was then that I discovered that there were dark elements inside."

“Dark elements?” Yun Feng was shocked. Qu Lanyi nodded. “That’s right. Even though they were very weak, they rushed out as if they had broken some kind of restriction. Even though they were weak, I still noticed them. At that time, you needed the dark elements to treat your condition. I didn’t care about these dark elements, but when my dark elements came into contact with them, I found that these dark elements were extremely unusual.”

Qu Lanyi seemed to be immersed in distant memories. His red eyes glittered. “It’s very domineering. Even though it’s only a little, it swallowed all my dark elements!”

It swallowed them! Just a small part, but it swallowed them! Yun Feng was stunned. Qu Lanyi looked at the black jade pendant on Yun Feng’s neck and suddenly smiled. “There’s no telling what kind of thing is inside. If it’s as temperamental as the old guy who lives here, I won’t let it out.”

“You used the light element to suppress it again?” Yun Feng looked at him suspiciously. Qu Lanyi nodded. “Ever since that time, I’m afraid it might hurt you if it’s not suppressed. I consolidated the power of the Array of Life again, so...”

“Wait!” Yun Feng suddenly interrupted Qu Lanyi and stared at him with her black eyes. “You said you consolidated the power of the Array of Life again?”

Qu Lanyi’s expression froze. He finally realized that he had said something he shouldn’t have. Yun Feng chuckled. “The Array of Life is an array that only light-element mages at the Lord Level can make.”

Qu Lanyi raised the corners of his mouth and slid his hands around Yun Feng’s waist gently. Yun Feng looked at the handsome man in front of her with a faint smile. “Your strength is at the Lord Level. You reached it so long ago.”

Qu Lanyi chuckled and heaved a helpless sigh. “You can call me a Lord, but my strength fluctuates.”

Yun Feng raised her brows suspiciously. This man hid himself so well. He was at the Lord Level. How did she have such a powerful master lurking around her? “My strength will only reach the Lord Level when I don’t suppress the dark elements anymore. At other times, my strength is the same as yours.”

“There are side effects of the dark elements, aren’t there?” Yun Feng put aside the problem of strength. If Qu Lanyi had really reached the Lord Level, he would have been able to help her during the last few dangerous moments, but he didn’t. This meant that he couldn’t release the dark elements casually.

Qu Lanyi was silent for a while. He pulled Yun Feng closer to him tiredly and buried his head in Yun Feng’s neck. He took a deep breath of Yun Feng’s aura. “Yes, that’s right. The dark elements in my body can’t appear casually. Once they appear, there will be certain side effects.”

“What side effects?” asked Yun Feng nervously. She couldn’t help but hold Qu Lanyi tightly in her arms. Qu Lanyi’s beautiful lips curled up slowly, and he felt warm in his heart. “That’s not important.”
