

## Summoner 901

### Chapter 901: Light and Darkness (2)

Yun Feng pursed her lips. He didn't want to talk about it? Alright, she wouldn't talk about it then. Yun Feng didn't ask further. She only made up her mind that she wouldn't let Qu Lanyi use any dark elements again. They were supporting each other right now. He was protecting her, and she was protecting him! Suddenly, she thought of something and pushed Qu Lanyi's body. "Were you behind the incident in the Endless Ocean?"

Qu Lanyi looked at Yun Feng with his red eyes and chuckled. "It's just a moment. I didn't expect it to be so fragile."

"No matter when, don't let the dark elements appear again, and don't consume too much light elements." Yun Feng frowned and stared at Qu Lanyi, asking him to give her a promise. Qu Lanyi suddenly smiled. He caressed Yun Feng's furrowed brows with his finger and soothed them for her one by one. "As long as you're willing to kiss me, I'll promise you anything."

She wasn't shy at all. She didn't even hesitate. Qu Lanyi was slightly shocked. Yun Feng quickly approached without saying anything. She pressed her red lips against his and even bit them as a punishment. Yun Feng raised her head. "Promise me."

Qu Lanyi's heart suddenly ached. He reached out and pulled the woman into his arms fiercely. Feeling her warm body and heartbeat, a vague feeling stirred the softest part of his heart. "Alright, I promise you."

When such a fierce battle happened outside of the Thousand Peak City, somewhere in the city could be said to be in chaos. Ever since Little Fire and Lan Yi realized that the telepathic communication with Yun Feng disappeared, the two Magic Beasts immediately looked awful. Without another word, the two Magic Beasts rushed out. They couldn't find Yun Feng or contact her. An unknown fire seemed to be burning in their hearts!

"Brother Fire, calm down. Master will be fine!" Seeing that Little Fire was about to explode, Lan Yi could only force himself to calm down. He called Yun Feng countless times in his mind, but didn't get any response in the end. Lan Yi said to Little Fire, but his heart was also in turmoil!

"How do you want me to calm down?" With a furious howl, Little Fire directly transformed into its original body and a huge Fire Cloud Wolf appeared in the sky above the Thousand Peak City! Its black wolf eyes looked in one direction and rushed forward. Seeing that, Lan Yi immediately grew wings on its back and chased after it.

Two figures, one red and the other green, came to the restriction of the Thousand Peak City brutally. When they were about to rush over without caring about anything, the two Magic Beasts saw the familiar figure rushing over from afar! "Master!" Little Fire and Lan Yi shouted. The two of them immediately rushed out without hesitation and went straight to Yun Feng!

Qu Lanyi had already regained the color of his eyes. He held Yun Feng's body with his hand and walked towards Thousand Peak City. Before they arrived, they heard two voices, which made Qu Lanyi frown

unhappily. Little Fire and Lan Yi couldn't help but feel relieved when they saw Yun Feng and Qu Lanyi together. However, seeing that both of them were injured, the two Magic Beasts' faces darkened again.

"Master, you're injured!" Lan Yi rushed over. Yun Feng smiled. "I'm fine. How's Qingqing?"

"Qingqing has already recovered. She fell asleep again because she was too tired."

Yun Feng nodded. Qu Lanyi snorted and said to Little Fire, which was growling at him, "What are you looking at? Get out of my way."

.....

"You're the one who should get out of my way!" Little Fire roared furiously and opened its mouth to pounce on her. Yun Feng couldn't help but smile helplessly when she saw that. She patted Qu Lanyi's hand on his waist and retreated, jumping directly on Little Fire's back. She touched Little Fire's head with her hand. "Little Fire, it's done."

Yun Feng sent a telepathic message. The two Magic Beasts were delighted to hear Yun Feng's voice again. "Master, what happened just then? We called you countless times, but you didn't answer." Lan Yi walked back with Little Fire, leaving Qu Lanyi behind.

Yun Feng looked at Qu Lanyi behind her speechlessly. She lay on Little Fire's back comfortably and hugged its neck. The soft fur on the Fire Cloud Wolf was very comfortable and warm. "It's a long story, but I'll definitely not be bored in the future."

Little Fire and Lan Yi looked at each other. The two Magic Beasts didn't say anything else. They knew that Yun Feng must have encountered something. Since their master said that her life wouldn't be boring in the future, wouldn't it be even better? Little Fire carried Yun Feng all the way back. Surrounded by the soft fur of the Fire Cloud Wolf, Yun Feng fell asleep just like that. Even though sleep was already useless with her current strength, she was still exhausted after being tense for a few days.

Lan Yi looked at Yun Feng with heartache in his eyes. Little Fire originally wanted to fly into the window on the fourth floor, but the Fire Cloud Wolf's body was too huge and the window couldn't fit at all. Little Fire looked at Yun Feng, who was sleeping on its back, and didn't care about anything. It just walked into the hall of the Summoning Union with such an form. Many people were shocked when it entered!

Lan Yi followed her, and so did Qu Lanyi. Seeing Yun Feng sleep on Little Fire's back, Qu Lanyi felt sorry for her. He didn't want to wake her up, so he let Little Fire carry her. The reception hall of the Summoning Union was silent after Little Fire walked in. Their eyes almost popped out. Some summoners' eyes were almost glittering. Little Fire glared back at them without hesitation and suppressed wolf roars surged out of its body. Everyone could only watch and didn't dare to step forward at all.

The huge Fire Cloud Wolf carried the sleeping girl and gradually disappeared from everyone's sight. Some people finally took a deep breath. "Is Yun Feng sleeping on that Fire Cloud Wolf?"

"That should be it. She's the only one who has such a powerful Magic Beast."

"Ah, I'm so envious. I'm also a fire-element Magic Beast. Why can't I meet such a Magic Beast?"

"Ah, I'm envious too! I'm a wind element mage. If only I had a griffin!"

Yun Feng slept for a long time. When she woke up, she found that she was sleeping on Little Fire's body just like that, while Little Fire remained in the state of the Fire Cloud Wolf. Its body wrapped around Yun Feng tightly, enveloping her in the middle of its warm and soft fur. When Yun Feng woke up, Little Fire also woke up and its body moved slightly. Yun Feng touched its head. Little Fire lay back down again and yawned, going back to sleep.

### **Chapter 902: Light and Darkness (3)**

It was the dead of night at this moment. The entire Thousand Peak City was shrouded in silence. Xia Qing was sleeping peacefully on the bed with a healthy blush on her little face. Yun Feng smiled in relief. It was great that Qingqing was fine. Lan Yi leaned aside. Seeing that Yun Feng woke up, he called her master in a low voice. Yun Feng asked him not to say anything. Lan Yi nodded and hid in the darkness.

Standing in front of the bright and transparent window, Yun Feng looked into the distance and looked at the city that seemed to be under her feet. Yun Feng's eyes were deep. A lot of things had happened on this trip to the Thousand Peak City, but it was just the beginning. Everything wasn't over yet. The second round of the Summoning Union's contest was about to begin. By then, there would be another fierce battle, and she would meet the hooded man again. His contracted Magic Beast had already been destroyed. What would he do next?

What was the Union planning to do after the round of battles? What exactly was the thing that Ling told her in advance? And Mo Changge, who suddenly appeared, must have something to do with the master of the Thousand Snow Hall. Would she get into trouble for what she promised him? Thinking of this, Yun Feng knew that things were getting more and more complicated. As she said, her life in the future would definitely not be boring.

In one month, the results of the first round of the free arena had already been announced. There were a total of forty people who qualified. This was a relatively small number. After all, compared to the total number of people participating in the free arena, this number was a bit small, but it was still a lot for the Summoning Union.

The second round of the competition was expected by many people. The Summoning Union's intention this time certainly made these people who qualified a little aware in their minds. This matter must be unusual and the most important thing was to qualify for the second round.

Yan Che never showed up again after helping Xia Qing, but Yun Feng learned from Mo Changge that he was still in the Thousand Peak City. She wasn't surprised that he was doing something in secret. Qu Lanyi had already told her that Yan Che swallowed the dark element into his body. That guy was probably trying to take that power for himself.

Mu Canghai was as cold as ever, but he was always a bit deep in thought when he looked at Qu Lanyi. Ever since Mo Changge learned that Yao Man lived opposite Yun Feng, he had only come once or twice in a month. Every time he came, he was in a hurry and reminded Yun Feng not to forget their agreement. Xia Qing's condition had stabilized. After more than twenty days of recovery, Xia Qing slowly got better. However, after this disaster, Xia Qing seemed to have grown a lot. The most obvious thing

was that she didn't stick to Yun Feng anymore and didn't say much about her Ring of Contract that was forcibly taken away.

Seeing Xia Qing like this, Yun Feng was a bit gratified and couldn't help but feel a bit sad in her mind. She had to take back Qingqing's Ring of Contract in the second round no matter what. After that, this chick would probably spread its wings and fly away.

Little Fire and Xia Qing were still a bit awkward, but they could talk to each other now. Occasionally, Xia Qing smiled at Little Fire, but Little Fire didn't say anything. Soon, the second round of battles was about to begin. Ling came to explain the second round for Yun Feng.

The forty winners from the four free rings would fight in the second round together. The rules of the second round had changed clearly. Unlike in the first round, it didn't matter how many battles they would win in the second round. The forty winners would be randomly matched. They would fight in pairs, until there were only five winners left.

Five out of forty contestants could be considered a cruel elimination. Thinking of the randomness this time, Yun Feng was relieved. Since Mo Changge had said so, she would definitely fight with Yao Man this time, and it would be even better if she met that man in the hood.

The second round of the competition hadn't started yet, but the news had already spread throughout the entire Thousand Peak City. Those who could win the first round certainly weren't simple people. There would definitely be an even more exciting battle when these forty people gathered together. Battles between summoners couldn't be seen everywhere. If it weren't for the convention this time, two summoners probably wouldn't have a chance to meet, let alone fighting so frequently. If they missed this time, it would be countless years until the next time.

When the news of the second round of the competition spread, the summoners of the Thousand Peak City were all excited. Even those who were eliminated in the first round were full of enthusiasm and looked forward to the second round. They were all discussing the same topic as many people. How would Yun Feng perform in the second round?

.....

Under the anticipation of many people, the second round of battles finally began! The second round of battles was here! Yun Feng had never thought that she would meet a familiar surname among these forty people.

Before the second round of the competition, the forty people who qualified were invited to the reception building of the Summoning Union. Dozens of people sat in a spacious room that wasn't crowded at all. There was no telling why they were gathered here, but it was obviously for a purpose.

Yun Feng sat in the back quietly and listened to the whispers of the other summoners. A few of them knew each other. Yao Man, on the other hand, sat far away from Yun Feng. She was full of anger when she saw Yun Feng. In order to maintain her image as a good girl, Yao Man decided not to see her. What made Yao Man even more uncomfortable was that when she fought with Yun Feng that day, she heard that Mo Changge was also there. Thinking that Mo Changge saw how embarrassed she was, Yao Man gritted her teeth and glared at Yun Feng. She swore that she would save her face in the second round.

Yun Feng sized them up slightly. There were only thirty-nine people present. The one who was absent was naturally the hooded man. However, after a while, the door was gently pushed open and the sound of the robe dragging on the ground came again. Yun Feng suddenly looked at the door coldly. Everyone also looked up. When they saw the person who came in, some of them immediately turned pale and some frowned.

This man, who was wrapped in a long robe, carried a sense of evilness even if he didn't do anything, which made people disgusted. Yao Man looked away in disgust and mumbled something. The man in the hood walked in and met Yun Feng's eyes. The corners of his mouth slowly curled up again. Yun Feng looked away coldly. The man in the hood sat in the back, while the others moved their seats forward as far away as possible. However, Yun Feng didn't move at all. She looked coldly and saw that there were only two people sitting behind.

### **Chapter 903: Light and Darkness (4)**

"She's really bold. I feel uncomfortable when I see that person. I'll stay as far away as possible."

"Me too. He's disgusting. Is she too scared to move?" Someone snickered, but was mocked by others.

"Look at who she is. She's Yun Feng."

"Yun Feng? She's that Yun Feng!"

"No wonder. Only Yun Feng dares to do this. I dare not to sit there anyway."

Some people were whispering. Yao Man gritted her teeth and glared in Yun Feng's direction. She accidentally saw the man in the hood and a chill ran down her spine. Yao Man quickly looked away.

"Hm, pretentious."

While the other summoners were discussing, one of them stood up. The few people who were familiar with him couldn't help but look at him in surprise, because he was walking back and his destination was Yun Feng.

"Yun Feng, I've heard a lot about you. My name is Qiu Hengyu. I think you're familiar with this surname."

Yun Feng looked up slightly. Standing in front of her was a cheerful young man in his late twenties. He was smiling at her. Yun Feng thought for a moment. Qiu? Some fragments suddenly flashed in her memory. "The Qiu family. I know. I still remember Qiu Shicai."

The young man standing in front of him seemed a bit embarrassed. "Well... You don't remember Brother Qiu Yan?"

Yun Feng frowned slightly and finally remembered who Qiu Yan was. "I remember now. Why? Do you need something?"

The young man called Qiu Hengyu was obviously relieved. He sat next to Yun Feng like they were friends. "Do you remember what Brother Qiu Yan said back then? If the Yun family is willing..."

Yun Feng waved her hand and stopped him from talking. The Qiu family had indeed extended a hand to the Yun family back then to rope them in, but Yun Feng didn't want the Yun family to become anyone's vassal. She had replied ambiguously back then, but she didn't expect the Qiu family to be so persistent.

.....

"Got it. My attitude is still the same as before."

Qiu Hengyu was completely speechless. He had a mission this time. He had to find Yun Feng and curry favor with her at the convention. However, Qiu Hengyu knew that Yun Feng was here. He could never meet her. If it weren't for this time, he really wouldn't have a second chance, so he certainly wouldn't let it go.

"The Qiu family admires the Yun family very much, especially your strength, Yun Feng. The Yun family is only at the third rank after all. Your strength will be buried. Why don't you..."

"Are you done? As I said, my attitude is the same as before." Yun Feng's tone immediately became cold. Qiu Hengyu opened his mouth and didn't dare to say anything else when he saw Yun Feng's gloomy face. He was only at the Commander Level and didn't have the strength to bargain with Yun Feng. Back then, Yun Feng didn't even care about what Qiu Yan said to her, let alone him.

Qiu Hengyu smiled wryly. "Then I won't bother you anymore. You'll definitely qualify in the second round." Qiu Hengyu stood up and walked back. Yun Feng didn't say anything, but she thought of another problem. After the convention this time, the Yun family in Jushui Town would encounter a rare and precious opportunity.

The door on the other side of the room was pushed open again. Ling, who was dressed neatly, walked in. He glanced at everyone with a smile and lingered on Yun Feng for a few more seconds before moving away. "It's my honor to have all of you here. I'm also glad to see so many outstanding talents. The purpose of the convention is to let the summoners spar with each other and exchange experience, but it's obviously a bit different this time. I'm sure you know very well why the Summoning Union wants to hold the second round of battles with only five final winners."

Everyone present had different expressions. They more or less guessed that something was unusual. Ling continued with a smile, "Everyone, you must understand that if you win the second round, you'll get more than you think. The Summoning Union looks forward to your good performance in this round."

Informative and yet suspenseful. This was Ling's art of talking.

He waved his hand gently and someone immediately pushed the door open and sent a box into the room. Ling shook the box gently. "There are forty number plates inside. Whoever draws the same number will be opponents. Do you understand? If you do, please come and draw."

The summoners all got up and walked to the box to draw numbers. Yun Feng wasn't in a hurry. When she saw that it was about time to draw numbers, she finally got up. The hooded man sitting behind her also got up slowly. Once the two of them moved, everyone froze for a moment. Even though the temperament of these two people was completely different, their momentum was equally powerful.

The man in the hood gently passed Yun Feng and his pale hand directly went into the box. There was a faint evil smile on his lips from the beginning to the end. Ling wasn't affected at all and he smiled lightly.

After the man in the hood took out a number card, he smiled creepily. Everyone who got the number card earlier subconsciously swallowed and prayed in their minds that they wouldn't be his opponent!

The man in the hood dragged his robe elsewhere. Yun Feng reached her hand in. There was only one number left in the box. Yun Feng took it out and saw that it was number 16. The few people around Yun Feng couldn't help but feel relieved when they saw that number. They didn't want to meet the man in the hood or Yun Feng. Facing these two people, they only had no other choice.

Seeing that everyone had drawn a number, Ling smiled lightly. "Alright, everyone has drawn a number. Now, please show your number so that you'll know who your opponent is."

All the summoners showed the number in their hands. The hooded man was holding No. 8 in his hand, while Qiu Hengyu from the Qiu family was holding the same. He didn't know if he was unlucky. When Qiu Hengyu found out, he could only smile wryly and there was nothing he could do.

Yun Feng looked at these numbers and soon found the other No.16. When she saw the person with the number clearly, a disdainful sneer appeared at the corners of Yun Feng's mouth. It was indeed fate. It seemed that she didn't have to put in any effort. She would be able to put Mo Changge's request into action very soon.

#### **Chapter 904: Light and Darkness (5)**

Yao Man looked at the badge in her hand. The number 16 was clearly printed on it, and the badge in Yun Feng's hand was also 16. Yao Man was angry at first, but in the end, she smiled. Very good, very good! That woman's contracted Magic Beasts ruined her lightning-element Magic Beast like that. Also, she embarrassed herself like this last time and Mo Changge saw it! Also, that woman left so arrogantly last time. She must get back at them one by one!

Seeing Yao Man's furious smile, Yun Feng didn't care. At this moment, Ling said, "After knowing your opponent, please get ready to go on stage. Our enthusiastic audience is waiting for you."

The expressions on the faces of the summoners were truly mixed. They walked out one after another and the enthusiastic cheers outside came again. What Ling said was true. Those watching the battle were already completely stirred at this moment! No.1 to No.20, they went on stage to compete according to the order. No.16 was a bit behind. After saying this, Ling pushed the door open and left. Most of the summoners in the room also left one after another. Yun Feng wasn't in a hurry. She was still sitting there. Someone walked over and stopped in front of Yun Feng.

"I'll take revenge for the humiliation you brought me last time!" Yao Man looked at Yun Feng and gritted her teeth with a cold face. Yun Feng curled the corners of her mouth indifferently. "I won't leave halfway like last time. I'll definitely finish what I started."

"Very good! I'm going to kick you down in front of everyone! Just wait!"

Yun Feng's black eyes were clear as she looked at Yao Man in amusement. "Alright, let's wait and see who's kicked down!"

Yao Man turned around and left angrily. A hint of impatience flashed through Yun Feng's face. She was a bit regretful that she didn't meet the man in the hood, but it wasn't bad to meet Yao Man. Thinking of the deal she made with Mo Changge, Yun Feng smiled. The cheers outside surged like waves. The excitement of fighting and watching the battle was instantly aroused at this moment. The battles on the ring had already begun. The second round of battles had begun!

The free arena this time was undoubtedly more eye-catching than the first time. The forty elites who qualified for the free arena for the first time were all gathered here. Another exciting battle had already begun. Cheers rose and fell around the free arena. There had never been a break. Ever since the battle between the two contestants began, the drama seemed to have come wave after wave. Yun Feng sat in the room quietly. The few people behind her had all gone out. She was the only one left in the huge room. She sat there quietly, as if she had merged with the quiet space at this moment.

Yun Feng gently closed her eyes. There was no telling what she was thinking, as if she was also listening to the commotion outside. There were exclamations and cheers. She could hear the laughter of the winners and the sighs of the losers. The competition was going well, but Yun Feng was completely immersed in her own world like an old monk in meditation.

Suddenly, the noise outside stopped abruptly. The lively scene immediately became cold and quiet. Yun Feng was still calm and composed. She wasn't attracted by what was happening outside at all. Her body was relaxed and at ease. The aura around her also became more uniform and smooth, as if it was completely in sync with the airflow in the world. Yun Feng was completely immersed in a wonderful state. Such a wonderful feeling made her entire body relax inexplicably, as if she had already turned into a drop of water. The entire space around her was like an ocean. She, who was small, had already merged into this ocean and felt an unprecedented sense of comfort and security.

There seemed to be some kind of guidance in the dark. Yun Feng took a long breath as she slowly mobilized all her mental strength. The mental strength that had already condensed into a solid state in her spiritual space slowly melted and spread, gathering in the middle bit by bit like a trickle. A vortex gradually formed in Yun Feng's spiritual space. This vortex kept melting and gathering with her mental strength. It became bigger and bigger, gradually filling the entire spiritual space. At this moment, Yun Feng's spiritual space was like a vast ocean. An extremely huge deep vortex was formed in the middle and her mental strength around gathered in this vortex desperately like seawater.

The mental space in Yun Feng's body changed like this and the momentum around her also changed! The momentum of the peak of the Monarch Level slowly spread out of her body and surrounded the space around Yun Feng. As the vortex in the mental space formed, a bottomless vortex gradually formed around Yun Feng. With Yun Feng's body as the center, the aura around also formed a vortex and drilled into Yun Feng's body desperately. If someone was next to Yun Feng, they would probably be extremely surprised by this phenomenon!

Yun Feng was like a bottomless black hole. The space around her was even gradually distorted by the invisible suction force inside her body. Yun Feng closed her eyes gently with a faint smile on her little face. She didn't know the change at this moment. If she opened her eyes, she would be shocked.

.....

What kind of feeling was this... Yun Feng couldn't help but let out a very comfortable sigh in her mind, as if she had broken free of all restraints, as if she had broken free of all shackles. Only her unusually free body and mind were wandering in it. There seemed to be an endless path ahead for her to choose, an endless space for her to swim. Yun Feng relaxed her nerves and let her entire body follow this feeling. Yun Feng was like a drop of water. As the ocean around her kept swaying gently, she went left and right, following them.

Lan Yi and Little Fire, who were in the contract space, sensed Yun Feng's current state and suddenly opened their eyes. Both of them were thrilled! "Master has reached such a level at this moment!" Lan Yi exclaimed in his mind. The joy in Little Fire's wolf eyes was like two flames, making its eyes even brighter.

The two Magic Beasts immediately closed their eyes and followed Yun Feng into the same realm gradually. At this moment, when Yun Feng was more and more relaxed, she suddenly felt a faint uncomfortable feeling, as if the smooth passage ahead was suddenly blocked. At this moment, the flow of the vortex in Yun Feng's spiritual space had already stopped. The huge vortex stopped in Yun Feng's spiritual space and the space around Yun Feng also stopped moving. The pressure in Yun Feng's body just then suddenly disappeared.

### **Chapter 905: Level Up (1)**

"Master has touched the barrier!" Little Fire roared excitedly. Lan Yi also nodded. "Brother Fire! We'll help Master break through the barrier!" Little Fire burst into laughter. "Of course!" Both of the Magic Beasts closed their eyes and strengthened the connection between them and Yun Feng. The power of the two Magic Beasts faintly transmitted into Yun Feng's body through this connection. Yun Feng couldn't help but heave a sigh of relief when she noticed these two forces. It was indeed a bit difficult for her to break through alone.

Facing the invisible barrier, the smile at the corners of Yun Feng's mouth became even wider. When her energy gathered with Little Fire and Lan Yi, Yun Feng felt that the inside of her body was full. The barrier that blocked her just then seemed to be much weaker. Yun Feng immediately hit this barrier fiercely with all her strength and she heard a clear sound in her mind!

"Crack!"

Something was broken by Yun Feng by force. When the sound came, Yun Feng suddenly felt a new kind of power surging into her body crazily, and the huge vortex in her spiritual space also started spinning crazily at this moment!

The vortex spun and the suction force in Yun Feng's body appeared again, even more fierce and stronger than before! The space around instantly distorted and some kind of power in the world was being forcibly pulled into Yun Feng's body. At this moment, Yun Feng was truly a black hole, absorbing crazily and endlessly!

"Master!" Little Fire and Lan Yi shouted at the same time. The voices of the two Magic Beasts suddenly appeared in Yun Feng's mind. Yun Feng immediately woke up from the confusion of this powerful force.

She clenched her fists on her knees and the terrifying suction force was suppressed bit by bit, while the huge vortex in Yun Feng's spiritual space suddenly slowed down!

"Calm down!" Yun Feng roared fiercely in her mind, but the huge vortex was only suppressed by Yun Feng for a moment. It was spinning crazily again. Little Fire and Lan Yi couldn't help but feel extremely nervous in the contract space. Would their master be able to get through it safely?

Yun Feng bit her lips hard and let herself feel a trace of pain to keep her mind clear. Powerful energy surged into her body and Yun Feng clearly felt that her strength increased rapidly, even crossing a level! However, this energy became crazier and crazier, as if it was going to burst Yun Feng!

Suppress, keep suppressing. Yun Feng retracted the spreading aura around her into her body bit by bit. The terrifying suction force also gradually shrank and the distorted space around her slowly returned to normal. Yun Feng closed her eyes tightly at this moment. Her little face was already slightly pale and there were even tiny drops of sweat.

This was a difficult and extremely dangerous process. If she made any mistakes, she would be doomed forever! This was also a test she must go through to cross the peak of the Monarch Level! Her tolerance and control of powerful forces! Once she was controlled by this powerful force, she would only explode!

Countless experts at the peak of the Monarch Level had died during this period of time. Although the peak of the Monarch Level and the Lord Level were only one step away, there might be a difference between life and death!

In the room, Yun Feng was crossing the final threshold. Once she crossed it, she would enter the Lord Level! The noise outside became enthusiastic again, but everything had already been automatically blocked out of Yun Feng's world. Time passed quietly. Yun Feng's suppression was still going on, but more than half of the matches outside had already ended. The contestants walked on the ring one by one and the results were also coming out one after another. It would soon be the turn of Yun Feng's number 16!

Yao Man sat in the waiting area. Apart from the battle of No. 8, nobody else in the arena interested her. Thinking of No. 8's battle, Yao Man couldn't help but feel a trace of coldness in her heart. She was originally immersed in her thoughts and thought about how she could embarrass Yun Feng completely this time. However, after that disgusting dark summoner went on stage, Yao Man's heart couldn't help but race and she looked over.

.....

The unlucky member of the Qiu family was the one who fought with the man in the hood. Seeing that he was on the stage, the audience cheered even more enthusiastically. However, after the member of the Qiu family got on the stage, he didn't have any intention of fighting at all. He directly opened his mouth and was about to admit defeat. Everyone thought that this battle would end so easily and sighed a few times. However, something unexpected happened suddenly. The kid of the Qiu family had just opened his mouth and said three words, "I will admit..." He was never able to finish that sentence.

The hooded man didn't let the kid of the Qiu family admit defeat at all. He took his life directly! His contracted Magic Beast didn't show up. It only attacked with dark elements and directly made the kid of the Qiu family fall on the ring, never to get up again!

The audience was shocked. Everyone looked at this scene in surprise. Everyone knew that the kid of the Qiu family was going to admit defeat. That man was too cruel and extreme!

The man in the hood looked at the dead member of the Qiu family on the ring and only smiled evilly as he turned around and walked off the ring. As the host, Ling couldn't help but frown when he saw this scene, but there was nothing he could do. The dead member of the Qiu family was never able to admit defeat. Since he didn't admit defeat voluntarily, it didn't matter to the man in the hood if he died.

This wasn't the first summoner who died in the hands of the hooded man. Almost everyone who fought with him died on the ring. Even if you wanted to admit defeat, you wouldn't have a chance. And that poor man from the Qiu family became the first person to die in the second round!

Yao Man sat there. Every time she thought of the body that was carried off the ring, she couldn't help but feel cold all over her body. She rubbed her arms and glanced at the ring. No.12 was fighting right now. There were only four groups left until her No.16.

The corners of Yao Man's mouth couldn't help but curl up slowly. Yun Feng, I'll definitely teach you a lesson this time! This time, I won't be fooled by you like last time. I'll kick you out of this ring fiercely!

Very soon, the four groups in the middle finished fighting. Yao Man couldn't help but feel a fire burning in her heart. She couldn't wait any longer! When Ling announced that Yao Man and Yun Feng would be fighting as No. 16, the audience immediately burst into an uproar! Up till now, the atmosphere at the scene had reached the climax for the first time! Everyone was cheering and discussing enthusiastically. This wasn't the first time Yao Man and Yun Feng fought. The first battle between the two of them was concluded with a hilarious result, which was a tie!

## **Chapter 906: Level Up (2)**

A tie. This was the only tie. The battle between the two of them made people look forward to it even more. What moves would Yao Man, who was obviously no match for Yun Feng last time, use this time? And what astonishing performance would Yun Feng have this time? It had to be said that this was the most anticipated battle so far!

Cheers, cheers, cheers!

Yao Man walked to the ring with her head held high, like a noble queen. Someone below the ring couldn't help but boo. Someone here had seen the battle between the two of them before. Yao Man was quite embarrassed at that time. This time, she appeared here with such a high-profile and expression. She was a bit too confident.

Hearing the ridicule from below, Yao Man ignored it, but the expression on her face was slightly stiff. She also clenched her fists tightly by her side and stared at the other side of the ring, waiting for Yun Feng to walk up.

A minute passed. Five minutes. Ten minutes.

Everyone was a bit dumbfounded. Where was Yun Feng? Why wasn't she on the ring? Seeing that, Yao Man couldn't help but shout furiously, "Yun Feng! Get on the ring! Are you afraid? Are you going to be a coward and run this time?"

Yao Man's furious shout spread throughout the venue, but nobody replied. Yun Feng still hadn't advanced. Ling couldn't help but frown when he saw this scene. Yun Feng would run? Of course not! At least, Ling believed so.

The audience below the ring were also a bit crazy. They were frustrated about Yun Feng's disappearance. Did she really run away? They didn't expect Yun Feng to be such a coward! The situation was getting out of control. Curses and complaints rose one after another. Of course, there were still some people who believed that Yun Feng would come. Mu Shaohua and Qian Shaoyao were among them.

"Yun Feng isn't a coward! She'll definitely come!" Hearing the curses of the people around, the two of them couldn't help but shout. Some people agreed with them. Immediately, the crowd was divided into two factions. Seeing such a scene, Ling couldn't help but come forward. "Miss Yao Man, please calm down. If Yun Feng isn't here after thirty minutes, she'll automatically lose her qualification."

Ling's indifferent words temporarily suppressed the chaos at the scene. Yao Man snorted. Thirty minutes. There were still twenty minutes. She would wait!

Time passed minute by minute. Soon, the twenty minutes were almost over, but Yun Feng was still nowhere to be seen on the ring. Yao Man couldn't help but mock her in her mind. Very good. It was good that she didn't come. This way, she would be able to finish the battle perfectly. She had left a bad reputation. Yao Man had already planned to crush Yun Feng, but now, she didn't have to do it herself.

"It's almost time. She probably ran away. Coward!" Yao Man grunted coldly on the stage. The people below the stage immediately started an intense argument. Some were booing, some were scolding, and of course, some supported Yun Feng.

Qian Shaoyao was anxious. Looking at Yao Man's arena, her eyes were a bit red. Yun Feng couldn't possibly run away. Yun Feng wasn't a coward! She was the legendary summoner of the East Continent. She was the role model in her mind!

.....

"Yun Feng!" Qian Shaoyao shouted Yun Feng's name desperately with a hoarse and sobbing voice. Mu Shaohua also shouted, "Yun Feng!" They didn't say anything. They only called Yun Feng's name!

Qu Lanyi and Mu Canghai, who were standing in the crowd, didn't say anything. They both believed that Yun Feng would come! Xia Qing, who had just recovered, was also standing there. She was still weak, but she didn't want to miss her teacher's competition! Seeing that Yun Feng didn't show up, Xia Qing only smiled. Her teacher would come. She would definitely come on stage!

"Yun Feng!" "Yun Feng!" "Yun Feng!"

The calls gradually merged together. Both Qian Shaoyao and Mu Shaohua were a bit shocked. Gradually, more and more people called Yun Feng's name. Yun Feng's name resounded in the sky! Yao Man listened to the shouts and shouted furiously!

“Why are you shouting? She won’t show up no matter how you shout! Ling, it’s time. She’s just a coward who runs away!”

The latest\_ epi\_ sodes are on\_ the LIBREAD.COM. website.

Ling looked at the timer and smiled lightly. “Miss Yao Man, there are still three minutes.”

“What are you waiting for? She can’t possibly come at all!” Yao Man shouted loudly, but Ling was still smiling. However, he was also puzzled in his mind. Miss Yun, where exactly did you go? Why aren’t you here yet?

When the voice calling Yun Feng outside became louder and louder, the girl, who had been sitting quietly in the room, opened her eyes gently. A dazzling light flashed through her eyes. Yun Feng smiled lightly and extended her fair hand, clenching it gently. The invisible void in her hand suddenly distorted. Yun Feng squeezed her hand hard and a slight crack appeared, directly tearing the space!

“The Lord Level is indeed different.” Looking at the Ring of Contract that had obvious changes on her finger, Yun Feng mumbled. All the patterns on the red and green Rings of Contract had already faded, turning into pure ordinary colors, but there was a tiny pattern on it, which was the word “Lord”.

“Congratulations, Master. You’ve successfully reached the Lord Level!” Little Fire and Lan Yi’s delighted voices came. Yun Feng and her Magic Beasts were the same. Magic Beasts needed more effort and time to reach the Lord Level. If it weren’t for Yun Feng, even Little Fire and Lan Yi wouldn’t have been able to reach the Lord Level in such a short time!

Yun Feng chuckled as the sounds of the outside world immediately surged into her ears. Yun Feng suddenly found that her name was being called outside. Yun Feng stood up and gently touched the clothes on her body with her hand. Her faint aura was like a queen who came to the world! With a faint smile, she pushed the door open. “It seems that it’s my turn.”

“Haha, Master will definitely win this time.” Little Fire’s delighted voice sounded. Yun Feng only smiled and didn’t say anything. She walked down the stairs. There were already waves of voices calling her name outside. Lan Yi couldn’t help but smile when he heard Little Fire’s excited voice.

“It’s more than a complete victory. Those people’s eyeballs will probably fall out.”

“That’s true. The Lord Level. Those guys’ jaws will definitely hit the ground. If Yao Man knows that Master has already reached the Lord Level, will she be so angry that she vomits blood and dies? Hahaha!”

### **Chapter 907: Level Up (3)**

“Brother Fire, you’re really...”

Yun Feng listened to the conversation between the two Magic Beasts with a faint smile at the corners of her mouth. Yao Man had to take potions to reach the Lord Level, and she had already broken through! Yun Feng’s breakthrough wasn’t a coincidence. She had been at the peak of the Monarch Level for a long time and her strength had been accumulating steadily. She could seize the opportunity to break

through in one go. She didn't lack any of the factors, but the heavy accumulation was the most important.

The higher the level, the more dangerous it was and the more important it was to stabilize one's strength. If one was impetuous and moved forward too rashly, they wouldn't have much cultivation.

Yun Feng had the opportunity and luck to reach the Lord Level, but it was mostly because of her hard work and accumulation.

The cheers outside shook the sky, but the few big shots in a certain place were very calm. From the beginning to the end, they, who were watching the competition from the high ground, didn't have any emotional fluctuation. They only frowned even when the man in the hood went on stage.

"Is Yun Feng really not coming?" A rough man finally couldn't hold back anymore and mumbled. He was the Master of the Bright Moon Hall. Sitting next to him was the shriveled old man, the Master of the Ancestral Forest Hall, and the silver-haired handsome man, the Master of the Thousand Snow Hall. Standing behind the Thousand Snow Hall's Hall Master was the extremely sullen Mo Changge.

The Thousand Snow Hall's Master turned around slightly. Mo Changge's expression suddenly changed. "Changge, you seem to be very nervous?" The silver-haired handsome man said slowly. Mo Changge laughed dryly. "Brother, you're thinking too much."

The silver-haired handsome man raised his brows slightly and glanced at the ring. "If Yao Man wins this time, do you know what you promised me?"

Mo Changge's face darkened and his handsome face was immediately covered with a layer of dark clouds. Shock and frustration also surged in his peach-blossom eyes. "Yes, I know. However, things haven't been decided yet. It's still unknown if Yao Man can win."

The silver-haired handsome man curled his lips slightly and turned around without saying anything. There was a kind of coldness all over his body, like an ice sculpture. Nothing in the outside world could arouse his interest at all.

Yun Feng, come out! Mo Changge looked at the ring and wished that he could go up and knock Yao Man down. He didn't believe that Yun Feng was someone who went back on her words. He didn't believe that he had misjudged her! Yun Feng, where exactly are you? If you don't show up, you'll run out of time!

Yao Man became more and more complacent on the ring. Three minutes passed in the blink of an eye. Ling frowned more and more tightly on the side. Everyone was waiting, waiting for that slim figure to get on the ring! Time had already reached the finish line under this tense atmosphere!

"It's time! Yun Feng, she escaped! The Yun Feng you've been waiting for has escaped!" Yao Man shouted at the audience with an indescribable pride on her face. She didn't expect such an outcome, but it was even better!

.....

Ling sighed helplessly and raised his arm. "Unfortunately, it's already time, because..."

“Yun Feng!” Yaoyao, who was in the crowd, suddenly shouted as she stared at a certain spot. The crowd couldn’t help but fall silent after she shouted. Yao Man sneered. “Why are you shouting? She won’t come even if you shout! It’s useless no matter how you shout! She’s a coward!”

“Who are you calling a coward?” A voice that was like the sound of a goddess resounded in the ring. Everyone’s expression changed! Yao Man’s eyes widened, while Ling heaved a sigh of relief. Qu Lanyi chuckled and shook his head helplessly. Mu Canghai’s stiff expression finally eased a bit, while Xia Qing’s little face glowed. Her teacher was here!

“It’s really Yun Feng! Hahaha, she’s here!”

“We’ve waited for too long!”

“Yun Feng! Yun Feng!”

The crowd was stirred again. Yun Feng slowly walked up from below the ring. Everyone’s eyes couldn’t help but be attracted to her. At this moment, Yun Feng seemed to be covered in a kind of light, which made people involuntarily follow her. Yao Man looked at the person who qualified on the opposite side of the ring and gritted her teeth fiercely. She looked aside. “It’s useless even if you come! It’s already time!”

Yun Feng stood on the other side and glanced at Yao Man indifferently. Ling smiled at Yun Feng. “Miss Yao Man, I’m sorry. Miss Yun appeared five seconds before the end of the time. According to the rules, Miss Yun isn’t eliminated. This battle is still valid.”

Yao Man’s face changed abruptly and she felt frustrated in her mind. “Hm! Alright! I didn’t want to use this method to resolve the grudge between us!”

Yun Feng smiled indifferently. Having reached the Lord Level, she didn’t care about Yao Man at all. However, Yun Feng suppressed her strength secretly at this moment. She didn’t want everyone to know her strength when she fought. If the man in the hood did something in advance, she would lose the initiative. That was why Yun Feng planned to show everything when she fought with the man in the hood. She must kill that man in one strike!

Even though she had suppressed her strength, her level was no longer the same as before. She felt that it was more than enough for Yao Man right now.

“You came at the last moment. You’re just so-so.” Yao Man snorted in disdain. Yun Feng didn’t care. Seeing Yun Feng’s indifferent expression, the anger in Yao Man’s heart suddenly soared! “Yun Feng! I’ll definitely humiliate you today!”

Yao Man twisted her wrist and a bottle of potion appeared in her hand. Yun Feng glanced at it. Potion? Yao Man wanted to rely on the potion to win?

Yao Man drank all the potion one by one. Just like last time, she instantly crossed to the Lord Level and her aura completely changed! Some people below the ring shouted in dissatisfaction, “You rely on potions every time. Can you use a different method?”

“That’s right! You rely on potions every time. It seems that your own strength isn’t enough!”

“Shut up! As long as I can win, who dares to doubt my means?” Yao Man’s voice came later. She, who had advanced to the Lord Level, spoke with an intimidating momentum. Those people who were dissatisfied just then immediately fell silent, while Qu Lanyi snorted in disdain. “Even potions are useless for Fengfeng.” Even though Yun Feng suppressed her strength, she was no stranger to Qu Lanyi, who was at the Lord Level. How would he not know what changes Yun Feng had undergone? The difference between reaching the Lord Level with the help of potions and reaching the Lord Level with her own strength was thousands of miles!

#### **Chapter 908: Level Up (4)**

The leaders of the three halls on the stand all had different expressions. The leader of the Bright Moon Hall couldn’t help but click his tongue, while the leader of the Ancestral Forest Hall chuckled and showed a smile on his dry face. “She’s willing to do anything to achieve her goal. This woman is indeed scheming and ruthless.” He glanced at the Thousand Snow Hall’s leader on the side slightly. “The Thousand Snow Hall is lucky to have such a person.”

The Thousand Snow Hall’s Master smiled lightly. “You flatter me, Master of the Ancestral Forest Hall. There are countless elites in the Ancestral Forest Hall. The Thousand Snow Hall is just so-so.”

The Master of the Ancestral Forest Hall laughed dryly and didn’t say anything else. Mo Changge, who was standing aside, almost jumped up after Yun Feng appeared, but his obvious relieved look attracted the attention of the Master of the Thousand Snow Hall. Mo Changge finally suppressed the excitement in his heart. Seeing Yao Man use this move, he grunted in disdain. This woman didn’t have any ability, but she was very good at using external forces. How pretentious!

“Even though she relied on external help to reach the Lord Level, she’s still at the Lord Level after all. Look, how do you think Yun Feng should react?” The Master of the Bright Moon Hall burst into laughter and looked at Yun Feng with a bit more anticipation in his eyes. He thought very highly of Yun Feng. She had extraordinary strength at such a young age and she was calm and poised. She was also extremely flexible. She was a talent among talents!

If he could get such a genius, he would be able to get twice the result with half the effort in the future and he would even get unexpected gains! The Hall Master looked at Yun Feng with a smile. Yan Ming, that kid, could be said to be doing well in the Bright Moon Hall right now. Everything was thanks to Yun Feng back then. That illegitimate son of the Yan family had such achievements today. He had some relationship with Yun Feng back then. He didn’t know if Yun Feng would be willing to reconsider this favor.

“That depends on Yun Feng’s strength.” The Master of the Ancestral Forest Hall’s little eyes glittered. When he looked at Yun Feng, a strong interest flashed through his eyes. He wasn’t unfamiliar with Yun Feng. What happened in Jushui Town couldn’t escape his eyes as long as he wanted to know. And the Master of the Ancestral Forest Hall had heard about Yun Feng of the Yun family at that time. He didn’t pay much attention back then and only looked back when he knew that the first-rank Qiu family took the initiative to please the Yun family.

When he looked back, Yun Feng jumped into the sight of the Master of the Ancestral Forest Hall again. She was young, but there were layers of mysteries that couldn't be solved. The Master of the Ancestral Forest Hall immediately became interested. He was only interested in Yun Feng alone when he came to the Thousand Peak City this time.

The Thousand Snow Hall's Master keenly noticed that the two Hall Masters next to him were paying so much attention to Yun Feng. He couldn't help but feel shocked. He couldn't help but glance at the smiling girl on the ring. What kind of person was she? She made the two Hall Masters so interested and she even made them show the most abundant facial expressions so far! The silver-haired handsome man couldn't help but turn his head slightly. When he glanced at Mo Changge, he suddenly thought of something. "Changge, is she the person you mentioned?"

Mo Changge chuckled. "That's right. It's her!"

Surprise also flashed through the eyes of the Thousand Snow Hall's Master. He originally thought that it was someone Mo Changge casually made up to avoid what he promised, but he didn't expect such a person to really exist! The eyes of the three Hall Masters all gathered on Yun Feng. Across the entire West Continent, Yun Feng was the only person who could make the three Hall Masters think about her at the same time!

After taking the potion, Yao Man raised her arm abruptly! The purple Electric Python appeared on the arena in the original form of a Magic Beast! One of the protruding horns on its head was gone. It was torn off by Little Fire last time and the skin Lan Yi removed was also scarred. However, it was obvious that Yao Man had put in a lot of effort to restore the injured Electric Python to its current state in a short period of time.

Looking at the horn that her Electric Python had lost, Yao Man was enraged. "Yun Feng! Your contracted Magic Beasts won't have a good day today!"

Yun Feng chuckled and examined Yao Man's aura at the Lord Level. It was obviously different from hers. Even though she had reached this level, her aura was unstable and was basically fake. Even though it could be maintained for a while, it was still fake after all.

.....

Yun Feng wore the Rings of Contract on her finger. Normal people wouldn't notice the change of the patterns on it, so Yao Man certainly didn't notice it either. As Yun Feng called out softly, two beams of light, one red and one green, appeared. Lan Yi and Little Fire, who had also suppressed their strength, appeared next to Yun Feng. The huge body of the Fire Cloud Wolf was covered with traces of fiery red elements, and a pair of huge charming wings spread out on Lan Yi's back. Once the two Magic Beasts appeared, another wave of screams and shouts came from the crowd.

"Let's begin! Yun Feng!"

"Yeah, let's fight! Let's fight!"

They shouted crazily. The crowd, who were looking forward to an exciting battle, was instantly thrilled. Yao Man, who was on the stage, couldn't wait either. She took out her wand and pointed it at Yun Feng opposite her. "Come on. I want to see how you defeat me today!"

Yun Feng raised the corners of her mouth. If she was right, Yao Man had prepared more than one bottle of potion today. She could be said to be going all out for this competition. This was just the first round and she was already swallowing the potion so desperately. It seemed that she wanted to remain in the Lord Level throughout the game and her body would definitely be exhausted in the end. Yun Feng didn't care about that. If she wanted to, let's do it!

"Howl, howl, howl!"

"Hooooo..."

The three Magic Beasts roared at the same time. Little Fire had already rushed over impatiently and grabbed forward fiercely with its glittering wolf claws. The body of the Electric Python bent and dodged, while the huge tail behind it swept towards Little Fire. At this moment, Lan Yi flapped his wings fiercely and a strong wind blew. The entire body of the Electric Python twitched. When the strong wind blew, there were wounds on the surface of the Electric Python's body!

The three Magic Beasts immediately rose to the sky and the sky was immediately in chaos! The roars of the wild beasts intertwined with each other. At this moment, the ferocious nature of the Magic Beasts was exposed! The crowd looked up at the fierce battle in the sky with their heads raised and their hearts kept shaking. What would happen if a human fought with such a Magic Beast?

### **Chapter 909: Level Up (5)**

Yao Man, who was on the ring, also attacked at the same time. The purple lightning elements around her wand attacked like long snakes, not giving Yun Feng any time to react at all. Yun Feng keenly dodged to the side and spun her hand gently, holding the wand in her hand.

"Lightning Spear!" Yao Man roared as the purple lightning spear slashed at Yun Feng. Yun Feng's black eyes darkened slightly as she spun her wand. "Earth Shield!" Her body was immediately surrounded by a hard shield made of earth elements. When the lightning spear stabbed it, it made a sharp sound. Yao Man thought she could break it with one strike, because Yun Feng had the strength of the peak of the Monarch Level. She had reached the Lord Level right now! However, Yao Man had never thought that the lightning spear wouldn't only fail to break the Earth Shield, but also could barely break its defense!

Was this the Earth Shield at the peak of the Monarch Level? Not only did her Lord Level lightning spear not penetrate it, but it also caused little damage? Yao Man was puzzled in her mind, but then, as the sound of the Earth Shield breaking and Yun Feng quickly dodged, the doubts in Yao Man's mind were immediately dispelled. That was right. She was much stronger than Yun Feng right now!

Yun Feng dodged with a smile at the corners of her mouth. Even though she suppressed her strength, her mental strength had still entered the Lord Level. Even though it was the Earth Shield at the peak of the Monarch Level, the effect of the defense was obviously several times better than before! Yun Feng deliberately shattered the Earth Shield just then. Yao Man's Lightning Spear couldn't penetrate her defense at all!

Even though she had promised Mo Changge that she would kick Yao Man down as soon as possible and it would only take a few moves for Yun Feng to do so right now, Yun Feng suddenly didn't want to do

that anymore. She, who had just entered the Lord Level, happened to lack such a candidate for practice. After entering the Lord Level, she certainly had to experience the difference between the Lord Level and the peak of the Monarch Level more. Combat was undoubtedly the best choice! Experience and grow in battle!

And Yao Man was a sparring partner who came to her door. Yun Feng chuckled in her mind. That was good. She could also use her to practice.

Poor Yao Man didn't know that Yun Feng was treating her as a practice target. She was like a beginner in anatomy. In order to become more proficient, she certainly needed a lab rat, and Yao Man was the sample in Yun Feng's eyes.

The lightning elements kept gathering from Yao Man's wand, and Yun Feng took countermeasures. On the surface, it looked like she was dodging in panic, but those who really understood would inevitably see the clues.

A dotting glint flashed through Qu Lanyi's eyes. He knew what Yun Feng was thinking. Mu Canghai, on the other hand, frowned tightly and said after a while, "Is she different?"

Qu Lanyi chuckled and didn't answer. The three Hall Masters, who were high up in the sky, certainly saw the strangeness. After observing for a long time, a hint of surprise flashed through their eyes. The Hall Master frowned and said, "Instead of saying that she's dodging, it's more like... she's doing it with ease."

The Master of the Ancestral Forest Hall chuckled. "You can tell too? I didn't expect this little girl to be so playful."

The leader of the Thousand Snow Hall looked cold. After a long time, he finally said, "What do you think Yun Feng's current strength should be?"

The Master of the Bright Moon Hall burst into laughter, and the Master of the Ancestral Forest Hall also smiled weirdly. The three of them looked at Yun Feng. The same answer had already appeared in the minds of the three Hall Masters. A Lord-Level summoner!

.....

The Lord Level was indeed a height that people looked up to. It wasn't something ordinary people could reach. Even those powerhouses at the peak of the Monarch Level might not be able to cross this step in their entire lives. Every step was like a ditch. Even though this was a level that countless powerhouses dreamed of, it didn't mean that there wouldn't be anyone at the Lord Level. For example, the reason why the three Masters of the West Continent could sit in the position of the Hall Master was greatly related to their strength. The strength of the three Hall Masters was at the Lord Level!

Naturally, these three Lords couldn't be the only ones on the vast West Continent. Even the East Continent had fierce warriors at the Lord Level. Compared to the East Continent, there were warriors and mages on the West Continent who had reached the Lord Level. The Thousand Snow Hall's Master was a mage at the Lord Level, but there were very few summoners who had reached the Lord Level!

Summoners also had the ability of a mage. Their control of magic and Magic Beasts depended on their mental strength. Even though mages could reach the Lord Level, it didn't mean that summoners could as

well. Summoners had their own unique characteristic, which was that they weren't alone. They had their contracted Magic Beasts!

Sometimes, contracted Magic Beasts would be a kind of help, but sometimes, it was the opposite! The key to the advancement of a summoner's strength was very likely to be helped by a Magic Beast, and also very likely to be pulled to the bottom of the well fiercely! Every phase of advancement of a summoner was a risk, and the higher one went, the more dangerous it was!

Magic Beasts had a rebelling tendency. It was actually very rare for Yun Feng to be able to get along with her Magic Beasts equally and for the Magic Beasts to be so loyal to their master. Little Fire and Lan Yi contributed to Yun Feng's successful advancement to the Lord Level! A Lord Level summoner wasn't a big deal for the three Hall Masters, but Yun Feng was different. The biggest difference was that she didn't have only one element, but many!

If a single-element Lord Summoner was a miracle, then a multi-element Lord Summoner was a miracle among miracles! Yun Feng's potential expanded further as her strength increased. The three Hall Masters couldn't estimate how much she could grow in the future. She had such achievements at such a young age. It was just a matter of time before she surpassed them!

They really wanted to get such a person! Such a genius with an unlimited future!

The eyes of the three Hall Masters couldn't help but burn. The three of them had different thoughts in their minds, but their goal was the same: Yun Feng!

The fierce battle on the ring continued. After all, the effect of the potion could only last for a while. Under the continuous high-intensity attacks, Yao Man's strength was obviously weakened and her body was also a bit dizzy. Yun Feng understood in her mind that the effect of the potion seemed to have reached the limit.

Yao Man's high-intensity attacks didn't cause any damage to Yun Feng at all. This was what made Yao Man most angry and even crazy. According to the situation last time, she could cause some damage to Yun Feng, but none this time! Every attack seemed to capture her figure, but in the next second, she deviated precisely! Yun Feng seemed to be able to predict the speed and even direction of her attacks!

### **Chapter 910: We'll Settle Our Scores Slowly (1)**

Yao Man took a deep breath. She also felt the weakness in her body. The effect of the potion she took just then was about to disappear! Thinking of this, Yao Man bit her lips hard and flipped her hand. Another bottle of potion!

The audience couldn't help but exclaim when they saw the potion in Yao Man's hand! Good lord! Another bottle of potion! She was truly rich! Not everyone could get such a potion. This woman used two bottles at once. She was truly ruthless!

"She prefers victory to her life?" Someone in the audience couldn't help but exclaim. Most of the people present were summoners, so they were certainly no strangers to this potion. Even though this potion was powerful, its effects were also very fierce. Only people who would do anything to get what they wanted could be so bold as to swallow two bottles in a row!

Seeing Yao Man's movement, Mo Changge grunted in disdain and cursed in a low voice. The Thousand Snow Hall's Master couldn't help but frown. The second bottle? Yao Man really didn't care about anything. She took the second bottle!

"Tut-tut, it seems that Yao Man still hasn't seen through," said the Master of the Ancestral Forest Hall. The Master of the Bright Moon Hall couldn't help but frown. "Master of the Thousand Snow Hall, aren't you going to stop her? After all, she's a rare talent."

The Thousand Snow Hall's Master didn't say anything, but his handsome face was a bit calm. Mo Changge, on the other hand, looked indifferent and even a bit gloating. Yao Man had better become a piece of garbage, so he could completely get rid of that hypocritical and disgusting woman!

The Thousand Snow Hall's Master didn't say anything. Even if he did, it was already too late. Yao Man swallowed the potion immediately. Yun Feng couldn't help but frown. Yao Man's already weak aura was forcibly increased again and she remained at the Lord Level! However, her cheeks were already paler and she was drenched in cold sweat!

After Yao Man took the second potion, she only felt a bone-piercing pain from the depths of her body. She suppressed it secretly. This time, she had to win no matter what! The Electric Python in the sky suddenly twitched violently because of Yao Man's movement. Its originally purple eyes were bloodshot. Little Fire and Lan Yi couldn't help but curse when they saw this scene. "That woman took the potion again to defeat Master!"

"Brother Fire, after the second enhancement of the Electric Python, it's probably on the verge of collapse!"

Little Fire's body suddenly jumped up and dodged an attack from the Electric Python. The scales all over the Electric Python's body were severely damaged because of the forced increase. Forcefully increasing their strength was a kind of danger to humans, and even more so to Magic Beasts! The reason why Yun Feng didn't contract Yaoyao immediately was that she was afraid that Yaoyao would suffer like this!

The Electric Python raised its head and hissed. There was deep pain in its hiss. Its scales fluttered and blood stains covered its entire body. Red blood flowed slowly along the body of the Electric Python, but it couldn't do anything. It could only endure this inhumane torture!

"Damn it! Damn that human!" Even though they were enemies, Little Fire and Lan Yi were Magic Beasts after all. They could feel the pain of the Electric Python. If it were Yun Feng, their master, she would never do this!

"Brother Fire! It's no longer a threat. We just need to stall for time!" Lan Yi didn't attack anymore. Little Fire nodded. The two Magic Beasts only defended. Even though the lightning python's attacks were still fierce, the pain inside its body had already greatly reduced its attack!

.....

Yao Man, who took the potion the second time, was in a very bad condition. After the second time of strengthening her body, her vitality had already been greatly damaged. Even though the power of her attacks was still there, she was obviously unable to do anything. Seeing that her attacks had no effect on

Yun Feng, Yao Man felt a burst of evil fire in her heart! She flipped her hand again and it was another bottle of potion!

Everyone was a bit shocked when they saw the third bottle of potion! The third bottle! This woman really didn't want to live anymore!

The effect of Yao Man's second bottle of potion didn't disappear, but she was about to take the third bottle of potion right now! Yun Feng's black eyes darkened completely. It was time to kick her off the stage. The deal she made with Mo Changge was to kick Yao Man off the stage, but he didn't ask to kill her on this ring! Even though the Yao family couldn't say anything if she died on this ring, they would definitely cause trouble for Yun Feng in private. If Yao Man died, it meant that a lightning-element summoner at the peak of the Monarch Level was dead!

Yao Man laughed crazily. At this moment, she was a bit crazy. She reached out and was about to swallow the third bottle of potion when she felt a gust of wind and a black shadow approaching her forcefully. At this moment, Yao Man, who was in extreme pain all over her body, couldn't dodge at all. Her wrist was suddenly grabbed!

"Argh!" Yao Man screamed in pain and felt like the world was spinning. The next second, she had already fallen off the ring!

Even though she fell off the ring, Yao Man didn't forget to hold the potion in her hand tightly. After the fall, the pain all over Yao Man's body suddenly rose, making her entire body twitch a few times in pain. The girl on the ring looked at her coldly. "Yao Man, you lost."

She lost? Yao Man lost? After being stunned for a moment, Yao Man suddenly got up from the ground. "I lost? Let me tell you, I didn't! As long as I drink this bottle of potion, I'll be able to beat you!" Yao Man raised her head and was about to drink the potion she was holding tightly in her hand, but Yun Feng's expression turned cold. She squeezed her fingers fiercely. Her movements were almost unnoticeable, but they contained the power of space control!

"Pa!" The potion bottle in her mouth suddenly exploded. Yao Man looked at the broken potion bottle in her hand in a daze. The potion flowed down her hand and was completely useless!

"How is that possible..." Yao Man couldn't accept such a situation. She was Yao Man, the top genius of the Yao family. She reached the peak of the Monarch Level before she was thirty. She was a lightning-element summoner! She... lost!

"Ugh!" Yao Man's face turned pale. A sharp pain suddenly came from inside her body. She held her abdomen and bent down in pain. Yao Man felt that her entire body was about to be torn apart in an instant! At this moment, a sorrowful cry came from the sky. The Electric Python suddenly let out a cry, which made everyone present feel a chill in their hearts! Following this roar, the body of the Electric Python fell from the sky like a stone that had lost its base!

"Boom..." The giant python fell on the ring and completely paralyzed a corner of the ring! The body of the Electric Python didn't move anymore after it fell, and the purple Ring of Contract on Yao Man's finger shattered and turned into powder!
