

## Summoner 911

### Chapter 911: We'll Settle Our Scores Slowly (2)

The contracted Magic Beast was dead, which was the price of forcibly getting strength!

"Why..." Yao Man looked at the Ring of Contract that disappeared on her finger. Her eyes darkened and she directly fell on the ground and fainted. Yun Feng looked at the Electric Python on the ring with its skin and flesh torn. A glint of pain flashed through her eyes. Little Fire and Lan Yi descended from the sky. Yun Feng knew what they were going to say. "I know. This is the result of Yao Man forcibly increasing her strength."

Little Fire and Lan Yi looked at the dead Electric Python and were more or less a bit upset in their minds. This scene completely shocked all the summoners present! The death of a contracted Magic Beast could be said to be a fatal blow for summoners! However, Yao Man had a huge background. It was easy to have another lightning-element Magic Beast, but it was another story if she could find a second Electric Python.

"Battle No.16, Yun Feng wins!" Ling said loudly. The audience was silent. Yun Feng turned around quietly and walked off the ring. Everyone couldn't help but look at her. This time, there were no cheers, but everyone's heart trembled heavily!

The corners of Mo Changge's mouth curled up in satisfaction. Yao Man had already been taken away by the people of the Thousand Snow Hall. The Thousand Snow Hall's Master didn't look good. The death of Yao Man's contracted Magic Beast was a big deal, but it was most important that Yao Man could stay alive.

The next four matches were no longer attractive under the influence of Yun Feng's match. Everyone watching the battle seemed to be a bit distracted. Twenty people were picked from the twenty battles, and these twenty people would draw numbers again to fight.

This time, the twenty people would draw numbers on the ring and choose their opponents in front of all the audience! Ling clapped his hands again and soon, an exquisite box was brought up. There were also twenty number plates inside with ten groups of numbers on them. Whoever drew the same number would be opponents.

This time, Yun Feng's number plate was ten, and the hooded man was one. The two of them were far apart. Yun Feng couldn't help but feel a bit frustrated. The next ten battles were extremely fast, especially the battles between the hooded man and Yun Feng. There was basically no suspense at all. Similarly, the hooded man killed another summoner.

There were already dozens of summoners who died in the hands of the hooded man in this year's Convention! This was a huge loss for the entire summoning world!

The atmosphere in the next ten rounds was very depressing. The audience was also a bit depressed. Very soon, only ten people were left after the second round of battles. These ten people would draw numbers again for the final battle! The same box, the same numbers. Five groups of numbers. The people with the same number would be opponents!

After this battle, the last five people would be elected. These five people would be the final winners, and Yun Feng didn't care about whether she could qualify at all. The only thing she cared about was whether she could meet the hooded man!

Ten numbers, five groups of numbers, ten people. She only had a 20% chance!

Perhaps because it was the final battle, the audience became nervous again. Perhaps everyone was hoping that Yun Feng and that dark summoner would fight!

.....

They drew their numbers one by one. The man in the hood took out the number plate from the box with his pale fingers. Number five! The others continued drawing numbers. When everyone except Yun Feng drew their numbers, the result was revealed! Nobody drew number five, which was opposite to the man in the hood. At this moment, there was only one number plate left in the box. The other contestants couldn't help but feel relieved. It would be best if these two people matched up!

There was a cold smile at the corners of Yun Feng's mouth as she slowly took out the only remaining number plate. Number 5!

Some people suddenly breathed heavily. This might be the most anticipated battle right now. It was even more anticipated than Yun Feng's battle with Yao Man just then! Yun Feng was also very satisfied with this result. Perhaps it was the heavens' will. She really met the hooded man!

There was a smile at the corners of the hooded man's mouth. That scorching gaze came through the hood again. And this time, Yun Feng fought back without hesitation. Her cold gaze carried a scorching temperature. The hooded man was startled. He smiled weirdly and turned around, dragging his long dark robe down the ring.

No. 5, the battle between Yun Feng and the hooded man was the last one. Everyone's enthusiasm was ignited and surged again!

Yun Feng returned to the waiting area quietly. The four matches were enough for her to calm herself down. Take back Qingqing's Ring of Contract, and then kill him in one strike? If that man in the hood was really killed so easily, she would find it boring. She must capture him alive and ask him where her ancestor's soul was!

The first four groups' battles didn't seem exciting at all. The audience only shouted a few times insincerely. Everyone was looking forward to the last battle. As the fourth battle ended, the fifth battle, the battle between Yun Feng and the hooded man, began!

After Ling announced, the atmosphere at the scene suddenly heated up like boiling water. Everyone started shouting at the top of their lungs, "Yun Feng, kick him down! Take revenge for those dead summoners!"

"That's right. Teach him a lesson! Let him die on this ring too!"

Everyone below the ring was shouting. The hooded man had already caused public anger by taking the lives of dozens of summoners. The summoners had already been indignant about this. Yun Feng had

become their representative they entrusted their lives to. In this current situation, only Yun Feng had the strength to teach him a lesson fiercely!

The man in the hood dragged his robe and walked on the ring. The rustling sound caused by him even attracted the curses of the crowd. At this moment, Yun Feng suddenly opened her eyes and didn't hold back at all! Her powerful aura of the Lord Level spread out and she jumped, standing on the ring!

"She's indeed at the Lord Level as we guessed." The Master of the Bright Moon Hall rubbed his chin with his finger and looked at Yun Feng with glittering eyes. Her aura was indeed at the Lord Level, the real Lord Level!

"Tut-tut, this little girl is interesting." A smile appeared on the dry face of the Master of the Ancestral Forest Hall and the expression on his face became even stranger. A glint of light flashed through the eyes of the Master of the Thousand Snow Hall and Mo Changge was a bit shocked. How was that possible? She was still at the peak of the Monarch Level a month ago. In one month, she had broken through to the Lord Level!

### **Chapter 912: We'll Settle Our Scores Slowly (3)**

"How is that possible? She's so talented!" Mo Changge whispered in shock, which attracted the attention of the three Hall Masters. "Changge, what's going on?" The silver-haired handsome man said unhappily. Mo Changge looked at Yun Feng in shock and immediately said, "Brother! She was still at the peak of the Monarch Level a month ago!"

What?! The three Hall Masters were quite shocked! The Hall Master narrowed his eyes fiercely. She was still at the peak of the Monarch Level a month ago, but she had risen to the Lord Level a month later. What kind of speed was that? It was also possible that this little girl had been at the peak of the Monarch Level for a long time and accumulated a lot before she could break through in one go. However... the time for this breakthrough was too short!

"How long did it take for the Master of the Ancestral Forest Hall to break through to the Lord Level?" asked the Master of the Bright Moon Hall. A trace of stiffness flashed through the Master of the Ancestral Forest Hall's shriveled face as he said in a low voice, "More than three years."

"It took me four years." The Master of the Bright Moon Hall looked at the Thousand Snow Hall's Master, who replied, "About three years."

After the three of them said that, Mo Changge opened his mouth in shock. His brother took three years, while Yun Feng... only took one month! The truth wasn't just one month. Yun Feng's breakthrough only took less than half a day! If the three Hall Masters knew about it, they would probably hit their heads together and be too ashamed to face her.

In the eyes of outsiders, Yun Feng's speed was indeed a genius among geniuses, but this was just what it looked like on the outside. The hardships Yun Feng experienced and her own hard work couldn't be imagined by others at all!

“This girl...” The Master of the Bright Moon Hall only felt shocked. There was actually such an astonishing person in the world. The girl on the ring suddenly emitted a kind of brilliance, a kind of aura of a powerhouse that nobody could compare to!

The three Hall Masters pondered in their minds again. Yun Feng’s status in their minds suddenly rose another level. For the audience below the stage, it was still unknown who would win between the man in the hood and Yun Feng. There were no surviving summoners under the man in the hood, and Yun Feng had never lost again. When these two people, who had never lost before, faced each other, sparks would certainly fly and it would be more interesting!

Sensing Yun Feng’s undisguised aura, pride rose in Qu Lanyi’s eyes. Fengfeng had indeed reached the Lord Level. His wife was indeed extraordinary. Mu Canghai was also shocked when he sensed Yun Feng’s aura! “She...”

The man in the hood on the ring wasn’t ordinary either. Yun Feng’s unconcealed aura spread out. The man in the hood couldn’t help but stiffen for a moment after noticing that. Then, he chuckled evilly and his pale fingers came out of the robe. The black Ring of Contract that was originally destroyed by Qu Lanyi appeared again!

Yun Feng narrowed her eyes. Qu Lanyi couldn’t help but sneer when he saw the black ring on the hooded man’s finger again. This man indeed had a trump card. It wasn’t surprising that he could summon another skeleton and have another Ring of Contract. However, if he didn’t show his ability this time, he was destined to lose to Yun Feng!

“I didn’t expect there to be a second one.” Yun Feng sneered and called out. Little Fire and Lan Yi landed on both sides of her. The two Magic Beasts appeared and immediately put on a vigilant look. A dark-element summoner must be summoning a dark-element Magic Beast. This was the first time the two of them fought with a dark-element Magic Beast!

The man in the hood laughed evilly again. The people around the ring couldn’t help but feel terrified after hearing that. Yun Feng could fight without batting an eyelid. She was indeed courageous! “Come out.” The man in the hood’s slightly hoarse voice sounded slowly. Everyone widened their eyes. It wasn’t that they had never seen the man in the hood fight, but this was the first time he summoned his Magic Beast! Dark Magic Beasts weren’t easy to see!

.....

The crowd was full of anticipation for the dark Magic Beast, but when the Magic Beast appeared, some people couldn’t stand it anymore and immediately vomited! That wasn’t a Magic Beast, but a corpse that was almost rotten!

The three Hall Masters couldn’t help but feel disgusted when they saw this scene. They really didn’t expect a dark Magic Beast to be so disgusting. It was very likely that the hooded man’s personal preference. Previously, it was a huge skeleton, and now, it was a rotten corpse.

Qu Lanyi suddenly narrowed his beautiful eyes and stared at the rotten corpse next to the hooded man. This wasn’t a rotten corpse. This was a race that looked like a rotten corpse. They were called the undead and were the strongest dark-element Magic Beasts!

The undead, as their name implied, would never die!

Why did he contract with the undead? How did he do it? Qu Lanyi's face suddenly darkened. He jumped up and rushed to the edge of the ring! "Yun Feng!" Qu Lanyi shouted loudly. Yun Feng turned around in shock. Seeing Qu Lanyi come over, the man in the hood cursed softly and the rotten corpse next to him had already attacked Yun Feng!

Without paying attention to Qu Lanyi, Yun Feng immediately dodged. Little Fire and Lan Yi followed her. The sharp teeth and claws of the Magic Beasts immediately tore the rotten corpse apart!

Seeing this scene, Qu Lanyi's black eyes couldn't help but darken slightly. The rotten corpse was instantly torn into several pieces and landed on the ring. Everyone was extremely shocked. It was torn apart just like that! The dark-element Magic Beast that had just gone on stage was gone just like that. It was so fragile!

The corners of the man's mouth slowly curled up. The Ring of Contract on his finger didn't disappear or crack. Yun Feng immediately understood something. Under many unbelievable gazes, the pieces of meat on the ground quickly gathered together on their own, like a powerful magnet!

This shocking scene made everyone gasp! None of the pieces of flesh of different sizes were missed. They quickly and forcefully pieced together and the rotten corpse appeared again!

"Don't let it die. Every time it dies, its power will increase!" Qu Lanyi shouted loudly. Yun Feng only found it unbelievable after hearing that, but she immediately nodded. Little Fire and Lan Yi had received Yun Feng's order not to let it die. This was too difficult for two Magic Beasts that had entered the Lord Level! This rotten corpse could be completely penetrated with a gentle touch!

"You even know it." The man in the hood glanced at Qu Lanyi and sneered. He turned his gaze to Yun Feng. "It's indeed surprising that you've risen to such a height in such a short time, but..." The man in the hood suddenly smiled. His evil laughter went straight to the heart!

#### **Chapter 913: We'll Settle Our Scores Slowly (4)**

Yun Feng flipped her hand and the thick dark elements quickly turned into arrows that shot towards Yun Feng! "Earth Shield!" Yun Feng suddenly shouted. The Lord Level Earth Shield quickly blocked the black arrows, but the dark elements around the black arrows had the effect of melting. Yun Feng clearly felt that her Earth Shield was being swallowed by the dark elements constantly! One of the biggest characteristics of the dark elements: Devouring!

Yun Feng squeezed her hand hard and the Earth Shield immediately exploded. Without the Earth Shield, the Dark Arrow whizzed over. Yun Feng's body quickly dodged to the side. Little Fire and Lan Yi couldn't help but feel anxious in their minds. They immediately exerted too much force and the rotten corpse was torn apart again!

The smile at the corners of the man's mouth widened and the rotten flesh fused together again. Seeing this scene, Yun Feng also understood the man's intention!

Every time it died, it would be reborn and it could gain power from it! What a domineering, unreasonable and evil ability!

No matter how careful Lan Yi and Little Fire were, even if they ignored the rotten corpses and turned around to attack the hooded man, the rotten corpse was everywhere. If they weren't careful, they would tear it into pieces. After being torn again and again and being reborn again and again, the rotten corpse suddenly changed!

The rotten body gradually became smooth, as if the lost flesh was regenerating rapidly! However, even though the body looked like a human being, the facial features were completely different from those of a human being! The man in the hood burst into laughter. At this moment, the body that had already changed suddenly raised its front limbs and inserted them deeply into its torso!

"Ugh..." The sound of vomiting came from the crowd again. Many people couldn't stand such a scene. The hand that was inserted deep into the body grabbed something, which was dragged out of the body forcefully! The front limbs pulled forward, and the sound of friction and slipping came!

This sound made most of the people present change their expressions! Even the faces of the three Hall Masters couldn't help but turn pale. Why was this dark summoner so disgusting?

"F\*ck, that's too f\*cking disgusting..."

"I can't watch anymore. I really can't take it anymore."

Some people couldn't stand it anymore and kept vomiting. The arm that was pulling from the inside of the torso on the ring suddenly exerted strength and a second rotten corpse was pulled out!

"Boom!" Someone had already fainted on the ground!

The corners of the man's mouth raised high. That evil smile was even more disgusting with such a strange Magic Beast. Yun Feng looked at the rotten corpse that was dragged out forcefully and couldn't help but frown. It seemed that there was another ability of this Magic Beast, which was reproduction!

.....

After the rotten corpse was dragged out, it turned from one to two! The two undead pounced on Little Fire and Lan Yi. Little Fire and Lan Yi both dodged subconsciously. "It's so disgusting!" Little Fire cursed secretly. The scene just then disgusted it too. "What kind of disgusting race is this?"

The two undead didn't care about that. The constant deaths just then had already let them be reborn many times and given them powerful strength! Even though Little Fire and Lan Yi had advanced to the Lord Level with Yun Feng, facing such disgusting undead, especially with their constantly increasing strength after every death, the strength of the Lord Level was immediately useless!

Little Fire and Lan Yi could only keep dodging and couldn't make any substantial attacks. Once the two Magic Beasts changed the direction of their attack, the disgusting undead would immediately wrap around them. Unknowingly, Little Fire and Lan Yi were entangled tightly and could only make endless defense. The possibility of attacking was instantly zero!

What a sinister and disgusting move. Yun Feng noticed Lan Yi and Little Fire's current situation and couldn't help but want to take another look at the man in the hood. Even though those two were

disgusting, they were indeed quite useful. The man in the hood smiled weirdly and the dark elements came fiercely, but Yun Feng's expression didn't change. She, who had already reached the Lord Level, didn't have to be afraid!

The man in the hood knew that his attack would miss, but he still attacked patiently. The smile at the corners of his mouth kept going. Yun Feng's body suddenly flashed and approached the man in the hood like lightning. She was about to punch fiercely and hit him, when the man in the hood said, "I've been waiting for you to come."

Yun Feng's black eyes darkened and she instinctively stepped aside, but the man in the hood kept chasing her. His body approached Yun Feng like a ghost and he suddenly flipped his pale hand. There was a seal on it!

Sensing the deep aura inside, Yun Feng widened her black eyes and the lips of the man in the hood slowly cracked. Yun Feng seemed to see a long tongue that was as thin as a tongue. "I certainly have a backup plan. Can you withstand the attack of a peak Lord?"

A cold aura spread out from the inside of the hooded man's body. The sealed force was unlocked and a powerful aura instantly swept the entire space like a wave!

Qu Lanyi was about to jump up without thinking, but was bounced off by the power! The three Hall Masters, who had been watching the battle calmly, suddenly stood up after seeing the powerful aura. "Swish, swish, swish!" The three of them immediately flew to the sky and their different Lord auras exploded!

"The peak of the Lord Level, this man has such a sealed power!" The Hall Master's face darkened as he felt this unusually powerful aura. If the three of them weren't here, everyone in the Thousand Peak City would probably be killed by this power!

"Don't be distracted! He's at the peak of the Lord Level. Be careful!" The Thousand Snow Hall's Master said coldly. The Ancestral Forest Hall's Master grunted. The aura of the three Hall's Masters combined and collided fiercely with the power of the peak of the Lord Level. Even the three Hall's Masters felt their bodies and minds shake! The peak of the Lord Level was so domineering and powerful!

Under the protection of the three Hall Masters, they finally survived. However, Yun Feng, who was on the ring, was the direct recipient of this power! Little Fire and Lan Yi pounced crazily. The undead blocked their way. The two Magic Beasts didn't care about anything else. Kill! Kill! Kill!

Half of the arena was instantly destroyed by this force! Yun Feng's life and death were unknown under this powerful force! Mu Canghai suddenly jumped in the chaos and wanted to run to the arena, but he was bounced back by an invisible force. The Master of the Thousand Snow Hall stood in the sky and looked at Mu Canghai coldly. "This is a battle. The others aren't allowed to go up!"

## **Chapter 914: We'll Settle Our Scores Slowly (5)**

Qu Lanyi suddenly rushed over at this moment. When he was about to rush forward without caring about anything, he suddenly felt an unusual aura! Little Fire and Lan Yi also keenly noticed it and couldn't help but stop!

“Hahahaha, hahahaha!” The man in the hood roared into the sky. He was at the peak of the Lord Level. It was useless even if she advanced to the Lord Level! She would still die quickly! The man in the hood didn’t laugh for long when he suddenly froze there. His face, which was half covered by the hood, suddenly froze like a stone. The people who were sent flying by the force just then got up from the ground in a sorry state. When they looked up at the ring, they couldn’t help but widen their eyes!

The dust and the flying fog dispersed. Yun Feng was still standing there. The ground next to her had completely shattered and stones were everywhere, but the ground under her feet wasn’t damaged at all! There was a layer of blue barrier around her, protecting Yun Feng firmly behind her. Floating in front of Yun Feng was an extremely tempting body. Her upper body was beautiful and alluring. Her long hair covered her chest, and her facial features were young but carried an endless charm. The woman’s lower body wasn’t her legs, but a long blue fishtail!

Qu Lanyi, Little Fire and Lan Yi were all surprised. They were no strangers to Yaoyao’s form. This was the mature form she showed after inheriting the ancient power!

There was a black vertical line in her blue eyes. Her blue ears and fins fluttered slowly in the air. Yaoyao slowly said, showing the sharp teeth of the blue-finned. “How dare you hurt Xiao Feng? I’ll take your life!”

“Sea... Sea... Sea Demon!” Someone in the crowd shouted in shock! Ling also looked at Yaoyao in extreme shock. That was hatched from the sea demon egg Miss Yun auctioned off last time? When the three Hall Masters saw Yaoyao, their hearts suddenly heated up. That was... a sea demon! Yun Feng had such a Magic Beast!

The man in the hood was obviously stunned too. One of the merfolk who lived in the Endless Ocean had appeared here, and she belonged to Yun Feng! The man in the hood’s burning eyes burst out again. The things in Yun Feng’s hands were indeed extraordinary!

Yun Feng was also very shocked. She had been keeping Yaoyao in the Dragon Palace, but Yaoyao came out forcefully just then and even appeared in front of her in her mature form. That attack of power at the Lord Level just then was completely blocked outside. Was this the power of the ancient times? She thought that Yaoyao had only inherited a part of the power, but her power was actually so astonishing! The power of that ancient race was too terrifying!

The long blue fish tail swayed abruptly and Yaoyao’s face instantly became ferocious! Her entire body was emitting a faint blue light from inside. Yaoyao’s entire body was like a transparent blue gem, releasing dazzling light!

Yaoyao kept getting closer and the man in the hood grinned again. Greed, endless greed, was shown on his face! However, Yaoyao, who had inherited the power of the ancient times, wasn’t someone he could peep at! Before the man in the hood made a move, Yaoyao’s blue fishtail had already smacked down abruptly. The man in the hood thought he could dodge it, but he didn’t expect that the fishtail was like a shadow. His body had just moved when it smashed down fiercely!

The hooded man’s body, which was wrapped in the robe, was smashed deep into the ring by Yaoyao, creating a pit a few meters deep! A glint of light flashed through Yaoyao’s blue eyes. Blue water

elements surged out of her body and immediately turned into thousands of arrows, instantly freezing into ice! They came from the sky like a storm!

Thousands of ice arrows smashed down densely. This scene made people speechless! The hooded man wouldn't be any better if he wasn't smashed into a beehive!

After the ice arrows, the hooded man in the deep pit was already in an extremely sorry state! The dark robe on his body had already been torn apart, revealing his skinny body! His pale arms were full of wounds and were covered in blood! His face was still half covered by the hood. He wiped the blood at the corners of his mouth and took a deep breath. He was indeed very strong.

.....

The man in the hood looked up. Little Fire and Lan Yi had already gathered at this moment. There were three Magic Beasts blocking the sky, and those two undead were firmly wrapped in Yaoyao's blue bubble, unable to move!

"Tsk!" The man in the hood cursed secretly. The attack of the peak of the Lord Level just then didn't do anything to Yun Feng. The man in the hood wasn't stupid. He certainly knew that he would lose this battle without a doubt. He had already aroused a lot of resentment in Thousand Peak City. It wasn't good to stay any longer. It was better to leave first. As for what happened next, he had his own way!

The man in the hood smiled viciously. The space around his body suddenly distorted violently. Even if he wanted to leave, he had to see if Yun Feng allowed! A black shadow suddenly pounced forward and squeezed the air with her fair hand! The man in the hood felt that something was wrong, but it was already too late! Yun Feng's hand was holding his neck firmly. There was raging anger in the depths of her clear black eyes!

The girl suddenly exerted strength with her fingers. The man in the hood grunted and his body sank again!

"Our debt has just begun to be settled!"

"Cough, cough, cough!" The man in the hood suddenly coughed a few times. Being choked by Yun Feng, he only felt difficult to breathe. A few drops of blood were stuck in his trachea and were very uncomfortable. A few drops splashed out of his mouth after Yun Feng exerted her strength. His pale face was even more transparent and his lips were even more evil when they were stained with blood.

"Qingqing's Ring of Contract, spit it out!" Yun Feng's cold voice was full of coldness. She held the hooded man's neck firmly with her finger and felt the bone-piercing coldness coming from his skin. Half of the hooded man's face was covered by the hood. The corners of his mouth twitched. "Tsk!" He put his pale finger into his black robe. After a while, a green Ring of Contract appeared in the hooded man's hand. Yun Feng took the Ring of Contract and put it away.

"Ahem! What else do you want?" The hooded man's voice became even hoarser after his neck was grabbed. Yun Feng disrupted his escape just then. It was impossible for him to break through by force right now. The sky had already been sealed by the three Magic Beasts. If he wanted to get rid of Yun Feng, he would have to use that powerful attack just then to shake her off before he had a chance to

escape! The hooded man couldn't help but feel a bit anxious in his mind. He didn't expect to die in the hands of this little girl. Did he have to use that move? In short, he had to get out of here first!

The fingers hidden on one side of his body moved slightly. Yun Feng didn't notice the subtle movements of the hooded man. There was still a question in her mind that she needed an answer to!

### **Chapter 915: The Ling Family Appears (1)**

"What do the patterns on your clothes represent?" Yun Feng stared at the man in the hood with her black eyes. The man in the hood was startled and the corners of his mouth slowly curled up. "You want to know?"

"Tell me!" Yun Feng exerted strength with her finger, and the man in the hood coughed uncomfortably again. "If you want to know, why don't you find the answer yourself?" The man in the hood seemed to be testing Yun Feng's patience, and Yun Feng didn't have time to waste on him! She exerted strength with her finger again. Yun Feng's finger had already sunk into the man's pale skin, with bruises on it!

"Spit out everything you know!"

"Ahem!" The man in the hood's windpipe was suddenly stuck. Yun Feng loosened her fingers slightly. He couldn't die yet. She had to get an answer for other things! "Is the man who supported the Helian family on the East Continent with you?"

The hooded man's gaze suddenly became hot and Yun Feng's heart also felt hot! "Oh? You met him?"

Yun Feng unconsciously exerted more strength on her fingers. Her heart was beating like a drum and she felt like it was about to jump out of her chest! "Where is he?"

The man in the hood smiled evilly. "I don't know."

Yun Feng's heart suddenly ached. "You don't know? Do you think I'll accept this answer?" She exerted strength with her fingers and the man's neck was grabbed by Yun Feng again! If Yun Feng exerted strength again, his head and body would immediately be separated!

"Hm!" The man in the hood became even paler, but the smile at the corners of his mouth didn't change. Yun Feng suddenly smiled. "It's fine if you don't want to tell. I have plenty of ways to make you talk."

The fingers on the side of the man's body, which had been moving slowly, finally moved into the robe, as if they had found something. "Crack!" Something was instantly squeezed. Yun Feng's expression changed. She only felt that the space around her was distorted with the man as the center!

"Hehehehe, hahahahahaha!" The man in the hood burst into laughter. The power of spatial distortion around suddenly increased. Even though Yun Feng had advanced to the Lord Level, she wouldn't survive if she was dragged into such a powerful distorted space!

The expressions of the three Hall Masters in the air couldn't help but change drastically when they noticed this terrifying power of distortion. They looked at each other. Even if they were pulled in, their lives would be in danger!

“Master!” Lan Yi quickly swooped down from the sky and dragged Yun Feng out of the distorted space. After making a few turns in the sky, Lan Yi finally brought Yun Feng out. After feeling the terrifying power of distortion with his body, Lan Yi’s expression changed drastically. “What exactly is that power...”

.....

Mu Canghai, who was in the crowd, immediately closed his eyes when he saw this scene. When he opened his eyes again, a strange light burst out of his gray pupil. The laughter of the man in the hood instantly stopped and his body slowly stood up from the deep pit. The space around him had already distorted strongly. His body was gradually being pulled into this space. “Kid, don’t do anything unnecessary!” The man in the hood looked at Mu Canghai and said with a hoarse voice. There was already sweat on Mu Canghai’s forehead and his gray pupil was shrinking rapidly. Mu Canghai only felt pain in his eyes.

The space had already been completely distorted. Yun Feng also understood that the man in the hood must have used some method to escape, but she couldn’t stop him! No, he couldn’t leave. He couldn’t leave without giving her an answer! Yun Feng’s body moved and she was about to rush over. The anger in her heart had already outweighed her rationality. She must know the whereabouts of her ancestor’s soul!

“Master!” Seeing that Yun Feng was about to rush over, Little Fire and Lan Yi immediately stopped her. Lan Yi reached out and grabbed Yun Feng’s arm. Little Fire stood in front of Yun Feng, while Yaoyao rushed over and wrapped her fishtail around Yun Feng’s body. A chill passed through Yaoyao’s body, making Yun Feng regain her rationality.

“Hehehehe, you can’t stop me! Yun Feng, you’ve ruined my business. I’ll remember it!” The hooded man’s evil voice came. His body had already been pulled into the distorted space quickly. Thick dark elements slowly oozed out of his body. Yun Feng’s eyes were slightly red. She squeezed the air with her hand and the dark elements were all eliminated!

The space had already returned to normal. The hooded man had completely disappeared at this moment!

“Damn it! Damn it!” Yun Feng clenched her fists and stood in the air. He escaped, but he still escaped!

In the crowd, Mu Canghai suddenly closed his eyes. Drops of blood flowed out of his gray eye. Qu Lanyi looked at him. “Even if Yao Guang was here, he might not be able to stop that disgusting man from leaving. The distortion of space is far beyond your ability.”

Mu Canghai covered his unusually painful eyes with his hand and said coldly, “I know. I just hoped I could help her.”

Qu Lanyi didn’t say anything. Mu Canghai covered his eyes with one hand and slowly turned around. “You don’t have to tell her about this.”

Qu Lanyi didn’t look at him and only nodded. Mu Canghai turned around and walked out of the crowd. His body flashed and he was already gone. The development of this battle had already exceeded everyone’s expectations. Yun Feng as a Lord-Level summoner, the disgusting contracted Magic Beast of

the hooded man, the appearance of Yaoyao, and the ending with the hooded man's sudden escape. Everyone watching the battle felt like they were in a dream. Was this real?

Since it was a battle, there would certainly be a result. When the man in the hood ran away, Yun Feng would certainly win. After Ling announced this result, everyone seemed to still be in shock. They looked at Yun Feng in the sky and the arena that was almost destroyed in a daze. Finally, someone shouted, "How satisfying! A Lord-Level summoner!"

One of them was sweating profusely and everyone suddenly woke up. The Lord Level! A Lord Level summoner! Yun Feng! Everyone cheered Yun Feng's name like they were on steroids, but Yun Feng, who was in the sky, didn't care about this. Yaoyao had already resumed her original girl's body and was nestled in Yun Feng's arms quietly. Yun Feng didn't want to stay here any longer. She was about to flash away when three figures already stood in front of her.

Yun Feng glanced over with her black eyes. "What can I do for you, Hall Masters?"

The Master of the Bright Moon Hall burst into laughter and sized Yun Feng up in satisfaction. "I knew you had a unique treasure. Not only are you so powerful, but you also have astonishing Magic Beasts."

#### **Chapter 916: The Ling Family Appears (2)**

Sensing that the eyes of the three people in front of her were a bit hot when they looked at Yaoyao, Yun Feng couldn't help but look gloomy. The Master of the Ancestral Forest Hall put on a weird smile on his shriveled face. "It seems that you haven't contracted this sea demon yet. Kid, it's useless if you don't have the water element. How about we make a deal?"

The expressions of the Bright Moon Hall's and the Thousand Snow Hall's Masters couldn't help but change after hearing that. This little old man really dared to speak!

"Humph! You're really greedy. You want everything." Yun Feng glanced at him coldly. A person's heart was truly as greedy as a bottomless pit.

"Kid, you didn't contract with this sea demon, so it's certainly unowned."

The Masters of the Bright Moon Hall and the Thousand Snow Hall couldn't help but feel embarrassed. Even though they were also very interested in this sea demon, they weren't as thick-skinned as the Master of the Ancestral Forest Hall. Such words would hinder their status.

"Old man! I'm Xiao Feng's!" Yaoyao gnashed her teeth at the Master of the Ancestral Forest Hall and her little face became a bit ferocious. Her fishtail wrapped around Yun Feng's body even more tightly. The Master of the Ancestral Forest Hall was stunned. "Yun Feng, you..."

"Get out of my way!" Yun Feng didn't have much patience to deal with these three people anymore. This was the first time that the Master of the Ancestral Forest Hall was scolded like this and he couldn't keep a straight face. "Yun Feng! Don't think that I won't dare to touch you just because you're a Lord-Level summoner!"

"If you dare, just attack. The two people watching on the side can also join." A lazy voice sounded. Qu Lanyi came to Yun Feng's side. Yaoyao smiled kindly when she saw Qu Lanyi, while Qu Lanyi touched Yaoyao's ear fin and looked opposite her lazily.

"Who are you to scold me, kid?" The Master of the Ancestral Forest Hall was completely enraged. The Master of the Bright Moon Hall and the Master of the Thousand Snow Hall were also a bit angry. After all, the three of them were the Masters of the three halls. Their identities and status were obvious. Qu Lanyi's obvious provocation just then made them feel like they were useless in front of this young man.

"Kid, the three of us aren't easy to deal with." The Master of the Bright Moon Hall reminded him patiently. Even though what the Master of the Ancestral Forest Hall said just then was indeed shameless, it was fine if you provoked him. There was no need to drag him and the Master of the Thousand Snow Hall down with you!

Yun Feng was already frustrated in her mind. Coupled with the shameless words of the old man of the Ancestral Forest Hall and the obvious greedy gaze of the Thousand Snow Hall's Master and the Bright Moon Hall's Master towards Yaoyao, these made Yun Feng even more annoyed. Qu Lanyi chuckled. "Although Fengfeng has just entered the Lord Level and might suffer a loss when facing the three of you, who have been in the Lord Level for countless years, don't forget that Fengfeng still has two Magic Beasts of the Lord Level and one extremely powerful Yaoyao. Of course, I'm here too."

The faces of the three Hall Masters couldn't help but twist a bit. They had forgotten that Yun Feng was a summoner. She wasn't alone! The three of them looked at Little Fire and Lan Yi, who were full of anger, and pondered in their minds. The Hall Master chuckled. "Yun Feng, we just wanted to tell you something. What the Master of the Ancestral Forest Hall said just then was indeed a bit inappropriate."

The Thousand Snow Hall's Master also nodded. "Yun Feng, please don't mind him. We indeed have something to discuss with you."

.....

"Let's talk later." Qu Lanyi waved his hand with a hint of frustration in his black eyes. "Can the three of you make way now?"

The eyebrows of the three Hall Masters all twitched. Then, they took a step back in different directions. Qu Lanyi left with Yun Feng and the Magic Beasts. The Master of the Ancestral Forest Hall looked sullen. "What an arrogant Yun Feng! And that kid. How dare he talk to me like that?"

"Don't talk about others. You're so thick-skinned that nobody can compare to you." The Master of the Bright Moon Hall looked at the Master of the Ancestral Forest Hall with an awful expression. The Master of the Thousand Snow Hall glanced at the Master of the Ancestral Forest Hall coldly. "Although that sea demon isn't contracted, it's obviously Yun Feng's."

"Humph! As long as it's not contracted, it's an unowned item. Why can't I snatch it?"

The Master of the Bright Moon Hall cursed in his mind. That guy was indeed shameless! His skin was so thick that nobody could compare to him!

"Even if you want to snatch it, do you think you can? Don't forget that Yun Feng is already at the Lord Level. Even though she has just entered the Lord Level, she's already in the same world as us," said the

Thousand Snow Hall's Master coldly. The Master of the Ancestral Forest Hall chuckled. "Don't say that I'm thick-skinned. Aren't you two greedy? Didn't you have the same thought when you saw that sea demon just then?"

The Hall Master raised the corners of his mouth and the Master of the Ancestral Forest Hall's shriveled face moved again. "If the three of us join forces, are you afraid that we won't be able to win?"

"Join forces? There's only one sea demon. Won't the Master of the Thousand Snow Hall and I be helping you?" The Master of the Bright Moon Hall didn't look good. The Master of the Thousand Snow Hall's face was cold. "I don't want to offend a summoner at the Lord Level. If you want to join forces, that's up to you. I'm not joining." He turned around and left. The Master of the Bright Moon Hall scratched his head. "Humph, I'm not in the mood. I'm not joining either." He also turned around and left. The corners of the Master of the Ancestral Forest Hall's mouth twitched and his shriveled body also turned around.

Rather than offending a Lord-Level summoner for a moment of greed, it was better to take her under their wing. Wouldn't they have everything then? The three of them had a good idea in their minds. They would have to see if Yun Feng would give them face.

Obviously, Yun Feng wouldn't give these three people much face. Even though Yun Feng also intended to use this opportunity to let the Yun family of Jushui Town rise, some things were still bothering her. Since she had already attracted the attention of the three Hall Masters, she certainly had a lot of opportunities. Besides, it wasn't good for Yun Feng to say anything right now. She should just let these three people fight with each other. Since she had to choose, she certainly had to wait until the price was raised so that she wouldn't suffer a loss.

Ever since the battle ended, the five contestants who qualified had already been confirmed. The Summoning Union seemed to be preparing for something. Yun Feng didn't care about it at all. The three Hall Masters invited Yun Feng through various means, but Yun Feng ignored them all. The three Hall Masters weren't discouraged after being rejected and were still unwilling to give up. After all, it was so rare to have a Lord-Level summoner. It would be a pity to let go of a talent like Yun Feng!

Yun Feng was alone in her room. Nobody came to disturb her. She had been thinking about what the man in the hood said. He said that she ruined his business. Once was at the Magic Beast Auction, and once was on the ring. She took out the earth-element Magic Beast she bought. The moment it appeared, it lay on the ground quietly and didn't dare to move at all. Yun Feng stared at it with her eyes, not letting go of any part of it. The Magic Beast trembled, but still didn't dare to do anything.

### **Chapter 917: The Ling Family Appears (3)**

There was nothing wrong with this earth-element Magic Beast. There was nothing special about this Magic Beast. It could only mean that the hooded man wanted to use it for something after bidding for it and she stole it halfway, ruining his business.

"What exactly is this Magic Beast meant for?" Yun Feng mumbled. Thinking of this question, she didn't have an answer anymore. Then, she put the Magic Beast back into the bracelet. The man in the hood lost the qualification, so he certainly had no right to participate in what happened next. She ruined his

business for the second time. The man in the hood wanted to qualify. It seemed that it had a lot to do with what the Summoning Union was going to do next.

“Knock, knock, knock.” Someone knocked on the door of the room. Yun Feng got up and opened the door. She was quite surprised to find that the person who came was Xia Qing. Xia Qing approached the door. Yun Feng had already taken Xia Qing’s Ring of Contract back. Xia Qing had changed a lot since this disaster. Yun Feng also noticed her change clearly.

“Master.” Xia Qing smiled at Yun Feng and suddenly became serious. Yun Feng looked at Xia Qing gently with her black eyes. She already knew Xia Qing’s decision. This young eagle was finally going to spread its wings and fly away, soaring in the sky.

Xia Qing took a deep breath and clenched her fists fiercely. It was obvious that she needed courage to make this decision. A lot of courage. “Master, I’ve already decided. I can’t always think about relying on you. I want to grow up and be independent. I must go through hardships myself. Even you can’t always help me. I need to be truly strong!”

Yun Feng didn’t say anything and listened quietly. “I’ve always wanted to help you, teacher, but I find that I’m far from being able to keep up with you right now. With you by my side, I have an inexplicable reliance in my mind. If a person wants to be strong, they must make their heart strong! So... I’ve decided to leave you and travel alone. I hope that I’ll be qualified one day and tell others proudly that I’m Yun Feng’s student!”

“Qingqing...” Yun Feng whispered softly, but Xia Qing shook her head. “Master, don’t say anything. I can only be strong if I leave your support!”

Yun Feng sighed softly. Even though she had planned to let Xia Qing travel alone, she didn’t expect it to be so soon. Now that this child had brought it up herself, she had already been determined to go. A young eagle would leave its nest one day. There should be a high sky that belonged to it.

“Alright, I respect your decision.”

Xia Qing raised her head with glittering black eyes. Yun Feng reached out and touched her little face. “You’ve already decided to train alone. As your teacher, it doesn’t make sense if I don’t prepare something for you.”

Xia Qing quickly shook her head. “Master, I don’t need it. I...”

“Qingqing, the outside world is much more complicated than you think. You’ll meet all kinds of people and you’ll be involved in all kinds of things. Since you’ve decided to train alone, don’t have a relaxed mind. You must understand that the road you’ll walk in the future will be full of thorns and it’ll be very difficult.” Yun Feng herself was the best example!

Xia Qing nodded. “I’ll remember what you said, teacher.”

.....

“Alright. Even though you’re quite strong right now, you can’t be hasty. The foundation is important on the path of cultivation.” Yun Feng looked at Xia Qing and nodded solemnly, feeling quite gratified in her mind. Xia Qing was a child who made people relieved. She had rare tenacity and persistence in her

personality and her emotions wouldn't fluctuate. If she really encountered an emergency, she wouldn't be too impulsive.

After thinking for a while, Yun Feng casually took out a space ring. She had already prepared it for Xia Qing. "I've put ten ultimate ores, twenty high-level ores and fifty mid-level ores for you. Even though there aren't a lot of ores, they're enough for your needs. As for gold coins, I really don't have any."

Xia Qing's eyes were a bit teary. Not everyone could take out these ores. Even though there were only ten ultimate ores, they were still a huge amount of money!

"There aren't many of them. I don't want you to become dependent on them. There's also a Monarch Level wand here. It's the wand my teacher used." Yun Feng smiled. Having reached the Lord Level, the Monarch Level wand had already lost its effect. It was most suitable for Qingqing.

"Master..." Xia Qing couldn't help but widen her eyes. Yun Feng chuckled. "I added something on it. You can't use this wand until you reach the Monarch Level. You can't boast about your strength."

Xia Qing nodded solemnly. "There are also some potions here that I've made. They have different effects. I left a notebook that explains them very clearly. Potions are external forces after all. It's best not to use them unless you have no choice."

"Master is a pharmacist!"

Yun Feng smiled. "My teacher is also a pharmacist." She extended the meaning of this sentence. In the notebook Yun Feng left behind, Yun Feng recorded her experience in making potions with great care. This could be said to be a rare and precious treasure. Yun Feng's method in the pharmaceutical world could be said to be unimaginable and unique. Any pharmacist would want to know the mystery of Yun Feng making potions.

"I... I'll work hard too!" Xia Qing felt Yun Feng's earnest hope and her eyes couldn't help but tear up even more. She only felt that there was a real weight on her shoulders. At this moment, Xia Qing also understood what she was shouldering. She wouldn't let Yun Feng down. She definitely wouldn't let her teacher down!

Yun Feng nodded in relief and gave the ring to Xia Qing. That was all she could do for Xia Qing. The next second, Yun Feng pulled Xia Qing into her arms and held her only student tightly. An unusually soft feeling rose in her heart and kept filling it.

"Qingqing, there's also a Sound Transmission Jade inside. Remember, if you encounter any difficulties, I'll be there for you."

Tears welled up in Xia Qing's eyes. She wanted to cry. Her heart was sore and bitter. She held Yun Feng's warm body tightly with her hand and buried her little face in Yun Feng's arms. This was the last time. She would cry in front of her teacher for the last time! After that, she would be strong alone!

Xia Qing left very soon. Without any hesitation, she took the Flower Eagle and the ring Yun Feng gave her. With Yun Feng's earnest hope, this young eagle finally spread its wings and flew!

#### **Chapter 918: The Ling Family Appears (4)**

After Xia Qing left, a certain space in the Thousand Peak City fluctuated faintly. Then, a huge Fire Cloud Wolf appeared. Its pure black wolf eyes stared in Xia Qing's direction for a long time without moving. Xia Qing had already left and disappeared far away. However, Little Fire stopped in the air quietly and watched foolishly.

Suddenly, Little Fire raised its head and let out a distant and long wolf howl. Perhaps nobody knew the emotions contained in this wolf howl. After looking at her deeply for a few times, Little Fire turned around and left without any reluctance, leaving only a beam of fiery red light.

Somewhere outside of the Thousand Peak City, Xia Qing had already cried with tears all over her face. That long, distant wolf howl came with the wind, again and again, making Xia Qing's tears flow endlessly like a clear spring, covering her face.

The Flower Eagle stood on the other side and looked at Xia Qing with heartache, accompanying her quietly. It listened to Xia Qing try her best to suppress her sobs. "Master..." The Flower Eagle called softly. Xia Qing shook her head slightly and wiped the tears on her face with her hand. After wiping them a few times, she raised her messy little face and chuckled.

"That's enough. I knew he would come. That's enough." Tears flowed out of her eyes again, but Xia Qing smiled and the Flower Eagle sighed. Its snow-white body appeared and Xia Qing jumped on it. She looked back in the direction of Thousand Peak City and finally turned her little face around. The Flower Eagle flapped its wings hard and its body had already risen into the sky! Xia Qing sat on the back of the Flower Eagle and looked ahead. From now on, she would start her own journey!

Yun Feng thought that Little Fire would be depressed for a few days after Xia Qing left, but to her surprise, Little Fire didn't seem to be affected at all. Its temper was still very bad. At first, Yun Feng tried her best to avoid talking about Xia Qing in front of Little Fire, but she later found that even when she talked about Xia Qing, Little Fire didn't show anything special and was still the same as usual.

Xia Qing's departure was a good thing. It allowed her to grow independently. Yun Feng believed that when she saw Qingqing again, she would definitely grow to a level that surprised her!

Invitations from the three Hall Masters still appeared from time to time. As long as Yun Feng didn't express her stand, the three Hall Masters wouldn't stop roping in the Yun family. Recently, Yun Feng received news from the Yun family in Jushui Town, which was thousands of miles away. The three Hall Masters sent people to the Yun family one after another. Yun Feng was like an iron wall. The three halls thought the Yun family wouldn't be like this, but they had never thought that the Yun family was even more like an iron wall.

No matter who it was, Yun Tianfan only said that Yun Feng was in charge of everything, big or small. He would do whatever Yun Feng said.

What he said infuriated the three halls. If they wanted to rope him in, they couldn't use any fierce means. Otherwise, who could predict what Yun Feng would do after the Lord-Level summoner went crazy? It was very likely that she would destroy a hall in anger. The Yun family didn't show any weakness, so the three halls could only come to Yun Feng again, but Yun Feng didn't say anything, which made the three hall masters extremely depressed.

Mo Changge had come many times, but no matter what he said, Yun Feng still had the same attitude, which made Mo Changge a bit discouraged. In the end, he shook his head and sighed. "She's just a fish. No matter how delicious the hook is, she won't bite it unless she's willing to."

The Hall Master originally wanted to invite Yan Ming over. After all, he had a personal relationship with Yun Feng. However, after Mo Changge was rejected, the Hall Master gave up the idea. Mo Changge and Yun Feng seemed to be quite close, but he still couldn't break through this wall. Yan Ming... would be even more difficult.

On Yun Feng's side, she was messing with the Masters of the three halls. Her reputation rose again. Everyone in the Thousand Peak City knew that Yun Feng was a popular figure. The Masters of the three halls were all fighting to rope her in! This made everyone even more envious. Some people shouted that fate was unfair, but they were soon drowned by what others said. What unfair fate? When you have Yun Feng's strength, fate will be fair to you!

.....

The three Hall Masters were all trying to rope Yun Feng in. The Qiu family, who originally wanted to rope Yun Feng in, naturally dropped the idea. Whoever dared to steal Yun Feng from the three Hall Masters would truly be courting death! The Qiu family was also extremely heartbroken after losing a summoner. They couldn't find the target even if they wanted to take revenge. The hooded man was such a strange guy. Even if the Qiu family found him, there was probably nothing they could do. They could only hold back their anger in their minds. As for Yao Man, losing her contracted Magic Beast, the Electric Python, made her so angry that she fainted on the side of the ring and was quickly carried away.

Her body suffered a huge backlash because she took two bottles of potions forcibly. It was said that a part of her strength was also torn off. This made Yao Man regret it, but it was useless. After the death of the contracted Magic Beast, her strength dropped by a lot. Yao Man was originally still doing well in the convention this time, but she got the opposite or even a more miserable result. Naturally, she vented all her anger on Yun Feng. The Yao family was a large family of the Thousand Snow Hall. When they learned what happened to Yao Man, they certainly couldn't let her go easily. The members of the Yao family originally planned to take revenge on Yun Feng, but they were stopped by what the Thousand Snow Hall's Master said.

I was also there during Yao Man's competition that day. This was the result of her stubbornness. What did it have to do with Yun Feng?

The Yao family gritted their teeth in anger. The Hall Master had already said so. What could they do? Did they have to argue with the Hall Master? After knowing that Yun Feng was someone the Thousand Snow Hall's Master wanted to rope in, the Yao family could only grit their teeth and swallow their anger. Yao Man was also taken back from Thousand Peak City by the Yao family and never appeared again. As for the things between her and Mo Changge, they were naturally canceled.

Yao Man suffered a double loss. That was the best description of Yao Man.

People talked about Yun Feng's wonderful performance in the second round of the competition. The convention was actually already coming to an end. The Magic Beast Auction also ended as expected. The

five contestants who qualified last were left in Thousand Peak City. The other summoners could leave on their own.

The summoners left the Thousand Peak City one after another, but there was another name in everyone's mind, Yun Feng! The Thousand Peak City, which had been lively for almost two months, gradually became quiet. Many merchants made a lot of money at this convention and left in satisfaction. The three summoners of the East Continent also left, but under Yun Feng's glory, the three of them were still worrying about how to cross the Ten Thousand Beast Mountain Range. After all, there were only three Red Maple warriors left with the three of them from the East Continent. If they returned to the East Continent like this, they would definitely be wiped out.

### **Chapter 919: The Ling Family Appears (5)**

Yun Feng knew their problem. Qian Shaoyao and Mu Shaohua gave Yun Feng a good impression. After all, Xia Qing and they could be considered friends. The two of them also protected Xia Qing. As for Jia Qingyu, even though she became much more obedient in the later stage, Yun Feng didn't care about her at all. Yun Feng took action mostly because of the warriors of the Red Maple Mercenary Team. How would Yun Feng let anything happen to the warriors of the Red Maple Mercenary Team?

The day the three summoners of the East Continent left, Yun Feng came in person. The three of them were a bit shocked. Yun Feng, on the other hand, walked to the three warriors of the Red Maple Mercenary Team. The warriors of the Red Maple Mercenary Team immediately straightened their bodies in excitement. Their faces flushed and their lips were trembling. Seeing them trying their best to hold back, Yun Feng smiled. "Alright, my identity is no longer important. Just tell me."

The three warriors immediately shouted, "Yes, my Lady!"

"These are three sealing talismans. There are three streams of my Lord aura sealed inside. Open them when you cross the Ten Thousand Beast Mountain Range. If there's anyone who's ignorant, just open all of them." Yun Feng handed the three sealing talismans to the three warriors. The three warriors immediately widened their eyes and took them with trembling hands. Oh God, my Young Lady had already reached the Lord Level! If they went back and told their brothers about this, everyone would go crazy!

"Then, my Lady, you..."

Yun Feng shook her head. "I still have a lot of things to do here. Tell Uncle Zhao and Uncle Wang that I'm fine. If you need anything, just look for the Yun family."

The three warriors nodded desperately. Qian Shaoyao looked at Yun Feng excitedly. She was indeed Yun Feng from the East Continent! She was indeed the person she admired in her mind! Yun Feng turned around and smiled at Qian Shaoyao and Mu Shaohua. "It's extremely dangerous to cross the Ten Thousand Beast Mountain Range. You must stay close to the warriors of the Red Maple Mercenary Team."

Both of them nodded. Jia Qingyu had been standing aside with her head lowered and didn't say a word. Yun Feng automatically ignored her. She believed that even though nothing would happen on the East

Continent for the time being when she returned this time, there would be a change after all. She only hoped that this change wouldn't affect the Yun family.

The three travelers from the East Continent soon set off. The situation on the West Continent was complicated, so it was better to go back as soon as possible. When they crossed the Ten Thousand Beast Mountain Range, the three warriors of the Red Maple Mercenary Team didn't want to open Yun Feng's sealing talisman at first. After all, that was something their Young Lady gave them. Wouldn't it be better if they could take it back? However, once they entered the Ten Thousand Beast Mountain Range, the beasts were restless! Without a choice, the warriors of the Red Maple Mercenary Team opened one of them and a huge Lord's aura immediately spread out. The sealing talisman also burnt and was destroyed in an instant.

The restlessness of the beasts was suddenly suppressed. The group of people thought they could be at ease now, but they didn't expect that it seemed to have rebounded after a while! At this moment, loud roars came from the depths of the Ten Thousand Beast Mountain Range. It was finally suppressed a bit. Everyone immediately moved forward quickly. The three sealing talismans were all used up in the end. Yun Feng's powerful Lord-Level aura saved everyone during the two crises. Everyone escaped from the Ten Thousand Beast Mountain Range in panic and returned to the East Continent in shock. A certain someone somewhere in the Ten Thousand Beast Mountain Range was also panting and couldn't calm down.

Whoosh, whoosh, whoosh... That aura just then belonged to that little ancestor, right... The Lord Level, oh God!

The summoners in the Thousand Peak City left one after another. The city seemed unusually cold and even a bit desolate. What was strange was that all the natives in the Thousand Peak City didn't come back. The outside world was still completely sealed off. When this happened, Yun Feng frowned. The Summoning Union was indeed going to do something big.

On the tenth day after the convention ended, the gate of the Thousand Peak City was suddenly sealed, and the restrictions around the city were upgraded a lot. The isolation level of the Thousand Peak City outside was increased by another level. Among the people who stayed in the city, other than some members of the Summoning Union, there were certainly the three Hall Masters among the five candidates. As for whether anyone else would come here next, nobody knew.

.....

However, the Summoning Union soon sent out an invitation. The five qualified contestants would gather at the place designated by the Summoning Union. Yun Feng vaguely felt that the secret that the Summoning Union had been preparing for would soon be revealed. Why exactly did they gather the five summoners with good abilities?

The invitation of the Summoning Union was very strict. Only those who qualified were allowed to come here. As for those who accompanied them, they were all not allowed to qualify. Yun Feng didn't have any doubts. She came to the designated place of the Summoning Union. The other four contestants had already gathered here. Yun Feng stood in the corner and thought about what the Summoning Union was going to do next.

Soon, the door was pushed open again and Ling walked in with a faint smile. Behind him was the three Hall Masters, and there was another person behind them. This person didn't show up at the convention. This should be the first time he appeared.

After everyone entered, Ling smiled and said gently, "Those who can gather here are certainly not ordinary people. The Summoning Union is delighted to see that you can qualify. Everyone has seen your strength."

The other four summoners also smiled. They were extremely comfortable with this compliment in their minds, but Yun Feng didn't have any expression at all. The man with a new face couldn't help but look at Yun Feng again. Ling continued, "You've been gathered here because the Summoning Union has something to ask of you. This matter can be big or small. It's all up to you. If anyone is unwilling, you can quit now. The Summoning Union won't force you, but you can't go back on your words once you agree."

The summoners all looked at each other. Yun Feng was also a bit confused. Even though she wasn't very interested in this matter, Yun Feng must find out what the man in the hood cared about! The man in the hood was so obsessed with this matter. He wouldn't give up so easily!

Ling waited patiently for a while. Seeing that nobody objected, he smiled lightly. "Since you've agreed, the Summoning Union certainly won't let you return empty-handed. What you're about to get is far beyond your imagination, but it'll depend on your own ability. We'll talk about the details later. I'll introduce someone to you first. He's also a distinguished guest the Summoning Union specially invited for this."

Ling turned around gently, and the unfamiliar man standing on the side nodded. His square face and facial features made him look fierce. He wasn't eclipsed at all when he was next to the three Hall Masters. He glanced at these summoners with his deep eyes, looking extremely fierce.

## **Chapter 920: The Ling Family Appears (6)**

"Allow me to introduce you. This is the leader of the Ling family, Ling Tiansu."

After Ling's introduction, the few summoners present were all very surprised. Everyone on the West Continent knew the name of the Ling family. All the storage containers and things related to space were made by the Ling family. The precious jade in Yun Feng's hand was also made by the Ling family. Only the three Hall Masters had the Finger Spiritual Jade. The gift from the Bright Moon Hall Master back then wasn't small. The status of the Ling family was certainly different from that of the other families. It was a bit like the Yun family on the East Continent. It wasn't restrained by the three halls and was an existence above all rules.

For example, Ling Tiansu was the only family leader who could stand alongside the three Hall Masters without losing his momentum.

Thinking of Ling Tian, Yun Feng couldn't help but think of Ling Xiaoyun, who was related to the Ling family and whom she had met once. She wondered where the member of the Ling family, who had been expelled from the family, was right now. There must be a lot of undercurrents in the Ling family. Such a big family would inevitably encounter such a problem. Ling Xiaoyun, who was defined as a loser, would

only be banished one day. This was the rule of survival of a big family. If they weren't useful to me, they could only be abandoned by me.

Thinking of her Yun family, Yun Feng felt warm in her heart. She was extremely lucky to be reborn in this world and be Yun Feng again. Her family loved her and never left her. Even when her Qi meridians were damaged back then, her brother and father protected her without hesitation. The Yun family was different.

"I'm sure you're familiar with the Ling family. On the West Continent, all the artifacts related to space came from the Ling family." Ling smiled lightly. "After introducing the distinguished guest specially invited by the Summoning Union, it's time to talk about business. This time, the Summoning Union gathered the five of you here for something. This is a secret that the Summoning Union has been hiding for many years."

A secret? Yun Feng raised her brows. What was the secret that the Summoning Union had hidden for so many years? As a summoner, Yun Feng had some guesses in her mind. The other four summoners also had an idea in their minds and they couldn't help but show great interest on their faces.

The three Hall Masters couldn't help but feel surprised after hearing this. It seemed that even the three Hall Masters didn't know about this matter. Even though the senior members of the Summoning Union were formed by summoners from the three halls, the Summoning Union was an independent organization. This was a very strange phenomenon. Seeing the expression of the three Hall Masters, Yun Feng thought that if the Summoning Union had hidden this secret for so long, why did they expose it at this moment? It seemed that this secret couldn't be hidden anymore, or rather, they didn't have the ability to hide it anymore.

"Secrets? There are secrets in the Summoning Union?" The shriveled Master of the Ancestral Forest Hall said sarcastically. Ling chuckled. "You don't have to think too much, masters of the three halls. Don't you have any secrets in your mind?" The Master of the Ancestral Forest Hall was speechless. He snorted and didn't say anything else.

"A secret related to the Summoning Union must be related to Magic Beasts," said a summoner. Ling pushed the glasses on the bridge of his nose. "He is right. This secret is indeed related to Magic Beasts."

A secret about Magic Beasts. Yun Feng pondered. Did the hooded man know that this secret was related to Magic Beasts? If he did, his goal should be this Magic Beast. The others all looked extremely excited, especially the summoners.

"A Magic Beast? What kind of Magic Beast? We're summoners of different elements. No matter what, the most beneficial one is a multi-element summoner." Another summoner said, but his tone was a bit wrong. He directly pointed at Yun Feng. Yun Feng raised her eyebrows. What he said was right. Among the five summoners who qualified, only one of them was a double-element summoner, while the others were all single-element summoners. If this Magic Beast's element wasn't something they needed, they would have worked for nothing.

"I'm sorry. The Summoning Union doesn't know what type this Magic Beast is."

.....

After Ling said that, everyone was shocked. Even the Summoning Union didn't know what type of Magic Beast this was? Seriously?

"This secret is quite interesting," said the Master of the Bright Moon Hall in a deep voice. The Thousand Snow Hall's Master nodded gently, while Ling Tiansu on the side looked like he didn't care at all. It really made people wonder why the Summoning Union invited him to come.

Ling began to explain what the secret was. The Summoning Union had existed for a long time. According to the constant changes on the continent, it was also changing constantly. A long time ago, the senior members of the Summoning Union found a giant beast in a secret place. When they found it, the giant beast was sleeping. They didn't know if it was because it was seriously injured and unconscious, but the summoners all had a strange passion for Magic Beasts. The senior members of the Summoning Union who found it immediately examined it one after another, trying to find out what type it was. However, what was unbelievable was that nobody knew what type it was!

Since they didn't know anything about it, they naturally couldn't contract it. The appearance of this giant beast was also the first time that the senior members of the Summoning Union realized that the Magic Beasts were more complicated and far-reaching than they thought. This giant beast was huge and looked extremely powerful. It would be a pity if they abandoned it. The senior members of the Summoning Union decided to seal this giant beast here for investigation. However, they didn't expect that when they completely sealed this secret place, this giant beast suddenly woke up!

Everything happened in an instant. The giant beast roared furiously. The senior members of the Summoning Union made a prompt decision and immediately sealed this area with all their strength. This giant beast must've been seriously injured. The giant beast released powerful energy during the battle with the senior members of the Summoning Union, but the power was obviously greatly reduced. This also made the senior members break out in cold sweat. This giant beast must have an extraordinary background!

After sealing the secret place completely, the higher-ups decided to seal this place forever. Once this monster escaped, its anger could be imagined. It would definitely take revenge! The higher-ups regretted their earlier decision, but this matter could only continue like this.

This giant beast was also very valuable. Rather than letting other people see it, it was better to forcibly take it for themselves. Although the senior members of the Summoning Union couldn't subdue this Magic Beast, it didn't mean that such a person would never appear.
