

Summoner 921

Chapter 921: Contracting Yaoyao (1)

Ever since then, the giant beast seemed to have fallen asleep again. Perhaps because it was injured twice, it calmed down. This made the senior members of the Summoning Union much more relaxed. They had enough time to find summoners with potential. Many years had passed. Although there were geniuses, they obviously weren't qualified.

Time passed slowly bit by bit. The giant beast in the sealed space seemed to be waking up again. After such a long time of recuperation, once the giant beast woke up, the consequences would be unimaginable!

Speaking of this, everyone understood that there was indeed a deeper purpose behind the Convention this time.

"Is that giant beast showing signs of waking up?" asked a summoner. Ling sighed softly. "It's like this. Even though the seal on that space has been strengthened many times, it's useless. That giant beast has been recuperating inside for such a long time and its power is no longer comparable to before. Once it breaks the seal, the consequences will be unimaginable."

"The Summoning Union wants to send us inside?"

Ling pushed his glasses. "Indeed."

The scene suddenly fell into silence. The power of the giant beast was unknown. It was unknown if they would be killed after they entered that sealed space. Thinking of this, the summoners all looked a bit conflicted. This giant beast must be very powerful. It would be great if they could contract with it. The giant beast was severely injured, so its ability would certainly be reduced. Contracting wasn't a problem. The point was... If they found out that the class of the Magic Beast was not what they needed after entering and they died inside, wouldn't they have wasted their time?

It was very difficult to choose whether or not to go. Yun Feng didn't care. No matter what, she had to go in and find out. If the man in the hood cared about this Magic Beast, she would stop him until the end!

"Once the giant beast breaks through the seal, with its hatred for summoners, it will definitely go on a killing spree. By then, the fate of the summoners can be imagined. You're also summoners. If you can go in and subdue this giant beast in its current situation, you'll not only be able to get a rare beast, but also make a huge contribution to the entire summoners' world. The Summoning Union will automatically give you an elder seat with real power."

The expressions of the three Hall Masters changed slightly. The Union of Summoners had set too many decoys! It seemed that things had already reached the point where they had to be resolved. If the giant beast wreaked havoc, the West Continent would definitely be in chaos.

The summoners were still silent, but the solemn expression on their faces was a bit loosened. Magic Beasts, honor, status! These were things that everyone wanted! It wasn't easy to get such an opportunity. Even though there was a risk of death, it was impossible to get these things without paying

a price! The few summoners looked at each other and finally fixed their eyes on Yun Feng. She was the only multi-element summoner, and she was even a Lord-Level summoner!

If they missed this opportunity because they were timid and afraid of death, wouldn't they regret it if Yun Feng got the giant beast? The summoners thought for a moment with different expressions and a glint of darkness flashed in Ling's eyes. "Miss Yun, what do you think?"

Everyone immediately fixed their eyes on Yun Feng. Yun Feng smiled in the corner. "Of course, I'll go."

.....

Ling curled up the corners of his mouth. What she said obviously provoked the other four summoners. If she said she was going, wouldn't it be too embarrassing if they didn't go? The other four immediately expressed that they wanted to go. Ling nodded in satisfaction with a hint of cunningness flashing deep in his eyes.

"Since you've already decided, please prepare well in the next few days. The Summoning Union will send you in in three days. Remember, with the current power of the seal, we can only send five people in at most. If there are too many people, the seal will break on its own."

There were at most five people. No wonder the Summoning Union defined the number of people who qualified as five. After everything was settled, they would gather again in this place three days later. At that time, the leader of the Ling family, Ling Tiansu, would send the summoners in.

Yun Feng returned to her room and found that everyone was waiting for her in the room. Seeing her back, Qu Lanyi smiled gently. Yaoyao, who was playing happily with Lan Yi, immediately pounced on her. Yun Feng extended her arms and caught Yaoyao's little body. Even though Yaoyao appeared in a mature form last time, she obviously couldn't control her power well. After that, Yaoyao quickly became a little girl again, but she looked more pleasing to the eye.

Yaoyao liked to stick to Yun Feng. If she wrapped herself around Yun Feng's body with such a mature body, it would look very strange.

Yaoyao put her arms around Yun Feng's neck. She hadn't been sticking her little body to Yun Feng's arms like this for a long time. She liked lying in Yun Feng's arms very much. Yaoyao felt that there was always a vague aura of the sea in Yun Feng's body, or rather, another even deeper aura. Yaoyao liked it very much, so she seized the opportunity to jump into Yun Feng's arms. Yun Feng was very happy to be close to Yaoyao and hold her tightly in her arms.

After explaining what happened just then, everyone in the room understood. Mu Canghai stood aside and said coldly, "Qu Lanyi and I will enter the Dragon Palace directly. We can come out after entering that space."

Yun Feng nodded. Qu Lanyi looked at Yaoyao thoughtfully on the side. "Yaoyao's appearance has already caused a huge commotion. Fengfeng, it's time to contract Yaoyao. Even though her current strength isn't enough, the ancient power inherited in her body is enough to protect her from any harm."

Mu Canghai also nodded. "Yun Feng, contract with her as soon as possible in case things change."

Yun Feng didn't say anything. She also knew that Yaoyao's appearance was too astonishing. Even the three Hall Masters were greedy, let alone others. She was temporarily safe in the Thousand Peak City right now. Once she left the city, there would be a lot of people who would come to steal Yaoyao.

Even though Yun Feng won Yaoyao in the auction, she was still an unowned item without a contract after all. If Yaoyao was forcibly contracted by someone, the consequences would be unimaginable.

"Master, the ancient power in Yaoyao's body is very strong. She'll be fine." Lan Yi and Little Fire both knew what Yun Feng was worried about. The Electric Python had its strength forcibly increased by Yao Man and it died in the end. Little Fire and Lan Yi still couldn't forget that scene. Yun Feng was even more so in her mind. This was the reason why she didn't contract with Yaoyao earlier. She didn't want Yaoyao to be injured at all, so she didn't contract with her forcibly. When the Electric Python died in front of her eyes, even though Yun Feng knew that there was ancient power in Yaoyao's body, she became more and more careful.

Chapter 922: Contracting Yaoyao (2)

Yun Feng touched Yaoyao's little face. Yaoyao raised her little face and her beautiful blue eyes were like gems, glittering with luster. "I like Xiao Feng. I'm Xiao Feng's!" Yaoyao's current level of intelligence was still that of a child. Facing Yaoyao like this, Yun Feng couldn't harden her heart.

Seeing that Yun Feng didn't say anything for a long time, Qu Lanyi certainly understood the complicated feelings in her mind. His wife seemed to be swift and decisive on the outside and had never shown mercy to her enemies, but when she was facing someone or a Magic Beast she cared about, her heart became extremely soft.

Qu Lanyi walked over and squatted on the ground, looking at Yaoyao with his beautiful black eyes. "Yaoyao, do you want to be with Fengfeng forever?"

Yun Feng wanted to say something, but Qu Lanyi shook his head. Yaoyao tilted her head and thought for a moment. "Be together forever... So, I'll never leave Xiao Feng?"

Qu Lanyi nodded with a smile. "That's right. You won't leave Fengfeng. Besides, there will always be a connection between you and Fengfeng. Do you like it?"

Yaoyao's eyes suddenly brightened after hearing that! "I don't want to leave with Xiao Feng! I want to be with Xiao Feng forever!"

What Yaoyao said made Yun Feng's mind spin. If other summoners knew that Yaoyao wanted to be with Yun Feng forever and that a Magic Beast wanted to be contracted by a summoner so much, she wondered what kind of expression they would have.

A thought flashed through Little Fire and Lan Yi's minds. Yun Feng was the only summoner like this in the world!

"Xiao Feng, I'll protect you!" Yaoyao looked at Yun Feng with her sapphire eyes. Yun Feng nodded with a smile and held Yaoyao tightly in her arms. The two of them pressed their cheeks against each other as her mental strength slowly flowed out of Yun Feng's body. Her huge mental strength carried a deep

pressure, but everyone in the room wasn't affected. A dazzling light suddenly flashed on the ground of the room and a huge pentagram instantly appeared under Yun Feng's feet.

"Array of Contract, open."

The five colors kept intersecting in the pattern, which was dazzling! Mu Canghai and Qu Lanyi both looked at it in surprise. This was the first time they saw the so-called Array of Contract. Little Fire and Lan Yi looked at each other and smiled. They were no strangers.

Yun Feng slowly let go of Yaoyao. Yaoyao seemed to understand what was going to happen next. She slowly closed her eyes and the ancient power in her body quickly surged out. The transparent water element enveloped Yaoyao's entire body. At the same time, Yun Feng also closed her eyes.

"Water Contract, appear!"

.....

Four of the five colors of the huge pentagram on the ground gradually disappeared, leaving only clear and bright blue color on it!

The water element that enveloped Yaoyao disappeared and her charming body appeared again, Yaoyao's mature body! Her huge blue fishtail swayed slowly and there was a faint smile on her alluring and young face. Her blue transparent fins swayed slowly, echoing with the huge blue array on the ground.

Yun Feng slowly opened her black eyes as a beam of dazzling light flashed through them!

"I've made a contract. From now on, you'll be my beast. Contract!" A beam of blue light flashed in Yun Feng's eyes. The blue Array of Contract under her feet burst out with light again. Yaoyao's strength floating in the center of the array also rose rapidly at this moment! The peak of the Commander Level, the peak of the Monarch Level, the Lord Level!

Little Fire and Lan Yi were dumbfounded. They had grown up step by step with Yun Feng and had never enjoyed the feeling of advancing at the speed of light. Feeling Yaoyao's constantly powerful aura, Little Fire and Lan Yi couldn't help but shake their heads. They wouldn't have the chance to experience it anymore. They were truly envious!

Qu Lanyi and Mu Canghai were also quite shocked. They noticed that Yaoyao's strength rose crazily like a spring. Such a speed could only be seen now. Yun Feng's expression was much more serious than the others. Yaoyao's strength instantly increased rapidly. Yun Feng was very nervous in her mind, fearing that Yaoyao wouldn't be able to withstand the pain of the increase in strength. Yaoyao, who was in the center of the array, obviously had the power of ancient times to protect her. There wasn't any pain on her little face at all. Yun Feng couldn't help but feel relieved when she saw this.

When Yaoyao's strength rose to the Lord Level, the last step of the contract was about to be completed! A wisp of blue elements slowly floated out of Yaoyao's body and wrapped around Yun Feng's finger. The blue elements wrapped around Yun Feng's finger tightly and instantly formed a blue Ring of Contract! A small word, "Lord", was engraved somewhere on the Ring of Contract.

The huge Array of Contract on the ground slowly disappeared. The mature Yaoyao instantly shrank back to her young body. At this moment, there was finally a hint of exhaustion on her face. The ancient power protected her, but the increase in her strength was too rapid and powerful. Yaoyao was more or less affected.

Yaoyao directly revealed her original form as a Magic Beast and nestled in Yun Feng's arms again. Her little fishtail wrapped around Yun Feng's waist and she blinked her big eyes. Yun Feng suddenly smiled and looked at Yaoyao with her black eyes. Yaoyao also smiled happily. The two of them were communicating telepathically.

Little Fire and Lan Yi were both very helpless. The telepathic communication between Yun Feng and any contracted Magic Beast was shared. In other words, the two of them could also hear the conversation between Yaoyao and Yun Feng at this moment.

"Xiao Feng, can you hear me?"

"Yes, I heard Yaoyao talk."

"That's great! I can talk to Xiao Feng like this. Hehe, Xiao Feng and I won't be separated, right?"

"Yes, we won't be separated."

Little Fire and Lan Yi looked a bit embarrassed. Why did this sound a bit wrong? Master was really like... Yaoyao's mother at this moment. She was full of motherhood.

Yun Feng and Yaoyao didn't say anything. The two of them looked at each other with a smile. Qu Lanyi coughed. "Ahem! Can you stop talking silently?"

Yun Feng's face suddenly flushed. Yaoyao glared at Qu Lanyi, as if she was saying something to Yun Feng telepathically. The next second, Yaoyao's entire body turned into a beam of blue light and disappeared into the Ring of Contract. Yun Feng caressed the blue Ring of Contract gently with her finger with a gentle expression. Little Fire and Lan Yi couldn't help but feel upset in their minds when they saw this. Yun Feng, as the owner of their Rings of Contract, didn't even wear them and even threw them into her storage space casually. What a difference in treatment!

Yun Feng indeed treated Yaoyao a bit differently. After all, Yaoyao was hatched from her water element and had been sticking to Yun Feng since she was born. Yun Feng more or less treated Yaoyao like her own child in her mind, so she certainly treated her differently. Little Fire and Lan Yi could only tolerate this.

Chapter 923: Contracting Yaoyao (3)

"Now that Yaoyao has already contracted, something big has finally been resolved. Speaking of which, where did Meatball go?" Qu Lanyi looked at Yun Feng's shoulder suspiciously. That was Meatball's exclusive spot. When Qu Lanyi noticed it, he found that Meatball hadn't appeared for a while.

"That's right, Master. Where's Meatball?" Little Fire also had a question. It communicated with Meatball the most. Only Little Fire could understand Meatball right now.

Speaking of this, Yun Feng was a bit embarrassed. Meatball didn't go anywhere. It was in the bracelet space right now, but it was sleeping soundly. When it slept, its little claws didn't forget to grab ultimate ores. Really...

"Sleeping? You mean it's been sleeping?" Qu Lanyi was a bit surprised. That little thing was very energetic, especially when it flew over every time he was about to approach Yun Feng. Now that he heard that Meatball had been sleeping, it would be strange if Qu Lanyi wasn't surprised.

Yun Feng nodded. "After coming to the Thousand Peak City, it was a bit listless. In fact, I noticed Meatball's mental state before. I thought it would come out after a rest, but it simply fell asleep."

"Will it be alright?" Qu Lanyi frowned. It wasn't a good sign that it had been sleeping.

Yun Feng shook her head. "Meatball is sleeping... very soundly. I can hear it snoring occasionally." Speaking of this, Yun Feng's face flushed unnaturally. She was originally worried that something would happen to Meatball's body, so she even took it out for a look. However, Meatball was still sleeping when she took it out. Yun Feng was a bit anxious. After shaking it a few times, she heard Meatball snoring softly. At that time, Yun Feng really didn't know whether to laugh or cry.

Qu Lanyi raised the corners of his mouth awkwardly. "It's even snoring... It seems that it did sleep well."

Little Fire and Lan Yi couldn't help but smile. Qu Lanyi immediately forgot about Meatball. If it wanted to sleep, it should just keep sleeping! That way, nobody would disturb him and Fengfeng. Meatball was the third wheel!

"Speaking of which, do you remember Ling Xiaoyun?" Yun Feng glanced at Qu Lanyi, who chuckled with a hint of mockery on his handsome face. "I do. He's the famous Madman Ling of the Masang School of Magic. He was as famous as I am."

"He's from the Ling family of the West Continent. The honorable guest the Summoning Union specially invited this time is the leader of the Ling family, Ling Tiansu."

Qu Lanyi raised his brows with an indifferent expression. "It's not surprising that Madman Ling's background is like this. It's his sorrow that the Ling family kicked him out of the house because he doesn't have the ability to comprehend space."

Yun Feng looked at Qu Lanyi deeply. "Did you know his background?"

.....

Qu Lanyi shrugged. "The Ling family is very famous. It's not surprising that they have Ling Xiaoyun. Do you care about him?"

Yun Feng shook her head. "I just suddenly thought of it. I'm not interested in the Ling family at all. Compared to this, I'm a bit concerned about that sealed giant beast."

Speaking of this, everyone became serious. Mu Canghai moved his body. "Is there really nothing special about that earth-element Magic Beast?"

Yun Feng shook her head. "I've checked everything carefully. There's nothing special. The earth-element Magic Beast that the hooded man won must be related to this giant beast!"

Qu Lanyi narrowed his beautiful black eyes and said after a long time, "If that's the case, where did that disgusting man get the news? Isn't this a secret inside the Summoning Union?"

Yun Feng sneered. "I don't care about that. If it's him, he wouldn't let go of this opportunity. We'll meet again sooner or later."

The three days of preparation time could be said to be a bit of short for the other four summoners. In order to ensure their greatest safety, they would definitely think of all kinds of life-saving means. Since they could only enter alone, the danger was even greater. When the critical moment came, nobody would help them. Only they could protect their lives.

Yun Feng was the most relaxed person in these three days. With the Dragon Palace, it wouldn't be a problem for her to store as many people as possible. Yaoyao had already been contracted with and Yun Feng had her third contracted Magic Beast. She only lacked an earth-element and a lightning-element Magic Beast. Contracting with a Magic Beast was something that could only be chanced upon by luck. For Yaoyao, luck also played a huge part. It was like a kind of fate that she would meet sooner or later.

Having just entered the Lord Level, Yun Feng still needed to consolidate her strength. In these three days, she would stay on the tenth level of the Dragon Palace. She had entered the Lord Level. The door that couldn't be opened originally would be opened at this moment, and Yun Feng's future path would be even more difficult and full of danger.

The elemental density on the tenth level of the Dragon Palace was still quite high, but it wasn't very useful for Yun Feng, who had already reached the Lord Level. At her current level, she could only rely on her own hard work and practice. There were very few things that could be useful. At the Lord Level, if she still wanted to rely on external things to keep going up, she was destined not to have much success.

After entering the tenth level of the Dragon Palace, Yun Feng was full of emotions in her mind. Thinking back, when she first came here, she hadn't reached the Commander Level, but now, she was already a Lord! Yun Feng looked around the space on the tenth level. The space wasn't big, but the things her master left for her here gave her quite a lot of help. It could be said that this powerful and mysterious master of hers had provided a lot of help along the way.

Yun Feng twisted her wrist gently and a jade pendant that her master left for her appeared in her hand. Yun Feng was very excited in her mind. The Lord Level. Back then, her master said that as long as she reached the Lord Level, she would be able to open this jade pendant and contact him! Thinking that her master was trapped in an unknown place right now, Yun Feng felt a bit bitter and uncomfortable in her mind. She immediately closed her eyes slowly and the aura of the Lord slowly enveloped the jade pendant, seeping in. After a while, the jade pendant shot out a faint light and a powerful resistance lay in front of Yun Feng. Yun Feng only smiled lightly. The powerful aura penetrated this resistance without hesitation. After passing through this resistance, she seemed to have walked into an endless deep corridor. There seemed to be some kind of guidance in the dark. Yun Feng followed this feeling at ease and walked in the middle of this endless corridor, focusing on moving forward. After walking for a long, long time, there were finally spots of light ahead. Yun Feng's steps immediately sped up a lot. When her entire body was covered in this light, a faint warmth immediately enveloped her entire body.

Chapter 924: The Seal Is Open (1)

“My successor, we meet again.” An ancient and powerful voice sounded in Yun Feng’s ears. Yun Feng only felt a sense of familiarity in her heart. Her lips moved gently and she blurted out a slightly dry title. “Master...”

What floated in front of Yun Feng was an afterimage, not her master himself. Even so, Yun Feng still knelt on both knees and kowtowed heavily to this afterimage. This was her respect for her master. She could only reach this point after inheriting everything he had!

“Since this place has been opened, it means that you’ve already reached the Lord Level. I don’t know if you’re a man or a woman, or how old you are. However, you’re already quite good to be able to reach the Lord Level.” Master’s afterimage looked serious as he said this.

Yun Feng was only shocked in her mind after hearing that. For her master, the Lord Level was just a small achievement! There was indeed another level above the Lord Level! The Lord Level was just a small achievement in front of her master. Thinking of the level of strength her master might have reached, Yun Feng’s heart immediately became hot! A kind of admiration and excitement rose in her! Even if there were doubts in her mind, Yun Feng suppressed them. This was just a shadow and wouldn’t answer her questions. Yun Feng could only listen quietly.

“After reaching the Lord Level, your mind must’ve changed and your horizons are wider. You must’ve understood a bit about the way of life. This continent isn’t something ordinary people can imagine. I was too impulsive back then, which led to my current situation. If you wanted to save me, you would definitely work hard to reach the Lord Level. Opening this place more or less gives me some comfort in my mind.”

“Master, don’t worry. I won’t let you down!” Yun Feng mumbled. This wasn’t just a pleasantry. It was a voice from Yun Feng’s heart!

“If you want to save me, you’re far from strong enough right now. Even if I tell you, you won’t be able to help at all. It’s very risky to save me, if not life-threatening. You’re already very capable on this continent with your current strength. It’s good.”

“My successor, if your heart is shaken, you can leave this place quickly.” The afterimage said this. Yun Feng’s heart tightened when she heard this. How melancholic was her master when he left this sentence? Did his expectations fail again and again? Reaching the Lord Level meant that one was already a rising figure. Many people would choose to leave because of their pursuit of power and desire, but Yun Feng wasn’t one of them!

Yun Feng knelt there and didn’t move at all. After waiting for a while, the afterimage finally sighed leisurely. “My successor, no matter what you choose, I won’t say anything. Since you’ve chosen to stand here, continue moving forward. There’s an even wider world waiting for you ahead. When you surpass the Lord Level, I’ll certainly show you a way out. I’ve left a few things for you on the tenth level of the Dragon Palace. Make good use of them. Alright, go back!” A huge push pushed Yun Feng out. In just a blink, she had already retreated from that space. When Yun Feng opened her black eyes, she saw that the last few platforms on the tenth level had already been activated!

Yun Feng got up and walked to the last few platforms. Her master's gifts should be over. There were only three platforms in the end. The restrictions on each platform had already been automatically removed. There were a dozen platforms on the tenth floor of the Dragon Palace. There was a layer of restrictions on each platform. Under the restrictions, nothing could be seen on the platform from the outside. Only by removing the restrictions could she see what was on the platform clearly. So, even if she had reached the Lord Level, she wouldn't be able to take the things away unless she wanted to save her master. The things on the last three platforms shocked Yun Feng!

There was a wand on the first platform. The wand was short and was the most suitable length for Yun Feng's attack. Normal wands were very long, but her master seemed to know which kind of wand Yun Feng was suitable for. The Monarch Level wand he left behind was also short and powerful.

Yun Feng gently picked up the wand. The moment her finger touched the wand, the power contained in the wand suddenly rushed into Yun Feng's body. Yun Feng knew in an instant that a weapon at the Lord Level was indeed powerful. It carried strong aggression without launching any attacks. How powerful would it be when used in battle?

Holding the wand tightly in her hand, her mental strength slowly spread from her body and seeped into the wand. An inexplicable feeling rose from the bottom of her heart. Yun Feng waved the wand gently and the surroundings of the wand changed rapidly. A cluster of bright flames jumped out of the tip of the wand. Yun Feng gave it a thought and the fire suddenly expanded, turning into a huge fireball in an instant!

.....

The fire illuminated this space. Yun Feng was shocked! This wand could help her control the power of the elements more precisely! And the change happened in a blink! Such a help was simply like adding wings to a tiger! It would greatly increase the attacking power of magic in battle!

Yun Feng gave it another thought and the fireball instantly disappeared. Such an ability of unleashing and withdrawing freely simply made Yun Feng amazed! A weapon of the Lord Level was indeed extraordinary. However, Yun Feng didn't know that even though there were weapons of the Lord Level in this world, a wand as powerful as hers had never been created at all!

She put away the wand. She had already given the Monarch Level wand to Xia Qing. Her master's Lord Level wand came at the right time. Yun Feng didn't have to worry about the weapon anymore. She walked to the second platform. There were three sealing talismans on the platform. Yun Feng held the three talismans in her hand and immediately felt the powerful energy sealed in them! Faint waves came out of the talismans and Yun Feng only felt that her soul was trembling slightly!

The power sealed in these three sealing talismans must be above the Lord Level!

Yun Feng took a deep breath. It seemed that these three sealing talismans could be treated as an unexpected attack. If she encountered a powerful opponent, she could also buy time to escape! Yun Feng, who had entered the Lord Level, certainly knew that the road in the future would be even more dangerous. The three sealing powers her master left for her could be said to be timely help!

After putting away the three sealing talismans, Yun Feng walked to the third platform. There was a ring lying quietly on the platform. The color on the surface of the ring was already quite dim and didn't have

any luster at all. It looked very old. Yun Feng held the ring in her hand and slowly closed her eyes. Her mental strength immediately invaded it. This ring was indeed another storage space. What did Master leave inside?

Chapter 925: The Seal Is Open (2)

Yun Feng's mental strength invaded it. At this moment, what appeared in front of her eyes was an extremely misty space, as if it was covered by layers of thick fog. She could only see two to three steps away. Yun Feng was puzzled. Why was the storage space so strange? She couldn't see everything around her clearly. Yun Feng could only move forward step by step. This space was wider than she thought, as if there was no limit.

She moved carefully, but the heavy fog didn't seem to have left at all. It still surrounded Yun Feng and her vision was still limited to two meters, until a strange wooden stake appeared in front of Yun Feng.

A wooden stake? How could there be a wooden stake here? Yun Feng frowned and stopped in front of the wooden stake. The wooden stake was towering here and she couldn't see the end when she looked up. The surface of the wooden stake was smooth and there was a dark red base at the bottom, surrounding the wooden stake firmly. It must have fixated the stake.

"Where exactly is this place..." Yun Feng mumbled. The wooden stake in front of her looked so strange. Was there a secret behind it? Yun Feng slowly raised her hand and slowly approached the wooden stake in front of her with her fair hand. She narrowed her black eyes slightly and then hit the wooden stake fiercely!

"Crack, crack, crack, crack!"

A series of sounds suddenly echoed one after another, as if Yun Feng had triggered a mechanism. The thick fog around her suddenly dispersed and with the wooden stake in front of her as the center, countless wooden stakes immediately appeared on the ground on both sides. The wooden stakes that jumped out of the ground kept extending backwards and there was no end in sight!

When the continuous cracking sounds finally stopped, Yun Feng's hand slowly left the wooden stake. She raised her head slightly and heard heavy breathing coming from the space trapped by the wooden stake. Yun Feng's body suddenly rose into the air. At the same time, a huge sharp claw had already pounced from inside!

"Clang!" The wooden stake made a loud noise after being hit by the giant claw, but it didn't move at all. Yun Feng couldn't see what it was clearly, because the thick fog that dissipated just then had already run into the space of the wooden stake and enveloped it. Only that giant sharp claw was exposed. Yun Feng couldn't see anything else!

Its shiny sharp claws emitted cold light. The claw didn't catch Yun Feng. It scratched the ground fiercely with its sharp claws, making an extremely ear-piercing sound. The five sharp claws left five conspicuous traces and shrank back. Yun Feng stood in the air and looked at the thick dark fog in front of her. She only felt extremely shocked in her mind!

The wooden stake obviously restrained some kind of creature. Was this creature locked up by Master? If it was locked up here by Master, why did he leave it for her? Yun Feng knew clearly that she couldn't contract such a powerful creature with her current strength!

"You're not him?" A rough voice sounded with the soft roar of a beast. Yun Feng narrowed her black eyes and the mental strength around her body suddenly surrounded her in a defensive posture. That creature seemed to know that Yun Feng was nervous. "Humph! Don't worry. With these annoying things, I can't do anything to you."

Yun Feng knew in her mind that even though this wooden stake looked very ordinary, it didn't even shake after the collision just then, which showed that it was not normal! Even though that creature said so, Yun Feng still didn't let down the vigilance in her mind. Since this creature was willing to talk to her, there were some things that she should ask clearly.

"Are you talking about... the person who put you in here?"

.....

"Humph! It's useless to say anything else. Tell me! What do you want me to do, human? The human who locked me in back then promised that I can get out of here as long as I satisfy one request of the person who comes here again!"

Yun Feng couldn't help but feel stunned after hearing this. Was this... the last shield Master left for her? If that was the case... Yun Feng's heart ached slightly. Seeing that Yun Feng remained silent, the creature couldn't help but become impatient. "Human! I can do anything you want. Revenge? Killing? Or something even more evil?"

Yun Feng looked serious as she stood in the air and said loudly, "I won't do any of those things."

"I don't care what you don't do. Just tell me what you want!"

Yun Feng's red lips curled up slightly. Since it was a gift from her master, she certainly had to accept it with a smile! "Name, race, level of strength." Yun Feng said loudly. The creature inside was obviously stunned. "W-What did you say?"

Yun Feng burst into laughter. "If you don't want to tell, wait until I come next time." Yun Feng instantly retreated and disappeared into the heavy fog. The creature locked inside also reacted immediately. "Human! Come back! Human!"

On the tenth level, Yun Feng suddenly opened her eyes with a smile in her black eyes. She looked at the unusually old ring in her hand carefully. The guy inside was extraordinarily strong. Since there was such an agreement, she certainly had to use it at the critical moment! And Yun Feng might be needing it soon!

She originally wanted to put the ring into the bracelet, but the ring suddenly seemed to have its own consciousness. The ring cracked from the middle and instantly pounced on Yun Feng's finger. With a crisp "crack", the ring had already wrapped around Yun Feng's little finger firmly!

Yun Feng tried to pull the ring off, but the ring didn't move at all and wrapped around Yun Feng's little finger firmly. No matter how hard Yun Feng tried, it didn't move. Yun Feng was helpless and could only

let the ring be put on her finger. Since this ring was left by her master, it definitely wouldn't hurt her. It was fine to wear it like this.

She thought that she would be teleported into a special space this time and faced with an unknown giant beast. If the man in the hood was involved, Yun Feng might be able to deal with the man in the hood with her current strength, but it was a different story with the giant beast that would go berserk at any time. The guy in the ring would be able to help by then.

Yun Feng took a deep breath. "Master, I'll definitely work hard and surpass the Lord Level as soon as possible to save you. I won't let you down!"

Yun Feng left the Dragon Palace and put away the dragon-shaped jade pendant. She flipped her hand again and a jade pendant with the word "Yun" engraved on it. This was the Yun Family Badge Yun Feng got from the Yun Palace back then! At the Lord Level, she could open the Yun Family Badge and contact the headquarters of the Yun family!

Taking a deep breath, Yun Feng held the Yun Family Badge firmly in the center of her palm. The Yun Family Badge, which was cold all over, was gradually warmed by Yun Feng's temperature and seemed to have aroused a hidden heat. Yun Feng held it for a while and didn't do anything.

Chapter 926: The Seal Is Open (3)

Her father and brother were both looking forward to contacting the headquarters of the Yun family and hoping to meet the bloodline of the Yun family. The Yun family on the West Continent was the same! Yun Feng herself hoped so too. What would happen to the headquarters of the Yun family on the Central Continent? Yun Feng couldn't wait anymore!

Immediately, the aura of the Lord Level surged out and enveloped the Yun Family Badge. Under the envelopment of Yun Feng's aura of the Lord Level, the Yun Family Badge began to shine, as if it had connected to something. It glittered and emitted light. Yun Feng waited quietly for the other side to open!

Somewhere far away on the Central Continent, a few jade pendants were erected at an extremely high position. In the darkness, one of the jade pendants suddenly emitted light! The flashing light was like the light of dawn in the entire darkness, piercing through the darkness continuously!

"Wait, is there light inside?"

A confused voice came from outside. "Light? Are you stupid?"

While the two people outside were talking, the glowing jade pendant flashed again and the light suddenly shone through the gap!

"Look, look! It's shining!"

"I... I'll report to the Great Elder! Stay here!"

A series of hurried footsteps left quickly, while the other person kept wandering outside the door and mumbling, "It's bright, it's bright... It's really bright. It's really bright!" After a while, more footsteps rushed over quickly and an extremely fierce voice came. "Are you serious? There's really light inside?"

"Second... Second Elder, there's really light! I saw it with my own eyes!"

"Brother, open the door first. We'll know when we see it!"

The other party was opening the door in a hurry, while Yun Feng waited for a long, long time. The Yun Family Badge flashed for a long time, but the other party didn't respond at all. Yun Feng couldn't help but frown suspiciously and wait patiently for a while. The other party still didn't respond.

"What's going on? Did something happen to the Yun family?" Thinking of this, Yun Feng couldn't help but feel extremely anxious in her mind. The power of the aura of the Lord couldn't help but increase a bit. However, she didn't expect the Yun family's badge to crack when she wasn't paying attention!

.....

"What?" Yun Feng looked at the Yun Family Badge that had already been broken into two halves in shock! Yun Feng immediately sent her Lord Level aura to the shattered Yun Family Badge again. It was obvious that her connection with the other party was completely cut off. The shattered Yun Family Badge lay quietly in Yun Feng's hand and didn't emit any light anymore.

On the other side, the jade pendant connected to the Yun family's token in Yun Feng's hand flashed and didn't move anymore. At this moment, the door was quickly pushed open by a pair of hands. Some people rushed in. After a moment of silence, they shouted furiously, "What's going on?"

"Third... Third Elder, we... We really saw it..."

"Third brother, calm down." This was an extremely calm voice. "Where do you think the light was coming from?"

"Just... Just from there..."

"Watch carefully before you speak!"

"Third... Third Elder, we... We didn't see it very clearly. The light was flashing..."

"Third brother, calm down first. Second brother, are they talking about the rightmost side?"

"Yes, the one on the far right, the one on the East Continent."

There was silence again. "The East Continent? How can anyone there be a summoner?"

"Brother, you're right. Due to the physique of the East Continent, the chance of a summoner appearing is too low... It's possible if it's the West Continent."

"Even if she's not a summoner, she must be at the Lord Level to open the Yun Family Badge. She's also an outstanding descendant of the bloodline of the Yun family."

"The Lord Level... The Lord Level is nothing to us."

"Third brother! You can't say that..."

“Brother, the Yun family is facing such a situation right now. If there’s a summoner who can turn the tide, we...”

“Third! Do we have to let a young person deal with the Yun family’s current situation? If that’s the case, what’s the use of having us?”

“Yes, I understand what you mean, brother. We certainly can’t let the young people bear the heavy burden of the Yun family, but the current situation doesn’t allow us to consider so much!”

“Brother, Third Brother is just too anxious in his mind. Whether this token has been lit or not, even if not by a summoner, they’re still a descendant of the Yun family, a member of the Yun family!”

There was another silence, followed by a long sigh. “How long can the current situation last?”

“At most... ten years.”

The few of them stood in front of the badge for a long time, as if they were hoping that the light just then wasn’t an illusion and really existed, but none of the badges lit up again. After waiting for a long time, they finally walked out of the door. “Ten years. The Yun family can only wait for another ten years at most.” With this whisper, the door was closed again and darkness enveloped them again. The jade badge that lit up just then had been calm and never lit up again.

Yun Feng looked at the Yun Family Badge that was split in half in her hand and only felt a bit of a headache. Things were truly wrong right now. The Yun Family Badge had shattered. She had already lost all possibility of contacting the headquarters of the Yun family before she could get any contact with them!

Thinking of this, Yun Feng couldn’t help but feel a headache. It would be great if she could be more careful and patient, but it was useless no matter how many “ifs” she had right now. In the end, she could only smile helplessly and put away the Yun Family Badge that had been broken into two. The Yun Family Badge had already been broken and had completely lost contact with the headquarters of the Yun family. She didn’t know the situation of the Yun family on the Central Continent and it wasn’t good for Yun Feng to do anything. Her master said that it was far from enough for her to save him with her current strength. And the Yun family... The situation of the Yun family could be put first. She was at the Lord Level right now. If the Yun family was really in trouble, she should be able to help more or less. However, she could only focus on dealing with the matter at hand right now. When the matter at hand was resolved successfully, she would have to visit the extremely mysterious Central Continent!

Chapter 927: The Seal Is Open (4)

Three days passed in a blink. Yun Feng didn’t know how the other four summoners were preparing. She didn’t do anything on the surface, but she had inherited something very important from her master, so she had more trump cards in her hands. Qu Lanyi and Mu Canghai were put into the Dragon Palace, and the three contracted Magic Beasts returned to their respective Rings of Contract. When Yun Feng came to the place where they gathered last time, she found that everyone else had already arrived.

The leader of the three halls, the leader of the Ling family, Ling Tiansu, the other four summoners, and Ling, of course. “Miss Yun, you’re here.” Ling smiled at Yun Feng. Yun Feng nodded. The other four

summoners looked tense and serious, but their eyes were more or less filled with confidence. They must have prepared a lot.

“Now that everyone is here, the master of the Ling family will send you in later.” After saying that, Ling handed everyone a small jade pendant. Yun Feng took the jade pendant and touched it with her finger, but didn’t notice anything different.

“The situation inside might be extremely dangerous. Please take care of yourselves. Summoners are precious resources. Once you crush this jade pendant, you’ll be sent back here safely. If you lose the jade pendant, please be responsible for the consequences.”

The summoners all looked different after hearing that. They immediately put the jade pendant away carefully, while Yun Feng casually put the jade pendant in her bracelet. “Now that you’re ready, we can begin.”

Ling Tiansu took a step forward and glanced at the five of them coldly. “Stand here. I’m going to open the space seal.”

All the summoners arrived at Ling Tiansu’s designated place. The five of them formed a small circle and Ling slowly moved to Yun Feng’s side. Ling Tiansu waved his big hand and the space where the five of them were located suddenly distorted violently. A kind of powerful perception of space came out of Ling Tiansu’s movements. Even Yun Feng, who had reached the Lord Level, couldn’t be sure that her control of space surpassed Ling Tiansu’s.

As Ling Tiansu moved, the space around Yun Feng became even more distorted. Yun Feng suddenly remembered that Yao Guang’s control of space seemed to be a bit similar to that of the Ling family’s master. However, Yao Guang was more familiar with it and had better control of space.

The space seal had already been removed. Yun Feng felt a different aura slowly rising. At this moment, a warm hand held Yun Feng’s gently. Ling’s gentle voice brushed past like the wind. “Miss Yun, please come back safely.”

Yun Feng was stunned. Ling had already retracted his hand quickly. At the same time, Ling Tiansu shouted, “Open!”

Yun Feng only felt a crazy pressure surging towards her from all directions. Her entire body had already distorted and deformed because of this pressure! The aura of a Lord immediately surged out. Yun Feng’s black eyes darkened. The space that was already distorted to the extreme gradually eased under the power of this aura!

Ling Tiansu couldn’t help but look at Yun Feng a few more times, but only a few times. The next second, the five of them had already disappeared from this space!

The strong pressure kept coming. The other four summoners had already shouted in pain. The bodies of the five of them were quickly passing through a distorted space. Yun Feng was the only one who didn’t say anything. Under such a strong pressure, only she could remain calm!

The space around her kept changing and changing again! Yun Feng, who was at the Lord Level, was gradually feeling exhausted. Her control of space was still very shallow. If Mu Canghai or Yao Guang were here, it wouldn’t be a problem!

After Yun Feng frowned hard, the crazy squeezing finally disappeared completely, as if she had been reborn. The five summoners suddenly jumped out of the distorted space channel. The other four summoners were obviously in a much mess. Their clothes had already been torn apart in this crazy squeezing. There were more or less wounds on their bare skin. The four of them were extremely pale and it seemed that they weren't feeling good inside their bodies.

On the other hand, apart from being slightly pale, Yun Feng didn't have any injuries on her body and her clothes weren't damaged at all. The other four summoners lay on the ground panting heavily. If they had to go through this again, they would probably vomit.

Yun Feng calmed her breath slightly and started to size up the situation around her. They were on a ridge, which could be said to be a high point. There was a lush forest below the ridge and a vast plain on the other side of the ridge. Birds flew past from time to time and there were even relaxed herbivores on the plain.

"This is the sealed space?" The other four summoners had already calmed down and looked around like Yun Feng. They were a bit surprised after looking around. They originally thought that this sealed space was either a barren space or nothing. They didn't expect it to be such a harmonious scene. If they stood here without being told anything, they wouldn't be able to imagine that there was a giant beast with unpredictable abilities sealed here!

"It should be here. We were indeed sent to this space. There shouldn't be any mistake." Another summoner said as he looked at the ridge where the few of them were. "I say, the five of us have been teleported here. It's time to discuss what to do."

"Discuss? Do we still need to discuss? Summoners aren't alone. We don't need to move with others at all!"

"Hm! That's good. I don't have to waste my breath anymore!"

The other summoners looked at each other with an unknown expression. Summoners were different from other professions. They certainly weren't weak with a Magic Beast to accompany them. Even though the ability of that giant beast was unknown and its strength was extraordinary, everyone had their own thoughts. They certainly didn't want to share anything good with everyone. There was only one giant beast, so it was certainly first come, first served. Whoever had the ability would get it!

"Yun Feng, what do you think?" asked a summoner. Among the five of them, Yun Feng was the strongest and was at the Lord Level. The other four summoners were all at the Monarch Level. Even though they were of different levels, they were all quite strong. As the strongest person, Yun Feng certainly had the right to speak.

"Up to you," said Yun Feng casually. She wouldn't have moved with these people anyway. It was convenient for her to go alone.

Chapter 928: The Hooded Man Appears (1)

“If that’s the case, let’s fight with our own strength!” After saying that, the summoner who spoke first immediately extended his arm and a ball of green light sounded from his Ring of Contract, turning into a giant owl in the air. The summoner jumped on the back of the giant owl and left quite impressively.

“Humph! What a showoff!” The other three summoners also grunted in disdain. One of them left first, so the others certainly couldn’t fall behind. The other three immediately summoned their Magic Beasts and flew in one direction respectively. In a blink, only Yun Feng was left on this ridge.

Seeing that the other four people couldn’t wait to leave, Yun Feng only smiled lightly. The dragon-shaped jade pendant appeared in her hand and two balls of light appeared. Qu Lanyi and Mu Canghai showed up. Qu Lanyi looked around. “They’re quite anxious. They don’t understand one thing. Greed is the cause of disaster.”

Yun Feng smiled lightly and looked at the scenery around her. There was a ridge and a plain on one side. This space was extremely vast. It was so peaceful that she couldn’t detect where this giant beast was hiding at all. Where should she start?

Mu Canghai caressed his gray eyes with his finger and looked around carefully. In the end, he shook his head. “There’s nothing special about this space. It seems that I have to search carefully.”

“Search carefully? This space looks very vast. It’ll only be a waste of time to search randomly.” Qu Lanyi touched his chin. “According to the Summoning Union, this giant beast is active. Since it’s active, there must be traces.”

Yun Feng nodded. “The traces of activity will definitely be quite obvious, but are they in the forest or the plain?”

The three of them immediately fell silent. Yun Feng’s eyes suddenly brightened as she flipped her hand. The earth-element Magic Beast that was intercepted halfway during the auction showed up. When this earth-element Magic Beast appeared, the three of them were all shocked! The moment the earth-element Magic Beast appeared, an indescribable fragrance came out of its body. This was a smell that made people extremely hungry when they smelled it. To be precise, this smell could arouse a huge appetite!

After the earth-element Magic Beast appeared, it lay on the ground obediently and didn’t dare to move at all. The smell on its body drifted away gently with the breeze. Qu Lanyi sniffed the smell and suddenly smiled, showing his white teeth. “I’m tempted by this smell.”

Yun Feng couldn’t figure out anything about this earth-element Magic Beast no matter how she studied it before, but she didn’t expect there to be such a huge reaction in this space. The smell of appetite was so strong! Even she couldn’t help but feel a bit hungry. Yun Feng sized up this earth-element Magic Beast again with her black eyes. At this moment, Mu Canghai’s gray eyes suddenly glittered and he turned his body in one direction.

“There’s movement over there! Even though the space has changed slightly, there’s indeed movement!”

Yun Feng and Qu Lanyi looked at each other with the same thought in their minds! This earth-element Magic Beast seemed to be very useful. It was a bait! Yun Feng reached out and grabbed the earth-element Magic Beast in her hand. The earth-element Magic Beast moved slightly and let Yun Feng grab

it, not daring to resist at all. The three figures finally moved and went in the direction of the anomaly in the space. There was no one on the ridge anymore. Only a strange fragrance drifted with the wind.

Even though this strange fragrance was subtle, the wind that swayed everywhere brought the fragrance further away. The four summoners, who were already running in their respective directions and wanted to be something, were a bit confused in their minds when the fragrance came with the wind. Their Magic Beasts were obviously getting out of control gradually. It was the first time the four summoners encountered such a situation. Feeling that their Magic Beasts were getting more and more anxious, only one name flashed through their minds: Yun Feng!

All of this must've been done by Yun Feng. That Lord-Level summoner must've used some special means! This fragrance couldn't be simple! The four of them immediately changed their direction and followed the fragrance. These four summoners weren't stupid at all. Their split-up back then was just a smokescreen. They all wanted to follow Yun Feng in secret. With a Lord-Level summoner leading the way, they were certainly happy to follow behind!

The summoners, who were originally going in different directions, immediately changed their direction and followed the fragrance to the same place gradually! The fragrance on the earth-element Magic Beast in Yun Feng's hand gradually spread. All the creatures in this space noticed that a faint commotion was spreading!

"Fengfeng, you can put this thing away now," Qu Lanyi said to Yun Feng. If this earth-element Magic Beast kept releasing the fragrance on his body outside, even he would probably have to sharpen his knife.

Yun Feng nodded. This Magic Beast was obviously the most effective bait. She just needed to find the location of that giant beast. It should be the same as what the man in the hood thought back then. However, this earth-element Magic Beast was really going to be the bait until the end if it were in the hands of the man in the hood.

Yun Feng put the earth-element Magic Beast back into her bracelet. The tempting fragrance still lingered and kept arousing the deep desire in the depths of her heart. Yun Feng calmed her mind and only felt that the temptation was so strong. This earth-element Magic Beast was truly a bit strange.

The three of them rushed all the way to the place where the space was moving. The other four summoners also didn't want to fall behind. Gradually, everyone rushed in one direction. Yun Feng put away the earth-element Magic Beast again. Even though the fragrance was still there, the effect was obviously reduced. As the air flowed, it had already weakened a lot. The other four summoners also understood that once the fragrance disappeared, they would miss their only chance!

They wouldn't allow Yun Feng to have all the good stuff!

"Tsk! They're indeed here." Qu Lanyi glanced behind coldly and the corners of his mouth curled up in disdain. Yun Feng also sneered. As a Lord, how could she not feel the aura of those four people? Besides, the Finger Spiritual Jade had already recorded their auras quietly. They couldn't escape Yun Feng's eyes no matter where they went!

Yun Feng took out the Finger Spiritual Jade and looked at the four glittering dots on it. They were approaching her from different directions. The four summoners weren't stupid. They knew that they

would get something if they followed her. "If they want to follow us, let them," said Yun Feng casually. She suddenly flashed forward. Qu Lanyi and Mu Canghai both smiled casually and sped up, following Yun Feng!

Chapter 929: The Hooded Man Appears (2)

"Damn it! She's too fast!" The four summoners couldn't help but curse in their minds. The smell of the bait was already getting fainter and fainter. Logically, they should be able to see Yun Feng's shadow after chasing her so quickly, but after chasing her for so long, the smell was almost gone, but there was still no sign of Yun Feng! This could only mean that Yun Feng was much faster than them!

"Humph! You think there's nothing we can do?" One of the summoners whispered fiercely. He flipped his hand and something appeared in his hand. There was a smile on the corners of his mouth. He bent his finger and was about to clench it hard when a huge black hand reached out from behind him and instantly dragged his body down from the sky!

"Clang, clang, clang..." The sound of a tree branch being slashed by something forcefully came. This summoner's contracted Magic Beast immediately turned around and chased after it, but the Magic Beast felt something on the way. Its body immediately trembled and its eyes brightened! The contract between the summoner and the contracted Magic Beast had been canceled!

On the ground below the sky, in the middle of a pile of broken branches, an arm was exposed. Bright red blood slowly dripped from the finger, forming a large pool of blood on the ground. A strong smell of blood spread with the wind, causing a commotion!

"Swish, swish, swish..." The sound of clothes dragging on the ground sounded and a person in a dark robe appeared. His pale arm reached out from under the dark robe and kept searching on the dead body. He took out the space jade Ling Tiansu gave him and continued searching with his pale hand. When he took out a ring, his lips curled up weirdly and he took away the things the man hadn't used in time with his other hand. The body wrapped in the dark robe immediately jumped into the sky and disappeared!

Yun Feng narrowed her black eyes. The Finger Spiritual Jade in her hand suddenly turned from four dots to three. Yun Feng only felt a bad feeling from the bottom of her heart. "What's wrong?" Qu Lanyi saw Yun Feng's expression on the side. Yun Feng shook her head. "No, nothing."

The three of them continued moving forward. While rushing, Yun Feng also paid close attention to the situation on the Finger Spiritual Jade. Three flashing dots, two flashing dots and one flashing dot! Yun Feng frowned tighter and tighter. When the last flashing dot disappeared from the Finger Spiritual Jade, Yun Feng suddenly stopped!

"Fengfeng?" Qu Lanyi was confused, and so was Mu Canghai. "Did something happen?"

Yun Feng looked at the Finger Spiritual Jade with a serious expression. The four flashing dots all disappeared. There couldn't be any mistake with the Finger Spiritual Jade. That could only prove one thing. Those four summoners were all dead in this space!

“The other four are very likely dead.” Yun Feng showed the Finger Spiritual Jade. Qu Lanyi was enlightened, while Mu Canghai looked even colder. “Their auras have all disappeared in such a short time. Perhaps...”

Qu Lanyi’s face darkened. “No matter what, we can’t let the others get there first!”

Yun Feng immediately nodded. The three of them immediately sped up! Someone must have followed them in through a special method. She didn’t need to think to know who that person was! Yun Feng stared ahead with her black eyes. The place where the abnormality in that space was happening wasn’t far away!

“They’re here!” Mu Canghai’s cold voice came. Then, he turned around and his gray eyes suddenly brightened. The space in the distance suddenly distorted! And in an instant, a dense black color slowly seeped through the distorted space. After the black color passed through the distorted space, it suddenly fused together!

“What an annoying stalker.” Qu Lanyi looked at the figure in front of him, who was completely wrapped in a robe. He immediately stopped with Yun Feng. The three of them stood in the sky, while the man in the hood chuckled. “No matter how careful I am, I’m still discovered. How boring.”

“Your goal is indeed the giant beast here,” said Yun Feng coldly. The man in the hood burst into laughter. He extended his pale arm and caressed his pale face with his bone-like fingers. His scorching gaze shot straight at Yun Feng through the hood.

“Yun Feng, you’ve ruined my business once. There won’t be a second time.”

“Do you think you can beat the three of us?” Qu Lanyi sneered. The man in the hood smiled quite happily after hearing that. “One against three. I’m not so stupid.” As soon as he said that, the man in the hood dug his fingers into his robe, and Yun Feng wouldn’t let him use any more tricks!

“Swish...”

Yun Feng rushed over at a speed that couldn’t be seen with the naked eye. She clenched her fists fiercely and gathered all her strength here. This time, she was going to cripple this disgusting man completely! He wouldn’t even have the ability to escape!

“Boom!”

Yun Feng’s heavy punch smashed into the body of the hooded man in an instant, but the man didn’t look in pain at all. Yun Feng only felt like all her strength hit a ball of soft cotton and all her strength was instantly resolved!

Yun Feng’s face turned cold as she turned her fist into a palm! Her five slender fingers that carried incomparable power grabbed inwards fiercely!

It missed!

“Hahahahaha!” Seeing Yun Feng’s shocked expression, the man in the hood burst into a series of delighted laughter. His robe suddenly rose and rolled towards Yun Feng in an instant. Yun Feng retreated quickly as she flipped her hand and the wand her master gave her appeared! “Wind Blade!” As

Yun Feng shouted, dense wind element instantly appeared. The robe that the man in the hood waved was instantly torn by the wind element!

The man in the hood immediately stepped back and looked at the wand in Yun Feng's hand with an even more scorching gaze. His tongue that looked like a snake's slowly crawled out and licked his dry lips. A deep greed spread out from his body!

"A wand at the Lord Level... Yun Feng, how many good things are you hiding on you? I can't wait."

Qu Lanyi and Mu Canghai came to Yun Feng's side. Mu Canghai looked very serious. "The spatial fluctuation is unusually strong. If we delay any longer, there's very likely to be an accident!"

"This time, I'll bury him here!" Qu Lanyi gritted his teeth and said. Yun Feng immediately knew what he was going to do and grabbed his hand firmly. "He came to this space without being discovered by anyone, which proves that he still has a trump card! And this time, he must be fully prepared, or he wouldn't be so fearless!"

Chapter 930: The Hooded Man Appears (3)

One against three. Qu Lanyi was the nemesis of the man in the hood. Yun Feng didn't feel the slightest fear when she fought with the man in the hood just then. The last time the man fought with Qu Lanyi, he tried his best to save his life, but this time, it was the opposite! He was unusually calm!

"Howl..."

Suddenly, an extremely violent and furious roar came faintly from the depths of the space. Yun Feng's expression changed! It seemed that the giant beast had completely woken up!

"Get out of the way!" Mu Canghai suddenly shouted and pushed Yun Feng to the side fiercely. Qu Lanyi quickly caught Yun Feng and the two of them quickly retreated to the side. Mu Canghai also retreated to the other side quickly. A certain part of the space suddenly shattered and the entire space shook fiercely with the collapse!

"Hahaha, hahaha!" The man in the hood laughed crazily, as if he had gone mad. His eyes covered by the hood stared at the crack firmly. His body didn't show any intention of dodging at all! And the torn space crack suddenly expanded in the next second! An endless distorted suction force swallowed everything around crazily!

"What powerful spatial power!" Yun Feng was protected in Qu Lanyi's arms and felt the completely distorted space. As a Lord, she would be sucked into it without any resistance if she encountered it head-on! The man in the hood was in the center of the distorted space. The terrifying suction force pulled his body and the robe over!

Yun Feng listened to the crazy laughter of the man in the hood. There was endless pride and madness in his laughter. If he was sucked in, he would only die! When the distorted power of space reached the top, an extremely huge head jumped out of the crack!

The hooded man's body was pulled over crazily and his arm suddenly reached out of the robe!
"Hahahaha, I've finally got you!" Thick black elements surged out of the hooded man's body crazily and directly penetrated the giant beast's head!

"Roar, roar..." The giant beast that was invaded by the dark elements howled crazily and let out a painful roar. Its head swayed left and right crazily, as if it wanted to get rid of this crazy torture. The man in the hood laughed and the dark elements pounced even more crazily!

Everything happened in an instant. The black elements grabbed the giant beast's head like a giant hand and quickly penetrated it! Yun Feng only saw that the giant beast's eyes were instantly dyed black after the invasion of the dark elements!

After the eyes of the giant beast turned black, the entire body of the hooded man instantly disappeared, leaving only his robe fluttering down!

"Roar..." The giant beast's head instantly broke free and raised high. A furious roar that had been suppressed for a long time came from its body. It stared at Yun Feng with its pure black eyes!
"Summoner... Summoner!"

A powerful wave of hatred pounced on Yun Feng. Qu Lanyi and Mu Canghai both changed their expressions. Qu Lanyi immediately pulled Yun Feng behind him. "Old man! You can't hurt her with me here!"

"Give me your life! Summoner!" The giant beast's incomparable hatred didn't reduce at all. Its gaze only locked onto Yun Feng! "Hahahaha, Yun Feng! I'm taking your life!" The hooded man's strange and hoarse voice suddenly sounded. Yun Feng narrowed her eyes and finally saw clearly that half of the hooded man's body was standing in the middle of the giant beast's head, and his lower body seemed to have merged with the giant beast!

"He's the one who did this. We just need to pull him off the giant beast's head!" Yun Feng whispered coldly as she raised her arm. Three beams of light flashed out of the Ring of Contract! The moment Lan Yi and Little Fire appeared, they both took the form of Magic Beasts. The griffin and the Fire Cloud Wolf pounced forward fiercely. When the giant beast saw the appearance of the contracted Magic Beasts, the anger in its heart seemed to be aroused to the peak!

When Yaoyao's blue eyes saw the giant beast in front of her, the blue light in her body shone brightly and the ancient power burst out. The mature and patient Yaoyao swung her long blue fishtail hard and joined the battle!

The space crack that was forcibly opened by the Magic Beast suddenly shattered even bigger. The body below the head of the giant beast seemed to be struggling to get out, but as it kept expanding, the terrifying suction force of the space crack also increased abruptly!

"This can't go on! I'll be pulled in by this suction force if I'm not careful!" Qu Lanyi protected Yun Feng and avoided the attack of the suction force. The current situation was very unfavorable for Yun Feng. The hooded man and the giant beast inexplicably merged, as if the giant beast was under control. At the same time, she had to be careful of the suction force caused by the collapse of space!

“If we drag it out, this space will also be destroyed!” Mu Canghai rushed to Yun Feng’s side and his gray eyes narrowed. Right now, any trace of spatial fluctuation couldn’t escape Mu Canghai’s eyes! Only he could make the most accurate judgment of space!

“The only way now is to force it back!” Yun Feng’s black eyes suddenly brightened. The three contracted Magic Beasts were entangled with this giant beast. The giant beast’s body was stuck in the spatial crack and it wasn’t very convenient for it to move, but it actually fought without losing!

Once the giant beast broke free from the spatial crack, all of them would be sucked in by that terrifying suction force and their bodies would be shattered in an instant! The only feasible solution right now was to make this giant beast completely quiet down!

Yun Feng clenched her fist and flipped her hand quickly. The ring that her master left for her appeared. Yun Feng slowly closed her eyes and her mental strength instantly penetrated that ring. All sounds in the outside world were automatically blocked!

It was that heavy fog again. Yun Feng moved forward without hesitation this time until a huge wooden stake appeared in front of her. Without any hesitation, Yun Feng patted it fiercely with her fair hand!

“Crack, crack, crack, crack!” A series of sounds broke the silence!

Countless wooden stakes rose from the ground in front of Yun Feng. The thick fog dispersed and a heavy breath suddenly sounded. Yun Feng’s body rose into the sky the next second and the sharp claws hit the middle of the wooden stakes fiercely again!

“Human!” A deep voice roared. The wooden stake kept making banging sounds, but it didn’t move at all. The huge sharp claws retracted again. With the heavy fog around, Yun Feng still couldn’t see what was locked behind the wooden stake, but she was about to see it!
