

## Summoner 941

### Chapter 941: The Deal with Ling Tiansu (3)

“Then what’s wrong with Ling Tiansu?” The Bright Moon Hall’s Master was confused. “Why is his attitude towards Yun Feng so different?”

The Thousand Snow Hall’s master’s brows moved slightly. “It’s not so much the difference between the beginning and the end. It’s more like something happened just then that made Master Ling be controlled by Yun Feng.”

“Hm! That Yun Feng is indeed something.” Wrinkles appeared on the dry face of the Ancestral Forest Hall’s Master and his expression was a bit distorted, as if the thoughts in his mind were destroyed one after another and he was very unwilling to give up.

“That girl is indeed not simple.” The Bright Moon Hall’s Master seemed to be deep in thought. The eyes of the Thousand Snow Hall’s Master glittered. Thinking of Mo Changge’s comments about Yun Feng, the Hall Master also had a plan in his mind.

Ling Tiansu followed Yun Feng closely behind, as if he was afraid that she would get lost. Ling was a bit surprised to see the leader of the Ling family like this, but Yun Feng didn’t seem to care at all. She walked in the front, while Ling Tiansu behind her was like a little tail.

“Miss Yun, are you alright?” asked Ling with concern. Yun Feng shook her head. “I’m fine, but the fate of those four summoners was indeed a bit tragic.” The four of them died in the hands of the hooded man. They hadn’t even seen the face of the giant beast. Their deaths were indeed a bit tragic.

“As long as you’re fine, Miss Yun,” mumbled Ling. Yun Feng didn’t seem to hear him. Ling sent Yun Feng to her room and looked at Ling Tiansu, who had been following her, with a weird look. Yun Feng chuckled when she saw Ling’s expression. “I have something to say to Master Ling.”

Ling nodded. “Master Ling, please come over after talking to Miss Yun.”

Ling Tiansu nodded with a tight face and left elegantly. Yun Feng was the only one left in this building, so it was much quieter. The two of them stood in the corridor. Yun Feng chuckled. Ling Tiansu couldn’t hold it in anymore. “Yun Feng, what’s going on between you and Lord Yao Guang?”

“It’s a long story. Besides, I don’t have to tell you everything.”

Ling Tiansu clenched his fists so hard that blue veins appeared! He really wanted to teach this ignorant young girl a lesson, but Lord Yao Guang’s words were so obvious. Besides, Lord Yao Guang was still in her hands. He couldn’t do anything at all!

“Yun Feng, don’t be too proud!”

Yun Feng smiled. “Master Ling, is that what you wanted to say?”

Ling Tiansu’s face cramped again and his temples pounded fiercely. “For Lord Yao Guang’s sake, I won’t argue with you! Since Lord Yao Guang is in your hands, you must go back to the Ling family with me!”

“That’s impossible.” Yun Feng replied to Ling Tiansu directly. Ling Tiansu was immediately enraged!

“Yun Feng! Do you really think I don’t have a way to deal with you?”

Yun Feng raised the corners of her mouth. “I don’t care what you do to me. Let me tell you, it’s impossible for me to go back to the Ling family with you!” Go back to the Ling family? What a joke! She still had to go to the Central Continent. She didn’t have time to care about the Ling family’s business. Besides, Senior Yao Guang would leave after he recovered. She had nothing to do with the Ling family at all!

“If you don’t go back, I’ll tie you up even if I have to!”

“Alright, let’s give it a try!” Yun Feng had never been amenable to threat or imploring. She would do what she believed in, no matter what you said! The Yun family’s matter was the first priority right now. Everything else had to be taken back!

Ling Tiansu was a bit speechless by Yun Feng’s stubborn personality. He had to ask Lord Yao Guang to go back to the Ling family no matter what. He had to ask Yun Feng to go back to the Ling family with him no matter what!

“Alright! What conditions do you have?” Ling Tiansu changed his way of negotiating with Yun Feng, but Yun Feng didn’t appreciate it. “Master Ling, you don’t have to worry about it.”

Ling Tiansu held a few breaths in his mind. Seeing that Yun Feng was still like this, his stomach couldn’t help but churn! However, as the leader of the Ling family, Ling Tiansu wasn’t an ordinary person. After pondering carefully for a while, he looked at Yun Feng thoughtfully.

“Do you want to go to the Central Continent?”

Yun Feng was shocked in her mind, but she didn’t show it on her face. Seeing Yun Feng like this, Ling Tiansu was even more certain of what he was thinking in his mind. His tone couldn’t help but become lighter. “Do you think you can go to the Central Continent just because you want to? If that’s the case, the three Hall Masters wouldn’t have stayed here! Even though the Central Continent is in the same world as the East Continent, the outermost area of the Central Continent is full of distorted space! Without the ability to open the space channel forcibly, you can’t go to the Central Continent at all!”

Yun Feng’s black eyes darkened. The ability to open a spatial channel?

“Do you think you can open the spatial channel after reaching the Lord Level? The three Hall Masters have been in the Lord Level for many years, but they still can’t open the spatial channel even with their combined strength. Even though your potential is pretty good, your ability to control space isn’t determined by your strength.”

Ling Tiansu was right. Yun Feng had never thought that the Central Continent would be so free to come and go, or that continent wouldn’t be so mysterious. Now, Ling Tiansu’s words confirmed Yun Feng’s original idea. She indeed needed some special means to go to the Central Continent.

“If you want to go to the Central Continent, the Ling family can help you.” Ling Tiansu stared at Yun Feng firmly. “As long as you’re willing to go back to the Ling family with me, I can send you to the Central Continent. How about that?”

Yun Feng remained silent. This was a pretty good condition. It seemed that she couldn't open the passage to the Central Continent right now, and no one on the East Continent except the Ling family had such an ability. If she relied on her own cultivation to open the passage, she didn't know how many years it would take. She could afford to wait, but the unknown situation of the Yun family on the Central Continent still made Yun Feng anxious.

Seeing that Yun Feng was still silent, Ling Tiansu couldn't help but feel anxious. Did he guess it wrong? Yun Feng didn't have any intention of going to the Central Continent?

Yun Feng slowly raised her head and looked at Ling Tiansu with a smile. "Master Ling is right. I want to go to the Central Continent. If I can get your help, I won't miss it."

The expression on Ling Tiansu's face immediately eased up. Before he could heave a sigh of relief, he heard Yun Feng say again, "However, Master Ling's attitude towards me makes me very skeptical. How sincere are you?"

#### **Chapter 942: The Deal with Ling Tiansu (4)**

Ling Tiansu immediately frowned. "What do you mean? I've always been a man of my word!"

Yun Feng smiled gently and didn't say anything. Ling Tiansu couldn't stand it at all. "Alright, what do you think we should do?"

Yun Feng's black eyes glittered and her red lips curled up. "Of course, I want Master Ling to give me something. After all, it's quite dangerous to go back to the Ling family with you, isn't it?"

Ling Tiansu's face darkened. Yun Feng! She wanted to bite him back at this moment! However, he couldn't avoid this bite. He would probably have to cut off a piece of his flesh fiercely!

After thinking for more than ten seconds, Ling Tiansu finally gritted his teeth hard. Yun Feng clearly saw his teeth move fiercely. Ling Tiansu seemed to be looking for something. He casually flipped his hand and took it out, holding it tightly in his hand. "Take this dimension token." Ling Tiansu handed the token to Yun Feng with an obviously painful expression.

Yun Feng took the space token. She only felt a clear coldness coming out of the jade pendant and a faint feeling of the power of space. Yun Feng knew that this must be a precious item. If it weren't that he was in a dilemma, Ling Tiansu wouldn't have taken it out.

"This is a space token that belongs to the leader of the Ling family. As long as you have this, nobody in the Ling family can touch you except me."

Yun Feng raised her brows. A badge that was below one person and above thousands of people? This thing was just a guarantee. It was also to show Ling Tiansu's sincerity. As for whether the Ling family would abide by the rules, Yun Feng didn't care at all. With Yao Guang's protection, Ling Tiansu wouldn't dare to do anything to her, but it didn't mean that the other members of the Ling family would know how to suppress themselves like Ling Tiansu. Yun Feng wasn't worried either. Once they fought, it was hard to say who would suffer.

“Alright, I’ll take this pendant first.” Yun Feng twisted her wrist gently and the dimension pendant had already disappeared. Ling Tiansu’s face became much more tense. “Master Ling, don’t worry. I’ll return it to you when I leave.”

“Humph! I don’t think you dare to take it for yourself.”

“Master Ling, why did you ask me to go to the Ling family? Do you want the members of the Ling family to meet Senior Yao Guang?”

Ling Tiansu’s face darkened. “You don’t have to ask about this. Just go back with me! Don’t worry. The Ling family doesn’t have any other thoughts about you.”

Yun Feng chuckled. “In that case, I was worrying for nothing. Master Ling, let me know when you’re leaving. I need to rest right now.”

Ling Tiansu pursed his lips and looked at Yun Feng with fury in his eyes, while Yun Feng looked at him with a smile. In the end, Ling Tiansu flicked his sleeve fiercely and left. Yun Feng instantly pushed the door open coldly and entered. Qu Lanyi and Mu Canghai immediately came out of the Dragon Palace.

“You’re going to the Ling family?” Mu Canghai glanced at Yun Feng. Yun Feng rubbed her shoulders and walked to the window. She looked at the quiet Thousand Peak City thoughtfully. “If I want to open the spatial channel, Senior Yao Guang’s ability is enough.” Mu Canghai looked at Yun Feng, knowing that she would understand this.

Yun Feng curled her lips. Qu Lanyi rolled her eyes at Mu Canghai. “Fengfeng certainly knows that, but Yao Guang is still very weak. It won’t be a problem for him to open a space channel, but it can’t be done right now.”

Mu Canghai wanted to say something, but Yun Feng turned around. “You can’t either. Even though you inherited some of Senior Yao Guang’s abilities, Ling Tiansu is better at controlling the power of space than you are.”

Mu Canghai didn’t say anything. Yun Feng was right. Even though he inherited Yao Guang’s spatial ability, it was only a small part. In comparison, Ling Tiansu was better at this. After all, he was the leader of the Ling family.

“Even though I can help you, it’s still difficult to open the spatial channel even if the three of us work together. Besides, I have to send you there safely.” Qu Lanyi’s face darkened slightly. He didn’t want Yun Feng to step into the Ling family either. There would probably be trouble in the Ling family again, but Yun Feng was going to the Central Continent. The Ling family was the only one who could help her right now.

Even the three Hall Masters didn’t have this ability. Yun Feng, Qu Lanyi and Mu Canghai together were barely enough. Even if they forcefully opened a passage, if they couldn’t maintain the stability of the passage, Yun Feng wouldn’t be able to reach the Central Continent safely. If something went wrong in the middle, wouldn’t it be too late for regret?

Yun Feng didn’t agree with Ling Tiansu because of the spur of the moment. She only considered agreeing to Ling Tiansu’s request after thinking about it and making comparisons. Besides, Yao Guang

seemed to have a lingering relationship with the Ling family. It wasn't strange for her to go to the Ling family this time.

"That's true, but is the Ling family trustworthy..." Mu Canghai was still a bit worried. As Yun Feng became stronger, the people she faced would also be more complicated. Coupled with the relationship with Yao Guang, the Ling family had a lot of negative feelings for Yun Feng. Master Ling also gnashed his teeth earlier. Now that Yun Feng went to the Ling family, something might happen.

"Whether or not it's trustworthy, I must go there this time." Yun Feng looked at Mu Canghai firmly. Mu Canghai could only sigh helplessly. Qu Lanyi got up and walked to Yun Feng, pulling her into his arms gently. "That's right. Even if it's a tiger's den, I must go there this time."

Yun Feng's lips curled up slightly. If the Ling family was rude to her, she certainly didn't have to be polite either.

The matter with the Summoning Union was over. Out of the five summoners, only one survived. They suffered a huge loss. Yun Feng's subsequent actions received a lot of attention. Ling of the Summoning Union wanted Yun Feng to stay for a while longer. They were still tracking the whereabouts of that giant beast. The Summoning Union wanted to rope Yun Feng in to the upper echelons. After all, multi-element summoners weren't that common.

The three Hall Masters had the same thought. It was just that the Master of the Ancestral Forest Hall was a bit embarrassed after having a few clashes with Yun Feng. However, when he thought that the Yun family of Jushui Town was in his territory, the Master of the Ancestral Forest Hall was delighted from the bottom of his heart. As long as the family was in his territory, would he be afraid that she would fly away?

Compared to the current mentality of the Master of the Ancestral Forest Hall, the Master of the Bright Moon Hall and the Master of the Thousand Snow Hall more or less had some confidence in their minds. The Master of the Bright Moon Hall had helped Yun Feng a lot, so Yun Feng certainly would appreciate it. And this time, the Master of the Thousand Snow Hall relied on the inexplicable relationship between Mo Changge and Yun Feng to get this summoner through his brother, and Mo Changge was certainly happy to help.

### **Chapter 943: How Can I Let You Run Away From My Sight Again (1)**

After the Summoners' Convention ended, Yao Man was sent back to the Thousand Snow Hall. Trouble came one after another on the Yao family's side. Mo Changge cut off his relationship with Yao Man as he wished. He was delighted in his mind and didn't want to leave first, because there was still someone he cared about in his mind, Yun Feng.

Originally, outsiders couldn't stay after the convention ended, but Mo Changge's identity was different. As the brother of the Thousand Snow Hall's Master, he stayed. The Summoning Union couldn't embarrass the Thousand Snow Hall's Master, so they acquiesced. After the matter of the giant beast ended, Mo Changge also jumped out, which surprised Yun Feng.

"I thought you went back," said Yun Feng casually as she looked at Mo Changge, who came uninvited. At this moment, the two of them were in a tavern in the Thousand Peak City. Since the city was still closed, there weren't many people at all. The tavern, which had always been noisy, was unusually quiet at this moment. The two of them were sitting by the window, looking very relaxed.

Mo Changge invited Yun Feng out because he wanted to have a date with her alone. Ling and Qu Lanyi certainly couldn't be the third wheels, so Mo Changge found some trouble, making Ling unable to do anything. As for Qu Lanyi... It was because of Yun Feng. Knowing that Mo Changge was looking for her, he let Yun Feng go to the meeting alone out of politeness.

"You're still here. I certainly can't leave." Half of Mo Changge's handsome face was covered by his black hair, and the peach-blossom eyes on the other side were glittering with an inexplicable luster. When the two of them came in just then, the little girl at the bar completely blushed and was very shy under Mo Changge's smile.

Yun Feng automatically filtered the peach-blossom eye that was emitting electricity and looked normal. "You're not leaving because you don't want to go back to face the Yao family alone. Yao Man is really infatuated with you."

At the mention of Yao Man, a hint of disgust appeared on Mo Changge's face. "Yun Feng, it's rare for us to be alone. Why do you have to mention her to me?"

The corners of Yun Feng's mouth curled up slightly. "I've always been curious. Why did you appear on the East Continent, and in such a place?"

Mo Changge chuckled and supported his chin with his beautiful hand. He looked at Yun Feng with his peach-blossom eyes. "Don't you think it was fate that we met there?"

Yun Feng smiled lightly. "If it's really fate, I won't let you live." The place where Mo Changge appeared wasn't ordinary. It was the Yun Palace that buried the secrets of the Yun family!

"Tut-tut, beauty, you're truly ruthless. To think I've always remembered you." Mo Changge was still smiling and didn't change what Yun Feng said just then. Yun Feng smiled again. "I almost forgot about you."

Mo Changge's temples throbbed a few times. Facing Yun Feng, his manly charm directly dropped to zero. He even doubted if this beautiful girl in front of him was a woman!

"Tell me. Why did you come to find me today? I don't like beating around the bush." Yun Feng's expression turned cold. Mo Changge snorted in boredom and then winked at Yun Feng. "The colder you are to me, the more I'll care about you."

Yun Feng's expression completely froze for a moment. Mo Changge caught it and laughed happily. "Hahaha! What a simple personality."

"If you have something to say, just say it. I don't have time to chat with you." Yun Feng looked at Mo Changge coldly with her black eyes. Mo Changge nodded with a smile and wasn't affected by Yun Feng's expression at all. To be exact, he had always been living in his own world.

"It's very simple. Brother asked me to ask you if the Yun family intends to join the Thousand Snow Palace."

What Mo Changge said simply exposed the thoughts of the Thousand Snow Hall's Master. If the Hall Master heard that, he would probably be enraged. He repeatedly demanded Mo Changge to beat around the bush, but he didn't expect that instead of beating around the bush, his brother would be so straightforward!

"You're quite straightforward." Yun Feng also smiled. Mo Changge looked indifferent. He had never cared about such things. That was his personality. Otherwise, he wouldn't have wandered around and even came to the East Continent.

Yun Feng didn't answer Mo Changge's question immediately. Mo Changge chuckled. "As far as I know, the Yun family is now in Jushui Town, which is under the jurisdiction of the Ancestral Forest Hall. That's why that skinny old man, the Master of the Ancestral Forest Hall, is so fearless. However, with his unpredictable personality, you won't let the Yun family stay in the Ancestral Forest Hall for a long time, will you?"

Yun Feng raised her brows and glanced at Mo Changge. Mo Changge continued, "If I were you, I would rather choose a more stable environment than letting the Yun family stay in the Ancestral Forest Hall. That old man, the Master of the Ancestral Forest Hall, isn't a good person."

Yun Feng chuckled. Even though Mo Changge didn't care about these things, he saw through them clearly. The Master of the Ancestral Forest Hall was indeed not a good person. Judging from his mentality of spying on Yaoyao, Yun Feng considered him an enemy. The Yun family certainly couldn't stay in the Ancestral Forest Hall for long and the Ancestral Forest Hall could forget about using the Yun family as a pawn!

Seeing that Yun Feng was still silent, Mo Changge wasn't in a hurry. He leaned back. "The Thousand Snow Hall is not bad. My brother said that if the Yun family has the intention to join us, you can ask for anything."

"The Thousand Snow Hall's Master is quite generous."

Mo Changge pursed his lips. "I don't know if he's generous or not, but Brother always keeps his word. The Yun family won't suffer any loss in the Thousand Snow Hall at all."

Yun Feng glanced at Mo Changge. "How about the Yao family? The Yao family must be holding a grudge against me right now. Yao Man lost such a precious contracted Magic Beast and her body was severely injured. Once the Yun family enters the Thousand Snow Palace, I don't think the Yao family can accept it calmly."

"The Yao family? The Yao family is nothing! You want to climb up the ladder through that disgusting woman? Look at yourself!" Mo Changge's face instantly turned cold. He was very angry with Yao Man in his mind. "Brother has also considered this. Brother said that the Yao family isn't a problem at all."

Yun Feng smiled gently and fell silent again. Seeing that Yun Feng still didn't make a clear statement, Mo Changge put his fingers together leisurely. "I know that the Bright Moon Hall is the most suitable choice for you right now. The Hall Master must have helped you a lot. That person's personality... isn't bad."

Yun Feng glanced at Mo Changge in surprise. Was he speaking up for the Bright Moon Hall right now?

“I’m not putting in a good word for the Hall Master. If I were you, I would also choose the Bright Moon Hall, but there’s one thing that the Bright Moon Hall can’t give you, which is an absolutely free position!” Mo Changge looked at Yun Feng with his beautiful peach-blossom eyes. This was the first time Yun Feng saw this man so serious. His eyes were clear and the color of his pupils was actually dark brown.

#### **Chapter 944: How Can I Let You Run Away From My Sight Again (2)**

“The Yun family doesn’t need anyone to give us freedom,” said Yun Feng casually. Mo Changge smiled. “Haha, I certainly know that, but once the Yun family joins the Bright Moon Hall, the Hall Master will never let go. You know that very well.”

Yun Feng remained calm. Mo Changge had a good personality. “I heard that the Bright Moon Hall has a rising star right now who used to have a lot to do with you.”

Yun Feng raised her brows slightly as a name flashed through her mind. Was it him?

“Yan Ming, the illegitimate son of the Yan family, was once your fiancé?” A glint flashed through Mo Changge’s peach-blossom eyes. It was so fast that nobody noticed it. Yun Feng was stunned for a moment and then shook her head helplessly. She didn’t expect the deal between the two of them to be so heated right now. Her fiancé? That was just a smokescreen.

Yun Feng didn’t say anything. Mo Changge’s expression changed slightly. “Is he really your fiancé?”

Yun Feng chuckled. “Does it have anything to do with you?”

Mo Changge narrowed his beautiful peach-blossom eyes and his tightened body slowly relaxed. His beautiful thin lips curled up slowly and he gently combed his soft black hair with his finger. “I guess you’re taking what you need from him. Even though he’s thriving right now, he’s not good enough for you.”

“There’s no such thing as being good enough in this world.” Yun Feng looked at Mo Changge. She had never belittled anyone easily, and she had never thought that status could determine a person’s level. “He’s indeed a capable person. I’m impressed by his current achievements.” Who would have thought that the illegitimate son of the Yan family, who had been bullied back then, would become the Hall Master’s right-hand man now?

It had been a long time since she last saw him. Logically speaking, even if such an outstanding person was still carrying the title of an illegitimate son, nobody would dare to look down on him. Many women would certainly rush to him. Was he still not married?

“That kid is quite infatuated with you. He’s already twenty-five or twenty-six years old right now and he’s still unmarried. It seems that he’s never had a woman before.” Mo Changge looked at Yun Feng with an inexplicable gaze, while Yun Feng was a bit embarrassed. “Many people outside say that he’s a eunuch. Some also say that he actually likes men.”

Yun Feng really didn't know whether to laugh or cry. However, it was indeed a bit suspicious that he wasn't married at the age of 25 or 26. "He's a very ambitious person," Yun Feng replied indifferently, while Mo Changge burst into laughter. "Yun Feng, Yun Feng, how many men do you want to hurt?"

Yun Feng frowned. The corners of Mo Changge's mouth revealed a hint of bitterness, which then immediately disappeared. "Speaking of which, Yan Ming is the Hall Master's bargaining chip. He wants to rope you in with your relationship with Yan Ming. Do you think the Hall Master won't do anything if the Yun family enters the Bright Moon Hall?"

Yun Feng looked at Mo Changge deeply. Mo Changge shrugged. "What's your conclusion?"

It was fine if Mo Changge didn't say anything, but he was so thoughtful when he did. Yun Feng indeed wanted the Yun family to rise, but she was going to the Central Continent next. It was unknown when she would come back. After she left, the Yun family on the West Continent would become everyone's eyesore if they didn't have a powerful support. And this support couldn't restrain the Yun family. It couldn't use the Yun family as a bargaining chip to threaten her!

The Bright Moon Hall was indeed a good choice, but if the Hall Master made a move and insisted on implicating the Yan family and the Yun family, the Yun family would definitely fight back fiercely. Yun Feng didn't want to make enemies for the Yun family at this moment. The Yun family needed time to develop. The peaceful environment was indeed as Mo Changge said. Only the Thousand Snow Hall could provide it.

"Brother said that as long as the Yun family wants to come to the Thousand Snow Hall, nobody will disturb the Yun family. You can talk to my brother directly if the Yun family needs anything."

This was an extremely high treatment. The Thousand Snow Hall's Master could guarantee that no family would provoke the Yun family. Even though Yun Feng didn't know much about the situation of the Thousand Snow Hall, the Thousand Snow Hall's Master must have extraordinary means to be able to become the Hall Master at such a young age.

"You don't have to make a decision right now. Brother said you must consider this matter carefully. There's no rush." Mo Changge said with a smile, but Yun Feng felt that the Hall Master was a meticulous person. He seemed to have expected everything and knew that he couldn't rush her at this moment.

"Alright, I appreciate the Thousand Snow Hall's Master's kindness."

Mo Changge nodded. "Alright, now that we're done with business, we can talk about personal matters."

Yun Feng frowned. "Personal matters?" What personal matters did she have with Mo Changge?

Mo Changge's beautiful eyes were full of smiles. "That's right. It's a private matter between us."

"Mo Changge, there doesn't seem to be any private matters between us."

Mo Changge shook his head with a faint smile on his handsome face. "Are you going to the Central Continent next?"

Yun Feng's face immediately turned cold. How did he know? Seeing Yun Feng's expression, Mo Changge was even happier. "I was right. You're as unstable as I am."

“You’re wrong. We’re not the same kind of people. I’m going somewhere, not for sightseeing.”

The smile on Mo Changge’s face didn’t diminish. “I certainly know that you have something to do. How about taking me with you? I promise I won’t hinder you. You just have to take me to the Central Continent.”

Yun Feng slowly narrowed her eyes. “Mo Changge, you’ve already planned this?”

“Um... Haha, you’re overestimating me if you say I had a plan. However, I’ve indeed wanted to go to the Central Continent for a long time. I went to the East Continent to see if there was a passage to the Central Continent, but unfortunately, I couldn’t find it.”

Yun Feng’s face couldn’t help but tighten a bit. He went to the East Continent for this? However, judging from his personality, he was indeed a person who liked to break in. “Don’t you know that the Ling family has this ability?”

“Of course I know that.”

“You’re the Thousand Snow Hall’s Master’s brother. For his sake, the Ling family won’t reject this request, right?”

Mo Changge shook his head helplessly after hearing that. “The Ling family is a rather petty family. They have such a special ability with space, so they certainly won’t use it casually, let alone creating a space channel forcibly. Even if my brother asks for it himself, that old man of the Ling family won’t agree.”

### **Chapter 945: How Can I Let You Run Away From My Sight Again (3)**

“So... you want to hitch a ride with me?”

Mo Changge smiled again. “Indeed. It’s just one more person. It’s nothing to you.”

Yun Feng got up. Mo Changge looked at her. “If you want to follow me, I can’t forbid you. However, if something happens to the Master of the Ling family or the Master of the Thousand Snow Hall, it’s none of my business.”

Mo Changge smiled happily after hearing that. He also stood up and extended his arm, as if he was going to hug Yun Feng. Yun Feng’s body flashed and avoided Mo Changge’s movement. Mo Changge didn’t mind that he missed. “I’m just expressing my gratitude. Don’t worry about that.”

Yun Feng nodded, then turned around and walked out of the tavern, ignoring Mo Changge behind her. Mo Changge stood there and looked at Yun Feng’s back. The joyful smile on his face just then gradually disappeared and the dark light in his peach-blossom eyes flashed. Then, Mo Changge raised his thin lips and picked up the cup on the table, finishing the wine inside in one gulp. A few drops slid down his round chin along his beautiful skin, making the little girl blush again.

“You’re the only one I like. How can I let you out of my sight again?”

After Yun Feng returned to her room, Qu Lanyi immediately pushed the door open and entered. Yun Feng only felt a gust of wind blowing past her, and then her entire body was swept into a warm

embrace. Qu Lanyi's warm chest wrapped around Yun Feng's body. Yun Feng smiled and leaned against him quietly.

"What did he say to you? Did the Thousand Snow Hall's Master want you to rely on him?" Qu Lanyi's voice was a bit muffled. Yun Feng nodded. She was a bit surprised that he wasn't jealous this time. The first thing he said was such an important and serious question.

"What do you think?" Qu Lanyi caressed Yun Feng's black hair with his hand and slowly slid it, as if he couldn't put it down.

"After I leave, the Yun family indeed needs a temporary support. The Thousand Snow Hall is indeed a good choice. Besides, the Thousand Snow Hall's Master is a meticulous person with a calm and steady personality. The Yun family will be fine under his protection."

"What about the Yao family? If the Yun family enters the Thousand Snow Hall, they'll be an outsider family. Will it raise the hostility of the local families?"

"I've thought about that too, and so has the Thousand Snow Hall's Master. He said it won't be a problem. Even though the Yun family might arouse the hostility of other families in the Thousand Snow Hall, it's better than the Ancestral Forest Hall."

Qu Lanyi nodded. He agreed with Yun Feng's choice. The Thousand Snow Hall was indeed the best choice right now. Even though the Bright Moon Hall wasn't bad, there were a lot of implications. Qu Lanyi caressed Yun Feng's smooth black hair with his big hand and held the girl in his arms even tighter. He slowly lowered his handsome face and breathed warm air behind Yun Feng's ears. Yun Feng felt a bit itchy and moved her head slightly.

"What else did he say to you, huh?" Qu Lanyi whispered as he wrapped his arms around Yun Feng and breathed. His voice was hoarse and low. The atmosphere suddenly changed. Yun Feng suddenly felt that the air was a bit hot.

"Nothing else," Yun Feng mumbled. Yun Feng didn't care about what Mo Changge wanted to do, but Qu Lanyi did. He exerted strength in his arms and picked Yun Feng up. Yun Feng cried out in shock. Qu Lanyi held her in his arms. He put one of his big hands around her waist and held her. The other held her back steadily.

"Fengfeng, what else did he say? Did he say he wants to follow you?" Qu Lanyi's handsome face approached bit by bit. The hand on Yun Feng's back also exerted a bit of strength to push her body down and get closer to him. Yun Feng put her hands on Qu Lanyi's shoulders and looked at his beautiful black pupils. She couldn't help but blush.

"Yes, he said he's going to the Central Continent. But his business has nothing to do with me. He can follow me if he wants."

Hearing Yun Feng's calm answer, Qu Lanyi couldn't help but smile. A pleasant laugh came from the depths of his throat. He leaned over and rubbed his handsome face against Yun Feng's cheek intimately. Yun Feng blushed. This move was too intimate and a bit childish.

Seeing Yun Feng's cheeks that were gradually turning red, Qu Lanyi smiled even more happily. He put her down, but didn't let go of her arm. "What are your plans after we reach the Central Continent?"

Yun Feng sighed. "The Yun family token has shattered. I don't know anything about the headquarters of the Yun family. The Central Continent is extremely mysterious. It must be a different world. More powerhouses will appear there and the situation will definitely be more complicated."

"The Central Continent is indeed mysterious. The method to go there is complicated enough. Opening a spatial channel is a hundred times, a thousand times more difficult than crossing the Ten Thousand Beast Mountain Range."

Yun Feng nodded. "I'm thinking that the all-powerful Lord Level experts on the East Continent might not be enough there."

Qu Lanyi smiled. "Fengfeng, don't you believe in yourself? Just treat it as a new starting point. Are you afraid that you can't surpass others?"

Yun Feng chuckled and winked at Qu Lanyi with a rare playful look. "I'm not afraid. You're here for me, aren't you?"

Such a playful move stunned Qu Lanyi. Then, he hugged her tightly. "Yes, that's right. You still have me. You must remember that I'm with you no matter what."

Yun Feng nodded and leaned her head in Qu Lanyi's warm arms, listening to his steady and strong heartbeat. "What will the headquarters of the Yun family be like? Who exactly does the Yun family on the Central Continent have? Will there be a lot of members of the Yun family there?"

Hearing Yun Feng's question, Qu Lanyi held her tightly. "We'll know when we go to the Central Continent. The Yun family must be extraordinary to have such a deep background."

Yun Feng nodded as strong anticipation surged in her heart. She would see with her own eyes what the Yun family on the Central Continent would be like this time!

Yun Feng originally thought that Ling Tiansu's patience could last longer, but after a few days, Ling Tiansu couldn't wait anymore. He found Yun Feng and said that he wanted to rush back to the Ling family immediately. When Ling Tiansu spoke, there was a hint of anxiety in his tone and there seemed to be a trace of anger hidden in his expression.

Yun Feng didn't bargain. The few days in the Thousand Peak City were enough for her to rest. She wanted to go to the Central Continent as soon as possible. It was time for her to set off for the Ling family. Ling Tiansu didn't object to Mo Changge's appearance, perhaps because the Master of the Thousand Snow Hall had told him so. Mo Changge followed her with a smile and ignored Qu Lanyi's sullen face and Mu Canghai's suspicious gaze from time to time.

#### **Chapter 946: How Can I Let You Run Away From My Sight Again (4)**

When the few of them left, the three Hall Masters naturally sent them off. The Hall Masters of the Bright Moon Hall and the Ancestral Forest Hall were a bit surprised to see Mo Changge go with them. The Hall Master of the Thousand Snow Hall still looked cold, but there was a hint of anticipation in his eyes. Ling also rushed over to send Yun Feng off. When he saw that Mo Changge was also here, Ling smiled elegantly. "Miss Yun, I'll definitely take good care of the Yun family. Don't worry, Miss Yun."

Qu Lanyi's face immediately darkened, and Mo Changge gritted his teeth. "What a good move. You're indeed a cunning fox!"

Yun Feng raised the corners of her mouth awkwardly and couldn't say anything. Ling Tiansu said anxiously that he was going to set off and didn't allow the others to speak. Yun Feng and the others were going to the Ling family. With Ling Tiansu leading the way, it would certainly be easier. With his control of space, it wouldn't be too much to travel thousands of miles in a day.

Along the way, Ling Tiansu frowned tightly and his fierce square face became even stiffer. A faint anger emitted from his body. Mo Changge was in the best mood. Seeing Ling Tiansu's expression, he whispered, "Something must have happened to the Ling family, or Old Ling wouldn't look like this."

Qu Lanyi glanced at Mo Changge coldly. "Humph. You only know how to gloat."

Mo Changge raised his head and looked at Qu Lanyi with his beautiful peach-blossom eyes. "Oh? I don't know anything about gloating. Can you give me a demonstration?"

"Alright, if something really happens to the Ling family, this trip won't be easy." Mu Canghai said coldly on the side, interrupting the two men who were about to fight. Yun Feng didn't notice the tension between Qu Lanyi and Mo Changge at all. She immediately said, "Indeed. I just hope that things won't be too tricky."

"No matter how tricky it is, it's none of our business," said Mo Changge indifferently. Qu Lanyi snorted. Indeed, even if something huge happened to the Ling family, it had nothing to do with Yun Feng. She didn't want to get involved in the Ling family's business, but there was always trouble for her.

The journey to the Ling family only took a few days. At Ling Tiansu's rocket-like speed, the Ling family was already in front of their eyes. This was an extremely hidden place. There were very strict restrictions around the space and ordinary people couldn't enter. No wonder the status of the Ling family was extraordinary.

After entering the Ling family's territory, what appeared in front of their eyes was like a small town. There were mansions, workshops, shops, everything. Making dimension containers and other related things were all the Ling family's ability. They had always been self-sufficient. This small town didn't lack anything and had everything.

This small town was like an independent kingdom. After Ling Tiansu entered the area, he went straight to the largest house in the town. That house occupied a huge area. It seemed to be the main mansion of the Ling family. Yun Feng and the others certainly followed him. Ever since Ling Tiansu came here, he didn't suppress the anger in his heart anymore. His square face was full of anger. When he rushed all the way to the entrance of the Ling family's mansion, Ling Tiansu had already let out a deafening roar!

"Where's that bastard? Come out!"

This roar spread throughout the entire mansion of the Ling family. Yun Feng only felt a commotion and a lot of people immediately appeared in the mansion of the Ling family. When the members of the Ling family saw the furious Ling Tiansu standing in the air, they all shouted in shock, "Master is back!"

Ling Tian looked around the main house with a fierce gaze, as if he couldn't find the person he was looking for. He landed in the Ling family's mansion furiously and Yun Feng and the others also landed on

the ground. The commotion in the main house of the Ling family was still going on. Many people were already rushing over one after another. Yun Feng and the others stood aside quietly. It was the Ling family's business right now. They could just watch on the side.

After a while, dozens of people had already rushed over. There were also a lot of members of the Ling family. Ling Tiansu was full of anger. He stood there without saying a word. The people who rushed over didn't dare to say anything either. They just stood aside quietly. Yun Feng saw all this in her eyes. As the leader of the family, Ling Tiansu's aura was extraordinary.

"Brother, brother, you're back!" At this moment, an anxious shout came from behind. Then, a middle-aged man flew out from behind and stood in front of Ling Tiansu.

Ling Tiansu glanced at him fiercely. "Tell me! What happened?"

"Master, you must stand up for us!" A sobbing voice came. Another woman squeezed out from the back of the crowd. She looked extremely haggard and her face was full of tears, looking very messy.

Ling Tiansu was already frustrated. Now that this woman was crying, he felt even more anxious. "Why are you crying? Tell me!"

The woman immediately shed tears. "Jiahua, Jiahua was almost beaten to death by him! He almost lost his life, Master!"

What he said made Ling Tiansu even more furious. The man next to him immediately said, "Brother! That bastard shouldn't have been spared back then. If you hadn't been merciful and let him live, he wouldn't have lived. And now, he has the face to come back! He even hurt Jiahua! Not only Jiahua, but also many children of the Ling family are injured. Brother, you can't indulge him this time! You must take that bastard's life!"

Ling Tiansu narrowed his eyes fiercely. "Although Jiahua's potential isn't the best, it's not bad either. With his ability, he was still severely injured and almost lost his life?"

"This... This... That bastard must've adopted an unscrupulous method. Otherwise, he wouldn't have been a match for Jiahua at all with his talent! Brother, you knew this back then!"

Ling Tiansu's eyes glittered. "When I came back just then, I found that the Ling family's highest alert was activated. Who gave the order?"

The man's eyes glittered. "It—it was me. But brother! Thanks to the highest vigilance, we could trap that animal, or he would have escaped! Now that the animal is trapped here, you only need to give the order and we'll definitely eliminate him! We can take revenge for Jiahua, brother..."

"Do I need you to teach me what I do?" Ling Tiansu suddenly shouted. The man immediately shut his mouth. The woman who was crying on the side immediately pulled the man's clothes and said with a sobbing tone, "Brother, I know this is wrong, but Jiahua is also an outstanding descendant of the Ling family. He was almost killed by that bastard. If Jiahua dies, won't the Ling family suffer a huge loss?"

**Chapter 947: How Can I Let You Run Away From My Sight Again (5)**

“The Ling family’s highest alert can only be activated when they encounter an unavoidable danger! And now, it’s activated for a descendant, Ling Jiahua, who didn’t have the ability to win. What do you think the Ling family is? Do you think you can activate the alert of the Ling family whenever you want?” Ling Tiansu’s eyes were spitting fire and the veins on his nose were protruding. The man immediately said reluctantly, “Brother, you’re protecting that bastard now! He has nothing to do with the Ling family anymore, right? Brother said it himself back then. And now, you’re teaching us a lesson for a bastard?!”

Ling Tiansu’s tense face darkened fiercely and he immediately swung his sleeve. “Ling Tianwei, you overstepped your authority and activated the Ling family’s alert. You’ll reflect on yourself for three hundred days behind closed doors! As for Ling Jiahua, he can’t blame anyone for his lack of skills! As for that bastard who was expelled from the Ling family, I’ll make my own decision!”

“Brother!” Ling Tianwei’s eyes widened and the woman next to him was even dumbfounded. “Master! How can you...”

“Why? Do I have to take revenge for Ling Jiahua every time he loses?” Ling Tiansu’s gaze made the woman’s face turn pale. She didn’t dare to say anything else. Ling Tianwei shouted indignantly on the side, “You’ve been biased towards that bastard since the beginning. Jiahua is the descendant of the Ling family. And you’re not taking his side!”

The expression on Ling Tiansu’s face became fierce again. “Don’t think I don’t know Ling Jiahua’s personality. He’s headstrong and self-righteous. If the Ling family is caught in trouble again and again because of such a descendant, I’d rather not have him!”

Ling Tianwei immediately fell silent. The woman next to him became even paler. The members of the Ling family, who were watching the drama on the side, seemed to be enjoying it. Yun Feng saw everything. There were also undercurrents in the Ling family, but could the animal they were talking about be...

Yun Feng had an idea. She looked at Qu Lanyi. Was he... Ling Xiaoyun?

Yun Feng only knew a little bit about Ling Xiaoyun. The abandoned son of the Ling family, Ling Xiaoyun, was truly unlucky. The Ling family threw him out of the house and left him to fend for himself. However, Ling Xiaoyun came to the East Continent instead. The members of the Ling family had never thought about this. Even though Ling Xiaoyun was a mage, he was still a loser to the Ling family because he didn’t have any understanding of the power of space. When Yun Feng met Ling Xiaoyun at the Masang School of Magic, she didn’t quite understand what Madman Ling meant, but she finally understood it now.

If he was the one who came back to the Ling family this time, he probably wouldn’t be here to catch up, but to let the Ling family understand how wrong it was to abandon him back then. He had already buried the seed of hatred in his heart a long time ago.

Yun Feng and Qu Lanyi looked at each other. Both of them had a rough idea in their minds. This Ling Jiahua wasn’t Ling Xiaoyun’s match, so he almost died. Ling Jiahua’s status in the Ling family was quite high. However, Ling Tiansu was much fairer. Only such a person could bear to abandon the bloodline of the Ling family just because he was a loser.

Ling Jiahua's father was forced to face the wall for three hundred days. He roared indignantly, "Brother! You're siding with that bastard! You're not protecting your own people!"

Ling Tiansu's thick eyebrows were tightly furrowed and his expression was twisted. The woman, who was crying miserably with a pale face, had already dared not to breathe loudly. She thought she could use this as an excuse to kill that bastard completely. Who asked him to hurt her precious son? She didn't expect the master to be so furious. After all, he was just a loser who was kicked out of the Ling family! She didn't expect the master to make such a decision!

The woman also understood that it was a bit too much to open the highest defense of the Ling family. The husband and wife were anxious to trap that bastard in a moment, so they overstepped their boundaries and used the power they couldn't use. Even though the master deserved to be angry, he was a bit too furious! Not only did he want to lock his brother up tightly, but he also made the husband and wife embarrassed in front of so many people. He hadn't even said anything about caring about Jiahua until now!

The woman's eyes were full of resentment, but she kept her head lowered and hid her emotions very well. The man was finally dragged away. Ling Tiansu frowned and said to the woman, "Go back and take care of the house. Tell the butler what you need. Let's go."

The woman nodded. When she stood up, she looked at Ling Tiansu with sorrow and anger. Ling Tiansu didn't care about it. He was very frustrated right now. Seeing that the matter had been resolved, the members of the Ling family also left quickly. After all, the master was very scary when he lost his temper. When Ling Tiansu lost his temper just then, nobody dared to persuade him.

The members of the Ling family retreated one after another, leaving the few people who seemed to be the butlers standing there. Ling Tiansu turned around and glanced at Yun Feng, who had been standing aside silently. He only felt even more frustrated in his mind. It was said that family scandals shouldn't be aired in public. Now, the Ling family's scandals had all been spread out.

Yun Feng slowly walked over and smiled at Ling Tiansu. "Master Ling, you don't have to worry about us. Just make some simple arrangements."

Ling Tiansu rubbed his eyebrows with his finger. "Chief Butler, arrange a quiet place for them. Nobody is allowed to disturb them, or they'll be expelled from the house!"

The butler was obviously stunned when he heard this. He couldn't help but look at Yun Feng a few more times. Yun Feng's smiling face wasn't dangerous at all. The butler was extremely suspicious in his mind. What did the master mean? And who exactly was this girl? Was she related to the three Hall Masters?

"Don't worry. The matter between us won't drag on for long. Don't wander around the Ling family during this period of time." Ling Tiansu stared at Yun Feng fiercely. Yun Feng chuckled. "Master Ling, don't worry. I'm not interested in your family matters."

"Humph!" Ling Tiansu grunted heavily with anger all over his face. Hearing what Yun Feng said, the butler and the others couldn't help but break out in cold sweat. This girl was too bold. What was even more amazing was that the master wasn't angry at all!

Ling Tiansu flicked his sleeve and left. The butlers all heaved a sigh of relief. Since he was the leader, they certainly had to be careful. The butler came up with a smile. "Madam, how should we address you?"

Yun Feng raised her brows. Madam? "I'm Yun Feng."

"Hehehe, since Master gave that order, he must value Madam Yun very much. Madam Yun, please come with me." The butler smiled warmly. Yun Feng didn't say anything. She followed the butler into the depths of the Ling family's mansion and kept walking inside.

## **Chapter 948: No (1)**

"Hm, Madam? What a good flatterer," Mo Changge whispered in disdain. He kept looking around with his peach-blossom eyes. The Ling family's mansion was very vast and had a lot of beautiful buildings. There should be more than a hundred members of the Ling family living here. "The Ling family. No wonder my brother is afraid of that old man," Mo Changge whispered as he sized them up. He met some young girls on his way. When the girls saw Mo Changge and Qu Lanyi, they couldn't help but blush. Even though Mu Canghai was a bit cold, he was also a handsome man. With three handsome men walking together, they were certainly very eye-catching.

The butler kept walking inside with Yun Feng. Yun Feng could see that he tried his best to choose some remote routes. He must have avoided most of the members of the Ling family. However, even though he avoided most of the people, they still met a lot of people on the remote routes. The young people was immediately curious when they saw a few strangers in the house. The butler walked inside with Yun Feng without looking sideways. Whispers could be seen everywhere.

Yun Feng secretly sized up the mansion of the Ling family and only felt that the Ling family was indeed extraordinary. They had many children and an extremely rich bloodline foundation. The background of the family must be the same. After walking for a while, she finally came to a quiet place. Just as Ling Tiansu said, this was a very quiet and cold place.

"Madam Yun, if you need anything, just tell him. He'll send it to you immediately. Even though this place is a bit remote, it's very quiet. Nobody will disturb you. Please rest well." The butler waved his hand and a middle-aged man immediately followed him and stayed. Yun Feng nodded and walked in without saying anything. The butler couldn't help but sweat again when he saw Yun Feng go in. He said to the man who stayed in a low voice, "Report to me if Madam Yun needs anything. Be smart."

The man immediately nodded. The butler then left with the others. Now that Yun Feng's arrival had more or less spread out, the members of the Ling family were all curious about what kind of person she was. Thinking of this, the butler felt a bit of a headache. There were a lot of young people in the Ling family. If those Young Masters and Young Ladies all came here, wouldn't it be a bad thing? Luckily, the master had ordered that whoever came to disturb them would be kicked out of the house, so they would stop.

Even though Ling Tiansu gave an order, young people were still young people after all. The curiosity in their minds could never be stopped, especially in a special place like the Ling family. It was rare for a guest to come and even move in.

After a few days of leisure, Yun Feng didn't release the three Magic Beasts. After all, there were many hidden dangers in the territory of the Ling family, especially when it had very strong control of the power of space. She shouldn't do anything big. There was a huge risk in releasing the contracted Magic Beasts.

During the few days of leisure, Yun Feng studied the potions again alone. She looked at the potion formulas left by her master and tried to make some a few times, but without Meatball's help, Yun Feng's failure rate was extremely high. In the end, she couldn't help but smile wryly. However, even if she failed, she couldn't stop just like that. She used the traditional method and continued to test.

Qu Lanyi accompanied her silently on the side, while Mu Canghai was recuperating. Last time, he consumed too much of his ability to maintain the space in the Giant Beast Space so that it wouldn't collapse and he also needed to recover. Mo Changge should be the most relaxed one. He couldn't calm down at all when he was free. In less than a day, he suggested going out for a walk.

Yun Feng only looked at him coldly. Mo Changge said with a smile, "Don't worry. Old Ling only said that nobody could disturb you, but he didn't say that they couldn't disturb me either. I'll go out for a walk. It wasn't easy for me to come to the Ling family. Wouldn't it be a pity if I don't look around? Do you want to come with me?" Mo Changge winked at Yun Feng with his peach-blossom eyes. Yun Feng turned around coldly. "Help yourself. Take care of the trouble yourself."

Mo Changge's expression froze, and then he smiled. "Alright, alright, I won't cause you any trouble." After saying that, he flashed and disappeared.

"Why did he go out?" Qu Lanyi looked at Mo Changge's back thoughtfully. This man was too active. Now that he was in the Ling family's territory, he didn't care about the consequences. His personality was truly unpleasant.

"Who knows? Just don't cause trouble for me," said Yun Feng indifferently. Qu Lanyi, on the other hand, frowned. Don't cause trouble? It should be very difficult.

A day passed, but Mo Changge didn't come back. Yun Feng didn't care where he went. How weak could the Hall Master's brother be? Besides, that guy wouldn't let her have any problem. She didn't have to worry at all. The next day, Mo Changge still didn't come back. The third day, he still didn't come back.

Yun Feng couldn't help but frown, while Qu Lanyi gritted his teeth. "It'll be strange if he doesn't cause trouble! That troublemaker!"

The Thousand Snow Hall's Master allowed Mo Changge to go with Yun Feng. Yun Feng more or less had to think about Mo Changge. If something happened to Mo Changge by her side, her relationship with the Thousand Snow Hall would definitely be stiff. Yun Feng intended to let the Yun family join the Thousand Snow Hall first, so nothing could happen to Mo Changge.

"How troublesome!" Yun Feng cursed in a low voice. She immediately got up and went out to search. With the Finger Spiritual Jade, she didn't need to worry about not finding Mo Changge! As soon as she took out the Finger Spiritual Jade, Yun Feng found that the little light dot that belonged to Mo Changge was constantly approaching here. He was back?

“Yun Feng! Look what I brought back!” A joyful voice sounded in the sky. Mo Changge landed from the sky with glittering peach-blossom eyes. And the person in his hand... should be a person.

After Mo Changge landed on the ground, he casually threw the person in his hand to the ground. The person fell on the ground with his face down. His breathing was very weak and the clothes on his body were a bit tattered. Yun Feng narrowed her eyes slightly. “Who is this?”

Mo Changge shrugged. “I don’t know. I picked him up along the way.”

“You picked him up?!” Qu Lanyi gritted his teeth in anger. Mo Changge chuckled. “Yes, I did. Why?”

“If you picked him up, you’ll have to take responsibility.” Yun Feng said coldly as she turned around and was about to leave. Mo Changge yawned and caressed his face with his finger. He then kicked the person lying on the ground. Mo Changge glanced at him and couldn’t help but frown. “So, the person I picked up is a beggar. How boring.” He raised his big hand and picked the person up again, as if he was going to throw him out.

## **Chapter 949: No (2)**

Qu Lanyi glanced around and saw the man’s face. Although he couldn’t see the man’s facial features, Qu Lanyi’s eyes glittered! “Fengfeng, that’s Ling Xiaoyun!”

Yun Feng immediately turned around after hearing that and saw that Mo Changge was about to throw him away. She immediately flashed and stopped him. She glanced at him with her black eyes. She was certainly no stranger to this unshaven and slovenly face! Wasn’t he that lunatic, Ling Xiaoyun?

“Why?” Mo Changge looked at Yun Feng with a smile. “I’m going to throw this trouble back.”

Yun Feng pursed her lips. How could Ling Xiaoyun be like this? His aura was unusually weak. It was obvious that he was severely injured. Where did Mo Changge find him? Why didn’t the Ling family notice him along the way? Yun Feng raised her black eyes and looked at Mo Changge’s smiling peach-blossom eyes. Did he really not know or was he pretending to be crazy?

“Put him down.” Yun Feng said two words, but Mo Changge nodded in confusion. “Put him down? Didn’t you say that I have to deal with this trouble myself?”

“Put him down. I know him.” Yun Feng didn’t bother to talk to Mo Changge. Mo Changge immediately smiled after hearing that. “You know him? Who is he?”

Yun Feng’s black eyes turned cold and she slapped him. Mo Changge dodged it narrowly and Ling Xiaoyun, whom she was holding in her hand, fell on the ground again. “Why are you so fierce?” Mo Changge’s black eyes suddenly darkened, as if he was about to burst into fury, but it disappeared in an instant.

Yun Feng ignored Mo Changge and immediately checked Ling Xiaoyun’s condition. His aura was unusually weak and the injuries in his body were huge. Yun Feng flipped her hand and a bottle of medicine appeared. She opened Ling Xiaoyun’s mouth and forced him to drink it. Mo Changge’s eyes couldn’t help but light up when he saw this. “You’re willing to give him such a precious medicine?”

“If you want to make sarcastic remarks, stand aside.” Qu Lanyi walked over and the light elements immediately entered Ling Xiaoyun’s body, moving the medicine Yun Feng offered into Ling Xiaoyun’s body. Qu Lanyi frowned. “The mental strength in his body has already been exhausted and his body is seriously injured. It seems that he was injured by someone higher than him.”

Ling Xiaoyun lay on the ground, barely breathing, with his eyes closed. Mo Changge stood aside and looked at Ling Xiaoyun thoughtfully, as well as Yun Feng and Qu Lanyi. Yun Feng was in a complicated mood. She knew Ling Xiaoyun, whose name was registered in the Constellation Society of the Masang School of Magic! Ling Xiaoyun was a senior member of the Constellation Society, even though he was just a nominal member.

Yun Feng couldn’t possibly let Ling Xiaoyun live and die on his own. Even though the two of them didn’t have much of a relationship, she wouldn’t have abandoned anyone she knew! Besides, the things Ling Xiaoyun carried on his back were so similar to when she first came to this world. The persistence and tenacity buried in his heart were the same as hers!

Qu Lanyi had already seen Yun Feng’s gaze. There was no need for words between them anymore. He only needed a look to know what was on her mind. “Although he’s seriously injured, he shouldn’t be in danger with the medicine and the light element just then.”

Yun Feng heaved a sigh of relief. Mo Changge raised his brows and didn’t say anything. Qu Lanyi picked up Ling Xiaoyun from the ground and hung him on his body. “I’ll take him to my room. Did the Ling family see you come in?”

Mo Changge rolled his eyes at Qu Lanyi. “Of course not.”

“Very good. You know how to deal with the aftermath,” said Qu Lanyi sarcastically as he carried Ling Xiaoyun back to his room. Yun Feng got up and was about to follow him, when Mo Changge grabbed her wrist. Yun Feng shook him off and turned around to look at him. Mo Changge asked, “He’s Ling Xiaoyun?”

Yun Feng nodded. A glint of anger suddenly appeared in Mo Changge’s eyes. “The Ling family is chasing after Ling Xiaoyun right now. Why do you still want to save him? Just because you know her?”

Yun Feng sneered. “I don’t need a reason to save someone. I can save him if I want to. Also, this trouble is yours, not mine.”

Mo Changge’s expression froze again. “Then I’ll throw him out! Old Ling is quite annoying when he’s angry.”

“It’s up to you. Just wait until I save him.” Yun Feng said as she flashed into Qu Lanyi’s room. Mo Changge stood in the yard alone and held his forehead with his hand. He couldn’t help but sigh. “Ling Xiaoyun...” When his hand left his forehead, his peach-blossom eyes were full of deep meaning. “I can’t believe you even know him... An abandoned son of the Ling family. Did he also go to the East Continent? Haha, interesting.”

In the following days, Yun Feng and Qu Lanyi had been busy with Ling Xiaoyun. Nobody came to disturb them in this quiet place. However, the Ling family was already in an uproar. Ling Xiaoyun’s return shocked the Ling family. What was the abandoned son doing here? He even attacked a member of the

Ling family. This couldn't be tolerated! Ling Tiansu was also doing his best to hunt down Ling Xiaoyun, but what frustrated him was that Ling Xiaoyun had inexplicably disappeared. The Ling family's highest alert had been activated. He couldn't possibly leave this area. Even a Lord-Level powerhouse couldn't leave!

Ling Tiansu was very sure that Ling Xiaoyun was still here, but no matter how many people he sent out, even digging every inch of the ground, he still couldn't find Ling Xiaoyun! Ling Tiansu became more and more irritable, and the members of the Ling family couldn't hold back their anger. Ling Jiahua's injuries seemed to have inexplicably worsened. This made Ling Tiansu furious and he swore to find Ling Xiaoyun! When Ling Tiansu delivered the order, he didn't expect that Ling Xiaoyun, whom the Ling family had been chasing, had been picked up by Mo Changge and placed inside the Ling family, in an area that nobody could approach.

In half a month, the members of the Ling family were searching like wildfire outside. Ling Xiaoyun's injuries were better in this quiet area of the Ling family. Yun Feng wasn't stingy this time. She gave Ling Xiaoyun all the life potions of the master level, and finally saved Ling Xiaoyun's life.

In order to reduce the burden of Qu Lanyi's treatment with the light element, Yun Feng needed to constantly replace the healing energy of the light element with the Life Potion. Since Meatball was asleep, Yun Feng could only make it according to the traditional pharmaceutical method. Even though she didn't succeed many times, a few bottles of Life Potion eased a lot of Qu Lanyi's burden, and Yun Feng seemed to have other insights on the traditional method of making medicine.

### **Chapter 950: No (3)**

Mo Changge didn't intend to help at all. He went out for a walk from time to time and brought back news of the Ling family. Ling Tiansu became more and more irritable and Mo Changge enjoyed the tense and helpless atmosphere of the Ling family. However, he observed all of this in secret. The members of the Ling family didn't seem to know that all their emotions were seen by outsiders.

"They'll think of this place sooner or later." Qu Lanyi looked at Ling Xiaoyun, who was already in a stable condition on the bed, and said with a frown. Yun Feng gave Ling Xiaoyun the last bottle of Life Potion and stood up. "Yes, he should be awake by the time we find him."

"And then?" asked Mo Changge. Yun Feng glanced at him lazily. "And then? He'll certainly take care of his own business."

Mo Changge was a bit surprised to hear that. "I thought you were helping him this time!"

"That's right. I saved his life, but it doesn't mean that I have to interfere with his business."

Mo Changge's eyes darkened slightly. "It turns out that you still have some principles."

Yun Feng ignored Mo Changge and looked at Qu Lanyi. "How long will it take for him to wake up?"

Qu Lanyi sighed. "You fed him so much good stuff. Of course, it'll be soon. In half a month, he'll be mostly recovered."

Yun Feng nodded. The Ling family had already searched for half a month in a hurry and didn't find anything. They had probably searched most of this area. It was said that the most dangerous place was the safest place. The Ling family would definitely target the Ling family's mansion in the end. Half a month was enough.

Another day of fruitless searching in the Ling family. Ling Tiansu stood in his study with his hands behind his back and looked at a painting hanging on the wall. The painting showed a beautiful and graceful woman smiling gently at Ling Tiansu. Her soft body, graceful posture and elegant smile made her a woman who didn't rely on her appearance to win. Her beauty came from the inside. Looking carefully, the outline of this woman's face was a bit similar to Ling Xiaoyun's.

Ling Tiansu stood there for a long time. There was no telling what he was thinking. His square, serious face was tight and the exposed muscles were all twisted together. He finally sighed. "Why... did that kid come back?"

Her soft words echoed in this empty room. Ling Tiansu's expression was inexplicably filled with sorrow. "Wouldn't our efforts be in vain?"

The woman in the painting only smiled and didn't answer any of Ling Tiansu's questions. Ling Tiansu looked at her silently for a long time, as if he was mumbling to himself, "The Ling family has already come to this point. It's impossible for us to go any further. Back then, you insisted that the kid leave this place. Did you predict what would happen in the future? The greatest glory will definitely decline. The Ling family doesn't have long to go..."

Ling Tiansu smiled wryly. The Ling family, which outsiders envied, had already been riddled with holes. Even though they had many children and a lot of descendants, their ability to comprehend the power of space was getting weaker and weaker. They were almost exhausted generation after generation!

The reputation, status and property that the Ling family accumulated over the years became the core of the internal strife of the Ling family and also became a thorn in the side of outsiders! How would the three Hall Masters tolerate the existence of such an independent family? If it weren't for Ling Tiansu, the Ling family would have already been destroyed by the three Hall Masters!

Whenever Ling Tiansu imagined the scene of the Ling family after he was gone, he couldn't help but feel sad in his mind. Ling Xiaoyun, who was kicked out of the Ling family as a loser back then, was actually the one with the strongest understanding of spatial abilities in the bloodline of the Ling family for generations!

He was claimed to be a loser, but he was a real genius!

"You threatened me with death, and I gave you what you wanted. But I didn't expect..." Ling Tiansu shook his head and sighed. The moment Ling Xiaoyun was born, he showed his powerful sense of space. Ling Tiansu was immediately thrilled! A descendant of the Ling family who could inherit his position finally appeared, and it was even his own son! Ling Xiaoyun's birth immediately became the fire of hope in Ling Tiansu's heart!

However, after learning about this, Ling Tiansu's wife immediately decided not to let Ling Xiaoyun step on this path. The future of the Ling family was worrying. She only hoped that her son could live a

peaceful and happy life. It was better than living in such a world where people schemed against each other and even sacrificed their lives for the family!

Ling Tiansu certainly wouldn't agree, but he didn't expect his wife to be so determined in her mind. When Ling Xiaoyun was just a few years old, she found that it was useless no matter how she persuaded him. She used death to force Ling Tiansu!

Ling Tiansu was stunned. His beloved wife used her life to exchange for Ling Xiaoyun's peaceful life in the future. Ling Tiansu's eyes turned red that day. He looked at the body of his beloved wife and thought about what she said before she died. In the end, he put his hand on Ling Xiaoyun's head and forcefully sealed his ability to sense space in his body! Ling Xiaoyun also went from a genius to a complete loser!

"The Ling family doesn't keep useless people! From today on, you'll be expelled from the Ling family. You have nothing to do with the Ling family!" The cold sentence knocked the little Ling Xiaoyun out of the door of the Ling family. At that time, Ling Xiaoyun was only a few years old. He instantly lost all his family and even his home.

After the news that Ling Xiaoyun was a loser spread in the Ling family, Ling Tiansu's brother, who was also Ling Jiahua's father, immediately had evil intentions. He said that if a loser like Ling Xiaoyun stayed in the world, wouldn't it ruin the Ling family's reputation? He even suggested killing Ling Xiaoyun! Ling Tiansu remained calm on the surface, but he was already enraged in his mind!

He thought that his son could have a normal life if he kicked his son out of the Ling family, but it seemed that Ling Xiaoyun was in danger on the West Continent! His brother wanted to kill his son! Ling Tiansu only felt sad in his mind and he looked like he agreed on the surface. However, he found Ling Xiaoyun secretly and forcefully sent him to the East Continent with the power of space!

With the barrier of the Ten Thousand Beast Mountain Range, even the members of the Ling family couldn't cross to the East Continent easily! Ling Xiaoyun was the safest there!

Ling Tiansu's brother couldn't find Ling Xiaoyun. Although he was unwilling, there was nothing he could do. As time passed, there was no news of Ling Xiaoyun anymore. The members of the Ling family also thought that the loser had already disappeared or was hiding. That was why the Ling family had been quiet for a while.
