

## Summoner 951

### Chapter 951: No (4)

More than twenty years had passed and the members of the Ling family had already determined that the loser back then was already dead. After all, Ling Xiaoyun, who was expelled from the family, had nothing and he was also such a young child. It was very normal for him to die. However, nobody would have thought that Ling Tiansu secretly put a lot of things on Ling Xiaoyun's body. It was impossible for Ling Xiaoyun to die at all!

Ling Tiansu originally thought that Ling Xiaoyun would live an ordinary life on the East Continent and wouldn't have anything to do with the Ling family anymore. His wife and his efforts back then would be enough. He had never thought that after such a long time, a piece of breaking news would dawn on him. Ling Xiaoyun was back!

Ling Tiansu was immediately extremely anxious. He was angry and irritable because of Ling Xiaoyun's unauthorized return. His painstaking efforts back then, the pain he suffered when he sealed his son's ability with his own hands, all turned into bubbles! This kid ran back!

Ling Tiansu had to find Ling Xiaoyun before the other members of the Ling family found him. At that time, he would do so even if he had to cripple him and turn him into a real loser! It was good that he became a loser. Then, he would never come back to the Ling family again and would have nothing to do with them anymore! And he certainly wouldn't have to be buried along with the future of the Ling family!

Twenty days had passed. They had searched the entire area, but there was still no sign of Ling Xiaoyun. The others thought that Ling Tiansu was enraged because he hated Ling Xiaoyun, but the real reason was a father's helplessness and sorrow for his son!

Ling Tiansu thought for a long time in his mind. It was so long that he didn't notice it when the sky gradually darkened. He stood in the dark room alone and looked at the painting on the wall, as if he had turned into a stone statue.

"Brother!" Someone suddenly pushed the door open and entered. This was Ling Tiansu's third brother. In this generation, Ling Tiansu had two brothers and a sister. They all lived in the Ling family's main house and the other branches of the Ling family also lived here, so there were so many people.

Ling Tiansu's body shook and he slowly turned around. "How was it? Any result?"

"No, we've searched everywhere except the main house of the Ling family. Did that bastard really get out?" The third son of the Ling family gritted his teeth. No matter how useless Ling Xiaoyun was, even if he was expelled from the family, he was still his third uncle after all!

Ling Tiansu didn't say anything. At this moment, a few more people walked over one after another. Everyone also expressed that there was no result. The more Ling Tiansu listened, the worse his expression became. Where exactly did that kid go? He couldn't have run out of the alert area. He was still here. Where exactly was he?

"In my opinion, is he hiding in the main house?" The wife of the third son of the Ling family said as she looked at Ling Tiansu carefully. Ling Tiansu glanced over with a fierce gaze and the wife of the third son of the Ling family immediately stopped talking.

"I think so! Brother, that animal might really be hiding here! Look, we've searched everywhere except here!"

"That's right, Master. They say that the most dangerous place is the safest place. That bastard will think that we won't search the Ling family's mansion!"

"He must be hiding here. Even if we have to dig ten feet into the ground, we must find that bastard!" The wife of the second son of the Ling family, Ling Jiahua's mother, said fiercely. Ling Jiahua's injuries were showing signs of worsening recently, which made her even more furious in her mind. She wanted to vent her anger on Ling Xiaoyun.

Ling Tiansu glanced over with a cold gaze and the woman finally stopped talking. Ling Tiansu thought for a while. They had indeed searched all the places, except for the Ling family's mansion. It seemed that it wasn't impossible for this kid to hide here... "From today onwards, search the Ling family's mansion! If you find that bastard, bring him to me immediately. Whoever uses the death penalty will be kicked out of the door of the Ling family!"

What Ling Tiansu said shocked the few people standing in front of him. Some of them had the thought of doing something personal and they all gave it up. Ling Tiansu also flashed out and disappeared into the night. He wanted to find Ling Xiaoyun before these people did!

"Yun Feng, the Ling family is finally clear-headed. They know that they have to start searching the main house." Mo Changge walked in with a smile on his face and sat on the chair very carelessly. He looked at Yun Feng with his peach-blossom eyes and winked at her again. Yun Feng didn't look at him. Qu Lanyi's face was cold and he clenched his fists abruptly. The man in front of him really deserved a beating.

"It's only a matter of time before they search the main house, but they're a few days faster than we thought." Yun Feng glanced at Ling Xiaoyun, who was unconscious on the bed, and said worriedly. Qu Lanyi, however, smiled after hearing that. "Don't forget that Master Ling said that nobody is allowed to disturb this place. Besides, Ling Xiaoyun's situation is a bit strange."

"Oh? You noticed it too?" Yun Feng glanced at Qu Lanyi. Both of them had the same thought.

"There seems to be something in his body that woke up because of this disaster... To be precise, he seems to have broken some restraints." Qu Lanyi thought for a while and concluded. Yun Feng also nodded. "I feel the same. I think they should stop calling him the Ling family's abandoned son."

Qu Lanyi looked at Yun Feng curiously, but Yun Feng smiled and didn't say anything. Even though she didn't know why Ling Xiaoyun was called a loser back then, she now knew that Ling Xiaoyun wasn't a loser!

"What are you talking about?" Mo Changge couldn't understand the conversation between the two of them. He interrupted them in frustration. "When every place is searched, this place can't be spared. Do you think the Ling family will care about Old Ling's verbal order?"

Yun Feng shrugged. "Whether they care or not has nothing to do with me. This is the Ling family's business. However, they need my permission to take Ling Xiaoyun's life."

Mo Changge was stunned. "What do you mean?"

Yun Feng stood up and looked at Ling Xiaoyun on the bed. "I saved him, so his life belongs to me!"

Qu Lanyi burst into laughter and squeezed Yun Feng's cheek. He knew that she was buying time for Ling Xiaoyun to recover. By then, Yun Feng wouldn't interfere with Ling Xiaoyun's business. Mo Changge looked at Yun Feng thoughtfully and suddenly smiled. "I'll give you my life too."

The corners of Yun Feng's mouth curled up. "I don't want it. Keep it for yourself."

### **Chapter 952: No (5)**

Qu Lanyi rolled his eyes at Mo Changge provocatively. Mo Changge didn't care. It wasn't the first time he had been frustrated in front of Yun Feng. He was already used to it. His male charm was truly zero in front of Yun Feng.

"Forget it, forget it. You'll change your mind in the future. I'll go out and take a look again." Mo Changge walked out. Qu Lanyi chuckled and looked at Ling Xiaoyun's face, which was covered in stubble. After looking at him carefully for a while, he frowned and said, "This guy has to make himself look so old. If I don't look carefully, I'll think he's an uncle in his forties."

Yun Feng was amused. The first time she saw Ling Xiaoyun, he looked just like he did right now. It was rare to see a twenty-year-old young man who looked so sloppy. However, in Ling Xiaoyun's mind, his body might just be a shell.

The search area of the Ling family was greatly adjusted. They began to search the main house of the Ling family. The main house occupied a vast area and it would take a while to search carefully. When the search was still fruitless, the area Yun Feng was in gradually became conspicuous and became the focus of the Ling family.

With what Ling Tiansu said earlier, the members of the Ling family really didn't dare to disturb him, but it was different this time. This was a matter of great importance. In the face of a big matter, they could be flexible even if it was an order from the leader. After thinking about it, the wife of the second son of the Ling family, the third son of the Ling family and his wife, as well as many younger generation members, directly rushed to Yun Feng's place without saying anything to Ling Tiansu.

The place where Yun Feng was at was already quiet. If there was any noise outside, it would immediately come over. When these people swaggered over aggressively, Yun Feng was already standing outside to welcome them.

Yun Feng stood outside of the gate of the yard, blocking the way of these people and stopping them from entering the yard. The third son of the Ling family saw that such a little girl lived here. What exactly was his brother doing?

“Are you the distinguished guest my brother invited, Yun Feng?” asked the third son of the Ling family suspiciously. The young people behind all looked at her curiously. Yun Feng glanced over indifferently with her black eyes. “Yes, I’m Yun Feng. May I ask why you’re here?”

“We’re not here for you! We’re going to search this area. Please get out of our way!” The second son’s wife said bluntly. She was already angry that she couldn’t find Ling Xiaoyun. Seeing that Yun Feng was a little girl, she vented her anger indiscriminately. Yun Feng laughed. “Get out of your way? Do you think I’ll get out of your way just because you say so?”

“Yun Feng, this is an internal matter of the Ling family. Can you do us a favor?” The third son of the Ling family was quite discerning. Knowing that Yun Feng was Ling Tiansu’s guest, she must be something. Even if she looked like a little girl, how bad could she be to be able to be his brother’s guest?

“If it’s the Ling family’s business, I certainly won’t interfere,” said Yun Feng casually. The wife of the second son of the Ling family immediately waved her hand after hearing that. “Then get out of the way. We...”

“However!” Yun Feng’s black eyes suddenly turned cold! “This is where I live. Master Ling also promised that nobody will disturb me. Since it’s a matter of the Ling family, please bypass the place where I live. You can search anywhere except the house behind me. However, if you want to enter this house, forgive me for saying no!”

Yun Feng’s “no” made the wife of the second son of the Ling family furious! She immediately rushed in front of the third son of the Ling family and shouted loudly, “No? Where do you think this is? Let me tell you, this is the main house of the Ling family! Every inch of this place is owned by the Ling family!”

Yun Feng looked at the furious woman in front of her coldly. The third son of the Ling family immediately pulled her back. “Second sister-in-law! This is a distinguished guest invited by my brother. You must speak calmly!”

The second daughter-in-law immediately swung her arm fiercely and shook off the hand of the third son of the Ling family. “Calm down? Jiahua is lying on the bed half dead. How can you make me calm down? Your brother caught my husband and imprisoned him. You want me, a woman, to remain calm at this moment?”

The second daughter-in-law was also furious. The more Yun Feng didn’t let them in, the more she felt that the kid must be hiding here. If she didn’t let him in, she would insist on going in! If she saw Ling Xiaoyun, that little bastard, she would definitely kill him with her own hands!

Yun Feng narrowed her black eyes. Ling Jiahua was half dead? Had he not recovered in this short period of time? Thinking of this, the corners of Yun Feng’s mouth curled up slightly. It seemed that Ling Xiaoyun wasn’t someone to be trifled with. Even though she almost lost her life, Ling Jiahua probably wasn’t any better. He really didn’t suffer any losses.

“What are you laughing at? Is that kid hiding here?” Seeing the smile at the corners of Yun Feng’s mouth, the second wife almost jumped over and bit her like a rabbit with its fur pricked.

The third son of the Ling family also looked gloomy after hearing that. "Yun Feng, since you're a guest and this matter concerns the Ling family, shouldn't you be flexible? If Ling Xiaoyun is hiding here, it'll be impossible for you to get away!"

"If you're really not hiding anything, let us search this place. If you don't let us in, you definitely have secrets here." The third son's wife mumbled on the side. What she said made Yun Feng happy. Even though Ling Xiaoyun was indeed inside, just based on what they said, she wouldn't let them enter the house even if Ling Xiaoyun wasn't inside!

"Alright, stop talking!" The third son of the Ling family was almost angered to death when he heard his wife and second sister-in-law echo each other! Women couldn't hold back at such a critical moment! They would just cause trouble! "Yun Feng, we're just searching. We won't disturb you for long. You..."

"Why are you still talking nonsense with her? We don't need the permission of outsiders to search the Ling family. What kind of logic is that?" The second daughter-in-law was enraged. She had never been able to vent her anger on Ling Xiaoyun, which usually made her angry. She didn't care about anything else and only wanted to get justice for her son. If Ling Xiaoyun really fell into her hands, the consequences could be imagined. It wasn't unreasonable for Ling Tiansu to feel cold towards the Ling family. Family affection was already so little that there was almost nothing left in this large family.

"Tut-tut, it's quite lively here." Someone said casually as he walked over from the side. Yun Feng glanced at him. It was Mo Changge, who went out for a stroll just then. Mo Changge came over and winked at Yun Feng at first. Yun Feng looked cold. Mo Changge turned around with a smile and looked at the furious second son's wife.

### **Chapter 953: Never Regret It (1)**

"Why are you here? Why did you mobilize so many people?"

The third son of the Ling family sized Mo Changge up. "Are you with Yun Feng?"

The appearance of Mo Changge made many girls among the young people behind blush. Even the hearts of the third daughter-in-law and the second daughter-in-law couldn't help but pound. Seeing Mo Changge's peach-blossom eyes, the third son was disgusted and his tone was very unhappy.

"Hm, we're together. I'm following her," said Mo Changge. He then smiled at Yun Feng. The third son of the Ling family immediately waved his sleeve. "Move aside, servant!"

Mo Changge burst into laughter. He looked at the third son of the Ling family with anger in his black eyes. "This is the first time I've been scolded like this."

The third son of the Ling family was a bit shocked by Mo Changge's gaze. "W-What do you mean?" His voice shrank back unconsciously. Mo Changge snorted coldly and walked past Yun Feng into the house. He said loudly without looking back, "I'll go get him for you. It's a bit inconvenient for me to attack. If possible, help me beat him up a few more times, especially that man."

What Mo Changge said confused many people. Yun Feng raised the corners of her mouth. Who was he going to call out? Was he going to throw Ling Xiaoyun out?

“Cut the crap! Go in and search! Don’t let go of any corner!” The second daughter-in-law suddenly shouted and raised her arm. The young people of the Ling family behind her immediately swarmed forward. “You’re Ling Tiansu’s honored guest. Be sensible and we won’t hurt you.” The second daughter-in-law sneered. In her eyes, the Ling family was quite an impressive family. Which member of the Ling family here didn’t have some knowledge of the power of space? How strong could this little girl be? Perhaps she was at the Lord Level? Hm! That was purely ridiculous!

Needless to say, Yun Feng was truly ridiculous! She was the first person to reach the Lord Level at such a young age!

The juniors of the Ling family wanted to go past Yun Feng and walk into the yard, and the third son of the Ling family didn’t stop them. The second daughter-in-law, the third son of the Ling family and the third daughter-in-law stood there in the lead, waiting for the result of the search. They didn’t expect that the young people of the Ling family, who rushed over like a swarm of bees, would all be bounced back!

“You hurt them!” The third son of the Ling family was immediately enraged when he saw this scene and shouted loudly. Most of the young people who were bounced back forcefully fell on the ground. They held their bodies and only felt excruciating pain.

Yun Feng stood there. “Which eye of yours saw me attack?” She glanced over like an ice arrow. The third son of the Ling family was stunned. Indeed, she didn’t move at all just then!

“She’s a mage! She used mental strength!” A person held his painful part and said as he looked at Yun Feng with a bit of awe in his eyes. The third son of the Ling family heard that. A mage? Mental strength? “Yun Feng! What do you mean?” The second daughter-in-law shouted. “You think you can do whatever you want just because you’re a guest of the Ling family’s master? How can you bully the members of the Ling family?”

“I won’t offend anyone who doesn’t offend me.” Yun Feng only replied with a few words. Her second daughter-in-law immediately blushed. “You offended the Ling family today. I’ll capture you and that little bastard together!”

“Hm, come on then.” Yun Feng sneered. The third son of the Ling family immediately shouted, “The Ling family is not a place for you to behave atrociously!” Instantly, the momentum of all the members of the Ling family changed. Apart from those few women, all the members of the Ling family with the Ling bloodline used the power of space!

Yun Feng had already vaguely felt the distortion of space. Even though the few people in front of her weren’t big shots, the spatial power of so many inconspicuous people also had a great force! Different degrees of spatial distortion appeared around Yun Feng. The second son’s wife looked at Yun Feng proudly. “The members of the Ling family aren’t so easy to bully! If you don’t let us in to search, don’t blame us for being rude!”

Hearing this, Yun Feng suddenly burst into laughter. Her cold laughter spread around. She was extremely delighted!

The third son of the Ling family saw that Yun Feng could still smile at this moment. It was obviously a kind of insult! She didn’t care about the ability of the Ling family at all. How outrageous! “Do it!” The

third son of the Ling family shouted furiously as dozens of spatial distortions pounced at Yun Feng crazily. Yun Feng laughed and grabbed the air fiercely without even looking!

With endless mockery in her black eyes, Yun Feng looked at the members of the Ling family, who felt superior because of their special abilities, in front of her and twisted her fair hand fiercely!

“Crack! Crack!”

The two forces of space collided abruptly. They were both distorted spaces and sharp forces! However, it was obvious that the Ling family wasn't Yun Feng's match at all. Even though they gathered dozens of forces, they weren't strong enough in the end! How could they possibly beat Yun Feng's control of space at the Lord Level?

What? The third son of the Ling family felt the power of space distortion from Yun Feng's side and his expression immediately changed drastically. His wife and sister-in-law next to him were still shouting something constantly. This made the third son of the Ling family so furious that he spat out a mouthful of blood!

“Third Brother!” The second daughter-in-law was shocked when she saw this. The third daughter-in-law was also frightened. Without the support of the space power of the third son of the Ling family, the other young people immediately collapsed and fell on the ground again! Since most of the damage was on the third son of the Ling family, these young people only suffered a little shock with a pale face.

“What's wrong? Yun Feng, what did you do?” The third son's wife held him, who was vomiting blood, in her arms. The third son of the Ling family wanted to say something, but the blood in his chest surged and he spat out another mouthful of blood!

“Yun Feng, you! You!” Seeing this scene, the second son's wife was so angry that she didn't know what to say. She pointed at Yun Feng with a trembling finger. How bold! How bold!

“I've said it before. If you don't offend me, I won't offend you.” Yun Feng gently opened her hand and the violent distortion of the space finally stopped. She glanced at the third son of the Ling family, who was spitting out blood, coldly with her black eyes. “The Ling family is just so-so.”

What he said made the third son of the Ling family vomit blood again! Few members of the Ling family were calm. After all, the ability they were given was so special and their status, power and money were all high and mighty. Even Ling Tiansu could be on an equal footing with the three Hall Masters. This was an honor that no family could possibly get! The members of the Ling family all thought they were impressive, but today, when they joined forces to attack Yun Feng, they were completely destroyed by Yun Feng's counterattack!

## **Chapter 954: Never Regret It (2)**

Ling Tiansu was right to be worried. The special abilities given by the bloodline of the Ling family were drying up, but the Ling family didn't notice it at all!

What would happen when the Ling family lost this ability completely one day?

After Yun Feng personally fought with the power of space of these people, she found that even the third son of the Ling family couldn't compare to Ling Tiansu. If Ling Tiansu's perception of space was ten points, these people would only have three points at most. The difference in the power of their bloodlines was so huge!

"Don't be arrogant! I won't let you have it easy!" The second wife glanced at Yun Feng fiercely and suddenly said fiercely! "I'll ask you one last time. Are you letting us search your place?"

Yun Feng's expression didn't change at all. "No."

"Good, good! You're a guest of the master, but you injured his brother. Do you think the master will let you go? That kid must be here. You hid him here!" The second wife said while panting. She immediately flipped her hand and a space jade appeared!

Yun Feng looked at the jade pendant, which was a bit similar to the one Ling Tiansu gave her. The second daughter-in-law smiled grimly with anger spurting out of her eyes! "You hurt a member of the Ling family. Don't even think about getting out of here alive today!" She exerted strength in her hand and the jade pendant shattered!

"Sister-in-law, that's..." The third daughter-in-law held the third son, who was vomiting blood, and saw the jade pendant that the second daughter-in-law crushed in her hand. She was immediately shocked! That was something the Ling family used to save their lives. How did she get it? That had always been with Ling Tiansu!

The third son of the Ling family also widened his eyes and spat out another mouthful of blood when he saw this. The second daughter-in-law didn't care about this. She was a mad dog that bit whoever she saw!

The moment the jade pendant was squeezed, the entire space shook violently. Yun Feng suddenly felt how powerful this force was. Her mental strength immediately surged out fiercely and she was prepared to defend at any time! "Hm, I should teach you a lesson!" Seeing Yun Feng's serious expression, the second son's wife burst into laughter. At this moment, the space around her suddenly distorted fiercely and a crack was forcibly formed inside!

Once the crack appeared, the terrifying power of space immediately surged out. The young people of the Ling family all widened their eyes, not knowing what was going on! Only the second daughter-in-law, the third daughter-in-law and the third son, who was vomiting blood, knew what was going on. The third daughter-in-law's face was already pale at this moment. "Second sister-in-law, you're crazy! If the master knows..."

"Bah! Ling Tiansu doesn't deserve to be the leader of the Ling family! This thing is ours!"

"Rip! Rip!" Two tiny space cracks were suddenly lengthened, as if two zippers had been opened. The space seemed to have expanded to the sides and two gray-robed old men jumped out from between!

A terrifying spatial pressure came. Yun Feng's Lord Level aura also surged out without hesitation, and the spatial pressure of the two of them collided fiercely! After the two gray-robed elders appeared, they immediately glanced at Yun Feng with a hint of surprise in their eyes.

After the two of them appeared, one of the gray-robed old men waved his hand and the torn space crack was instantly repaired! The two of them stood there with an extraordinary aura! Everyone in the Ling family looked at them with respect. The two old men looked around and suddenly frowned.

“Are you calling us out because the Ling family is in a grave crisis?” One of the old men was already hiding his anger. The situation in front of them obviously wasn’t a crisis. It was very different from what they imagined!

“Elders, I called you out to deal with this guy called Yun Feng!” The second wife stepped forward and said. The two gray-robed elders immediately glanced at her fiercely. “Aren’t you Ling Tiansu?”

“We thought Ling Tian called us out. We didn’t expect it to be such a person.” There was obvious disgust in his tone.

The second daughter-in-law blushed and stammered, unable to say anything. The two old men looked at each other with disappointment in their eyes. One of them suddenly swung his sleeve. “Never mind! The jade pendant has been broken. The Ling family lost a chance.”

“Are you the one who hurt the members of the Ling family?” The two gray-robed elders turned around and faced Yun Feng. Seeing that, the second daughter-in-law immediately stepped aside. Right now, she only needed to watch the drama. With the two elders here, it was useless even if she had extraordinary ability!

Yun Feng looked at the two old men in front of her with her black eyes. Their strength was obviously below hers, but their control of space just then far exceeded hers! Even if she was at the Lord Level, she wouldn’t be a match for these two people...

“You didn’t distinguish between right and wrong and only listened to one side of the story?” Yun Feng’s aura of the Lord was completely expanded. Some members of the Ling family couldn’t stand it anymore. When the two elders saw this, they immediately raised their sleeves and the power of space directly isolated Yun Feng’s pressure of the Lord. The young members of the Ling family finally calmed down.

“This is the first time we’ve seen a Lord at such a young age.” An old man said approvingly. What he said shocked everyone in the Ling family again! A Lord! The second son’s wife looked at Yun Feng with her eyes. She was a Lord! She was so young... This... This was too astonishing!

The third son of the Ling family pressed his chest hard and spat out another mouthful of blood, but he could finally speak. “A Lord...” He panted and said two words. The third son of the Ling family was even paler. His wife held him and didn’t dare to say anything. The Lord Level. Yun Feng was so young. She must be a genius!

“We’re the dimension elders responsible for protecting the Ling family. The Ling family can summon us if they’re in trouble. We don’t have to be fair.” Another person said with a serious look. “However, the Ling family is really disappointing us more and more.”

Yun Feng also understood. Even if the Ling family was in the wrong, these two people would still protect the Yun family and stand on the Yun family’s side! As Yun Feng expected, the two elders in long robes looked at Yun Feng. It would be a pity if such a young Lord died in their hands, but the rules were there.

They came out to protect the Ling family, regardless of right or wrong! Whoever dared to offend the Ling family must die!

The momentum around the two of them suddenly changed drastically. The power of space that was as strong as a violent wind had already gathered around the two of them. Yun Feng could deal with one of them, but she couldn't deal with the two of them together! The sleeves of the two gray-robed elders were fierce and the power of space had already smashed towards Yun Feng crazily!

### **Chapter 955: Never Regret It (3)**

"Buzz..." The space shook crazily, as if it was about to crack! Yun Feng only felt an extremely distorted power coming towards her quickly. She immediately clenched her fists and instantly held all kinds of elements of different colors in her hands, quickly fusing them!

She pushed her fair hand forward fiercely, using the power of space that rushed over happened to retreat quickly into the sky. The speed of her body was maximized to the extreme, so fast that it was unimaginable. Even the two gray-robed elders didn't expect Yun Feng to be able to dodge it!

"Explode!" Yun Feng shouted fiercely in the sky. The two gray-robed elders only saw a very bright and beautiful elemental ball floating where Yun Feng was just now. A few different colors were biting, rubbing, dazzling and roaring at each other!

The two old men were shocked. They had already felt the terrifying energy inside the elemental ball. They couldn't care about anything else right now. They immediately opened the spatial barrier and enveloped this place completely. If they didn't protect it, the Ling family would be in ruins!

"Boom..."

With a fierce explosion, extremely dazzling colors burst out. The collision of the two powerful forces made countless people exclaim! There was also that super powerful and fierce force pressing on them! The two gray-robed elders didn't have it easy either. The explosion of the fusion of elements was more powerful than they thought. A part of the clothes on their bodies was also torn by this powerful force.

Yun Feng stood in the air and looked down. The spatial barriers of the two of them protected this place. Yun Feng pondered secretly. The spatial power of these two people was indeed impressive. It blocked the elemental explosion and reduced the danger to almost zero!

The two gray-robed old men instantly rose into the air and wanted to attack Yun Feng a second time without another word! She couldn't use elemental fusion every time, but their ability to control space was as powerful as ever. One attack could be resolved with elemental fusion, but Yun Feng definitely couldn't do it again!

"How dare you hurt her!" A furious roar sounded. Two figures ran out of the mansion on the ground and landed next to Yun Feng. Mu Canghai and Qu Lanyi both attacked fiercely. Two powerful spatial forces burst out of their bodies and neutralized most of the attacks of the two gray-robed elders!

Mu Canghai's gray eyes were glittering with unusual light, while Qu Lanyi had turned into a pair of blood-red eyes! Seeing that their attack was blocked, the two gray-robed elders immediately stopped attacking. "Guys, she's our target."

"I won't let go of anyone who dares to hurt Fengfeng!" Qu Lanyi looked at the two of them with his bloodshot eyes and at the members of the Ling family below at the same time. "The Ling family is only so-so. Ling Tiansu should feel sad that they've fallen so low."

Mu Canghai didn't say anything. Under the movement of his hand, a powerful spatial force seemed to have turned into a violent storm, hitting the two old men fiercely. The two old men dodged in shock. After seeing Mu Canghai's gray eyes, their expressions changed drastically!

"How did you..."

"Are you..."

The two old men looked at Mu Canghai's gray eyes in shock, while Mu Canghai smiled coldly. "I'm nobody else. I'm Mu Canghai!"

"What?" The two gray-robed elders were even more shocked. "If not, why do you have such control ability?"

"Did you... steal this?"

The two old men were immediately enraged! Mu Canghai looked at the two of them coldly, but he was a bit worried in his mind. Even though he had inherited Yao Guang's ability, it was only a small part. Even though he could resist the joint attack of the two of them, it could only last for a while!

"Steal it? Why do you accuse him of stealing it just because they have the same ability?" Qu Lanyi burst into laughter. "Did the Ling family steal such an ability too?"

"Stop spouting nonsense!" The two gray-robed old men suddenly shouted angrily! "This is the ability we were given. He's not a member of the Ling family. How can he have such control? And his eyes, how could he get them without stealing?"

"Humph! You're just talking to yourself. You don't have any evidence!" Yun Feng said. The two gray-robed elders were immediately enraged. "We attacked just then with a bit of kindness. I didn't expect you to not know how to accept it. We don't have to show mercy now." The expressions of the two gray-robed elders turned cold. The two of them clasped their hands fiercely and a powerful spatial distortion appeared, which was several times stronger than before!

Yun Feng secretly approached Qu Lanyi and Mu Canghai. She flipped her hand and held the dragon-shaped jade pendant tightly in her hand. "After they attack, I'll send everyone to the Dragon Palace."

Qu Lanyi and Mu Canghai were both stunned when they heard that. Yun Feng's black eyes darkened. "The abilities of these two old guys aren't something the three of us can resist. Their ability to control space is extraordinary. We can't force ourselves, understand?"

Qu Lanyi and Mu Canghai both nodded after hearing that. There was no need to risk their lives with these two old guys. If they couldn't beat them, they could just run! It wouldn't be embarrassing to run!

“What about Ling Xiaoyun and Mo Changge?” asked Mo Canghai in a low voice. Yun Feng raised the corners of her mouth. “Don’t worry. I’ve already made arrangements. I’ll drag them into the Dragon Palace by force.”

The terrifying spatial attack was launched in a blink. Yun Feng was calculating the timing when a weak voice spread to everyone’s ears!

“You’re looking for me. She has nothing to do with this.”

Yun Feng’s black eyes widened, and Qu Lanyi and Mu Canghai were also shocked. The attacks of the two gray-robed elders were temporarily postponed. A figure slowly pushed open the door of the house and appeared in front of everyone. It was Ling Xiaoyun, who had just recovered from his serious injuries!

“Kid, you’re finally not a coward anymore!” The second daughter-in-law was so angry that her body trembled when she saw Ling Xiaoyun. She couldn’t wait to eat him alive! “Elders, you don’t have to care about Yun Feng anymore. Catch this kid first!”

The two gray-robed old men looked at each other and stopped attacking. “We’re protecting the Ling family. We don’t interfere with your personal grudge!”

The second son’s wife obviously didn’t expect this. Seeing that the two gray-robed old men didn’t seem to be attacking anymore, Yun Feng and her companions flew down together. “Ling Xiaoyun, we’ll talk about this after you’re completely healed.” Yun Feng looked at him solemnly. She glanced at Mo Changge, who also walked out of the door. Mo Changge shrugged innocently. “It’s none of my business. He insisted on coming out.”

#### **Chapter 956: Never Regret It (4)**

Ling Xiaoyun glanced at Yun Feng and didn’t say anything. He looked at the members of the Ling family outside. “I’ll say it again. You’re looking for me. It has nothing to do with her.”

“Humph! You think she’s unrelated just because you say so? She can’t get away with it right now! She can’t get away with hiding you here and letting you survive!” The second son’s wife roared furiously. The two gray-robed elders stood in the sky with a thoughtful look and didn’t intend to attack anymore. What was in front of them was a farce.

“Are you done talking, bitch? Is Ling Jiahua dead?” Ling Xiaoyun suddenly interrupted the second son’s wife and looked at her with mockery in his eyes. The second son’s wife was immediately enraged! “Ling Xiaoyun, you bastard, I’m going to skin you alive today!”

Yun Feng and the others all looked at Ling Xiaoyun in surprise, especially Qu Lanyi and Yun Feng. They were old friends with Ling Xiaoyun, but they didn’t know that he had a sharp tongue. A bitch? That was a great name.

“How dare you!” An earth-shattering roar resounded in the sky. Everyone looked up and saw a person with a serious expression speeding over from the sky. That square face that was holding back his anger belonged to Ling Tiansu!

Ling Xiaoyun looked at the person who came from the sky as the corners of his mouth curled up in disdain and he let out an extremely deep and disdainful laugh. The eyes of the two gray-robed elders glittered when they saw Ling Tiansu's arrival, while the second son's wife stood there with a pale face, looking like she was unwilling but couldn't do anything about it! Who exactly informed the master? Who exactly ruined her business?

She didn't know that the commotion here was quite huge. Ling Tiansu was already searching in the Ling family's main house. Even though he was far away, he still caught the commotion here. He immediately rushed over. When he saw that the dimension elders of the Ling family was here from afar, Ling Tiansu was enraged!

"Elders..." Ling Tiansu didn't care about the others. The two gray-robed elders looked at Ling Tiansu. "That jade pendant can only be used in a life-and-death situation. We don't care about you giving the jade pendant to someone else, but you called us out just like that. Has the Ling family really fallen to this point?"

Ling Tiansu gritted his teeth and didn't say anything. The two gray-robed elders waved their sleeves slightly. "Deal with the family matters first. As for us, we won't go back for now. There's something we need to deal with." The two elders couldn't help but look at Mu Canghai. Ling Tiansu was stunned for a moment, then nodded respectfully. "Yes, as you wish."

The two gray-robed elders stepped aside, and Ling Tiansu immediately descended from the sky. He didn't look at Ling Xiaoyun at all, but directly looked at the second son's wife. "How dare you! Where did you get this?"

"Brother, I... I..." The the second son's wife stammered for a while. "I... I had no choice. That bastard was hidden here and protected by Yun Feng, a Lord. I certainly couldn't lure him out without doing something..."

Ling Tiansu clenched his fists fiercely. "You and Second Brother must be tired of living! How can you take this thing? Didn't I say that if you find this animal, bring him to me? Do you take my words for nothing?"

Ling Tiansu's furious roar silenced everyone. The third son of the Ling family, who was lying on the ground, wanted to say something, but Ling Tiansu glared at him fiercely. "You can't escape either!"

"Brother..." The third son's wife called out awkwardly. Ling Tiansu didn't care about these people anymore. He slowly turned around and hid all the emotions in his heart, facing this son and daughter he exiled in the name of trash, Ling Xiaoyun!

Ling Xiaoyun stood there palely. He was still unshaven and slovenly. He seemed to be the same age as Ling Tiansu. Ling Tiansu looked at Ling Xiaoyun coldly and clenched his fists. "Bastard, how dare you come back? How dare you hurt a member of the Ling family!"

Ling Xiaoyun smiled in disdain. His weak body suddenly straightened. His young body stood there like a mountain that would never yield! Although his injuries hadn't healed yet, it didn't stop him from straightening his spine!

"I can come whenever I want."

Ling Tiansu's eyes were burning with anger, but there was a bit of pride in his heart. Such complicated feelings surged in his chest. This kid had indeed grown up. He was so ambitious... He was just like him back then!

"Kid, you still want to go back to the Ling family? With your identity as a loser?!" The resentment in the heart of the second daughter-in-law rose again and she spoke again. Ling Xiaoyun burst into laughter after hearing that and he laughed very happily!

"Go back to the Ling family? Do you really think so highly of the Ling family?"

Yun Feng and the others all chuckled after hearing that. Mo Changge also nodded after hearing that. "You're right. The Ling family right now, tsk, tsk..."

"Ling Xiaoyun! What right do you have to judge the Ling family?"

"That's right! You're just an abandoned pawn. How dare you come back here?"

"Loser! What right do you have to look down on the Ling family?"

The young people of the Ling family shouted in dissatisfaction. Ling Xiaoyun was famous for being a loser. Even those who didn't know him remembered him after hearing what the elders said. After all, he was the first and only loser to be kicked out of the Ling family.

Ling Tiansu stood there tensely and didn't say a word as he listened to those young people of the Ling family call him a loser. He was the only one who knew that his son was called a loser just so that he could have an ordinary and stable life!

"Nobody will be a loser forever!" Yun Feng said coldly. When she first came to this world, Lin Meng destroyed her Qi meridians. At that time, she was also a loser in the eyes of outsiders! However, she didn't despair just like that. Similarly, Ling Xiaoyun also had the same mentality!

Only when you lose hope in yourself would you truly lose hope! As long as you believed that you still had a chance, as long as you kept believing in yourself, you would fly in the sky that belonged to you!

Ling Xiaoyun looked back at Yun Feng and moved his lips. Ling Tiansu finally said after enduring for a long time, "He's the loser that the Ling family kicked out. Now that he's returned to the Ling family and injured a member of the Ling family, the Ling family won't let him go!"

## **Chapter 957: Never Regret It (5)**

"That's right! We must take revenge for Jiahua! Master, you must make the decision!" The second daughter-in-law immediately shouted. Ling Xiaoyun burst into laughter again. Facing this group of members of the Ling family who wanted to take his life, facing the members of the Ling family who had the same blood in their veins but wanted him dead, facing this father who wouldn't let him go, Ling Xiaoyun smiled!

"Ling Jiahua is the loser! It was a fair battle between me and him. He's just not as good as me! You, on the other hand, cheated. What can you do?"

What Ling Xiaoyun said changed Ling Tiansu's expression completely and made the second daughter-in-law furious. "Kid, you can say whatever you want right now! The Ling family won't let you go!"

"Master Ling, it was a fair duel between me and Ling Jiahua. That bitch was the one who tricked us. I should be the one who said that I won't let you go!" Ling Xiaoyun roared as his weak body twisted gently. He looked straight into Ling Tiansu's black eyes. The father and son looked at each other!

"What fair battle? You're the one who's no match for Jiahua. You used dirty tricks!"

The members of the Ling family couldn't help but sigh. Who didn't know how strong Ling Jiahua was? Even though they didn't know Ling Xiaoyun's strength very well, his straightforward personality and strength shouldn't be too bad. Even though he was useless in terms of spatial perception, it didn't mean that he hadn't developed in other aspects.

Ling Tiansu also frowned after hearing what the second son's wife said. He looked at Ling Xiaoyun, who had been standing there with his back straight and wasn't willing to yield at all, with complicated feelings in his mind. "A fair battle? Really?"

Ling Xiaoyun straightened his back again. Although he looked like he had been through a lot, there was stubbornness on his face. Such a person wouldn't lie. Ling Tiansu knew that very well. The second son's wife was still trying to defend herself. "Brother, that wasn't a fair battle. That bastard..."

"That's enough!" Ling Tiansu waved his hand. The second son's wife could only shut up and look at Ling Xiaoyun furiously. Kid, just wait!

"Since it's a fair battle, life and death are up to fate. This is common sense. Ling Jiahua's injury is his own problem. It indeed has nothing to do with you. I won't pursue this point. However..." Ling Tiansu's eyes glittered. "As an abandoned son of the Ling family, you were expelled from the family back then. I said you can't come back! No matter what, you still stepped into the door of the Ling family. I won't let you go on this!"

Ling Xiaoyun burst into laughter. "Master Ling, what else do you want to say? Tell me all."

The muscles on Ling Tiansu's forehead twitched hard. Being called Master Ling by his own son, this feeling was truly complicated... Ling Tiansu quickly adjusted his emotions and looked at Ling Xiaoyun, who had already grown into an indomitable man. "Alright, as long as you can withstand three attacks from me, I'll let you go."

What? Ling Tiansu's three attacks!

Everyone was stunned, but the eyes of the second daughter-in-law glittered. "Brother, attacking three times is too easy for that kid. If you're soft-hearted and give in..."

"Don't worry. I, Ling Tiansu, am not a soft-hearted person. Do you want to try these three attacks first and make a judgment?"

Second Daughter-in-law immediately fell silent, but there was pride in her eyes. It would be much easier with this. Ling Tiansu would definitely use the power of space this time. It would be difficult for that bastard Ling Xiaoyun to survive! Even though he didn't die in her hands, it was fine! As long as he died, she would be able to get rid of the trouble forever!

“What do you think?” Ling Tiansu looked at Ling Xiaoyun. “If you think you can’t take it, I’ll cripple you and keep you out of the Ling family forever!”

How ruthless! Yun Feng’s face couldn’t help but turn cold. Ling Xiaoyun was Ling Tiansu’s son. What difference would it make if he took the three attacks or not? If he took the attacks, Ling Xiaoyun would die. If he didn’t, he would become a real loser. How could Ling Tiansu be so heartless? Had their bond truly died?

Ling Xiaoyun raised his head and burst into laughter. There was too much meaning in his laughter, which made Yun Feng feel bad. He took a few steps forward and looked at Ling Tiansu with glittering eyes. “Alright! Master Ling, let’s do it!”

Ling Tiansu’s temples throbbed abruptly and he said in a deep voice, “Alright, since you’ve chosen, don’t regret it.”

Ling Xiaoyun stared straight ahead, imprinting his father’s face in his eyes. “I, Ling Xiaoyun, never regret my decision!”

Ling Tian’s solemn face was immediately filled with vicissitudes of life. He looked at Ling Xiaoyun in front of him and clenched his fists fiercely. “You never regret... Alright!” He immediately opened his hand and terrifying spatial power formed in his palm. The first attack was about to begin!

“Master, don’t show mercy!” The second daughter-in-law shouted on the side. All the members of the Ling family present widened their eyes and watched. Ling Xiaoyun wouldn’t be able to withstand Ling Tiansu’s three attacks!

Yun Feng noticed the power of space in Ling Tiansu’s hand and immediately changed her expression. Ling Xiaoyun had just recovered from his serious injuries. He might not even be able to withstand one attack, let alone three! Yun Feng was about to move, when Qu Lanyi grabbed her wrist. “Fengfeng, don’t worry.”

“Why?” Yun Feng turned around slightly and saw the smile in Qu Lanyi’s eyes, as if he was implying something. “Didn’t you feel the power that was about to burst out of Ling Xiaoyun’s body?”

Yun Feng pondered for a while before she nodded. The smile in Qu Lanyi’s eyes became deeper. “In my opinion, that power was forcibly sealed by someone, and Ling Xiaoyun was called a loser. Master Ling’s three attacks can be the key to breaking everything.”

“Are you saying that Ling Xiaoyun can’t free the power in his body on his own, or he has to rely on external forces?”

Qu Lanyi nodded. “That’s right. Ling Xiaoyun was seriously injured and on the verge of death. His bodily functions have declined to a certain extent, and the power of the seal in his body has also weakened. Your Life Potion and my light elements weakened the power of the seal again, which caused the power in Ling Xiaoyun’s body to show signs of awakening.”

Yun Feng immediately understood. It seemed that he was really going to suffer these three attacks!

**Chapter 958: Nobody (1)**

Mo Changge chuckled. "It's said that immortality comes after death. He fits the description."

Yun Feng looked at Ling Xiaoyun's back. Indeed. The death of a phoenix represented rebirth!

The power of space gathered in Ling Tiansu's hand. Ling Tiansu's eyes darkened and he suddenly attacked! The space shook fiercely, like a huge piece of silk creating waves that rushed towards Ling Xiaoyun's body!

"Hm!"

With a grunt, Ling Xiaoyun's body trembled hard. He immediately bent his body and opened his mouth in pain, spurring out a mouthful of blood! Seeing this scene, the second son's wife couldn't help but smile with viciousness in her eyes. Kid, if one attack didn't kill you, three attacks will be enough! This time, it'll be very difficult even if you don't want to die!

The other young people of the Ling family couldn't help but break out in cold sweat when they saw Ling Tiansu attack. That strength wasn't fake! Ling Xiaoyun endured the first attack. After his body bent in pain, he put his hand on his knee and raised his head. He wiped the blood at the corners of his mouth and straightened his body again!

"Let's continue!" Ling Xiaoyun stared at Ling Tiansu with glittering light in the depths of his black eyes. At this moment, Ling Xiaoyun's body, which had just recovered from the serious injuries, was already in chaos. Even though he wasn't dead, he would have already fallen on the ground if he didn't have strong willpower!

"What a tough personality." Yun Feng looked at Ling Xiaoyun in admiration. Qu Lanyi chuckled. "Ling Tiansu held back a bit just then. He couldn't bear it either, or he wouldn't have been so gentle."

Yun Feng looked at Ling Tiansu. At this moment, his face was so gloomy that it was a bit scary. His facial features were completely stiff. Seeing that Ling Xiaoyun was still standing straight, Ling Tiansu's black eyes glittered and he immediately slapped him again quickly!

The second attack came right after!

"Ugh!" Ling Xiaoyun grunted again. He bit his lips hard, and the taste of blood entered his mouth. The second attack was even more powerful. Ling Xiaoyun fell on his knees and had to support himself with his hands to steady himself!

Another mouthful of blood oozed out. Red blood sprayed on the ground, bringing with it the smell of blood that kept spreading. Seeing that Ling Xiaoyun was still alive, the second son's wife couldn't help but frown. Ling Tiansu indeed couldn't bear to be cruel. He was still on this bastard's side! With Ling Tiansu's ability, he could take this bastard's life with one attack. And now, he still didn't kill him after two attacks. If he wasn't going easy on that guy, what was it?

Ling Tiansu had already exerted a lot of strength. After all, he didn't have the intention to kill Ling Xiaoyun. Ling Tiansu controlled himself carefully. Seeing Ling Xiaoyun kneel on the ground and vomit blood, Ling Tiansu slowly retracted his hand and said in a deep voice, "There's still one last attack."

Ling Xiaoyun knelt on the ground and panted heavily. His chest rose and fell rapidly. Enduring the pain and discomfort inside his body, and his body that was getting weaker and weaker, Ling Xiaoyun raised

his head. His lips, which were covered in blood, suddenly curled up and he put on a smile. He put his arms on the ground and supported his body to stand up from the ground bit by bit. He shook a few times fiercely and finally stabilized himself.

“Continue!”

Yun Feng and Qu Lanyi’s eyes glittered. Both of them knew clearly that the barrier in Ling Xiaoyun’s body was already shaking under the attack just then. The third attack would completely break the barrier and the ability sealed in Ling Xiaoyun’s body would jump out!

Ling Tiansu’s facial muscles twitched fiercely a few times and he took a deep breath. He flipped his hand again and the power of space gathered again. A glint of darkness flashed through the eyes of the second son’s wife as her hand quietly reached behind her back, as if she was making a hand gesture. When Ling Tiansu’s power of space attacked, a few tiny forces of space from the younger generation of the Ling family behind Ling Tiansu quickly attacked and merged into Ling Tiansu’s space attack!

Ling Xiaoyun’s body was shaking, and he was in a daze. Ling Tiansu’s power of space was so strong that nobody could detect the additional power of space. Even Ling Tiansu himself was so frustrated that he ignored it. The second son’s wife stared at Ling Xiaoyun viciously with a bigger and bigger smile. Kid, go to hell!

“There’s something wrong with that woman.” Yun Feng noticed her second daughter-in-law with her eyes, especially the smile on her mouth. Her intuition made Yun Feng feel uneasy in her mind. At this moment, Yao Guang’s hoarse voice suddenly jumped out of Yun Feng’s mind. “Kid, attack!”

Yun Feng’s black eyes immediately turned cold. Without another word, she suddenly shouted, “Earth Shield!” Earth elements quickly gathered around Yun Feng’s hand and immediately formed an iron wall in front of Ling Xiaoyun. The power of space that was about to rush towards Ling Xiaoyun smashed into the Earth Shield fiercely. At the same time, Qu Lanyi pulled Ling Xiaoyun away from the Earth Shield. Instantly, the Earth Shield collapsed and disintegrated! After the earth elements exploded, they gradually dissipated in the air. Everyone was so shocked by this scene that they didn’t know what to do!

“Yun Feng! How dare you interfere with the matters of the Ling family!” Seeing Yun Feng stop her, the second daughter-in-law immediately gritted her teeth in anger! Damn it! If it weren’t for her just then, that bastard would definitely die! She missed another opportunity to eliminate him!

Qu Lanyi pulled Ling Xiaoyun to her side and examined his internal injuries. Ling Xiaoyun looked like he had just been picked up by Mo Changge. He was still breathing, but not significantly. Ling Xiaoyun looked at Qu Lanyi and Yun Feng, and moved his pale lips. “What are you doing?”

Yun Feng turned around coldly. “Shut up first.” Then, she turned around and looked at Ling Tiansu. The moment the earth element collided with Ling Tiansu’s power of space, Yun Feng had already clearly felt that the power of space in this space was mixed with the power of space of other people. It was a fusion of a few forces of space! If this attack hit Ling Xiaoyun, he would definitely die!

“Master Ling, do you really want Ling Xiaoyun to die?” Yun Feng asked coldly. Ling Tiansu’s face completely darkened. How would he let Ling Xiaoyun, his son, die in his hands? He had carefully calculated the attack just then. It wouldn’t endanger Ling Xiaoyun’s life. It would at most cripple his strength!

## Chapter 959: Nobody (2)

Ling Tiansu remained silent with a sullen face. Yun Feng glanced at the second son's wife. "It's not your place to interfere with the agreement between Ling Xiaoyun and the Ling family's master."

Seeing that Yun Feng's gaze was fixed on her, the second son's wife was a bit flustered. "What nonsense are you talking about? What do you mean I interfered? How would I dare? Master, don't believe what she said. This outsider interfered with the Ling family's business without permission. She's too shameless!"

"Who's the shameless one? You know very well in your mind!" Yun Feng shouted loudly. The second son's wife's face turned a bit pale. That was impossible. She wouldn't know. She didn't do anything at all. Why was she so sure that she did it?

"What's going on? Yun Feng, you interfered with the Ling family's business without permission!" Ling Tiansu finally said as he looked at Yun Feng with a hint of anger in his black eyes. Yun Feng sneered. "Master Ling, you don't know? The third attack just then was added."

"What do you mean?" Ling Tiansu frowned. Yun Feng glanced at him. "The attack just then was mixed with the power of space of other people. It was the power of several spaces combined. You really hate Ling Xiaoyun so much?"

Ling Tiansu was stunned. Then, he suddenly turned around and looked at the group of people behind him. Everyone immediately lowered their heads and remained silent. Ling Tiansu's expression at this moment was very terrifying!

"Who gave you the courage to do this?"

With a furious roar, the ground seemed to shake. Ling Xiaoyun stood there weakly and couldn't help but feel shocked when he heard that. Then, the corners of his mouth curled up and he put on a mocking smile. Ling Tiansu glanced at everyone here with fury in his eyes. "Who did this? Come out! Don't think I don't know!"

The young people of the Ling family immediately trembled and fell silent. The eyes of the second daughter-in-law glittered. She was afraid that those few people would take the initiative to confess because they were afraid of Ling Tiansu. She immediately said, "Master! Doesn't that bastard deserve to die?"

Ling Tiansu suddenly turned around and glanced at her fiercely like a wolf. The second son's wife's breathing immediately tightened! "You're not allowed to interrupt here!"

Yun Feng's heart was full of disdain when she saw such a scene. Seeing how weak Ling Xiaoyun was, Yun Feng's black eyes glittered. "Master Ling, can you listen to me?"

Ling Tiansu turned around stiffly. The corners of Yun Feng's mouth curled up. "Ling Xiaoyun didn't step into the Ling family's mansion by himself. He was picked up. He was already severely injured at that time. He had no choice. If it were him, I don't think he would have taken the initiative to step in." Yun

Feng pointed at Mo Changge and pushed all the responsibility to him. Mo Changge didn't know whether to laugh or cry and smiled awkwardly.

Ling Tiansu was stunned. He looked at Mo Changge, who chuckled. "Well, that's right. I picked him up. Master Ling didn't say that we can't move freely, did he?"

Ling Tiansu's face twitched again. The members of the Ling family were stunned again. The second daughter-in-law bit her lips hard, knowing that things were very likely to change. Taking the initiative to enter the Ling family and being forced to enter the Ling family were two different concepts.

"If Ling Xiaoyun didn't step into the Ling family voluntarily, what Master Ling said just then shouldn't count. Ling Xiaoyun was expelled from the Ling family. Logically speaking, even you have no right to punish him!" Yun Feng's voice became cold. Ling Tiansu's eyebrows suddenly jumped a few times. "What do you mean?"

Yun Feng chuckled. "The cause of the matter was nothing more than a duel. Ling Xiaoyun said it was a fair battle, but that bitch said Ling Xiaoyun played dirty. Ling Jiahua is also seriously injured at this moment. None of us knows the truth of the matter. Of course, neither of them can be trusted."

Ling Tiansu stood there and didn't say anything. The anger in the second daughter-in-law's heart rose after being called a bitch by Yun Feng! "What do you mean they can't be trusted? He was the one who used dirty tricks to hurt Jiahua! How dare you call me a bitch!"

Yun Feng directly ignored this barking bitch. "Since the fairness of this battle remains to be verified, why don't we do it again? Set a rule in front of everyone and let the two of them fight again! By then, nobody will have any complaints even if either of them dies!"

Ling Tiansu was stunned. Another round? The other members of the Ling family were also stunned. The second son's wife was shocked. Another round! "Again! Jiahua is seriously injured and can't wake up. How can we compete?"

Yun Feng burst into laughter. "Then let's wait for him to wake up! Why? Does the Ling family not even have the courage to compete again? Or is the truth as Ling Xiaoyun said, that it's an unfair battle?"

"Why should we compete just because you say so?" The second daughter-in-law shouted. Yun Feng smiled again after hearing that. "Why shouldn't we? Since you said that the battle wasn't fair, let's have a fair one! Since you said that Ling Xiaoyun defeated Ling Jiahua with dirty tricks, let Ling Jiahua defeat Ling Xiaoyun with his strength in front of everyone. If you don't want to compete, are you guilty?"

Yun Feng's sharp words immediately made the second son's wife speechless. "You..." After talking for a long time, she couldn't say anything. She could only turn around and look at Ling Tiansu, but Ling Tiansu's expression made her completely speechless. "Master Ling! What do you think?" Yun Feng shouted as she looked at Ling Tiansu without fear in her black eyes. Ling Tiansu remained silent, but Yun Feng wasn't in a hurry. "If the Ling family insists on attacking Ling Xiaoyun, I'll definitely not stay out of it!"

Ling Tiansu narrowed his black eyes! She wouldn't stay out of it! Ling Tiansu wasn't nervous about Yun Feng, but Yao Guang, who was with Yun Feng! Ling Tiansu's heart immediately churned. This was the

only way to solve the current situation. Since someone always said that it was an unfair battle, they should fight fairly again!

“Alright, we’ll do as you say!” Ling Tiansu said in a deep voice. The second son’s wife immediately turned pale! Another duel! “Master, this...” This won’t do! Ling Tiansu looked at the second son’s wife coldly. “What does Ling Jiahua need? The butler will send it to you.”

“This... This... Jiahua is seriously injured. He won’t be able to get better in a while...” The second daughter-in-law said uncertainly, but Ling Tiansu smiled coldly. “Why? Will he never get better?”

The second son’s wife moved her lips and didn’t say anything. Ling Tiansu looked at Yun Feng. “One month is the limit. In one month, let these two people fight again in the Ling family. This time, they won’t complain whether they live or die!”

### **Chapter 960: Nobody (3)**

The second son’s wife immediately trembled! How could he do that? It was too short!

Yun Feng curled up her lips and smiled. “Alright, one month it is. Some people should hide their intentions in their stomachs. It won’t be good if they expose themselves.”

The eyes of the second daughter-in-law glittered a few times and the resentment in her heart rose again! One month, damn it! Yun Feng, you’re making a mountain out of a molehill! Hm, how much better could that little bastard recover after taking two attacks from Ling Tiansu in one month? As for Jiahua... it certainly wasn’t a problem!

The second daughter-in-law didn’t say anything else. The matter was settled just like that. The members of the Ling family immediately dispersed. Ling Xiaoyun stayed with Yun Feng to continue recuperating. The second daughter-in-law glared at Yun Feng fiercely before she left. Yun Feng couldn’t be bothered with her at all.

The two dimension elders left with Ling Tiansu, as if they wanted to discuss something in secret. The farce finally ended. Ling Xiaoyun was helped into Qu Lanyi’s room again. At this moment, he couldn’t hold on anymore and fainted.

“Hold on. Let him hold on.” Mo Changge sat on the side and said as he looked at the unconscious Ling Xiaoyun. He tapped his fingers on the handle. Qu Lanyi checked Ling Xiaoyun’s injuries and confirmed that he was fine. Mo Canghai sat on the other side. “Is one month enough?”

Yun Feng smiled. “That’s enough. Ling Xiaoyun doesn’t need recovery. He needs to be cornered.”

After examining Ling Xiaoyun’s injuries, Qu Lanyi sat next to Yun Feng and glanced at Mo Changge with her beautiful eyes. “Is Ling Jiahua’s injury really like what the bitch said? He’s unconscious? Ling Xiaoyun probably didn’t let Ling Jiahua escape unscathed, but it’s a bit exaggerated that he’s still unconscious today.”

Mo Changge chuckled and looked at Yun Feng. “Yun Feng, I’ll tell you if you want to know.”

Qu Lanyi gritted his teeth and held Yun Feng's waist with one hand. She raised her brows and looked at Mo Changge. The smile on Mo Changge's face froze for a moment. Yun Feng slapped Qu Lanyi's hand away. "What's the situation with Ling Jiahua?"

Seeing that Qu Lanyi's arm was slapped away, Mo Changge smiled. "He's alive and vigorous right now, but he's been cooped up in his room."

The few of them sneered after hearing that. If that was the case, that bitch was really smart. She said that Ling Jiahua was seriously injured and unconscious, and wanted Ling Xiaoyun dead!

"One month. This bitch is probably enjoying herself," said Qu Lanyi coldly. Yun Feng, however, snorted in disdain and glanced at Ling Xiaoyun, who was unconscious on the bed. "Enjoying herself? Just let her enjoy herself for a while. She'll cry."

The Ling family's mansion calmed down a bit because of Yun Feng's suggestion to have another fair battle. The matter about Ling Xiaoyun became the topic of discussion for everyone in the Ling family again. The abandoned son who was expelled back then came back. His second battle with Ling Jiahua made the Ling family's territory boil.

If you want to fight, just fight! Even though Ling Jiahua didn't have a strong understanding of the ability to control space, Ling Xiaoyun wouldn't be his match at all if he used the power of space! The second son's wife had always claimed that the battle back then was unfair and that Ling Xiaoyun played dirty. Naturally, the members of the Ling family were on their side. Everyone agreed that they must teach Ling Xiaoyun a lesson in this battle and watch him lose fair and square!

During the one-month, when all the members of the Ling family were waiting anxiously for this battle, Ling Jiahua's yard was a different scene. Ling Jiahua, who was supposedly badly injured and unconscious, was sitting by the bed at this moment. His cheeks were red and healthy and his eyes were bright. His slightly chubby body made him look tender and he should be eating well.

"Mother, what do you mean fight again? I'm not fighting! Why is that bastard still alive?" Ling Jiahua said furiously as the flesh on his cheeks shook a few times.

"Do you think I don't want that bastard to die? You were injured so badly by him back then and now, your father is imprisoned. I've thought of countless ways, but someone interfered and couldn't kill that bastard!"

"It's all because of Yun Feng. What a troublemaker!"

"That's right. If it weren't for her, that little bastard would have died countless times!"

"Mother, can't you think of a way to get rid of him secretly?" Ling Jiahua's narrowed eyes glittered as he looked at his mother with anticipation.

"Kill him secretly? He's with Yun Feng right now. I can't reach him even if I have ten more hands!"

"Then what should we do? If we fight... I can't beat him at all..." Ling Jiahua remembered the battle with Ling Xiaoyun last time. If his father didn't come to help him, he would probably have been beaten to death by Ling Xiaoyun!

“What do you mean you can’t beat him? How much can that bastard recover in one month? Don’t forget that he endured two attacks from Ling Tiansu. Even if he recovers in one month, you can still beat him easily!”

“Really? That’s true. Master’s two attacks either killed or crippled him. Is that bastard retarded? He even took Master’s attacks. Hahahaha! He deserved to be beaten to death by me this time!”

His second wife chuckled. “Jiahua, you obviously have the upper hand in this battle. You can’t miss this opportunity. You must kill this bastard! Duel? Alright, let’s kill that bastard. I’ll see what Yun Feng has to say!”

“Mother, I’ve never understood. That bastard has already been expelled. Why must you and father let that bastard die? What does his death have to do with me?”

The second son’s wife rolled her eyes at Ling Jiahua. “What do you know? There must be something behind his expulsion back then! Why did Ling Tiansu not let that bastard die again and again? He thought others couldn’t see it, but I did! There must be something on that bastard. Your father and I have searched for so many years, but we still haven’t found this bastard. Ling Tiansu must have sent him away secretly! Since he’s so concerned about this bastard, it proves that the position of the leader of the Ling family will very likely belong to that bastard one day!”

“What? How is that possible? Isn’t that animal a loser?”

“Do you know if he’s a loser or not? We have to get rid of this troublemaker forever before anything happens. He came to us himself. Of course, we can’t let him go!” Speaking up to this point, the second daughter-in-law’s face was full of resentment. “Why should Ling Tiansu be the leader? Your father’s strength isn’t bad and he’s countless times better at socializing than Ling Tiansu! The position of the leader should have belonged to your father! The Ling family has developed so much and your father has done a lot! Why should Ling Tiansu enjoy all the glory and wealth alone? You want to give the position to that kid? Dream on!”
