Chapter 961: Nobody (4)

After hearing that, Ling Jiahua narrowed his eyes fiercely. "Alright, I'll definitely take that animal's life this time to prevent any future trouble!"

A month passed in the blink of an eye. Everyone in the Ling family knew about the second duel between Ling Xiaoyun and Ling Jiahua. There was no news from Yun Feng's yard where Ling Xiaoyun was. Everyone in the Ling family knew very well that Ling Xiaoyun was seriously injured. How would he be able to recover in a month? Ling Xiaoyun would definitely lose this duel! If he had any self-knowledge, he might as well take this one month to escape from the Ling family's territory, but that wasn't quite possible.

The day of the duel soon came. The location of the battle between the two of them was in the training ground of the Ling family's main house. This training ground was where all the younger generation of the Ling family cultivated. Today, no one was practicing in the huge training ground. They all stood around the training ground and surrounded it tightly.

The members of the Ling family seemed to have all come out, whether they were young or old. They all came to the training ground. This place, which was usually only lively with young people, became the most lively place in the Ling family today. The members of the Ling family wouldn't miss this place today, or the battle that was about to be held here!

"That loser still has the face to fight with Ling Jiahua. He's truly overestimating himself..."

"I heard that he was beaten up by the master that day. He's probably seriously injured. He didn't propose this battle. It was Yun Feng. Otherwise, he would have been killed by the master!"

"Oh? So, he'd live in exchange for this duel?"

"He probably only had this extra month to live. Yun Feng's move isn't very useful. Ling Xiaoyun is a loser in the Ling family. Who else in the Ling family is a loser other than him? Even though Ling Jiahua isn't a top figure, he's more or less strong. Ling Xiaoyun is digging his own grave this time."

"Why did he come back? Did someone kick him in the head?"

"Who knows? Just wait and see. Ling Jiahua won't let Ling Xiaoyun go. With his personality..."

"Tut-tut, even though he should be on our side, that Ling Jiahua..."

The young people around the arena began to discuss in private. It was very lively. All the elders of the Ling family were here. Apart from the second son of the Ling family, who was imprisoned, the others all stood behind Ling Tiansu respectfully.

"Are both of them here?" Ling Tiansu asked the butler next to him. The butler secretly wiped his sweat. "Master, Young Master Jiahua is already here, but Ling Xiaoyun... isn't here yet."

“Hm, did he hide in fear and take the opportunity to escape?” The second son’s wife said sarcastically on the side. The third son of the Ling family, who was injured, also came. His face was a bit pale, but his body was fine. “Brother, do you want me to take a look?”

Ling Tiansu snorted. “Escape? Let’s talk about it after he gets out!” Ling Tiansu looked up at the empty training ground. His son wasn’t someone who would run away! With Ling Xiaoyun’s personality, how would he possibly run away?

Second Daughter-in-law snorted in disdain and didn’t say anything else. In her opinion and in the eyes of the Ling family, the result of today’s duel had already been decided before it started. The time of the duel hadn’t arrived yet. The training ground was full of excitement and discussions. Ling Jiahua had already been a bit impatient. If it weren’t for his mother who kept winking at him, he probably wouldn’t have been able to sit still.

Finally, the moment of the battle arrived. The butler walked to Ling Tiansu’s side. “Master, it’s time. Ling Xiaoyun still isn’t here. Should we send someone over...” The butler didn’t say anything else, because Ling Tiansu’s face suddenly darkened. He waved his hand and the butler had already got up and left.

“Master, what did I say? Did that kid already run away? Even though he doesn’t have the ability to escape, it doesn’t mean that Yun Feng doesn’t!” The second daughter-in-law said sarcastically. Ling Tiansu didn’t say anything. He just stood there with his body stiffened and the muscles all over his body tightened at this moment!

“Thank you for thinking so highly of me.” A cold voice cut through the sky. Everyone in the training ground was slightly shocked. They subconsciously looked up and saw four figures flying quickly in the sky. They were Yun Feng and the others.

When the second son’s wife saw Yun Feng, she bit her lips hard and cursed secretly. Yun Feng landed from the sky with a faint smile at the corners of her mouth and stood in front of Ling Tiansu. “Master Ling.” Yun Feng greeted him politely. Ling Tiansu looked at her with a tense face, as if he wanted to ask something. Yun Feng wasn’t in a hurry. She looked around at the crowd around the training ground. “Haha, this place is really lively today.”

“Yun Feng, where’s Ling Xiaoyun? Perhaps...” The third son of the Ling family panted and asked. Yun Feng chuckled and ignored him. “How would I know where he is?”

“You...” The third son of the Ling family was stunned by what Yun Feng said. His blood immediately surged and his face turned even paler. Yun Feng looked at Ling Tiansu with a smile. “Master Ling, since it’s time for the battle, let both parties fight. Do you not know if Ling Xiaoyun will run?”

Ling Tiansu’s eyes darkened. He looked at Yun Feng deeply a few times and didn’t say anything else. He waved his hand, and the butler immediately stepped forward. “It’s time for the duel!”

Ling Jiahua, who had been waiting impatiently, shivered when he heard the voice. He jumped agilely to the middle of the training ground and looked around. “Hm! That animal really doesn’t have the courage.”

Ling Jiahua stood in the center alone. Seeing that, his mother said coldly, “Who can’t see if the battle back then was fair? Humph!”

There was always a smile at the corners of Yun Feng's mouth and she didn't seem to be in a hurry at all. She looked at Ling Jiahua in the arena with deep mockery in her black eyes. Ling Jiahua, who was in the center of the arena, waited for a while and still didn't see Ling Xiaoyun come out. He couldn't help but shout at the sky, "Ling Xiaoyun! Loser! Bastard! Come out if you have the guts! Come out and fight me if you have the ability! Are you scared, you loser of the Ling family?"

"Is there something wrong with that fatty?" Mo Changge said on the side. The second son's wife was immediately enraged after hearing that. Yun Feng commented indifferently, "Can't you see if there's anything wrong?"

Chapter 962: Nobody (5)

Qu Lanyi chuckled. "There's something wrong. Something hugely wrong."

Mu Canghai, who had been looking extremely cold, said after a while, "It's genetic."

The few of them talked and commented on their own. The expression of the second daughter-in-law on the side had already changed a few times. However, she couldn't flare up at such an occasion. She might be criticized by these few people again!

"Ling Xiaoyun! You're a coward! Why? Are you hiding because you know you can't beat me? Hahahaha, don't be afraid. As long as you kowtow to me a few times, I'll consider letting you live!"

After Ling Jiahua shouted, he burst into laughter. Some of the young people of the Ling family also burst into laughter. Some people immediately started cheering. Ling Jiahua was even more arrogant. He raised his fat face and kept laughing. However, he suddenly stopped talking. Ling Jiahua only felt a sharp pain coming from his back. His entire body bent uncontrollably and his knees went numb. He knelt on the ground with a bang!

"Jiahua!" The second daughter-in-law couldn't help but exclaim loudly after seeing that. She subconsciously looked at Yun Feng. Her intuition told her that it was her doing, but Yun Feng didn't do anything. She looked at Ling Jiahua, who was kneeling in the middle of the room, mockingly. Qu Lanyi raised his brows. "He's here?"

Yun Feng chuckled. "Yes, he should be here, even though he's a bit late."

"Yun Feng! Did you do that? You interfered with the Ling family's business again and again. Who do you think you are? Who's here? Do you have help?" The second son's wife turned into a mad dog again and barked at Yun Feng. Yun Feng sneered. "You'll know who's here soon."

"What do you mean..." The second son's wife was confused, but Ling Tiansu seemed to understand something. He suddenly turned his black eyes to the center of the training ground!

"Which bastard is it? Get out here!" Ling Jiahua stood up shakily with his knees. Once he stood still, the same excruciating pain came again and he fell on his knees again! The members of the Ling family, who were watching the drama, were all a bit stunned. What was Ling Jiahua doing? Amusing himself? Kneeling?

“Fatty, are you calling me?” A young and powerful voice came, as if it came from infinite away. It entered everyone’s ears clearly, making everyone tremble!

“Crack!” The sound of space cracking echoed and a crack appeared in the space in the center of the training ground! The members of the Ling family were all dumbfounded. Ling Jiahua couldn’t help but open his mouth wide when he saw the space crack. “This... This...”

Ling Tiansu clenched his fists tightly and the veins on the back of his hands bulged! Impossible, this was impossible!

A pair of hands with distinct joints and long fingers reached out of the spatial crack, followed by a young and tall body. He didn’t have a messy beard anymore. A rather delicate but manly face appeared in front of everyone’s eyes!

The members of the Ling family all gasped. The second daughter-in-law’s eyes almost popped out. Her entire body kept shaking! This was impossible... How was this possible? Wasn’t Ling Xiaoyun a loser? Didn’t he have no perception of the power of space at all? How could a loser who was expelled from the Ling family have such great power of space? How was it possible?

The training ground was silent. Everyone in the Ling family couldn’t believe what they saw. They were dumbfounded, truly dumbfounded!

There was a smile in the eyes of Yun Feng and the others. Ling Xiaoyun was no longer that abandoned pawn. He was no longer that loser who was expelled from the Ling family. Ling Xiaoyun had been reborn!

Ling Jiahua knelt on the ground and raised his chubby hand with a tremor, pointing at the young man who walked out of the space crack in front of him. His fingers kept shaking. “Ling... Ling Xiaoyun?”

Ling Xiaoyun looked at Ling Jiahua with his hawk-like eyes, and saw the panic, fear and doubt in his eyes. He waved his hand, and the torn space crack instantly closed! Ling Jiahua gasped hard!

“Fatty, what were you shouting just then?”

“I... I... I...” Ling Jiahua’s voice trembled. His body, which was kneeling there, was also shaking constantly. The person in front of his eyes was Ling Xiaoyun. F*ck, who said he was a loser? How could a loser have such strong spatial power? What exactly was going on?

“He said Ling Xiaoyun is a coward. If you kowtow to him, he’ll consider letting you go,” said Yun Feng casually. Ling Xiaoyun raised his eyebrows and smiled. Seeing Ling Xiaoyun’s smile, Ling Jiahua shook his head quickly. “No, no...”

Ling Xiaoyun laughed and grabbed at the air. Ling Jiahua immediately screamed like a pig being slaughtered!

“Ahhhhhhhhhhhh!”

This scream spread throughout the entire training ground. Ling Jiahua and Ling Xiaoyun weren’t on the same level at all in terms of the control of the power of space! The members of the Ling family on the side were all drenched in cold sweat. What exactly was wrong with Ling Xiaoyun? With his power of space, the family leader was probably the only one who could surpass him!

The third son of the Ling family was terrified. Even he couldn't keep up with Ling Xiaoyun's power of space! What was going on?

"Mother, save me, save me!" Ling Jiahua's body was lifted into the air. His chubby body was clearly being squeezed. His entire body was almost deformed! Ling Xiaoyun stood there with coldness on his face!

"Master! This isn't fair! He... He shouldn't be like this. It must be Yun Feng. What method did Yun Feng use? They tricked him!" The second daughter-in-law ran to Ling Tiansu's side. Ling Tiansu pursed his lips tightly and didn't say anything. His expression was extremely gloomy and the veins on his forehead were also showing signs of popping up.

He couldn't be clearer about whether his son was cheating or not. The space perception ability he sealed in Ling Xiaoyun's body had already burst out. This kid's talent... made him rise so much in such a short period of time!

Seeing that Ling Tiansu didn't say anything, the second son's wife immediately rushed forward. Yun Feng extended her arm and a strong mental strength suddenly surged out of her body, covering the entire training ground in an instant! The second son's wife was bounced back by this powerful mental strength fiercely!

Chapter 963: Nobody (6)

"We want this duel to be fair. Nobody can disturb them. Nobody!"

Yun Feng's mental strength formed a thick and high wall of mental strength around the training ground, surrounding Ling Xiaoyun and Ling Jiahua firmly. Everyone in the Ling family was blocked outside by this mental wall! After the second daughter-in-law was repelled by Yun Feng's mental strength, she stood up from the ground in a sorry state and stared at Yun Feng firmly.

"You're an outsider. Why do you have to interfere? Yun Feng, you're not qualified to do this!"

"Ahhhhhhhh!"

Ling Jiahua's screams in the training ground didn't stop. His body was squeezed in the air by Ling Xiaoyun fiercely and his muscles were constantly deformed. "Mother, save me, save me!" Ling Jiahua looked at his mother with bloodshot eyes that were full of fear!

Seeing Ling Jiahua like this, his second wife's eyes turned red! "Master! Jiahua is going to die!"

Ling Tiansu had been standing there silently. The members of the Yun family, who were separated by Yun Feng's mental wall, didn't look any better. Some young people didn't believe it and wanted to rush forward, but they were all bounced back by Yun Feng's mental strength without exception.

Realizing that Ling Tiansu was silent, the second son's wife ran over again and was bounced back fiercely as expected!

“Second Sister-in-law!” The third son of the Ling family couldn’t help but shout. He turned around and looked at his brother. “Brother, you can’t just watch Jiahua die here! Second Sister-in-law only has one son. If he dies, Second Brother’s family will...”

Ling Tiansu’s temples pounded hard a few times, but he still didn’t say anything. He stared at Ling Xiaoyun, who had completely changed, in the center of the training ground. He couldn’t calm the excitement in his heart no matter how hard he tried!

“Life and death are unpredictable in a battle. If Ling Jiahua can’t die, Ling Xiaoyun can?” Yun Feng turned around and glanced at them coldly. The third son of the Ling family immediately shouted furiously!

“Yun Feng! This is the Ling family’s private matter after all. As an outsider, you should know your identity!”

“Private? So, you admit that Ling Xiaoyun is a member of the Ling family? Otherwise, why would it be private?” Yun Feng glanced at him coldly and then turned her head aside. “Whoever wants to die, feel free to try!”

There were still young people who wanted to break through Yun Feng’s mental wall in the training ground. Yun Feng snorted in disdain and didn’t show mercy anymore. The young people who tried to pass through the mental wall were all bounced away fiercely and fell on the ground, spitting out blood!

Everyone in the Ling family was shocked. At this moment, Ling Tiansu finally said, “Nobody is allowed to interfere with this battle! You can’t complain even if you die up there!”

“I only have one son, Jiahua! Ling Tiansu! As the leader of the Ling family, you disregard the lives of the members of your family. You don’t deserve to be the leader! Why? Ling Xiaoyun is back now. Even though I don’t know what’s wrong with this bastard, I do know that you want this bastard to inherit the position of the leader of the Ling family. Even though this bastard is quite capable, don’t forget that he’s already been expelled from the Ling family. He’s not qualified to step into the Ling family or touch anything of the Ling family!”

“Second sister-in-law, are you done?” When the third son of the Ling family saw that his second daughter-in-law was so tactless, he immediately pulled her aside. “Brother, second sister-in-law is anxious. Don’t take it to heart...”

The second daughter-in-law suddenly shook off the hand of the third son of the Ling family and stood up. “Why? I wasn’t wrong! Ling Tiansu! Tell me, are you fit to be the leader of the family? You’re protecting an abandoned son who’s been kicked out. Don’t take advantage of him. If you don’t have the ability, come down and let someone else do the job!”

These words completely shocked the scene. The second son’s wife said angrily as her chest kept fluctuating. Ling Tiansu stood there with a gloomy face, but he didn’t say anything. Yun Feng listened with interest and endless ridicule in her eyes. Was this the sorrow of a large family?

“Plop!” A loud noise came from the center of the training ground. Ling Jiahua’s body suddenly fell from the sky and hit the ground hard. Ling Xiaoyun had already retracted his hand and stepped on Ling Jiahua’s body. Ling Jiahua screamed again and could only let Ling Xiaoyun step on him.

“Jiahua, Jiahua!” The second daughter-in-law didn’t have anyone in her eyes right now, only Ling Jiahua, who was still breathing on the ground. Even though she regretted what she said just then in her mind, she had already said it now and there was no way out! She was going all out right now. As long as Jiahua wasn’t dead, anything was fine! The one who deserved to die was Ling Xiaoyun, this little bastard!

After the strong spatial distortion just then, there were already obvious wounds on Ling Jiahua’s body. Coupled with his delicate skin and the wounds all over his body, Ling Xiaoyun stepped on him and walked over, making him lose the last bit of his strength. He could only lie on the ground, panting like a fat pig that had been struggling for a long time to be slaughtered. Seeing Ling Jiahua like this, the second daughter-in-law’s eyes turned red. “Ling Xiaoyun! Don’t fall into my hands!”

Ling Xiaoyun laughed and ignored the second son’s wife’s threat. He simply walked to Yun Feng. “Yun Feng, you don’t have to do anything about this.”

Yun Feng chuckled. “I’ve never been a busybody.” She waved her hand, and the transparent mental walls around the training ground turned into mental strength and retreated into Yun Feng’s body. Ling Xiaoyun looked at Yun Feng. “I’ll remember your help.”

Yun Feng smiled lightly and didn’t say anything. The second daughter-in-law rushed over and held Ling Jiahua, who was covered in wounds, in her arms. Ling Jiahua grunted a few times and looked at Ling Xiaoyun with hatred in his little eyes. If this mother and son had the chance and the ability, they wouldn’t let Ling Xiaoyun go. This might still be possible in the past, but it wasn’t possible anymore right now.

“Ling Xiaoyun! You’ll die a horrible death!” After checking the injuries on Ling Jiahua’s body, the second son’s wife roared fiercely and then suddenly spat. “You deserve to be kicked out. You deserve to be a loser! Even if you have the ability now, you’re still a loser. Those who gave birth to you and raised you are losers. Argh!”

Chapter 964: Unexpected Turn of Events (1)

As soon as the second daughter-in-law said this, Ling Xiaoyun suddenly turned around. His handsome face, which was still calm just then, was full of anger at this moment! He waved his hand fiercely and the second daughter-in-law was instantly pulled away by a strong force, flying backwards and hitting the pillars in the four corners of the training ground fiercely. She vomited blood fiercely and her body slid down like a kite with a broken string.

“Mother, mother!” Seeing this scene, Ling Jiahua immediately struggled and wanted to crawl over, but he didn’t have the strength to do so at all. He looked at Ling Xiaoyun fiercely with his little eyes. “How dare you hurt my mother! You little bastard! Argh!”

Another scream came!

Ling Xiaoyun’s attack was extremely fast. Nobody had expected that. The members of the Ling family, who were still immersed in the miserable state of the second daughter-in-law, only saw a black shadow flash in front of their eyes. Ling Jiahua’s body flew back quickly. The members of the Ling family only had

time to see his terrified and even distorted face and the little eyes that were so wide that they almost popped out of their eye sockets!

“Argh!” Ling Jiahua screamed. Ling Xiaoyun waved his hand again, unleashing the invisible power of space! “Crack!” Ling Jiahua’s body hit the same pillar. His head and spine didn’t have any chance to resist at all. After a few crisp cracks, Ling Jiahua was dead.

Ling Jiahua’s lifeless body landed on the ground heavily next to his mother, who was still alive. When she saw Ling Jiahua’s dead body, her eyes widened abruptly. Coupled with her messy hair, it was very scary!

The third son of the Ling family was stunned when he saw this scene. “Ling Xiaoyun, how dare you!” The third son of the Ling family roared and was about to attack. The other members of the Ling family also turned around at this moment. Ling Xiaoyun killed a member of the Ling family in front of their eyes! Many people were also enraged in an instant. Ling Xiaoyun, who was in the middle of the training ground, was full of anger. He didn’t care that he had already become the target of everyone!

He didn’t care if other people insulted him! He didn’t care about being called animals or losers! However, nobody could insult his mother!

When the members of the Ling family were about to attack, Yun Feng suddenly stood next to Ling Xiaoyun and looked at all the members of the Ling family coldly with her black eyes. She clasped her hands and a ball of elements with different colors appeared in her hands!

Fire, water and wind. These three elements constantly intertwined, bit and roared, forming a kind of color that seemed to want to dazzle other people’s eyes. The elemental ball of these three elements kept emitting a terrifying pressure that enveloped the entire venue!

Ling Xiaoyun’s eyes widened when he saw the item in Yun Feng’s hand. He looked at Yun Feng in disbelief. Was that... the fusion of elements? She could fuse different elements together! And... she fused three elements. She had multiple elements!

“W-What’s that?”

“Why do I feel panicked... Do you feel that way...”

“What kind of monster is Yun Feng? She fused different elements together. Isn’t she afraid of self-destruction?”

“Who knows? She must be a lunatic!”

“Whether she’s crazy or not, she fused three elements. Did you see that? She has multiple elements!”

The members of the Ling family, who wanted to attack, immediately stopped attacking. The third son of the Ling family looked at Yun Feng dumbfoundedly. Feeling the terrifying power that kept bursting out of the fused elemental ball, his heart was a bit trembling!

“The duel isn’t over yet! Why? Does the Ling family go back on their words?”

Most of the members of the Ling family couldn’t help but swallow and took half a step back. They all looked at the bright ball that kept rolling in Yun Feng’s hand vigilantly. Ling Tiansu roared with a sullen face, “Ling Jiahua is dead. This battle has already ended. Ling Xiaoyun, go!”

“Brother! We can’t let that bastard go!” The third son of the Ling family was anxious after hearing that. How could he let Ling Xiaoyun go?

Ling Tiansu stared at the elemental fusion ball in Yun Feng’s hand and his face twitched a few times. “Yun Feng, enough is enough.”

Yun Feng burst into laughter. “As long as the Ling family knows what to do, I’ll certainly know when to stop.” She waved her fair hand and the elemental ball that intimidated everyone just then immediately disappeared. The members of the Ling family were also inexplicably relieved.

Yun Feng originally wanted Ling Xiaoyun to leave quickly, but he had already turned around and walked straight to Ling Tiansu. His steps were extremely firm and he didn’t stop at all! He walked slowly under the knife-like gaze of the Ling family. He was so persistent.

Yun Feng couldn’t help but frown. What was Ling Xiaoyun doing? Didn’t he know that a group of wolves was staring at him? Even though the power of space he unleashed was very strong, he didn’t have a chance of winning against so many people. She didn’t have a second chance to help him!

“What are you doing?” The third son of the Ling family couldn’t help but step back when he saw Ling Xiaoyun walking straight over. Apart from Ling Tiansu, everyone else around him kept stepping back because of Ling Xiaoyun’s movement. Ling Tiansu stood there steadily and looked at Ling Xiaoyun with a deep gaze. Ling Xiaoyun slowly walked over and stabilized himself five steps in front of Ling Tiansu.

The father and son looked at each other just like that. Ling Tiansu said in a deep voice, “You only have one chance. Leave quickly before I change my mind!”

Ling Xiaoyun was silent for a while. Qu Lanyi couldn’t help but frown. The man only had one chance. If Ling Xiaoyun didn’t know how to seize the opportunity, he wouldn’t ask Yun Feng to help him a second time! Ling Xiaoyun suddenly straightened his body and gazed into Ling Tiansu’s eyes. “I didn’t come back for anything, not for the Ling family, not for you.”

Ling Tiansu’s temples throbbed again and his lips trembled, but he didn’t make a sound.

“I only wanted to give myself an answer when I came back this time.” Ling Xiaoyun said slowly and clearly. His voice echoed in Ling Tiansu’s head like a bell. “Why?” Ling Xiaoyun’s black eyes glittered. He finally asked why.

Ling Tiansu’s pupils shrank quickly. He clenched his fists, which were hidden in his long sleeves. Blue veins bulged, as if the blood inside was about to burst out of the veins! Ling Xiaoyun looked at Ling Tiansu attentively without any expression. He was here for an answer.

Chapter 965: Unexpected Turn of Events (2)

Yun Feng stood there and looked at Ling Xiaoyun thoughtfully, before she heaved a sigh. Ling Tiansu’s body was stiffened. After a long time, his lips finally moved and his voice became much hoarse. “No reason, no why.”

Ling Xiaoyun burst into laughter. “Hahahaha! Alright, I accept your answer. Don’t worry. I’ll never step into the Ling family again.”

Ling Tiansu's heart was twisted fiercely as a kind of bitter pain spread in his heart. That was good. This child wouldn't step into the Ling family again and wouldn't have anything to do with the Ling family anymore. That was enough. This was enough.

"Now, leave the Ling family." Ling Tiansu calmed his mind and said coldly. The corners of Ling Xiaoyun's mouth curled up in mockery. Before he could say anything, Ling Tiansu's expression changed drastically. He grabbed Ling Xiaoyun with his big hand and pulled him behind him. Ling Tiansu's body protected Ling Xiaoyun firmly. Ling Tiansu stared at a corner in the sky fiercely and shouted!

"Who's hiding there sneakily? Come out!"

Ling Tiansu's shout attracted everyone's attention. Hundreds of eyes immediately looked at the sky at the same time. There was nothing there except the endless blue sky. The third son of the Ling family looked at his brother suspiciously. Ling Tiansu sneered and suddenly squeezed the air. The space that he was staring at suddenly twisted and tore violently!

Qu Lanyi and Mu Canghai immediately felt that Mo Changge was looking at the completely distorted space in the sky deeply, as if he was thinking about something. Ling Tiansu exerted more strength in his hand, as if he wanted to tear the space apart completely!

"If you don't come out, I'll tear you apart!" Ling Tiansu roared furiously. Terrifying spatial power erupted from his body and a figure suddenly jumped out of the distorted space. Everyone was shocked!

"Tsk, tsk, tsk. Why are you so angry? I've just arrived." The person who jumped out of the distorted space stood in the sky leisurely. The members of the Ling family were all shocked! Yun Feng, who was standing in the training ground, was instantly enraged!

The person floating in the air was wearing a black robe, and the robe was embroidered with the mysterious pattern that Yun Feng couldn't be more familiar with! The person who took away the ancestor's soul, the hooded man, had appeared again! However, this man was wearing a mask on his face. The facial features of the mask were drawn very weirdly, making people feel uncomfortable at first glance.

"That pattern..." Mu Canghai said in a low voice. Qu Lanyi's face was also covered with a layer of coldness. "It seems that we're in trouble with the Ling family."

Yun Feng didn't say a word. She gritted her teeth fiercely and suppressed the anger in her heart as she clenched her fists tightly! Very good, another one came. Even if his target this time had nothing to do with her, she must interfere!

"Who are you? You entered the Ling family without permission!" Ling Tiansu looked at the mysterious figure in the sky and frowned hard. He stood straight with a layer of anger on his face. Someone invaded this place. The dimension elders didn't warn him. How did he get in?

"Master Ling, are you wondering where those two old guys went?" The person in the air said provocatively, then burst into laughter. "I've already dealt with those two old guys."

"What did you say?" Ling Tiansu was immediately enraged. The members of the Ling family were also shocked after hearing that! The dimension elders were dead! How was that possible? The power of space came out of Ling Tiansu's body like a sharp sword. The man wearing a mask swayed his body and

smiled weirdly as he dodged. “Master Ling, why don’t we talk? Perhaps a few more members of the Ling family can survive.”

Ling Tiansu’s black eyes suddenly darkened and his attacks became even more ruthless. While he attacked fiercely, he flipped his hand and a jade pendant appeared in his hand. Ling Tiansu crushed it fiercely and the space in the distance immediately distorted forcefully. Three powerful spatial forces came from the sky!

Another three dimension elders arrived. When they saw the masked man who appeared in front of them, their expressions all turned cold. Ling Tiansu also jumped up and soared into the sky. At the same time, his deep voice spread to every corner of this area!

“Bloodline of the Ling family, listen up! Leave this place quickly!”

The masked man laughed and his black robe suddenly curled up. “Master Ling, it’s too late.”

Ling Tiansu’s expression didn’t change. “Even if all the descendants of the Ling family die here, you can forget about getting out alive!”

The three dimension elders and Ling Tiansu attacked the masked man together. The body of the masked man seemed to freeze for a moment. “Tsk! How troublesome! I should get as much of the ability of the Ling family as I can... Compared to those cheap bloodlines, I’m more satisfied with you, Master Ling, or... that kid.”

“Shut up! Arrogant intruder, die!” The three spatial elders attacked at the same time. The black-robed man burst into laughter. The black robe on his body rose without any wind and his arrogant laughter spread throughout the space!

This accident threw the Ling family into chaos! Most people in the house of the Ling family gathered in the training ground. When Ling Tiansu gave the order, everyone was still in a daze! It wasn’t until the appearance of the three dimension elders and the fierce battle in the sky that the members of the Ling family finally realized!

“None of the younger generation of the Ling family is allowed to attack. Leave quickly!” The third son of the Ling family suddenly shouted. The most important thing at this critical moment was to keep their bloodline! “All the older generation of the Ling family stay and resist the invaders!” While Ling Tiansu was fighting fiercely, the third son of the Ling family took on the identity of the temporary leader. In such a chaotic moment, what the third son of the Ling family said made everyone know what to do!

“Go, go!” The older generation of the Ling family reacted in an instant and immediately escaped with the younger generation. And this group of hot-blooded young people seemed to be stubborn at this moment. The sense of family buried deep in their blood was completely aroused!

“We’re not leaving!” The young people all shouted. The older generation immediately didn’t care about so much. They knocked the youngsters unconscious and dragged away everybody they could. The older generation all knew in their minds that there couldn’t only be one person invading this time, or the master wouldn’t have given such an order! The Ling family was facing a life-and-death crisis!

Chapter 966: Unexpected Turn of Events (3)

“You want to leave? None of you can leave!” The masked man, who was laughing crazily in the sky, suddenly shouted. Ling Tiansu and the three dimension elders suddenly froze. Strong distortions and vibrations appeared in the four corners of the sky and four more figures came out! These four people were also wearing masks and black robes with the same weird patterns!

The moment the four black-robed men appeared, the black robe on the masked man’s body slowly fluttered down. His arms extended from the black robe, as if he was making a hugging gesture, and the four of them quickly slapped the space with their hands! With a “Buzz...”, an invisible space barrier was formed, firmly covering this area of the Ling family!

“The power of space! How can you possibly master the power of space?” The dimension elders’ eyes widened when they saw this scene. The black-robed man burst into laughter. “We got it the same way the Ling family got it.”

Ling Tiansu’s pupils shrank and he suddenly extended his hands. Two forces of space gathered from his hands and hit the space barrier fiercely. Cracks appeared on the space barrier! The masked man and his companions were all shocked when they saw this scene. Ling Tiansu said in a low voice, “You’re just impostors!”

The masked man felt Ling Tiansu’s insult and immediately shouted furiously, “Do it! Don’t let anyone from the Ling family go, except for this person in front of you and that kid!”

“How dare you!” Ling Tiansu shouted furiously as he rushed forward. The three dimension elders were also enraged. How dare he want to destroy the Ling family? They would never allow it! The fierce battle in the sky became heated. And under the roar of the masked man just then, screams sounded in the area sealed by the space barrier!

The invisible power of space strangulation took countless lives in an instant! Even though the bloodline of the Ling family also had the ability to control space, their perception ability had already been exhausted as their bloodline continued. Under such a fierce strangulation full of killing intent, nobody could survive!

The bodies of the members of the Ling family fell one after another. Immediately, the main house of the Ling family was covered in blood! Those who escaped from the main house of the Ling family also couldn’t escape the fate of death! Ling Tiansu listened to the screams of the members of the Ling family and a strong smell of blood kept coming. The anger in his heart rose again!

“Stop!” Ling Tiansu roared furiously. Even though he knew the fate of the Ling family in the future, as long as he was the leader of the family, he wouldn’t allow the Ling family to walk towards destruction in such a way!

The masked man laughed crazily. Ling Tiansu was now four against five. Both parties had the ability to sense the power of space. Even though there was a difference, the advantage of numbers became more and more obvious as the battle went on. The masked man grabbed an opening and suddenly reached his arm towards Ling Tiansu’s head. Ling Tiansu was shocked. He wanted to turn around, but found that the space around him had already been tampered with!

The masked man's finger suddenly bent and was about to grab it firmly. At this moment, his wrist was pushed aside by an invisible force, and the force didn't stop. It directly hit a corner of his mask!

"Crack!" A small part of the bottom of the mask shattered. As the small part of the mask fell off, part of the man's skin was also revealed. The man in the mask suddenly retreated and looked up at a pair of young black eyes!

Ling Tiansu looked at Ling Xiaoyun, who was standing in front of him, and shouted furiously, "Get back there!"

Ling Xiaoyun didn't say anything. He just stood in front of Ling Tiansu firmly. "Don't get me wrong. I'm not helping you. I just can't stand him bullying us with numbers."

Ling Tiansu froze, but the masked man slowly extended his hand and touched his mask, as if he was confirming if it was really broken. When he found that small gap, the masked man suddenly raised his head and burst into laughter!

"Hahahaha, kid, you're the person I need! Such spatial perception is truly enviable..."

Without another word, Ling Tiansu rushed past Ling Xiaoyun and said in a deep voice without looking back, "Ling Xiaoyun, if you want to be a hero, don't get caught. Don't make me look down on you!"

Ling Xiaoyun was stunned for a moment after hearing that. Then, he grunted coldly and his young body also went forward. However, a smile slowly appeared at the corners of his mouth. "Don't worry, Master Ling. I'll definitely let you think highly of me!" After hearing that, a smile finally appeared on Ling Tiansu's face, which had been tense and serious. The father and son stood side by side. The masked man burst into laughter. "If only both of them could be mine."

Ling Tiansu and Ling Xiaoyun sneered at the same time. They moved their hands at the same time. The power of space from the old and the young collided, creating sparks. "If you think you can, come and get it!"

The fierce battle in the sky became heated again. The strength of the man in the mask, who was so excited that he was almost crazy, seemed to have increased to a certain extent. Even the four people who appeared in the final stage also rose with the tide. Even with Ling Xiaoyun's participation, Ling Tiansu still felt difficult, while the man in the mask became more and more comfortable. Yun Feng observed the fierce battle in the sky carefully. The power of space versus the power of space, this was a battle she couldn't participate in easily. She felt that her understanding of the power of space wasn't enough. Even if she rushed forward, she would undoubtedly only cause trouble.

"Senior Yao Guang! Senior Yao Guang!" Yun Feng tried to call Yao Guang in her mind. After calling him for a long time, Yao Guang's exhausted voice sounded. "Kid, what's wrong?"

Yun Feng was delighted to hear Yao Guang's voice. "Senior Yao Guang, the Ling family is in trouble."

Yao Guang's voice suddenly became silent. In the end, he said impatiently, "What does the Ling family's matter have to do with me?"

Yun Feng was stunned. Ling Xiaoyun was saved by Yao Guang. Why was he so cold to the Ling family? Yao Guang said tiredly, "Kid, I advise you not to interfere with the Ling family's business."

Yun Feng frowned abruptly and glanced at the fierce battle in the sky. "It's impossible for me to stay out of it."

"The situation isn't good, Fengfeng. Ling Tiansu seems to be struggling more and more." Qu Lanyi looked at the sky and said solemnly. Mu Canghai said thoughtfully on the side, "Although Ling Xiaoyun has extraordinary control of space, he has just released this ability not long ago after all. He's completely new to controlling the power of space."

Chapter 967: Yun Feng Joins (1)

Yun Feng raised her head and looked over. That was indeed the case. Ling Xiaoyun's explosive power was indeed strong, but his speed and technique were far inferior to others! He hadn't mastered his strength yet!

"Humph!" Yao Guang snorted coldly. "I only saved that kid back then because he was very talented. If he relied on this to do whatever he wanted, he deserved to die. I saved him once. I won't do it again."

"Senior Yao Guang..." Yun Feng was stunned. She was about to say something when Yao Guang's voice came again. This time, there was obvious confusion. "Apart from the Ling family, who else can master the power of space?"

Yun Feng's eyes darkened. "It seems that you're right."

Yao Guang was silent for a while. "What's the purpose of these people?"

Yun Feng sneered. "They're going to capture the person who has the strongest sense of space in the Ling family."

Yao Guang suddenly burst into laughter. His unpleasant laughter kept echoing in Yun Feng's mind, which made Yun Feng frown again. "How dare they covet my ability? These people are quite bold."

Yao Guang was indeed related to the Ling family! The ability in the bloodline of the Ling family came from Yao Guang! Yun Feng was about to say something when Yao Guang's voice came again. "It's definitely impossible for me to do anything. My strength hasn't recovered at all. However, I can give you some guidance."

"Argh!" A scream suddenly came from the sky. Yun Feng and the others immediately looked up and saw that the body of a dimension elder was torn into pieces!

"Hahahaha!" The laughter of the masked man sounded. The four people around him who were also wearing masks suddenly pressed their hands, as if their control of the space around them became stronger! Ling Tiansu and Ling Xiaoyun's faces darkened. With the death of a dimension elder, their situation became disadvantageous again!

"I'll go help!" After saying that, Mu Canghai nodded at Yun Feng. Yun Feng immediately nodded. Mu Canghai had already jumped up and joined the battle in the sky. Seeing Mu Canghai rush up, the masked man immediately swung the black robe on his body and an invisible power of space rushed towards Mu Canghai crazily. Mu Canghai only smiled coldly as light flashed through his gray eyes and the invisible power of space was bounced aside!

He thought Mu Canghai was nothing at first, but what happened just then shocked the masked man a lot! The masked man looked at Mu Canghai steadily. When he saw his gray eye, the body of the masked man suddenly shook and the four masked men around also trembled fiercely!

“That eye...” The masked man mumbled. Mu Canghai smiled coldly and the power of space had already swung over mercilessly. Ling Tiansu and Ling Xiaoyun couldn't help but feel surprised when they saw Mu Canghai join the battle. Ling Tiansu shouted loudly, “This is the Ling family's business!”

The moment Mu Canghai attacked, a powerful space distortion force moved forward at the speed of light. The masked man seemed to be thinking about something and was hit by this force fiercely, flying backwards! Mu Canghai slowly retracted his hand and didn't look at the father and son of the Ling family. He only said expressionlessly, “I'm not helping the Ling family. I'm helping Yun Feng.”

Ling Tiansu was stunned for a moment. In the end, he raised the corners of his mouth and didn't say anything else. Ling Xiaoyun looked down and then raised his head to look at Mu Canghai. “Even if you join us, our chances of winning aren't high. The other party seems to have set up an extremely powerful spatial barrier. In this barrier, our spatial perception in our bodies will be inexplicably suppressed.”

“Indeed. We only have a 50% chance of winning! If we can kill one of the four people, we can turn the situation around!” Ling Tiansu said with a serious expression. This fierce battle also let him figure out some of the details on the masked man's side and find a breakthrough point!

Mu Canghai looked at the masked men standing in the four corners. It was indeed as the father and son of the Ling family said. Once they used the power of space, they would be inexplicably suppressed. It was impossible for them to win under the situation where their strength wasn't equal. The only thing they had to do right now was to break this space barrier!

“Then just kill one of them.” Mu Canghai's eyes suddenly turned cold. His body flew towards one of them without hesitation. He waved his hand abruptly and the power of space smashed over heavily without hesitation. The corners of the mouth of the person who was attacked curled up and revealed a smile!

He raised his hand slightly and a powerful spatial force surged out of the masked man's hand at the same time. In an instant, it collided with Mu Canghai! Mu Canghai's eyes widened and his body quickly retreated, dodging the aftermath of the collision.

“The space barrier built by these four people seems to multiply the space power of these four people by four times at the same time!” Ling Tiansu smiled wryly and reached out to support Mu Canghai. Mu Canghai was silent for a while and his face was gloomy. The power of the four of them was multiplied by four at the same time. No wonder Ling Tiansu's side had been suppressed!

In terms of individual strength, these four people weren't their match at all! However, it was a different story if they had four times the power at the same time!

Mu Canghai looked at the four of them again. How could he break through this stalemate with four times the power at the same time?

“Kid, do you know why Ling Tiansu’s side has been in a passive position?” Yao Guang asked slowly. Yun Feng couldn’t help but roll her eyes. Yao Guang was still in the mood to ask questions at a time like this. He indeed didn’t care about the life and death of the Ling family.

“Senior Yao Guang, please be straightforward.”

“Hm! You little girl, you really don’t give me any respect at all!”

Yun Feng raised the corners of her mouth. There was no time to talk nonsense with Yao Guang anymore. The situation in the sky hadn’t changed much after Mu Canghai joined. There must be something wrong! Qu Lanyi suddenly glanced at a corner and turned cold. He quickly whispered something in Yun Feng’s ear. Yun Feng was stunned. Qu Lanyi had already flashed and left, disappearing from the arena.

“Kid, did that guy discover something?”

Yun Feng suddenly came back to herself. Thinking of what Qu Lanyi said to her just then, she still didn’t believe it in her mind. However... since Qu Lanyi said so, it couldn’t be wrong. “Senior Yao Guang, you don’t have to worry about the Ling family.”

“Yun Feng, why are you standing here? Mu Canghai has already gone up to help. Aren’t you going up?” Mo Changge finally walked over leisurely. He had been standing aside and watching for a long time. He didn’t do anything until Qu Lanyi left. Since Yun Feng and Yao Guang had been communicating telepathically, they didn’t make any sound. Outsiders only saw Yun Feng standing there alone without saying or moving.

Chapter 968: Yun Feng Joins (2)

“Who’s this kid?” said Yao Guang angrily, as if he disliked Mo Changge. “Little girl, why are all the kids around you so annoying?”

Yun Feng was speechless. What did Yao Guang mean? She glanced at Mo Changge with her black eyes and said, “What were you doing just then? I’ll do it right now.”

Mo Changge was stunned. He shrugged. “I’m just an outsider. I certainly can’t interfere with other people’s business. Besides, it’s the Ling family’s business.”

Yun Feng didn’t say anything. Seeing that Yun Feng ignored him, Mo Changge wasn’t angry. He took a step closer and stood next to Yun Feng. “You, on the other hand. Why haven’t you done anything for so long? Don’t you know Ling Xiaoyun? Are you really not going to do anything about the Ling family’s accident?”

Yun Feng chuckled. “I will do something when it’s necessary.”

Mo Changge’s eyes glittered. He smiled at Yun Feng. “You’re standing here without moving or talking. Are you talking to someone?”

Yun Feng’s black eyes glittered coldly, but Mo Changge burst into laughter. “I was just kidding. Are you serious? Is there a person living in your body?”

Yun Feng raised her brows and didn't explain anything. Mo Changge didn't say anything else either. Yao Guang's disdainful voice came. "This kid is really noisy."

"Senior Yao Guang, you can automatically ignore this person. How exactly can we break this stalemate?" This was the question that Yun Feng cared about the most in her mind. Yao Guang burst into laughter. "The four of them worked together to create a kind of spatial barrier. I have to say that this spatial barrier is very special and its level is quite high."

Yun Feng's face froze. Yao Guang continued, "This space barrier is of a very high level. It's called the Four Locks of Space!"

The Four Locks of Space? Yun Feng recited this name in her mind. The power of space was indeed complicated and the ability it included was so comprehensive!

"The Four Locks of Space have a special ability. All the abilities, including defense, attack, strength, speed and suppression, will be multiplied by four times as long as the person who constructs this space barrier stays in it!"

"What? Multiplied by four times?" Yun Feng couldn't help but feel surprised. Even though the strength of those four masked men wasn't as strong as that of the masked man, it was already enough pressure for the four of them to attack together. And now, they were multiplied by four at the same time. The power had been expanded to such a great level! No wonder Ling Tiansu's side was so passive. No wonder Mu Canghai's participation couldn't change the situation of the battle at all after the death of a dimension elder!

"So, whether it's defense or offense, it can be said to be perfect." Yun Feng quickly came to a conclusion. This was a rather powerful spatial barrier. It wouldn't be broken easily with four times the power! As long as this barrier wasn't broken, they could only face the situation of defeat!

"No spatial technique is perfect. Those spatial techniques that are considered perfect, powerful and indestructible only mean that nobody has discovered its weakness." Yao Guang's arrogant voice came with incomparable confidence.

"There are weaknesses in the Four Locks of Space?" Yun Feng asked in confusion. Yao Guang burst into laughter. "Of course! All spatial techniques have weaknesses! Kid, you can multiply all abilities by four. Can't you figure it out?"

What Yao Guang said made Yun Feng's originally chaotic head instantly clear! All abilities multiplied by four. No matter how perfect the space technique was, there were weaknesses. In other words, the weaknesses were also multiplied by four!

"The weakness of the Four Locks of Space is also multiplied by four!" Yun Feng said as Yao Guang smiled in satisfaction. "Not bad. Then do you know where this weakness is?"

Yun Feng raised her head again and observed the situation in the sky carefully with her black eyes. The masked man who was hit by Mu Canghai just then turned around again at this moment. Yun Feng's gaze locked firmly on the man and her red lips slowly curled up. "Since the benefits of the four locked spaces are only effective on the creator, it means that the weakness is on him."

Yao Guang was silent for a while. "Kid, what a shame. If you had Ling Xiaoyun's understanding ability, you would've gone even further in the power of space."

Yun Feng smiled indifferently. She didn't need so many abilities. If it wasn't her ability, she would never ask for it!

"The weakness is indeed that masked man. Even though the weakness is on him, you should understand that the four people constructing the barrier also serve as his source of spatial power at the same time."

"In that case, it's still very difficult to attack him." Even though the weakness was also multiplied by four, the difficulty would also increase! If the Four Locks of Space could be broken easily, it wouldn't be so famous.

"It's indeed very difficult to attack him, but it's extremely easy for you." Yao Guang's voice came. Yun Feng was stunned again. It was extremely easy for her? How could she construe that?

"Senior Yao Guang..."

"Alright, I've already told you enough. You can figure out the rest yourself. Don't bother me." Yao Guang's impatient voice sounded again. Then, no matter how Yun Feng called out to him, he didn't respond anymore. Yao Guang's hint ended here. Yun Feng frowned tightly. It couldn't be easier for her... What exactly did this mean?

Somewhere in the Dragon Palace, Yao Guang closed his eyes lazily. An old voice sounded with a deep smile. "You're so evil. Why don't you tell her everything?"

Yao Guang snorted. "If that kid can't think of the answer, she can only blame herself."

The old voice chuckled and didn't say anything else. Yao Guang closed his eyes and fell asleep again. He had to recover. Even though he had seen the Ling family, they disappointed him too much. The power of his bloodline was also drying up. Yao Guang couldn't help but sigh. This was irreversible.

"Don't think about it. It's useless to think too much." The old voice sounded again. The corners of Yao Guang's mouth curled up and the Dragon Palace fell into silence again.

"Yun Feng, what are you thinking about? You're frowning." Mo Changge looked at Yun Feng with his peach-blossom eyes. Seeing that her eyebrows were about to knot, he couldn't help but feel a bit worried. Yun Feng didn't answer. She only stared at the sky with her black eyes. The weakness of the Four Locks of Space... is on that man. What is it that's so easy for me? What should I do?

Chapter 969: Yun Feng Joins (3)

"Yun Feng, Yun Feng?" Seeing that Yun Feng ignored him, Mo Changge couldn't help but call her a few more times. Yun Feng couldn't help but roll her eyes at him fiercely. "Don't disturb me."

Mo Changge chuckled. "You're finally talking to me? What are you thinking? Tell me and I'll help you think."

Yun Feng didn't want to talk to Mo Changge at first, but the situation in the sky became more and more intense. With Mu Canghai's participation, even though Ling Tiansu's side had a huge boost, the power of the Four Locks of Space made the masked man's side impregnable and Ling Tiansu's powerful attacks were also greatly suppressed!

Mo Changge kept disturbing her. Yun Feng was extremely annoyed by him. She said casually, "What do you think I'm best at?"

Mo Changge was stunned. "Were you thinking about that just then?" His peach-blossom eyes were full of doubts. Yun Feng ignored him and looked at the sky with her black eyes. Mo Changge also looked up thoughtfully. After a while, he finally smiled. "What you want to ask is, what's your advantage over the people up there?"

Yun Feng nodded. Mo Changge burst into laughter. "Isn't your advantage obvious?"

Yun Feng was stunned. Very obvious? What was her obvious advantage?

Mo Changge blinked his peach-blossom eyes. "Those people up there used the power of space. Even though you can do it too, you obviously haven't mastered the power of space yet. However, when everyone emphasizes the importance of the power of space, isn't your advantage very obvious?"

Yun Feng's brain was spinning rapidly! What Yao Guang said echoed in her mind. All abilities in the Four Locks of Space would be multiplied by four. Whether it was an advantage or a disadvantage, even the weaknesses of the four-sealed space would be multiplied by four. The reason why Ling Tiansu's everything was strongly suppressed was because of the special ability of the Four Locks of Space!

Increasing one's own ability by four, and reducing the opponent's by four! Even if there were a few more masters of the power of space, they would still be affected by the power of the Four Locks of Space! It was like an invisible rule, but Yun Feng was different! The energy of the Four Locks of Space was especially pertinent. The power of space targeted the power of space!

However, Yun Feng could surpass this rule!

"I see..." Yun Feng mumbled as a hint of a smile flashed in her black eyes. There wasn't only one weakness on the Four Locks of Space. Now, she discovered the second one! As long as the power of space was eliminated in the Four Locks of Space, all the effects of the four locks would be useless!

Everything from nothing, and nothing from everything!

"I see!" Yun Feng suddenly shouted in a low voice. Mo Changge was stunned. What did she understand? "You understand? Tell me."

Yun Feng raised her red lips and smiled at Mo Changge casually. "This time, I really have to thank you. Thank you." Mo Changge was confused, but Yun Feng was already clear in her mind. She could forcibly turn the situation around!

"Swish!" Yun Feng's body suddenly jumped and rushed up! Seeing that Yun Feng also rushed up, Mu Canghai immediately ran over. "What are you doing here? You can't help with the power of space!"

Yun Feng was about to say something when she heard two screams. The remaining two dimension elders both fell from the sky and lost their lives!

“Damn it!” Seeing that the two dimension elders were dead, Ling Tiansu couldn’t help but have blue veins appear on his forehead. Ling Xiaoyun’s face also darkened. He had already lost one of them earlier, and now there were two more in a row. The two dimension elders shared a large part of the pressure. Now, both of them were dead. Ling Xiaoyun looked around. Could he, Ling Tiansu and Mu Canghai really win?

“Watch out!” Ling Tiansu suddenly shouted as he flipped his hand and attacked with the power of space, deflecting the power of space that was about to pierce through Ling Xiaoyun’s body! At the same time, the robe of the masked man was suddenly flapped and the power of space roared, hitting Ling Tiansu’s chest!

“Ugh!” Ling Tiansu grunted as he took a few steps back messily. A trace of blood slowly flowed out of the corners of his mouth. Ling Xiaoyun’s black eyes couldn’t help but darken when he saw this. He immediately swung his hand and the young and explosive power of space burst out, but the man in the hood dodged it easily!

The Four Locks of Space was a complete dead end for the members of the Ling family, who used the power of space to fight! A complete abyss of death!

“Two more are dead. It seems that we don’t have a chance of winning. We need to plan how to escape now!” Mu Canghai quickly estimated the current situation. Ling Xiaoyun ran to Ling Tiansu’s side and held his body. The force just then was very strong. It was already impressive that Ling Tiansu didn’t die!

“How about we tear the space apart by force?” Ling Xiaoyun said while panting. Mu Canghai smiled wryly. “By force? If Master Ling isn’t injured, we can consider it.”

Ling Tiansu coughed a few times and covered his chest with his hand. “I’m... fine! If tearing the space works, we’ll start immediately!”

“You...” Ling Xiaoyun looked at Ling Tiansu and didn’t know what to say. Mu Canghai looked at Ling Tiansu. “Master Ling, you’ll lose your life if you forcibly tear the space with your current injuries. You...”

“It doesn’t matter! As long as we can send you out... It’s fine. This is the Ling family’s own business. Even if everyone in the Ling family dies here, we won’t drag anyone else down! Hm!” Ling Tiansu spat out another mouthful of blood and his breath became a bit weaker. He looked at Yun Feng. “I promised you... It must be fulfilled before I die.”

Yun Feng frowned. Ling Tiansu... had some backbone and spirit. If it weren’t for him, the Ling family would probably have already been burnt out.

“Master Ling, things might not have reached this point yet,” said Yun Feng in a deep voice, but Ling Tiansu raised the corners of his mouth. “I know best how things are going. The Ling family... is going down the road of no return.”

“Shut up!” Ling Xiaoyun suddenly shouted furiously as he supported Ling Tiansu’s arm steadily with his hand. He looked ahead with his young eyes full of determination and fearlessness! “I’ll tear the space apart. It’s not your turn!”

Ling Tiansu widened his eyes. “What ability do you have to tear space?”

Chapter 970: Yun Feng Joins (4)

Ling Xiaoyun chuckled. "Master Ling, as I said, I won't let you despise me!"

"Tut-tut, how touching. Are you done?" The masked man floated in the air and faced Ling Tiansu, as if he was giving them time to discuss. This posture was like an eagle watching its prey struggle fearlessly in its hunting range.

When the masked man saw Yun Feng's unfamiliar face, he couldn't help but sneer. "Why? There's no one else and they just send a random person up. Hm, you won't be able to win no matter how many people come. Master Ling, I advise you to surrender obediently. I'll even leave some lives for the Ling family."

Ling Tiansu's body swayed a few times, looking like he was struggling. The masked man burst into laughter. "Master Ling, I didn't kill you with that attack. You're indeed tough! I wonder if you can still hold on if I do it again."

Mu Canghai looked at Yun Feng. When Yun Feng said that just then, Mu Canghai thought that she would definitely have an idea in her mind. He also had a belief in his mind that she would definitely break the current situation completely! As Mu Canghai expected, after hearing what the masked man said, Yun Feng chuckled and stood in front of Ling Tiansu and Ling Xiaoyun! This move made the masked man a bit unhappy. "You're not strong enough."

Yun Feng's red lips slowly curled up. She glanced at the masked men in four directions with a deep smile in her black eyes. "The Four Locks of Space isn't perfect."

After hearing this, the expression of the masked man changed abruptly. Even the four masked men raised their heads abruptly! They all focused their gaze on Yun Feng at the same time! "Who are you?" The tone of the masked man became low. The four masked men who constructed the Four Locks of Space were obviously much more vigilant. Who was this girl that knew the Four Locks of Space?

"The Four Locks of Space?" Ling Xiaoyun whispered in confusion. Ling Tiansu, however, narrowed his eyes. "Four Locks of Space... This is the Four Locks of Space?" After a long time, Ling Tiansu raised the corners of his mouth and his body swayed. "No wonder. It turns out to be the Four Locks of Space... If she knows, it means that Lord Yao Guang told her." Ling Tiansu thought in his mind as he looked behind Yun Feng. It seemed that the key to turning the tide of the battle was all on Yun Feng! Thinking of this, Ling Tiansu couldn't help but laugh at himself. He was getting old. It was truly useless for him to rely on someone else to save his life.

"Oh, I forgot to introduce myself." Yun Feng chuckled and flipped her fair hand. Three Rings of Contract of different colors appeared in her palm! She slowly put them on her slender fingers one by one. Ling Xiaoyun and Ling Tiansu couldn't help but widen their eyes. A three-element summoner!

The masked man couldn't help but take a step back. He stared at Yun Feng firmly behind the mask. The other four people were also dumbfounded when they saw the colorful rings on Yun Feng's finger! Yun Feng suddenly raised her arm and three bright colors flew out of Yun Feng's Ring of Contract and landed next to her!

“Remember my name. Yun Feng, a summoner!”

“Yun Feng?” The masked man seemed to know something after hearing this name. An eyeball suddenly appeared on the small part of the mask that fell off! That eyeball stared at Yun Feng with the same scorching light! “You’re that Yun Feng?”

Yun Feng sneered. The three-color light next to her gradually disappeared and the three contracted Magic Beasts all appeared! “Little Fire, Lan Yi, Yaoyao, cooperate with me to attack that masked man later. Block all his escape routes!”

Yun Feng sent a telepathic message to the three contracted Magic Beasts, and they all nodded. Little Fire’s excited voice came. “It seems that we’re going to fight again!”

Lan Yi suddenly realized something when he saw the patterns on the clothes of the masked man. “Master, he seems to be with that hooded man?”

Yaoyao looked at the masked man with her blue eyes and obvious disgust appeared on her little face. “Xiao Feng, I hate him.”

Yun Feng nodded. “They should be together. What exactly does this organization want? What exactly are they planning to do when they need the space power of the Ling family?”

“Why are you thinking about this? Knock him down first!” Little Fire burst into laughter. The Fire Cloud Wolf’s body was already ready to attack! Yaoyao also nodded. She hated this man from the bottom of her heart. Blue light flashed and the ancient power awakened in her bloodline! The wings on Lan Yi’s back suddenly spread, revealing the huge blue patterns of a griffin!

“Three contracted Magic Beasts, one more tempting than the last.” The greedy voice of the masked man sounded. The other four masked men were a bit shocked when they saw this. Ling Tiansu and Ling Xiaoyun also had the same expression. Ling Xiaoyun widened his black eyes and looked at the three Magic Beasts next to Yun Feng in disbelief. W-What kind of Magic Beasts were those? Ling Tiansu’s black eyes glittered again and again. At this moment, he finally understood why Yun Feng was valued so highly by the Summoning Union. Even the Hall Masters of the three halls were anxious to get her!

“Genius... A real genius,” Ling Tiansu mumbled. Ling Xiaoyun, on the other hand, remembered the time when he was in the Masang School of Magic. Although Yun Feng was also very outstanding at that time, Ling Xiaoyun was the kind of person who didn’t listen to anyone. He had never thought that she would have already grown to such an astonishing level after so many years! Even though he accidentally released the power of space, he was still far inferior to that girl!

“Master Ling, Ling Xiaoyun, we have to find an opportunity to kill one of the masked men! As long as we kill one of them, the Four Locks of Space will be broken!” After observing for a while, Mu Canghai also realized something. After all, he had inherited Yao Guang’s ability and his understanding of the power of space was different from that of others.

“They’re four times strengthened. How can we kill them?” said Ling Xiaoyun with a frown. Mu Canghai, however, put on a smile. “We certainly can’t kill them, but it’ll be a different story if Yun Feng opens a gap for us!”

Yun Feng and the three contracted Magic Beasts were already prepared to attack. The eyeball in the hole of the mask on the masked man's face rolled a few times excitedly and suddenly disappeared! "You said the Four Locks of Space has a weakness. Where is it?"
