Chapter 981: Feng Yun (4)

Yun Feng nodded. "Alright, got it."

After talking to Yun Feng for a while, the two of them discussed something in a low voice. They should be discussing the plan to deal with the Magic Beast. The huge crowd kept surging forward. When they were only a few hundred meters away from the door of Chongyuan, Yun Feng finally saw the exact situation clearly.

At the entrance of the gate of Chongyuan, there were two passages. One of the passages was obviously empty, and people kept going in from the other side. The two passages should be the entrances to the city for the Lord Level and those who were not. When the number of people in front gradually decreased, it was Yun Feng's turn.

Two cold and serious men stood on both sides of the entrance with inexplicable fierceness in their eyes. Yun Feng noticed that the space around the two of them carried strong pressure. These two people should be from the Central Region, but their strength was above hers! The Central Region was indeed extraordinary.

Yun Feng walked forward silently. The two guards couldn't help but feel a bit shocked when they saw Yun Feng's young face. Then, they saw Yaoyao and Little Fire in Yun Feng's arms. There was obvious confusion in Lan Yi's eyes. Although he was confused, he still had to follow procedure.

"One by one. You'll be the first." A guard pointed at Yaoyao in Yun Feng's arms. Yun Feng put Yaoyao down. Yaoyao walked forward. Her young face looked extremely cute and beautiful. The guard with a cold expression pressed one hand on Yaoyao's head and suddenly widened his black eyes!

Yaoyao immediately took two steps back and returned to Yun Feng's side. She didn't like others touching her, especially when she was obviously testing her just then.

The guard glanced at Yaoyao with a complicated expression and pointed at the passage on the side. "You, go there. Next."

Yaoyao immediately turned around and looked at Yun Feng. Yun Feng touched her little face with her hand. "Go. I'll be there later."

Yaoyao nodded and walked to the other entrance. When the people behind saw Yaoyao go in, they couldn't help but exclaim! How old was that little girl? And she was already at the Lord Level?!

Little Fire was next. It looked like it was in its teens at most. When the guard patted Little Fire's head, Little Fire couldn't help but gnash its teeth. The guard's expression immediately became weird and his eyes glittered again. "Go there. Next." The guard pointed at the passage used by the Lord Level. Little Fire grunted and walked over slowly. The crowd behind were even more surprised! Seriously? The person who walked over this time was a little boy. Even though he was a bit older than the one just then, he was also at the Lord Level!

Lan Yi walked forward. The corners of the guard's mouth twitched. He might have already had a feeling in his mind. As expected, "Go that way. Next."

The handsome Lan Yi then walked over. The crowd behind was excited! Are you kidding me? Three people of the Lord Level came out all of a sudden! Where exactly were they from? The two men who took Yun Feng all the way to Chongyuan were obviously dumbfounded. They thought Yun Feng was the only one of the Lord Level, but they didn't expect that the people around this Senior were all at the Lord Level!

This time, it was Yun Feng's turn. Yun Feng walked up and stood in front of the guard. The guard's temples throbbed fiercely and he asked, "Are you also at the Lord Level?"

Yun Feng's red lips curled up slightly and she didn't say anything. The guard immediately put his hand on Yun Feng's head. Yun Feng immediately felt a powerful aura enter her body and examine her carefully before slowly retreating. The guard's face suddenly darkened. Even he couldn't believe that four Lord Level experts had appeared in a row! And these four were obviously together!

"What's your name?" The guard asked in a low voice as he stared at Yun Feng. Yun Feng chuckled. "Feng Yun." She didn't tell the truth. Yun Feng had just arrived on the Central Continent. There were a lot of things she shouldn't expose before she sorted them out.

"Feng Yun..." The guard mumbled. Yun Feng smiled gently. "Can I go now?"

The guard was stunned for a moment and nodded. Yun Feng slowly walked to the passage on the other side. Yaoyao pounced over happily. The three contracted Magic Beasts were all waiting for Yun Feng here. The few of them turned around and walked in, with envy, jealousy, and hatred all over their faces.

Four Lord Level companions. Who were they?

The two men looked at each other. "Do you remember the name of that senior?"

The other man nodded fiercely. "Got it. Feng Yun, Senior Feng."

The two men looked at each other and felt that Senior Feng's arrival would cause a huge storm.

Yun Feng and the others walked through the special passage and entered Chongyuan. At the end of the passage, Yun Feng clearly felt that there were spatial barriers around the passage. It was impossible for anyone to enter Chongyuan by force. The two guards guarding the entrance and this layer of spatial barriers blocked all possibilities.

Yun Feng entered Chongyuan City. This city wasn't as gorgeous as Yun Feng thought. She originally thought that since it was the only place where the passage between the Central Region and the Outland was opened, it would certainly be more splendid. She didn't expect the inside of Chongyuan City to be even more desolate. There weren't many houses. The layout in the city seemed unusually empty.

"The passage to the Central Region has already been opened. You can see it when you walk to the largest building in the city." As soon as Yun Feng stepped out of the passage, someone pointed out a way for her. Yun Feng couldn't help but frown after hearing that. "If I don't want to go to the Central Region immediately, is there anywhere I can rest?"

The person standing outside of the passage was obviously stunned. Didn't people who came to Chongyuan for the Central Region? This was the first person who didn't want to go to the Central Region immediately. It was truly strange. This person couldn't help but size up Yun Feng and the others carefully. Seeing that he didn't say anything, Yun Feng's eyes couldn't help but look slightly cold. This person immediately noticed that he lost his composure. "Ahem! Of course. You can go anywhere in Chongyuan City. The arena is west of Chongyuan City. If you're interested, you can go there and take a look. If you want to stay in Chongyuan City for a few days, there's also a place to stay. It's east of Chongyuan City. The passage to the Central Region can only be opened for a limited time of three months. My Lady, don't miss the time, or you'll have to wait until the next century."

Yun Feng nodded and walked into Chongyuan City with Yaoyao in her arms. She looked to the side and saw that the people who walked out of another passage were all walking towards the west of the city. People who hadn't reached the Lord Level couldn't move freely in Chongyuan City. They had to be forcibly sent to the arena, where these people and Magic Beasts fought for a chance to enter the Central Region.

Chapter 982: Is That You (1)

Yun Feng didn't intend to go to the Central Region immediately, because her main purpose of coming to Chongyuan wasn't to reach the Central Region, but to wait for the other people who were lost. Even though she couldn't contact them, Yun Feng was sure that no matter where they fell, they would be in the Outland. Everyone in the Outland knew that the Central Region had opened. If she could come to the Central Region, the others would definitely think of it.

Yun Feng decided to stay in the Central Region for three months. If she didn't see anyone else in three months, she would go to the Central Region. After all, she still had to go to the headquarters of the Yun family. If she missed this time, she would have to wait for another century.

If she wanted to stay in Chongyuan for three months, she certainly had to go to the hotel on the east side of Chongyuan first. Even though Chongyuan City was huge, the arena occupied almost half of the city. Besides, the fighting and shouting inside could be heard from far away. Yun Feng walked all the way to the east of Chongyuan City. There were still a lot of people on the road. Only a small number of people could move freely in Chongyuan. Most of them were gathered in the arena.

She came to the east and looked around. There were only a few buildings next to each other on the east side. There were some kind of abandoned houses around and there was only one place to stay. It seemed that the people who had to stay in Chongyuan were a minority. The hotel was only three stories tall and looked like it had been around for a long time. The doors and windows were even a bit tattered. When Yun Feng pushed the door open and entered, tables and chairs were all over the lobby of the hotel. There were only one or two tables with people sitting around. The boss sitting at the front desk of the hotel glanced at Yun Feng lazily with a slightly surprised expression. Then, he greeted her lazily, "Food? Tea? Or do you want to stay over?"

Yun Feng glanced at the few people sitting in the hall with her black eyes and looked back at the boss. "Give me the largest room."

The boss nodded. After searching for a long time, he finally found a key full of dust from the drawer. He blew on it hard and the dust ran to Yun Feng's eyes. Her mental strength quietly came out of her body and blocked the dust. Yun Feng's black eyes turned slightly cold. The boss chuckled when he saw that. "Third floor. That room hasn't been used for a long time. I wonder if this key works."

Yun Feng took the key in her hand. "How much?"

The boss was stunned. "It's free. That's the rule of Chongyuan City."

Yun Feng raised her brows slightly. That was not bad. She could eat, drink and stay for free. Putting aside other factors, she could stay here for the rest of her life. Yun Feng went up the stairs with the three contracted Magic Beasts and soon disappeared. The boss, on the other hand, craned his head and looked up. When he retracted his head, he shook his head and said to himself, "These people are all at the Lord Level. I really couldn't tell."

Yun Feng stayed in the hotel for ten days and waited patiently for the others to come. However, after ten days, none of them showed up here, which made Yun Feng a bit anxious. In the end, she decided that instead of waiting for them to come, she might as well take a walk in Chongyuan City first.

There were fewer and fewer people in the hotel these days. When Yun Feng walked out of the hotel, there was no one in the lobby except the boss. However, there was still an endless stream of people in Chongyuan City. A large number of people came here every day and most of them were sent to the arena. The sounds of fighting in the arena never stopped from morning to night.

Yun Feng walked to the east of Chongyuan. There was only one arena here. The arena was quite vast. Looking at the large number of people being sent here, Yun Feng stood there quietly and glanced at everyone with her black eyes. These people, who had yet to reach the Lord Level, looked at Yun Feng and the others curiously. They were all shocked by her young appearance and strength. When a large number of people entered the arena, the small door on the other side of the arena also opened. A dozen people walked out from another passage. They seemed to be the people participating in the battle today.

Yun Feng glanced at the dozen or so people and suddenly paused. She glanced over again, but these dozen people had already walked into the arena and the small door was closed tightly. Yun Feng couldn't help but take two steps forward, trying to see more clearly, but the door was closed heavily at this moment.

"Master, what's wrong?" Lan Yi asked with concern. Yun Feng pursed her lips and didn't say anything, but she looked a bit excited. Her black eyes kept staring at the small door. When the small door was opened again, Yun Feng's body immediately flashed over. The person who walked out of the small door was shocked!

"W-What are you doing?" The person who walked out of the door was quite frightened. He immediately closed the door. Yun Feng quickly looked inside with her black eyes, but it was only darkness. "Do you have a list of participants in the arena today?"

The person who was stopped at the door by Yun Feng was stunned. However, seeing that Yun Feng could move freely, she should be someone at the Lord Level. He became polite. "Madam, there are

hundreds of people participating in battles in the arena every day. There's no list at all. Besides, why do you need a list? Who knows if they'll die or not?"

Yun Feng's expression suddenly turned cold. The person at the door shivered and immediately said obsequiously, "If you want to watch, my lord, come with me. There are spectator seats in the arena!"

"Take me there!" Yun Feng said coldly with a slightly gloomy face. Thinking of that familiar figure just then, Yun Feng's heart couldn't help but pound crazily. Was she wrong? Or was that really him?

The three contracted Magic Beasts more or less sensed Yun Feng's anxious and excited mood. They didn't know what their master saw. Little Fire frowned, while Lan Yi was deep in thought. Yaoyao carried Yun Feng into her arms and whispered, "Xiao Feng, it's fine."

Yun Feng caressed the top of Yaoyao's head and managed a smile. Her heart couldn't calm down at all at this moment. She only needed to take one more look...

This person immediately took Yun Feng into the arena. He seemed to be taking a special passage all the way up. After a while, this person took Yun Feng to a high place. There were spectator seats around the arena. There weren't many people watching the battle, but it didn't affect the warriors who were fighting the Magic Beasts.

At this moment, a hot-blooded battle was going on in the arena. The furious roars of the Magic Beasts and the roars of humans intertwined. After bringing Yun Feng here, this person retreated with a bow. Yun Feng stood on the edge of the platform and stared at the battle in the center of the arena. The man who was fighting with the Magic Beasts wasn't someone she cared about.

Chapter 983: Is That You (2)

The three contracted Magic Beasts sat next to Yun Feng quietly and looked down with her. What exactly did their master see that made her so excited? This was the question the three contracted Magic Beasts had at the same time.

Yun Feng stood there quietly and kept looking down. She was definitely the most focused one when it came to watching the battles. Almost ten battles had already passed and she had never even looked away.

"Humans are vulnerable after all," said Little Fire in a low voice. Humans had all died in the mouths of Magic Beasts in the ten battles. Lan Yi sighed. "This was a gamble."

"But these Magic Beasts look so powerful!" Yaoyao said loudly. She turned her little head to Yun Feng, hoping to get Yun Feng's answer, but she found that Yun Feng didn't seem to hear her and was still looking down attentively.

"Humph! They're far inferior to me!" Little Fire snorted in disdain. Yaoyao sniffed and stuck out her little tongue. It was obvious that she wasn't convinced by Little Fire's arrogant tone. Lan Yi shook his head helplessly and looked at Yun Feng. He had been very worried. Master, what exactly are you waiting for?

The iron cell door in the center of the arena slowly opened again, making a loud noise. The friction between the iron pieces and the iron chains was ear-piercing. The eleventh battle of the day was about

to begin. There were iron gates on both sides of the arena. On one end were the Magic Beasts, and on the other end were the people who challenged the Magic Beasts.

When the iron gates on both sides opened at the same time, a huge black shadow jumped up from the side of the Magic Beast! It let out a furious roar. "Roar..." However, there was a huge iron chain around its neck, pulling its body that was about to jump back forcefully. Hot air was spurting out of the Magic Beast's nose and there was only viciousness in its red eyes! That was a state that only existed in the world of killing and slaughter!

Apart from killing the other party, there was nothing else in the eyes and mind of this Magic Beast!

The hearts of the three contracted Magic Beasts couldn't help but tremble when they saw this scene. Lord-Level Magic Beasts were existences with high status on the East Continent and the West Continent. They also enjoyed very high treatment among the Magic Beasts, but their peers had fallen into such a miserable situation here! The three Magic Beasts were quite shocked in their minds! What kind of a continent was the Central Continent?

The fence on the other side also opened at the same time. The Magic Beast looked at the opposite side firmly with its red eyes. A figure slowly walked out of the iron gate on the other side. It was a tall and slim young man. His short black hair fluttered in the wind and covered his facial features, making people unable to see clearly. However, the aura around this young man was extremely fierce!

Sweat appeared on Yun Feng's hands for some reason and her body suddenly tightened. Her black eyes flashed with undercurrents as she stared at this young man!

As the iron lock on the Magic Beast's neck opened, this bloody battle finally began! The Magic Beast raised its head and roared loudly. Its huge limbs stepped on the ground, causing the ground to tremble. The Lord-Level Magic Beast had already been suppressed to the point that it only had the instinct of survival left. It could only use its sharp claws and teeth to attack the other party!

The young man jumped and his slightly lowered face suddenly raised. The black hair that covered his facial features also flew to his ears in an instant. The young man's facial features were clearly reflected in Yun Feng's eyes!

"Swish..." Yun Feng only heard a sound in her head. Like the tide of time, she quickly went back to her childhood. At that time, the sky was still blue and the clouds were still white.

"Feng! Hurry up, or we'll be scolded by our father again if our brother or mother finds out!" A little boy was squatting in the corner. A little girl was stepping on his body and stretching her chubby arms, trying to climb up the wall that was very high for her. The little boy's face was covered in sweat and he was trying to lift his body up so that the little girl could climb out.

"Brother, higher..." The little girl panted for a long time, but still couldn't reach the wall. Her soft voice floated over and she looked down with her dusty little face. When the boy saw the little girl's messy face, he couldn't help but laugh. The strength he had been saving disappeared in an instant. The boy's knees went soft and the little girl lost her balance and was about to fall!

When the boy saw this, he immediately turned around and lay on the ground, letting the little girl sit on his body steadily. The brother and sister both became dirty. The two of them looked at each other's face and smiled happily.

"You two!" With a roar, the two of them quickly stood up from the ground. The little girl hid behind the boy timidly. The boy stuck out his chest and faced the young man who was walking over with an angry look. "Yun Qi! Why do you take Feng around every day? She's a girl. How can you take her over the wall?"

The boy straightened his body even more and his little face was full of disdain, while the girl stuck her head out carefully. "Big Brother... Don't blame Second Brother..."

"Humph! Neither of you can escape punishment! Especially you, Yun Qi!"

The boy stubbornly pressed the girl's head back with his little black hand. "What are you afraid of? I'm here for you!"

The young man, who was scolding the two of them, didn't know whether to laugh or cry. Seeing his brother and sister's dirty clothes, the young man couldn't help but shake his head and sigh with a helpless expression. The little boy, on the other hand, kept his body upright and protected the little girl behind him tightly.

"Swish..." Time reversed again, but this time, there was a heart-wrenching pain.

"Yun Qi is dead." A dull voice kept echoing. A little girl stood there in a daze. Then, her eyes were full of tears as she looked around in a daze. After that, the little girl ran into a room crazily and searched everywhere, flipping her hands randomly. "Brother! Come out! Stop playing hide-and-seek with Feng. I admit defeat! Brother, come out!"

The little girl turned the room into a mess, but she didn't find the person she was looking for. The little girl looked at the messy room in a daze and finally burst into tears, crying her heart out!

Chapter 984: Is That You (3)

She felt sore in her eyes and endless bitterness suddenly surged to the bottom of Yun Feng's heart. This was the memory that belonged to Yun Feng originally. This was something engraved deep in this body. She would never forget it for the rest of her life. She would never forget that young man's face and name!

Yun Feng's throat tightened and her eyes became hot. She was Yun Feng. Yun Feng was her!

"Brother... Brother!" The facial features of the young man flashed into Yun Feng's eyes again. Yun Feng's body had already jumped out of the spectator seats abruptly and went down to the arena! That was Yun Qi, her brother! No matter how many years had passed, she still remembered him. She couldn't forget him!

"Master!" The three contracted Magic Beasts saw Yun Feng rush down abruptly and immediately jumped down too. "Master!" Yun Feng couldn't hear the calls of the three contracted Magic Beasts at

this moment. Her sudden movement caused quite a huge commotion. She ignored everything. There was only that young man in her sight, that face that couldn't be erased no matter what!

"What exactly happened to Master?" Little Fire asked anxiously. Lan Yi was silent for a few seconds and said, "Master seemed to have called him brother just then. Could it be the Yun family... Yun Qi?"

Little Fire's pupils shrank fiercely as it stared at the young man in the arena. So, this young man's facial features were indeed a bit similar to Yun Feng's. However... "That's impossible! Didn't Yun Qi die many years ago? How can he appear here?"

"That's hard to say... Brother Fire, Master has obviously forgotten that Yun Qi is already dead. In her eyes, he's Yun Qi!"

"Damn it!"

"Xiao Feng!" Yaoyao suddenly exclaimed. The three contracted Magic Beasts were immediately shocked when they saw this. The outside of the arena was firmly enveloped by a spatial barrier. Yun Feng was blocked outside. Facing Yun Feng, who was already in chaos in her mind and only had her family in her eyes, this spatial barrier was nothing!

She clasped her hands together fiercely. Yun Feng directly used elemental fusion here! The three elements were forcibly fused by Yun Feng and a destructive force immediately spread! Yun Feng's black eyes completely darkened. She held the elemental ball tightly with her hand and smashed it fiercely at the space barrier in front of her! She exerted her strength with her fingers!

"Get out of my way!" Yun Feng suddenly roared as the mixed elements in her hand suddenly let out a cry. Together with Yun Feng's powerful squeezing force, she forced herself into the space barrier just like that! The moment the space barrier was forced in by an external object, cracks also appeared!

"Argh!" Yun Feng shouted. She didn't care about the consequences of exerting pressure like this at all. Her eyes were only filled with that young man and that face!

This sudden scene made everyone in the spectator area of the arena dumbfounded. They couldn't come back to themselves! At this moment, the staff member monitoring the situation of the arena was also completely dumbfounded! "W-What is she doing?" Someone asked dumbfoundedly. The spatial barrier around the arena had already shown signs of falling apart under Yun Feng's attack and was about to shatter!

"Damn it! Can't you see it? Tell Master Wei that someone is causing trouble here and trying to destroy the arena!"

A few people immediately ran out in a hurry. The remaining people all watched Yun Feng's movements eagerly. Seeing the dangerous fused elements in her hand, everyone swallowed unconsciously. "W-What exactly is that thing in her hand?"

"We... We're not going out to stop her?"

"Stop my ass! If you want to die before Lord Wei comes, just get out!"

"Crack! Crack! Crack!" The invisible space barrier suddenly let out cracking sounds. Yun Feng gritted her teeth and exerted her strength. With a "crash", the space barrier completely shattered! At this moment,

the young man, who was fighting with the Magic Beasts, seemed to have just noticed the movement in the sky. He looked up and was immediately shocked to see Yun Feng who suddenly entered.

“Roar...” The Magic Beast suddenly let out a furious roar at this moment. Its sharp claws had already swept across the sky, facing the distracted young man! It was about to reach the young man’s waist in an instant. If it touched him this time, his body would break!

Yun Feng’s face was cold as her body quickly flashed through the air towards the giant beast’s mouth! The Magic Beast pounced crazily. Yun Feng only sneered when she looked at the huge mouth that had opened. She held the fused elements in her hand tightly and extended her arm, reaching in!

Yun Feng directly sent the fused elements into the Magic Beast’s mouth and forced it to swallow them!

The Magic Beast was shocked that it had eaten something that it shouldn’t have. Its body immediately twisted crazily and wanted to vomit, but Yun Feng only said softly, “Explode!” In an instant, there was a muffled sound like a firecracker exploding inside the hard leather armor. The Magic Beast’s body twitched a few times fiercely and it collapsed on the ground, not making a sound anymore!

“It’s... It’s dead...” The audience all stood up and looked at the scene in front of their eyes dumbfoundedly. Even though they were also at the Lord Level, they couldn’t guarantee that they could finish off a Lord Level Magic Beast so quickly! Using such an unbelievable technique at such a high speed!

Yun Feng pulled her hand out of the giant beast’s mouth. It was stained with a lot of blood, both hers and the Magic Beast’s. Yaoyao immediately used the water element to wrap Yun Feng’s arm slowly. Her blue eyes were full of sympathy. Lan Yi and Little Fire looked at the young man opposite them vigilantly. The young man raised his brows.

Yun Feng’s mind also calmed down slightly at this moment. After a burst of ecstasy, she finally seemed to remember that her second brother, Yun Qi, had already died many years ago. That’s right, he was dead.

Yun Feng jumped off the giant beast and looked at the young man in front of her with complicated feelings in her black eyes. This was such a familiar face. It was similar to hers, her brother and her father! If it wasn’t her brother, Yun Qi, who could it be? However... her brother was already gone, wasn’t he?

“You...” The young man moved his lips and wanted to say something, but Yun Feng chuckled. She rushed down so recklessly this time and didn’t care about the consequences at all. When had she ever been so impulsive...

Chapter 985: Is That You (4)

“Why are you helping me?” The young man looked at Yun Feng vigilantly with confusion in his eyes. Yun Feng raised the corners of her mouth slightly. “I wanted to help you, so I did.”

The young man was stunned. What kind of reason was that? She wanted to help? Was she such a reckless person?

Yun Feng's expression suddenly turned cold. She turned around and stood behind the young man, while the three contracted Magic Beasts stood in front of Yun Feng. The young man couldn't help but feel weird in his mind when he saw Yun Feng's almost instinctive protective posture. This was the first time they met. Why was she so protective of him?

A few black shadows suddenly appeared in the air with a huge pressure. "Is that you? How dare you cause trouble here? How bold!" An extremely powerful roar came, as if it wanted to embarrass Yun Feng with its pressure, but Yun Feng threw out her mental strength fiercely and collided with this person's pressure!

The man in the lead widened his eyes and landed from the sky. He had a full beard and his eyes looked extremely fierce. After noticing that there were four Lord Level experts on Yun Feng's side, the man's tone became much gentler. "What's wrong with you? You disturbed order for no reason!" After saying that, the man glanced at the dead Magic Beast on the ground and couldn't help but feel startled. "You did this?" He glanced at Yun Feng fiercely. Yun Feng stood straight. "Yes, I did this."

The man was a bit stunned when he heard Yun Feng's calm reply. She was quite honest. "You disturbed the order, but I won't punish you for this first offense. As for him... he'll be stripped of his qualification to enter the Central Region!"

The young man was stunned. Yun Feng suddenly narrowed her eyes. The bearded man waved his hand. "Leave quickly!"

"Give me another chance!" The young man said loudly. The bearded man immediately sneered. "Who do you think you are? Since someone disrupted order because of you, just admit that you're unlucky." The bearded man looked at Yun Feng, implying that everything was because of her.

"Wait!" The young man wanted to say something else, but the bearded man suddenly raised his hand and a fierce force was about to hit the young man's body. Yun Feng noticed it and immediately summoned the earth element, standing firmly in front of the young man. The bearded man narrowed his eyes unhappily when he saw this.

"His qualification to enter the Central Region will be taken away forever." After saying that, the man looked at Yun Feng provocatively. The young man's face suddenly turned pale, while Yun Feng laughed and took a few steps forward. Her clear black eyes met these fierce eyes. "I'm the one you're dissatisfied with. Come at me if you can!"

The man with a full beard narrowed his eyes and looked at Yun Feng. "Come at you? Do you think you can be responsible for everything?"

"He has nothing to do with this. I broke in halfway and he had no idea at all." After Yun Feng said that, the young man's eyebrows moved slightly. The bearded man burst into laughter with a fierce look on his face. "There are many people who want to enter the Central Region with tricks. Don't think I'm easy to deal with!"

"Your qualification to enter the Central Region will be taken away forever!" After saying that, the man burst into laughter and turned around. The young man didn't make another request. He had already made a request and it was completely disregarded. It only proved that the man didn't take his request seriously at all. It would be demeaning and useless if he asked again!

Seeing that the man was about to leave, Yun Feng couldn't help but want to chase after him, but the young man grabbed her wrist at this moment. A stream of warmth came from the young man's hand, making Yun Feng's body tremble gently. "You don't have to chase after him. He did it on purpose."

The bearded man, who hadn't gone far, suddenly stopped when he heard this. He slowly turned around and stared at the young man fiercely, but didn't attack recklessly. "Kid, what did you say?"

The young man sneered. "I said, you did it on purpose."

Yun Feng glanced at the young man in surprise. Looking at his face that was exactly the same as Yun Qi's, Yun Feng felt that the person in front of her was her second brother! If her second brother didn't die, he would be this old. If he didn't die, he would also have such a stubborn temper and personality!

"I think you've forgotten where you are. You're not allowed to cause trouble here!" The bearded man's face froze there. He had already wanted to vent the anger in his heart, but because Yun Feng and the other three Lord Level experts were here, he couldn't do anything. Otherwise, how could this kid stand here and talk back?

"This is Chongyuan, this is the Outland!" The young man raised his brows. There was a hint of mockery deep in his black eyes that were extremely similar to Yun Feng's. The face of the bearded man twitched fiercely and he immediately shouted furiously! "Someone!"

A few black shadows quickly gathered around the man. "Master Wei!"

"Take this kid away!" The man surnamed Wei pointed at the young man behind Yun Feng. The few black shadows immediately nodded and came towards Yun Feng in unison. The corners of the young man's mouth curled up. Yun Feng suddenly raised her hand as invisible mental strength spread out, bouncing everyone who came forward!

Looking at these people who were knocked away in panic, Lord Wei raised the corners of his mouth awkwardly. "You're determined to cause trouble, aren't you? If you piss me off, even you'll be deprived of your qualification to enter the Central Region!"

Yun Feng sneered. "Deprive? Who gave you the right to deprive me of my qualification? Who stipulated that only the Lords can enter the Central Region?"

Lord Wei's eyes widened. "That's the rule!"

Yun Feng smiled in disdain after hearing that. "The rule? Rules are meant to be broken!"

"You..." Lord Wei had lived for so long and seen all kinds of people. How many people in the Central Region were not strange? However, he had never met anyone who dared to question the rules! She even said that rules were meant to be broken! How... bold!

Seeing that the situation was about to escalate, the young man immediately walked to Yun Feng and stood in front of her. "Since you've deprived me of my qualification, you have no right to do anything to me. I'll leave Chongyuan immediately. As for her, she has nothing to do with this."

Yun Feng was startled. The three contracted Magic Beasts were also quite surprised. Why did he take all the responsibility on himself? Lord Wei still wanted to say something, but after thinking about it, he didn't dare to provoke the four Lord Level Magic Beasts. If something big happened here, it wouldn't be

easy to explain to the higher-ups. There were quite a lot of people who were stripped of their qualification to enter the Central Region every time. It wouldn't be bad if things could stop here.

Chapter 986: Yun Feng Versus the Magic Beast Group (1)

"Humph!" Lord Wei grunted coldly. The young man turned around with a cold smile at the corners of his mouth and was about to leave. Yun Feng looked at the young man with a complicated expression. She wouldn't let him be stripped of his qualification. Even if he wasn't her second brother, Yun Qi, she wouldn't let anyone bully him like this!

"What are you afraid of? I'll be here for you if anything happens!" The young man's bold words were still there. Now, things had changed. Yun Feng suddenly clenched her fists and looked at the young man who was about to leave the arena. She suddenly shouted, "Wait!"

"What else do you want?" Lord Wei looked at Yun Feng in dissatisfaction. The young man also turned around in surprise. Yun Feng chuckled. "I'll take responsibility for what I do. I won't run away from my responsibility! If it's not your responsibility, don't even think about carrying it!"

The young man's eyes glittered and he had a strange feeling in his mind. Why was this girl...

"Tell me, how can he keep his qualification to enter the Central Region?" Yun Feng looked into Lord Wei's eyes with her black eyes and rolled them. Lord Wei smiled strangely. "Do you want to solve this matter by yourself?"

"This matter started because of me. I was the one who trespassed here and interrupted the competition to kill the Magic Beast. I should be the one to deal with it."

"You..." The young man wanted to interrupt Yun Feng, but Yun Feng waved her hand to stop him. "If the arena is fair, you should know who's responsible for this!"

Lord Wei narrowed his eyes again and sized Yun Feng up from head to toe. His eyes were full of endless scheming and revenge. He had wanted to attack Yun Feng for a long time. He hoped that he could beat her up fiercely. Why? Were the four Lord Level experts so impressive? They dared to ride on his head!

"Since someone wants to stand up for another person and show off, I certainly don't care!" Lord Wei chuckled. "However, don't be the most embarrassing one in the end!"

Yun Feng gave him a faint smile. "Don't worry. You'll know very well who's embarrassed."

Lord Wei was enraged by Yun Feng's indifferent reply. "Alright! If you want to take it on yourself, I'll let you! As long as you can defeat all the Magic Beasts here, I'll give him the qualification to enter the Central Region for free!"

The young man's expression changed drastically after hearing that! All the Magic Beasts! There were more than dozens of Magic Beasts in the arena. No matter how strong she was, she wouldn't be able to deal with dozens of Lord Level Magic Beasts alone!

"All of them?" Yun Feng asked coldly. Lord Wei chuckled. "That's right. As long as you can defeat all the Magic Beasts, I'll give him the qualification to enter the Central Region!"

“Haha!” Yun Feng burst into laughter. How would she not know what this man was thinking? He was truly someone who went along with the flow. He was truly cunning to hit her when she was down. “Alright! Remember your promise.”

The man’s beard moved fiercely. He really didn’t expect Yun Feng to agree! He was so angry that his facial features were a bit crooked. “You have guts! Just wait!” Lord Wei turned around angrily. Those people behind him all looked at Yun Feng dumbfoundedly and didn’t know how to react. She challenged everything by herself. Did she think those Magic Beasts were all kittens and puppies? Those were real Lord-Level Magic Beasts!

“What are you waiting for? Keep up!” An earth-shattering roar came. These dumbfounded people finally reacted. They immediately turned around and followed Lord Wei, but they couldn’t help but mutter, “Is that girl stupid? If she wants to be a hero, she should see her own strength!”

“She really doesn’t want to live anymore. She challenged all the Magic Beasts. It would be strange if she wasn’t torn apart!”

Lord Wei and the others left in a hurry and disappeared inside the arena. The one-on-one challenge that was supposed to continue was completely interrupted by Yun Feng. Even though the others waiting for the challenge inside the arena didn’t know what happened, they would soon know. After Lord Wei left, the young man looked at Yun Feng with anger on his face. “Why are you being so stubborn? Who do you think you are to defeat all the Magic Beasts? Don’t think you’re omnipotent just because you’re capable!”

After saying that, the young man was a bit regretful. He didn’t have the right or the strength to say that at all, but what the girl in front of him did made him scold her. After that, the young man said rather awkwardly, “I mean, this has nothing to do with you.”

Yun Feng chuckled when she heard the young man’s rebuke. The three contracted Magic Beasts couldn’t help but want to get angry, but Yun Feng stopped them. “You’re the most innocent one in this matter. My intrusion caused you to lose your qualification to enter the Central Region. Since there’s a chance, I certainly have to make it up to you.”

“Can’t you see that the man is messing with you on purpose?”

“I can see that. So what?”

The young man was inexplicably enraged again after hearing that. “Do you know what you accepted? You have to defeat all the Magic Beasts! There are more than dozens of Magic Beasts imprisoned in this arena. All of them are at the Lord Level. Even if you are at the Lord Level, you want to defeat these dozens of Magic Beasts?”

Yun Feng chuckled and didn’t answer. The young man thought she regretted it. “It’s not a big deal not to enter the Central Region. I can still live well in the Outland.”

Yun Feng looked up at him in surprise. After sizing Yun Feng up carefully, the young man said earnestly, “There’s still time. Even without you, it would’ve been very difficult for me to beat this Magic Beast. I’d still lose my chance to qualify this time.”

Yun Feng pursed her lips and stood there stubbornly without saying anything. Only the few of them were standing in the arena right now. Lord Wei had probably gone to mobilize the Magic Beasts. At this moment, the arena seemed a bit cold. The young man suddenly chuckled softly. "I've never asked you who you are. Why are you helping me like this? If I remember correctly, this is the first time we've met, isn't it?"

Yun Feng was startled. She stared at the young man's face. He had the same facial features. His black eyes were full of warmth, but they were extremely unfamiliar. Yun Feng's heart ached. "You're very similar to an old friend I know."

The young man was stunned. "No wonder I always thought you were a bit emotional. This old friend must be very important to you."

Chapter 987: Yun Feng Versus the Magic Beast Group (2)

Yun Feng felt slightly bitter in her mind as she raised the corners of her mouth. "Very, very very important."

The young man felt a bit uncomfortable in his mind when he heard that. He pretended to laugh heartily. "Your old friend is really lucky. I'm really envious to have someone like you protecting me! My name is You Yue."

You Yue... Yun Feng pondered this name in her mind. You Yue, You Yue. His surname wasn't Yun. He wasn't Yun Qi.

"Feng Yun." Yun Feng smiled lightly and told him her name. The young man was slightly stunned when he heard that and didn't say anything. He knew that Feng Yun was just an alias, so the young man didn't ask further. He only smiled warmly. "I should be a few years older than you. If you don't mind, how about I call you sister?"

Yun Feng's heart trembled fiercely and a strange feeling surged from the bottom of her heart. At this moment, the door of the Inner Region of the arena suddenly opened and a large number of people surged out! Seeing these people who came out, You Yue couldn't help but frown. "These are all people who want to challenge Magic Beasts. Why did he let these people out?"

Yun Feng looked at the crowd that kept appearing through the door coldly. She noticed that these people were all looking at her. She could roughly understand what Lord Wei meant. Yun Feng couldn't help but smile in disdain.

The crowd kept surging out. There were originally very few people watching the battle, but after all the challengers came out, the atmosphere in the arena immediately became lively. These challengers turned into spectators. They couldn't help but feel a bit curious. When they heard that someone wanted to challenge all the Magic Beasts, everyone laughed. Who was this person who dared to challenge everyone alone? Did they think they had nine lives?

Under Lord Wei's order, these people all walked out of the waiting area and became spectators. The spectator seats that were still empty just then were immediately filled with people. Yun Feng looked at

the scene of the spectator seats around being gradually filled up by people and her black eyes darkened. This Lord Wei's heart was truly extraordinary small and his interest was also extraordinary poor.

"What's going on?" The young man couldn't help but feel extremely shocked when he saw that the spectator area was instantly filled with people. Voices that filled the sky floated around and many people who were watching the drama couldn't help but shout their heads off!

"Hey! Is that you? You want to challenge all the Magic Beasts!"

Once he said this, someone immediately joined in. "Little girl! Is there something wrong with your brain? You're so young. Why is your brain so muddled?"

A round of laughter immediately burst out. These people obviously looked down on Yun Feng. Yun Feng challenging all the Magic Beasts alone also hurt their dignity greatly. After all, it was very difficult for them to challenge one Magic Beast, but she wanted to challenge all of them! Wasn't this embarrassing them to death?

"I heard from Master Wei that you're at the Lord Level. So what if you're at the Lord Level?"

"Just wait for those Magic Beasts to tear you apart! Hahahahaha!"

A series of unpleasant laughter came from all directions. These people's minds were truly ugly, but Yun Feng didn't take it seriously. The expression on her face didn't even change. She wasn't affected by these people at all. However, the young man couldn't stand it anymore. "What are you talking about? Shut up if you don't have the ability!"

The young man's roar made the scene a bit chaotic. There were all kinds of curses, ridicule and mockery. The young man clenched his fists and gritted his teeth. "These people are too much!"

Yun Feng chuckled. "There's no need to care at all. They can only rely on their mouths to vent their anger."

The young man couldn't help but smile helplessly after hearing that. The three contracted Magic Beasts stood there with a gloomy face. If Yun Feng didn't order them not to do anything, the three of them would have rushed forward and sent these foul-mouthed people flying first!

Two people were sitting quietly in the lively crowd. They were the two people who brought Yun Feng to Chongyuan. At first, they were a bit disdainful when they heard the news, but after seeing Yun Feng, they both mumbled to themselves. Other people definitely couldn't, but if it was this Lord Feng... she might succeed.

"Alright, be quiet!" A slightly complacent voice sounded. Lord Wei slowly walked over. He originally thought that letting these people curse her would make her feel embarrassed, but Yun Feng smiled lightly and didn't seem angry at all. Lord Wei gritted his teeth secretly. Kid, I didn't expect you to be so calm.

However, Lord Wei didn't know that even though Yun Feng was young, she had experienced things that other people couldn't think about. Her mind had already surpassed that of her peers. Coupled with the contemplations along the way, her mind had already reached a certain height and her emotions wouldn't fluctuate casually.

“Are you very disappointed?” Yun Feng said with a hint of mockery. Lord Wei’s face moved. “Are you trying to embarrass me by letting these people be the audience? Lord Wei, your heart isn’t much bigger than a needle. It’s truly rare for a Lord to have such a state of mind.”

Lord Wei’s face darkened. Yun Feng chuckled. “Is there anything else, Lord Wei?”

Lord Wei’s body froze. Hearing Yun Feng’s mocking words, he couldn’t refute her. “Let me ask you again. Are you really going to challenge all the Magic Beasts alone? If you go back on your words and say that I’m wrong, I’ll certainly let you go!”

“Hahahaha!” Yun Feng burst into laughter. Lord Wei was a bit scared. “I’ll also ask Lord Wei. If I succeed, will you really give him the right to enter the Central Region? If you go back on your words and say that I’m wrong, I’ll certainly not hold it against you.”

“You...” The beard on Lord Wei’s face seemed to be raised. People watching the show at the auditorium couldn’t help but laugh. The two people who brought Yun Feng to Chongyuan mumbled to themselves, “Lord Feng, you’re so eloquent!”

“Very good. If you want to die so much, I’ll grant you your wish!” Lord Wei shouted loudly. “Everyone, listen up! She wants to challenge all the Magic Beasts alone. Open your eyes wide and see clearly what the consequences of being arrogant will be!”

Yun Feng put on a cold smile and didn’t argue with him. Lord Wei looked at Yun Feng mockingly. “There are a total of twenty Lord-Level Magic Beasts in the arena. I’d like to see how you can pass through these twenty mouths safely! Now, everyone, get out of here except her!”

Lord Wei glanced at Lan Yi, Little Fire and Yaoyao, but the three of them gave a rather weird smile. Yun Feng also chuckled. Lord Wei couldn’t help but feel angry after hearing that. “Get out. Right now!”

Chapter 988: Yun Feng Versus the Magic Beast Group (3)

“I’m sorry, Master Wei.” Yun Feng slowly took out the three Rings of Contract. Seeing the three rings, Master Wei suddenly stopped talking. He watched Yun Feng put them on one by one slowly. The three contracted Magic Beasts stood next to Yun Feng. Yun Feng waved her finger. “I’m a summoner. I’m afraid I can’t do what Master Wei wants.”

What? She was a summoner! A three-element summoner! Lord Wei’s eyes almost popped out. Those people who were mocking Yun Feng just then were also shocked at this moment. “F*ck! Seriously? She’s a summoner after all this time?”

“Damn! A three-element summoner! This is too rare! Really?”

“Those three are Magic Beasts! I really didn’t expect that. No wonder she’s so arrogant. If it were me, I would be like this too!”

The young man was also extremely shocked when he saw the three rings on Yun Feng’s fingers. The worry in his mind was completely put down at this moment. He thought she was showing off, but it seemed that she indeed had the capital right now. It shouldn’t be difficult for her to defeat all twenty Magic Beasts as a three-element Lord-Level summoner!

The young man smiled at Yun Feng and retreated to the side of the arena. Lord Wei, who had an unpredictable expression on his face, was thinking in his mind. Damn it, she was a three-element summoner! No wonder she was so arrogant. No wonder she didn't give him face... Hm! So what if she was a three-element summoner? She must suffer at this moment! Otherwise, she wouldn't understand who was the strongest here!

"A summoner? Hm!" Lord Wei suddenly raised his hand and opened the iron gate that locked the Magic Beasts. The roars of the Magic Beasts came from inside and kept intertwining, making the challengers in the spectator area tremble.

"If you're a summoner..." Lord Wei's beard moved and there was pride in his fierce eyes. He saw four Magic Beasts walk out of the iron gate one after another with iron chains around their necks. Their cruel and bloody eyes stared at Yun Feng firmly with killing intent!

Four! Four Lord-Level Magic Beasts!

Everyone was stunned when they saw this scene. Weren't they all challenged one by one? And now, there were four of them at once. This... This was too scary!

"Even if Master Feng is a summoner, she'll probably die here this time." The two men who brought Yun Feng to Chongyuan discussed in a low voice. "Four Lord-Level Magic Beasts. It's difficult even if she has the contracted Magic Beasts. Besides, she has to challenge a total of twenty Magic Beasts!"

Lord Wei's body flashed and he entered the sky. He suddenly raised his arm and a layer of spatial barrier covered the top of the arena again, separating the others completely. You Yue was also isolated outside. He looked at Yun Feng anxiously and shouted desperately, "This is unfair!"

Lord Wei burst into laughter. "Aren't you capable? Four against four shouldn't be a problem for you... Enjoy!" Lord Wei squeezed his hands in the air fiercely and the iron chains on the necks of the four Lord-Level Magic Beasts broke. The restraints on their bodies had already been removed!

"Howl..."

"Hooooo..."

The four Magic Beasts raised their heads and roared. Their huge bodies surrounded Yun Feng and the three contracted Magic Beasts. Their four pairs of eyes filled the sealed space as they breathed heavily. Yun Feng raised her black eyes and looked at Lord Wei's mocking expression. The corners of Yun Feng's mouth curled up and she gave him the same mocking smile. Since he wanted her to enjoy it, she wouldn't hold back!

Three kinds of bright elements surged out of the bodies of the three contracted Magic Beasts, emitting dazzling light. After the dazzling light faded, the original forms of the three Magic Beasts appeared in front of everyone! There was a huge Fire Cloud Wolf with fiery red fur and a circle of dense black color on its neck. Once Little Fire's Magic Beast body appeared, the temperature in the air inexplicably increased a lot! A huge eagle cry sounded in the air. The giant wings of the griffin had already spread out and a third wing appeared in the middle of the wings! The ferocious appearance of the griffin was engraved on the wings!

A long blue fishtail slowly fluttered in the air and a charming and enchanting body appeared in the water element. Its young and tender little face was mixed with an indescribable enchanting beauty, especially those dark blue eyes. They seemed to be able to steal people's hearts with one look!

Once the three Magic Beasts appeared in their original forms, the four Lord-Level Magic Beasts subconsciously took half a step back!

"That... That's her contracted Magic Beast!"

"Oh my god... This aura... is so astonishing!"

Lord Wei was also extremely surprised to see the original forms of the three contracted Magic Beasts in the air! He had never thought that this little girl's contracted Magic Beasts would be so powerful. In terms of species, they were also the best! Lord Wei gritted his teeth so hard that they made creaking sounds! Was he going to be the one who embarrassed himself this time? Impossible! Even if she defeated these four Magic Beasts, there were still sixteen more waiting for her!

"Lan Yi, Little Fire, Yaoyao, even though these Magic Beasts are all at the Lord Level, they've already degenerated to the point where they only have strength left. We must finish them quickly!"

"Yes, Master!" The three contracted Magic Beasts replied at the same time and ran towards a target each, while Yun Feng faced the last one. There was only the instinct of killing left in the Magic Beast's cruel eyes. Yun Feng couldn't help but sigh in her mind. Perhaps, ending its life was the greatest liberation for it!

She twisted her wrist gently and the Lord Level wand appeared in her hand!

"Fire Field!" Yun Feng shouted in a low voice. The Magic Beast had already been caught in a sea of fire before it rushed over! Yun Feng moved so quickly that the appearance of the Fire Field directly locked this Magic Beast inside!

The raging fire burnt in the Fire Field with an unusually high temperature, and the Magic Beast in the Fire Field let out miserable screams. Its huge body kept twisting, but it couldn't escape the restraints of the Fire Field! The people in the spectator stands couldn't help but swallow. Some of them couldn't help but have a layer of cold sweat on their bodies. She was so strong. She trapped that Lord-Level Magic Beast with just one attack!

"Roar, roar, roar, roar!" The sharp roar of the Magic Beast came from the Fire Field. The Lord Level Magic Beast had been tortured to the point that it only had the instinct of power left. Perhaps death was its best choice! Its huge body stopped struggling and slowly fell in the Fire Field, never to move again!

Chapter 989: Yun Feng Versus the Magic Beast Group (4)

Yun Feng waved her wand and the Fire Field completely disappeared. The Magic Beast's almost burnt body appeared in front of everyone's eyes. A Lord Level Magic Beast was dead!

Lord Wei's face twitched fiercely. It was dead! She killed a Magic Beast! Two Magic Beasts had already died in her hands! It had to be known that a Lord-Level Magic Beast was an important standard for entering the Central Region. It wasn't easy to capture one! Besides, it had degenerated into a Lord-Level

Magic Beast with only power left! The time and energy needed to whittle down everything other than the power of a Lord-Level Magic Beast was immeasurable!

At this moment, Lord Wei was already enraged in his mind. Immediately after, the Magic Beasts that were fighting with Lan Yi, Yaoyao and Little Fire also fell on the ground to different degrees! They were all dead! Lord Wei's heart trembled. He immediately raised his arm and opened the iron gate again. Six Magic Beasts came out this time! Lord Wei gritted his teeth so hard that they made creaking sounds. He didn't believe that the six Magic Beasts couldn't torture her to death!

The appearance of the six Magic Beasts caused an uproar at the scene! The six huge bodies rushed out from behind the opened iron gate. In a blink, cracks had already appeared on the solid walls around the iron gate! Lord Wei stood in the sky and looked at the six Magic Beasts that appeared together. He couldn't help but smile with his eyes. Fairness? Equality? He could ignore everything! Aren't you capable? Don't you have the courage? Let's see how capable you are when facing six Magic Beasts!

"What? Six of them!" Seeing this scene, You Yue, who was isolated by the space barrier, suddenly rushed over, but the space barrier was standing firmly. As a Monarch Level expert, he couldn't rush in at all! You Yue punched the space barrier fiercely and shouted crazily, "This isn't fair! You're too much! I give up the qualification to enter the Central Region. Stop!"

You Yue shouted desperately. He looked at Yun Feng with his handsome facial features and his eyes turned slightly red. Even if she could deal with four of them, it didn't mean that she would have the same result when facing six! Besides, this man who was forced to do this might use some other tricks! Everything was aimed at her! Even if he lost his qualification to enter the Central Region because of her intrusion, it was better than her dying here!

Every time You Yue thought that Yun Feng would die here, there was an indescribable pain in his heart. He didn't blame Yun Feng. He would rather lose his qualification than let her die here!

"I give up! I give up!" You Yue roared crazily as he looked at Lord Wei in the sky. However, Lord Wei sneered. "It's not up to you. Get to the side!" Lord Wei waved his hand and You Yue's body was sent flying by a violent force, falling heavily in a corner!

Yun Feng saw the scene of You Yue being attacked in the space barrier. Seeing that his body was knocked away and then fell heavily, Yun Feng suddenly looked up with a hint of anger in her black eyes! Lord Wei was a bit frightened by her gaze, but he also burst into laughter and looked back rather provocatively. The corners of Yun Feng's mouth curled up. She raised her arm and pointed at Lord Wei, who was standing in the air. "I'll remember this."

Lord Wei only felt a gust of cold air rising from his back. Then, his face turned fierce. "Just keep showing off. I'll see what you can do to me!" His thick arm suddenly flashed in the air and the iron chains on the necks of the six Magic Beasts broke!

"Pa! Pa! Pa! Pa! Pa!"

The earth-shattering roar of the Magic Beasts resounded in every corner of the arena. Everyone in the spectator area had goosebumps all over their bodies!

"Six... Six of them... How ruthless!"

“If it were me, I would have died countless times!”

“She’s too fierce! Even if she’s a summoner and has three contracted Magic Beasts, she’ll probably die when facing six of them!”

“Who knows if miracles will happen...”

After the six restrained Magic Beasts let out a furious roar, their eyes all locked onto Yun Feng! They were Magic Beasts at the Lord Level, but they were tortured to such a state. It was all because of humans. If it weren’t for humans, they wouldn’t be in such a situation! Strong resentment surged from the depths of their eyes. They wanted to tear this human in front of them into pieces!

“Master is different from other humans!” Little Fire suddenly jumped in front of Yun Feng. Its huge Fire Cloud Wolf body protected Yun Feng behind it. It raised its head and roared abruptly. Lan Yi and Yaoyao immediately returned to Yun Feng’s side. Six Lord-Level Magic Beasts went to battle at the same time. Even though these Magic Beasts had already degenerated, they were still at the Lord-Level! Six of them was too many for them!

“Brother Fire, there’s no point in talking to them at all.” Lan Yi said with a cold face on the side. He spread his three wings completely and protected Yun Feng behind him, in case these six Magic Beasts suddenly attacked!

Little Fire let out a series of wolf roars in frustration and scratched the ground fiercely with its claws. The six Magic Beasts next to it all looked at Yun Feng covetously with resentment in their eyes. However, Yun Feng wasn’t the culprit who tortured them like this. Everything they suffered had nothing to do with Yun Feng at all!

The three contracted Magic Beasts knew best what kind of person Yun Feng was. Even as a summoner, Yun Feng would never do anything to hurt her contracted Magic Beasts!

“Xiao Feng, we’ll protect you.” Yaoyao wrapped her huge fishtail around Yun Feng’s waist. There was a hint of seriousness on her charming and young face. Her graceful body leaned against Yun Feng’s side. Yun Feng was surrounded by three contracted Magic Beasts. She only felt that she would have no regrets in her life now that she had them.

Every battle would deepen their bond. Every time they encountered a disaster, they would feel the emotions in each other’s hearts. They accompanied each other every day, every minute and every second. Yun Feng finally realized at this moment that she had never been alone along the way.

Even if everyone stayed away from her, even if everyone abandoned her, they wouldn’t leave. They were sending Yun Feng the most loyal and passionate feelings in their hearts: We’ll protect you!

“That old man wants me dead. How can I give him what he wants?” Yun Feng chuckled. The domineeringness and confidence in her words made the eyes of the three contracted Magic Beasts shine with surprise! “If you want to bully me with numbers, let’s see which side has more!”

Chapter 990: You’re Still Too Weak (1)

“Master, you...” Light flashed through Lan Yi’s eagle eyes. Little Fire also realized something and immediately let out an excited wolf roar. Yaoyao’s fishtail slowly withdrew from Yun Feng’s waist and a smile appeared on her face. “Xiao Feng is the best!”

“Hahahaha!” Yun Feng let out a hearty laugh and suddenly raised her head! “Lord Wei, you’re good at bullying others with numbers! Then open your eyes wide and see who’s being bullied!”

“You can only talk for now!” Lord Wei shouted coldly when he heard what Yun Feng said in the air. In his eyes, Yun Feng was already a dead body under the hands of a Magic Beast!

Yun Feng didn’t say anything. The three contracted Magic Beasts all looked excited. The more dangerous the surrounding environment was, the more wisdom Yun Feng would gain and the more power would burst out! She clenched the Lord Level wand fiercely and a terrifying mental strength suddenly surged out of Yun Feng’s body, roaring like a huge wave in the sea!

“Leave three for me, and kill the other three!” Yun Feng gave an order and the three contracted Magic Beasts immediately attacked. Three gorgeous colors burst out in the center of the arena!

“Look! It’s starting! Four against six!”

“Is she going to fight the three of them by herself?”

“She fought against three by herself? Are you kidding me? Who does she think she is? One against three? Bullshit!”

There were sighs in the spectator stands around. Everyone widened their eyes desperately. Luckily, there was a spatial barrier protecting them. Otherwise, they wouldn’t dare to stay here no matter how courageous they were! With six Magic Beasts fighting together, anyone would avoid them!

You Yue got up from the ground in a sorry state. Seeing the confident smile on Yun Feng’s face, the uneasiness in his heart instantly disappeared. He unconsciously pressed his chest with his hand. Why... Why was he so relieved when he saw her smile? He didn’t have any worry at all anymore, as if... everything would really be fine if she said so!

You Yue stood outside quietly and watched the fierce battle in the space barrier with his eyes. A voice quietly came from the bottom of his heart. Trust her. Even if others didn’t believe that it was possible, he had to believe her!

The fierce battle in the space barrier was triggered in an instant! While the three contracted Magic Beasts moved, the six Magic Beasts that had been watching covetously had already extended their sharp claws and attacked in an instant. The three contracted Magic Beasts held one of them back in an instant, while the remaining three pounced on Yun Feng together!

“You’re capable. Humph! You’ll still die!” Seeing the three Magic Beasts rushing towards Yun Feng, Lord Wei in the sky couldn’t help but put on a smile. Everyone in the spectator area was nervous and their hands were sweating unconsciously. You Yue clenched his fists tightly and stared at Yun Feng without blinking. She would be fine. She would definitely be fine!

Yun Feng stood where she was as the three Magic Beasts pounced at her with a roar, creating a powerful gust of wind around her. Yun Feng suddenly turned the wand in her hand and three beams of light flashed out of the wand, causing an uproar!

Blue, red and purple with crackling sounds like firecrackers! The three kinds of light formed a huge body to protect Yun Feng. Gradually, these three kinds of light changed at a visible speed. The elements seemed to have been squeezed. The next second, they transformed into a giant beast!

A fiery red wolf, an ice blue python and a purple lightning dragon!

Elemental simulation!

“Wow...” There were exclamations in the spectator area. Everyone couldn’t close their mouths. Right, how could they forget that she wasn’t just a summoner, but also a mage! One of the most terrifying ultimate moves of mages was elemental simulation!

“Impressive, really f*cking impressive!” Someone couldn’t help but say with a tremor in his voice!

“Fire, water, wind and lightning! She’s already used four elements. She’s not a three-element mage. She’s a four-element mage!”

Everyone trembled. Four elements! Oh God!

“Wrong! She’s not a four-element mage. She’s a five-element mage...”

“W-What? Five elements? How is that possible?”

Someone rolled his eyes and looked at the girl who was surrounded by three elemental beasts excitedly. “That’s right. She used the earth element earlier. I remember it very clearly!”

The people around opened their mouths again, and some of their jaws were directly dislocated! “Five elements... Oh my god... Isn’t she a genius among geniuses?”

“Such a person... Is she really from the Outland? Where exactly did she come from?”

All the eyes in the venue focused on Yun Feng, and Lord Wei, who was in the sky, had already frozen there. She was a five-element summoner! Five-element summoners were rare, and five-element summoners... Even he had never seen one! Lord Wei’s face twitched fiercely. He only felt like he had been hit in the head! He could be said to be in a dilemma right now. If the higher-ups knew that he fought with a five-element summoner, there might be consequences! After all, this was a rare and precious resource! And he obviously had a grudge with this genius!

Lord Wei’s eyes glittered. He only felt uneasy standing. If he had known that this little girl was a five-element mage, he would never have done this! He would definitely give her the qualification to enter the Central Region! However, who would have thought that she was a five-element mage?

Lord Wei gritted his teeth again. Since he had a grudge against her and that kid seemed to be someone she cared about, what should he do now? Sweat had already appeared on Lord Wei’s forehead. Thinking of what he did, he had the urge to bang his head against the wall! His black eyes suddenly darkened. There was nothing else he could do right now. Luckily, she hadn’t entered the Central Region and wasn’t exposed there. There was still time!

The grudge between him and her had already been formed. The Wei family wouldn't be able to rope her in. Rather than letting the other families find out and get benefits, it was better to finish her off here! As soon as this thought flashed through Lord Wei's mind, he had already made up his mind. That's right. He would kill her in Chongyuan of the Outland!

Lord Wei, who was in the sky, was still struggling with his last thought. At this moment, the battle in the arena was already coming to an end! Even though Yun Feng's three simulated giant beasts weren't as powerful as the contracted Magic Beasts, they weren't inferior in terms of strength and speed at all! They couldn't be better used to deal with these Magic Beasts that had degenerated until they only had physical strength left!
