

## Summoner 991

### Chapter 991: You're Still Too Weak (2)

Even though the body of the elemental simulation beast dissipated easily, it returned to its original state in an instant! The fundamental output of the elemental simulation relied on the mental strength of the mage, and Yun Feng's mental strength was as vast as an ocean. It wasn't something ordinary people could compare to at all! In Yun Feng's opinion, such high-level magic and such an exhausting elemental simulation were just so-so!

The three simulated giant beasts and the other three Magic Beasts fought. While Yun Feng spent a huge amount of mental strength to simulate elements, she could also spare some energy to make a magic attack. Such a battle made everyone exclaim again. She was indeed not human!

"Howl, howl, howl!"

Wails sounded one after another, and the sound of huge bodies falling to the ground echoed. Under everyone's shocked gaze, the six Magic Beasts fell to the ground one after another! The audience was in an uproar! The six Magic Beasts fell just like that! She was... too strong!

"How strong! Wonderful!" Someone shouted. Under this shout, everyone scrambled to shout. These people were originally challengers. Even if they fought with a Magic Beast in groups of two, they almost had no chance of winning. However, Yun Feng beat six Magic Beasts to the ground alone. Together with the four before, there were ten of them! If this wasn't powerful, what was?

There were earth-shattering cheers. You Yue couldn't help but relax his fists. His hands were full of sweat. Seeing that Yun Feng was safe, You Yue couldn't help but heave a sigh of relief. He couldn't help but shake his head and sigh. "How can he be so reckless?" After saying that, You Yue was also stunned. Was he supposed to speak in such a doting tone? You Yue gazed at Yun Feng deeply. Feng Yun... Was this really her name?

However, things weren't over yet! Lord Wei made up his mind the moment the six giant beasts died. He immediately made up his mind and raised his arm abruptly without caring about anything. The door of the iron gate was opened again!

"Crack, crack, crack, crack!" The sound of the iron gate opening echoed clearly in everyone's ears. Yun Feng suddenly narrowed her black eyes, because she had already heard the roars and deep moans inside!

"Master, he's probably going all out!" said Lan Yi in a deep voice. Yun Feng sneered. "He's desperate."

Lord Wei was indeed going all out. After the iron gate opened, the roars of the Magic Beasts came crazily. Then, the huge bodies of the Magic Beasts rushed out. When all the Magic Beasts walked out, everyone stopped breathing for two seconds!

What a joke. There were ten of them this time! The remaining ten Magic Beasts were all out!

Yun Feng's black eyes turned cold. She waved the Magic Beast in her hand fiercely and the three giant beasts with simulated elements instantly exploded. The three kinds of elements slowly drifted in the air. The appearance of the ten giant beasts could be said to be shocking. Even Yun Feng's mind also sank!

"Ten... This old man is really trying to kill me." Yun Feng looked at these ten Magic Beasts and considered how she should fight in her mind. Even she would find this number tricky. Even if she fused elements, she might not be able to kill all of them!

"Damn it! Bite him to death first!" Little Fire stared at Lord Wei in the sky fiercely with its wolf eyes. Its sharp teeth rubbed against each other, sounding very scary.

"Master, even though you have a way to deal with these ten Magic Beasts, you'll definitely suffer a lot of damage. Why don't we..." Lan Yi said in a low voice with worry in his mind.

"Bang, bang, bang!" At this moment, a muffled sound came from outside the spatial barrier. Yun Feng turned around and saw You Yue standing there. His black eyes were looking at her. His handsome face, which was exactly the same as Yun Qi's, was showing anxiety!

Yun Feng knew what he was talking about. He wanted her to stop and leave. Yun Feng slowly walked over and walked in front of You Yue. There was a space barrier between the two of them. Even though they could see each other, they couldn't hear anything. You Yue stood outside and shouted, "Stop! It's not difficult for you to break this space barrier with your ability. Leave me alone!"

Yun Feng watched him knock constantly with an anxious look on his handsome face. Yun Feng watched quietly as her heart was wrapped tightly in warmth. Yun Feng's hand slowly touched the space barrier and You Yue quickly put her hand on it. His heart was very, very painful at this moment. He only knew that he didn't want this girl to be hurt at all!

"Brother, I won't let anyone bully you!" Yun Feng whispered with a faint smile in her black eyes. The three contracted Magic Beasts were all startled when they heard that. Lan Yi immediately swallowed what he wanted to say.

Yun Feng looked at You Yue deeply and slowly turned around. She looked at Lord Wei in the sky with her black eyes and her red lips curled up. "You're not qualified to bully a member of the Yun family!"

Lord Wei burst into laughter at this moment. He only hoped that he could get rid of the trouble this time! He clenched his fist and loosened the restraints on the necks of the ten Magic Beasts, but at this moment, a furious shout came from afar in the sky!

"Wei Yan! How dare you! Do you want to ruin the Wei family's hard work?"

Lord Wei's face immediately turned pale after hearing that. He cursed in his mind! Then, a fierce force came from the sky and knocked Lord Wei's body down into the sky! The next second, another circle of iron chains appeared on the necks of the ten Magic Beasts that had already been freed. They tightened their necks fiercely and the ten Magic Beasts immediately fell on the ground, howling in pain!

Yun Feng looked up and saw a figure flying over from the distant sky. He was full of anger and was rushing over quickly!

Wei Yan, who was knocked down from the sky, got up from the ground in a sorry state. Before he could stand straight, another force came and his entire body knelt on the ground again! The ten giant beasts were under control. Yun Feng didn't care about them. She stood aside quietly and looked at the man who suddenly descended from the sky.

Wei Yan knelt there and didn't dare to stand up again. However, his appearance was an eye-opener for everyone in the spectator area. Oops, how did the omnipotent Lord Wei become like this? Wei Yan's face also flushed, but he didn't dare to say anything. He could only kneel there in embarrassment.

The person descended from the sky and stood in front of him, shouting furiously!

### **Chapter 992: You're Still Too Weak (3)**

"How dare you use a Magic Beast without permission! How bold!"

Wei Yan knelt there without saying a word and let this person scold him. "They shouldn't have sent you, who can't do anything right but ruin everything! You lost ten Lord-Level Magic Beasts! When we go back, the master will skin you alive!"

"Uncle, it's not my fault!" Wei Yan raised his head and suddenly pointed at Yun Feng standing aside. "It's her! She killed those ten Magic Beasts!"

Yun Feng raised her brows. Third uncle? She didn't expect Wei Yan to call someone else third uncle at his age. The person who scolded Wei Yan shouted again after hearing that! "You can't get away!" This person suddenly turned around and looked at Yun Feng with anger in his eyes. When he saw the three Magic Beasts next to her, his eyes suddenly darkened!

"Did you kill them?" A calm voice came with a very heavy aura and pressure. Yun Feng only felt a pressure that filled the sky around her. This man's strength far exceeded hers! Yun Feng clenched her fists tightly and straightened her back forcefully, looking at the man in front of her.

"It's a deal between him and me."

Hearing what Yun Feng said, a glint of light flashed through the man's eyes. Wei Yan noticed the man's sudden anger and his face immediately turned pale. "Uncle! She... She was too arrogant. I couldn't help but want to teach her a lesson. I didn't expect her to be so ruthless as to kill the Magic Beasts!"

The man's temples pounded. "Deal? What deal?"

Wei Yan's body immediately trembled. Yun Feng raised the corners of her mouth. "If I can defeat all the Magic Beasts, he'll give me a qualification to enter the Central Region for free."

"Argh!" Wei Yan screamed as his body was sent flying by an invisible force. The man roared furiously, "Wei Yan, do you want to die? When are you in charge of the qualifications to enter the Central Region?"

Wei Yan's body fell on the ground heavily and he spat out a few mouthfuls of blood. He quickly got up and glared at Yun Feng with hatred in his eyes. "Uncle, I... I was just saying... I certainly know that it's not up to me to decide."

"You want the entire Wei family to die with you, don't you?" The man shouted angrily, which made Yun Feng's ears hurt. Wei Yan didn't dare to say anything. He could only lie on the ground and didn't even dare to move. Yun Feng heard that this man meant that he didn't want to admit it.

"It might not be good to deny it. Everyone here is my witness."

The man immediately looked up and found that the auditorium of the arena was full of people! He immediately looked furious! Wei Yan trembled and curled up there. He didn't have any of the awe-inspiring shadow from before anymore. He only prayed that his third uncle didn't know about Yun Feng's five elements. Or rather, the later he knew, the better. It was best not to do it right now! If his third uncle knew that he had a grudge with a five-element summoner, his third uncle would be the first to kill him!

The man looked around with a sullen face as an invisible pressure gradually enveloped him. Everyone in the spectator area didn't dare to make a sound at first, but someone shouted, "She's right! That's the deal between Feng Yun and Lord Wei!"

A small stone caused an uproar! Immediately, more people seemed to be freed from some kind of restraint and stood up one after another. "That's right. We can all testify!"

"Do you want to break the pact? We all saw the battle just then!"

When Wei Yan saw this group of people, he started arguing. He was afraid that someone would shout out that Yun Feng was a five-element mage, so he immediately said, "Uncle, I..."

"Shut up!" The man shouted as he looked at Yun Feng with his eyes. "Let's forget about it this time. The Wei family can still afford the qualification to enter the Central Region!" The man grabbed Wei Yan, who was lying on the ground, with one hand. Wei Yan, as an old man with a full beard, was like a kid at this moment. He was very obedient when he was grabbed like this.

"Ten Magic Beasts. After you enter the Central Region, the Wei family will naturally ask you for them back."

Yun Feng curled up her lips and sneered, not saying anything. People from large families were all so rude and unreasonable. She had seen too many people like this. He wanted the Magic Beasts back? If they had the ability, they could ask her for it!

The man waved his hand and the ten restrained Magic Beasts got up from the ground in pain again, slowly walking back to the iron gate. As for the ten Magic Beast corpses on the ground, the man exerted his strength and put them all in his hand, making them disappear instantly. Yun Feng understood that this man put these corpses into a dimension container.

After doing all this, the man looked up at the spatial barrier set up by Wei Yan and squeezed hard with his other hand. The spatial barrier completely shattered! Yun Feng's expression didn't change at all. She knew that this man was taking her down a notch.

"Everyone else, return to the waiting area. If you still want to get the qualification to enter the Central Region!" The voice penetrated everyone's ears. The audience immediately scrambled to go down. Their challenge had to continue. They certainly wanted the qualification to enter the Central Region! However, thinking of that kid who got the qualification to enter the Central Region with Yun Feng, everyone couldn't help but feel envious and jealous in their minds. He was truly f\*cking lucky!

The three Magic Beasts had already returned to human form. Yun Feng walked to You Yue and smiled at him. "Let's go."

You Yue looked at the man quite vigilantly. Yun Feng pulled the corners of You Yue's clothes and dragged him out. After they left the arena, Yun Feng quickly waved her hand at the back of her neck. An extremely subtle sound of breaking sounded in the air. The three contracted Magic Beasts immediately became vigilant. Yun Feng retracted her hand and her red lips curled up. He was still very inferior to her in terms of mental strength!

The tiny thing that Yun Feng seemed to have accidentally broken made a soft sound in the air, while the face of the man holding Wei Yan tightened for a long time. He panted heavily and didn't breathe for a long time. Wei Yan, who was being held like a chicken, glanced to the side carefully. Seeing the gloomy look on the man's face, he said timidly, "Third... Third Uncle, what's wrong?"

The man rolled his eyes. The coldness in his eyes made Wei Yan immediately shut up and he didn't dare to say anything else. The man looked at his fingertips thoughtfully. A transparent thread that couldn't be seen with the naked eye was wrapped around his fingertips, but the other end of the thread had just been broken by someone.

### **Chapter 993: Lanyi's Return (1)**

"Humph!" The man grunted as he grabbed Wei Yan and jumped away. Yun Feng's appearance had already been deeply engraved in his mind. Once she entered the Central Region, he would collect the debt of these ten Magic Beasts sooner or later!

Yun Feng and the others had already walked out of the arena. Even though there were waves of heat in the arena, there wasn't any commotion after they walked out. People were still entering the arena endlessly. Yun Feng didn't attract much attention when she came out. The few of them walked forward and You Yue couldn't help but ask in a low voice, "What happened just then?"

"Yes, Master. That cracking sound just then. Did that old guy do something to you?" Little Fire roared furiously. Lan Yi and Yaoyao immediately looked at Yun Feng nervously after hearing that. Yun Feng chuckled and slowed down.

"He did do something to my body, but it was just a test. What I broke just then was a thin thread connected to my body by his mental strength."

Little Fire snorted in disdain after hearing that. That man used his mental strength to test its master! “That person is stronger than the Lord Level. Seeing how Wei Yan grovels to him, he should be a big shot.” Lan Yi looked a bit serious. Yun Feng nodded. “Although I don’t know the situation of the Wei family in the Central Region, they seem to be related to Magic Beasts and have such a way of controlling them. They remind me of a profession.”

“You’re talking about tamers,” whispered You Yue. Yun Feng glanced at him. She had seen tamers before. She had had conflicts with them on the East Continent, but they were much more capable on the Central Continent. They weren’t on the same level at all.

“Tamers have the ability to tame Magic Beasts, but they can’t take them for themselves after all. Summoners are the orthodox ones.” You Yue smiled lightly at Yun Feng. Yun Feng couldn’t help but feel startled when she saw his face. “Are you going to the Central Region right now?” You Yue looked at Yun Feng gently and asked softly.

Yun Feng was slightly dazed and finally shook her head. “No, I still have to stay in Chongyuan for a while.”

“Sister, if you don’t mind, you can call me brother.” You Yue smiled warmly, but Yun Feng’s body stiffened. The word “brother” was stuck in her throat and she couldn’t say it no matter what. The three contracted Magic Beasts all kept silent and followed her silently.

“I overestimated myself. If you don’t want to, that’s fine.” You Yue smiled lightly with a hint of embarrassment on her face. He had a kind of passion for this girl for no reason. It was clearly the first time the two of them met, but he felt inexplicably close to her. His request was indeed abrupt for this girl. Judging from his strength, he wasn’t qualified to be her brother.

“No!” Yun Feng suddenly raised her head and stared at You Yue with her black eyes, looking at his face that was exactly the same as Yun Qi’s. “I have another big brother. If you don’t mind, can you be my second brother?”

The three contracted Magic Beasts glanced at Yun Feng at the same time, while You Yue suddenly put on a smile after being stunned for a moment. This smile almost made Yun Feng want to rush forward and hug him fiercely, calling him Second Brother Yun Qi!

“Alright, I’ll be your second brother!”

Yun Feng suppressed the excitement in her heart and nodded. She put on a big smile at You Yue, showing a rather childish side. You Yue was stunned for a few seconds. She slowly raised her hand and touched Yun Feng’s little head, smiling very helplessly. She was still in the attitude of a powerhouse just then, but she had become a kid now.

“Second Brother, why did you come to the Central Region this time? To gain experience?” Yun Feng and You Yue walked side by side towards the hotel in the Central Region. The further they went to the west of the city, the fewer people there were and the surrounding became much quieter.

After hearing Yun Feng’s question, You Yue looked a bit gloomy. After a long time, she finally replied, “I’m going back to the Central Region this time to go home.”

Go home?! Yun Feng was stunned. “Brother, you’re not from the Outland?”

You Yue smiled wryly and shook her head. “No, I wasn’t born in the Outland. To be exact, I was forcibly thrown out of the Central Region by my family.”

Yun Feng looked at You Yue in depression. Was his identity the same as Yan Ming’s? Or was he in the same situation as Ling Xiaoyun, who was abandoned by his family? You Yue couldn’t help but smile when he saw Yun Feng’s expression. He rubbed her long hair with his big hand. “What are you thinking? It’s not what you think!”

“There are many small families in the Central Region that have no choice but to use this method. If they don’t have the ability to strengthen the power of their bloodline, they can only throw their bloodline out, letting it grow up in a crueler environment. Survival of the fittest. If they can return to the Central Region, they’ll certainly be one of the strongest.”

Speaking of this, You Yue sighed. “Of course, there are countless bloodlines that can’t adapt to the cruel laws and die outside. However, there’s nothing we can do. A family needs to develop. The power of the bloodline is the key. Only when the power of the bloodline continues can the family prosper.”

Yun Feng nodded. This method was too cruel. However, for the small families, they didn’t have enough money and background, and they couldn’t bear the heavy responsibility of nurturing the next generation of descendants at all. Rather than wasting their talent, it was better to let them grow in the Outland and let nature choose whom to keep.

It was cruel, but they had no choice.

“If you want to survive in the Central Region, you must become strong enough.” You Yue’s face became much more tense. He unconsciously clenched his fists and then slowly loosened them. “With your ability and talent, you’ll rise in the Central Region sooner or later.”

Yun Feng raised the corners of her mouth and didn’t comment. “Brother, tell me about yourself.”

You Yue chuckled. “Myself? It’s very simple. When I was seven, I was sent to the Outland with many children in my family. So many years have passed and we’ve already been separated. More than twenty people were sent out back then. I wonder how many of them can go back.”

## **Chapter 994: Lanyi’s Return (2)**

“Sent to the Outland? So, brother, you’re already more than a hundred years old?!” Yun Feng looked at You Yue in surprise. You Yue smiled. “Why? Are you surprised? I’m considered one of the younger generation here.”

A hundred years old! Yun Feng sized You Yue up again. He looked a few years older than her. Why was he already a hundred years old?

“On this continent, age doesn’t matter. The passage of time has gradually become a kind of nothingness. I heard that after breaking through to the Lord Level, a person’s appearance and body will forever stay in the form of the breakthrough. It won’t change no matter how many years pass in the future.” You Yue looked at Yun Feng. “Sister, you must’ve lived more than fifty years?”

You Yue had estimated carefully in his mind. With Yun Feng's monstrous talent, she should be able to reach the Lord Level in fifty years. However, Yun Feng showed a hint of strangeness on her face after hearing that. Yaoyao raised her little head and said loudly, "Xiao Feng isn't that old! Xiao Feng is twenty!"

Lan Yi smiled on the side and rubbed Yaoyao's head with his big hand. "You're wrong. Master is twenty-one."

You Yue burst into laughter after hearing that. "I know, I know. She looks twenty-one on the outside. I'm asking about her cultivation age!"

Little Fire rolled its eyes at You Yue. "Don't you understand? Master is twenty-one!"

You Yue was silent for a few seconds. The smile on his face froze. After a long time, she finally came back to herself and understood what this twenty-one represented. "You're saying... your real age is also twenty-one? You broke through to the Lord Level in twenty-one years?"

Yun Feng nodded and understood something in her mind. It seemed that the passage of time on this Central Continent had to be halved, or the natural growth of humans would be too slow. You Yue should at least look like a middle-aged man and couldn't be so young.

"No wonder..." You Yue mumbled with pride in her heart. "That's right. Sister, you're a genius!"

Yun Feng was a bit embarrassed by what he said, especially when she was praised by You Yue, who was exactly the same as Yun Qi. She couldn't help but blush. Seeing Yun Feng's blushing cheeks, a trace of warmth flashed through You Yue's eyes. Why? He wanted to love her from the bottom of his heart and treat her well. He had never been someone who was friendly. Even if someone else was nice to him, he would still be a bit vigilant from the bottom of his heart. However, for her, for this little girl he had just met, he really wanted to be good to her without anything else.

"Brother, are you planning to go to the Central Region immediately?" Yun Feng and the others had already walked to the door of the hotel. You Yue glanced at Yun Feng. Yun Feng had been suppressing the excitement in her heart. If he wanted to leave first, she certainly wouldn't say anything, but...

"There's no rush to go back. There's still three months." You Yue smiled lightly. Yun Feng was inexplicably relieved in her mind. "Alright, Second Brother, stay here with me! I have to wait for my friends during this period of time. If they come, I can introduce them to you!"

You Yue nodded. The three contracted Magic Beasts were more or less worried in their minds after hearing that. After all, the man in front of them wasn't Yun Qi. He just looked like Yun Qi. He was indeed another person. For Yun Feng, it was very difficult to completely distinguish You Yue from Yun Qi. Sometimes, Yun Feng even felt that You Yue in front of her was her brother, Yun Qi.

You Yue stayed in the hotel. Two and a half months passed in the blink of an eye. Yun Feng waited patiently, but there was still no familiar figure. Luckily, You Yue was here. He really treated her like a brother. Her brother would've treated her the same. Yun Feng also learned some common sense on the Central Continent from You Yue.

Whether it was the Outland or the Central Region, the area of the Central Continent was very vast. The most convenient way of transportation was the Spatial Teleportation Array. This shortcut channel that

was built with the power of space wasn't really implemented in the Outland, but in the Central Region, the Spatial Teleportation Array could be said to be common everywhere. Every area in the Central Region relied on this Spatial Teleportation Array, and the passage between regions could only be opened at a certain time.

At first, Yun Feng didn't know why, but You Yue answered her questions. Just like in the Outland, when the passage between the Central Region and the Inner Region opened, a large number of people in the Central Region would also rush to the Inner Region. People went to higher places and nobody would stay in one place forever. The qualification to enter the Inner Region was also higher. Even though You Yue didn't know the exact level, he knew that it was much higher than the Lord Level. After all, the Lord Level was at the bottom of the Central Region.

The people in the Central Region moved to the Inner Region, and the people in the Outland also moved to the Central Region. However, the gap of opening between the Central Region and the Inner Region was longer. You Yue didn't know how long it would take, but it was undoubtedly a top priority for people living in the Central Region, just like how people in the Outland wanted to enter the Central Region.

After hearing what You Yue said, Yun Feng finally understood that the Central Continent was a relatively flexible and circulating continent. There had never been a shortage of power. When the older generation disappeared from this world, there would immediately be new power to replace them. This was also the fundamental reason why the Central Continent could develop so quickly. There had never been a lack of competition here. There had never been a lack of thoughts of fighting for the top!

Compared to the Central Continent, the East Continent and the West Continent were simply too peaceful. Even though there were also conflicts, they were obviously nothing.

The Sound Transmission Jade used for communication on the East Continent and the West Continent was useless here. Since Yun Feng came to the Central Continent, she certainly had to know how to contact people here. When Yun Feng asked, You Yue smiled and flipped his hand. An item that was the size of a palm and looked very similar to the Sound Transmission Jade appeared in You Yue's hand. "I thought you had this."

"This is a Sound Badge. Once you record someone's aura, it'll be stored automatically for communication."

Yun Feng took the Sound Badge and looked at it carefully. The mechanism was very similar to the Sound Transmission Jade, but the name was different. Yun Feng returned the Sound Badge to You Yue.

"Brother, can you buy this in Chongyuan City?"

### **Chapter 995: Lanyi's Return (3)**

You Yue smiled casually and handed the Sound Badge to Yun Feng. "This is for you."

"What about you, brother?"

“When I return to the Central Region, I’ll certainly go back to my family. Even though the You family is an unknown small family, it can still afford the sound badges.”

After hearing that, Yun Feng gave the Sound Badge in her hand to You Yue again. “Brother, take it back. If I want one, I’ll certainly buy one. It’s not easy to get this thing. Besides, if you give it to me, how can I contact you in the future?”

After hearing that, You Yue put the Sound Badge back and knew that Yun Feng wouldn’t accept it. “Although the Sound Badge isn’t rare, ordinary people can’t afford it. This Sound Badge wasn’t given by my family. I just got it by accident.”

You Yue put away the Sound Badge in his hand. “There’s only half a month until the opening of the Central Region. Is the person you’re waiting for not here yet?”

Yun Feng shook her head. “Not yet. Even though there’s only half a month left, I’ll still wait here. If I don’t see them in half a month, I’ll go to the Central Region.”

You Yue nodded. “Chongyuan City is very desolate. It’s impossible for the Sound Badge to appear here. If you’re not in a hurry, I’ll take you to a big place to buy it after we reach the Central Region.”

Yun Feng chuckled. “Alright, deal!”

Half a month passed slowly. Qu Lanyi, Mu Canghai, Ling Xiaoyun and Mo Changge still hadn’t appeared in Chongyuan. Yun Feng couldn’t help but frown. The four of them were all extraordinary. Even if they encountered some trouble in the Outland, they could protect themselves. However, it would be a hundred years after she entered the Central Region if they didn’t come.

“Qu Lanyi, you’re still not here...” On the last night of waiting, Yun Feng stood alone at the highest place in Chongyuan. Her slim back looked a bit lonely. She had waited for three months. After tonight, she would step into the territory of the Central Region. If she missed this opportunity, it would be a hundred years. Even if Qu Lanyi was capable, he couldn’t forcibly tear the passage between the Outland and the Inner Region. He couldn’t do that.

Yun Feng stood for a long time. The slightly cold wind at night slowly blew next to her and her clear black eyes gazed into the distance. She was looking forward to the arrival of someone in her mind. The man who would always be by her side wasn’t with her right now.

“Qu Lanyi...” Yun Feng slowly sat down. She wrapped her arms around her knees and curled up her body. She stared at a point in the distance with her black eyes and mumbled that person’s name in a low voice. “Qu Lanyi...” Her ethereal calls dispersed with the wind and melted into the cold air.

“My wife, are you calling me?”

Yun Feng’s body trembled fiercely! Then, her entire curled body was held in a warm embrace. From top to bottom, inside and out, it enveloped her entire body. Such warmth made her heart palpitate!

“It’s such a cold night and you’re in the cold wind here. Didn’t you think I’ll be worried?” Qu Lanyi held Yun Feng tightly in his arms and rubbed his warm hands against her cold body slowly. Yun Feng, on the other hand, was completely frozen. Did she hear it wrong? Qu Lanyi... was here?

“Qu Lanyi?” Yun Feng asked in confusion. Her body was still stiff. Qu Lanyi smiled and held the little woman in his arms even tighter. His warm breath sprayed in Yun Feng’s ears. “Why? It’s been so long. Didn’t you miss me? I missed you so much.”

Yun Feng suddenly turned around and saw those beautiful eyes that couldn’t be more familiar. These eyes were full of warmth at this moment, which made Yun Feng’s heart tremble fiercely. “When did you come back?” She asked softly, but Qu Lanyi slowly curled up his thin lips. A warm hand slowly climbed on Yun Feng’s neck and held her little chin as he was pressing his handsome face down slowly.

“I can answer this question, but after this.”

Yun Feng was startled. She wanted to say something, but her soft lips had already been blocked tightly. Even her breath was swallowed. Qu Lanyi kissed her carefully and lovingly. Yun Feng’s body also gradually softened in the heated breathing. Her cheeks were also flushed and charming in the night.

The sound of heartbeat came one after another. Yun Feng felt that her lips seemed to be a bit painful, but the man who was kissing her didn’t seem to be stopping. Yun Feng pushed Qu Lanyi’s shoulder. Under her hand was his already crazy heartbeat. A sudden heat came from his chest.

Qu Lanyi slowly opened his closed eyes. The blood red color was like a bright gem, showing a different kind of elegance. Blood red light flashed in his eyes. The man’s lips finally moved away slowly. Their hot breath was still intertwined.

Qu Lanyi held Yun Feng in his arms and caressed her back slowly from top to bottom with his big hand, as if he was petting a cat. Yun Feng relaxed and leaned into his arms completely. She wanted to ask him where he was a while ago, what he was doing, and why he came to Chongyuan, but when her entire body was filled with an extremely familiar smell, Yun Feng didn’t want to ask anything anymore.

At the same time, outside Yun Feng’s room, You Yue stood outside the door and knocked for a long time, but nobody replied. He couldn’t help but feel a bit nervous. After wandering outside the door for a long time, You Yue finally pushed the door open and entered. After entering the room, he saw Little Fire in the form of a Magic Beast.

“Master isn’t here,” said Little Fire lazily. It yawned and lay down again. Since You Yue looked exactly like Yun Qi and was now Yun Feng’s brother, its tone was much more polite than usual.

You Yue was stunned for a moment. He subconsciously looked around the room and saw no trace of Yun Feng. “Then... where did she go?” Even though he knew that Yun Feng was powerful, You Yue still couldn’t be at ease in his mind.

“Master is at the highest place in Chongyuan,” replied Lan Yi casually. You Yue thanked her and left. Little Fire glared at Lan Yi. “Why did you tell him where Master is?”

Lan Yi chuckled. “Brother Fire, in Master’s mind, he might already be her second brother.”

#### **Chapter 996: Lanyi’s Return (4)**

“Hm! So what? He’s still an impostor.” Little Fire grunted in disdain. Its huge wolf body moved slightly. Lan Yi shook its head helplessly. Yao Guang once said that Yun Qi could also be resurrected, and Master

definitely didn't give up this point in her mind. After finding a way to resurrect Yun Qi, where should You Yue go? Thinking of You Yue's appearance, Lan Yi couldn't help but frown. Was it really just a coincidence that he looked exactly like Yun Qi?

The two people on the highest point hugged each other quietly. The air seemed to be filled with sweetness. After coming here, You Yue saw Yun Feng leaning against a strange man. He immediately shouted furiously!

"Who are you? Girl, come to me!"

This shout broke all the silence. Yun Feng's body trembled and she was a bit surprised that You Yue would find her at this moment. Qu Lanyi slowly turned around and didn't let go of Yun Feng's arms. Her red eyes didn't change at all. When You Yue saw Qu Lanyi's red eyes, he held his breath!

"Sister..."

"Sister?" Qu Lanyi slowly chewed on this title and looked at Yun Feng indifferently. Yun Feng chuckled. "Second Brother, he's the person I've been waiting for."

"Second brother?!" Qu Lanyi couldn't help but feel stunned when he heard Yun Feng call him that. He turned his gaze to You Yue again. After observing carefully, he finally found that the two of them looked similar. However, Qu Lanyi only found it unbelievable. "Fengfeng, hasn't your second brother already..."

"Let's talk about it later." Yun Feng quickly whispered and stood up from the ground with Qu Lanyi. Seeing Qu Lanyi, You Yue was still vigilant. He wondered if this man with red eyes was the person she was waiting for.

"This is my new brother, You Yue. Brother, this is my..."

"I'm Fengfeng's fiancé, Qu Lanyi." Qu Lanyi's eyes glittered when he heard Yun Feng's introduction. He knew that the man in front of him wasn't Yun Qi, but it was obvious that the man looked exactly the same as Yun Qi. Yun Feng didn't refute Qu Lanyi's introduction, but blushed.

You Yue was stunned after hearing that. Fiancé? So, his sister already had a fiancé? A complicated feeling immediately rose in You Yue's mind, but he raised the corners of his mouth. "Then... You guys talk. You guys talk."

You Yue chuckled and turned around to leave, but Qu Lanyi flipped his wrist and a beam of light elements quickly entered You Yue's body. Yun Feng looked at him in surprise. After the light elements entered You Yue's body, Qu Lanyi suddenly widened his eyes!

"Although he's not my Second Brother, he'll never do anything to me." Yun Feng looked straight at Qu Lanyi with incomparable determination in her tone. Qu Lanyi's eyes had already returned to the color of obsidian just then. He was silent for a long time before he finally said.

"Fengfeng, you must be mentally prepared for what I'm about to say."

Yun Feng became anxious. "What are you going to say? About who?"

Qu Lanyi looked at Yun Feng with complicated feelings in his black eyes and said slowly, "I only wanted to test him with the light element just then, but I didn't expect that part of the soul in this person's body... doesn't belong to him."

Her black eyes widened in an instant and Yun Feng's hand suddenly jumped up!

Qu Lanyi's deep voice continued, "If I'm right, his appearance is closely related to this soul that doesn't belong to him."

"Impossible, this is impossible!" Yun Feng suddenly roared as she clenched her fists tightly. Qu Lanyi looked at her with heartache. "Nobody knows things like life and soul better than light mages."

Yun Feng gritted her teeth. Qu Lanyi pulled Yun Feng into his body again. "Fengfeng, the part of his soul might belong to your brother, Yun Qi."

"Boom..." Something exploded in Yun Feng's mind.

In Yun Feng's room, Qu Lanyi's sudden arrival surprised the three contracted Magic Beasts. Little Fire grunted in disdain and pretended that it didn't see him. Lan Yi, on the other hand, was a bit relieved. After all, he knew Yun Feng's mood and condition during this period of time. Yaoyao was the happiest. Seeing Qu Lanyi follow Yun Feng into the room, a smile appeared on its little face. Ever since it contracted with Yun Feng, Yaoyao had been especially friendly to Qu Lanyi. It was very likely that she was greatly affected by Yun Feng.

Qu Lanyi rubbed Yaoyao's little head, while Yun Feng walked into the room without saying a word and stood directly by the huge window. It was endless night outside, enveloping the entire Chongyuan in this endless night, making it impossible to see its original color during the day. Yun Feng hadn't said a word since she walked into the room. The three contracted Magic Beasts knew that their master didn't seem to be in a good mood, so they didn't say anything. Qu Lanyi walked to Yun Feng's side silently and looked at her tight little face from above, knowing that she still couldn't accept what he said just then.

After a long time, the room was immersed in silence. Nobody said anything. Only their shallow breaths kept intertwining and finally melted in the air.

"Brother's soul can't be with anyone else." After a long time, Yun Feng said in a suppressed voice. The three contracted Magic Beasts were all shocked when they heard that! Little Fire, who was originally lying on its stomach, straightened its head and looked at Yun Feng with its black eyes. Lan Yi, on the other hand, looked extremely serious, and so did Yaoyao.

Qu Lanyi sighed softly. "Do you know the details of Yun Qi's death?"

Yun Feng's body stiffened. Yun Qi had already been dead for many years when she came to this other world. She didn't know the situation at all. Only a few fragments flashed through. Only her father and brother knew the details! Her father and brother had never taken the initiative to mention Yun Qi, so Yun Feng had no idea at all.

“Fengfeng, you shouldn’t be unfamiliar with souls. The ancestor of the Yun family who lived in your body was in such a form. It’s just that his remaining soul was very weak. It was just a wisp of soul. However, You Yue’s situation is different. The wisp of soul in his body is real.”

### **Chapter 997: The Trip to the Central Region Is About to Begin (1)**

“Why... are you so sure that it belongs to my brother?”

Qu Lanyi’s black eyes glittered. “I’m not sure. After all, I’ve never seen your brother, Yun Qi, at all, and I can’t be sure if this soul came from him. If this soul belongs to someone else, how do you explain You Yue’s appearance? There can’t be two people who look so similar in the world. You might even think that you saw Yun Qi in an instant.”

Yun Feng didn’t say anything. She just listened quietly. “His soul should’ve been damaged. It just so happened that this soul made his entire body complete. Luckily, this soul is very compatible with his original soul. Otherwise, he wouldn’t have been able to live so long with two souls in the same body.”

Yun Feng kept looking out of the window with her black eyes. It was as if a pot had exploded in her mind. What Qu Lanyi said couldn’t be wrong. There was indeed another soul that didn’t belong to him in You Yue’s body. If this soul really came from Yun Qi, there was an explanation for You Yue’s appearance. However... her second brother died on the East Continent. Why did his soul cross the sea and come here? It even entered You Yue’s body!

If someone did this on purpose, who would dare to use her brother’s soul?

Thinking of this, Yun Feng couldn’t help but feel enraged! If that was the case, she wouldn’t let go of this person who dared to touch her brother! Even if it was his soul, she wouldn’t allow it!

“We still don’t know if this soul belongs to Yun Qi.” Qu Lanyi looked at Yun Feng’s tense face and couldn’t help but feel heartbroken. She had endured too much. Now, this was another piece of explosive news. It wasn’t easy for her to be so calm.

“I know... You Yue doesn’t know that there’s a soul in his body that doesn’t belong to him.”

“Yes, that’s for sure. This soul affected him at the beginning. His appearance is the greatest proof.”

Yun Feng couldn’t help but clench her fists again. If the soul in You Yue’s body really belonged to her brother, what should she do? Should she forcibly extract that soul? “What if... I extract this soul that doesn’t belong to him from You Yue’s body?” Yun Feng’s voice was deep and rather oppressive. Qu Lanyi didn’t say anything for a long time.

“Fengfeng, it’s not easy to resurrect Yun Qi. Even with this soul, I don’t know how we can resurrect him.”

Yun Feng frowned slightly. “Senior Yao Guang once told me that there’s a way.”

“What if the chance of success is too slim?”

Yun Feng chuckled. “So what? If I can bring my brother back to life, I’ll do it no matter how difficult it is!”

Qu Lanyi didn't say anything for a moment. He sighed softly. "If we take the soul in You Yue's body away by force, he probably won't be able to live for long. That soul filled his previous defect and has fused so well now. If we take it away by force, it'll be no different from taking his life."

Hearing this, Yun Feng's face darkened. After a long, long time, she finally said again, "Got it. Let's put this matter aside for now. Right, when did you arrive in Chongyuan? Where were you a while ago? Did you contact anyone else?"

The series of questions made Qu Lanyi shake his head helplessly. He squeezed Yun Feng's cheek gently. "There are so many questions. Which one should I answer first?"

Yun Feng smiled lightly. "One by one. I'm listening."

Qu Lanyi's beautiful facial features were covered with a layer of gentleness as he slowly spoke. Back then, they were forcibly separated by the spatial distortion in the spatial channel. Apart from Yun Feng, the others were all together. Hearing that, Yun Feng was a bit shocked. It turned out that she was the only one who was lost. She was the only one who was thrown out by the spatial distortion.

"Mo Changge and Mu Canghai will probably only be here tomorrow. After hearing about the opening of the passage between the Outland and the Central Region, I thought you would definitely come to Chongyuan, so I rushed here day and night, hoping to see my wife first."

Yun Feng's cheeks were slightly red. Qu Lanyi lowered his handsome face and kissed her slightly hot skin. "Of course. I had my own reasons. I didn't tell those two people when I left, but they should be following the mark I left now." A cunning glint flashed through Qu Lanyi's beautiful black eyes and the corners of his mouth slowly curled up, making this already beautiful face even brighter.

Yun Feng shook her head speechlessly. It was fine as long as they were fine. "Where's Ling Xiaoyun? He's not with you?"

Qu Lanyi burst into laughter. "You won't believe what Ling Xiaoyun did. To be honest, I was indeed shocked by him."

Yun Feng frowned suspiciously. What could Ling Xiaoyun do?

After smiling, Qu Lanyi narrowed his eyes. "Ling Xiaoyun went back."

What? He went back?! Yun Feng couldn't help but widen her eyes. "He went back? How?"

"Ling Xiaoyun isn't simple. He mobilized all the power of his bloodline and with my help, you might not have thought that he could tear open the space channel alone."

Yun Feng looked at Qu Lanyi in shock. Ling Xiaoyun tore open the space channel alone? The power Ling Xiaoyun unleashed was so impressive. Wasn't Ling Tiansu the only one who could tear open the space channel?

"Where did he go after tearing open the space channel? Are you saying he went back to the West Continent?"

Qu Lanyi nodded. "I didn't expect that kid to go back to the West Continent."

“Why is he going back to the West Continent? The Ling family has already...” Yun Feng looked at Qu Lanyi in confusion. She didn’t understand why he didn’t stop Ling Xiaoyun. The Ling family had already been destroyed. Why was Ling Xiaoyun going back? It was useless even if he went back. He might as well train himself on the Central Continent. Wasn’t that better?

Qu Lanyi’s eyes glittered. “The Ling family wasn’t completely destroyed. A few people survived.”

“A few members of the Ling family survived?” Yun Feng whispered in shock. Qu Lanyi smiled lightly.

“When I left first, I was going to find a way to break the space barrier around the Ling family, but as you know, the move of that masked man was too sudden. The members of the Ling family almost all died without preparation. A few of them happened to be with me at that time. Considering many reasons, I helped them.”

## **Chapter 998: The Trip to the Central Region Is About to Begin (2)**

Yun Feng’s eyes glittered. “You... did it for me?”

Qu Lanyi chuckled with an intoxicating gentleness on his face. “You must know that not everyone has such an ability to comprehend space. The Ling family has such a superior status on the East and West Continents. If I’m right, Ling Xiaoyun’s ability to comprehend space should be the best in the Ling family. He’s already surpassed Ling Tiansu! Back then, he opened the space channel by himself. Even though I helped him, he still relied on his bloodline ability for most of the time. Ling Xiaoyun’s potential is endless. I’m even more certain that my decision back then was right.”

Yun Feng was in a complicated mood. She knew that Qu Lanyi was paving the way for her and leaving a few descendants for the Ling family. After such a huge accident, after Ling Tiansu sacrificed himself to send Ling Xiaoyun away with his life, Ling Xiaoyun’s heart could be imagined! Even though he was a child abandoned by the Ling family and he still hadn’t got an answer, he would still bear the heavy responsibility of the Ling family.

With the bloodline of the Ling family and Ling Xiaoyun taking on this responsibility, the Ling family would definitely rise again and Ling Xiaoyun’s identity would also undergo a huge change! Qu Lanyi gave the Ling family such a huge favor at this moment, which was equivalent to giving Yun Feng a very important alliance.

Qu Lanyi smiled casually and gently held Yun Feng in her arms. “Are you thinking how good your husband is?”

Yun Feng couldn’t help but roll her eyes at Qu Lanyi. Qu Lanyi burst into laughter and winked at Yun Feng. “My wife, do you want to give me a thank-you gift?”

Yun Feng blushed again. The three contracted Magic Beasts finally reacted. A wolf roar came from the depths of Little Fire’s throat. Lan Yi also coughed hard. Yaoyao directly rushed over and pushed Qu Lanyi away from Yun Feng.

Seeing the movements of the three contracted Magic Beasts, the corners of Qu Lanyi’s mouth couldn’t help but twitch a few times. Yun Feng, on the other hand, held Yaoyao in her arms with a complicated

feeling in her mind. If Ling Xiaoyun chose to go back, so be it. Even if he didn't go back, he would still be concerned about the remaining members of the Ling family. It was good to go back.

If Ling Tiansu, who died, knew that things would develop like this, he would probably be unable to rest in peace. After going around in circles, things returned to the original point again. Everything Ling Tiansu did back then was because he didn't want Ling Xiaoyun to have anything to do with the Ling family and didn't want him to inherit the position of the Ling family's master. Apparently, fate played a joke on him. However, the difference was that after this bloodbath, the Ling family would definitely be reborn under Ling Xiaoyun's lead.

The next day, the first ray of sunlight slowly shone down, filling the city that had never stopped bustling with gentle light. When Yun Feng and Qu Lanyi walked out of the hotel, two gloomy young men walked towards them. The moment they saw Qu Lanyi, they attacked at the same time!

Qu Lanyi keenly dodged to the side with a provocative smile on his handsome face. After attacking once, Mu Canghai didn't do anything else. He glanced at Yun Feng up and down with his strange eyes. After confirming that she was fine, Mo Changge's peach-blossom eyes were full of anger. Qu Lanyi dodged his first attack, and Mo Changge swung his hand again.

They fought back and forth. It was very lively. There were very few people here and the commotion the two of them caused was quite big. It immediately attracted the attention of the people around. Mu Canghai squeezed the air fiercely and the two of them immediately dodged at the same time. The invisible power of space missed and made friction sounds in the air.

"Are you done fooling around? I didn't hear it wrong just then. Today is the final day of entering the Central Region. If you have the time to mess around here, why don't you go to the Central Region and fight to your heart's content? What do you think?" Mu Canghai's gray eyes glittered as he looked at Qu Lanyi and Mo Changge. Mo Changge's thin lips curled up. "That's right. That's my intention. This place is indeed too small."

Qu Lanyi chuckled and turned around to Yun Feng. "It's fine. You can attack together."

Yun Feng was a bit helpless. These three men had never been peaceful by her side. Mu Canghai and Qu Lanyi were fine. Mu Canghai was cold and usually didn't say much. However, after Mo Changge joined, he seemed to have caused more and more chaos.

"After entering the Central Region, what do you plan to do, Mo Changge?" Yun Feng asked casually. Mo Changge laughed and curled his peach-blossom eyes. "Why? Are you annoyed with me?"

"Don't be so ignorant." Qu Lanyi snorted. "We certainly have our own business. Are you going to keep following us?"

After hearing that, Mo Changge raised his eyebrows slightly and stroked his black hair. "After entering the Central Region, I'll certainly have my own business, but let's travel together until then."

Yun Feng couldn't help but realize something in her mind after hearing that. Yun Feng was a major reason why the Thousand Snow Hall's Master was willing to let her brother, Mo Changge, go to the Central Continent. Mo Changge certainly wouldn't just walk around the Central Continent this time. As

for what the Hall Master asked him to do, she wasn't interested to know. Since the Yun family of the West Continent decided to choose the Thousand Snow Hall, she must accept this favor.

"Alright, let's travel together," said Yun Feng in a low voice. Mo Changge's face darkened, as if he was unhappy. Qu Lanyi knew what Yun Feng was thinking. If it weren't for the Yun family on the West Continent, she might not have bothered to talk to Mo Changge at all, so she didn't say anything else.

"If we're pressed for time, let's enter the Central Region right now," said Mo Changge lazily. Mu Canghai also nodded, but Yun Feng didn't move. She stood in front of the hotel quietly. "There's no rush. Just wait a while longer."

Mo Changge looked at Yun Feng with his peach-blossom eyes. "He didn't tell you about Ling Xiaoyun? He went back. We don't have anyone else to wait for."

The corners of Yun Feng's mouth curled up slightly. "I know about Ling Xiaoyun. I'm not waiting for him."

Mu Canghai and Mo Changge couldn't help but frown after hearing that. They had to tear the space channel directly from the West Continent to enter the Central Continent. For the people here, they could be completely intruders. It was best not to have too much contact with the people here. At least, they should wait until they entered the Central Region. Obviously, the person Yun Feng was waiting for should be someone they weren't familiar with.

### **Chapter 999: The Trip to the Central Region Is About to Begin (3)**

"Sister, why didn't you call me earlier?" A rather hearty voice sounded. Yun Feng turned around with a faint smile on her face and looked at the young man who pushed the door open. Her black eyes were full of warmth. Mu Canghai and Mo Changge couldn't help but feel startled when they saw Yun Feng's expression. They couldn't help but look at the young man in front of them. Who exactly was he? How could he make Yun Feng look like this?

"It's fine. I woke up early and took a breath of fresh air outside. Second Brother isn't late."

Mu Canghai and Mo Changge were both shocked. Second brother? The facial features of the young man in front of them were indeed very similar to Yun Feng's. However... why would her second brother come to the Central Continent?

Seeing Qu Lanyi, You Yue smiled at him awkwardly. Qu Lanyi smiled back. When You Yue saw Mu Canghai and Mo Changge, he was shocked again. "Sister, these two are..."

"They're my companions. He's Mu Canghai and he's Mo Changge." Yun Feng made a simple introduction. "This is my second brother, You Yue."

Mu Canghai and Mo Changge were shocked again in their minds. They only felt that there were more and more doubts in their minds, but the two of them nodded kindly. You Yue chuckled. "I didn't expect your friends to be so outstanding!"

Yun Feng walked to You Yue and gently held his hand in hers. "Brother, you aren't bad either. Let's go."

You Yue was obviously stunned for a moment. She glanced at the few men in embarrassment. While surprised at Yun Feng's move, he didn't resist and let Yun Feng hold her as they walked forward. Qu Lanyi didn't say anything, as if he accepted it. This made Mo Changge narrow his eyes slightly. Yun Feng walked in the lead with You Yue. The three contracted Magic Beasts turned into human forms and followed them, while the three men walked behind. Mo Changge and Mu Canghai walked on both sides of Qu Lanyi. Mo Changge stared at You Yue's back for a long time with his peach-blossom eyes.

"Qu Lanyi, what exactly is wrong with You Yue? Yun Feng is so close to that man, but you're not angry at all. Is he really Yun Feng's second brother? They don't have the same surname at all, and they're even a bit distant. Is there a descendant of the Yun family here? Did he just change his name?"

Although Mu Canghai didn't say anything, there was still a bit of worry in his eyes. Qu Lanyi rolled his eyes at Mo Changge. He didn't want to explain anything to him at all, but if he didn't explain, it would be terrible if this man ruined things. Mo Changge was a troublemaker. To be exact, Qu Lanyi still hadn't defined Mo Changge as a companion.

"He's Yun Feng's second brother," said Qu Lanyi casually. After hearing this answer, Mo Changge certainly wouldn't just let it go. Qu Lanyi looked at Mo Changge coldly. "Also, for safety, Yun Feng is using an alias here. She's called Feng Yun right now."

Mo Changge and Mu Canghai were stunned again. Why did Yun Feng need an alias here? Didn't nobody here know her? Why did she have to hide herself like this? Qu Lanyi didn't care if the two of them understood or not. "Especially you, Mo Changge. Don't cause trouble for Fengfeng."

Mo Changge's face twitched. "Take care of yourself first!"

Mu Canghai didn't participate in the argument between the two of them with a cold face on the side, but his gaze was fixed on You Yue's back. This man was Yun Feng's second brother... What exactly was going on? Forget it. If he was Yun Feng's second brother, it might be true considering Yun Feng's attitude. As long as this man didn't hurt Yun Feng, he certainly had nothing to do with him.

Mo Changge and Qu Lanyi started arguing in the back. You Yue seemed a bit uncomfortable being dragged by Yun Feng all the way. Obviously, the atmosphere behind him wasn't very good. Little Fire glanced behind in disdain and snorted.

"Sister, don't you need to care about... the back?" You Yue asked. Yun Feng smiled and held You Yue's big hand. She raised her little face and smiled. "Don't worry about them. You'll get used to it."

You Yue laughed dryly and looked behind. He only felt that the three extremely outstanding men behind him were all following his sister. He was a bit proud and worried in his mind. Putting aside Qu Lanyi, these young men called Mu Canghai and Mo Changge were also one in a million. It seemed that they were also very concerned about her.

While You Yue was thinking, Yun Feng had a different feeling in her mind. Before last night, Yun Feng only thought that You Yue was someone very similar to her brother, Yun Qi. Even though she sometimes forgot who he was, Yun Feng could tell the difference between You Yue and Yun Qi. However, after Qu Lanyi told her that, Yun Feng couldn't tell the difference at all. The palpitation when she first saw You Yue in the arena and the memories that surged out in an instant seemed to be echoing with the wisp of

soul in You Yue's body that might belong to Yun Qi. She seemed to have an answer for her indescribable warm feelings for You Yue and her inexplicable dependence and relaxation on him last night.

There was already a overlap between You Yue and Yun Qi right now. Yun Feng couldn't deny the possibility that the soul in You Yue's body didn't come from Yun Qi, but from someone else. Qu Lanyi also said that You Yue's appearance was like this because of the effect of that soul. If it was someone else's, how would You Yue look like Yun Qi?

Her brother's soul indeed existed in You Yue's body. Yun Feng held You Yue's hand, as if she could feel the tremor of that soul. Her brother's soul also reacted to hers. No matter how long they were apart, no matter how they existed, as long as they met, their shared blood which was thicker than water wouldn't be erased!

In Yun Feng's eyes, You Yue was Yun Qi. Even though he wasn't all of Yun Qi, he was still a part of Yun Qi, a part she could touch!

"Brother, after entering the Central Region this time, can I go to the You family with you to take a look?" Yun Feng said in a low voice. Since the soul in You Yue's body came from Yun Qi, she must follow You Yue on this trip. She had to ensure You Yue's status and situation in the You family! If she could help, she certainly wouldn't be stingy!

You Yue immediately smiled happily. "It couldn't be better if you do. I was thinking of asking you to come to the You family, but I was afraid that you had something else to do."

Yun Feng smiled warmly. "Brother, can you call me Feng?"

#### **Chapter 1000: The Trip to the Central Region Is About to Begin (4)**

You Yue was startled. Then, a hint of warmth flashed through his face. "Alright, I'll call you Feng."

Yun Feng nodded. Even though her brother's voice was already a bit blurry, it overlapped with You Yue's voice. The moment You Yue called out to Yun Feng, it was as if Yun Qi was talking. Yun Feng's eyes couldn't help but sting. She quickly lowered her head and her hand couldn't help but hold You Yue's hand even tighter. There was a smile at the corners of You Yue's mouth as she held Yun Feng's hand tightly. Their hands held each other tightly like an invisible bond, connecting the two of them tightly.

Qu Lanyi looked at Yun Feng and You Yue's hands that were holding each other from the back with complicated feelings in his mind. Fengfeng, if this soul must be separated from You Yue's body one day, what choice should you make... He raised his beautiful face and a glint of red blood flashed through Qu Lanyi's eyes!

God, you're too unfair to her!

Yun Feng and the others soon came to the north of Chongyuan. This was the place where the passage between the Outland and the Central Region opened. There was a Teleportation Array here that led directly to the Central Region. Yun Feng looked at the tall building in front of her and certainly understood in her mind that the journey to the Central Continent would begin once they entered this place!

There was a very tall building in the north of Chongyuan. There were a few guards standing outside of the building. Today was the last day of the passage between the Central Region and the Outland. Even though there was still an endless stream of people flooding into Chongyuan City, most of them had entered the arena. There were only a few people who got the qualification from the arena. Before Yun Feng and the others arrived at the building, this place was empty. The few guards seemed to be dozing off, but after seeing Yun Feng and the others, they all woke up.

“Hey, hey! Wake up! Someone’s here!” A guard shouted. The others all widened their eyes. They looked extremely exhausted, but they stood straight. “Name!” The guard shouted loudly. Yun Feng replied, “Feng Yun.”

The few guards couldn’t help but feel stunned. “Feng Yun? You’re that Feng Yun?”

Yun Feng raised her brows. That man of the Wei family should be a man of his word. The guards were so shocked to hear her name. They had probably already heard her name from their boss. “Yes, I’m Feng Yun.”

The few guards all glanced at the people next to Yun Feng. “Lord Wei said that you only got one extra spot. Tell me, who are you taking in?”

Yun Feng couldn’t help but frown after hearing that, while the people behind her had different expressions. Mo Changge walked up. “Guys, do we not look like people at the Lord Level?”

“W-What? You... You all are!” The guards were shocked and counted in their minds. Good lord... There were a total of eight people in this group! They were all at the Lord Level. Who exactly were they?

“Eight, eight...” A guard mumbled. Yun Feng pointed at You Yue next to her. “I’ll give him the extra spot. The others have already reached the Lord Level.” Yun Feng, the three contracted Magic Beasts and Qu Lanyi were all at the Lord Level. Mu Canghai had the power of space, which was equivalent to the power of the Lord Level. As for Mo Changge, he certainly used some means. He had been at the peak of the Monarch Level for a long time, but he didn’t have a chance to break through to the Lord Level. The brother of the Thousand Snow Hall’s Master must be quite talented and the things he had were good. Yun Feng didn’t ask Mo Changge how he avoided the inspection outside of Chongyuan City. She could only say that he was truly bold and didn’t hesitate to play tricks on the Central Continent.

“You can go in.” The few guards moved aside and made way. Yun Feng and the others walked in majestically. The few guards still looked back constantly. When the eight of them went in, the few guards finally said in a low voice, “Who are those people? Who exactly is that Feng Yun? I’ve never seen so many Lord Level experts walking together!”

“Why do you care so much? Although such a person is influential in the Outland, she’s just a nobody in the Central Region.”

“You’re right, but they all look young. Are they really from some big family...”

“Who knows? Feng Yun, Feng Yun... This name sounds very domineering. I wonder what achievements she will have in the Central Region.”

Yun Feng and the others walked into the building and saw a rather spacious hall. There were three Teleportation Arrays in the center of the hall. Faint light slowly oozed out of the Teleportation Arrays. Yun Feng could even see traces of the space being slightly distorted around the Teleportation Arrays.

“Why are there three Teleportation Arrays?” Yun Feng looked over suspiciously. Qu Lanyi looked around the hall. At this moment, there were only the few of them in the hall. It was silent. “There’s a notification board there.” Qu Lanyi pointed to the side. There was a rather large notification board on one side of the hall with something written on it.

Yun Feng walked over and read it carefully.

On this notification board was a simple map of the Central Region. This was also what Yun Feng needed right now. The Central Region was a completely independent space and area. The land in the entire Central Region wasn’t connected. Even though it was called the Central Region, the land in the Central Region was divided into three parts. They weren’t far from each other, but they were independent islands.

No wonder the transportation method in the Central Region was mainly based on teleportation arrays. Even though they weren’t far away from each other on the map, they were actually thousands of miles apart. There were only three islands roughly drawn on the map with their names. There was nothing else.

“The You family is on the floating island.” You Yue pointed at the island on the left. Yun Feng nodded. You Yue looked at the simple map and sighed. “This map is quite simple, but the three islands in the Central Region are vast. If I have a chance this time, I’d like to visit the other two islands.”

Yun Feng continued to read the map. These three Teleportation Arrays corresponded to three islands. They should be connected to the islands and it was stipulated that only two people could be teleported at a time in an array.
