

Chapter 311

Although what Duane wanted to do most was to find a way to reverse the situation, take down the Ye Family, and let Gorgeous tripod enterprise unlock the seal.

However, in the event of a delay, he still had to solve the problem of livelihood, which was to fill his stomach and find a place to take shelter from the rain.

Just now, in order to let Natasha live in the hotel, Duane had already spent all the remaining 5,000 yuan that he had, and now he didn't even have the money to eat.

"Let's think of a way to borrow some money first." Duane muttered.

Immediately, Duane took out his mobile phone and called several bosses of the capital. These bosses were introduced to Duane at the party by his grandfather.

Duane called several calls in a row, but all of them ended in the same result. He hung up the phone after a few calls.

"Last time at the charity party, these bosses

gave me all kinds of promises like grandchildren. Now Gorgeous tripod enterprise was sealed, they didn't even answer the phone." Duane couldn't help shaking his head and sighing.

"Friends from the good times aren't reliable to begin with," said John.

"Forget it, just call some bosses in Qingyang City." Duane murmured.

Then, Duane found a few bosses in Qingyang City who had a good relationship with each other and called them.

However, Duane had called several times in a row, but no one took it.

In the end, Duane turned the phone number to the president of the Chamber of Commerce of Qingyang City.

The phone rang a few times, and finally, it was connected.

"It seems that I didn't see President Yin wrong. He is willing to answer my phone." Duane secretly sighed in his heart.

"Hello, President Yin, I'm Duane. I'm a little short of money now. Can you lend me some money?" Duane asked.

"Duane, what did you say? I'm abroad now. I

can't hear clearly." President Yin's voice came from the phone.

Then, the phone was hung up.

Hearing the "du du du du du" sound over the phone, Duane's whole body froze.

In the past, President Yin often curried favor with Duane. Duane had talked to him many times before. Unexpectedly, when he was down and out, he was also like President Yin.

"This world is really realistic. John, you are right. Most friendships with favorable situations can't be reliable." Duane shook his head and sighed.

Duane didn't continue to call because the result was foreseeable.

The only thing that gratified Duane was that John was still willing to follow him.

"Duane, I just remembered that I still have money in my bank card. Duane, you wait for me here. I'm going to find a supermarket to buy something to eat." John said.

After saying that, John stood up and left.

Duane sat alone in front of the shop.

At this time, Catherine called him.

"Hey, Duane, someone suddenly dragged the Lamborghini you parked at my home today with a car. I heard that the Gorgeous tripod enterprise Group was also sealed off. Are you all right?" Catherine sounded a little worried.

"Catherine, if I had nothing left, would you still be willing to be with me?" Duane asked.

"Little fool, even if you have nothing, I will always be with you. How are you now?" Catherine asked with concern.

"Catherine, don't worry. I'm fine. It's just that I've encountered a small problem recently. I'll be able to solve it very soon." Duane forced a smile.

Obviously, Catherine didn't know much about the inside story. Duane didn't want to tell her too much, so as not to let her worry.

After hanging up the phone, Duane thought for a moment and still called Zhao Ling.

He had also caused the Zhao family to close down. At this moment, it was so serious. Duane didn't know whether Zhao Ling and her grandfather had a shelter from the rain.

After the phone was connected.

"Hello, Duane, I just heard from grandpa that Gorgeous tripod enterprise has been sealed. Are

you all right?" Zhao Ling's concerned voice came from the other side of the phone.

"I'm fine. Zhao Ling, what about you? Where are you and Grandpa Zhao now?" Duane asked.

"My grandfather and I are now living in a family friend of my grandfather. It's very safe. What about you? Are you safe now? Do you have a place to live?" Zhao Ling asked.

"I am very safe now. I also have a place to live. You don't have to worry about me," Duane replied.

After a pause, Duane lowered his head and continued in a low voice, "Zhao Ling, I'm really sorry. I proposed to jointly suppress the Ye Family. I caused your Zhao Family to suffer. I took you to apologize to Grandfather Zhao. This is what I owe to your Zhao Family. I must pay it back in the future!"

"It's okay, it's not your fault. If someone should blame my father, the gambling ghost, the most hateful one is the Ye Family!" Zhao Ling said in the end, and she was also a little angry.

In any case, Duane knew that he owed the Zhao family a group!

After contacting Zhao Ling, Duane received a call from his cousin, Lin Qing.

Duane's heart skipped a beat. "Has Sister Qing's company also been sealed off?"

"Hello, Sister Qing." Duane quickly picked up the phone.

"Duane, I just got the news from other countries and just received the news of Gorgeous tripod enterprise's bankruptcy. I originally wanted to go to your house to find you, but the lakeside villa was also crazy. Where are you now? Is it safe?" Lin Qing asked with concern.

"Sister Qing, I... I..." Duane choked with sobs.

"I'm fine. Sister Qing, how is your company?" Duane gritted his teeth and adjusted his mood.

"The company's situation is normal. Where are you now? I'll drive to pick you up. You can go to my house first and then find a way. Although Gorgeous tripod enterprise is gone, we can create glory again," Lin Qing said.

Upon hearing this news, Duane reluctantly breathed a sigh of relief. After all, all the companies related to him had been closed down.

Of Lin Qing's company, 50% of the shares belonged to Duane. Duane thought that Lin Qing's company would be taken over.

"Sister Qing, you must not come to me. All the

companies under my name have been seized, and your company has not been seized. It should be Bradley doesn't know that your company has been joined by me. You will be in trouble if you come to see me!" Duane said seriously.

Duane knew clearly that if he lived in Lin Qing's place, he would definitely affect Lin Qing's company. Maybe Lin Qing's company would be sealed off tomorrow.

The Zhao Group, which was caused by Duane, closed down, and Duane didn't want his cousin's company to also close down.

"How are you doing now? Do you have a place to live? Are you safe?" Lin Qing asked with concern.

"Sister Qing, I'm now living in a hotel. It's safe. Don't worry about me. Now, all you need to do is to expand Qingtian network. It's the greatest help for me," Duane said seriously.

"Well, if you need my help, tell me. My cousin, even if I don't want the company, I will help you to the end!" Lin Qing said.

"Thank you, Sister Qing." Duane's eyes were filled with tears.

After hanging up, Duane leaned against the wall and looked outside.

Yesterday, Duane still lived in the lakeside mansion, and he was the vice president of Gorgeous tripod enterprise Group. He was a top rich man who was envied by countless people.

But now, he was homeless on the streets and had nothing at all.

At this time, five or six ragged men came over.

Duane fixed his eyes on them and found that they were all beggars.

"Kid, this is our place to spend the night. Now that you occupy our territory, get out of here!" Several beggars surrounded Duane.

"Guys, it's so wide here, and I won't stop you," Duane said weakly.

"Brat, why are you talking so much nonsense? If I tell you to get lost, then get lost!" One of the short men pointed at Duane and hollered.

"It's really like dogs are bullying a tiger when it's down." Duane shook his head and smiled bitterly.

Duane didn't expect that after he was down, even beggars came to bully him.

"Who the fuck are you talking about?"

After hearing Duane's words, the short man

went forward and grabbed Duane by the collar.

"Please let go of me. I'm in a bad mood today. Please don't provoke me. Let me rest here quietly for a while," Duane said.

"Ah, then why did we provoke you today and hit you today?" The short beggar shouted.

They saw that Duane was dressed in ordinary clothes, plus he had a lot of people, so they were not afraid at all.

After the short beggar finished speaking, he directly punched Duane in the face.

Peng!

Duane didn't eat at all, so he felt weak all over. The punch directly knocked Duane to the ground.

"Haha, he called us dogs. He's lying on the ground like a dog now!"

The beggars burst into laughter.

Duane leaned against the wall and slowly stood up. Then he looked up at the group of beggars, and a shocking light flashed in his eyes.

"Yes! You! Guys! Do you want to! !! I'm gonna!"

Duane said word by word in a sharp voice!

After that, Duane took out his pistol directly.

A starved camel was bigger than a horse.

Even if Duane was down and out now, he would definitely not be bullied by a group of beggars!

"Gun!"

"He has a gun!"

When these beggars saw the guns in Duane's hands, they were so scared that their faces changed greatly.

Duane directly loaded the gun.

Peng!

Duane directly shot the short beggar in the shoulder.

"Ah! Ah!" The short beggar screamed in pain.

A few of the beggars beside him were so frightened that they quickly knelt down.

"Sir, I'm sorry! We are wrong! You can hit me, but don't shoot!"

They begged for mercy again and again.

"Get the hell out of my way!"

Duane thundered.

These beggars carried the short beggar and fled.

As soon as the beggar left, the John ran over

from the heavy rain.

"Duane, did you shoot just now?" John looked surprised.

"Yes, a few dogs want to bite me." Duane squinted and said.

"Fortunately, there aren't any lights here, so they shouldn't be able to see your face. Hurry up and leave. We can't stay here any longer. If they call the police, it'll be troublesome!" said the lone wolf.

"That's a good idea!"

Duane nodded and then left with John.

After the two went to another shelter from the rain.

"Duane, here are bread and water."

John took out the bread and water he had bought, and then they quickly began to eat.

While eating, John said, "Duane, it's a critical moment recently. If you can bear it, you can endure it. If Bradley knows that you killed people by shooting, there's enough reason to kill you."

Duane nodded. Duane was clear about this, but just now Duane was too angry.

"Duane, I just took a look at it. Since I

followed Mr. Liu, I have a total amount of 80 million yuan in the bank card. I will give all the money to you. I know that it's not enough to turn the table, but this is all I have."

John took out a card.

"John, even if my card is not sealed, it's useless for you to give me ten billion yuan. We don't have any power. Even if we create a new Gorgeous tripod enterprise Group immediately, the Ye Family can find an excuse to immediately seal it." Duane shook his head and said.

"That's true." John nodded.

"In the afternoon, I thought that if we have money, we can turn the tables. It's a big mistake. If we want to turn the tables, we must get enough power, to surpass the power of the Murong Family!" Duane's eyes were sharp.

Since Duane's bank card was frozen, Duane had understood this truth.

Duane finally understood why his grandfather refused to marry his mother to his father, but asked his mother to marry a big family.

If Duane's mother had been engaged to a powerful big family through marriage, Gorgeous tripod enterprise would have been able to gain the power of this big family.

Duane finally understood why his grandfather refused to marry his mother to his father, but asked his mother to marry a big family.

If Duane's mother had been engaged to a powerful big family through marriage, Gorgeous tripod enterprise would have been able to gain the power of this big family.

For his grandfather Zehi, money was easy to earn, but it was difficult to get enough power.

"Duane, think about it carefully. Is there any authority that you can use?" John asked.

"Ever since I met with my grandfather, he is the most powerful person, and I haven't even made friends with him. No one is more powerful than him." Duane shook his head and sighed.

Duane's biggest backer before was his grandfather and Gorgeous tripod enterprise Group. In addition, Duane had nothing special to do. How could he make friends with those who were more powerful?

Let alone asking them for help.

Duane still felt very sad when he thought of what had happened today!

"The Ye Family! Bradley, it's all your fault. One day, if I, Duane, can turn the tables, I will wipe out your whole family! And the Murong Family, I will also wipe out your whole family! One! One! One! One! No! Keep!"

Duane narrowed his eyes, and his eyes were full of fury.

Peng!

The bread in Duane's hand was squeezed into

a ball by Duane.

...

In the restaurant of Ye's Manor on the other side.

All of a sudden, the atmosphere was jubilant.

Even the Master of the Zhou family and his son Zhou Jun were sitting at the table.

"Come on, let's toast to celebrate the end of the Zhao and Liu families!"

Ye Guangde, the head of the Ye family, raised his glass.

The people on the table all raised their glasses and drank heartily.

After putting down the cup.

"The Zhao family doesn't know what's good for them. They could have lived a miserable life, but they had to cooperate with Gorgeous tripod enterprise. In this case, they could only destroy the Zhao family." Ye Guangde said.

Ye Guangde's words were also a warning to some people at the table, and it was better not to be disloyal to others.

Below him, the head of the Zhou family hurriedly stood up and said, "Master Ye, I, Zhou,

swear my loyalty to Gorgeous tripod enterprise to the death!"

Bradley was also full of smiles at this moment.

"Forcing Duane back to his original form, I finally got over a thing in my heart. He was lucky. If it weren't for Old the Wu family protection, I would have killed him on the spot." Bradley said.

"Elder Matthew, that kid is still alive, but I'm afraid that he'll be better off dead in the future. Now it's raining outside, maybe he'll sleep with beggars, haha!" Zhou Jun laughed.

In the last underground boxing competition, Duane and Zhou Jun had become enemies. Now that Duane was unlucky, Zhou Jun was naturally happy.

"Yes, I'm afraid that he is living a life worse than death now, and his body and mind are being tortured. This is the end of him setting himself against me!" Bradley was full of smiles.

"Thanks to the help of the Murong Family. Let's toast together. A toast to my future daughter-in-law, Murong Mei!" Ye Guangde, the head of the family, raised his wine glass.

All the people present also got up to raise their glasses and then raised their heads to drink.

"Thank you, everyone." Murong Mei also picked up the glass and drank a glass.

After putting down the cup.

"Brother Rulong, I seem to be drunk and dizzy."

Murong Meili leaned against Bradley.

Bradley felt like losing his appetite when he looked at Murong Mei who was leaning against him.

"Fu*k, he is fat and ugly, and his mouth is smelly. Who can stand it?"

Seeing this, Ye Guangde quickly smiled and said to Bradley, "Rulong, help Xiaomei upstairs to rest."

While Ye Guangde spoke, he even winked at Bradley.

Of course, Bradley knew the meaning of his father's wink, which was to let him and Murong Mei make love with each other!

"That's a good idea!"

Bradley could only nod and then went upstairs with Murong Mei's support.

After entering the bedroom.

"Brother Rulong, I'm so dizzy. Help me to the

bedside." Murong Mei covered her forehead with one hand.

Bradley thought in his heart, "You just drank a glass of red wine and pretended to be drunk. Shame on you!"

But he could only think about it in his heart. On the surface, he had to quickly smile and say, "Okay, I'll help you over."

After supporting Murong Mei to the bedside, Murong Mei directly put her fat hands around Bradley's neck and approached Bradley. The two were so close that the tip of their noses were almost touching each other.

Murong Meimei's hands were thicker than Bradley's thighs.

"Brother Rulong, do you know that you are handsome and unrestrained, and I like you? Tonight, I will give my precious first time to you, Brother Rulong!" Murong Mei torrentially said.

Looking at Murong Mei's fat with wrinkled face and the stinky smell of her mouth, Bradley's face turned green.

Most importantly, she saw that there was a green vegetable leaf in Murong Meimei's teeth! A vegetable leaf!

Thinking that he would kiss Murong Meisa later, Bradley felt the torture.

Last time, after she kissed Murong Meimei, she vomited when she got back. After that, she couldn't eat anymore. When she thought about it, it was like a nightmare.

If it was to talk about Murong Mei's advantages, her voice was Lolita. Just from her voice, people would think she was a cute girl.

However, when her voice matched with her appearance, it was rather disgusting.

"Brother Rulong, why is your face so ugly?" Murong Mei was puzzled.

"No... Nothing." Bradley forced a smile as he tried hard to hold back his anger.

"Brother Rulong, can you help me to get a tissue?" Murong Mei acted like a spoiled child.

Although Bradley didn't know what she wanted to do, he still pulled out a tissue from the side and handed it to Murong Mei. When he pulled the tissue, he also took a breath.

Murong Mei took the paper towel.

"Ha, bah!"

Murong Mei spat out a mouthful of heavy sputum directly and spat it out on a tissue.

"Brother Rulong, please help me to throw the garbage can into the nearby trash can."

Murong Mei handed the tissue with thick phlegm wrapped in it to Bradley as she spoke.

"Ugh!" she retched.

When Bradley saw the napkin handed over by Murong Mei, his heart suddenly stirred, and the things in his stomach directly flew back.

Bradley quickly covered his mouth.

"Brother Rulong, what's wrong with you? Are you not feeling well?" Murong Mei's face was full of concern.

"Nothing, maybe I have eaten the wrong food." Bradley forced a smile.

"Then hurry up and throw it away for me. Let's get down to business." Murong Mei said in a coquettish voice.

Bradley looked at the tissue wrapped in thick phlegm. He was really reluctant, but there was nothing he could do, so he had to brace himself to take it.

Chapter 313

The next moment.

Pa!

After Bradley pinched the tissue in his hand, the tissue in his hand was accidentally pinched and broken by him!

In an instant, the thick phlegm landed on his finger. Not only was it sticky, but it also stuck to his hand. He couldn't shake it off!

Hong!

Bradley only felt that the things in his stomach suddenly rushed up.

Bradley immediately pushed Murong Mei away and rushed into the bathroom.

"Boohoo! Boohoo!"

Bradley frantically vomited in the bathroom, and finally, he almost vomited out of his stomach.

In the end, Bradley washed his hands several times with the washing liquid before coming out of the bathroom.

"Brother Rulong, what happened to you just now? I was so worried." Murong Mei rushed up

and asked.

Looking at Murong Yuetong in front of him, Bradley's mood was complicated beyond words.

"Heavens, I want to marry her and sleep on the same bed with her!" Thinking of this, Bradley's heart was about to die.

But he did not dare to ruin this marriage, nor did he dare to provoke Murong Mei.

The reason was very simple. If the Murong Family could destroy the Gorgeous tripod enterprise, they could also destroy the Ye Family!

"I... I must have eaten something bad. Meimei, I'm not feeling well today, so I went back to my room to rest." Bradley said with a forced smile.

"Brother Rulong, don't go. You're not feeling well, so I'll help you feel comfortable. Men like that kind of things." Murong Mei grabbed Bradley.

"Meimei, I really don't feel very comfortable today." Bradley still wanted to refuse.

Bradley had thought that even if Murong Mei Chou turned off the lights at the worst, Murong Mei Chou would give in immediately. Now it seemed that it was not as simple as he thought.

"Brother Dragon, if you do this, I'll be angry,"

Murong Mei pouted and said.

Seeing this, Bradley had no choice but to brace himself and nod.

At this time, Murong Mei had already rushed up very actively.

Bradley's nightmare for the night also began like this...

...

The next day.

It rained all night and barely stopped, but the sky wasn't clear. There were still dark clouds. It was so gloomy that people couldn't breathe.

After a heavy rain all night, Duane was not asleep at all. He had been thinking about what to do, but he had no idea.

Duane now only felt that it was more difficult for him to turn the tables.

In the morning, not long after Duane fell asleep in a daze, he received a call from the police library, saying that his grandfather Zehi would be released this morning and let Duane pick up someone.

When Duane woke up, he was still wearing the coat of the wolf alone, and he had only a vest on him. In the late autumn, it must be very cold.

Lin Mimsy was very touched.

At 9 o'clock in the morning, Duane met his released grandfather at the door of the police inspection team.

It had been a day since he last saw his grandfather. His hair was originally gray, but now his hair was completely white.

At this moment, his grandfather seemed so old and weak, as if he was a leaf in late autumn that would fall and wither at any moment.

Yesterday, although Duane's tears welled up in his eyes several times, they didn't come out in the end.

But when Duane saw his grandfather's appearance, Duane's tears instantly broke down and flowed down.

"Grandfather!"

Duane shouted and then threw himself into his grandpa's arms.

Since Duane recognized his grandfather, Duane had always been very strong, mature, and steady in front of his grandfather.

However, at this moment, Duane, in front of his grandfather, finally became a child.

"Dong, don't cry. No matter what, you are still

alive. This is the best result!" Grandpa patted Duane's head.

"Grandpa, it's all my fault! If I hadn't fought with Bradley, I wouldn't have made Gorgeous tripod enterprise collapse. It's all Duane's fault." Duane cried and blamed himself.

"How can you be blamed? Your plan was perfect, but we didn't expect that the Ye Family would unite with the Murong Family through marriage." Grandpa sighed.

After a pause, Grandpa continued to say, "Zhu Jing is new to the company, so she is very innocent. She should be released in one or two days."

For Duane, when his grandfather came out, Zhu Jing was about to be released. This could be regarded as a piece of good news in a lot of bad news.

"Grandpa, what should we do now?" Duane asked.

After meeting his grandfather, Duane's heart was much more at ease.

At least he knew more. Maybe he still had a way to turn the tables.

"Duane, it's as difficult as climbing up to the

sky to reverse the situation." Grandpa shook his head helplessly.

At this time, a Maserati came over. Duane fixed his eyes and found that it was Liu Yuanhai.

Although the Gorgeous tripod enterprise Group was doomed, Bradley mainly targeted at Zehi and Duane. Liu Yuanhai's personal property, his car and house, were naturally still there.

"Duane, you're here, aren't you? You're so shameless! Gorgeous tripod enterprise Group would've been fine if you hadn't messed up! You're such a fucking disaster!" Liu Yuanhai shouted.

Duane's face changed, but he did not refute it.

"Duane, do you know that after you drove me out of the company, I am so f*cking happy to see you in such a mess now!" Liu Yuanhai said with a ferocious look.

"Shut up, Yuanhai!" Zehi scolded.

"Grandpa, at this point in time, you still stand up for him!" Liu Yuanhai was clearly displeased.

"Go ahead, what are you doing here?" Zehi asked.

"Grandpa, now the Liu's Family is in a mess. We're waiting for you to take charge of the overall situation!" Liu Yuanhai said.

"I know. You go back first. I have to meet someone first. After that, I will go back." Zehi said.

After Liu Yuanhai left, grandfather called Duane and took a taxi to Ren Ai hospital.

The fare for driving was, of course, John's money. Duane and his grandfather were now penniless.

Inside the car.

"John, in the end, I still need your money. I'm really sorry for you." Grandpa said helplessly.

"Mr. Liu, what are you talking about? You spent a lot of money to save me from Europe. This is a favor that I, John, will never be able to pay for my whole life," said John.

After his grandfather heard this, he was also very touched.

"Grandpa, I thought about it for a long time last night. I think we want to turn the tables not because of money, but because we have a powerful backer and a strong backer," Duane said.

"Duane, you can understand this. This setback is not in vain. In fact, I have always wanted to find another person with enough power to back me up, but it is too difficult." Grandpa shook his head and sighed.

"Grandfather, if you want to turn the tables now, who in the entire Jin Family can sit down and subvert all of this?" Duane asked.

"In Jindu, there is a person who can overturn all this. That is Commander Li Zeliang."

"It's just that Li Zeliang is a man of integrity and has never participated in this kind of thing. Even at Old the Wu family peak, he can't be on the same level as me. Even the Murong Family can't." Grandpa said.

"Order?" Duane was stunned.

For Duane, this was a level that he had never come into contact with before.

This kind of person was the one who could really control an area and had a strong influence!

The elders of the Ye family and Old Wu were the generals who retired from the military region, so they had some influence.

But it only had some influence, but Li Zelang was different. He could command the entire military region and the existence of the entire military region!

Even the Murong Family did not dare to act rashly in front of such a person.

However, even the Murong Family could not

have such a relationship. How could Duane and his grandfather have such a relationship?

In an intensive care unit of Ren Ai hospital.

Old Wu was lying on the hospital bed, and he had been transferred from ICU to the intensive care unit.

Duane, grandpa and John went into the ward together.

Old Wu was lying on the hospital bed.

"Old Wu." Duane bowed to him.

Duane was very grateful to Old Wu.

"Old Wu." Grandpa greeted him.

Old Wu looked at Duane and his grandfather.

"Old Liu, Duane, I've let you two suffer. I am now half a foot in the coffin, and my ability is limited. I can't protect Gorgeous tripod enterprise." Old Wu shook his head and sighed.

"Old Wu, what are you talking about? If you hadn't tried your best to protect us, Duane and I wouldn't have survived in front of you." Grandpa said.

This time Duane and his grandfather didn't die, and they were safe and sound outside, thanks to Old the Wu family protection.

"Gorgeous tripod enterprise, who had tried his best for a lifetime, was gone just like that. To tell the truth, I..."

Speaking of this, Grandpa's voice was choked with sobs.

Chapter 314

Duane could imagine that his grandfather must be more miserable than himself. The reason was very simple. Gorgeous tripod enterprise Group devoted all of his efforts, just like his child.

"Lao Liu, I don't know how long my current physical condition can last. Once I die, the last concerns of the Ye Family will be dispelled. At that time, you and Duane will be in danger. Listen to my advice, either go north or go abroad!" Old Wu said.

"I'll think about it." Elder Liu nodded.

After visiting Old Wu, Duane and his grandfather went out of the hospital.

At the gate of Ren Ai hospital.

The middle-aged man with a big belly was walking into the hospital, meeting Duane and Zehi.

"Oh, isn't that Chairman Liu!" The big-bellied man looked at Zehi with a smile.

"Director Wu, what a coincidence." Grandpa forced a smile.

"Come and see, everyone, this is Zehi, the

chairman of Gorgeous tripod enterprise!" The potbellied man shouted.

All of a sudden, the families of the patients who got in and out of the hospital all looked at them.

"That's Gorgeous tripod enterprise Zehi. I heard that he paid taxes and made transactions of power and money. Such a person should be finished!"

"That's right. People like him aren't worthy of pity!"

...

For a time, all kinds of rumors and gossips were heard around, and some of them were even extremely offensive words.

The potbellied man, Chairman Wu, also laughed and said, "Chairman Liu, are you now penniless? Do you want me to borrow some money from you? You lie on the ground and yell at the school dogs. If you learn it, I will give you 10,000 yuan. What do you think?"

"Wu Zhigang, when you saw me before, you were like a dog, wagging your tail in front of me and begging for pity. Now you dare to talk to me like this!" Grandpa's face turned blue.

"Old thing, who do you think you are now? How dare you put on airs? Believe it or not, I'll squash you to death right now!" The big-bellied man, Director Wu, said fiercely.

"You... you..." Grandpa had already covered his chest with his hands, and his whole body was trembling with anger.

"Grandfather!"

Duane hurriedly helped his grandfather.

Duane knew that his grandfather was old and had suffered such a big blow yesterday. How could he bear such kind of stimulation?

"Old thing, you seem to be very angry, but you can't do anything to me. Seeing you like this, I am so happy, haha!" The big-bellied man, Director Wu, laughed out loud.

"Shut up!" Duane roared at him.

"You are Duane, aren't you? How dare you yell at me? Do you think you are the former rich third generation? Who the fuck are you now?" Dinesh had a disdainful look on his face.

"Wu Zhiyin, if you say one more word, I'll beat you!" Duane narrowed his eyes, which were filled with coldness.

Wu Zhigang used to cooperate with Gorgeous

tripod enterprise. When he met Zehi before, he had to pretend to be a grandson. Duane didn't expect that after Gorgeous tripod enterprise closed down, he would add insult to injury for Zehi!

Maybe it was because he had been pretending to be a coward in front of Zehi before. Now he saw Zehi was down and out, so he wanted to pretend to be a grandfather in front of Zehi to get his face back.

"Ha-ha, beat me, you f*cking try! Believe it or not, if I say a word to you, I will make your whole Liu's family suffer a lot!"

Wu Dong, the big-bellied man, laughed and patted his face, as if he had the nerve to come and hit him.

"Duane, calm down! He is the chairman of the Tian Yu Group. We can't afford to offend him now. We will get into trouble if we offend him. If he revenges all the Liu's family members, we won't be able to deal with it!" Grandpa held Duane's hand tightly.

Originally, Duane was about to raise his fist. When he heard this, he could only bite his teeth and nod, and take back his fist.

Although Duane was very angry, he did not

want to make trouble for his grandfather.

Duane also understood the meaning of his grandfather's words.

Sky Entertainment Group, after all, had a market value of several billion yuan. Its chairman naturally had some power and means, which were not easy to deal with.

In addition, Duane remembered the last time when he went to find Lin Qing, there was a young man who wanted to take advantage of Lin Qing to make an investment. The young man who wanted to take advantage of Lin Qing was the young master of Tian Entertainment Group.

"Zehi, you want me to let you go. Apologize to me!" Dinesh said proudly.

"Well, I... I apologize! I just offended you, Director Wu. I'm sorry." Grandpa apologized.

"Grandfather!"

When Duane saw his grandfather apologize, Duane felt as if his heart was being stabbed by a knife.

In the past, in Duane's heart, his grandfather was the richest man who was respected, worshipped and looked up to by countless people. He was high and mighty.

But now, he was forced to bow his head!

Moreover, there were also quite a few people watching.

"Zehi, I mean to bow and apologize. I'm sorry, but you haven't bowed." Dinesh, the big-bellied man, said with a smile.

"You..." Duane's face changed.

"Okay, I'll bow." Grandpa nodded.

Then Zehi stepped forward.

"Grandpa, no! You can't bow to him!" Duane held Zehi's hand.

"Duane, Prince Yue has suffered a lot. The great general Han Xin was humiliated by his crotch. If they didn't bow down when he was humiliated, they would have died at that time. Would there be other descendants like them? A real man needs to be able to fulfill his grand cause. Have you forgotten what I once told you?" Zehi said seriously.

"I... I know." Duane gritted his teeth and nodded.

"I am old now, and I don't have many years to live. But you are still young, and there are infinite possibilities. I hope you can understand some truth." Zehi said sincerely.

But now, he was forced to bow his head!

"I am old now, and I don't have many years to live. But you are still young, and there are infinite possibilities. I hope you can understand some truth." Zehi said sincerely.

After Zehi finished speaking, he went forward and bowed to the big-bellied man, Dinesh.

"Haha, Zehi, you also bowed to me. Look, Zehi, the richest man in the world, bowed to me!" Wu Zhigang laughed out loud.

Waves of discussions broke out among the crowd. Some of them sighed with emotion, and some of them even cursed him for his own good.

"Tian Yu Group, Wu Zhigang, I'll remember you! One day, if I, Duane, can regain my power, I will destroy your Tian Yu Group!" Duane squinted his eyes and clenched his fists so tightly that his knuckles creaked.

Duane silently remembered the name Tian Yu Group and Wu Zhi Gang.

"You still want to get back on your feet? Haha, it's just wishful thinking. With the pressure of the Ye Family, how the fuck can you get back on your feet? Will the Ye Family watch you get back on your feet? Dream on!" Wu Zhigao laughed.

"Duane, stop it. Let's go."

Grandpa took Duane to the outside.

After leaving the hospital.

Zehi staggered and fainted.

"Grandfather!"

Duane was quick to hold him up. Otherwise, his grandfather might have fallen to the ground.

Duane took a closer look and found that his grandpa's face was pale and his lips were pale.

"Grandpa, what's wrong with you!" Seeing his grandpa faint, Duane was so worried that he almost cried.

Duane's father died early from childhood, and he and his mother only depended on each other. Only his mother and his relatives treated Duane well, and the relatives of the Lin family almost excluded Duane.

His grandfather, Zehi, was the second family that made Duane feel the kinship.

In addition to money, his grandfather also taught Duane a lot of things. There were many reasons that he always tried his best to help Duane when Duane needed help the most.

Even though such a big thing had happened, his grandfather had never blamed Duane once.

Grandpa was like a big tree or a big mountain, protecting Duane.

Duane called him several times.

But Grandpa didn't react at all!

"John, block! We... we have to take grandpa

back to the hospital quickly!" Duane's voice was trembling, and his eyes turned red.

Duane and John hurriedly took their grandfather back to the hospital for first aid.

Outside the emergency room.

Duane and John had been sitting here and waited for an hour.

Duane's hands had been squeezed together, his nails had sunk into the flesh, and his hands were full of blood!

"Grandfather must be... must have suffered a blow recently, plus he is old, so he fainted!" Duane muttered to himself as he gritted his teeth.

When Duane spoke, his voice was trembling because of the anxiety in his heart.

Duane was really afraid that his grandfather would go out of the world because of this. It was not easy for Duane to have such a family member!

Duane could give up everything, but he didn't want his grandfather to have an accident!

At this time, the emergency light went out and the doctor came out of the emergency room.

"Doctor, how is my grandfather?"

Duane rushed up and grabbed the doctor's

hands anxiously.

"The patient has temporarily escaped from danger," the doctor said.

After Duane heard this, he let out a long sigh of relief.

"I... I knew grandpa would be fine!" Duane cried and laughed, and his lips were trembling.

"But..." The doctor suddenly changed the subject.

"But what?" Duane was shocked.

"You're the patient's family, aren't you? Come to the office with me. I'll tell you in detail." The doctor said.

Chapter 315

Duane followed the doctor all the way to his office.

"The patient is in the advanced stage of liver cancer, which has caused the shock. Although the patient's cancer has been rescued now, it has reached an incurable stage. Normally, he has only a month's life." The doctor said.

"Violent cancer... cancer cancer!"

Duane's face turned pale. He collapsed on the chair and felt a shock in his head.

At this moment, Duane only felt that the sky was dark and the earth was cracking. It was even hundreds of times more uncomfortable than the collapse of the Chinese tripod.

To Duane, grandpa was like a mountain and a big tree.

But at this moment, Duane felt that the mountains had collapsed and the big trees had collapsed.

"Doctor, can't... can't you find a way?" Duane gritted his teeth and asked.

To Duane, grandpa was like a mountain and a big tree.

But at this moment, Duane felt that the mountains had collapsed and the big trees had collapsed.

"Doctor, can't... can't you find a way?" Duane gritted his teeth and asked.

"The patient is getting old, and the operation

is unrealistic. Now there are two ways. One is to give up the treatment and live the last period of time safely."

"The other way is chemotherapy. The chemotherapy is to fight poison with poison. It needs tremendous pain, and it can only extend your life for a period of time," the doctor said.

The doctor continued, "According to the casebook, the patient was found out half a month ago. He chose to give up the treatment and live the last period of time."

"Half a month ago?" Duane was stunned.

In this way, Grandpa knew that he was in the terminal stage of cancer half a month ago? But he didn't tell Duane!

Duane then realized that for his grandfather's sake, he was in a hurry to defeat the Ye Family and hand over his connections to him. He was eager to make himself the Chairman of Gorgeous tripod enterprise.

It turned out that her grandfather had already known that he would die soon.

"Grandfather!"

Two lines of tears kept sliding down from Duane's eyes.

Duane rarely cried. He used to be poor and collapsed. When he was bullied, he never cried bravely!

When the tripod broke down, Duane didn't cry. But today, Duane seemed to have shed all his tears for the rest of his life!

...

When she saw her grandfather again, he was already in the hospital bed.

"Duane, you already know?" Grandpa looked at Duane, who was beside the bed.

"That's right!"

Duane nodded hard, and the rims of his eyes turned red.

"Duane, be strong. I'm almost eighty years old. It's normal for people to die from sickness." The pale-faced grandfather forced a smile and comforted him.

Grandpa continued to say, "I wanted to help you lay a good foundation in the last days, but I didn't expect that things would turn out like this. In the future, I'm afraid you'll have to rely on yourself."

After living in the hospital for a day, her grandfather asked to be discharged from the

hospital. He didn't want to stay in the hospital for the last days of his life.

On this day in the hospital, a lot of major events had happened to Jindu. The sealed Gorgeous tripod enterprise Group had been unsealed, but all the shares had been transferred to the Ye Family, and all the senior executives had been greatly changed.

The chairman of Gorgeous tripod enterprise was Ye Guangde!

In addition, the Zhao Group also belonged to the Ye Family.

The Ye Family was like a unicorn in Jin City, the entire business world in Huanan!

Outside the hospital after Grandpa was discharged.

"Duane, the best way now is to go to the north to develop, or go abroad to develop. After all, the power of the Murong Family is only in Huanan. Only when you leave the scope of the Ye Family and the Murong Family's power, can you develop again." Grandpa said.

Duane nodded. Duane certainly understood his grandfather's words.

"Elder Liu, Grandpa Liu," said John suddenly.

"Look, there seems to be something wrong."

Duane looked up and found that no one could be seen near Ren Ai hospital. It seemed that someone had deliberately blocked the area.

At this time, hundreds of strong men in black suddenly rushed out from the side.

Duane fixed his eyes and found that the leader was Zhou Jun of the Zhou family. Beside Zhou Jun was his female bodyguard, Black Widow.

After they appeared, they directly blocked the way of Duane and the other two.

"Zhou Jun, what do you mean?" Duane frowned.

"Isn't what I said clear enough? Of course I'm here to seek revenge!" Zhou Jun said with a smile.

Zhou Jun continued, "In the underground boxing competition of Capital, you deliberately set yourself against me, which not only made me lose face in the boxing match, but also made me lose a lot of money. Did you, Duane, forget about this grudge?"

"Of course I didn't forget." Duane gritted his teeth and said.

"I, Zhou Jun, am famous for my ability to seek

revenge for the smallest grievance. In the past, you had Gorgeous tripod enterprise as your backer, Zehi as his backer. I dare not do anything about it. Now, it's time to take revenge on you." Zhou Jun's face was ferocious.

"You want to take revenge? Zhou Jun, do you think I'm putting on airs?" John stepped forward.

"John, your master is dead. What's the point of following him?" Zhou Jun looked at John.

"This is my matter, so it's none of your business. If you really want to take action and speak, I definitely won't let you know how formidable I am." John said coldly.

"Haha, you think I didn't dare to trouble you? You're just a bodyguard. You can't protect them at all. Although Black Widow can't beat you, it's OK to hold you up for a minute." Zhou Jun laughed.

Zhou Jun continued with a smile and said, "In this minute, hundreds of people behind me have already rushed up to control Duane and Zehi."

Obviously, Zhou Jun had already laid down his Ruyi Sceptre.

As soon as Zhou Jun said that, John, Duane, and Zehi all changed their faces.

They knew that Zhou Jun's words were really

reasonable. At this moment, John alone could not protect Zehi and Duane at all.

"Zhou Jun, if you want to beat or scold me, I can bear it. Don't touch my grandfather, okay?" Duane said, gritting his teeth.

Now that his grandfather was seriously ill, how could Duane bear to let him suffer more pain?

If his grandfather was really beaten by these people and tortured by them, it was possible that his grandfather would not be able to resist the pain of losing his life!

"Duane, are you begging me? If you are begging me, then kneel down and beg!" Zhou Jun held his arms and smiled.

"You..." Duane's face changed.

"Duane, you have to know that you are now a fish on my chopping board. You either do it or allow me to slaughter you. You don't have the qualification to bargain with me!" Zhou Jun said proudly.

"Well, as long as you don't touch my grandfather, I'll kneel!"

Duane gritted his teeth and finally said it.

Duane was not afraid of death now. If it was

only him, Duane would never give in even if he had to risk his life. This was dignity!

However, sometimes, there was something more important than dignity, that was close relatives!

For the sake of his grandfather, even if Duane lost his dignity, he would do it at all costs!

In order to ensure the safety of the public security, Duane knelt down without hesitation!

"Duane, don't do that. I'm going to die anyway. It doesn't matter."

Grandpa grabbed Duane.

Grandpa didn't want Duane to lose his last dignity for him.

"Grandpa, you said yesterday that a real man knows when to yield!" Duane smiled at his grandfather.

The next moment.

Dong!

Duane directly knelt down!

"Duane!"

"Duane!"

After seeing this scene, John and Zehi both felt uncomfortable.

"Haha, I didn't expect you, Duane, to kneel down to me one day!" Seeing this scene, Zhou Jun burst out laughing.

"Zhou Jun, I have done as you said. Please fulfill your promise and don't touch my grandfather!" Duane looked dignified.

"Duane, I did say that if you asked me to kneel down, I would kneel down. But I didn't say that. If you knelt down to beg me, I would agree, haha!" Zhou Jun laughed.

"How dare you!"

Duane's pupils suddenly twitched, and his eyes instantly lit up with anger.

"Duane, are you very angry? I'm telling you, if I deliberately want to make you angry, I'll beat your grandfather together, and you can't do anything to me. So what? Are you angry? Haha!"

Zhou Jun laughed arrogantly in an extremely harsh voice.

"You bastard! Go to hell!"

Duane's dark pupils darkened for a moment, and then suddenly shot out a stream of astonishing killing intent.

Then, Duane directly took out his pistol, aimed at Zhou Jun, and suddenly pulled the

trigger.

"Bang bang bang bang!"

Four gunshots rang out in succession.

Duane fired the only four bullets left in the gun.

When Zhou Jun saw Duane take out the gun, he quickly pulled a bodyguard in black beside him to his front.

So the four shots all hit the hands of the black-coated bodyguard.

Before the black-coated bodyguard could react, he died on the spot.

Zhou Jun pushed the body of the bodyguard in black away and then shouted loudly, "Damn, if you dare to shoot me, fuck you, catch Duane and Zehi!"

Chapter 316

Yes!"

The hundreds of strong men in black behind Zhou Jun all rushed forward, leaving more than a dozen behind to protect Zhou Jun.

"Black Widow, hold off John!" Zhou Jun ordered again.

The black widow nodded and then immediately rushed towards John.

Black Widow's speed was extremely fast. In an instant, she rushed in front of John and then began to fight him.

Although Black Widow's strength couldn't compare to John's, she was still very strong. It wouldn't be a problem for her to stall John for a moment.

"Damn it! Get lost! Get lost!"

In a rage, John tried his best to fight back, but it would take him a little time to defeat Black Widow.

After Black Widow held John back, those strong men in black directly rushed to Duane and Zehi.

"Damn it!"

Looking at the hundreds of strong men in black who were rushing over, Duane clenched his fists and gritted his teeth. He was angry, but there was nothing he could do!

Duane knew that today, his grandfather and himself, with Zhou Jun's revenge on him, would be very miserable.

Especially grandfather. His body was already suffering from a serious illness, and he might not be able to bear it...

How much Duane expected that he could also have the strength of John.

In this way, not only did he not need others to protect him, but he also had the ability to protect his loved ones.

This was a desire for strength.

Unfortunately, Duane was just an ordinary person. He could not defeat Duane even if he fought against two people, let alone hundreds of people!

Facing the one hundred strong men in black who were rushing over, Duane felt a deep sense of powerlessness.

"Stop it!"

At this moment, a loud sound of a man's breathing suddenly rang out.

Duane fixed his eyes and saw a white shark!

"White... Bennett!"

When Duane saw the white shark, he was so excited that tears welled up in his eyes.

The sudden appearance of the white shark was like seeing a dawn in the darkness!

"Boom!" "Boom!"

Bennett, who was standing still, suddenly moved!

Bennett's speed was as fast as a cheetah. He charged at the black-robed burly man.

Peng!

Facing the first black-robed man, Bennett immediately threw a punch at him.

This burly man in black spat blood and flew backwards. His chest caved in, and after he was sent flying, he knocked down more than a dozen of the burly men in black.

Those strong men in black who were hit actually spat out blood.

One could imagine how powerful the white shark was!

The more than one hundred strong men were about to rush to the front of Duane. However, as soon as the white shark rushed into the crowd to beat them, they had to turn around to deal with the white shark.

The speed of the white shark was astonishing. Wherever it passed, the strong men in black were beaten until they vomited blood!

Bennett's attitude was like a sheep entering a wolf pack. It was a one-sided massacre!

"It's so strong! The white shark is so strong!"

Duane was stunned. Bennett's strength was much stronger than John's!

The last time Duane saw the white shark, it was the time when Yang City was destroyed and became very powerful. At that time, the strength of the white shark was already comparable to that of the lone wolf.

Now that they had not seen each other for a long time, it was only natural that Bennett's progress had increased by leaps and bounds!

"Duane, who... who is he? How can he be so strong?" Zehi, his grandfather, also widened his eyes.

"Grandpa, he's mine! My man! We're safe

today!" Duane answered excitedly.

As for Zhou Jun, when he saw such a powerful man suddenly appear, his face turned green. He had never thought of this!

After a while, the 100 burly men were all beaten to the ground by Bennett.

Bennett walked quickly to Duane.

The next moment.

"Duane, Bennett is late!"

The white shark saluted Duane with a fist-palm salute and said in a clanging voice!

"Bennett, good brother!"

Duane rushed forward excitedly and hugged Bennett tightly.

In that desperate situation just now, the sudden appearance of the white shark really made Duane's eyes full of tears.

Although some people had betrayed Duane after they were down and out, there were still so many good brothers who were sincere and sincere!

At this time, on the other side, John, who had used all his strength, had already injured Black Widow on the ground and subdued her.

Zhou Jun's plan came to an end.

At this time, Zhou Jun's face had become extremely ugly. When he saw Bennett bowing to Duane, he knew that it was also Duane's man.

"Who... who the fuck are you! Duane is now a poor guy with nothing. Why do you help him?" Zhou Jun was unwilling to give up and shouted at the white shark.

After hearing that, Bennett said, "Even if my Duane has nothing, he's still my big brother. My life can be given to my Duane!"

"How could he, Duane, deserve it? How could he deserve it?" Zhou Jun shouted unwillingly.

Zhou Jun was really jealous and jealous. He knew that if he became penniless, there would be no one around him to follow him, but Duane still had so many powerful people to follow him.

"Zhou Jun, since you've failed, you're the one who should be in trouble today. Bennett, catch him!" Duane snarled angrily.

"That's a good idea!"

Bennett nodded.

Hearing this, Zhou Jun immediately became anxious. He had just seen how powerful this white shark was, and it was even more powerful than

John. How could he resist the only dozens of bodyguards around him?

Zhou Jun quickly took out a replica pistol from his waist.

"Don't move! If you move again... if you move again, I can shoot!" Zhou Jun pointed his gun at the white shark. His hands were trembling because of his inner fear.

"You can try shooting!"

As it spoke, it continued walking towards Zhou Jun.

"You're forcing me to do this! Die!"

After saying that, Zhou Jun pulled the trigger directly.

"Bang bang!"

Two shots in a row. One hit on Bennett's shoulder and the other on his stomach.

At that moment, Bennett was in front of Zhou Jun at full speed.

Zhou Jun's wrist, which was holding the spear, was broken directly by the white shark.

"Aooooooooooooooooooooo!"

Zhou Jun let out a scream of pain like a pig being slaughtered.

The dozen bodyguards around Zhou Jun all swallowed. When they looked at the white shark, they looked at it like it was a devil. They had seen with their own eyes how powerful the white shark was.

"Devil! It's a devil! Let's run! Let's run!"

These bodyguards had no intention to resist at all. They turned around and ran away.

Zhou Jun was the only one left here.

"Let's go!"

It was as easy as picking up a chicken when it mentioned Zhou Jun.

"What the fuck are you? Are you a human or a ghost? You were shot twice, but you didn't get hurt at all!"

Zhou Jun, who looked terrible, also shouted.

As he spoke, the white shark had already mentioned Zhou Jun in front of Duane.

"Bennett, are... Are you alright?"

Duane looked at the white shark with concern. After all, the shark had just been shot twice.

"Duane, I'm fine!"

As it spoke, it pulled out the bullets from its

shoulders and abdomen.

"My current defense is many times stronger than before. The power of this replica pistol is not strong enough. It can only cause me a small injury. And my physical recovery ability is innately strong. Duane, you know this. I will recover tomorrow."

As it spoke, it threw the two bullets on the ground.

Duane nodded and then looked at Zhou Jun.

"Zhou Jun, now our positions have been changed. You are now a fish on my chopping board. I can do anything to you." Duane's eyes narrowed slightly, and there was a cold light flashing in his plan.

After hearing this, Zhou Jun's face muscles twitched violently.

"Duane, let... let me go. As long as you let me go, I will give you as much money as you want!" Zhou Jun gritted his teeth and begged for mercy.

Zhou Jun saw Duane's terrible appearance. He was really afraid that Duane would kill him on impulse.

"Spare me? Kneel down and beg me!" Duane squinted and said.

"I'm going to kneel! I'm going to kneel!"

Zhou Jun said as he knelt on the ground.

"I've already knelt down according to what you said. Can you spare me?"

Duane looked at Zhou Jun, who was kneeling in front of him, and said coldly, "I did say that if you want to forgive me, you should kneel down. But I didn't. If you kneel down to beg me, I promised to spare you."

When Zhou Jun heard this, the corner of his eyes twitched suddenly. He then realized that Duane was using his previous tricks to tease Duane, to tease him instead!

"John, pick up his gun." Duane said.

When the white shark cut off Zhou Jun's wrist, the gun in Zhou Jun's hand fell to the ground.

John, who was standing next to him, nodded his head and then walked over to the spear.

"Duane, what... what do you want to do?"

When Zhou Jun heard that he picked up the gun, the fear on his face became stronger.

"Don't you understand? Of course, I will kill you with my own hands!" Duane's tone was cold, and in the pitch-black scheme, there was killing intent.

Chapter 317

If the white shark had not appeared, he could imagine what would have happened to Duane and his grandfather.

Therefore, he could only vent his anger by killing Zhou Jun!

After hearing this, Zhou Jun was so scared that his body trembled and his face turned purple.

"No! You can't do that! I'm the legitimate son of the Zhou family, and you have nothing. If you kill me and piss off my father, you'll definitely die!" Zhou Jun roared hysterically.

"A bare-footed person is not afraid of anything. I have nothing now. What am I afraid of? After killing you, I will leave Huanan. Even if the Zhou family wants to take revenge, they can't find me." Duane said coldly.

"What?" Zhou Jun was shocked.

At this time, John had taken out his gun.

"Duane, the gun!"

John handed the gun to Duane.

Duane directly aimed his gun at Zhou Jun's

head.

"No, no, no! Duane, Grandpa Dong! Please... please spare me!"

Zhou Jun was so scared that he was shivering. His forehead was full of cold sweat and his voice was trembling. At the same time, he repeatedly begged for mercy. It showed how scared he was.

"Oh, spare you? If my people hadn't come just now, would you spare me? Absolutely not! You can only blame yourself and come to me!" Duane said coldly.

After that, Duane directly pulled the trigger.

Peng!

After a gunshot, Zhou Jun was shot between his eyebrows and fell directly to the ground.

His pupils dilated in an instant, and he was clearly devoid of breath.

However, his eyes were still wide and round, as if he was still recounting the last second of shock, fear, unwillingness, and regret in front of him...

However, everything would disappear with the end of his life!

"Zhou Jun, you are courting death!" Duane

stared at Zhou Jun's dead body with cold eyes.

"Duane, how should we deal with her?"

John pointed at Zhou Jun's bodyguard, Black Widow.

Black Widow's face was pale, and there was blood on the corner of her mouth. Obviously, she was badly injured.

Duane looked at the black Widow.

"Why are you a bodyguard for people like Zhou Jun? Don't you know that you are really doing evil things for the tiger?" Duane said coldly.

"Don't say anything. I'll do it myself!"

After finishing her words, the black widow directly knocked on her forehead, and then directly fell down, losing her breath.

Duane couldn't help shaking his head. He didn't expect her to kill herself directly.

"Duane, it's not suitable for us to stay here. Let's go. My car is next to us," said Bai Ha.

After getting in Bennett's car.

Inside the car.

"Bennett, thank you so much. If you hadn't arrived in time today, the consequences would have been unimaginable," Duane said.

"Duane, what are you talking about? I, Bennett, have said that my life is yours!" Bennett said.

After hearing the words, Duane couldn't help thinking of the time when he went to the trafficking organization in Qingguang City to save people.

At that time, he only brought a white shark, not a wolf. That time, he met a man of Matias in Qingguang City. At that time, when the white shark resisted the enemy alone and let Duane go, he almost lost his life there.

Duane knew very well about the Bennett's feelings for him.

"Elder Duane, I already know what's going on here. Other than practicing martial arts, I don't know how to deal with it. But as long as you need me, just tell me!" Bennett patted his chest.

"Bennett, thank you." Duane was moved.

"Bennett, I saw you attack just now. You actually possess inner strength! It seems like your strength has rapidly increased during this period of time," said John.

"Not bad." Bennett scratched his head.

"Inner force? Bennett, you also have inner force?" Duane was shocked.

Before this, Duane had only seen two people who had internal strength. One was the master of the white shark, and the other was the master of the Murong Family, who was brought by Bradley last time.

These were all told by John to Duane.

As for Bennett, he was the third.

"Yes, Duane. During this period of time, I've been training with my master and gained a lot," said Bennett.

"Bennett, how powerful is your master? How is he compared to the Murong Family?" Duane asked.

Duane felt that the Bennett's master was very mysterious.

"Before I came here, my master told me about the Murong Family. The Murong Family is a hermit family with hundreds of years of history and a profound foundation. Although they also engage in business, they mainly practice martial arts. There are quite a lot of masters in the family," said Bennett.

Bennett continued, "My master is no match for the entire Murong family, but they are wary of my master's strength. They won't dare to touch him easily."

"Your master is actually so powerful? Then, can you ask your master for help on this matter?" Duane's eyes were filled with a glimmer of hope.

"Duane, before I came here, I begged my master. He said that he would not interfere in the affairs of the mortal world, and that the Murong family is not easy to deal with," said Bennett.

Bennett continued, "Master said that his biggest limitation is that Duane, you can stay in the Yangliu Pavilion. As long as you live in the Yangliu Pavilion, my master can protect you, Duane."

Duane nodded.

"Duane, it's just that I'm useless. I can only persuade Master to this extent," John said.

"Bennett, you're already very powerful. I should be thanking you, but how could I blame you?" Duane said with a smile.

"Duane, how about you come back to the Yangliu Pavilion with me this time? There, Duane, Brother John, and Grandpa Liu will be safe!" Bennett said.

"Bennett, I'm afraid I won't go to the Willow Deity Pavilion. I'm not willing to fail just like that, and then live in seclusion in the mountain forest. I still want to turn the tables!" Duane's gaze was

resolute.

"Duane, what's your plan then?" Bennett asked.

"I am going to go to Jingcheng City to develop. It is the capital of China, as well as the political center. There are more important people there than in Huanan. They are much more powerful. As long as I develop there, I can go back to Huanan to avenge myself," Duane said.

After a day of thinking yesterday, Duane realized that it was impossible to continue developing in Jindu.

At present, the best way to develop in the capital city was to go there.

Moreover, the power of the Ye Family and the Murong Family was in Hangzhou. Their underlings could not reach to Jingcheng City. Duane could develop safely there and come back for revenge after he developed and developed.

In addition, Duane could not think of a better way!

As soon as Duane finished his words, the John, the Bennett, and Zehi in the car all nodded.

Duane wanted to turn over. At present, this was indeed the best way.

"Duane, when the time comes, I'll go with you to Jingcheng City and help you conquer the world!" said Bennett immediately.

"Why didn't you continue cultivating at the Yangliu Pavilion?" Duane asked in confusion.

"No, thanks. I've been cultivating in seclusion for a few months and have reached the bottleneck. I need some time to digest it," said Bennett.

"Well, but before you go to Jingcheng City, help me send my grandfather to the Yangliu Pavilion. Please ask your master to take care of him. My grandfather has already reached the advanced stage of liver cancer. I can't let him go to Jingcheng City with me." Duane looked serious.

"The advanced stage of liver cancer?" Bennett was stunned.

After hearing this, Grandpa quickly said, "Duane, I'll go with you to Jingcheng City. I have enough business experience. In the last two months of my life, I can help you lay the foundation."

"Grandpa, the doctor said that you should rest and recuperate, and the early stage of business is the most tiring. I beg you to promise your grandson to go to the mountain seminary to

recuperate this time. The environment there is fresh and quiet, which is suitable for recuperation." Duane said seriously.

Duane really couldn't bear to let his grandfather be tortured again because his grandfather was too tired after a lifetime of business. He just wanted him to live for the last period of his life and live a quiet life.

"Duane, Grandpa Liu, wait a minute. I have an important matter to discuss." Bennett interrupted them.

"What's the matter?"

Duane and Zehi both looked at the white shark.

"My master has both medical and martial arts attainments. Even if he's in the advanced stages of liver cancer, as long as my master is able to help treat him for a long period of time, even if he can't recover, he can extend his lifespan and reduce the pain and suffering of his illness! He might even live another half a year or a year, or longer!" said Bennett.

"Really?" Duane was surprised and delighted when he heard the news.

For Duane, it was great news to prolong his grandfather's life!

"Duane, of course it's true. I definitely can't lie to you." Bennett said with a smile.

"Haha, good! It's great!" Duane burst out laughing.

Then, Duane hurriedly asked, "By the way, Bennett, is your master willing to help you with your treatment?"

"My master regards me as his pro-disciple. As long as I ask him for help, there will be no problem!" said Bennett.

Chapter 318

Alright, then this matter is settled. Grandpa, you listen to me this time, okay?" Duane looked at his grandfather seriously.

"Duane, how can I be at ease if I let you go to the capital city alone?" Grandpa seemed to be a little worried.

"Grandfather, trust me! You want to recuperate well. I will let you see me rise again, and then return to Jin to retrieve the Gorgeous tripod enterprise for my grandfather, and destroy the Ye Family! Grandfather, you must wait until that day comes!" Duane's eyes were resolute.

"That's good. I'm waiting for that day to come." Grandpa nodded with a smile.

Grandpa also hoped to see that day alive. In that case, even if he died, he would be able to rest in peace.

Then, the car turned around and drove to Qingguang City. Linshire Taoist Temple was in Qingguang City. Duane planned to send his grandfather to the Taoist temple first and then go to Jingcheng City.

...

On the other side.

Inside the Zhou's villa.

The bodyguards who fled back reported the news of Zhou Jun's death to the head of the Zhou family.

"What! My son, he..."

After the head of the Zhou family got the news of his son's death, he collapsed and sat down on the sofa, his face extremely pale.

In the next moment, the eyes of the head of the Zhou family suddenly sparkled with endless fury.

"Duane! I'm going to kill you! I'm going to kill you!" The Master of the Zhou family howled crazily like a wounded lion.

Immediately after, the head of the Zhou family stood up and shouted, "Prepare the carriage. Let's go to the Ye family!"

The master of the Zhou family knew that behind Duane and Zehi, Senior Wu was protecting their lives, so they had to rely on the Ye family to kill Duane.

...

On the other side.

Inside Duane's car.

A few minutes after the car turned around, Grandpa's cell phone rang.

"It's Old the Wu family housekeeper's call." Grandpa said.

Then, Grandpa answered the phone.

"What did you say?!"

After his grandfather heard the call, he actually cried out in shock. His expression also changed drastically.

After hanging up the phone.

"Grandpa, what's wrong?" Duane saw that there was something wrong with his grandfather's face, so he quickly asked.

"Earlier, Old Wu had a heart attack again. He... he didn't come back to life! He's gone!" Grandpa's head was lowered, and his tone was a little choked with sobs.

"Old Wu...he went there?" Duane was also stunned.

This news was too unexpected, even though Old Wu had been hospitalized last time due to a heart attack.

However, when he went to visit Old Wu two days ago, his condition seemed to be getting better. He didn't expect that he would suddenly go like this.

Although Duane didn't have much contact with Old Wu, he was very kind to Duane and his grandfather.

Take the collapse of Gorgeous tripod enterprise for example. If it weren't for Old the Wu family protection, Duane and his grandfather would have been killed by the Ye Family long ago.

Therefore, when Duane heard such news, he couldn't help but feel a little sad.

However, it was human nature to have life, age, illness, and death. No one could change it. After all, Old Wu was already 80 years old.

"Duane, when Old Wu was still alive, Ye Family dared not to kill us because of Old Wu. Since Old Wu died, Ye Family has nothing to worry about and can kill us. Our current situation is completely in danger!" Grandpa's tone was dignified.

Duane naturally understood this principle.

"Bennett, advance at full speed. We must leave Gold Capital immediately! Otherwise, the Ye family might find us at any time to carry out their

final revenge," Duane said.

Bennett nodded. "Okay, Duane. But there's a jam in front of us."

Because they were driving in the city now, and it was noon peak, the traffic situation was very congested.

...

On the other side.

In the living room of the Ye family's villa.

"Master of the Ye family, you must avenge my son!" The Master of the Zhou family burst into tears.

"House Master Zhou, do you think we don't want to kill that guy? It's just that Old Wu tried his best to protect him. After all, Old Wu made great contributions on the battlefield in the seventies. The people above have to give Old Wu face." Ye Guangde said.

Bradley, who was next to him, also stood up and said with a smile, "Fang Xin, the master of the Zhou family, that guy Old Wu, I guarantee he won't survive today! As long as Old Wu dies, we can fight Duane and Bradley."

"Why is Little Nephew Long so sure? Although Old Wu is ill, I heard that his condition has

improved recently. He should be able to continue living for a period of time, right?" The Patriarch of the Zhou family was somewhat puzzled.

"Ha-ha, let me tell you the truth. We sold the huge funds to the people in the hospital and the people around Old Wu. We promise that Old Wu will die of a heart attack today, and we can't find any signs of anyone." Bradley laughed.

"Oh?" The head of the Zhou family was shocked.

At this time, the phone of the Ye Family Lord rang.

The Ye Family Master quickly picked up the phone.

"Old Wu is already dead? Good! Very good!" The Ye Family Lord nodded with a smile.

After hanging up the phone.

"Good news. Mr. Wu is dead. We can start to cut the weeds and dig up the roots!" Ye Guangde said with a ferocious smile.

"Is he going to kill Duane? Where is Duane now? He won't run away, will he?" The head of the Zhou family asked.

"Don't worry. I've sent someone to follow us in the dark," Ye Guangde said with a smile.

Following that, Ye Guangde looked at Bradley and said, "Rulong, didn't you want to kill Duane with your own hands a long time ago? Go, bring Murong Yi and another pistol, just in case."

Murong Yi was the person who had defeated John at the entrance of Gorgeous tripod enterprise's building the last time Gorgeous tripod enterprise had closed down.

"Haha, I've been waiting for this day for a long time!" Bradley revealed an excited smile.

Then, Bradley turned directly to the outside.

...

On the other side.

Duane was on the crowded road in the city. After driving for half an hour, they arrived at the road from the city to Qingguang City.

"Duane, the white Toyota behind us has been following us. It seems to be following us." Bennett, who was driving, said.

"I noticed that too." Duane nodded with a serious look in his eyes.

"It must be someone sent by the Ye family to follow us. Duane, what should we do?" asked Bennett.

"Things are not going well. Now that Elder Wu

has passed away, Bradley will probably come to kill us." Duane squinted his eyes and said.

"Then let's increase our speed and head towards the Willow Buddhist Temple!" said Bennett.

"No, if I go to the Linshire Taoist Temple too, once Bradley follows me, even if the mountain is safe, he will always be surrounded at the foot of the mountain. Then I'm afraid I will never be able to go down the mountain." Duane's eyes were dignified.

Duane's plan was to go to Jingcheng City for development. After development, he would come to revenge, rather than stay on the mountain for his whole life.

Moreover, Duya, Lobb, Julia, and Li Zongdi had not been released, and Duane was now unable to save them.

The only way Duane wanted to save them was to go to Jingcheng City to develop his strength. After that, he would come back to defeat the Ye Family and the Murong Family, and then rescue them.

"What should we do?" asked Bennett.

"Well, let's split up into two groups. Bennett, drive my grandfather to the Linshire Taoist

Temple. After the police are settled, you can go to the capital city with us. John and I will go to the capital city now," Duane said.

Since Old Wu was already dead, he had to rush to Jingcheng City as fast as he could. He could no longer stay in Jindu or in Huanan.

Grandpa nodded and said, "That's a good idea. How can we split the two cars into two now if we're in the same car?"

"Grandpa, I have my own way. Bennett, stop the car," Duane said.

The white shark nodded and then pulled over the car.

"Bennett, I'll leave my grandfather's safety to you. Please send him safely to the Yangliu Temple and ask your master to treat my grandfather's illness. I, Duane, will never forget his great kindness. If there is a chance, I will try my best to repay him." Duane said seriously.

"Duane, don't worry. As long as my white shark is still alive, I will definitely not let Chairman Liu get hurt!" Bennett patted her chest and said in a firm tone.

"Good brother!" Duane was moved and nodded.

Then, Duane looked at his grandfather and grabbed his wrinkled old hand.

"Grandpa, we'll leave now. You must wait for the return of Duane King! You must!" Duane's eyes flickered.

Duane was really scared. When he came back, his grandfather had passed away.

Because Duane didn't know how long it would take for him to develop to deal with the Ye Family and the Murong Family. One year? Ten years?

"Don't worry, Duane. I'm waiting for that day. After you go to Jingcheng City, you must be more careful." Grandpa smiled kindly.

"Yes!" Duane nodded hard.

"Go, we're pressed for time and can't afford any delay." Grandpa waved his hand, and his eyes were a little moist.

Chapter 319

Duane's eyes were also a little moist. Thinking that he had to say goodbye to his grandfather, or even be separated forever, and could no longer see the next time, Duane certainly did not feel good.

Then Duane got out of the car with John.

"Bennett, let's go." Duane waved his hand to Bennett.

Upon hearing that, Bennett nodded and started the car to leave.

Duane glanced around and found an Ford Monddy parked by the roadside. The driver was sitting in the car and making a phone call.

"John, pull the driver down!" Duane said.

John nodded, then rushed forward to pull the door and directly pulled the driver out of the car.

"Hey, what are you doing?" The driver who was pulled out of the car looked confused.

"I'll buy your car."

Duane said as he took off his omelette watch on his wrist.

"This O'Brien watch is worth more than 4 million yuan. It's more than enough to buy your car. You can sell a watch and change into a Ferrari and Lamborghini. You won't lose out."

Duane said as he put the watch into the driver's hand.

The driver took a closer look and found that it was really the king's watch.

Duane didn't waste time talking. He opened the rear door and got in.

John also directly pulled open the door of the driver's seat and got into the driver's seat.

"Hey! I haven't agreed yet! Who knows if your presentation is true or false!" The driver roared.

However, Duane did not intend to discuss it with him at all.

"Rumble Rumble Rumble!"

With the roar of the engine, the Ford Monddy left at high speed.

The car sped along, heading straight for the state highway.

Duane was not as fast as I was in Jindu. The reason was very simple. Duane was afraid that the Ye Family would send someone at the toll booth at the expressway entrance, so he stopped his

car.

Seeing that she had decided to go on the national highway, leaving Sichuan province, and then going on the highway.

"Duane, the white Toyota that followed us is coming," said John.

"Alright, he chose to follow us. At least my grandpa's side is safe. John, speed up!" Duane said.

John nodded his head and then gave full play to his strength.

However, the Toyota in the back was also at full force and chased very closely.

Half an hour later, the car had completely driven out of the capital and was driving on the national highway.

Sichuan Province was steep with a lot of mountains, so the road to the national highway was not easy to walk on.

"Duane, the driver of that car is very skillful, and he still follows us," John said.

"The reason why he follows us like this is that he doesn't want to let us go. It seems that the Ye Family is determined to kill me. Maybe Bradley is on his way now." Duane squinted and said.

Duane knew that after Old the Wu family death, Bradley must want to kill him immediately. He certainly didn't want to let him go!

"Oh, no! Elder Duane! Look!" John shouted.

Duane looked up and found a traffic jam in front of him.

"There seems to be a car accident ahead! It blocked the road!" John said.

"Damn it!" Duane cursed with anger on his face.

At such a critical moment, he actually encountered this kind of thing. Was the god playing Duane?

"Turn around, turn around quickly!" Duane said in a hurry.

John nodded, and then quickly turned the car around, ready to go back and change the way.

"Rumble Rumble Rumble!"

Just as he was turning around, the explosion of the sports car suddenly sounded.

Duane looked through the rearview mirror and saw a Bugatti Veyron.

"That's Bradley's Bugatti!" Duane's pupils suddenly twitched.

Bugatti, together with the white Toyota, stood directly in the middle of the road, blocking Duane's car from turning around and leaving.

Following that, the Bugatti's door opened and Bradley and Murong Yi walked out of the car.

"Bradley is going to kill me. He even brought the master of the Murong Family." Duane's face turned livid.

Duane knew that he couldn't defeat the master of Murong Family!

"Duane, what should we do?" John's eyes were serious.

"Give up the car and run into the forest!" Duane said.

It was unrealistic to turn around. The front road was blocked, and only the woods on both sides of the road could pass through.

He couldn't beat them, so he could only run into the woods. After all, the woods were so big that as long as he ran into the woods, he could find a place to hide. Maybe Bradley and his wife wouldn't be able to find him.

At present, it seemed that this was the only chance to escape, and there was no other way.

"Alright!" John nodded his head, and then

pulled open the car door.

Duane also opened the door and got off.

After getting out of the car.

"Haha, Duane, we meet again. Do you know why I come to see you today?" Bradley laughed.

Bradley said as he slowly walked toward Duane.

"You just want to kill me, don't you?" Duane narrowed his eyes and said coldly.

"It seems that you're not stupid. Yes, I'm here to kill you today. You can't rely on John to protect you. You're dead today!" Bradley said with a proud face.

"Want to kill me? In your dreams? John, run!"

After Duane finished speaking, he ran like the lone wolf to the woods on the right.

"Want to run? That's wishful thinking! Uncle Yi, let's go after him!"

Bradley followed Murong Yi into the woods after he'd finished speaking.

After running into the woods.

"This is bad, we're about to catch up!" Duane looked back and discovered that Bradley and Murong Yi's speeds were very fast.

Bradley was a practitioner, and Murong Yi was an expert with internal strength.

Duane was just an ordinary person. How could his running speed be compared with theirs?

John's running speed was quite fast, but he could not leave Duane and run alone, so he could only slow down and follow Duane.

"Duane, they will catch up with us soon, so we can't run away. I'll stop them, and you run quickly!" John said.

"How can you do that! I can't abandon you. You can't defeat Murong Yi. If you stop them, you'll be killed by them!" Duane gritted his teeth and said.

Duane continued, "John, don't wait for me. I know you can run fast, so you have to speed up!"

"Duane, what are you talking about? Even if I, John, will die, I will never leave you alone." John's tone was firm.

At this time, Bradley and the other two were getting closer and closer, and they were about to catch up.

"John, listen to me, please. Run as fast as you can. We don't have time!" Duane roared.

"Duane, I'm sorry I can't listen to you this

time." John shook his head.

Then, John stopped directly.

Seeing this, Duane also stopped in a hurry.

"John, what are you doing? Run!" Duane looked at John.

"Duane, run. I'll stop them!" John said in a firm tone.

At this time, Bradley had already caught up with them. When he saw Duane and his brother stop, he also stopped.

"Don't refuse me. Both of you will die today!" Bradley said with a smile.

Bradley had absolute confidence in himself, so he was not in a hurry to make a move.

John shouted at Duane, "Duane, run! Run quickly! You still have dreams to realize. If you don't run, we can't run away. Only when you run away can I have the chance to run, run!!!"

This was the first time John had roared at him in Duane's memory.

John continued anxiously, "Duane, believe in my strength. Although I can't beat him, I want to run away. He can't stop me. I will tie them down for a while and run away!"

"No way!" Duane gritted his teeth and shook his head, his eyes flashing.

"Duane, if you don't run away, I'll die here. I, John, will do what I say!"

John took out a dagger and put it on his neck.

"Okay, I... I'll run. John, you must also live! Why are we meeting in the capital city? This is our agreement!" Duane looked at John with a determined look.

"Alright, how about we meet at the destination? I will definitely accomplish it, this is our agreement!" John smiled and nodded.

Duane nodded solemnly, and then turned and ran into the woods.

Duane knew that John wanted to block for him for a while, and he was determined to stay here, which would be a burden to him instead of running away. Only when he ran away, could he have a chance to run away.

It was just like the time when Bennett was pursued in Qingguang City, when he stayed behind to stop the enemy. In the end, Bennett and Duane survived.

John looked at Duane's running back and smiled.

"Dong-ge, farewell forever. You must develop well and come back to avenge everyone, revenge for me!"

John didn't intend to run away at all. He just said that Duane had run away, so he ran again. He just lied to Duane.

John knew that in front of a master with inner force, he couldn't beat him or run away!

"Want to run? In your dreams!"

Bradley saw that Duane was about to run, so he immediately went to chase Duane.

John quickly blocked Bradley's way. At the same time, he narrowed his eyes and said in a cold voice, "If you want to chase after Duane, you should step on my body first! Go! Go!"

"Hmph, you're courting death! Uncle Yi, deal with him!" Bradley waved his hand.

Murong Yi nodded his head and then directly rushed towards John.

"Bang! Bang! Bang!"

Murong Yi didn't show any mercy and immediately circulated his internal strength to engage in a fight with John.

Pu!

Just for a moment, the John's chest was hit by a circle. He flew backward and fell heavily on the ground a few meters away.

 [Watch Ads to Get 15 Vouchers](#)

Chapter 320

Pu!

John, who was lying on the ground, spat out another mouthful of blood, and his face turned pale. Obviously, he was seriously injured, and his strength was greatly reduced as a result.

Although John's strength was strong, there was a difference between Internal Strength and Internal Strength. He was standing there, waiting for Junior Leopard to finish his task.

"Uncle Yi, I'll leave this to you. I'll go after that brat."

After saying that, Bradley ran directly in the direction of Duane.

"Stop right there!"

John, who was lying on the ground, suddenly rushed up and held Bradley's leg tightly.

At this time, John's eyes had become scarlet as if he had gone mad.

Bradley wanted to pull out his foot, but he found that John was holding his foot tightly, and he couldn't pull it out at all.

"F*ck, you can't even protect yourself now, why do you still want to stop me?" Bradley cursed angrily.

"I said before, if you want to chase after my Duane, first! Yes! Me! Corpse! Body! High! Sting! Go! Go!" John said in a sharp tone, every word he uttered.

"F*ck you, go to hell!"

As Bradley spoke, he lifted up his other leg in anger and stepped on John's back.

"Bang bang bang!"

Bradley, who was originally skilled and powerful, stepped on John's back again and again. The wounded John couldn't stand it at all.

"Puff! Puff!"

John spat out a lot of blood, but he still grabbed Bradley's foot tightly.

"You are going to die, why don't you let go of me? Duane, how could he let you fight so hard!" Bradley scolded him angrily.

"Haha!" John laughed maniacally.

"Young Master Ye, let me help you!"

When Murong Yi walked up, he kicked at John's leg.

"Ka Chak!"

John's leg had been broken by Murong Yi's stomp.

John gritted his teeth and didn't say a word. He held Bradley's leg tightly and didn't let go.

"Aren't you going to let me go? Then I'll give you another kick!"

Murong Yi faced John's other leg and gave him another fierce kick.

"Ka Chak!"

Accompanied by the crisp sound of bones breaking, John's other leg was also trampled and broken!

"I'm not dead yet, so I... will never let go!" John gritted his teeth and held on.

"Why are you still trying to be brave? Then you'll have to take one more kick from me!"

Murong Yi kicked at John's back.

Murong Yi's kick was much more powerful than Bradley's.

Pu!

John spat out another mouthful of blood, and the blood even mixed with pieces of his internal organs!

After the kick, John's vision began to blur and his hands began to lose strength.

Although John tried his best to grab Bradley's leg, he found that he could no longer use his strength...

...

In wolf's blurry vision, the scene of him meeting Duane for the first time appeared in his mind.

It was in Duane's old house, where Zehi introduced him to Duane. 

"Grandfather, he's only one person after all. Two fists can't fight four hands. If he really encounters an enemy, I'm afraid he alone won't be able to do anything." Duane stared at John and shook his head. He did not believe John to be that powerful.

John immediately stepped forward and circled the wall. Spider-web-like cracks actually appeared on the area where his fist smashed into!

"Little master, I didn't disappoint you, did I?" John let out a hoarse low-level voice.

"Wow, it's amazing!" Duane gave a thumbs-up to John in surprise.

This was the first time they met.

At that time, there was no friendship between John and Duane. John protected Duane purely for completing the task.

After that, when Duane chatted with him, he sincerely regarded him as a friend and shared a heart-to-heart chat with him. They drank together and became friends and brothers. This scene constantly surfaced in John's mind...

These were his most precious unforgettable memories!

...

John looked ahead and smiled when he saw that Duane had run far away.

"Duane, I'm sorry. I've really tried my best. From now on... I can't protect you anymore. You must live! I will watch you be glorious again in the sky..." His vision became more and more blurred.

...

At this time, Bradley had already pulled out his foot.

"F*ck, that kid has run far away. Uncle Yi, come with me and chase him!"

Bradley rushed out with Murong Yi after shouting.

Bradley had no time to care about the lone

wolf on the ground, because Duane had run far away.

Murong Yi nodded his head, and then the two of them increased their speed to the maximum as they rushed out.

...

On the other side.

Duane kept running. It had been more than ten minutes since he was separated from John.

"I don't know what's wrong with John now. I don't know if he ran out or not."

"He must have run away! He just promised me that he would meet me in the Capital City. This is our agreement. He won't break his promise! He won't! He has never broken his promise to me!"

Duane's mind was full of John. He worried that John couldn't run away.

After all, Duane was an ordinary person. After running for more than ten minutes, Duane was exhausted and his legs were sour. His speed was also much slower than before.

"Haha, Duane, I finally caught up with you!"

A voice suddenly sounded from behind him.

Duane turned his head and saw that Bradley

and Murong Yi had already caught up. They were only a hundred meters away from him.

Bradley was a martial arts practitioner after all, and Murong Yi was an expert with internal strength. Their speed was naturally fast, and their endurance was far greater than Duane's.

"Damn it!"

Duane cursed angrily and then tried his best to speed up.

"Haha, you're still thinking of escaping? Are you dreaming?" Bradley laughed loudly and continued to charge forward.

After running for a few minutes, Duane unexpectedly ran to the front of a cliff.

At the bottom of the cliff was a bottomless cliff, the kind that made people dizzy at a glance.

Duane quickly stopped and turned around.

Bradley had caught up with him.

"Haha, Duane, why don't you run away? Let me see how you can run away." Bradley laughed.

Duane's face turned pale, and his heart was filled with despair.

At this moment, Bradley was in front of him, and the abyss was behind him.

Duane had no way to go, and he was on the dead end.

"The heavens are going to kill me, Duane." Duane shook his head powerlessly, pale.

"I can't accept this! I can't accept this!"

Duane gritted his teeth, and his heart was full of unwillingness. He was unwilling to end it like this. He was unwilling to lose completely.

However, there was no way for Duane to survive.

"Duane, I, Bradley, won the grudge between us. No one dared to challenge my authority. From the first day you started the fight with me, Duane was doomed to have a bad ending!" Bradley said with a smile.

Duane's eyes were dim. He knew that he had indeed lost and had no chance to turn the tables.

Duane lost. He was still too young. At first, he only thought that money could sweep away everything. He did not know the importance of power and strength.

"Where's my friend John?" Duane asked in a weak voice.

Duane knew that he was in a dead end. The last thought of Duane was that if John could

survive, he would die without regret.

"Speaking of this, I have to admire him. He hugged my foot and refused to let go until he was beaten to death! How can you, Duane, have such a subordinate?" Bradley said coldly.

"John, he... is dead?"

Duane staggered and his face turned pale. His brain was pounding. At this moment, Duane only felt that the sky was getting dark and the sun and the moon were getting dull. It was as if the end of the world had arrived.

"Why is it like this, why!!!" Duane faced the sky and shouted crazily like crazy.

"Because that's what you'll end up against me! Haha!"

Bradley laughed loudly and his voice was extremely ear-piercing.

After laughing, Bradley stared at Duane and continued to say with a fierce face, "Duane, don't worry, I won't kill you, because I will catch you and then take you back to torture you slowly. If you are against me, I will let you die like this, which is too easy for you!"

"Bradley, even if I die, I won't die in your hands. I won't give you the chance!" Duane roared

crazily.

Then, Duane directly turned around and rushed toward the abyss. He then jumped off the cliff.

"Damn it!"

Bradley scolded when he saw Duane jump off the cliff.

Then, Bradley rushed to the edge of the cliff.

"Young Master Ye, this cliff is so high that he will surely die if he jumps down." Murong Yi said.

"Hum, letting him die like this is too easy on him!" Bradley snorted coldly.

However, Bradley felt much better at the thought of Duane's death.

Following that, Bradley turned around and waved his hand. "Let's go, Uncle Yi. Look at the one called John. Is he completely dead?"

Then, the two went into the woods.

...

Under the cliff.

Duane lay there quietly. After a while, Duane's eyelashes suddenly moved, and then his eyes slowly opened...
