Novel

Chapter 303 THE UPLA Though the failed mission remained unresolved , Carlson had at least settled another vexing matter So he thought about it for a while , and because he was so imaginative that he felt much better , he suddenly felt that he could fall asleep Carlson stood up and didnt forget to lock the door of the stindly when he left , and then returned to his room with satisfaction The next day .

He didnt rush out so early today .

While having breakfast in the morning , Carlson asked the butler to call the school and tell the teacher that Kevin would take a day off today .

Hearing his instructions to the butler , Kevin , who was eating , didnt understand why , but he didnt ask He didnt dare to ask .

Although he was young , he was quite sensitive to emotions , probably because his father often lost his temper at home .

Knowing that his father had been in a bad mood these past two days , Kevin had been very careful in everything he did , for fear of making a loud noise and disturbing him .

Even if there was something he could not solve by himself , he would go to the butler or the nanny at home , and never bother his father , Even though Kevin was living on eggshells , he was still unwilling to go and live with his mother .

In his heart , Karen was someone who betrayed his father .

In addition , he knew that things had not been going well at home recently , and Karens departure at this time made it even more unforgivable .

Carlson had also been whispering bad things in his ear , which made Kevin even angrier .

When Karen or Lucy call y called him after school , he never answered .

He just wanted to express his dissatisfaction with both of them in this way .

Before they finished breakfast , the butler ran over to report to them , with a hint of joy in his tone , Mr.

Jones , Mrs.

Jones has returned ! Hearing this , the servants near the dining table all raised their heads , their eyes full of joy .

were happy .

In the past , when Karen was at home , if Carlson was unhappy , he would take it out on her Of course , they w Since her departure, theyd become his targets .

It was also at this time that they suddenly realized that Karen , who had always seemed meek and submissive , played such an important role in this family .

Every day when they saw Carlson returning home with a sullen face , no matter how scared they were , they had to approach him .

But the Jones family paid a high salary , and no one was willing to leave , so they had to bite the bullet and live in fear every day .

Now that they heard that Karen was back , they were all very happy .

Finally , they could go back to their previous lives and didnt have to be the scapegoat for Carlson 1/6 Chapter 303 If they could make money with their dignity intact , whod choose to swallow insults ? The butler thought the same way , he seemed even happier than Carlson .

Jones , please let her in , he pleaded cautiously from the side .

Carlson glanced at him and saw the expectation in the butlers eyes, and sneered in his heart .

I didnt realize she was such a capable woman .

So shes been cultivating the staff behind my back .

But so what ? Im the one who pays their salaries , so Im the one who really calls the shots .

Karen should spend less time trying to win over the servants and more time trying to please me ? Thinking of this , his mood improved considerably .

He nodded slightly and said to the butler with an indifferent expression , Let her in .

The butler hurried out to get her , his eagerness drawing another sneer from Carlson .

At the dining table , Kevin , who knew nothing , was bewildered .

He looked up and asked softly , Is Mom back ? Carlson looked away and nodded .

An idea occurred to him and he said , Shes back today to take you away , to live in that small , broken down house and suffer There was deliberate provocation in his words .

Sure enough , Kevins eyes widened in surprise .

Kevin didnt understand why Karen would do such a thing .

Why take me to suffer when there are big houses to live in ? Seeing the expression on Kevins face , Carlson felt a surge of satisfaction .

In this family , only Kevin was clear headed and intelligent , reminiscent of his childhood .

Suppressing his satisfaction , he said to Kevin deliberately .

We are divorced .

I cant stop her from seeing you .

If you go with her and find it hard to adapt to the food and sleep , tell her and ask her to bring you back to me .

As soon as the words fell , Kevin said without thinking .

Dad , I dont want to leave with Mom now .

Dont let her take me away , okay ? That wouldnt do .

Carlson had his own plans .

If Kevin didnt go with her , what if she used seeing Kevin as an excuse to stay ? Carlson was waiting for her to be unable to bear it outside and come back to beg for mercy , so naturally he didnt want to see this happen .

But he couldnt say that to Kevin .

After thinking for a while , he patted Carlson on the shoulder with a helpless expression .

If you dont go , shell think Im stopping you behind her back , and shell argue with me again .

Just go live there for a while .

If you cant stand it , come back and make a fuss , and shell have no choice but to send you back .

Hearing this.

Kevin finally agreed , but he felt even more resentment toward Karen He didnt understand why Karen had done something wrong and wanted to drag him along to suffer .

He was already dissatisfied with Karens actions , but now he felt even more resentful .

Chapter 30 When the butler came in from outside with people , Kevin was still holding a grudge and didnt even raise his hear The first thing Karen saw when she came in was Kevin over Carlson .

Kevin was burying his head in his food , and she didnt notice anything wrong .

Her voice trembled as she called his name .

Kevin , Im here to pick you up Kevin reluctantly raised his head after her voice fell .

At this glance , he felt that Karen had changed a lot .

Her clothes were much simpler than before , and there was an indescribable feeling about her .

Kevin felt conflicted .

Even though he was full , he kept stuffing food into his mouth because he didnt know what to say Carlson , who was sitting next to him , cleared his throat .

Karen hadnt looked at Carlson once since she came in .

His pride was hurt , but he also felt that she was being too manipulative .

She was clearly here for him , yet she pretended not to see him .

It was utterly hypocritical .

Carlson put down his fork and said unpleasantly , Since were already divorced , dont stay here too long .

Pack up his things and go .

Karen seemed to only notice Carlson then , turning to look at him .

Her eyes were strange .

They were fixed on him without blinking , like a dolls .

They held a mix of emotions : the thrill of revenge and a lingering farewell , as if she were about to leave this world forever .

Carlson frowned , a chill running down his spine as their eyes met .

In short , he was very resistant .

His tone became even more unpleasant , and he raised his eyes to question her .

Why are you looking at me like that ? As if thinking of something , he sneered and said sarcastically , Dont tell me you have some terminal illness .

Do would believe that ? you think 1 Even outsiders could hear the deep malice in his words , let alone Karen .

The servants , who were quietly paying attention to the commotion here , felt a pang of sympathy for Karen .

The servants winced at his cruelty .

Karen had finally returned , and if Carlson angered her again , it would be them who would get scolded in the future , But Karen showed no signs of anger .

She had gotten used to it over the years , and at this point , there was no need for her to be angry with Carlson over words .

Therefore , she just looked away indifferently and walked to Kevins side .

After such a long time without seeing Kevin , Karen missed him dearly .

She sat beside Kevin and waited for him to finish eating before taking him to his bedroom to pack .

During this time , Carlson , in an extremely bad mood , deliberately clanged his plate and fork louder to vent his dissatisfaction .

3/6 the Certy rose mapy , he didnt dare to speak .

he door , frowned with worry , and asked , Kevin , did your father hit or scold you while I was away ? the knew that Carlson loved Kevin very much , bur Carlson had hit her when he was angry two days ago , so there was no guarantee that he wouldnt hit Kevin She was well aware of the current situation of the Jones family .

That was precisely why she wanted to take Kevin away from the Jones family as soon as possible , so as to avoid involving him .

Unfortunately , her son didnt understand her good intentions at all .

Kevin was too young .

He rushed to pack his textbooks while complaining in a low voice , You dont have a job and you dont make money , so why dont you let Dad support you at home ? Why do you have to take me with you to suffer ! Karen looked at him in shock upon hearing this .

She obviously couldnt believe that these words came out of her sons mouth But then she remembered that she had indeed been at home all this time , doing nothing , so it was normal for Kevin to have such thoughts .

She fought back tears as she patiently explained to Kevin .

Kevin , I admit I was exactly as you described before .

But thats going to change now .

Ill take good care of you and Lucy .

We may not live as lavishly as before , but having our family together will be more than enough .

Karen didnt return to the Martin family .

She knew that even if she went back , her father would send her back .

This time , her mother told her that after her father learned about her divorce from Carlson , he was furious at home and said that he would expel her from the Martin family .

So Karen didnt dare to go back , and she didnt even plan to go back in the future .

Her father was an opportunistic person .

After the Holmes family took action and something happened to the Jones family .

he would be the first to clear his relationship with her, afraid that she would affect the family business .

So Karen now used her previous savings and jewelry to support her two children .

Her mother would give her some money from time to time .

Chapter 30 % It was not as good as the life in the fees teily , be it was also very wealthy , she would be let her two children suffer in terms of food , clothing , honning and transportation .

This was Karens plan the sacrificed everything for her children .

Kevin didnt say anything .

It wasnt that he understood Kares greed intentions , but that he thought of what Carson had said to him when he was rating just now He went there and then made a fons about coming back .

If Karen and Lucy really loved him , they should come back and line at home with hir He packed his things without saying a word When Karen saw this , she thought that Kevin had taken her words to heart , and she was very pleased .

Without wasting a moment , driven by her urgency to leave the Jones residence behind , Karen began helping Kevin pack his clothes .

After everything was parked , she went downstairs and called the butler , asking him to find someone to carry the things to The butler was surprised to hear this request , and looked at her with some distress .

Jones , arent you here to stay ? Karen shook her head , her expression flat .

Dont call me Mrs.

Jones anymore .

Were divorced .

But ... The butler hesitated , seeming to want to say something , but stopped in time .

But isn't that just talk ? If Mrs Jones really leaves , what are we supposed to do ? Just keep taking his abuse forever ? At this moment , Carlson , who was standing at the turn of the stairs , said sternly .

Dont stop her .

If she wants to leave , let her leave .

Having been ignored since this morning , he finally couldn't take it anymore .

He had intended to come up for a look but didn't expect to hear their conversation He walked up to them , sneered , and said , You'd better get out of here and never come back Karen hummed in acknowledgment , went past him , and walked downstairs calmly The butler was left speechless , while the furious Carlson stared at him in disbelief .

the butler stammered , then quickly excused himself .

Jones , Ill go help Kevin with his luggage Carlson , still standing in place , clenched his fists in anger .

He still couldn't believe that Karen would leave him willingly , But it didn't matter if she left .

As long as he made a call to the Martin family , they would send Karen back without hesitation .

After all , this was an arranged marriage .

She had no right to indulge in childish whims .

Thinking of this , Carlson felt relieved .

He took out his cell phone , walked to the balcony , and called the Martins to tell them

Chapter 304 After moving everything to the car outside the villa , Karen took Kevin's hand and prepared to get in the car and leave .

She really didn't have any attachment at all , which was completely different from what Carlson had imagined , But just as they were about to leave , Kevin turned around and looked at the villa behind him .

He didnt see Carlson and was very unhappy .

Carlson didnt even come to see him off.

No matter how reluctant he was , in the end , he got in the car with Karen .

As the car started , Karen felt a sense of exhilaration at truly severing all ties with this place .

On the balcony of the Jones villa , Carlson watched the car leave , his face da He was still on the phone , his tone getting heavier , and the look on his face alone showed how dissatisfied he was at the moment .

But it was precisely because he had been on the phone with the Martin family , complaining so intently , that he didnt notice what was going on around him .

A man stood behind him .

No one knew how long he had been listening .

It was not until Carlson hung up the phone and was about to go downstairs that he suddenly found a strange man behind He subconsciously stepped back , looking at the man who had appeared out of thin air with vigilance .

Who are you ? He glanced around , not a single servant or bodyguard nearby , and he had a bad feeling .

This is my house .

How did you get in ? Do you know how illegal this is ... The man observed him with eerie stillness , his expression utterly unreadable .

Those eyes gleamed with a vipers cold calculation , like a venomous snake coiled in shadows , waiting to strike .

Then , he calmly weighed the stick in his hand Only then did Carlson see that he was actually carrying a stick , the usual kind of solid wood round stick , dirty , as if he had picked it up on the side of the road .

Carlsons face drained of color , as if he already sensed what was about to happen .

He opened his mouth , wanting to cry for help .

Somebody ? He only had time to shout a word in his haste when the man reached out and shoved something into his mouth .

He didn't know what it was. Carlson let out a muffled sound, and the next moment, the man raised the stick and struck him hard. The target was originally his head.

Carlson quickly raised his arm to block it, and then his elbow went numb, followed by a sharp pain.

This strength showed that he was completely aimed at beating Carlson to death.

The merciless stick rained down on him like raindrops.

He tried to dodge at first, but then he realized that he would die. Chapter 303 no matter where he had.

As soon as he consumed him and his mermach faded, he insisted to protect. He didn't know how long it would provide, and he Joel comertonientes.

The man stopped, looked down at Carlson emotionally with the hit the need and the temptation to pick up the stick left hand looked at the room and found a place to hide. A few minutes later, the boter wanted to find Carter for something else because he had seen Carter talking in 1966 on the balcony of this mom before, he came looking for Carter. As soon as he entered the door, he felt something was wrong. As expected when he walked to the hallway and saw Carlin lying unconscious on the ground, he was

so frightened that his eyes flickered and he almost fell to the ground. After he came to his senses, he hurriedly called an ambulance and went with them. There was no one in charge of the Jones family now, and everything was in chaos.

Grave came out from his hiding place, opened the door and went straight down the stairs, making an attempt to conceal himself. Even if he was the one who had attacked Carlson, there was nothing they could do.

Whether the Jones family would even survive the coming storm remained uncertain. He could even hear the maids whispering as he passed by them.

Has this family offended anyone lately? Why does it feel like something is always happening? They say it started with the business failing, and then Lucy's engagement was cancelled, and now he is divorced and is beaten up by someone.

Oh, he was beaten up so badly.

It hurt to look at him.

Do you think the person who beat him up is still here? I don't know, but we should be fine.

Karma collects whats owed .

We should start looking for new positions .

I always have a premonition that this family is getting worse and worse .

Whats going on ? I wanted to do laundry .

Why is the power out ? The butler isnt here either .

Who should we contact ? This is so strange .

Its the first time this has happened in Why is there a power outage in the villa ... As Grave walked past them , the maids , engrossed in their discussion , didnt even glance at him .

Grave walked to the study door , pulled out a key from his pocket , inserted it , and opened the door with an expressionless face .

His task today was to get the Jones familys account books .

Beating Carlson was purely out of his own revenge Although Tinley didnt say to beat him , she didnt say he couldnt .

Carlson deserved it .

Grave would ve felt downright aggrieved not to teach him a lesson .

If it werent for Carlsons shady plans , Tinley wouldnt have pulled him away from his happy island to protect Yvonne .

let alone stay by her side , completely losing his freedom .

He had been holding this resentment in his heart , and now that he had vented it , he felt much more comfortable Karen was the one who mentioned the account books .

After all , she and Carlson had been married for many years , sharing the same bed for so long .

Some things , no matter how tightly Carlson kept them secret , she could still sense them .

TUJU JOL , 12 API Chapter 304 It was just that Karen had no status at home , so she dared not speak out .

D4 % Now , Karen had told them almost everything she knew , so they knew that Carlson had done a lot of dirty work in private , and he had a particularly important account book .

Karen even told them the approximate location of the account book .

She had also been in the study several times .

She knew its layout clearly , and she could feel where Carlson cared most .

Grave didnt understand these things .

His task was simple : follow Karens clues , retrieve the ledger , and deliver it .

After that , hed finally get a few days of rest .

Because Yvonne went to school , he didnt need to follow her .

Only when she went out to play with others did he need to follow her , typically just Sundays .

Grave was quite satisfied with this working time , but he couldnt be happy for long because he heard something even more devastating Yvonne was going on holiday next week .

Yes , she was going on holiday next week ! This was really frustrating .

Grave didnt get it .

Why did kindergarten have to start vacation so early ? Couldnt they keep the children in school every day ? What kind of four year old actually needed playtime anyway ? At this critical age , she should be cramming knowledge .

How else would she ever be ready to take over the Holmes family ? And worst of all , those endless vacation days meant Yvonne would be rampaging through the manor nonstop .

According to his Holmes family colleagues , outings with Yvonne were considered coveted assignments , with staff practically wrestling for the privilege of chaperoning her Grave felt numb .

Just listening to it all was exhausting .

Those stubby little legs of Yvonne never stopped running ! And she loved to be in crowded places .

But she was Tinleys daughter , so he couldnt really say anything While muttering to himself , he found the ledger Karen mentioned .

He opened it and took a look , but he couldnt understand anything .

He was just an illiterate hitman with little education This thing still needed to be taken back and studied by professionals After putting everything back in place , he took the ledger and left .

Chapter 305 When Carlson first woke in the hospital , his body felt as though it had been repeatedly run over by a truck .

The pain was so intense it made him question his will to live He opened his mouth , but his throat was so hoarse that he couldnt speak .

The slightest movement sent pain throughout his body .

Butler ... His voice , hoarse and ragged like a broken bellows , sounded like a ducks quack .

The butler , who had been dozing in the chair beside the bed , startled awake .

When he saw that Carlsons eyes were open , he rushed over in delight .

Jones , youre finally awake ! Youve really suffered this time ? Carlson frowned and hissed , his voice weak and feeble .

It hurts so much ... The butler sighed beside him and said , Five of your ribs were broken by the thief .

You may not be able to get out of bed for a month .

At this , Carlsons eyes widened , his emotions slightly agitated .

A sharp pain spread throughout his body , making it difficult to even breathe .

Catch , catch him ! He forced himself to speak despite the discomfort .

Although his face was pale , his eyes seemed to be spitting fire , filled with rage .

Anyone who looked at him would be intimidated by the overwhelming anger .

I will ... kill him ! He gritted his teeth as he spoke .

How dare someone invade his home to assault him ? Once he discovered the culprits identity , hed make them hundredfold ! To his surprise , after his words fell , the butler shook his head with regret .

Jones , the thief who hurt you planned this in advance .

I have already called the police , but there was a power outage for some unknown reason during that time , and the surveillance cameras in the villa did not capture anyone .

I think this was orchestrated .

What ? Hearing this , Carlson almost jumped out of bed .

Unsurprisingly , he winced again in pain and didnt recover for a long time .

This was prearranged by someone who wants to take me down! His face , already pale , turned even worse as he spoke , and the way he gnashed his teeth was terrifying .

The butler didnt dare to speak and just watched Carlson from the side .

He wanted to remind Carlson not to get angry now , but seeing Carlsons face was so gloomy , he was afraid of getting caught in the crossfire , so he didnt dare to speak out .

Carlsons body ached whenever he got angry , but he just couldnt calm down , so he could only be angry and in pain at the same time .

No one could stay calm when encountering such a thing .

He was probably so angry that he couldnt think of who would do such a thing for a while .

Recently , the biggest conflict he had was with the Holmes family , but this wasnt their style .

Chapter 305 64 % 18 The Holmes family didnt know that it was him who hired the professional errand runner .

If they knew , they wouldnt have suddenly come over to beat him up .

They were better at delivering a fatal blow directly .

They would send their enemies plummeting into oblivion without warning So it was basically impossible for them to come all the way just to beat him up .

Whats more , he felt that the mans eyes were filled with intense resentment , pure personal emotion .

Moreover , that mans eyes had burned with personal hatred , too visceral for a professional hit An errand runner would have been coldly detached , purely businesslike .

Carlsons mind raced despite his prone position .

Who can possibly harbor such deep seated animosity toward me ? Never in his life had he suffered such indignity the sheer disrespect of it ! He was the head of the Jones family .

How could he be willing to let this grudge go unavenged ? Carlson was a man who cared a lot about his dignity .

After thinking for a long time , he looked at the butler , who sat hunched in silence with lowered head , and instructed him in a hoarse voice , suppressing his pain .

Dont tell anyone about this .

Tell everyone that I fell down the stairs and thats how I ended up in the hospital .

The butler didnt say anything and seemed to be stunned .

This humiliation cannot leave this room .

Do you understand what this would do to my reputation ? The butlers expression grew even more conflicted , clearly struggling with an internal dilemma .

After an internal struggle , he finally voiced the words hed been holding back .

He addressed Carlson in a low voice , Mr.

Jones , actually ... When Carlson looked at him , he forced himself to continue , bearing immense pressure , Actually , while you were unconscious , many people heard the news and came to see you , bringing a lot of gifts .

I cataloged everything and had the guards store them at the estate .

What ? The impact of these words on Carlson was no less than the beatings he had endured .

However , one was emotional pain , while the other was physical .

Hed rather endure another beating than suffer this public shame ! His voice cracked as he asked , almost trembling , How did they find out ? The butler shook his head in confusion , then quickly tried to explain himself and clear his name when he saw the fury in Carlsons eyes .

Jones , dont blame me .

Ive been here in the hospital room with you ever since you fell unconscious .

I have no idea how they found out .

I discovered you in the villa a little after nine this morning and rushed you here .

I accompanied you through the checkup , and people started showing up one after another as soon as it was finished ... The butler recounted everything he knew , his expression distressed .

2/3 16:36 Sat , 12 Apr NN N.

Chapter 305 You were unconscious at the time .

Some of them were your business partners , and the others I didnt recognize dressed in fancy clothes and expensive jewelry I couldnt very well stop them from seeing you for fear of making a bad impression and harming your business , so I let them all in Carlsons head spun as he listened to the butlers explanation .

He squeezed his eyes shut in despair , wishing he could faint again to escape this devastating reality .

Who could be so cruel as to not only injure him but also spread the news , humiliating him like this Without a doubt , all the recent incidents in the Jones family were enough to make them a laughingstock ! Θ
