Chapter 311 Looking at Yvonne's innocent and clear eyes , the gloomy and indifferent Grave , who never smiled , asked in a low voice .

Is this person annoying ? Yvonne blinked her round eyes , thought for a moment , and nodded seriously .

Although she was very young , she could distinguish between good and evil .

This woman just said she wanted to hit Mr.

Sterling .

How outrageous : Seeing her nod , Grave was satisfied .

He leaned close to Yvonne's ear , lowered his voice , and said menacingly , As long as you agree .

I'll break her legs right now and make sure she never leaves her house again , let alone bully anyone .

It was rare for Grave to say so much at once , as if he had said everything he would say in a month .

Too bad what he said was horrifying .

He might as well have stayed silent .

Hearing his words , Yvonne's blank expression instantly turned horrified .

Her eyes widened in disbelief as she looked at him .

She looked absolutely adorable .

As if she didn't understand , she opened her little mouth in a daze and terror .

After thinking for a moment , Yvonne shrank her head and stammered a sentence , looking completely intimidated , Perhaps not ? She ducked her head , thoroughly frightened .

If she were a kitten , her ears would've been flattened against her skull in fear .

Grave shook her chubby body expressionlessly with determination .

Yvonne was also very persistent and said softly .

No She was very timid .

Grave asked again , but she didnt answer .

She began to change the subject , pulling on his clothes and saying that she wanted to go home to Tinley .

Yvonne had now learned the essence of Richard and Jeremy : selective hearing .

Her ears , like Richards , could only hear what she wanted to hear .

As for the rest , she had a blank look on her face when asked .

Grave glanced at her , a little disappointed .

If he let this old hag walk away unscathed , hed probably wake up furious in the middle of the night .

So he persisted , asking one more time Yvonne looked at him with a blank face , her dark eyes wide and innocent , her voice soft and low No , Mr.

Sterling .

I will not be able to sleep .

She already couldnt sleep , all her drowsiness was gone , and she was so energetic that she wanted to go to school 1/4 \$ 64 % 64 % Chapter 311 Her voice was pitiful , and it was probably at this time that Grave realized that Yvonne was only four years old .

Hed assumed that , as Tinleys daughter , shed inherit her mothers ruthless decisiveness , tolerating no wrongdoing But upon reflection , their daily interactions proved otherwise .

Yvonne was genuinely kind hearted Perhaps he really misunderstood Yvonne before and developed some prejudice against her .

Asking a child who carefully avoids stepping on ants to decide someones fate was indeed too cruel Okay A little disappointed , Grave compromised .

He glanced at Yvonne in his arms , weighed her , and silently commented in his heart .

This kids personality is as soft as she looks .

Too easy to bully .

No wonder Tinley worries .

What parent wouldn't ? His resentment seemed to fade slightly , or maybe that was just his imagination .

Meanwhile , the woman , still tangled in her scuffle with others , remained unaware that she had narrowly escaped disaster .

At the outer edge of the crowd ... The instigator of this whole mess , Jeremy , braced himself against a bystander's shoulder , straining onto his tiptoes to peer inside .

The man patiently steadied Jeremy before asking eagerly .

What's the situation inside , bro ? A few minutes earlier , Jeremy , originally heading the opposite direction , had heard the commotion and , unable to resist drama , immediately rushed over .

But arriving late meant he was stuck on the fringes , far from the prime viewing spot .

So , he turned to the man beside him , a kind faced , good natured stranger who seemed like the perfect gossip partner .

He leaned in and asked curiously , Bro , why's everyone crowded around like this ? The man turned to him , equally frustrated .

No clue ! This is killing me ! The outer ring was full of equally clueless onlookers . When someone mentioned a fight inside , the man nearly tore his hair out in desperation .

The two got together and came up with an idea .

One would boost the other up for a better view , then report back .

Since Jeremy was taller , he was elected as the crowd's hope for intel . But even on his tiptoes , the sea of heads blocked his view .

As they debated solutions , another bystander gallantly stepped forward .

Working together , the two men hoisted Jeremy up with his legs , elevating him half a body above the crowd . Now Jeremy was half a body taller than the crowd , and he could see clearly .

He had good eyesight and was one of the few people in the class who weren't nearsighted .

And now his eyesight was even better after eating the fruits and vegetables raised by Yvonne every day Chapter 311 So he could clearly see several central figures standing in the small circle in the center .

One of them was a tall , thin middle aged man who was holding a little girl in his arms Jeremy froze , rubbing his eyes , as if he had seen something unbelievable .

Int that my sister ? Unreliable Jeremy had just become the living embodiment of biting into drama only to find its your own family He patted the men holding his legs and , once set down , stood frozen with shock on his handsome face Holy crap , thats my sister in there Whair The two men whod been holding him up were equally stunned , like theyd been macking on someone elses drama only to realize the main character had been right besiale them all along Jeremy had no time to explain .

He gave the men an apologetic shoulder pat He felt guilty for not being able to successfully gossip with the two men .

Sorry , I have to go in and find my sister .

It seems someone is bullying her .

The two kind men expressed their understanding , saying it was okay and even warmly comforted him , telling him not to feel burdened .

Go ahead , young man .

Well ask someone else later .

Go find your sister quickly .

I heard they were fighting inside .

Dont let her get bullied .

Jeremy expressed his gratitude and then started squeezing inside with all his might .

Perhaps powered by sibling protection instincts , but he actually managed to squeeze inside .

Just as he was about to reach the center , one step away from victory , a siren suddenly sounded nearby .

Someone in the crowd shouted , The police are here .

Make way ! As soon as the words fell , everyone started squeezing again .

Despite Jeremys best efforts , he was still squeezed out a long way .

All his previous efforts were wasted , he was getting further and further away from his goal , until he was squeezed back to the periphery .

Observing the current situation , he decided to make a big detour to the police car .

Just as he was walking over there , something stuck to his leg .

At the same time , there was the sound of another boy crying .

Waaaaah ! I want Grandma ! Jeremy looked down to see a little boy, barely reaching his thigh , clinging tightly to him .

The boys dirty face was covered in snot and tears , all of which smeared onto Jeremys pants as he lunged forward .

Jeremys scalp prickled .

A horrified shriek escaped him .

His pants ! 3/4 64 % Chapter 311 He immediately took a step back , and then he discovered in horror that the childs snot was n cheese .

Strung like cheesel now strung between them like Looking at the mysterious fluid in his pants , and the thin , long strand that had just cast a heavy psychological shadow over His vision went black and he wanted to faint on the spot .

Thank god he was the one taking Yvonne out today .

If it had been Stefan or Vic , theyd have leapt into the nearest river to scrub themselves raw , Jeremys posture was now very stiff , his right leg seemingly disowned .

Of all the pants in the crowd , this crazy boy had chosen the most expensive to assault .

Dragging one stiff leg , Jeremy dodged to the side .

This was too much for him .

Chapter 312 The child , as if determined to get Jeremy , chased after him .

No matter where he ran , the child could accurately catch up and continue to cling to his leg If it had been Yvonne who had been chasing after him and clinging to him , he would have been very happy But instead , this was likely the universes final cruel joke before he died of disgust It was utter despair .

A child clung to his leg , crying incessantly .

Unable to move or kick the boy away , all Jeremy could do was put on a stern face and try to scare the boy off Get away from me , kid , or Ill make you pay for this .

He just wanted to scare the child away ; he didnt care about the cost of the clothes .

At that moment, Jeremy thought , as long as this child would leave , he wouldnt even ask for compensation hed gladly pay for a new pair of pants for the kid .

But the child , as if possessed , refused to let go of his leg , no matter how he threatened .

The child held onto his leg and cried Snot running down his nose , he rubbed it against Jeremys clothes .

Wasali , I want my grandma ! I want my grandma ! Jeremy was in despair , he felt utterly hopeless .

But then he thought of Yvonne still trapped in a dangerous situation , and he knew he had to pull himself together His voice was on the verge of breaking .

He wanted to reach out and pull the child down , but he found it dirty .

Look carefully .

Am I your grandma Jeremys focus was still very strange .

li Im almost 69 tall.

h your grandma 67 " tall ? Booboo , Grandma The boy cried even harder .

The boy didnt speak , just cried bitterly Jeremy moved his legs back .

He even wanted to pull them back forcefully and run away It wasnt that he was not compassionate .

If he saw a normal child sitting on the side of the road crying for his family , he would still help But the child holding his leg had left a bad impression on Jeremy from the very beginning And his pants were ruined ! It didnt matter if the pants were ruined , but it was disgusting that it had traumatized him .

Every time Yvonne hugged his Ing .

he would probably think of today Murrover , wit many people around , Jeremy couldnt understand why the child wouldnt let go of him and look for 1/3 Chapter 312 someone else .

So he didnt want to care at all .

Anyway , there were so many people around that someone else could help him .

Safety concerns Not his proldem .

Would sticking with him be any safer ! Did he look trustworthy ? To case his conscience , hed at least make sure the child got handed over to the police before leaving .

That was the only thing he could do for the dirty child .

Unless it was life or death , Jeremy refused to help anyone who made him miserable .

Helping would only make him more miserable .

Jeremy was a man who w would never inconvenience himself .

So without an ounce of pity , he told the kid , Go find someone else .

The fact that Im not making you pay for my pants is the pinnacle of kindness , you realize ? The child ignored him and kept wailing for grandma .

The crowd noise was bad enough , and the childs sharp cries gave Jeremy a headache .

He turned his head and observed for a while .

He saw a family of three , a couple with a little girl .

Glancing at the girl , Jeremy thought of Yvonne , and he felt a little comforted .

Yvonne was clean , pink , and adorable .

He needed to offload this grimy barnacle as soon as possible and find Yvonne to heal his traumatized soul .

So he walked over and patted the man on the shoulder .

When the man looked over , Jeremy pulled the child off his lap in disgust and handed him to the man .

Sir , can you do me a favor ? he said , acting very familiar .

Jeremy said , unable to bear looking at the child , Arent there police officers ahead ? Please hand this child over to them .

Hes lost and said hes looking for his grandma .

The man was stunned for a moment , not understanding what was going on .

The police station is just up ahead , young man .

Why do you need us to take you there ? These days , caution was wise .

The moment Jeremy tried to step back , the child latched onto his leg again .

His suffering expression made a comeback .

Not to mention the kid , even he kind of wanted to find his grandma now .

Hes disgusting .

I cant deal Meeting the mans dubious gaze .

Jeremy was very honest .

His whole body , even his hair , was oozing resistance .

The man was taken aback for a moment .

He exchanged glances with his wife , handed his daughter over to her , then reached out and pulled the boy clinging to Jeremy off .

As he pulled , the nightmare returned that horrifying , stretching strand of snot reappeared between the child and Jeremys 2/3 * 16:38 Sat , 12 Apr N N N Chapter 312 ruined pants.

This time , the man fell silent .

He finally understood why Jeremy hadnt taken the child to the police .

To be honest , he was a little disgusted to But he still pulled the child off .

The elder brother hesitated for a long time , but finally bent down and picked him up , walking toward the police car .

Jeremy dragged one leg behind him , and just as he reached the police car , a loud , sharp voice suddenly rang out .

Adam ! My Adam ! Θ

Chapter 313 Before Jeremy could react , a short , stout figure rushed over and pounced on the dirty child .

The woman who rushed over looked very agitated , grabbing the boys body and holding him tightly to her chest .

Jeremy saw it At the moment of the embrace , all the snot on the dirty childs face was smeared on the womans clothes , and when it was pulled apart , it stretched into strings How does this kid produce so much mucus ? Is he even humant I hope its not some snotty alien invasion : Jeremy recoiled in horror , glancing down at his own ruined pants ..

At this moment , it was as if his pants had become a part of him .

Just that small area made his whole leg unable to move .

Stiffly , Jeremy turned his head to look around .

He had not forgotten why he came here .

He remembered that when he was lifted up by the two men , he saw Yvonne in the encirclement He thought of what happened at the amusement park last time , when there were also a lot of people around , so he now seriously suspected that Yvonne was being bullied .

Just as Jeremy was looking around , he suddenly heard a familiar voice coming from afar .

With a sweet voice full of surprise , she happily called out to him , Jeremy ! Although there were many people talking around , her voice traveled straight in into his cars .

As if sensing something , he looked up in a certain direction .

At that moment , Jeremy felt what destiny meant .

The next second , Yvonne was carried over , and she pounded her little fists on him .

She was angry and resentful .

But it even when Yvonne was angry , she was still very cute .

She withdrew her small fists and said to him angrily , Jeremy , you are so unreliable !
She learned the word unreliable from her uncles and aunts at home ; she remembered that they always said that about Jeremy .

Even though Yvonne didnt know the meaning of the word , she memorized it and remembered that it was always associated with her brother , as if it were an adjective exclusively for him ..

Just now , she swung her little fists and punched Jeremy twice , and the word naturally popped out of her mouth .

It was as if her subconscious was telling her that it was time to use this word .

She withdrew her little hand and continued to hold it to her chest .

Her serious little expression didnt last a few seconds before she smiled again .

She was actually very happy to find Jeremy , and two small dimples appeared on her soft , fair face .

1/5 After being punched twice , Jeremy was also very happy and even went over with a playful smile Jeremy didnt realize what the two punches were for at all .

He thought Yvonne was just playing with him .

Moreover , Yvonnas two punches just now were so light .

In fact , they were soft and fluffy , like cat punches , because she couldnt bear to exert any force .

He felt even more that Yvonne was playing with him , and all he could think about was how cute she was How could a child be so cute ? The moment he saw his precious sister , the trauma of the snot strand leg evaporated .

Otherwise , he couldnt possibly be smiling this wide .

Right now , his mind was filled with thoughts about what happened to Yvonne , whether she was hurt , and things like that .

When Jeremy chose to be reliable , he could be surprisingly competent .

Jeremy thought for a moment , then leaned closer to her and asked with concern , Yvonne , what happened in there just now ! Are you alright ? Did anyone bully you , or did they turn you into French fries again ? With her little hands clasped together , Yvonne shook her head in confusion .

She had been muddling through the entire time , only half understanding what was going on .

After shaking her head , Yvonne said softly , I dont know , Jeremy .

Jeremy then turned to Grave , who was holding her .

Grave , why were you at the center just now ? What happened ? Grave didnt explain .

He tilted his chin towards the middle aged woman holding the child , signaling for Jeremy to look .

No need for explanations now , the person who caused the conflict was coming their way .

When Jeremy saw the child , he was reminded of his leg , and his expression instantly darkened .

Although he didnt know what had happened just now , he vaguely felt that maybe now was not the time to be concerned about his pants , Because the middle aged woman who rushed over suddenly pointed at him and said in an angry and loud voice , Kidnapper ! I told you they were in cahoots .

They were all kidnappers ! But no one believed me ! Now do you see ? After saying these words , she turned her head and looked at the people around her with a triumphant look , as if showing off You see it now , you all see it now ! I was right .

Jeremy turned his head in bewilderment and looked at Yvonne .

When the middle aged woman said this , Yvonne remembered .

Her black and clear big eyes blinked , and then she put on a serious look on her little face and said seriously , Jeremy , I remember ! She dragged her soft , sweet voice and said each word clearly , She said Mr.

Sterling is a kidnapper .

After Yvonne finished speaking , she paused , her big eyes swept over the middle aged woman , and then she added as if she had thought of something .

Hey , but now youre one too , Jeremy She smiled foolishly , probably not realizing the seriousness of the situation at all .

Neither did Jeremy Chapter 313 He leaned in and pinched Yvonne's soft cheek , asking her with a smile , You're still so happy after being writhing Damn , his sister was too cute , instantly curing his earlier trauma Grave looked at him expressionlessly and made a sharp retort .

Aren't you happy foot The siblings were two peas in a pod Oise curless about the situation , the other confident that nothing bad would happen , so they were both grin The middle aged woman was still trying to stir up the emotions of the surrounding pedestrians , but their reactions were not at all what she had imagined .

The surrounding murmurs all turned into , Wow , that young man is so handsome Yes , yes , super handsome .

The most important thing is that he looks so young .

Jeremy couldn't help but smile .

He'd always believed in one truth : The masses see clearly .

Seeing that no one was paying attention to her , the woman cursed angrily and turned to the police.

She came over with the police , stood in front of Jeremy , pointed at him , and said as if she had seen it with her own eyes , I told you he's a kidnapper ! His accomplice took my grandson .

You all saw it just now .

These two are together .

My grandson was with his accomplice , and he broke free and ran over after seeing me ! At this point , she took Adam's hand again , her grievance overflowing with snot and tears , with a touch of genuine emotion .

If my grandson hadn't been clever and run toward me , these two kidnappers would have succeeded After listening to her words , Jeremy redefined the word clever .

He glanced at the dazed and dirty child with disgust .

So clever .

Unable to hold back any longer , he retorted , Seriously , lady ? If you hadnt said he was your grandson , I would have thought he was abandoned for having a mental disability .

The direct insult struck like a slap to the face .

The womans eyes widened , staring at him in shock and anger , pointing her finger at him .

How dare you call my Adam mentally challenged ? The woman had just found her precious grandson and was still feeling affectionate .

She couldnt bear to hear anyone speak ill of him .

Enraged , she lunged to shove Jeremy But her aging body was no match for Jeremys agility .

In disbelief , she repeated Seeing the woman reaching out , Jeremy immediately recalled how she had wiped the dirty childs face , and then be backed away in disgust behind Grave .

Disgusting .

Despite dodging , his sharp tongue didnt spare her .

He knew that with Grave present , no one could punish him for his Venomous words .

This only emboldened him further .

Your childs name is Adam , right ? Let me tell you , Adam clung to me earlier and wiped his snot on my leg .

I thought he had some intellectual disability , so I asked that gentleman to help send him to the police .

To my surprise , before we could reach the police , the two of you were reunited
Chapter 313 After speaking , Jeremy looked down at his pants and stuck out the soiled leg .

Now that weve found his dear grandma , you can pay for my ruined pants .

Theyre unwearable now His expression changed quickly .

Although he had just said that he didnt want the kid to compensate him , that was then
The woman didnt respond , probably because she didnt understand why the topic had suddenly shifted from kidnapping to compensation for pants .

At this moment , the man whom Jeremy had entrusted with Adam a few minutes ago to hand Adam over to the police also stood up to testify for him .

This young man is not lying .

It was he who handed the child over to me and asked me to bring him to the police .

Perhaps noticing the womans arrogance , he paused and added , And when he brought the child over , the child did get this young mans pants dirty And so the scene unfolded .

The woman clamored for the police to arrest the kidnapper , while Jeremy insisted that the woman compensate him for his pants .

They argued back and forth , a perfect match in stubbornness .

The woman was unreasonable , and he was no less so .

Seeing that the situation was getting out of hand , the police intervened .

They still didnt know what had happened .

They had received a call and rushed to the scene .

As soon as they got out of their car and squeezed through the crowd , they saw the two parties arguing .

A policeman approached them and asked the woman sternly , Is the child mentioned in the call yours ? The woman nodded , then shook her head hastily .

Pointing at the onlookers , she said in an unfriendly tone .

They made the call .

Then , she muttered under her breath , her voice laced with coldness .

Meddlesome fools Her son would definitely find out about this incident .

With people recording videos and the police involved , things had escalated beyond her control .

She wouldnt be able to explain it away easily .

Although she had spoken quietly , the policeman closest to her still overheard her .

The policeman frowned and couldnt help but lecture her .

The woman hadn't called the police to be lectured .

She wanted them to punish the kidnapper .

She cut the police officer off , her voice shrill .

Officer , hurry up and arrest these kidnappers ! Don't let them harm other families ! As soon as she finished speaking .

Jeremy also spoke up , using the same tone , Officer , please make this person pay for my pants and wipe this dirty kid's snot .

Don't let him ruin anyone else's pants ! The woman glared fiercely .

Jeremy wasn't angry ; instead , he smiled at her mischievously .

Pants , pants .

How much could your stupid pants even cost? Unable to argue with Jeremy and infuriated by his composure , the woman resorted to another tactic .

You look like you've never seen money in your life ! My son makes 40,000 dollars a month , more than you'll earn in your entire pathetic lifetime ! Chapter 353 Jezerrys eyes widened slightly .

After a few seconds of sword silence , he exclaimed , Wow 10,000 dollars a month , how impressive And then he actually started pring hee He smiled artively .

Your son is so capable , making that much money in a month Surely he wouldn't be stingy enough to refuse to compensate me for a pair of pants , right Seeing Jeremy's change in attitude , the woman was first surprised , then calmly arpeped in Obviously , this boy was intimidated by her son's surense .

Flattered , she couldn't help but nod .

Of course , it's just a pair of pants She looked Jeremy up and down , but couldn't make out any brands on his clothes .

They looked ordinary just well firing She had never seen this style before She thought this pair of pants probably didn't cost more than five hundred dollars at most Five hundred dollars didn't need to bother her son at all ; she could compensate him with her own pocket money But the woman had always been an extremely stingy person , even haggling for a long time when buying groceries , let alone five hundred dollars , which was a huge sum of money for her .

She hesitated , thinking that there were so many people watching .

It wouldnt be good to go back on her word after putting on a show , as she would be laughed at So she held back her distress and pretended to be indifferent .

Tell me , how much is it ? The handsome young man smiled and dropped a number that shattered her reality .

Youre a generous lady Jeremy complimented her first , then smiled These pants are cheap , just two months of your sons salary , a total of 84,000 .

Since Ive worn them before , Ill give you a discount and make it 80,000 He said it casually , as if the number in his mouth wasnt 80,000 dollars , but 8 dollars .

Chapter 314 Upon hearing this , the woman retorted without a second thought , Youre cut of your mind Trying to scam me ! Do you even know who I Her tone was intimidating , full of bluster .

Jeremy smiled and asked , Who should I ask about ? The furious woman fell silent for two seconds , opened her mouth , and found herself speechless .

She probably didnt expect him to answer like that .

This wasnt how arguments usually went .

Why wasnt he yelling back ? Whatever .

If she couldnt win this fight , shed just sue the police on him .

So the woman remembered the police she had ignored .

She turned her head and , instead of being arrogant , she looked extremely aggrieved .

You heard him ! Not only did he try to kidnap my grandson , but now hes extorting money ! Arrest him ! The police were speechless .

Theyd tried intervening earlier while she was arguing , but shed ignored them .

Now that she was losing , suddenly they were useful again ? What an absurd woman .

After calming down , the policeman looked at Jeremy .

In the dim light of the park , they could see that Jeremy was handsome , neatly dressed , and looked respectable .

He didnt look like a kidnapper at all .

But in order to maintain rigorous law enforcement , he still seriously asked , Young man , you said that your pants cost 80,000 dollars .

Is there anything you can show to prove it ? Jeremy thought about it seriously for a moment and then shook his head .

Proof ? For just 80,000 ? Really ? The second he shook his head , the middle aged woman jumped out excitedly and pointed at him , shouting , I knew it ! Young people these days have no morals .

Instead of thinking about how to study and work hard , they even resort to cheating .

Shame on your She added , Even if I threw away 80,000 dollars , I would never give it to your As if she would actually give it .

Seeing her jumping up and down excitedly , Jeremys face became a little distressed .

His clothes were all custom made at a workshop .

Every time they were delivered , his assistant would bring him the bill .

However , the bill was sent directly to his father , and he only saw the price .

Just then , Grave , who had been standing behind him without saying a word , suddenly spoke , I have it on my phone .

He said this to Jeremy , who brightened instantly and pulled out his phone .

Jeremy had kept his phone with him the whole time and hadnt even taken it out .

1/6 Chepore 314 He had been planning to lay something , but seeing the commotion here , he put down what he wanted to buy and came Jeremy handed Grave his phone and stood beside him expectantly , watching as Grave opened one of his commonly used module banking apps .

Well , it was that he often used this app ; it was the bank the Holmes family used to transfer money .

It seemed that they had a partnership with this bank , so everyone from top to bottom used this bank to transfer money Then , with a calm expression , he opened his assets .

bering the long string of zeros behind it , Jeremy exclaimed like he had never seen so much money before , his eyes shining .

Wow , Grave , you have so much money Hearing this , Grave gave him a complicated look , unable to tell for a moment whether this heir of the Adler family was mocking him or genuinely complimenting him .

Was this even a lot for him ? He handed the phone to Jeremy and stood next to him , holding Yvonne , becoming a background figure .

Yvonne , in his arms , tilted her head , counting on her fingers as if she had encountered a difficult problem , her voice soft and childish .

One , ten , hundred , thousand , ten thousand ... How much is that in total ? Yvonne forgot ... Grave also forgot .

After all , who stares at their balance all day long ? Receiving the phone , Jeremy was like receiving an exemption card , a smile returning to his face .

He walked over to the policeman and showed him the assets on his phone .

Here is the proof .

The string of numbers was so long it made their eyes cross .

The officers counted twice and still couldnt keep track , whether from the small font or the sheer digits .

It was the first time they had seen such a large sum of money .

They coughed lightly , suppressed the turbulent waves in their hearts , and asked , trying to appear calm , Excuse me , what is your relationship with this person ? Jeremy turned to look at Grave .

Hed only known Grave for a few days ever since he started tagging along whenever Jeremy took Yvonne out to play He knew Grave was sent by Tinley , but didnt even know his full name .

Just that Yvonne called him Mr.

Sterling So ... no real relationship to speak of As if reading his mind , Grave lifted Yvonne in his arms and stated flatly to the officers , I just work for their parents .

It was just that the salary was a little higher , but he was still an employee without freedom .

The police nodded .

Oh , an employer : Two seconds later , they reacted abruptly .

Wait ! Employee ? An employee with that much money ? So their parents ..

One of the people who came was a veteran policeman .

He had been working for a long time , and he had heard a little about the circles in Strate City .

He had heard from his knowledgeable colleagues when he was resting .

Oh ! Who threw a phone at me ? Are you trying to kill me The voice was loud and age , sounding like a powerful burly man .

The moment the middle aged woman heard this voice , her expression suddenly became guilty She had intended to throw it into the lake , but it missed .

How did it end up hiring someone Before she could think , the two police officers behind her suddenly apprehended her The woman turned to look at them in a panic , her face a mask of terror For your actions just now , the officer said sternly , we are arresting you for assault .

How did I assault anyone ? The officers voice grew stemmer .

Looking at the unrepentant woman , he pointed angrily in the direction of the crowd and roared .

Do you realize a phone could kill someone ! There are so many people here .

If you throw your phone and it hits someones head , thats murder ? Speaking of which , the police officer paused before adding .

Tet me tell you , you also have to compensate for the medical expenses and emotional distress of that passerby Upon hearing this , Jeremy reminded him from the side , Officer , what about my pants TM He knew he wouldnt be able to get full compensation for his pants , but the more he got , the less this annoying woman would spend , so he had to try .

He could even donate the money after receiving it .

The police officer looked at him , his tone softening slightly .

Young man , one of you will need to come with us to the police station .

Hearing this .

Jeremy didnt hesitate to step forward Till go , Officer He glanced back and , as expected , Yvonne had already fallen asleep , unable to keep her eyes open .

He turned to Grave and smiled .

Grave , please take Yvonne home .

After you arrive , just let the bodyguards at the door know .

Sorry to trouble you .

Concisely , Grave nodded , his face grim This was the only decent thing Jeremy had done all evening- After giving their instructions , the police officers located the passerby who had been hit on the shoulder by the phone .

retrieving Graves phone .

Immediately afterward , they called an ambulance and sent the passerby to the hospital for a check up .

Even now , the woman watched in agony .

All those medical bills ! Look at him bouncing around like a rabbit ! What kind of examination does he need way to waste her money .

It was just a w As much as she didnt want to , she still had to go to the police station this time .

Seeing his grandma about to be taken into the police car , Adam cried , hugging her leg and whimpering .

Dont arrest my Grandma ! Adam had been quiet , and because of his Grandmas strange behavior , all the police officers were focused on her and had ignored Adam His outburst reminded officers of his presence .

Chapter 314 So the police took him into the police car as well .

After they left , the crowd that had gathered slowly dispersed .

Everyone had come here for an evening stroll , but they hadnt expected to witness such a dramatic scene .

Satisfied , they left .

As the crowd dispersed , snippets of conversation floated through the night air .

I've never seen anyone like this before .

How can anyone be so strange ! Yeah, yeah .

This was next level absurd .

Best entertainment I've seen in ages .

I recorded the whole thing .

I'm going to send it to my friends when I get back .

They'll think this person is super strange .

too That woman even tried to stop people from calling the police ! By the way , do you think that guy's pants really cost eighty thousand ? I I don't know .

It feels possible .

After all , this is Strate City .

Wouldn't shock me if they cost 800,000 Strate City , a place where big shots walked everywhere .

You never knew the identities of people strolling in the same park as you .

It was very possible that in the moment you brushed past someone , you'd already met the most powerful person you would ever encounter in your life .

If that was really the case , then that woman was going to be in big trouble this time .

Jeremy took Yvonne back and handed the sleeping Yvonne to Wendy , who was waiting outside .

His movements were gentle , not as casual as usual .

Sensing his subtle change , Wendy glanced at him but didn't say anything .

Instead , she wore an expression that suggested she had expected this .

Told you .

Miss Adler is so lovely .

It's a good choice to follow her ! After picking up sleeping Yvonne , Wendy carried her back .

Grave walked to the opposite door , told the bodyguard at the door of the Adler family what Jeremy had told him , and went back to sleep .

Knowing that Jeremy was at the police station , the butler hurried over with someone .

He didn't dare to delay at all , so it was soon .

It wasn't long after Jeremy left that the butler went with people .

at the police After entering , he first looked at Jeremy , and after confirming that nothing was wrong , he talked to the people at station .

By 10 p.m.

, the district police stations higher ups had all gathered in a panic .

Upon asking , they learned that someone had called the police and arrested the young heir of the Adler family , accusing him of being a kidnapper .

Now Jeremy was sitting in the police station , and the Adler family was there to get him out .

The station chief , sweating bullets , assured the butler .

This was all a misunderstanding .

Chapter 314 The butler smiled .

Are you sure you have investigated it thoroughly ? If you leave , I will take Mr.

Adler home No one dared object ..

The police sent them away in a friendly manner .

Before leaving , Jeremy specifically instructed , That woman inside is really vicious .

You should investigate her thoroughly , really .

Chapter 315 The woman who was still arguing with the police suddenly felt a chill down her spine , as if she had a premonition that something terrible was about to happen ..

She shook her head , trying to shake off the bad feeling .

She told herself not to be scared , believing nothing bad would happen .

She hadnt broken any laws .

As for the intentional assault charge , she didnt deliberately throw the phone at the mans head .

These young police officers were lying to her .

Her son would bail her out once he arrived .

Ten minutes later , as the woman eagerly awaited , her son rushed over in his car His wife also arrived and immediately looked for her son Adam upon entering the police station .

Seeing Adam , she hurried over and embraced him tightly Her heart , which had been filled with fear and trepidation the entire way , finally calmed down Adams face had been cleaned by a kind policewoman who couldnt stand the sight of it any longer , and now he looked quite presentable At the same time , they also saw the woman who was being detained .

As if seeing her saviors , the woman excitedly called out to her son and daughter in law .

Son , son ! Tell these people to let me go ! Her son , who was talking to the police officer , glared at her with a dark face and snapped in a gloomy tone , Shut up ! After he finished talking to the police officer , he came over , but all he did was blame his mom Do you have any idea how much trouble youve caused me this time ? I cant save you .

Just wait here until your detention is over .

Hearing her son , whom she had always been proud of , say such things , the middle aged woman was shocked and couldnt believe it .

Son , how can you do this ? Dont you care about me anymore ? Her son , suppressing his anger , sneered and said , Do you know who you offended this time ? Let me tell you , you can only stay here until your time is up .

No one can save you ! Seeing her hurt expression , her son not only didnt feel sorry for her , but also felt as if it wasnt enough ..

Thanks to you , I got to meet so many important figures ! After youre out , Ill send you back to the village and give you two thousand dollars a month for living expenses .

Dont come back here again .

This was what the middle aged woman feared the most .

Before leaving home , shed bragged to everyone about her luxurious city life with her filial son .

If her son sent her back to the village now , everyone would know that her son had abandoned her .

After all , the New Year was approaching .

There must be a serious reason for him to do this .

She didnt even have to think about how those who usually looked down on her in the village would gossip .

The thought of facing the villagers mockery and scorn was unbearable for the proud woman .

It was worse than death .

1/5 * 64 % Chapter 315 She said emotionally , I wont go back to the village ! Why are you sending me back ? She had the nerve to ask why Her son laughed angrily and said with a sullen face , Lasked you to take Adam out for a walk , but you lost him and stopped others from calling the police ! Are you even his grandmother ? Even a stranger wouldnt be so heartless The woman was speechless .

She looked at him in surprise and blurted out , How did you know ? Its all over the internet ! Tomorrow , my colleagues and loss will know about it .

How am I supposed to face anyone at work if I dont send you away ? It took him so many years to gain a foothold in Strate City , so of course , he wouldnt want all his efforts to go down the drain because of his mother .

So , no matter what , he had to send his mother back to her hometown , or to a nursing home or something .

Seeing that her son was determined and there was no room for negotiation , the womans eyes went dark , as if she had lost her soul The thought of returning home to

face the villages ridicule was worse than death for someone like her. I'm too old for this suffering ! Seeing that her goal had not been achieved , she began to play the victim , crying her eyes out about how hard it was to raise a child on her own , hoping to use these words to awaken her sons filial piety .

But this time , her son remained unmoved .

Not that he had a choice this was beyond his pay grade .

The higher ups swarming the station earlier made it clear : his mother had offended someone big .

Even the director was being so respectful .

What could he possibly do ? Besides , he'd already seen the viral videos .

His mother had instigated everything , from harassing that young man to preventing people from calling the police to find Adam .

The entitled shrew on camera bore no resemblance to the meek victim she played at home .

Maybe this would teach her a lesson .

So after a quick stop to collect Adam , he left without another word .

He and his wife needed to go to the hospital to visit the innocent passerby who was hit by the mobile phone , and by the way , to compensate .

It was best to separate his behavior from his mothers behavior , so that everyone knew that he was different from his mother , so that his reputation would be less affected .

Just like that , after he resolutely left with his wife and child , the invincible woman was completely wilted , and there was no longer majestic momentum when she was arguing with others .

The innocent passerby who was hit by the mobile phone was sent to the hospital , and the doctor issued a medical certificate of minor injuries , so the woman had to be detained for twenty days for the crime of intentional injury .

After leaving the detention center , what awaited her was a ticket back to her hometown .

2/5 Chapter 315 It was almost the end of the year , and both the Adler family and the Holmes family had one by one Even Richard , who usually strolled between the two

estates , had been busy all day long , he were ourly and late every day , accompanying Ian .

No one knew what they were up to Jeremy couldnt even find them to ask what they were doing The rest of the Holmes family was pretty much the same Thats why , even though he wasnt reliable last night when taking Yvonne out , no one blamed him .

He was worried all night , but when he got up in the morning , everyone in the family had gone out to work on these ouen business , except for Charles , who was at home But Charles was also busy studying with his teacher in the study all day long and he didnt even took out Only when Yvonne came to the Adlers residence to play would he come out of the study .

The rest of the time , afre de let .

Jeremy hardly ever saw him .

He was very mysterious .

And Stefan .

But Stefan was understandable .

After all , Stefan was about to take over part of the fatally is it was only right that he should take this opportunity to learn , socialize , and be busy .

Jeremy sat alone at the large dining room table , a feeling of idleness washing over him .

It seemed to be true , He realized that as a member of the Adler family , he had always been a bit too laid back The Bower arrangement dasses his eldest brother had arranged for him were finished , leaving him with absolutely nothing to do How inappropriate ! A young man like himself shouldnt be wasting his life like this Jeremy reflected for two minutes , finished his meal , and immediately tossed the thought aside .

Being idle was good .

Precisely because he had free time , he could play with Yvonne every day: Otherwise she would be vo bored .

With both families so busy lately and no one competing with him for her attention , he was living his dream .

He After breakfast , he resolutely headed across to the Holmes residence .

As he had expected , when he found Yvonne , she was playing with the fox .

She played quietly by herself , throwing something in her hand for the little fox to retrieve .

This seemingly brought her great joy .

But the plump fox quickly grew tired after a few runs .

It returned to curl lazily against her legs , keeping its eyes firmly shut no matter how much Yvonne shook it .

Jeremy remembered that when Richard first brought the little fox back , it was still silly and cute , but recently , it seemed to have developed frightening intelligence , almost like a human child .

The cunning creature knew exactly how to act cute to get treats from Yvonne , even when it misbehaved .

Apart from food , its favorite activity was clinging to Yvonne's side .

Jeremy knew exactly why .

Even breathing became easier around his sister .

With animals keen senses , the fox must have noticed this long ago .

Look how fat its gotten ! The chubby fox whined in protest , squirming in his grip ..

But Jeremy remained unmoved , mercilessly passing it to the servant to be leashed and exercised .

Seeing the little fox's resentful and dissatisfied eyes as it left , he sneered , patted the white fur off his clothes , and turned to go inside .

Living a more comfortable life than I do .

Unacceptable .

That's why he decided to take it out for some exercise .

If he didnt do something about this silly creature , it would turn into a ball After the fox was taken away by the servant , he turned back , lifted Yvonne from the chair , and held her in his arms .

With that space hogging fat fox out of the way , he could finally cuddle Yvonne .

Yvonnnes body was fragrant and soft ; that fat fox really knew how to enjoy life .

After enjoying some cuddle time , he lifted his head from her fluffy hair and said with great anticipation .

Lets go out and play .

Hesitating slightly , Yvonne didnt answer immediately .

Instead , she cautiously inquired in a sweet , childish voice .

Where are we going ? Jeremy had already pondered this question on his way there .

Though he had nothing to do , he could carry Yvonne to observe busy people working .

That way , hed technically be occupied too .

The image of his father or grandfather swamped with work at the company while he strolled past with Yvonne in his arms , drawing everyones attention , filled him with delight .

What a delightful scene ! Eagerly , he explained this brilliant plan to Yvonne in his arms , hoping for her support .

However , Yvonnnes response was a mixture of shock and worry as she looked at him Her pink lips parted slightly , and she hesitated for a moment before finally deciding to offer a word of caution .

That might not be a good idea , Jeremy ... she began tentatively , her voice barely a whisper , I have a feeling Richard might chase us with a stick ... What ? Taken aback , Jeremy cupped her face to stare directly into her big , dark eyes , correcting her solemnly , Yvonne , you must misunderstand your position Yvonne let out a blank ah sound , not understanding what he meant , her eyes staring at him blankly .

How could Richard possibly chase after you with a stick ? Let alone doing it , he couldnt even bear to hear such a thing After explaining this matter , which he found rather baffling , he rubbed Yvonnnes head , comforting her warmly .

Yvonne nodded her head obediently , her big , clear eyes fixed on him without blinking .

She said in a sweet , childish voice , I know that , Jeremy A second before Jeremy could voice his confusion , she carefully explained , word by word , vividly demonstrating how to say the most hurtful words with the most adorable face .

Richard loves me so much , he would never hit me Yvonne had a very accurate understanding of her status as the family favorite .

Two small dimples appeared on her soft , fair cheeks as she smiled , her eyes curving into crescent moons .

So I meant you , Jeremy .

Youll be the one chased with sticks .

Jeremy fell completely silent .

He froze for two seconds before looking up blankly , glancing around .

He asked .

What did Holmes chef feed you this morning ? It made your little mouth so poisonous .

At his words , Yvonne hurriedly covered her mouth , her eyes widening as she stared at him in alarm .

Poison ? Seeing her adorable reaction , Jeremy grinned .

Just kidding .

Lets go find them .

So what if he got beaten ? It was nothing new .

Ever since living with Richard , Jeremyd been regularly hunted down with that merciless stick Richard was stubborn , and so was Jeremy , one disrespectful of elders , the other unkind to youth .

Put together , clashes were inevitable .

But those seemingly thick and long sticks hardly hit him .

So he wasn't afraid at all ; he even took it as an opportunity to exercise , and he could even get Richard to exercise with him .

What a healthy activity .
