

Super D. S 10

Chapter 10: Out of town

These three bottles of medicinal herbs were also swallowed by Ye Xuan without exception. He estimated that he would be able to break through to the fifth middle of the martial arts with a good thing of about 500,000 yuan.

It is a pity that although there are many things that are swallowed, they are not particularly precious, so they do not get the engulfing points.

Now, he is already farther from the fifth middle of the martial arts. As long as he breaks through, at that time, I am afraid that he can sweep the entire young generation of Chen, even if the first person in the Chen family is not his opponent. Such qualifications, even if it is a slap in the clouds, is one of the few. If you let him enter the Li Yunzong, then you can definitely get the key training.

However, 500,000 yuan of silver, this is not a small amount.

He only scratched two thousand and two silvers from Chen Song and Ye Kai. After all, he went out for a walk and didn't need to bring too many silver tickets.

"Now this is not bad, as long as you have the money to upgrade, it is much easier than normal practice." Ye Xuan heart secretly said, followed by holding Ye Kai's sword, went home.

Before the unlucky dantian was broken, it was repaired as a loss, so it was also smashed out of all the homes, and then purchased the medicinal herbs, etc., hoping to recover.

Although this sword was stolen from Ye Kaina, it belongs to him now, and then Ye Xuan has his own plan and needs a sword to use, so he did not swallow it.

As for Chen Song's mess, let's pack it up.

.....

Ye Xuan also bought a lot of things on the way home, because next time, he needs to leave Lianyun City for a while.

"Young Master, you are back." Liu Er ran from the house.

"Well, the young master has already taken revenge for you. I have all the clothes of Chen Song, and then I threw it on the street." Ye Xuan nodded.

After hearing this, Liu Er was shocked. Ye Xuan went out for less than half an hour and even avenged himself?

"Young Master..." Liu Er's eyes were instantly wet. It is estimated that only Ye Xuan, a young master, dared to light the Chen family's clothes and then threw them into the street.

"Hey, Liu, you are crying again, this is not a big deal." Ye Xuan stroked the hair of Fu Liuer, and then found a small jade bottle from his arms, said: "This is a healing medicine, Liu Er You treat the wound. In addition, I brought a lot of things back. You should remember not to go out these days."

Although Liu Er is only twelve or three years old, she is not stupid. She hurriedly asked: "Where are you going?"

"I want to go out of the city, now we are helpless, so I want to contact my father's friend." Ye Xuan said slowly.

But this is also a reason for his on-site editing. This time he is not looking for people, but going to experience.

There are only 30,000 yuan in silver and Ye Kai's sword. If you want to upgrade in the future, you will need a lot of heavenly treasures and medicinal herbs.

So this time he is going out to kill some monsters and then sell those precious materials.

"Liu Er also wants to go." Liu Er said with a look of concern.

"Don't be afraid, now the young master has recovered his strength, and it is still stronger. I will be back in a while. You can't go out and remember these days." Ye Xuan shook his head.

For Liu, an ordinary person, it is safer to stay in the city, and the house he bought is very hidden, there are not many pedestrians, so there is generally nothing wrong with it.

"Well, Master, you have to be careful." Liu Er also knows that he will drag Ye Xuan, so there is no insistence, if anything happens on the way, Ye Xuan must protect him, which is equivalent to an extra burden.

"Well, then I will leave, I will be as soon as possible." Ye Xuan repeated.

Liu Er nodded, and Chong Ye Xuan waved his hand, and the small face was full of reluctance: "You must hurry back soon..."

"it is good!"

When the voice fell, Ye Xuan left.

.....

After leaving the residence, Ye Xuan went to the stable and bought a good horse. Because he went out to practice, he only had 10,000 silver coins on his body. The remaining 20,000 silver was reserved for Liu child.

Then, he went to buy some things that he had to go out and practice, and then he hurried out of the city.

He estimated that at this time Ye Jia should be looking for him in the city. After all, he threw the light of Chen Song, the fourth middle of the martial arts, on the street.

This shows that his realm is definitely restored.

"Hey, I will cultivate it when it is useful. When I have no use, I will open my foot. When I return, I will give you a surprise!"

Ye Xuan's heart whispered, then he rode on the horse and ran towards the distance.

Although he didn't ride horses before crossing, he didn't even see the horse, but the unlucky ones would, so Ye Xuan is now riding.

This time he is going to a place called the Lianyun 18 Mountain Range, where there are endless monsters.

Ye Xuan is now the fifth stage of the martial arts. As long as he does not encounter the sixth or above monsters, there should be no problem. Moreover, the more powerful monsters in the Lianyun 18 Mountains, the mountains behind the mountains, and Ye Xuan's goal is to experience in the top ten mountains.

He spent more than a day on the road and finally arrived at the entrance to the Lianyun 18 Mountain Range in the evening. This place is an excellent place in Nanlin County, so there are a lot of people, but because it is night, there is no outside. how many people.

"It's too late today, still have a rest, and go in tomorrow."

Ye Xuan thought about it, then he sat down to rest, and took the time to practice martial arts.

The unlucky one is the first genius of Ye Family. The martial arts he cultivated is also very high in quality, and Ye Xuan is just an ordinary person when he crosses it. Even Chinese garden dogs can't beat it, let alone martial arts.

However, after a few days of rest and practice, as well as the fighting skills of the unlucky ones, his combat power is not bad.

The next day, he got up early and then entered the Lianyun 18 Mountain Range.

In the Lianyun Eighteen Mountains, the first few mountains are some weak monsters. Ye Xuan has just entered, and he has encountered a wild boar with green skin.

According to the memory of the unlucky, Ye Xuan knew that this is a kind of monster called the green pig, the strength is second-order, equivalent to the second weapon of the martial arts.

"Cut, you can see you with a punch."

Ye Xuan did not pull the sword, and directly hit the head of the green-haired pig's demon animal. At that time, the strong fist was to kill the green-haired pig.
