Chapter 100: Hit the door!

However, the man's forefoot has not yet fallen, and a figure has swept to him, and then he punched it out. He also flew out like the guard.

"Zhang Lie, get out of me!"

Ye Xuan screamed in the sky and heard the sound of the sky. Almost half of the people in the city could hear it.

At the moment, the people around me are thinking about it. Who is Zhang Lie?

However, the next moment, they all responded.

Zhang Lie, isn't it the city owner of Wanjincheng?

Who is so courageous to provoke the city of Wanjincheng?

In the meantime, there were many people who came around and saw that only one teenager stood outside the city government.

it's him?

"Hey, this boy, isn't the son-in-law of Xue's family?"

Someone recognized Ye Xuan.

"It turned out that Xue family was found to be the enemy of the country a few days ago, he must come to save the Xue family!"

"But it is a big sin to sell the country to the enemy. It is to be beheaded. Can he save it?"

"This is not necessarily the case. He is the apprentice of the deputy lord of the Li Yunzong. The Yunyun sect is a big faction. It is said that the lord is a super strong."

Although many of the masses are ordinary people, there are many well-informed people.

Soon, more and more people.

Then, there were a lot of strong people coming from the city's main government. There were also guards and Zhang Lie's offerings.

"Bad boy, do you dare to call the name of the city owner in front of the city government?"

A strong man came out under the crowd of the masters.

He just showed up and someone recognized him.

"It is Cao Ba, the chief security officer of the city government, Cao Pa!"

"I heard that he was the one that the city owner had just recruited. He used to be the mentor of the cracked Tianzong, and his strength is no small feat."

When the brawny came out, the masses couldn't help but step back, because this Cao Pa was very ferocious. This month has already killed several people, and they are all innocent people.

Therefore, his fierce name has already spread in Wanjincheng.

"Is it you, yelling at this?" After Cao Ba came out, he also looked around and then turned his attention to Ye Xuan.

Ye Xuan looked at him and felt the violent breath of the other party. He did not expect that Zhang Lie had recruited a martial martial martial martial artist. The luck was not bad.

"Not bad!"

Ye Xuan nodded.

"Great courage, you are looking for death!"

This Cao Pa is also an acute child. If he doesn't agree, he will start directly. He will come up one step and reach out to Ye Xuan's face. His hand like a bear's paw, if it is fanned on the face of ordinary people, can definitely put each other's face. The head gives the shot.

"It's terrible. This slap of Cao Ba is not something that ordinary people can afford. This kid is finished!"

Someone immediately closed his eyes and did not dare to look at the next scene.

"Snapped!"

Some people's eyes have not been closed, there is a crisp sound spread, and at the same time, there is a group of people's exclamations.

However, what they expected did not happen at all. Ye Xuan was still standing in the same place, and Cao Ba was no longer there.

"Cao Ba Ren?"

"Well, it seems to fly to the head of the city."

"How can this be?"

A group of people couldn't believe that those who did not close their eyes did not see Ye Xuan's shot, nor did they see Cao Ba flying out. Only some military personnel could see a residual image.

For Cao Ba, Ye Xuan did not put it in his heart. After he punched him, Ye Xuan was again violently yelling: "Zhang Lie, give me out!"

"Who is looking for me?"

When Ye Xuan's voice has not yet fallen, the city's main government is coming out of a person. It is Zhang Lie who had had a relationship with Ye Xuan before.

"It's you?"

After Zhang Lie saw Ye Xuan, he was exclaimed, because Ye Xuan was the murderer who killed his son.

"Yes, it is me!" Ye Xuan nodded.

At the same time, he also noticed that after seeing him, this figure is constantly trembled. Obviously, it is somewhat irritating and may be shot at any time.

However, he understands what identity Ye Xuan is.

The deputy lord of the Li Yunzong!

He can't move at will!

"Ye Xuan, you murderer who killed me, dare to appear in front of me today?" Zhang Lie said with a face.

what?

After listening to the audience, they were immediately shocked.

The Shaocheng Lord of Wanjincheng was killed?

Moreover, is it the son-in-law of Xue's family?

Now, the surrounding people finally understand why Zhang Lie will arrest Xue Hai. It turned out to be the case.

revenge!

This is the use of power to retaliate!

"Zhang Chengzhu, you are so courageous, the property of Xue Xue, even gave Xue Jiaan a crime of selling the country to the enemy. It is a great courage!"

Ye Xuan looked at Zhang Lie and his face was cold.

"You are nonsense!" Zhang Lie was broken by Ye Xuan, and immediately violently shouted.

"The nonsense is nonsense, this depends on the evidence, but I only know that I have caught my father-in-law." Ye Xuan squinted.

"Xue Jiatong traitors the country, the evidence is conclusive." Zhang Lie replied.

"I said, I only know that you caught my father-in-law's family. Regardless of whether you have evidence or not, I hope that you can let them go." Ye Xuan used the word hope, but his attitude was very tough, a pair You don't let go, I won't appreciate it.

Zhang Lie is a generation of city owners, and Ye Xuan is actually playing in front of him. This is simply provoking his authority. He immediately yelled: "It's a big tone, you are just a civilian, dare to order me?"

"Oh, I am talking about hope, but if the city owner does not let people go, I will have other ways to let the city owner release." Ye Xuan said with a smile.

"Hey, just because of you, are you qualified to let me go?" Zhang Lie did not agree. Although Ye Xuan's identity is very unusual, his foot is the land of the Xuanyang Empire, and he is an official of the Xuanyang Empire, although not big. But it is also an official position, will you be afraid of Ye Xuan?

"I am just a civilian. Naturally, I can't let the city owner let go. However, Nanlin County inspections have made Ouyang Ming adults have this power?"

When Ye Xuan finished, he suddenly took out a token from his arms, which was the token that Ouyang Ming gave him that day.

"Inspection?"

Hearing this, Zhang Lie was unstoppable. He saw the token on Ye Xuan's hand and wrote the word Ouyang!

The status of the inspection is comparable to a county king.

"Impossible, how do you know Ouyang adults?" Zhang Lie could not believe.

"Humph."

Ye Xuan snorted and threw the token in his hand. Zhang Lie took a look and his face instantly became iron.

The material of this token is very special, it is the special material of the Emperor of the Xuanyang Empire, not the average person can get it.

"Impossible, why does Ye Xuan know the inspection, this is impossible!"

Zhang Lie's heart has been shouting, what is the status of inspection, and what is the status of Ye Xuan, why do they know each other?
