

Super D. S 1011

Chapter 1011: Break through again!

"The Eye of Silence!"

"The eye of decomposition!"

"The Eye of Burning!"

The deity and the avatar simultaneously overdraw their vitality and launch an attack against the Lord of the Wolf.

"It's over!"

The main face of the Wolf City is gray, in this case, he can only deal with attacks in one direction, and it is finished.

"Hey!" "Hey!" "Hey!"

Hundreds of fierce ghosts are still being blasted, but the next attack, the Wolf City owner has no ability to withstand.

"Oh!"

In a few crisp sounds, the owner of the Wolf City was cut into several segments by the attack of Ye Xuan, and the body fell from the sky.

Finally dead!

Ye Xuan breathed a sigh of relief, while others, after being scared for a long while, immediately fled.

Even the city owner is dead. If Ye Xuan is killing, who will block him?

"Run!"

The people underneath immediately slammed.

Ye Xuan did not take the time to kill these people, but there is one person, he is going to slaughter, that is Han Wei.

"Megatron, go."

He immediately ordered Megatron, and he was the sacred ring that plundered the Lord of the Wolf. When he got the ring, the system prompted the sound.

"Hey, the host breaks through, it's really hard to be five-fold!"

This time, he continued to break through, from the three real gas difficulties to the five-fold real gas, the strength has skyrocketed at least ten times.

If it is now, I am afraid that even if I don't have a card, I can fight with the Wolf City.

"No, don't kill me..."

Han Wei was so scared that he was flustered, but Megatron would not succumb to the heart, directly pierced the heart of Han Wei, and then went back to life.

"It's a good job, all these things are yours."

Ye Xuan said nothing, directly lost the obtained ore to the past, Megatron's small eyes lit up, transformed into a big tripod, all things into it.

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

Megatron is more fierce than Ye Xuan, and even jumps to three levels, reaching the fifth-order supreme Lingbao.

If Megatron is the same level, Wanjian Guizong will not be half lost by the owner of the Wolf City, so Ye Xuan feels it is necessary to pay attention to the strength of Megatron.

"This time I made a big profit, I married a city owner. When I go to the city government, I can make a lot of money."

Ye Xuan eyes a glimpse.

However, he thinks that the most precious thing about the Lord of the Wolf is the martial arts.

"Hey, the dragon hand repairs up to 70%!"

The system prompts.

There are two superb martial arts on the main body of this Wolf City. One is the wolf, and the other is the palm.

This wolf is able to use it. As for the palm of the leaf, Ye Xuan is too lazy to learn. It is a waste of super-phagocytic crystals, so it is directly used to repair the dragon's hand.

"After 30%, it can be completely repaired..."

Ye Xuan is a little excited, this is a supernatural power, then he will have another hole card, and it is the most powerful card.

At the moment, he is rushing to the main city of the city of the Wolf, but before that, he went to the Han family to go around.

Listening to other people's words, this Korean family still has a seven-year-old grandfather, but this does not pose any threat to the current Ye Xuan.

On the way, Ye Xuan went directly through the Han family and used the eyes of the control to directly search the Han family. Then, he went to the city government.

He estimated that if the city government was ransacked again, the repairing degree of the dragon hand could reach 80%. When he went to other cities to search for some martial arts, he could completely repair the dragon hand.

Thinking of this, Ye Xuan was a little excited.

There are still a few seven-strong gas in the city's main house, but this is not difficult for Ye Xuan, who is really hard-working. He is directly controlled by the eyes of the master.

Then, the city government was looted.

"Hey, the dragon hand repairs up to 85 percent!"

The system prompts again.

Now, with only 15% difference, he can have a supernatural power.

Due to the improvement of the realm, each upgrade experience will be greatly improved, so this time Ye Xuan did not upgrade, but after collecting so many things, his cultivation is also a lot of improvement.

The level of Megatron has also been upgraded once again, reaching the sixth-order sacred Lingbao, which is quite difficult for six.

Subsequently, Ye Xuan was the escape, because this area is in the jurisdiction of Wanhua Valley, the city owner was killed, and the master of Wanhua Valley should be dispatched.

Ye Xuan is not afraid of the nine strong and hard-powered strong, but he is now cooling his skills, or to avoid the edge as well.

Moreover, he also wants to find a place to practice.

At the moment, he is breaking open the void, away from the Wolf City, and looking back at the Snow Mountain Villa.

"Well? Ye Xuan, are you back?"

Ye Xuan was just landing, just heard a familiar voice. He turned his head and saw that the wind came to him without any trace.

"Well, things are coming back." Ye Xuan nodded silently, seeing the wind without traces, he would inevitably think of the wind as a ghost.

"The fall has been sent to Wanhua Valley, my big brother?" The wind saw the door of the void without a trace, and also asked subconsciously.

Ye Xuan also expected to be asked this question, so he replied as if nothing had happened. "Without dust, he escorted us to Wanhua Valley, and left, saying that it is going to experience."

"Oh, like this."

The wind nodded silently and there was no suspicion. At this time, he suddenly felt that Ye Xuan's breath was a bit strong, and he said: "Ye Xuan, your strength..."

"I have encountered some adventures, and I have eaten a treasure of heaven and earth. It is difficult to break through to the five-fold." Ye Xuan uttered a lie.

"Five weights are really hard!"

This answer, but the wind is scarred to scare, his grandmother snow red is only five times really hard.

Moreover, Ye Xuan was able to challenge beyond the level before, and now it is difficult to break through to the five-fold, the strength is probably stronger than the snow red.

"That is this..."

The wind did not trace his eyes on Yu Wen's heartlessness. He felt that Yu Wen's unintentional breath was no worse than snow red, and I am afraid it will be stronger.

"A friend who met on the road, six heavy gas is difficult, but can not speak, he will sit in the snow-capped mountains in the future." Ye Xuan said to the wind without a trace.

Yu Wen's unintentional strength is very strong, and he has realized the perfect level of swordsmanship, and it is enough for him to stay at Fengxue Mountain Villa.

"Six weights are really hard..."

The wind can't help but swallow the swallow, and the face is difficult to hide the joy. "You just came back, take a break..."

When he finished, he left directly. Ye Xuan knew that he was going to report with Xuehong.

Fengxue Mountain Villa has a strong five-strong powerhouse. It is also a six-figure, hard-won person who is sitting in the town. Who will dare to provoke the snow-capped mountains in the future?

This time back to Fengxue Mountain Villa, Ye Xuan also wants to see if the corpse ghosts really did not send ghosts to come over. At the same time, he also needs to cultivate.

"Hey, the middle-level Wu Jiandan is successful!"

Chapter 1012: Falling down

"Hey, the middle-level Wu Jiandan is successful!"

The system prompts.

Ye Xuan plundered so much wealth, and finally it was enough to exchange a middle-level Wu Jian Dan, so this time just come back to see if you can comprehend the perfect level sword.

Due to the blood link, his deity takes the intermediate level Wu Jian Dan. The first and second avatars will have an effect, that is, three times the effect, instead of three times the sustained effect.

At the moment, he is taking Wu Jiandan and entering the state of Wu Jian.

A Wu Jian Dan, who lasted for 12 hours, must understand the perfect level of swords within these 12 hours. Otherwise, he would have to spend twice as much super-phagocytic crystallization as a medium-level Wu Jiandan. .

During his cultivation, Xue Hong and others also came to see it once, but saw that Ye Xuan was practicing, so he did not bother and left.

"Young master, it is already difficult to triple, and the ancestors said that they would accept me as a disciple.

The fall suddenly came the news.

"Wanhua Valley ancestor? God is difficult to be strong?"

Ye Xuan suddenly opened his eyes and spoke strangely.

"Yeah." Fall and answer.

"well."

Ye Xuan also showed a smile.

The Wanhua Valley ancestor is a god-hard-powered person, and his strength is at least a hundred times stronger than that of the Wolf City. Falling into her disciple is bound to be a skyrocketing, and the resources for cultivation are not lost.

However, things are not as simple as Ye Xuan imagined.

"Hey, Wan Jian returned to the end of the cooling time!"

"Hey, summon the war of gold to the end of the cooldown!"

"Hey, the Emperor's Promise Sword cools down!"

After 12 o'clock in the middle of the night, Ye Xuan sounded a warning tone, but at this time he is practicing, and at the crucial time, this time, maybe, you can also successfully understand the perfect level sword.

Time passed a little, but unexpectedly, after twelve hours, Ye Xuan did not succeed in comprehending the perfect sword.

"It's a pity, it's almost a little more!"

Ye Xuan shook his head helplessly. He didn't have a rare super swallowing crystal, and directly exchanged a middle-level Wu Jiandan.

Compared with strength, what does superphagocytic crystals count?

As long as he can comprehend the perfect level sword, his strength has at least doubled up, and he is afraid of upgrading slowly?

Finally, before noon on the second day, there was finally a system prompting to sound.

"Hey, the micro-level sword becomes a perfect sword!"

"Huh!"

After hearing the system prompt, Ye Xuan couldn't help but breathe a sigh of relief and finally realized it.

However, he did not relax, because the middle-level Wu Jiandan can also quickly improve the proficiency of martial arts, so he will use this time to learn the top quality martial arts that was collected yesterday.

At the moment, he is leaving the snow-capped mountains and entering the snow-capped mountains to practice swords.

With the addition of the middle-level Wu Jiandan and the blood of the sword god, this martial arts called Leihuo Jianfa was trained by Ye Xuan to a 10% fire.

"Now my strength is at least three times that of the previous one. Even if I don't have a card, I can fight the same day as the Wolf City."

Ye Xuan's self-confidence suddenly burst into arrogance. At this time, he wanted to find an opponent to play well.

It's a pity that there are no such strong players in Fengxue Mountain Villa. If you want to fight with him, it's hard to be at least eight.

There is no doubt that Wanxue Snow Mountain is a good place to experience.

It is at this time.

"Young master, save me..."

Suddenly the sound of the silver bell ringing in my mind, this sentence, but scared Ye Xuan.

"Let's fall, what's wrong with you?"

Ye Xuanhu was shocked and asked quickly.

"The ancestor...the ancestor is also a fox, she wants to charm me..."

Falling down the anxious voice, let Ye Xuan stunned.

The master of Wanhua Valley is also the Humei people?

God's martyrdom of the genius of the genius, the charm ability can be greatly improved, after all, the gods are difficult to improve, in addition to physical and infuriating, but also spiritual.

"Damn, I will pass right away!"

Ye Xuan roared.

Originally, he thought it would be a good idea to send the fall into Wanhua Valley, so he did not refuse snow red on the same day.

But who would have thought that the Wanhuagu ancestor turned out to be an orc, and it was a fox-like family, who was good at charm.

"No... No, she can't charm me, I have a charm, she wants to imprison me..."

At the moment when Ye Xuan broke open the void, it was said that it was relatively good news.

Charm and crystal!

Ye Xuan also suddenly remembered this matter, there is a charm in the body.

In addition, the fall is still his pet, they have a blood servant between the master and the servant, the blood clerk of the master and servant is learned from the memory of inheritance, and the ancestors of Wanhuagu want to be charmed, impossible!

Even so, Ye Xuan still plunged into the door of the void, directly across several days, and came to the vicinity of Wanhua Valley.

"She imprisoned you, do you want that charm and crystal?" Ye Xuan asked in a blank voice.

"I don't understand, but when she talks to herself, I hear something that seems to be called a charm."

The answer replied.

"Charming heart?"

Ye Xuan's brow is slightly wrinkled. What kind of ghost is this Nima?

However, he knew that this must be related to the Humei people.

The last time I fell to get the complete charm and crystallization, it is a change, if you get this charm, you may be able to.

"Don't worry, I sense your position, Master, I will go in and save you now!"

Ye Xuan immediately appeased.

He just realized the perfect level of swordsmanship. He just wanted to go to the Wanxue Mountain to try the power. Now someone dares to pay attention to the fall, and he just tries it.

As soon as he falls near, he can immediately hide the fall into the pet space and then go empty.

"You are careful, Master, I am under the palace of the founder, and the ancestors and the four elders of Meilan Zhuju are the masters of the nine-powered..."

Falling back worriedly back.

"rest assured!"

Ye Xuan nodded.

The last time he met a nine-pronged master of Wanhua Valley, I am afraid that one of the four elders of Meilan Zhuju.

There is only one valley owner in Wanhua Valley, that is the founder. Usually, these four guardian elders are dealing with affairs.

He estimated that these four people have been charmed by the founders.

"How is it difficult to be nine-powered, how difficult is it, how can God move me, find death!"

Ye Xuan is cold and cold, and his body is murderous.

However, it is not dangerous to fall now. He does not need to directly enter it. He can choose to sneak into Wanhua Valley.

After all, once you get in, the grandfather will be dispatched directly. If he hasn't saved him, he will run away. This will make you feel like a snake.

To save people, you must succeed once!

As for how to enter Wanhua Valley, Ye Xuan is also a countermeasure.

"As long as I control a person, I can sneak in with her."

Chapter 1013: Dive into Wanhua Valley

"As long as I control a person, I can sneak in with her."

Thinking of this, Ye Xuan is rushing toward Wanhua Valley.

Soon, he came to the door of Wanhua Valley.

Wanhua Valley has a large array of guards, and the inside is divided into the outer valley and the inner valley. Since it was imprisoned by the Wanhua Valley ancestor, it is naturally in the inner valley.

Ye Xuan looked across the old man. If he directly went in, the movement was too big and it was easy to be intercepted. Therefore, it is good to enter Wanhua Valley in a way that is easy to accommodate.

"Ok?"

At this time, Ye Xuan turned around and found that just one team stepped into his sensing range.

"A six-figure is really hard, two five-figure is really hard, just right!"

Ye Xuan brows a pick and swiftly swept away.

"Who?"

The team of Wanhua Valley also discovered Ye Xuan, but in the next moment, they became the servants of Ye Xuan.

Ye Xuan plucked over and asked one of the women in white to say: "What is your name?"

"Back to the owner, my name is Xia Feixue..." The white woman answered with respect.

"It is good."

Ye Xuan nodded and took out the * directly, and then Yi Rong became the appearance of Xia Feixue, and put on a set of white clothes.

Most of the disciples in Wanhua Valley are wearing pink clothes, followed by white clothes, green clothes, and blue clothes. The white clothes worn by Ye Xuan are relatively neutral, so he can bear it.

It doesn't matter if the face is. After all, this is easy, but if you let Ye Xuan wear those women's clothes, it is better to kill him. Fortunately, he also has a huge chest muscle, but he can get away with it.

Then, Ye Xuan took the things of the three people in the ring, and then said to Xia Feixue: "You are in the mountain, don't go out."

"Yes, master!"

Xia Feixue respectfully nodded and then turned around and left.

Now, Ye Xuan is Xia Feixue, and his realm is just five times really hard, so the camouflage effect is still decent.

"You two, when you meet the understanding of Xia Feixue, you can say that you have been poisoned and you can't open your mouth."

Ye Xuan said to the other two.

"Yes!"

After the two women responded, they took Ye Xuan toward the Wanhua Valley.

Although the disguise was good, but Ye Xuan was still a bit embarrassed, and soon he followed the two to the Wanhua Valley.

"The three sisters are back, go in."

The female disciple who guarded Wanhua Valley saw the Ye Xuan three people and was also released directly.

As a result, Ye Xuan has successfully entered Wanhua Valley.

"Wanhua Valley is not the dominant force in this area. There are so many disciples..."

Ye Xuan looked blank.

After entering Wanhua Valley, Ye Xuan felt the power of this power.

Here, the flowers are contending, and the heavens and the earth are full of energy, which is very suitable for cultivation. Within the scope of Ye Xuan's induction, there are probably thousands of disciples who are simply six hard-powered.

However, he will not be scared by this, because the six serious gas is difficult in his eyes, they are all ants.

In the valley, it is the real elite.

"Can you enter the inner valley?"

After entering Wanhua Valley, Ye Xuan also asked.

"I can."

The six-figured female disciple who was headed answered.

"Okay, then you will take me in." Ye Xuan whispered.

"Yes!"

Then, the female disciple took Ye Xuan into Inner Valley.

Ye Xuan has already entered Wanhua Valley. He can clearly sense the location of the fall, but the inner valley is much larger than the outer valley. As long as he enters the inner valley, he will act directly.

However, just as he was about to enter the inner valley, there was suddenly a strong breath that suddenly appeared at the entrance to the inner valley.

"Nine heavy and hard to beat?"

Ye Xuan brows a pick.

In the Wanhua Valley, the nine-powered and hard-nosed strong, it is said that there are only four, that is, the four guardian elders of Meilan Zhuju, I don't know which one is in the scope of Ye Xuan's induction.

However, Ye Xuan's footsteps stopped because he felt that the person's breath was somewhat familiar.

"I am going, will it not be the one that appeared in Xingyang City last time?"

Ye Xuan is somewhat suspicious because he feels that this breath is a bit familiar.

He estimated that 80% of the Wanhugu master who almost killed him.

"Pit, I hope you don't recognize me, or you will be exposed."

Ye Xuan had some worries in his heart. On that day, he was only three people who were really angry. If he didn't run early, he might be killed by the master of Wanhugu.

Today, he is a five-figure qi, the atmosphere is stronger than before, plus the sake of easy tolerance, so even now that the master is nearby, you may not be able to recognize it.

However, in order to prevent it, Ye Xuan waited for a while, waiting for the master who was so hard to leave.

A few minutes later, the nine-powered master was really gone, but she also entered the inner valley.

"go!"

Ye Xuan is facing the female disciple next to him.

Then they went towards the inner valley.

The people outside the valley can still enter the inner valley, so Ye Xuan is calm, but at this time, the only nine-way martial arts master who has left is suddenly folded back quickly.

"The trough!"

Ye Xuan screamed in his heart, his body trembled, and hurriedly let the female disciple who led the way go.

However, after all, I still met with the nine-powered master.

Ye Xuan eyes swept away.

Sure enough, this nine-powered master is the woman who killed him that day.

At this time, the woman was wearing a plum robes, and she was the elder of Mei Lanzhu.

"Wanhua Valley four guardian elders, Mei elders are good at group attack, are a wide range of attacks."

Ye Xuan thought that this is what told him to fall.

Good at group attack, this can be good news for him, it can be bad news.

He is a person, so the opponent's group attack skills will not have much effect. However, his martial arts was restrained by group martial arts.

The fierce ghosts are crying and the swords are returned to the masses. The opponents will be able to break a lot of ghosts and swords.

This elder elder has folded back, is to emphasize some things, taking advantage of this opportunity, Ye Xuan hurriedly left.

"stop."

Suddenly violently drunk, fell in Ye Xuan's ear, heard this, Ye Xuan's body could not help but tremble.

He and the female disciple on the side of the footsteps, turned and looked and found the elders of Mei, they came over.

"Is it discovered?"

Ye Xuan rushed to converge and tried to prevent the other party from discovering.

In this realm, what is the face is actually the second, the key is to use the breath to identify.

Ye Xuan's breath is actually quite different from Xia Feixue, but it's just five times that it's really hard.

But Elder Mei called them, maybe for other things, so Ye Xuan looked so quietly, if it was not right, then he shot directly.

"Yan Yun, I saw my aunt, how can I not even say hello?"

Chapter 1014: Guardian elder

"Yan Yun, I saw my aunt, how can I not even say hello?"

Elder Mei came over and said strangely.

Aunt?

Hearing this title, Ye Xuan was shocked. He found that Elder Mei's eyes were on the female disciple who was controlled by him.

This female disciple is the prostitute of Elder Mei?

My day!

"Aunt, I am in a hurry, I didn't see..." The female disciple named Yan Yun replied in a hurry.

"Where are you going so urgent?" Elder Mei looked at her.

"I went to the place of flowers to pick some nectar." Yan Yun answered some slyly, and now she has been controlled by Ye Xuan, so she is afraid that Ye Xuan will be discovered.

"You are coming to the bottleneck. Collecting nectar and refining, my aunt has a hand-made plum blossom, and goes back to the retreat. As long as it breaks into the seven-powered, the aunt will accept you as a disciple." An remedy comes over.

"Thank you aunt." Yan Yun hurriedly thanked.

Then, Elder Mei just turned around and left, which made Ye Xuan and Yan Yun breathe a sigh of relief.

"go!"

Ye Xuan ordered in the mind, since he did not find it, then he should act, of course, to get no one's place.

However, the elder Mei who had left did not take a few steps, but suddenly turned her head. This time her eyes fell on Ye Xuan.

After she was close, she felt that Ye Xuan's breath was a bit familiar, and it seemed to be where she felt.

She frowned and thought about it carefully. Then she turned and said: "Yan Yun, come over."

Ye Xuan and Yan Yun, who were preparing to leave, were forced to stop. After Yan Yun looked at it with Ye Xuan, he ran away.

The next moment, this elder elder is offering a long sword.

"Do you think that I can't remember your breath? I dare to disguise my disciple of Wanhugu and find death!"

Elder Mei rushed to Ye Xuan.

This roaring sound caught everyone's attention. Of course, the most shocking thing was Ye Xuan.

It seems that he was still discovered.

"Sure enough, it was discovered by you."

Ye Xuan did not make a sophistry, directly took the * on the face, and suddenly, the long hair was reduced to short hair.

Is it a man?

The disciples around Baihua Valley were shocked. They saw this for the first time.

"Sure enough, you and the Iron Man killed the city of Xingyang City that day, and today I am in Wanhua Valley, what do you want to do?"

Elder Mei looked at Ye Xuan with a look of jealousy.

On the day of Ye Xuan, the three-way qi is difficult to fight with the wind and no dust. The Xingyang City Lord, who is really hard to fight, is now really difficult to face, and he is not so easy to face.

"No reason, just to find you!"

Ye Xuan's mouth tilted slightly and said: "If I don't run fast on the day, I'm afraid I'll be killed by you. Today, I'm here to find you's revenge on the day."

"Just by you?"

Mei elders face a pump.

Five heavy gas is difficult, dare to come to him this nine-fold real gas is difficult to revenge, obviously there is any emboldened.

"I originally wanted to save the fall and say, since you are looking for death, then you will blame me." Ye Xuan said in his heart.

This elder is a master of nine serious martial arts, and is one of the four guardian elders of Wanhua Valley. If it can successfully revenge, then Ye Xuan may also break through to six heavy gas.

Seeing that Ye Xuan did not answer, Mei elders also paused. The next moment, it was a direct shot.

"Hundred flowers contend!"

"Is this trick again?"

Ye Xuan brows a pick. On the same day, the elder Mei who was rushed to him sneaked, and almost the deity and the avatar were degraded, so he did not transcribe this martial art.

But today, he really saw the infuriating flow of the elders in the body.

"Hey, a hundred flowers contend for a successful copy!"

When the system prompts to sound, Ye Xuan has already swept aside.

"Boom!" "Boom!" "Boom!"

The square where he was standing, the air suddenly violently trembled, and if he ran slowly, I am afraid it has been blown into ashes.

In my mind, the repairing degree of the dragon's hand is approaching 90. This time, he may be able to directly repair the dragon's hand.

"Now I have been discovered, I must be quick and fast, the eye of glory!"

Ye Xuanzhen's golden light flashed, and the breath suddenly soared. Then, next to him, there was a avatar that was exactly the same as him.

However, what is held in this hand is a hundred ghost swords.

"Summon the God of Gold!"

"The ghost is crying!"

Ye Xuan's deity and avatar played their cards, not only that, but their dawn flashed several times.

"The Eye of Burning!"

"The Eye of Silence!"

"The eye of decomposition!"

His offensive, an instant explosion.

In the face of this momentary eruption, Elder Mei is already shocked, and hurriedly raising his hand to the front is a hundred flowers contend.

"Boom!" "Boom!" "Boom!"

The air exploded again, and the swaying of flowers was at least doubled in the Wanhua Valley.

However, this time Ye Xuan was a student, and the ghosts and screaming ghosts broke through the hundred flowers and contends, rushing from the side to the elders.

Now that Ye Xuan has realized the perfect level of swordsmanship, the power of this move is also greatly improved.

Ye Xuan estimates that as long as the elders of the Chinese, he is estimated to be at least seriously injured.

"Don't underestimate me!"

In the heart of Elder Mei, a roar, in the face of so many ghosts, the infuriating air in her body immediately sprang out, and a real plum blossom came out of the body.

This true plum blossom directly protects the elders of Mei, and the ghosts rushed up. When they touch this real plum, they will burst themselves.

"Hey, Hanmei proudly copied it!"

The system prompts again.

"The means are quite a lot."

Ye Xuan looked at the dragon's hand that had been repaired to the percent, and the corner of his mouth was slightly tilted.

This elder elder may have other moves, but Ye Xuan feels that it is too slow to use the insightful eye.

And this battle must be quick and fast, otherwise the other three elders will come over, so you can't slap the cards.

"Thunderfire swordsmanship, thunderfire combined!"

Ye Xuan's deity and avatar suddenly shot together, and the two golden swordsmen were swept out, and then they merged into one, and they smashed toward the elders.

The Thunderfire Swordsmanship is a special martial art that can be learned by one person or by two people.

Ye Xuan has a avatar, so the deity cultivates the thunder sword and sculpt the fire sword. When the time comes, the power will multiply.

Coupled with the perfect level of sword and brilliant eyes that Ye Xuan comprehends, this move is enough to kill a nine-powered and hard-core man.

"Huh!"

"Zizi!"

Lei Jian and the fire sword made a subtle voice, and in the blink of an eye it was in front of the elder Mei.

Elder Mei faced this blow, his face was gloomy, and he rushed to condense a real plum blossom.

Chapter 1015: Wanhua Guzu

"Hey!"

Two true plum blossoms burst open, and the elder's figure flew out and couldn't help but spurt a blood.

Fortunately, she condensed fast, and the two real plum blossoms had amazing defense power, otherwise she might have been killed.

The disciples around Wanhuagu were shocked. In their eyes, the elders of Mei, who were extremely powerful, were seriously injured. How is this possible?

But then, they are already surprised to say nothing.

In the distance, Ye Xuan's mouth tilted slightly and said: "Death!"

The voice fell, but the Ye Xuan deity did not shoot, Mei elders were a bit stunned, and suddenly felt a strong breath.

When she turned her head, she found a golden armor with a huge golden sword and smashed it down.

"Overlord Promise Sword!"

The Emperor's Promise Sword is one of the two skills of the Eye of Brilliance. It can be used by Ye Xuan himself, and it can also be used by the Golden Armor.

"boom!"

Mei Elder is also one of the four guardian elders of Wanhua Valley. It will not be so easy to die. When she is in the midst of a thousand miles, she once again condenses a true plum blossom, and gives the most power of the Emperor's Promise Sword.

Even so, most of her bones are also crushed by the powerful impact of the Emperor's Promise Sword.

Although this attack did not kill the elders of Mei, but the elders of Mei made the injury worse, and the fighting power did not exist.

Such an elder of Mei is not afraid.

Elder Mei did not die, and Ye Xuan's expectation, at this time, he and the avatar once again combined.

"Thunderfire swordsmanship, thunderfire combined!"

This time, Elder Mei was not able to escape. She was ashamed and did not expect herself to die in Wanhua Valley.

However, she would not die like this. She used all her strength and snarled:

"Valley!"

The sound was deafening, but the next moment, she was hit by a thunder and fire, and the whole person instantly turned into coke.

died!

Elder Mei, one of the four guardian elders of Wanhua Valley, died in the hands of a five-figure boy.

The more four levels of challenge, this is a bit scary!

In order to kill this elder elder, Ye Xuan's card is also layered out, leaving only one million swords to return to the sect.

However, Ye Xuan thinks it is worth it.

After the death of Elder Mei, Ye Xuan quickly swept the past and put away the ring.

The next moment, the system sounds in the mind of Ye Xuan.

"Hey, the host breaks through, it's really hard to be six!"

After spending a few cards, Ye Xuan successfully broke through and the strength soared, which is definitely worth it.

However, it is not the case that Ye Xuan was shocked.

There are many martial arts in the elders of Mei's elders, more than Ye Xuan's harvest in the Wolf City. After Ye Xuan directly copied all the martial arts inside the phagocytic system, it was used to repair the dragon's hand.

"Hey, the dragon's hand has been repaired to 100% and the repair is successful!"

"Hey, the host learns the magical level of magic, and the dragon hand!"

After hearing this tone, Ye Xuan's face is difficult to hide, and sure enough, this dragon hand is really a supernatural power, surpassing the magical power of the top quality martial arts.

This card is estimated to be even stronger than Wan Jian's return to the sect. However, the power consumed by Shentong is huge. Ye Xuan does not know whether it can be used in the realm of six serious qi.

"No matter what, save first and then say it!"

Ye Xuan immediately responded.

When the elders died, they drank a lot, and the movements of their fighting were not small. It was estimated that they caused the attention of the other three guardian elders and the owner of the Wanhua Valley, so he could not stay.

At the moment, he is rushing in the direction of the fall.

He is just a six-figure, but also has the eye of perception, so even if he meets the other three guardian elders, he can avoid it.

"Let's fall, have you heard anything?"

Ye Xuan asked while flying.

"Yes, is it that the young master got it?" answered the answer.

"Is the Wanhua Valley owner next to you?" Ye Xuan continued to ask.

"No, I am still imprisoned."

Ye Xuan's eyes are awkward. If the ancestor is also dispatched, it's better to say, but he is afraid that the ancestors will not listen. After all, are there three guardian elders?

Therefore, Ye Xuan has once again transformed into Xia Feixue.

After the breakthrough, his speed was very fast and he quickly approached the fall.

At this time, he sensed a strong atmosphere in a palace in front, it seems that it is the master of the Wanhua Valley, and also the founder of the elders of Mei.

"I am just six heavy and hard. I don't know if I will be discovered..."

Ye Xuan's heart is also unpredictable, but even if the Wanhua Valley owner appears, there is no way.

Soon, Ye Xuan was close to the palace, and after a while, he could hide the fall in the pet space.

Why, at this time.

"Who?"

A sharp voice fell into Ye Xuan's ear, and then, in this small palace, a red woman was plucked.

The woman's face was good, wearing a cheongsam-like dress, and the thighs exposed to the air were white again.

At this time, Ye Xuan's gaze fell behind the woman's back, which was a long white tail.

Before the fall, I said that the mysterious valley owner of Wanhua Valley is a fox-like family. With this appearance and atmosphere, Ye Xuan can be sure that this red woman is the owner of the valley.

After hearing the violent screams, Ye Xuan also directly chose to ignore it and continued to fly over.

"Receive!"

The fall was imprisoned in a formation, and her strength could not come out, but she was Ye Xuan's pet. As long as she was within a certain distance, Ye Xuan could take her to the pet space.

One of his thoughts directly collected the fall of being imprisoned in the formation.

"Yeah, thank you, Master."

When I fell in the blink of an eye, I found it in the pet space, and immediately it was a break.

But then, Ye Xuan has to face, but the master of Wanhua Valley.

"Ok?"

The woman in red was shocked at the moment she disappeared. She said, "Where did you get her?"

When I heard this, Ye Xuan was scared and directly took off *, "I am a person who falls, why do you imprison her?"

"your people?"

The woman in red suddenly woke up, no wonder she couldn't charm it. It turned out to be a master.

However, since I have encountered the owner, then it is easy to do, as long as she kills Ye Xuan, then she can be charmed and not need to be imprisoned.

"There is a movement that is made out of you?" the red woman asked, frowning.

"Yes, now you have only three guardian elders in Wanhua Valley."

Ye Xuan answered with a voice.

But his voice has not yet fallen, his head is a sting.

Charm!

Although Ye Xuan has a super swallowing system, it can't be charmed, so this charm can only be transformed into a mental attack.

Ye Xuan's heart trembled and hurriedly closed his eyes.

Chapter 1016: Magical powers, dragons and dragons!

"It's hard to kill six Wanhua Valley guardian elders. You can be considered a super genius and become my servant!"

The reason why the red woman did not do it was because she wanted to accept Ye Xuan.

Six people are really angry, killing the nine-powered Wanhua Valley guardian elders, the red woman is also the first time I met.

However, she herself is a god, but it is difficult to deal with Ye Xuan?

"How is God's martyrdom?"

Ye Xuan suddenly throws the shocking sword in his hand, and a hundred swords and shadows appear in an instant, not only that, but also hundreds of fierce ghosts rushing toward the red woman.

"Glyphs, small flowers, arguing!"

The woman in red snorted, and in a flash there were two places where roaring sounds. Hundreds of Zhentian swords were instantly blown up. At the same time, the hundred ghosts were also shaken for the first time.

This is the strength of God!

"It's so strong, it's not that I can beat the enemy right now!" Ye Xuan swallowed.

In a flash, the sword was returned to the sect and the savage ghost was crying. The strength of this red woman is at least ten times that of the elder elder.

God is difficult, it is extraordinary!

In this explosion, the red woman quickly swept toward Ye Xuan, her right hand became a claw, it seems to be Ye Xuan down.

At this moment, Ye Xuan has to come up with his housekeeping skills.

"Old devil, look at the trick!"

Ye Xuan snarled loudly and his left hand instantly explored.

Magical powers, dragons and dragons!

This move instantly took away all the infuriating in his body, but the supernatural power is at the level of Vientiane. Even the strong man who is difficult to use can not be used. Therefore, the lack of vitality is supplemented by vitality.

At that time, Ye Xuan seems to be a few years old, his face is white and white, and there is no blood.

At the moment he shot, the red woman only felt an invisible sense of oppression. She swept away and found that she had a giant hand on her head trying to catch her.

"Shentong?"

The woman in red was shocked.

A six-pronged boy, even a supernatural power, is there something more rare than this?

You know, even she doesn't have any magical powers!

At the moment, she didn't have time to count so much, she quickly flashed, but she was still caught by the big hand.

Her intentions led to this happening.

"Successful!"

Ye Xuan, who closed his eyes, sensed this scene, and immediately it was a smile. This move overdrafted him a lot of vitality. If it fails, it will be wasted.

"dead!"

Ye Xuan did not carelessly, directly controlling the big hand to grasp.

"what....."

The woman's slender body in the red dress was clenched and gave a heartbreaking scream. She only felt that many bones in her body were crushed.

"Hey!"

"Hey!"

A burst of crispness fell into the red woman's ear, she felt that she was going to die.

However, although she is only a god, her body is several times more powerful than the nine.

This trick can not kill her!

Not only that, but she actually began to force the dragon to open.

"Life is hard, die!"

Ye Xuan quickly split, and at the same time, the sword.

"Thunderfire swordsmanship, thunderfire combined!"

This move is considered to be the strongest attack by Ye Xuan. Although he is now unable to use the eye of glory, there is a perfect level of sword.

"Huh!"

"Zizi!"

The blue and red swordsman flashed over and merged into one on the way, just in the chest of the red woman.

"boom!"

The woman in red broke her chest and the clothes were instantly shattered.

This attack, Ye Xuan is aimed at the woman's head in the red, but the red woman finally forced to open the dragon hand, escaped this fatal blow.

Fortunately, this blow still hit her, her strength has dropped by at least 40%.

"The trough, not dead!"

Ye Xuan was shocked.

At this time, he suddenly felt that he had made a mistake, that is, before using the magical dragon hand, you should use the eye of glory first.

If he only succumbs to his heart, overdraft vitality uses the eye of glory, when it is the golden dragon hand, I am afraid that the woman in red can be directly killed.

Unfortunately, he did not want to, because he overestimated the power of supernatural powers, thinking that one shot can kill the red woman.

Fortunately, this woman in red is seriously injured, and her strength is probably only 60%, so he still has the power of a battle.

"Since it is not dead, it will be a painful battle!"

Ye Xuan roared in his heart, and the breath suddenly soared, but his eyes were also directly blind, and his vitality was once again taken away.

"The Beastmaster is violent!"

"The Eye of Brilliance!"

The blonde and the golden 眸 Ye Xuan are divided into two. The deity and the avatar are respectively holding the earthquake sword and the white bone sword.

Although Wan Jianguai was not smashed by the red woman, but Megatron is a magic weapon, it can't die, so at the moment of being smashed, Ye Xuan took it again. .

"The ghost is crying!"

"Thunderfire swordsmanship, thunderfire combined!"

Ye Xuan took full advantage of the infuriating energy and attacked the women in red.

"I want you to die!"

The woman in red did not think that she would be seriously injured, so her resentment was extremely deep. At this time, she had forgotten to charm Ye Xuan and directly swept a finger at Ye Xuan.

Perfect level claws!

Although the woman in red was seriously injured at this time, the movement was inconvenient, but the strength of the gas was still not reduced. Her two consecutive claws defeated Ye Xuan's attack.

The power of the gods is very powerful, even if the attack is seriously injured.

"Young master, let me out!"

There was a sound of falling in my mind.

"No, you are really hard to be triple."

Ye Xuan directly refused, the triple is really difficult to fall, the strength of the poor red women is too much, and will be spiked out.

At the same time, Ye Xuan is also hesitating in his heart, whether to use the remaining two points to swallow the point and improve his strength.

Of course, he has another way, that is, he turns around and runs, and when the skill cools down tomorrow, he will kill the owner of the valley.

However, now the woman in red is seriously injured. If he ran today, who knows if the woman in red will find a place to hide and heal?

"Young master, have you forgotten my golden tail hair?"

At this time, the fall suddenly reminded Ye Xuan.

Golden tail hair!

This is related to the falling blood. Once it was hidden, the golden tail hair was hidden in the tail, which shocked the white foxes that were condensed in the air and the foxes.

This golden color is Mao. In Ye Xuan's estimation, it should be left by a certain genius of the fox family. If it is taken out, it may be useful.

However, this golden tail hair can only be used if it is falling. Ye Xuan has no effect.

"Well, you are far away!"

Thinking of the current situation, Ye Xuan made a decision.

"It is good."

The next moment, the fall is reappearing, behind the Ye Xuan deity.

Chapter 1017: Golden dragon hand

"Ok?"

The woman in red found the fall, but it was not difficult to fall into the triple. She even stood there to attack the landing, and it was estimated that she would not hurt her.

But at this moment, from the hidden corner of the Qiankun ring, the golden hair was taken out.

The next moment, the falling hair is transformed into gold.

Golden Fox!

An invisible pressure has once again fallen on the woman in red.

"What is this, even made me fear?" The woman in red eyes widened her eyes, although she did not understand what it was all about, but she knew that this must be a ghost.

"court death!"

The woman in red was red-eyed and attacked the landing.

Her attack, Ye Xuan can not stop, but Ye Xuan has another way to protect the fall.

"Receive!"

The fall was once again hidden in the pet space by Ye Xuan, and then appeared in another place.

Invisible deterrence, come again!

The woman in the red dress attacked, but she won the time for Ye Xuan. It only took a moment to close and fall, but Ye Xuan's deity and avatar were not idle.

"The ghost is crying!"

"Thunderfire swordsmanship, thunderfire combined!"

The wind whistling, the woman in red was forced to resist.

Although Ye Xuan's eyes are already blind, but with the perception of the eye, the woman's attack that senses the red woman seems to be weak. Not only that, but the action of the red woman has also dropped a lot.

After the transformation, the fall, it really has a shocking effect on the red woman, this is the shock of the blood of the high fox family!

"The big picture has been decided, go to hell!"

Ye Xuan constantly began to attack.

The woman in red was caught in the passive because of her two claws. She wanted to kill the fall and wanted to capture the golden tail hair, but she could not do it now.

At the same time, she also felt a little bit, her strength is declining, which is definitely related to the fall.

"Damn!"

The woman in red is roaring in the heart, and the gods who are difficult to be strong are actually tossed into such a situation. It is a shame.

However, her feet are at her feet, surrounded by her people. As long as she persists for a while, victory belongs to her.

"Miyaz, let us help you!"

At this moment, the sky suddenly swept three figures.

The other three guardian elders of Wanhua Valley are here!

"not good!"

Ye Xuan's face changed greatly.

This Lanzhuju three guardian elders are all nine hard and really angry, although he said that he can't beat him, but now he has a card to go out, and he is poor.

And there is still a tough Wanhua Valley owner in front of him. As long as the three great guardian elders arrive, he and the death will surely die.

At this time, he suddenly thought of a point.

Only when he overdrafted his vitality and used the eyes of glory, his deity and avatar were blind.

In the state of blindness, he can't use the eye of the void!

So, he can't go now!

"The trough!"

Ye Xuan roared in his heart, he actually forgot this scorpion thing, this is terrible.

"Mother's, fight!"

In this unavoidable situation, Ye Xuan made another decision.

"Shentong, dragon hand!"

He once again used the magical dragon hand, and the infuriating body in the body was instantly evacuated. Not only that, but also a lot of vitality.

A golden hand appeared again, and the woman in red, who was showing her hope, was caught.

Last time, the red woman forcibly opened the dragon hand.

This time, the golden dragon's hand was strengthened, and the bones of her whole body were instantly crushed, and the whole body was distorted. It was like a twist, bloody, and terrible.

Wanhua Valley owner, die!

"Hey!" "Hey!" "Hey!"

When this road crashed into Ye Xuan's ear, he was combined with the body and turned into a streamer.

Ye Xuan has not sensed the atmosphere of the owner of the Wanhua Valley. The latter has apparently fallen, so he quickly took off the other side's ring.

"Hey, the host breaks through, it's really hard to be seven!"

Realm, once again improved!

Although Ye Xuan is still blind, but he broke through at this time, even if the elders of Mei resurrection, the four guardian elders gathered together, he is not afraid.

"Impossible, the Valley Lord is dead!"

"Master, no..."

"Kill, kill him, revenge for the owner!"

After seeing the body of the red woman, the three great guardian elders of Lanzhuju were extremely distressed. They turned anger and anger into power and directly attacked Ye Xuan.

Unfortunately, Ye Xuan's strength has exceeded them too much. Although the cards have been used up, it is a piece of cake to solve the three.

"The ghost is crying!"

"Thunderfire swordsmanship, thunderfire combined!"

Ye Xuan once again split and instantly responded.

After the breakthrough of the realm, his strength skyrocketed, only one face, the bamboo elders were hit by the thunder and fire, turned into coke.

dead!

At the same time, the hundreds of ghosts rushed to the other two.

"Thunderfire swordsmanship, thunderfire combined!"

Ye Xuan shot again.

Within a second, the remaining two are falling again and again.

The four big guards, all killed by Ye Xuan!

As for the Wanhuagu disciples and ordinary elders who came around, they couldn't help but swallow.

The four great guardian elders died, and even the Lord of the Valley of Flowers, who was in trouble with the realm of God, died. These people rushed up, and the ending was probably the same.

"Run!"

At the moment, this group of female disciples and elders are scattered. There are only Ye Xuan and two people left in the blink of an eye.

At this point, the fall has also been canceled.

"Young master, you are getting better now." Falling down to the side of Ye Xuan, lamented.

At this moment, Ye Xuan suddenly breathed back and spewed out a blood.

"Hey, the life of the host has been less than five years!"

After Ye Xuan's arrogance, the system suddenly gave him a head.

"what?"

Ye Xuan suspected that he had got it wrong.

Life expectancy, less than five years?

Before that, he overdraw several vitality to make up for his strength. This time he used the Shentong dragon hand twice in a row, and the overdraft was more than ten times more vital than before.

Ye Xuan did not think that the vitality of using the dragon's hand to overdraw was so much.

In his body, he has the blood of the **** of life, and there is no dark disease in his body. At least he can live to be 150 years old.

However, now he is only twenty-five, and the remaining life is less than five years. After hearing this news, the whole person is paralyzed.

This means that he can't even pass his 30th birthday.

"Where, I have to go to something like Longevity Dan later..."

Ye Xuan was very bitter. He glanced at his property panel and found that he only lived for four and a half years.

Fortunately, there are still many Tianmudibaos that can increase their lifespan. He has more than four years to find.

"Young master, what happened to you?"

When I saw the appearance of Ye Xuan, I asked with concern.

Chapter 1018: Falling, six tails!

"Nothing, check out the Qiang Kun ring."

In order not to worry about falling, Ye Xuan also lie a lie.

Then, he began to explore the women's ring of the red woman, and soon he found a book called the charm of the heart.

"Hey, the charm is transcribed successfully!"

"Let's fall, look at this."

Ye Xuan took the charm of the heart and handed it over.

"Yeah, it was written in the language of my fox family."

"Don't look at it, let's find a quiet place to say." Ye Xuan closed the charm of the heart, after all, it made such a big move, so it is not very safe.

After a short break, Ye Xuan's temperament was restored, and then they broke away from the void and flew to the Wolf City, looking for a hidden place near the Wolf City.

Falling down began to enlighten the charm of the heart, and Ye Xuan began to take inventory of other things.

After this time, Ye Xuan paid more attention to Megatron. Although Wanjian was very powerful, the level of Megatron was not high, so he was beaten every time and wasted a card.

Therefore, Ye Xuan decided to upgrade the realm of Megatron to the third-order supreme Lingbao.

Just as the five Qiankun Rings he got had a lot of ore, so they were all cheaper.

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

Four times of prompts sounded, Megatron directly upgraded to the nine-order second-class Lingbao, which is equivalent to the nine-powered gas.

Now, even if someone understands the perfect level of swords, it will not hurt Megatron.

Then, Ye Xuan began to summarize the experience of this battle.

This life and death war, he is also thrilling, if not before his mistakes, not willing to use the brilliant eye to match the dragon hand, I am afraid it will not fall into that situation.

Fortunately, this time he lived to the end.

"The realm is too low, the gas is not enough, so I can only use the vitality to use the dragon hand. Now my life is less than five years, the dragon hand can no longer be used, otherwise it will be pumped to the adult in an instant..."

Ye Xuan couldn't help but swallow.

The vitality of the overdraft of the dragon's hand twice was not affected by the blood of the twins. Even the second vest in the East China had only a life span of less than five years.

If he uses the dragon's hand again, either the deity or the two avatars will fall off instantly. Therefore, the trick of the dragon must be sealed up, and the realm and life expectancy will go up.

But unfortunately, there is something to increase the lifespan in the super swallowing system, but he can't afford it now, so he can only look outside.

"There is a non-old spring in the necessities of the Eternal Eye. This thing can not only be used to open the eyes of eternity, but also to improve life. Then I have to ask for inquiries..."

Ye Xuan began to plan.

At this moment, he suddenly felt a strange place, then turned his head and looked down, and found that the fall actually fell into that wonderful state.

Heaven and earth, began to gather!

After seeing this scene, Ye Xuan's heart trembled.

Sure enough, this charm is useful for the fall, and the fall has to start to change.

"Okay, this time is not a loss!"

Seeing the fall, Ye Xuan felt that it was worthwhile to sacrifice a lot of life.

This time, the fall is also like the fusion of the charm of the day, began to quickly improve the strength, while the body's hair is gradually turned into gold.

"Four is really hard!"

"Five weights are really hard!"

"The six weights are really hard!"

"Seven heavy gas is hard!"

In less than ten minutes, the fall has already rushed to the seven-figure, and it is still improving.

"Eight is really hard!"

Ye Xuan brows a pick, this is already beyond his current realm.

The realm of falling is still going on, but it is not able to break through to the nine-powered gas.

However, this is enough to shock Ye Xuan.

From the triple to the real gas, all the way to the eight-way real gas, a higher level than him.

"Well? Tail..."

At this time, Ye Xuan suddenly noticed a little, the tail of the fall, suddenly divided out three.

Six tails!

"From one tail to three tails, and from three tails to six tails? Next time, will it be nine tails?"

Ye Xuan suddenly thought of a creature.

Nine-tailed fox!

The nine-tailed fox, originated in ancient China, was later passed to other places.

Legend has it that the Su Shi of the Shang Dynasty was a nine-tailed fox, and the king was enchanted by him, became a quirk, and made a series of cruel things.

Just when Ye Xuan thought about it, the system suddenly reminded him again.

"Hey, the blood of the beast is changing, and all the advanced routes are improved!"

really!

Without the expectation of Ye Xuan, the blood of the beast **** has changed, this is a happy event.

All the advanced routes have been upgraded, and now Ye Xuan's strength has increased by 10%. The increase in the speed of movement has also increased to 90%. In addition, the pet growth rate, pet properties and pet expansion have been improved.

In addition, there is the beastmaster of the beast to increase the damage of the beast, the engulfing benefits of the corpse and the violent beastmaster.

The blood of the beast god, but the most advanced route in all blood, the benefit of a change makes Ye Xuan smile.

"Haha, even if only four years of life is left, it is worth it."

Ye Xuan smiled in the heart.

At this time, the fall finally woke up, she opened the pair of bright big eyes, comfortably stretched out, six fluffy tails are also rising from the sky, a little more charming than before, let Ye Xuan couldn't help but brighten her eyes.

"Young Master..." screamed softly.

"how about it?"

Ye Xuan immediately asked.

"Awakened the memory of inheritance, I know what my ancestors are."

The land stood up from the ground and licked his six tails. "My ancestors, called Tianhu, but I only know the name."

"Heavenly fox?"

After hearing the name, Ye Xuan brows slightly wrinkled, he thought it was called the domineering name like the nine-tailed fox.

"Heavenly foxes are disgusted by the sky, but to be precise, they are being scorpio." The landing began to explain: "Because it is too powerful, the world has taken such a name."

"Being scorpio?"

Ye Xuan's face is a bit too exaggerated.

"Oh, after this change, I don't need to cultivate. My physique will continue to absorb the strength of the world, and the degree of conversion is extremely high. Of course, if refining the natural treasure, the cultivation speed will be much faster. Oh." The fall suddenly smiled playfully.

"what?"

Wen Yan, Ye Xuan finally felt that something was wrong, the landing has changed, but the world is still in her body.

Chapter 1019: Entering the land of the dead

"Sleeping, self-cultivation?"

Ye Xuan is shocked, this is completely a vacuum cleaner.

No, this is entirely a heaven and earth harvester, and it is twenty-four hours old.

In the future, there is no need to cultivate, because she is practicing in twenty-four hours. This is clearly opened and hung up in twenty-four hours!

"The sky is tired of foxes, the sky is tired of foxes, and it is really strong enough to be smashed in the sky, so it has this name..."

Ye Xuan swallowed the swallow, and he was already shocked by the ability to fall.

The single haplotype is like this, then there are still tricks after the awakening of the memory, and now it may be stronger than him.

"What is the charm of the heart?" At this time, Ye Xuan suddenly asked.

"The ancestors of my fox family only have one, but as they continue to multiply, there are many branches. As long as they are foxes, the body contains countless fox blood. This charm can improve the blood concentration, which is simply to stimulate the blood... .." Fall explained.

"Every fox people have countless fox family blood in their bodies?"

After listening to Ye Xuan, she felt that there was nothing. The blood was very normal. After all, there were many branches in the Dragon and Tianlong.

In general, the income this time is huge.

"Now I am seven times really hard. When the cards are layered, I can fight against a heavy god. The strength of the fall is unknown, I am afraid it is not under me. Now we are going to the land of the dead, enough!"

Ye Xuan thought in his heart.

"Young Master, can we go to the land of the dead now?" asked Luo.

"It should be ok..."

Ye Xuan nodded and answered.

Although both of them have not yet reached the gods, the strength can compete with the powerful and powerful.

Although it is still dangerous to enter the land of the dead, they can not be promoted in this area, so they can only choose to enter the land of the dead.

At the moment, they are leaving, going to the land of the dead.

The land of the dead is a dark place, much more chaotic than the ghost tomb. Ye Xuan estimates that it will take about five days to travel at their current speed.

However, this is inevitable. After all, Ye Xuan does not have the vacant position of the land of the dead. Therefore, he still let the squad go out to hunt the super sacred beast, sell some medicine, and improve the strength.

During these five days, Ye Xuan's deity did not encounter anything, but the current physique, but absorbed the five-day world of vitality, and then it is estimated that it will be difficult to break through to the nine.

"The gimmick is now madly absorbing the strength of the world, and it is faster to practice in a higher place. I can't be pulled down."

Ye Xuan thought as he entered the land of the dead.

The land of the dead is essentially different from other places. The sky is dark, the ground is dark, and it is very poor. No one knows if walking on the ground, will it stick out a white bone to grab his leg. .

There are two major factions in the land of the dead, one is the ghost god, and the other is the corpse temple.

As the name suggests, a royal ghost, a corpse.

At this time, Ye Xuan entered the site of the ghost god.

"The ghetto is hiding somewhere in the land of the dead. Now that I have come in, I don't know how to find him..."

Ye Xuan is thinking about it. Since there is no clue, he can only ask someone to ask.

Of course, he has another way, that is, wandering around, because the corpse mark in his body has not been eliminated.

Use yourself as a bait to catch ghouls!

"Let's fall, go!"

Ye Xuan took a low drink and began to wander around. Because of his first arrival, he did not have a map of the land of the dead. Therefore, what he wants to see most now is people.

Finally, an hour after Ye Xuan entered the land of the dead, it finally felt a breath.

This is an eight-fold, really hard-working youth, and behind him is followed by two iron bodies, the same eight-figure.

"What about the corpse..."

Ye Xuan's eyes glimpsed and immediately swept away with the fall.

"who?"

This young man walking with two iron corpses was a young man. After he sensed the leaves and the falling atmosphere, he immediately turned around and violently.

But the next moment, he was controlled by Ye Xuan's eye.

"Take it out."

Ye Xuan said directly to the young man.

Eight is really hard, only a higher level than him, even if it is difficult to see Ye Xuan, it is only the fate of being controlled.

Of course, if it is a strong man of God's blasphemy, it is not easy to control, because God's martyrdom is a comprehensive improvement, in addition to physical and instinct, but also spiritual strength.

The young man took off the Qiankun ring in his hand and threw it to Ye Xuan. The latter took over the Qiankun ring and quickly investigated it. There were not many things in it, and he could only improve him.

However, there is a map of the land of the dead.

"I am now at the Bai Guimen site. There are three masters in this hundred ghost gates..."

Ye Xuan muttered, and he immediately copied this map into the super swallow system.

"Young master, anyway, these are the magical forces, why don't we directly go in?" On the side of the fall, I was afraid that the world would not be chaotic.

"The triple **** is difficult, are we not opponents now?" Ye Xuan frowned.

"Hey, I feel that I am very good now. I don't know if I try it?" He said with a small mouth.

"Let's see it first."

Ye Xuan did not immediately decide.

This young man is a certain force of the corpse of the corpse, and now he is also going to enter the Ghosts and Spirits site, so there are some ghosts in the ring.

Ghosts are things that are made by ghosts, but they can be used to reinforce ghosts. But for ghouls, ghosts can be planted into living beings. This is something that ghosts and corpses do not.

Although Ye Xuan will refine the ghost, but he will not grow a ghost, it does not matter, because Ye Xuan did not think of making people into ghosts.

In addition, Ye Xuan also got the corpse and the ghost of the ghost in this young man.

The two camps in the land of the dead have a lot of hatred. If there is a corpse in the ghosts and gods, it will be attacked by the crowd. In the site of the Temple of the Dead, the same is true of some ghosts.

This young courage is also great. He walked on the land of ghosts and gods. He did not even accept the two iron bodies in the ring, and he was really looking for death.

"Let's fall, do you want to learn to control the corpse?"

Ye Xuan suddenly turned and asked.

"No, weird..." The two iron bodies were stunned and they shook their heads.

Both of these iron corpses are bare in the upper body, and their luster is like metal. They have already died, and they have been refined into iron bodies.

However, the ghouls are more powerful than the corpse temple, which is to make the living beings into ghosts.

Chapter 1020: Ghost reappearance

Although the body of the dead is made into a corpse, although it is good, if you use the living body to refine the ghost corpse, it will be much stronger than the iron corpse. After all, the ghost corpse can still use the infuriating.

These iron corpses are not much infuriating, they can only fly with arrogance, they can't use martial arts, and people fight with brute force, so they can also be called war corpses.

In general, the ghost corpse refining the corpse is higher than the corpse of the corpse temple.

"I don't need to control the war to fight..."

Ye Xuan shook his head, and even if the two iron bodies were collected, as for this young man, he was directly killed by a sword.

"There is a map now, let's go..."

Just as Ye Xuan and Luo were ready to leave, suddenly a system sounded, and the abrupt sounded.

"Hey, the gull mark is triggered!"

After a long time, the gull mark appeared again.

After hearing this tone, Ye Xuan's body shape is also a tremor. He remembers that the last time the gull mark was triggered outside the city of the Wolf, that is, the control of Yu Wen's heartlessness.

After that time, he should have erased the gull mark, but he did not.

Now, it is finally triggered again.

However, Ye Xuan will not be taken lightly, because the foot is the land of the dead.

Soon, there is a breath that has entered his range of induction.

"Is it really hard to be nine?"

Ye Xuan's brow was a pick, but his heart was relieved. With his current realm, it is not a problem to kill the ghostly ghosts.

This nine-powered ghost is a male. He did not say anything and attacked Ye Xuan directly.

"Cut, the area is really hard to beat, Lei Jian!"

Ye Xuan quickly pulled out a sword, and the sword smashed away, and in the blink of an eye he plucked in front of the ghost.

"Hey!"

This ghost corpse is two higher than Ye Xuan, and also comprehended the perfect level sword, but failed to block the sword and was directly smashed.

"The nine ghosts are really hard, the strength is really extraordinary."

Ye Xuan's light flashes.

The male ghost was seriously injured and flew out, but the ghost in his body began to jump quickly and healed his wound.

"I don't believe it, this sword can't kill you!"

Ye Xuan snorted and suddenly called out the avatar.

"Thunderfire swordsmanship, thunderfire combined!"

One blue and one red two swordsmanship meet, the power is multiplied.

This time, this ghost corpse could not be blocked, and was instantly bombarded and burned into coke. But what makes Ye Xuan wonder is that the ghost in his body began to beat again.

"This vitality is really tenacious. It seems that it is difficult to kill you without leaving your head."

Taking advantage of this opportunity, Ye Xuan's deity and avatar are all out of the sword, and the head of the ghost corpse is instantly smashed.

Nine heavy and difficult ghosts, die!

However, after the death of this ghost, his body was again with a white air, and then condensed into a white skull.

"Hey, boy, you are finally here."

"Kill you here."

Ye Xuan replied faintly.

"Don't be too embarrassed, this is a nine-pronged ghost. It's not worth mentioning in my eyes. Boy, since you are here, then I will endure my endless pursuit, I will refine you. Become a ghost..."

After the white **** was finished, it suddenly disappeared.

Now, the ghoul knows that Ye Xuan has come to the land of the dead.

"cut."

Ye Xuan was very disdainful. The next moment, he just stamped the corpse on his body.

Although he is very eager to find out where the ghouls are, the realm of the ghouls is much higher than that of him. If he continues to keep the corpse imprint, if he encounters a powerful ghost, then it will be miserable.

This place should not be left for a long time, they must leave as soon as possible.

But when Ye Xuan was ready to collect the sacred ring of this ghost corpse, he suddenly felt a few breaths. These breaths went straight to him, and I don't know if it was going to be a murderer.

Ye Xuan quickly put the Qiankun ring away, and then looked at it quietly.

Soon, there were six people who came into view. These six people were all young people. After they appeared, they looked at the iron-faced ghost corpse on the ground.

The nine ghosts are really harder than the ghosts of any one of them, but Ye Xuan and the fall of a seven-fold really hard, an eight-fold really hard, can actually kill it, this is a rare thing.

However, what makes them surprised is another point.

"You know the ghouls?" said the young man headed.

"do not know."

After Ye Xuan paused, he shook his head directly.

"Garbage, when we are blind, look for death!"

A young man in black came out and prepared to directly slap Ye Xuan a few slaps. Only then did they clearly hear the voice of the gangster and Ye Xuan. Ye Xuan still did not recognize it?

"and many more."

The young man suddenly stopped him and asked: "Since I don't know, why did the ghouls use the bones to talk to you?"

"Why should I tell you?" Ye Xuan said subconsciously.

"Since you don't say it, then forget it. Since the ghouls want to catch you, you must have somewhere to be seen by him." When the young man finished, he turned his head and looked at the black youth and another person. "You two went to kneel down and sent them back to the elders for interrogation."

"Yes!"

The black-haired youth and another young man should have a sentence, even if they dive directly.

Although Ye Xuan and the two people are not high in realm, they can kill a ghostly corpse that is really hard to beat, and they are not weak. Therefore, the young man in black and the other person have come up with two sneaks and swayed.

The next moment, there are two ghosts appearing beside them.

"It seems that this ghoul is a man who is a street mouse in the land of the dead. It is no wonder that he dare not reveal his whereabouts." Ye Xuan finally understood why the ghettos did not dare to report their position. I am afraid that he was ruined by the corpse and The joint pursuit of the ghost gods.

After all, the ghosts of the ghouls are far more powerful than ghosts and war corpses. If he rises, then the land of the dead will be three cents, even unified.

In the face of these two young people and the ghosts of the nine people who are really mad at their side, Ye Xuan glimmered and once again summoned the avatar.

If these six people each have a nine-powered ghost, then it is the twelve nine-powerful fighting power. Ye Xuan does not want to waste time, so he must quickly decide.

However, to deal with these really difficult people, he does not need to use the cards.

"Thunderfire swordsmanship, thunderfire combined!"

Ye Xuan's deity and avatar attacked at the same time.

Two golden swordsmen swept out and gathered together to attack the black youth.

"A strong attack!"

The young man in black is shocked, but the next moment, he realizes that the surrounding illusion has changed.

Eye of the illusion!
