Chapter 102: City House, destroy!

Tonight, is not destined to be a quiet night!

No one noticed that there was already a shadow and plunged into the city government.

At this time, in a certain room of the city's main government, there are two figures, one is that Wanjinchengcheng advocates fierceness, and the other is Caoba who was beaten by Ye Xuan during the day.

Zhang Lie sat in the chair, his face was very gloomy, his brow was locked, and he seemed to be thinking about certain problems.

"The city owner, do you let them go?" asked Cao Bai, who stood in front of Zhang Lie.

"I didn't think that the kid actually knew the imperial inspection. It seems that I couldn't move the kid. However, I didn't think that the Xue family's heritage was so rich, and the family property was more than my city owner. Not bad. In addition, Xue family has now left Wanjin City. In the future, Wanjin City is the world of Zhang Lie.

"Congratulations to the city owner!"

Cao Ba hurriedly clenched his fists.

Although he was beaten by Ye Xuan, he suffered some injuries, but he even heard that Fan Yue was abandoned by Ye Xuan. He was so daring that he could not afford it.

You must know that there are many people who want to avenge Fan Yue. Apart from the cracked Tianzong, there is also the Fan Family of Nanlin City!

Just as Zhang Lie and Cao Ba discussed how to develop Wanjin City in the future, suddenly, there was a figure outside the door and rushed in.

"Report to the city owner, someone invaded!"

"The people who beat the idea of the city's main government are not one or two. Is this also reporting to me?" Zhang Lie frowned.

The **** who rushed to report, swallowed and swallowed, said: "The city owner, this time is a master, we have been killed by him to guard the eight teams!"

"what?"

Cao Pai exclaimed, and he wondered if he had got it wrong.

There are ten guards in each team in the city's main house, and at least the sixth level of the martial arts. Eight teams are eighty.

"It seems that this person is at least the eighth martial arts, the city owner, I will come when I go!" Cao Ba left in a cold and cold manner.

After all, those who died are all his men.

Zhang Lie didn't take it seriously. After all, now that he is a big man, he will definitely be embarrassed by many people.

And Cao Ba is his confidant, he is so easy to recruit, he believes that the strength of Cao Ba, can definitely send the thief down to him.

But this time, he was wrong, and the mistake was very outrageous.

"Weird, Cao Ba has been away for more than ten minutes. Is it difficult for him to take his ability? Is there no way to take the intruder?" Zhang Lie was very surprised. When he was going to go out and see it himself, he suddenly found out. Someone sneaked on him.

"Dare to attack me, I really don't care!"

Zhang Lie escaped the attack, but the next moment, he suddenly found out that he was not hiding the hidden weapon, nor the bow and arrow, but a head.

And this head, he still knows, is actually the main guard of his city, Cao Pa!

"what?"

Zhang Lie was panicked. Cao Ba was the ninth heavy martial art, just like him. However, Cao Ba was taken to his head, so the other party must have the ability to kill him.

"Who is in the main government of my city?" Although Zhang Lie has some fears, he is the master of a city, an official of the Xuanyang Empire. Not everyone has the courage to kill him.

"Zhang Chengzhu, don't come innocent?"

Suddenly a female voice rang and a black figure landed in his yard.

"Is it a woman?"

Zhang Lie quickly thought about it for a moment, but there was no memory at all. He didn't recognize this voice.

This black man is actually Ye Xuan. Before he sneaked into the city's main government, he spent a bit of engulfing points and bought a change bead in the phagocytic system, pretending to be a mature woman's voice, plus black clothes and The cover of the night, unless the face towel is dropped, he will not be recognized.

"Zhang Chengzhu is really a noble person to forget things. What you did to my family in that year seems to have been forgotten. Today, I am coming to take revenge!"

Ye Xuan deliberately spoke very loudly and let the people around him hear it.

"then?"

Zhang Lie's face sank. He had done too many things. He couldn't remember it. The tall woman in front of her was the child of the family he had been killed before.

"No more nonsense, Zhang Lie, today is your death!"

Ye Xuan shouted, it was a rush to Zhang Lie, and then with a gloved right hand, punched on Zhang Lie's chest, exactly, the heart.

"Hey!"

The heart was hit hard and Zhang Lie's heart stopped instantly.

Ye Xuan is the ninth medium-term martial art. It is a higher level than this violent, and with the blood of the beasts and the advanced martial arts, it is easy to kill Zhang Lie!

"Run, the city owner is dead!"

Suddenly, the outside guards were scattered, and even the ninth heavy martial arts Zhang Lie and Cao Ba died. What else did they stay here?

However, killing Zhang Lie's Ye Xuan, he secretly revealed a smile.

"Integrating treasure hunting deer blood!"

Ye Xuan said in his heart.

Treasure hunt deer blood is also a low-level blood, but its value is three hundred points of phagocytosis, three times the blood of the beast.

Treasure hunt deer, as its name suggests, is specialized in finding treasures. After combining this blood, it can sense things that have aura in a certain range, such as herbs, medicinal herbs, and so on.

Ye Xuan is also because of this, so he did not leave a strong mouth.

"Hey, the fusion is successful!"

The system sounds in the mind.

"Okay, start looking for something good!"

After the blood of the treasure hunt deer is merged, Ye Xuan is obviously inductive, and there are good things around, but I don't know where it is.

The blood of the treasure hunt deer is only able to sense it, so it is so cheap.

"It seems to be in this fierce study."

Ye Xuan took a look around, and then it was a step into the study.

The study was not large, but there were several bookshelves. When Ye Xuan entered, he obviously felt that something was wrong.

It's tricky!

He looked at it and soon found an agency.

"Hey!"

The two rows of bookshelf suddenly turned away, revealing a dark passage leading to the ground.

"Little tricks, it's hard to beat me." Ye Xuan snorted, and then began to go down.

He has not gone to the end, he has encountered several iron gates of special qualities, but these iron gates can stop the martial arts's eighth-largest warrior. For Ye Xuan, there is no difficulty at all.

After a while, Ye Xuan looked at the huge treasure chest in front of him, and couldn't help but laugh.

Here, I am afraid that it is the treasure house of Zhangjia. Perhaps, there are things that have been searched from Xuejia.

"No matter what, put it all in the devour space!"

Ye Xuan, regardless of the three seven twenty-one, all put these things into the devour space.

Although he did not know whether these things were all the furniture of Zhang Lie, he knew that there must be many good things in the city government.

Since you are here, you will earn enough!
