Chapter 1031: God is difficult

"The rest will be changed to the honor Lingbao, my master will return to the furnace to break down the material." Ye Xuan replied.

"it is good!"

When the elders listened, they immediately came to the interest. He had no place to shoot the Supreme Lingbao, and the refined Lingbao price was much more expensive than the forged materials.

Another round of transactions, then, Ye Xuan is a large amount of forged materials and supreme Lingbao.

"Haha, happy cooperation."

You are full of smiles, these five hundred sets of equipment, they can not be used, they can also be sold to the surrounding forces at a high price, it is a big profit.

At this moment, the fall suddenly asked: "Master, what are you doing with so many supreme Lingbao, your mission is not finished yet?"

After the fall of such a reminder, Ye Xuan is also an unstoppable glimpse. He finally recalled that his serial random task has not been completed yet, and he has not signed a growth contract with Megatron. Then, he himself devours the ore and the supreme Lingbao, and Megatron will not have any benefit.

"The trough, I forgot, the ghettos have not killed!"

Ye Xuan wants to cry without tears.

However, if you say something like the water that has been thrown out, he has already finished trading. Can't you return it on the spot?

"But, the supreme spiritual treasure is swallowed by me, plus the forging materials of the 10 million high-grade dynasty, I and Megatron and the fall can break through to God!"

Ye Xuan sighed in his heart.

He is now a three-line upgrade. In addition to Megatron, he has to be scrupulous, but he has a strong physical structure. Therefore, he only changed one million high-grade shards of Tiandu, which is enough to break through the gods in a short time.

After the transaction was completed, Ye Long was waiting for Ye Xuan, who was a pro-son who had been separated for many years. He smiled and asked Ye Xuan to stay in the Bai Guizong.

Taking advantage of this opportunity, Ye Xuan quickly asked: "You are old, don't know if you have any news of ghouls here?"

After listening to the words "Ghosts and Ghosts", Elder Long also asked: "Is your master also looking for ghouls?"

"Yes, one of my brothers was turned into a ghost by the ghoul, so my master is looking for revenge." Ye Xuan nodded.

"It turns out that you don't want to say that the few lords of my hundred ghosts were converted into ghosts by the ghouls a month ago. Now the six parents don't recognize them. Not only that, but even the ghost gods are looking for ghouls, but this is The ghouls are well hidden, and there is no clue so far." Youchang sighed.

"No clue?"

Ye Xuan stunned. The real purpose of his visit to Baizong was to inquire about the news of the ghouls. However, the elders now told him that there is no clue. How to investigate?

"Yes, there is no clue." Elder Elder shook his head.

"Then your little lords?" Ye Xuan continued to ask.

"A few of the masters passed back a letter before they became a ghost. Even we have not seen him."
Elder Elder answered.

"Ok."

Ye Xuan gave up, since there is no clue, then he went to other places to investigate, he did not believe, can not kill the ghouls in a month.

However, it is at this time.

"Booming!"

Suddenly there was a roar in the distance, disturbing Ye Xuan and Elder Elder.

"What happened?" The elders were very surprised. "Well, dare to dare to fight in Zong?"

At the moment, he is plundering.

Ye Xuan followed closely.

However, when they approached in the direction of the sound, they discovered that it was not people and people who were fighting, but a group of people, and a ghost.

"The elders of the hundred ghosts listened to the order and intercepted the ghost!"

An old man shouted, he is the lord of the hundred ghosts, and next to him, there are several elders of the hundred ghosts.

Their opponent is a long-haired middle-aged man. However, this middle-aged person is not a human being, but a translucent and ghostly man with sharp nails.

"This ghost is not the corpse brought back by the lord in the past few days? Is it true that the lord forced out the ghosts in the corpse, but did not succeed in surrendering?"

At this time, he suddenly turned his head and pointed to Ye Xuan: "Ye Xiao brother, you should hide far away, don't be affected."

When he finished, he killed the past.

In fact, without his reminder, Ye Xuan also saw the extraordinaryness of this ghost.

"This ghost spirit is unstable, apparently just coming out of the body, but his breath is a bit strong, even more than the lord of the hundred ghosts!"

Ye Xuan licked his lips.

The lord of the hundred ghosts is the master of the four gods, and the elders behind him are also the three gods.

However, this ghost that has just been condensed is probably the master of the Five Gods, but it is just because the spirit has just been condensed.

However, he is also enough for these hundred ghost masters to drink a pot.

"Young master, are we going to go up?" asked the drop in my mind.

"No, we are not a hundred ghosts, we just come to sell things." Ye Xuan shook his head, this is the housework of Bai Guizong, or the Bai Guizong himself.

Suddenly, there are quite a few masters who have surrounded this ghost spirit. At the same time, there are a large number of ghosts appearing, and they are rushing toward this middle-aged ghost.

This trend, Ye Xuan is also the first time I saw it.

His fierce screaming is a good martial art, but the fierce ghosts who are crying and screaming are not worth mentioning compared with the ghosts of these hundred ghosts.

"Hey, I will buy some higher-level ghosts from the elders, so that I can improve the power of the screaming and screaming..."

Ye Xuan's heart is a dark sentence.

Before him, the ghosts that were sealed in the hundred ghost swords were all made of real spirits and hard spirits. Therefore, he wants to buy some ghosts of the level of God's martyrdom. With this level of ghosts, he will use a sneaky scorpion to cry, and his power will increase by at least two or three times.

"Calling!"

A hundred ghosts constantly rushed to the middle-aged ghost, but they did not pose a threat to the middle-aged ghost. His claws could easily break the ghosts of the hundred ghosts.

So many masters, even can not help him, but also met the ghost!

However, Ye Xuan can not care so much, only to be long and old, so he did not upgrade, and now the elders go to war, there is no master around, even if he breaks through nothing.

At the moment, he directly swallowed the supreme Lingbao, which is equivalent to five million seniors. However, the distance upgrade is still quite a lot. After all, the five million high-level hardships are only

one million. The raw materials are just another, and the other four million seniors are the cost of the construction.

Ye Xuan continued to swallow, and after he swallowed the ore halfway, the system sound finally sounded.

"Hey, the host breaks through, it's a big god!"

Chapter 1032: Hundreds of ghosts

"Hey, the host breaks through, it's a big god!"

Finally broke through!

Ye Xuan, who heard the sound of this system, had a huge change in the internal environment. The physical, infuriating and mental powers were greatly improved, and the combat power was at least tripled.

"Well, the mental strength is improved, and the mental attack is also useful for the four gods." Ye Xuan was very happy.

He is only a nine-figure, and the mental attack is most useful to the masters of the two gods. Now he has broken through to the gods, his mental strength has risen, and the mental attack has directly improved the two levels.

"Megatron, the rest is yours."

Ye Xuan took all the rest and dumped it into the Megatron Tiankou, which had become Dading.

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

In the blink of an eye, Megatron is a three-level jump, from the nine to the real gas, to the level of the three gods.

Ye Xuan's heart is somewhat unbalanced and consumes almost the same thing. He only broke through from Jiuzhong's incomprehensibility to a heavy martyrdom, while Megatron's life is difficult from Jiuzhong's qi, and all the way to the triple god's martyrdom. Xuan has two realms.

However, this is also a no-brainer. After all, Ye Xuan's breakthrough is too difficult. Now it's a breakthrough, and the upgrade experience has been greatly improved. And Megatron, there is a 50% growth bonus of the blood of the beast god.

"But, Megatron now breaks through to the triple god, and with the full attribute bonus of 50% of the blood of the beast, the combat power may be able to catch up with me."

Thinking of this, Ye Xuan calmed down.

With the upgrade of Megatron, he can also get a lot of benefits.

At this time, there have been many changes in the battlefield ahead.

The Hundred Ghosts and the more than a dozen elders couldn't help but this middle-aged ghost. Instead, this middle-aged ghost was killing so many ghosts of the ghosts, and the breath began to rise.

"No, everyone is going to close up the ghosts!"

The hundred ghosts saw the lord and hurriedly shouted.

The ghost spirit kills the ghost spirit, it can absorb the spirit, so this middle-aged ghost will continue to become stronger.

In the meantime, there are a lot of sneaky ghosts, and all the ghosts are collected.

"Seal the ghosts!"

The hundred ghosts and lords once again drank.

At that time, the elders all retired and took out new sneaks.

More than a dozen sneaks rise up and connect with the infuriating. At that time, the breath of the middle-aged ghost is forced to be suppressed a lot, and was successfully blocked in the big array.

Everything is sneaky, it is a thing that collects ghosts, and it also has a suppressive effect on ghosts.

However, one of the hundred ghosts is a small look at this middle-aged ghost.

"Huh!"

Being restricted to the middle-aged ghosts in the squad, and wandering around, it is difficult to break this ghost.

"I want to... you... die..."

Middle-aged ghosts spit out the characters that were born.

The middle-aged ghosts are formed by the resentment of the deceased, without consciousness, but they will still speak.

In the next moment, the sects and elders of the hundred ghosts saw the spirit of this ghost spirit sway, and then rushed out countless ghosts.

"What, a hundred ghosts attack?"

The hundred ghosts were shocked.

Hundreds of ghosts attacked, but the ghost gods were the only ones that could only be used.

At this time, the lord of the hundred ghosts finally understood what kind of mistakes they made.

The body of the strong man he brought back before, was the strongest of the ghost gods before his death, and this can be a big disaster.

If there is someone falling down in the ghost gods, as long as the body is brought back to the ghost gods, then the master of the ghost gods can gather it out of the ghost spirit and then enlighten.

The so-called enlightenment is to let the ghost restore the memory of life. As long as the memory is restored, it can still be considered a half-person, but there is no physical body.

At the time when the masters of the hundred ghosts were shocked, the ghosts were forced to be broken, and the elders spurted a stream of blood.

"Reseal!"

The sect of the hundred ghosts also spewed a blood and drank again.

But this time, it is not so easy.

After the break, the middle-aged ghosts, the body shape quickly flashed, directly to the side of a three-year-old elder.

"Oh!"

A crisp sound spread, the elder's head flew up.

"Chen Elder!"

The lord of the hundred ghosts angered: "kill him!"

Although this middle-aged ghost comes from the ghost gods, but who cares so much now, it is imperative to kill this ghost, otherwise, the hundred ghosts will be slaughtered by this killing spirit.

Now, everyone is taking out the housekeeping skills and preparing to destroy this middle-aged ghost.

However, this ghost is very simple, and a few breaths let half of the elders die.

"Damn!"

After seeing the sect of the hundred ghosts, his face was already sinking to the bottom of the valley. So many elders joined forces, but they couldn't help the middle-aged ghost. Now that the elders are half dead, it is even more impossible.

"Go, go all!"

The Hundred Ghosts made a difficult decision.

At that time, all the elders and the disciples in the distance were scattered and scattered. The words of the lords of the hundred ghosts represented them to abandon the hundred ghosts.

Ghost spirit is extremely killing, as long as you see the living things will not let go, so you must bring the ghosts to the outside.

The lord of the hundred ghosts is already ready to die. However, he overestimates his own strength. When the elders are scattered, he is only a few breaths, and he is pierced by the middle-aged ghost. .

The master of the hundred ghosts, the master of the four gods, died!

"I am fighting with you!"

Several elders who did not die were folded back, but their role was only to drag the middle-aged ghost for a few seconds.

Soon, these elders are all fallen, then the next are the disciples.

"Young master, a lot of people have died, do we want to touch the body?" asked Luo.

Touching the body is a terminology of online games. The meaning here is to collect the Qiankun ring, which is learned from Ye Xuan.

"The secluded elders were killed in the first time after the devil's spirits broke out. It is estimated that there are still many things in the squad, and we will go with them."

Ye Xuan finished.

It was too quickly put the fall out.

The bonfire robbery, this is Ye Xuan's innate talent.

at this time.

"Booming!"

Suddenly a loud noise fell into Ye Xuan's ear. He hurriedly turned his head and saw that a stone pillar in the square suddenly collapsed. Then, countless ghosts were pulled from the ground.

"Is the attack unintentionally releasing the ghosts of the hundred ghosts?"

Ye Xuan brows a pick, it seems that a hundred ghosts are really gone.

Fortunately, these ghosts are not high-spirited. With the strength of Ye Xuan, it is possible to light up the elders.

Chapter 1033: Powerful ghost

"Hands!"

Ye Xuan snorted and rushed out.

Thousands of disciples were surrounded by hundreds of ghosts, and there was also an elite of the gods, but after seeing the elders falling down, they were scared.

Just kidding, even the masters of the hundred ghosts, the masters of the four gods are dead in the middle-aged ghosts. Although they are swearing at the ring, they are still the most important.

Therefore, these people are scattered and the head does not dare to return.

As a result, Qiankun Ring is cheaper Ye Xuan.

"Oh, maybe this time you can break through to the double god!"

Ye Xuan smiled with some gloating sorrow, quickly called out the avatar, and then collected the 乾戒戒, and Luo Zhen and Megatron are responsible for covering Ye Xuan.

However, Ye Xuan was just getting close, which caused the attention of the middle-aged ghost.

"Huh!"

This middle-aged ghost immediately swept over Ye Xuan.

"I dare to mess with me, I really don't want to die!"

Ye Xuan snorted and the deity greeted him with a white bone sword.

Other ghosts are okay, the strongest is just a sacred thing, so as long as the ghost boss is solved, then the bottom of the ring is all his.

Ye Xuan has just broken through and wants to find an opponent to practice. This ghost boss is a good opponent.

"The ghost is crying!"

At the moment, Ye Xuan launched an attack toward the middle-aged ghost.

However, he forgot a bit.

Hundreds of fierce ghosts rushed over, and what surprised him was that these fierce ghosts were all absorbed by middle-aged ghosts.

Ye Xuan's sensory ability is very strong. He feels that this middle-aged ghost has absorbed his fierce ghosts and cried, and the breath has risen a bit.

"The trough, this is not scientific, the sneaky screaming is clearly formed by my infuriating."

Ye Xuan is very upset.

However, this is only the strength of this middle-aged ghost, he also witnessed.

"It's not so easy to deal with you, come on, the eye of glory!"

After the two smashes shot two golden awns, Ye Xuan's pupils and hair turned into dazzling gold.

Saiyan turned!

At that time, Ye Xuan is fighting this middle-aged ghost.

The strength of this middle-aged ghost is very strong. If Ye Xuan does not use the eye of glory, I am afraid it can't be beaten.

However, Ye Xuan, who used the eyes of glory, turned into gold, and there was an increase in damage to ghosts and war corpses.

"Now, see if you can absorb it again!"

Ye Xuan once again pulled out a sword, and hundreds of fierce ghosts rushed out.

The ghosts are crying and crying, they need ghosts and infuriating, but this time Ye Xuan has used the eyes of glory. If this middle-aged ghost is still able to absorb, Ye Xuan is considered a service.

The middle-aged ghost inspiration has the same breath on these fierce ghosts, so it is also swept past, a paw through the body of the ghost, but in the next moment, his claws suddenly burst open.

"Hey!"

Although these fierce ghosts are still black, they still have brilliant eye effects. This middle-aged ghost spirit actually puts his hand into the ghost body and is really looking for death.

"Ghost spirit, the powerful is the spirit, no matter which part of him is attacked, it is the key!"

Ye Xuan even this point, so with a glorious eye, crazy shots, all are screaming and crying.

At the same time, his avatars and the fall, Megatron, are collecting the Qiankun ring, Ye Xuan's deity strength continues to soar.

In a few roars, this middle-aged ghost learned, and this time, he only used his nails to attack.

However, Ye Xuan's fierce ghost is too much. He is just a ghost, he will not use infuriating, and the golden infuriating eye of the brilliant eye will increase his damage, so he can only kill a **** road. Ben Ye Xuan.

The thief first smashed the king!

"Good guy, although turned into a ghost, but also know a lot of tactics, thieves first smash the king..."

Ye Xuan's mouth tilted slightly, revealing an evil smile. The next moment, his body was filled with a golden instinct, which became a golden armor.

At the moment, Ye Xuan is joining forces with the Golden Armor.

Although the Golden Armor is a card, but now it is a threat to the middle-aged ghost, or solve him first, then collect the spoils with peace of mind.

"The ghost is crying!"

"Overlord Promise Sword!"

Ye Xuan and Jinjia Ares simultaneously shot.

Although the ghosts killed the sects of the four ghosts, but for Ye Xuan, the ghosts are easier to solve than the lords of the hundred ghosts.

The golden sword in the hands of the Golden Armor suddenly magnified, and then fell to the ghost.

"Hey!"

Although the huge golden sword did not lie on the ghost spirit, the powerful impact directly shocked the ghost spirit.

"Sure enough, it's not so easy to solve, look at this trick!"

Taking advantage of this opportunity, Ye Xuan's light flashed and a golden sniper swept out.

The middle-aged ghost, who was almost defeated by the Emperor's Promise Sword, shook his feet.

"Hey!"

The silence was smashed, but after the silence, there were two broken rays.

"Zizi!"

The decomposition ray falls on the middle-aged ghost.

"what....."

The middle-aged ghost spirit screamed in the sky, only to see that his chest was broken open by a broken ray.

"The vitality is really tenacious."

In the heart of Ye Xuan's heart, the next moment, the middle-aged ghost is being hit by countless fierce ghosts.

"Hey!" "Hey!" "Hey!"

A muffled sound spread.

The fierce ghosts who rushed to the middle-aged ghosts suddenly burst open, and the middle-aged ghosts roared.

"call out!"

At this time, a huge golden sword smashed away, it turned out that the Golden Armor condensed a second attack.

This sword man fell on the middle-aged ghost spirit, and the spirit of the middle-aged ghost spirit violently swayed once, and it quickly collapsed.

Finally dead!

Ye Xuan breathed a sigh of relief.

Originally, he thought that he could easily single out this ghost, but he did not expect it to be as simple as he imagined, so he used the eye of glory.

In the end, he had to use two cards, which is enough to prove the strength of the middle-aged ghost. After all, this middle-aged ghost killed hundreds of ghosts and seven or eight elders.

"Although I lost two cards, I also avenged the Hundred Ghosts."

Ye Xuan thought in his heart, at the same time, he can also collect loot with peace of mind.

However, at this time, suddenly a figure crossed into his sensing range and swept quickly.

"Amazing speed!"

Ye Xuan was shocked. This person is faster than him. I am afraid that at least the five gods will be killed.

When the ghosts killed the lords of the hundred ghosts, those disciples and elders had all escaped, and there was no one left. At least Ye Xuan's sensory people were gone.

Chapter 1034: Framed

Ye Xuan glanced at it and found that there were still some corpses of the corpse that were still confiscated. At the moment, he plundered. The comers are the five gods, but he is too lazy to manage so much, directly collecting spoils.

At this time, the person who entered his sensing range finally arrived.

"Bastard, even destroy the sect, die!"

The comer was a purple-haired youth. When he saw Ye Xuan, who ignored the ghosts in collecting the spoils, he immediately screamed and slammed a sword toward Ye Xuan.

"Your uncle, shut my ass!"

The door of the void is closed, leaving a strange purple-haired youth.

"Slaughter a hundred ghosts, I won't let you escape so easily!"

The purple-haired youth took out a piece of paper and, according to the memory, quickly painted the face of Ye Xuan, and then took out a strange flame.

He burned the portrait with this strange flame, and then, after the flame was lifted, it suddenly burst open, forming numerous fires and plundering in all directions.

Then he also left quickly.

At this time, Ye Xuan has already arrived at the anchor point outside the Nether City.

"The man is so unreasonable, the young master avenged the hundred ghosts, and he was still shackled."

Falling is very dissatisfied.

"But it, we have made a lot of money this time." Ye Xuan did not care much.

Before he traded with the Elders, and then broke through to the gods, now the elders are falling, and things are back to him. In general, the value of the things he gets is about 30 million seniors.

Of course, if the purple-haired youth did not appear, then he would go through the entire hundred ghosts and find out the wealth that the elders and the lords had hidden. At that time, it would be appropriate to break through to the two gods.

Unfortunately, halfway through the process of killing a bite.

"The purple-haired youth should be from the ghost gods. Fortunately, I walked early. If I really fight him, the death must be me!"

Ye Xuan swallowed himself.

"Young Master, we don't have the clues of the ghouls, what do we do now?" asked the drop.

Wen Yan, Ye Xuan thought for a moment, said: "I am afraid that the strength of the ghouls is not so weak, the system gives me a month, and it is not so simple to want to kill him. We will go to the ghost gate first and upgrade the strength. "

The five hundred sets of equipment that I sold to the Elders before, he received it again, so I wanted to sell these to the Ghost Gate, and break through to the Double God.

When he and the Elder Elders traded, they said that they would run for a half-month, and they would be able to go from the hundred ghosts to the ghost gates.

However, it is based on the ordinary nine-pronged footsteps. Now he has broken through to the gods, and it is estimated that it will be available in two days.

At the moment, Ye Xuan is continuing on his way.

The last one is only three days after the random task time. It takes no more than two days to solve the problem. Moreover, the ghost gate is a level of power with the Bai Guizong. Maybe there is news of the ghoul.

On the way to the Ghost Gate, Ye Xuan also let the avatars go to the city to sell some equipment, but these are small towns, so they are not sold much.

Two days later, he finally came to the gate of the ghost gate.

As before, he relied on the past and then entered the Ghost Gate on the grounds of making a deal.

"Cheng Chang, someone is visiting."

A disciple of the ghost gate took Ye Xuan to a courtyard behind the refining hall and shouted in the head.

Then there was a middle-aged man who opened the door and walked out.

"what's up?"

The elders of this journey asked.

"Cheng Chang, this person said to make a big deal with our ghost gate!" the disciple replied.

At this time, Cheng Chang's eyes fell on Ye Xuan's body. The next moment, his figure was a tremor.

"Ok?"

Ye Xuan looked at the elders in a strange way. He just wanted to speak, but he was interrupted by Cheng Cheng: "Small brothers please wait a moment here, I still have some things to do."

When Cheng Changla finished speaking, he quickly stepped away.

Ye Xuan looked at the back of his departure, his brows were wrinkled, and he felt that the elders who saw him had a look after him, some strange.

However, it didn't take long for Ye Xuan to understand why the elders of this journey were so strange.

Shortly after Cheng's departure, Ye Xuan saw a large number of masters entering his sensing range and surrounded him.

"not good!"

Ye Xuan's face changed greatly, and these people must have come to him. As for why, it must be because of the purple hair youth.

Soon, these masters are surrounded by him.

"Bold mad, dare to sneak into my ghost door, really when I am a ghostly door to bully?"

A violent drink came, Ye Xuan stared at it and found that the opening was a four-hearted old man.

The ghost gatekeeper!

In addition to these four gods, there are ten trio gods and dozens of two gods.

At this time, Ye Xuan was completely awkward.

"Sure enough, it was the purple hair young man who made it difficult for him to come to the ghost gate?" Ye Xuan couldn't figure out.

Although he was surrounded by the group, he did not have a nervous look. How can the four gods be troubled, and there is still no big wave in front of him.

"What are you doing?"

Ye Xuan asked what he didn't know.

"Is it still loaded with garlic? Isn't it that you have destroyed a hundred ghosts?" The ghost gatekeeper finished speaking, and he took out a portrait from the Qiankun ring.

On the portrait, it is Ye Xuan!

"I am not a god, but I have the ability to destroy the hundred ghosts?" Ye Xuan asked.

Indeed, it is hard to beat a **** in front of this group of masters.

There are at least five hundred people in the door of the ghost.

However, the realm cannot explain anything.

Chapter 1035: Kill the door!

"Oh, although you have no strength to destroy the hundred ghosts, but the ghost that destroyed the hundred ghosts has something to do with you, and your portrait is from the angels of the ghosts and gods, there can be no fake, you Hurry up and let it go!" The ghost gatekeeper shouted.

really!

After Ye Xuan listened, the brow couldn't help but condense. The ghost **** in the main gate of the ghost gate was in the messenger. It should be the purple hair youth.

However, what he didn't understand was that after two days, why didn't he figure it out?

Although some elders and the remaining disciples were scattered after the death of the patriarchs, the ghosts who killed the sects of the sects were the ghosts. The people present should have seen them.

Now, he is still considered to have slaughtered a hundred ghosts, then things should not be what he imagined.

The purple-haired youth was ready to cover up the matter after figuring out that it was a middle-aged ghost, because the middle-aged ghost also came from the ghost god.

For the ghost gods, this is a scandal. Although this does not blame them, the middle-aged ghosts are related to the ghost gods.

It is impossible to cover up the things of the hundred ghosts, so they can only distort the facts and say that the ghost that has destroyed the gates of the hundred is driven by Ye Xuan.

"Good guy, although I have saved a lot of things, but it is not me to kill the door, this hatred, I must report!"

Ye Xuan's light flashes.

Now, he finally figured out the ins and outs.

"It's impossible to let me know what to do. If you have the ability, come on. Don't blame me for not reminding you. If you let me do it, your ghost door will be in danger!"

Ye Xuan said in a cold tone.

"Dare to threaten us, you are so bold!" An elder angered.

However, he also understands that Ye Xuan is definitely emboldened. Otherwise, how can he be so calm in the face of these masters?

The ghost gatekeeper and the other elders looked at each other and said: "Kill him!"

The war, finally broke out!

"Since you have already turned black, let this be a thing!"

Ye Xuan did not care so much, and after drinking a sentence in his heart, he directly released the fall.

"You guys, this group of bastards, actually fell into the young master, to die!"

Falling directly to the shot, 霎 that is the separation of hundreds of avatars, at this time, she has broken through to a god.

At that time, the two sides are fighting.

"The Eye of Brilliance!"

"Summon the Golden Armor!"

"The sword is returned to the sect!"

"The Beastmaster is violent!"

Ye Xuan does not care so much, directly cast all the cards, this time, he will destroy the ghost gate.

Suddenly, the wind whistling.

"Kill them!"

The ghost gatekeeper felt the extraordinary strength of Ye Xuan, and hurriedly screamed. When everyone heard this, they also rushed to call out a lot of ghosts.

Available at this time.

A huge golden sword crashed down.

"Overlord Promise Sword!"

Those ghosts have just emerged, that is, the huge impact of the Emperor's Promise Sword has been blasted in an instant, not only that, but also a lot of ghost guards and elders.

Now, the other people at the Ghost Gate finally know what kind of enemy they have provoked.

Ye Xuan, indeed has the ability to destroy the hundred ghosts!

It is simply unbelievable that a single **** is martyrdom and destroys the power of the four gods.

But for now, let's deal with Ye Xuan first.

"The ghosts are arrogant and arrogant!" The ghost gatekeeper saw Ye Xuan not easy to deal with, and once again screamed.

"Knot your big fight!"

Ye Xuan screamed, and the deity and the avatar quickly made a few snipers.

"The ghost is crying!"

"The ghost is crying!"

This time, Ye Xuan used the ghost tires made by the two gods, and with the eyes of glory, the power was at least five times higher than before.

At that time, hundreds of fierce ghosts rushed toward the ghost gate.

"what?"

The ghost gatekeeper was shocked. He just wanted to hide, but found that in these fierce ghosts, they all turned into ghosts.

"The Eye of the Illusion!"

Ye Xuan's deity and avatar use illusion to let those who are both distressed and triple-dangered fall into illusion.

The ghost gatekeeper is also in the middle, but he is awkward to the four gods, and the illusion is broken in the blink of an eye.

However, hundreds of ghosts are not produced by illusion.

At the same time that the ghost gatekeeper broke the illusion, it was thrown into a large number of fierce ghosts. Suddenly, the miserable cry spread throughout the ghost gate.

In case, just in case, the Golden Armor also took out a sword, this golden sword fell on the door of the ghost gate.

Only when I heard the '嘭', the main chest of the ghost door burst open, and both eyes closed and fell from the sky.

The ghost gatekeeper, die!

When everyone is caught in a illusion, Megatron and Fall are also killing in madness. There are more than 20 people who have fallen with the Lord of the Ghosts.

The battle has not started for three seconds, and the ghost gate has fallen so many people, including the ghost gatekeeper.

Those who were lucky enough to die, the masters of the ghosts, were scared to fight, and hurried back.

"I want to go now, it's late!"

Ye Xuan's deity is directly dispatched to chase down these escaped guardians and elders.

As for the avatar, it is to constantly collect spoils and enhance their strength.

"No, don't kill me..."

"We are also obeying the door, don't chase me..."

"Kid, don't be crazy, the ambassador is nearby, he will be there soon..."

Hearing this, Ye Xuan also snorted, how did the purple hair youth come, can you stop him now?

"Hey, the host breaks through, and it's currently a double god!"

When Ye Xuan put the singular ring of the ghost gatekeeper into his arms, the system prompt sound finally sounded.

Physical, infuriating and spiritual, all have a qualitative leap in an instant.

Fighting power has at least doubled!

Breakthrough, Ye Xuan's deity also broke through, this time, he quickly pulled out two swords.

"The ghost is crying!"

"The ghost is crying!"

Hundreds of ghosts were saved, and the miserable screams continued in the air.

"stop!"

Just then, a familiar scream fell into Ye Xuan's ear.

Ye Xuan turned his head and saw that there was a figure in the air.

Only when he was killed, he did not find a master approaching. After he saw the face of the figure, the murder in his eyes was revealed.

Purple hair youth!

The purple-haired youth who had smashed him and slaughtered a hundred ghosts, he arrived!

"It seems that this purple-haired youth was originally nearby, so it's coming fast, just right, I have to report the hatred!"

Ye Xuan's light flashes and his anger is arrogant.

The timing of this purple-haired youth is also very accurate. When the voice falls, the masters of the ghost gates have all been smashed into corpses, leaving only the ghost disciples who are scared to swallow their tongues in the distance.

Chapter 1036: Immortal spring

"You have destroyed a hundred ghosts, and now you have destroyed the ghost gate. Who are you?" The purple-haired youth saw that everyone was dead, so they were not in a hurry to shoot.

"It's your grandfather!"

Ye Xuan does not want to talk nonsense with the other party, directly shot.

After all, he now has a bottom card. If he doesn't fight for time, what if the duration of the Wanjian Guizong and the Golden War Gods has passed?

"Today, I will take care of the heavens and marry your devil!"

The purple-haired youth no longer talk nonsense and greet them.

The double **** is difficult, the five gods are difficult, but the difference is three environments. The purple youth is also the first time that they have so many people who are lower than themselves.

However, Ye Xuan's strength, he witnessed it, can't be careless.

After the breakthrough, Ye Xuan, the strength skyrocketed, but don't forget, Ye Xuan also has two helpers, Luo Tian and Megatron.

"Hundreds of monsters and foxes!"

"The sword is returned to the sect!"

Falling and Megatron assisted Ye Xuan at the same time, but this purple-haired youth is a martyrdom of five gods, and the speed is twice as fast as that of the ghost gate. It is not so easy to deal with.

Speed is Ye Xuan's favorite attribute. Although he has a 90% speed increase, he is still slower than the Zifa youth.

However, don't forget, Ye Xuan has not yet fit!

At the time when the purple-haired youth swooped down, Ye Xuan hurriedly and physically fit, and his strength was soaring by 30%.

"Megatron, Spirit Swords!"

Ye Xuan hurriedly ordered.

In the next moment, hundreds of great swords of the Earth are falling.

"Hey!" "Hey!" "Hey!"

What makes the purple hair youth strange is that these hundreds of great swords are not attacking him, but they are trapping Ye Xuan.

"Hey, do you think you can live more for a while?" The purple-haired youth snorted and plunged directly into the spirit sword array.

However, after he rushed in, he found that Ye Xuan was not inside.

In the sword array, there is no one!

Ye Xuan, who had already broken the void, came to a place where he was positioned.

"Let's fall, kill him!"

Ye Xuan shouted.

"Well, young master."

It was only after the fall that the purple hair youth could not be caught, and the gas was straightforward. Now I saw the purple hair youth ran into the spirit sword array, and the eyes immediately became bright.

The next moment, she and her hands were in the hands of a red flame.

"Seven colors of demon!"

Countless flames were thrown into the sword.

At this time, Zifa Youth knew that he was trapped in a trap. Although he did not know how Ye Xuan fled, he still solved the current crisis.

The red flame was thrown into the spiritual sword array. These red flames were successively blasted by the purple hair youth, but there were always some fish that slipped through the net and were ignored by him.

The first round, the red demon fire!

The second round, orange demon fire!

The third round, the yellow demon fire!

Red, orange, yellow, green, blue and purple, after the seven swords of different colors in the spirit sword array, the inside is suddenly a rainbow-like seven-color light.

"boom!"

A loud bang was spread, and the explosion in the sword array blew up the recent giant swords.

This move, but the most powerful attack now, the purple-haired youth will not be killed, but also seriously injured.

At the time when the roaring sound spread, Ye Xuan quickly swept the eye with insight and found that the purple hair youth really did not die, but it was almost the same.

"This time, kill you!"

Ye Xuan heart low drink, dawn flashing.

"The Eye of Silence!"

"The eye of decomposition!"

The effect of the brilliant eye is still there, so Ye Xuan's this shackles have also been rendered into gold.

The golden silence was gone, and it was not in the smoke. Only a crisp sound was heard, and the purple-haired youth was cut off by the silence.

I am afraid, he would not have thought that he would die in such a ghost place, to know that he is a disciple of the ghost god.

Most importantly, he did not even summon his own ghosts.

"噗通!"

The purple-haired youth's head fell, but his blood-filled body was still standing and looked a little scared.

To be honest, it is not the time for the purple-haired youth to appear. If he appears again after Ye Xuan's skills disappear, I am afraid that Ye Xuan is not so easy to kill him, and even has to escape again.

Unfortunately, the purple hair youth came too early and hit the gun!

At the moment, Ye Xuan quickly swept the past and put away the purple-haired youth.

The disciple of Ghost Shenzong, the family must be very rich, right?

However, Ye Xuan was disappointed again.

There aren't many things in this Qiang Kun ring. They are almost all medicines for healing. There are no clues about the ghouls.

"Put a hole, it is a poor ghost!"

Ye Xuan couldn't help but roar.

At this moment, he suddenly found a letter that made him interested.

This letter was sent by the Zifa youth family and mentioned one thing above.

Not old spring!

"What, not old spring?"

Ye Xuan was shocked.

Not the old spring, you can open the eyes of eternal, and transfer his key to two eyes, as long as the two eyes are not destroyed, then he will not die.

"This family of purple-haired youths found a treasure, and there is no old spring inside, so let him go back and help!"

After reading this letter, Ye Xuan understood it.

However, the purple-haired youth did not choose to go back because he had a mission.

"There is only three days left, and it is gathered in Changjiapu, the 18th Fort of Tianmo..."

Ye Xuan muttered.

The Tianmeng Fortress is controlled by three major families, and each family controls the six fort. This has already fallen into the purple-haired youth, who are the family members of the three major families.

After three days, these three families will all enter a fantasy called glare.

This glazed illusion is a place that the three disciples found together. There is a magical array here, so it has not been discovered.

The glaze of the glaze is a completely different place from the land of the dead. The heavens and the earth are full of vitality. The three disciples have accidentally found a few drops of spring water in the glare of the glaze.

A bottle of old springs can increase the life expectancy of ten years, and it can be upgraded for up to 30 years. Even the masters of Vientiane will be coveted.

If there is a spring that is not old, then the three families will be sent.

"I only need a bottle of old springs, open the eyes of eternity!" Ye Xuan thought.

At the moment, he is plundering toward the Fortress of the Eighteenth.

Three days later, it was time for the three big families to enter the glare of the glaze. He had to rush immediately. After all, he didn't know where the entrance to the glaze was.

Although it is a waste of three days to hurry, but now has the opportunity to open the eyes of eternal, so Ye Xuan can only put things on the side of the ghouls.

In three days, Ye Xuan was not completely spent in vain. After all, he still had an avatar.

Chapter 1037: Glass illusion

Ye Xuan's deity is responsible for the road, but the body can go to the city on the way to sell equipment, and the strength can continue to improve.

The same is true for falling, as long as she is released, she can absorb the strength of the world at any time. If it is refining the natural treasure, the cultivation speed will be faster.

When Ye Xuan rushed to the Tianmeng 18 Fort, the fall also broke through to the two gods, and he was at the same level as Ye Xuan.

The three major families in the Tianmeng Fortress are not weak, and each of the three major families has a master of six gods.

If he arrives early, Ye Xuan can make a deal with these three families. When he comes to Changjiabao, the team of the three families is ready to go.

"Young master, what do we do?" asked the drop next to Ye Xuan.

"Looking at this situation, this Changjia Fort does not seem to stop other warriors. Maybe they want to use them as cannon fodder, so we can mix in."

Ye Xuan looked at the mighty Changjiabao team. After that, he followed it with the fall.

The holy land of Penglai was originally in a huge mystery, and this glass illusion is not a mystery. It is a hidden place in the land of the dead. Only a special illusion exists, so it was discovered until now.

"This ancestor of Changjiabao does not seem to be in the ranks, but there are still three martyrdoms and five masters who are suffering from the four gods and the three gods..."

Ye Xuan followed the Changjiabao team and explored the strength of the Changjiabao team with the eyes of insight and the eye of perception.

This is just a team of Changjiapu. In addition, there are two big forts. I am afraid that the strength will not be too weak.

As for the scattered people around Ye Xuan, the strongest is the four gods, but not afraid.

The Changjiabao team went all the way north. They spent a day, arrived at a canyon, and then entered a large cave opened in the canyon.

Ye Xuan and Luo fell behind and walked in. They went down tens of thousands of meters and saw a stone gate.

"Glass illusion!"

Next to this stone, there is also a stone monument, which is the word of the illusion of glass.

"Fortress, we were fighting in the same super-sacred beast in the canyon that day, and accidentally destroyed the stone wall, only to discover this treasure."

Said a child of Changjiabao.

"Well, everyone will rest on the ground first, and the other two people will come."

The owner of Changjiabao said.

Then, the people of Changjiabao sit down on the spot, as well as those who are scattered.

After all, they are coming. The people in Changjiabao did not enter. They did not dare to go in. If they accidentally provoked the people of Changjiapu, they would die.

Today is the time agreed by the three major castles, so the other two teams should also arrive today.

Soon, the second team came, and it was the Lianjiabao in the Eighteen Fort.

Next, it is Hujiabao.

Now, the three giants of the Devil's Eighteen Fort have come, and each side has brought dozens of scattered warriors, and the total number has exceeded 200.

Ye Xuan was mixed in these scattered warriors and looked around.

"Young master, it seems that there are disciples of the ghost gods." The sound of the fall sounded in Ye Xuan's ear.

"Well, there is a ghost **** disciple in the Lianjiapu and Hujiabao teams."

Ye Xuan nodded.

The reason why he can recognize it is because the ghost **** disciple has a sinister breath, just like the purple hair youth.

He carefully calculated that the three-party team had a total of ten five-powered gods and thirty-four gods. As for the three gods, it would not be a problem. There is no threat to Ye Xuan.

"If I have full firepower now, I can drag the two five-powered gods to master..."

Ye Xuan thought in his heart.

In the case of full firepower, he can hold two. After all, there is a ghost of the five-fold **** in the purple-haired youth. With the help of ghost king beads, he can barely control.

However, the three major castles have six masters of martyrdom, and do not know whether they have come, or have entered the illusion.

"Well, now that people are here, let's go in!" said Lianjiabaobaozhu.

"It's not early, go in." Hu Jiabao Fort also nodded.

Those who are scattered by the warriors hear this, but also the eyes are bright, and then they get up.

The three major teams are also nonsense, pushing the door directly, and then, the other end of the gate is a huge amount of heaven and earth.

Everyone feels the strength of this world, it is drunk.

"Sure enough, it is a treasure land, there is such a rich world of heaven and earth, if you cultivate in it, you can do more with less!"

"Unfortunately, there will definitely be danger inside, and I don't know who built this cave."

"The three forces have gone in, let's go in."

The scattered warriors also began to enter the illusion, they have a solo traveler, and some two or three are a group, there are seven or eight for a team.

The realm of Ye Xuan is the lowest among these people. After all the scattered repairs entered the illusion, he entered with the fall.

After the gate, there is another world, blue sky and white clouds, and beautiful scenery.

"Wow, young master, it's beautiful here."

Looking down at the glazed illusion, I couldn't help but sigh.

The illusion of glass is in the ground, there is white clouds, but the blue sky is impossible. Ye Xuan does not need to know the eye, but also understands that this is an illusion.

However, Ye Xuan still swept his eyes with insight.

"This illusion is a bit brilliant. Everything you see is not necessarily true. If I don't have an eye for insight, I am afraid I will be confused..."

Ye Xuan blinked.

His foothold is on a stone platform with a cliff, and there is a forest at his feet. At this time, the three teams have already entered the forest.

Under normal circumstances, places like this will have a banned array. If the strength is not reached, you will have to walk.

This glazed illusion, even the masters of the five gods have to walk on their feet.

"Young master, are we going in?" asked the drop.

Ye Xuan looked around again. With the eye of insight, those potential crises were exposed. He chose a direction and said: "Let's go."

At the same time as he left, he also set a void positioning point at the entrance. The Holy Land is a mysterious place, so the eye of the void can be used.

At the same time, this glazed illusion is simply paradise for the fall.

In the illusion of glaze, the strength of the heavens and the earth absorbed by the same time is two or three times that of the outside. If it is matched with the heavenly treasure, it is estimated that one or two days can break through to the triple god.

Ye Xuan and Luo began to enter the forest where they could not see the head.

Chapter 1038: Collecting not old springs

The teams in the three big forts in the front are merged together, so their risk factor is very small. Those who are scattered in the warriors also have some unwillingness to follow the joint team.

However, Ye Xuan thinks these people are easily eliminated by the three teams.

"According to the letter, when the children of the daily family are the old springs found on the leaves, it is said that there may be old springs everywhere..."

Ye Xuan muttered as he walked.

"Young master, this is not a spring, it is a spring, why is it on the leaves?" Fall is very incomprehensible.

"Look up and look at it." Ye Xuan said.

It is said that there is nothing special about the blue sky and the white clouds.

"Nothing..." The big eyes were falling.

"Yes, it's just that the naked eye can't see it."

Ye Xuan also looked up, but he looked at it with insight.

"The white clouds you see are made up of strange energy. There are still some flowing water sources in this energy. I am afraid that is not the old spring." Ye Xuan replied.

"What, in the cloud?" The fall was shocked and said: "That is to say, isn't the old spring raining from the sky?"

"I guess it is like this, but I can't see when this rain cloud is going down, so if you want to find the old spring, you can use another method."

Ye Xuan paused and said: "Since it rains, it will be a head. In this illusion, there should be a sloppy spring, and then evaporate."

Looking for the old spring, this is Ye Xuan's plan.

Of course, it is also the plan of others.

Want to open the eyes of eternity, you need a bottle of old springs, even if you accidentally encounter the old springs on the road, it is just a cup of water, and most of them have gone down to the mud.

at this time.

"Booming!"

Suddenly a loud noise fell into Ye Xuan and falling ears.

Ye Xuan blinked and saw that someone had touched the mud giant and was smashed into slag.

"Poor people, fortunately, I have the eye of insight and the eye of perception, and directly bypass the danger."

Ye Xuan is glad that if he lacks the ability of these two eyes, it is very dangerous to meet the mud giant who is suffering from the four gods.

This time into the glaze fantasy, Ye Xuan's main goal is not to Laoquan, as for others, he can not.

In order to speed up the search, he directly summoned the avatar and used the eyes of the deity and the sensation of the avatar to find.

As for the fall, it is also taking the Megatron to go out for a walk. Although it is a double god, the strength can be ranked in the illusion of entering the glass.

Ye Xuan three-pronged approach, the third line to find the old spring, just in the fifth minute of his entry into the glaze fantasy.

"Ah, Master, come check it out!"

Falling down suddenly separated the voice.

When he heard the sound, Ye Xuan rushed to the past, and he could hear from the falling tone that the fall was not a danger, but a discovery.

According to the induction between the owner and the pet, Ye Xuan also quickly found the fall.

At this point, the falling is holding a white jade bottle, said: "Young master, I found two drops of old spring."

Not old spring!

Ye Xuan brows a pick, took a look at the jade bottle, the two drops of crystal clear liquid inside, is emitting a strong life, really is not old spring.

"Oh, only two drops, if you want to open the eyes of eternity, you need at least a thousand drops."

Ye Xuan shook his head helplessly.

However, he still accepts these two drops of old springs.

These two drops of old springs are really too little for Ye Xuan, but he experimented a bit, especially swallowed a drop of old springs, and found that the strength did not improve much, and the life span only increased for a few days.

It seems that the old spring is a kind of treasure that is very attractive, but it does not benefit much after swallowing.

"Let's fall, are these two drops of old springs found on the leaves?" Ye Xuan turned and asked.

"Well, there were three drops, but when I used to, there was a drop of evaporation." Nod.

"Evaporated, and returned to the rain cloud?"

Ye Xuan frowned, this glass illusion is really strange, the temperature is not high, the water actually evaporates up, it is rare.

However, this is good news for Ye Xuan. After all, he didn't come long before he got two drops of old spring. Just give him time, and it is not a problem to get a thousand drops of old spring.

At the moment, he is separated from the fall and looks for the old spring.

With the eye of perception and the eye of insight, Ye Xuan's search speed is very fast, and within an hour, he even collected twenty drops of the old spring.

One hour, twenty drops, this efficiency is pretty good.

In this way, in two days, he can open the eyes of eternal.

"Let's fall, come back, we won't find it!" Ye Xuan suddenly shouted.

When I fell, I answered with amazement: "Why?"

"I collect it myself, it is better to grab other people, I control, you charm, let them help!" Ye Xuan replied.

"what....."

Until then, it was only when I fell in love that I was a fox, but also enchanted and enchanted, and even the master of the three gods, she can control.

Not only that, but Ye Xuan is the same.

As long as you control some people, efficiency can be greatly improved.

At the moment, they are gathering again and then going in one direction.

An hour has passed, but the speed of other people is very slow. Soon, Ye Xuan found the first team.

There are only three people in this team, and all three are three gods.

Ye Xuan was directly separated from the air, and he was in control of the three people.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

The three-way system prompts the sound, and Ye Xuan has three younger brothers.

Then, he quickly swept over and said: "All the Qiang Kun ring."

The three did not hesitate to hand over the Qiankun ring to Ye Xuan.

Ye Xuan quickly checked, and the three came out to explore the adventure, so there were not many things. However, he found a drop of old spring.

"Good, keep collecting!"

Ye Xuan satisfactorily nodded and immediately rushed out again.

This time, when entering the glare of the glaze, there are hundreds of people in the three major fort, and the number of scattered martial artists has reached two hundred, which is enough for Ye Xuan to control.

For the Ye Xuan, these warriors are just tools to collect the old springs. Although Ye Xuan has only 20 places to control, don't forget to fall.

With the strength of the current, at least the masters of the thirty triple gods can be controlled, and with Ye Xuan, then there are nearly fifty.

Nearly fifty younger brothers helped collect the old springs. Ye Xuan estimated that it would take only one day.

Soon, the fall of the charm of 30 people, is already reaching the upper limit.

Chapter 1039: the oriole is behind!

"It's almost fifty drops of old springs, and today you may be able to open the eyes of eternal!"

Ye Xuan took out the white jade bottle and looked at it. He nodded with satisfaction.

However, it is at this time.

"Calling!"

Suddenly there was a hurricane in the sky. Ye Xuan looked up and immediately saw it with a hole in the eye. He found a large number of creatures in the sky. He jumped up and saw that it was a group of butterflies.

However, this group of butterflies is eclipsing Ye Xuan.

"Young master, what kind of butterfly is that, how is it bigger than an elephant?" He couldn't help but ask.

"That is the demon butterfly, and the deadly poisonous powder will continue to be emitted during the flight. You will come in quickly."

Ye Xuan's face changed, and he hurriedly hid the fall into the pet space, and he himself quickly left the place, so be sure to avoid this large group of demons.

However, this group of demon butterflies flying very fast, and the number is very large, at least there are thousands.

Although Ye Xuan has a pair of Scuds, but they have not been spared, these demon butterflies passed over the head of Ye Xuan, and sprinkled countless deadly poison powder.

These deadly toxic powders have no effect on the plants, but Ye Xuan stretched his hand and the fingers were directly eroded, and some toxic powders flowed in through the blood.

"Hey, the host has been poisoned and started detoxification!"

The detoxification sound, Ye Xuan has not heard for a long time.

Although Ye Xuan has the blood of the **** of life, it is still poisoned. Fortunately, his poison resistance is relatively high, so the venom of the poison does not pose a threat to him.

"It's terrible. The poison powder is the same as the storm. Although it can be shaken with the real gas, it is useless to the plants. If you blow the wind in the middle of the journey, you will be caught in the accident!"

Ye Xuan couldn't help but shudder.

When the toxic powder was sown, it was nothing. The terrible thing was that when I was in the jungle, I accidentally touched the toxic powder scattered on the leaves. When I was able to die, I couldn't understand it.

"Hey, detoxification is successful!"

Ye Xuan detoxification succeeded, then he ignored the poison powder, but it didn't work, so he let the fall continue to stay in the pet space.

"Young master, my servant seems to have died more than ten..."

At this time, the fall reminded one sentence.

Ye Xuan sensed it and said: "My death is also six..."

It seems that other places have also passed this demon butterfly.

In front of those roads, Ye Xuan did not encounter the toxic powder, but now it has come to prove that he has penetrated into the glare of the glass.

The more dangerous the place, the greater the opportunity, that is, I don't know what other people's casualties are.

Ye Xuan no longer thinks more, now he wants to go forward alone.

However, he hasn't been away for a long time, just once again heard a rumbling bang.

"Booming!"

He once again used the insightful eye to see that there was a huge figure in the distance that was active and seemed to be fighting.

And the big man fighting this is six humans.

"Blood Rock Giant?"

Ye Xuan brows a pick, which is exactly the same as the blood rock giant he met in the blood rock veins that day, but his body is taller than that of the day.

As for the strength, naturally it is only a hundred times stronger than that of the day!

After seeing this blood rock giant, Megatron was not calm, and quickly trembled.

"I know, I will give it to you." Ye Xuan understood the meaning of Megatron and hurriedly rushed over.

Blood rock is also of good quality. At the time of Ye Xuan's **** ancestor, it was difficult to be physically. And now, he is already reaching the gods.

This blood rock giant, the initial strength is estimated to be the five gods, if it is swallowed by Megatron, it is said that it can break through once, reaching the fourth-order third-class spiritual treasure, which is the level of the four gods.

Megatron breaks through, then Ye Xuan will also get strength gains, why not?

At the moment, Ye Xuan was swiftly rushing toward the blood rock giant. The poison powders encountered on the way were directly ignored by Ye Xuan.

After Ye Xuan approached, it was not the scattered warriors who fought against the blood rock giants, but the people of Changjiapu.

"Well? Are the teams separated?"

Ye Xuan is a bit strange.

The team of the three major fortresses is clearly the only ones who have gone together. Now it is the team that discovered Changjiabao. Then the other party may be splitting up, or what happened, and forced to separate.

However, in this squad, there is actually a master of the five gods, and as for the other five, there are two four gods.

"Young master, are we directly shooting, or take the benefits of fishing?" Asked in the face of Ye Xuan.

"Of course it is the oriole."

Ye Xuan answered.

This blood rock giant is not weak. Let the people of Changjiabao consume it first. If he is directly shooting at this time, I am afraid that it is necessary to consume the cards.

In this way, Ye Xuan observes the battle with the eyes of the great old man.

The people of Changjiabao each drive a ghost of the same level and constantly attack the blood rock giant.

Soon, the first layer of armor of the Blood Rock Giant was destroyed. In the rumbling sound, the first layer of armor of the Blood Rock Giant fell, and the body also shrunk a lot.

After a while, the second armor was also destroyed, then the body of the Blood Rock Giant.

The body of the Blood Rock Giant is actually not much bigger than humans, but the speed is not vegetarian.

On that day, the blood rock giant actually understood the sneak attack and almost killed Ye Xuan.

Although the strength of this blood rock giant is good, but under the siege of Chang Jiabao master, it was quickly bruised and bruised. Finally, it was killed by the master of the five-powered **** of Changjiabao.

"Hey!"

The body of the Blood Rock Giant is a pile of blood rock ore.

The five-powered gods of Changjiabao have collected the piles of blood rocks. The value of this pile of blood rocks is very high, and they are worthwhile.

"Hey!"

At the moment when the blood rock giant was wiped out, the earthquake sword in the hands of Ye Xuan was violently shaken.

"Good, start!"

Ye Xuan nodded and immediately rushed over.

"The eye of control!"

"The eye of control!"

At that time, the masters of the five Changjiabao were all controlled by Ye Xuan, leaving only the master of the five-powered god.

"who?"

The master of the five gods and sorrows heard the movement, and immediately screamed.

At this time, Ye Xuan just came out of the forest.

The master of the five gods and martyrdom sees that Ye Xuan is just a double god, but it is cold and cold:
"Roll, or I will send you on the road!"

"Is it....."

Ye Xuan's mouth is slightly tilted.

The next moment, the wind blew.

"Hey!" "Hey!" "Hey!"

Five sounds broke open, and the five masters of the gods were shocked. They turned their heads and found their teammates to start with him.

Not only that, but there are five ghosts controlled by five people.

Chapter 1040: Mysterious killer!

Suddenly in this scene, the master of the five gods was not bombed, but he was bombarded with a sword.

His head was smashed and he died in an instant!

"Hey, let you speak out."

Ye Xuan said coldly.

The eye that controls is called a magical skill, can be controlled if the other party can't find it, and then launches a sneak attack.

I am afraid that this five-powered master will not think of it, he died in the hands of his teammates.

"Call things out!"

Ye Xuan said to the rest of the five people, he is going to go over and accept the five gods who are difficult to master.

Then, all the blood rock ore that has just been collected is poured out.

When Megatron saw it, it immediately changed and swallowed all the bloodstone ore.

"Hey, Megatron breaks through!"

The blood rock ore left after the death of this blood rock giant allowed Megatron to break from the triple **** and break through to the four gods. The strength and power were also improved.

These people are all experienced, so there is still not much in the ring, but Ye Xuan accidentally put a hundred drops in the old spring.

"You are lucky, you have collected so many old springs!"

Ye Xuan praised this time, this time, he directly used the old spring to open the eyes of eternal.

"Oh, the Eternal Eye is 10% open!"

One hundred drops of the old spring, just opened the eternal eye of one percent, and if you come back nine hundred drops, you will be able to open it completely.

However, this eternal eye is not the same as the eye of glory. If it is not completely opened, it will not be effective.

"You three forces, shouldn't they act together, how can they be separated?"

At this time, Ye Xuan asked.

"We met a group of demon butterflies, and when they came together to act, it was easy to be deadly poisonous powder, so they separated." A master of the four gods replied.

"Then you have news of Laoquan?" Ye Xuan asked again.

"Yes, the owner said that as long as you go straight from the entrance, you may find the old spring. This is the route that I lost in the 18th Fort." The four-powered master nodded. .

"straight line?"

Hearing this, Ye Xuan's brow was a pick, and he now has no clue about this glare.

Although there is no old spring on the top of the head, if it doesn't rain, he can't get it.

After all, there is a ban on the glaze in the illusion of the glaze. He jumps at only a few tens of meters, and even Megatron can only fly tens of meters.

Fang Caixuan tried to control a demon butterfly, but this demon butterfly can not fly him, so that outsiders can't fly anyway, unless the strength is strong.

Since the Devil's Eighteen Fortress has a clue, it's easy to do.

"Well, you lead the way!"

Ye Xuan nodded.

These five people have been under his control. If they encounter a person from Changjiapu, he can also find an excuse to say that he is a friend of one of the five. After all, he is only a god, not a god. Cause the attention of others.

Ye Xuan took the five people together, he was the deadly poison on the immune road, but the five could not, so he could only use the martial arts to open the way.

In this way, it will inevitably lead to the attention of those super-sacred beasts on the road.

Fortunately, they are strong enough, and with Ye Xuan's insightful eye, he can know as long as the living creature is close.

After about ten minutes, they met another team, but they were very home, but Hu Jiabao.

At this time, the team of Hujiabao is still slowly moving forward.

"Hey, the harvest is coming!"

Ye Xuanyi opened his mouth and smiled. Because he was catching up with the other side, his eyes of control did not work.

"who?"

Just as Ye Xuan was preparing to rush directly, the Hu Jiabao team suddenly screamed.

Ye Xuan's footsteps, he is so far away from the other side, the other party can actually find him?

This is impossible!

But the next moment, he knew that the violent drink was not directed at him.

In the eyes of his insight, a figure quickly approached the Hu Jiabao team and then played against each other.

"Fast speed, good strength!"

Ye Xuan's heart trembled. The next moment, he was the team that saw this Hujiapu.

You must know that this Hujiapu team also has a master of the five gods.

However, this battle did not even last for two seconds. One of the five gods was martyrdom, the two four gods were martyrdom, and the three triple gods were all embarrassed.

"The trough, the same five gods, even killed the opponent!"

Ye Xuan was shocked.

Because the distance is too far, he can't see who is fighting the Hujiabao team, but he can be sure that the other party will kill five people.

Within two seconds, kill this team, including a warrior of the same level, the strength of this murderer is a bit strong.

At the moment, Ye Xuan is chasing the past.

However, this person is extremely fast. After killing the Hu Jiabao team, he quickly got out of Ye Xuan's vision.

"Who is this person?"

Ye Xuan could not understand.

Entering the team in the glare of the glaze, the team of the Devil's Eighteen Fort is the strongest, and the martial artists are more than four gods.

However, this master of the five-powered gods is the team that killed Hujiabao. Is it the Lianjiapu or Changjiabao?

"Weird, where did the man come from, did it come before the Tianmeng 18th team came?"

Ye Xuan guessed in his heart.

At the moment, he plundered and looked at the injuries of the bodies.

"Sure enough, they are all killed by a sword, straight through the heart!"

Ye Xuan swallowed swallowing water. If he was allowed to do it, the four gods could be killed, but the five gods could not do it!

Anyway, he still has to be careful, don't be suddenly attacked and killed.

The heart and brain are still his key before the eternal eye is opened.

Then, he began to continue on the road, out of this thing, with a few people too big target, so he decided to go alone.

He estimated that he should have entered the middle of the glare of the glaze.

"Young Master, I feel that this time is a little dangerous. It is better for us to turn back and honestly collect the old springs..."

Reminder reminded.

"You can't say that, there is no danger when you go out. Like the last time, although we are in the city, we still have a corpse in the air. Moreover, the old spring is very precious, even if it is strong in Vientiane. They will also be coveted, and even if they don't sell it out, it's good to give their families life-giving..." Ye Xuan replied.

His family, life expectancy is estimated to be about one hundred years old, but with the old fountain, you can upgrade for 30 years.
