Chapter 105: Nanlin City Fanjia

"kill!"

The middle-aged man gave a command, and the five people behind him were rushed out, and the two left and right were attacked by Ye Xuan.

"Ylang, you go first." Ye Xuan said quickly.

Guan Lan is actually very contradictory. Her strength is not strong. If she stays, it will only become a drag, so she also left with a slight whisper after a slight nod.

At the same time, Ye Xuan also took out the broken cloud bow from the phagocytic space and instantly shot the attack.

"what?"

Six people glimpse together, and a word flashed in their minds.

乾坤戒!

Immediately, the six people showed a greedy look.

However, there were two people in the hairpin, and suddenly they were shot in the head with two anger, and their heads burst open instantly, and they died on the spot.

"The ninth peak of the martial arts? This is impossible!"

The middle-aged man exclaimed.

When Ye Xuan abandoned Fan Yue, it was only the ninth heavy martial arts. Therefore, Fan Jia directly sent five masters who were the ninth heavy martial arts to kill Ye Xuan.

However, in order to insure, Fan's high-ranking officials added a martial artist's tenth-largest warrior, the middle-aged.

They did not expect that Ye Xuan's realm suddenly soared two realms, assuming that the original five people, I am afraid it is really not why Ye Xuan.

Fortunately, a tenth martial art came over.

"Good talent, this will leave you more!" The middle-aged man shouted: "You go to catch the girl, this kid I will deal with!"

He was sneer in his heart, but there was a ring in the hands of Ye Xuan. As long as Ye Xuan was killed, then this Qiang Kun ring is his, and he does not have to stay in Fan's house again.

However, the remaining three martial arts ninth-old early warriors were unmoved and rushed toward Ye Xuan.

The temptation of Qiankun Ring, they can't resist it!

However, in the face of the three people's unruly behavior, Ye Xuan is not merciless.

"puff!"

"puff!"

"puff!"

Dozens of arrows plucked out, and instantly fell into the forehead of the three people. The three were also like the two, and they were killed by the second.

Now Ye Xuan is the ninth peak of the martial arts. It has been able to fill the golden eagle bow. His attack, I am afraid that only the martial arts tenth heavy weapon can hide, and the five are just the ninth heavy martial arts. The reaction was shot and killed.

"Damn!"

The middle-aged man is cold-hearted, and he still wants to grab his ring. He really doesn't know how to live and die.

However, these five people also won time for him. At this time, he was already plunging to Ye Xuan and punched.

After solving the five miscellaneous fish, Ye Xuan also instantly received the golden eagle bow to swallow space, and then returned.

"boom!"

The power of the spirit to the bombardment spreads like a wave.

The two men were slamming and no one had the upper hand.

"how is this possible?"

Both of them were shocked by the heart.

Ye Xuan estimates that his attacking power is much stronger than that of the early tenth martial arts. However, the other party is even able to share his autumn.

"This body is strong, I am afraid it is refining!" Ye Xuan reacted. He used nine martial arts, and the other party used nine martial arts.

In terms of spiritual strength, he lost a realm, but his strongest is physical. The other party can tie this gap, which is enough to prove that the other side has been refining.

The middle-aged people were also shocked, but he didn't think much. At this time, he had only one thought in his heart, that is, killing Ye Xuan, winning the ring, and then leaving Nanlin County.

But he is also a martial artist. When you see someone who can compare with him, it is natural to have a good time.

"boom!"

"boom!"

"boom!"

In this area, the sandstorm was instantly rolled up, and the banging bang continued. In these ten seconds, Ye Xuan and the middle-aged man smashed a hundred punches, and the ground was cracked by them, as if they were smashed by meteorites. .

"This kid is really difficult, but..."

The middle-aged people also realized the power of Ye Xuan, but he flashed a glimmer of light. Through Ye Xuan's body, he saw Guan Lan, who was not far away.

"Let her down, I want to marry this kid!" The middle-aged man immediately had a plan in his heart.

Ye Xuan looked at the middle-aged man back, but it was a bit strange, but he looked at the middle-aged man's gaze and found Guan Lan.

"Not good, he wants to take the language to yell at me!" Ye Xuan instantly understood the other party's intentions.

At this point, the middle-aged people began to rush toward Guan Lan.

"Just kidding, I can never be afraid of speed than speed!"

Ye Xuan broke out at full speed, and immediately caught up with the middle-aged man, aiming at his back is a punch.

"So fast!"

The middle-aged man trembled, and he knew that Ye Xuan's physique was amazing, but he even reached this point. The voice in his heart has not yet fallen, and he was directly hit by Ye Xuan.

Fang Caixuan saw that there was only one person left in the other party, so he wanted to slap with him, but he did not expect that the middle-aged man had the idea of Guan Lan, which could not be forgiven.

"I wanted to let you live a little longer. I didn't expect you to find yourself dead, so I wouldn't blame me."

The dragon has a counter-scale, and it will be angry!

There is no doubt that Ye Xuan is angry.

After the middle-aged man took the boxing of Ye Xuan, he immediately fell to the disadvantage. The latter's powerful fist fell madly on him, making him scream.

"Take this trick with you, break your heart!"

Ye Xuan's body suddenly poured out a lot of spiritual power, gathered in the palm of his hand, and then he quickly shot, and hit the heart of the middle-aged man accurately.

"Hey!"

At that time, the thick spiritual power was instantly poured into the body of the middle-aged, tearing his heart.

"Hey..."

The middle-aged man widened his eyes and spit out a lot of blood in his mouth.

The heart is torn, and even the strongest of the true spirits can't survive.

"Humph."

Looking at the corpse in front of him, Ye Xuan snorted, this Fan family is really a big deal, and suddenly there are so many masters, if his strength has been different, otherwise the ending is still difficult to say.

It's a pity that these people are all out of the task. They don't have any good things, so Ye Xuan's spoils are not many, only about a million.

As for the bodies of these six people, they were so thrown in the wilderness by Ye Xuan. If there are monsters passing by, they will definitely not miss them.

After solving these six people, Ye Xuan and Guan Yulan began to hurry, until the night, they stopped to rest.

Guan Lan looked at Ye Xuan and finally couldn't help but ask: "After returning to the sect, are you going to Nanlin City?"

"Yeah." Ye Xuan nodded.

Before that, he had already said about Ouyang Ming with Guan Lan, so naturally it also included the Emperor's Contest, so this time Ye Xuan retraced Yunzong, only to report to Zhou Cang.
