

Super D. S 1051

Chapter 1051: Everything is ready

"It's so ferocious, I killed all the people in Hujiabao and then made them into ghosts?"

Ye Xuan swallowed it.

There were hundreds of thousands of people throughout Hujiabao, and hundreds of thousands of people were killed when Ye Xuan fled Hujiabao for half a day.

Ghosts, I am afraid to take them out of anger!

The method of ghouls to improve the strength of ghosts is very simple, that is, killing, and then surrendering ghosts and refining them into ghosts.

This time he slaughtered the entire Hujiapu. Even if it is strong, there will definitely be a fish that leaks. When the time comes, there will be experts to investigate, so you must leave as soon as possible, otherwise it will be like a hundred ghosts. Hey.

Just as Ye Xuan was about to leave, the sky suddenly screamed a violent drink: "Bold mad, dare to kill the city in my ghost land, and die!"

Upon hearing this, Ye Xuan turned his head and saw that three people had entered his range of sensing, all of which were masters of the six gods.

"It's just that I am missing a few reporters, that's you!"

Ye Xuan's light flashes.

Although the disciple of Ghost Shenzong is powerful, it is still a lot worse than the ghost corpse that Ye Xuan encountered before.

Three six-powered gods are difficult to master, Ye Xuan can deal with!

"The Eye of Brilliance!"

"Summon the God of Gold!"

"Overlord Promise Sword!"

"The sword is returned to the sect!"

At that time, Ye Xuan directly threw out the cards. The three thought that they had escaped Jin Jian, but they were shocked to vomit blood.

Soon, the three were all disabled by Ye Xuan, and then trapped in the spirit sword array, and finally escaped Ye Xuan's clutch.

"Hey, take control of success!"

"Hey, take control of success!"

"Hey, take control of success!"

The three-way system prompts the sound, and Ye Xuan successfully controlled the three.

The three men, just happened to return from the nearby experience, ready to rest in this Hujiapu for a night and then return to the ghost gods, but it is just Ye Xuan.

After controlling the three people, Ye Xuan did not care, and directly took the three-person ring.

The next moment, he heard another system prompt.

"Hey, the host breaks through, and it is currently difficult for the four gods!"

These three people are simply to send benefits, otherwise Ye Xuan has to find a place to break through.

Now, everything is ready for the wind.

"Let's fall, you continue to cultivate, I go to a ghost god!"

Ye Xuan left the avatar, and then the deity went to the ghost god.

Ghosts and gods are one of the two hegemonies of the land of the dead. They are masters of the Vientiane level, and they are the founders of the ghost gods.

However, this ancestor is a little different. He is not a human being, but an enlightened ghost.

In the same way, the first lord of the corpse temple also refining himself into a corpse, and still retains the memory of his life, so he can compete with the ghost gods.

These two sects are all ways of refining ghosts and corpses, so they pass through the ghouls in the land of the dead.

Ye Xuan estimates that this ghetto should only be a martyrdom of the nine gods. It is still in the category of the Three Difficults. It is not a Vientiane. Otherwise, how can he hide so hidden?

As for why the ghettos don't send ghosts of the sacred level to the area of the Snowy Mountains, looking for someone who can perfectly integrate the ghosts, I am afraid that there is some restriction on the land of the dead.

After all, it is not easy for the magical powers of the ghost gods and the corpse temple to survive. It is not easy to survive in the holy land of Penglai than the ghost gods and the corpse temple. If they let them know that the land of the dead has the suspicion of expanding the land, Then the land of the dead will not need to exist.

.....

This time, Ye Xuan spent five days on the road.

In these five days, the fall has broken through to the four gods, and the wind has broken through to the six gods.

Now, if they meet the ghost body of the Eight Gods that day, they will no longer be helpless. They already have the power of a battle.

At this time, Ye Xuan's serial random task has been more than half a month later. If he hasn't killed the ghouls for more than ten days, then the serial random mission will fail. Megatron's advanced The plan will be gone.

Five days later, Ye Xuan came to the vicinity of the ghost god.

Ghost Shenzong, one of the two hegemonic forces in the land of the dead, is only eligible to enter the inner door if he is in trouble. Among them, there is a ghost in the level of Vientiane, so the position in the land of the dead can not be shaken.

After arriving, Ye Xuan also randomly found a place, using the eye of the void to pull the three ghosts and disciples controlled by him.

"You three, first go to find a brother who is a martyrdom of the seven gods and lead him out."

Ye Xuan gave orders to the three people.

"Yes!"

The three men answered in unison, and immediately plundered toward the ghost gods.

All three of them are six gods and martyrdoms. They are just outside disciples. They are not enough. If they can control an inner-door disciple of the Seven Gods, when they let him report the blood cloud, the ghost gods will inevitably send a master. Blood cloud teaching.

Soon, these three foreign disciples were looking for their own familiar internal disciples.

"Three younger brothers, you said that there are high people who want to see me, who is it?" asked a long-haired young man strangely.

This person is the divine disciple of the ghost **** who was led by the three disciples controlled by Ye Xuan.

He ran for three hours with the three and then took it to Ye Xuan.

"What stuff, three younger brothers, are you talking about him?"

The long-haired young man looked at Ye Xuan, who was sitting on a stone in front, and asked.

Ye Xuan, but the four gods are difficult, what is the high man?

But the next moment, Ye Xuan suddenly revealed an evil smile.

"Hey!" "Hey!" "Hey!"

Three short-sounding sounds, this long-haired youth was attacked by his three brothers and was directly injured.

At the same time, Ye Xuan is also using the burning eye against the young people of Changfa.

"Teacher, you guys?"

The young man with long hair was shocked, but at this time, the Zhentian sword has been divided into hundreds.

"Swords!"

Hundreds of giant swords fell, and long-haired youth were directly trapped among them. Then, it was the spiritual baptism of Ye Xuan.

Within three seconds, Ye Xuan heard a tone.

"Hey, take control of success!"

The long-haired youth directly squatted to the servant of Ye Xuan.

Then, Ye Xuan let the four people return to the ghost gods and take their wealth.

It is a pity that although the young people of Changfa are suffering from the Seven Gods, they cannot let Ye Xuan break through.

"Young master, control more people." Reminder reminded.

"I am doing this!"

Ye Xuan's mouth tilted slightly, and the four people went back to attract people, and then he plundered each other's property.

One, two, three...

Ye Xuan spent half a day controlling the ten gods and sects of the seven gods. After that, he finally heard a system prompt again.

"Hey, the host breaks through, and it's currently a five-dollar god!"

Chapter 1052: Blood cloud

"Hey, the host breaks through, and it's currently a five-dollar god!"

Just after the system prompts the sound, one person has entered the scope of Ye Xuan's perception.

"Good!"

Ye Xuan brows a pick, the breath of the coming is even stronger than the sum of these people, it turned out to be a nine-powered god!

"What are you doing here?"

An old voice fell into everyone's ears, and then there was a figure that caught their eye.

This is an old man wearing a costume of a ghost god.

"master?"

The first long-haired youth controlled by Ye Xuan stunned.

"Apprentice, what are you doing here?" asked the elder of the ghost god.

"Master, we are clues to the ghouls." Changfa youth hurriedly said.

The old man was a little surprised and asked subconsciously: "What?"

"The corpse ghosts, they are hiding in the blood cloud teaching!" Changfa youth immediately replied.

"Yes, I also got the news, the ghettos are hidden in the blood cloud!"

"Correct!"

The disciples of the ghost gods inside the village said.

"What, blood cloud teaching?" This ghost **** elders face the gloom.

If one is alone, he may have doubts, but now there are ten internal disciples who jointly report, it is really abnormal.

"You, give me a closer look." Ghost God elders said with some excitement.

Then, it was the long-haired youth who worked on it and then compiled some content.

For example, their informants found a large number of ghost bodies, suspected ghouls and other people in the blood cloud teaching territory.

This time they gathered here, they wanted to explore the past.

"It's a great idea to discover the traces of ghouls, but you are not strong enough to be prone to accidents. So, I will lead you to investigate."

Said the elder of the ghost god.

"Yes, Master!" Changfa Youth nodded immediately.

There are many disciples of the ghost gods, so this elder is also incomprehensible. Ye Xuan, the five gods, is mixed in this group of people and goes to the blood cloud to teach.

This time, Ye Xuan spent another three days and rushed to the blood cloud.

Three days later, in a deep mountain outside the blood cloud.

"Go, let's go in and explore. If the ghouls really hide in this blood cloud, then you have made great contributions."

The ghost **** elder said to Ye Xuan and others.

Then he went in with more than ten people like Ye Xuan.

"Young master, do you think that a few are traps?" asked in the mind of Ye Xuan.

"80%!"

Ye Xuan replied.

The ghouls stalked the hands and feet in the wind and dust. The last time he was almost caught by the ghouls, so he also began to doubt the authenticity of the wind.

Maybe, blood cloud teaching is the news that the ghouls deliberately released?

Therefore, Ye Xuan thinks that this time, 80% of the corpses are traps. Of course, they may also be emptied. After all, the ghouls are not so easy to be smashed out.

However, Ye Xuan is not afraid. Because he was wanted all the time, he was often easy to accommodate other people, and there was no corpse imprint in his body. So the ghouls figured that he was in front of him, and I would not recognize him.

"The ghouls, I hope you are in this blood cloud."

In the heart of Ye Xuan's heart, he followed the ghost of the nine gods and the elders of the gods and gods into the blood cloud.

"Who is here?"

They were just close to the blood cloud, and there was a disciple in a **** robe.

"Ghost God elders Guo Xiaolei, patrol the blood cloud to teach, let go!" This ghost **** elders directly indicate identity.

"Ghosts and gods elders?"

The blood cloud taught the mountain disciples to swallow and swallowed and hurried to make a debut.

The elders of the ghost gods, the worst are the eight gods, and the blood cloud teaching is also a few eight-powered gods, and there is no master of the nine-powered gods, even if the blood cloud teaches the Lord to see the elders of the ghost gods, All have to be respectful.

Elder Guo Xiaolei took Ye Xuan and others into the room. The former exudes the breath, and the atmosphere of the nine gods is difficult to spread.

In a short while, there are several figures plundering.

A middle-aged man with a **** coat came with a few people. He turned his eyes on Guo Xiaolei and hurriedly asked: "Hello is..."

"Ghosts and gods elders, are you the blood cloud teaching master?" Guo Xiaolei directly asked.

"Yes, I am the blood cloud to teach the Lord. I don't know why you came to the school. What is it?" The middle-aged man in the blood coat trembled and nodded.

"I heard that there are ghosts in your blood cloud, so you can come to the inspection. You will concentrate all the people in this door." Guo Xiaolei said in a tone of command.

"This....."

The blood cloud teaches the master to listen, revealing the sorrowful color, said: "Guo elder, are you mistaken? How can my blood cloud teach ghosts?"

"Less nonsense, let you call you." Guo Xiaolei's face sinks.

The ghost **** is the hegemon of the land of the dead, and he is the elder of the ghost god, even in the ghost gods, it also has a very high status. And the blood cloud teaches not even a master of the nine-powered god, he is not in the eye.

"Guo elders, my blood cloud teaches tens of thousands of disciples, and there are many people who are breaking through. You must call them all in this sentence. Is it inappropriate?" The blood cloud teaches the teacher's face to ask a little weirdly.

"You are a guilty conscience?"

Guo Xiaolei has an old look.

He has lived for a few decades, and his ability to observe and observe is not bad. Only when he uses the tone of command to let the blood cloud teach the disciples to gather disciples, there is some kind of plan.

Although it may be possible to interrupt some disciples to practice, in order to prove innocence, it is only a small matter to call a disciple.

However, it is somewhat weird that the blood cloud teaches the lord to defy his orders for these disciples.

"Hey, Elder Guo, your status is equal to me, unless you bring the command of the lord of the ghosts, or else please come back!"

The blood cloud teaches the main face to say darkly.

This time, Guo Xiaolei can be sure that blood cloud education is indeed a bit tricky.

Blood cloud teaching is the most dangerous place in the ghosts and gods. It is the safest place. The ghouls may be hiding in the blood cloud.

If he retreats, then the ghouls will probably flee directly. When they want to catch the ghouls, it is not so easy, and a clue is wasted.

"The blood cloud education in the district, dare to ignore my words, find death!"

Guo Xiaolei is also nonsense, directly offering 10,000 ghosts. The next moment, there are countless ghosts.

To deal with blood cloud teaching, he is enough!

"Hey, today we will come to personally teach the strength of the elders of ghosts and gods."

The blood cloud teaches the Lord to sing the singer, and summons two ghosts of the eight-eighth gods.

Not only that, but the three eight-fold gods around him are also the same, each summoning two ghosts of the same class.

Chapter 1053: Ghosts!

At this point, Ye Xuan, who was mixed in the team, rushed to sweep through the eyes of the insight. He was so easy to mix in the team, naturally it was necessary to investigate.

Among the disciples around, no one has an abnormality. There is no abnormality, that is, there is no ghost in the body.

However, this blood cloud teaches the master's behavior, even if it is a fool, it can be seen that it is tricky.

"I am afraid that the strength of the ghouls is not so simple. Let the elder Guo Xiaolei explore this first."

Ye Xuan took the disciples around him and quickly retreated.

The next moment, the war is about this.

"There are several martyrdoms in the district, and they dare to fight with me and find death!"

Elder Guo Xiaolei screamed and rushed with two ghosts of the nine gods.

"Humph!"

After the blood cloud taught the teacher to sing coldly, he greeted the elders.

Ye Xuan in the distance, opened the eyes of insight, while copying martial arts, while beware of the surrounding.

Guo Xiaolei as a ghost elder, the strength is not weak, plus two ghosts that have grown up to the nine gods, only the first wave of confrontation, he is killing the blood cloud to teach two eight gods spirit.

However, just after they played, Ye Xuan finally found something.

"Come, ghost corpse!"

Ye Xuan swept through the crowd, and he had the eye of perception. He sensed a few powerful breaths, all of which were ghosts with ghosts in the body.

These ghost corpses are all eight sacred martyrdom levels, a total of five, and they are surrounded by groups.

"The ghetto is really deliberately leaving a message, I want to let myself vote for the net, but he also made a second plan, because he is also afraid to pass my message to the ghost god, now the plan fails, he should transfer the den. ""

Ye Xuan swallowed swallowing water. On the same day, a ghostly corpse of a sacred god, he almost caught him.

However, he has not been compared to the past, not only broke through the five gods, but also used the high-level Wu Jiandan to understand the sword and the sword, the combat power is at least ten times before.

With his strength, it is more than enough to deal with a ghostly corpse.

The five ghost gods of the eight-eight gods appeared, and Guo Xiaolei was aware of it.

Now, he can be 100% sure that the ghouls are hiding in this blood cloud.

"Blood cloud education, also said that you have nothing to do with the ghouls?" Guo Xiaolei angered.

Now, there are nine masters who are martyrdom and surrounded him.

"Hey, what's the relationship? You ghosts and the corpse palace have been fighting for so many years, still can't help each other? As long as the ghouls rise, whether you are a ghost or a corpse, will become history."

After seeing the five ghosts, the blood cloud teacher did not intend to hide.

"Well said!"

At the time when the blood cloud taught the Lord's voice to fall, the sky swept a figure. This is a young man in black, seemingly only about twenty-five.

"Ghosts?"

After Guo Xiaolei saw this person, he was also shocked, because the young man in black in front of him was actually a martyrdom.

"Yes, it is me!"

The black youth smiled slightly.

Guo Xiaolei was shocked. He didn't think that the ghetto was so young. How is this possible?

However, the appearance can not explain what, after all, there are a lot of heaven and earth treasures to maintain the face.

"What, ghouls are actually teaching us in our blood?"

"No, it is in our blood cloud teaching, so to say, are we going to betray the ghost gods?"

"This is a terrible thing. We will definitely be identified as the gang of ghouls and go away!"

The disciples around him face each other. Although the ghettos are legendary, the ghost gods are masters of the Vientiane. If they are known by the ghost gods, the blood cloud teaching must be destroyed.

At this time, Ye Xuan, who was guarded by several ghost gods inside the disciples, was also trembled.

"Sure enough, it's a ghetto, the voice is exactly the same..."

Ye Xuan recognized it at the moment. At the moment, he swept his eyes with insight and found that there was also a ghost in the body of this ghetto.

Ghosts, you are also a ghost!

"Don't be surprised, I was originally a ghost **** disciple, and then I got the inheritance of a predecessor of the corpse palace. Then I merged the two veins into one and created the ghost corpse."

The ghoul began to say slowly: "It is undeniable that my ghost body is much stronger than your ghosts and war corpses."

The ghost corpse is a combination of ghosts and war corpses, but he is alive and more powerful than both. Not only that, ghost corpses can also be promoted by means of ghosts, which is easier to upgrade than war corpses and ghosts.

It is precisely because of this that the ghouls are wanted by both sides for the method of refining the ghosts.

"Even so, do you think I will be defeated today?"

Guo Xiaolei looked around for a circle and his face sank.

The nine big eight gods are difficult to master, a corpse ghost who is a martyrdom of the nine gods. At this time, Elder Guo Xiaolei even puts his wings and can't fly away.

However, his tone gives people a feeling of having a card.

"Haha, do you have any cards for Elder Guo?" The ghoul suddenly laughed and said: "I originally wanted to introduce a kid to the blood cloud. I didn't expect to come to an elder who was martyrdom. Just right, I can refine you into a ghost corpse to fight against the ghost gods!"

"Then you can try!" Guo Xiaolei's face is gloomy.

He does have one, but he has to pay a huge price after he runs out.

"Your card is the secret of ghosts and gods."

The ghouls seem to have seen through the general, saying: "Ghosts and gods change, forcibly merge with a ghost of the same level, and skyrocketing, but after using it, the death of the body is too large, it will deprive itself of its vitality, and it may instantly fall. I don't know, Guo Elder, how many times did you change the ghosts and gods?"

He used to be a disciple of Ghost God, and naturally he knew this trick.

Although it was broken by a word, it was also expected by Guo Xiaolei. He called his two ghosts and said coldly: "Since you know, then let me see you." Great!"

"Ghosts change!"

When Guo Xiaolei's voice fell, everyone saw the spirit of two ghost spirits beside him, and immediately turned into a black mist, pouring into his body.

At that time, his body was filled with a strong death scent. This death scent spread and made people around him feel uncomfortable.

At the same time, Guo Xiaolei's face also became gloomy, and a black line climbed up his face. This turned the blood vessels into black and looked very awkward.

"Two ghosts of the same class?"

The ghouls were slightly surprised, and the brow couldn't help but pick one.

Chapter 1054: Real strength

The use of ghosts and gods can refine the ghosts in an instant, and then strengthen themselves with the resulting gas of death, refining the death gas produced by a ghost into the body, there will be a danger of corruption, forcing the fusion of two words then Nine died for a lifetime.

In this way, Guo Xiaolei is already ready to die.

However, the ghouls are not afraid, because they are all around him.

"The ghouls, today, I will blame you for this evil!"

Guo Xiaolei violently drunk.

"If you want my inheritance, you can say that you don't need to turn around."

The ghouls showed a sly smile.

"Not much nonsense, death!"

Guo Xiaolei held a long sword and directly attacked the ghetto.

"I want to fight with me, you are not qualified enough." The ghouls are cold and cold.

The next moment, the masters of the nine Eight Gods are all out.

Because the five ghosts have ghosts in their bodies, they can't control the ghosts, but the blood cloud teaches the four masters.

In general, the Eight Gods have more than ten fighting powers, and Guo Xiaolei is just one person.

It seems that Guo Xiaolei is weak, but after refining the ghosts of two Jiu Shenshen levels, his strength has at least doubled.

"on!"

The blood cloud teaches the lord to meet the masters of the three eight-eight gods.

In addition, there are five ghost bodies of ghouls.

"How many people are there, a hundred ghosts attack!"

Guo Xiaolei screamed, and the death scent that came out suddenly rose sharply. Then, there were countless black shadows coming out of his body.

This move, before Ye Xuan also saw in the hundred ghosts, but the power is ten times stronger than the middle-aged ghost.

"not good!"

The blood cloud teaches the leader and others to change their faces. They have heard of ghosts and gods, but they have not heard of the use of ghosts and gods, but they can also use hundreds of ghosts to attack.

A hundred ghosts attack, only the ghosts can be used, and can be used at the expense of the spirit.

However, Guo Xiaolei at this time is at the expense of the vitality of the body. This trick consumes a lot of vitality, just like Ye Xuan used the dragon hand before.

The elders of Guo Xiaolei did not have much life expectancy. Now they have used this trick. This time it will be dead.

However, as long as you can kill the ghouls, then everything is worth it.

Numerous black and white shadows were thrown out, and the people of the ghouls and gangsters were devastated by the speed of lightning. The three ghosts' heads and ghosts were blasted, and the ghosts were completely destroyed. Even the three sacred gods of the blood cloud taught The elders are also directly degraded.

After this move, only the blood cloud teaches the Lord and two ghosts.

"Good!"

Everyone present was watching, including Ye Xuan.

However, this trick can only be used by ghosts, so even if he has the eye of insight, it is useless to copy it.

In a flash, more than a dozen people were killed, and Guo Xiaolei's strength is evident.

"Not bad, it is a ghost elder."

The ghoul's mouth was slightly tilted, and he was satisfied with the nod.

However, the blood cloud teaches the lord to be almost scared to death, if not for his luck, I am afraid to die under that trick.

"Ghosts, how can you still not shoot?" Blood Cloud teaches the lord to rush.

This time, he has already torn up his face with the ghost god, and the matter has already been revealed. In the future, he will only be able to follow the ghouls.

No, if the ghoul is not ready at this time, Guo Xiaolei will directly unscrew his head. It is not necessary to survive this battle.

"If you keep it, it's still useful. Just let you see the strength of my ghouls!"

The ghoul's voice fell, and the next moment, he took out a sneaky scorpion and called out a ghost.

This ghost is the level of the nine gods, but the ghetto is also a ghost, so he can't control this ghost.

"Huh!"

After the emergence of the ghosts of the nine gods, they are thrown at the ghouls.

Unexpectedly, the corpse ghosts grabbed the hand and directly caught the ghost's head. The next moment, everyone was shocked.

I saw that this ghost spirit was also turned into a black mist, pouring into the body of the ghoul.

what?

This scene, but the other people present were scared.

Isn't this a ghost change?

"How is it possible?" Guo Xiaolei yelled.

At this time, the death of the corpse ghosts skyrocketed, a gloomy breath spread, and in his face, it was also covered with the black lines of death, which is the gas of death integrated into the blood, turning the blood vessels into black.

"How is it impossible?"

The ghoul screamed and smiled.

There are ghosts in his body. Although he can't control the ghosts, he can use ghosts and gods.

The most important thing is that after using the ghosts, he will not have any side effects, because the ghost body has a lot of death.

"Guo elder, let you see my strength!"

The ghouls sneered and screamed, and they swept toward Guo Xiaolei.

Guo Xiaolei refining two ghosts, and the ghouls only refine one, but the breath of the two looks similar.

"I didn't expect the strength of the ghouls to be so powerful. If I were to the corpse, there would be no chance of winning!"

Ye Xuan looked at the two lines in front of him with a gloomy figure, could not help but swallow.

Now, he is estimated to be able to deal with only one ghost of the Eight Gods, but also to have a card.

How can he deal with ghouls?

However, he still wants to see the end of this battle. As long as Guo Xiaolei is defeated, he will immediately go empty.

The reward for the serial task is good, but he can't beat the ghetto, and there are still ten days to go. You don't need to be desperate at this time.

The reward of this serial random task and the comparison of the two avatars are naturally more important for the two avatars.

"Boom!" "Boom!" "Boom!"

In the distance, Guo Xiaolei and the ghouls were fighting, and both used ghosts and changes. This battle seems to be evenly matched.

As for the blood cloud teaches the Lord and the other two ghosts, they are watching from outside, and this level of fighting can't be inserted.

The disciples around the disciples and the seven gods and elders can only look at it, but at this time there are already many disciples leaving.

The ghouls are murderous and have slaughtered many forces, now

Exposed, if the elders of Guo Xiaolei are defeated, the blood cloud church will not be massacred.

In order not to blame this drowning, so those disciples are slipping first.

At this time, Ye Xuan, who was watching the war not far away, suddenly flashed.

The purpose of his entry into the land of the dead is to kill the ghouls. Now the ghoul is in front of him, but it is a good time to start.

Although he is not strong enough now, at this moment, he suddenly thought of a point.

Only then, he transcribed the ghosts and gods!

Chapter 1055: Recognized!

The change of ghosts and gods is the secret of the ghosts and gods. Even the elders of the ghost gods may not always be. The ghouls are also learned by the elders who once killed a ghost god.

Ye Xuan will now change this ghost. If he is allowed to refine his high-level ghosts, the strength will probably skyrocket?

"Guo elders refining two ghosts of the same class. The ghouls refining a ghost of the same class. I am now a five-powered god. If you use the ghosts and spirits, refine the spirits of the same level, plus With all kinds of cards, maybe you can fight the ghouls..."

Although the plan is good, Ye Xuan still hesitated.

The genius ghost said that the ghosts and gods have a great risk and it is possible to fall.

"No, the ghouls themselves have used it. He must have a solution to this crisis. Moreover, there is a bloodline of life in my body, and my life is strong. At that time, I should be able to resolve the residual gas in the body..."

Thinking of this, Ye Xuan's eyes are bright.

At this time, there are still a few bodies in front of them. If he is allowed to get a ring, and then he will kill the blood cloud, he will be able to improve a lot, even a breakthrough.

What's more, he still has two points to swallow, so it's not a big time.

This time, it is necessary to kill the ghouls!

"You, go, drag them three!"

Ye Xuan gave orders to the ten gods and disciples of the seven seven gods who were next to him.

"Yes!"

Ten people received the order and suddenly they killed.

They are all inner disciples of the ghost gods, all elites, and ten people dragging the blood cloud to teach the master and the other two ghosts of the eight gods, it should not be a problem.

"Young Master, I have to play!"

Said in the pet space.

"You are not in a realm now, or you are honest."

Ye Xuan did not fall out. After saying a word, he quickly swept it out.

"Ok?"

Their actions suddenly attracted the attention of others, including the **** elders.

"What about the disciples of the ghost gods, hey, Guo Xiaolei, I can't beat you, can't you still deal with you?" The blood cloud taught the teacher to scream and kill.

At the same time, the same is true of the two ghost bodies.

At that time, the ten elites of the seven gods who were martyrdom were fighting with the three of them.

On the other side, Ye Xuan is rushing over and collecting the Qiang Kun ring.

"Wow, that kid is too courageous, even at this juncture?"

"What do we do, are we going to help the leader or run away?"

"I don't want to, I don't want to be killed by the ghouls!"

Suddenly, many disciples of blood cloud taught to leave.

However, among the corpses in the bottom, there are three blood clouds to teach the elders' bodies, in addition to two ghosts of eight-eight gods, the value of which is not to be said.

They were all attracted to the battle, but now that they see Ye Xuan's approach, they are also bright.

"Do you want to steal the relics of my elders?"

A blood cloud elder killed.

Fertilizer does not flow outside the field!

After the blood cloud taught the elders, two people jumped out, and the masters of the three big seven gods killed Ye Xuan.

"Is it difficult to come out and be arrogant?"

Ye Xuan's golden light flashed.

"The Eye of Brilliance!"

Not only that, but there is also a ghost in his hand, and then directly summoned two ghosts of the five gods.

"Ghosts change!"

Ye Xuan has one hand and pressed on the heads of two ghost spirits. At the same time, the ghosts of the operation changed, and the two ghosts were directly refining.

Two black fog poured into his palm, his breath, instantly skyrocketed several times!

However, the ghosts and gods in the state of brilliant eyes are not the same as the ghosts and gods used by Guo Xiaolei and the ghouls. The lines on his face are not black, but golden.

"Good!"

At this time, Ye Xuan only felt the infinite power.

"Hey, the death gas in the host reaches 60%, and there is no life-threatening risk!"

The system prompts.

“Life-threatening?”

Ye Xuan’s brow was picked up, and he immediately recruited a ghost of the five gods, and once again used the ghosts and gods to transform.

"Hey, the death of the host is 90%, and there is no life-threatening!"

After hearing this prompt, Ye Xuan did not dare to continue refining. Now his death gas is about to reach the upper limit, that is, the blood of the **** of life is hard to suppress. If it is refining the ghost, then it will be exceeded.

However, the three ghosts let Ye Xuan's strength soar at least three times!

"dead!"

Ye Xuan quickly shot, the white bone sword in his hand swept away, hundreds of black shadows instantly saved.

The ghost is crying!

"What, what about ghosts?"

The three blood-clouded elders were shocked. Guo Xiaolei and the ghouls would use the ghosts and gods to change. Why is Ye Xuan, the five-year-old boy?

Moreover, also refining three ghosts at once?

Just when they were in awe, the ghosts had already come and surrounded them.

Within a second, the three were killed by fierce ghosts, and the broken limbs fell to the ground, and there was a flesh and blood in the air.

One blow, spike the three big seven gods, the blood cloud teaches the elders, this strength and even Ye Xuan himself was shocked.

"it is good!"

Ye Xuan snarls in his heart and quickly collects the spoils on the ground. His strength has once again skyrocketed, but he cannot be allowed to break through to the six gods.

At this time, Ye Xuan was to focus on the blood cloud teaching master.

Although the blood cloud teaches the Lord, it is difficult for the Eight Gods, but he is also a teacher and does not go out often, so the value of the things in the ring should not be low.

"kill!"

Ye Xuan did not say anything, and swept the past toward the blood cloud.

"Where is this kid?" The blood cloud teaches the master to be shocked. He can kill the elders of the three big seven gods. He can do it, but Ye Xuan is not a god.

Moreover, Ye Xuan will also use ghosts and gods to change, and there are more ghosts than refining and chemical spirits. How is this possible?

However, the most shocking thing is that the corpse is a ghost.

Fang Caixuan uses *, hiding the breath, so he did not notice Ye Xuan, but now Ye Xuan shot, has already exposed his identity.

"It turns out that your kid is also there, hahaha, today, I am going to kill you all!"

The ghouls screamed and suddenly slammed a sword at Ye Xuan, and there were countless fierce ghosts.

The ghost is crying!

"Is it recognized?"

Ye Xuan brows a head, facing the hundreds of fierce ghosts, he knows that he must use the cards.

This battle is crucial, and the cards must be all out!

"Summon the God of Gold!"

"Overlord Promise Sword!"

Chapter 1056: decisive battle!

A huge golden sword fell, although only a few ghosts were scattered, but the powerful pressure instantly blasted all the ghosts.

"Hey!" "Hey!" "Hey!"

Seeing the ghouls behind this scene is also a slight glimpse.

He originally thought that Ye Xuan needed to be able to withstand the dragon hand, but did not expect that Ye Xuan's strength actually soared so much.

Blood cloud teaching, it is indeed he deliberately revealed to Ye Xuan, he also guessed that Ye Xuan may disclose this matter to the ghost god.

At that time, the ghost gods sent people to investigate, it does not matter, because he hid in a very hidden place.

However, this time Ghost Shenzong came to Guo Xiaolei, the elder who wanted to take credit, so he appeared on his own.

Unexpectedly, Ye Xuan even dared to come to the blood cloud to teach, this is really self-investment.

"Look at that kid!"

The ghouls shouted.

Now, Elder Guo Xiaolei also discovered Ye Xuan, although he did not understand where Ye Xuan came from, but apparently he was in the same camp.

The ghouls want to catch Ye Xuan, and he fights with the corpse ghosts. The enemy of the enemy is a friend. Guo Xiaolei still understands this truth.

After hearing the words of the ghettos, the blood cloud teaches the Lord's dawn, and it flashes toward Ye Xuan.

"Good to come!"

Ye Xuan just wants to kill this blood cloud to teach the master, it is very clever.

The blood cloud teaches the master not to know the leaf card of Ye Xuan, and is arrogantly killing the latter.

But at this time, the fall suddenly appeared, and immediately separated into hundreds of avatars.

At the same time, Ye Xuan hands out.

"擒龙手!"

"擒龙手!"

Two golden palms suddenly appeared, and the blood cloud taught the master to be caught off guard. He did not respond, and he was caught by two big hands, and suddenly there was a crisp sound.

"Hey!"

The blood cloud teaches the Lord to scream, and then he understands why the ghettos want him to catch Ye Xuan. It turns out that Ye Xuan would have a magical power.

However, at this time, he realized that he is already late!

"Seven colors of demon!"

Numerous seven-color lotuses have fallen into the body of the blood cloud.

"Let's fall, don't blow up the Qiang Kun ring." Ye Xuan hurriedly reminded him.

The last time I was in the Nether City, the fall was to blow up a bunch of Qiang Kun, so Ye Xuan could only retreat.

If you make a mistake this time, it will be terrible!

"Do not worry, young master."

Falling down with a very confident smile, the next moment, the body of the blood cloud teaches the body to bloom seven colors of brilliance.

"Hey!"

A muffled sound spread, and the blood cloud taught the master to spurt a blood. This time, he fell in love with his hand, otherwise he might have been blown up.

However, he can only delay the remnant of a second, and then he has to meet hundreds of earthquake swords.

“Hey!” “Hey!” “Hey!”

The earthquake-stricken swords swept away, and the blood-cloud teaching master was controlled by two golden dragons, and the body was about to be pinched. How could it still have the ability to resist?

Only heard a crisp sound spread, the head of the blood cloud teaches the master directly thrown away.

Then, the two golden dragons were smashing their bodies and throwing them at Ye Xuan.

Ye Xuan instantly turned into a streamer, and took the blood cloud to teach the master of the ring.

"Hey, the host breaks through, and it is currently difficult for the six gods!"

After hearing this tone, Ye Xuan couldn't help but show a confident smile.

Now, he is already qualified to fight with the ghouls.

"Ghosts, come and fight!"

Ye Xuan angered a word.

This day, he has been waiting for a long time.

As long as the corpse ghosts are killed, then the serial random task is completed. At that time, Megatron can advance, and there is a growth contract, which is a big profit.

However, this has to kill the gangsters.

"Kid, do you think that you are qualified to fight with me?"

The ghouls flashed a glimmer of light, and suddenly they summoned a ghost of the nine gods from the ghosts.

Ghosts change!

"not good!"

Ye Xuan's face changed greatly.

This ghoul is refining a ghost of the same class. If he is allowed to refine a ghost, his strength is opened again.

"Megatron, Golden Armor, go!"

Ye Xuan is ready to interrupt the ghetto.

At the same time, he himself is also catching the ghouls.

A golden dragon hand, once again!

However, after all, he was slowed down. The ghouls had already flashed into the distance and inhaled the black fog.

"Damn, I am fighting with you!"

Guo Xiaolei's face changed a lot, and he also summoned a ghost of the nine gods from the ghosts.

"Ghosts change!"

Guo Xiaolei, actually wants to refine three ghosts of the same class.

The face of the ghetto was finally changed. Guo Xiaolei actually refining the three ghosts of the same class, but this was beyond his expectations.

"Kid, I only have three seconds!"

Guo Xiaolei absorbed the black mist into the body, and the breath and the ghouls skyrocketed.

"Old guy, since you are too long, then I will fulfill you!"

The ghouls are shining.

Although Guo Xiaolei only has three seconds, as long as he flees and escapes the three seconds, then the victory is his.

However, the arrogance in his bones does not allow him to do this!

He has been hiding for so long. Now that he has appeared, how can he hide?

"kill!"

The ghouls greeted them.

After Ye Xuan heard the words of Guo Xiaolei, his face was already bloodless.

Three seconds!

He only has three seconds, and after three seconds, Guo Xiaolei will be violent and die.

"Fight!"

Seeing that the two people successively refining the ghosts and transforming them into the gas of death to enhance their strength, Ye Xuan did not care so much, and once again summoned a ghost.

This time, it is the ghost of the Sixth God!

“Hey, the death gas in the host reaches 60%, and there is no life-threatening risk!”

The system prompts.

At this time, Ye Xuan remembered that he had already broken through to the six gods and could refine the spirit of the same level.

After the breakthrough of Fang Caixuan, the blood effect of the life **** tree is improved, and the gas of death is directly reduced from 90% to 30%.

Now he refining a ghost of the six gods, and the death gas has reached 60%, only increased by thirty.

This means that he can also refine one!

"Haha, ghoul, this time you are still not dead?"

Ye Xuan screamed loudly, and summoned a ghost of the six gods, and then refined.

"Hey, the death of the host is 90%, and there is no life-threatening!"

The gas of death, as long as it does not reach 100%, then Ye Xuan will not have problems.

These two six-powered gods, the ghosts of the six gods, plus the three ghosts of the five-fold gods, let Ye Xuan's breath soar, the strength soared like a rocket.

Chapter 1057: Serial random tasks, complete!

Although the eye of glory suppressed the breath of death, at the moment, Ye Xuan showed a little sinister breath, and even the golden lines on his face became bleak.

However, in order to be conservative, Ye Xuan decided to use the still-swallowing points of the collection.

"Hey, Gemini blood is strengthened!"

"Hey, Gemini blood is strengthened!"

After two prompts, the strength of the twin blood vessels was increased from 30% to 50%.

This battle is crucial!

"The ghoul is dead, let's die!"

Ye Xuan, whose strength has once again soared, rushed toward the ghoul.

This time, the ghouls are panicked.

"go!"

The ghouls saw Ye Xuan refining five ghosts and hurriedly turned around and ran. Although he does not want to do this, his conditional reflexes now dominate the body.

"Now I finally want to run? Leave me behind!"

Ye Xuan screamed and his hands suddenly came out.

The golden dragon's hand appeared, and the corpse ghost's face sank, his body shape quickly, and he escaped a hit.

However, he was caught by the second golden dragon.

"Give me a drive!"

The ghouls immediately rushed out of the body to die, trying to break away from the golden dragon's hand, but at this time, another golden dragon hand appeared.

For the first time, the dragon hand was taken out, and the infuriating body of Ye Xuan was exhausted.

But now Ye Xuan is already the realm of the six gods, and the gas is completely enough to display the golden dragon hand, even if the overdraft is not much.

What's more, there is still a hundred years of old spring in his engulfing space.

After the two golden dragons hold the ghouls firmly, the body of the ghettos is constantly sending out crisp sounds, but the ghouls themselves have integrated the perfect ghosts, so they began to repair the bones.

But don't forget, at this time, with the corpse ghosts, there is Guo Xiaolei.

"Ghosts, go to hell!"

Guo Xiaolei blinked and directly called all the deaths in the body, condensing on his left fist.

"not good!"

Ye Xuan's face sank, the power of this move is probably unprecedented, and the ghouls can't be killed!

Ghosts and gods secret skills, ghosts and gods!

Guo Xiaolei exhausted his last strength and blew a punch. A gloomy black boxing shadow swept from his dry fist.

This punch instantly wiped out the vitality of Guo Xiaolei, and he died when the fist hit.

Ye Xuan's face is gloomy, although he wants to let the ghouls die, but in order to connect random tasks, the ghoul must be killed by him.

If the ghoul is dead under this punch, the mission system will not recognize it!

"擒龙手,上!"

Ye Xuan brows a pick and directly controls the two golden dragons to pick up.

The ghoul's face is like a gray, he seems to have seen his death, Guo Xiaolei's last punch is enough to kill him.

At this millennium, he suddenly felt his figure moving up half a mile.

"boom!"

Ye Xuan's movements are still slower. The ghouls are still being hit by ghosts and gods, but fortunately, the ghouls are only smashed by ghosts and gods in the lower body.

Not only that, but even Ye Xuan's two golden dragons were beaten.

In this way, the ghouls are not only dead, but also get out of trouble!

"Ha ha ha, I am free!"

The ghouls seem to see hope again. Although the lower body has been smashed into slag, how can people like him rank so easily?

As long as the heart and brain are not destroyed, the ghost can use the gas of death to heal it.

At the moment when the ghouls turned and fled, Ye Xuan also called all the deaths in the body and blasted a punch.

"Learning to learn, ghosts and fists!"

"Huh!"

The ghouls are still glad that he is not dead. The next moment is to see the second ghost boxing, his smile abruptly stopped, and this fatal blow hit.

"Hey!"

The corpse ghost was hit in the upper body and was instantly smashed into powder, leaving only two arms.

died!

Finally dead!

Ye Xuan looked at the falling arm in the air, and after a sigh of relief, he couldn't help but open his mouth and smile.

"Hey, the host completes a random random task!"

"Hey, Megatron advances!"

"Hey, the host signed a joint growth contract with Megatron!"

A series of three system prompts to sound, which makes Ye Xuan understand that the ghetto is really dead.

At the moment, Ye Xuan is blinding the pet panel.

Megatron, already from the landlord, advanced into the land king.

Not only that, but even Wan Jian returned to the sect, there was a qualitative leap from the hundred swords to the thousand swords, but the cooling time was extended from one day to three days.

"The trough, the cooling time actually extended me?"

Ye Xuan is very helpless.

Wan Jian returned to the original only one day of cooling, but with the advancement of Megatron, Wan Jian returned to the sword from the hundred swords, and the power was increased tenfold. However, the cooling time has also increased from one day to three days, which is seventy-two hours, equivalent to thirty-six hours.

"But it, the sword of the thousand swords level is returned to the sect, the power is greatly enhanced, and as a super card in the future!"

At this point, Ye Xuan's spit is useless.

"Hey, the joint growth contract is successful!"

At this time, the system prompts again.

This is another reward for completing the serial random task of killing ghouls. After signing the joint growth contract, Ye Xuan and Megatron have a more wonderful connection. In the future, Ye Xuan will swallow the ore, the supreme Lingbao, etc. Things, Megatron will also increase, and vice versa.

All in all, Megatron will be upgraded much faster in the future.

Now, the ghoul is removed by Ye Xuan, and the heart, the head, and the ghost are all bombarded by ghosts and ghosts. He is unlikely to be resurrected.

This scene fell in the eyes of the **** disciples around the disciples, so that they were shocked to say nothing.

However, Ye Xuan did not forget one thing, that is the sacred ring of the ghoul. At the moment, he quickly swept the past and took off the genius of the ghoul.

However, what surprised him was that there were no other special things besides the sneaky scorpion, the ghosts and some refining materials.

"Well? How about refining ghosts?"

Ye Xuan's eyes widened and he carefully checked it again, but he did not find anything.

The ghouls combined the ghost spirit and the war corpse to refine a new type of combat power, ghost corpse. It is precisely because of this that he was chased by the ghost gods and the corpse temple.

If you want to refine the ghosts, you will plant the ghosts into the human body, and the method of refining the ghosts will be almost the same.

Ye Xuan had previously controlled the iron face of the ghost, but after Yu Wen was unintentional, he also got the method of refining the ghost. However, he did not have the method of planting ghosts into the living body, so he could not refine the ghosts.

However, now that the ghoul is dead, there is no way to refine the ghost corpse in his Qiang Kun ring. Is it said that it has been lost?

Chapter 1058: Blood cloud change

"Boom!" "Boom!" "Boom!"

At this time, the sound of the distant battle fell into the ears of Ye Xuan.

The ghouls are still left with two ghosts of eight gods. After the death of the ghouls, they immediately turned around and ran.

"The eye of control!"

Ye Xuan's eyes rushed.

Soon, these two ghosts were controlled.

Ye Xuan swept the past and swept the two ghosts of the ghosts. It is still the inheritance of the ghettos.

"Do you know how to refine ghosts?" asked Ye Xuan.

However, these two ghosts are shaking their heads again and again.

"Do you restore the memory before being made into a ghost?" Ye Xuan asked again.

Then, the two ghosts nodded.

"That said, the ghouls are blocking their memories. In this case, the wind should be restored."

Ye Xuan breathed a sigh of relief.

The inheritance of the ghouls is not so tempting for him. He kills the ghettos just to make the wind and dust return to normal.

Anyway, this is a dead end!

"The inheritance of the ghetto is not found, but he must have been hiding somewhere, look for it!"

Ye Xuan gave a low drink.

Although he is not interested in the inheritance of the ghouls, the ghouls have slaughtered countless forces, and the net worth is definitely very rich. If you find them, maybe you can make another breakthrough!

At the moment, the ten disciples of the Ghost Emperor and the two ghosts are quickly swept out and start searching.

At the same time, the disciples of Xueyun have already withdrawn from the blood cloud and are afraid to move forward.

"Oh, the ghosts and gods have finished their effects, and the gas of death has begun to weaken!"

Ye Xuan also heard a system prompt.

I have to say that this ghost is much more useful than the Beastmaster violent.

The Beastmaster violent can only increase the strength, useful when the flesh is difficult, but when it comes to the back, Ye Xuan has no time to collect the body, and it is useless to improve the strength.

Ye Xuan's recent battles are also in the air, relying on the cards, which will not increase the strength of the physical strength.

Ghosts and gods can refine and refine the spirits, and then transform them into the gas of death, thereby enhancing the strength, not only strengthening the flesh but also using the gas of death as the infuriating use.

Although this trick has side effects on other people, a carelessness will be countered by the death of the gas, and then fall, but Ye Xuan has the blood of the life **** tree, as long as the death gas does not reach the upper limit, he will not have something.

"Ghosts and gods are the secrets of the ghost gods. I have learned now. If I am known by the ghost gods... No, my current strength is not afraid of the ghost gods, unless the masters of Vientiane are personally dispatched."

Suddenly, Ye Xuan's self-confidence was overwhelming.

He knows that the ghost gods and the corpse temples in the land of the dead have the fighting power of the Vientiane level.

The ghost **** is a ghost, and the corpse temple is a thousand-year-old corpse.

However, these two are dead, so the combat power will be much weaker than the real Vientiane.

The Vientiane Strongman possesses the power of Vientiane. This Vientiane power is somewhat similar to the wind space that Ye Xuan realized in the virtual world. But the power of Vientiane is ten times stronger than the wind space. It can be moved to the mountains to reclaim the sea. Even the islands can move. ,

Ye Xuan also heard that the Vientiane is strong, so he thinks that he is not a strong player.

There is a saying in the land of the dead, under the Vientiane, all are ants.

Now, Ye Xuan's men are going out to search, but in order to prevent it, he must find it himself. After all, he has the eye of perception.

However, it is at this time.

"Booming!"

Suddenly a loud noise spread, the whole blood cloud taught the mountain door as if it was shaking.

No, not as if, but really shaking!

"Roar!"

A violent scream fell into everyone's ears and shocked people.

"Ground?"

Ye Xuan was amazed. He felt that the sound was coming from underneath. It was difficult to do it. What kind of fierce sacred beast is not under the blood cloud?

At the moment, he is quickly plunging into the distance. He feels that there is something to come out under the blood cloud.

"Young master, listening to this voice, it seems that the block is not small."

Ye Xuan received a reminder of the fall in the pet space.

"Ok!"

Ye Xuan nodded.

I don't know, this big man is the corpse ghost who got the underground, or the blood cloud taught.

"Booming!"

After the beast, the whole blood cloud taught the mountain as a landslide. In a short time, the whole blood cloud was split from the middle, and a giant behemoth climbed out from the ground.

This is a humanoid creature with a horn of horns. The whole body is brownish black, a bit like the wild cow that Ye Xuan once saw.

No, it is a wild cow, a cow's head, a hoof and a human body, but it is several times larger than the one that Ye Xuan had seen before, and it is a full height of a kilometer.

Ye Xuan subconsciously swept the eye with insight, and the next moment, he was shocked.

In this wild cow, there is a huge ghost, even if the person of Ye Xuan is magnified ten times, it is better than this ghost.

"The trough!"

Ye Xuan could not help but exclaimed.

The ghost he saw before was also the size of the thumb. Now this ghost is not a big fist but bigger than a human. How many ghosts do you have to spend?

At this time, Ye Xuan finally understands why the ghettos collect so many ghosts, but there are also ghost corpses of eight sacred gods. They are all used in this wild cow.

The strength of this savage demon corpse is probably stronger than the corpse ghost, because he is the secret weapon of the ghoul.

With the fall of the ghouls, this savage cow regained its freedom, so it broke through the blood cloud and drilled out of the ground.

"boom!"

This savage singer stepped out and the whole earth seemed to tremble.

It looked around in a circle, and the terrible eyes slammed into the **** disciples who had not escaped.

"It's a pretty bull, it's the pretty cow that was captured six months ago!"

"Many cows and devils? Is that only the sacred beast, killing the corpse king's temple, a few sacred gods and corpses?"

"This is only allowed to be caught by the Temple of the Dead six months ago, and then sent back to the Temple of the Dead, how can it appear here?"

"It must have been intercepted by the ghouls and then made into ghosts. But how can it appear in my blood?"

"A few months ago, I had a lot of big earthquakes in the blood cloud. Was it that the ghouls secretly moved it to my blood cloud underground?"

The disciples of the blood cloud are shocked, but in the next moment, they are scared to escape.

"Hey!"

After seeing humans, the savage demon corpse lifted their feet and rushed toward them.

Chapter 1059: Wild cow devil

This savage cow has never died. It was only captured by the corpse temple. Although it has been refined into a ghost corpse, it has been controlled by the ghouls. Now that the ghoul is dead, it has regained its freedom. .

At this point, Ye Xuan in the distance looked at the scorpion of the wild cow demon. At that time, the savage cow rushed to the front of the group of disciples, and then took a shot.

"Hey!" "Hey!" "Hey!"

A series of crisp sounds spread, the slap of the wild cow devil corpse, is to take more than a dozen blood cloud teaching disciples to shoot the broken bones.

"Everyone is running!"

The blood cloud teaches disciples to retreat.

But there are always some people who don't want to choose to attack, but their attacks can't break even the defense of the wild devil.

This is a very wild devil corpse, but the secret weapon of the ghetto is used to counter the ghosts and gods. But the ghouls were not able to use them, and they were killed by Ye Xuan.

"Quasi-day beast?"

Ye Xuan heard the shouts of those blood cloud-teaching disciples. Now that I saw the strength of the wild cow demon, the body shape could not help but tremble.

Tongtian beast, but above the super supreme sacred beast, although this savage demon is only a sacred beast, but it is much stronger than the super sacred beast of the sacred god.

"This savage demon corpse is a sacred ghost who is meticulously refining, invincible, and there is a huge ghost in the body. I am afraid that the strength can compete with the Vientiane strong..."

Ye Xuan swallowed it.

If you let this savage demon kill the ghost gods, the ghost gods may be chaotic, unless the ghost ancestors are dispatched, otherwise it is not a monster.

"Young master, this big man seems to be very powerful, are we going to?"

Asked by the drop beside him.

"The wild cow is still the scope of the holy beast. If it is swallowed by me, maybe it can break through!"

Ye Xuan thought about it.

However, this pretty bull is more powerful than the ghoul, and his cards are already used up. It is not so easy to kill this monster.

However, he only learned a new martial arts, which is a ghost change, maybe a battle.

"Let's fall, I will be this pretty bull!"

After Ye Xuan finished, he summoned three ghosts from the ghosts of the Nether. These three ghosts are all six gods.

"Hey, the current death in the host is 30%, and there is no life-threatening risk!"

"Hey, the current death in the host is 60%, and there is no life-threatening!"

"Hey, the current death in the host is 90%, and there is no life-threatening risk!"

A series of three prompts sounded, Ye Xuan directly refining the three ghosts of the same class, soaring the strength, at the same time, the face also appeared a black texture.

It is very easy for him to change this trick. For others, it is possible to fall, but his life is full of vitality. As long as the gas of death does not suppress the blood of the **** of life, it will be fine.

At the moment, Ye Xuan is once again murdered.

"You are careful, Master."

Landing quickly reminded.

Now that she is at this level of combat, she is no longer able to participate and can only hide in the pet space.

The wild cow body also has a huge death gas. After Ye Xuan used the ghosts and gods, its huge head was a turn, watching Ye Xuan quickly fly toward it.

"Big guy, try this trick!"

Ye Xuan was holding a white bone sword in his left hand and smashed the scorpion of the wild cow.

Suddenly, the wind whistling!

Hundreds of ghosts flew toward the wild cows.

At this time, Ye Xuan did not use the brilliant eye, but the death of the body is strong, coupled with the increase of the white bone sword, this move is enough to kill a master of the Eight Gods.

No matter what, this pretty bull is just a big shot, that is, the hundred ghosts are scattered.

"Sure enough, try this trick!"

Ye Xuan Shuguang condenses, puts the left-handed white bone sword away, and then condenses the death of the whole body in his left hand.

Ghosts and gods secret skills, ghosts and gods!

"boom!"

A gloomy and fierce fist shadow blasted out. If this fist fell on the martyrdom of the nine gods, it was enough to kill it.

The Bulls and Devils saw this move, but they also reached out to resist, but what surprised it was that their palms were actually worn by ghosts and fists.

"Hey!"

Ghosts and gods pierced the palm of the wild cow, and slammed into the chest of the wild cow.

"Roar!"

The barbarian roared in pain and his chest went down.

Ghosts and gods, this trick may be considered a supernatural power, although the power is weaker than the dragon, but the advantage is that Ye Xuan can be used almost infinitely.

Ye Xuan punched the wild cow demon, this strength is also powerful to the explosion, but the huge ghost in the wild cow body immediately played its role at the moment of injury.

The palm of the wild cow is restored at a speed visible to the naked eye.

"I think it is my attack power, or your recovery is fast!"

Ye Xuan once again condensed the gas of death and blasted a punch.

Ghosts and gods!

Another punch went away, and the wild bulls stretched out another hand to resist, only to hear a bang, and the palm was again pierced.

This time, the ghost gods fell on the head of the wild cow.

"Hey!"

The bulls trembled and fell backwards, but its hooves quickly stepped on and stabilized the figure.

Two ghosts and ghosts, consuming 85 percent of the deaths in Ye Xuan's body, and the remaining gas of death 4

"Isn't you dying, come again!"

Ye Xuan said nothing, once again summoned three ghosts of the six gods.

"Hey, the current death in the host is 35 percent, and there is no life threatening!"

"Hey, the current death in the host is 65 percent, and there is no life-threatening risk!"

"Hey, the current death in the host is 95%, and there is no life-threatening risk!"

Refining and melting the three ghosts only for a moment, the gas of death poured into Ye Xuan's body, and then, it was a ghost of the gods.

"Hey!"

This punch was blocked by the wild cow, and it began to recover again in the blink of an eye.

It is a pity that although Ye Xuan has already realized the combination of the sword and the sword by the senior Wu Jiandan, it is really just a combination of human and sword, not a boxing method.

Otherwise, this pretty bull will probably die under his hand.

However, Ye Xuan is confident to kill this wild cow, because he can also use the eye of glory.

The golden instinct of the brilliant eye has an increase in damage to the ghost body. If it is combined with the death gas in his body, it is absolutely possible to punch the head of this wild cow.

"The power has not recovered yet. If you use the eye of glory now, then I will enter a state of blindness, so I can't use the eye of the void. If something happens, I can't escape!"

Ye Xuan thought about it.

Since the First World War in Wanhua Valley, he has left his heart for himself. If you have no choice but to use it, you should leave some effort to use the eyes of the void.

Therefore, he is waiting, waiting for the recovery.

Chapter 1060: Ghostly Son

"Ghosts and gods!"

It was also a ghost of the gods, this time, directly on the ox hoof of the wild cow, but the hoof is much thicker than the palm of the wild cow, can not be penetrated.

After the two ghosts and ghosts, Ye Xuan once again summoned the ghosts of the three six-powered gods to directly refine.

His plan has only one word, drag!

As long as you wait for the recovery, then this rogue will die.

"Change the taste, try this trick, 擒 dragon hand!"

This time, Ye Xuan did not use ghosts and fists, but a paw to find out, the next moment, the bullwhistle's hoof is caught by the dragon hand.

Despite the thick and thick skin of the cow, the five fingers of the dragon's hand still penetrated into its flesh and blood.

"There is not enough territory, or you can drop you..."

Ye Xuan is somewhat helpless. As long as the wild cow devil corpse falls, then he can jump directly and enjoy the two ghosts and ghosts, so that you don't have to wait for the brilliant eye.

At this time, there are still a lot of blood cloud teaching disciples who have not left. They are looking at the scene of the one person and one beast fighting in front, all of which are jaw-dropping.

"Who is that person? Not only will it use ghosts and gods, but it will also kill the ghouls and fight now, and now fight the savage demon corpse..."

"It's incredible. He is just a six-god god. He is at the same level as me. My strength is comparable to him. It is an ant."

"What a joke, he must be a martyrdom of the nine gods, and it must be secretly cultivated by the ghost gods."

"It is difficult, he is the Son of the Ghosts?"

"Impossible, the ghost **** is a ghost, and he is human!"

Just as the blood cloud teaches disciples to talk about it, in the distance, suddenly a black shadow is plucked.

"A strong and powerful atmosphere!"

The blood cloud taught the disciples to tremble, and they turned their heads and looked around and found that the shadow was a quaint sedan chair.

However, the four people who carried this sedan chair were not human beings, but four ghosts. Moreover, it is still the ghost of the four nine-powered gods.

Beside this sedan chair, he followed a white-haired old man. He looked at the wild cow demon in front of him and said, "Who is that kid, will it be the ghosts of ghosts and ghosts?"

Ghosts and fists are the same as a hundred ghosts. Only ghosts can use them, because there is no death in human body.

However, after using the ghosts and gods, you can use this ghost boxing.

However, the two secret techniques of the ghost gods were actually stolen by a person who did not know. This must be understood.

At the moment, the white-haired old man is quickly swept out and kills Ye Xuan.

Yes, it is to kill Ye Xuan!

"Ok?"

Ye Xuan, who was fighting in the distance, picked a brow and felt a strong breath rushing toward himself. He hurriedly turned his head and saw that he was an elder of a ghost god.

"Kid, you are not a disciple of my ghost god, why do you change ghosts and ghosts?"

The white-haired old man swept over and said in a questioning tone.

"Guo Xiaolei's elders!"

Ye Xuan did not expect that he had met an elder of a ghost god, and it was still difficult for the nine gods. This is really unfortunate.

"Guo Xiaolei?"

This white-haired old man has a brow, and he and Guo Xiaolei are both ghosts and elders, naturally they know each other.

"There is a lot of nonsense, Guo Xiaolei's elders style is correct, how can he pass this school to others?" The white-haired old man obviously does not believe.

After seeing this white-haired old man, Ye Xuan no longer attacks, but begins to avoid.

At this time, the group of ghost gods controlled by him swept over.

"I have seen the elders of Qin!"

All the disciples clenched their fists.

"What are you doing here?"

The white-haired old man asked strangely.

"Ye Xuan discovered the traces of the ghouls, so the master took us to explore, but it was unexpected that the ghouls were really here. After the war, the master and the ghouls were all gone."

The Changfa youth hurriedly explained that he was a disciple of Guo Xiaolei.

"Ghosts?"

Upon hearing this name, Qin's elders trembled and said: "Elder Guo Xiaolei and the ghouls have died together? What about his inheritance?"

"Qi Kun ring in Ye Xuan body, this is a very bull and devil corpse, is the corpse ghost Taoist refining out, powerful and incomparable!" Changfa youth continued.

"Ye Xuan!"

At this time, Qin Elder noticed the name. He turned his head and looked at Ye Xuan. He said: "Is he really a disciple of Guo Xiaolei?"

"Qin elders, we can all testify, Ye Xuan is indeed a disciple of Guo Xiaolei!"

Other ghost **** disciples have also come out to testify for Ye Xuan.

Here, some of the elders of Qin believed, after all, among the people in front of him, there are other disciples of the elders.

"Well, then I can believe that this kid is a disciple of the elders of Guo Xiaolei."

Qin elder frowned, said: "This is a very bull-devil, it seems that the dead body of the corpse palace lost six months ago, was originally intercepted by the ghoul, now the ghoul is dead, this is a bull The devil can't fall into the hands of the corpse temple..."

If it is a threat, the Temple of the Dead is much higher than the Ghosts. After all, there is a Vientiane level in the Temple of the King.

This wild cow is a quasi-passing beast. If it falls into the hands of the corpse, and then carefully refines it, it may be comparable to Vientiane. This is a big problem for the ghost god.

Therefore, the wild cow must be crushed and completely crushed!

"Kid, you attract his attention, I will crush him!"

The elder Qin sighed and suddenly rose to the heights.

"Crush?"

Ye Xuan was shocked to hear this, but he was going to devour the body of this very bull.

If it is crushed, it will also swallow a wool!

"Would you like to have this Qin elder?"

Ye Xuan's mind suddenly flashed such a thought.

However, at this time, he suddenly found a strange sedan chair in the distance, and the four people who lifted the sedan were actually the ghosts of the nine gods.

Then, sitting in the sedan chair is definitely not an ordinary person!

"Although the atmosphere is only a martyrdom, but it must be a master, is it the Son of the Ghosts?"

Ye Xuan's brow was picked.

The ghost **** has a son, and the next is to take over the lord of the ghost god. However, this ghost **** is like a ancestor, but also a ghost, but an enlightened ghost, that is, possessing human consciousness.

This Qin elder is easy to solve, but the Son is probably not ordinary. If Ye Xuan still has a card, then he can say it, but he is not even full of brilliant eyes, so forget it.

"Well, now I have become a disciple of the elders of Guo Xiaolei, but my qualifications are above the genius of any ghost god, so I will not have anything."

Ye Xuan made a decision in his heart.

At the moment, he is teaming up with Qin Elder, fighting against the wild cows.
