

Super D. S 1061

Chapter 1061: Team up to kill

As a result, Ye Xuan does not need to use ghosts and gods, because the Qin elders themselves have also used.

"Ghosts change!"

The elders of Qin directly swallowed a ghost of the nine gods, and the death of the body soared.

"The elder Guo Xiaolei is a martyrdom of the nine gods, but the power of the ghost gods has been passed down for thousands of years. The ghosts of the nine gods are really nothing. This Qin elders use the ghosts and gods, and it should be a ghost. "

Ye Xuan attracted the attention of the wild cows while watching the elders of Qin.

He does not have a few points to practice ghosts, as long as the death gas does not reach 100%, and other people practice ghosts and changes, as long as they are trained, then they can refine a ghost of the same level without being affected. After practicing two, you can easily refine two.

It is said that some people in the Ghosts and Spirits have changed the ghosts and gods to threefold, and they can refine and refine the three ghosts of the same class. After use, they are safe and sound.

Before the elder Guo Xiaolei, even one heavy weight did not reach, so forcibly refining the three ghosts of the same level, only three seconds, three seconds later will die.

At this time, the elder Qin had already plucked the top of the bulls, and the bulls were attacked on both sides, which was a bit powerless.

"Hey, go to hell!"

The elder Qin called the death of the body, and after escaping the slap attack of the wild cow, it was a punch.

This ghost **** fist directly broke the head of the wild cow demon and blasted its brain.

However, the wild cow is a ghost, although the brain and heart are also important, but after being destroyed, they can no longer act. As long as the treatment of the ghost is completed, it will be born again.

Available at this time.

"puff!"

After Qin's eruption punched, he suddenly fell down and directly plunged into the head of the wild cow.

"It turns out!"

Seeing this scene, Ye Xuan suddenly understood the intention of the elder Qin, who wanted to find the ghost directly and then destroy it.

Although Philip is still not enough to use the eye of glory, but the eye of insight is the least consumed, it can still be used.

With the eye of insight, Ye Xuan directly saw the Qin elders who had entered the body of the bulls down all the way down and began to look for the huge ghost.

"Qin elder, the ghost is below the right chest!"

Ye Xuan hurriedly screamed.

The Qin elders in the body of the bulls heard this, but also directly broke the flesh and blood of the wild cow, and it was found in the position of Ye Xuan that the huge ghost.

"Ghosts and gods!"

Elder Qin once again condensed the gas of death, and then blasted a punch.

"Hey!"

Ghosts and gods broke through the body of the wild cows. At the same time, the ghosts in the body of the wild bulls were also blasted. Now the wild cows can no longer be restored.

"good chance!"

In the outside, Ye Xuan's light flashed, using the gas of death in the body, and punching again in the mind of the wild cow.

"Hey!"

The head of the wild cow demon blooms and bursts directly, flesh and blood.

This sacred cow demon corpse has not yet been refining, or the ghetto is overestimating his ability. After all, the path of this ghost corpse he created is two thousand years old compared to the ghost gods and the corpse temple. The faction is too young and tender.

In the ghost gods, if you don't count those ghosts that have lived for hundreds of years, at least five humans can single out this savage demon genie. If you count the ghost ancestors of the ghost gods, there are twenty One.

"噗通!"

The dead bulls, like a big mountain, squatted on the ground and shattered.

However, on the same day, in the Nether City Ye Xuan, but I saw a bigger block, this kilometer tall bulls really really nothing.

The ghost was broken and the head blossomed. This pretty bull is already dead.

At the moment, the elder Qin is drilled from the body of the wild cow, and then directly receives the dead wild demon from the ring.

"The body of this savage cow, brought back to the lord for disposal, can not fall into the hands of the corpse."

Qin Elder thought in his heart.

In addition to refining human corpses, the corpse palace can also refine the corpses. If they are allowed to get the body of this quasi-beast, then there will be a super-power.

Fortunately, he was met.

"The kid, the inheritance of the ghouls?"

After the death of the wild cow, Qin Elder also immediately asked.

Ye Xuan said nothing, directly smashed the sinister sorcerer's ring, and all the shackles of his own body were lost.

Qin Elder felt a bit and found that Ye Xuan had no ringing, so he began to explore the Qiankun ring.

Unfortunately, there is nothing he wants inside.

"The inheritance of the ghouls?" Qin Elder frowned and looked at Ye Xuan, questioned.

"I don't know, the ghoul is dead, this scorpion devil corpse is coming out." Ye Xuan directly shook his head, he really did not get the inheritance of the ghoul, because he is not interested.

"So you should be in another place, look for it!"

The elder Qin did not say anything, but turned his head and plunged to the blood cloud.

Ye Xuan is also rushing into the blood cloud to teach others to find the inheritance of the ghouls.

However, Ye Xuan feels that it is not so easy. The ghouls combined the ghost spirit and the war corpse to refine a higher-level ghost corpse. This is his painstaking efforts. How could it be handed over?

Therefore, Ye Xuan estimated that the ghouls did not leave a refining method, so as he died, the method of refining the ghosts was lost.

This time, they are looking for a long time.

In the past half day, Ye Xuan also kept paying attention to the sedan chair. The shelf of the ghost **** Zongzi was quite big, and he did not show up at all.

Half a day later, Qin Elder and Ye Xuan and others found nothing.

"But the ghouls are extremely selfish. I am afraid that there is no way to refine the ghosts. But before I was able to capture the ghosts, I guess I can study them and not find them."

The elders of Qin decided to give up, and there were many high-ranking people in the Ghosts and Emperors. They were the ghost ancestors who had lived for hundreds of years, refining ghosts and corpses, giving them some time and getting them out.

Therefore, in the eyes of the ghost gods and the corpse, the corpse ghosts are actually a jumping clown who can't get on the table. He has not been taken seriously.

The attention of the ghost gods has always been placed on the body of the corpse.

Of course, if you give the ghouls a few years, refining some powerful ghosts, you can really pose a threat to the ghost gods and the corpse temple.

"Qin elder, what do we do now?"

The long-haired youth swept forward and asked.

"The Son is refining a beast that is going to be a beast, and after a while it will hit the Vientiane. I will immediately **** the Son to return to the Ghosts!"

Elder Qin said slowly.

“Vientiane?”

Everyone was trembled, and they all guessed that the saint was sitting in the sedan chair, but did not expect the saint to be stuck at such an important juncture.

It is a trivial matter to find the inheritance of the ghetto and the ratio.

Chapter 1062: Escort mission

"People in the Temple of the Dead may be chasing us. I am afraid that the road will be intercepted."

When the elder Qin finished, he also fell his eyes on Ye Xuan. "You are a disciple of the elders of Guo Xiaolei. You should have abolished it, but I am qualified to be a good person. Zong, are you willing?"

"Don't you just want me to help **** the Son to go back? It's so grand..."

Ye Xuan's heart is very despised, but the mouth is still responsive: "Good!"

"If this is the case, then you will follow the Son's sedan and **** the Son to the ghosts!" Qin Elder's eyes lit up.

Ye Xuan's strength is also seen, the strength may not be weak, if the two join hands, the safety has improved a lot.

"Right, the body of Elder Guo Xiaolei?"

At the time of leaving, Qin Elder suddenly asked.

"After the death of the corpse ghost, the remaining two ghost bodies took away most of the bodies."

Long hair youth replied.

"In this way, it would be a pity. If the body is still there, Elder Guo Xiaolei may be able to resurrect into a ghost." Qin Elder sighed.

Ghosts and gods can make people become ghosts after death, and then enlighten them. After enlightenment, the ghosts can restore their memories before they live, and they can survive for a long time.

Of course, enlightenment is not 100% successful, and Guo Xiaolei is using ghosts and gods to become dead. It is not necessarily successful to become a ghost. Even if it is successful, the probability of enlightenment is close to zero, so Qin Elder did not ask much.

"You go back on your own, pick up the car!"

The elder Qin did not say anything, and directly plunged to the side of the sedan chair.

The disciples of this group of ghost gods are all seven gods, and the four ghosts that lifted the sedan are all nine gods. The speed difference between the two is too great, so the elders of Qin will not let them follow.

As for Ye Xuan, I can keep up.

However, it was at the time when the sedan chair was lifted.

"Hey, the host triggers a serial random task, escorting the ghost **** sacred son, the emptiness eye should not be used during the escort. If it is used, it is regarded as a mission failure. If the mission is a failure, the blood of the gods of the gods will be reversed once!"

The system suddenly had a prompt tone, so that Ye Xuan was in the same place.

"You are too grandfather, don't let the eyes of the void use it, the mission fails, will the blood of the gods of the gods retreat once?"

Ye Xuan heart roared, this dog day system, without such a pit.

He has just completed a serial random task, and then there is another one, and the interlocking is no problem. If the first ring task fails, there is still punishment.

However, this is also the welfare that the system gives him.

Last time, the serial task of killing the ghouls was completed. After the completion, Megatron advanced once and signed a joint growth contract. This reward is very good.

"accept!"

Ye Xuan's mind is silent.

This task is also unacceptable, because not accepting will be considered as giving up.

Fortunately, there is no time limit for the first ring of this series of random missions, as long as the ghost gods return to the ghost gods.

"This Qin elder said, the Son is refining the beast, in the cultivation, so if it is the strong attack of the corpse of the corpse, only me and Qin elders shot."

Ye Xuan also understands that the spin is even going up.

I hope that this time, the random task of the chain will come again with a generous reward.

Soon, Ye Xuan followed the road. Because of the task restrictions, he should not use the eye of the void, so this time he must be cautious.

The blood cloud teaches not far from the ghost gods. When Ye Xuan came to the day, it took three days. Now, with the speed of the four nine-powered gods, they only need one day.

"Kid, how many times did your ghosts change to the top?"

On the way to the ghost gods, Qin Elder could not help but ask.

"Third!"

Ye Xuan replied casually.

In fact, after he copied the ghosts and gods, he did not even reach one weight, but he had blood in his body, so he could suppress the death of three ghosts of the same class.

After refining and refining the three ghosts of the same class, the ghosts and gods become the third most important!

"What, third?"

The elder Qin was shocked. He was only the first to be heavy, so there would be no problem in refining a ghost of the same class.

However, Ye Xuan actually got to the triple, it is no wonder that the strength is extremely powerful.

The elders of Qin only felt that they had taken the big fortune this time. In the future, Ye Xuan is surely a great superpower of the ghost gods.

"The kid, the corpse of the corpse may ambush at any time, but don't take it lightly, their top war corpse is not weaker than the previous savage demon corpse." Qin Elder reminded.

"Top corpse?"

Ye Xuan heard the words, the brow gently picked.

The corpse palace can refine the human body and the corpse, but it is usually a human body, so he can't swallow it. He only hopes that the other party will come to a little corpse, and it is best to pass the level of the beast.

Of course, he hopes that the other party will come back in half a day, and after half a day, his cards will be cooled.

Ye Xuan acts as a bodyguard and runs wild on the ground.

In the first half of the day, I didn't see anything.

"Hey, summon the **** of gold to cool down!"

"Hey, the Emperor's Promise Sword has cooled down!"

Half a day later, Ye Xuan finally heard two system prompts, and the cooling time of the two cards was finally finished.

Summoning the God of Gold, because Ye Xuan's realm is too low, so the strength is not strong, I am afraid that it is similar to the nine-powered **** of the sedan. However, the Golden Armor can use the Emperor's Promise Sword, which is a very easy to use trick.

As for Ye Xuan's biggest card, Wan Jian's return to the sect is not cooled.

After Megatron advanced, Wanjian returned to the sword from the hundred swords, but the cooling time was extended to three days, only one day has passed, so Ye Xuan still can not be used.

"The corpse palace has many top war corpses, as well as those who have served as the lord and the elders. They have refining themselves into war corpses and keeping their memories in their lifetime. Although the realm is not in Vientiane, it is estimated to have reached the supreme. The peak of three small difficulties, I can't care!"

Ye Xuan rushed on the ground, even if someone was killed on the road, I am afraid that he would directly ignore him. After all, he was only six gods.

At this point, as long as they are on the road for a long time, they can return to the ghost gods.

However, it is at this time.

"Hey!" "Hey!" "Hey!"

Ye Xuan, who was running wild on the ground, suddenly felt that something was wrong. The land under his feet seemed to be shaking slightly.

The magnitude of this tremor is extremely small, even if it is difficult for the masters of the nine gods to find out, but Ye Xuan has the eye of perception, he can clearly feel the amplitude of the tremor.

"Qin elders, there are things underneath!"

Ye Xuan hurriedly shouted into the air.

Chapter 1063: The murder of the corpse palace

"Qin elders, there are things underneath!"

what?

The elder Qin heard the words and immediately responded. He said: "It is the corpse of the corpse palace!"

The corpse of the earth is also a kind of war corpse refining the corpse of the corpse. It is dedicated to drilling the ground. It is similar to the esoteric operation, but the speed is hundreds of times faster than the ground.

After Qin's elders heard Ye Xuan's words, although he did not believe it, but for insurance, he still shot the palm of his hand.

A terrible giant fell, and the earth shattered in an instant. At the same time, the atmosphere of the ground was also revealed, captured by the elders of Qin.

"War!"

The elders of Qin changed their faces. He walked with ghosts and gods and had a strong sense of the dead.

He felt that there were at least five dead bodies underneath.

This palm, although it has already killed all the land corpses, there must be some around.

"The whereabouts are exposed, and all the land corpses are quickly resolved!"

Emperor Qin yelled at Ye Xuan, and at the same time, he himself also offered a singer and released hundreds of ghosts.

If they don't clean up the land, they will be ambushed by a large number of masters of the corpse, so they must be cleaned up.

Ye Xuan also understands this truth, so it is also flying into the sky, and then constantly attacking against the bottom.

"Hey!" "Hey!" "Hey!"

The earth is broken, as if the end of the world is normal.

The purpose of Ye Xuan is not to kill the corpse, but to blast the earth. With the eye of perception, he can capture the specific location of these corpses and then complete the killing.

"The ghost is crying!"

"The ghost is crying!"

There are always savage ghosts rushing to the ground, and then tearing the corpses underneath.

The strength of these corpses is not strong, the strongest at most eight sacred martyrdom levels, and Ye Xuan's ghosts can not be used, so the speed of the corpse is rapidly decreasing.

In just a few breaths, the land corpse was solved by hundreds.

"So much?"

Ye Xuan is also shocked. If there are only a few dozen, he may not find it.

"I didn't expect to be tracked by so many corpses. Maybe we were already stared at the blood cloud. These corpses will continue to be marked along the way. I am afraid that there will soon be a master of the corpse."

The elders of Qin looked a little gloomy and thought that the corpse was only responsible for tracking, and the combat power was not strong, so they would not be exposed.

"Kids, don't worry about them, killing can't kill, we continue to hurry, there is a city in front of us, we use this to hide the breath." Qin Elders shouted, and immediately took the sedan chair in one direction.

There are a lot of human beings in the city, and the most important thing is that there is still a battle. The corpses are inaccessible. At that time, they can use other methods to get out.

Why, at this time.

"Ha ha ha, you can't go away."

There is a word in the sky, and then there is a master who has entered the sensing range of Ye Xuan.

"It's so strong, the breath is not weaker than the ghouls!"

Ye Xuan's heart was shocked.

At this time, he felt that the ghouls were completely a teasing, and that the strength of the daring and the land of the dead were two major forces. It was really looking for death. It is no wonder that Elder Guo Xiaolei dared to go alone and want to take credit.

There are a total of four breaths in the scope of the eye of perception, all of which are stronger than the ghouls. Among them, there are two breaths of death that are extremely rich, obviously the top war dead.

"Can't go!"

The elder Qin also gave up and fled, looking around.

After a while, there were four figures that caught his eye.

"I didn't expect it to be caught up by you!" Qin Elder looked at the corner and said slowly.

"Hey, just rely on you, and dare to grab the things of my corpse, and advise you to scream out."

A middle-aged man came out.

Beside him, there is an old man.

As for the remaining two, they are the war corpses of their respective refining, and their strength is not weaker than them.

The elders of the two corpses, the two top war corpses, are in trouble.

"Hey, last time you were chased like a dog, this time it's just two more helpers..."

Elder Qin looked disdainful.

Last time, he only met this middle-aged man and a top war corpse. Now that the other party has two more people, he also has Ye Xuan as a helper, so he is not afraid.

"Qin elder, hand over the body of the quasi-beast, I can leave you a whole body!"

The middle-aged man looked at the elder Qin.

The body of the sacred beast in his mouth is not a deadly demon corpse, but another corpse that was previously robbed by the Elder Qin and the Son at the site of the corpse.

As for the sacred beast of the sacred beast, it is already in the hands of the Son.

"The whole body? I am afraid that you want to take my body to refine the war dead body?"

The elder Qin showed a disdainful look and said: "Don't talk nonsense, let's go up."

"Since you want to die so fast, then I will fulfill you!"

The middle-aged man drank a low sentence and directly took his top war corpse toward the elder Qin.

As for the other old man, he rushed to the sedan chair with the war.

Although there are four ghosts around the sedan chair, the strength of the ghost spirit is inherently weaker than that of human beings. Coupled with the top fighting power of the corpse palace, the four ghosts of the nine sacred gods are Decoration.

"Ye Xuan, block them!"

Elder Qin's face sank and screamed and summoned a ghost spirit to refine it.

Ghosts change!

At the same time, Ye Xuan also called out the ghosts of the three six gods.

"Oh, the death gas in the host reaches 30%, and there is no life-threatening risk!"

"Oh, the death gas in the host reaches 60%, and there is no life-threatening risk!"

"Hey, the death of the host is 90%, and there is no life-threatening!"

The death gas of the three ghost spirits was poured into Ye Xuan's body, and Ye Xuan's breath soared.

"Don't ignore me, this time I want to break you!"

Ye Xuan looked at the old man and the top war corpse, and the black lines on his face suddenly began to change, and turned into dark gold.

The eye of glory!

This breath filled the air and surprised the two strong men of the Temple of the Dead.

"Block me to die!"

The gray-haired old man screamed and slammed a punch at Ye Xuan. His infuriating moment condensed into a white-bone arm and slammed into Ye Xuan.

"Pseudo-powered?"

Ye Xuan brows a pick.

The martial arts used by this old man is probably a level with the ghosts and gods. Although it is not superb, it is almost the same.

"Hey, you will me, too, ghosts!"

Ye Xuan will condense his right hand with the gas of death.

A dark golden fist shadow blasted out and collided with the other's white bone arm.

"Boom!"

Two different infuriating collisions set off a huge wave.

Chapter 1064: The corpse king!

The gray-haired old man was shocked. After all, Ye Xuan was not a six-powered god. However, it was incredible to be able to stop him from punching.

"Although I don't know where your kid came out, I dare to block my way and die!"

The gray-haired old man once again blasted a punch, and another white-bone arm slammed into Ye Xuan.

"Ghosts and gods!"

Ye Xuan is also using the remaining gas of death to counterattack.

"Boom!"

Another wave of turmoil swept away.

However, the old man still controls a top war corpse.

"Summon the God of Gold!"

Ye Xuan did not dare to hide it, and hurriedly showed his cards. After the appearance of the Golden Armor, he was stunned at the war.

Overlord Promise Sword!

"boom!"

"Hey!"

The bones of this top war corpse are shattered in many places, but it does not affect its action.

This time, Ye Xuan changed his face and hurriedly plucked his head toward the top war corpse, trying to intercept it.

"擒龙手!"

A golden hand suddenly appeared, directly grabbed the top war corpse, and the golden infuriating began to burn the flesh and blood of the top war corpses, giving a sizzling sound.

"Shentong?"

Everyone in the face changed, even the elders of Qin did not expect, Ye Xuan would have a magical power.

"Resolve you first!"

Ye Xuan refines and refines the three ghost spirits, and the top battled corpse that is caught is a ghost boxing.

"Huh!"

The wind whistled, and the dark golden fist shadow broke away and slammed into the top war.

Although the top war corpse is very hard, it can't bear the full punch of Ye Xuan. After all, this boxing also contains the golden instinct of Ye Xuan.

The top body of this top war corpse was directly bombed and flesh and blood.

"Kid, destroy my body, die!"

The old man in gray is furious, taking advantage of this opportunity, he will kill Ye Xuan.

However, Ye Xuan's ghosts and gods can be used infinitely.

"Hey!"

Another wave of anger broke away.

The battle started only two seconds. The top ghost of the corpse of the corpse was lost. The original four-on-two became three-on-two.

"Old guy, I see you can't use it again!"

Ye Xuan immediately refines the three ghost spirits, and the gas of death re-condenses and blasts against the old man in gray.

"not good!"

The gray-clothed old man's face was gloomy, and he hurriedly took out a new battle corpse from the Qiankun ring and blocked it in front of him.

This new battle corpse, although weaker than the top warfare, but the defense is stronger than the top war.

At this moment, he is taking this war corpse as a meat shield.

"boom!"

Ghosts and gods fell on the body of the meat shield, and the smashing of it was to explode it. Then, the old man in the gray coat was also shocked by Yu Wei of the ghost **** fist. After a spurt of blood, he flew out.

Every time the ghosts change, Ye Xuan can only use the ghosts and fists twice. However, this time, Ye Xuan did not immediately add the gas of death.

"擒龙手!"

Ye Xuan's infuriating body was instantly evacuated, but also overdrawed a lot of vitality.

A golden dragon's hand appeared again, holding the old gray coat.

As long as the infuriating body in the body is enough, then Ye Xuan does not need to overdraw vitality when using the dragon hand, but he has just used it once, so he has overdrawed a lot of vitality.

However, as long as you can successfully kill this gray old man, why not overdraw your vitality?

The gray-clothed old man who was caught by the golden dragon's hand could not immediately break away. He could only look at Ye Xuan to display the ghosts again.

"Old guy, can't you die this time?"

Ye Xuan screamed, and it was a dark golden ghost.

This time, the gray-clothed old man was restricted by the dragon's hand, and he could no longer sacrifice the meat shield to resist the corpse.

"boom!"

Ghosts and gods fell on the gray old man and instantly pierced his upper body.

Even the defensive battle corpse was spiked, and the gray-haired old man could not be alive.

After his death, Ye Xuan quickly swept the past and accepted the Qiang Kun.

Unfortunately, there are not many things inside.

"Pit, didn't break through!"

Ye Xuan sighed and looked at another middle-aged man. The killing in his eyes was not disguised.

In just a few seconds, Ye Xuan killed the top battle of the two corpses, which is enough to shock the elders of Qin and the middle-aged.

“How could it be so strong?”

Both of them have flashed such a thought in their hearts.

The elders of Qin only played the middle-aged man and his warfare, but Ye Xuan could kill him and it only took a few seconds.

"No, go!"

The middle-aged man saw Ye Xuan rushing over to him, and immediately turned around and left.

"I want to go now, it's too late!" Qin Elder quickly chased up, constantly attacking, preventing middle-aged people from leaving.

At the same time, Ye Xuan also swept over.

The thief first smashes the king, as long as the middle-aged person is killed, then there is no threat to the top corpse.

"Ghosts and gods!"

The strength of the original middle-aged is weaker than that of the Qin elders, who can fight back with a dozen.

Now with Ye Xuan, the middle-aged man is instantly beaten like a dog.

It is at this time.

"stop!"

There was a violent drink in the distance, but Ye Xuan was already shooting.

"Ghosts and gods!"

"Do not....."

The middle-aged man had no way to escape this punch and was directly bombarded with his head.

At the same time, a strong breath of death to the explosion was sensed by Ye Xuan.

Ye Xuan's heart twitched, and the next moment, he saw a figure swiftly swept.

"King of the dead?"

The elders of Qin also swallowed a sigh of sorrow. The corpse of the corpse of the corpse was the weapon of the Vientiane level. Although it would not use the power of Vientiane, it was not the one who was able to fight with the Supreme Three Difficulty.

"not good!"

Ye Xuan did not dare to neglect, hurriedly rushed over to accept the middle-aged people, but helplessly, the things inside can still not let him break through.

This is a miserable!

However, he has not yet opened, this corpse king has already looted in front of them, the strong death of the breath, the two people's heart is dull, almost suffocating.

This corpse king is a bald-headed man. He is naked to the upper body. On his delicate body, there are also large and small corpse spots.

Unexpectedly, this time the corpse of the corpse actually sent a corpse king, the trouble is big!

"How dare you dare to kill the people in my corpse?"

The brawny said coldly.

As early as a hundred years ago, he was already dead, but the corpse temple refining his body into a corpse, and enlightened him to restore his memory.

This is the first time Ye Xuan has seen a body that will speak.

"You are King Kong King?"

The elder Qin again swallowed a sip and asked in a blank voice.

"Yes, I didn't expect anyone to remember me." The tone of the strong man is still cold.

Chapter 1065: Ghost spirit

After hearing the protagonist's personal recognition, Qin's mind was once again trembled.

The King Kong King is the most powerful defender of all the corpse kings in the Temple of the Dead. In addition to the ghost ancestors, there are no ones who can break the defense of the King Kong King.

In addition to the strong defense, this King Kong King ranks at the bottom of the Temple of the Dead. But unfortunately, even the existence of the bottom is not something that Qin Elder and Ye Xuan can cope with.

"How about the King Kong King, the foot is my land of ghosts and gods, if you dare to do it here, it is to challenge the authority of my ghost god!"

Although the elder Qin was afraid of the King Kong King, he thought that his background was a ghost god, so he had a little more emboldened.

"How about the ghost gods, the ghost ancestors of your ghost gods, are you not playing in our territory?"

King Kong's corpse screamed coldly. "I don't say anything to you. If you dare to kill my corpse, you must be prepared for death. Even today, if there is a ghost ancestor, I will also You kill!"

When the voice of King Kong's corpse fell, his body shape was a flash, and he immediately came to the front of Qin's elders across the distance of kilometers.

"boom!"

King Kong's corpse was gently punched, and it directly penetrated the chest of the elder Qin. The latter subconsciously swallowed the swallow, looked at the thick arm on his chest, and finally understood the gap between himself and the Vientiane. It is.

Although the King Kong King did not have the power of Vientiane, it was not that he was able to be enemies with the nine gods.

"I want to bring your body back to refining the war!"

When King Kong's corpse was finished, he only heard the '噗哧', and the heart of the elder Qin was pinched.

The elder Qin is not like Ye Xuan. There is no eternal eye. At the moment of the heart explosion, his eyes are white and he is tragically killed.

One hit, spiked the elder Qin, this is the master of the level of Vientiane!

"Your boy's strength is really good, I will bring you back to refining the war dead!"

King Kong's corpse suddenly turned his head and fell on Ye Xuan's body.

Ye Xuan's heart trembled. He was already scared to get out of the way. This time, he didn't dare to stay any longer, even if the mission failed.

He estimated that he could take a blow. After all, his key point is his eyes. Just go through the door of the void.

But when he was ready to use the eye of the void, suddenly a strong breath made his heart tremble again.

"Hey!"

The sedan chair suddenly burst open, and a figure was taken from it and directly killed to the King Kong King.

"what?"

King Kong King and Ye Xuan were shocked.

Ghost spirit, wake up?

Ye Xuan hurriedly stared at it and found it to be a female ghost.

This ghostly Son has a look of horror, a graceful figure, a slender thigh, and even his hands are different from others. She doesn't have sharp nails, and her eyes are not red. Almost like humans.

However, her body is still translucent.

After the appearance of the Ghost Spirit, it was directly killed to the King Kong King, who was slightly stunned because he felt that the Ghost Son was extraordinary.

"Hey, have you entered the world of Vientiane, see me playing your soul!" King Kong corpse felt the breath of the other party, and after screaming, he greeted him.

"Vientiane?"

Ye Xuan brows a pick, this ghost spirit Shengzi actually broke through at a critical time, this is really too timely.

However, how does he feel that the ghost son seems to have seen it?

"It must be an illusion..."

Ye Xuan shook his head, in his gloom, but there are thousands of ghosts, and it is still difficult to mention the six gods here.

As for the ghosts of the six gods, the units are calculated with 100,000.

In the blink of an eye, the ghost spirit is playing against the King Kong King, and Ye Xuan is also quickly retreating.

This level of combat is not something he can intervene!

However, he has turned his attention to another place, that is, the body of the elder Qin.

The Ghost Spirit and the King Kong King were so hot, and Ye Xuan, who sneaked over and smashed the body of Qin Elder.

Of course, there is also the Qiang Kun ring of the elder Qin.

"Hey, the host breaks through, and it is currently difficult for the Seven Gods!"

The system prompts to sound.

However, even if Ye Xuan broke through, it is still unable to intervene in this battle.

"Even if I use the ghosts and gods to change, the three ghosts of the seven gods are combined, and the King Kong King can still kill me, or not, so as not to let the head be bombarded..."

Ye Xuan swallowed his mouth, not that he didn't want to help, but couldn't help.

The King Kong King is known for his defensive power, but his speed is twice as fast as his seven-hearted boy. If he is accidentally affected, it will be miserable.

Therefore, he is still a good spectator.

Although there is no sharp nails in the Ghost Spirit, her hands can be condensed into a hand knife with the gas of death. Each time they can leave a red mark on the body of King Kong.

The defensive power of King Kong's corpse is the strongest of the corpse, and the attack of the sacred spirit cannot be broken.

"Little girls, don't think that you are going fast, try this trick!"

King Kong's corpse screamed with a big mouth, and then there was a stench that spread.

Ye Xuan stared at it and found a green bug rushing out of the throat of King Kong.

"Hey!"

The green worm suddenly burst open and turned into a cluster of green fog that spread rapidly.

The ghost spirit was accidentally touched, and the whole spirit immediately twitched.

Fortunately, there were not many green fogs that were smeared by the Ghost Spirit. After her brow wrinkled, she was separated from the King Kong King.

"This is the green corpse refining my corpse temple. It is specially used to deal with the ghost ancestors. Your little girls are hiding fast, or you will let your soul fly on the spot."

King Kong corpse sneer.

"Humph!"

The Ghost Spirit snorted and did not care. In the next moment, her eyes were full of blood.

The blood was condensed into a line, and it was on the shoulder of the King Kong King.

"Hey!"

King Kong's corpse suddenly exploded on the shoulder, and King Kong's corpse was blown back two steps, but fortunately his defense was amazing and he was not injured.

"What is this trick?"

King Kong Corpse* was shocked. The corpse and the ghost gods had been playing for so many years, and it was the first time they saw this move.

The ghost spirit did not pay attention to him and continued to attack.

“Hey!” “Hey!” “Hey!”

The King Kong King was beaten and defeated. Although he was not injured, the King Kong King still screamed.

At this time, the ghost spirit of the Son quickly punched out, a black fist shadow broke out and slammed into the King Kong King.

Ghosts and gods!

However, it still failed to make King Kong King injured.

Chapter 1066: Old friend?

"Ha ha ha, little girls, grandpa, I have lived for more than 150 years, just because you want to kill me?"

King Kong corpse reluctantly laughed.

The first defense of the corpse palace is really not covered!

The ghost spirit did not pay attention to his ridicule and continued to attack.

Ye Xuan, who is watching the battle in the distance, feels incredible. What is the radiant red ray? When did the ghost have this trick?

He feels that this is a bit like his disintegrating eye, but the red rays are not the same.

At this time, Ye Xuan remembered his own eyes.

"My eyes of decomposition may be useful for this King Kong King!"

His flash of light flashed directly into the ghosts and the breath suddenly rose up.

King Kong's corpse, who was beaten in the distance, saw Ye Xuan approaching. Ye Xuan couldn't help but shouted: "You dare to take a kick and find death!"

A white bone arm came toward Ye Xuan, but Ye Xuan used the ghosts and gods, plus the effect of the Beastmaster's violent, agile advancement and Gemini blood, his speed is only two or three percent slower than the King Kong King.

"call out!"

The white-bone arm passed by Ye Xuan, and Ye Xuan quickly approached the King Kong King. Under the restraint of the Ghost Spirit, he directly used the eye of decomposition.

The King Kong King is known for its defensive power, so he will not hide in general combat, and he will always be hard.

Even the attack of the ghost spirit of the Son can not help him, Ye Xuan, what can the seven-hearted boy be able to do?

"Zizi!"

The two disintegrating rays fell on the lap of King Kong's corpse, and the corpse of King Kong's corpse sneered in a cold, unintentional.

But the next moment, his face is a change.

"How could it be that my King Kong corpse was broken!"

King Kong's corpse was wide-eyed and looked careless. Although it was only a little bit, he noticed it.

This layer of corpse membrane is the reason for his strong defense. Now it is broken, then the attack of the ghost son can hurt him.

The Ghost Spirit is also aware of what is bloody, and the thigh of the King Kong King is bursting again.

This time, it is bloody.

"Dog day boy, I am killing you!"

The King Kong King was furious and directly dropped all his attention on Ye Xuan.

Although the Ghost Spirit has broken through to Vientiane, he can't help him. With Ye Xuan's words, his situation is dangerous.

So, kill Ye Xuan first!

However, the ghost son will not let him go.

"Hey!" "Hey!" "Hey!"

The Ghost Spirit continues to attack the King Kong King, who is unable to break through the encirclement because of the speed than the Ghost Son.

"Little girls, give me away!"

At this time, the King Kong King is a bit irritated. If he can't break through, then he can't kill Ye Xuan. If Ye Xuan uses the eye of decomposition again, then he will be tragedy.

However, he tried to break through ten times, and the ghost spirit still repelled him back.

In these ten times, Ye Xuan also had two decomposition rays falling on the body of the King Kong King. The King Kong corpse of King Kong's corpse was broken again and the blood was flowing.

The blood of the King Kong King is not red, but thick black, and the smell is very heavy, like rotten food, it is disgusting.

The black blood dripped on the ground, and there was still some grassy land, which was withered.

Looking at this change on the ground, King Kong's corpse king suddenly suddenly retired, and he estimated that if he fights again, he may be left here, or go first.

"Little girls, stinky boy, you are waiting for Laozi, you better not fall into my hands, otherwise I will torture you in the most cruel way..."

The King Kong King escaping while escaping.

Ye Xuan is also drunk, and a corpse king has been beaten by them, and he is running and squatting. Is this still a dead person?

"Awesome dogs, chase!"

Ye Xuan said nothing, and rushed to catch up, but when he crossed the ghost of the Son, he was stopped by the latter.

"Don't chase!"

The ghost son said softly.

"why?"

Ye Xuan is very surprised.

If they join hands, it is already the strength to kill the King Kong King. Why not pursue it?

But the next moment, he just understood, the ghost spirit of the Son is also the end of the strong, continue to fight, who is not necessarily dead.

At this time, the face of the ghost son, some blue, apparently the poison of the green corpse worm.

This poison can actually affect the spirit!

"go!"

Ghost Spirit Sanzi put one hand on Ye Xuan's shoulder and dragged it away directly. Its speed is twice as fast as Ye Xuan.

Ye Xuan was forcibly taken away, and even the corpses on the ground did not keep up, and shortly after they left, the King Kong King was reappeared.

"Mom, even counted, I thought the green corpse had no effect. It turned out that the girls were strong!"

King Kong's corpse snarled and shouted: "I'm looking for Laozi, I can't find you all to die for me!"

The corpses underneath did not dare to neglect and rushed to spread.

However, this time it was not so easy to find. The last time was because the blood cloud taught the wild cow and the devil to break out of the mountain. It was very quiet, and Ye Xuan was running on the ground, so he was discovered by the corpse.

This time, the ghost son directly took Ye Xuan to the heights, and the corpse was not felt.

At this time, Ye Xuan was flying with the ghost spirit, just like the interstellar rocket.

"Are you OK?"

Ye Xuan looked at the ghost son, could not help but ask.

The female ghost in front of him is the saint of the ghost god, and it must be enlightened. That is to say, IQ is not against human beings, and it is certain that he can understand him.

However, the first sentence of the Ghost Spirit's opening was shocking him.

"You don't know me?"

The Ghost Spirit said in a clear voice.

"What?"

Upon hearing this, Ye Xuan subconsciously snorted. What is this? Can he meet before with the ghost son?

"The first time we met, it was in the ghost tomb of the ghost tomb..." The ghostly son once again spoke.

what?

Ye Xuan Hu Tuo.

Ghost tomb, isn't it on the **** rock continent?

He remembered that shortly after he entered the **** rock continent, he was caught by the ghost of the old man.

In the trip to the ghost tomb, he released a ghost king, no, it should be said to be a small loli.

It's hard to be...

"Impossible, how long has it been, how long have you grown up?" Ye Xuan could not believe it.

A few years ago, it was just a small loli. After a few years, it turned out to be a royal sister. This is unscientific.

"I have been dead for many years. Later, I was met by the ghost ancestor who was wandering on the **** rocky continent, and brought to the ghost god." After the ghost of the Son, he suddenly turned his head and looked at Ye Xuan. "Right, my name is faint."

Chapter 1067: Ghost god

After listening to it, Ye Xuan also reacted.

At that time, when he met Ghost Wang Loli, the other party was already dead and did not know how many years. When his age was enough, his ancestors were enough. Now he is like a royal sister. It is nothing.

However, a little Lolita became a long-legged Yujie in a blink of an eye, and Ye Xuan was still unacceptable.

But for now, it's not time to take care of this.

"Fabulous, is your poison all right?" Ye Xuan asked.

"The poison of this green corpse worm has a huge damage to my spirit. Fortunately, I don't touch much, otherwise we will die there." The faint shook his head.

"That's good!"

Ye Xuan breathed a sigh of relief.

Although I have only seen several faces with him, I used to fight with him. It is a fate to see each other now.

Ye Xuan did not think that the devil of the ghost gods was actually the ghost king Xiao Loli who he rescued that day.

He still remembers that when he was fighting for the fruit of the woods, he also saved the secluded one from the old man of the hundred ghosts. Now he was saved by the faintness, and it was even.

This time, they encountered the interception of the Temple of the Dead. Although the elder Qin died, the King Kong King died because of the secluded break, and did not collect the body of Qin Elder.

After that, the body of Qin Elder was taken up by Ye Xuan, and after the ghost gods, the elders of Qin may be resurrected into ghosts.

In general, they earned this time. They only sacrificed one elder, but they destroyed the top corpses of the two elders of the corpse, and they forced the King Kong King to retreat.

The rest of the road, with a secluded ride, there is no danger.

Three hours later, the faintness was returned to the ghost gods with Ye Xuan, and the poison in the faint body was also resolved by herself.

"Welcome to the return of the Son!"

After a group of disciples saw it, they all said respectfully.

The secluded is the sacred son of the ghost, but the next sect of the ghost god, the status is lofty.

At the same time, Ye Xuan also heard a system prompt when the faint glimpse into the ghost gods.

"Hey, the first ring random task is done!"

After the mission is completed, Ye Xuan is to avoid the risk of retreating the blood of the Tianyan Protoss.

However, there will be a second ring task next, I don't know what it is.

The faintness is already a master of Vientiane, although there is no Vientiane power, but the breath is over the vast majority of ghost gods.

She has just returned, and the sky is a few figures.

"You, have you broken through?"

A ghost of a white-haired old man plucked over.

Ye Xuan's heart trembled, and the breath of the comers was not weaker than the faintness. It was obviously a master of the Vientiane level.

However, they are not human beings, they are all ghosts. It is not so simple for human beings to break through to Vientiane. No one has ever succeeded in the past.

Among them, the white-haired old man who opened the mouth is the ancestor of the ghost god, and also a faint master.

"Master, the disciples have broken through, but when the elder Qin was escorting me back, he was killed by the King Kong King of the Temple of the Dead..."

The secluded corpse of the elder Qin was taken from the special Qiang Kun ring.

"King Kong King?"

As soon as the masters heard it, they were also eclipsed.

"Immediately use the Ju Ling array to resurrect the Qin elders." The ghost **** ancestor directly told the Tao.

Then there was a ghost who carried the body of the elder Qin.

The person after death is not a 100% chance to be resurrected into a ghost. At the same time, after the resurrection, it is not 100% open and can restore the memory of life.

Otherwise, every time someone kills, the ghost **** will be resurrected into a ghost, and the land of the dead will be unified.

As for the ghosts of the nine gods, all of them are raised with lower ghosts.

The ghost gods are very good for the elders of the majesty, and immediately open the gathering of the spirits, ready to resurrect the elders of Qin.

Ye Xuan is also lucky and can witness a resurrection ceremony.

At this time, the ghost **** ancestor suddenly fell on Ye Xuan's body and said: "It's secluded, how do you bring him back?"

"He is my old friend Ye Xuan. This time, thanks to the fact that he and I have joined forces, it is possible to force the King Kong to disappoint." Quietly introduced.

"What, the seven gods who are martyrdom, help you to retreat the King Kong King?"

The ghost **** ancestor only feels a bit exaggerated.

In the ghost gods, there are thousands of disciples of the Seven Gods. Although these disciples can go out of class to challenge, even if they all add up, they can't beat a King Kong King.

Ye Xuan is also a martyrdom of the Seven Gods. How can he defeat the King Kong King?

"Master, he and I have known each other for many years, so the disciples secretly gave him the secret skills of ghosts and ghosts and ghosts, and now he has changed the ghosts to the third." The secluded explanation again.

"Ghosts change, the third is?"

The masters were shocked.

Ghosts and gods change, it is human beings who can practice. Even when these masters are still not dead, not everyone has changed the ghosts to the third.

Ghosts and gods have gone to the third place in the millennium, but I am afraid that there are only twenty.

"King Kong corpse king's defense is amazing. After the breakthrough, even if it is broken, it can't break its defense, but Ye Xuan can, so I joined him and forced the King Kong to retreat." Say it.

After listening to it, the surrounding masters felt incredible.

Even the faint level of the Vientiane level can't break the defense of King Kong's corpse, and Ye Xuan, who is in trouble with the seven gods in the district, can do it. It is a miracle.

"Since it's your friend, it's a matter of privately teaching the ghosts and gods."

The ghost **** ancestor is also extremely generous, but anyone who sees this situation will not be pursued. After all, Ye Xuan is a seed with super potential. If it is cultivated in the future, it may be able to break through to Vientiane.

You must know that the ghost gods have not yet had a human being.

"Master, there is still something to be reported in the apprentice..."

The faint and suddenly remembered one thing, that is the green corpse worm, now, she is telling things through it.

"Green corpse worms, can cause a lot of damage to our spirits, you have only been contaminated, and have not resolved yet?"

The ghost **** ancestor had a red eye and said: "I know, I will pay more attention to it later. If you encounter this green corpse in the future, it is best to catch one back so that people can study it."

At this point, the resurrection ceremony has begun.

The ghost ancestors of several ghost gods placed the body of Elder Qin on the ground, and then formed a gathering of giant spirits.

"Hey, the polylings have been copied!"

The system prompts.

Now, Ye Xuan's habituality will be swept away with insightful eyes. Anyway, the eyesight consumes the power of the eye, and the speed of recovery is almost the same, even if Ye Xuan opens the eyes of the hole all day.

Although it may not be possible to use this big squad, but it does not need money anyway.

Chapter 1068: Brilliant suit

During the resurrection ceremony, within ten seconds, the elders of Qin's body emerged as a spirit. This is the ghost of Qin Elder, but he did not have memories of his life at this time, just a killing machine.

"Blood... I want blood..."

The elder spirit of Qin elders gave a beast-like squat, but there were several ghost spirits around him who were shocked. He didn't dare to move, or couldn't move.

The gathering of the spirits is helping the elders of Qin to condense the spirit. The atmosphere of the elders of Qin is also a little bit strong. After half a minute, the spirit is reaching the upper limit.

The elder Qin was successful in condensing the spirit, but this is only the first step. The second part is enlightenment.

"Enlightened!"

Several human elders of the ghost gods jumped out, rubbed a few seals in their hands, and then entered the spirit of the elders of Qin.

The probability of enlightenment is not 100%, so the elder Qin may fail to enlighten himself, and become a ghost of ghosts who are only a sense of killing, and finally become a ghost of battle.

The resurrection ceremony arrived at this juncture, and the people around it or the ghosts did not dare to speak loudly and wait quietly.

"Qin...Qin Zhengnan...I am Qin Zhengnan..."

The elder Qin read his name.

The human elders of the ghost gods continued to open the alum, and all entered the spirit of the elders of Qin.

Elder Qin began to retrieve a little memory of his life.

Looking at this scene, Ye Xuan also suddenly remembered a little.

When the faint is still a cute little Loli, it seems to be enlightened. She is different from those who only know how to kill. She is conscious, and she has other **** spirits.

It seems that faintness may also be a strange physique.

Ghost spirit has a special physique, Ye Xuan is also the first time to see.

"Ghosts and gods? I am resurrected?"

At this time, the Qin elders in the gathering of the giants suddenly could speak a fluent word.

Enlightened success!

The good neighbors are also the elders of the ghost gods, so the chances of enlightenment are greatly enhanced, and the resurrection of Qin Elder is successful.

"Qin elders, this time you **** faint, do a good job, make a great achievement!" Ghost God ancestor is satisfied with the location.

"Xie Zu Shi!"

Elder Qin hurriedly thanked: "Thank you for the Son to bring my body back!"

"This is also thanks to Qin Elder, otherwise I am in danger."

The secluded said, directly lost the elders of the Qin dynasty, although the Qin elders are still unable to use the human genius ring, but the faint still reminded: "The two corpses of the sacred beasts of the Qiankun ring, I have already destroyed on the way."

"Yes!"

Qin Elder nodded, did not think much.

In fact, the bodies of the two sacred beasts were swallowed up by Ye Xuan, otherwise he would not break through the seven gods.

There are quite a lot of experience in the body of the sacred beast, but Ye Xuan regrets that there are no beasts in the two bodies.

A beast is refining and secluded, and another beast of the wild demon is already forcibly taken out by the ghouls and should be refining.

If both beasts are given to Ye Xuan, it should not be a problem to break through to the Eight Gods.

This matter has come to an end, Qin Elder has resurrected, but Ye Xuan's second ring random task still does not appear.

It seems that time has not yet arrived, that is, it cannot be triggered.

The **** mission has ended, but the second ring random mission has not yet been triggered, so Ye Xuan is temporarily staying in the ghost gods.

At this time, the ghost **** at the foot of Ye Xuan is the big force of the land of the dead. He can plan well and how to upgrade.

"Right, the ghost gods may have something to build a suit, first create a suit and say it."

Ye Xuan suddenly remembered this problem.

The materials needed for the blood suit are very rare, but there is also a suit that can be built with priority, that is, the brilliant eye suit.

This brilliant eye suit is under the sky-eye suit, the forging material is relatively more, this ghost **** is probably there.

"I can't even ring the poor ones now, I can only sell things."

Ye Xuan also sinks his mind into the redemption system.

At his feet, there is a ghost god, so you must exchange things for the ghost.

"Hundreds of ghosts and armor, improve the defense of the spirit."

"Ghosts, you can get the benefits when you strengthen your own with a ghost."

"The dragon is a dark ghost, and the weapon used by the ghost spirit is stronger than the nail."

Ye Xuan took a cursory look and did not look carefully. He directly exchanged some things and played them.

However, the most important thing is a martial art, a martial art used by a ghost.

No, it should be said to be a pseudo-power!

"I can't exchange it with my magical powers. It can be a pseudo-god." Ye Xuan's thoughts were exchanged for a pseudo-shen, called a ghost, which was specially designed for ghosts.

Next, he will use these things to trade with Ghosts.

"Young Master, that ghost sister is coming."

The fall of the side reminded me.

"Ok."

Ye Xuan nodded, he has the eye of perception, and he has long felt the familiar atmosphere.

At this time, the translucent faintness fell into Ye Xuan's yard.

"It's just right, I have something here, you may be able to use it."

Ye Xuan saw the secluded fall, but also directly said.

With his relationship with faintness, this deal is certainly not a problem.

Now, he is introducing these things.

"If these things are large, they can greatly enhance my ghost gods. I can promise for my master. What do you need?" The faint re-appearance on Ye Xuan.

To tell the truth, Ye Xuan still did not adapt to the faintness from Loli suddenly became a royal sister.

However, the faint body is still remarkable, and the slender white legs are translucent, which is a bit different.

After smashing the faint blood of the scarlet, Ye Xuan also took a piece of paper from the ring.

"I can supply a thousand sets of these equipments. This is what I need. The rest will be replaced with heavenly treasures or forged materials."

Ye Xuan handed the paper over, and it was recorded on the things needed to create a brilliant eye.

"These things are rare, but I still have them in the ghosts and gods." I glanced at the secluded and replied.

"Have?"

Hearing this, Ye Xuan's brow was a good news for him.

He did not talk nonsense, he exchanged a hundred sets of equipment directly from the redemption system, and there was a ghost.

"Well, I am going to get it for you." The faintly collected all these things, then flew away.

Looking at the back of her detour, Ye Xuan couldn't help but lick his lips. He could finally build a suit, and his strength could be improved. This is really an exciting thing.

Chapter 1069: Second ring random task

"Young Master, how did you and this ghost sister know?"

I couldn't help but ask.

"When I was in the **** rocky continent, it was much earlier than when I met you, but at the time she was only five years old, it was bigger than you in the blink of an eye..."

Ye Xuan explained.

"Ghost spirits began to look like they were before death. This ghost sister should grow up after cultivation."

Suddenly, he smiled and said: "Young master, are you looking at this ghost sister?"

"Cough, how is this possible, your little grandmother has not found it yet." Ye Xuan smiled, he just looked at it with appreciation.

It has been a year since the Song Dynasty and the Song ruling were taken away. He also broke through the low-level stalwart to the gods, but this strength is still not enough in front of the yin and yang ancestors.

On that day, Yang Zhen said that it would take ten years from the blood rock sect to the cross-border transmission array, but that was the realm of Yang Zhen's heavy gas.

Now he is a martyrdom of the Seven Gods. No one in the Supreme Three Difficults is faster than him. If he leaves for the cross-border transmission, he will be able to arrive for at least half a month.

Just, what happened when it arrived?

Without strength, I could not find the Yin and Yang ancestors when I went to the Shuguang Holy Land.

Soon, the faintness is returning again, and at the same time, it brings back the materials needed by Ye Xuan, and Tianbao Dibao.

"All the things you want are all there. As for the extra ones, the Tiandi Dibao and the ore are half-divided."

A secluded hand gave a ring to Ye Xuan.

"it is good!"

Ye Xuan's eyes are bright, it seems that the material of the brilliant suit has been spliced, and the remaining ore is swallowed by himself, so that Megatron can also be promoted.

Those treasures of heaven and earth are left to the fall. After all, she is now only four gods, and she is a little powerless.

The tricks that have fallen are powerful and controlled, and they are also of great help to Ye Xuan.

After taking over the Qiankun Ring, Ye Xuan did not talk nonsense, directly devour the ore inside.

Although these ores cannot allow him to break through to the Eight Gods, they can greatly enhance the strength of Megatron.

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

After a few prompts, Megatron actually went straight to the Jiu Shenshen.

"Pit, it's not good to see you guys breaking so easily..."

Ye Xuan said in his mind, this is naturally said to Megatron, and now he and Megatron have a joint growth contract, as long as he swallows the ore, then Megatron is equivalent to engulfing the same amount of ore. Coupled with the growth rate of the pet's blood growth rate, Megatron instantly broke through to the level of the nine-order third-class Lingbao.

"Hey, Megatron has reached the upper limit!"

The system prompts again.

"Level cap? This is to say that if I don't break through to Vientiane, can Megatron not be upgraded?"

Ye Xuan's brow wrinkled, but it was not in the heart.

The Megatron of the Nine Gods is hard to destroy even if it is faint.

Then, Ye Xuan is to drop the remaining Tiancai Dibao and let her break through in a short time.

"The next corpse temple may have a big move, you can live in the ghost gods." Suddenly said.

"Okay, then it is troublesome."

Ye Xuan nodded slightly, he was also waiting for the second ring random task to trigger.

This super-phagocytic system, not a general thing, seems to be able to predict certain things, so he stayed here and waited quietly.

The four gods have fallen, and now they have the best heaven and earth treasures, and they are faster than the rockets.

And Ye Xuan, is the beginning of forging brilliant eye suits.

On the way to forging, Ye Xuan suddenly heard a system prompt.

"What, forging a brilliant eye suit, summoning the war of gold, this skill will disappear?"

Ye Xuan was shocked. However, the Eyes of Brilliant Eyes must be stronger than nothing, so he did not say anything and directly forged it.

"Hey, the eye of the brilliant eye is forged!"

After hearing the tone, Ye Xuan also glanced at it and found that he could no longer summon the **** of gold.

"Come on, let me see the effect of the brilliant suit!"

Ye Xuan's flash of light flashed, the next moment, it was the use of brilliant eyes.

After using the brilliant eye, the system is also prompted that Ye Xuan does not wear a brilliant suit, which of course is the choice to wear.

Ye Xuan, who was originally a blonde, was suddenly wearing a gold armor, but he was much more handsome than the previous dragon-shaped gold armor. This set of gold armor is called a brilliant gold armor, which can once again enhance the strength of the gas.

"The skill of summoning the **** of gold is reduced, but the strength of the golden gas is improved, and the defense ability is improved. Even the transformation time is lengthened. This brilliant suit is not bad."

In general, Ye Xuan is still quite satisfied.

Although the **** of summoning gold is gone, but the **** of gold is summoned according to his realm, the ability of the leapfrog is too bad, and the overbearing sword of the emperor can be used by himself, so it does not matter if this skill is gone.

At this moment, what Ye Xuan wants most is to find an opponent and play one game.

Soon, the day passed.

On this day, the rapid refining and refining of the land allowed her to directly attack the four gods, and all the way to the six gods, only a lower level than Ye Xuan.

Like the fallen super-blooded person, as long as there is a heavenly treasure, then it can be quickly upgraded. Although its speed is better than that of Ye Xuan and Megatron, it has surpassed the ghost gods.

Ye Xuan is more and more interested in the falling blood. I don't know, the fallen ancestors are the first-class masters.

Another day passed, falling from the six gods and breaking through to the seven gods.

At the same time, Ye Xuan's Wan Jian returned to the sect, and finally refreshed the cooling.

"It's been two days, and the second ring mission of the immediate mission is not going to happen. It's not going to be a system crash?"

Ye Xuan in the yard is very upset, but he has been waiting for this second ring random task, but who knows that it has not been triggered, but it is wasting his time.

"But, since it does not trigger, then I will go out and practice myself, and strive to break through to Vientiane as soon as possible!"

In thinking of Ye Xuan, he decided to leave the ghost god.

Nowadays, he is a martyrdom of the Seven Gods. The fall is also the martyrdom of the Seven Gods. Megatron is even more difficult for the Nine Gods. Even if they meet the King Kong King again, they should have the power of a battle.

However, just as he was prepared to speak with faintness, the latter took the initiative to find it.

"Where are you going?"

When I saw Ye Xuan seemingly going out, I asked directly.

"Go out and practice." Ye Xuan replied.

"Exactly, all the parties have heard the news recently. There are a lot of corpse kings in my ghosts and gods. It also brings a lot of trouble, so I have to go out again this time. Is it better to be together?" The pupil fell on Ye Xuan.

Chapter 1070: Goodbye King Kong King

"Ok?"

After hearing this news, Ye Xuan's brow was picked. The next moment, he heard a system prompt.

"Hey, the second ring task of the serial random mission is triggered, killing the King Kong King within three days. If the mission is a failure, the eye-eye protoss blood is relegated once!"

The second ring mission was finally triggered.

"In three days, killing the King Kong King of the Vientiane level? The mission failed. Is the blood of the Tianyan Protoss a step back?"

Ye Xuan swallowed the swallow, it seems that this task is not complete.

"it is good."

At the moment, he immediately agreed.

There are faint and falling, and if the King Kong King meets them again, he will die.

"Then we will go to the King Kong King, it is said that he is now near the blood cloud teaching." The secluded proposal.

On the same day, she and King Kong corpse war, it is difficult to divide up and down, but he was stunned by the green corpse of the King Kong King, so this must be reported.

"it is good!"

Ye Xuan nodded again.

This super-phagocytic system, it really has the ability to predict, the serial random task is exactly the same as the faintly looking for him, it is a ghost.

However, the clever thing is that the King Kong King is still in the vicinity of the blood cloud, which saves them a lot of time.

"Since the King Kong King is near the blood cloud, you don't need to hurry, go!"

Ye Xuan said, directly applying the eye of the void, broke through the door of the void, and then drilled in with the fall and the secluded.

"Here, isn't it the place we fight on the day?"

When the faint secluded through the door of the void, it was discovered that they were the place where they confronted the King Kong.

You know, even at her speed, it takes two or three hours to get back, but today she only took one step.

"The secluded sister, this is the great thing of the young master." Fallen and proudly said.

I don't know what to say, but it is obviously the secret of Ye Xuan, so she didn't ask again.

"Here, only half a day away from the blood cloud, we can almost reach the blood cloud teaching after three hours."

Gloomy said, suddenly took a skull-like token from the Qiankun ring and took a look.

"The King Kong King destroyed the Montenegro collar an hour ago, where the corpse plague spread..."
The faint face said a little dignified.

In addition to smelting the corpse, the corpse of the corpse also has refining poisons, which together can enhance combat effectiveness.

This King Kong King was also irritated by Ye Xuan on the same day, so take this area to vent. Where the plague is made, the grass is not born, and the dead will become a walking dead, killing like a ghost.

"If you don't want to be late, let's go now!"

Ye Xuan is also eager to kill the King Kong King to report the hatred of the day. Of course, the most important thing is to be able to complete this second ring random task.

.....

An hour later, Ye Xuan also came to the collar of Montenegro, but at this moment, the mountains of Montenegro are all over the body, lying on the ground, and moving into the walking dead.

"I'm late!"

Ye Xuan's eyes squinted and turned to look faint. "Where did the King Kong King go?"

"No one has heard the news yet, let's find it."

"Okay, then look for it!"

Ye Xuan nodded, even if it was split into two, let the avatar follow the faint and falling, the deity left to look for.

This second ring random task does not indicate that the eye of the void should not be used, so if one side finds the King Kong King, then the other side can immediately break through.

Ye Xuan is divided into two, which makes the secluded and deeply surprised. She increasingly feels that Ye Xuan is not ordinary.

At the beginning, when Ye Xuan was in the ghost tomb, he was still a god-like environment. At that time, he was compared with the present, and he did not know how many times.

At the moment, they are divided into two ways, and they are looking for King Kong King.

An hour before they left the Ghost Emperor, the King Kong King had just destroyed it, and they spent an hour on their way, so they were two hours behind King Kong.

However, don't forget that there is also a war corpse in the Temple of the Dead, called the corpse.

Soon, the King Kong King found the trace of Ye Xuan's deity.

"The kid, I dare to come back, see if I don't kill you today!"

In one place in the land of the dead, the King Kong King with bare upper body couldn't help but drink a low sentence. Immediately, he rushed in one direction.

At this time, Ye Xuan was still searching in the distance, and did not notice that the crisis was close.

Fortunately, he also has the eye of perception.

"Ok?"

Ye Xuan in the search suddenly felt a strong breath. This breath was outside his range of sensitivity, but because he was too strong, he was caught in advance.

This breath is very gloomy and very familiar to Ye Xuan.

"Found you, King Kong King!"

Ye Xuan's eyes lit up and positioned immediately.

The next moment, faint, falling, and his avatar are coming across the door of the void.

The avatar and the deity instantly fit together, and the strength has soared by 50%.

Gemini blood, after a few times advanced, the double fit is a 50% improvement, if it is a triple fit, then it is 60%, so now Ye Xuan is generally a double fit fight.

"Come on?"

Passing through the door of the void, I came to Ye Xuan's side. She felt the breath of the front, and it was also the spirit of playing 120,000 points.

Last time, they had a tie with King Kong King, but they actually lost. This time she and Ye Xuan are at the peak. It is necessary to kill the King Kong King who spread the plague.

Soon, the King Kong King appeared in front of the three.

"Well? What are you doing with the little girls?"

After the arrival of King Kong King, I was very surprised to ask.

The report of the corpse of the genius said that only Ye Xuan was alone, but how can one more now?

On the same day, Ye Xuan joined forces, but caused damage to the King Kong King. If it is not the gloom of the green corpse worm in the day, it will continue to chase the King Kong King.

"King Kong King, don't you come innocent?"

Ye Xuan looked at the King Kong King with a smirk.

The last time he was not able to kill the King Kong King, this time, he was the full victory period, plus Wan Jian returned to the Zongzong to cool down, if the King Kong King is not dead today, he himself took off his head and kicked the ball.

Anyway, even if he takes off his head and kicks him, he will not die. After all, there is an eternal eye.

"Little girl skin, stinky boy, I am going to go early on the day, today, I will report the hatred of the day!" King Kong corpse angered with a thick voice.

Today, like Ye Xuan, he has the determination to win.
