Chapter 1091: Vientiane

"Hundreds of shackles!"

Hundreds of fallen ones will directly pull out the iron chain in their hands. As long as they trap the Tsing Yi man, the other party will die.

However, the power of Vientiane has exceeded the imagination of Ye Xuan and the fall.

This Tsing Yi man clenched his hands, and also blasted two punches. The combination of infuriating and Vientiane forces directly smashed the two ghosts.

Not only that, but the true gas chains that have been thrown out are all shaken by the power of the Vientiane men.

"Hey, you are a bit tolerant. If you don't want to kill the order, I would like to draw you up."

The Tsing Yi man's mouth was slightly tilted.

Ye Xuan and the qualifications of the fall are good, and have reached the peak of the Three Difficults of the Supreme, but I am afraid that it is not so simple to deal with a Vientiane.

Now, Ye Xuan and the falling face have finally changed. They know the power of the Vientiane, but they are so powerful.

The power of Vientiane is all-encompassing.

Even if Ye Xuan can use Wan Jian to return to the sect, all the earthquake swords will be shaken by the power of Vientiane.

"Okay, I still have something, you are on the road!"

The Tsing Yi man murmured.

The next moment, Ye Xuan and Luo Lin felt a strong attraction, directly forcing them to fly toward the Tsing Yi man.

The power of Vientiane is equivalent to the fact that Ye Xuan combines the dual space of the Emperor's will in the virtual deity of the Emperor, but it is many times more powerful than the double space.

This Tsing Yi man wants to **** Ye Xuan and the fall, and then two shots.

"Unable to resist?"

Ye Xuan's face is gloomy, and he is ready to break open the void and then drill in.

However, this Tsing Yi man is obviously looking down on them, this last blow may be available.

"Let's fall!"

Ye Xuan hurriedly shouted in his mind.

"understand!"

Falling down immediately, since she was attracted to the past, why not use it?

The Tsing Yi man is still smiling, but the next moment, his smile is abruptly stopped.

He saw that the falling hair suddenly turned golden, and the feet alternated rapidly on land.

"Ok?"

The Tsing Yi man's eyes widened.

At this time, the fall has been directly turned into a golden flash, and instantly passed his body.

"Oh!"

A crisp sound spread, the head of the Tsing Yi man was thrown directly, and the force of Vientiane applied to Ye Xuan also disappeared instantly.

"Dry beautiful!"

Ye Xuan figured up and looked at the head of the Tsing Yi man's head and couldn't help but admire it.

To the effect, it is also a big idea. The death of this Tsing Yi man is because of the general meaning.

If he is fully committed, although he may not be able to kill Ye Xuan and fall, but not to die.

The falling fox flashes faster than Ye Xuan, and with the attraction of Vientiane, the speed is multiplied, so it can be successful.

I am afraid, this Tsing Yi man will not think that he will die in this ghost place.

The land of the dead is not a good place to sleep.

Since the eye of death has disappeared, this Tsing Yi man will not be resurrected.

Looking at the body of this Tsing Yi man, he said coldly and dissatisfiedly: "The most hateful people look down on me, now I am dead..."

This time, Ye Xuan was defeated by the fall, but in order to kill the Tsing Yi man, the fall and turned into a once.

You know, every time you fall, you have to consume at least one golden tail hair, and now the golden tail hair is getting less and less.

"The Vientiane strongman is so strong, he is only a one-size-fits-all situation. If it is a double, I am afraid it can kill us directly!"

Ye Xuan hit a chill in his heart.

But he is not worried, because as long as he breaks through to Vientiane and builds a soul, then killing this Tsingyi man is as easy as killing a chicken.

"The fall consumed the golden tail hair and killed him, hoping not to let me down."

Ye Xuan thought about it, and then he quickly walked over and took away the Tsinghua ring and the body of the Tsing Yi man.

This Tsing Yi man is extremely proud. The task of clearing all the creatures in the land of the dead is very easy for him, so he does not have to leave things in the eight major families.

As a result, it is cheaper.

After Ye Xuan explored the past, he couldn't help but laugh out.

This Tsing Yi man's Qiankun ring has a lot of treasures. The most important thing is that there are seven kinds of heaven and earth treasures that Ye Xuan needs.

"Haha, make a big profit!"

Ye Xuan snarled in his heart.

Then he heard a system sound.

"Hey, the host has survived the disaster and built a soulful place. It is currently a vitality for Vientiane!"

Ye Xuan only feels that his physical fitness has been greatly improved. His body is at least twice as large as before. At the same time, there is a black thing in Dantian. This is the soul.

In the soul world, all are black water, this is the water of the soul. The more water of the soul, the stronger the soul.

Not only that, but Ye Xuan also has a new kind of energy, the power of Vientiane.

At this time, with Ye Xuan's thoughts moving, a Vientiane force sprang up and wrapped the 100-meter-long site around him.

"Boom!"

The earth made a tremor, and then the land at the foot of Ye Xuan was split and quickly lifted off.

"Yeah."

Falling and eating, I turned around and found that Ye Xuan used the power of Vientiane to lift a piece of land, like a floating island, and they both stepped on the floating island.

"Is this the power of Vientiane? If the firepower is fully open, I am afraid I can put the whole ghosts and gods up and throw them into the sky!"

Ye Xuan's eyes lit up.

When he was in a dilemma, he was free to fly, but it was impossible to lift an island.

Before he heard that there was a Vientiane strongman moving the island, he felt incredible at the time, and now he also has such ability.

However, his Vientiane power is not enough, he can only move small islands.

Now Ye Xuan's strength has increased by at least ten times compared to half a minute ago.

If this Tsing Yi man is resurrected, Ye Xuan's burning eye may make him painful and even control the other party.

After all, Ye Xuan has now built a soul altar, and his mental strength has greatly improved. It is very normal to have such an effect.

"Let's fall, these heavenly treasures that build the soul of the earth are given to you." Ye Xuan directly lost the things that have improved the soul.

"Thank you, Master, with these, I can break through within two days!"

Falling and hurriedly laughed.

Constructing a soul altar is one of the most important things in Vientiane. Constructing two soul altars is the duality of Vientiane. Therefore, in this realm, it is very important to improve the soul.

However, it is at this time.

"Ok?"

Ye Xuan's brow suddenly picked, and he seemed to discover a new power.

Chapter 1092: Two years ago?

"Right, after breaking through to Vientiane, there will be another thing called spiritual knowledge."

Ye Xuan suddenly remembered this matter.

Spirituality is similar to the eye of perception, but the distance is much smaller than the eye of perception, only one-third.

What makes Ye Xuan gratified is that his spiritual knowledge can be superimposed on the eye of perception. In short, his perception of the eye has increased by a third.

Not only that, but the knowledge can also be viewed internally, and the injuries in yourself and other people can be seen. The effect is good. But his own internal vision for Ye Xuan is a chicken rib skill.

Then, Ye Xuan began to check other things in the Tsing Yi men's Qiankun class.

This Tsing Yi man will also have a supernatural power, but he was directly killed by the fall.

This magical power is called the Tianxin sword method.

"Yes, this day the sword is a half-soul attack. It will increase the power of the soul and increase its attack power. If you add the power of Vientiane, the power is not weak."

Ye Xuan nodded with satisfaction.

He was unable to play the true power of the magical power because he did not have the power of Vientiane.

Now that he has the power of Vientiane, if he uses the dragon hand, he may be able to directly attack the enemy.

"Hey, the host learns the sword of heaven!"

The system prompts.

Magical, there is no proficiency at all, so Ye Xuan does not need to spend time to practice, this is not bad.

"Let's fall, find a place to break through, I will continue to stroll!"

After Ye Xuan finished, he left the avatar directly here, and the deity left directly.

With the power of Vientiane, he directly raised the land to the sky, and the land can be directly on the top, and the rest of the place is found.

As for the deity of Ye Xuan, it is directly blessed with the power of Vientiane, and it is a gust of wind.

Having said that, the eight great families have issued orders for all the creatures in the land of the killings, so there should be quite a few eight family masters who have entered the land of the dead.

It is a pity that when the Tsing Yi men played against each other, Ye Xuan was only a martyrdom. If it was a Vientiane, he could directly control the Tsing Yi man and then ask the specific news.

However, this does not matter. If he has a spiritual knowledge, he will find it one step ahead of the other.

Along the way, Ye Xuan did not have to take another shot, and directly used the power of Vientiane to smash the surrounding walking dead.

The power of Vientiane, the source is endless, I want to use it.

At the same time, the strength of this Vientiane power is linked to the number of souls and the strength of the soul.

In the super swallowing system, there are a lot of things to enhance the soul, so Ye Xuan directly consumes super-phagocytic crystallization.

The strength of the soul has increased by half.

"Vientiane, even if there is only one soul, but as long as it is strong enough, it can be worth two souls."

Ye Xuan flew while thinking.

Just as he thought about it, the spiritual knowledge outside the eyes of perception suddenly felt a strong breath.

Vientiane!

"Haha, finally found it!"

Ye Xuan laughed in his heart.

The strong man of Vientiane is definitely from the eight major families.

Sure enough, when Ye Xuan passed over, he discovered that he was the strongest of Zhou's family in the eight major families.

The strongman of Zhou's family also found him along with Ye Xuan's approach.

"How come, it turns out to be Vientiane?"

Zhou Jiaqiang was shocked.

Doesn't it mean that there are some dead creatures in Vientiane in the land of the dead, how can there be humanity?

However, he saw Ye Xuan coming to the fore, so it is no nonsense, direct shot.

"Hey, the Vientiane is a big one."

Ye Xuan was cold and shimmering, and the Zhou Jiaqiang was heart-warming and unhappy.

At the same time, a huge palm appeared directly, holding the Zhou Jiaqiang in his hand.

If it is the power of the soul, Ye Xuan is even stronger than the master of this week!

"Which power is such a young strongman?"

The strongman of this week couldn't figure it out, but the next moment, his head was a sting.

"Hey, take control of success!"

The system sounds in the mind of Ye Xuan.

In the case of the same level, and the power of the soul exceeds the other side, Ye Xuan's eye can easily control it.

Just the dragon's hand, just try the power.

Ye Xuan feels that as long as the use of brilliant eyes, and then use the golden dragon hand to pinch, the bones of the other side may be pinched into powder.

"What is your name?"

Ye Xuan approached and asked.

"Zhou Kai!"

The Zhou Jiaqiang answered.

"How many strong people have you sent to your eight big families?"

Ye Xuan asked again.

Zhou Kai replied subconsciously: "My four families of Wu Zheng Wang were close to the land of the dead, so our four families sent five Vientiane to worship."

"The four big families of the eight major families, each family of five Vientiane offerings?"

After listening to it, Ye Xuan couldn't help but swallow it. So, a total of twenty Vientiane masters came!

"What about your eight big families?"

Ye Xuan asked.

"Every family has hundreds of masters of Vientiane. Among them, the family of my family is threefold in Vientiane. In addition, there are two three-dimensional forces in Vientiane." Zhou Kai directly reported the secrets of the family.

The foundation of a family, but can not be passed out, but Zhou Kai was controlled by Ye Xuan, so he did everything, as long as he knew.

"Hundreds of masters of Vientiane, Zhou Jia has three triples in Vientiane, and it is not weak."

Ye Xuan's heart trembled, and he also thought of this week's surname.

week!

This means that Zhou Kai is a native of Zhou, and it is normal to know these secrets.

However, what Ye Xuan wants to inquire about is not the strength of the eight major families, but other things.

"Your eight families seem to be in control of a cross-border transmission array? How can they be used?" Ye Xuan asked again.

"Yes, but this cross-border transmission array has been blocked. Every time you use it, you need to consume a lot of first-class soul spar, and you have to get the consent of the four major families. Only four of the cross-border transmission arrays are obtained. The key can be opened." Zhou Kai replied honestly.

"One level soul spar, four transfer array keys?"

Ye Xuan's eyes squinted and took three portraits from the devour space. He said, "Have you seen these three people? They may have used the transmission array a year ago."

Zhou Kai looked carefully, but found the portrait on the face, so he shook his head: "I have not seen it, but I remember the last time I used the cross-border transmission to the Twilight Holy Land, it seems to be in two years. before."

"How was it possible two years ago?"

Ye Xuan exclaimed.

The Song Dynasty and the Song ruling were only taken away for one year. How could it leave two years ago?

No, the use of this cross-border transmission to the Twilight Holy Land must not be the yin and yang ancestors.

Chapter 1093: Falling strength

"Are you sure you are using the cross-border transmission array two years ago?"

Ye Xuan asked in a skeptical tone.

"Uncertain, maybe used between, I don't know."

Zhou Kai shook his head.

There may be two cases with this crossover transmission matrix.

First, the yin and yang ancestors left the transfer array with the Song Dynasty and the Song ruling, but Zhou Kai did not know.

Second, the Yin and Yang ancestors did not leave from this cross-border transmission array.

After all, although this cross-border transmission array can be transmitted to the Twilight Holy Land, the location will be different from other transmission arrays, and there is still a long way to go.

Maybe, the yin and yang ancestors did not take this cross-border transmission array, because this cross-border transmission array of the eight major families is far from the yin and yang sanctuary, so they went to other cross-border transmission arrays.

"The pit, I hope that this week, Kai will not know, or else I have to start the investigation again!"

Ye Xuan screamed in his heart.

Now, the question has been asked, so he directly took Zhou Kai's ring to pick it up.

It's a pity that there is not much in this week's Qiang's ring.

"Do you have a family of things like the Bone Bone in your eight major families?" Ye Xuan asked again.

It is very convenient for the people of the Ghosts and the Ghosts to pass information to each other.

"No, the land of the dead is full of death, so the message of the bones is very fast. I don't have such a thing in my eight big families. We used to have orders very early, as long as the land of the dead changed. To join forces to eliminate it, the order was not issued from Zhou."

Zhou Kai shook his head.

Ye Xuan really wants to slap this week, but the latter is right.

The land of the dead has been formed for more than a thousand years, and the gas of death is huge. If the entrants are not high, it is extremely easy to give birth to the demons, and even go into flames.

When the last eye of death appeared, it ignited the death of the entire land of the dead. If it appeared elsewhere, at most, the dead and the dead in that area.

"Forget it, you continue to do yours, this bone bone will make you collect, if you meet other eight families, immediately use the bones to send me a message."

Ye Xuan handed the Qiankun Ring and the White Bone Order to Zhou Kai. If the latter found a companion, he could directly inform Ye Xuan.

This week, Kay said that the good point is the downtime, the hard part is the spy.

However, he has been controlled by Ye Xuan, Ye Xuan's order, he had to listen.

Then, Ye Xuan is leaving directly.

With the power of Vientiane, he is fast enough to explode. On the way to search for the eight strong family powers, he is constantly killing those walking dead.

"Hey, Wan Jian is relegated to the end!"

Finally, Wan Jianguai can be used again.

When the nine gods were in trouble, Ye Xuan could not beat the Tsing Yi man even if he used the sword to return to the sect.

However, now Ye Xuan himself has broken through to Vientiane. If he uses the sword to return to the sect, under the blessing of Vientiane, the power will be forced to explode.

After all, when Ye Xuan broke through to Vientiane, Megatron was already a breakthrough. The current Megatron is called the Tongtian.

It is a pity that Wan Jian can be used once in three days, otherwise it will turn over.

Soon, it took another half day.

"Young master, I broke through."

There was news from the fall.

"See it."

Ye Xuan nodded, but his avatar was falling beside him, and he would naturally know.

Now, they can find someone in a two-pronged way.

However, in order to prevent accidents, his avatars broke through the void and returned to Fengxue Mountain Villa.

There are too many twenty-four Vientiane strongmen. In fact, as long as ten, you can run through the land of the dead and kill all the creatures.

As for the other people, it is necessary to go around the land of the dead.

Fengxue Mountain Villa is a few days away from the land of the dead, but this is for the hard-working strong, if you let Zhou Kai hurry, you can arrive in two hours.

However, Wanxue Snow Mountain behind Fengxue Mountain Villa has a large number of ghosts stationed. If there are people from eight major families, it is probably dangerous.

Even if all the ghosts and ancestors add up, I am afraid that they will not be able to beat a master of the eight major families. Therefore, Ye Xuan sent and settled down to sit down.

However, the avatar and the fall have just returned, it is to find two strong atmosphere.

"The people of the eight big families!"

Ye Xuan's face sank.

He didn't expect that this time it was just right. When he came back, he sensed the people of the eight major families, and he was still two.

At this point, this breath is rapidly approaching the Fengxue Mountain Villa.

"Young Master, are these two people handed over to me?" Suddenly, they laughed.

She can kill the Tsing Yi man in the realm of the Nine Gods. Now she has broken through to Vientiane and has the power of Vientiane. There will be no problem with the drop of one dozen.

"Okay, but don't kill!"

Ye Xuan's avatar nodded directly.

At the time when his voice fell, there was a violent rush from the sky.

"Ghosts and gods, you have been hiding here, and you are coming to death quickly!"

If the person has not arrived, the voice will arrive first.

This old voice was frightened by the ghost gods and the people of Fengxue Mountain.

However, at this time, the fall has already greeted directly.

"Little girl, there is nothing in your place, just play."

After an old man saw the fox girl, he was again violently shouting.

His mission is to destroy all the creatures seen in the land of the dead, including human beings.

But as long as the land of the dead is out, only the dead creatures can be killed, such as ghosts and dead bodies.

"Oh, just don't let it!"

Falling down and swearing.

Only when she was afraid of the intimidation of the people in the snow-capped mountains, so it converges, so that the old man and the middle-aged people around him did not find that she was a Vientiane.

However, as her breath spreads, the faces of the old and middle-aged people are greatly changed.

"Vientiane?"

The old man of Wu family was shocked.

He didn't understand, when did he come up with such a young Vientiane master?

Moreover, the fall is still so young, and it is still a fox.

I don't wait for the other party to ask questions, but the landing is direct.

"The power of Vientiane!"

The fallen fierce jade hand caught the emptiness, and then there were two forces that shrouded the old man and the middle-aged.

"what?"

The two men widened their eyes. The next moment, they were relative and could not help themselves.

"Hey!"

The old man and the middle-aged man collided face to face, they are already stunned, such things, they have been living for the first time in decades.

"Ok?"

This scene, even Ye Xuan did not think.

The power of the fallen Vientiane is so powerful?

The power of Vientiane, influenced by the power of the soul, the power of the fallen Vientiane directly surpassed the masters of these two eight families, so they can play with each other.

That being said, the strength of the fallen soul is probably much higher than that of Ye Xuan.

Ye Xuan estimates that if he wants to get him, he may not be able to resist it.

Chapter 1094: Ghost **** migration

"Hey!"

"Hey!"

"Hey!"

While using the power of Vientiane, I laughed.

The strong people of the ghost gods and the people of Fengxue Mountain Villa are watching.

Who are those two?

The master of the eight major families!

It was terrible to be played between the palms of the hands.

You know, it's just that it's just a matter of a few months ago. It's just that it's hard to get to Wanhua Valley. Now, it's already growing up to the extent that they dare not mention.

"Young Master, come on."

At this time, the falling suddenly turned his head and laughed at Ye Xuan.

Wen Yan, Ye Xuan said nothing, directly against the fallen forces of Vientiane, the two people who could not move can play the eyes of control.

"Hey, take control of success!"

"Hey, take control of success!"

The two systems prompted the sound, and the two men directly yelled at Ye Xuan's servant.

Although the fall can also charm these two people, but the charm is a bit lacking, if the person who is charmed is dead, the fall is uninformed. And Ye Xuan's eye of control, as long as the person being controlled is dead, he will know.

At the moment, Ye Xuan is plundering the past, and picking up the two people's shackles, but unfortunately, there is not much in the inside, but there is still something to enhance the strength of the soul.

"It seems that this snow-capped mountain village can't stay any longer, and the ghost gods must leave here."

Ye Xuan's eyes glimpse, and immediately turn around and go back. The ghost river and other humanities: "You're the predecessors, and now the land of the dead has changed. The eight families have ordered to destroy all the dead creatures. If you are here again, I'm afraid there will be big trouble....."

There is no human power in the ghost gods in the ghost gods. The fighting power is not enough. If it is encountered by the people of the eight major families, it is estimated that it is going to kill the door.

Ye Xuan's strength is enough to resist the masters of the eight major families, but he can not always sit here in the town, therefore, the ghost gods must be transferred.

"Oh, really, are you leaving?"

The ghost **** ancestor sighed. He himself is a ghost. It is no longer a human being, but he grew up in the land of the dead. He finally built the ghost gods, but he did not expect to leave this place where he lived for thousands of years. It is a bit unwilling.

"Ye Xiao Brothers, we have decided that we can go to the secluded blood rock continent to survive."

A ghostly ancestor said.

"What about the blood rock continent..."

Ye Xuan eyes a glimpse.

The **** rock continent is also his hometown, and it is also a secluded hometown. If the ghost gods are in the past, they will certainly be able to dominate.

Although it is said that the world of blood and rock is so bad that it is so painful, as long as it is carried with high-quality natural materials, it will be several times stronger than Wanhua Valley.

"Okay, if so, go to the Blood Rock continent!"

Ye Xuan nodded directly and agreed.

There is also a second avatar in the Blood Rock Continental, as well as the celestial celestial beings who gave him yin and yang ancestors news. The eight major families will not be able to trace the **** continent to the low-level mainland.

Since it has already been decided, then Ye Xuan will help them once and personally rush to the entrance of the blood rock continent.

Within an hour, he came to the entrance to the secret of the Penglai Holy Land that day.

This secret entrance is actually a cross-border transmission array. Coincidentally, the Blood Yanzong disciple who brought Ye Xuan to the Penglai Holy Land on that day is just right.

This blood rock sect is a realm of physical difficulty, low enough, but he has a very good prestige on the **** rock continent, and has received hundreds of wives and sorrows.

At this time, the disciple of the blood rock sect seems to be carrying a person from the blood rock mainland waiting for the transfer of the blood rock sect.

After he saw Ye Xuan, Ye Xuan was amazed.

"See, I have seen Ye seniors!"

The blood rock sect hurriedly said hello.

Ye Xuan, how could he forget?

After all, on that day, he sent Ye Xuan and landed in the holy land of Penglai.

After Ye Xuan made a big **** rock, and joined the Snow Mountain Villa, Ye Xuan became his idol.

"Well, I want to bring some people back to the **** rock continent."

Ye Xuan nodded silently and took a piece of Tiancaibao from the phagocytic space and lost it.

This piece of heaven and earth treasure, the income for him is too low, but for this blood rock sect disciple, it is called a fetish.

As long as refining is finished, it is not a problem to break through to God!

"No problem, no problem, thank you for your predecessors!"

This blood rock sect is happy to open the flower, although he does not know what the name of this Tiandi treasure is, but this thing is from the hand of Ye Xuan, certainly worth a lot.

Then, Ye Xuan did not talk nonsense, and broke the void directly. In just ten seconds, here is the thousands of breaths that have come to the fore.

This blood rock sect had a glance, almost scared the urine, and there are so many ghosts?

However, he still recognized one of the figures, that is, to go to the blood rock mainland to hang out, and met a faint ghost elder, but now this ghost **** elder is already a ghost ancestor.

"Ghost River predecessors, then my avatar in the blood rock continent will come to meet you."

Ye Xuan turned and said to the ghost river.

"Divided?"

When Ghost River and others listened, it was also awkward.

Ye Xuan has a avatar, they know, but I did not expect Ye Xuan to have a avatar in the blood rock continent, which is simply tough to explode.

They did not ask too much. After holding the boxing against Ye Xuan, they began to enter the blood rock continent.

"The secluded sister, I will go to you later when I have time."

Falling down to the faint beckoning.

A faint smile, just immediately followed the big army.

Soon, the ghost gods all entered the blood rock continent, and Ye Xuan's avatar had long been waiting there.

After all of them left, Ye Xuan also asked the blood-blooded disciple: "Is there any other masters in the **** rock continent?"

"There are some, there may be a high-ranking person in Vientiane," said the blood rock sect.

"Wanxiang is..."

Ye Xuan's eyes are a sneak peek. This Vientiane master may be from the eight major families or from other places.

They entered the **** rock continent, perhaps looking for those who have special physique, but some people who have a lot of trouble to move the island, and the blood rock continent to piece together and expand the section.

Although there may be a Vientiane strongman in the **** rocky continent, this time the Ghost Emperor's foothold is the ghost tomb of the Eastern Continent, while the Eastern Continent has the guardianship of the celestial celestial beings, without the guidance of Ye Xuan. Can't get in.

This matter has come to an end.

After the ghost gods settled down, then he will do his own thing.

Now, he is once again breaking open the void, with the two eight family masters just controlled, directly back to the land of the dead.

Chapter 1095: Entering Zhoujia

In the land of the dead, there are other eight family members, so Ye Xuan wants to control them all.

Now his **** eyes of the gods and gods, after completing the serial random task of destroying the corpse of the corpse, it is advanced once and can control twenty-five people.

At this time, Ye Xuan's most hope is that these eight family warriors, all of them with huge sums of money, will all fall into his pocket.

After seeing the power of the fall, Ye Xuan is also assured that she is alone in the land of the dead, and at the same time, his three downtime.

Soon, someone sent a message with a bone-bone order, and then Ye Xuan quickly rushed over.

The eight family warriors, this time only came to the four major families, each family of five people, that is, twenty.

If all of them come to the task with their own hands, then Ye Xuan will rob them, and it is estimated that they can break through to Vientiane.

However, this is a bit difficult.

This time, he stayed in the land of the dead for seven days. In these seven days, he controlled twelve people, plus the previous three, then fifteen.

Fifteen Vientianes are one of the most important places. For the land of the dead, even the millennium has not seen it. However, this is not worth mentioning for the eight major families.

"The people I control now are the four families of Zhou Wu Zheng Wang, but they all say that the transmission array was opened two years ago. It was not used a year ago. Then, the yin and yang ancestors should not go from here. ""

In the ruins of the ghost gods, Ye Xuan looked at the fifteen people in front of him, thinking in his heart.

Although the yin and yang ancestors did not use the cross-border transmission array of the eight major families, but the eight major families once sent people to the Twilight Holy Land, then there may be a map of the Twilight Holy Land.

In this way, you may be able to find out about the yin and yang temple.

"Let's fall, control one fifteen Vientiane, and have a problem?" Ye Xuan turned his head and looked down.

"Young Master, I have a memory of inheritance. The soul that I built is not the same as that of ordinary people. With my soul strength, even if I control thirty, it is not a problem."

When the falling fangs smiled, the eyes turned into pink.

"Hey, Zhou Kai is out of control!"

"Hey, Zhou Xiang is out of control!"

"Hey, He Yuan is out of control!"

A systematic reminder sounds.

Ye Xuan ordered the fifteen people not to resist, so it was easy to give them all the charms.

"Well, except for the people of Zhou, all the others are scattered, remember what I said before."

Ye Xuan again issued an order.

Although these people have been out of his control, they are still indirectly controlled by him. After all, these people go out to do tasks, and naturally they will not bring things to their bodies.

Therefore, after Ye Xuan asked them to go back, they handed over all the things to the representatives of each side, and then hid them in the place designated by Ye Xuan.

"Yes!"

These people nod, and even if they leave directly.

Ye Xuan looked at the strongmen of the three Zhou family and said: "Next, I pretend to be the son of Zhou Xiang who died. I want to enter Zhou, no problem?"

Only one of the three people in front of the family is Zhou Jia's family, which is Zhou Kai.

As for Zhou Xiang in Ye Xuankou, although the surname Zhou, it is not the Zhou family in the eight major families, just offering.

Ye Xuan pretends to be the talented son of Zhou Xiang's good friend, but it is not a problem.

"Master, no problem!"

Zhou Kai nodded immediately.

There are three of them to make a guarantee, and Ye Xuan's participation in the Zhou family is a matter of nailing.

Ye Xuan's goal of joining Zhou's family is only one, that is to use the eyes of control to profit from it.

It's been a year since the Song Dynasty and the Song ruling were taken away, so he can't be slow anymore. In order to improve his strength, he's also starting to do nothing.

However, the means of non-compliance here does not refer to the massacre, even if the 12 people who left before, he still did not destroy it.

What he wants is just a treasure!

After preparing for a moment, he immediately left the land of the dead and went to the Zhou family.

Among the eight major families, there are also grades. Zhao Qiansun Li is called the upper class, and Zhou Wu Zheng Wang is the lower class.

Of the four subordinates, only Zhou has the four masters of Vientiane.

These people, originally, were not far from the land of the dead, so they received orders soon. But this time, Zhou Kai three people will take Ye Xuan to Zhou.

The Zhou family is not built in a city, but is built directly in the wild. However, this week has been passed down for thousands of years, and the land is no smaller than a city.

Ye Xuan spent two days and came to the Zhou family built in a valley.

"This is the Zhou family of one of the eight major families, it is really powerful!"

Ye Xuan felt a bit, but there is also a super-super master in Vientiane, even if it is a breath of convergence, it is also powerful enough to let Ye Xuan heart.

He estimated that if the Zhou family was looted in the past, it might be possible to break through to the three elements of Vientiane.

At this time, there was an old man who came out of the Zhou family and ran into them.

"Well? How are you three?"

The old man asked strangely.

"Master!"

Three people said hello.

"You are not flying Tiger City, how come back?"

This old man is very unhappy, because there are five Zhoujia masters in the Flying Tiger City sitting in the town, now back three, what should I do if something happens?

Faced with this problem, Zhou Kai hurried forward: "The general manager, this is the case. The land of the dead has changed in the past, so we discussed it and decided to clean up the land of the dead..."

"Oh, the land of the dead, it is finally a mess."

The director of the Zhou family did not take it for granted. He said: "If it is destroyed, it will be destroyed. Anyway, the grass of the locks can be planted."

The former eight families left the land of the dead, because the land of the dead was surrounded by death, and it was able to create a lot of treasures that were not found in other places.

However, later, these Tiandi Dibao can be planted artificially, but the land of the dead has not happened, so it has been there ever since.

When Zhou's general manager finished, he set his sights on Ye Xuan and asked: "Who is he?"

"Chou Zhou, he is the son of my former friend who died. Now he has broken through to Vientiane and wants to join us." Zhou Xiang hurriedly stepped forward and introduced.

"Oh, is that..."

Zhou's general manager's eyes fell on Ye Xuan's body, and his instincts told him that Ye Xuan's age would not exceed twenty-five.

Even if you look at the whole week, you will break through to Vientiane at the age of twenty-five.

"Not bad, OK, then you will do things under my hands in the future."

Zhou's manager is satisfied with the location.

Sure enough, there are three recommended, Ye Xuan directly joined the Zhou family, no doubt.

However, this week's head of the general manager is extraordinary. I am afraid that it is a triple master of Vientiane. It is not so easy to control him.

Chapter 1096: Treasure Map?

"Well, he will hand it over to me. The three of you will fly back to Tiger City quickly, but don't let the other three families have a chance!"

The general manager of Zhou said.

The ancestors of the eight major families were actually good brothers, but as time went by, this relationship slowly opened.

It is also because the time is too long, the eight major families are now in the same name, and they are intrigued everywhere.

Although Feihu City is only a small town, it is the closest to the land of the dead. However, there are only seven strong people in the Vientiane in Zhouhu.

The land of the dead changed, so the four families of Zhou Wu Zheng Wang in the Flying Tiger City discussed and sent five masters to destroy the land of the dead.

As for why Flying Tiger City sent a full 20 people to the Vientiane, it was also because of the eyes of death.

The eye of death ignited the atmosphere of the entire land of the dead. The city of Flying Tiger is very close to the land of the dead, so it is so fascinating.

After leaving Ye Xuan, Zhou Kai three people left directly, but after a while, they will take all their own homes, hand them to Zhou Kai, and then let Zhou Kai hide to a specific location.

"Young man, with your strength, you can work for a position in my Zhou family, and work hard in the future. The benefits will not be yours."

Zhou Jiajun took Ye Xuan into the Zhou family and explained some things to Ye Xuan.

"The general manager, the kid has some problems here, I don't know if I can ask."

Ye Xuan, who followed the general manager, suddenly spoke.

"You said."

"This is the case. When my father died, he left a strange scroll of sheepskin. He said that it is a treasure map somewhere in the Twilight Holy Land. So I want to ask the boy, do we have a twilight holy place? map?"

Ye Xuan said the lies that had been compiled before.

"Twilight Holy Land, Treasure Map?"

The director of the Zhou family heard this and couldn't help but sigh. "Get it out and let me see it."

Originally, this kind of thing could not be shown to others, but this sheepskin roll was painted by Ye Xuan casually, quite a bit of a treasure map, so he immediately took it out.

The Zhou family manager glanced at it, but he couldn't see any clues. After all, Ye Xuan couldn't even understand himself, let alone him?

"The treasure map of the Twilight Holy Land is useless, because our cross-border transmission array has been blocked, and each time it takes a lot of soul spar to open. Moreover, our Zhou family does not have a map of the Holy Land."

The general manager of the Zhou family flashed and shook his head.

"Is it?"

Ye Xuan asked in a heart, he felt that this week the head of the family seems to be wrong.

Perhaps, Zhou's family has a map of the Twilight Holy Land, but Zhou's general manager concealed it. Or, there is a place for the Zhou family to get a map of the Twilight Holy Land.

"Young man, you can't get to the Twilight Holy Land. So, you can give me this treasure map. Although I can't go to the Twilight Holy Land, I like to collect these things."

Zhou Jiajun smiled and looked at Ye Xuan and continued: "You can rest assured that I will not treat you badly."

"This way..."

Ye Xuan pretended to hesitate, thinking about it for a long while before he nodded his head: "Okay."

"Okay, then I will laugh."

Zhou Jiajun is very happy. He directly collected the treasure map, but he did not know that this treasure map is a fake treasure map that Ye Xuan made with his hand.

"I am not treating you badly. This is a hundred-first-order soul spar, which can enhance your soul strength." Zhou Jiajun took out a bag and handed it to Ye Xuan.

Soul spar is the currency of the Vientiane level, which can be used for trading, and can also be used to enhance the strength of the soul.

One hundred first-order soul spar is about the possession of a master of Vientiane.

These things seem to be quite a lot, but for Ye Xuan, it is a drop of water in the sea.

He wants to break through to the duality of Vientiane, at least to use thousands of calculations.

However, this is better than nothing.

Then, the head of the Zhou family came to somewhere in the Zhou family.

They just arrived, there is a wonderful woman out of the inside, she is about twenty-five years old, with a refreshing short hair, a good face.

"Grandpa, are you not going out, how come back?"

The short-haired woman asked strangely.

"Xiao Ya, he is just joining Ye Xu of my Zhou family. Now it is a manager of my Zhou family. You should bring him to familiarize yourself with the environment." Zhou Jiajun said to the short-haired woman.

"Yes, Grandpa."

The short-haired woman whispered a sentence.

Then the Zhou family manager left directly.

Ye Xuan did not expect that this short-haired woman turned out to be the granddaughter of the Zhou family.

The general manager of the Zhou family is the triple of Vientiane. However, his granddaughter is actually a duality of Vientiane. This qualification is expected to rank in the top three throughout the week.

"Hello, my name is Zhou Ya, I am the deputy general manager of Zhou." The short-haired woman smiled and walked to Ye Xuan.

"Ye Xuan!"

Ye Xuan is also a friendly place to return.

This week, I can try to control it. After all, it is a deputy general manager, and Grandpa is the general manager of the entire Zhou family.

However, at the foot of Zhou's site, if he is arbitrarily tempted and fails to control Zhou Ya once, he will certainly be amazed.

To control, you must be far away.

Next, Zhou Ya is familiar with the environment with Ye Xuan, telling Ye Xuan some things, and then assigning accommodation to Ye Xuan.

As for the work, it has not yet been fixed.

"You will live here first, for up to three days, you will have a specific distribution."

Zhou Ya said to Ye Xuan.

"Thank you for the deputy general manager."

Ye Xuan hurriedly thanked him.

Zhou Ya smiled softly. "I am one year older than you. You call me my sister. I have something to come to me in the future."

"Ya sister."

Ye Xuan also called a sentence.

However, just as Zhou Ya was ready to turn around and leave, suddenly someone entered the residence of Ye Xuan.

This is a man wearing a golden crown, the eyebrows of the eyebrows, and the imposing manners.

After Zhou Ya saw this person, she couldn't help but flash a disgusting color in her eyes, but she still respectfully said: "Two young masters."

The two young masters walked over quickly and glanced at Ye Xuan, then asked: "Xiaoya, how are you here?"

"Ye Xuan just joined Zhou, so Grandpa asked me to bring him familiar with the environment." Zhou Ya answered truthfully.

"Oh, welcome to join my week."

The second master smiled at Ye Xuan, and then used the tone of the order: "Now I have something to say to Xiaoya, you should go out for a while."

Going out for a while?

Ye Xuan stunned, Malé Gobi, but here is his residence, let him go out for a while?

Are you going to be a cannon on the spot?

However, his residence is also provided by Zhou Jia. This week, the young master of the family asked him to go out. Others did not dare to disobey.

Chapter 1097: Zhao Jia

"Two young masters, I still have something to do. I will talk about it later."

Zhou Ya said very impatiently.

Now, Ye Xuan is seeing what this is. This week, the second master is estimated to be pursuing Zhou Ya, but Zhou Ya does not like him, so he is a little impatient.

Although Zhou Ya is the granddaughter of the Zhou family, but the Zhou family is not a Zhou family, it is only given the name of the week.

This week, the second master of the family is the son of the Zhou family. At the age of 27, he is already a duality of Vientiane and one of the three great talents of Zhou.

However, Zhou Jiajia is a big industry. Even if it is a waste, you can use Tiancaodibao to create a super genius. Vientiane is not a big deal.

This week, the second master is the second in Vientiane, and his strength is not low. Ye Xuan is not sure to take him directly.

In order not to disturb the plan behind, Ye Xuan decided not to conflict with this week's second master, and went straight to the outside.

However, this week's second master is within his control list. When he comes out to control, he is equivalent to having half a week.

Seeing that Ye Xuan left, Zhou Ya's eyes also showed a disappointing look. "Two young masters, you have something to say, I still have a lot of things to do."

"Okay, then I will make a long story short."

The second young master smiled and said: "Just yesterday, I have already made a kiss to my uncle, and my uncle has agreed that we will be married next month!"

"What, get married?"

Zhou Ya exclaimed and said: "No, I have not agreed."

"Xiao Ya, you have been doing this for me for so many years, and it is time to enjoy it. Just marry me, you are the second grandmother of my family, and my future achievements may exceed my grandfather."

The two young masters said with some excitement.

"No, I don't agree!"

Zhou Ya is still shaking his head.

"Why, you are already twenty-six, but you are still not married. Isn't it waiting for me?"

The young master of Zhou Jiaji asked very incomprehensibly, and then said: "I know, you must be not ready in the heart, OK, I can postpone the date of the marriage for a while, waiting for you to be mentally prepared. Said again."

"No, I don't mean this..."

Zhou Ya said quickly.

She wants to say that Zhou Jia's second master is self-satisfied, but if he directly speaks, he will probably directly anger Zhou Jia's second master. For a time, she does not know how to speak.

Ye Xuan outside is also drunk. Although he has already gone a long way, how can he not hear these words with his eyes and knowledge?

However, what caught his attention was that at this moment, there seemed to be a large number of masters who entered the Zhoujia Valley.

at this time.

"Zhou Xiong, come out and see!"

A violent drink, echoing in the entire valley of Zhou family, fell into the ears of everyone.

The two people in the yard stopped and huddled.

Zhou Xiong, isn't this the name of Zhou Jia's old man?

Zhou Xiong's old master Zhou Xiong, Vientiane is the fourth strongest.

Someone even dared to call the name of the Zhoujia old man, and still at the door of Zhoujia, this is to find death.

The young master of Zhou Jia Er also did not talk nonsense, directly plunged into the sky, and then violently said: "Which **** called my grandfather's name?"

Not only that, but there are still many people from Zhou's family who plunged into the sky.

However, in the next moment, their physiques were all in sync.

There are a total of ten people coming here, but the atmosphere of these ten people is not weaker than that of the whole Zhou family. There are four masters in the world of Vientiane.

The most important thing is that the people dressed in this group of people are actually the costumes of the Zhao family in the eight major families.

"Zhao family?"

On Tuesday, the young master took a look and stared at it. He found that the leader of the Zhao family who was sitting on a black dragon was familiar.

He quickly searched for a memory, and then could not help but exclaimed: "Black Wind Tianlong, Zhao Jia Zhao Kun?"

"Yes, it's me!"

In the Zhao family, the young man sitting on a black dragon should listen.

The black dragon that he left behind is the second-class beast of Vientiane.

It is also this unique Tongtian beast that made the young master recognize him on Tuesday.

"What are you doing to find my grandfather?"

The second younger frown asked.

After knowing the identity of the other party, his attitude has obviously changed a lot.

Just kidding, Zhao is the head of the eight major families. He has the strongest strength. If he knows that the comers are the teams of the eight major families, how can he even call out the previous sentence?

What's more, this Zhao Kun is still the young master of the Zhao family, the next owner of the Zhao family.

"You are not qualified to ask this question, Zhou Xiong, give it to me!" Zhao Kun was too lazy to pay attention to this week's second master, and once again sipped a sentence.

When I heard this, the face of the second young master was also changed, but he dared not to speak.

Although he is the young master of the Zhou family, he can't speak, and he has at least ten people who have the right to speak. So for a time, he was actually paralyzed, still in his own home.

The arrival of the Zhao family has already disturbed the entire Zhou family. All the Vientiane strongmen plundered into the sky, and at the same time, they also plucked a figure from the back of the Zhou family.

Zhou Jia Laotai, Zhou Xiong!

"It turned out to be Zhao Gongzi. May I ask Zhao Gongzi to come to my home, what is it?" Zhou Xiong asked with a smile.

"I am coming today, I want to cooperate with Zhou." Zhao Kun replied honestly.

"Cooperation?"

These two words, but Zhou Xiong is somewhat puzzled.

Zhao's strength is at least ten times that of Zhou's family. What can Zhou's family be seen by Zhao's family?

"Good, cooperation!"

Zhao Kun nodded and revealed a sinister smile. He said: "My father said, let your Zhou family be merged into my Zhao family and let us develop together!"

what?

When the words came out, the whole week was shocked.

Zhao Kun, even let the Zhou family merge into the Zhao family?

What a joke!

"Zhao Gongzi, are you kidding?"

Zhou Xiong's face is not very good, although he asked this question, but he looked at Zhao Kun's expression, but guessed a seven seven eight eight.

This matter should be true!

"Do you look like me, like a joke?"

Zhao Kun's eyes are a glimpse.

When the voice has not yet fallen, one person shouted: "You are not cooperating, you just want to annex my family."

The person who spoke is the grandfather of Zhou's second master, and the Vientiane is threefold.

"Since you said this, I am not obscured. Yes, my father meant to annex your week!"

Zhao Kun said that he also looked around and continued: "Not only that, Wu Zhengwang and his three families will be annexed by another three families. The eight major families will only need four big families in the future."

The Zhao family's intentions are already very obvious, and that is to annex the Zhou family.

However, what Zhou Xiong and others did not expect was that Wu Zhengwang's three families were actually divided.

Chapter 1098: This is also called cooperation?

The reason why the eight major families have the distinction between the upper four and the lower four is that the next four people have not developed well in the millennium.

Zhou's family are silent. How do they think that their family will have such a day?

"Your week is getting worse and worse. Sooner or later, you have to lose your head. I am Zhao Yuan and my old love. Let you merge into my Zhao family and develop together in the future. This is a win-win cooperation." Zhao Kun continued.

Win-win?

When Zhou's family heard this, they couldn't help but open their minds.

Incorporating Zhao Jia, is this a win-win cooperation?

Cooperation a fart!

However, the strength of the Zhao family is much stronger than that of the Zhou family. Zhou has no ability to resist.

Zhou Xiong took a look at Zhao Kun, the latter came to the forefront, even with so many masters coming over, I am afraid I will eat the Zhou family.

If they refuse, then there is probably a big fight next. This is not the point. The key point is that if the Zhao family has a five-figure master of Vientiane, if they come to Zhou, then the Zhou family will be destroyed.

"Zhao Gongzi, there is no room for negotiation?" Zhou Xiong could not help but ask.

"The other three families are already compromised, and they will be worse for you." Zhao Kun replied coldly.

It's a bad week!

That is to say, now there are only five major families in the eight major families. If the Zhou family is also incorporated into the Zhao family, then only four families will be left.

Zhou Laotai was silent for a moment. He thought of the power of the Zhao family, so he nodded in compromise.

"Slow, they will stay in Zhou family and help you in the future."

After Zhao Kun finished speaking, he also took the first look. Then the two Vientianes behind him were coming out.

From now on, there are only four families left in the eight major families.

Ye Xuan underneath did not think that he had just joined the Zhou family, and Nima became a Zhao family. It was really awkward.

At this time, Zhao Kun suddenly swept his eyes and said: "Yes, I have one more thing here. I have recently wanted to take a nap..."

Hearing this, Zhou Xiong's brow is also a pick, saying: "Zhao Gongzi please feel free, if anyone is picked up by Zhao Gongzi, that is her blessing."

Although this is said in the mouth, Zhou Xiong is secretly secreted in his heart, because he knows that Zhao Kun is not entirely for the sake of concubines, but to stabilize the two relationships.

"Well, since Mrs. Zhou said so, I am not welcome. Of course, I am not a hooligan of Zhao Kun. This must be a matter of mutual affection..."

Zhao Kun's mouth tilted slightly, and even if he was riding a black wind, the dragon was squatting in the sky.

The population of Zhou's family has reached tens of thousands of people, and there are countless young and unmarried women.

Some of these girls wanted to be picked up by Zhao Kun, so they went out. When Zhao Kun swept from the top of his head, he played with the coquettish, but some girls didn't want to, so they hid in the house.

Even those girls who have already married, some want to enter the Zhao family.

Zhao Kun was in the air of Zhou family, and finally, stopped in the sky above a house.

It happens that this house is Ye Xuan.

"Who is she?"

Zhao Kun looked at Zhou Ya in Ye Xuan's yard and asked.

When Zhou Xiong heard this, he glanced at Zhao Kun's gaze and said: "She is the granddaughter of my Zhou family, and also the deputy general manager of Zhou's family, Zhou Ya."

After listening to it, Zhao Kun was also satisfied with the nod, saying: "Not bad, Vientiane is double."

Seeing that Zhao Kun is watching himself, Zhou Yaxiu's eyebrows are slightly wrinkled. She can be the deputy director of the Zhou family. How can she not know what she is going to face next?

Zhao Kun drove the black wind Tianlong close to the house, then fell to Zhou Ya and seriously asked: "Zhou Ya girl, are you willing to marry me?"

"I....."

Zhou Ya did not know whether it should be promised at this time. He hurriedly took a look at the next two young masters.

"This, Zhao Gongzi, I was already dating Zhou Ya's father yesterday, and he has already agreed."

Zhou Jia's young master Zhou Sheng hurried forward.

Just kidding, he chased Zhou Ya for so long, and he was going to see a happy event. Now he suddenly smashed a Zhao Kun, and this time he can't be jealous.

"so what?"

Zhao Kun's disapproval looks like this.

It's just a kiss, even if it's an engagement, it's already a kiss, and as long as Zhou Ya agrees, he can take it away.

"you....."

The second young man immediately showed anger, but when he reached the throat, he was hard-pressed back.

At this time, Zhao Kun suddenly took out a bag of soul spar from the Qiankun ring and threw it to the second young master. He said: "Your dowry, I doubled back, there are 5,000 soul spar."

Five thousand soul spar!

Hearing this, the eyes of the two young masters are bright. If these soul spars are all refining, the strength of the soul will be greatly improved. If it is used to purchase Tianmudibao, it is enough for him to break through to Vientiane.

After all, he gave Zhou Ya's father a dowry, but a thousand soul spar.

For the entire Zhou family, the five thousand soul spar is only a slap in the face, but is there any chance to refuse him?

Why not go down this step.

"Okay, then this marriage to me and Zhou Ya, that's it." Zhou Jia's young master Zheng focused.

He is also a young master of the Zhou family. He must think about Zhou Jia. This Zhao Kun is in a state of temper, and he has no retreat. If he is here and Zhao Kun, then there will be a lot of troubles for Zhou Jia in the future.

For a woman, not worth it!

After hearing the words of Zhou Jia's second master, Zhou Ya also looked at it with a blank look. The former chased her for so many years, and now she has let her go.

Fortunately, she only retired this marriage, and did not agree with Zhao Kun.

However, her grandfather is not in Zhou family. His father is even better than her, and has no right to speak. Who can speak for her now?

However, it is at this time.

"what....."

Zhou Sheng suddenly screamed and went straight back two steps with his chest.

"Ok?"

Zhao Kun, who originally wanted to ask Zhou Ya whether he agreed, saw that Zhou Sheng was so exposed.

This week won, what happened?

Not only that, but even Zhou Xiong and others are not clear about the situation.

At the moment, Zhou Xiong is rushing over with other masters to see the situation of Zhou Sheng.

In addition to the power of Vientiane, Vientiane has a feature of spirituality, which allows you to view your body by internal view and to view other people's internal environment.

However, in the realm of Zhou Xiong's four-dimensional situation, it is not found that there is something wrong with Zhou Sheng.

"Grandchild, what happened to you?"

Zhou Sheng's grandfather hurriedly asked.

"Grandpa, my heart is burning, it hurts..."

Zhou Sheng said with a gnashing tooth. At this time, he did not know why this was. He only knew that he was unhappy and wanted to open his chest and see if the heart really burned.

Chapter 1099: Get out of the way?

"The heart is burning up?"

The old man Zhou Xiong rushed to use the spirit to sweep away, but still did not find anything wrong.

At this time, he thought of Zhou Sheng's feelings for Zhou Ya, and immediately understood.

"He is angry with the fire, and he is in danger!"

Zhou Xiong concluded.

"A gas fire attack?"

After Zhou Sheng and other people heard it, they immediately understood.

Under the oppression of Zhao Kun, Zhou Sheng retired Zhou Ya's affair on the spot, so he breathed in the air and attacked his heart.

At the moment, they are sitting cross-legged and treating for Zhou Sheng.

However, how can they know that all this is from the hands of Ye Xuan?

"Hey, gas, fire, heart, and fire..."

Ye Xuan heart sneered.

Zhou Sheng's pain is entirely due to the burning eye. Although this burning eye is called this name, it is a direct attack on Zhou Sheng's soul, although the reason cannot be found.

Even if Zhou Sheng himself, I am afraid I will not know that I have a mental attack. No, it should be called a soul attack now.

After all, here is the Zhou family, the Zhou Jia old man, who is full of Vientiane, and the grand master of Zhou Sheng's grandfather, father, uncle, uncle and so on.

It is impossible to use a mental attack under the eyes of so many masters without being discovered. Even Zhao Kun, who is standing in front of Zhou Sheng, is impossible.

Therefore, they unanimously determined that Zhou Sheng is his own reason.

Zhou Sheng suddenly happened such a thing, even Zhao Kun is very helpless, he did not do anything, and gave Zhou Sheng 5,000 soul spar, but Zhou Sheng is angry and mad, painful, not funny, is simply funny .

He stood here and looked at a few Zhou masters to help Zhou Sheng through the storm.

However, the pain of Zhou Sheng, under the union of so many masters, has not been alleviated, but has intensified.

In ten seconds, Zhou Sheng suffered a full ten seconds of pain. In ten seconds, his spirit was about to collapse.

"Two young masters, really like me so much?"

Zhou Ya on the side is also wide-eyed.

Zhou Sheng's character is not right, arrogance and luxury*, this is what the whole family knows all the time, but now Zhou Sheng has turned into this, let her misunderstand that Zhou Sheng has a deep feeling for her.

At this time, Ye Xuan, who was watching in the distant sky, looked at the group of people in front of him, his mouth slightly tilted up and secretly revealed a smile.

"almost....."

Ye Xuan's eyes glimpsed, and the heart whispered.

It's very cruel to torture Zhou Xing with burning eyes for ten seconds. Fortunately, Zhou Sheng is a duality of Vientiane and has built two souls. The soul strength is not low.

If Zhou Sheng is only a heavy one in Vientiane, then ten seconds is enough for Zhou Sheng to lose his soul.

After so long torture, Zhou Sheng's soul is already weak, so Ye Xuan directly controls his eyes.

This eye of control is different from the burning eye. Zhou Sheng did not figure out why he was so painful, but once he failed, he would immediately understand that he was in a mental attack.

So this time, Ye Xuan is unsuccessful!

"Hey, take control of success!"

At the beginning of a system prompt, Zhou Sheng's same call disappeared.

Now, Zhou Sheng has become a servant of Ye Xuan.

This secret, in addition to Ye Xuan, no one knows, even Zhou Sheng's grandfather and grandfather can't find it.

After hearing the system prompt, Ye Xuan was relieved. It seems that the first step of his plan has been successful.

I have to say that this week is a bit difficult. After all, it is one of the three great talents of Zhou Jia. Although it is only the duality of Vientiane, the strength of the soul is extremely powerful. Fortunately, Ye Xuan's burning eyes will not reveal any clues. Otherwise it will be troublesome.

"Win, how are you?"

Zhou Sheng's grandfather hurriedly asked.

"Grandpa, Grandpa, I am fine, I am bothered." Zhou Sheng wiped a cold sweat on his forehead.

"It's okay."

Everyone is relieved.

Zhou Sheng is one of the three great talents created by Zhou Jia. If the fire is ruined and the foundation is damaged, then the former Tiandi Dibao will be wasted.

"Since it's okay, that's good."

When Zhao Kun's eyes slammed, he turned his head and looked at Zhou Ya. He said: "What about Zhou Ya's girl?"

Fang Cai, Zhou Sheng retired this marriage, but this does not mean that Zhou Ya agreed.

"I....."

Zhou Ya sank for a moment, and after squinting around the group of Zhou family members, he finally nodded silently.

Although she is not a native of Zhou, this situation has already been rejected by her.

"In this case, then Zhou Ya girl will pack up her clothes and go back to Zhao with me."

Zhao Kun's eyes flashed a touch of joy, and although Zhou's looks were a level with his wives, his potential was more than that of them.

The twenty-six-year-old Vientiane is very important, even in the Zhao family.

"Zhao Gongzi, can you wait for a while?" Zhou Ya asked.

"No problem, I will wait outside for a while."

Zhao Kun replied that he jumped to his black wind dragon and said: "I am embarrassed to say goodbye!"

"Zhao Gongzi is walking slowly..."

Zhou Xiong returned a sentence.

Although his face has no expression, his heart is bleeding. After all, Zhou Jia was actually swallowed up by Zhao, and Zhou Ya, one of the three great talents of Zhou's young generation, has to enter Zhao's family. They are a heavy blow.

However, if there is no compromise, then the Zhao family must be strong, and the status of the Zhou family will definitely be far worse than it is now.

Soon, Zhao Kun left with three other masters of Vientiane, leaving only six people in Vientiane.

Looking at the back of their departure, Zhou Xiong and others sighed a few breaths, this is the world of the strong.

However, the current Zhou Sheng, but did not look at it with any emotion.

"Win, let's go back to rest." Zhou Sheng's grandfather said to him.

"Yes!"

Zhou Sheng nodded, random is to leave directly.

And that Zhou Ya, also in the words of the old master Zhou Sheng, was revoked, and then another person took over.

As for Ye Xuan, when Zhou Sheng left, he pretended to be called by Zhou Sheng and left with Zhou Sheng.

For Zhou Ya, Ye Xuan is also powerless, this is life.

However, he can use this opportunity to enter the Zhao family, the head of the eight major families.

Soon, Zhou Sheng came to his residence with Ye Xuan. Then he took off the ring in his hand.

"the host!"

Zhou Sheng whispered a whisper and handed over the ring to Ye Xuan.

"Call my name in a place with lots of people. If you are accidentally heard by your grandfather and grandfather, I will die very badly!"

Chapter 1100: Killing Zhao Kun

"In this place, I will call my name. If I am accidentally heard by your grandfather and grandfather, I will die very badly!"

Ye Xuan reminded me.

Although there are no people around, if Zhou Sheng's owner is heard, then Ye Xuan is tragedy.

Zhou Shengtang Tang Zhou Jia Er Shaoye, actually shouted Ye Xuan as the master, how is this possible?

Fortunately, there is no one at Zhou Sheng's residence at this time.

Ye Xuan took over Zhou Qiang's Qiankun Ring. In addition to the five thousand soul spar, there are many good things in the Qiankun Ring. At the moment, he directly devours these soul spar.

"Hey, the host breaks through, and it is currently the second in Vientiane!"

The system prompts.

Soul spar's engulfing benefits are the same as the heavenly treasures, but if you use special devouring, then Ye Xuan's soul strength will also increase.

"Although I am only a duality in Vientiane, my soul strength is already more than the vast majority of Vientiane. My current strength is to deal with the four Vientianes. Although it is somewhat difficult, I have a sword. !"

Ye Xuan eyes a glimpse.

Waiting for a while, Zhou Ya will follow Zhao Kun to leave, so he wants to intercept Zhao Kun on the way.

"Do you have anything else?" asked Ye Xuan.

"No, everything is consumed by me."

Zhou Sheng shook his head.

When the voice fell, Ye Xuan felt that Zhou Ya had plunged into the sky, and it seemed that he had to leave with Zhao Kun.

"But it, get it up!"

Ye Xuan is not nonsense, go out directly, anyway, he just joined Zhou, no one will notice him.

At this time, Zhou Ya has already bid farewell to his father, and then came to the mouth of the valley.

Zhao Kun four people riding the black wind Tianlong waiting outside, seeing Zhou Ya out, Zhao Kun is also a smile: "Zhou Ya girl, come up!"

Zhou Ya nodded silently, and then, under the watchful eyes of a group of Zhou family, jumped on the back of the black wind dragon.

Ye Xuan, who was mixed in the crowd, looked at the back of the black wind Tianlong and left the Zhou family quietly.

"Young Master, remember to let me out this time..."

Shouting in the pet space.

"no problem!"

Ye Xuan promised.

Although the fall is only a heavy one in Vientiane, after she broke through to Vientiane, she was powerful enough to explode. Until now, Ye Xuan's soul strength has surpassed.

After leaving the Zhou family, Ye Xuan quickly followed up, with his current strength, and so many people, it is not a problem.

Zhao Kun and others rode the black wind Tianlong in Vientiane and went to the Zhao family. Zhou Ya sat next to Zhao Kun and answered Zhao Kun's question.

As for Ye Xuan, it is natural to use the powerful eye of perception and spirituality to track Zhao Kun.

At his current speed, keeping up with the speed of the same level of the Black Wind Dragon is just like playing, small.

But now it is still very close to Zhou, so it has to wait a while before he can shoot.

After half a day.

The black wind dragon that Zhao Kun rides has entered a million mountains, which is suitable for hands-on.

"Let's fall, get ready!"

Ye Xuan reminded me.

"Okay, young master!"

Nod in the pet space.

In the next moment, Ye Xuan is directly applying the eyes of glory. The brilliant suit will wrap him in the moment, and his breath is also unmasked and directly emitted.

"The Eye of Silence!"

A silver light flashed, and instantly broke through the void to the black wind dragon that was in the shadow of the Vientiane.

"Ok?"

Zhao Kun, who was on the back of the black wind, was stunned and suddenly turned his head and found the silence.

"Sneak attack?"

A master of the Zhao family shouted and punched a punch.

"Hey!"

The silence was smashed.

Vientiane has already possessed spiritual knowledge, so the sneak attack is not so easy to succeed. Ye Xuan did not think about the sneak attack. The only silence that was only the appetizer.

"Bold rats, why did you attack me?"

Zhao Kun turned his head and yelled at Ye Xuan, wearing a brilliant golden armor.

"Zhao family, it is you who attacked!"

Ye Xuan said nothing, directly to the Zhao Kun four people to display the eyes of the ban and the burning eyes, not only that, but also Zhou Ya and the black wind dragon they ride.

"Spiritual attack?"

Zhao Kun and others glimpsed, and suddenly there was a burning pain in their hearts, but they did not think of Zhou Sheng before half a day.

"Wanxiang is twofold, dare to attack us and find death!"

The master of the Zhao family violently drank and leaned toward Ye Xuan.

"You are not my opponent, go together!"

Ye Xuan shouted very arrogantly. The next moment, there were thousands of Zhentian swords swept away.

Megatron is now at the same level as Ye Xuan, both of which are dual in Vientiane, so his hardness is not something that ordinary people can destroy.

Thousands of Zhentian swords were rolled up, even if Zhao Kun did not dare to care about it, so the other two Vientiane tricycles were also directly dispatched.

"Vientiane is triple, not very well controlled, so sorry, Lingjian, lock me!"

Ye Xuan looked at the three Zhao masters who used the power of Vientiane to accelerate toward him.

"Hey!" "Hey!" "Hey!"

Not waiting for the three to react, there are countless giant swords falling in the sky, locking them together.

At the same time, the fall also suddenly appeared, and divided out hundreds of avatars, and then thrown a seven-color demon fire in the madness of the sword.

"stop!"

When Zhao Kun saw it, he also screamed loudly. He did not expect that a double child in Vientiane would have trapped his three masters of Zhao's three vientiane scenes.

Now, he can't sit back and watch.

However, it was at the time of his release.

"call out!"

A white and smooth palm, directly smashed on his back, combined with the attack of Vientiane, is extremely powerful.

Zhao Kun was caught unprepared, and the breath was instantly disordered. After a spurt of blood, he also yelled: "Smelly, you and he are a group!"

Who sneaked on him, which is still used?

In addition to the three masters of the Zhao family, there are only Zhou Ya's family this week.

Not Zhou Ya, who is it?

If Ye Xuan was half a day ago, I am afraid that it is not so easy to control Zhou Ya. However, after the breakthrough, Ye Xuan directly constructed a second soul, and the soul strength was greatly improved.

Zhao Kun may not be able to directly control, but Zhou Ya is a duality of Vientiane, and Ye Xuan still can do it.

However, what Zhao Kun could not imagine is that it is not only Zhou Ya who is betraying, but also the pets he has kept for many years.

Black wind dragon!

"Hey..."

The black wind Tianlong roared, and a claw came out, directly holding Zhao Kun in his hand.

"what?"

Zhao Kun has been shocked. This black wind Tianlong has been with him for many years. He has cultivated a lot of talents and treasures. However, today, he even betrayed him. How is this possible?

However, it is not the time when he was shocked.

"Bee, even you dare to betray me, find death!"
