Chapter 1101: Successful control

"Bee, even you dare to betray me, find death!"

Zhao Kun's flash of a cold color, the power of Vientiane in the body suddenly burst open, after the bang, the paw of the black wind Tianlong was blown away.

"Hey..."

The black wind Tianlong screamed, and the huge body was directly beaten by Zhao Kun.

However, this also gave Ye Xuan time.

"Master Zhao Jiada, you are finished!"

A cold voice fell into the ears of Zhao Kun. He turned his head and saw that Ye Xuan had already found a claw.

Beside his side, suddenly two golden hands appeared, and he was directly held.

He has just broken off the dragon claws of the Black Wind Dragon, and now he is caught by Ye Xuan's two golden dragons, but this time, he is not so easy to break away.

"Give me a drive!"

Zhao Kun roared, and the power of Vientiane sprang up again, but this time, it was not able to break the two golden dragons.

When God was in trouble, Ye Xuan could not play the true power of the golden dragon hand because he did not have the power of Vientiane.

Now Ye Xuan is the second most important thing in Vientiane. The strength of the soul is not worse than that of the Vientiane. If the two golden dragons are on the neck of the black wind, they can kill the black wind.

"what....."

Zhao Kun was handcuffed by two golden dragons, and his bones rang loudly. He couldn't help but scream.

Coupled with Ye Xuan's mental attack, at this time he could not afford to break away from this bondage.

In order to be on the safe side, the skills are not lost, and the long whip is directly pulled out.

Hundreds of shackles!

Under the double bondage, Zhao Kun is even four-fold in Vientiane, and it is not so easy to break away.

"Young Master!"

Not far away, the three Zhao family masters trapped in the Lingjian array heard Zhao Kun's pain, and they all showed a worried look.

However, they were only seriously injured by the falling seven-color demon fire, and they were unable to shake these giant swords, so they could only watch it.

"Ah...who are you..."

Zhao Kun Yang Tianxiaoxiao.

"Who am I, it doesn't matter, what matters is that you will be my servant!"

Ye Xuan said in a cold tone.

Three things in Vientiane?

so what?

Under this perfect bondage, Zhao Kun wants to break at least 20 seconds, and it can only be done if Ye Xuan does not shoot.

And Ye Xuan can be within twenty seconds, so that Zhao Kunsheng is better than death.

"The Eye of Burning!"

Ye Xuan continues to use the burning eye to weaken Zhao Kun's soul.

"It's you, it turned out to be the ghost you made!"

Until this time, Zhao Kun understood that the rebellion of Zhou Ya and the Black Wind Dragon was controlled by Ye Xuan.

However, he still does not know, where Ye Xuan emerged from the end, even the challenge is more than an enemy.

Even the first genius of his Zhao family was beaten without any help.

At the beginning, Zhao Kun can still insist on a strong soul, but in the fifth second, his mind is a bit unclear.

Ten seconds later, it was even more painful.

Zhao Kun's pain is much more than Zhou Sheng. After all, Ye Xuan is the second in Vientiane.

"almost!"

Ye Xuan blinked his eyes and directed Zhao Kun to control his eyes.

"Hey, control failed!"

The system prompts.

"Ha ha ha... you can't control..."

Zhao Kun pulled his mouth and smiled, but the next moment, his smile was abruptly stopped.

"Hey, take control of success!"

The system prompts again.

Zhao Kun, the young master of the Zhao family, was successfully controlled by Ye Xuan.

"See... I have seen the master!"

The controlled Zhao Kun, the **** of his body disappeared instantly, and he said respectfully to Ye Xuan in front.

This sentence, but the three Zhao family masters in the spirit sword array was scared.

"Young Master, you..."

A Zhao family master trapped in the spirit sword array stunned.

Zhao Kun, the young master of the Zhao family, actually called Ye Xuan as the master?

Zhao Kun, the triple of Vientiane, was actually controlled?

At this time, Ye Xuan was slowly turning around and looking at the three people, saying: "You three, are you choosing to surrender, or choose to die?"

When I heard this, the figure of the three people was also trembled.

Surrender, or die?

These three people are all masters recruited by Zhao. They are not Zhao's natives. Even Zhao Kun is controlled. If they refuse, they will be killed.

The three of them looked at each other and finally said: "We chose to surrender!"

"it is good!"

This answer makes Ye Xuan smile and talk, and talking to smart people is labor-saving.

At the moment, he is in control of the three people. Although he failed several times, these people have already made up their minds to surrender to him, so they will soon be fully controlled.

If Ye Xuan wants to kill them, he will not let the people fall behind, and the three will not live to the present.

This time, Ye Xuan directly received the four masters of the four Vientiane, which is a big profit.

Then, he directly took a few people's shackles, but unfortunately, the things inside could not let him break through.

"Hey, Megatron breaks through!"

Although there are not many things, the ore is still there. After Ye Xuan swallowed up, the system sounded a tone.

After concluding a co-growth contract with Megatron, as long as Ye Xuan devours the ore, the gods and the like, then Megatron is equivalent to swallowing so many things. In addition, the growth of pets with the blood of the beasts is accelerated, and Megatron directly breaks into the triple of Vientiane.

"You guys will treat the injury first."

Ye Xuan took some blood bottles from the swallowing space and threw them to a few people, including the black wind dragon.

Later, Ye Xuan turned his head and looked at Zhou Ya. He said: "You don't have to go to the Zhao family any more. When you go back to Zhou, you say that Zhao Kun suddenly changed his mind."

"Yes, master!"

Zhou Ya showed a look of gratitude, and should have a sentence.

Since these people are the duality of the Vientiane and the Vientiane, and the fall is only a heavy one in the Vientiane, Ye Xuan did not transfer these people to the fall. Even if the soul of the fallen soul is high, the leap-level control will only consume the power of her soul.

But Ye Xuan is different. Ye Xuan has twenty-five places in his eyes, and the control does not need to consume the power of the soul, much simpler.

After telling everything, Zhou Ya left directly, and Ye Xuan, also with Zhao Kun, took the black wind Tianlong to Zhao.

"When the Zhao family is reached, you will say that I am a genius of Zhou, so I bring it back to cultivate." Ye Xuan said to Zhao Kun.

"Yes, master!"

Zhao Kun nodded immediately.

Originally, Ye Xuan's plan was to join Zhou's family. Now, with the appearance of Zhao Kun, it's better to join Zhao's. If the most powerful Zhao family in the eight major families is robbed, he estimates that he can at least break through to Vientiane. The four realms.

Chapter 1102: Tongtian Jiujiing

"Right, Zhao Kun, when was the last time your eight major families used the cross-border transmission array?"

Ye Xuan suddenly asked.

"The transboundary transmission array was opened once a year ago."

Zhao Kun did not want to answer.

This question, Ye Xuan was originally just asking questions, but Zhao Kun's answer was to shock him.

Cross-border transmission array, opened once a year ago?

However, the people of the eight major families that he controlled before said that the most recent one was two years ago.

"Are you sure? Who is using the transmission array?"

Ye Xuan frowned.

"This is what my father said. I was not in the family at the time. It is said that the use of my eight major family is a strange predecessor, but also with two people, one man and one woman." Zhao Kun explained.

"Weird predecessors, a man and a woman!"

Hearing this, Ye Xuan's eyes are awkward, and he can be sure of this. The use of this cross-border transmission array is the yin and yang ancestors and the Song ruling brothers and sisters.

"Finally found!"

Ye Xuan's heartbeat began to accelerate.

"Master, I happened to see the three at the time!"

At this time, Zhao Zhaowu, a trio of Vientiane, was interjected.

"Have you seen it? See if these three!"

Ye Xuan quickly took out the portraits of Yin and Yang ancestors and Song ruling brothers and sisters from the devour space.

"Yes, they are!"

This Zhao Jiawu is the key point of Zheng.

He has been controlled by Ye Xuan's eye, so his words will not be fake.

"Well, you said the situation at the time."

Ye Xuan gave a low drink.

Originally, he thought that he was looking for the wrong place. The yin and yang ancestors did not leave from the cross-border transmission of the eight major families. Now it seems that he is looking for the right place.

"At the time, I was just talking to my family. The predecessor first came and found us scared. Then, the predecessor took out millions of soul spar directly, it was very wide, and there was no smell on the body, just like ordinary people. It is a super master, so the owner immediately agreed."

The Zhao Jiawu told the situation at the time.

"What was the situation of that man and woman?" Ye Xuan asked again.

"They were behind the predecessor and didn't talk, but their atmosphere is stronger than their home, and they are much stronger..."

"Strong, a lot?"

Ye Xuan is already helpless.

This Zhao Jiawu said that it was a year ago. The Song Dynasty and the Song ruling of a year ago actually exceeded the home of the Zhao family.

That is to say, the yin and yang ancestors let the Song ruling brothers and sisters break through the Supreme Way to Vientiane in a short time.

"What is the realm of your family?" Ye Xuan asked curiously.

"My father was five times in Vientiane last year, but this year has already broken through to Vientiane." Zhao Kun did not want to answer.

"The five elements of Vientiane..."

Ye Xuan couldn't help but swallow, so to speak, the Song Dynasty and the Song ruling at that time, the strength is already more than the five elements of Vientiane, and I am afraid it is far more than.

Zhao Kun saw Ye Xuan interested in this and continued: "My father said that the strength of the predecessor is unfathomable, at least the master of the secluded world."

"Peace?"

Ye Xuan brows a pick, suddenly remembered a question, said: "Able to the strong, can live for three hundred years?"

At that time, the yin and yang ancestors, in order to find the perfect yin and yang twin physique, but found enough for two hundred and thirty years, so Ye Xuan estimated that the old guy is at least three hundred years old, or even four hundred years old.

After thinking about it, Zhao Kun replied: "Even if it is a strong person in Vientiane, if you don't have a dark disease, you can live for at least two hundred years. I am afraid that there will be more than 50 years of living in a strong place. For three or four hundred years, it is estimated that the Nirvana can do it."

The warrior of this world, ordinary cultivation is difficult to break through, only one battle, continuous killing, can be improved quickly.

Constantly stifling, constantly lingering on the edge of life and death, so that there will be dark diseases in the body, so life is not long.

Although the ghost gods and the corpse temple have thousands of old ghosts, they died at the level of God's martyrdom. If you want to refine the masters of Vientiane into corpse kings or ghosts, it is unlikely.

"You say everything after the Vientiane."

Ye Xuan saw Zhao Kun know more, and hurriedly asked again.

Now, he only knows about Vientiane, and he does not know what it is after Vientiane.

"Vientiane, secluded, wishful, broken, nirvana, longevity, reincarnation, immortal, and heaven, these nine realms, collectively known as Tongtianjiujing. Vientiane is only the first realm in Tongtianjiu."

"I don't know clearly about the secluded, wishful and broken, but I have heard that Nirvana, every time Nirvana succeeds, the life expectancy will be greatly improved. The longevity is even more terrifying. It is said that it can live for thousands of years. ""

After Ye Xuan listened to Zhao Kun's words, he was completely shocked.

After the Vientiane, there are still so many realms. It is no wonder that there is always a saying in the world that the martial arts are endless.

Dare, really just the beginning.

"The nirvana began to greatly improve life expectancy, and the long habitat was thousands of years. What kind of return, indestruction and passage of the world?" Ye Xuan asked again.

"Reincarnation is said to break life and death, reincarnation, if someone is not satisfied with the status quo, or if the deadline is near and seriously injured, then you can reincarnate and re-cultivate."

"A strong person who does not destroy the country is said to be able to regenerate blood and not die."

"As for the heavens, it is already a means of passing through the sky, and I am not very clear..."

Zhao Kun told Ye Xuan one by one.

Ye Xuan and Falling are already shocked and have nothing to say.

In the case of reincarnation, it is possible to reincarnate. In the future, if a strong person has a near-life life and recurs directly, he can re-cultivate, and he can live forever.

As for the immortality, it is even more terrible. It can be reborn with blood. This is simply a small force that cannot be killed.

"Tongtiantian, with the means of passing through the sky, this sounds very good."

Ye Xuan swallowed his mouth and asked: "So, everyone in this world, the last generation may be a peerless powerhouse?"

"Yes, the master, you are not allowed to be a super strong person in the world." Zhao Kun hurriedly took a slap in the past.

Hearing this, Ye Xuan also recalled coming.

He passed through, but before he passed, the unlucky Ye Xuan was dead.

So, is his last life a bad luck, Ye Xuan, or Ye Xuan on the earth?

"It's a bit confusing, I still don't want it. The last life is the last life. This world is this world. If it is really a reincarnation of the strong, then let me open the memory of inheritance, it is best to come to a big treasure address, or peerless power."

Chapter 1103: Enter Zhaojia

"It's a bit confusing, I still don't want it. The last life is the last life. This world is this world. If it is really a reincarnation of the strong, then let me open the memory of inheritance, it is best to come to a big treasure address, or peerless power."

Ye Xuan shook his head. Now I think so much useless. Anyway, he is only in the middle of the world. What Nirvana, longevity, reincarnation, and immortality are too far away from him.

What he now thinks is to find the Song Dynasty and the Song ruling, and then what yin and yang ancestors did, it is as simple as that.

Now, Ye Xuan has finally found a clue again, then he is going to pass the cross-border portal of the eight major families to the Twilight Holy Land.

However, to use this cross-border portal, four families in the eight major families agree, which is not a simple matter.

But he has Zhao Kun, the servant of the Zhao family, and it is not impossible to use the cross-border portal.

One day later.

The black wind Tianlong entered the Zhao family boundary, and the levels set up by the Zhao family on the road were all released after seeing Zhao Kun and others on the black wind Tianlong.

"What happened? How did Zhao have so many levels? Is this too careful?"

Ye Xuan asked very strangely.

"Master, this is the case. Recently, my four families and blood-shirts are a bit contradictory, so the blood-shirt door wants to get rid of us. These levels are afraid of the killer of the blood-shirt door to sneak up and kill my Zhao family!" Zhao Kun answered Road.

"Women's door, can fight against the eight major families, the strength is not weak?" Ye Xuan muttered.

"If our four families are united, they are not afraid of this **** door, but my four families are scattered and have to be guarded." Zhao Kundao.

After listening to it, Ye Xuan also silently nodded.

It is no wonder that Zhao Kun is anxious to return to the Zhao family. It turned out to be the killer of the blood-shirt door.

At this point, they have passed through the last level of the Zhao family, and then landed in front of the Zhao family.

Zhao Jia, the head of the eight major families, is only a few times larger than the Zhou family, and the population has reached 50,000.

There are only a hundred people in Zhao's family in Vientiane, and there is a stronger atmosphere than Zhou Xiong's old man Zhou Xiong, and there is more than one.

Zhao family, it really is a hidden dragon and a tiger!

"Zhao Kun, are you back?"

They just landed, and a middle-aged man greeted him.

"Two uncles, Zhou family has already agreed to 'cooperation'." After Zhao Kun saw the arrival, he also said directly.

This Zhao Kun's second uncle, Zhao Xian, is not very strong. Like Zhao Kun, he is only a three-folded Vientiane, but his management ability is good, and his status is second only to the Zhao family.

"Well, then we will call the four big families in the future, but I am afraid that the people of the blood-shirts will directly work on the next four."

Zhao Xian said with some concern.

"Two uncles, we are the main goal of the blood-shirt door, Zhou Jia, but Zhou Laotai, a Vientiane, four, the blood-shirt door is not in the eyes." Zhao Kun reminded.

"Still be careful."

After Zhao Xian finished speaking, he also set his sights on Ye Xuan and his body. He said: "The two are..."

"They are friends I made before traveling, and now I joined my Zhao family." Zhao Kun replied quickly.

Before Ye Xuan wanted to use the excuse of Zhou Jiazi to join the Zhao family, but after controlling Zhao Kun, I thought it would be better to use this reason.

Zhao's good friend, it's convenient to act in the future.

"Your friend?"

Zhao Xian was a little surprised after listening to it, because Zhao Kun was so proud of his character that he could make friends with him. It must be a bit tolerant.

Zhao Xian carefully looked at it. It is estimated that Ye Xuan's age is smaller than that of Zhao Kun. He can break through to Vientiane and be the number one character. After all, Zhao Kun has Zhao's backing.

As for the fall, it is even more terrible.

"This little girl is a fox, this is rare. How old is the girl?" Zhao Xian fell on his face.

"This year is fifteen."

Falling sweet smile.

"fifteen?"

This answer, but Zhao Xian was shocked.

You must know that when Zhao Kun was fifteen years old, he had not broken through to Vientiane. However, the fall was already a heavy one in Vientiane. This qualification is much better than Zhao Kun.

"The fox family is born with charm. If it is combined with people, unless the blood or the realm is suppressed, it will be the same as the fox family. I have not seen the fox people in the Zhao family. If this girl can marry me Zhao Home, the stability of my Zhao family will be greatly improved in the future."

Zhao Xian looked at the face with a smile, and thought in his heart.

His plan is to let Zhao Kun fall and become a Zhao family. At that time, you can use the charm of falling charm, charm other people, so as to grasp the secret, but also improve the stability of the Zhao family, this is simply two birds with one stone.

No, it is a three-pronged one, because the qualifications of the landing are even stronger than Zhao Kun.

"Okay, ok, Zhao Kun, you did a good job this time, and immediately arranged the best place for your guests." Zhao Xian said quickly.

"Yes, two uncles."

Zhao Kun nodded slightly, even if he was riding the black wind Tianlong directly into the Zhao family.

Zhao Xian looked at their backs and showed a sly look, but what he didn't know was that he invited a white-eyed wolf to come in.

Soon, Zhao Kun was riding a black wind dragon in his yard.

"Master, there are several residences next to my residence. You will live there in the future." Zhao Kun said to Ye Xuan.

"There is no need to live in the house. You four people must act quickly."

Ye Xuan jumped off the black wind Tianlong and landed on the ground, and some could not wait to say.

The action in his mouth is to let Zhao Kun four people confiscated all their bodies. After all, the four people out of the task will not bring everything.

"Yes!"

The four people should have a voice, and immediately the other three Zhao family's offerings were quickly left, and Zhao Kun also entered the house directly, and then opened a hidden institutional array, and took out a Qiankun ring.

Ye Xuan took over the Qiankun ring that Zhao Kun handed over and quickly probed it.

"One thousand soul spar, there are all kinds of heavenly treasures..."

Ye Xuan's eyes glimpsed and said: "These five thousand soul spar, and these heavenly treasures, you will give me all the ore."

Specially devour the soul spar, although it can enhance the realm of Ye Xuan and the soul strength, but if it is replaced by ore, then with the common growth contract, Megatron is equivalent to the ore that has swallowed 5,000 soul spar, which is equal to Double.

"Yes!"

Although Zhao Kun did not know why Ye Xuan wanted ore, he did it immediately.

As he left, Ye Xuan also dropped the treasures of the heavens used for cultivation, and then specially swallowed the remaining 5,000 soul spar.

His cultivation and soul strength have greatly improved.

Chapter 1104: Jin Yancheng

"Now I have built two souls, refining the soul of the spar, it is actually the strength of the soul of the two souls on both sides, I thought it was to be divided."

Ye Xuan suddenly noticed this, this is a good news.

Soon, the other three Vientiane masters are coming back. This time, Ye Xuan directly swallowed up their things.

A three-dimensional warrior in Vientiane, the body can be more than five thousand soul spar is not bad, after all, they themselves have to cultivate.

These three people add up, the soul of the soul of the value is barely over 10,000.

"After breaking through to Vientiane, the experience value has been greatly improved. It is a tragedy."

Ye Xuan was slightly helplessly waiting in the courtyard of Zhao Kun. After a while, Zhao Kun was back.

"Young Master, I have gone to the Weapons Court to replace all the soul spar with forging materials."
Zhao Kun handed over a Qiankun ring.

Ye Xuan took over the Qiankun ring and directly swallowed the forged materials inside.

"Hey, Megatron breaks through!"

The system prompts.

Now, Megatron directly surpassed Ye Xuan and broke through to the three elements of Vientiane.

However, Ye Xuan still stayed in the dual realm of Vientiane and failed to break through.

Megatron's breakthrough can first improve the strength of the earthquake sword, and then the strength can be improved. It is estimated that it is now possible to single out the three masters of the Vientiane. If the sword is used, the power can be greatly improved. Things.

"I haven't been able to break through, but now I have heard the news and must improve my strength as soon as possible."

Ye Xuan thought of a move.

Now he is in the Zhao family at the head of the four major families. His Zhao family is rich and rich. He is not good at fishing. I am really sorry for Zhao Kun.

It's a good idea to control the person's wealth with the eye of control, but he can use other methods to collect money.

"There is just material in the swallow space..."

Ye Xuan swept his eyes and finally fell on a kind of remedy.

Ginger Dan can increase the strength of the soul.

"This medicinal medicine is not bad."

Ye Xuan nodded slightly, this condensate Dan can be directly exchanged with super-phagocytic crystallization, no refining, but the disadvantage is that the exchange of medicinal herbs has no effect on him.

"Zhao Kun, this hundred lower-level souls Dan you took to sell to me, can improve a lot of soul strength, definitely better than the soul spar, the price you look at."

Ye Xuan threw Zhao Kun a ring and said: "You said that Zhao has a bit of a spring, and you bring it to practice."

"Yes, master!"

Zhao Kun should have a sentence.

Zhao's family has a spiritual spring, and the heavens and the earth are very rich. It is the place where the Zhao family cultivated. The fall can absorb the strength of the heavens and the earth, and with the help of the effects of Tiancaibao and Lingquan, it is estimated that it will soon be able to break through again.

Then, Zhao Kun and others left, and Ye Xuan continued to wait.

After a while, the fall was a pleasant surprise.

"Young Master, this heaven and earth of Lingquan is really full of energy. Give me an hour, I can break through to Vientiane and double into the Vientiane within three days."

Hearing this, Ye Xuan also showed a satisfied smile.

The blood of Tianshouhu is too horrible. It can absorb the vitality of the surrounding world. If it falls and refines the heavens and earth treasures, the speed is almost exploding.

After a while, Zhao Kun returned again.

"Young master, that hundred souls Dan, sold a total of 30,000 soul spar, which also replaced 10,000 forging materials."

After Zhao Kun finished, he gave the thing to Ye Xuan.

This condensed Dan is directly exchanged, and it takes a lot more than Ye Xuan's own refining, so he does not earn much.

However, these things are enough for Ye Xuan to break through.

"Hey, the host breaks through, and it is currently the triple of Vientiane!"

After he swallowed everything, he heard a system sound.

Finally broke through!

At this time, Zhao Kun said again: "Yes, the master, I was only able to get news from Zhao Jia, the masters of our four family in Jin Yancheng, all were assassinated by the **** door to the killer..."

"All killed by the blood-shirt door?"

Ye Xuan brows a pick, this is really an unfortunate news for Zhao.

"My Zhao family and the blood-shirt door have contradictions, and the blood-shirt door is a killer organization. There are portraits of the vast majority of our four major families, so we want to send some masters who have just joined my Zhao family to investigate..." Zhao Kun continued.

"I just joined the master of Zhao, then I just met."

Ye Xuan's eyes glimpsed. He knew why Zhao Kun mentioned this, just wanted to ask him if he would like to go.

However, before you go, you must ask about the specific situation.

"How many masters of the four major families of Golden Flame City?" Ye Xuan asked.

"Our four families are in the Golden Flame City, each with two Vientiane and four Vientiane." Zhao Kun did not want to answer.

"The two Vientianes are fourfold, and the five Vientianes are threefold. Then they add up to eight Vientiane and four Vientianes. This strength has been turned over by the blood-stained door. It seems that the blood-stained door is also coming. Many masters."

Ye Xuan whispered, and then asked: "Is the Zhao family sending a five-figure master in Vientiane?"

"No, this time is obviously the trap of the blood-shirt door, so we need to send people to investigate first. The five masters of Vientiane, my Zhao family is also three, can not be broken." Zhao Kun shook his head.

"What about the trap..."

Ye Xuan thought for a moment.

The killer of the blood-shirt door raided Jin Yancheng and killed all the masters of the four major families. Perhaps it was the five-powered super-power of Vientiane. If the four big families rushed to

send masters, then it would be a tragedy if they fall into the trap. So I sent someone to investigate in the past.

Ye Xuan has the eye of control, and it happens to be just joined Zhao, the person who has the blood-shirt door does not have his information. If he goes to the investigation, it must be easy.

"That is the springboard for me. As long as things are resolved, I can say that I can break through to Vientiane."

Thinking of this, Ye Xuan promised: "Well, this time I will be out."

"Master, my father has sent a master to go, this is a map." Zhao Kun said nothing, take a map and hand it to Ye Xuan.

"When I am not there, remember to take care of it."

Ye Xuan reminded me.

Although it is said that in the Zhao family, there should be no danger in the fall, but people who are allowed to see the **** door directly come in?

Fortunately, Ye Xuan also has a hollow eye. He is directly positioned in the Zhao family. If it is dangerous, he can directly pass it to him. When he arrives, he will fly back directly.

At the moment, Ye Xuan is holding a Zhao family special token to be given by Zhao Kun, and then left.

Chapter 1105: sneak into

Jin Yancheng, one day away from the Zhao family, this is based on a triple speed of Vientiane, but for Ye Xuan, it is only a half-day thing.

He has not left the Zhao family for two hours. The news of the breakthrough is the result of the breakthrough. It is not a problem to deal with the triple of the Vientiane. Even if the Vientiane is four, it will not kill her.

"After the corpse temple was destroyed, the mission system never appeared again. It was a bit pitted. Give me another mission this time."

Ye Xuan thought while he was on the road.

He has received two consecutive random tasks, each completed, and the mission rewards are not bad.

The blood is the foundation of his leap-forward challenge. If the blood is strong enough, the more he is in the fourth or fifth grade, it will not be a problem.

However, the most recent thing Ye Xuan wants is to buy the battle blood extension bar, because he already has five blood vessels in his body, and one more, you can open the blood fusion system.

I don't know how powerful the blood fusion system is.

Ye Xuan did not know the effect of this blood fusion system, but Ye Xuan had already chosen the second battle blood.

This battle blood is the result of the system update, much stronger than the sword **** blood.

Unfortunately, he is still unable to purchase the expansion bar of the battle blood.

Half a day, soon passed.

Half a day later, Ye Xuan arrived at Jin Yancheng.

It was just late at night, but the city gate of Jinyancheng was not closed.

The golden flames are brightly lit and pedestrians are constantly changing.

In the land of the dead, the humanistic Vientiane master who has not appeared in the millennium is visible in this golden flame city.

"The four major families in this Golden Flame City, although scattered, but not far away, the blood-shirt door can actually assassinate all the masters, perhaps there are five things in Vientiane..."

Ye Xuan thought as he walked toward the Zhao family's stronghold in Jinyancheng.

This Golden Flame City has been occupied by the Bloody Gate. From time to time, there will be disciples of blood-stained doors wandering. They are looking for people from four major families.

Ye Xuan entered the Zhao family for half a day, these people could not know him.

Soon, he came to the Zhaojia of Jinyancheng, but at this time, among the Zhao family, there was no Zhao family in Vientiane, and all of them were masters of the blood-shirt door.

"There is only one Vientiane four!"

Ye Xuan brows a pick.

It is not difficult to kill the four elements of Vientiane in the strength of his Vientiane. However, there is a Vientiane in the family of Jin Yancheng Zhao, and the other three may also have, so it is necessary to investigate the other three.

He hurriedly strolled the other three and found that there was only one master of Vientiane, which was a bit unreasonable.

The four families are stationed in Jinyancheng. There are eight Vientianes in the four places. However, they are assassinated by the four Vientianes. Although it is possible, it is unlikely.

"Don't it be said that this is not a trap. After the killing of the blood-skinning master, he left directly?"

Ye Xuan thought about it.

In order to prevent it, he still feels more strolling.

Sure enough, things are not so simple. Although the four major families have established separate strongholds, there is a palace of deliberation among the four families. In this palace, there is a master of the five elements of Vientiane.

"The five elements of Vientiane are five, and if there is no sword to return to the sect, it will be more troublesome to deal with."

Ye Xuan is not sure in his heart. After all, it takes a day for Wan Jian to be able to cool down.

Although he said that he can do it without this card, he will be amazed.

"Others are not yet estimated, I still quietly infiltrate."

Ye Xuan's eyes slammed and decided not to be hard with this group of **** killers.

At the moment, he is once again back to the Jin Yancheng Zhao family.

"The eye of control!"

"Hey, take control of success!"

"Hey, take control of success!"

The two **** killers of the two Vientianes in the gate of the Zhaojiamen Gate of Jinyancheng were directly controlled by Ye Xuan.

"come here!"

Ye Xuan gave an order to a **** killer.

The **** killer left the post and then followed Ye Xuan into a small alley.

"What is your name?" asked Ye Xuan.

"Li Gang!"

The **** killer, who is about 30 years old, replied.

"The two grievances, death and injury are inevitable."

Ye Xuan whispered, directly stabbed into the chest of the **** killer.

"Oh!"

This double-blooded blood-stained killer in Vientiane immediately fell.

Then, Ye Xuan put his body and Qiang Kun away, and put on *.

The next moment, his face became the appearance of Li Gang.

Although the **** killer is dead, but Ye Xuan can easily accommodate any person who has control. Just like his body shape is similar to this **** killer, so it will not be dismantled.

"The blood-shirt door, the practice is a **** blood, a **** breath is on the body."

Ye Xuan learned the Pheng Xuegong in the Qiankun ring, and then he went out.

Now, he is Li Gang, a disciple of the blood-shirt door. He wants to use this identity to enter the Zhao family of Jin Yancheng.

The blood-shirt door is a killer organization, and the means of assassination is extremely powerful. The master of the Zhao family is assassinated by this. This time, Ye Xuan also used the assassination method to clean the master of the blood-shirt door.

With the eye of perception and the knowledge of the spirit, all the actions of the **** killers of Zhao's family are under his induction.

At this time, the Zhao family, in addition to the four masters of Vientiane, there are four Vientiane three.

With the identity of Li Gang, Ye Xuan entered the Zhaojia of Jinyancheng and went to the nearest three-time master of Vientiane.

Some of Zhao's original people on the road saw him, and immediately they walked down and walked over, not dare to face him.

Blood-stained doors, fierce names, if they get rid of them, the next moment may be headed.

Soon, Ye Xuan found the first goal.

The protection of this blood-shirt door was being practiced in the yard, and Ye Xuan went straight.

The strong people in Vientiane have spiritual knowledge, even if they close their eyes, they can feel the movement around them.

This three-dimensional master of Vientiane felt the arrival of Ye Xuan and asked his eyes: "What?"

"Protect the law, the disciples have found a treasure map here, I want to offer it to you!"

Ye Xuan disguised as Li Gang's voice.

Although he is the triple realm of Vientiane, with *, he can suppress the double in Vientiane, such a close distance, even this three-dimensional protection of the Vientiane has not been found.

"Oh? Treasure map?"

The guardian opened his eyes with great interest, and Ye Xuan relied on the past and took out a sheepskin roll.

This blood-shirt door protects the double eyes, just want to praise Ye Xuan a few words, but at this time, the wind suddenly appeared.

"call out!"

Chapter 1106: Assassination

"call out!"

A cold man immersed in the left chest of the **** door guard, his body slightly trembled forward, and then his eyes turned up.

Zhao's strongest swordsmanship, broken heart sword!

Don't look at the left chest wound of this **** door guard, so that even the blood can't flow out, but his heart has already been split into two halves.

Vientiane is triple, dead!

Then, Ye Xuan quickly picked up the body of the blood-stained door guard and the Qiankun ring.

"Scratch, there is no reason to do so, is it difficult to turn things over?"

Ye Xuan probed it again and found that there was not much in this Qiang Kun ring. It seems that it was all taken by the master of the blood-shirt door.

However, Ye Xuan does not care about it. After all, Zhao's family also has three masters of Vientiane and two more than two.

If all these people are killed, the spoils are also very impressive.

Then, Ye Xuan began to move on.

On the road, he encountered some young disciples in Vientiane. He also did not hesitate to kill.

In his realm, killing these people may not be needed for half a second.

Within a minute, the **** disciples of the entire Jinyancheng Zhao family were almost extinct. At the same time, Ye Xuan also received a lot of wealth.

"Ok?"

At this time, the elders of the **** door of the Vientiane City Zhao's Zhao's family opened his eyes. He felt a bit of a wrong place. He could feel a lot of breath, but now he's left. A few shares.

"Is this group of rabbit scorpions going out to be lazy?"

The elders of the blood-stained door screamed in the heart, and then went out to check it out.

They have a mission in this Jinyancheng Zhao family. The masters of the four major families do not know when they will arrive, and they can't relax.

However, when he went out, there was a **** disciple who got together.

"What happened, how did people leave?"

The elders of the blood-coated door asked.

"Fang Caiqiu elders came over and borrowed people, saying that they discovered the masters of the eight major families and began to search for them." The **** disciple replied.

"It turned out to be like this, okay, you pay attention."

The elders of the blood-shirted door didn't think much. After saying a word, they turned and went back to the house.

It is at this time.

"call out!"

The sound of breaking the air suddenly came.

"what?"

The elder of the blood-stained door was shocked, but when his power of Vientiane sprang up, there was already a cold man who had fallen into his head.

"puff!"

There was a muffled sound in his head, and then his figure was slowly falling down.

He did not understand why the same disciple would attack him. What he did not understand was that he was succeeded by a Vientiane-born disciple in his realm of Vientiane. How could this be possible?

However, how could he know that the **** disciple in front of him was only disguised.

This person is Ye Xuan!

"success!"

Ye Xuan doubled up and quickly rushed to collect the body of the elder of the blood-stained door.

What about the **** door that is proficient in assassination?

Still not dead in his hands?

With his strength, even if he directly enters the Jinyancheng Zhao family, there will be no danger, but this will cause the attention of the other three. The most important thing is that the five-year-old blood-shell master will be dispatched.

However, using this assassination method to clean up the **** door master a little, even if the **** door master is in a high realm, will not know.

At the moment, Ye Xuan is checking out the death ring of the elder who died in blood.

"Yes, 20,000 soul spar, there are a lot of things."

Ye Xuan nodded with satisfaction.

20,000 soul spar, although he can not let him break through, but can improve his cultivation and soul strength, at least let him improve the strength of 30%.

Next, he cleaned up all the **** disciples of the entire Zhao family, and there was no one left.

Later, he left the Jinyancheng Zhao family and went to the next target.

With the eyes of control, his camouflage ability is unparalleled. In the same way, he cleaned the second-ranked money family among the four major families.

Next, it is the third family, Sun family.

"When I have cleaned up the four major families, it is estimated that I can break through to the four places of Vientiane. At that time, I will find the troubles of the five masters of Vientiane."

Ye Xuan thought in his heart and sneaked into the grandson's house with the previous method.

With his soul strength, he can now directly control the three masters of Vientiane, without the need to kill.

Controlling people is more useful than killing people.

Soon, the five Vientiane masters in Sun's family were all controlled by Ye Xuan, and all the things fell into his pocket. It is a pity that these people have not many things, and it is estimated that they have fallen into the hands of the five-year-old master of Vientiane.

Next, Ye Xuan is going to assassinate the four-powered master of the Vientiane.

"Elder Qiu, I got a treasure map at a hidden location in the Sun family, I want to offer it to you."

Ye Xuan came to the elders of the blood-shirting door and shouted.

"Hey."

The door opened and a red-haired old man came out from inside.

"Treasure map? Take it for me."

The red-haired old man is also very interested, because Ye Xuan said that it was found in a hidden place in the Sun family. Maybe it is a good thing.

"Yes!"

Ye Xuan took the treasure map close to him and handed it to the red-haired old man.

The red-haired old man took this map and opened it. He couldn't see a clue for a while, and Ye Xuan, who was also preparing to look at the other side's treasure map, shot and killed.

It is at this time.

"There is an enemy attack!"

A violent drink, spread in the grandson's house.

"Is there an enemy?"

The **** door master of Sun's family trembled.

At the same time, the red-haired elder in front of Ye Xuan also turned back suddenly, just to see Ye Xuan took out the Zhentian sword and stabbed him.

"When you are a mouse, you dare to attack me?"

The red-haired old man immediately used the power of Vientiane to escape this deadly sword, but his heart was also shocked. If there was no violent reminder, he might have been killed by Ye Xuan.

Ye Xuan at this time is also very helpless, he knows that he is impossible to expose.

The violent scream, it should be that other **** doors found four masters of the family, in order to remind others to send out.

Really a pig teammate!

Ye Xuan screamed in his heart, and if there were no four family masters who were in the way, he would have succeeded.

However, what about a loss?

"Broken swordsmanship, a sword broken heart!"

Ye Xuan holds a shocking sword and once again smashes toward the red-haired old man.

"Zhao's broken swordsmanship, hehe!"

The red-haired old man recognized it at a glance, and hurriedly used the power of Vientiane to shake away Ye Xuan's Zhentian sword. At the same time, he also shot it on the palm of his hand.

"Hey!"

Chapter 1107: Blood coat

"Hey!"

The sound spread and caught the attention of the people around.

However, this palm is Ye Xuan deliberately.

"Old guy, try my eyes to kill people!"

Ye Xuan smiled in the heart, and the light flashed.

"The Eye of Silence!"

"call out!"

The silver sniper broke away and instantly cut the head of the red old man.

At the same time, however, he was also stared at by people around him, exposing his identity.

"He killed the elders of the hills, fast, and informed the Emperor of Blood!"

The next moment, there are a few red lights, and then burst under the night, a **** fireworks.

On the other hand, a blood-skinned youth in the palace of the four major families opened their eyes and quickly swept out.

"Is it exposed, what about it?"

Ye Xuan sneered.

He has just sneaked into the Zhou family, but he has only controlled the three-fold protection of the five Vientianes. As for the disciples who are both heavy and heavy in Vientiane, he has not killed.

At the moment, he directly killed him and killed all the nearly 30 blood-stained disciples around him.

After the death of the last person, there was also a strong breath that broke into his perception.

"Where is the five masters of Vientiane? The **** emperor?"

Ye Xuan brows slightly condensed.

He only heard the words of this group of disciples, but what he did not expect was that this five-point master of the Vientiane City in Jinyancheng turned out to be the blood-stained door of the blood-stained door, which is the blood-stained emperor.

Dare to call yourself the courage, this courage is also big enough.

The Son of Heaven, the Son of Heaven, the owner of this blood-stained door, dare to call himself the blood-stained emperor, there must be a few brushes.

"Come on, let me slaughter you this day!"

Ye Xuan is waiting in the Sun family.

However, it is at this time.

"Hey, the host triggers random missions, kills the blood-stained emperor, and rewards the life tree for advanced blood!"

The system sounds and suddenly sounds.

Hearing this, Ye Xuan's dawn was finally triggered.

He has always had a hunch that this action will trigger a random mission, and I did not expect it to be realized.

Although the life of the **** tree is advanced, compared to other blood, the effect is not very good, but this is white, Ye Xuan naturally will not be disgusted.

"The blood of the emperor, waiting for you for a long time!"

Ye Xuan shouted, the whole person is like a sun shining like a golden light, after the emergence of brilliant gold armor, he launched an attack against the blood of the emperor.

A golden sword, after the integration of the power of Vientiane, plundered toward the **** emperor.

"Millions of things in the world?"

The blood-stained emperor glimpsed, he did not expect to shoot at him, it turned out to be only a Vientiane.

However, he also felt that the power of Vientiane in front of the blade is almost as fast as the tens of thousands of elephants, and the attack is far more than the ordinary four-level master of Vientiane.

"No matter who you are, die!"

The blood-stained emperor does not say anything, directly counterattacks.

A golden sword and a scarlet sword collided.

"Boom!"

The loud noise spread and the air wave rolled.

The face of the blood-stained emperor sank, slightly strange, and the heart is not a taste.

There are few masters of the blood-stained door, and the five masters of Vientiane. It is a shame that a sword can't kill the martial arts.

"Red blood!"

The blood-stained emperor is already ready to make Ye Xuan's corpse corpse. In the '嘭', the instinct in his body is madly spewing out, and a blood cloud is condensed on the heads of the two.

"Ok?"

Ye Xuan took a look at the blood cloud on his head.

Just right, this blood cloud stretched out a few blood tentacles and grabbed him.

This move has been copied by Ye Xuan, but since the blood is not able to practice, it does not have much effect.

"Shentong, dragon hand!"

Ye Xuan directly ignored these blood tentacles and launched an attack against the blood-stained emperor.

Although Zhao's family also has a lot of magical powers, Ye Xuan feels that there is a saying that is very good.

A trick, eat all over the sky!

The dragon's hand is very restrictive, and it is enough to add a broken sword and a body.

A golden dragon's hand appeared, but the blood-stained emperor escaped early.

"You hide, see who is so angry!"

Ye Xuan is cold in his heart.

If it is more than resilience, he hasn't been afraid of anyone. The power consumed by Shentong is very big, but he can still recover.

"擒龙手!"

"Broken Heart Law!"

Ye Xuan evaded while attacking the blood of the emperor.

However, it is not seen in the blood of the Emperor counterattack.

"This kid is concentrating on the blood cloud, what are you going to do?"

Ye Xuan, who has an eye for insight, suddenly discovered the little movements of the blood-stained emperor. Those tentacles were actually grabbing the ordinary people around them.

These people were caught by the tentacles of the blood and were immediately drained of blood and became a dry corpse.

At this time.

"Huh!"

The blood cloud on the top of the head suddenly began to stir up. In the blink of an eye, it was a red storm. Ye Xuan also felt an attraction, and the figure was continually rushing toward the red storm.

At the same time, the blood-shirted emperor finally launched an attack.

If it is an ordinary person, it will be directly passed by the red storm, but Ye Xuan's soul strength is comparable to that of Vientiane, but it has only reduced some speed.

"Can't be in the air, or it will die very badly!"

Ye Xuan quickly escaped the attack of the Emperor of Blood and fell to the ground.

On the ground, his 90% agility will have an effect, and the speed can even catch up with the **** emperor.

However, what he does not understand is why the blood-shirted emperor has to condense this red storm?

But the next moment, he just understood.

"Jin Yancheng, there is no need to exist, all die!"

The blood-stained emperor shimmered and flew directly toward Ye Xuan. As for the red storm, it was directly swept through the Golden Flame City. Countless people were involved in it and instantly cut into pieces by the **** wind blade.

"What, is it going to kill the city?"

Ye Xuan was shocked.

This blood-stained emperor is too cruel, and even assassinate the masters of the four major families, now even start the massacre?

This time, it is the trap set by the blood-shirt door, the purpose is to lead the masters of the four major families.

However, after seeing Ye Xuan, the blood-stained emperor felt the value.

Ye Xuan Wanxiang can be a triple battle with him, and he is definitely the top genius among the four families.

The blood-stained emperor is celebrating the work of the innocent people.

"Well, you are a **** emperor, seeing me marry you!"

Ye Xuan was furious.

This kind of thing in the massacre, even he did not do it, this **** emperor actually did in front of him, looking for death.

"Just by you?"

The blood-stained emperor didn't care, but only revealed a sinister smile.

Human life is in his heart, not as good as a soul spar, even if the entire Jin Yancheng people are dead, he is not sad.

Chapter 1108: Tucheng?

"Getting you dead, breaking through to Vientiane!"

Ye Xuan's light flashes.

He knows that those good things must have been taken away by this **** emperor, as long as they kill the blood-coated emperor, they can certainly break through.

At the same time, you can also avenge these innocent people!

In the blink of an eye, hundreds of people were involved in the red blood storm and were torn into pieces.

In order to stop this red blood storm, Ye Xuan must kill this **** man as soon as possible.

"Kid, there are so many people who are buried with you, and you should be content."

The blood-stained emperor smiled coldly and turned directly into a streamer rushing to Ye Xuan.

"Meet your sister!"

Ye Xuan greeted him.

At that time, the two were fighting.

Ye Xuan, who opened the eyes of glory, coupled with the powerful soul strength and blood, can make up for the double gap.

However, under the red storm on the other side, there are people who are being torn apart.

If it is a general storm, even the mighty strong man may be able to escape, but this red storm is a blessing of the Vientiane force of the **** emperor.

Even the disciples of the Bloody Gate are hard to resist.

"Less lord, stop working..."

"No, I don't want to die!"

"Why do you want to do this?"

This red storm can be unconscious, and countless people have been taken in, including the disciple of the blood-shirt door, and even the law-protection.

Anyone who was involved in it was not spared, and was cut into meat without exception.

At the same time, after the death of so many people, the red storm began to expand, this is really a terrible thing.

If it grows up, the entire Golden Flame City will really become a ruin!

You know, there are millions of people in Jinchengcheng.

"A good brutal man, see the trick!"

Ye Xuan's heart murdered, and the corpse ghosts had slaughtered many cities before, but this time, he personally encountered it.

A golden giant sword suddenly appeared, smashing into the blood of the emperor.

Overlord Promise Sword!

"Hey, the insects are tricky!"

In the face of this golden sword, the blood-stained emperor does not hurry to escape, but the next moment, he just knows that he is wrong.

The Emperor's Promise Sword is not relying on shackles, but on the invisible pressure.

This pressure, combined with Ye Xuan's Vientiane power, is a combination of two and one.

"Hey!"

The blood-stained emperor could not escape, falling directly from the air, half embedded in the land. The bones on the body are directly shattered, even the brain bones.

Fortunately, he is one of the top five in Vientiane. If it is a general Vientiane Wuwu, I am afraid that he has already died under this sword.

"How could it be so strong?"

The blood-stained emperor looked blank.

The next moment, he will meet Ye Xuan's crazy attack.

The face of the blood-stained emperor changed greatly, and he hurriedly used the power of Vientiane to break open the land and directly drilled into the ground, and then drilled it in the red blood storm.

The only one that was the King of the Emperor's Promise Sword, Ye Xuan killed him by a surprise, but also caused the blood of the Emperor was seriously injured, understand that Ye Xuan is not easy to provoke.

Now, he wants to directly display the mysterious magical power of the blood-stained door, and Ye Xuan has a thousand knives, but he suddenly changed his mind.

"Ha ha ha, do you think you can kill me like that?"

The blood-stained emperor was hiding in the red blood storm, laughing happily.

At the same time, the blood of the red blood storm also continually gathered toward him, and began to repair his injury.

"Day, just what the ghost method is, even in a blink of an eye, I hid in the storm."

Ye Xuan was taken aback.

The body of the blood-coated emperor got it. Although he copied it, it was the martial arts of the blood-stained door. In the case of insufficient blood and blood, he learned it is useless.

"There is no such thing as a shrinking tortoise, but I have broken your turtle shell!"

Ye Xuan's light flashes.

"The Eye of Silence!"

"The eye of decomposition!"

"Golden Dragon Hand!"

Only in the blood of the emperor, so he can only attack the blood of the emperor, if you attack the red blood storm, is it the target of the **** emperor?

But now, the blood-shirted emperor hid in the red blood storm, so just attacked together.

This red blood storm is a hundred times stronger than the red blood corpse king, and it will continue to grow and be very troublesome.

But Ye Xuan's infuriating power is not to be money. Under his mad attack, the red blood storm has narrowed significantly.

"How much is this kid's infuriating?"

The blood-coated emperor is very upset.

Within a few seconds, Ye Xuan used dozens of magical powers to directly reduce the red blood storm by nearly half.

The battle of the masters of Vientiane is generally attacked by Vientiane, because the magical power is too expensive, and the continuous use will double.

Kee Xuan, who used dozens of magical powers, did not stop at all.

In this way, the blood-stained emperor consumes a lot of infuriating red blood storms will be scattered.

"Kid, I admit that you are very strong, and can force me to make this trick!"

The sound of the blood-stained emperor fell, and the outer Ye Xuan stared at it and found that the red blood storm was rapidly shrinking.

He didn't attack, and the red blood storm became smaller.

No, it's a ghost of the **** emperor!

Ye Xuan hurriedly looked at the eye with insight and found that the blood-stained emperor was actually swallowing the blood of those who died.

You must know that there are thousands of people who have died under this **** storm.

After the blood-stained emperor swallowed the blood of the dead, the breath began to gradually become stronger.

At the moment, Ye Xuan understands.

"The Eye of Silence!"

"Broken Heart Law!"

Ye Xuan quickly attacked this red blood storm.

Before the red blood storm became smaller, it was because his attack broke the power of Vientiane in the red blood storm, and the red blood storm is now, because it was swallowed by the blood of the Emperor.

Ye Xuan suddenly regrets that if the Emperor's Promise Sword is used at this time, the effect must be very large, and even the entire red blood storm can be broken.

It is a pity that the Emperor's Promise Sword was used to smash the blood of the Emperor, and it has not died.

In the blink of an eye, the red blood storm is reduced to a diameter of 100 meters, and the breath of the blood-stained emperor is nearly twice as strong as before.

"Kid, you are dead!"

The blood-stained emperor wiped the blood from the corner of his mouth.

"call out!"

A cold mangling flashed, and the blood-coated emperor quickly escaped.

The blood that was only swallowed by him was refining him, and his strength soared a lot.

Now, it is the death of Ye Xuan!

But when he reacted, he found that he turned around and ran far.

"Run now, it's too late!"

The blood-shirted man murmured and quickly chased it up.

However, what he did not know was that Ye Xuan was not going to flee.

Chapter 1109: Kill!

"Kid, I want to escape!"

A violent bang sounded, and an elder of a blood-shirted door jumped into the sky with a group of masters.

"What is waiting for you!"

Ye Xuan quickly swept toward the elder of the blood-stained door.

"call out!"

The broken heart sword went through the air and went straight to the chest of the elders of the blood-shirt.

"Hey, stop him!"

The elders of the blood-skinned door quickly sneaked away and screamed at the same time.

But in the next moment, his head was directly blown up. The murderer was not Ye Xuan, but the five Vientiane-style blood-stained door guards that Ye Xuan had previously controlled.

Before Ye Xuan did not choose to kill these five people, it is because there may be a role in the back, now, the role has come out.

The **** disciples who were present were shocked. They couldn't understand why the five guards of the blood-stained door attacked the elders. Is it true that these people and Ye Xuan are a group?

At the same time, Ye Xuan has already swept the past, and will accept the last elder of the blood-shirt door.

"not enough!"

Ye Xuan's face is not very good, because he is still a bit of experience from his upgrade, even if he killed all the disciples around him, I am afraid I can't make up.

"Your uncle, you can't be so embarrassed, so much wealth is searched and scraped, and no one is left to others."

Ye Xuan roared in his heart, and the object of his roar was naturally the **** emperor.

The four great families in the Golden Flame City are equivalent to the city owner. It is too potent to take such a large fortune to be taken by the Emperor of Blood.

Otherwise, Ye Xuan is afraid that he has already broken through, and then hangs the blood-coated emperor.

Feeling the powerful chaser behind him, Ye Xuan's face sank and chose to run.

On the land, but with a 90% speed increase, coupled with the constant use of dragon hand harassment and Megatron this undead magic weapon, this **** emperor will still be unable to catch up.

However, the **** temperament of this spurt of strength, but there are time constraints, so Ye Xuan's plan is to drag the time, not the real escape, otherwise, he can directly break open the void.

"Dog bloodstains, come and chase me!"

Ye Xuan angered while running wildly.

"Betray my **** door, die!"

The blood-stained emperor behind him is not in a hurry to chase Ye Xuan, but directly kills the five Vientiane guards of the five Vientiane, and then chases Ye Xuan.

Ye Xuan, who fled, was like a tank, and went straight to the ground, directly hitting the wall into a big hole.

The breath of the blood-stained emperor is still at its peak, so Ye Xuan can't turn around.

"If you go on like this, this kid will escape..."

After chasing the **** emperor behind the city, the light flashed and the cards were again displayed.

"Twelve blood columns, give me sleep!"

The gas surged, and the whole night turned into a **** color, followed by a huge **** column that directly blocked the route of Ye Xuan.

"Boom!" "Boom!" "Boom!"

Looking at the huge blood column in front of him, Ye Xuan's footsteps, there are hundreds of meters of gap between these blood columns, but he can see that there are dense **** thin lines between the gaps. If it is forcibly rushed, I am afraid it will be divided into countless pieces.

"A good magical power, it is a **** door!"

Ye Xuan's heart sighed.

The magical powers are also graded. The dragon dragon hand is the intermediate magical power of the Vientiane, and the broken heart sword method is also the intermediate magical power. However, these twelve blood color pillars are probably a high-level magical power.

However, the rush of Ye Xuan reacted, and naturally he would not blindly rush.

"The Eye of Silence!"

"The Eye of Silence!"

Two silver flashes flashed, and the blood-colored silk thread between the pillars was directly opened. While the blood-colored silk thread was repaired, Ye Xuan directly wore it.

The blood-stained emperor is not very proficient in this move, otherwise the blood-colored silk will scatter the eyes of the silence, instead of being cut off by the eyes of the silence.

Seeing that Ye Xuan successfully passed through, the blood-stained emperor blinked and angered: "Give me another sleep!"

"Boom!"

Twelve blood-colored pillars suddenly lifted off. After rolling for a few weeks in the air, they were squatting in front of Ye Xuan. This time, it was just that Ye Xuan was surrounded by a secret, and there was no gap.

"What, can you still be like this?"

Ye Xuan was shocked. Twelve pillars just blocked him from front to back, and there was no gap. Only the upper and lower were left for him.

At this time, there was a blood cloud coming from the top of the head, and then it was a **** giant bell.

What is even more terrifying is that after the twelve blood-colored pillars fall, it is a sizzling sound. The whole piece of land is instantly turned into a **** sea. The brilliant gold armor accidentally touches a little blood, and it is corroded and pierced.

"Kid, you can't go away!"

The voice of the blood-stained emperor came in.

"Is it....."

In the face of this almost perfect blockade, Ye Xuan did not take it for granted. With his flash of light, the front door opened up a door to the void.

However, he did not pass through, but directly pierced a sword at the door of the void.

"Broken Heart Law!"

"call out!"

A sound broke out, but it sounded outside the twelve **** columns, and then it was heard '噗'.

"This is impossible....."

The blood-stained emperor outside the twelve blood-colored columns, his eyes widened, and an unbelievable appearance fell from the sky.

The heart was cut in half, and the blood-stained emperor died on the spot.

In the twelve blood-colored pillars, Ye Xuan looked at the empty door in front of him, revealing a smile.

The other end of the door of the void is the place where he has passed, and his sword is directly stabbed in the back of the blood-stained emperor.

"Oh, the legendary mountain sniper was actually learned by me."

Ye Xuan sneered in the heart, watching the twelve pillars around, and the **** giant clock on the top of his head disappeared.

At the same time, a reminder sounded in his mind.

"Hey, the host completes a random mission, successfully kills the blood-stained emperor, rewards the life tree for advanced blood!"

The random task is completed, and the life **** tree is advanced, which is an excellent news for Ye Xuan.

The blood of the **** of life is improved, the anti-toxicity will be improved, and the speed of life recovery and the speed of recovery of the true gas will be increased. This means that he can use the supernatural power in the future.

"The blood of the emperor, the fallen son, let me see how many good things you have fished!"

Ye Xuan whispered, quickly swept the blood of the Emperor of Heaven, and then probed it again.

"Sure enough, there are good things in you, there are more than 200,000 soul spar..."

Ye Xuan's tongue, apart from anything else, is to devour all these spar crystals.

"Hey, the host breaks through, and it is currently fourfold in Vientiane!"

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

Chapter 1110: Reincarnation, Mo blood clothes!

"Hey, the host breaks through, and it is currently fourfold in Vientiane!"

"Hey, Megatron breaks through!"

"Hey, Megatron breaks through!"

The three system prompts sounded one after another.

There are still a lot of ore and heavenly treasures in the sacred ring of the blood-stained emperor, so Megatron directly broke through to the five-level level of Vientiane.

If it is the current Ye Xuan, then if you are on the **** emperor, you don't need to run away. I am afraid that he can kill him in minutes.

"No, no, the doorkeeper is dead!"

"Fast, run, go back and inform the doorkeeper!"

"Abandon the Golden Flame City!"

The **** disciples in the distance smashed and fled.

They wouldn't have thought that the blood-stained emperor of Vientiane's five-fold dynasty would have died in the hands of Ye Xuan, a trivial person in Vientiane.

Looking at the dozens of blood-stained disciples, Ye Xuan's heart said: "The blood-stained emperor is dead, and he will certainly return to the blood-shirt door. By then, the eight great families will have to bear the anger of the blood-stained doorkeeper..."

Therefore, these people can't let go, they must all kill, which can delay a little time.

At the moment, he quickly killed the past.

What he did not find, however, was that the blood-stained emperor, who had fallen to the ground, had a hard-to-detect change.

The heart that was broken into two halves by the broken heart sword suddenly came out with a drop of blood containing great energy. This drop of blood directly rushed to the Dantian of the blood-coated emperor.

Then, the heart of the blood-stained emperor began to heal, and the whole person's physique began to undergo earth-shaking changes.

Ye Xuan in the distance, just to kill all the disciples of the blood-shirt door, while plundering the Qiankun ring.

It is at this time.

"Ok?"

He suddenly felt an extraordinary atmosphere, and immediately turned his head.

This look directly shocked him.

How could it be that the **** man who was killed by him was standing up again?

"I wiped, scams?"

Ye Xuan was shocked.

Even if he was used to the corpse and ghosts, he did not understand why this **** emperor lived again.

It's not a few seconds before the blood-stained emperor died. What happened?

In the middle of the broken heart sword can not die, if not dead, then what is the sound of the super swallowing system?

Random tasks, clearly completed is right!

"Impossible, the blood of the Emperor is dead, my life tree has been advanced, this task has been completed."

Ye Xuan is very puzzled.

However, he can see that this **** emperor has become different, and the atmosphere of the whole person is completely different from the previous one.

"Since you are not dead, then I will kill it again!"

Ye Xuan tightly shook hands in the earthquake, although he did not know what happened to the blood-stained emperor, it was a scam, or **** it anyway.

At this moment, the blood-stained emperor in front of him suddenly stretched his muscles.

"Ah, this is my new body, it doesn't feel so good."

The blood-stained emperor looks like a lazy look.

After hearing this, Ye Xuan, the tiger's body was shocked.

"New body?"

Ye Xuan brows a pick, the brain has not responded for a while, what does this mean?

After the blood-stained emperor finished, he also fell his eyes on Ye Xuan, saying: "Boy, thank you, or I don't know when I can be born again."

Rebirth!

When these two words fell into Ye Xuan's ear, there was something immediately emerging in my mind.

"Reincarnation? Is it not going to break the border?"

Ye Xuan's eyes widened.

The strongmen of the reincarnation can reincarnate, and the strong ones who are not dying can re-grow their blood. This blood-stained emperor is now resurrected. Is it a super-powerful person?

When I heard Zhao Kun said before, he still felt very far away, but now, he has even encountered a reincarnation of a peerless powerhouse. It is a ghost.

"Kid, although you helped me, but you also killed me, this hate, I can not report without blood. You can rest assured, I have a **** clothing, if you can support the next move, I will not I will pay attention to killing."

The blood-shirted emperor slowly said Donga.

"Mo blood clothes?"

Hearing this name, Ye Xuan's brow was picked, and he could be sure that the blood-stained emperor awakened the memory of his inheritance, that is, he was born again.

The **** emperor of the last life, called Mo Xueyi, is also a killer!

Just at the time of Ye Xuan's god.

"call out!"

A blood flashed through, and Ye Xuan's brilliant gold armor was instantly worn, and at the same time, his heart.

"A move has passed. If you don't die, it is your skill. However, before the reincarnation, I only lost one hand."

After the sword was finished, Mo Xueyi turned and left.

Mo blood clothes, blood clothes, the emperor, are all one person, but one is a previous life, one is this life.

Since he is reborn, it is natural to solve some troubles for the blood-stained door. These troubles are naturally the four major families.

At this time, Ye Xuan, who was hit by the heart with a **** coat, was slowly falling from the air.

"噗通!"

The body slammed on the ground and made a muffled sound.

However, Mo Xueyi would never have thought that Ye Xuan, who had penetrated his heart, did not die.

"Don't be a ghost, this Moxie is so strong, I have already broken through, and I don't even know how to shoot him..."

Ye Xuan was lying dead on the ground, and his heart was already shaking.

Fortunately, he has an eternal eye, otherwise the sword is enough to kill him.

The blood-stained emperor and Mo-coat, although the same person, but after Ye Xuan killed the Emperor of Blood, Mo Xueyi awakened the memory and restored the memory of the previous life.

Ye Xuan estimates that this Moxie is at least a peerless powerhouse in the reincarnation, and reincarnation for some reason.

Coincidentally, the reincarnation of Mo Xueyi was actually hit by him.

At the level of Vientiane, it has provoked a superpower of the reincarnation wheel. If it is an ordinary person, the heart has already collapsed.

"Namo blood coat said that he only made one move. If I don't die after a stroke, it is my skill."

Ye Xuan remembered this one thing. This means that if Mo Moe will meet him again in the future, he will not shoot him.

However, see you again, is this possible?

On the blood, I was the strongman of the reincarnation, and there was no warrior connected to the secluded place. He certainly would not stay here.

"It's not good. This is a good time for this **** clothing. I am also waiting for the **** door. Now there is a contradiction between the blood-stained door and the four major families. Wouldn't this be a **** coat to kill the four big families?"

Thinking of this, Ye Xuan's face is a big change.

Falling, but still in Zhao Jiazhong.

Just when he was ready to go empty, the system suddenly prompted.

"Hey, the host triggers the revenge mission, kills the **** coat, the mission has no time limit, and completes the bonus three-point swallowing point!"
