

## Super D. S 1121

Chapter 1121: Eye of charm

"That can't be done. I belong to the Zhao family. Today you killed Zhao Jialai. I can't sit back and watch."

Ye Xuan eyes a glimpse.

"In this case, then I have a reason to shoot you again." Mo \*\*\*\* mouth slightly tilted.

Although Ye Xuan used to be his enemy, as a ace killer, he must abide by the rules he has set.

However, he still wants to kill Ye Xuan, after all, Ye Xuan let him break his own record.

Now, there is finally a reason, so that you can just kill Ye Xuan justifiably, lest you have a demons in the future.

However, just as Ye Xuan's voice fell, he found a familiar figure among the people around him.

"Blood?"

Mo \*\*\*\* clothes surprised, he actually saw the father of the reincarnation of this body.

"Mo Xueyi adults, please also let go, we still have some relationship with the Zhao family, they are willing to take out the key to open the cross-border transmission array."

Blood hurriedly said.

"Close hand?"

Mo blood murmurs, evil smiled: "While you are the father of my body, but you think, so you can tell me what to do? I have to do, no one can intervene, what I want I can take it myself!"

When this was said, Ye Xuan knew that his sneak attack plan could not be successful.

He was originally trying to let the blood force to persuade Mo blood clothes, and then he can carry out sneak attacks. After all, in the face of such an enemy, it is justifiable to use a sinister trick.

But now it seems that this trick will not work!

Mo blood clothing is a reincarnation. Only the parents of the last generation are considered parents. In this world, he does not take them seriously, even if he is dead.

However, not waiting for Ye Xuan to open, this Mo blood coat is again: "Kid, you should use some means to control them?"

"boom!"

This sentence, but I was shocked by Ye Xuan.

The instinct of the killer is terrible. The old killer of the old door of the blood-shirt is to disguise his disguise.

And this Moxie is also a reincarnation, you can see the clue at a glance, and it is really powerful!

"Not bad!"

Ye Xuan does not intend to conceal, because the sneak attack plan has failed, what is the use of concealment?

"This Zhao family, I am going to destroy today. I originally wanted to assassinate one by one and find a touch. Now that you are gathered to come to death, I can only send you on the road."

Mo blood clothes once again showed a cold smile.

As long as Ye Xuan does not shoot, then he can put Ye Xuan a dog, after all, he has his own rules.

However, if Ye Xuan is looking for death, he does not mind cleaning up together.

"Although you are a reincarnation, now, after all, it's just six things in Vientiane. Can you afford to wave?"

Ye Xuan has a win in the face, but this is in the eyes of Mo Xueyi, is a blind confidence.

Mo blood clothes, has already broken through to the six elements of Vientiane, even if the realm is equivalent to Ye Xuan and Zhao's ancestors, but his strength is not a small one.

The atmosphere on both sides is somewhat stiff, and a major war can break out at any time.

At this moment, the Zhao family has been evacuated, and the entire Zhao family can be used as a battlefield.

"Kid, are you sure you want to be an enemy?"

Mo blood clothes still could not help but ask again.

In his eyes, even the long-lived people are ants, let alone Ye Xuan, the boy who has not reached the connection?

Really a newborn calf is not afraid of tigers!

"Do not talk nonsense, shot!"

Ye Xuan is not going to talk to this Moxie nonsense, Mo blood coat is his mission boss, do not kill Mo blood clothes, how to complete the revenge mission, how to get three points to swallow?

After getting Ye Xuan's order, the people around him also blessed the power of Vientiane in Ye Xuan's body. At that time, Ye Xuan was nearly doubled in speed.

This battle is his and Mo blood clothes, only he wants to fight against Mo blood, not their group of people besieged the blood.

"Good boy, I am so ignorant, I am going to be your kid, I will take your body to feed the dog!"

Mo blood clothing was also successfully angered by Ye Xuan, directly shaking hands in the dagger, killing Ye Xuan.

At the same time, Ye Xuan also opened the eye of insight, and swept it.

"Hey, the dark night has been successfully copied!"

"Hey, the host has learned the dark shadows!"

This Moxie is also a reincarnation, which means that there are countless supernatural powers in his mind. At this time, Ye Xuanchong's dark night shadow is a supernatural power.

As a result, Ye Xuan's speed has once again smashed up.

"Mo blood clothes, today, it is the day you re-return, die!"

Ye Xuan quickly plunged to the ground, and then showed the burning eyes and the eyes of the ban on the \*\*\*\* coat.

"Kid, I am a reincarnation. Do you think that a soul attack is useful to me?"

The cold voice of Mo Xueyi floated.

Indeed, the soul of the reincarnation is so powerful that although it is not a peak, it is not the extent that a soul attack can cause damage.

When the voice fell, Mo blood clothes had come to Ye Xuan in front of the ghost, and then raised the \*\*\*\* dagger in his hand, facing the heart of Ye Xuan is a thorn.

The last time he lost his hand, this time in the face of the situation, he can not miss again.

"good chance!"

Mo Xueyi personally plucked, which is a great opportunity for Ye Xuan, because his heart is not the key, even if it is destroyed, it is only internal injury.

However, Mo Xueyi did not know this.

"Let's fall!"

Ye Xuan hurriedly shouted in his mind.

The fall has long been mixed in the crowd. After hearing Ye Xuan's order, he quickly used the eyes of the new learned charm.

A pink infuriating gushing out, a pink demon eye condensed on the top of the falling head.

This pink glamorous eye is aimed at Ye Xuan's back. The next moment, Ye Xuan's soul strength is a big increase, and the power of Vientiane is also enhanced.

"What, the eye of charm?"

When Mo Xueyi saw this enchanting eye, his body trembled and he gave up the attack and then quickly quit.

This scene, even Ye Xuan did not think that this Mo blood coat was scared by the eyes of the charm, and then forced to retreat.

However, Ye Xuan is still not going to miss this opportunity.

"Breaking the sword, kill me!"

Taking advantage of Mo blood clothes has not been far away, Ye Xuan quickly stabbed a sword, directly hit the heart of Mo blood.

"On your attack, I want to hurt me?"

Mo blood clothes slowed down, facing Ye Xuan's attack, he did not care, directly spread the power of Vientiane, and shocked this shock.

Although his soul strength is not the peak, even one in ten thousandth, one hundred thousandth is not, but even so, his power of Vientiane is not something that ordinary people can catch up with.

Chapter 1122: When revenge is in progress

"Hey!"

In a muffled sound, Ye Xuan's broken sword was defeated.

"The reincarnation, it really is not so easy to kill."

Ye Xuan sighed in the heart, only one sentence, only a tentative attack, otherwise he will immediately fill a shadow of the eyes of the silence, killing Mo blood clothes.

But now, the power of Vientiane's Vientiane is extremely powerful, and it is much stronger than Ye Xuan. Ye Xuan wants to break its defense, it is not so easy.

"The effect of the decomposition of the eye is effective, but it is also a card for me. It is necessary to use it when it is sure. If it fails, Mo Blood will be wary."

Ye Xuan thought in his heart.

At the same time, he also did not understand why Mo blood clothes were scared off by the eyes of charm.

"I did not expect that there is still a noble blood of the Fox family here, but also the eye of charm, the little fox, are you also a reincarnation?"

Mo \*\*\*\* look at the face with taboos.

There are two situations in which there are inheritance memories.

First, there are strong people on the ancestors. This is the inheritance memory passed down by the ancestors.

The second is that it is a reincarnation, so it has a memory of inheritance.

However, Ye Xuan knows that the fall is not a reincarnation, because after the awakening of the memory, there is no memory of the last life.

"You guess?"

Falling and laughing and said.

"Oh, it turned out to be not a reincarnation."

Mo blood coat can be determined.

The reason why he is so afraid of the eyes of charm is because before he reincarnation, it is because of this fascinating eye that he is seriously injured. In order to escape the pursuit, he finally reincarnation in the case of last resort.

Now, when you see the fall, you will use the eye of charm, and the hatred of the last life will immediately come out.

"Look up and fall..."

After Ye Xuan noticed the killing of Mo Xueyi, the mind could not help but tremble.

"You two, have already been on my list of murders. Next, let you see the true strength of my blood-shirt!"

When the voice of Mo Xueyi fell, his killing intention was a skyrocketing. This killing sentiment made everyone in the room shocked and feared.

What kind of killing is this, how many people have to kill, can you condense such a killing?

Mo blood clothing Vientiane is sixfold. At this time, even if he does not use the power of Vientiane, relying solely on this killing, you can let the five people in Vientiane can't move.

This alone is not what Ye Xuan can do.

"come on!"

Ye Xuan, no matter how much, directly lost the Zhentian sword in his hand.

Wan Jian returned to the sect!

In the meantime, the Zhentian sword is an incarnation of a thousand handles, and it is plunging toward the \*\*\*\* coat.

"Good tricks, but do you think that you can deal with me?"

Mo \*\*\*\* clothes sneered, his body flashing, plunging directly to Ye Xuan.

As a killer, he pays attention to the one-shot kill, even in the army, you can also take the enemy's first level.

With the strength of the soul such as a high number of people, the power of Vientiane's Vientiane is incomparably strong. After the blessing, he is faster than Ye Xuan.

You know, Ye Xuan has other experts to help.

"come on!"

Ye Xuan sipped a sentence and immediately turned into a golden armor, and stabbed a sword against Mo Xueyi.

"Broken Heart Law!"

This cold man, rubbed the body of Mo \*\*\*\* clothes, in the blink of an eye, Mo blood clothes came to Ye Xuan.

For a killer, the key blow is a compulsory course. Although Ye Xuan wears a brilliant golden armor, but Mo Xueyi is also a peerless assassin. If you can't kill Ye Xuan, it is a wave of fame.

"Kid, it's time to go!"

Mo Xueyi raised his hand and stabbed him against Ye Xuan's head. At the same time, he used Ye's power to bind Ye Xuan.

Compared with the power of Vientiane, Ye Xuan is not an opponent at all, even if there is a blessing of the charm of the eye.

"Hey!"

The dagger easily penetrated the brilliant gold armor and then stabbed Ye Xuan's forehead and pierced it.

The last time, Mo Xueyi thought that he was fighting, but this time, he saw Ye Xuan's head being pierced, this time it is impossible to die.

For Ye Xuan, he has seen a lot of people, all of them are not afraid of tigers, thinking that they are geniuses, they can be proud of the world.

The tasks he has taken are almost all to assassinate these so-called geniuses, even if the realm is higher than him, they will kill.

Compared with these people, Ye Xuan really can't count anything.

Therefore, the mood of Mo blood clothes is very calm, just like stepping on an unremarkable cockroach.

Next, he focused his attention on falling.

Seriously hurting him, forcing him to reincarnate, although not falling, but his resentment is extremely deep, so he wants to kill and let the fox family have one super genius.

However, it is at this time.

Ye Xuan under the brilliant gold armor, the light suddenly flashed twice.

"The Eye of Silence!"

"The eye of decomposition!"

what?

The body of Mo Xue, who was close at hand, was trembled, but he was still caught off guard. Fortunately, he used the power of Vientiane and the invigorating body from the beginning.

"Hey!"

The eye of the silence is extremely powerful. After all, the Tianyan Protoss advanced several times. This attack directly broke the power of Vientiane.

The next eye of decomposition is shot above the right eye of Mo Blood.

"Zizi!"

A subtle voice spread.

I saw that the right eye of Mo Xueyi was dying rapidly, and the airflow generated by the infuriating body was swept away.

In the blink of an eye, the right eye of Mo Xueyi was decomposed, and the entire eye was hollow and very horrified.

This scene, even Mo blood clothes did not expect.

Ye Xuan, who has been judged to be a dead person, why can he attack again?

why?

Mo blood clothes can't figure out, but there is no need for this. Since Ye Xuan is pierced and his head is not dead, then he will explode his whole body.

"Dare to hurt my eyes, all give me to die!"

Mo blood clothes roared in the sky.

The eyes are very important for a killer, but now he is only sixfold, and it is easy to fix.

If he is a reincarnation, losing one eye will require an extremely precious heavenly treasure, because his realm is high.

When the voice of Mo Xueyi fell, there was a surge of energy in his body that seemed to be breaking out.

Ye Xuan, who felt this breath, was extremely gloomy. At such a close distance, he estimated that he would bear all the damage, even the entire week, and it was estimated that it would be destroyed.

"Wan Jian returned to the sect, give me sleep!"

Fortunately, Ye Xuan had already controlled the Zhentian sword to help out. When Mo's blood coat condensed power, thousands of Zhentian swords were all magnified dozens of times, falling like a meteorite.

"Boom!" "Boom!" "Boom!"

In the \*\*\*\* coat of cohesive strength, the breath surging, the earthquake sword can not be close, so it can only be blocked.

Chapter 1123: The power of Mo blood coat

Spirit Swords!

Thousands of great swords of the sky, surrounded by Mo blood coats.

At the same time, Ye Xuan also quickly broke through the void, came to the Lingjian array, and sent it to the pet space.

At the moment when the fall disappeared, Mo Xueyi finally broke out.

A dangerous atmosphere pervaded, followed by a loud bang, the biggest move Ye Xuan ever heard.

"Boom!"

The spirit sword array was directly slammed and collapsed. This explosion is like \*, directly razing the entire Zhao family to the ground.

Not only that, but there are countless lives of the Zhao family.

Although it has already been evacuated before, but Zhao has tens of thousands of people up and down, it is impossible to leave all of them. These people are all blown up by the help of Mo Xueyi.

In addition, the five masters of Vientiane have all fallen, including the \*\*\*\* body of the body of Mo Xueyi.

Even Ye Xuan himself was seriously injured by the shock, and his mouth was vomiting blood.

At this moment, among the horrible pits, only three figures remain.

Mo Xueyi, Ye Xuan and the Zhao family ancestors of Vientiane.

"Do not....."

This Zhao family ancestors, if not Ye Xuan let other people use the power of Vientiane to help them resist, I am afraid it has already fallen.

"puff....."

Ye Xuan couldn't help but spurt a blood, and the face was stunned.

The real thing of Mo Xueyi is too strong. Even the Lingjian array has been smashed and there is no residue left. If there is no Lingjian array, he may have to be smashed, and not only the entire Zhao family. No, destroying the area will at least triple.

This power is at least ten times that of \*!

Looking at the intrepid abyss under his feet, Ye Xuan has no war.

Before the fall and the support of the Vientiane power of more than a dozen strong, he was able to fight with Mo Xueyi, but now, the person he controls is only one of Zhao's ancestors, and Megatron also died in the trick. under.

hit?

Still have a fart!

The reincarnation is not a reincarnation. Even in the case of the same class, Ye Xuan may not be an opponent.

The eye of the decomposition just now is because of the carelessness of Mo Xueyi. If it is played again, Ye Xuan has no chance of winning.

However, it was at the time of Ye Xuan's god.

"Well, you are a hard-working kid, so you don't even die, let me unload you eight, see you still die!"

Momoyi said, it was once again plucked.

Ye Xuan was shocked, ready to break open the void directly, this revenge mission, he can't do it still not?

In the blink of an eye, the ancestors of the Zhao family were tortured by the blood of the \*\*\*\* coat and directly fell.

At the time of the opening of the Void, Mo Xueyi looked at Ye Xuan, who was smashed in the golden armor, and sneered: "Boy, I know that you have a means of escape, you think, in front of me. Use it?"

"Ok?"

Ye Xuan frowned and found that the door of the void that had not been fully opened had already closed.

How can this be?

"I don't want to have a second time, so I won't have a second time, so I'm going to see how you run."

Mo \*\*\*\* clothes sneered, and approached Ye Xuan little by little.

The only way to lock the air is not completely laid, so the eye of the void can still be used, but now the lockout has been arranged, and the eye of the void has no way to open a small mouth.

At this time, Ye Xuan, directly became the shackles of the shackles, can not escape!

Not only that, but he has also begun to regret, why come to find a reincarnation trouble.

Whether it was the big explosion or the lock-up, he had no insight into how the Mo-shirt was used.

The reincarnation is not a reincarnation. Although the realm of Moxie is sixfold in Vientiane, his strength is at least the vitality of Vientiane.

No, Ye Xuan would rather deal with a Vientiane and never want to be an enemy of Mo.

"Kid, what tricks do you have, even if you let me out?"

Mo Xueyi looked at Ye Xuan with that one-eyed eye. His right eye was broken down by Ye Xuan's disintegrating eye. The whole eye was black and holey. It was very shocking.

Ye Xuan is already desperate.

One child is wrong, and all are lost.

It seems that this time, his deity and avatar should be degraded.

The speed is better than the \*\*\*\* coat, and the eye of the void can't be used. His bottom card only has the trick of the Emperor's Promise Sword.

However, even Wan Jian is not worthy of the \*\*\*\* clothes, and what is the use of the Emperor's Promise Sword?

Seeing the face of the dead gray Ye Xuan, Mo blood clothes also continued: "The matter has been here, you can only blame you for getting me, or let me send you on the road."

When the voice of Mo Xueyi fell, Ye Xuan also quickly turned around and left.

As long as he can leave the scope of the lockout, he will have a line upgrade, even if it is a split action, he must also escape.

Mo blood clothes do not know that his eyes are the key, as long as they are divided into two people, Mo blood clothes may think that the other is a beggar, and give up hunting.

In this way, you may be able to minimize losses!

"Just by you, still want to escape my palm?"

Mo \*\*\*\* into a streamer, plunging to Ye Xuan.

Ye Xuan's face was solemnly divided and left and left.

"puppet?"

Mo Xueyi's mind flashed such a thought. He carefully felt it and found that Ye Xuan's deity and the avatar were almost exactly the same.

"Yes, very smart means, although I don't know which one is the deity, it is killing."

Mo blood clothes no longer think about it, chasing the deity of Ye Xuan.

In the blink of an eye, he just caught up with Ye Xuan, then went down with a dagger and stabbed it directly on Ye Xuan's throat.

"Hey..."

Ye Xuan's throat was pierced and blood came out, but this did not make Ye Xuan deadly.

"Nothing to die, come again!"

Mo blood clothes sneered, the dagger in his hands turned into a cold mang, the next moment, Ye Xuan's head was thrown up.

Ordinary people, the head of the beggar must be dead, but Mo Xueyi is now learning, he is going to smash the whole body of Ye Xuan to the bones.

However, it is on the occasion of this millennium.

A very strong breath, suddenly broke into the sensing range of Ye Xuan, at the same time, Mo blood clothes also felt the breath.

"what?"

Mo \*\*\*\* body trembled, ready to explode Ye Xuan's head, suddenly stopped his hand and turned his head.

Far away, a white gold light reflected the eyes of Mo Xueyi, this light is approaching him quickly.

"A strong breath!"

Mo blood coat was shocked.

When he was surprised, this light was already plucking his light.

"Hey, boy, is it a big trouble?"

A childish and childish voice fell into Ye Xuan's ear. This voice, familiar, is very familiar to Ye Xuan.

However, before this light rushed, Ye Xuan knew who it was.

Chapter 1124: Crisis relief

"It's you?"

Ye Xuan suddenly saw the hope, could not help but exclaimed.

The comer turned out to be the mini-Tianlong who had a side in the land of the dead in the past few days.

"You really haven't died yet!"

Mo blood-shirt turned to look at the head of Ye Xuan flying up, raised his hand directly, ready to explode it.

Available at this time.

"Hey!"

A white gold light flashed, and Mo \*\*\*\* body trembled, looking down at his chest and found that it was empty.

This golden light directly blasted his chest to a big hole, and the beating heart was clearly visible.

"Previous and predecessors are forgiving..."

Mo blood clothes panic, he knows that this white gold little dragon has the power to kill him.

He managed to reincarnate and then wake up, but he could not die here.

"If it is not for a particular reason, Grandpa, I have already killed you, and now I am going to get rid of my uncle."

Mini Tianlong cold and cold road.

When this words came out, Ye Xuan was also a brow, and Mo Xueyi almost killed him. Can he leave like this?

However, he was already rescued twice by the mini-Dragon, and the mini-Dragon seemed to be taboo, so he left the blood coat.

Therefore, he is not good at opening!

"Yes, yes, the younger generation will leave!"

Mo blood clothes did not dare to neglect, hurriedly turned around and left, like a fire burnt ass, in the blink of an eye is disappeared in front of one person and one dragon.

Ye Xuan began to repair the flesh, and he looked at the direction in which Mo Xueyi left, flashing a touch of killing.

The revenge mission must be killed by him. Now the \*\*\*\* coat runs, so this task must be delayed for a while.

However, this time, Mo Mo Yi left, he could find the blood coat again.

Even when I saw Mo Blood Clothes next time, the other party's strength is even stronger?

After all, it is a reincarnation!

Therefore, Ye Xuan no longer thinks about it, and turns his head and hugs his fist: "Thank you for the help of the dragon's predecessors."

"I just heard that there is a cross-border transmission array here, I didn't expect you to be here too."

The mini-Dragon also didn't expect to see Ye Xuan again. It swept over and continued: "I can't kill the reincarnation, otherwise there will be a mighty coming. I will be beaten back to the original shape, but I can't compete with this master. I will be miserable by then."

This is true for Ye Xuan, although he can't understand it, but he can survive because of it. It is a blessing in misfortune, so he naturally can't ask too much.

"The dragon's predecessors are serious. This time, thanks to the predecessors, I will die."

Ye Xuan once again thanked him.

This mini-Dragon has saved him twice. He is thinking that if there is an opportunity in the future, he must return these two personal feelings.

"It happened to pass by, come and come, give me some blood, and drink before." Mini Xiaolong extended a small claw.

"no problem!"

Ye Xuan said nothing, it is to pour out the blood bottle from the swallowing space to the mini dragon.

I have to say that his luck is really good. If the dragon egg hatch uses his blood, let him have a blood connection with this mini little dragon, otherwise he will be miserable.

Mini Xiaolong holds the blood bottle with two claws. After drinking a few mouthfuls, he can't help but sigh: "Not bad, your blood has improved a lot. Is it better for your kid to follow me back to life?"

"Life is holy?"

Ye Xuan brows one pick, said: "Long predecessors, is this what you built?"

"No, but even if the Sovereign of the Emperor of Life saw me, he had to shout a predecessor." Mini Tianlong said faintly.

"Where is this life saint?" Ye Xuan asked again.

"The holy land of life, but it is a little far from here. The little girl of the glass actually took me to the holy land of Penglai and was trying to kill her."

When I mentioned the glazed fairy, the mini-Dragon was the appearance of the claws, and I wished I would turn the glass fairy a hundred times.

At this time, Ye Xuan thought of the words of the mini-Dragon, the latter seems to go to the dawn of the Holy Land.

"Then, the dragon predecessors are going to the Twilight Holy Land, and then use the cross-border transmission array to go to the holy place of life?" Ye Xuan asked.

"Yes, how, do you want to go to the holy place of life with me, just follow me, you can break through to the realm you can't imagine in the future." Mini Tianlong answered.

Unimaginable realm!

Although this is very tempting, from the Twilight Holy Land to the life of the Holy Land, the path of the Holy Land, the road is far away, the unit is calculated in years.

However, Ye Xuan still has more important things to do, that is, to smash the yin and yang ancestors, rescue the Song Dynasty and the Song ruling, so it is impossible to follow the mini-Tianlong.

"Predecessors, sorry, my wife was taken away, I can't leave."

Ye Xuan directly refused.

The mini-Dragon was feeling an accident and asked: "Oh, who was caught?"

"A person named Yin and Yang's ancestors." Ye Xuan replied: "Is the dragon predecessor heard?"

"I haven't heard of it, it doesn't sound like a good thing." Mini Tianlong shook his head.

Ye Xuan feels normal.

This mini-Dragon, but even the reincarnation of the \*\*\*\* clothes are fearful existence, the peak period is definitely higher than the reincarnation.

The yin and yang ancestors, in Ye Xuan's estimate should be Nirvana or long-habitat level, the gap is too big, and the mini-Dragon has never heard of it is justifiable.

"If the dragon's predecessors want to go to the Twilight Holy Land, I know where the cross-border transmission is, and the yin and yang ancestors who took my wife are also in the Shuguang Holy Land."

At this time, Ye Xuan opened the door again.

Although the eight major families have blocked the cross-border transmission, at least four keys are needed.

However, with Ye Xuan's current realm, you can directly break through the blockade and use the cross-border transmission array.

"Oh, yes, that's just right, save me to find it myself." Mini Tianlong said, he wanted to let Ye Xuan take it with him.

Ye Xuan paused.

Now the revenge mission has not been completed, but he will not be able to find a \*\*\*\* coat for a while, and he will not beat the latter.

And Mo Xueyi is afraid of him, is a mini Tianlong, so this revenge mission is estimated to hang.

"The predecessors of the dragon said that they can't kill this \*\*\*\* clothes for the time being, so I am afraid that this task can only be given up."

After sighing in the heart of Ye Xuan, he said: "Long predecessors, I will take you to cross-border transmission."

"Okay, go!"

The mini-Dragon didn't say anything, but he grabbed the shoulders of Ye Xuan directly with the dragon claws. In the meantime, the two of them turned into a streamer and left the sky.

Now, Ye Xuan is also the time to leave the Penglai Holy Land, there is a mini Tianlong escort, even if you give the \*\*\*\* clothes ten courage, do not dare to come to find Ye Xuan trouble.

However, Ye Xuan at this time has forgotten a little, Mo blood clothes, originally also to go to the dawn of the Holy Land.

#### Chapter 1125: Twilight Holy Land

Ye Xuan is in charge of guiding the way, mini Xiaolong is responsible for leading the way. At this time, Ye Xuan understands the power of the mini little dragon.

The speed of this mini dragon is so fast that he feels fear, and he does not know how many times the speed between himself and the mini dragon is different.

He estimates that the mini-Dragon is at least level of access.

This mini-Tianlong was previously returned to the original shape by the glass fairy. After hatching, he found Ye Xuan, and also scared away the eye of death.

Ye Xuan is also in the heart can not help but guess, this mini-Dragon is exactly what level of the heavenly beast, when born is Vientiane or through the secluded, it is terrible.

Within half an hour, under the guidance of Ye Xuan, the two finally came to the cross-border transmission array.

This cross-border transmission array is built in a palace on the ground. If there is no guidance from Ye Xuan, even if Mini Tianlong wants to find it, I am afraid it is not so easy.

Before Ye Xuan was inquired about the cross-border transmission array, from this cross-border transmission array, to the Twilight Holy Land, it needs to consume 200,000 soul spar, and it is still a single fare.

One person and one dragon need four hundred thousand soul spar, which is nothing for Ye Xuan. But in order to fight against Mo's blood suit, he spent all his savings, so he couldn't get it.

Fortunately, there are many good things in the mini-Dragon. The soul spar is more and more countless, so don't worry about the cost.

The mini-Dragon came out of the palace and grabbed it directly, and opened the guardian gate of the cross-border transmission.

Ye Xuan hurriedly followed, and then he saw a wonderful array of hundred meters.

"Kid, what else do you have to do? This transmission array is one-way. If you want to come back, you have to find other transmissions."

The mini dragon floated to the center of the cross-border transmission array and turned to Ye Xuan.

The two holy places are far apart, and this cross-border transmission array is one-way. If Ye Xuan is sent to the Twilight Holy Land, it will not be so easy to return, even if it is the eye of the void.

"never mind!"

Ye Xuan shook his head.

However, there is a regret in his heart, that is, he did not kill Mo blood clothes, but also caused the destruction of the entire Zhao family.

"Since it's okay, let's go!"

The mini little dragon takes out some soul spar and then directly pushes the cross-border transmission array.

"Calling!"

In the cross-border transmission array, a strong wind suddenly struck, and the entire transboundary transmission array began to rotate.

Ye Xuan stared at it and found that things around it began to disappear a little, and finally only saw the rotation in the array.

Above the head is a starry sky, I don't know where it is.

After ten seconds, those things reappear, but they are no longer the ones before, but they are completely new.

At this time, he has left the Penglai Holy Land and came to the Twilight Holy Land.

"Okay, it's over."

The mini little dragon was used to drifting over and said: "Kid, I am optimistic about you, you really don't want to be with me?"

"Long predecessors, your kindness is my heart, but I still have a big hatred..."

Ye Xuan refused again.

"Not bad, heavy feelings."

Mini Xiaolong nodded with satisfaction, then extended his dragon claws and pulled a piece of platinum scale on himself and handed it to Ye Xuan.

"This dragon scale is for you. You can come to me in the future." Mini Xiaolong said to Ye Xuan.

"Thank you for your predecessors!"

Ye Xuan took over this white gold dragon scale, he knows that this is the token that the mini dragon gave him.

"Well, my uncle, I have to go, wait for me to return to the life of the saints, restore the peak strength, I must find the glass little girl to count this account!"

The mini little dragon roared, and even if it turned into a streamer, he left the transfer palace and disappeared without a trace.

Ye Xuan looked at the back of his departure and fell into meditation. He had to plan the next thing.

Now that Mo Xueyi escaped, he could not kill Mo Blood, so the revenge mission failed. And he has also been transferred to the Twilight Holy Land, then the next is to find the news of the yin and yang temple.

"Right, Mo Xueyi was a man of the Twilight Holy Land, and he will come to the Twilight Holy Land."

At this time, Ye Xuan suddenly remembered this matter.

Since Mo Xueyi is the person of the Twilight Holy Land, then, Mo Xueyi may also use the cross-border transmission array to transmit to the Twilight Holy Land.

"Hurry up, now the dragon's predecessor has left. If I come across this \*\*\*\* coat, it is absolutely dead!"

Ye Xuan hit a chill.

When he first arrived, he didn't know anything about the Twilight Holy Land. Therefore, after he left the landing of the cross-border transmission, he just found a direction to leave.

The yin and yang ancestors, at least in his estimation, are masters of Nirvana, and even long-lived. Therefore, Ye Xuan's current strength is far from enough, but he still feels that he should first inquire about the news.

He ran in one direction, and ten minutes later he saw a small town.

No, it should be a mountain villa.

This mountain village seems to be bigger than the Zhao family. After Ye Xuan saw it, he immediately swept it. He had to figure out which part of the Twilight Holy Land is now, and then asked if he had heard of the Yin and Yang Temple.

However, after he was close, he discovered that there was a big event.

"Ah, don't kill me..."

"Forgiveness, forgiveness..."

"Blood butcher, you will not die!"

Cry and roar, falling into Ye Xuan's ears.

"what happened?"

Ye Xuan stepped in a foot and stared at it and found that there was a battle in this villa.

No, it should be a massacre!

Dozens of people rushed into this mountain village, killing them wildly, even women and children.

"Is it a robbery group?"

Ye Xuan immediately responded.

In order to be on the safe side, he slowly leaned on the past and first felt the other side's realm.

He plundered outside the villa, and with the eyes of perception and spiritual knowledge, he felt that there were many masters of Vientiane in the mountains, and others reached the seven-fold situation in Vientiane. One of them was still eightfold in Vientiane.

Unexpectedly, even a robber group here is stronger than the \*\*\*\* door. It seems that he is coming to a more advanced place.

"Now my sword is going to be cooled, but I still have the Emperor's Promise Sword, and Megatron is the Seventh of Vientiane, plus those in the Villa, there is nothing wrong with it."

Ye Xuan thought for a moment, and even if he was holding a shocking sword, he rushed in.

Although he has done the work of robbing his family, he occasionally helps one or two times. Of course, his main reason is that his strength is too weak and he must be promoted as soon as possible.

He sneaked in, and with the eye of perception, he locked in dozens of powerful people.

Chapter 1126: Blood butcher

"Broken Heart Law!"

Ye Xuan is close to a six-strong robber in Vientiane and is directly stabbed by a sword.

In the case of the same level, no one can stop him.

At that time, Jianmang was immersed in the back of the robber and tore his heart.

Then, Ye Xuan immediately passed, and collected his Qiang Kun and his body.

"Haha, it's a robber, it's very rich."

Ye Xuan couldn't help but laugh.

This six-strong robber in Vientiane, the thing in the Qiankun ring is worth at least a million soul spar. After he has swallowed all these things, the cultivation is a great deal.

Then he quickly swept out and continued to kill these robbers.

These robbers, all of them are shirtless, wearing only a red shoulder armor. On the way to kill these robbers, Ye Xuan also learned that they are called the blood squad, and the head is called Xue Tu, which is the name. Vientiane master of Vientiane.

The name of this villa is Hujiazhuang, and Zhuangli is the master of the three Vientiane.

This Hujiazhuang and the blood-slaughter robbers have great disparity. If Ye Xuan does not intervene, it must be destroyed.

On the way to killing the robbers, Ye Xuan also felt that there were several masters fighting in the distance, all of which were the existence of Vientiane.

However, Ye Xuan did not immediately rush to join the battle, but first killed the six-strong robbers in Vientiane.

"Ok?"

A strong man in the distant air battle felt strange, turned his head and saw that his brother was missing. He looked at it with distraction and finally found Ye Xuan.

"The second child, there is a thorn in it, to kill him."

The strong man said to a refined man, he regarded Ye Xuan as a hidden master in Hujiazhuang.

"it is good!"

The elegant man clenched his sword and suddenly swept out.

"Kid, dare to kill my brother, find death!"

The elegant man swooped forward, and the long sword pointed to Ye Xuan's head.

"A Vientiane is seven heavy, just right, take your knife!"

Ye Xuan eyes a glimpse.

With his strength, it is easy to kill this refined man, but the head of the blood squad robber group is a savage, so he is ready to control this refined man, when it is used to sneak into the blood.

"The Eye of Burning!"

"The Eye of the Illusion!"

Ye Xuan rushed to use the soul attack.

"Good guy, still know the soul attack, find death!"

The elegant men's feet stepped in the air two steps, came to Ye Xuan, and then stabbed a sword.

Under his long sword, there are even a lot of dead souls in Vientiane. What is more, Ye Xuan is only a Vientiane?

However, Ye Xuan is not an ordinary person.

"擒龙手!"

Ye Xuan took a nap and directly squatted the handsome man, then punched him in the chest of a refined man.

"puff!"

The elegant man spurted a blood.

His soul strength is similar to that of Ye Xuan. Only when the sword did not kill Ye Xuan, he actually failed.

"Hey, take control of success!"

When the system prompts to sound, Ye Xuan also sneaked a glance and found that the blood butcher did not look over.

"Hey!"

The refined man quickly smashed the dragon's hand and then stabbed it into the heart of Ye Xuan.

"Oh!"

After a crisp sound spread, the elegant man was left with the triumph of Ye Xuan.

The blood slaughter singled out the three masters of the three major Vientiane scenes. When the Confucian man returned, he was already killing the seven masters of the three major Vientiane scenes in Hujiazhuang.

"Haha, second brother, you are one step slower."

The blood screamed loudly.

For the strength of a refined man, blood butcher is still very confident, killing a Vientiane six is simply a small meaning.

However, he did not find that the eyes of the refined man at this time were somewhat wrong.

"Big brother, is it still the old rules?"

The elegant man asked with a long sword.

"Yes, all are slaughtered, one is not left!"

The blood was ordered.

The entire Hujiazhuang population of tens of thousands, but the blood butcher is a killer, the human life is not as good as a delicious barbecue for him.

At this time, Ye Xuan has already smashed more than a dozen people, leaving nearly 20 vicious thieves in Vientiane.

However, he is now focusing on the blood butcher, as long as the \*\*\*\* kill is killed, then the rest of the people are not enough.

He quietly leaned toward the blood, and the robbers on the road were all controlled by his eyes.

"I heard that this Hu Jiazhuang found a Lingquan underneath. Second brother, remember not to kill all the light. Ask the entrance."

The blood butcher suddenly said to the refined man.

"Okay, big brother."

The elegant man nodded his head and waited until the blood was turned and ready to kill other people in Hujiazhuang. He immediately shot.

"call out!"

A sound broke through the air, and a gentleman's sword stabbed into the back of the blood butcher.

"what?"

The blood butcher's reaction was fast, avoiding the key, so there was no immediate fall.

But what he didn't understand was that he had followed his ten-year-old righteous brother and even shot him. Why?

"Hey!"

Still not waiting for the blood to fight back, the refined man is a real gas, detonated in the blood of the body, this blow directly caused the blood to be seriously injured.

The blood was so angry that the power of Vientiane sprang out and directly forced the sword out, and then a pair of big hands greeted the face of the refined man.

"Dare to betray me, you are looking for death!"

A Vientiane is eightfold, and a Vientiane is sevenfold.

The elegant man was instantly smothered by blood and spurted a blood.

The blood butcher did not win the pursuit because he wanted to ask the refined man why he did it.

Available at this time.

The \*\*\*\* mass of the disorder of the internal environment suddenly felt a painful heartbreak.

Spiritual attack!

The blood mass immediately reacted, but he knew that his second brother would not have such a means, so naturally it was someone else.

"call out!"

A broken voice fell into his ear, and he turned his head and saw that he had a long sword on his right hand and shot at him. At the same time, there is a man in the left hand who wears a gold armor.

"Golden insects, give me a roll!"

The blood screams loudly and screams at Ye Xuan.

"Blood burst!"

"Golden Dragon Hand!"

Ye Xuan was also caught in the void, condensing a golden hand and blocking the blow.

With the six-fold realm of Vientiane, blocking the full strength of the eight powerful players in Vientiane, Ye Xuan's strength is not bad.

Now, the blood butcher of the head of the blood massacre is besieged on three sides. Although his realm is high, it does not help.

"Second brother, why are you betraying me? Is it because you want to take my head and change the reward?"

The blood-scarred man looking at the rude man who was rushing toward him could not help but violently shouted.

He is also notorious in this area. The blood-scarred bandit group he established has no fixed place, and wherever he goes, the reward is particularly high.

Chapter 1127: solve

Blood Tu believes that the refined man wants to kill him, and then take his head to change the reward. At that time, the refined man is a big master and continues to lead the \*\*\*\* robbers.

However, he was wrong.

The elegant man did not answer this question. He only used the power of Vientiane to bless the body of Ye Xuan. At that time, Ye Xuan's speed was skyrocketing.

"Hey!" "Hey!" "Hey!"

Ye Xuan ran wildly, attacking the blood butcher, relying on the blood of the \*\*\*\* of life, he continued to use supernatural powers, including the blood explosion fists used by the \*\*\*\* butchers.

"Damn, what are you doing?"

The blood slaughter was besieged by the three parties, and it was immediately violent.

This is naturally said to the group of robbers underneath, but he did not know that when Ye Xuan plunged into the sky, he controlled all the remaining 20 robbers.

These robbers are not only onlookers there, but also use their own Vientiane power to bless Ye Xuan.

At that time, Ye Xuan's speed was once again skyrocketing.

Unfortunately, this battle is in the air. If it is on land, Ye Xuan's speed will increase by 90%. If this is the case, the bloodsucker may have been smashed into the head.

However, even if the battlefield is in the air, the blood butcher will not live long.

"Damn, my blood slayer is going to die in this place, I am not willing!"

The blood snarl roared in the sky, and he used the magical power to resist the attack of Ye Xuan many times. The infuriating energy was exhausted.

"Huh!"

Ye Xuan saw that the blood butcher was already at the end of the strong, once again hit a punch in the blood.

Blood bursting!

The fist shadow broke away and slammed into the blood butcher.

Suddenly, the blood on the bloodsucker was boiling, and then the whole person burst open and turned into a \*\*\*\* fog. Countless pieces of meat fell from the air and a \*\*\*\* rain fell.

The \*\*\*\* butchery of Vientiane, died!

At the moment, Ye Xuan is swiftly rushing past, and the \*\*\*\* sacred ring and the first level will be collected into the ring.

"Not enough to break through, still a little!"

Ye Xuan slightly frowned, immediately ordered other robbers to turn things over.

"Hey, the host breaks through, and it is currently the seventh in Vientiane!"

"Hey, Megatron breaks through!"

Two consecutive system prompts, so that Ye Xuan could not help but reveal a smile, at the same time, his mind also flashed an idea.

"Would you like to go back to the location of the cross-border transmission array and ambush the blood?"

This plan is not infeasible.

However, Mo Xueyi was hit hard by Mini Tianlong, and definitely want to find a place to treat.

Moreover, although he is a twilight holy land, he does not have to return to the Twilight Holy Land so quickly. He may first find materials in the holy land of Penglai, and then refine the blood and golden dan, and then come back to the secluded environment and then come back.

Therefore, this plan of ambushing Mo Xueyi was immediately thrown away by Ye Xuan.

After killing the blood butcher, Ye Xuan directly stabbed the twenty swords and killed all the remaining robbers, leaving only one elegant man of the Vientiane and another robber.

At this moment, Hujiazhuang was ruined everywhere, and thousands of people died.

The robbers of these blood-slaughter robbers, killing people without blinking, are indiscriminate attacks after they have entered Hujiazhuang, and they still use a wide range of magical powers.

The entire Hujiazhuang was destroyed by most of it.

But compared with the huge pit caused by Mo Xueyi, it is really a witch.

"On the day of the Zhao family's mouth Lingquan, has been bombarded by Mo blood clothes, only blood butcher said that there is a Lingquan under the Hujiazhuang, estimated to be higher than the Zhao family."

Ye Xuan thought about it and immediately glanced at it.

There are still a lot of people around Hujiazhuang, so he directly controlled a six-person person in Vientiane.

"The disaster in your Hujiazhuang has been resolved by me. I am not arrogant, as long as you tell me where the entrance to the Lingquan is?"

Ye Xuan said to the master of Hujiazhuang.

"The owner please come with me!"

The master of Hujiazhuang directly took Ye Xuan and came to an inconspicuous corner of Hujiazhuang. The entrance to Lingquan turned out to be a well.

"Very good, Hu Jiazhuang, you can arrange it yourself."

Ye Xuan did not say anything, it was with a refined man and another person plundered into the well.

There is a hole in the hole, Lingquan is in it, and there is a special array of methods to control the strength of the heavens and the earth.

Ye Xuan felt it a bit and found that although this Lingquan was smaller than Zhao's, the quality was twice as high as Zhao's.

"Unfortunately, this Lingquan was born through the cycle of heaven and earth. When you take it away, you will lose your aura."

Ye Xuan shook his head helplessly, and then released the fall from the pet space.

"Yeah, there is plenty of strength in the world."

The fall has just appeared, and the beauty is a bright light. If you cultivate here, you will get twice as much as the Zhao family.

Then, Ye Xuan is handing over the treasures of the Tiancai that he left behind.

"In three days, I can break through to Vientiane six!"

Falling and patted his little chest and said.

"Okay, then you should practice first."

Ye Xuan is satisfied with the nod.

Now he is only a seven-fold situation in Vientiane. After three days, he can break through to the six elements of Vientiane. When he is in the eyes of charm, he will increase the strength of his soul. His strength is in Vientiane and he is estimated to be hegemonic.

In order not to disturb the fall, Ye Xuan also came to the side with a refined man.

This elegant man is regarded as 'abandoning the dark and confessing', and is controlled by Ye Xuan. The latter's reason for accepting him is also to ask some things.

"Have you heard of the yin and yang temple?"

Ye Xuan opened the door and asked.

"No!"

The elegant man shook his head directly without any hesitation.

Sure enough, this answer, Ye Xuan's heart is already expected.

The yin and yang temple is at least the power of the Nirvana level. The yin and yang ancestors are at least the nirvana, and even the longevity. With a disciple under the door, you can sweep countless forces.

The elegant man is only seven in the world, and it is normal to have never heard of it.

"Then you are here to keep falling, if you can't keep it, you will commit suicide."

Ye Xuan gave the order to the elegant man.

Next, he will leave Hujiazhuang and go to the nearby city to get something, but the fall is inseparable, so he can only let this elegant man guard.

However, he has positioned it once here.

The three masters of the three major Vientiane scenes in Hujiazhuang were all killed. The Vientiane, which was controlled by the outside, also had some status in Hujiazhuang. Now there are only three Vientianes in the entire Hujiazhuang.

In addition, the estimation of the fall will soon break through to the four elements of Vientiane, so there will generally be no problem. Even if there is, the fall can also be voiced to Ye Xuan, and then the latter immediately breaks through the void and comes back.

Ye Xuan returned to the land with another six-strong robber in Vientiane. The former then informed the robber of the cross-border transmission and let him go.

Chapter 1128: Treasure Map?

If Mo Xueyi came to the Twilight Holy Land and saw this roadblock robber, he should not hesitate to kill. At that time, Ye Xuan will know that Mo Xueyi is coming.

Soon, Ye Xuan left Hujiazhuang and went to a nearby main city.

With his ability, there are too many channels to upgrade. At present, he has broken through to the seven-fold situation in Vientiane, so he has to break through to the eight-fold situation in Vientiane.

In this way, you may be able to complete the revenge mission!

However, it was shortly after he left.

"Ok?"

Ye Xuan, who was rushing to the main city, suddenly felt something, and the brow couldn't help but pick it.

There is a person controlled by him, dead!

"It is the head of the blood mass regiment!"

Ye Xuan's eyes widened.

The head of the blood mass regiment, the elegant man, Ye Xuan let him stay in the well, but now he is dead.

In Hujiazhuang, no one can kill him, so he must be a foreign person and kill him.

This elegant man is at the wellhead, and now he is dead, then the fall may be dangerous.

"The Eye of Void!"

Ye Xuan said nothing, the moment is to break open the void, directly transmitted to the side of the fall.

Just right, someone came down from the well.

At the same time, the fall is just a breakthrough to the four elements of Vientiane.

"Young master, how come you are back?"

Falling down and asked with a smile.

"Someone killed the head of the blood mass group." Ye Xuan replied faintly.

At this time, one person caught his eye.

This is a middle-aged man in black, his face is as calm as water. After seeing Ye Xuan, he can't help but pick a brow.

"Not a blood butcher?"

The middle-aged man looks a little surprised.

"who are you?"

Ye Xuan opened the door and asked.

"Who are you?" The middle-aged man asked a question.

The atmosphere suddenly became stiff.

Although the middle-aged man deliberately suppressed the breath, after all, he secretly sneaked in, but Ye Xuan can still feel it. This man is a master of Vientiane.

"Is it the three heads of the blood mass regiment?"

Ye Xuan's mind suddenly flashed such an idea. However, if the middle-aged man in front of him is the head of the blood mass group, why did he give the elegant man?

"If you want to find a \*\*\*\* butre, ask Hu Jiazhuang to go. The blood butcher has been killed by me."

Ye Xuan took the lead to say.

"Have you been killed?"

The middle-aged man is very surprised, because he feels that Ye Xuan is not as heavy as the Vientiane, and the blood and the murderer are outside, and he has been killed by him with the rank of warrior. What is the ability of Ye Xuan to kill the blood?

However, he thought of the head of the blood mass regiment, so he immediately understood that it seems that the blood butcher died from a sneak attack.

"Is the blood-stained thing on you?" The middle-aged man asked again.

"This question, why should I answer you?"

Ye Xuan's heart trembled and blinked.

He suspected that there should be something in the relics of the blood slaughter that was seen by the middle-aged man.

"I wanted to spare you a life, but you don't know how to cherish it. If so, then I will kill you."

The middle-aged man said nothing, directly killing Ye Xuan.

Vientiane is eight-fold in dealing with Vientiane. In accordance with common sense, it is hand-to-hand.

However, when the object is Ye Xuan, it cannot be followed by common sense.

"If it was before, I would have to avoid three points, but now I have broken through, just because you want to kill me?"

Ye Xuan screamed in his heart, his hands slid out together, his left hand became a claw, and his right hand made a fist.

"擒龙手!"

"Blood burst!"

This middle-aged man thought that Ye Xuan was bullied, but did not expect Ye Xuan to be able to display two kinds of magical powers at the same time. The strength might not be the same.

Not only that, but his heart is even more burning.

Soul attack!

Ye Xuan was actually single-minded.

He endured the pain, easily avoiding the dragon's hand and \*\*\*\* fist, then plundered in front of Ye Xuan, and then stabbed a sword.

But how could he think that Ye Xuan deliberately let him come over?

"Oh!"

The long sword pierced the heart of Ye Xuan, and at the same time, Ye Xuan also blasted another punch.

"Blood burst!"

"Hey!"

Ye Xuan punched the middle-aged man's chest. The next moment, the middle-aged man's blood was boiling, and his body burst open and blood was sprayed.

For Ye Xuan's strength, he is really shocked. If this \*\*\*\* fist is stronger, I am afraid he can kill him.

However, he would never have thought that Ye Xuan, who had pierced his heart, could still reveal a strange smile.

"The eye of control!"

"Hey, take control of success!"

At the moment of slackness, the middle-aged man was directly taken in by Ye Xuan, and was thus controlled and became the servant of Ye Xuan.

"who are you?"

While the middle-aged man was being controlled, Ye Xuan also asked.

"Liu Yue, bounty hunter, has been chasing the \*\*\*\* robbers for half a month." The middle-aged man answered Dong A.

"Bounty hunter..."

Ye Xuan murmured.

The blood-slaughter bandit group is notorious, so many cities and towns are in the \*\*\*\* night. This bounty hunter is the one who takes these overnight missions.

However, Ye Xuan does not think that this Liu Yue is simply to kill the blood.

"You look for blood butchers, not just for the rewards?" Ye Xuan asked again.

"Yes, I heard that Xue Tu has a treasure map, so he took the reward task." Liu Yue nodded and replied.

"What is the treasure map?"

Ye Xuan suddenly came to the interest and couldn't help but ask.

At the same time, he is also searching quickly in the swallowing space to see if there is a treasure map that Liu Yue said.

At this time.

Liu Yue suddenly took out a piece of sheepskin and handed it to Ye Xuan.

"Do you have one yourself?"

Ye Xuan was a little surprised. After taking a look at this sheepskin roll, I couldn't see a clue.

"Yes, this sheepskin roll has three in total, one for me, one for blood, and the other for the city of Leiguang."

Liu Yue nodded.

"Leiguang City Lord..."

Ye Xuan brows a pick, only the city he wants to go to, is called Lei Guangcheng.

"I wanted to kill the blood butcher, and then I took the head of the blood butcher to the city of Leiguangcheng and cooperated with the city of Leiguangcheng." Liu Yue continued.

"It turns out!"

This leaves Ye Xuan understand, but he still does not understand, he asked: "What are the treasures of these three treasure maps?"

"I don't know very well, so I want to exchange rewards for the city of Leiguangcheng, or to take a position in the city government."

Liu Yue shook his head and said.

He is only eightfold in the world, and Lei Guangcheng is the top powerhouse of this film. It is said that it has already broken through to the secluded environment, so he wants to do things under the hands of the Leiguang City.

"okay, I get it."

Ye Xuan nodded, even if he took this Liu Yue's Qiang Kun ring off, took all the things inside.

Chapter 1129: Thunder castle

Since the head of the blood mass regiment was killed by this Liu Yue, then Liu Yue replaced him and became a falling bodyguard. A Vientiane is sevenfold, a Vientiane is eightfold, and the level of bodyguards is improved.

Ye Xuan is also relieved, this time, he just can go to Leiguang City to try.

This Leiguang City, some distance from Hujiazhuang, even if Ye Xuan is on the road, it will take more than two days.

It's just that the cooling of Wan Jian's return to the sect, so he also has the confidence to talk to the Leicheng City Lord.

However, after a day, his footsteps could not help.

"The robber who was sent by me to cross-border transmission sites, is it dead?"

Ye Xuan's eyes widened.

From Hujiazhuang rushed there, at the speed of the robber, at most an hour, now a day has passed, so the robber was killed in a hundred and nine.

After all, not everyone can find a cross-border transmission array, and no one can come up with 200,000 soul spar, not even anyone, want to leave home and come to the Twilight Holy Land.

"Mo blood, are you finally here?"

Ye Xuan looked at a certain direction and revealed the murder.

Nowadays, it appears from the mini-Dragon, only less than two days have passed. This Mo-shirt has come to the Twilight Holy Land, and it is really chasing after it.

However, Ye Xuan is more regrettable that he does not know what the realm is.

On the same day, Mo Moyi, Vientiane was sixfold, but it was the group of Ye Xuan who played close to the group, and Ye Xuan was almost killed.

Now Ye Xuan is sevenfold in Vientiane, but he still has no confidence in killing Mo Xueyi. However, as long as he breaks through the eight or nine weights of Vientiane, he may succeed.

"Mo Moyi is a reincarnation, but the \*\*\*\* door has been destroyed by me. His \*\*\*\* Jindan has not been refining successfully. As long as I continue to break through, I will have the opportunity to complete the revenge mission!"

Ye Xuan thought in mind, it was to speed up the pace and go to Leiguang City.

Leiguang City, this city in the Shuguang Holy Land, is also an inconspicuous one, but also several times larger than Jin Yancheng.

Ye Xuan spent more than two days and finally arrived in Leiguang City shortly after the cooling of Wan Jiangui.

At the moment, he is heading towards the city government.

In his Qiankun ring, there is the blood level of the first level, and the head of the blood group of the second group, this can be exchanged for thousands of soul spar.

As for the two treasure maps, he estimates that he can exchange a good reward.

The reason why Liu Yue knew that the owner of Leiguang City had the third treasure map, it was because the owner of Leiguang City issued a notice.

If there are two other people, you can come to him to cooperate, or sell the treasure map to him.

Liu Yue said that the reputation of the city of Leiguang City is still good, so Ye Xuan is not worried about anything, and goes directly to the city government.

This Leiguang City is very strong, and the road is a master of Vientiane. The Vientiane is six or seven.

Ye Xuan is also welcome, directly disguise it, and then in the past will control all of the seven elements below the Vientiane.

The blood-slaughter robbery group, killing people and robbing money, is notorious.

Although Ye Xuan also robs money, but does not kill people, it is also a steal.

Unfortunately, his eye can only control twenty-five, and it is more casual. After all, he did not kill these people.

Soon, he found the city government.

"Who is here?"

When Ye Xuan came to the city's main government, there was a guard who stopped him.

"I came to complete the reward mission, blood butcher, and his second brother Zhang Hang!"

Ye Xuan said nothing, directly took the first stage of the blood butcher.

"Blood butcher?"

When this name falls into the ears of these people, it also makes them feel trembled.

The captain of the city's main government is eightfold in Vientiane. He feels that Ye Xuan is nothing but a Vientiane. How is it to kill the blood?

However, if you are so young, you will break through to the eight-fold situation in Vientiane. Maybe it is a genius cultivated by a big force.

"Come on!"

The captain hurriedly took Ye Xuan into it.

The blood of the murderer is outside, but it is not the highest on the list. He is only ranked fifth. In front of him, there are four more horrible wicked people.

These four wicked people are all masters of the Vientiane, and no one has been able to smash their heads.

At the same time, it is only when these four tasks are completed that it is possible to get the interview of the city owner.

Therefore, the reception of Ye Xuan is only the general manager of the city government.

"The general manager, someone has completed the reward mission to kill the blood butcher!"

The \*\*\*\* captain took Ye Xuan into the city's main house and then went to a large house.

When Ye Xuan was close to the city's main government, his perceptual eye was already sensing a lot of strong people. There were more than a dozen in the eight-dimensional world, and three in the Vientiane.

One of the breaths is even stronger than the sum of the three Vientianes.

Passing through the sea!

Presumably, it must be the owner of the city of Leiguang.

At this time.

"Hey!"

The courtyard door was opened, and a gray-haired old man came out. He looked at Ye Xuan strangely and said: "Are you completing the blood-threat reward mission?"

"Yes!"

Ye Xuan nodded and immediately lost the two first-level heads.

The head of the city's main government is also a nine-time master of Vientiane. He carefully examined it and found that the two first-level officials were indeed blood butchers and their second brothers.

"Good, these two guys are finally in a hurry."

The head of the city's main government was satisfied with the nod, saying: "Those tasks add up to reward a total of 13 million soul spar. However, if the little brother has the \*\*\*\* fist of the \*\*\*\* self-understood, I can spend seven million soul spar."

"Blood burst?"

Upon hearing this, Ye Xuan's brow was picked. He had already transcribed this \*\*\*\* fist with the insightful eye, so he earned seven million soul spar.

"This \*\*\*\* fist, I have already written it down, I can copy it down without a word."

Ye Xuan said nothing, directly took out the paper and the pen, and began to transcribe the blood explosion on the paper.

In less than a minute, Ye Xuan copied it and handed it over to the head of the city government. As the master of the Vientiane World, the head of the city government has the eyesight to distinguish the true and false of this \*\*\*\* fist.

"Well, 20 million soul spar, this is the bounty of your little brother." The main manager of the city government is also nonsense, and directly took out 20 million soul spar from the Qiankun ring and handed it to Ye Xuan.

The two million soul spar is also a huge number for a Vientiane Eighth, but the damage caused by the bloodsucking robbers is ten times larger than this figure.

"Two million soul spar, although I can not let me break through, but can greatly enhance my soul strength..."

Chapter 1130: Complete treasure map

"Two million soul spar, although I can not let me break through, but can greatly enhance my soul strength..."

Ye Xuan took over the things and threw them into the swallowing space. He was ready to change all the soul spar into ore and then swallowed it.

In this way, Megatron, which has a growth bonus, can break through to the Vientiane, and may be able to single out the blood.

"I don't know the little brother's surname?"

The head of the city government asked curiously.

The blood butcher was wanted for nearly a year. However, no one has completed this task. Now it has been completed by Ye Xuan, the Vientiane, and Ye Xuan definitely has some ability.

"Little child Ye Xuan, but born cold, I will not say it." Ye Xuan replied.

"Born the cold!"

The head of the city government has a slight eye, which means that there is no big force behind Ye Xuan's support. It is based on his own experience. This kind of person is very good.

Of course, he chose to believe in Ye Xuan, the latter's resolute expression, and the meaning of killing from time to time, which is obviously able to exercise after the battlefield.

"Is there a little brother who has the intention to join me in the main city of Leiguang City? With the strength of your little brother, you will be able to get a first-class offering." The head of the city government asked.

He is here to draw Ye Xuan, after all, even the son of Lei Guangcheng, at the age of Ye Xuan, but the Vientiane is seven.

"it is good!"

Ye Xuan directly agreed.

After joining the city government, if you donate two treasure maps, you can not only get rewards, but you can also join the expedition team. When things are finished, you will leave. This is his plan.

After hearing the answer from Ye Xuan, the head of the city government was also satisfied with the nod. It seems that the city government can have a master in the future.

With the qualification of Ye Xuan, at least it can break through to the nine-fold situation of Vientiane, and even chase after the city of Leiguang City to reach the glory.

At this time.

"The general manager, I heard that the city owner is looking for two treasure maps. I just got two of them here, and I asked the general manager to look at them..."

Ye Xuan suddenly took out two treasure maps, one was Liu Yue's, and the other was obtained after killing the blood.

"Treasure Map?"

The head of the city's main government had a brow. He recently collected a lot, but he couldn't match the one of Leiguang City.

He took the two treasure maps and saw that his brows were slightly wrinkled.

There are three treasure maps. If the three chapters are not stacked together, you can't see why. So, he has to find the last one and put it together.

However, he can see that the two treasure maps that Ye Xuan got are one piece.

"Ye Xuan, you go with me to see the city!"

The head of the city government said that it was to return the two treasure maps to Ye Xuan and take the lead.

"it is good!"

Ye Xuan nodded, even if he followed.

The owner of Leiguang City has already broken through to the glory and is very powerful.

Soon, the head of the city government took Ye Xuan to the residence of the owner of Leiguangcheng.

"The city owner, I have something to report!"

The head of the city government shouted outside.

Soon, the door was opened by a force of Vientiane, and immediately came out from inside to hold a burly middle-aged man holding a small \*.

This person is Lei Guangcheng, the owner of Leiguang City. He is the first city to be built by Lei Guangcheng.

"Xie Bo, is there anything?"

Lei Guang asked his little granddaughter while asking.

"The city owner, this little brother is Ye Xuan, who has joined the first-class envoy of the city's main government. He completed the reward task of killing the blood butcher."

As soon as the name of Xue Tu was reached, Lei Guang's brow was also a pick. He looked at Ye Xuan slightly. "Not bad, really young and promising. Welcome to join our city."

"Thank you for the city owner."

Ye Xuan hurriedly said a word, then took out the two treasure maps and said: "The city owner, I have two treasure maps, maybe what you are looking for."

"Ok?"

Originally Lei Guang was still secretly smug about adding a young and powerful man to the city government. Now, if he hears this, he can't help but lift the small \* in his hand with the power of Vientiane, and he personally walks. In front of Ye Xuan, take two treasure maps.

Then, he took out a treasure map from his own ring, and looked at it.

Completely matched!

"What, is it right?"

Lei Guang was very stunned. He recently had dozens of treasure maps, but he couldn't match his one.

Now, the two of the leaves given by Ye Xuan are actually right.

"The Thousand Tree School, it really is the treasure map of the Thousand Tree School!"

Lightning eyes are shining.

Upon hearing this, the head of the city government was shocked.

The Thousand Tree School is a power level at the level of a thousand years ago, ten times stronger than Leiguang City.

They are good at cultivating the heavens and earth treasures with the special power of Vientiane. The martial art is very wealthy, but it was later started and the whole sect was destroyed.

This treasure map is the site of a certain branch of the Thousand Tree School, but if there is something good inside, I don't know.

"Well, little brother, where are you from these two treasure maps?" Lei Guang asked in surprise.

"One is obtained from the blood butcher, and one is accidentally obtained when I was practicing." Ye Xuan replied casually.

For the treasure map, Lei Guang was not interested. He indulged for a moment and asked: "In any case, your two treasure maps and my counterparts, what do you want?"

"Soul spar, heavenly treasure or forged material can be." Ye Xuan continued to answer.

He does not know how many things can be changed between these two treasure maps.

"These two treasure maps, I received at the price of 20 million soul spar, a total of 40 million soul spar, how?"

The owner of Leiguang City is kind and gives a good price.

After Ye Xuan heard it, his eyes were bright again. "That would thank the city owner!"

40 million soul spar, plus the previous 20 million soul spar, that is 60 million soul spar.

If these things are for other people, at least two or three Vientiane can be created. The experience of upgrading Ye Xuan is much more than that of ordinary people. The 60 million soul spar can only break through from Vientiane to Vientiane. Eightfold.

"Well, I have ten hearts and devils here, and I can count on ten million soul spar. You will use it in the future." After the thundering city owner finished speaking, he threw a black bottle to Ye Xuan.

"Heart Devil?"

Ye Xuan brows a pick, he is the first time I heard about this thing, but Lei Guangcheng said that he can use it in the future, it should be the breakthrough to the need for a clearing.
