

## Super D. S 1141

Chapter 1141: repel?

"Zuo Qinglong explores the third potential of the Eight Forces, and the Dragon is in the sky!"

At the same time as Mo Xueyi escaped from the two claws, Ye Xuan suddenly jumped high and was a claw.

The third golden dragon, appeared!

"Zuo Qinglong explores the fourth potential of the Eight Forces, and Xiaolong has regrets!"

"Zuo Qinglong explores the fifth potential of the Eight Forces, and the dragon fights in the wild!"

"Zuo Qinglong explores the sixth potential of the Eight Forces, and the Six Dragons revolve!"

In the blink of an eye, there are six golden figures in the vine ocean. Every time Ye Xuan pulls out his claws, he can condense a golden dragon, and they are all together before the attack.

Zuo Qinglong explored the Eight Forces, has used the sixth potential, six Tianlong Qiqi attack, although the speed of Mo Xueyi is fast, but a little powerless.

"Zuo Qinglong explores the seventh potential of the Eight Forces, and the dragon is swaying!"

The seventh golden dragon appeared, this time, not the dragon claw attack, but the dragon tail.

"Huh!"

The seventh golden dragon was condensed behind the body of Moxue. It was shaped like a scorpion, and the golden tail was turned into a streamer.

At the same time, the other six golden dragons also launched an attack together.

A full set of seven golden dragons, plus Megatron and Ye Xuan's \*\*\*\* fists, decomposition of the eye attack, this Mo blood coat is already annoying.

Fortunately, Mo blood clothing as a reincarnation, through the fascinating magical power he also has, these seven Tianlong, still can not help him.

"Can't let him continue to summon the Golden Dragon, otherwise my infuriating will not be enough to kill him!"

Mo \*\*\*\* clothes shimmering, he is only seven things in Vientiane, and there is no life tree blood, using the pass to escape the attack, has consumed him a lot of infuriating.

If you show it again, then he will be in trouble!

"Red blood hits the sky!"

Mo blood coat condensed a lot of infuriating, the whole breath suddenly soared.

"This is another trick?"

Ye Xuan's look was condensed, and his figure quickly exploded. The reason why he didn't come close to this Mo-coat was also the fear that the Mo-shirt would once again be displayed.

At the moment, he recalled Megatron and then released it again, so that Megatron covered the brilliant gold armor.

"Boom!"

A \*\*\*\* light shines, and a strong breath spreads rapidly. The rising air waves spread to Ye Xuan and directly flew them.

"Hey!"

Even though Megatron has reached the peak of Vientiane, he still can't resist this trick. Fortunately, this time only broke the defense of Megatron, and the brilliant gold armor has nothing to do with it, so Ye Xuan is naturally fine.

This big bang suddenly came, but the power was much smaller than the last time. After all, Mo Xueyi just wanted to clear the troubles around him.

When the swell of the air wave swept away, he rushed toward Ye Xuan, clasping the silver-colored dagger in his hand, preparing to cut Ye Xuan's head.

Ye Xuan's ability to die, he has already seen it, but as long as Ye Xuan's head is cut, then Ye Xuan's body can no longer move.

At that time, you can destroy Ye Xuan's head.

However, Ye Xuan is no longer the same.

"Haha, Mo blood, do you think it is so simple?"

Ye Xuan suddenly laughed, and the next moment, behind him was a petite figure.

Fall!

After this period of cultivation, the fall has broken through to the six elements of Vientiane, and threatened to break through to the Vientiane in nine days.

Her appearance is not to participate in the battle, but to promote Ye Xuan.

"The Eye of Charm!"

A pink eyeball appeared on the top of the falling head, directly facing the back of Ye Xuan.

An invisible force, blessed in Ye Xuan, so that its soul strength rose.

"Zuo Qinglong explores the eighth potential of the Eight Forces, and the dragons have no head!"

Ye Xuan, finally used the eighth and final trend.

Then, Mo Mo Yi was suddenly seeing eight golden dragons appearing around him and rushing toward him.

If you dare to love, he will be in vain!

"go!"

Mo blood-shirts continue to use the sacred spirit to avoid the attack, only to use the red blood and the sky, this body is not much, so he chose to retreat this time.

However, this time he is not so easy to leave.

"The sword is returned to the sect!"

Megatron didn't know when he had drilled from the bottom of the vines to the back of the Moxie, and instantly turned his body into a thousand great swords.

Mo \*\*\*\* face is gloomy, it seems that he will not go this time.

Originally, he wanted to swear, let Ye Xuan chase, and then suddenly shot him.

But now, Ye Xuan is not close to him, how does he kill him?

"Boom!" "Boom!" "Boom!"

A large sword fell from the sky, and Mo blood was turned into a black lightning, and it swam between these giant swords.

However, after all, the great sword of the earthquake is too much. He has not been able to escape and is locked in it.

"Haha, I see where you are going now!"

Ye Xuan is on the brow.

The last time, he and his men were defeated by Mo Blood, and they almost died.

This time, he actually turned around and ran with a pass.

It seems that the revenge mission can be completed!

You must know that this revenge mission to kill Mo Blood is a reward for three points.

Thinking of this, Ye Xuan's emotions are extremely excited, and immediately turned into a streamer and flew past.

The fall has already been ready, and the big and the old are facing the seven-color demon fire in the spirit sword array.

Ye Xuan also let eight Tianlong go up, and at the same time a hand wave, a large group of strange animals appeared beside him, and then the soldiers split the spirit sword array in two ways, blocking the retreat of Mo Xueyi.

In the spirit sword array, Mo Xueyi frowned, his right face was twitching.

It is an insult to be a reincarnated person who has been made by a Vientiane boy.

He regrets it very much now, but he does not regret that he did not solve Ye Xuan quickly on the same day, but he regretted that he had played a game with a powerful player.

"It's damn, just to kill the city of Leiguang City, it consumes a lot of infuriating, otherwise, this kid will be decapitated!"

Mo \*\*\*\* heart roared.

That's right!

He was only able to kill a strong man who passed through the secluded world, that is, the owner of the city of Leiguang, with his seven-fold realm of Vientiane.

However, Ye Xuan does not know this one thing and does not need to know.

As long as Ye Xuan knows, Mo blood clothing is now the end of the strong, he has a hundred ways to kill this blood.

"Kid, today is awesome, I don't have a blood coat!"

The \*\*\*\* clothes in the sword array were cold and cold.

When the sound was heard, there was a big explosion inside, and it was the fall of the seven-color demon fire.

However, this trick did not hurt the blood.

At this time, a dangerous atmosphere spread in the spirit sword array.

Chapter 1142: Want to escape?

"Is not good, it is that trick, can this mo She will still work?"

Ye Xuan swallowed the swallow, and quickly received the fall into the planting space, and then retreated.

"Boom!"

It was another big bang, and all the giant swords of the earthquake were blown up.

This time, the \*\*\*\* clothes have been condensed for a short period of time, and the power is twice as large.

At the moment of the collapse of the Spirit Sword, Mo blood clothes turned into a stream of blood, rushing to the forest.

"Cut, when are you not ready?"

Ye Xuan's heart is cold.

As early as he was, he had already sent a large number of different animals.

Lightning Knife, Poisonous King Bee, Baihua Butterfly, Green Silk Snake, Bloodthirsty Mosquito, all dispatched, the total number is more than 5,000.

Even if the strong secluded person faces this group of strange animals, I am afraid that at least he will be seriously injured or even be killed.

However, Mo's blood coat is just a slap in the face.

"Bad boy, today's hatred, I will definitely pay back my hands!"

Mo \*\*\*\* sounds, the speed has skyrocketed several times.

Bloody!

This trick is a means for him to escape. When he has no choice, he does not want to use it. After all, every time he uses it, he will not only burn the blood, but will also be weak for a while.

But for now, he can only use it.

The speed of the sky is so high that the speed has reached the limit, almost beyond the reaction of Ye Xuan.

If this time Mo Moyi killed, Ye Xuan may not be able to resist, but fortunately after the \*\*\*\* use of this trick, Mo blood clothes can no longer call the infuriating attack, so can only escape.

"There is a ghost, and the reincarnation is not a reincarnation. There are many means..."

Ye Xuan swallowed it.

In the blink of an eye, Mo Blood Clothes has already avoided the strange beast and left his sight.

It seems that this time the revenge mission failed again.

No, there are opportunities!

"Hey, I want to go, it's not that easy!"

Ye Xuan directly broke through the void and returned to the export of the lost forest.

He was positioned once at the exit of the lost forest and at the entrance to the relics of the Thousand Tree School. Now, just use it.

At this time, the \*\*\*\* clothes are the real end of the powerful, this is a good opportunity to kill the blood.

If you are ran away from Mo, then you will not know when it is time to see the \*\*\*\* coat next time.

However, when he first came to the export of the lost forest, he sensed two strong breaths.

Passing through the sea!

"Is it the owner of Leiguang and the owner of Rakshasa?"

Ye Xuan brows a pick, but after he turned his head and looked at it, he discovered that it was not the owner of Leiguang, but the owner of Raksha and another masked man.

At this time, Ye Xuan was able to react. The Vientiane that he had killed before, and the \*\*\*\* clothes, are not all wearing the same costumes?

Killer organization!

"This Rizal City Lord, really uneasy, but also secretly combined to kill gestures?"

Ye Xuan's light flashes.

With the eye of perception, he felt that the masked black man was stronger than the city of Rakshacheng.

If the two men join forces, the Leiguang City Lord will be killed within ten strokes.

At this point, the two men are standing next to a body.

Ye Xuan stared at it and found out that the headless body was actually the owner of Leiguang City.

The owner of Leiguang City, actually died?

"No, the city of Leiguang City, not the Rakshasa and the masked killer teamed up to kill, he has already died!"

Ye Xuan felt this because the body of the Leiguang City Lord had no temperature, apparently not just dead.

At this time.

"Ok?"

Rakshasa and Luo Yan turned their heads and found Ye Xuan, who had just come out of the door of the void.

"Kid, I have seen you, the person of Leiguangcheng."

Luosha said to Ye Xuan.

"What about that?" Ye Xuan's eyes were already mobilizing.

"How did your city owner die?"

Luosha asked curiously.

The owner of Leiguang City is a secluded place. In addition to him and Luo Wei, there are still people who can squat their heads, so Rakshasa is shocked.

In this thousand tree relics, is there any other strong?

"do not know!"

Ye Xuan shook his head.

Now he can be sure that the owner of the city of Leiguang is not killed by Luo Wei and the masked killer. Perhaps it is Mo Xueyi who killed the city of Leiguang.

It is no wonder that Mo Bloody was beaten by him today. It turned out that he had only played one game, and he still played against the powerful players.

"If that's the case, then go to hell!"

When Raksha heard this, he raised his hand directly and prepared to kill Ye Xuan.

Even if the Vientiane is nine-fold, it is only a part of the Solo in front of the Rakshasa, not to mention Ye Xuan, the Vientiane.

However, this sword was broken up by Ye Xuan to give a \*\*\*\* punch.

"Oh?"

Rocha is slightly surprised.

A Vientiane is eightfold, and it has blocked his blow. This is already very good.

"When you come over, if you don't come over, these two people are too inconvenient and must be resolved as soon as possible!"

Ye Xuan's eyes slammed and his hand waved, and there were countless strange animals.

Before the Tongtianbao tree was about to wither, the number of these beasts was greatly reduced. Now with the restoration of Tongtianbao, the growth environment is better, so these exotic animals will not be used for a long time, and they will multiply a lot.

"What the hell?"

Luosha and Luo Wei were shocked.

They just came out of the lost forest and found the body of the Leiguang City Lord, who has not yet entered the vine ocean.

Although I don't know how it happened, they feel that this group of strange animals is not easy to provoke. After all, this is what lives in the Thousand Tree School.

"Kid, let's die!"

Rakshasa offered a long sword and greeted him.

His brother Rosie is also holding a dagger, ready to kill this group of alien animals.

The two of them can join hands, but they can solve all the beasts, but don't forget, Ye Xuan is not a vase.

"The Eye of Brilliance!"

"Zuo Qinglong explores the claws!"

At the moment, Ye Xuan is throwing out the earthquake sword, while his left hand is a claw, and he has just learned the martial arts.

A golden dragon began to appear, rushing to the black killer Luo Wei.

"Hey, the insects are tricky!"

Luo Hao screamed coldly, and he was also a strong enthusiasm, and he would be afraid of Ye Xuan, the eight-fold boy of Vientiane?

What's more, he is still a killer.

Ye Xuancai just put Zuo Qinglong's claws and eight forces to the fifth potential, and Luo Yi has already plucked him in front of him.

"Kid, die!"

Luo Hao shook his head in a handshake and stabbed him at the head of Ye Xuan.

He did not know that Ye Xuan had an eternal eye, so this attack was not killing Ye Xuan, but Ye Xuan did not avoid it. He was ready to use this opportunity to kill Luo Wei.

This trick is called

"Oh!"

The dagger pierced Ye Xuan's forehead and pierced his head. If the average person, he must have died on the spot, but Ye Xuan would not.

Chapter 1143: Cleverness is wrong

"You counted!"

Ye Xuan suddenly outlined a smile, and the light flashed.

"The eye of decomposition!"

The two decomposed rays were shot from Ye Xuan's eyes, which happened to be on the two eyes of Luo Wei. At that time, Luo's eyes were broken down and the line of sight was blurred.

"what....."

Luo Wei did not think that Ye Xuan's eyes could hurt people, and suddenly he was blind. Although he can repair it with Tiancaibao, is there time for him?

"Zuo Qinglong explores the sixth potential of the Eight Forces, and the Six Dragons revolve!"

"Hey!"

Luo Hao flew out, the entire right shoulder was caught by the dragon claws, a large piece of meat, bloody.

"Kid, I want to kill you!"

Luo Hao snarled in the sky, and he passed through the secluded world. He was blinded by Ye Xuan, his shoulders were also injured, and his anger reached the limit.

However, he has just stabilized his body shape, which is surrounded by a group of black pressed shadows.

Lightning Knife, Poisonous King Bee, Baihua Butterfly, Green Silk Snake, Bloodthirsty Mosquito, all surrounded.

Although Luo Wei is a strong secluded person, don't forget that Ye Xuan and Megatron are entangled in him. Soon, his blood is sucked away, and the toxins invade the body. The end of the strong.

"Big brother!"

When Raksha saw Rosie, he immediately screamed and rushed toward the latter.

"I want you to save him?"

Ye Xuan glimmered and his left hand re-examined.

"Zuo Qinglong explores the seventh potential of the Eight Forces, and the dragon is swaying!"

The seventh golden dragon was condensed, and a golden dragon-tailed dragonfly was drawn to Rakshasa.

"roll!"

Rakshasa also used the magical powers to directly collapse the seventh golden dragon.

However, this seventh golden dragon has won a little time for Ye Xuan.

"Zuo Qinglong explores the eighth potential of the Eight Forces, and the dragons have no head!"

This time, directly condensed two golden dragons, and eight golden dragons attacked Rakshasa.

At this time, Ye Xuan, the strength of the soul is at the peak. After all, his forefoot has just defeated Mo Xueyi, which is less than ten seconds away.

Falling eyes of charm, the effect is still!

"Wan Ming Boxing, give it to me!"

Rakshasa screamed, and a black fist shadow blew out, and the three golden dragons collapsed in a living.

However, it was surrounded by the remaining five golden dragons.

"Tear them!"

Ye Xuan directly gave orders to this group of strange animals.

"噗通!"

A muffled sound spread, he turned his head and found that the masked killer Luo Wei was dead, the headless body fell on the vine ocean, the blood poured out and flowed down.

It is a lightning knives that cuts off the head of Luo Wei. This is an extremely fast cockroach. Although it is not a beast, it can only be regarded as a kind of strange animal, but each one is comparable to the Vientiane.

Now, Luo Yi, one of the two major gateways, is falling, and his younger brother, Raksha, is estimated to be not far from death.

"Big brother!"

When Raksha saw his own big brother died, he was so anxious that his eyes were red. He looked at Ye Xuan and said, "Who are you?"

"Who am I, heavy?"

Ye Xuan returned coldly, even if it was a second attack.

Soon, under the attack of him and the beasts, Rakshasa was defeated, and there were countless scars on his body.

The blood of the body was sucked away, the toxins invaded, and Ye Xuan and Megatron were restrained. Rousseau finally smashed the body.

The two strong secluded people are killed by living!

"Although the loss of two thousand different animals, but the alien breeding is very fast, it is estimated that it can be added soon..."

Ye Xuan's eyes glimpsed and thought in her heart.

If he is allowed to go to the top of the secluded strong, he can fight with the left-wing dragon.

But if you are on the top two, you can only use the sword to get stuck in the first.

Ye Xuan swiftly swept over and put away the two people's Qiang Kun.

Although the two men have come to practice, there are still many good things in the Qiankun ring, including more than one hundred hearts.

It is a pity that the owner of Leiguang City was killed by Mo Xueyi. The things in his ring were estimated to have been taken away by Mo.

"Heart Demon Dan, although it can not directly enhance the strength of the soul after refining, but it can purify the soul, enhance the state of mind, and erase the demons."

Ye Xuan thought in his heart, that is, all things are swallowed up.

"Hey, the host breaks through, and it is currently nine times in Vientiane!"

A system prompts to sound, and Ye Xuan's breath has skyrocketed.

Finally, it has been upgraded to Vientiane!

"Although it has broken through to the vitality of Vientiane, it has not yet reached the peak of the nine-fold situation in Vientiane. I don't know if this breakthrough will break through the items!"

In thinking of Ye Xuan, he took his attention back.

Now, he is already capable of killing Moxie.

As long as Mo blood suits dare to appear, then he will certainly kill Mo blood clothes and complete the revenge mission.

However, his heart is very embarrassing, because Mo blood clothing is a reincarnation after all, not so easy to kill.

In order to prevent it, Ye Xuan also called all the beasts, and laid the nets at the exit of the forest.

Kill the blood coat and complete the revenge mission, you can get three points to swallow.

Three points to swallow the point, which can improve a lot of strength!

This \*\*\*\* coat must die!

However, Ye Xuan waited for a long time, but did not see the figure of Mo blood.

"What happened, could he count me to block him on the way?"

Ye Xuan brows a pick, suddenly remembered this matter.

Mo blood clothes, know that he has a hollow eye, so perhaps not from the forest.

"not good!"

Ye Xuan's face changed greatly, and he hurriedly broke away from the void, and found that he was only slammed into a large hole by the Mo blood coat, and there was a suspicious passage.

"Damn, this Moxie has escaped!"

Ye Xuan screamed in his heart.

He did not expect that Mo blood clothes would be folded back and then left the ground.

Although the relics of the Thousand Tree School are protected by the law, but the blood coat is a reincarnation. The last life has lived for thousands of years. Is it so easy to be trapped?

At this time, Ye Xuan did not know how long Mo Moyi had left, but for the purpose of revenge, he naturally wanted to chase.

"Megatron, give me along this road!"

Ye Xuan immediately sent Megatron, and he only hoped that this Moxie had not gone far.

Megatron instantly turned into a drilling machine, expanding that passage, and Ye Xuan was behind it.

Soon, they left the relics of the Thousand Tree School and came to land. However, there is no trace of the blood.

"Ghosts, I finally got caught once, and I was ran away. I will meet next time. I don't know when it is, what is his realm!"

Ye Xuan is very helpless.

But this is also a no-brainer. After all, Mo Xueyi is a reincarnation. This time, he is clever and wrong.

Chapter 1144: Control two cities

After thinking about it for a while on the land, Ye Xuan also re-drilled back into the relics of the Thousand Tree School. Although he did not catch up with Mo Xueyi, there are still many people in the Thousand Tree School relics. As long as they are controlled, then Rakshasa City and Leiguang City are the things in his bag.

When he returned to the export of the lost forest, it happened that one person came out of the forest.

This person is Lei Long, the son of the owner of Leiguang City.

"father?"

When Lei Long was out of the forest, he saw the body of Lei Guang, and immediately swept away.

Ye Xuan is also walking quickly, said: "Thunder Dragon, I know who killed your father, you can rest assured, I will take revenge for your father!"

Hearing this, Lei Long will lift his head, but it is the move of Ye Xuan.

"Hey, take control of success!"

The system prompts to sound.

The owner of Leiguangchengcheng died, then Leilong is the next owner of Leiguangchengcheng. Now Yexuan controls him, which is equivalent to controlling Leiguangcheng.

"Master, you must take revenge for my father!"

There was tears in the eyes of Lei Long.

"it is good!"

Ye Xuan nodded, even if it was in the middle of the lost forest, the animal group, and then broke the empty space back to the entrance of the Thousand Tree School.

Next, he is going to control all the people in the relics of the Thousand Tree.

On the Leiguang City side, there are fifteen people entering the relics of the Thousand Tree School, one of which is a secluded one, and the Vientiane is nine.

The city of Rakshasa is similar, but now there is a killer team called the land government.

After more than an hour, Ye Xuan is controlling the vast majority of the Vientiane Vientiane strong, just ten.

As for the remaining Vientiane in the city of Rakshasa, after seeing the body of Rakshasa, all of them surrendered to Ye Xuan, which also saved the position of Ye Xuan's eyes.

Among the relics of the Thousand Tree School, the most precious one is the dying Tongtianbao tree, and there are no other treasures.

However, this time Ye Xuan is a good earner.

He took the crowd out of the ground and asked Lei Long to summon the two-headed dragon flying in the Vientiane.

"Hey, take control of success!"

Ye Xuan also controlled the two-headed dragon, and then let it carry the people back to Rakshasa.

There are still many good things in the city of Raksha, and there is still a master of the Vientiane in the city of the city. This person is naturally the clutch of Ye Xuan.

Ye Xuan took the main house of the Raksha Shing City and the four major families, and got a lot of good things, including more than one hundred hearts.

"Lei Long, in the future you are also the owner of the city of Rakshasa, and Rakshasa is now in your possession!"

Ye Xuan said to Lei Long.

"Yes, master!" Leilong said respectfully.

Then, Ye Xuan directly broke through the void, returned to Leiguang City, and threw the Leiguang City Government and the three major families.

Subsequently, he reached the peak of the nine vitality of Vientiane.

"Hey, the host has reached the peak of Vientiane!"

The system prompts.

The peak of Vientiane is only one step away.

At the same time, if Ye Xuan wants to break through to the secluded environment, he needs to prepare 500 hearts.

The former Devil Dan was already swallowed up by him. Now, after collecting Rakshasa City and Raytheon City, only two hundred and fifty pieces have been collected.

If you still have two hundred and fifty hearts, you can break through to the secluded environment. At that time, Ye Xuan's strength will at least triple.

One day later, Lei Long handled all the things and succeeded the city owner. At the same time, he also set up a deputy city owner, also known as Xie.

As for the killers from the local government, they are all killed by Ye Xuan. These people can't use them. If they are not in control enough in the future, they will be liberated. At that time, they may threaten Leiguang City and Raksha City. .

At this moment, in the main government of Leiguang City.

"Master, who does not know who killed my father?" Lei Long could not help but ask.

Although he is already controlled by Ye Xuan, Ye Xuan does not limit his thoughts.

"The murderer, called Mo Xueyi, is a reincarnation. The past life is at least the strongman of the reincarnation. After he killed your father that day, it was a battle with me, but I was not able to Kill him."

Ye Xuan said, but also looked at Lei Guang. "You can rest assured that if I meet him next time, I will take revenge for your father!"

"Thank you for your master!"

Lei Long's heart trembled and he hurriedly thanked him.

It is not that he doubts the strength of Ye Xuan, but because the murderer is too big.

Reincarnation!

The murderer who killed his father turned out to be a reincarnation, and his father died.

The ruins of the Thousand Tree School have ended. Ye Xuan is also letting Lei Long and Xie Generals issue a wanted order.

However, Ye Xuan estimated that this would not have any effect, so he decided to personally search around and make a snack.

.....

Ye Xuan left Leiguang City and was ready to search for the blood coat.

Mo breathe, he is familiar with it, as long as Mo blood clothes appear within his perception, then he will certainly be aware.

At that time, it is the death of Mo Xueyi!

The planting space has been cultivated by Muling for one day. The Tongtianbao tree has grown directly to several tens of meters high, and it grows at a speed visible to the naked eye every day. It takes a long time to think that this Tongtianbao tree can surpass the Thousand Tree School. The one in it.

Falling in the cultivation of the inside, repairing for a thousand miles, only one day has broken through to the seven elements of Vientiane.

Ye Xuan estimates that the fall can break through the nine-fold situation in Vientiane within three days, and then impact the secluded environment. Even the speed of cultivation in the future will open him.

Ye Xuan began to look for the land in the city of Raksha, occasionally killing monsters and picking up the treasures of heaven.

Although it may be a waste of time, Mo Wenyi is now a seven-dimensional situation in Vientiane. It is two times lower than him. It is a good time to beat the dog.

If you find Mo blood clothes, then Mo blood clothes will die!

For the three-point swallowing point of the revenge mission reward, it is worthwhile to find a half-month.

However, things are not as smooth as he imagined.

After leaving the relics of the Thousand Tree School, Mo Blood Clothes disappeared. I don't know where to hide. Ye Xuan took two days to find nothing, but nothing.

"Oh, it seems that I can't find it."

Ye Xuan is slightly depressed.

In these two days, the fall has broken through to the eight elements of Vientiane. After a day or two, it can break through to the Vientiane.

So Ye Xuan is thinking, is he searching for the fall and breaking through the Vientiane, or is it searching for the breakthrough?

"But, there is no time limit for the revenge mission anyway. When I am strong in the future, I will go far beyond Mo, and I will look for it in a large scale."

Ye Xuan made a decision in his heart.

However, just as he was about to return, he suddenly became two breaths and entered his range of induction.

Chapter 1145: Two major gateways

These two breaths have turned out to be the strongest of the secluded, and they are no worse than the owners of Leiguang and the city of Raksha.

"What happened? How come this area has two strong neighbors?"

Ye Xuan brows a pick, very puzzled.

Originally, in this area, only the Raksha Shings and the Leiguang City Masters were two strong enthusiasm. The Raksha's brother Luo Biao also came from other places. As for the Mo Xueyi, it was on the way to Raksha City. Luo Wei met.

Now, suddenly there are two gateways, which makes Ye Xuan a bit ridiculous.

But he didn't think much about it. If you seize these two powerful people, you might have a heart, and when you get there, you can break through to the glory.

Soon, there are two figures that are reflected in Ye Xuan's eyes.

Ye Xuan stared at it and found that it was a man and a woman. Both men and women were around twenty-five.

"So young, it seems to come from a more advanced place."

Ye Xuan heart trembled.

At this time, he suddenly saw a man and a woman with injuries, pale, and a rush.

Not only that, with the closeness of these two people, Ye Xuan is also sensing, the realm of these two people, I am afraid that it is not a secluded environment, but a double pass.

The two men were hurt because of the injury.

"Help, someone wants to kill us!"

After seeing Ye Xuan, the white woman shouted in a hurry. If they were already strong, she would not ask for help.

"Looking for my help?"

Ye Xuan stood quietly in the same place, slightly surprised.

Both of them are two-passenger, and they have been chased and killed. It seems that the strength of killing them should be stronger than them.

"No, these two people are still poisoned!"

Ye Xuan sensed something wrong.

When he was surprised, the two men were already close, and he also saw a figure behind the two.

Passing through the environment is double!

The man who chased this man and a woman was a black man with a double pass.

"I am a disciple of Tian Lei Dian, who was poisoned by a traitor and seriously injured. If you have an antidote, I can pay a lot of money\*!"

The young man who was chased and hurriedly shouted.

He saw that Ye Xuan was only a nine-folder in Vientiane, even if he joined hands, he could not beat the chaser.

"Sure enough, it is poisoned!"

Ye Xuan thought for a moment, and then directly took out two Tiandi Dibao from the phagocytic space and lost the past.

This is one of the harvests of the planting space these days. It is a treasure of the detoxification class, which is not available in this area.

"Kid, dare?"

The black chasing man yelled.

He was so bad that he was poisoned. If the two were given net sorghum, the toxins would not be completely solved, but at least one-third of them could be solved. At that time, the combat power of the two will be improved by one or two. to make.

After seeing these two white herbs, Ling Xiao's eyes were also bright. "It's a net sedge, thank you!"

In other words, he also took out a bag from the Qiankun ring and threw it to Ye Xuan.

"Hello, this is a hundred hearts, thank you!"

Ling Xiao is also welcome, directly thrown to Ye Xuan.

A hundred hearts and devils in the district can't compare with his life. If he is caught up, he will definitely be killed. At that time, what is the use of rich enemies?

"I rub, a hundred hearts of Dan?"

Ye Xuan was shocked. It seems that these two people are not too small. Even one shot is a hundred hearts.

Even if the net sedge is very precious, one plant has at most twenty-five hearts, and now the price has doubled.

But this can also be understood, after all, at a critical time.

"Kid, you are looking for death!"

The black chasing man was furious and directed at Ye Xuan to launch an attack.

"Death you!"

Ye Xuan was also angered, and raising his hand directly was a punch.

Blood bursting!

"Hey!"

The two infuriating air collided with each other, and the turbulent waves rolled up, and the one that blew the smoke and dust.

Ling Xiao and the woman were shocked. They did not expect the nine-fold realm of the Vientiane in Ye Xuan District. It even blocked a double attack of the secluded environment. It was a miracle.

It is just that the net weed has been received by them, and now they are taking it immediately, then using natural gas to accelerate refining and start detoxification.

"Kids, I am so hard to poison, you dare to solve, today you will die!"

The black chasing anger is full of anger. His purpose is not to kill Ling Xiao and his younger sister Ling Xiao. Now, the two net sedges given by Ye Xuan have missed the opportunity.

Therefore, he transferred his anger to Ye Xuan!

"Death you guys!"

Ye Xuan said nothing, after the double smashing shot of the fine mans, raising his hand is a claw.

"The Eye of Brilliance!"

"Zuo Qinglong explores the first position of the Eight Forces, see the dragon in the field!"

"Zuo Qinglong explores the second potential of the Eight Forces, Ssangyong play beads!"

"Zuo Qinglong explores the third potential of the Eight Forces, and the Dragon is in the sky!"

A golden dragon, screaming at the black chasing.

When the black chasers were approaching, Ye Xuan had already condensed five golden dragons.

"It turns out to be a supernatural power, there are two sons, but you still have to die!"

The black stalker shook hands in a dagger and smashed a thorn.

"call out!"

A sword smashed away and directly penetrated a golden dragon, hitting Ye Xuan's shoulder.

However, Ye Xuan did not care at all, because the wound will soon recover.

"Zuo Qinglong explores the sixth potential of the Eight Forces, and the Six Dragons revolve!"

Ye Xuan continued to attack.

At this moment, he is only 50 hearts and demon, you can break through to the glory, and this black chasing killer is a double pass, as long as he killed him, it should be enough.

"The kid, I was lucky enough to escape the last blow, this time I must shoot through your head!"

The black chasers screamed again in the rage.

"not good!"

Ling Xiao's face changed greatly, and Ye Xuan was their savior. If they died here, they would have sinned.

Moreover, he looked at the strength of Ye Xuan, and there will be a pass through the magical powers. If it is a joint effort, maybe it can be used to kill the black chasers.

"Sister, join hands, kill!"

Ling Xiao said a long story, directly clenched his fists and turned and killed.

"Yes!"

Ling Xiao heard the words, but also turned around without saying anything.

"call out!"

"Hey!"

Ling Xiao's fist defeated the attack of the black chasing killer and saved Ye Xuan.

"Don't dare to turn around, you are self-investing in the net!"

The black chasers swelled and greeted them directly.

Now, it is three to one.

Although Ye Xuan is a nine-folder in Vientiane, his real combat power is not as weak as that of the black chasers. In addition, Ling Xiaoling's two brothers and sisters, this black chasing will die.

"Zuo Qinglong explores the seventh potential of the Eight Forces, and the dragon is swaying!"

Ye Xuan summoned the seventh golden dragon, and the golden dragon and the other six, rushed toward the black chasers.

Chapter 1146: Tianlei Hall

"Hey, your kid is very annoying, kill you first!"

The black chasers are the most inconvenient, and they use the power to avoid the attack and then rush to Ye Xuan.

"I thought I was bullying..."

Ye Xuan was very unhappy in his heart, his right hand became a fist, his left hand became a claw, and Qi Qi blasted out.

"Blood burst!"

"Zuo Qinglong explores the eighth potential of the Eight Forces, and the dragons have no head!"

At that time, the seven golden dragons that had been condensed before were gone, but in front of Ye Xuan, there were suddenly eight golden dragons, just one more.

Even if the previous seven were bombarded, after the use of the eighth potential, they can be re-aggregated.

Eight golden dragons were overwhelmingly killed by the black chasers. At the same time, there were two injured people, Ling Xiao and Ling Xiao, who were restrained.

The black chasers were in a dilemma and finally decided to withdraw.

"Bad boy, even disturb me, let my mission fail, I remember you!"

The black chasers roared in their hearts.

But when he turned around and was about to leave, the ground suddenly burst into a shadow and fell directly into his thigh.

"Oh!"

A muffled sound spread.

This is a long sword that pierces the thighs of the black chasers.

"what?"

The black chasing stunner was shocked. He didn't know where the long sword came from, and he actually smashed out from the ground.

who is it?

Just when he was surprised.

"Oh!" "Oh!" "Oh!"

The long sword suddenly changed, and there were countless spikes, and the thighs of the black chasers were stabbed into horses.

Seriously injured in the thigh, the speed of the black chasing killer was greatly reduced, and he was immediately caught up by eight golden dragons.

"What a ghost thing, give me a roll!"

The black chasing face is gloomy, immediately use the power of Vientiane, ready to shake all the spikes of Megatron, and then pull out.

However, just when he shook Megatron to the ground.

"The thunderstorm!"

Ling Xiao's right hand condensed a squad of thunder and then smashed it against the black chasers.

"call out!"

The thunder of the thunder took place.

what?

The black chasing face was gloomy, and he actually saw the thunder of the Tianlei Temple, which was dead.

He wants to hide, but the thunder is very fast, and his chest is pierced in the blink of an eye.

At the same time, the thunder, which was condensed by the power of infuriating and Vientiane, instantly turned his chest into coke, along with his heart.

"Zizi!"

The black chasers were killed by a blow, and the body was turned into coke by the thunder and then fell to the ground.

Not far from Ye Xuan was shocked, this move seems a little hang, but fortunately he opened the eye of insight, otherwise he missed it.

"Hey, the magical tremors of the gods are successful, do you learn?"

The system prompts.

"Yes!"

Ye Xuan said nothing, immediately answer.

Just kidding, this day, the thunder of war is a middle-level pass, and it is a level higher than Zuo Qinglong's claws. How can you not learn this trick?

At this time, Ye Xuan was able to react. When Ling Xiao reported his identity, he said that he was a disciple of Tianlei Temple.

Tianlei Hall is a ten-fold stronger than Leiguang City and Raksha City. It is comparable to the Thousand Tree School of the millennium.

This Lingxiao will actually be the top supernatural power of Tianlei Hall, and it seems that the status is not low.

The black chasers are dead, and Ling Xiao and Ling Xiao are also relieved.

"Thank you for your help, don't you know the names of your brothers?"

Ling Xiao hurriedly clenched his fists.

"Ye Xuan, it's a little effort."

Ye Xuan replied, then rushed over and took off the black hunter.

Although there are not many things in the black chasing sorcerer's ring, there are still fifty hearts. After he secretly took away most of the things, he threw the 戒 戒 ring to Ling Xiao.

"This person is the killer of the land, why should he chase you?" Ye Xuan asked curiously.

The magical powers used by the black chasers are not much different from those of Raksha's brother Rosie, so he guessed that the black chasers were the landlords.

Of course, the ability to identify the identity is the token of the black suit chaser.

"The killers of the local government are all over the world. Our two brothers and sisters should have provoked a character before, so they were released for the task."

Ling Xiao thought for a moment and answered.

However, he is lying, he feels that this black killer is not trying to kill them, but wants to leave them.

Moreover, they did not provoke anyone, and no one knew who they were.

The reason why he lie is because he and Ye Xuan have only one side, or do not reveal their identity.

"I just heard you say that you are a disciple of Tianlei Temple, but I heard that in the Tianlei Hall, only the core disciples can learn the thunder of the thunder?"

Ye Xuan asked again.

"Yes, we are the people of Tianleidian Lingjia."

Ling Xiao nodded, and immediately threw the Qiankun ring to Ye Xuan, said: "This time thanks to Ye brothers to help, otherwise we will soon be caught up, this Qiang Kun ring, should be yours."

There aren't many things in Qiankun's ring, because they have all been taken away by Ye Xuan, but for a nine-strong warrior in Vientiane, it is still a lot of income.

"Thank you, thank you!"

Ye Xuan clenched his fists at the two and then prepared to turn and leave.

He has already made up enough of the Devil, and wants to find a quiet place to break through to the secluded environment.

Although he can immediately break through and then control the core disciples of these two Tianlei Temple, but the strength of Tianlei Hall is not weak, if these two people have some sort of means of communication, then he will become a street mouse.

Therefore, he decided to give up and not be an enemy of Tianlei Temple.

"Ye brother, please wait."

After Ling Xiao and Ling Xiao looked at each other, they shouted.

"what?"

Ye Xuan turned his head away.

"Ye brothers have not yet broken through to the secluded environment, they can fight with the master of the double-occupation, so I am on behalf of Tianlei Temple, invite Ye brothers to join!" Ling Xiao solemnly said.

"Oh? Invite me to join?"

Ye Xuan was a little surprised and asked: "What benefits can I get if I join?"

"With the qualification of Ye Brothers, as long as you break through to the secluded environment, you can become the core disciple of my Tianlei Temple and enjoy the benefits. Moreover, you are also eligible to compete for the quota of the forbidden land." Ling Xiao replied.

"What is the forbidden land?"

Ye Xuan asked again.

What is the core disciple, it does not matter, those benefits are not as good as the ones he walked outside.

However, this day it's forbidden, it sounds like a bit of a head.

Tianlei forbidden land, Ye Xuan also encountered this name on the blood rock mainland, is in the riot of the sea of Tianlei Island, where there is the inheritance of the wind and thunder.

The forbidden land here is just the same name as the forbidden land in the rioting sea of stars. I don't know what it is.

Chapter 1147: Re-killer

"Ye brother, you don't know?"

Ling Yan's eyebrows rose and explained: "The sky is forbidden, it is a big treasure of my thunder hall. The thunder in it can temper the body and soul. Every hit is worth a lot of heart. Magic Dan, the more you bear, the higher the degree of tempering. You also know that as long as the soul is strong, then the cultivation will be accelerated in the future. My brother and sister will return to Tianlei Hall for the purpose of forbidden land. The environment is triple."

"Through the thunder strike, and then temper the flesh and soul?" Ye Xuan eyes, suddenly came to the interest.

His way of breaking is different from other people, but it is still effective to temper the body and soul.

His soul strength is far superior to the general Vientiane, and it is probably a heavy one.

If you go into the forbidden land to temper, you might be able to upgrade to the same level.

"Good look, good, I will join!"

Ye Xuan nodded immediately.

He also joined the main city of Leiguang City before, but he did not need money anyway. If he grows up in the future, he will go straight.

After hearing Ye Xuan's answer, Ling Xiao and Ling Xiao also looked at each other and smiled.

This time, they not only saved their lives, but also recruited a young genius.

Although the ages of their two brothers and sisters are similar to those of Ye Xuan, they are two higher than Ye Xuan's. However, when they are in the vitality of Vientiane, they can't beat the connected environment, let alone engage in the elite killer with the duality. It is.

If Ye Xuan breaks through their realm, it must be several times stronger than them.

"Welcome to join, we are a family in the future!" Ling Xiao opened his mouth and said: "Let's go, we go back to Tianlei Hall, the assessment of the forbidden land of Tianlei is coming soon."

"it is good!"

Ye Xuan nodded and then followed.

He is thinking, after becoming a core disciple, you can learn the thunder of the day, and then you can justify it.

However, this time on the way to Tianlei Temple, it is not too flat.

.....

"Ye Xuan, the toxins in our two people have not been cleaned up, so I want to find a place to detoxify before returning to Tianlei Hall."

On the way, Ling Xiao said to Ye Xuan.

"Okay, I will protect you!"

Ye Xuan nodded.

The three of them directly found a mountain, and the arrangement of the isolation of the atmosphere was hidden, and then the two brothers and sisters began to detoxify.

As for Ye Xuan, it is just a chance to give them a chance to protect the law.

"Hey, the host has swallowed up to 500 hearts!"

"Hey, the host breaks through to the glory!"

The two systems prompted to sound, and Ye Xuan's breath was skyrocketing.

Vientiane has broken through to the secluded environment, and there is not much physical improvement, but the strength of the soul has doubled.

Ye Xuan estimates that his current combat power is three times that of the previous one.

Even if Ling Xiao and Ling Xiao are united, I am afraid that they will not be his opponents.

Now that Mo's blood coat is hidden, he can just use the power of the Tianlei Temple to pass through the blood coat. This is another reason why he went to Tianlei Hall.

After half a day.

Ling Xiao and Ling Xiao two brothers and sisters went out, the body's toxins were also cleared, this is still the credit of Ye Xuan.

If the two net sedges that Ye Xuan gave them, they couldn't solve the poison, and they would even be caught by the black chasers.

"what?"

After Ling Xiao came out of the cave, he felt that it was wrong and couldn't help but make a doubtful voice.

"Peace?"

My sister Ling Xiao was also sensed and exclaimed.

This is only a long time, Ye Xuan actually broke through from the Vientiane to the glory, it really is a genius.

"A half day ago I reached the peak of Vientiane." Ye Xuan explained.

"It turns out that it seems that Ye Xuan, you have taken a place is a safe thing." Ling Xiao said with a smile.

He and Ling Xiao are the people of Tian Lei Dian Lingjia, so they do not need to compete for quotas, they can directly enter the Tianlei forbidden places to accept the thunder of Tianlei.

And Ye Xuan is a foreigner, so it is necessary to accept the assessment, and it needs to be with other outsiders.

Now that Ling Xiaoxiong and his sister have successfully detoxified, Ye Xuan has also broken through, so they can continue on their way.

At their speed, about two days, they can rush to Tianlei Hall.

However, just when they just started.

"and many more."

Ye Xuan suddenly felt something, and hurriedly stopped the two.

"what happened?"

Ling Xiao squinted at some strangeness.

"There are two passers-by two strong people are close." Ye Xuan replied.

"what?"

Ling Xiao's two brothers and sisters were shocked.

Because the two of them are two-way, and Ye Xuan has just broken through to the secluded environment, they have not found out, how did Ye Xuan discover it?

What they don't know is that the scope of Ye Xuan's perceived eye is three times larger than the spiritual one.

Soon, Ling Xiao's two brothers and sisters were also sensed.

"Hey!"

A rush of footsteps came in front of them, and the two figures were reflected in the eyes of Ye Xuan.

The comers are men in black.

"It is the killer of the land!" Ling Xiao frowned.

However, his expression is extremely relaxed, because before he was poisoned, he was chased and beaten. Now that the detoxification is complete, and the injury is restored, will he be afraid of the other party?

Killer, good at concealing and tracking, they are chasing according to the footsteps of Ye Xuan.

However, Ling Xiao still can't understand why someone will spend money to buy his life.

"It's your killer. Who is it, right in the middle of my thunder temple?" Ling couldn't help but ask.

"We are not very clear about this. Since you have been met by me, please let us know what to do, otherwise don't blame us for not being merciless."

The two long-haired men who killed the killer said.

"Your mission is to catch us, not to kill us?" Ling blinked and asked again.

"What about it?"

The thin man is cold and shouting.

"The land, when is the task of arresting people, it is strange."

Ling Xiao couldn't help but mutter.

The local government has always been the task of releasing murders, but now there is actually a task of arresting people, which is really rare.

It's hard to be done, is the employer wanting to be hands-on?

"This will not bother you, but your mission rewards, high, our heart." Long hair man said coldly, but also clenched the sword in his hand.

The killer is actually divided into two types.

One is waiting for the opportunity to assassinate, the other is directly strong, and the two are obviously the second.

These two people do not put Ye Xuan, who has a heavy ambience, in the eye. After all, like the existence of Ye Xuan, they can easily kill.

They all focused their attention on Ling Xiao and Ling Xiao. This pair of brothers and sisters is also a first-class genius in Tian Lei Temple. There can be no slack.

"Since you are looking for death, then I will fulfill you!"

Chapter 1148: Arriving at Tianlei Hall

"Since you are looking for death, then I will fulfill you!"

Ling screamed and rushed over with bare hands.

Ling Xiao is offering a long sword, behind the back of Ling Xiao.

As for Ye Xuan, since I have joined the Tianlei Hall, then naturally I have to help. Because the realm is lower than the four people, he quietly sneaked aside and let the other party think he was going to run away.

The two killers didn't pay much attention to him, and they fought one-on-one with Ling Xiao and Ling Xiao.

"The Eye of Brilliance!"

"Zuo Qinglong explores the claws!"

At this time, Ye Xuan suddenly shot.

A golden dragon appeared and rushed to the long-haired man who was playing against Ling Xiao.

"what?"

The long-haired man was shocked and turned around and found several golden dragons.

At this time he only reacted, he was a small look at Ye Xuan.

"Kid, it's a hindrance, let me die!"

The long-haired man's sword was stabbed in a hand, and a black mang in a sharp burst of sound, wearing a golden dragon, and then attacked Ye Xuan.

"Be careful!"

Ling Xiao hurriedly screamed, but it was still late.

Ye Xuan's shoulder was once again pierced, but the next moment was restored at a speed visible to the naked eye.

"Dare to hurt me, give me to die!"

Ye Xuan is too lazy to avoid the attack. After a big bang, he found out the seventh golden dragon.

Zuo Qinglong explores the seventh potential of the Eight Forces, and the dragon is swaying!

A huge golden dragon-tailed scorpion was drawn to a long-haired man. The long-haired man's face was gloomy. He used the gods to escape the attack. But the next moment, he saw Ling Xiao condensed a thunder.

"not good!"

The long-haired man's face changed dramatically and rushed back.

The power of the thunderstorm on this day is not something he can take.

However, Ling Xiao did not throw the thunder in his hand, but slammed into the ground.

"Zizi!"

Tianlei rushed to a long-haired man like a snake. The long-haired man could not dodge, his right foot was hit, and he was suddenly turned into coke.

The right foot is gone!

"Go to death!"

Ye Xuan took advantage of this opportunity and hurriedly displayed the last move of Zuo Qinglong's claws and eight potentials.

Eight golden dragons rushed to the long-haired man.

"Oh!" "Oh!" "Oh!"

The long-haired man was surrounded and then demarcated by eight golden dragons and five horses.

"No, go!"

On the other hand, the thin man who fought with Ling Xiao saw his companion die and immediately turned around and ran.

"Run now, it's too late!"

Ling Xiao called the instinct and the power of Vientiane, also condensed a thunder of the thunder, and looked at the back of the thin man.

"call out!"

The thunder of the thunder took place.

The thin man turned his head and quickly avoided the thunder.

However, when this thunderstorm smashed the skin of a thin man.

"Tian Lei burst!"

Ling Xiao pinched out a seal, and the next moment, the thunder of the thunder was suddenly bursting open.

The electric light shone, only to hear a bang, the thin man was turned into a charred body.

Ye Xuan in the distance couldn't help but swallow.

"The original Tianlei trench can still be used like this, long posture."

In his heart, he secretly recorded these two uses.

The thunderstorm is a mid-level pass, and it is very expensive for the two passers-by of Ling Xiao and Ling Xiao. Even if they are at the peak, they can only use it twice.

For Ye Xuan, it is estimated that he can take time out of his infuriating, so he can only use it as a card, and can not be used like Zuo Qinglong.

Ling Xiao and Ling Xiao two brothers and sisters hurried past, picking up the two killers.

"Brother, look at this."

Ling Xiao took out two portraits from the Qiankun ring, it was theirs.

At the same time, there are two mission books for the killer in Qiankun.

"Take the core disciples of the Tianlei Hall, Ling Xiao, Ling Xiaoxiong, must be surviving, and the reward of the task is to reward 20,000 hearts and devils?"

After Ling Xiao read it again, his body shape was also a tremor.

Twenty thousand hearts and devils, this is really a big deal!

Twenty thousand hearts and devils can already make a few of the three masters of Vientiane, and they are just two of the two Vientianes. Why is there such a high price?

"Who is going to catch us?"

Ling Xiao asked very puzzledly.

"With such a high price, I am afraid that the strong three-way powerhouse will be heart-warming, even the master of the four-way ambiguity. We must go back as soon as possible and let the father send someone to investigate."

Ling Xiao said with a gloomy face.

They still can't figure out what kind of person they are provoked.

However, it is imperative to avoid the killers of these local governments and return to the Temple of Heaven.

Ye Xuan did not think much. He only felt that the person who posted the task should be the one that Ling Xiao had once provoked, or the enemy of Tianlei Temple.

Since the rewards of Ling Xiao and Ling Xiao's brothers and sisters are so high, they may lead to a strong three-way powerhouse. By then, he can also share a piece of cake.

However, if they are four-way, they will have no way to deal with them, so they can only pray not to meet them.

After the awards were distributed, Ye Xuan and the three were on their way again. Now they are afraid to run wild on the ground, but fly in the air.

In this way, you can avoid many killers.

The next road, it was out of the expectations of the three people, I do not know if they are lucky, or the killers are running elsewhere to find it, calm and nowhere, no one will find it again, they also smoothly returned to Tianlei Hall .

Tianlei Hall is a magnificent and solemn palace with countless powerful people. Ye Xuan is not yet close, but feels a few strong atmospheres, at least the three elements of Vientiane, and even the four elements of Vientiane.

Ling Xiao and Ling Xiao directly took Ye Xuan into Tian Lei Hall, and explained to Ye Xuan some things about Tian Lei Temple.

The Temple of Thunder is dominated by Lingjia, and the people who have served as the owner of the house are also Lingjia. However, due to the inheritance of the millennium, there are a lot of Lingjia, and there are thousands of Lingjia masters who are only through the secluded environment.

Among them, the most powerful younger generation is Ling Su, a woman who is one year older than Ling Xiao, but has already broken through to the four times of the secluded space. It is the first female genius in the history of Tian Lei Hall. .

Of course, she was able to achieve such an achievement after the Tianlei banned by the Tianlei ban, it is said that after coming out, in a short period of time, from the double-passage to the clearing of the four times.

The best age to enter the forbidden land is twenty-five, Ling Xiao and Ling Xiao are just twenty-five, Ye Xuan is also exactly twenty-five, so it is the best time.

This time, Ling Xiao took Ye Xuan to find his father Ling Xiong, let Ye Xuan become the core disciple of Tian Lei Temple, and then participate in the battle for the forbidden land.

Ling Xiao's father, Ling Xiong, is an elder of the Tianlei Hall.

Soon, Ye Xuan saw him.

Chapter 1149: Thunder

"Oh, my nephew, my nephew, you are back. The black chaos is far away from here. I thought you couldn't keep up with the forbidden land."

Ling Xiong is processing some documents. After seeing Ling Xiao and Ling Xiao, it is strange to say.

"I have seen my father!"

Ling Xiao and Ling Xiao Qi Qi Qihao.

"Who is this?"

At this time, Ling Xiong will look at Ye Xuan behind Ling Xiao.

"Father, on the way back from the black chaos, we were ambushed by the land killer. Fortunately, the Ye Xuan brothers helped each other, otherwise our two brothers and sisters will probably be left."

Ling Xiao began to talk about the previous things.

"The killer of the local government, only catch people, not killing people?" Ling Xiaohu body shocked, suddenly stood up.

"I am also very surprised. Our two brothers and sisters have not provoked anyone. Is it true for us?" Ling said with amazement.

"Well, I will send someone to investigate this matter."

Ling Xiong nodded, and immediately said: "With the qualification of Ye Xuan's brother, I can indeed join my Tianlei Temple and become a core disciple. However, this number of battles, there are many strong children, and the quota is only ten. It's not so easy to get one."

Ling Xiao understands Ling Xiong's meaning. The latter is a little underestimated by Ye Xuan. He hurriedly explained: "Father, Ye Xuan's strength is probably not under me."

"Ok?"

Upon hearing this, Ling Xiong was a little surprised and a little unbelievable.

Ye Xuan is only one of the most important places in the temple. The core disciples in the Tianlei Hall have three thousand. This means that they are all one-of-a-kind. However, the core disciples who can overcome the challenge are probably less than one hundred.

"If this is the case, then it can be a fight, Ye Xiao brother, you follow me."

After Ling Xiong finished, he also left with Ye Xuan. Because the latter saved Ling Xiao, he easily joined Tian Lei Hall and became the core disciple of Tian Lei Temple.

Soon, Ye Xuan successfully joined the Tianlei Hall and became a core disciple.

Then, Ling Xiong was the registration point with Ye Xuan to go to the forbidden place after three days.

Ye Xuan glanced at the roster of flowers. This time, the number of places in the forbidden land was vying for battle. The children of Ling family did not need to compete for it. They could go straight in.

However, those forces attached to the Tianlei Hall and other disciples of the Tianlei Hall will have to pass the assessment before they can win the quota.

This year's quota is only ten, and the people who participated in this battle for the battle, mixed up, there are hundreds of people.

These hundreds of people, all around the age of twenty-five, have at least a privilege of strength, and it is said that someone has reached the triple level of access.

"With my current strength, winning a place should not be a problem..."

Ye Xuan's heart is a dark sentence.

He is not worried about his place, but is thinking, whether or not to let the fall join the Thunder Hall.

Within three days, the fall can also break through to the secluded environment. We must know that she is a fifteen-year-old passerland, which is even more powerful than the legend in the history of Tianlei Hall.

In the history of Tianlei Hall, the fastest breakthrough to the secluded place is 18 years old, but the first genius.

"Forget it, if you fall into the cultivation space, you don't need to join. When I enter the forbidden land, I will summon her out..."

Ye Xuan is planning in the heart.

The qualifications for falling are too much against the sky. The fifteen-year-old pass-through environment can even impact the mood in the future.

The reason why Ye Xuan dispelled this idea was because the first genius in the history of Tianlei Temple was killed in the cradle.

After the newspaper was over, Ling Xiao also arranged a residence for Ye Xuan, and then took Ye Xuan to visit the Temple of Heaven.

"Ling, I am now qualified to learn the thunder of the day?"

Ye Xuan suddenly asked.

Ling Xiao heard the words and nodded: "Yes, my Tianlei Temple's tricks are thundering, and all core disciples can learn."

"Can you?"

Ye Xuan brows a pick.

He heard that there are 3,000 core disciples and 100,000 ordinary disciples in Tian Lei Hall.

There are 3,000 people who can learn the thunder of the thunder, isn't the Tianlei Hall not afraid of the thunder and the treacherous rumors?

However, soon, he knew that the intermediate-level sacred gods could not pass out.

Because, the thunder of the thunder is a device of the sky, the magical power of that door is to learn by the enlightenment of the thunder.

Ye Xuan looked at the thunder and war in front of him, and the hundreds of Tianleidian disciples around him, but also recalled the martial arts of the Taoist Dafa.

Do you still learn from the statue of the demon god?

"Ye Xuan, that is the ancestor of my Tianlei Temple, which is the weapon that my Lingjia ancestors used, and the thunder of the thunder."

Ling Xiao introduced.

"This is a terrible battle, a bit broken." Ye Xuan said subconsciously.

"Yes, when the Thunder Warfare was obtained by the founder, it was already broken. The ancestor said that if it can be repaired, the Tianlei trench can reach the third-order device. The founder is holding it and creating it. Thunder battles this magical power." Ling Xiao nodded.

The thunder of the thunder, although it is only a middle-level pass, but it is very close to the superior pass.

Even if the martial arts who have passed through the secluded society have learned, some can't even use them.

"Ye Xuan, let's try it first. Anyway, there are still three days to compete in the quota. Even if you can't comprehend it, if you master the power of the thunder, it will also help the strength. My brother and I

also learned for three months. Learn the thunder of the thunder, and then go to the black chaos to practice." Ling Xiao smiled and said.

"Okay, then I will try it."

Ye Xuan nodded.

In fact, he does not need to learn the thunder of this day, because he has already copied it and learned it.

Now, here, just do it, so that he can just use the thunder and war.

Subsequently, Ling Xiao and Ling Xiao left, let Ye Xuan alone in this enlightenment.

Ye Xuan sensed it and found that there are three masters of the secluded environment. These should be the disciples of Tianlei Temple with high realm and low ability to learn.

At the same time, in the corner of this palace, a white-haired old man was sitting on the plate.

This white-haired old man is the guard of this day's thunder, and his strength is extremely powerful.

Ye Xuan was sitting here, 'carefully' to understand the three days.

In these three days, the landing successfully broke through to the secluded environment. At the same time, the Tongtianbao tree in the planting space was once again growing hundreds of meters, and the heaven and earth vitality doubled.

At the same time, a lot of heavenly treasures were born in the planting space, all of which were swallowed up by Ye Xuan and improved.

However, today is the day when the Tianlei banned places, so Ye Xuan must leave.

"Ye Xuan, you are coming, the battle for quotas is about to begin."

Chapter 1150: Xuan Shui Thunder

"Ye Xuan, you are coming, the battle for quotas is about to begin."

When Ye Xuan left the trench palace, Ling Xiao happened to be oncoming.

"I'm ready."

Ye Xuan nodded.

There are only three people in the three-way environment, but there are ten places, so his chances are great.

"In these three days, I also gave you an investigation. The three participants who are in the three-point environment are Xu Liang, one of whom is Gu, the other is the Gu Han of the family, and the other is the Jiao Chong of the Xuan Shui Thunder. I feel that only these three people will threaten you," Ling Xiao said.

"Xuanshui Thunder?" Ye Xuan brows one pick, said: "What is this, the demon?"

"Yes, there is a demon power under the scorpion of Tianlei Temple. They want to use the Tianlei forbidden land and then the dragon." Ling Xiao nodded.

The Yaozu, not only exists in the East Continent with the \*\*\*\* continent, but also in the Holy Land.

"Xuanshui Thunder, use the thunder to ban the land into a dragon?" Ye Xuan was slightly surprised, asked: "The demon family has more life expectancy than humans, can compete with humans?"

"The people of the Yaozu are indeed older than us. The Xuan Shui Thunder family is only twenty-five years old when we are a hundred years old. However, they are indeed a problem for us. This Xuan Shui Thunder has a long life. In the future, it may threaten my Tianlei Hall." Ling Xiao could not help but sigh.

"brother....."

Aside from the side, Ling Xiao hurriedly reminded me.

"Oh, I forgot..."

Ling Xiao's neck shrank and he subconsciously swept around.

What he meant was that he wanted to expel the Xuan Shui Thunder family from the Thunder Hall, lest it grow up in the future, and it was dominated by the Xuan Shui Thunder family.

Fortunately, no one heard, except Ye Xuan.

"Let's go, the battle for quotas is about to begin."

After Ling Xiao finished speaking, he took Ye Xuan to the assessment hall of Tianlei Hall.

The ten-place battle for the forbidden land of Tianlei is about to begin. At this time, there are hundreds of people participating in the competition, at least in the meantime.

There are fifty people who have participated in a secluded environment like Ye Xuan. Some of them are not worth a quota. They only fight for an opponent and improve their strength.

These people, Ye Xuan naturally does not look in the eyes.

Of course, the rest of the group is too big, and he is not in the eye, even if it is stronger, can it be stronger?

However, he only hopes that he will not encounter the three geniuses who are in the same situation. This is not because he is afraid, but because he does not want to use the cards.

Soon, Ling Xiao came to the appraisal market with Ye Xuan. There are already thousands of people gathered here, some of whom are disciples of Tianlei Temple and those from the Tianlei Hall.

Ling Xiao's father, Ling Xiong, saw Ye Xuan and said: "Ye Xuan, your number is seven groups of fifteen."

A total of 150 people participated in the battle for the forbidden land. The group was divided into ten groups and one group of fifteen people.

But before you fight, you have to test it first.

The body and soul, both strengths must meet the standard, otherwise they will enter the forbidden land, and even a thunder can not support it, which will waste a quota and may be killed by a hit.

"If you want to enter the forbidden land, the body must reach the six-star level, and the soul must reach the six-star level. Only in this way can you enter the next round."

Ling Xiao explained on the side: "My sister and I have already tested it. I am both eight stars. My sister's body is a little worse, only seven and a half stars."

"It turns out that I don't know how much I am." Ye Xuan was slightly curious.

His soul strength is far more than the average pass-through environment, and even comparable to the pass-by environment.

As for his body, it is extremely powerful because of the special devouring of so many natural treasures.

Although he has not tested it yet, he estimates that he should be similar to Ling Xiao.

Of course, the main reason for his leapfrog challenge is the blood.

At this time, a team came in the assessment market, which caught the attention of everyone.

"Is this the Xuan Shui Thunder family that joined the Tianlei Hall in the past few years? It looks so powerful."

"Xuanshui Thunder is a Yaozu, and it's a bit unfair to come out at an age that is bigger than our grandfather. They also come to participate."

"And the Xuan Shui Thunder is inherently resistant to thunder. Relative to us, we can lay down more thunder, the degree of tempering is higher than ours, and the thunder is forbidden, it feels like it was formed for them."

"I heard that this Xuan Shui Thunder family has piled up a genius with a lot of natural materials, called Jiao Chong. I don't know if he can succeed in the dragon under the thunder."

After the team entered, the disciples of the surrounding Tianlei Temple also whispered.

The Xuan Shui Thunder is the strongest one attached to all the forces in the Tianlei Hall. It is only under the Ling family. The reason why they joined the Tianlei Hall is that the purpose is that the land is forbidden.

"That is Jiao Chong."

Ling Xiao suddenly pointed out the past.

In the middle of this Xuan Shui Thunder team, there is a white-faced niche. This person looks very young, but the real age is over 100 years old.

"The gateway is threefold, and if it becomes the body again, the combat power will be stronger..."

Ye Xuan's heart is also secretly said.

The Yaozu here is different from the Yaozu of the Upper East Side of the Blood Rock Continent. They are not cursed, so there will be no damage to the body, and it will change if you want to change.

Ye Xuan estimates that the strength of this Jiaochong ranks first among all the contestants, and even he estimates that it is difficult to beat Jiao Chong unless they join forces.

Among this team, there are also four young children of Xuan Shui Thunder, whose strengths are both equal and their combat effectiveness is also among the best.

"There are five young people participating in the Xuan Shui Thunder. If there is no accident, they will win five places..."

In a corner of the assessment market, a middle-aged man frowned.

"Five are too many, give them three."

The white-haired old man on the side said while holding his beard.

"Father, you mean..."

The middle-aged man suddenly turned his head.

"Xu Liang's Xu Liang and Gu's Gu Han are already three-way, and they are arranged together with the Jiao family." The white-haired old man continued.

"Father, this will cause dissatisfaction with Jiaojia." The middle-aged reminded one.

"This Xuan Shui Thunder family is too strong. If it is going to catch up with my Ling family in a few decades, it must be suppressed. Even if they guessed it, then how is it, since it is attached to my sacred temple, then we are the masters. !"

The white-haired old man said a slap in the face.

"Yes, then I will go now!"

The middle-aged people did not dare to defy and hurried away.

Soon, the time for the assessment is over.
